The purchasing agent may appoint the necessary employees of his office in accordance with law. The number and salaries of such employees shall be fixed by the corporate authorities. The purchasing agent shall: (a) adopt, promulgate and from time to time revise rules and regulations for the proper conduct of his office; (b) constitute the sole agent of the municipality in contracting for labor, materials, services, or work, the purchase, lease, or sale of personal property, materials, equipment or supplies, in conformity with the provisions of this Division 10; (c) open all sealed bids; (d) determine the lowest or highest responsible bidder, as the case may be, as required by this Division 10, and purchase orders in conformity with this Division 10; (e) enforce written specifications describing standards established in conformity with this Division 10; (f) operate or require such physical, chemical or other tests as may be necessary to insure conformity to such specifications with respect to quality of materials; (g) exercise, or require, at central storerooms or otherwise, such control as may be necessary to insure conformity to contract provisions with respect to quantity; (h) distribute or cause to be distributed, to the various requisitioning agencies of such municipality, such supplies, materials or equipment, as may be purchased by him; (i) transfer materials, supplies and equipment to or between the various requisitioning agencies and to trade in, sell or dispose of such materials, supplies or equipment as may become surplus, obsolete or unusable; (j) control inventories and inventory records of all stocks of materials, supplies and equipment of common usage contained in any central or principal storeroom, stockyard or warehouse of such municipality; (k) assume such related activities as may be assigned to him from time to time by the mayor or the corporate authorities of such municipality, and (l) submit to the mayor of such municipality an annual report faithfully describing the activities of his office, which report shall be spread upon the official public records of the corporate authorities of such municipality or given comparable public distribution.

HISTORY:
Laws 1967, p. 3599.

65 ILCS 5/8-10-17 [Revolving fund; conflict of interest; penalty]

The corporate authorities of any such municipality may establish a revolving fund in such amount as may be necessary to enable the purchasing agent to purchase items of common usage in advance of immediate need, the revolving fund to be reimbursed from the annual appropriation of the requisitioning agencies. Neither the purchasing agent, nor any officer or employe of his office, nor any member of the board of standardization hereinafter provided for, shall be financially interested, directly or indirectly, in any purchase order or contract coming under the purview of his official duties. The above named officials and employes are expressly prohibited from accepting, directly or indirectly, from any person, company, firm or corporation to which any purchase order or contract may be awarded, any rebate, gift, money, or anything of value whatsoever. Any officer or employe, as above defined, convicted of violating this section, shall be guilty of a business offense and shall be fined not to exceed $10,000 and shall forfeit the right to his public office, trust or employment and shall be removed therefrom.

HISTORY:
P.A. 77-2500.

65 ILCS 5/8-10-18 [Purchase orders executed as provided]

No department, office, institution, commission, board, agency or instrumentality of any such municipality, or any officer or employe thereof, shall be empowered to execute any purchase order or contract as defined in Section 8-10-3 [65 ILCS 5/8-10-3] except as herein specifically authorized, but all such purchase orders or contracts shall be executed by the purchasing agent in conformity with the provisions of this Division 10.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-19 [Board of standardization]

In all municipalities to which the provisions of this

Division 10 shall apply, there shall be a board of standardization, which board shall be composed of the purchasing agent for such municipality, who shall be chairman, and 6 other members who shall be appointed by the mayor of such municipality. Three of the members shall be responsible heads of a major office, department, institution, commission or board of such municipality and shall receive no compensation for their services on the board of standardization. The other 3 members may be officers or employees of the municipality but only those such members who are not officers or employees shall be entitled to receive such compensation as the corporate authorities may provide. Any member, excepting the purchasing agent, may deputize a proxy to act in his stead. The board of standardization shall meet at least once each 2 calendar months upon notification by the chairman at least 5 days in advance of the date announced for such meeting. Official action of the board shall require the vote of a majority of all members of the board. The chairman shall cause to be prepared a report faithfully describing the proceedings of each meeting, which report shall be transmitted to each member and shall be made available to the mayor and to the corporate authorities, respectively, of such municipality within 5 days, excluding Sundays and legal holidays, subsequent to the date of the meeting.

The board of standardization shall: (a) classify the requirements of such municipality, including the departments, offices, institutions, commissions and boards thereof, with respect to supplies, materials, and equipment, of common usage, (b) adopt as standards, the smallest numbers of the various qualities, sizes and varieties of such supplies, materials and equipment as may be consistent with the efficient operation of such municipal government, and (c) prepare, adopt, promulgate, and from time to time revise, written specifications describing such standards.

Specifications describing in detail the physical, chemical and other characteristics of supplies, material or equipment to be acquired by purchase order or contract shall be prepared by the board of standardization.

In the preparation or revision of standard specifications the board of standardization shall solicit the advice, assistance and cooperation of the several requisitioning agencies and shall be empowered to consult such public or non-public laboratory or technical services as may be deemed expedient. After adoption, each standard specification shall, until rescinded, apply alike in terms and effect to every purchase or contract for the purchase of any commodity, material, supply or equipment and shall be made available to the public upon request.

HISTORY:
Laws 1967, p. 3599.

65 ILCS 5/8-10-20 [Publication of ordinances]

Official ordinances in conformity with the provisions of this Division 10 shall be adopted by formal action of the corporate authorities of such municipality and shall be published for the information of the public.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-21 [Effect of violation]

Any purchase order or contract executed in violation of this Division 10 shall be null and void as to the municipality and if public funds shall have been expended thereupon the amount thereof may be recovered in the name of the municipality in an appropriate action instituted therefor.

An official who knowingly and intentionally lets a contract in violation of the competitive bid requirements of this Division 10 forfeits his or her office.

HISTORY:
Laws 1961, p. 576; P.A. 89-405, § 20.

65 ILCS 5/8-10-22 [Application of Division]

Nothing contained in this Division 10 shall be deemed to apply to the letting of contracts and accepting of bids for the construction of local improvements pursuant to Division 2 of Article 9 [65 ILCS 5/9-2-1 et seq.].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-23 [Audits of expenditures incident to purchase orders and contracts]

The comptroller of each municipality to which this Division 10 applies shall conduct audits of all expenditures incident to all purchase orders and contracts awarded hereunder by the purchasing agent. The comptroller shall make reports on such audits to the mayor and corporate authorities.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-24 [Specifications; changes or modifications]

All specifications pertaining to the construction, alteration, rehabilitation or repair of any real property of such municipality shall be prepared by the engineering agency engaged in the design of such construction, alteration, rehabilitation or repair, prior to approval by the purchasing agent, and any such specification shall form a part of any such purchase order or contract, and the performance, inspection and testing of all such contracts shall be supervised by the engineering agency designated in such contracts.

If after award of such contracts changes or modifications are necessitated therein, such changes or modifications may be accomplished or ordered in

writing by the engineering agency, but if the costs thereof are estimated to exceed $5,000 written approval of the purchasing agent must be first obtained. A modification agreement therefor shall thereafter be executed by the contractor, the mayor or his duly designated agent, by the comptroller and by the purchasing agent.

HISTORY:
Laws 1967, p. 3599.

65 ILCS 5/8-10-25 [Conflict with other provisions]

In the event of a conflict between the application of this Division 10 of Article 8 and the application of "An Act concerning municipalities, counties and other political subdivisions", enacted by the 85th General Assembly [50 ILCS 510/0.01 et seq.], the provisions of "An Act concerning municipalities, counties and other political subdivisions" shall prevail.

HISTORY:
P.A. 85-854.

65 ILCS 5/8-10-26 Long-term contracts

Any municipality may enter into a long-term energy contract, even if the length of the contract would exceed the term of office of the corporate authorities that approved the contract.

HISTORY:
P.A. 93-58, § 5.

DIVISION 11.

CERTAIN REVENUE TAXES

65 ILCS 5/8-11-15 [Municipal motor fuel tax; referendum; liability of purchaser; duty of retailer to collect; motor fuel defined]

(a) The corporate authorities of a municipality of over 100,000 inhabitants may, upon approval of the electors of the municipality pursuant to subsection (b), impose a tax of one cent per gallon on motor fuel sold at retail within such municipality. A tax imposed pursuant to this Section shall be paid in addition to any other taxes on such motor fuel.

(b) The corporate authorities of the municipality may by resolution call for the submission to the electors of the municipality of the question of whether the municipality shall impose such tax. Such question shall be certified by the municipal clerk to the election authority in accordance with Section 28-5 of The Election Code [10 ILCS 5/28-5]. The question shall be in substantially the following form:

Shall the city (village or incorporated town) of ..... impose a tax of one cent per gallon on motor fuel sold at retail within its boundaries?	YES	
	NO	

If a majority of the electors in the municipality voting upon the question vote in the affirmative, such tax shall be imposed.

(c) The purchaser of the motor fuel shall be liable for payment of a tax imposed pursuant to this Section. This Section shall not be construed to impose a tax on the occupation of persons engaged in the sale of motor fuel.

If a municipality imposes a tax on motor fuel pursuant to this Section, it shall be the duty of any person engaged in the retail sale of motor fuel within such municipality to collect such tax from the purchaser at the same time he collects the purchase price of the motor fuel and to pay over such tax to the municipality as prescribed by the ordinance of the municipality imposing such tax.

(d) For purposes of this Section, "motor fuel" shall have the same meaning as provided in the "Motor Fuel Tax Law" [35 ILCS 505/1 et seq.].

HISTORY:
P.A. 84-1099.

ARTICLE 9.

LOCAL IMPROVEMENTS

Division 1. Provisions Generally Applicable

Division 2. Local Improvement Procedures Restricted to Certain Municipalities

DIVISION 1.

PROVISIONS GENERALLY APPLICABLE

65 ILCS 5/9-1-1 [Application to municipalities; disposition of undistributed or unclaimed money; local improvements]

The provisions of Sections 9-1-2 through 9-1-10 [65 ILCS 5/9-1-2 through 65 ILCS 5/9-1-10] apply in all municipalities unless otherwise provided in any of such sections.

The provisions of Sections 9-1-11 through 9-1-14 [65 ILCS 5/9-1-11 through 65 ILCS 5/9-1-14] are alternative to and not in exclusion of other methods of disposition of undistributed or unclaimed money received from the making of any local improvement paid for wholly or in part by special assessment or special taxation.

Any municipality in making local improvements may use either the procedure set out in Division 2 of this Article [65 ILCS 5/9-2-1 et seq.] or the procedure set out in Division 3 of this Article [65 ILCS 5/9-3-1 et seq.] subject to any restrictions appearing in such divisions. Once a local improvement is begun under one of the procedures it must be completed pursuant to the same procedure.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-2 [Local improvement ordinance; cost]

When the ordinance under which a local improvement is ordered to be made provides that the improvement shall be made by general taxation, the cost of the improvement shall be added to the annual appropriation ordinance of the municipality ordering the improvement and shall be levied and collected with and as a part of the general taxes of that municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-3 [Local improvement ordinance; repealed]

No ordinance ordering a local improvement shall be repealed except on a written recommendation of the board of local improvements, or committee on local improvements, as the case may be, stating the reasons therefor. This section shall not apply to municipalities having a population of less than 100,000.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-4 [Report by board of local improvements]

The board of local improvements or committee on local improvements, as the case may be, shall submit to the corporate authorities, during the months of May and October of each year, for 3 years following the completion of any public work, a written report of its condition based upon a careful examination of the public work by the board of local improvements, or by the committee on local improvements, as the case may be, or by its representative, who shall be an experienced and capable person of good character. This section shall not apply to municipalities having a population of less than 100,000.

HISTORY:
P.A. 80-324.

65 ILCS 5/9-1-5 [Undistributed or unclaimed money]

Any municipality having any undistributed or unclaimed money received from the making of any local improvement paid for wholly or in part by special assessment or special taxation, and which money has

remained in the possession of the municipality for a period of 4 years or more from the due date of the last installment undistributed or unclaimed as a rebate or refund, after complying with all provisions for the distribution of such rebates or refunds set out in Divisions 2 and 3 of this Article [65 ILCS 5/9-2-1 et seq. and 65 ILCS 5/9-3-1 et seq.], may set aside and transfer the money, so undistributed or unclaimed, into a special fund to be known as the unclaimed rebate fund. This fund may be used as provided in Sections 9-1-6 through 9-1-10 [65 ILCS 5/9-1-6 through 65 ILCS 5/9-1-10].

HISTORY:
Laws 1963, p. 2431.

65 ILCS 5/9-1-6 [Before transfer to unclaimed rebate fund]

Before the money so remaining undistributed or unclaimed and in the possession of a municipality is set aside and transferred into the unclaimed rebate fund, the board of local improvements, or the committee on local improvements, as the case may be, of the municipality shall have a notice published at least once a week for 8 successive weeks in a newspaper published in the municipality, or, if no newspaper is published therein, then in a newspaper with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may be made by posting a notice in 3 prominent places within the municipality.

The notice shall describe in a general manner the improvement in which there is an undistributed or unclaimed rebate or refund, giving the location of the improvement and the warrant number, and shall give notice that the municipality, by ordinance after the expiration of 60 days from the date of the first publication of this notice, will set aside and transfer all money which has remained for a period of 4 years, or more, undistributed or unclaimed as a rebate or refund, into the unclaimed rebate fund, and shall state that unless the money is claimed by the person entitled thereto within the 60 day period, and the passage of an ordinance by the municipality, all interest therein and all right and title thereto shall be forfeited and barred.

A certificate of the publication of this notice, with a copy thereof, accompanied by the affidavit of the publisher that the publication has been made and setting forth the date of the first and last publication thereof shall be filed in the office of the board of local improvements, or the committee on local improvements, as the case may be. The board or committee thereupon shall certify the fact of the publication to the corporate authorities of the municipality and shall therewith recommend the passage of an ordinance making transfer of the specified money into the unclaimed rebate fund.

HISTORY:
P.A. 80-179.

65 ILCS 5/9-1-7 [Unclaimed rebate fund]

The corporate authorities, by ordinance, may create an unclaimed rebate fund and may provide for its regulation and control, and from time to time upon the recommendation specified in Section 9-1-6 [65 ILCS 5/9-1-6], may direct that the undistributed and unclaimed money described in Section 9-1-5 [65 ILCS 5/9-1-5], be set aside and transferred to the unclaimed rebate fund.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-8 [Forfeiture of claim]

Unless a claim is made by the person entitled thereto before the passage of an ordinance by a municipality, as specified in Section 9-1-6 [65 ILCS 5/9-1-6], all interest therein and all right and title thereto of all claimants shall be forfeited and barred. No action shall be begun or claim made for any money undistributed or unclaimed as a rebate or refund, received from the making of any local improvement, paid for wholly or in part by special assessment or special taxation, after the money has remained in the possession of a municipality undistributed or unclaimed as a rebate or refund, for a period of 4 years or more from the due date of the last installment, and where the money has been set aside and transferred into the unclaimed rebate fund in the manner provided in Sections 9-1-5 through 9-1-7 [65 ILCS 5/9-1-5 through 65 ILCS 5/9-1-7].

HISTORY:
Laws 1963, p. 2431.

65 ILCS 5/9-1-9 [Unclaimed rebate fund; use of money]

Any municipality having an unclaimed rebate fund as provided in Sections 9-1-5 through 9-1-7 [65 ILCS 5/9-1-5 through 65 ILCS 5/9-1-7], by ordinance may at its option direct the use of the money in that fund for any public purpose for which the municipality is authorized by law to expend funds.

HISTORY:
P.A. 84-581.

65 ILCS 5/9-1-10 [Unclaimed rebate fund; return of used funds]

Whenever any municipality creates an unclaimed rebate fund and by ordinance directs the use of the money in that fund for the purpose of paying rebates or refunds due on any warrant for any special assessment or special tax, the equivalent of any such money so used shall be returned to the unclaimed rebate fund as soon as the warrants, which were deficient, have been collected. Whenever any municipality directs the use of the money in that fund for the purpose of paying unpaid special assessment vouchers or special assessment bonds or special tax vouch-

ers or interest or deficiency in interest or public benefits in any warrant in which there is a deficiency, the equivalent of any such money so used or any part thereof shall be returned to the unclaimed rebate fund in the event there is collected in the warrant any surplus in excess of the amount required to pay the bonds and vouchers issued to anticipate such warrant. Whenever any municipality directs the use of the money in the fund for the purpose of purchasing any lot, block or tract or parcel of land, or any real estate at any sale had to enforce the collection of special assessments or special taxes, the proceeds of any redemption from such sale or from any sale of the certificate or title acquired by such sale, to an amount equivalent to any such money so used or any part thereof, shall be returned to the unclaimed rebate fund.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-11 [Payment of unclaimed money to treasurer]

Whenever the treasurer of any municipality has petitioned a court of record for directions as to the distribution of undistributed or unclaimed money received from the making of any local improvement paid for wholly or in part by special assessment or special taxation, and, under order of the court, public notice has been given of the amounts of rebates payable and of the names of the persons entitled to them by publication one time in a secular newspaper of general circulation in the county where the municipality is located, and more than one year has elapsed since the publication of the notice, the judge of the court of record may order the money remaining unclaimed to be paid to the treasurer of the municipality in trust. However, in all cases where all special assessment bonds in a special assessment warrant have been paid and retired and where reimbursements have been made, all moneys remaining in such warrants shall be paid over and transferred to the general corporate fund of the municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-12 [Unclaimed rebate fund; transfer in trust]

If the corporate authorities have created an unclaimed rebate fund, the treasurer shall transfer to the unclaimed rebate fund, in trust any funds which the court of record may have ordered paid to such treasurer. Subject to the provisions of Section 9-1-14, [65 ILCS 5/9-1-14] the funds may be used as provided in Sections 9-1-9 and 9-1-10 [65 ILCS 5/9-1-9 and 65 ILCS 5/9-1-10].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-13 [Transfer of funds paid to treasurer by court order]

If the corporate authorities have not created an unclaimed rebate fund, the treasurer shall transfer to the general fund of the municipality, in trust, any funds which the court of record may order paid to such treasurer. Subject to the provisions of Section 9-1-14 [65 ILCS 5/9-1-14], the funds may be used as provided in Sections 9-1-9 and 9-1-10 [65 ILCS 5/9-1-9 and 65 ILCS 5/9-1-10].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-1-14 [Repayment from general fund]

Any person entitled to any unclaimed sum of money paid into the general fund of a municipality, in trust, under the provisions of Sections 9-1-12 or 9-1-13 [65 ILCS 5/9-1-12 or 65 ILCS 5/9-1-13] must apply or make claim, or commence action for the repayment thereof in the manner and within the time set forth in Sections 9-1-5 through 9-1-10 [65 ILCS 5/9-1-5 through 65 ILCS 5/9-1-10].

HISTORY:
Laws 1961, p. 576.

DIVISION 2.

LOCAL IMPROVEMENT PROCEDURES RESTRICTED TO CERTAIN MUNICIPALITIES

65 ILCS 5/9-2-1 [Application of Division]

This Division 2 applies to all cities and villages incorporated under this Code and to any city, village or incorporated town organized under a special charter if such city, village or incorporated town has, prior to, on or after the effective date of this Code, adopted the provisions of this Division 2 as provided herein.

The corporate authorities of the specified municipalities have the power to make such local improvements as are authorized by law, by special assessment or special taxation of contiguous property, or by general taxation, or otherwise, as such corporate authorities prescribe by ordinance.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-2 [Definitions]

In this Division 2, the following terms have the meaning ascribed to them unless the context indicates otherwise:

"Municipality" means any city, village or incorporated town which comes within the scope of this Division 2 as determined by the provisions of Section 9-2-1 [65 ILCS 5/9-2-1].

"Work" means labor performed or material used, or both, as the corporate authorities may determine.

"Subways" means all tunnels, entrances, exits, passageways, connections, approaches, inclines, elevators, stations and other structures, equipment, appliances or appurtenant property appropriate to a system of subways.

"Pedestrian Mall" means one or more streets, or portions thereof, on which vehicular traffic is or is to be restricted in whole or in part and which is or is to be used exclusively or primarily for pedestrian travel.

"Prime Commercial Rate" means such prime rate as from time to time is publicly announced by the largest commercial banking institution located in this State, measured in terms of total assets.

HISTORY:
P.A. 82-642.

65 ILCS 5/9-2-3 [Special tax or assessment to match grant money]

Any municipality which after July 6, 1937, enters into an agreement with the Federal Government or any agency thereof or other governmental agency for the construction, extension, improvement or repair of any local improvements with the aid of a Federal grant of money, or any other governmental grant of money, services, or materials may, for the purpose of raising its portion of the funds necessary for such construction, extension, improvement, or repair, provide a special tax or special assessment of the property benefited, to pay for the share of that improvement to be met by the municipality. This special tax or special assessment shall be levied and collected, and the proceedings incident thereto shall be carried on, in conformance with the provisions of this Division 2, in so far as those provisions are applicable.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-4 [Special tax or assessment for improvements necessary for Federal defense project]

Any municipality in or adjacent to which any Federal defense project is in progress or is about to be in progress, may, if the Defense Department of the United States, or any officer thereof designated by the Secretary of Defense for such purpose, certifies that the water supply, sewage system or highway system of such municipality is inadequate to provide sufficient facilities due to the increase or anticipated increase in the population of such municipality on account of such project, provide a special tax or special assessment of the property benefited, (or in case the Federal Government or any agency thereof grants moneys, services or materials, for raising its portion of the funds necessary), for such construction, extension, improvement or repair. Such special tax or special assessment shall be levied and collected and the proceedings incident thereto shall be carried on, in conformance with the provisions of this Division 2, in so far as such provisions are applicable, with the following exceptions: (1) no public hearing, as provided in Section 9-2-10 [65 ILCS 5/9-2-10], shall be necessary; (2) if the improvement is accomplished through Federal aid which takes the form of the supplying of labor and materials rather than funds, no public letting of contract shall be required; (3) to meet such emergency, the municipality may secure temporary financing therefor and levy such special tax or assessment during construction of the improvement or at any time within one year thereafter and utilize the proceeds of such levy or assessment (or bonds issued in anticipation thereof) to retire such temporary financing when and if such tax or assessment shall be confirmed by the Circuit Court wherein such municipality shall be situated.

HISTORY:
P.A. 80-1495.

65 ILCS 5/9-2-4.5 Special assessment for payment of costs associated with certain ordinance violations

(a) For purposes of this Section, "Code" means any municipal ordinance that requires, after notice, the cutting of grass and weeds, the removal of garbage and debris, the removal of inoperable motor vehicles, and rodent and vermin abatement.

(b) In addition to any other method authorized by law, if (i) a property owner is cited with a Code violation, (ii) non-compliance is found upon reinspection of the property after the due date for compliance with an order to correct the Code violation or with an order for abatement, (iii) costs for services rendered by the municipality to correct the Code violation remain unpaid at the point in time that they would become a debt due and owing the municipality, as provided in Division 31.1 of Article 11 of the Illinois Municipal Code [65 ILCS 5/11-31.1], and (iv) a lien has been filed of record by the municipality in the office of the recorder in the county in which the property is located, then those costs may be collected as a special assessment on the property under this Division. Upon payment of the costs by the owner of record or persons interested in the property, the lien shall be released by the municipality and the release shall be filed of record in the same manner as the filing of notice of the lien.

HISTORY:
P.A. 93-993, § 5.

65 ILCS 5/9-2-5 [Ordinance for local improvement; taxation provision]

When any municipality provides by ordinance for the making of any local improvement, it shall prescribe by the same ordinance whether the improvement shall be made by special assessment or special taxation of contiguous property, or by general taxa-

tion, or by special assessment of contiguous property and by general taxation, or by special taxation of contiguous property and by general taxation.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-6 [Recommendation of ordinance to board of local improvements]

No ordinance for any local improvement, to be paid wholly or in part by special assessment or special taxation, shall be considered or passed by the corporate authorities of any such municipality unless the ordinance is first recommended by the board of local improvements; provided, however, that after the ordinance for any local improvement has been adopted by the corporate authorities and before the same is confirmed in court, the corporate authorities, upon recommendation of the board of local improvements, may by ordinance abandon any portion of the proposed improvement without further action by or hearing before the board.

HISTORY:
Laws 1963, p. 2424.

65 ILCS 5/9-2-7 [Board of local improvements; members; officers; salaries]

In cities having a population of 500,000 or more, there is created a board of local improvements consisting of the superintendent of special assessments and 5 other members. These 5 other members shall be nominated by the mayor and shall be confirmed by the city council. None of the members of the board, except the superintendent of special assessments, shall hold any other office or position in any government department of the city. The Board shall elect from its members a president, a vice president, and an assistant secretary. The superintendent of special assessments shall be ex-officio secretary of the board. In the absence or the inability of the president or secretary to act, the vice president for the president and the assistant secretary for the secretary have full power to sign and execute contracts, vouchers, bonds, payrolls, and all other papers, documents, and instruments necessary. The board shall hold regular and special sessions, as it may determine, for the transaction of all business in rooms accessible to the public, to be provided by the city council. The city council of the city shall provide for salaries for the board of local improvements.

In cities having a population of 50,000 or more and less than 500,000, there is created a board of local improvements consisting of 6 members, of which board the commissioner of public works shall be the president. The other members of this board shall be the superintendent of streets, the superintendent of sewers, the superintendent of special assessments, the city engineer and the city clerk, or if there is no office of City Clerk, the City Comptroller.

In cities having a population of less than 50,000, and in villages and incorporated towns, the board of local improvements shall consist of the mayor of the city, or the president of the village or incorporated town, and the public engineer and the superintendent of streets of the municipality, where such officers are provided for by ordinance. But if at any time such officers are not so provided for, the corporate authorities, by ordinance, shall designate 2 or more members of their body who, with the mayor or president of the village or incorporated town shall constitute the members of the board, until otherwise provided by ordinance. The mayor or president, as the case may be, shall be president of the board.

The corporate authorities of any municipality having a population of more than 18,000 and less than 100,000, may provide by ordinance for the payment of salaries to the members of the board of local improvements, but if any member of such a board holds any other office in the government of that municipality, his salary as member of the board shall not exceed the sum of $100 per month.

