Dear Bro. Rudy + Sis, Erin,

On 27 MARCH 2019, I mailed 2½-inches of legal documents to Assistant Attorney General Meredith Beidler and Chapman Law Group in my ongoing medical lawsuit. These were exhibits in support of my answer to their Motions for Summary Judgment. They received my mail on 28 MARCH 2019. On 29 MARCH 2019, the WiFi receiver on my tablet opened at 0528 hours and my legal documents were downloaded from the tablet, then deleted. The clock came on after this, in the alarm mode, when I had not set the alarm but it is designed to notify of WiFi use.

Prisoners cannot use the WiFi. However, MDOC has an encoded backdoor where they can get into our tablets. This was likely a response to the Defense Counsels getting my mail. I now have to re-enter my answer to their Motions so I can file it a few weeks later than was planned.

Thankfully, I had sent out some documents so everything was not lost. My game plan has always been to have a few backups. (Read the back.) →

Wow! Thanks for the \$20. It came just in time. I greatly appreciate the help. I need to get more envelopes so they don't isolate me. Their game plan has always been to ~~isolate~~ isolate me and drain my funds but I don't waste anything. Hey! The treehuggers would be thrilled to see how much paper I recycle but Defense Counsels aren't.

It appears my 220/101 mmHg blood pressure may have caused a TIA but it's recovering.

I'm enjoying "colluding" with Jesus by spreading The Word. ☺ Peace and love!

Bro. Gary

Rudy Davis,

Wow! I got your letter, today, with all the good info. I have a friend who has been trying to find Ed + Elaine Brown, so I'll send him a copy.

At Health Service, my blood pressure was 220/101 mmHg. I felt great until it dropped to somewhere near normal. Then, my forehead began to hurt.

My brother sent a \$100 USPS Money Order to me on 12 MARCH 2019 via GTL. It never got to me. Someone at GTL may be taking them. The missing USPS Money Order of 20 AUGUST 2018 never made it to my account.

The other side of this is how to send funds to me, in answer to your question.

Another way to send funds to me in a check, money order or cash ~~to me~~^{is} at P.O. Box 272, Sylvania, OH 43560. A friend there will insure GTL doesn't lose the funds and remail a letter to me so I can say "Thanks".

Dahil Jesus; Tagalog for "Because of Jesus". we push on to the prize.

God Bless,

Gary M.

Rudy, you already got this via email so I'm sending it for the form on the back. G.M.N.

Child Sponsorship Program

Join us in welcoming Alexandru
to our Hand of Help Family!

Alexandru was forced to witness the most tragic of his life's events- his mother abandoned the family, leaving the father to take care of Alex and his two sisters alone. However, after having suffered a stroke and being admitted to the hospital for a prolonged period of time, he was under no circumstance able to provide for his family or look after their wellbeing.

A relative of the family contacted us upon observing such a situation and asked us to intervene and offer the children a chance of growing up in a safe environment. While the older children were either married or working, the little ones were on the verge of abandoning school and becoming orphans with no expectation whatsoever of having a normal existence.

We visited the family's house and hastily determined that they needed a helping hand. Iuliana, Adina and Alexandru (born in 2009) are now a part of our family. Once arrived at Hand of Help, they were evaluated and housed in one of our orphanage home groups.

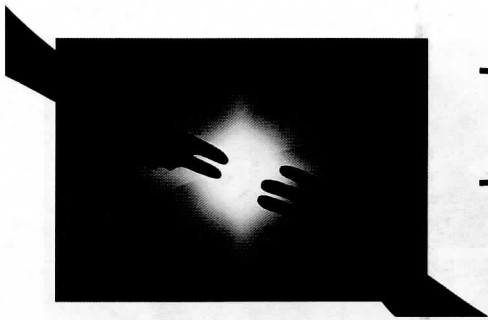

In the beginning, Alexandru had a hard time adjusting to our center. Being very close to his father, he was not ready to understand why they could not live together anymore, even after their mother abandoned them. He soon realized that moving to Hand of Help did not mean that he would forever be separated from his father, but that he would always be able to spend his holidays and some of the weekends with him, and Alexandru slowly started opening up to us.

The deteriorating health of their father continues to bear a lot of weight on these little shoulders. The siblings' desire is to see him well and able to live life as normal as possible. School was a challenge for them as they had missed their classes for days on end during their family crisis. With the help of our teachers, Alexandru was able to recuperate the information he missed or could not understand in school and he is now among the best students in his class. He became very friendly to all and always shows respect and gratitude towards the adults in the center.

Alexandru has also started playing the block flute and could not be happier that he is now a part of Hand of Help's orchestra. In his spare time, he enjoys playing soccer.

Please join us in praying for Alexandru! May God protect him, strengthen him and make him an obedient child of our Lord!

This is a group I help when I can. It's been tight for the last year. Gary

Hand of Help

MINISTRIES

Dear Brethren,

January 15th, 2019

One of the first lessons my wife and I taught our eldest daughter when she was old enough to understand it was the importance of expressing gratitude whenever it was felt towards anyone. Every day, we would come up with an example wherein it was an opportune time to say thank you, and sprinkled in some times when it was optional to do so. In our quest to teach our daughter to say thank you, we discovered that there are far more moments in any given day when we ought to express gratitude than one might think at first glance.

The expressing of gratitude in our day and age seems to be on a downswing, and less and less people take the time to say thank you nowadays. We see this firsthand whenever we are in a public setting with our daughter, and out of ten, fifteen children, she will be the only one to say thank you for a kindness an adult or another child showed her.

When one does not acknowledge a kindness, when one does not express gratitude, when one does not say thank you, eventually whatever kindness was shown them becomes an expectation and something they feel they are entitled to. When the feeling of entitlement begins to bloom, it stifles and chokes off any residual feelings of gratitude, thereby causing the selfsame individual who once expressed gratitude grow angry and resentful if the kindness is not repeated in perpetuity.

As this present year draws to a close, and another is set to begin anew, I wanted to take a moment and simply say thank you. Thank you for your generosity, thank you for your selflessness, thank you for your prayers, and thank you for your support. Thank you for making it possible for us to purchase so many cows this past year. Thank you for making it possible to keep the children in the Hand of Help orphanage fed and clothed. Thank you for making it possible for us to buy countless cords of wood, distribute hundreds of food packages, and be one of the few works that still stands in the gap in a largely forgotten country like Romania.

Thank you for helping us bring smiles to somber faces. Thank you for allowing us to see tears of mourning turned into tears of joy, and thank you for giving us the opportunity to witness firsthand what God can do when we simply trust Him to be God.

Thank you for making it possible for us to serve, and walk in the calling to which we have been called. Thank you for hearing the cries of the helpless, and responding to them with kindness. Thank you for being our brothers and sisters in Christ, and bondservants with us in the labor of love known as the Hand of Help Ministry.

For all that you have done, for your obedience and self-sacrifice, may the blessings of God overtake you, and may you be blessed in all things.

With love in Christ,

Michael Boldea Jr.

Chairman, Hand of Help
