Xavier Becerra, personally,
and also, as Attorney General of California
and to all California Deputy Attorneys General
1300 I St., #125
Sacramento, California 95814

Mr. Bacerra and all deputies, in both
individual and official capacities:

RE: LEGAL NOTICE OF HIGH FELONY CRIMINAL ACTIVITIES AND FRAUD SCHEME PERPETRATED
BY CALIFORNIA ATTORNEY GENERAL STAFF, PRESENTLY ONGOING;

AND REQUEST FOR EMERGENCY INTERVENTION TO CEASE AND DESIST AND REMEDY

The purpose of this document is, first, to inform you (tender legal notice) of high felony criminal activities (including Class A federal felonies) committed on an ongoing basis by your attorney general staff and, secondly, to urge your emergency intervention for a remedy and to cause those activities to cease and for the perpetrators to desist. The crimes I'm reporting are as serious as could be, including kidnapping, deliberate, long-term false imprisonment (for decades), torture and infliction of premature death which I deem to be murder (with a LIO (Lesser Included Offense) of manslaughter.) This includes death by torture involving multiple parties from your office in concert with employees of the California Department of Corrections (CDCR, hereinafter), and the CDCR guards Union, the CCPOA (California Correctional Peace Officers' Association).

I do realize that you inherited this situation from your predecessor-administration(s); nonetheless, your solemn duties of office (and personally) to intervene and rectify are no less than had this began on your watch, both as the chief lawman of California as well as as a citizen hereby made aware of these crimes (to avoid the additional crime of misprison of felon(ies).)

Several things are going on here simultaneously. Most or all are interconnected or interrelated in some significant way, including the "felony murder rule" death (murder) of my Mother by about eleven CDCR/CCPOA prison guards at Corcoran State Prison (CSP-COR) and my very decades-long false imprisonment/kidnapping including with relentless torture (psychological and physical) and irreversible premature death (murder) by members of the California Board of Parole Hearings (BPH) and CDC/R, with ongoing acts of aid ('criminal aiding and abetting') by your deputy attorneys general.

Mr. Becerra, I am seeking YOUR Personal intervention, personally, and officially, to proactively cause an immediate and permanent cessation of the criminal activities by all parties and to see to it that you, your deputies and your office cease all further opposition to my release from my present false imprisonment (kidnapping) status by CDC/R, presently and permanently at all levels and in all cases. Failure to do so will be deemed a deliberate intention on your part to personally join in the said criminal activities specified (kidnapping, false imprisonment, torture, murder, cruel and oppressive treatment of an INNOCENT prisoner, etc.) Failure to prevent further opposition to my release will serve as evidence of willful, deliberate, intentional, positive and indisputable criminal involvement.

THE FACTS

A. MY FALSE EMPRISONMENT, KIDNAPPING, TORTURE AND SLOW IRREVERSIBLE MURDER BY CDCR/CCPOA EMPLOYEES AIDED AND ABETTED BY ATTORNEY GENERAL STAFF;

B. MURDER OF MY MOTHER BY ELEVEN SPECIFIC CDCR/CCPOA PRISON GUARDS AT CSP-COR, PURSUANT TO THE LAW OF CALIFORNIA'S "FELONY MURDER RULE"

1. Beginning in 1984, (the precise detailed records have been stolen by co-perpetrators) CDC prison guard, Mr. Petersen (or Peterson), a prison guard at CMC-East prison, a proven deranged, maniacal, sociopathic violent rogue guard with a very long history of unprovoked, violent assaults on CMC prisoners, physically attacked me without cause and nearly broke my neck (near-murder). Within hours Petersen learned that I was an intelligent and active litigator/whistleblower against CDC abuses and in response, immediately put out a mandate throughout his network of guards to begin carrying out a relentless, ceaseless campaign of fabricating false disciplinary/misconduct RULE VIOLATION REPORTS (RVRs) "for the rest of (my) life until (I) die in prison." This scheme would carry out thousands of nonstop, ever-compounding punishments and perennial parole denials based on the false RVRs; i.e., a false imprisonment kidnap scheme. The campaign, as pointedly reinforced to me verbally and frequently, also entailed keeping me under death threats to have me very brutally murdered, and this reinforced with recurrent "special project" acts of violence on me -- unless and until I would forego all administrative complaints and grievances (CDC-602s), communications with legislators, the FBI, Justice Department, courts, etc. I didn't cease. The campaign was immediately implemented and has continued on ever since, throughout CDC/R's rogue guards' network, for 33+ years.