However, in cities, having a population of less than 100,000, and in villages, where such cities and villages prior to or after the effective date of this Code adopt the commission form of municipal government, corporate authorities of such cities and villages may provide by ordinance that the board of local improvements shall consist of the mayor and any 2 or more of the commissioners, regardless of whether or not the offices of public engineer and superintendent of streets are provided for by ordinance.

HISTORY:
P.A. 82-432.

65 ILCS 5/9-2-8 [Superintendent of special assessments; incapacity]

In cities having a population of 500,000 or more, and having a chief clerk of special assessments, that chief clerk of special assessments, in the event of the absence or inability to act of the superintendent of special assessments, may, with full effect, perform all acts and duties provided for in this Division 2 to be performed by the superintendent of special assessments.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-9 Preliminary procedure for local improvements by special assessment

All ordinances for local improvements to be paid for wholly or in part by special assessment or special taxation shall originate with the board of local improvements. Petitions for any local improvement shall be addressed to that board. The board may originate a scheme for any local improvement to be paid for by special assessment or special tax, either with or without a petition, and in either case shall

adopt a resolution describing the proposed improvement. This resolution may provide that specifications for the proposed improvement be made part of the resolution by reference to specifications previously adopted by resolution by the municipality, or to specifications adopted or published by the State of Illinois or a political subdivision thereof, provided that a copy of the specifications so adopted by reference is on file in the office of the clerk of the municipality. This resolution shall be at once transcribed into the records of the board.

The proposed local improvement may consist of the acquisition of the necessary interests in real property and the construction of any public improvement or any combination of public improvements, including, but not limited to, streets, storm drain sewers, water mains, sanitary sewer improvements, sidewalks, walkways, bicycle paths, landscaping, lighting improvements, signage improvements, vehicular parking improvements, any additional improvements necessary to provide access to the public improvements, and all necessary appurtenances in a local contiguous area pursuant to a single special assessment project, provided that in assessing each lot, block, tract, and parcel of property, the commissioner so assessing shall take into consideration whether each lot, block, tract, or parcel is benefited by all or only some of the improvements combined into the single special assessment project. For purposes hereof, a local contiguous area shall be defined as an area in which all of the lots, blocks, tracts, or parcels located within the boundaries thereof will be benefited by one or more of the proposed improvements. The fact that more than one improvement is being constructed as part of a single special assessment project shall not be grounds for an objection by an assessee to the special assessment proceeding in court.

Whenever the proposed improvement requires that private or public property be taken or damaged, the resolution shall describe the property proposed to be taken or damaged for that purpose. The board, by the same resolution, shall fix a day and hour for a public hearing thereon. The hearing shall not be less than 10 days after the adoption of the resolution. The board shall also have an estimate of the cost of the improvement (omitting land to be acquired) made in writing by the engineer of the board, (if there is an engineer, if not, then by the president) over his signature. This estimate shall be itemized to the satisfaction of the board and shall be made a part of the record of the resolution. However, such an estimate is not required in municipalities having a population of 100,000 or more when the proposed improvement consists only of taking or damaging private or public property. And in cities and villages which have adopted prior to the effective date of this Code or which after the effective date of this Code adopt the commission form of municipal government, the estimate of the cost of the improvement, (omitting land to be acquired), shall be made in writing by the public engineer if there is one, of the city or village, if not, then by the mayor or president of the city or village.

Notice of the time and place of the public hearing shall be sent by mail directed to the person who paid the general taxes for the last preceding year on each lot, block, tract, or parcel of land fronting on the proposed improvement not less than 5 days prior to the time set for the public hearing. These notices shall contain (1) the substance of the resolution adopted by the board, (2) when an estimate is required by this Division 2 the estimate of the cost of the proposed improvement, and (3) a notification that the extent, nature, kind, character, and (when an estimate is required by this article) the estimated cost of the proposed improvement may be changed by the board at the public hearing thereon. If upon the hearing the board deems the proposed improvement desirable, it shall adopt a resolution and prepare and submit an ordinance therefor. But in proceedings only for the laying, building, constructing, or renewing of any sidewalk, water service pipe, or house drain, no resolution, public hearing, or preliminary proceedings leading up to the same are necessary. In such proceedings the board may submit to the corporate authorities an ordinance, together with its recommendation and (when an estimate is required) the estimated cost of the improvement, as made by the engineer. Such proceedings shall have the same effect as though a public hearing had been held thereon.

In the event that a local improvement is to be constructed with the assistance of any agency of the Federal government, or other governmental agency, the resolution of the board of local improvements shall set forth that fact and the estimate of cost shall set forth and indicate, in dollars and cents, the estimated amount of assistance to be so provided.

HISTORY:
Laws 1963, p. 2425; P.A. 90-480, § 75; 93-196, § 10.

65 ILCS 5/9-2-10 [Public hearing; ordinance provisions; remonstrance petition]

At the time and place fixed in the specified notice for the public hearing, the board of local improvements shall meet and hear the representations of any person desiring to be heard on the subject of the necessity for the proposed improvement, the nature thereof, or the cost as estimated. In case any person appears to object to the proposed improvement or any of the elements thereof, the board shall adopt a new resolution abandoning the proposed scheme or adhering thereto, or changing, altering, or modifying the extent, nature, kind, character, and estimated cost, provided the change does not increase the estimated cost of the improvement to exceed 20% of the same, without a further public hearing thereon, as it considers most desirable. Thereupon, if the proposed improvement is not abandoned, the board shall have an ordinance prepared therefor, to be

submitted to the corporate authorities. This ordinance shall prescribe the nature, character, locality, and description of the improvement and shall provide whether the improvement shall be made wholly or in part by special assessment or special taxation of contiguous property. This ordinance may provide that specifications for the proposed improvement be made part of the ordinance by reference to specifications previously adopted by ordinance by the municipality, or to specifications adopted or published by the State of Illinois or a political subdivision thereof, provided that a copy of the specifications so adopted by reference is on file in the office of the clerk of the municipality. If the improvement is to be paid in part only by special assessment or special taxation, the ordinance shall so state.

If property is to be taken or damaged for the improvement, the ordinance shall describe the property with reasonable certainty.

In cities having a population of 500,000 or over when a remonstrance petition is filed by the owners of a majority of the frontage on the line of the proposed improvement with the board of local improvements within 30 days after the public hearing thereon, the board shall thereupon stay all proceedings therein for one year from that date. This remonstrance petition shall contain the signatures of the owners or legal representatives, the description of the property owned or represented, and the number of feet so owned or represented and shall be verified by affidavit of one or more property owners fronting on the line of the proposed improvement, setting forth that the party making the affidavit is a property owner, fronting on the proposed improvement and that the parties who signed the petition are the owners or legal representatives of the property described therein.

HISTORY:
Laws 1963, p. 2425.

65 ILCS 5/9-2-11 [Recommendation of improvement; prima facie evidence]

Accompanying any ordinance for a local improvement presented by the board of local improvements to the corporate authorities shall be a recommendation of such improvement by the board, signed by at least a majority of the members thereof. The recommendation by the board shall be prima facie evidence that all the preliminary requirements of the law have been complied with. If a variance is shown on the proceedings in the court, it shall not affect the validity of the proceeding, unless the court deems the variance willful or substantial.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-12 [Estimated cost of improvement]

An estimate of the cost of the improvement, including the cost of engineering services, as originally contemplated, or as changed, altered, or modified at the public hearing, itemized so far as the board of local improvements thinks necessary, shall be presented to the corporate authorities, except when rendered unnecessary by Section 9-2-9 [65 ILCS 5/9-2-9], together with the specified ordinance and recommendation. This estimate of cost shall be presented over the signature of the engineer of the board, if there is one, if not, then of the signature of the president of the board, who shall certify that in his opinion the estimate does not exceed the probable cost of the improvement proposed and the lawful expenses attending the improvement.

However, in a city or village which has adopted or which hereafter adopts the commission form of municipal government, this estimate of cost shall be over the signature of the public engineer, if there is one, and if there is no such public engineer, then over the signature of the mayor or president of that city or village, who shall certify that in his opinion the estimate does not exceed the probable cost of the improvement proposed and the lawful expenses attending the improvement.

The recommendation by the board shall be prima facie evidence that it is based upon a full compliance with the requirements of this Division 2.

In the event the improvement is to be constructed with assistance from any agency of the Federal Government, or other governmental agency, the estimate of cost shall state this fact and shall set forth the estimated amount in dollars and cents that is to be provided by the agency of the Federal Government or other governmental agency.

The commissioners, superintendent of special assessments, or other person appointed to make the assessments as provided hereinafter, shall make a true and impartial assessment upon the petitioning municipality and the property benefited by such improvement, of that portion of the estimated cost that is within the benefits exclusive of the amount to be provided by the agency of the Federal Government or other governmental agency.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-13 Publication and posting of ordinances

Upon the presentation to the corporate authorities of the proposed ordinance, together with the required recommendation and estimate, if the estimate of cost exceeds the sum of $1,000,000, exclusive of the amount to be paid for land to be taken or damaged, the ordinance shall be referred to the proper committee and published in the usual way or posted on the municipality's Internet website, in full, with the recommendation and estimate, at least 10 days before any action is taken thereon by the corporate authorities. Whenever any plat, plan, profile, or drawing is a part of the ordinance, or is attached thereto as a part thereof, or is referred to by the

ordinance, it is not necessary to publish or post that plat, plan, profile, or drawing in connection with the publication or posting of the ordinance.

HISTORY:
Laws 1961, p. 576; P.A. 96-1075, § 5.

65 ILCS 5/9-2-14 [Proceeding for just compensation]

If the ordinance provides for improvements which require the taking or damaging of property, the proceeding for making just compensation therefor shall be as described in Sections 9-2-15 through 9-2-37 [65 ILCS 5/9-2-15 through 65 ILCS 5/9-2-37]. Such a proceeding also shall be governed by the remaining sections of this Division 2, so far as not in conflict with Sections 9-2-15 through 9-2-37.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-15 [Petition for just compensation]

Whenever any local improvement ordinance is passed by the corporate authorities of any municipality, to be paid for wholly or in part by special assessment, or by special taxation, the making of which will require that private or public property be taken or damaged for public use, the municipality, either in that ordinance or by subsequent order, shall designate some officer to file a petition in the circuit court of the county in which the municipality is situated, or if the municipality is situated in more than one county and the proposed improvement or the property to be taken or damaged, or both, lies in more than one county, then in the circuit court in the county in which the major part of the territory to be affected thereby is situated. Such petition shall be filed in the name of the municipality, praying that steps may be taken to ascertain the just compensation to be made for private or public property to be taken or damaged for the improvement or purpose specified in the ordinance, and to ascertain what property will be benefited by the improvement, and the amount of those benefits.

HISTORY:
Laws 1967, p. 3762.

65 ILCS 5/9-2-16 [Petition; description of property; copy of ordinance; commissioners]

The petition required in Section 9-2-15 [65 ILCS 5/9-2-15] shall contain a reasonably accurate description of lots, blocks, tracts, and parcels of land which are to be taken or damaged; provided that in counties in which a property index number system has been established in accordance with Section 9-45 of the Property Tax Code [35 ILCS 200/9-45], the index number shall be given in addition to the legal description. There shall be filed with or attached to the petition a copy of the specified condemnation ordinance, certified by the clerk, under the corporate seal. Failure to file such a copy shall not affect the jurisdiction of the court to proceed in that cause and to act upon the petition, but if it appears in the cause that a copy of the ordinance has not been attached to or filed with the petition before the report of the commissioners is filed, as provided in Section 9-2-18 [65 ILCS 5/9-2-18], then, upon motion of any person whose real estate is to be taken, or to be assessed, the entire petition and proceedings shall be dismissed.

Upon the filing of the petition, the court shall enter an order designating 2 competent persons as commissioners, to act with the superintendent of special assessments where that officer is provided for by this Code, and in other cases to act with the president of the board of local improvements. These 3 commissioners shall investigate and report to the court the just compensation to be made to the respective owners of private or public property which is to be taken or damaged for the specified improvement, and also what real estate will be benefited by that improvement, and the amount of those benefits to each parcel. Neither of the persons designated by the court shall be an employee of the petitioning municipality and both shall be disinterested persons. They shall be allowed a fee for their services which shall be fixed by the court in advance. The amounts so allowed may be reviewed by the court upon motion, and may be taxed as costs and included in the amount to be assessed, except that in cities having a population of 500,000 or more, the commissioners' fees shall be either paid by the city out of its general fund or included among the expenses to be defrayed out of the sum not to exceed 5% of the amount of the assessment, for which provision is made in Section 9-2-139 [65 ILCS 5/9-2-139]. These 3 commissioners shall be duly sworn to make a true and just assessment of the cost of the improvement according to law. The concurrence of any 2 in a report shall be sufficient.

HISTORY:
P.A. 85-1252; 88-670, § 3-28.

65 ILCS 5/9-2-17 [Certified copy of petition and assessment role]

When a petition is filed, a certified copy of the petition and the assessment roll of the municipality, hereinafter required in Section 9-2-18 [65 ILCS 5/9-2-18], shall be immediately delivered by the clerk of the court to the petitioner, who shall record the certified copy with the recorder of deeds of that county, to be kept as part of the permanent records of the office of the recorder.

A certified copy of any order or judgment to divide, modify, alter, change, reduce, increase, annul, confirm, or deny anything contained within the assessment roll shall be immediately delivered by the clerk of the court to the petitioner, who shall record the certified copy with the recorder of that county, to be

kept as part of the permanent records of the office of the recorder.

HISTORY:
P.A. 85-1252.

65 ILCS 5/9-2-18 [Investigation; report; estimate]

The commissioners shall make an investigation as required and prepare and file in court their report accordingly. In this report the commissioners shall in one column describe the respective parcels of property to be taken or damaged for the specified improvement and, in counties in which a property index number system has been established in accordance with Section 9-45 of the Property Tax Code [35 ILCS 200/9-45], shall give the index number in addition to the legal description; in another column the respective owners of record of those parcels of land, the name and residence of each such owner being set opposite his own property; in another column the name and residence of the occupant, where the property is occupied, so far as known to the commissioners or can be found upon diligent inquiry; in another column the amount of the value of each parcel to be taken for the improvement, setting the amount opposite the property to which it relates; and in another column the amount of damages, if any, which in the opinion of the commissioners, will result to any parcel of land not taken, by reason of the improvement, describing each parcel so damaged by a reasonably accurate description.

The commissioners shall further estimate and report what proportion of the total cost of the improvement (including therein their estimate of value and damages, and, when an estimate is required by this Article, the estimate of the cost of such proceeding) will be of benefit to the public, and what proportion thereof will be of benefit to the property. The commissioners shall apportion the total cost of the improvement between the municipality and the property so that each will bear its relative equitable proportion. Having found these amounts, the commissioners shall further report what lots, blocks, tracts, and parcels of land will be specially benefited by the improvement, shall describe them by a reasonably accurate description, and shall apportion and assess the amount so found to be of benefit to the property upon the several lots, blocks, tracts, and parcels of land in the proportion in which they will be severally benefited by the improvement. But no lot, block, tract, or parcel of land shall be assessed a greater amount than it will be actually benefited, except that the apportionment and assessment shall include the anticipated fees for the recording of documents as provided in this Article.

HISTORY:
P.A. 85-1252; 88-670, § 3-28.

65 ILCS 5/9-2-19 [Local improvement consisting of system of waterworks]

Whenever any local improvement provided in any ordinance passed by virtue of this Division 2 consists of a system of waterworks or a bridge or viaduct, or extension of water mains which are a part of any municipal waterworks system, any portion of the cost of which is to be defrayed by special assessment, it may be provided by the ordinance for the improvement or by ordinance passed at any time before the confirmation of the assessment roll, that the aggregate amount assessed and each individual assessment, and also the assessment against the municipality for public benefits and on account of property owned by it, may be divided into not exceeding 30 installments in the manner provided in Section 9-2-48 [65 ILCS 5/9-2-48]. The provisions of this Section 9-2-19 shall not apply to any city having a population of 500,000 or more.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-20 [Amount of property taken or damaged; over assessment; benefit greater than damage]

If the amount awarded to any person for property taken or damaged for an improvement under this Division 2 is greater than the amount assessed against the property for that improvement, or if the benefit is greater than the damage, in either case the difference only shall be collectible of the owner or be paid to him.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-21 [Opening of street or alley; donation assessment]

In the assessment of damages and benefits for the opening of any street or alley, the commissioners, where part of the land to be laid out into that street or alley has been theretofore donated by any person for that street or alley, may appraise the value of the land so donated. Or in cases where such a donation is made after the filing of any petition in the circuit court praying that steps be taken to levy a special assessment for the opening of any street or alley, and after the making of the assessment roll as provided in this Division 2, the court may appraise, or may have a jury appraise, the value of the land so donated. The commissioners or the court, as the case may be, shall apply the value thereof, so far as the amount so appraised shall go, as an offset to the benefits assessed against the person making such a donation, or parties claiming under such person. Nothing contained in this section authorizes any person by whom such a donation is made to claim from the municipality the amount of that appraisement, except as an offset, as provided in this section. Where the assessment is only for the widening of any street which may have been theretofore donated either in whole or in part, to the public by the proprietors of the adjoining land, the commissioners,

in their discretion, may make such allowance therefor in their assessment of benefits as seems to them equitable and just. But in either such case the commissioners shall state in their report the amount of that allowance, and the allowance shall be subject to review, as the court shall direct.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-22 [Commissioners' report; return; filing]

The commissioners shall return their report to the court in which the specified petition was filed, and file the report with the clerk thereof, with their certificate, duly verified, stating in substance that they have carefully examined the questions referred to in their report, and that in their opinion the amounts awarded for damages and value therein, and the respective amounts assessed against the property specially benefited, and also the apportionment of the cost of the improvement between the public and the property assessed, and the allowance for property theretofore dedicated, if any, are correct, equitable, and just. The return and filing of this report shall be deemed an application by the petitioner for judgment of condemnation of the property so to be taken or damaged, and for a confirmation of the assessment of benefit.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-23 [Affidavit by superintendent of special assessments or president of board of local improvements]

The superintendent of special assessments, or president of the board of local improvements, as the case may be, shall file with the commissioners' report an affidavit made by himself or by some employee of his office, that (1) the affiant has carefully examined the records in the recorder's office of the specified county or counties for the names of the owners of record of the several lots, blocks, tracts, and parcels of land to be taken or damaged for the improvement, (2) that the affiant made a careful examination of the collector's books showing the payments of general taxes during the last preceding year in which taxes were paid on the respective lots, blocks, tracts, and parcels of land against which benefits are assessed in the commissioners' report, to ascertain the person or persons who last paid the taxes on those respective lots, blocks, tracts, and parcels of land, (3) that the names of those owners of record and persons who paid those taxes are correctly shown in the columns or schedules of ownership and of persons who paid those taxes in the commissioners' report, (4) that he has diligently inquired as to the residence of the respective owners of property to be taken or damaged for the improvement and of the persons who paid the general taxes during the last preceding calendar year in which general taxes were paid on all the respective lots, blocks, tracts, and parcels of land against which benefits have been assessed in the commissioners' report (specifying the nature of the inquiry and examination he has made for that purpose), (5) that the residences of the owners and parties paying those general taxes are correctly stated, according to the result of his examination, in the column or schedule of residences in the commissioners' report, and (6) that in all cases where he has been unable to find the residence of the owner of the record title, he has examined the return of the collector's warrant for taxes on real estate for the last preceding year, in which the taxes were paid, and has set opposite each such parcel whose owner has not been found, the name of the person who last paid the tax on that parcel, together with his place of residence, wherever, on diligent inquiry, he was able to find the same. This affidavit, or an affidavit filed therewith, shall further state that the affiant has visited each of the parcels of land to be taken or damaged for the improvement described in the commissioners' report, for the purpose of ascertaining whether or not the parcel was occupied, and the name and residence of the occupant, if any, and that in every case where those parcels of land were found to be occupied, upon such investigation, the name of the occupant is stated in the commissioners' report opposite that parcel, together with his residence, when ascertained. Such an affidavit and report shall be prima facie evidence that the requirements of this Division 2 have been complied with.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-24 [Defendants to proceedings; other interested persons; summons; service; notice]

Every person who is named in the commissioners' report as an owner of property to be taken or damaged for the improvement, and every person who is therein named as an occupant of any parcel thereof, shall be made a party defendant in the proceeding. All other persons having or claiming interest in any of the premises shall be described and designated as "all whom it may concern," and by that description shall be made defendants. Upon the filing of the commissioners' report, a summons shall be issued and served upon the persons made party defendants, as in other civil actions, except that the summons shall require a defendant to appear within 15 days after service, exclusive of the day of service. As to such of the defendants as are shown by the affidavits to be non-residents of the State of Illinois, or whose residences are shown thereby to be unknown, and the defendants designated as "all whom it may concern," the clerk of the court shall publish in one or more newspapers published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within

the municipality, a notice of the pendency of the proceeding, the parties thereto, the title of the court, the time and place of the return of the summons in the case, the description of the property to be taken or damaged, the total cost of the improvement as shown by the estimate and report, and the nature of the proceeding. This notice shall further state that a special assessment has been made to raise the cost of the improvement, and the time and place of filing the report thereof. This notice shall be published at least once in each week for 3 weeks, the first notice to be published at least 30 days before the return day of the summons.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-25 [Residence of defendant outside state; residence unknown]

Where the residence of any defendant named in the commissioners' report is shown thereby to be outside of the State of Illinois, and the residence is stated therein, a copy of the specified notice shall be sent by mail to that party, at the address so given, at least 15 days prior to the return day of the summons. If the residence of any defendant is found to be unknown, as shown by the report and affidavit, a similar notice shall be sent to the person last paying taxes upon the premises, if his residence is stated in the report. Such service, publication, and notices shall be sufficient to give the court jurisdiction of all the parties whose land is to be taken or damaged, so as to determine all questions relating to the proceeding, and affecting the land described in the report.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-26 [Notice to all taxpayers of property]

There shall be sent by mail, post paid, to each of the persons paying the taxes during the last preceding year in which taxes were paid on the property which has been assessed for the benefits in the proceeding, directed to the address as shown in the commissioners' report, or where not so shown, then generally to the municipality in which the improvement is to be made, at least 15 days before the specified return day, a notice stating the nature of the improvement, the description of that taxpayer's property assessed therefor, the amount of the assessment, and the date when the summons in the cause will be returnable, and when objections thereto may be filed. An affidavit of one of the commissioners, or some other person showing such service, mailing, posting, and publication, shall be prima facie evidence of a compliance with all the requirements thereof, but the publication may be proved in any other manner provided by law.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-27 [Hearing; impaneling of jury; objection]

Upon the return of the summons, or as soon thereafter as the business of the court will permit, the court shall proceed to a hearing of the cause, and shall impanel a jury to ascertain the just compensation to be paid to all owners of property to be taken or damaged. If objections are filed to the confirmation of the assessment of benefits, those objections shall be submitted to the same jury at the same time. Thereupon the jury shall ascertain the just compensation to be paid to the owner of each lot, block, tract, or parcel of land to be taken or damaged in the proceeding, and shall also determine whether or not any lot, piece, or parcel of land assessed in the proceeding, for which objections have been filed, has been assessed more than it will be benefited by the improvement. On this hearing the commissioners' report so returned and filed, shall be prima facie evidence, both of the amount of the compensation to be awarded, and of the benefits to be assessed, but either party may introduce such other evidence as may bear upon that issue or issues.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-28 [Separate juries]

If any defendant or party interested demands, and if the court deems it proper, separate juries may be impaneled, either as to the benefits assessed, or as to the compensation or damages to be paid to any one or more of the defendants or parties in interest.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-29 [Viewing of premises by jury]

The court upon the motion of the petitioner, or of any person claiming any such compensation, may direct that the jury, under the charge of an officer, shall view the premises which it is claimed by any party to the proceeding will be taken or damaged by the improvement. In any case where there is no satisfactory evidence given to the jury as to the ownership of, or as to the extent of the interest of any defendant in, the property to be taken or damaged, the jury may return their verdict as to the compensation or damage to be paid for the property or part of property to be taken or damaged, and for the entire interests therein.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-30 [Recording of verdict; continuance for new parties; final judgment]

Upon the return of the jury's verdict, the court shall order the verdict to be recorded and shall enter

such judgment thereon as the nature of the case may require. The court shall continue or adjourn the cause from time to time as to all occupants and owners named in the petition who have not been served with process, or brought in by notice or by publication, and shall order a new summons to issue and publication to be made. When those occupants or owners are brought into court, the court shall impanel a jury to ascertain the compensation to be paid to those defendants for property taken or damaged, and the amount of benefits to be assessed against them, if any. Like proceedings shall be had for that purpose as hereinbefore provided in the case of other owners. But no final judgment shall be entered as to any of the property embraced in the assessment roll until all the issues in the case have been disposed of, including revised rolls, if any.

HISTORY:
P.A. 84-452; 84-545.

65 ILCS 5/9-2-31 [Party named in petition no longer owner]

Upon proof that any owner named in such petition, who has not been served with process, has ceased to own the described property since the filing of the petition, the court has the power, at any time, to impanel a jury and ascertain the just compensation to be made for that property, or the damage thereto, and the benefits thereto. Upon any finding or findings of the jury, or at any time during the course of the proceedings, the court may enter such order, rule, or judgment as the nature of the case may require.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-32 [Doubt or contest]

No delay in making an assessment of compensation shall be occasioned by any doubt or contest which may arise as to the ownership of the property or any part thereof, or as to the interests of the respective owners or claimants. In case of such a doubt or contest the court may require the jury to ascertain the entire compensation or damage that should be paid for the property, or part of the property, and the entire interests of all parties therein, and may require adverse claimants to interplead, so as to fully determine their rights and interests in the compensation so ascertained. And the court may make such order as may be necessary in regard to the deposit or payment of that compensation.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-33 [Interested minor]

When it appears from the petition, or otherwise at any time during the proceedings upon the petition, that any minor or person under legal disability is interested in any property that is to be taken or damaged, the court shall appoint a guardian ad litem for that person, to defend his or her interest in that property, or the compensation which is awarded therefor.

