Dear Brother Rudy and Sister Erine,

Good morning to you both and your viewers. It is wed. Oct. 17, 2018. And I have plenty to witness and festivity of. So, let me be guilty in starting this beautiful day off. With in coming bomb at 7^h o'clock. Stand by - Praising God like Psalms 148 has all the hosts of heaven doing daily, all of earth people suppose to do. So, I'm gonna celebrate and rejoice, tell the truth. God Almighty our Maker and Creator. Been mighty good to Dennis, His mercy and love surrounded me my whole life. Hallelujah - I am able to just think of my given day, and praises arise up on the inside of me. I am able to rejoice even in the enemy attack. For God's joy is ever present in my life. I am highly favor and blessed. Hand pick out of billions to acknowledge His awesomeness. Hallelujah

I receive your letter of your 8 minutes talk with your church. I will keep all 3 people you mention in prayer. David Hinkson, Jeffery Weinhaus, and Schaeffer Cox. Lord Jesus, please dispatch guarding angelic forces around each of those brothers. Comfort, guidance

protection, deliverance. Continue to sustain them each in God Almighty, awesome grace, truth and love and goodness. That they may be a great witness for you Lord. In your precious name Christ Jesus. Amen.

Bro. Rudy, I believe as member of God's beloved family, we are duty bound to exercise our rights and authority to pray more. I use to walk through my neighborhood and do prayer walks. Some of the people I never even talk to, they would be at work, or inside, but I meet and fellowship with many over the years. Prayer is so important. For those who are mature prayer warriors, praying for our nation, our states, country, our most holy church. Point them in the right direction, say, from Evangelistic prayers for our general in faith. Those God has raised up to help lead this church on into His promised Kingdom. For revival praying to purify us, clean us up, strengthen, encouragement, guidance, Restore us to Him, help introduce Him to the lost. Even though I am kidnap and held hostage in this corrupt conviction and caged in a 548 concret, steel cell. My new spirit that will never grow old and I've been blessed

With over 55 yrs. now. God's new birth only took one time to ask, yet, I've continue to invite God into my life. For Christ Jesus to be my Redeemer, Provider, Lord, Savior, Messiah, hundreds of titles of Chief, Master Priest, Shepherd, Commander - n - Chief, to mention only a few of His many Crown and titles. I rejoice that His Holy Spirit testifies and witness in my soul that God accepted me and I am a authentic born again son of God Almighty. That by the teachings, life, death, resurrection and ascent back to His throne. That as a mere boy, my crys for Him to love me, accept me, that I repented, confess, believed in Him. He seal and mark me. & His promises are all true. Yes, in hundreds, if not thousands of gathering I've repeted a form of the sinner prayer for mercy, forgiveness, for God's grace and love to sustain me. For Christ Jesus to control, rule my life in all His righteousness, holiness. Sure, I've fail at training, I've had to repete many lessons hundreds of times. But brotha Rudy, when I got it, I got it. Hallelujah - I don't steal for instant. Did it as a teenageer. Just

to ~~be~~ be doing it. Didn't need the
condemner, or what ever it was, a
tool, but once God's love enlighten
me, Sure I was taught the right
way by mother and many others. But
I fail at allowing the truth to
control. Follow other kids and fail
off into smoking cigarettes for several
yrs, lying, cheating, stealing, but
when I started turning my attention
to God and Jesus as my lord and
Savior, His Holy Spirit flush these
mess up concepts away, all the
worldly defects, my short coming to
be white, clean, well, was trap inside.
I couldn't save my self. I couldn't
fix what I had broken. Only God
could unpollute me from this world
contamination. I praise God that Christ
Jesus did, via His new birth and
His Holy Spirit dwelling, living inside
me. I'm privilege, honor by God
to brother Rudy, Jesus's Holy Spirit
illustrate, display God's power in
my life. Not just saving me, exchanging
my old sinful nature, for His super
natural, divine nature, for which we
continue to strive and grow, develop
into. But when I am in a request