2. At the time of the initiation of this false-RVR campaign promise, I'd been in prison over one year and had never received an RVR; yet within about two weeks, I received the first RVR, as promised, and pronounced guilty of it, for practicing the mandates of my sincerely-held Christian religious beliefs. Within about one week, came the second one. Within months, came the third, and they've never stopped coming ever since -- all false, and nearly ALWAYS right before my parole release dates and hearings, for the calculated, deliberate purpose of assuring my mandatory release from prison on parole would be denied -- albeit illegally so. For the past 33 years, the false RVRs have kept coming, EXACTLY as Petersen and his violent guard gang had promised. EVERY RVR I've ever received has been false, EVERY one has been a retaliatory reprisal for my litigation actions or reputation; and, with one exception ONLY (and that caused by those violent horrors), I have been, at all times, for 35 years, an exemplary "MODEL PRISONER" like none other ever seen by anyone, consistently, yet my name bears a record marred with scores of false RVRs to the contrary -- all are false borne of criminal scams by networked guards ensconced within CDC/R.

3. The California Board of Parole Hearings (BPH), California's parole authority, thereafter jumped on this bandwagon and, ignoring all laws and the sentence under which I was committed to prison, joined as a full player in the false-RVR scam game. BPH commissioners boasted in three of my parole hearings spread over a decade that even if they knew absolutely with 100% certainty that I was completely innocent of the RVRs, even had I proved it (which I did in many cases), that if they knew absolutely that I was set up with false RVRs by rogue guards acting in a criminal capacity, that they would still act to deny my my statutory-mandated and earned parole release, perennially FOR THE REST OF MY NATURAL LIFE IN EVERY PAROLE HEARING,

(even if that took 100 years or more), while they knew the RVRs were totally false, made up as reprisals. This is stated by the commissioners in the transcripts of three of my parole hearings. And so, they have acted exactly in accordance with that promise, in some seven parole hearings, now illegally have taken an additional 25 years of my life after my total prison sentence was fully served for second degree murder (which I was innocent of and framed for), on May 1, 1992. (I.e., seventeen years cut in half for good time earned credits pursuant to the statute under which I was sentenced.) This assertion by BPH staff on the official transcripts constitutes an irrefutable admission that those individual commissioner-agents and the BPH agency have joined as a party in the false-RVR criminal scam, thereby institutionalizing it as an official sophisticated kidnapping and false imprisonment scheme; arguably the worst kidnapping ring in U.S. history. (I'm not the only one of their prey; there are over ten thousand estimated, but I am by far the worst case as proven by decades of research).

4. All members of the BPH know and/or are under an abiding duty to know:

(a) I'm not under a "life" sentence; I am not under a "life top" sentence; I am not under any sentence that allows for my sentence CONVERSION by BPH to a LWOP (Life WithOut Possibility of Parole) -- which BPH has, in fact, converted it into by sheer rogue, fiat, capricious, illegal actions, nonetheless.

(b) That the "...to life" part of the phrase typically parroted as the "sentence" for which I was sent to prison to serve ("17 years-to-life"), comes in to play as part of the sentence ONLY IF a jury unanimously finds "special circumstances" to be "TRUE;" and I didn't even have any "special circumstances" charged nor found true in my case. When the " years-to-life" sentencing scheme was passed into law by popular vote as a proposed initiative (Prop. 7 or 8, about 1981), the Attorney General held semi-secret meetings behind closed doors to manipulate and fabricate the poorly drafted layman sentence sheme into a "sentence" phrase in itself, when, in fact, the voters passed the measure as a "15 years" sentence (for second degree murder) and "a TERM OF 25 YEARS" -- not "25 years-to-life" for first degree murder, where special circumstances were not charged or not found true by a jury. (See the statute itself for proof, Penal Code section 190.4(a)¶ 5, last line: "...confinement in state prison for A TERM OF 25 YEARS." PERIOD. I was acquitted of that, of the 25 years sentence, of first degree murder. I was then, albiet wrongly so by a criminal frameup by officials, convicted only of "A TERM OF 15 YEARS" "confinement in state prison" divided by two, for earned half time credits. For a total term of 7-1/2 years in prison -- which I completed on May 1, 1992. Notwithstanding the fact that I was and am innocent of any criminal act, and could prove it then, and can still prove it now.