HISTORY:
P.A. 83-706.

65 ILCS 5/9-2-34 [Final judgment; appeal; deposit]

Any final judgment rendered by a court upon any finding of any jury or of any judge where trial by jury is waived by the parties concerned, shall be a lawful and sufficient condemnation of the land or property to be taken, upon the payment of the net amount of the finding, as hereinafter provided. It shall be final and conclusive as to the damages and benefits caused by the improvement, unless the judgment is appealed from. But no appeal shall delay proceedings under the ordinance, if the petitioner files in the case its written election to proceed with the improvement notwithstanding that appeal and deposits, as directed by the court, the amount of judgment and costs, after deducting the benefits assessed and adjudged against that property, if any. If the petitioner so elects to make such a deposit prior to the final determination of any appeal, it shall thereby become liable to pay to the owners of and parties interested in the property in question, the difference, if any, between the amount so deposited and the amount ultimately adjudged to be the just compensation to be paid on account of the property, and interest on any such difference at the rate of 5% annually from the date of the making of the deposit, and costs.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-35 [Right to possession or damage]

The court, upon proof that the amount of the just compensation as found by the jury or by the court in case a trial by jury is waived by the parties concerned, in excess of the benefits so assessed and adjudged against the same property, has been paid to the person entitled thereto, or has been deposited as directed by the court, shall enter an order that the petitioner has the right, at any time thereafter, to take possession of or damage the property, in respect to which compensation has been so paid or deposited.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-36 [Return of verdict; motion for new trial; judgment on verdict; interest; withdrawal; abandonment of proceeding]

Upon the return of a verdict in a proceeding to acquire property for a public improvement, if no motion for a new trial is made, or if made, is

overruled, the petitioner, within 90 days after final judgment as to all defendants, both as to the amount of damages and compensation to be awarded and benefits to be assessed shall elect whether it will dismiss the proceeding or enter judgment on the verdict. If it elects to enter judgment on the verdict, it shall become bound thereby and liable to pay the amount thereof, whether the assessment is collected or not, and the judgment of condemnation shall not be conditional. But the judgment shall not draw interest until the petitioner takes possession of or damages the property, in respect to which the judgment is entered. After entry of judgment the petitioner shall not be permitted to withdraw from or to dismiss the proceeding, without the consent of all parties whose land is thereby condemned, except as hereinafter provided. In case an appeal is taken by either party from the judgment of condemnation or confirmation, then unless the petitioner files in the cause its written election to proceed with the improvement notwithstanding the appeal, no steps shall be taken to collect the assessment nor to compel payment of the compensation awarded until the appeal is disposed of and final judgment entered in the cause, or, in case of reversal, until there is a new trial and judgment. However, in case of a final reversal the petitioner may still elect, within a period of 60 days, to abandon the proceeding.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-37 [Amount assessed as benefits insufficient; recasting of roll]

If, in any case, upon the filing of the assessment roll by the commissioners, it appears that the amount assessed as benefits is not sufficient to pay the awards, with the costs, or if, upon the disposition of the whole case, any such deficiency appears, the court, on the application of the petitioner, may refer the roll again to the same or other commissioners, to be recast. In such cases the commissioners shall consider and report whether or not other premises will be benefited by the improvement, or whether or not the premises already assessed will be benefited thereby in any greater amount, and in what amount, if any, and shall make and return a revised assessment roll. This may be done from time to time, as often as any deficiency appears. But no lot, block, tract, or parcel of land shall be assessed more than it will be benefited by the improvement, nor more than its proportionate share of the costs of the improvement. If any premises not already described in the roll are assessed by the commissioners, the owners thereof shall be shown and notice given as for an original assessment. If the assessment on any premises previously assessed is increased thereby, or if any property is newly assessed, the owner thereof, if not already represented in court, shall be notified in like manner, and a hearing shall be had as above provided.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-38 [Municipality exceeding 15,000 but less than 500,000; public benefit tax]

Any municipality which (1) has a population exceeding 15,000 but less than 500,000, (2) is not located within any sanitary district, (3) discharges its sewage into Lake Michigan without having provided any adequate provisions for otherwise disposing of its sewage, and (4) owns and operates a waterworks and sewerage system, the cost of the construction of which waterworks and sewerage system has been provided for by special assessment, and a large portion of which cost has been assessed against the municipality for public benefits, has the power to provide by ordinance for the levy, in addition to the taxes now authorized by law, and in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 [65 ILCS 5/8-3-1], of a direct annual tax for not exceeding 20 successive years and not exceeding .1666% of the value, as equalized or assessed by the Department of Revenue of all taxable property, in the municipality. This tax shall be levied and collected with and in like manner as the general tax in the municipality and shall be known as the public benefit tax. The fund arising therefrom shall be known as the public benefit fund, which fund shall be used solely for the purpose of paying that portion of the several amounts heretofore assessed against the municipality for such public benefits, as well as for paying any such amounts as may be hereafter so assessed for such public benefits under and in pursuance of any ordinance that may be hereafter passed. However, no such tax shall be levied in excess of .1% of the taxable property for any year until after the corporate authorities of the municipality have passed an ordinance providing for the levying of that excess. This ordinance shall not become effective until it has been submitted to the electors of the municipality in accordance with the provisions of Sections 8-4-1 and 8-4-2 [65 ILCS 5/8-4-1 and 65 ILCS 5/8-4-2] and has been approved by a majority of the electors voting upon the question.

Where any such tax has been levied, warrants may be drawn against the tax in the manner and with like effect as is provided by Sections 8-1-9, 8-1-11 and 8-1-12 [65 ILCS 5/8-1-9, 65 ILCS 5/8-1-11 and 65 ILCS 5/8-1-12].

This section is subject to the provisions of the General Revenue Law of Illinois.

HISTORY:
P.A. 81-1509.

65 ILCS 5/9-2-39 [Municipality of less than 500,000; public benefit tax]

Any municipality having a population of less than 500,000 may provide by ordinance for the levy, in

addition to the taxes now authorized by law, and in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 [65 ILCS 5/8-3-1], of a direct annual tax not exceeding .05%, or the rate limit in effect on July 1, 1967, whichever is greater, of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the municipality. This tax shall be known as the public benefit tax. The fund arising therefrom shall be known as a public benefit fund, which fund shall be used solely for the purpose of paying that portion of the several amounts heretofore assessed against the municipality for public benefit as well as paying any such amounts as may be hereafter assessed for public benefit under and in pursuance of any ordinance that may be hereafter passed. However, where and whenever any road or street is constructed or reconstructed by the State or any county or both jointly with any municipality, the municipality may consider, accept, and use, the amount estimated by the State of Illinois or the county, or both, to be its or their portion of the cost of construction, as a part or all of the municipal public benefit.

Where any such tax has been so levied, warrants may be drawn against the tax, as and in the manner and with like effect as is provided by Sections 8-1-9, 8-1-11 and 8-1-12 [65 ILCS 5/8-1-9, 65 ILCS 5/8-1-11 and 65 ILCS 5/8-1-12]. The foregoing limitations upon tax rates may be increased or decreased under the referendum provisions of the General Revenue Law of Illinois.

HISTORY:
P.A. 81-1509.

65 ILCS 5/9-2-40 [Property abutting street, alley, park or public place; building or renewing of sidewalk]

Whenever the owners of one-half of the property abutting on any street, alley, park, or public place, or portion thereof, petition for any local improvement thereon, the board of local improvements in any municipality shall take steps hereinbefore required for hearing thereon, but at that hearing shall consider only the nature of the proposed improvement and the cost thereof. The board shall determine, in the manner above provided, the nature of the improvement which it will recommend, and thereupon shall prepare and transmit to the corporate authorities a draft of an ordinance thereof, together with an estimate of the cost, as above described, and shall recommend the passage thereof. Such a recommendation shall be prima facie evidence that all the preliminary steps required by law have been taken. Thereupon it is the duty of the corporate authorities to pass an ordinance for that improvement and to take the necessary steps to have the ordinance carried into effect.

Whenever an ordinance provides only for the building or renewing of any sidewalk, and the owner of any lot or piece of land fronting on that sidewalk builds or renews that sidewalk opposite to his land to conform in all respects to the requirements of that ordinance within 40 days after the ordinance takes effect, an allowance shall be made in the spreading of the assessment against that lot or piece of land of an amount equal to the estimated cost of that sidewalk, based on the cost per unit of the sidewalk as shown in the engineer's estimate.

Notice of the passage of such a sidewalk ordinance shall be sent by mail within 10 days after the ordinance takes effect to the person who paid the taxes on the premises for the last preceding year, in which taxes were paid, if he can be found in that county. A like notice addressed to the occupant of the property, if the property is actually occupied at that time, and an affidavit of such service shall be filed with the official report of the assessment. Such an affidavit shall be prima facie evidence of a compliance with these requirements.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-41 [Collection of tax; amount]

When the ordinance under which a local improvement is ordered provides that the improvement shall be made wholly or in part by special taxation of contiguous property, that special tax shall be levied, assessed, and collected, as nearly as may be, in the manner provided in the section of this Division 2 providing for the mode of making, assessing, and collecting special assessments. No special tax shall be levied or assessed upon any property to pay for any local improvement in an amount in excess of the special benefit which the property will receive from the improvement. The ordinance shall not be deemed conclusive of the benefit, but the question of the benefit and of the amount of the special tax shall be subject to the review and determination of the court, and shall be tried in the same manner as in proceedings by special assessment.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-42 [Improvements by special assessment]

When the ordinance under which a local improvement is ordered to be made contains no provisions for the condemnation of private property therefor, and provides that the improvement shall be wholly or in part paid for by special assessment, the proceedings for the making of that assessment shall be as follows.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-43 [Filing of petition]

Upon the passage of any ordinance for a local improvement pursuant thereto, the officer specified

therein shall file a petition in the circuit court in the county where the affected territory lies, or if the municipality is situated in more than one county and the proposed improvement lies in more than one county, then in the circuit court in the county in which the major part of the territory to be affected thereby is situated, in the name of the municipality, praying that steps be taken to levy a special assessment for the improvement in accordance with the provision of that ordinance. There shall be attached to or filed with this petition a copy of the ordinance, certified by the clerk under the corporate seal, and also a copy of the recommendation of the board of local improvements and of the estimate of cost as approved by the corporate authorities. The failure to file any or either of these copies shall not affect the jurisdiction of the court to proceed in the cause and to act upon the petition, but if it appears in any such cause that the copies have not been attached to or filed with the petition before the filing of the assessment roll therein, then, upon motion of any objector for that purpose on or before appearance day in the cause the entire petition and proceedings shall be dismissed.

The several circuit courts of this State have jurisdiction of any proceeding under this Division 2.

HISTORY:
Laws 1967, p. 3762.

65 ILCS 5/9-2-44 [Assessment of cost]

Upon the filing of such a petition, either the superintendent of special assessments, in municipalities where that officer is provided for by law or some competent person appointed by the president of the board of local improvements in municipalities where the office of such superintendent does not exist, shall make a true and impartial assessment of the cost of the specified improvement upon the petitioning municipality and the property benefited by the improvement.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-45 [Estimation of benefit to public; apportionment of cost]

The officer specified in Section 9-2-44 [65 ILCS 5/9-2-44] shall estimate what proportion of the total cost of such improvement will be of benefit to the public, and what proportion thereof will be of benefit to the property to be benefited, and to apportion the total cost between the municipality and that property, so that each will bear its relative equitable proportion. Having found these amounts, such officer shall apportion and assess the amount so found to be of benefit to the property, upon the several lots, blocks, tracts, and parcels of land, in the proportion in which they will be severally benefited by the improvement. No lot, block, tract, or parcel of land shall be assessed a greater amount than it will be actually benefited, except that the apportionment and assessment shall include the anticipated fees for the recording of documents as provided in this Article. When the proposed improvement is for the construction of a sewer, it is the duty of such officer to investigate and report the district which will be benefited by the proposed sewer, describing the district by boundaries.

Where the improvement is to be constructed with aid from any agency of the Federal Government, or other governmental agency, the proportion of the total cost of the improvement to be raised by the municipality in addition to such aid shall be the amount allocated between public benefits and benefits of the property affected as above provided.

HISTORY:
P.A. 85-1252.

65 ILCS 5/9-2-46 [Separate assessments]

In levying any special assessment or special tax, each lot, block, tract, or parcel of land shall be assessed separately, in the same manner as upon assessment for general taxation. However, this requirement shall not apply to the property of railroad companies, or the right of way and franchise of street railway companies. Such property and right of way and franchise may be described in any manner sufficient to reasonably identify the property intended to be assessed.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-47 [Assessment roll; contents; notice; affidavit of compliance]

The assessment roll shall contain (1) a list of all the lots, blocks, tracts, and parcels of land assessed for the proposed improvement and, in counties in which a property index number system has been established in accordance with Section 9-45 of the Property Tax Code [35 ILCS 200/9-45], the index number in addition to the legal description, (2) the amount assessed against each, (3) the name of the person who paid the taxes on each such parcel during the last preceding calendar year in which taxes were paid, as ascertained upon investigation by the officer making the return, or under his direction, and (4) the residence of the person so paying the taxes on each such parcel if the residence on diligent inquiry can be found. In case of an assessment in installments, the amount of each installment shall also be stated. The officer making the roll shall certify under oath that he believes that the amounts assessed against the public and each parcel of property are just and equitable, and do not exceed the benefit which in each case will be derived from the improvements, and that no lot, block, tract, or parcel of land has been assessed more than its proportionate share of the cost of the improvement.

Several lots, or parts of land, owned and improved as one parcel may be assessed as one parcel.

Notice shall be given of the nature of the improvement, of the pendency of the proceeding, of the time and place of filing the petition therefor, of the time and place of filing the assessment roll therein, and of the time and place at which application will be made for confirmation of the assessment, the same to be not less than 15 days after the mailing of such notices. The notices shall be sent by mail postpaid to each of the specified persons paying the taxes on the respective parcels during the last preceding year in which taxes were paid, at his residence as shown in the assessment roll, or, if not shown, then to such person so paying the taxes, directed generally to the municipality in which the improvement is proposed to be made.

The notice shall state the amount assessed to the person to whom it is directed for the improvement proposed, the total amount of the cost of the improvement, and the total amount assessed as benefits upon the public.

Where the improvement is to be constructed with aid furnished by any agency of the Federal Government, or other governmental agency, the notice shall set forth, in dollars and cents, the estimated amount of aid to be so furnished.

An affidavit shall be filed before the final hearing showing a compliance with the requirements of this section, and also showing that the affiant, either the officer making the specified return, or some one acting under his direction, made a careful examination of the collector's books showing the payments of general taxes during the last preceding year in which the taxes were paid thereon, to ascertain the person who last paid the taxes on the respective parcels, and a diligent search for his residence, and that the report correctly states the persons and residences as ascertained by the affiant. This report and affidavit shall be conclusive evidence, for the purpose of this proceeding, of the correctness of the assessment roll in these particulars. In case the affidavit is found in any respect wilfully false, the person making it is guilty of perjury, and upon conviction thereof shall be punished according to the laws of this State.

HISTORY:
P.A. 85-1252; 88-670, § 3-28.

65 ILCS 5/9-2-48 [Assessments; installments; pedestrian mall and parking facilities]

The corporate authorities may provide in the ordinance for any local improvement, any portion of the cost of which is to be defrayed by special assessment or special taxation, or by ordinance passed at any time before the confirmation of the assessment roll, that the aggregate amount assessed, and each individual assessment, and also the assessment against the municipality on account of property owned by the municipality and for public benefits be divided into installments not more than 10 in number. However, any such special assessment or special tax levy for building sewers or viaducts or for the acquisition, construction, and operation or maintenance of a pedestrian mall and parking facilities for a commercial or shopping center, notwithstanding the provisions of Division 71 of Article 11 of the "Illinois Municipal Code", approved May 29, 1961, as amended [65 ILCS 5/11-71-1 et seq.], provided that the owners of a majority of the property abutting on any street, alley, park or public place or portion thereof within such commercial or shopping center area shall consent to such assessment and further provided that no such assessment as above authorized shall be made against a property used wholly for residential purposes, in like manner may be divided into not exceeding 20 installments, and any such special assessment or special tax levy for building subways may in like manner be divided into not exceeding 40 installments. In all cases such a division shall be made so that all installments shall be equal in amount, except that all fractional amounts shall be added to the first installment, so as to leave the remaining installments of the aggregate equal in amount and each a multiple of $100. The first installment shall be due and payable on January 2 next after the date of the first voucher issued on account of work done, and the second installment one year thereafter, and so on annually until all installments are paid. The board of local improvements shall file in the office of the clerk of the court in which such an assessment was confirmed, a certificate signed by its secretary, of the date of the first voucher and of the amount thereof, within 30 days after the issuance thereof.

All installments shall bear interest as hereinafter provided until paid, at the rate set forth in the ordinance referred to in Section 9-2-10 of the Illinois Municipal Code [65 ILCS 5/9-2-10] and not to exceed the greater of (i) 9% annually or 70% of the Prime Commercial Rate in effect at the time of the passage of such ordinance or (ii) the maximum rate authorized by the Bond Authorization Act [30 ILCS 305/0.01 et seq.], as amended at the time of the making of the contract. Interest on assessments shall begin to run from 60 days after the date of the first voucher issued on account of work done, except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113]. The interest on each installment shall be payable as follows: on January 2 next succeeding the date of the first voucher as certified, the interest accrued up to that time on all unpaid installments shall be due and payable and be collected with the installment, and thereafter the interest on all unpaid installments then payable, shall be payable annually and be due and payable at the same time as the installments maturing in that year and be collected therewith. In all cases the municipal collector, whenever payment is made of any installment, shall collect interest thereon up to the date of such payment whether the payment be made at or after maturity. Any person

may at any time pay the whole assessment against any lot, piece, or parcel of land, or any installment thereof with interest as provided in this Division 2 up to the date of payment. Whenever any municipality heretofore has levied for any public improvement a special tax or a special assessment payable in not to exceed 10 installments of which all except the first draw interest at any rate specified in the ordinance under the authority of which the improvement is made, and judgment has been duly entered in the proceeding confirming the tax or the assessment so payable, the judgment in that proceeding shall not be invalid because the assessment is so divided or because the rate of interest therein is fixed at an interest rate of less than that set forth in said ordinance, but all such judgments, unless void for other reasons, shall be valid and enforceable. And when improvement bonds have been issued for the purpose of anticipating the collection of the deferred installments of any such special tax or assessment, the bonds, if otherwise valid, shall not be void either because of the number of series into which they are divided or the rate of interest they bear. If the bonds are in other respects in compliance with the statutes of the State of Illinois in such cases, they shall be valid and enforceable to the extent that the tax or assessment against which they are levied is enforceable or any re-levy thereof.

The cost of operating and maintaining any pedestrian mall and parking facilities for a commercial or shopping center as provided for herein may be assessed not more than once in each calendar year against all property in a benefited area.

Any municipality which has provided or does provide for the creation of a plan commission under Division 12 of Article 11 [65 ILCS 5/11-12-1 et seq.] shall submit to and receive the approval of the plan commission before establishing, maintaining or operating any such pedestrian mall and parking facilities for a commercial or shopping center.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

This amendatory Act of 1971 is not a limit upon any municipality which is a home rule unit.

This amendatory Act of 1972 is not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 86-4.

65 ILCS 5/9-2-48(1) [Pedestrian mall and parking facilities]

In addition to any other powers or procedures for the making of a local improvement by special tax or assessment, when a pedestrian mall and parking facilities improvement is proposed or made under Section 9-2-48 [65 ILCS 5/9-2-48], the corporate authorities may provide in the original ordinance for the improvement, or in a separate ordinance, that the costs and expenses of maintenance and operation thereof as provided in this Section shall be paid for by an annual assessment, upon the commercial or business property within the district of the improvement, which improvement district is primarily benefited by the provision for such costs and expenses which are necessary, convenient and desirable for the protection and preservation of the capital improvement so made and the operation, upkeep, repairs, replacement and/or maintenance of the said improvement and its component parts, fixtures, equipment or facilities. When an ordinance is so enacted, the annual assessment so provided for by such ordinance may be made under and in accordance with the provisions of this Section.

(a) The annual assessment hereunder shall be made each year for a period of consecutive years not exceeding the number of years over which the cost for the making of the improvement has been spread, provided, however, that by consent of the owners of 66 ⅔% of the frontage of private property within the district, the annual assessment can be continued for additional periods of years.

The annual assessments hereunder shall be due and payable on January 2nd next after the date of confirmation of each annual assessment.

(b) Upon the completion of the pedestrian mall or parking facility, the court in which the special assessment or tax for the making of the improvement was confirmed shall upon the application of the municipality or any assessee within the district, appoint a board of commissioners consisting of 5 members, at least 3 of whom shall be owners or lessees (or their duly authorized representatives) of property within the district. The board of commissioners shall determine and estimate the amount of the costs and expenses of the improvement for the year as provided in this Section, and shall file a report of said expenses and an assessment roll signed and certified to by the chairman of the board, spreading the total annual cost over the property of the district proportionate to the assessed valuation of said property for general real estate tax purposes. Notice of the filing of said report and assessment shall be given to the assessee of taxes for said property and a date for filing and hearing objections, if any, thereto shall be set. The court shall hear and determine objections and shall have full and complete power to revise, confirm, modify, amend or recast the said roll to comply with

the provisions of this Section, including the power to revise individual assessments wherein the assessment as levied in accordance with this Section exceeds the benefit to the property or constitutes more than a proportionate share of the total annual assessment. Upon confirmation of the roll and the annual assessment, a warrant to collect the assessment shall issue by the County Clerk. The assessment hereunder shall have the same force and effect as other assessments under Article 9 Division 2 [65 ILCS 5/9-2-1 et seq.] and shall be otherwise governed thereby except as provided otherwise herein. The annual assessments collected hereunder shall be paid over to the board of commissioners who shall apply same in discharge of the actual cost and expenses provided for herein as incurred during the course of said year. Any surplus in the estimated amount collected over the actual costs or expense of the year shall be credited on the next year's estimate and any deficiency shall be included as a permitted item of cost or expense to be defrayed by the assessment for the following year. In the event there is any surplus of assessments collected in the last year of collections, the same shall be rebated in proportion to the assessments for that year, and in the event there is any deficiency in collections of the last year, a final winding-up assessment to satisfy said deficit shall be made for the year following the said last year of assessment hereunder.

(c) The items of cost and expense which may be included in the estimate and for which an annual assessment may be levied hereunder are as follows:

1. The cost of repairs, upkeep and maintenance of any or all fixtures, equipment or facilities which comprised the improvement as originally made or any replacements thereof.

2. The costs of repairs, upkeep and maintenance of any common areas within the improvement as originally made.

3. The costs of any additions to or modifications of the improvement as originally made, any new or additional fixtures, equipment, facilities or service which is or are determined to be essential to public health, safety or welfare and to the protection and preservation of the improvement and the operation thereof.

4. A reserve for contingencies in the item of costs and expense estimated, not to exceed 10% of the total of such costs for the year in question.

5. A reserve to defray interest on funds borrowed or vouchers issued in anticipation of collection of annual installments.

6. Any deficiencies in collection over the actual costs and expense of the preceding year.

7. The costs and expenses of management employees and facilities, of making and levying the assessments and letting and executing contracts, of necessary estimates, examinations, advertisements and the like, including any court costs and fees, and for reimbursement of the expenses incurred by the commissioners in performing their duties hereunder.

(d) The commissioners to be appointed hereunder shall receive no compensation for services and shall serve for a term of 5, 4, 3, 2 and 1 year from the date of appointment and the term shall be selected by lot at the first meeting of the board after appointment by the court. The court shall thereafter appoint commissioners for 5 year terms upon termination of each term and shall appoint successors in the event of vacancy. Any commissioner shall be eligible to succeed himself.

(e) The board of commissioners shall have authority:

(1) To issue vouchers in anticipation of the collections of the annual assessments, in payment for the costs and expenses of maintenance and operation provided for hereunder and such vouchers shall be payable from the annual assessments when collected and shall bear interest at a rate set by the board, not to exceed the greater of 9% or 70% of the Prime Commercial Rate in effect at the time of the passage of the ordinance referred to in Section 9-2-10 of the Illinois Municipal Code [65 ILCS 5/9-2-10].

(2) To borrow funds for working capital in anticipation of collection of annual assessments at a rate of interest not to exceed the greater of (i) 9% annually or 70% of the Prime Commercial Rate in effect at the time of the passage of the ordinance referred to in Section 9-2-10 of the Illinois Municipal Code or (ii) the maximum rate authorized by the Bond Authorization Act [30 ILCS 305/0.01 et seq.], as amended at the time of the making of the contract.

(3) To enter into agreements with the municipality relative to the payment of that portion of the costs of maintenance and operation provided for herein, which reflects the general public benefit derived from the protection and preservation of the pedestrian mall or parking facility improvement. In such agreements, the board shall have authority to accept the fair and reasonable value of service provided by the municipality in full or partial satisfaction of the public benefit portion of said costs.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

P.A. 86-4.

