Dear Brother Rudy,

Enclosed are 5 pages of my songs to replace the present file for "Gary's Music" that accidentally included another Public Domain song. Also enclosed is an article on CITIZEN GRAND JURIES for which I will later send an email that parallels it.

"A New Beginning" was written after weeks of fasting and praying, in APRIL 1991. The Holy Spirit led me to write down the words and music just as they are in present computerized version. I played it at a Christian meeting the next day without having any practice - and made no mistakes. I can only believe that the Lord gave me the song and got me through the first playing of it.

"A New Beginning" is like a Folk/Country style. "Faithful Ways" has a rolling sound that would fit harmonies like the Foggy Mountain Boys.

"Faithful Ways" is one of those songs that I wrote upon waking around 0200 hours.

May God Bless Y'all.

All for Jesus,
Gary M.

Dear Bro. Rudy,

This is to correct the pdf entitled,

"Gary's Music: A New Beginning and Sometimes I Feel Like a Motherless Child". It adds another song, "Faithful Ways" to replace "Motherless Child". I wrote both a 3/4 and 4/4 version of Faithful Ways. This is the 3/4 version.

I also corrected 2 musical errors in the 1st "A New Beginning" that I discovered today. The errors were from trying to read a small computer screen in 2005 when able to use a computer,

God Bless!

Gary M.

PS: I spent hours whitening-out the line left by the photocopier across the middle of these pages of music. Someone scratched the selenium roller of the copier by running a stapled paper through it at some prior time.
