God bless You!

A real cowboy!

dearest sister

Your question shows your heart, shows you care. It is not silly at all. No matter where we are the Lord Jesus is ever present. Thanks to Him, circumstances aside, I am well. And you? And yours? Thank you for your ongoing prayers for "Liberty".

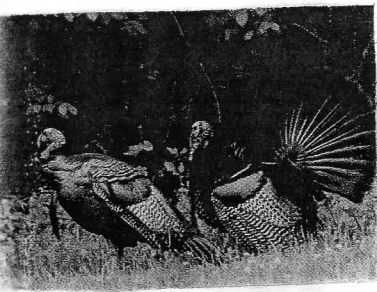

Wow! It bears consideration, He's sun, the beauty of the forest and the plains, mountains, hills, lakes, rivers seas and skies. Even in darkness He has made us so we can see them all, now, and unto all eternities. How could we be less than well, right?

Get cat may well keep you on your toes. They are forever curious and can go almost anywhere up or down sweeping it out. As a boy I enjoyed cats, just got so busy it hasn't allowed for their needs. Here there are six cats, maybe one or two more. Men feed them but they are outside the corn-crib cages, we inside. Like way back when, my mother would not allow them in the house. Sorry you miss your Polly but surely the Lord has a pleasant ~~sur~~ surprise for you and the nursing home family.

I'll bet Jake has enough flight stories to last forever, am I right? I learned to fly - Cessnas and Pipers, clocked up over 500 hrs but found myself on other missions on ground since. All over the lower 48. Somehow I found myself traveling over 4 million miles - So many places so familiar.

✓ I know these or their cousins are near Kaki's pen.

I saw some tempting Joms and hens as I kept watch at Justin township, near Jordan, Montana, as we were being assaulted 81 days in March-June 1996.

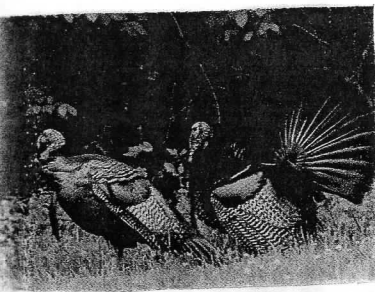

Your freezer full of berries make my mouth water. As I grew up we had plenty. Mom canned strawberries, raspberries (red and black); and blackberries as we ate our way through harvests — You are being blessed even though some things did not pan out.

^{could} You may find hope in a temporal cure by a search with Dr. Joel D. Wallack and his wife Dr. Ma Jan — they have answers. (www.dr.jwallack.com; and www.thewallackfiles.com) His books and resources offer "REAL" pathways for health from the most challenging conditions. It is very possible your Carson City, Nevada friends and others can find longevity and renewed health. BKS: "Dead Doctors Don't Lie"; EPIGENETICS and others.

My grandson's mother-in-law was pronounced terminal of colon cancer roughly 3 years ago by AMA specialists. I sent her word, suggested she seek help and within less than six months she was pronounced cancer free. My wife, Dana, a Naturopath, was pronounced as terminal, 6-12 months by 5 Mayo Clinic Dr.'s in Rochester, Minnesota — with in 3 months of making dietary changes she was pronounced cancer free — That's 26 years ago. Her father was a top of his class trained Dr., Lowenland Medical School — Never practiced, declared it a HOAX — had an 1890 book that he declared answer'd cancer — but wouldn't make

Connie, you mention your parents were teachers. A caring work. My mother taught in rural Iowa, one-room schools for 7 years before she and my father married. One of those schools was the school my father had attended for the completion of the 8th grade when he was a boy.

My first wife retired from teaching 37 years in grades K-3. Mike Beaver's teacher she was Mrs. Landers as she had played when she was a girl. Our son Michael (36) has taught middle school, spent 4 years of Principal at George Washington Academy (400 students/staff over 60) and now is Athletic Director and Assistant Principal at Central Middle School in Waterloo, Iowa as he presently works toward his PhD with aspirations of serving as a Superintendent. His wife Katherine is trained as an RN and is fulltime mom and homemaker with their daughter Allison (11) and son Andrew (9) - Proverbs 31: 10-31.

Yes, glad praying your stomach is in order that your trip may be a blessing for you and your friends as you will share with along the way.

You mention the criminal Sessions. The whole mess is a certified FRAUD! No one of honor can sit in that SHAM. Long standing, never overturned, precedent shows the U.S. Congress has NO AUTHORITY to ever arrest The People, let alone imprison millions. Reagan's 1983, and 1984, crime bills set in motion the FRAUDULENT conversion of The Peoples' credit through \$\$trillions in "prisoner bonds" - all of which made his fiscal outlook so positive - all FRAUD - all tyranny. This will result IN HORRID consequences, soon to come home to rest. [Every Fraudulent case is Bonded as a public works project, just like Bonded Bridge or road construction - turn out credit.]