65 ILCS 5/9-2-49 [Local improvement ordinance; construction, taking or damage; assessment installments]

Whenever an ordinance provides for the making of a local improvement which comprises either the construction of an improvement or the taking or damaging of property therefor, or both such construction and taking or damaging, and proceedings are instituted prior to, on or after January 1, 1942, for the confirmation of a special assessment or a special tax to defray the whole or any portion of the cost of any such improvement, including the cost of the construction thereof and the compensation for the taking or damaging of property therefor, or including only the cost of taking or damaging of property therefor, and including in each such proceeding the cost of making and collecting the special assessment or special tax (in the case of such municipalities as may lawfully include that cost in special assessment or special tax proceedings), the corporate authorities may provide by the ordinance for any such local improvement, or if proceedings authorized by any such ordinance have been filed in court, then by an ordinance passed at any time before the confirmation of the assessment roll filed in any such proceeding, that the aggregate amount assessed to defray the cost of the improvement, including the cost of the construction thereof and the compensation for the taking or damaging of property therefor or including only the cost of taking or damaging property therefor, and each individual assessment and also the assessment against the municipality on account of property owned by the municipality and for public benefits, be divided into not more than 20 installments. Such installments shall be equal in amount and each a multiple of $100, except that any fractional amounts of the aggregate assessment, after division as aforesaid, shall be apportioned to the first installment. However, if it is so provided by ordinance passed at any time before the confirmation of the assessment roll, so much of the aggregate amount assessed as represents the cost of the construction of the improvement shall be divided into as many parts as there are installments, which parts shall be equal in amount and each a multiple of $100, except that any fractional amounts of the cost of construction after division as aforesaid shall be apportioned to the first installment, and so much of the aggregate amount assessed as represents the compensation for property to be taken or damaged, together with the cost of making and collecting the special assessment or special tax (in the case of such municipalities as may lawfully include that cost in special assessment or special tax proceedings) shall be apportioned to the first installment of the special assessment or special tax.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-50 [Assessment roll; judgment; warrant]

Within 30 days after the entry of confirmation of the assessment roll in such a proceeding described in Section 9-2-49 [65 ILCS 5/9-2-49], the clerk of the court in which the judgment is rendered shall certify the assessment roll and judgment to the officer of the municipality authorized to collect the special assessment or tax. If, however, there has been an appeal taken on any part of the judgment, then the designated clerk shall certify such part of the judgment as is not included in that appeal and this certification shall be filed by the officer receiving it, in his office. With the assessment roll and judgment, the clerk of the specified court shall also issue and deliver a warrant for the collection of the assessment or tax. Upon the delivery of this warrant to the designated collecting officer, the first installment of such assessment or tax shall be immediately due and payable. The second installment of the assessment or tax shall be due and payable on the second day of January next after the date of the first voucher issued on account of work done, if the uncollected portion of the first installment has been returned delinquent to the authorized county officer as provided in this article, but if the same has not been so returned delinquent, then the second installment shall be due and payable one year after that second day of January. The third and subsequent installments shall be due and payable respectively at successive annual periods after the second installment becomes due and payable. The amount awarded to any person for property taken or damaged may be applied, at the option of the owner of that property, as an offset to the amount of benefits assessed in the first and succeeding installments against any property owned by that person and assessed in that proceeding.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-51 [Installments; interest rate]

All installments established pursuant to Section 9-2-50 [65 ILCS 5/9-2-50] shall bear in Section 9-2-10 of the Illinois Municipal Code [65 ILCS 5/9-2-10] and not more than the greater of (i) 9% annually or 70% of the Prime Commercial Rate in effect at the time of the passage of such ordinance, or (ii) the maximum rate authorized by the Bond Authorization Act [30 ILCS 305/0.01 et seq.], as amended at the time of the making of the contract, payable annually, and such interest shall begin to run from 60 days after the date when the first installment becomes due and payable. Interest on the first installment, if any, shall be due and payable and shall be collected at the same time as the first installment. Interest on the second and subsequent installments, if any, shall be due and payable and shall be collected with the installments respectively, as provided in this Division 2. Bonds to anticipate the collection of the installments of the

assessment provided for in this Section may be issued after the entry of confirmation in any such proceeding, and such bonds shall draw interest from the date of issuing the same at the rate specified in said ordinance referred to in Section 9-2-10 and of not more than the rate the installments of the assessment against which the bonds are being issued bear, payable annually, and shall otherwise conform to the provisions of Section 9-2-119 or Sections 9-2-127 through 9-2-129 [65 ILCS 5/9-2-119 or 65 ILCS 5/9-2-127 through 15 ILCS 5/9-2-129].

The special assessment or special tax described in Section 9-2-49 [65 ILCS 5/9-2-49] shall be collected in the manner prescribed in this Division 2 for other special assessments and special taxes, except that the collection of the first installment of such special assessment or special tax, or any part thereof, may be enforced if necessary by the sale of the property against which the same is levied, notwithstanding that the improvement for which the same is levied may not have been completed.

The proceedings provided for in this Section also shall be governed by the other Sections of this Division 2 so far as they are applicable thereto, and not inconsistent with the provisions of this Section.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts [5 ILCS 70/8] are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

This amendatory Act of 1971 is not a limit upon any municipality which is a home rule unit.

This amendatory Act of 1972 is not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 86-4.

65 ILCS 5/9-2-52 [Pay off of bonds]

Whenever sufficient funds are on hand, the corporate authorities of the municipality issuing improvement bonds shall direct the treasurer, or such other officer as may be designated by ordinance for that purpose, to select by lot, bonds of series to be paid, or the corporate authorities shall direct the treasurer or the other officer so designated to make a pro rata payment on all unpaid bonds in the series. The treasurer or other officer so designated shall send notice by registered mail to the address of the known owner of each of the designated bonds as set out in the treasurer's records, specifying a day not less than 30 days after the date of the notice, upon which the designated bonds will be paid either in full or in part, as the case may be, at his office. He shall also supplement this notice by publishing a notice of the number of bonds to be so paid, not less than 15 days prior to the day set for payment, in one or more newspapers published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality, the series thereof, the assessment to which they relate and the particular bonds so selected to be paid if payment is to be made in full or in case a pro rata payment is to be made, naming the particular series upon which the partial payment is to be made, and that the same will be paid at a place to be specified.

Thereupon from the specified date of payment these bonds shall be payable on demand either in full or in part, as the case may be, at the place so appointed. No further interest shall accrue on the bonds selected to be paid in full or on that portion of the principal on bonds to be paid in part. However, in municipalities, having a population of 100,000 or more, the selection by lot and the mailing and publishing of notice may be omitted if bonds or vouchers in any series having sufficient funds on hand are presented for payment. In this latter case the bonds so presented may be paid in full, both as to principal and interest, in their order of presentation, within the limits of the funds available.

The provisions of this section shall apply to all proceedings now pending, proceedings in which judgment has been entered, and all future proceedings, except that the provisions of this section shall not apply to bonds issued under Section 9-2-127 [65 ILCS 5/9-2-127].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-53 [Special assessment notice]

Petitioner, in addition to other notices hereinbefore provided for, shall publish a notice at least twice, not more than 30 nor less than 15 days in advance of the time at which confirmation of the specified assessment is to be sought, in one or more newspapers published in the municipality or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may be made by posting a notice in 3 prominent places within the municipality. The notice shall be over the name of the officer levying the assessment, and shall be substantially as follows:

"SPECIAL ASSESSMENT NOTICE"

"Notice is hereby given to all persons interested that the city council (or board of trustees, or other corporate authority, as the case may be) of ..... having ordered that (here insert a brief description of the nature of the improvement), the ordinance for the improvement being on file in the office of the ..... clerk, having applied to the ..... court of ..... county for an assessment of the costs of the improvement, according to benefits, and an assessment therefor having been made and returned to that court, the final hearing thereon will be had on (insert date), or as soon thereafter as the business of the court will permit. All persons desiring may file objections in that court before that day and may appear on the hearing and make their defense."

(Here give date.) .....

Where the assessment is payable in installments, the number of installments and the rate of interest also shall be stated.

HISTORY:
Laws 1961, p. 576; P.A. 91-357, § 75.

65 ILCS 5/9-2-54 [Objections; time for filing]

If 15 days have not elapsed between the first publication or the putting up of such notice, and the day fixed in the notice for filing objections, the cause shall be continued for 15 days, and the time for filing objections shall be correspondingly extended.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-55 [Standing to file objections]

Any person interested in any real estate to be affected by an assessment, may appear and file objections to the report, by the time mentioned in the specified notice, or in case of incomplete notice then as specified in the last preceding section, or within such further time as the court may allow.

As to all lots, blocks, tracts, and parcels of land, to the assessment of which objections are not filed within the specified time, or such other time as may be ordered by the court, default may be entered, and the assessment may be confirmed by the court, notwithstanding the fact that objections may be pending and undisposed of as to other property.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-56 [Revision or correction of assessment by court]

Upon objections or motion for that purpose, the court in which the specified proceeding is pending may inquire in a summary way whether the officer making the report has omitted any property benefited and whether or not the assessment, as made and returned, is an equitable and just distribution of the cost of the improvement, first, between the public and the property, and second, among the parcels of property assessed. The court has the power, on such application being made, to revise and correct the assessments levied, to change or modify the distribution of the total cost between the public and property benefited, to change the manner of distribution among the parcels of private property, and to strike out of the roll of awards by the commissioners filed in the case the amount or amounts shown as compensation for property which property has been theretofore donated by any person or persons for the making of the proposed improvement, so as to produce a just and equitable assessment, considering the nature of the property assessed, and its capacity for immediate use of the improvement when completed.

The court may either make such corrections or changes, or determine in general the manner in which the corrections or changes shall be made, and refer the assessment roll to any competent person for revision, correction or alteration in such manner as the court may determine. The determination of the court as to the correctness of the distribution of the cost of the improvement between the public and the property to be assessed, is appealable as in other civil cases.

HISTORY:
Laws 1967, p. 3762.

65 ILCS 5/9-2-57 [Objections; set down; exemptions]

On the application of the petitioner, at any time after the return day, the court may set down all objections, except the objection that the property of the objector will not be benefited to the amount assessed against it, and that it is assessed more than its proportionate share of the cost of the improvement, for a hearing at a time to be fixed by the court. Upon this hearing the court shall determine all questions relating to the sufficiency of the proceedings, the distribution of the cost of the improvement between the public and the property, and of the benefits between the different parcels of property assessed, together with all other questions arising in that proceeding, with the exception specified, and shall thereupon enter an order in accordance with the conclusions it reaches. But this order shall not be a final disposition of any of those questions for the purpose of appeal, unless the objectors waive further controversy as to the remaining question upon the record.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-58 [Issue of whether property will be benefited by amount assessed; jury]

If it is objected on the part of any property assessed for such an improvement, that it will not be benefited

thereby to the amount assessed thereon, and that it is assessed more than its proportionate share of the cost of the improvement, and a jury is not waived by agreement of parties, the court shall impanel a jury to try that issue. In that case, unless otherwise ordered by the court, all such objections shall be tried and disposed of before a single jury. The assessment roll, as returned by the officer who made it, or as revised and corrected by the court on the hearing of the legal objections, shall be prima facie evidence of the correctness of the amount assessed against each objecting owner but shall not be counted as the testimony of any witness or witnesses in the cause. That assessment roll may be submitted to the jury and may be taken into the jury room by the jury when it retires to deliberate on its verdict. Either party may introduce such other evidence as may bear upon that issue or issues. The hearing shall be conducted as in other civil cases. If it appears that the property of any objector is assessed more than it will be benefited by the specified improvement, or more than its proportionate share of the cost of the improvement, the jury shall so find, and it shall also find the amount for which that property ought to be assessed, and judgment shall be rendered accordingly.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-59 [Deficiency created by reduction or cancellation]

Wherever, on a hearing by the court, or before a jury, the amount of any assessment is reduced or cancelled, so that there is a deficiency in the total amount remaining assessed in the proceeding, the court may, in the same proceeding, distribute this deficiency upon the other property in the district assessed, in such manner as the court finds just and equitable, not exceeding, however, the amount such property will be benefited by the specified improvement.

In case any portion of this deficiency is charged against such property not represented in court, a new notice, of the same nature as the original notice, shall be given in like manner as the original notice, to show the cause why the assessment, as thus increased, should not be confirmed. The owners of or parties interested in such property have the right to object in the same form and with the same effect as in case of the original assessment, and the court has the same power to dispose thereof.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-60 [Hearings; precedence]

The hearing in all the cases arising under this Division 2 shall have precedence over all other cases in any court, where they are brought, except criminal cases, or other cases in which the public is a moving party.

HISTORY:
Laws 1967, p. 3740.

65 ILCS 5/9-2-61 [Assessment; court's authority to modify]

The court before which any such proceedings may be pending may modify, alter, change, annul, or confirm any assessment returned as specified, in addition to the authority already conferred upon it, and may take all such proceedings, and make all such orders, as may be necessary to the improvement, according to the principles of this article, and may from time to time, as may be necessary, continue the application for that purpose, as to the whole or any part of the premises.

After an ordinance for any local improvement has been filed in court, and after the report and assessment roll relating thereto has been filed, but before the court has entered its final judgment thereupon, the corporate authorities may petition the court for the abandonment of any portion of the proposed improvement. Such petition shall be supported by a recommendation of the board of local improvements and an ordinance adopted by the corporate authorities pursuant to Section 9-2-6 hereof, as amended by this amendatory act of 1963 [65 ILCS 5/9-2-6]. Upon the filing of such petition, the court may order the adjustment of the assessment roll according to the changes requested in the petition.

HISTORY:
Laws 1963, p. 2424.

65 ILCS 5/9-2-62 [Land must be acquired before levy]

No special assessment or special tax shall be levied for any local improvement until the land necessary therefor has been acquired and is in possession of the municipality, except in cases where proceedings to acquire such land have begun and have proceeded to judgment.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-63 [Similar improvement previously made]

It is no objection to the legality of any local improvement that a similar improvement has been previously made in the same locality, if the ordinance therefor is recommended by the board of local improvements, as above provided. But nothing contained in this Division 2 shall interfere with any defense in this proceeding relating to the benefits received therefrom.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-64 [Installments; order of confirmation]

In case of a special assessment or a special tax levied to be paid by installments, under the provisions of this Division 2, the order of confirmation that is entered upon the return of the assessment roll shall apply to all of the installments thereof, and may be entered in one order.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-65 Judgment for special tax or assessment

Judgment for special tax or assessment. The judgments of the court shall be final as to all the issues involved, and the proceedings in the specified cause shall be subject to review by appeal as hereinafter provided, and not otherwise. By mutual consent, however, a judgment may be vacated or modified notwithstanding the expiration of 30 days from the rendition of the judgment, except as hereinafter provided.

The judgment shall have the effect of several judgments as to each tract or parcel of land assessed, and no appeal from any judgment shall invalidate or delay the judgments, except as to the property concerning which the appeal is taken.

The judgment shall be a lien on behalf of the municipality making an improvement, for the payment of which the special tax or special assessment is levied, on the property assessed from the date upon which a certified copy of the judgment and assessment roll is recorded in the office of the recorder of each county in which any part of the property is located, to the same extent and of equal force and validity as a lien for the general taxes until the judgment is paid or the property against which the judgment is entered is sold to pay the judgment, if the judgment is recorded within 60 days from the date the assessment roll is confirmed. A judgment recorded beyond the 60 days is not a valid lien against the property. This 60 day recording requirement does not apply to judgments entered before September 23, 1991.

When the judgment against any property has been fully paid, the corporate authorities of the municipality shall execute and record, in the recorder's office of the county in which the land is located, a release of the lien of the judgment so paid, and shall deliver a copy of the release to the owner of the property.

Nothing in this Section shall interfere with the right of the petitioner to dismiss its proceedings, and for that purpose to vacate a judgment at its election at any time before commencing the actual collection of the assessment. The court in which the judgment is rendered shall enter an order vacating or annulling the judgment of confirmation on motion of petitioner entered at any time after the expiration of 30 days from the rendition of that judgment or confirmation upon a showing by petitioner that no contract was let or entered into for the making of the specified improvement within the time fixed by law for the letting of the contract, that the making of the improvement under the original proceeding was never commenced, or that the making of the improvement under the prior proceedings was abandoned by petitioner. No judgment entered in a proceeding so dismissed and vacated shall be a bar to another like or different improvement. After the contract for the work has been entered into, or the improvement bonds have been issued, however, no judgment shall be vacated or modified or any petition dismissed after the expiration of 30 days from the rendition of the judgment, and the collection of the assessment shall not be in any way stayed or delayed by the corporate authorities, board of local improvements, or any officer of the municipality without the consent of the contractor and bondholder.

Subject to Sections 9-2-66 through 9-2-71 [65 ILCS 5/9-2-66 through 65 ILCS 5/9-2-71], the municipality or its assignee may file a complaint to foreclose the lien in the same manner that foreclosures are permitted by law in case of delinquent general taxes. No forfeiture of the property, however, shall be required as a prerequisite to foreclosure.

HISTORY:
P.A. 87-728; 87-895.

65 ILCS 5/9-2-66 [Petition to sell and assign special assessment liens]

A municipality may file a petition in the circuit court praying for the entry of an order authorizing the municipality to sell and assign special assessment liens. Any number of properties and special assessment liens may be included in a petition. Notice of the filing of the petition and notice of the time and place of hearing on the petition shall be given by the municipality to "Owners of the lots or tracts of land on which such special assessments are liens" and to "Owners and holders of special assessment bonds and vouchers" by publication in conformity with the provisions of "An Act to Revise the Law in Relation to Notices", approved February 13, 1874, as heretofore and hereafter amended [715 ILCS 5/0.01 et seq.]. The municipality shall also, within 10 days of the first publication of the notice, send a copy thereof by mail addressed to each known owner and holder of special assessment bonds and vouchers whose addresses are shown on the books and records of the municipality. The municipality shall also, within 10 days of the first publication of the notice, send a copy thereof by mail addressed to each owner of lots or tracts of land on which the special assessment is a lien and to a representative number of owners of lots or tracts of land on which the special assessments have been paid, whose names and addresses appear in the owner's column on the county collector's warrant for general taxes for the year preceding the filing of the petition. A certificate of the

collector of special assessments of the municipality that he has sent copies in pursuance of this section is evidence that he has done so. Except as otherwise provided in this section and Sections 9-2-67 through 9-2-71 [65 ILCS 5/9-2-67 through 65 ILCS 5/9-2-71], the practice and procedure shall be the same as in other civil cases.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-67 [Petition; contents; hearing]

The petition to sell and assign special assessment liens shall allege that the special assessments are past due and unpaid, the total amounts owing on each lot or tract of land, and that it is in the best interest of the municipality and the owners of the special assessment bonds and vouchers that the municipality be authorized to sell and assign the special assessment liens.

The court shall hear the proceeding in a summary manner and there shall be no hearing on benefits or on any legal objections arising prior to the order or orders of confirmation of the special assessments. The Court on such petition may enter an order authorizing the sale and assignment of all or a part of the special assessment liens set forth in the petition. The court in such order shall determine and find the amount of the special assessment liens on each lot or tract of land on which it authorizes the liens to be sold.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-68 [Sale of special assessment lien or liens]

Pursuant to authorization by order of court, the municipality may at public sale, after first giving notice by publication of the time and place of sale in conformity with the provisions of "An Act to Revise the Law in Relation to Notices", approved February 13, 1874, as heretofore and hereafter amended [715 ILCS 5/0.01 et seq.] sell the special assessment lien or liens.

The special assessment liens shall be sold in the manner in which they are assessed. The municipality shall file a report of sale in the circuit court within 30 days of the date of sale of the lien on each tract or lot and pray for an order of court confirming the sale. Upon confirmation, the collector of special assessments of the municipality shall issue to the purchaser a certificate of sale and assignment by the municipality of the lien. Such certificate shall be countersigned by the county clerk. Each certificate of sale shall state the amount of the sale and the amount of the lien as determined by the court. Appropriate notations of the sale and assignment of special assessment liens shall be made on the public records of the municipality and the county by the official custodians thereof.

The county clerk shall prepare and keep a record in his office which shall be known as the "special assessment sale, assignment and redemption record", in which shall be entered all sales and assignments of special assessment liens, the amount of the liens as determined by order of court, payments made by the owners of lots or tracts of land to the county clerk under the provisions of this Division 2 and redemptions. No sale and assignment or cancellation of the special assessment lien or redemption shall be valid unless and until the sale and assignment, cancellation or redemption is entered on the records of the county clerk. The county clerk shall be entitled to a fee of $1 for each lot or tract of land for entering a sale and assignment on his record, which fee shall be included as costs in case of redemption or foreclosure.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-69 [Redemption of special assessment liens]

Redemption of special assessment liens may be made prior to the entry of a foreclosure judgment by payment to the county clerk of the amount of the lien as determined by order of court, together with interest thereon at the rate of 12% for each 6 months or portion thereof intervening between the time of sale and the time of redemption. Redemptions made after foreclosure judgment and sale shall be the same as provided for in Section 21-75 of the Property Tax Code [35 ILCS 200/21-75].

The county clerk shall be entitled to the same fees for issuing estimates of the cost of redemption, issuing certificates of cancellation, certificates of redemption and cancelling sales of special assessment liens as he is presently entitled to by law in regard to tax sales.

HISTORY:
P.A. 79-1361; 88-670, § 3-28.

65 ILCS 5/9-2-70 [Assignee of special assessment lien; foreclosure]

The assignee of a special assessment lien may, not later than 5 years after the date of the sale and assignment of the special assessment lien by the municipality, file a complaint to foreclose the lien. The lien of a special assessment which has been assigned and any right of action to foreclose the same shall not expire during the pendency of a proceeding to foreclose the lien commenced within 5 years from the date of the sale and assignment of the lien by the municipality. If no action is commenced within 5 years from the date the lien is assigned by the municipality, the lien and all right of action to enforce the same shall expire and cease to exist.

The assignee of a special assessment lien sold or assigned on or prior to December 31, 1957 may, not later than 5 years after the effective date of this amendatory Act of 1975, file a complaint to foreclose

the lien. The lien of a special assessment which has been assigned and any right of action to foreclose the same shall not expire during the pendency of a proceeding to foreclose the lien commenced within 5 years after the effective date of this amendatory Act of 1975. If no action is commenced within 5 years, the lien and all right of action to enforce the same shall expire and cease to exist.

HISTORY:
P.A. 79-198.

65 ILCS 5/9-2-71 [Cost and expense of sale and assignment]

The cost and expense attending the sale and assignment of a special assessment lien by a municipality, not exceeding 10% of the amount of the lien, shall be assessed as costs and shall be paid by the assignee. However, no lien created after September 1, 1949 shall be sold or assigned by a municipality as long as any obligation of any kind secured by such lien remains outstanding and unpaid.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-72 [New assessment or tax for one annulled, declared invalid or void]

If any special assessment or special tax before January 1, 1942 has been, or on or after January 1, 1942, is annulled by the corporate authorities, or set aside by any court or declared invalid or void for any reason whatsoever, a new assessment or tax may be made and returned and like notice shall be given and proceedings had as required in this Division 2 in relation to the first. If any local improvement before January 1, 1942 has been, or on or after January 1, 1942, is constructed under the direction of the board of local improvements and has been or is accepted by that board, and the special assessment or special tax levied or attempted to be levied to pay for the cost of such an improvement has been or is so annulled, set aside, or declared invalid or void, then a new special assessment or special tax may be made and returned to pay for the cost of the improvement so constructed, or to pay for the cost of such part thereof as the corporate authorities might lawfully have authorized to be constructed and paid for by special assessment or special tax. All parties in interest shall have like rights, and the corporate authorities and the court shall perform like duties and have like power in relation to any subsequent assessment or tax as are provided in relation to the first.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-73 [No special assessment or special tax invalid because of work done; valid objection]

No special assessment or special tax shall be held invalid because levied for work already done, if it appears that the work was done under a contract which has been duly let and entered into pursuant to an ordinance providing that such an improvement should be constructed and paid for by special assessment or special tax, and that the work was done under the direction of the board of local improvements and has been accepted by that board. It shall not be a valid objection to the confirmation of this new assessment that the original ordinance has been declared invalid or that the improvement as actually constructed does not conform to the description thereof as set forth in the original special assessment ordinance, if the improvement so constructed is accepted by the board of local improvements. The provisions of this section shall apply whenever the prior ordinance is held insufficient or otherwise defective, invalid, or void, so that the collection of the special assessment or special tax therein provided for becomes impossible. In every such case, when such an improvement has been so constructed and accepted, and the proceedings for the confirmation and collection of the special assessment or special tax are thus rendered unavailing, the corporate authorities shall pass a new ordinance for the making and collection of a new special assessment or special tax, and this new ordinance need not be presented by the board of local improvements.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-74 [First assessment insufficient]

At any time after the bids have been received pursuant to the provisions of this Division 2, if it appears to the satisfaction of the board of local improvements that the first assessment is insufficient to pay the contract price or the bonds or vouchers issued or to be issued in payment of the contract price, together with the amount required to pay the accruing interest thereon, the board shall make and file an estimate of the amount of the deficiency. Thereupon a second or supplemental assessment for the estimated deficiency of the cost of the work and interest may be made in the same manner as nearly as may be as in the first assessment, and so on until sufficient money has been realized to pay for the improvement and the interest. It shall be on objection to the supplemental assessment that the prior assessment has been levied, adjudicated, and collected unless it appears that in that prior cause upon proper issue made, it was specially found in terms, that the property objected for would be benefited by the improvement no more than the amount assessed against it in that prior proceedings [sic].

If too large a sum is raised at any time, the excess shall be refunded ratably to those against whom the assessment was made.

But if the estimated deficiency exceeds 10% of the original estimate, no contract shall be awarded until a public hearing has been held on the supplemental

proceeding in like manner as in the original proceedings. No more than one supplemental assessment shall be levied to meet any deficiency where the deficiency is caused by the original estimate made by the engineer being insufficient.

Where the improvement is to be constructed with the aid and assistance of any federal agency or other governmental agency after judgment of confirmation if there appears a deficiency in assessments levied in excess of 10% of the original estimate the municipality shall not proceed with the construction of the work until a new hearing has been held upon the levy of a special assessment to make up that deficiency.

