Lieb Bruder Befeil,

God bless you my friend! Your recent cards and letter brighten Meine gleichen and diese Gefängnis.

Thank you from the bottom of my heart!!! Your encouraging sharing from the written word is a valued enforcement of the stronghold in Christ the

We are seeing this corrupt system crumbling. They do not have the resources for even faking it. They come up with "BOGUS" excuses for lock-downs. They cannot provide food. Yesterday we had a bag meal in the evening: small 1/2 peanut butter sandwich, an apple and a single serving bag of potatoe chips. Several bagged eats lately. In the morning yesterday: 2 biscuits (no gravy), dry cereal, a banana and milk. There was "NO" commissary this week. There has been "NO" funding for the new October 1 fiscal year. The erosion is obvious!!! I am greatly encouraged as The Lord does not allow for this immoral Potomac Mafia to continue mocking Him and trying to destroy His people.

The other day I received some pictures from our daughter Amy Lynn. Now 40, a faithful follower of Jesus Christ you would hardly notice if she were to visit Nürnberg. She is Frau Amy - blond, strong and of necessity a single mom. Something about my next generation, they tend to look alot like me.

Our Lord Jesus Christ "The Light" of our days!

Our whole family would never be noticed until we spoke, were you to meet us on your streets. Our son Ryan Dean, whom they murdered, looked precisely like the Paul Bronisch sculpture exhibited in 1941 at an outdoor exhibition in Munich.

For recent The Lord has been providing for limited needs here. Your sharing of you, of Nürnberg, and the world, as well as word of family, community and country brightens the days. If you were to share funds I will be frugal and make sure those would be used wisely. Please do not feel that funds are in anyway essential for our friendship and sharing! 

Locked in our rooms [we just had a relatively good meal. Beans, a green salad and chicken patly sandwich. Thank The Lord for that!

I have no immediate knowledge of who sent them, but I just received from Amazon: "The Action Bible" ©2010; and "EXO-VATICANA" by Dr. Chuck Missler ©2013 by Thomas Horn Research revealing more about the Vatican - I will have to read before I can make any intelligent comments. Exo-Vaticana illustrates a significant listing of source materials.

It is wise as you encourage searching out the positive in each day. All things really are set in place for working together for good for those who love the Lord!

Bruder Betül, we truly are rather small creatures on this creation our Heavenly Father has blessed us on. Consider this boy the sun and the ocean. Awesome! When we walk in obedience, He has given us dominion — and rescued us from our fall. Wow! doesn't that lift us miles? ~~!!!~~ And this is so little when compared with  all our Lord has assured us now and forever. Rejoice!!!

Bruder, you are correct; I have no contact with dawn since 2014. I, as well, had feared they may have imprisoned her. While one could never rule out such, rather reliable source indicates her and others are safe and well. That said, some of our family have explored the prisons/jails and have not been able for locating her nor others. As is and for now must be all trust must be in the Lord, Proverbs 3:5,6.

The education and propaganda that has become the mindset of the average person does not allow them to think nor accept that the Potomac Mafia would pour out such evil. Yes, it is happening whether anyone chooses to believe it or not. It matters not what anyone believes when what is does not even resemble their erroneous beliefs. The Word warns, "the whole world is deceived". A country that has turned its back on God has no hope. TRUTH neither bends nor breaks. It always and forever is TRUE!  Dare to stand firm on the TRUTH.

Even tho we may well be at a crucial time in His-tory, we can be certain TRUTH will not change! The purposes of evil, LIES, will not stand. Stand Firm on our Lord Jesus Christ. Amen. 

In the shade and beauty of our Saviors creation we have the blessed assurance, all is well! ☺

Here we've heard workers parrot "funding by February". Hoq-wash! The whole world is teetering on an economic calamity. One of my basis for being persecuted has been that of my revealing economic reality — and the economic lies that have caused the certain, mathematically certain of the collapse. The Bible is foundational and certain as to these TRUTHS. A garden one can grow, protect and use may well prove even so valuable.

All things shall be revealed! Every knee shall bow; every tongue shall confess. SO BE IT!

I send His richest blessings, Bruder Betül!
One Lord — One Trust — One certain salvation!

So very pleased for journeying with you!

Love of Christ,
Courage certain,
Eucharistee!