mode, some body ask me to pray for them. Be it cancer, or any illness, of any kind, God's Holy Spirit will jump on it. Divine healing whispers I'm ready, loose me, and the person get heal, deliver, what ever the need is. I realize I am a no body, and enjoy being who I am in Christ Jesus. But I do know how to ask God for things, He gave me a kind, compassionate heart. He display His glory in my life all the time. I have a fear that if God decide to use me to raise a dead person. People look at me as some kind of freak, or if God plan are for me to be martyr and murder by A.A. corruption, that regard less it is gas, poison drug, electric chair, however, since I have no fear of death, and my human body really not who I actually am. Sure I reside, dwell in it, but my new spirit testify of my true life. My spiritual mind way beyond the realm of just natural senses of some body, who only has carnality, intellect features, I am able to rejoice and be of a sound mind. In spite of all the egregious misconduct by blinded, mis-

guided officials, praise God - their poor judgement don't define who I am. They did not seek truth, nor true justice. They ~~found~~ ^{found} lies, manufacture lies to build up their hateful theories. Bray about how clever, smart they are to trick the jurors.

Still God display His glory. I am His and His love flows through my veins, I am here on planet earth. Cause He want me in His Kingdom of believers down here. I am a miracle, a master piece He created. Just cause He done it millions of others times. Don't lessen my value, or cause the world don't know it, or refuse to recognize it. Don't lessen His value of me. He calls me by name, this is enough for me, sure I'll like some others to acknowledge I be accepted into God's fellowship, His good standing and grace. Still, all of all that just tickling on the nose. Extra is nice, but the realness, or the goodness of His life. Is God heard my prayers. From a toddler into a grown man. I am not convince, beyond mere just believing. I am into full

pledge knowing God is a Almighty good
God. He is The Creator, The Maker
of life. He is my Heavenly Father
by virtue of Christ Jesus loving all
of man kind enough to die for us. I
am in the fold of the obedience,
faithful ones. I believe in God. I
seek to live in Christ, Now and
for ever, through out eternity.
I did it before they falsely
arrested me, I shall do it after
I am vindicated, Exonerated from
this horrible lie. Hallelujah, I
can rejoice and celebrate, I have
the honor, privilege, rights to
pray. God listen, and answer every
day, every time, Hallelujah when
I don't know how at times to pray
for some one, or some thing, His Holy
spirit step in, and help me, pray's
for me to our Heavenly Father. Hallelujah
Prayer is our golden gift. I could
not survive, or live properly without
it. It is as much as the air
I breathe, or the food I eat, or
the water I drink. I could not
be God's son without prayer. Couldn't
be a christian, Couldn't ex-changed
my old wicked, sinful nature, for His

new divine nature without. Yes, prayer is just a means, a way to relate, communicate with our Heavenly Father. God Almighty, He does transforming, He gives the command to be adopted into His plan of salvation. He order His seal, mark of approval. Amen. Christ Jesus does His part - He is still highly active there in Heaven. He advocate for us. I am learning to do my part, and prayer is our weapon, we listen, learn our instruction; what to do, when to do it, where, how to be even. So, do tell every body. Prayer show optimize our time. Our internal intimately closeness with God reflect on how well we do pray. Some of my main salvation, was learning to honor God. Obed can never be over stress, when we become doer of His will (word) than new openness, or new season and stages of life open up to us. Show God we are responsible, ready for more growth, which I like to express as uncovering, discovering what is already deposited inside us. With our conversion, when we got adopted into the beloved salvation of God, not only was His wrath removed, we gain a new creation, a new divine nature,

believe in God, That history is millions and millions of year old, That we aren't created being, but come from what ever they claim, be it frogs, monkeys, etc. Why should we complain if we let a lost heathen who admit they practice evilness in their own private, personal lives? Do we think they will act differently in public life? Certainly not, never. Jesus teaches us, If you can be trusted with a little, more will be given. If a wicked person is corrupt in his or her private affairs, they will be corrupt in public position as well. So, prayer is the start of removing the blind eye, opening the heart. We can choose, truth over error, good over bad, right over wrong, we can stand for our Holy God agenda, Choose righteousness over wickedness, Yes, love over hatred, Forgiveness and mercy in our judgement to balance out true repentance, So many hold resentment, bitterness toward others, they have a mean spirit of envy, jealousy. Truly is amazing when we find it is our body of believers, We may expect some in the heathen camp, but when confessing Christian claim by deeds and action, to

