Kitchen cabinets		Project No. 5008-7

Your Doors and Handle are:

No. 279/283
oak effect cashmere grey,
Horizontal grain direction

No. 333/333
Katthult pine-effect
(end-grained wood edge)

Melamine Door

Robust, unbreakable.
Furniture makers have long been using this synthetic material, which is extracted from melamine resin. It is so durable that it is also used as a coating on table tennis tables.
Door thickness: 3/4"

No. 216 w/s/m
Metal D-handle stainless steel effect
drilling distance: 192 mm

TIP-ON

The flap doors installed in upper positions, in your project, open simply and ergonomically by tapping the TIP-ON fitting.

Your Project is a **ALNO** Kitchen

92 years of experience and quality

ALNO – certified quality

ALNO branded kitchens stand for high quality and exceptional durability. This is where it is all about first-class material, craftsmanship and, above all, precision.
From the product idea to developing it for production and from order processing to production and assembly, the ALNO QM system assures the standards that our customers can rightly expect from an international kitchen brand.
ALNO branded kitchens may only be fitted by properly trained personnel. All our materials and components undergo an extensive programme of laboratory testing. The GS mark awarded by TÜV Rheinland LGA Products GmbH means maximum safety and reliability for our customers.

Your drawer & hinges system are Blum brand

Deep **drawers** with a rectangular railing and an anthracite grey drawer side profile are the new standard.

- The **Hinges** with cushioned closing
- The all-metal clip hinges combine efficiency and design and allow toolless unhooking of the doors.
- The door can be adjusted in 3 directions via the adjusting screws on the hinges without having to remove the door.
- The design is enhanced by a cover for the hinge cup.
