Shalom Brother Rudy,

4-28-19

I received the comments that was posted regarding the person who explained what it was like to be in solitary confinement. Everything that they wrote was accurate and was a true testimony in regards to the condition and the mental anguish and emotional distress one feels when being placed in the hole and the humiliation that we are subjected to. Although the things they explained are egregious, inhumane and constitute cruel and unusual punishment, I however am not affected like everyone else is because of my faith and trust in Yeshua. I know that Yahweh does not put more on us than we can bear and so if he allows me to experience it, he has already equipped me to endure. Philippians 4:13 tells us that "I can do all things through the Makshyah that strengthens me" and Paul also tells us that "all things work together for good to those that love him" (Rom. 8:28). So I don't focus on the negative aspect of my situation. I choose to allow the situation to make me stronger and get a better understanding of his divine purpose and will. Even though this administration has prevented me access to my law work and the law

library, my time in solitary has not been in vain but very productive spiritually because Yahuah continues to reveal many things to me that I have asked which he said he would do in Jeremiah 33:3. Despite what the devil plots and schemes against my faith, my tenacity for the truth is unwavering and I remain intrepid in fighting this wickedness manifested in the government. I have been very much encouraged by the support letters that I have received from Connie, Tracy, Will and others as a result of the labor of love that you and Erin have extended to me.

I just finished reading George Hansen's book "To Harass Our People" and I already knew how evil the IRS was but the stories of what they did to so many law abiding citizens were appalling. The IRS truly needs to be shut down and eradicated permanently. I have challenged the IRS for many years, even dared them to come after me and they won't accept the challenge because they know of the documents I have against them that would come out in court and destroy their whole scheme and fraud. I haven't paid any IRS taxes since 2005 and do not plan on paying those

devils ever again. None of the money they collect goes to pay for anything that benefits the people. The IRS is a private corporation just like the Federal Reserve and owned by the same wicked families, mainly the Rothschild's and Rockefellers. The same people that created and owns the American Bar Association as well as all other state Bars which are privately owned corporations as confirmed by the copies of the two letters I sent you from the California and Hawaii State Bar. The American people have been hoodwinked, played for fools and reduced to an economical slavery that they don't realize they are in.

I have a solution that I know would work but it need the cooperation and unification of the people, especially those people who believe in our savior. Every pastor, minister, deacon, bishop and all the religious leaders need to have a meeting with their local sheriff, because the sheriff is elected by the people unlike the other law enforcement agencies that are appointed by wicked men. No law enforcement officer is higher than the Sheriff. The religious leaders need to pull the coat tail of the Sheriff and put him on notice that it is his job to protect their property, liberty and religious freedom from encroachment by federal and state authorities and that if he doesn't

do his job that he will be voted out and someone
put in their that will protect the constitutional rights
of the people. Even the people get the Sheriffs to do
their job, the IRS, the FBI and all of those other
demonic agencies could be held accountable for their
crimes and even shut down completely. It is truly a
simple solution but we must have unification of the
people. Peace and blessings from our savior Yehshua.

Brother Anthony