However, the petitioner, in case it so elects, may dismiss the petition and vacate the judgment of confirmation at any time after the judgment of confirmation is rendered, and begin new proceedings for the same or a different improvement as provided in Section 9-2-65 [65 ILCS 5/9-2-65].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-75 [Failure to collect special assessment or tax]

If from any cause any municipality fails to collect the whole or any portion of any special assessment or special tax which may be levied, which is not canceled or set aside by the order of any court, for any public improvement authorized to be made and paid for by a special assessment or a special tax, the corporate authorities, at any time within 5 years after the confirmation of the original assessment, may direct a new assessment to be made upon the delinquent property for the amount of the deficiency and interest thereon from the date of the original assessment, which assessment shall be made, as nearly as may be, in the same manner as is prescribed in this Division 2 for the first assessment. In all cases where partial payments have been made on such former assessments, they shall be credited or allowed on the new assessment to the property for which they were made, so that the assessment shall be equal and impartial in its results. If this new assessment proves insufficient, either in whole or in part, the corporate authorities, at any time within the specified period of 5 years, may order a third to be levied, and so on in the same manner and for the same purpose. It shall constitute no legal objection to any new assessment that the property may have changed hands, or been encumbered subsequent to the date of the original assessment.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-76 [Certification of assessment roll and judgment; warrant; recall]

Within 30 days after the filing of the report of the amount and date of the first voucher issued on account of work done, as provided in Section 9-2-48 [65 ILCS 5/9-2-48], the clerk of the court in which such judgment is rendered shall certify the assessment roll and judgment to the officer of the municipality authorized to collect the special assessment, or, if there has been an appeal taken on any part of the judgment, he shall certify such part of the judgment as is not included in that appeal. This certification shall be filed by the officer receiving it in his office. With the assessment roll and judgment the clerk of the designated court shall also issue a warrant for the collection of the assessment. The court has the power to recall such warrants as to all or any of the property affected at any time before payment or sale, in case the proceedings are abandoned by the petitioner or the judgment is vacated or modified in a material respect as hereinbefore provided, but not otherwise. In case the assessment roll has been abated and the judgment reduced in accordance with the provisions of Section 9-2-114 [65 ILCS 5/9-2-114], the clerk of the designated court, within 30 days thereafter, shall certify the order of reduction or the roll as so reduced or re-cast, under the directions of the court, to the officer so authorized to collect the special assessment, and shall issue a warrant for the collection of the assessment as so reduced or re-cast.

HISTORY:
P.A. 76-1556.

65 ILCS 5/9-2-77 [Warrant; assessment against municipality]

Whenever any warrant is issued by the clerk of the court in which the judgment of confirmation is rendered, for the collection of any special assessment specified in Section 9-2-19 [65 ILCS 5/9-2-19], that warrant shall not authorize the collection of any assessment levied against the municipality for and on account of public benefits, but the clerk shall likewise certify the assessment roll and judgment to the clerk or comptroller, if any, of that municipality upon being requested so to do by that officer. The several and respective installments of the amounts that may be assessed against the municipality for and on account of public benefits and confirmed by the court, shall be paid out by the municipal treasurer out of any money arising from the collection of the direct annual tax provided for in Section 9-2-38 [65 ILCS 5/9-2-38] and out of any other money in his hands that may be used for that purpose whenever he is legally authorized so to do, by an ordinance of that municipality. Any such municipality may pay for any land to be taken or damaged in the making of any local improvement specified in Section 9-2-19, before any such assessment or any installment thereof becomes due, and when the same becomes due, the amount so paid shall be credited upon the assessment against the municipality so paying in advance. The provisions of this section shall not apply to any city having a population of 500,000 or more.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-78 [Certification of appealed portion]

If an appeal is taken on any part of such judgment, and if the board elects to proceed with the improvement, notwithstanding such an appeal, as provided for in Section 9-2-102 [65 ILCS 5/9-2-102], the clerk shall certify the appealed portion, from time to time, in the manner above mentioned, as the judgment is rendered thereon, and the warrant accompanying this certificate in each case shall be authority for the collection of so much of the assessment as is included in the portion of the roll thereto attached.

The warrant in all cases of assessment, under this Division 2, shall contain a copy of the certificate of the judgment describing lots, blocks, tracts, and parcels of land assessed so far as they are contained in the portion of the roll so certified, and shall state the respective amounts assessed on each lot, block, tract, or parcel of land, and shall be delivered to the officer authorized to collect the special assessment. The collector having a warrant for any assessment levied to be paid by installments may receive any or all of the installments of that assessment, but if he receives only a part of the installments, then he shall receive them in their numerical order.

HISTORY:
Laws 1961, p. 576; P.A. 90-655, § 56.

65 ILCS 5/9-2-79 [Special assessment notice]

The collector receiving such a warrant shall give notice thereof within 10 days by publishing a notice once each week for 2 successive weeks in one or more newspapers published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality. This notice may be substantially in the following form:

"SPECIAL ASSESSMENT NOTICE

Special Warrant, No. .....

Notice: Publication is hereby given that the (here insert title of court) has rendered judgment for a special assessment (or special tax) upon property benefited by the following improvement: (here describe the character and location of the improvement in general terms) as will more fully appear from the certified copy of the judgment on file in my office; that the warrant for the collection of this assessment (or special tax) is in my possession. All persons interested are hereby notified to call and pay the amount assessed at the collector's office (here insert location of office) within 30 days from the date hereof.

Dated (insert date).

.....
(Collector)."

When such an assessment or special tax is levied to be paid in installments, the notice shall contain also the amount of each installment, the rate of interest deferred installments bear, and the date when payable.

HISTORY:
Laws 1961, p. 576; P.A. 91-357, § 75.

65 ILCS 5/9-2-80 [Collector's duties; liability]

The collector, into whose possession the warrant comes, as far as practicable, shall call upon all persons, resident within the neighborhood, whose names appear upon the assessment roll, or the occupants of the property assessed, and personally, or by written or printed notices left at his or her usual place of abode or mailed to all persons whose names appear on the assessment roll, inform them of the special assessment, and request payment thereof. This notice shall be given by the collector within 10 days after his receipt of the warrant and shall indicate the date on or before which the assessment may be paid in whole or in part without interest. Under Section 9-2-48 [65 ILCS 5/9-2-48] interest on assessments shall begin to run from 60 days after the date of the first voucher issued on account of work done, except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113].

Any collector omitting to do so is liable to a penalty of $10 for every such omission, but the validity of the special assessment, or the right to apply for and obtain judgment thereon, is not affected by such an omission. It is the duty of such collector to write the word "paid" opposite each tract or lot on which the assessment is paid, together with the name and post office address of the person making the payment, and the date of payment.

HISTORY:
P.A. 87-532.

65 ILCS 5/9-2-81 [Cities with population of 1,000,000 or more; record on tax books]

In cities of this state having a population of 1,000,000 or more, when any officer is authorized to collect special assessments or special taxes, that officer, on or before March 10 each year, or if the general tax books have not been turned over to the county collector at that time then within 15 days after the county collector has received the general tax books, shall mark on the general tax books of the county collector, opposite the description of all lots, blocks, tracts, or parcels of land to be assessed, the number of the special assessment or special tax warrant. The county collector shall stamp or write in large letters on the face of all tax bills or receipts issued by him the number of the special assessment

or special tax warrant, and the words, "Special assessment due and payable."

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-82 [County with population of 1,000,000 or more; report by collector]

In counties having a population of 1,000,000 or more the collector shall, on or before the first day of August in each year, make a report in writing to the general officer of the county (in which the respective lots, tracts, and parcels of land are situated) authorized by the general revenue laws of this State to apply for judgment and sell land for taxes due the county and State, of all the land, town lots, and real property on which he has been unable to collect special assessments or special taxes, or installments thereof matured and payable, or interest thereon, or interest due to the preceding January 2 on installments not yet matured on all warrants in his possession, with the amount of those delinquent special assessments or special taxes or installments and interest together with his warrants; or, in case of an assessment levied to be paid by installments, with a brief description of the nature of the warrant or warrants received by him authorizing the collection thereof. This report shall be accompanied with the oath of the collector (1) that the list is a correct return and report of the land, town lots, and real property on which the special assessment or special tax (levied by the authority of the city or incorporated town or village of ..... as the case may be), or installments thereof, or interest, remains due and unpaid, (2) that he is unable to collect the same, or any part thereof, and (3) that he has given the notice required by law that the specified warrants have been received by him for collection.

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-83 [County with population less than 1,000,000; unpaid special assessment]

In counties having a population of less than 1,000,000, the general officer of the county having authority to receive State and county taxes shall, not later than August 15 each year, designate a day in the month of October upon which application will be made for judgment and order of sale for unpaid special assessments or installments thereof, and interest thereon, on delinquent land, town lots, and real property and also a Monday succeeding the date of that application, on which the land and lots for the sale of which an order is made will be exposed to public sale, and shall forthwith notify the collectors of all municipalities situated in whole or in part within the county of the dates so designated.

HISTORY:
P.A. 85-1137.

65 ILCS 5/9-2-84 [County with population less than 1,000,000; advertisement for return]

In counties having a population of less than 1,000,000, the collector of the municipality, at any time after August 15 in each year, shall publish an advertisement that a return will be made to the general officer of the county having authority to receive State and county taxes of all unpaid special assessments or installments thereof matured and payable, or interest thereon, or interest due to the preceding January 2 on installments not yet matured on all warrants in his hands. This advertisement (1) shall contain a list of the delinquent lands, town lots, and real property upon which the special assessment or installments thereof or interest thereon remain unpaid, the name of the person shown by the county collector's current warrant book to be the party in whose name the general real estate taxes were last assessed for each such property, the total amount due thereon, and the year for which the same are due; (2) shall give notice that the general officer of the county having authority to receive State and county taxes in the county in which those lands, town lots, or real property may be located, will make application on the day specified therein, for judgment against those lands, town lots, and real property for those special assessments, matured installments of special assessments, interest and costs due thereon, and for an order to sell those lands, town lots, and real property for the satisfaction thereof; and (3) shall give notice that on the Monday fixed by that general officer of the county for sale, all the lands, town lots, and real property, for the sale of which an order is made, will be exposed to public sale at the court house in that county for the amount of special assessments and matured installments of special assessments, interest and costs due thereon. The advertisement shall be sufficient notice of the intended application for judgment and of the sale of those lands, town lots, and real property under the order of the court.

Publication of the advertisement shall be made at least once not more than 30 nor less than 15 days in advance of the date upon which the judgment is to be sought. Such publication shall be made in one or more newspapers published in the municipality, or if no newspaper is published therein then in one or more newspapers with a general circulation in the municipality. In municipalities with less than 500 inhabitants, publication may instead be made by posting a notice in 3 prominent places within the municipality.

The municipal collector shall add to all special assessments and matured installments of special assessments and the interest thereon, when paid after August 15 in the year when they became due and payable, an amount equal to the actual costs, not to exceed 0.2% of the assessed value of each lot, tract,

or parcel of land upon which payment is made, to cover the cost of the advertisement as required in this Division 2.

HISTORY:
P.A. 85-1137; 91-864, § 5.

65 ILCS 5/9-2-85 [County with population less than 1,000,000; report to county collector]

In counties having a population of less than 1,000,000, the collector of the municipality, not later than 5 days prior to the date fixed for application for judgment, shall make a return or report in duplicate upon forms to be provided by the county collector to the general officer of the county having authority to receive State and county taxes in the county in which the respective lots, tracts, and parcels of land are situated. Such report shall list all the land, town lots, and real property on which he has been unable to collect the special assessments or special taxes or installments, thereof, matured and payable or interest thereon, or interest due to the preceding January 2 on installments not yet matured on all warrants in his possession. Also contained in the report shall be a list of the amount of those delinquent special assessments or special taxes or installments and interest together with a brief description of the warrant or warrants received by him, authorizing the collection thereof. The original of this report shall be accompanied with the oath of the collector (1) that the list is a correct return and report of the land, town lots, and real property on which the special assessment or special tax (levied by the authority of the city or incorporated town or village of ....., as the case may be), or installments thereof, or interest, remains due and unpaid, (2) that he is unable to collect the same, or any part thereof, (3) that he has given the notice required by law that the specified warrants have been received by him for collection, and (4) that he has published an advertisement in the manner prescribed by law, giving notice that an application will be made on the date specified therefor for judgment against all of those delinquent lands, town lots, and real property.

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-86 [Report of municipal collector; objections lost; judgment of sale on installment]

The report of the municipal collector, when so made, shall be prima facie evidence that all the forms and requirements of the law, in relation to the making of the return have been complied with, and that the special assessments, or special taxes, or the matured installments thereof, and the interest thereon, and the interest accrued on installments not yet matured, mentioned in the report, are due and unpaid.

Upon the application for judgment of sale upon such an assessment or matured installments thereof, or the interest thereon, or the interest accrued on installments not yet matured, no defense or objection shall be made or heard which might have been interposed in the proceeding for the making of that assessment, or the application for the confirmation thereof. No errors in the proceeding to confirm not affecting the power of the court to entertain and consider the petition therefor, shall be deemed a defense to the application provided for in this Division 2.

When such an application is made for judgment of sale on an installment only of an assessment payable by installments, all questions affecting the jurisdiction of the court to enter the judgment of confirmation and the validity of the proceedings shall be raised and determined on the first of such applications. On application for judgment of sale on any subsequent installment, no defense, except as to the legality of the pending proceeding, the amount to be paid, or actual payment, shall be made or heard. And it shall be no defense to the application for judgment on any assessment or any installment thereof that the work done under any ordinance for an improvement does not conform to the requirements of that ordinance, if it appears that the work has been accepted by or under the direction of the board of local improvements. And the voluntary payment by the owner or his agent, of any installment, or of any assessment, levied on any lot, block, tract, or parcel of land, shall be held in law to be an assent to the confirmation of the assessment roll, and shall be held to release and waive the right of the owner to enter objections to the application for judgment of sale and order for sale.

The judgment of sale on any installment shall include all interest accrued on the installment up to the date of that judgment of sale, and also the annual interest due as returned delinquent by the municipal collector on any installment or installments not matured. All judgments of sale for a matured installment shall bear interest on the amount of the principal of that matured installment to the date of payment or sale.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-87 [Assessments and taxes unpaid; judgment; sale; application for judgment]

When the specified general officer in each county receives the report provided for, he shall proceed to obtain judgment against the lots and parcels of land and property for the special assessments and the special taxes, or installments thereof, and interest remaining due and unpaid, in the same manner as is or may be by law provided for obtaining judgment against lands for taxes due and unpaid the county or State except that in counties having a population of

less than 1,000,000, no other notice of the application for this judgment shall be required than that specified in this Division 2 to be given by the collector of the municipality. The general collecting officer of the county shall proceed in the same manner to sell the same for the specified special assessments, special taxes, or installments thereof, and interest remaining due and unpaid except that in counties having a population of less than 1,000,000, no other notice of sale shall be required than that specified in this Division 2 to be given by the collector of the municipality. In obtaining these judgments and making this sale, the general collecting officer of the county shall be governed by the general revenue law of the State except as otherwise provided in this Division 2.

No application for judgment against land for unpaid special taxes or special assessments shall be made at a time different from the annual application for judgment against land upon which general taxes remain due and unpaid.

The application for judgment upon delinquent special assessments or special taxes in each year shall include only such special assessments, special taxes, or installments thereof, and interest, as have been returned as delinquent to the county collector on or before the first day of August in the year in which the application is made, and marked on the general tax books of the county collector on or before March 10, as provided in Section 9-2-81. However, in counties having a population of less than 1,000,000, such application shall include only the special assessments, special taxes, or installments thereof, and interest as have been returned or reported as delinquent to the general collecting officer of the county not less than 5 days prior to the date designated for application for judgment, in the year in which the application is made. Such judgment of sale shall include interest on matured installments up to the date of the judgment, as provided in this Division 2.

In the 5 years next following the completion of a general reassessment of real property in any county having a population of 1,000,000 or more, made pursuant to an order of the Department of Revenue of the State of Illinois, notwithstanding that those special assessments, special taxes, or installments thereof, and interest, have not been returned as delinquent to the county collector on or before the first day of August in the year in which the application is made, and notwithstanding that those special assessments, special taxes, or installments thereof, and interest, were not marked on the general tax books of the county collector on or before March 10 of the same year as provided in Section 9-2-81 or within 15 days after the county collector received the general tax books in that year, such an application shall be made on the first day of September for judgment and order of sale for special assessments, special taxes, or installments thereof, and interest, in each year on delinquent lands and lots. The county collector shall include in that application all special assessments, special taxes, and installments thereof, and interest, then remaining unpaid. Within 30 days after the county collector has received the general tax books the special assessments, special taxes, or installments thereof, and interest, then remaining unpaid, shall be marked therein, and if for any reason, that application cannot be made on the first day of September, it shall be made at any time not later than the first day of the next succeeding January.

In counties having a population of less than 1,000,000, the application for judgment and order of sale, and the sale, shall be made on the respective days previously designated by the general collecting officer of the county.

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-88 [County with population less than 1,000,000; application for judgment]

In counties having a population of less than 1,000,000 in all cases, except where land or lots have been withdrawn from collection for want of bidders or forfeited to the State for nonpayment of special assessments 2 or more years in succession next preceding the year in which the application for judgment and order of sale is made, the collector of the municipality shall send a notice of the application for judgment and sale of the land or lots upon which special assessments remain due and unpaid, the date of sale, a description of the land or lots, and the amount of the special assessments together with interest and costs due thereon. The notice shall be sent by mail, either by letter or post card, postage prepaid, at least 5 days before the date of sale. The notice shall be addressed to the person shown by the county collector's current warrant book to be the party in whose name the general real estate taxes on such property were last assessed, and such notices shall be mailed to each such party at the address shown for such party in the county collector's current warrant book. For each such notice the collector of the municipality shall charge an amount equal to the actual costs, not to exceed 0.02% of the assessed value of each parcel, to be taxed and collected as costs.

HISTORY:
P.A. 85-1137; 91-864, § 5.

65 ILCS 5/9-2-89 [Payment on land or lots upon which judgment is prayed; report thereof]

In counties having a population of less than 1,000,000, any person owning or claiming land or lots upon which judgment is prayed, as provided in this Division 2, may pay the special taxes, special assessments, interest, and costs due thereon to the collector of the municipality in which the land or lots are situated at any time before sale. On the day fixed for sale, the collector shall report, under oath, to the

county clerk, all the land or lots upon which special assessments have been paid, if any, after the time of making the return mentioned in Section 9-2-85 [65 ILCS 5/9-2-85] and prior to that day. The clerk shall note this fact opposite each tract or lot upon which those payments have been made. This report shall include a statement by the collector, under oath, that notice of sale has been sent by mail, by letter or post card, as to all other land or lots included in the report as required by Section 9-2-88 [65 ILCS 5/9-2-88].

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-90 [List of property sold; redemption]

After making the specified sale, the list of lots, parcels of land, and property sold thereat shall be returned to the office of the county clerk and redemption may be made as provided for by the general revenue laws of the State.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-91 [County with population of less than 1,000,000; list of property withdrawn from collection]

In counties having a population of less than 1,000,000, a list of all lots, parcels of land, and property withdrawn from collection at the sale by the corporate authorities levying the tax and a list of all lots, parcels of land, and property charged with delinquent special assessments which were forfeited to the State at that sale, shall be returned by the county clerk to the office of the municipal collector, where payment of any delinquent special assessment so withdrawn from collection or forfeited to the State may be made, as in the case of redemption from sale, at any time thereafter, unless and until again advertised and offered for sale and sold for the nonpayment thereof.

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-92 [County with population of 1,000,000 or more; list of property withdrawn from collection]

In counties having a population of 1,000,000 or more, a list of all lots, parcels of land, and property withdrawn from collection at that sale by the corporate authorities levying the tax and a list of all lots, parcels of land, and property charged with delinquent special assessments which were forfeited to the State at that sale, shall also be returned to the office of the county clerk where payment of any delinquent special assessment so withdrawn from collection or forfeited to the State may be made, as in the case of redemption from sale at any time while the same is withdrawn from the county collector, or forfeited, or thereafter, if again advertised and sold, until the period of redemption at such subsequent sale under the general revenue laws of the State has expired and a tax deed is issued thereon.

HISTORY:
P.A. 82-1013.

65 ILCS 5/9-2-93 [Payment of withdrawn or forfeited assessment]

In case of such a payment of a withdrawn or forfeited special assessment, the municipal collector or county clerk, as the case may be, shall collect a penalty of 12% on the amount of the forfeiture and on the amount of the withdrawn special assessment together with interest and costs to the date of withdrawal or forfeiture for the first year after the date of that withdrawal or forfeiture, and after that first year interest at the rate of 6% annually. The municipal collector or the county clerk, as the case may be, shall pay over to the officer of the municipality entitled to receive the same, within 30 days after the collection has been made, all special assessments, together with interest, penalties, and also statutory costs advanced by the municipality and collected by him. But if any lot or parcel of land should again be offered for sale, because of failure to pay that delinquent special assessment, and again withdrawn from sale, there shall be no second charge of 12% for the first year following the subsequent withdrawal. Instead, the interest rate shall continue at the rate of 6% annually. There may be second and subsequent charges of 12% for successive forfeitures.

The municipal collector or county clerk shall be entitled to charge and collect from the person for whom the service is rendered, a fee of 40 cents for each estimate of the amount necessary to pay a withdrawn or forfeited special assessment, including costs, and a fee of $1 for each certificate of deposit for payment of such a withdrawn or forfeited special assessment.

HISTORY:
P.A. 85-1137.

65 ILCS 5/9-2-94 [County with population of 500,000 or more; collection]

In counties having a population of 500,000 or more, the city comptroller or other officer designated and authorized by the corporate authorities of any municipality which levies any special assessment has the power to collect the amounts due on tracts or lots which have been forfeited or withdrawn from sale, and the interest and penalties due thereon, based upon an estimate of the cost of redemption computed by the county clerk and at a rate to be fixed by the corporate authorities as to the interest and penalties thereon, and he shall issue a receipt therefor. However, the corporate authorities may authorize the municipal officer to waive the penalties for the first

year in excess of 7%. The person receiving this receipt shall file it with the county clerk.

Upon the presentation of such a receipt, the county clerk shall issue to the person a certificate of cancellation setting forth a description of the property, the special assessment warrant, and installment, and the amount received by the municipal officer, and this certificate of cancellation shall be evidence of the redemption of the property therein described. The form of such a certificate of redemption for filing with the county clerk shall be substantially as follows: Receipt of Deposit for Redemption. Volume ..... Page ..... State of Illinois Office of (give title of County of Cook municipal office)

I, (here give name, title of municipal officer), of the (give name of city, village, or incorporated town), do hereby certify that on (insert date), ... deposited in this office ..... Dollars for the redemption of ..... (describe property) ..... which ..... withdrawn or forfeited by the collector of this county on (insert date) for the nonpayment of ..... installment of special assessment warrant.

You are hereby authorized and ordered to cancel from the records and files in your office that withdrawal or forfeiture, and issue your certificate of redemption and cancellation.

(insert date).

(insert name of city, village, or incorporated town).

By ..... (proper officer).

HISTORY:
P.A. 82-1013; 91-357, § 75.

65 ILCS 5/9-2-95 [Liability of collector for wrongful sale]

If the collector receives any money for taxes or assessments, or installments thereof, and gives a receipt therefor, for any land or parcel of land, and afterwards makes a return that the tax assessment, or installment thereof was unpaid, to the State officers authorized to sell land for taxes, or receives the amount so payable after that return has been made, and that property is sold for any tax, assessment, or installment thereof which has been so paid and receipted for by himself or his clerks, the collector and his bondsmen shall be liable to the holder of the certificate given to the purchaser at that sale for double the amount of the face of the certificate. This sum may be demanded in 2 years from the date of the sale, and recovered in any court having jurisdiction of the amount. The municipality in no case shall be liable to the holder of such a certificate.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-96 [Collection of assessments]

The collector and the general officer to whom the warrants are returned, shall pay over to the municipal treasury to which the money belongs, all money collected by them, respectively, by virtue of such warrants, or upon any sale for taxes, or otherwise, at such time or times and in such manner as shall be prescribed by ordinance. They shall be allowed such compensation for their services in the collection of these assessments as the ordinance of the municipality may provide, except when their compensation is fixed by a general law.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-97 [Application of general revenue laws]

The general revenue laws of this State, with reference to proceedings to recover judgment for delinquent taxes, the sale of property thereon, the execution of certificates of sale and deeds thereon, the force and effect of such sales and deeds, and all other laws in relation to the enforcement and collection of taxes, and redemption from tax sales, except as otherwise provided in this Division 2, shall be applicable to proceedings to collect the special assessments and special taxes provided for in this Division 2.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-98 [Municipality as purchaser]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], any municipality interested in the collection of any tax or special assessment, in default of other bidders, may become a purchaser at any sale of property to enforce the collection of that tax or special assessment, and by ordinance may authorize and make it the duty of one or more municipal officers to attend such sales and bid thereat in behalf of the municipality. Such a municipality, through its officer or officers, acting under like authority, in default of bidders, may withdraw from collection at such a sale any special assessment or installment thereof levied by it on any lot, parcel of land, or property subject to sale. But such a withdrawal from collection shall not operate to cancel the assessment or impair the lien of the municipality so withdrawing it, and the assessment shall remain delinquent and payable at the office of the municipal collector or county clerk, with all fees, costs, penalties, interest, and charges that have accrued thereon. Such a lot, parcel of land, or property, may be readvertised and resold at any subsequent tax sale for such delinquent special assessments or installments thereof.

Where suit is instituted by a municipality to foreclose the lien of special assessments at the request of the owner of real property or his agent, the corporate authorities shall have the power to provide by ordinance for the payment by the owner of reasonable costs and expenses incurred by the municipality in connection with the suit. Any moneys collected for such purpose shall be expended by the municipality

in the same manner and for the same purposes as provided for in Section 8-1-10 [65 ILCS 5/8-1-10].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-99 [Lien against municipality]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], no person obtaining contracts from the municipality and agreeing to be paid out of special assessments or special taxes, has any claim or lien upon the municipality in any event, except from the collection of special assessments or special taxes made or to be made for the work contracted for. However, the municipality shall cause collections and payments to be made with all reasonable diligence. If it appears that such an assessment or tax cannot be levied or collected, the municipality, nevertheless, is not in any way liable to a contractor in case of failure to collect the assessment or tax, but, so far as it can legally do so, with all reasonable diligence, it shall cause a valid assessment or assessments, or special taxes, to be levied and collected to defray the cost of the work until all contractors are fully paid. Any contractor is entitled to the summary relief of mandamus or injunction to enforce the provisions of this section.