(c) That, even if the "life top" in the phrase "15 years-to-life" as a sentence entity in itself were the true sentence, the statute under which I was sentenced which details how release is to occur and parole-related matters, states clearly, by positive affirmative language with NO AMBIGUITY, that I must be released on the day of my MEPD ("Minimum Eligible Parole Date"); IDENTICALLY the same as any other prisoner who has a flat, non-life top sentence (e.g., a sentence of "7-1/2 years in prison." (See Penal Code section 3041(a) and (b)). Sec. 3041 lists ONLY two NARROW and explicit "exceptions" to this release mandate, under which a prisoner can be held longer than their MEPD, even if their correct sentence was "15 years-TO-LIFE." Here are the only two possible (and rare) exceptions to MEPD release:

One, that I have an ESPECIALLY egregious and dangerous lifestyle crime history that makes me simply too dangerous to be released into society. FACT: I have NO CRIME HISTORY WHATSOEVER, NONE. Not even a J-walking citation.

AND:

Two, that my present second degree murder (that I've proven I'm innocent of), must have been so ESPECIALLY HEINOUS for a second degree murder (when compared with other average second degree murders), that reveals that I'm simply too dangerous, still, to be safely released into society. FACT: Two different trial court judges in my trial court have, as of 2007 and up to the present date, stated after reading the trial record, that my case facts reveal EXACTLY THE OPPOSITE: it was exceptionally MITIGATED, with evidence-based indications that it was a genuine self-defense case (which is not a crime at all under California law). (See: Judge Rene Navarro, 2007, and Judge Arthur Bocanegra, 2017, orders, Santa Clara Superior Court).

See Penal Code section 3041(b) for this clearly worded statutory "exceptions" limitation. This ALONE Proves beyond any refutation that every day of my imprisonment since May 1, 1992, has been ruthless, high-felony kidnaping (manstealing) and with infliction of irreversible death BY false imprisonment conditions, perpetrated by all involved parties.

(d) That, notwithstanding the either erroneous or misapplied California Supreme Court landmark, game-changer decision of In re Dannenberg (2005) 34 Cal 4th 1061, the operative "SUITABILITY FINDING" provision of Penal Code section 3041(c) and its referral to Penal Code 1170, has no applicability TO MY PRE-DANNENBERG CASE, (that notion being a MYTH), as the "suitability" provision clearly APPLIES ONLY to prisoners who were sentenced to prison PRIOR TO THE 1978 SB-42 sea change of California's entire sentencing infrastructure for all prisoners in general. I was sentenced to prison in 1983, not prior to 1978 or 1979, thus the "suitability" provision has NO APPLICABILITY WHATSOEVER to my case or my person at all. There simply exists no provision to hold me in prison until BPH deems me "suitable" for parole. This set of legal facts has been known to the BPH and its members at large for decades. Their continued, pretended "suitability" scam applied to my case is outright rank, deliberate kidnapping of the first and worst degree by all parties involved, individuals, agents, officials and the agencies of BPH and CDC/R. (READ THE STATUTE prior to its many illegal "amendment" changes showing "suitability" was mentioned ONLY ONCE in the entire code, being in sec. 3041(c); and clearly stated as being applicable TO ONLY pre-SB-42 prisoners sentenced before the end of the year 1978. The present acts of applying the "suitability" provision to any other prisoner outside of that limited class, is criminal fraud on the most gigantic imaginable scale, criminality unheard of in official ranks in the history of the State of California.

5. In spite of all these laws, legal statutes, etc., fraud, corruption and rank scandal on a scale unprecedented in California history, the California attorney general and all deputies involved in my administrative and court cases, have for 35 years continued to carry on their own campaigns of criminality, fraud, kidnapping, torture, brutality, false imprisonment, and my irreversible murder (not yet consummated but past the point of no return), murder of my Mother, terror(ism) of me and

my family, encapsulating literally thousands of crimes committed against me almost nonstop, daily for over 12,600 days (35 years), and counting -- they still haven't drawn enough blood to satisfy their lustfeast appetite.

