Greetings Logan,

Thanks for taking time to write me a letter. Before I reply to some of your questions I need to ask how you came to hear about me. I never assume someones knowledge of any subject, especially when it comes to the corruption in government we are all having to deal with. I would appreciate knowing if you have been to my website, mikeparsons.org. And if so, have you read the part regarding "An International Court Exonerates Mike Parsons." If you have read their, "Reasons For Judgment," you are aware of the abuse of power and criminal attacks against me and my family because I dare to run for County Executive when the government system refused to hold those who were terrorizing my family accountable, because I dared to expose how they rigged the election and then how they rigged the court to railroad me into prison. I see your reference to Christ as our savior, but remember, if we are true followers of Christ, our demonstration of that would be to expose and overturn evil and corruption as Christ did in his time. Sadly, the corporate governments and 501c3 churches are businesses focused on money, power and control. As Christ, I too know the cost of walking as he did. Today is no different than in the days of Christ. Caesar, the government, demands 2 things. In Christ days it was that everyone declare Caesar is "Lord" and pay taxes. Today, it is the Government that demands everyone declare they are "The Authority" and pay taxes. That word Lord has been defined many ways, including creator of the universe, ruler and ultimate authority. The word sovereign has the same definitions. In an effort to steal the power from the people who originally created the government to those running government, they had to demonize the idea of the people being "sovereign." The term "sovereign citizen" was created by the FBI to do just that.

Now, to answer your questions:

1. My favorite food is anything Mrs. Parsons makes.
2. I enjoy all fruits in their season.
3. There are many good movies that speak to many of life's experiences but the Christmas movie "It's a Wonderful Life" with Jimmy Stewart is one of the best since it speaks to the consequences if we were never there o do the right thing, the place becomes a "Potters-Ville."
4. I think earth, simply because it is where I am. I can make a difference here.
5. I like all vegetables we grow in our garden when in season.
6. I like both day-time and night-time. I work in the day and rest at night.
7. I think wolves are the greatest family companion animals.
8. The food here is lacking I minerals, amino acids and basic nutrition required to sustain life. At the Tipton County Jail I just came from, I lost 30 lbs in 4 months via starvation. At 56 years of age and 6'5" tall, I was 195 lbs with no body fat upon entry and 168 lbs when I left the Tipton County Jail. They are very evil. But it's not the evil people that's the problem, it's the ones who call themselves followers of Christ that look the other way and do nothing. That's how innocent people like me who expose and overturn those evils end up in a place like this. Thanks again for your letter and please write when you can. And please let me know where you heard about me.

God Bless,

AS REMEMBER, PAT WILL BE SENTENCED ON DEC 01, 2017, SHE WAS EXTORTED IN TO PLEADING TO A CRIME SHE DID NOT COMMIT BUT ONLY SO SHE COULD CARE FOR OUR ANIMALS ANOTHER 3 MONTHS. SHE COULD BE SENTENCED TO 20 YEARS, AFTER 25 YEARS AS AN EXHIBEE WITH THE SAME COMPANY SHE IS FIRED, SHE IS IN THE CAT, PLEASE PRAY, SPEAK OUT AND ASK WE THE PEOPLE TO ASK PRES. TRUMP TO EXERCISE HIS POWER