The municipal treasurer shall keep a separate account of each special assessment warrant number, and of the money received thereunder.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-100 [Contract to lowest bidder]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], any work or other public improvement, to be paid for in whole or in part by special assessment or special taxation, when the expense thereof will exceed $10,000, shall be constructed by contract let to the lowest responsible bidder in the manner prescribed in this Division 2. Such contracts shall be approved by the president of the board of local improvements.

In case of any work which it is estimated will not cost more than $10,000, if after receiving bids it appears to the board of local improvements that the work can be performed better and cheaper by the municipality, the corporate authorities of the municipality shall perform that work and employ the necessary help therefor. The cost of that work by the municipality in no case shall be more than the lowest bid received.

HISTORY:
Laws 1961, p. 576; P.A. 96-138, § 5.

65 ILCS 5/9-2-101 [Alternate specifications]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], if the ordinance provides for alternate specifications for the kind, nature, character, and description of a proposed improvement, or the materials to be used in its construction, and more than one estimate has been prepared, then the assessing officer or commissioners appointed to make the assessment shall make his or their report and assessment roll, based upon the highest estimate of the cost of the proposed improvement.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-102 [Election to proceed with work]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], within 90 days after judgment of confirmation of any special assessment or special tax, levied in pursuance of this Division 2, has been entered, if there is no appeal perfected, or other stay of proceedings by a court having jurisdiction, or in case the judgment for the condemnation of any property for any such improvement, or the judgment of confirmation as to any property is appealed from, then, if the petitioner files in the cause a written election to proceed with the work, notwithstanding the appeal, or other stay, steps shall be taken to let the contract for the work in the manner provided in this Division 2. If the judgment of condemnation or of confirmation of the special tax or special assessment levied for the work is appealed from, or stayed by order of a court having jurisdiction, and the petitioner files no such election, then the steps provided in this Division 2 for the letting of the contract for the work shall be taken within 15 days after the final determination of the appeal, or the determination of the stay, unless the proceeding is abandoned as provided in this Division 2.

HISTORY:
P.A. 84-551.

65 ILCS 5/9-2-103 [Bids for construction; notice]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], notice shall be given by the board of local improvements that bids will be received for the construction of such an improvement, either as a whole or in such sections as the board shall specify in its notice, in accordance with the ordinance therefor. This notice shall state the time of opening of the bids, and shall further state where the specifications for the improvement are to be found, and whether the contracts are to be paid in cash or in bonds, and if in bonds, then the rate of interest the vouchers or bonds shall draw. The notice shall be published at least twice, not more than 30 nor less than 15 days in advance of the opening of the bids, in one or more newspapers designated by the board of local improvements in an order entered in its records, published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In

municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality.

Proposals or bids may be made either for the work as a whole or for specified sections thereof. All proposals or bids offered shall be accompanied by cash, or by a check payable to the order of the president of the board of local improvements in his official capacity, certified by a responsible bank, for an amount which shall not be less than 10% of the aggregate of the proposal, or by a bid bond, for an amount which shall be not less than 10% of the aggregate of the proposal. These proposals or bids shall be delivered to the board of local improvements. That board, in open session, at the time and place fixed in the specified notice, shall examine and publicly declare the proposals or bids. However, no proposals or bids shall be considered unless accompanied by such a check or cash.

HISTORY:
Laws 1961, p. 576; P.A. 91-296, § 10.

65 ILCS 5/9-2-104 [Successful bidder; bond]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], the successful bidder for the construction of such an improvement shall be required to enter into bond in a sum equal to one-third of the amount of his bid with sureties to be approved by the president of the board of local improvements. This bond shall be filed with the board of local improvements, or where there is no board of local improvements, with the municipal clerk. When entering into the contract for the construction of an improvement the bond shall provide that the contractor shall well and faithfully perform and execute the work in all respects according to the complete and detailed specifications, and full and complete drawings, profiles, and models therefor, and according to the time and terms and conditions of the contract, and also, that the bidder and contractor shall promptly pay all debts incurred by him in the prosecution of the work, including those for labor, and materials furnished.

Suit may be brought on the bond in case of default, or failure to pay these debts promptly, by and in the name of the municipality for all damages sustained either by the municipality, or by any person interested or for the damages sustained by the municipality and all parties in interest, or by any beneficiary or party interested, in the name of the municipality for the use of the party interested as beneficial plaintiff, to recover for the labor and materials furnished. However, in no case shall costs be adjudged against the municipality in any suit brought by any party in interest wherein the municipality is the nominal, but not the beneficial, plaintiff.

In advertising for bids or proposals for the construction of such an improvement, the board of local improvements shall give notice that such a bond will be required, and all bids or proposals shall contain an offer to furnish such a bond upon the acceptance of such a bid or proposal.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-105 [Rejection of proposals or bids; failure to perform contract]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], the board of local improvements may reject any and all proposals or bids, should they deem it best for the public good. If the board is of the opinion that a combination exists between contractors, either to limit the number of bidders, or to increase the contract price, and that the lowest bid is made in pursuance thereof, the board shall reject all proposals or bids. The board may reject the bid of any party who has been delinquent or unfaithful in any former contract with the municipality. It shall reject all proposals or bids other than the lowest regular proposals or bids of any responsible bidder and may award the contract for the specified work or improvement to the lowest responsible bidder at the prices named in his bid. Such an award shall be recorded in the record of its proceedings. Such an award, if any, shall be made within 20 days after the time fixed for receiving bids.

If no award is made within that time, another advertisement for proposals or bids for the performance of the work, as in the first instance, shall be made, and thereafter the board shall proceed in the manner above provided in this Division 2. Such a re-advertisement shall be deemed a rejection of all former bids, and thereupon the respective checks and bonds corresponding to the bids so rejected shall be returned to the proper parties. However, the check accompanying any accepted proposal or bid shall be retained in the possession of the president of the board until the contract for doing the work, as hereinafter provided, has been entered into either by the lowest responsible bidder or by the owners of a majority of the frontage, whereupon the certified check shall be returned to the bidder. But if that bidder fails, neglects, or refuses to enter into a contract to perform that work or improvement, as provided in this Division 2, the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to the municipality, and shall be collected by it and paid into its fund for the repairing and maintenance of like improvements. Any bond forfeited may be prosecuted, and the amount due thereon collected and paid into the same fund.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-106 [Contract for waterworks system bridge or viaduct; bid provisional]

Except as otherwise provided in Section 9-2-113

[65 ILCS 5/9-2-113], whenever any contract has been awarded to any bidder for the construction of any waterworks system, bridge, or viaduct referred to in Section 9-2-19 [65 ILCS 5/9-2-19], the bid of the party to whom the contract has been awarded and the award therefor shall be treated as provisional and shall not be binding upon the party to whom the contract is awarded, or upon the municipality, until the levying of the tax provided for in Section 9-2-38 [65 ILCS 5/9-2-38], has been authorized by the electors of that municipality voting at an election to be held as provided in Section 9-2-38. The provisions of this Section 9-2-106 [65 ILCS 5/9-2-106] shall not apply to any city having a population of 500,000 or more.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-107 [Hearing on award; standing]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], any owner or person interested in any of the property assessed and any bidder shall be entitled to a hearing before the board on any question connected with any such award.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-108 [Notice of award of contract]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], a notice of such an award of contract shall be published in one or more newspapers, designated by the board of local improvements in an order entered in its records, published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-109 [Election not to require sealed bids]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], the owners of a majority of the frontage of the lots and land upon the street wherein the work is to be done, or their agents, who take oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but, within 10 days after the first publication of the notice of such an award, may elect to take the work, and enter into a written contract to do the whole work at 10% less than the price at which the contract has been awarded.

Should those owners fail to elect to take the work, and to enter into a written contract therefor within 10 days, or to commence the work within 30 days after the first publication of the award, and to prosecute the work with diligence, the board of local improvements shall enter into a contract with the original bidder, to whom the contract was awarded, at the prices specified in his bid.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-110 [Failure of bidder to enter contract]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], if such original bidder fails or refuses for 20 days after the first publication of the notice of award, or in case a contract is made with the owners, and default by them, then, within 10 days after notice that the owners are in default, to enter into a contract, which shall be simultaneously executed by the municipality and signed by the president of the board of local improvements and attested by the municipal clerk under the municipal seal, then the board of local improvements, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for the work to the then regular lowest bidder. The bids of all persons, and the election of all owners as specified in Section 9-2-109 [65 ILCS 5/9-2-109] who have failed to enter into the contract as provided in this Division 2, shall be rejected in any bidding or election subsequent to the first for the same work.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-111 [Failure to complete work within specified time]

Except as otherwise provided in Section 9-2-113 [65 ILCS 5/9-2-113], if the owners or contractors, who may have taken any contract, do not complete the work within the time mentioned in the contract, or within such further time as the board of local improvements may give them, the board may relet the unfinished portions of that work, after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance.

All contractors, contracting owners included, at the time of executing any contract for such public work, shall execute a bond to the satisfaction and approval of the board of local improvements of the municipality, in such sum as the board deems adequate, conditioned for the faithful performance of the contract. The sureties shall justify, before some person competent to administer an oath, in double the amount mentioned in that bond, over and above all statutory exemptions.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-112 [Appointment of engineers, clerks and inspectors]

Except as otherwise provided in Section 9-2-38 [65 ILCS 5/9-2-38], the board of local improvements in cities of 500,000 and over, may appoint an engineer for the board, and such assistant engineers, clerks, and inspectors as may be necessary to carry into effect the purposes of this Division 2.

The board is hereby authorized to make or cause to be made, the written contracts, and receive all bonds authorized by this Division 2, and to do any other act, expressed or implied, that pertains to the execution of the work provided for by such an ordinance. The board shall fix the time for the commencement of the work under such an ordinance and for the completion of the work under all contracts entered into by it. This work shall be prosecuted with diligence thereafter to completion and the board may extend the time so fixed from time to time, as they may think best for the public good. The work to be done pursuant to such contracts in all cases must be done under the direction and, except where the assessment is divided into installments, to the satisfaction of the board of local improvements, and all contracts made therefor must contain a provision to that effect, and also express notice that in no case, except as otherwise provided in the ordinance, or the judgment of the court, will the board, or municipality, except as otherwise provided in this Division 2, or any officer thereof, be liable for any portion of the expenses, nor for any delinquency of persons or property assessed.

The acceptance by the board of any improvement shall be conclusive in the proceeding to make the assessment, and in all proceedings to collect the assessment, or installments thereof, on all persons and property assessed therefor, that the work has been performed substantially according to the requirements of the ordinance therefor. But if any property owner is injured by any failure so to construct the improvement, or suffers any pecuniary loss thereby, he may recover the amount of the injury in a civil action against the municipality making the improvement, if the action is commenced within one year from the date of the acceptance of the work by the board of local improvements.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-113 [Improvement with aid and assistance of federal agency]

In any case where an improvement is to be constructed with the aid and assistance of any agency of the Federal Government, or any other governmental agency, the provisions of Sections 9-2-100 through 9-2-112 [65 ILCS 5/9-2-100 through 65 ILCS 5/9-2-112] shall not apply where they conflict with this section. The board of local improvements in cities having a population of 500,000 or more and the corporate authorities in municipalities having a population of less than 500,000 may proceed at any time within 90 days after the judgment of confirmation has been entered in the construction of the work. Within 90 days after the judgment of confirmation the board of local improvements in cities having a population of 500,000 or more and the corporate authorities in municipalities having a population of less than 500,000, shall adopt a resolution determining to proceed with the construction of the work, publish the resolution within 10 days in one or more newspapers published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality.

Ten days after the publishing of this resolution a copy thereof, properly certified, shall be filed in the court in which the judgment of confirmation was entered. This resolution shall be authority for the issuing of the warrant to the collector for the collection of the assessment. Each assessment shall draw interest from the date of passage of the resolution of intention to proceed with the work, as provided in Sections 9-2-48 through 9-2-51 [65 ILCS 5/9-2-48 through 65 ILCS 5/9-2-51].

After this resolution has been filed and a warrant issued to the collector for the collection of the assessment, the municipality may issue bonds or vouchers to anticipate the collection of the unpaid portions of all installments of the assessment, including the first installment if it has not been certified delinquent, for the purpose of applying the proceeds of the bonds toward paying the cost of the improvement, including all expenses of making, levying, collecting the assessment and engineering and attorneys' fees. These bonds if issued shall be sold for not less than par and accrued interest and the proceeds used for that purpose, or the bonds may be issued, for not less than par and accrued interest, in payment for materials, labor, or services.

No person furnishing materials or supplying labor for the construction of any such local improvement shall have any claim or lien against the municipality except from the collection of the special assessments or special taxes made or to be made for that work, or from the proceeds of the sale of bonds to anticipate the collection of the same in case such bonds have been sold.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-114 [Certification of costs]

Except as otherwise provided in Section 9-2-117 [65 ILCS 5/9-2-117], within 30 days after the final completion and, where required, acceptance of the work, as provided in Section 9-2-112 [65 ILCS 5/9-2-112], the board of local improvements shall have the cost thereof, including the cost of engineer-

ing services, certified in writing to the court in which the assessment was confirmed, together with an amount estimated by the board to be required to pay the accruing interest on bonds or vouchers issued to anticipate collection. Thereupon, if the total amount assessed for the improvement upon the public and private property exceeds the cost of the improvement, all of that excess, except the amount required to pay such interest as is provided for in this Division 2, shall be abated and the judgment reduced proportionately to the public and private property owners and shall be credited pro rata upon the respective assessments for the improvement under the direction of the court.

In case the assessment is collectible in installments, this reduction shall be made so that all installments shall be equal in amount, except that all fractional amounts shall be added to the first installment so as to leave the remaining installments in the aggregate equal in amount and each a multiple of $100. If prior to the entry of the order abating and reducing the assessment the assessment has been certified for collection pursuant to the provisions of Section 9-2-76 [65 ILCS 5/9-2-76], and any of the installments of the assessment so certified for collection have become due and payable, the reduction and abatement above referred to shall be made pro rata upon the other installments. The intent and meaning of this is that no property owner shall be required to pay to the collector a greater amount than his proportionate share of the cost of the work and of the interest that may accrue thereon.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-115 [Application to determine accuracy of certificate]

In every assessment proceeding in which the assessment is divided into installments, the board of local improvements shall state in the certificate whether or not the improvement conforms substantially to the requirements of the original ordinance for the construction of the improvements, and shall make an application to the court to consider and determine whether or not the facts stated in the certificate are true. Thereupon the court, upon such an application, shall fix a time and place for a hearing upon the application, and shall record the application. The time of this hearing shall be not less than 15 days after the filing of the certificate and application. Public notice shall be given at least twice of the time and place fixed for that hearing by publishing in a newspaper, in the same manner and for the same period as provided in this Division 2 for publishing notice of application for the confirmation of the original assessment, the publication of this notice to be not more than 30 nor less than 15 days before the day fixed by the order for that hearing.

At the time and place fixed by the notice or at any time thereafter, the court shall proceed to hear the application and any objection which may be filed thereto within the time fixed in the order. Upon that hearing the specified certificate of the board of local improvements shall be prima facie evidence that the matters and things stated are true, but if any part thereof is controverted by objections duly filed thereto, the court shall hear and determine the objections in a summary manner and shall enter an order according to the fact.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-116 [Finding against allegations of certificate; completion of work]

If upon the hearing the court finds against the allegations of the certificate, it shall enter an order accordingly. The board of local improvements shall then procure the completion of the improvement in substantial accordance with the ordinance. The board, from time to time, may file additional or supplemental applications or petitions in respect thereto, until the court eventually is satisfied that the allegations of the certificate or applications are true, and that the improvement is constructed in substantial accordance with the ordinance.

If before the entry of such an order upon such a certificate there has been issued to the contractor in the progress of any such work, bonds to apply upon the contract price thereof, that contractor or the then owner or holder of those bonds, shall be entitled to receive in lieu thereof new bonds of equivalent amount, dated and issued after the entry of that order. Nothing contained in Sections 9-2-114 through 9-2-116 [65 ILCS 5/9-2-114 through 65 ILCS 5/9-2-116] shall apply to any proceedings under Sections 9-2-72 and 9-2-73 [65 ILCS 5/9-2-72 and 65 ILCS 5/9-2-73], or either of them, for the confirmation of new assessments, levied to pay for the cost of work already done.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-117 [Improvements with aid of federal agency; acceptance]

Where an improvement has been constructed with the aid of any agency of the Federal government, or other governmental agency, the provisions of Sections 9-2-114 through 9-2-116 [65 ILCS 5/9-2-114 through 65 ILCS 5/9-2-116] shall not apply except as to the manner of the final hearing. In that case, upon completion of the project the board of local improvements shall adopt a resolution accepting the project as constructed in full conformance with the ordinance and specifications therefor and approving the cost of the work upon its completion as being in compliance with the ordinance and specifications. Whereupon a certified copy of this resolution shall be filed in the court in which the judgment of confirmation was entered and a hearing had upon the cost and

completion in the same manner as is provided in Sections 9-2-114 through 9-2-116.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-118 [Designated inspector]

The board of local improvements shall designate someone to carefully inspect the entire work done pursuant to any such proceeding and contract, and the materials therefor, during the progress of the work, to the end that the contractor shall comply fully and adequately with all the provisions of the ordinance, and of the contract under which the work is to be done, and the specifications therefor. Upon the complaint of any property owner that the work or materials do not comply with those requirements, the president of the board of local improvements shall either examine the work and materials himself, or designate some member of the board to do so. The president of the board shall make a personal examination, and certify in writing as to the result thereof. This written certificate shall be filed with the papers pertaining to the board, and shall be open to public inspection at any time.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-119 [Anticipation of collection of second and succeeding installments; bonds]

For the purpose of anticipating the collection of the second and succeeding installments, provided for in this Division 2, a municipality may issue bonds, payable out of these installments, bearing interest at a rate specified in the ordinance referred to in Section 2-9-10 of the Illinois Municipal Code [65 ILCS 5/2-9-10] and not more than the rate the installments of the assessment against which the bonds are issued bear, payable annually and signed by such officers as may be by ordinance prescribed. Bonds shall be issued in sums of $100, or some multiple thereof, and shall be dated and draw interest from the date of their issuance. Each bond shall state on its face out of which installment it is payable, and shall state, by number or other designation, the assessment to which that installment belongs. The principal of these bonds shall not exceed, in the aggregate, the amount of the deferred installments, and shall be divided into as many series as there are deferred installments.

However, if there is a surplus to the credit of any such installment which is not required for the payment of any vouchers or bonds issued against that installment, that surplus shall be applied toward the payment of any outstanding vouchers or bonds already issued or to be issued, as the case may be, against any other installment or installments.

Each series shall become due at some time in the year in which the corresponding installment will mature, the date to conform, as nearly as may be, to the time when that installment will be actually collected. This time shall be estimated and determined by the municipal officers issuing the bonds. But it is lawful to provide in the case of any one or more of the bonds in any series, that that bond or bonds shall not become due until some subsequent date, not later than December 31 next succeeding the January in which the installment against which that series is issued will mature.

The bonds may be in the following form:

State of Illinois
ss
County of .....
$..... Series No. .....
Bond No. .....
..... of .....

Improvement Bond

The ..... of ..... in ..... County, Illinois, for value received, promises to pay to the bearer on (insert date), the sum of ..... dollars, with interest thereon from date hereof, at the rate of .....%, payable annually on presentation of the coupons hereto annexed.

Both principal and interest of this bond are payable at the office of the treasurer of said ..... of .....

This bond is issued to anticipate the collection of a part of the ..... installment of special assessment No. ..... levied for the purpose of ..... which installment bears interest from (insert date), and this bond and the interest thereon are payable solely out of the installment when collected.

Dated (insert date).

The bond may have coupons attached to represent the interest to accrue thereon.

In lieu of the bonds described in this Section, a municipality may issue bonds of the type described in Section 9-2-127 [65 ILCS 5/9-2-127], but all bonds issued under any one special assessment proceeding must be of the same type.

This amendatory Act of 1971 is not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 82-642; 91-357, § 75.

65 ILCS 5/9-2-120 [Extension of time of payment of assessment; division of installments]

The court having jurisdiction of the original assessment proceeding is authorized at any time after the assessment has been confirmed to extend the time of payment of the assessment, or any installment thereof, whether due or not due, heretofore or hereafter levied, and in case securities have been issued, to refund the securities and past due interest thereon, heretofore or hereafter issued in anticipation of the collection of the assessment or any install-

ment thereof levied under the provisions of this Division 2, or any part thereof, and past due interest thereon (unless such past due interest is waived). In cases where no securities have been issued, the provisions of this section as to refunding securities shall not apply but the court, on petition of the municipality, has jurisdiction to extend the time of payment of the assessment. Securities not due may be refunded only when the holders thereof surrender the securities in exchange for refunding securities issued in lieu thereof, or deposit the securities as hereinafter provided and agree to accept payment therefor in cash in an amount not exceeding the par value thereof, together with accrued interest. This payment is to be made out of the proceeds of the sale by the municipality of those refunding securities. All securities against any installment to be refunded shall be so surrendered or deposited.

The specified court is hereby vested with authority to divide any assessment or any installment or installments thereof into a greater number of installments than was originally provided for in the order confirming the assessment and to fix the amount of each installment, if, in its judgment, such a redivision into a greater number of installments is for the best interest of all parties concerned.

As used in this section and Sections 9-2-121 through 9-2-124 [65 ILCS 5/9-2-121 through 65 ILCS 5/9-2-124], "securities" means bonds, coupons (except bonds or coupons issued under Sections 9-2-127 through 9-2-129) [65 ILCS 5/9-2-127 through 65 ILCS 5/9-2-129] and vouchers, public benefit vouchers, and warrants and accrued interest.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-121 [Ordinance; extended time of payment]

Whenever it is desired to extend the time of payment of any assessment or any of the installments thereof and issue refunding securities, any municipality that has issued securities in anticipation of the collection of the special assessment levied under the provisions of this Division 2, upon a petition of 75% of the holders of any securities issued against any assessment or any installment or installments thereof addressed to the corporate authorities of the issuing municipality, shall adopt an ordinance directing and providing for the extension of the time of payment of the assessment or any of the installments thereof and the sale and exchange of refunding securities in anticipation of the collection of the special assessment or any of the installments thereof the time of payment of which is to be extended. The ordinance so adopted shall direct the filing of a petition in the court having jurisdiction of the original assessment. In the ordinance, the municipality shall establish a date of issue of those refunding securities and this date of issue shall be also the date from which interest on those refunding securities shall run and from which interest on the assessment so extended shall run. The ordinance for this refunding shall refer to the original assessment proceeding and no estimate or recommendation by the board of local improvements shall be required.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-122 [Hearing on extension of time for payment]

The court shall hear the proceeding in a summary manner without a jury and there shall be no hearing on benefits or on any legal objections not arising subsequent and incidental to the proceeding provided for in Sections 9-2-120 through 9-2-124 [65 ILCS 5/9-2-120 through 65 ILCS 5/9-2-124]. No judgment confirming any such proceeding shall be entered until all unpaid securities have been either deposited in the court or with some depository under an escrow agreement approved by the court. The petition shall set forth the amount of the assessment or installments to be extended, the date of confirmation of the original assessment, the rate of interest of the original assessment, the amount of cash on hand in the particular assessment or installments, the unpaid securities or other obligations to be refunded, the date of maturity of the unpaid securities, and the rate of interest the unpaid securities bear. This petition shall also state that the holders of the securities issued in anticipation of the collection of the assessment or installments, will surrender their securities in exchange for refunding securities to be issued under the provisions of Sections 9-2-120 through 9-2-124, or accept in payment thereof an amount not exceeding the par value thereof, with accrued interest thereon. This petition shall also state what assessment or installments thereof are desired to be refunded, the desired maturity and the rate of interest of the extended installments, and the maturity, amount, and rate of interest of the refunding securities sought to be issued.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-123 [Petition for extension]

Accompanying the petition there shall be filed an assessment roll setting forth a description of the lots, blocks, tracts, and parcels of land assessed in the original proceeding, the total amount of the unpaid installments, and the interest thereon proposed to be extended against each tract, the amount, number and due date of each installment of the proposed extended assessment.

The assessment as extended shall be collected in the same manner as the original assessment.

When this petition is filed it shall be presented to the court and if found to be in proper form the court shall set the petition for hearing at such date as will enable the clerk of the court to give at least 10 days'

notice of the hearing thereon, and it is the duty of the clerk to publish a notice at least twice, not more than 30 nor less than 15 days before the date set for hearing, in one or more newspapers published in the municipality, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality. This notice shall set forth the filing of the petition, the docket and warrant number of the assessment and the installment or installments thereof proposed to be extended and the number of installments in which it is proposed to divide the extended assessment. The notice shall also state when and where the court will hear objections to the petition.

At this hearing the court may extend the time of payment of one or more installments of the assessment, change the number of installments in which the assessment is divided, and subject to the provisions of Sections 9-2-120 through 9-2-124 [65 ILCS 5/9-2-120 through 65 ILCS 5/9-2-124], provide for the details of the issuance of the refunding securities, in accordance with the prayer of the petition, and enter an order confirming the assessment as extended.

Any property owner may pay the original assessment or any installment to be extended within 10 days after the entry of such an order. Upon the expiration of 10 days after the entry of such an order the corporate authorities shall issue the refunding securities authorized by the order of the court, but the delivery of the refunding securities shall be simultaneous with the surrender of the securities to be refunded or paid. The securities so surrendered shall be immediately cancelled. The collection and payment of the extended assessment and the securities issued under Sections 9-2-120 through 9-2-124 shall be in the manner as now provided by law.

HISTORY:
P.A. 79-1361.

65 ILCS 5/9-2-124 [Withdrawal from delinquent list based on extension]

Any assessment and all installments, the time for collection of which has been extended, shall continue to be a lien on the land assessed the same as in the original assessment and the refunding securities issued under the provisions of Section 9-2-120 through 9-2-124 [65 ILCS 5/9-2-120 through 65 ILCS 5/9-2-124] shall be payable therefrom.