Mr. Becerra, you and your staff in your name and in the name of the California Attorney General continue this day to (a) defend CDC/R & CCPOA & its members in their high-felony activities against me while I am the only involved party standing on the law and what's right; (b) to defend the BPH and its members in their high felony kidnaping, murder, torture and other unspeakable crimes, acts of fraud and terror/terrorism against me and what's left of my family, even crimes resulting in the senseless death of free people outside these walls because I'm not out there to help them; (c) to continue to relentlessly slander and libel my good name, reputation and credibility publicly, worldwide on the internet and otherwise with malicious, false allegations about my character, life history, activities and supposed proclivities that are patently false, invented by BPH, CDC/R, BPH mercenary psychologists who are hired gun professional liars, slanderers and life-stealers, and other agents and employees and contractors of these agencies; (d) to defend the alleged propriety of my continued incarceration to perpetually memorialize it, against justice, right, and the law, in the various courts including my trial court on habeas corpus petitions and motions and suits for my release from this criminal kidnaped status. (e) to defend CDC/R and CCPOA employees for their thousands of crimes committed by them against me and my property on a regular basis, near-daily within CDCR's incarceration confines.

Sir, your office, your staff and you (even by them acting in your name), continue to date, to carry out these atrocious activities and cover-ups much like an organized crime Mafia/mob attorney who defends them in all their criminality, madness and horrors they inflict on decent people and property. Mr. Becerra, YOU ARE ACTING ON THE WRONG SIDE; this is a misuse of the A.G. office and its resources as you defend the criminal element and oppose me, who is on the side of law and order, justice and right. It is of this, that I request urgently, that you change course by ceasing the defending of my opponents in their crimes and that you DO THE RIGHT THING on ceasing to oppose me and the side of law and justice that I stand on, and always have.

B. MURDER OF MY MOTHER BY CDC/R GUARDS AT CSP-COR:

In 2013, eleven employees of CDCR at CSP-COR joined in concert to defraud me of my overdue release from prison in a kidnaping scheme of falsified RVRs to be used by the BPH to again take my parole release, by criminal means, while I was operating at all times in the behavior of a top model prisoner. These were CCPOA guards, three lieutenants and those of various ranks right up to and including the high-ranking Chief Disciplinary Officer (CDO), and associate warden, later advanced to Chief Deputy Warden (CDW). Because "the network" of CCPOA guards initially incited by C/O Petersen (see p.1, supra), in 1984, had taken my mandatory parole release more than six other times spanning over 20 years, each time emotionally bashing my Mother toward the grave from the stress and heartbreak, this time was the ultimate, the coup de gras. She could no longer keep a grip on hope and had to finally let go, dying right after she was notified that the network of CCPOA criminal guards had once again falsified RVRs in their campaign to cancel my expected and mandatory parole release and, accordingly, I was not coming home this time - again. IT KILLED HER.

Becerra, 3-2-18, p 6

In addition, with my expected and earned freedom, I had the means, knowledge and resources to restore my Mother's health and give her an additional 20-25 years of life. That too was taken by blocking my freedom on parole which I'd have been granted if not for the Corcoran-eleven kidnap scheme by false RVR's. THIS KILLED MY MOTHER.

Under California's "felony murder rule," all CDCR and BPH participants knew what they were doing in committing the felonies of false imprisonment/kidnaping and falsifying official government documents (RVRs) and using them to stop my release. Even if they didn't know it would kill my Mother, under the "felony murder rule" they are guilty of causing her death. The law regards that as murder, apparently of the first degree.

Mr. Becerra, et al, I have informed your predecessors in office of these facts with requests for remedy and prosecution of the crime perpetrators in all these matters. They've all gone totally ignored. They, for ignoring their duties under the law, have become criminal aiders and abettors in the coverup and misprison of felony, refusing to do their duties to prosecute this runaway, multiple crime scheme. I now ask you to step up to the plate and do the opposite of what your predecessors did: Waste no time in prosecuting all perpetrator-participants for felony murder, kidnaping, false imprisonment, torture, terror/ism and my premature death. I have the perpetrators' names, dates, details of involvement, facts, etc. which I'll provide for you, forthwith, upon receipt of your reply.

PLEASE RESPOND WITHOUT DELAY; TIME IS OF THE ESSENCE!

Honorably yours,

Free Lazor