Feb 2018 2

People just do not realize all of the federal SHAM is a total fraud. NO SUCH AUTHORITY. A scheme of luring people into appearances of "CONSENT" gave rise to imposing the FRAUD on The People. Do you have a Driver's License, as an example? Why? Have you ever seen the definition of "drive" in the state statute? It is an artificial entity transporting (commerce) persons (not people) or property for hire. Are you an artificial entity ever? Do you as such ever transport persons or property for hire? But by presenting the "signed license to officer friendly, policy (coop) enforcer, you have just given him authority as you've become "surety"/"debtor" for the public (coop) trust. . . on and on, "You have No rights by consent".

There are NO gun laws. Statutes re "firearms" define some (not all) guns as firearms used in commerce. Same, as bullets or shells are redefined as "ammunition" resources of force used in commerce, for hire. Now, you hand officer friendly the Driver's License; Registration and Proof of Insurance, the gun in the back seat just became a "firearm" and the bullets in the glove box just became "ammunition" or "explosives". All sorts of FRAUD can imprison you for years or life — your "signature" on the DL or Registration or Insurance "CONSENTS" — No rights; No constitution — No common Law protections of Law and your signature proves you agree. [There are many more very similar GOTCHAS].

I pray you are blessed with "wisdom & understanding" — All very best!
With love of Christ,
Your servant,
Rex-Russell-Dean

P.S. TRUTH is very dangerous when gov't is a LIE! Matthew 5:18

Trust Jesus!

This may happen when your garden really booms.

By the way I learned how to wheel around in a 1947 (older than me) GMC pickup alot like this beauty. Horseback has advantages but a couple mean spirited bulls we had couldn't tip the GMC over. Ha! Ha!

I grew up near a small town in Iowa. It is Greene, Iowa, named for the RR man. I graduated from GHS May 17, 1967. GHS has been long gone now. A consolidation replaced it. Our old school is a middle school in the consolidated scheme of things.

I took up music and business in college, University of Northern Iowa, Cedar Falls, Iowa. For completing my legal education, I taught instrumental music for about 1-1 1/2 years. My trombone was not to be my profession but I've been privileged to play in Vegas (The Aladdin - 2, 5 night shows); New Orleans Convention Center (2X) for 12,000; Jazz Band UNT - Kennedy Center for Performing Arts; 2X - Circus Vargas and 1X Barnum and Bailey Circus bands; Waterloo Iowa Symphony - should go on a long time ago.

When all this took place, Dana and I had a home and law office at 215 Coates Road, off Lee's Union Church Road, Tompkins, North Carolina. People loved us, the system despises us. Hated our 2 1/2 day seminars: "America First: Basics of Law" - Too much TRUTH; Too much WORD; Too much presence. We were visiting Justus township, sharing information when Gregory Michael Schweitzer (1938 - 2011) and Daniel E. Peterson were kidnaped and with NO WARRANT - armed FBI and others laid siege to the Clark ranches - Justus township over Jordan, Montana. We were under threat of death, robbed, kidnaped with no warrant nor evidence of crimes and continue to suffer this persecution on America today. (America is Celtic and means: Amer [heavenly] rika [kingdom]).

Here, I'm writing confined 24/7 in a 6' x 10' concrete
and steel room. Then following
a long-time friend having his
life taken last Saturday evening,
I know not why. Another elderly
Christian friend (76) was assaulted.
~~Heed but fend off~~ being killed by
the grace of God. I've learned
that I and others were on a list
of intended victims of the jihad.

God is Great! ↓

Who knows what will be done to avert such. Our Lord, Jesus,
as always and forever, is in full control of all. I am well
and at peace, always and forever in the hands of our
Lord Jesus. (Romans 8:28) (Proverbs 3:5-6).

It is a time for prayer for so many suffering ravages
of fire across California. I pray our people repent,
turn from wicked ways and call on the name of the
Lord. We don't know for certain why such destruction
is happening but we do or should know where we
must turn for strength, provision and protection in all
circumstances. Our prayers are powerful. ☺

There is a resource about our ordeal in Montana. It is
a small book written by our friend Pat Shannon. It is:
"The Montana Freeman, The Rest of the Story" available at
Oceana Management Publishing, 200 Hickory Nut Lane,
Canton, Georgia (30115). I think it's probably about \$7-
\$10. They have other TRUTH inspired books as well, if
you have an interest. One is either free or in bondage.
The system has almost all in ~~had~~ bondage. John 8:32.
The TRUTH could set all free. ☺ (Our "America First:
Basics of Law" was a pathway for freedom - The system
HATE TRUE MESSENGERS in Christ.) Thus, the Potomac Mat:
have done all for silencing us.