murder (execute). Then something wrong with that individual. I read over your print out of comments on sister Kayla Tucker execution. Those who agreed and claim they would at like to put the needle in. Are pitiful, poor lost soul. Gonna bust hell wide open, they neither know God, themselves nor true life in all it glorious splendor. I true marvel at them. They eat, exist, go through years, maybe wealthy, or poor in material aspect, but lost and would follow any demon with fault doctrine. And it our fault. We as true believer of Christ Jesus has a responsibility. Not just toward our selves, family, but to God and Country. We are born, both time, for God's purpose. I pray your viewers will yearn their purpose, From God Almighty, seek Him inside themselves, He delight to reveal Himself. It is a joy for Him to get through. It is up to the individual to tune in to Him. He is available, He is able, He is capable, and He is willing. He love to communicate with us. Not a human being on planet earth that God won't talk to, Not one, If true believers don't believe that. They

Fail the test. Tell them to re-read God's holy scripture and His truth will jump out on them. Will just fall out the sky, sorta, or how do keen, smart people say it. A light bulb goes off and get turn on inside their head and they begin to see (understand) truth. Once you taste God flavors, this world loses it own, and your never the same. For He is better than just good. glory hallelujah

Did you know Jesus never ever prayed wrongs to God? It is true. God taught him, the right proper way. Not just accurate aiming, but solution, the desire result. Answer, like it you walk up to Jesus. Complaint your side for instant. You ask Him to help, He'll pray you be well. He didn't say, oh you poor thing, you been a cripple 38 yrs. What can we do? No, true prayer with God is a 2 way affair. His Holy Spirit us will reveal, we can perceive what to do, how to do it. By listening to His instruction, Jesus was a master pro at it. He hung out with God and we too can graduate in knowledge, truth, wisdom, and understanding our part in life. God is happy to explain why, He decided to

(13)

put each one of us into our unique place. He won't be surprise when we ask Him important why questions He like it. Pleases Him to reveal not only who He is, But why He does. what He does. Only a mystery to those who don't know. Nothing! I mean NOTHING is a mystery to God Almighty. Since Jesus learn from the best. Why do not we? God says it ok to do it this way. So, I am gain to learn from God. In fact. I've prayd for Him to talk with me, From His Holy scriptures, His Holy Ghost, From dreaming vision, all the ways He done it from Adam & Eve, Noah, Moses. all through history. How Jesus stood out and caught God's eye. I too want to be a delightful son. Praise God, yes, I ask for man blessings, favor. But Praise God, no where near I ask for God Himself. His is the most value, treasure by me, He surpass any I found in 60 yrs. on planet earth. As you know there over 7 billion plus on earth. I never yet to meet a smarter person than God. Since all His beloved has a direct avenue, line to His heart and mind. I'll rather listen

to Him. It will when some of life
 chooses come to the cross road of
 decision. May God always grant me
 the spirit of willingness to go His way.
 I'll rather seek a crown of obedience,
 and faithfulness to Him, than any
 of these worldly titles. Sure some people
 may not understand, I'll rather have
 a crown of thorns and be crucified
 with my Lord, than all this world honors.
 Sure some are nice, it is ok to be
 popular, and have plenty of things,
 yet not none of them outweigh His
 approval. I live in a fallen world,
 yet, I am not of it. I get my
 authority to live a godly righteous life
 style from Christ Jesus. He was stung,
 beat, murder, took on a lot to give it
 to me. I shall never wear it likely
 again. I am important to God and His
 plan. I don't know much, but that I
 do know. I am pleased to confess that
 God gives to those who please Him.
 and I am highly favored and bless to
 be among those who. Had the good sense
 to embrace Him. Mercy to you bro. Fully,
 Peace to your viewers. For me and my house
 hold, God is my answer. He has changed
 all so call troubles, problems into