Whenever the refunding of securities and the extending of the time of the payment of assessments or installments thereof include assessments or installments past due and these assessments or installments or any part thereof have been returned delinquent, withdrawn, or forfeited as provided by law, the court, in the order extending the time of payment and authorizing the refunding of the securities, shall order the county collector to withdraw those assessments or installments from the delinquent list and order the proper officers to release all property forfeited or withdrawn on account of those assessments or installments, the time of payment of which is to be extended, by a proper entry upon the tax sale and judgment record of the county. The county clerk shall charge the security holders a fee of 35 cents for each such service rendered by him in connection therewith.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-125 [Property sold with past due assessment]

Whenever, in a proceeding under Sections 9-2-120 through 9-2-124 [65 ILCS 5/9-2-120 through 65 ILCS 5/9-2-124], the refunding of securities and the extending of the time of payment of any assessment or installments thereof include an assessment or installments past due and the property against which the past due assessment or installments or any part thereof were levied has been sold at a sale of property to enforce the collection of the past due assessment to the municipality levying the assessment and the municipality has not paid the purchase price at that sale and a certificate of purchase has been issued and delivered to the municipality, this past due assessment or installments or any part thereof shall be extended, and the securities issued to anticipate their collection shall be refunded, as in the case of an assessment returned delinquent, withdrawn, or forfeited, and the lien of the original assessment and of the certificate of purchase shall be continued and preserved by the assessment as extended.

In such a case the court in which the proceeding is pending, in the order extending the time of payment and authorizing the refunding of the securities, shall order the municipality levying the assessment to present its certificate of purchase to the county clerk. The county clerk shall cancel this certificate by endorsing thereon the words “cancelled by assessment as extended” and shall enter a note of such cancellation upon his tax, judgment, sale redemption, and forfeiture record. Where this certificate or evidence thereof has been recorded with the recorder of deeds or registered with the registrar of titles the court shall order the county clerk to issue a certificate to the municipality showing the legal description of all lots, blocks, tracts, and parcels of land against which a certificate or evidence thereof has been recorded or registered and reciting the cancellation of the certificate of purchase by virtue of the extension of the assessment and refunding of the securities. This certificate shall be filed by the municipality with the recorder or the registrar of titles, as the case may be. Thereupon the lien of that assessment as extended shall stand in lieu of the lien of the original assessment and of the certificate of purchase, and the assessment as extended shall be

collected in the same manner as the original assessment.

The county clerk shall receive for his services rendered as set forth in this section a fee of 35 cents for each certificate so cancelled. This fee, together with the fees of the recorder and of the registrar of titles shall be paid by the security holders.

HISTORY:
P.A. 83-358.

65 ILCS 5/9-2-126 [Voucher, bond or interest coupons; lost, destroyed or stolen]

Whenever any voucher, bond or interest coupon issued by a municipality in anticipation of the collection of special assessments under any of the provisions of this Division 2 has been lost, destroyed or stolen and proof is made to the official of the municipality charged with making payments on the voucher, bond or interest coupon that the loss, theft or destruction occurred while the voucher, bond or interest coupon was owned by and in possession of the claimant, such official shall issue or cause to be issued and delivered to the claimant a duplicate of such voucher, bond or interest coupon alleged to have been lost, destroyed or stolen after first indorsing on the duplicate all payment of principal and interest made on the original voucher, bond or interest coupon. However, the claimant shall prior to issuance of any such duplicate execute and deliver to the municipality a bond in a penalty at least double the amount of the principal of such voucher, bond or interest coupon alleged to have been lost, destroyed or stolen with sufficient security to be approved by the municipal official, conditioned to indemnify the municipality against all claims by any other person on account of such voucher, bond or interest coupon and against all costs and expenses by reason thereof.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-127 [Bonds in exchange for vouchers]

In lieu of the bonds authorized in Section 9-2-119 [65 ILCS 5/9-2-119], the municipality upon the written request of the holders of all of the outstanding and unpaid vouchers issued in payment of the work, may issue and deliver to such voucher holders, in exchange for such vouchers, bonds provided for in this Section 9-2-127 [65 ILCS 5/9-2-127], provided that prior to the receipt of such request the municipality has not issued or has not made any commitment to issue any bonds the funds from which are to be used toward paying such outstanding and unpaid vouchers in full. The bonds shall be dated as of and shall draw interest from the date of their issuance, except when issued in exchange for vouchers theretofore issued in payment of the work. In such latter case the bonds shall be issued in the principal amount of the unpaid balance of the vouchers and shall bear the same date as the vouchers for which they are exchanged or the date to which interest was last paid on the vouchers, and the bonds shall draw interest from such date. The bonds shall be issued at not less than their par value. The bonds shall be executed by such officers as may be prescribed by ordinance of such municipality, with the corporate seal attached. The bonds shall bear interest at a rate specified in the ordinance referred to in Section 2-9-10 of the Illinois Municipal Code [65 ILCS 5/2-9-10] and of not more than the rate the installments of the assessment against which the bonds are issued bear. The bonds shall recite specifically that they are payable solely and only from the assessment levied for the payment of the cost of the improvement, designating the improvement for which the assessment has been levied, and shall mature on or before December 31 next succeeding the January 2 on which the last installment shall mature. Interest coupons attached to the bonds shall bear the official or facsimile signatures of the same officers who signed the bonds and shall be made payable at the office of the treasurer of the municipality. The bonds shall be numbered consecutively beginning with number one upwards and shall be payable in their numerical order and redeemable prior to maturity in numerical order as hereinafter provided. Each of the bonds issued pursuant to this Section 9-2-127 shall bear a legend on the face of the bond printed in bold face type and in a paragraph by itself to the effect that the bond is one of a series of bonds which are to be paid and redeemed in numerical order and not on a pro-rata basis.

As used in this Section and in Sections 9-2-128 and 9-2-129 [65 ILCS 5/9-2-128 and 65 ILCS 5/9-2-129], "treasurer" with respect to municipalities in which a comptroller is elected or appointed means treasurer or comptroller.

This amendatory Act of 1971 is not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 82-642.

65 ILCS 5/9-2-128 [Form of bonds]

The bonds authorized in Section 9-2-127 [65 ILCS 5/9-2-127] may be in the following form:

United States of America

Number Dollars

....

State of Illinois County of .....

..... of .....

IMPROVEMENT BOND

KNOW ALL MEN BY THESE PRESENTS, That the ..... of ....., in the County of ....., State of Illinois, hereby acknowledges itself to owe, and for value received promises to pay to the BEARER, the sum of ..... Dollars ($.....) on the ..... day of ....., ..., but

subject to prepayment at the par value hereof at any time as hereinafter provided, together with interest thereon at the rate of .... per cent (....%) per annum, from date hereof until paid, payable on the ..... day of ....., ..., and annually thereafter on the ..... day of ..... in each year on presentation and surrender of the interest coupons hereto attached.

Both principal and interest on this bond are payable at the office of the treasurer of said ..... of ....., in lawful money of the United States of America.

This bond is issued in exchange for part of the vouchers issued in payment of the work done under Special Assessment No. ....., levied for the purpose of ....., which assessment bears interest from the ..... day of ....., ..., and this bond and the interest thereon are payable solely out of the installments of the assessment when collected.

THIS BOND IS ONE OF A SERIES OF BONDS WHICH ARE TO BE PAID AND REDEEMED IN NUMERICAL ORDER AND NOT ON A PRO-RATA BASIS.

The bonds in the series, aggregating ..... Dollars ($.....), are numbered from ..... to ..... inclusive, bonds numbered ..... to ..... being of the denomination of $..... each, and bonds numbered ..... to ..... being of the denomination of $..... each.

By the terms of the statute and ordinance authorizing these bonds, whenever there shall be sufficient funds in the hands of the treasurer of the ..... of ....., after the payment of all interest due on the bonds, and after the establishment of such reserve, if any, as the treasurer in his discretion may deem advisable to pay interest to become due at the next interest coupon date, to prepay one or more of the bonds, then it is the duty of such treasurer to call and pay such bond or bonds. The treasurer shall cause notice of such call for prepayment to be published in some newspaper of general circulation in the ..... of ....., Illinois, not less than 5 nor more than 30 days prior to the date fixed for prepayment. If no newspaper is published in the municipality, such notice shall be published in a newspaper with a general circulation in the municipality, and if there be no such newspaper, such notice shall be posted in at least 3 prominent places within the municipality. This bond will cease to bear interest on and after the date so fixed for prepayment. The presentation of the bond will waive the necessity of giving notice of its call for payment. Bonds shall be paid in numerical order beginning with the lowest numbered outstanding bond.

IN TESTIMONY WHEREOF, the ..... of ..... has caused its corporate seal to be hereto affixed, and this bond to be signed by the officers prescribed by ordinance, and the coupons hereto attached to be signed by such officials by their original or facsimile signatures, which officials, if facsimile signatures are used, do adopt by the execution hereof as and for their proper signatures their respective facsimile signatures appearing on the coupons, all as of the ..... day of ....., ...

....

SEAL

Interest coupons which may be attached to bonds authorized in this section may be in the following form:

Coupon No. .....
$.....

On the ..... day of ....., ..., unless the bond to which this coupon is attached shall have theretofore been called for payment at an earlier date and payment made or provided for,

The ..... of ..... in the County of ....., State of Illinois, will pay to BEARER ..... Dollars ($.....), out of funds realized from the collections of Special assessment No. ..... of the municipality, at the office of the treasurer of the municipality, for interest due on that day on its improvement bond dated as of the ..... day of ....., ...

BOND NO. .....

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-129 [Right to call and pay bonds]

The municipality shall have the right to call and pay the bonds authorized in Section 9-2-127 [65 ILCS 5/9-2-127], or any number thereof, in the following manner:

Whenever there are sufficient funds in the hands of the treasurer to redeem one or more of the bonds, after the payment of all interest due, and after the establishment of such reserve, if any, as the treasurer in his discretion may deem advisable to pay interest to become due at the next interest coupon date, the treasurer, by publication or posting of notice as provided in this section, shall call and pay such bond or bonds. The treasurer shall cause notice of such call for payment to be published in a newspaper published in the municipality, or if no newspaper is published therein, then in a newspaper with a general circulation within the municipality, and if there be no such newspaper, then by posting in at least 3 prominent places within the municipality. The notice shall specify the number or numbers of the bonds called, designating the assessment against which the bonds have been issued, and directing presentation of such bonds for payment and cancellation, and indicating that interest will cease on the bonds not less than 5 nor more than 30 days from the date of publication of such notice or posting, and thereafter the bonds shall cease to bear interest. The presentation of any bond to the treasurer for payment shall waive the necessity of giving notice of its call for payment.

The treasurer upon accumulation of sufficient funds shall pay one or more bonds and shall call and pay such bonds. Any bondholder or holder of any interest coupon appertaining to any bond, after giving reasonable notice, shall be entitled to summary relief by mandamus or injunction to enforce these provisions.

When bonds are issued under Section 9-2-127, all collections of the special assessment installments and all interest collected shall constitute a single fund which shall be applied first to the payment of interest due, and to the establishment of such reserve, if any, as the treasurer in his discretion may deem advisable to pay interest to become due at the next interest coupon date, and then to the redemption and payment of bonds as provided herein. However, in municipalities having a population of less than 500,000, where the ordinance for the improvement provides for the collection of costs, collections made on the first installment shall be used first to pay such costs, and any surplus shall be used to pay bonds and interest thereon as provided herein. Provision as to redemption and call of the bonds shall be inserted in each of the bonds issued in accordance with the provisions of this Section 9-2-129.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-130 [Sale of bonds]

The bonds may be sold, or paid to the contractor having the contract for the improvement for which the assessment was levied, at not less than their par value and interest accrued to time of delivery, whether sold, or paid to the contractor.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-131 [Payment for improvement in bonds]

Payment for any improvement done or performed under the provisions of this Division 2, to be paid for out of any special assessment or special tax levied in installments, as provided in this Division 2, may be made in the bonds provided for in this Division 2. In the event payment is made in the bonds authorized under Section 9-2-119 [65 ILCS 5/9-2-119], the first installment of such special assessment or special tax shall be paid to the person entitled thereto on the contract for that work. If this first installment is not collected when payments fall due, vouchers therefor may be issued, payable out of the first installment when collected. These vouchers shall bear interest at the rate specified in the ordinance referred to in Section 9-2-10 of the Illinois Municipal Code [65 ILCS 5/9-2-10] for bonds and not more than the rate the installments of the assessment against which the vouchers are issued bear, payable annually, and shall be signed by such officers as may be prescribed by ordinance.

In the event payment is made in the bonds authorized under Section 9-2-127 [65 ILCS 5/9-2-127], the first installment of such special assessment or special tax and all other installments thereof shall be held and used to pay the bonds and interest thereon as provided in Section 9-2-127.

However, in municipalities having a population of less than 500,000, where the ordinance for the improvement provides for the collection of costs, such costs shall be first paid out of this first installment and may be included in and evidenced by vouchers issued as provided in this Section 9-2-131.

This amendatory Act of 1971 is not a limit upon any municipality which is a home rule unit.

This amendatory Act of 1972 is not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 82-642.

65 ILCS 5/9-2-132 [Payment of assessment]

Any property owner may pay his assessment wholly or in part, either before or after it is due, and whether or not the assessment has been withdrawn from collection or the property assessed has been sold to any municipality or forfeited to the State for nonpayment of that assessment, with the bonds or vouchers heretofore or hereafter issued under this Division 2 on account of that assessment, applying, however, bonds issued under Section 9-2-119 [65 ILCS 5/9-2-119] and vouchers of each series only to the payment of the installments to which they relate. If bonds issued under Section 9-2-127 [65 ILCS 5/9-2-127] are used to make such payments, such bonds may be applied to the payment of any and all installments, but only such of those bonds may be used as are next in numerical order of redemption at the time of making such payments. In making such payments, the vouchers and bonds shall be taken at their par value and interest accrued to the date of making the payment. All vouchers and bonds received in payment of such an assessment shall be cancelled by the officer receiving the vouchers, or bonds, as of the date of their receipt, and then deposited with the treasurer or the comptroller, as the case may be, of the municipality issuing the vouchers or bonds.

However, when the amount of the assessment is less than that of a bond or voucher, the officer receiving the same shall issue a receipt for the balance which shall entitle the owner to the same rights, except as to negotiability, as if the receipt were the original bond or voucher in the amount of the balance. Any such indorsement on any such bond or voucher shall be made by writing or stamping across the face thereof the words “payments upon this bond (or voucher) are listed upon the back.”

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-133 [Lien on waterworks system]

When any municipality provides by ordinance for the construction of a waterworks system, any portion of the cost of which is to be paid by special assessment and a direct annual tax is authorized by a vote as provided in Section 9-2-38 [65 ILCS 5/9-2-38], in order to secure the payment of the cost of that construction, the contractor and holders of the bonds that may be issued in payment of that cost, in the manner provided in this Division 2, shall have a lien upon the waterworks system, and upon the income to be derived from its operation, to secure the payment of the amounts due them respectively. This lien shall be to the fullest extent that the municipality may be authorized by law to create. Upon a request in writing of the contractor for the construction of such a waterworks system, or of the holders of a majority in amount of the specified bonds, the municipality shall convey by a deed of trust in the nature of a mortgage the waterworks system so to be constructed, and all the property, both real and personal, pertaining thereto. Such a deed of trust shall secure the payment of the assessment for public benefit or of the bonds as the contractor or holders of the bonds may elect. The trustees in such a deed of trust shall be selected by the contractor or the holders of a majority in amount of such bonds. The provisions of this section shall not apply to any city having a population of 500,000 or more.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-134 [Waterworks fund]

The entire proceeds arising from the operation of such waterworks system shall be paid into the municipal treasury and shall be kept in a separate fund to be known as the "waterworks fund." After the payment therefrom of the necessary running and operating expenses of the waterworks system, the balance from time to time shall be credited by the municipal treasurer upon the assessment levied against the municipality for public benefits and the respective installments thereof, and shall be applied toward the payment of the cost of the waterworks system in the manner provided by this Division 2. Until the bonds so issued to pay the cost of the construction of the waterworks system and the interest thereon have been fully paid, the municipal treasurer shall not pay any warrant drawn on the "waterworks fund" for any other purpose except for the payment of the necessary operating expenses of the waterworks system.

In case such a waterworks system is used and operated to supply water for any existing distributing system, the entire proceeds derived from the operation of the waterworks system and the distributing system so supplied with water shall be apportioned and divided in proportion to the original cost of the distributing system, and the cost of the waterworks system. These costs shall be determined by the municipal clerk. The portion of such income that is so determined to arise from the operation of the waterworks system shall be paid to the municipal treasurer and placed in the "waterworks fund" and used only in the manner specified in this section. The provision of this section shall not apply to any city having a population of 500,000 or more.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-135 [Liability of municipality to holders of vouchers or bonds]

No person accepting the vouchers or bonds as provided in this Division 2 shall have any claim or lien upon the municipality in any event for the payment of his vouchers or bonds or the interest thereon, except from the collection of the assessment against which the vouchers or bonds are issued. The municipality, nevertheless, shall not be in any way liable to the holders of these vouchers or bonds in case of a failure to collect the assessment, but with all reasonable diligence, so far as it can legally do so, it shall cause a valid special assessment or a special tax, as the case may be, to be levied and collected, to pay these bonds and vouchers, until all bonds and vouchers are fully paid. Any holder of vouchers or bonds, or his assigns, shall be entitled to summary relief by way of mandamus or injunction to enforce the provisions of this section.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-136 [Payment as work progresses]

From time to time, as the work under any contract for such an improvement progresses, upon certificates by the board of local improvements, or by some officer designated by the board for that purpose, payments may be made either in money, vouchers, or bonds, as provided in this Division 2, to apply upon the contract price, reserving, however, a sufficient amount upon each of the payments to properly secure, in the judgment of the board, the faithful performance of the contract. This reserve shall be paid over at such time and on such conditions as the board shall fix, after the specified work has been completed or accepted.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-137 [Credit of excess]

The board of local improvements before the crediting of the excess as provided for in Section 9-2-114 [65 ILCS 5/9-2-114], shall estimate an amount deemed sufficient to make up any probable deficiency of interest, in the event that from any cause, collections of interest may prove insufficient to meet the

interest to be paid on the bonds until they mature as hereinbefore provided. This estimated amount shall be deducted out of the installments as an item of expense before crediting rebates of excess as directed in this Division 2 and shall be used for no other purpose than to make up such a deficiency until the bonds are fully paid, both principal and interest. Any balance remaining of this estimated amount after the principal and interest of the bonds are fully paid may be used to reimburse the corporate fund for any advances made from this fund on account of costs of the special assessment or special tax or other expenses of the improvement for which the special assessment or special tax is levied.

However, in municipalities having a population of 500,000 or more, no deduction of this estimated amount out of the installments shall be made where the ordinance providing for the assessment provided that a certain sum not to exceed 5% of the amount of that special assessment or special tax shall be applied as provided in Sections 9-2-138 and 9-2-139 [65 ILCS 5/9-2-138 and 65 ILCS 5/9-2-139], or in case such a municipality, at any time before the crediting of such excess, shall annually appropriate or set aside a fund sufficient in amount to meet all estimated deficiencies in interest which may arise during the year for which the fund is provided.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-138 [Surplus]

If, after final settlement with the contractor for any improvement and after full payment of all vouchers or bonds except those bonds and interest coupons not presented for payment, although called and for which funds are available and reserved, within the period of time specified in Section 9-1-5 [65 ILCS 5/9-1-5], issued on account of that improvement, there is any surplus remaining in the special assessment or special tax above the specified payments and above the amount necessary for the payment of interest on those vouchers or bonds, such surplus shall be applied to reimbursing the public benefit fund for any amounts paid from such fund on account of the improvement. If, after the public benefit fund has been reimbursed, a surplus still remains, the proper authorities of the municipality shall declare at once a rebate upon each lot, block, tract, or parcel of land assessed, of its pro rata proportion of that surplus. Such rebate shall be paid to the owner of record of each such lot, block, tract, or parcel at the time of the declaration of the rebate. Should any additional funds be collected after the original rebate is declared, the municipality shall not be required to declare a supplemental rebate for 5 years from the date the original rebate is declared. The municipality may deduct for its cost and expenses for declaring and making any rebate not more than 5% of the amount declared to be rebated. The board of local improvements shall keep and exhibit publicly in its office, an index of all warrants upon which rebates are due and payable and upon proper proof, the warrants shall be repaid to the persons entitled thereto.

However, whenever any municipality having a population of 500,000 or more has appropriated or set aside a fund sufficient in amount to meet all estimated deficiencies in interest, cost of making, levying, and collecting a special assessment or special tax, and of letting and executing contracts, advertising, clerical hire, engineering and inspection, court costs and fees of commissioners in condemnation proceedings incurred in such a proceeding and has provided, in the ordinance providing for the assessment, that a certain sum not to exceed 5% of the amount of the assessment or special tax shall be applied toward the payment of the specified and other costs of making and collecting the assessment, the money collected in the fund created by this 5% so added as hereinbefore authorized shall be used to pay all deficiency in interest in the warrant, and the balance shall be used to reimburse the corporate funds for advances made from the corporate funds on account of costs of the special assessment or special tax or other expenses of the improvement for which the special assessment or special tax was levied.

HISTORY:
Laws 1965, p. 2969.

65 ILCS 5/9-2-139 [Costs and expenses of maintaining the board of local improvements]

The costs and expenses of maintaining the board of local improvements, for paying salaries of the members of the board, and the expense of making and levying special assessments or special taxes and of letting and executing contracts, and also the entire cost and expense attending the making and return of the assessment rolls and the necessary estimates, examinations, advertisements, and like matters, connected with the proceedings provided for in this Division 2, including the court costs and the fees to commissioners in condemnation proceedings, which are to be taxed as provided in this Division 2, shall be paid by the municipality out of its general corporate fund.

However, in municipalities having a population of less than 500,000, the municipality, in the ordinance providing for the prescribed assessment, may provide that a certain sum, not to exceed 6% of the amount of this assessment, shall be applied toward the payment of the specified and other costs of making and collecting this assessment. In municipalities having a population of less than 500,000, the estimate of cost of the improvement may also provide an item setting forth a reserve for deficiency in interest not to exceed 6% of the amount of the assessment.

The limitation in the preceding paragraph shall not apply to the costs of engineering and inspection connected with any local improvement, but these

costs in municipalities having a population of less than 500,000 may be included in the cost of the improvement to be defrayed by special assessment or special tax.

In municipalities having a population of 500,000 or more, the municipality, in the ordinance providing for the prescribed assessment, may provide that a certain sum not to exceed 5% of the amount of this assessment, as finally determined after the completion of the improvement in accordance with Sections 9-2-114 through 9-2-116 [65 ILCS 5/9-2-114 through 65 ILCS 5/9-2-116], shall be applied (but only by way of reimbursement of the general corporate fund as hereinafter in this Section provided) toward the payment of the cost of making, levying, and collecting the special assessment or special tax, and of letting and executing contracts, advertising, clerical hire, engineering and inspection, court costs and fees of commissioners in condemnation proceedings incurred in the proceeding and deficiency in interest in the matter of the special assessment or special tax. If the part of the assessment levied on account of the expenses specified in this paragraph, exceeds 5% of the entire assessment as finally determined in accordance with Sections 9-2-114 through 9-2-116, but does not exceed 5% of the assessment as originally levied and filed in court, that excess shall not constitute any objection to a judgment of confirmation of the assessment. But no larger sum on account of the expenses specified in this paragraph than 5% of the assessment as finally determined in accordance with Sections 9-2-114 through 9-2-116, shall be treated as a part of the cost of the improvement to be certified by the board of local improvements in accordance with Sections 9-2-114 through 9-2-116, and if the part of the assessment originally levied on account of the expenses specified in this paragraph exceeds 5% of the entire assessment as finally determined in accordance with that Section, any such excess shall be treated as a part of the excess to be abated in accordance with the provisions of Sections 9-2-114 through 9-2-116.

Such a deficiency in interest, if any, shall be first paid out of the fund so created by this 5% so added as in this Section authorized. The application of this fund toward the payment of the expenses specified in the preceding paragraph shall be only by paying over and transferring the balance of the fund after the payment of such a deficiency in interest, to the general corporate fund of the municipality for reimbursement for expenses of the improvement for which the assessment is levied, theretofore paid out of that general corporate fund.

HISTORY:
P.A. 76-758.

65 ILCS 5/9-2-140 [Appeal]

Appeals from final judgments or orders of any court made in the proceedings provided for by this Division 2, may be taken in the manner provided in other civil cases, by the municipality or by any of the owners or parties interested in land taken, damaged, or assessed therein. However, no appeal may be taken after 30 days from the entry of the final judgement or order. Such an appeal may be prosecuted jointly, and upon a joint bond, or severally, and upon several bonds, as may be specified in the order fixing the amount and terms of such bonds.

HISTORY:
P.A. 76-1407.

65 ILCS 5/9-2-141 [Civil appeal]

After the expiration of the 30 day period allowed for filing a notice of appeal under this Division 2, an appeal from any such judgment may be filed in the manner provided in other civil cases on petition or application of owners or parties interested in the property affected thereby, as shown by the record, at any time after the disposition of the last remaining objections to the confirmation, if any, prior to the first day of June following the entry of the judgment.

However, if the warrant for collection as to any parcel is not certified for collection so that an application for judgment of sale may be made in the year following the entry of the judgment, leave to appeal as to that parcel, on application, may be granted by the reviewing court within the period of one year after the entry of the judgment.

In every case there shall be filed with the clerk of the reviewing court, with the application for leave to appeal, an affidavit by the appellant or his agent setting forth the time when the warrant for collection, as to the property, was so certified, and further setting forth that the person to whom the notice of the filing of assessment roll as to the property, as shown by the record, did not receive the notice, or otherwise learn of the pendency of the proceedings for the confirmation of the assessment until less than 10 days before the entry of default against his property in the court below. In all such cases the notice of appeal shall contain a statement that it is filed pursuant to leave granted by the reviewing court under authority of this Division 2 and the notice of appeal shall be filed and served on or before the dates hereinabove fixed.