opportunities, challenges, I rely and
 trust Him, when I mess up and
 and did take the law into my own
 hands at 21. He love me enough to
 liber deliver me. Now that the enemy
 has lied on me and put me on death
 row. Regardless if God deliver me or not.
 He won me many years ago. I'll be
 for ever His son. So, I rejoice in
 His peace, joy and love. Daily His
 presence is a constant, steady witness
 to me. That I am His. Hallelujah.
 In fact, there are so many signs and
 wonders not just in, on, surrounding
 my life. It would have to take a totally
 blind, lost heathen not to be able to
 see God's glory resting on me. I am
 redeemed - Hallelujah, not corrupt
 cog, D.A. or judge can ever take God
 presence, love, goodness away. Murder
 my earthly vessel yes. This body gonna
 die some time, but the true me. The
 precious new spirit God affirm He
 gave me. Never will they be able to
 take him - Hallelujah - I'll retter God.
 May here in USA. Murder me with their
 so call legal execution, to roam freely
 on this earth and denied God or that
 Jesus Christ is my lord and savior. I

(16)

shall confess Him no matter where I am
at. God own and control creation,
to Him I belong and to Him I shall
return, and all that is between,
(I figure I've used up 2/3 of
my privilege down here in the body)
I'll devote, dedicate my remaining
years to Him. I did it before they
arrested me, when I lived for God
on parole, I shall do it while I
am here on death row, I shall do
it after God vindicate, and exonerate
me. This horrible lie is not what
define me, I am God's son, Adopted
and born into His beloved by Christ
Jesus. ^{His} merit and credit. Hallelujah,
Thank you Bro. Rudy, sister Eric for
your prayers, love and help. I am
humble and eternal grateful for all
who help expose my cause and promote
me to have a just and fair and honest trial.
Where the absolute truth of my whereabouts
is on display, factual facts of real evidence
is review and presented. Not made up lies
to justify enmity and hatred. Hallelujah.
Rejoice, the battles are over to win. Amen
Thank you viewers for their prayers too. God
is answering them daily. The University
of Northwestern Chicago Ill. has my

case request under review. Asking them
 to agree to gather up the facts of
 the 3 yr. old toddler being in Chicago
 So, the crooked cop, or corrupt D.A.
 new lie won't win next time. So,
 please pray that those people like
 doctors, nurses, pastor, day care
 child workers, all the many many
 people who never been arrested in
 their lives, will be contacted and
 remember seeing, talking, enter acting
 with the child between June 2011
 thru late Nov. 2011. Maybe photographs
 together with him, church members,
 neighbors, so forth. God's given me the
 green light, I am to shout they
 manufacture lies on me. My 100%
 innocent in absolute truth. His
 glory won't be denied in my life.
 He dropping answer prayers out of
 heaven like rain. Hallelujah - I
 may some day be on international
 t.v. like Day Star, TBN, CTN, made
 special guest appearance on major
 ent let like God Club, and for
 God may pay for my own time
 slot, or give me my own satellite
 station. I am His to do his
 will, keep me here or fly me where

ever I am to soar. Amen.

Remember a little faith will get you to heaven. A lot of faith will get heaven to you, and great faith will get you living like Jesus. I been given great faith. I'm not your garden variety little flower, rather a quint old dat tree Hallelujah. I give shade and help to others around me. Tried and tested. Proven, yet, to some silly souls, they only see old battle wounds, and scars, they see damage and well, my value is in God hand. Long as He want me to live down here, I will. When I am summoned home, It is a dis-appointment to those who wish to murder me for their own evil agenda. To bad-suckers, I never was your to abuse or misuse. May God forgive you. For I'll be off to do some really really important business. Which is family fellowshiping.

Hallelujah, lots of folks I want to get to know and kinda want to just hang out with my heavenly Father. Just be around him, not wanting nothing, just to walk His company. Be close to who created me. Peace, good health, safety to you.