HISTORY:
Laws 1967, p. 3762.

65 ILCS 5/9-2-142 [Adoption of this Division]

Any municipality, not already controlled by this Division 2, if it so determines by ordinance, may adopt the provisions of this Division 2, and where it has so adopted this Division 2, it has the right to take all the proceedings provided for and to have the benefit of all the provisions of this Division 2.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-143 [Authority prior to January 1, 1942]

Whenever, immediately prior to January 1, 1942, authority of law existed in corporate authorities to levy special assessments or special taxes for local improvements, and for that purpose to use the proceedings provided by Article 9 of an act entitled "An Act to provide for the incorporation of cities and villages," approved April 10, 1872, as amended [65 ILCS 5/9-2-1 et seq.], or by "An Act concerning local improvements," approved June 14, 1897, as amended, such corporate authorities are authorized to make use of the provisions of this Division 2 for the purpose, with the same effect, and to the same extent as heretofore authorized to use the provisions of either mentioned act. Any such corporate authorities as may be on and after January 1, 1942, authorized by law to levy such special assessments or special taxes, whether otherwise expressly authorized thereto or not, may make use of the provisions of this Division 2 in like manner.

If, in any such case, a board of local improvements, as required in this Division 2, does not exist, the corporate authorities shall take such steps for a public hearing, on the subject of the proposed improvement, to be paid for by special assessment or special taxation, as are required in this Division 2 of the board of local improvements, and they shall act as such a board in the manner provided in this Division 2, as nearly as may be, both in originating the improvement and in executing the work and making payment therefor.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/9-2-144 [Action pending at effective date of this Division]

The laws subsisting immediately prior to January 1, 1942, the time of the taking effect of this Division 2, shall continue to apply to all proceedings for the condemnation of land, or the confirmation of special assessment or special taxes for local improvements, which were pending in any court in this state at the time of the taking effect of this Division 2, and to all proceedings for the collection of any deficiency under past levies already made under any law existing at the time of the taking effect of this Division 2, and also to all proceedings for new assessments made in lieu of others annulled before this Division 2 took effect, by order of some court.

Whenever any installment of an assessment confirmed under prior acts matures, proceedings to return the installment delinquent, and to collect the installment shall conform to the provisions of this Division 2.

Whenever any bond issued under "An Act concerning local improvements," approved June 14, 1897, as amended [65 ILCS 5/9-2-1 et seq.], matures, proceedings to refund or enforce its payment shall conform to the provisions of this Division 2, so far as they are applicable.

Nothing in this Division 2 shall be construed to repeal any of the laws relating to civil service, and nothing in this Division 2 shall be construed to repeal or modify any of the rules of the civil service laws, and nothing in this Division 2 shall be construed to repeal Division 84 of Article 11 [65 ILCS 5/11-84-1 et seq.].

HISTORY:
Laws 1961, p. 576.

DIVISION 4.

IMPROVEMENTS AFFECTING PROPERTY NOT WITHIN MUNICIPALITY

65 ILCS 5/9-4-1 [Contiguous property]

Property not within the corporate limits but contiguous to any local improvement made by a municipality pursuant to the provisions of this Article may be charged by the corporate authorities of the municipality in an amount not greater than the benefit conferred by the local improvement on such property. This Division 4 shall apply only to municipalities of less than 500,000 inhabitants and shall not be exercised with respect to any contiguous property where such property is included within the corporate limits of another municipality.

HISTORY:
Laws 1965, p. 668.

65 ILCS 5/9-4-2 [Petition for charge]

The corporate authorities of a municipality who intend to charge benefits conferred by local improvements on property not within the corporate limits of such municipality against such property, as provided in this Division 4, shall commence a proceeding by filing a petition in the circuit court of the county in which the municipality making such local improvement is situated, or if such municipality is situated in more than one county and such proposed improvement lies in more than one county, then in the circuit court of the county in which the major part of the territory to be affected thereby is situated. Such petition shall contain (i) a statement that the board of local improvements or the committee on local improvements of such municipality is considering the making of a local improvement to be paid for by special assessment or by special tax and that the local improvement will benefit property not within the corporate limits of such municipality but contiguous to such local improvement; (ii) description of the extent, nature, kind, character and (when an estimate of the cost thereof is required under the provisions of Division 2 of this Article) the estimated cost

of the proposed local improvement; (iii) a description of the lots, blocks, tracts, or parcels of property not within such municipality which the corporate authorities determine may be charged under this Division 4 with any part of the cost for making such local improvement, together with the name and address of the person or persons to whom the tax bill was sent for general taxes on each such lot, block, tract or parcel for the last preceding year; and (iv) a statement of the time and place of the public hearing, if any, to be held on such local improvement by the board of local improvements or the committee on local improvements. Upon the filing of such petition, the clerk of the circuit court shall issue a summons as in civil cases to the person or persons to whom such tax bills were sent as set forth in such petition. The board of local improvements or the committee on local improvements shall give to each person to whom such summons is issued notice of the time and place of the public hearing on such local improvement in the same manner as such notice is given to persons with respect to property within such municipality, all in accordance with the applicable provisions of Division 2 or Division 3 of this Article [65 ILCS 5/9-2-1 et seq. or 65 ILCS 5/9-3-1 et seq.]. Any person to whom such summons is issued shall have the right to appear and be heard at such public hearing in accordance with the provisions of Division 2 or Division 3 of this Article, and the circuit court shall upon application of such municipality, enter an order staying further proceedings on such petition filed pursuant to this Division 4 pending the filing of and hearing on the petition contemplated by Division 2 or Division 3 of this Article, and shall consolidate for hearing by the court such petition filed under Division 2 or Division 3 of this Article with such petition filed under Division 4 of this Article. The procedure and issues on the hearing on a petition filed under Division 4 of this Article shall be the same, as near as may be, as the procedure and issues set forth in Division 2 or Division 3 of this Article, and at such hearing, the circuit court shall hear and determine all objections as to the amount set as a benefit to such property.

HISTORY:
P.A. 76-1549.

65 ILCS 5/9-4-3 [Lien]

The amount set by order of the circuit court shall be a lien against such property enforceable in the same manner as a lien created under Division 2 or Division 3 of this Article [65 ILCS 5/9-2-1 et seq. or 65 ILCS 5/9-3-1 et seq.].

HISTORY:
P.A. 76-1549.

ARTICLE 11.

CORPORATE POWERS AND FUNCTIONS

PUBLIC HEALTH, SAFETY AND WELFARE; POLICE PROTECTION AND PUBLIC ORDER

Division 4. Houses of Correction and Farm Colonies

DIVISION 4.

HOUSES OF CORRECTION AND FARM COLONIES

65 ILCS 5/11-4-1 [Establishment; purchase of land]

Except in any county having a population of more than 1,000,000, the corporate authorities of any city may establish a house of correction, which shall be used for the confinement and punishment of criminals, or persons sentenced or committed thereto under the provisions of this Division 4, or any law of this state, or ordinance of any city or village authorizing the confinement of convicted persons in any such house of correction.

The corporate authorities of any such city may purchase or otherwise acquire, own or control so much land within the incorporated limits of such city or outside and within the same county as such city may require, for the purpose of establishing thereon such house of correction and other buildings or appurtenances thereto, and for the purpose of establishing in connection therewith a farm colony. Any farm colony so established in connection with a house of correction shall also be used for the confinement and punishment of criminals or persons sentenced or committed thereto under the provisions of this Divi-

sion 4, or any law of this state, or ordinance of any city or village, authorizing the confinement of convicted persons in any such house of correction or farm colony.

When such land is purchased or acquired and house of correction or farm colony established by any such city outside of the corporate limits thereof, such city and the corporate authorities thereof shall have complete police powers, for the purpose of control and management of same and of the persons confined therein, over such lands and territory surrounding the same and highways leading thereto from such city as is now conferred by law upon cities, incorporated towns and villages within this state over territory lying within the corporate limits thereof.

HISTORY:
P.A. 76-425.

65 ILCS 5/11-4-2 [Management and direction]

The management and direction of any house of correction shall be under the control and authority of a board of inspectors, to be appointed for that purpose as in this section directed.

The mayor of each city shall, by virtue of his office, be a member of such board, who, together with 3 persons to be appointed by the mayor, by and with the advice and consent of the corporate authorities of the city, shall constitute the board of inspectors. The term of office for the appointed members of the board shall be 3 years, but the members first appointed shall hold their office, respectively, as shall be determined by lot at the first meeting of the board, for one, 2 and 3 years from and after the first Monday in May, 1871, and thereafter one member shall be appointed each year for the full term of 3 years.

The provisions of Divisions 9 and 10 of Article 8 [65 ILCS 5/8-9-1 et seq. and 65 ILCS 5/8-10-1 et seq.] shall apply in relation to letting of contracts and purchase orders by the board of inspectors in behalf of any such house of correction and the board of inspectors shall also be governed by the powers, functions and authority of the purchasing agent, board of standardization and the corporate authorities in such cities.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-4-3 [Board of inspectors; rules and regulations]

Whenever a board of inspectors has been organized, it may establish and adopt rules for the regulation and discipline of the house of correction, for which such board has been appointed. Upon the nomination of the superintendent thereof, the board may appoint the subordinate officers, guards and employees thereof, may fix their compensation and prescribe their duties generally, may make all such by-laws and ordinances in relation to the management and government thereof as the board deems expedient. No appropriation shall be made by the board of inspectors for any purpose other than the ordinary and necessary expenses and repairs of the institution, except with the sanction of the corporate authorities of the city.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-4-4 [Board of inspectors; compensation; duties]

The board of inspectors shall serve without fee or compensation. It shall be their duty to assure that the house of correction is operated in accordance with the minimum standards established by the Department of Corrections pursuant to Section 3-15-2 of the Unified Code of Corrections [730 ILCS 5/3-15-2]. There shall be a meeting of the entire board, at the house of correction, once every 3 months. At such meeting the board shall fully examine into the management in every department, hear and determine all complaints or questions not within the province of the superintendent to determine, and make such further rules and regulations for the good government of the house of correction as to them shall seem proper and necessary. One of the appointed inspectors shall visit the house of correction at least once in each month. All rules, regulations or other orders of the board shall be recorded in a book to be kept for that purpose, which shall be deemed a public record, and, with the other books and records of the house of correction, shall be at all times subject to the examination of any member or committee of the corporate authorities, the comptroller, treasurer, corporation counsel or attorney of any such city.

FIRE PROTECTION

Division 8. Fire Safety Regulations

Section

DIVISION 8.

FIRE SAFETY REGULATIONS

65 ILCS 5/11-8-5 [Storage of lumber, timber, wood, coal]

The corporate authorities of each municipality may regulate and prohibit the keeping of any lumber or coal yard, or the placing, piling, or selling of any lumber, timber, wood, coal, or other combustible material within the fire limits of the municipality.

HISTORY:
Laws 1961, p. 576.

CONTROL OVER BUILDING AND CONSTRUCTION

Division 31. Unsafe Property

Section
65 ILCS 5/11-31-1 Demolition, repair, enclosure, or remediation.

DIVISION 31.

UNSAFE PROPERTY

65 ILCS 5/11-31-1 Demolition, repair, enclosure, or remediation.

(a) The corporate authorities of each municipality may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the municipality and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code [55 ILCS 5/5-25001 et seq.] or its predecessor, the county board of that county may exercise those powers with regard to dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of any city, village, or incorporated town having less than 50,000 population.

The corporate authorities shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail so to do, have failed to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits. Any person entitled to bring an action under subsection (b) shall have the right to intervene in an action brought under this Section.

The cost of the demolition, repair, enclosure, or removal incurred by the municipality, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15 day notice period and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or removal, the municipality, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act [765 ILCS 35/0.01 et seq.].

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the municipality, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner of or persons interested in the property after the notice of lien has been filed, the lien shall be released by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure [735 ILCS 5/15-1101 et seq.] or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under this subsection (a) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

If the appropriate official of any municipality determines that any dangerous and unsafe building or uncompleted and abandoned building within its territory fulfills the requirements for an action by the municipality under the Abandoned Housing Rehabilitation Act [310 ILCS 50/1 et seq.], the municipality may petition under that Act in a proceeding brought under this subsection.

(b) Any owner or tenant of real property within 1200 feet in any direction of any dangerous or unsafe building located within the territory of a municipality with a population of 500,000 or more may file with

the appropriate municipal authority a request that the municipality apply to the circuit court of the county in which the building is located for an order permitting the demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials from, or repair or enclosure of the building in the manner prescribed in subsection (a) of this Section. If the municipality fails to institute an action in circuit court within 90 days after the filing of the request, the owner or tenant of real property within 1200 feet in any direction of the building may institute an action in circuit court seeking an order compelling the owner or owners of record to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair or enclose or to cause to be demolished, have garbage, debris, and other noxious or unhealthy substances and materials removed from, repaired, or enclosed the building in question. A private owner or tenant who institutes an action under the preceding sentence shall not be required to pay any fee to the clerk of the circuit court. The cost of repair, removal, demolition, or enclosure shall be borne by the owner or owners of record of the building. In the event the owner or owners of record fail to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building within 90 days of the date the court entered its order, the owner or tenant who instituted the action may request that the court join the municipality as a party to the action. The court may order the municipality to demolish, remove materials from, repair, or enclose the building, or cause that action to be taken upon the request of any owner or tenant who instituted the action or upon the municipality's request. The municipality may file, and the court may approve, a plan for rehabilitating the building in question. A court order authorizing the municipality to demolish, remove materials from, repair, or enclose a building, or cause that action to be taken, shall not preclude the court from adjudging the owner or owners of record of the building in contempt of court due to the failure to comply with the order to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building.

If a municipality or a person or persons other than the owner or owners of record pay the cost of demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials, repair, or enclosure pursuant to a court order, the cost, including court costs, attorney's fees, and other costs related to the enforcement of this subsection, is recoverable from the owner or owners of the real estate and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, removal, demolition, or enclosure, the municipality or the person or persons who paid the costs of demolition, removal, repair, or enclosure shall file a notice of lien of the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice shall be in a form as is provided in subsection (a). An owner or tenant who institutes an action in circuit court seeking an order to compel the owner or owners of record to demolish, remove materials from, repair, or enclose any dangerous or unsafe building, or to cause that action to be taken under this subsection may recover court costs and reasonable attorney's fees for instituting the action from the owner or owners of record of the building. Upon payment of the costs and expenses by the owner of or a person interested in the property after the notice of lien has been filed, the lien shall be released by the municipality or the person in whose name the lien has been filed or his or her assignee, and the release may be filed of record as in the case of filing a notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under the terms of this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a municipality has obtained a lien under subsection (a), (b), or (f), the municipality may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A municipality desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a), (b), or (f). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate. If the court denies the petition, the municipality may enforce the lien in a separate action as provided in subsection (a), (b), or (f).

All persons designated in Section 15-1501 of the Code of Civil Procedure [735 ILCS 5/15-1501] as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure [735 ILCS 5/15-1603] shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the corporate authorities of any municipality may petition the circuit court to have property declared abandoned under this subsection (d) if:

(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;

(2) the property is unoccupied by persons legally in possession; and

(3) the property's condition impairs public health, safety, or welfare for reasons specified in the petition.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure [735 ILCS 5/2-206] as in other cases affecting property, including publication in a newspaper that is in circulation in the county in which the action is pending. At least 30 days prior to any declaration of abandonment, the municipality or its agent shall post a notice not less than 1 foot by 1 foot in size on the front of the subject building or property. The notice shall be dated as of the date of the posting and state that the municipality is seeking a declaration of abandonment for the property. The notice shall also include the case number for the underlying circuit court petition filed pursuant to this subsection and a notification that the owner should file an appearance in the matter if the property is not abandoned.

The municipality, however, may proceed under this subsection in a proceeding brought under subsection (a) or (b). Notice of the petition shall be served in person or by certified or registered mail on all persons who were served notice under subsection (a) or (b).

If the municipality proves that the conditions described in this subsection exist and (i) the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, or (ii) if the owner of record or the beneficiary of a land trust, if title to the property is held by an Illinois land trust, enters an appearance and specifically waives his or her rights under this subsection (d), the court shall declare the property abandoned. Notwithstanding any waiver, the municipality may move to dismiss its petition at any time. In addition, any waiver in a proceeding under this subsection (d) does not serve as a waiver for any other proceeding under law or equity.

If that determination is made, notice shall be sent in person or by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the municipality unless, within 30 days of the notice, the owner of record or any other person having an interest in the property files with the court a request to demolish any or all dangerous or unsafe buildings or to put the building in safe condition, or unless the owner of record enters an appearance and proves that the owner does not intend to abandon the property.

If the owner of record enters an appearance in the action within the 30 day period, but does not at that time file with the court a request to demolish the dangerous or unsafe building or to put the property in safe condition, or specifically waive his or her rights under this subsection (d), the court shall vacate its order declaring the property abandoned if it determines that the owner of record does not intend to abandon the property. In that case, the municipality may amend its complaint in order to initiate proceedings under subsection (a), or it may request that the court order the owner to demolish buildings or repair the dangerous or unsafe conditions of the property alleged in the petition or seek the appointment of a receiver or other equitable relief to correct the conditions at the property. The powers and rights of a receiver appointed under this subsection (d) shall include all of the powers and rights of a receiver appointed under Section 11-31-2 of this Code [65 ILCS 5/11-31-2].

If a request to demolish or repair a building or property is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building or repair the property within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the owner of record if the owner filed a request or, if the owner did not, the person with the lien or other interest of the highest priority.

If the requesting party (other than the owner of record) proves to the court that the building has

been demolished or put in a safe condition in accordance with the local safety codes within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the municipality of all costs incurred by the municipality in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with property maintenance, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code [35 ILCS 200/1-1 et seq.], the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record. If the requesting party is the owner of record and proves to the court that the building has been demolished or put in a safe condition in accordance with the local safety codes within the period of time granted by the court, the court shall dismiss the proceeding under this subsection (d).

If the owner of record has not entered an appearance and proven that the owner did not intend to abandon the property, and if no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the property in safe condition within the time specified by the court, the municipality may petition the court to issue a judicial deed for the property to the municipality or another governmental body designated by the municipality in the petition. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens, and shall extinguish the rights and interests of any and all holders of a bona fide certificate of purchase of the property for delinquent taxes. Any such bona fide certificate of purchase holder shall be entitled to a sale in error as prescribed under Section 21-310 of the Property Tax Code [35 ILCS 200/21-310].

(e) Each municipality may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If a residential or commercial building is 3 stories or less in height as defined by the municipality's building code, and the corporate official designated to be in charge of enforcing the municipality's building code determines that the building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall be dated as of the date of the posting and shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the municipality.

Not later than 30 days following the posting of the notice, the municipality shall do all of the following:

(1) Cause to be sent, by certified mail, return receipt requested, a Notice to Remediate to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the municipality to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

(2) Cause to be published, in a newspaper published or circulated in the municipality where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the municipality intends to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.

(3) Cause to be recorded the Notice to Remediate mailed under paragraph (1) in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate is registered under the Registered Title (Torrens) Act.

Any person or persons with a current legal or equitable interest in the property objecting to the proposed actions of the corporate authorities may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the corporate authorities shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The municipality may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day

period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the municipality proceeds with any of the actions authorized by this subsection, any person with a legal or equitable interest in the property has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the municipality, then the municipality shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the municipality to do so. If the court dismisses the action for want of prosecution, the municipality must send the objector a copy of the dismissal order and a letter stating that the demolition, repair, enclosure, or removal of garbage, debris, or other substances will proceed unless, within 30 days after the copy of the order and the letter are mailed, the objector moves to vacate the dismissal and serves a copy of the motion on the chief executive officer of the municipality. Notwithstanding any other law to the contrary, if the objector does not file a motion and give the required notice, if the motion is denied by the court, or if the action is again dismissed for want of prosecution, then the dismissal is with prejudice and the demolition, repair, enclosure, or removal may proceed forthwith.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the municipality may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act; this lien has priority over the interests of those parties named in the Notice to Remediate mailed under paragraph (1), but not over the interests of third party purchasers or encumbrancers for value who obtained their interests in the property before obtaining actual or constructive notice of the lien. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the municipality in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the municipality; (iv) a statement by the corporate official responsible for enforcing the building code that the building was open and vacant and constituted an immediate and continuing hazard to the community; (v) a statement by the corporate official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the municipality as provided in subsection (a).

(f) The corporate authorities of each municipality may remove or cause the removal of, or otherwise environmentally remediate hazardous substances and petroleum products on, in, or under any abandoned and unsafe property within the territory of a municipality. In addition, where preliminary evidence indicates the presence or likely presence of a hazardous substance or a petroleum product or a release or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under the property, the corporate authorities of the municipality may inspect the property and test for the presence or release of hazardous substances and petroleum products. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise the above-described powers with regard to property within the territory of any city, village, or incorporated town having less than 50,000 population.

For purposes of this subsection (f):

(1) "property" or "real estate" means all real property, whether or not improved by a structure;

(2) "abandoned" means;

(A) the property has been tax delinquent for 2 or more years;

(B) the property is unoccupied by persons legally in possession; and

(3) "unsafe" means property that presents an actual or imminent threat to public health and safety caused by the release of hazardous substances; and

(4) "hazardous substances" means the same as in Section 3.215 of the Environmental Protection Act [415 ILCS 5/3.215].

The corporate authorities shall apply to the circuit court of the county in which the property is located (i) for an order allowing the municipality to enter the property and inspect and test substances on, in, or under the property; or (ii) for an order authorizing the corporate authorities to take action with respect to remediation of the property if conditions on the property, based on the inspection and testing authorized in paragraph (i), indicate the presence of hazardous substances or petroleum products. Remediation shall be deemed complete for purposes of paragraph (ii) above when the property satisfies Tier I, II, or III remediation objectives for the property's most recent usage, as established by the Environmental Protection Act [415 ILCS 5/1 et seq.], and the rules and regulations promulgated thereunder.

Where, upon diligent search, the identity or whereabouts of the owner or owners of the property, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The court shall grant an order authorizing testing under paragraph (i) above upon a showing of preliminary evidence indicating the presence or likely presence of a hazardous substance or a petroleum product or a release of or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under abandoned property. The preliminary evidence may include, but is not limited to, evidence of prior use, visual site inspection, or records of prior environmental investigations. The testing authorized by paragraph (i) above shall include any type of investigation which is necessary for an environmental professional to determine the environmental condition of the property, including but not limited to performance of soil borings and groundwater monitoring. The court shall grant a remediation order under paragraph (ii) above where testing of the property indicates that it fails to meet the applicable remediation objectives. The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the inspection, testing, or remediation incurred by the municipality or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is a lien on the real estate; except that in any instances where a municipality incurs costs of inspection and testing but finds no hazardous substances or petroleum products on the property that present an actual or imminent threat to public health and safety, such costs are not recoverable from the owners nor are such costs a lien on the real estate. The lien is superior to all prior existing liens and encumbrances, except taxes and any lien obtained under subsection (a) or (e), if, within 180 days after the completion of the inspection, testing, or remediation, the municipality or the lien holder of record who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (i) a description of the real estate sufficient for its identification, (ii) the amount of money representing the cost and expense incurred, and (iii) the date or dates when the cost and expense was incurred by the municipality or the lien holder of record. Upon payment of the lien amount by the owner of or persons interested in the property after the notice of lien has been filed, a release of lien shall be issued by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien.

The lien may be enforced under subsection (c) or by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures; provided that where the lien is enforced by foreclosure under subsection (c) or under either statute, the municipality may not proceed against the other assets of the owner or owners of the real estate for any costs that otherwise would be recoverable under this Section but that remain unsatisfied after foreclosure except where such additional recovery is authorized by separate environmental laws. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate.

All liens arising under this subsection (f) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(g) In any case where a municipality has obtained a lien under subsection (a), the municipality may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure [735 ILCS 5/2-101 et seq.] and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure [735 ILCS 5/12-101 et seq.].

POWERS OVER CERTAIN BUSINESSES

Division 42.1. Public Contracts

Section

DIVISION 42.1.

PUBLIC CONTRACTS

65 ILCS 5/11-42.1-1 [Delinquent taxpayers]

(a) Except as provided otherwise in this Section, a municipality may not enter into a contract or agree-

ment with an individual or other entity that is delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Before awarding a contract, the municipality shall obtain a statement under oath from the individual or entity that no such taxes are delinquent. Making a false statement is a Class A misdemeanor. In addition, making a false statement voids the contract and allows the municipality to recover all amounts paid to the individual or entity under the contract in a civil action. A municipality may not regulate contracts with individuals or entities that are delinquent in payment of such taxes in a manner inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution [Ill. Const., Art. VII, § 6] on the concurrent exercise by home rule municipalities of powers and functions exercised by the State.

(b) For purposes of this Section, a person or other entity shall not be considered delinquent in the payment of a tax if the person or entity (1) has entered into an agreement with the Department of Revenue for the payment of all such taxes that are due and (2) is in compliance with the agreement. In that case, the sworn statement required by subsection (a) shall state those facts.

(c) Notwithstanding the provisions of subsection (a), a municipality may enter into a contract with an individual or other entity that is delinquent in the payment of a tax if the contracting authority for the municipality determines that:

(1) the contract is for goods or services vital to the public health, safety, or welfare; and

(2) the municipality is unable to acquire the goods or services at a comparable price and of comparable quality from other sources.

PUBLIC WORKS, BUILDINGS AND PROPERTY EMINENT DOMAIN AND PUBLIC WORKS — GENERAL

Division 61. General Eminent Domain Power and Power to Purchase on Contract

Section

DIVISION 61.

GENERAL EMINENT DOMAIN POWER AND POWER TO PURCHASE ON CONTRACT

65 ILCS 5/11-61-1 [Eminent domain; condemnation]

The corporate authorities of each municipality may exercise the right of eminent domain by condemnation proceedings in conformity with the provisions of the constitution and statutes of the State of Illinois for the acquirement of property useful, advantageous or desirable for municipal purposes or public welfare including property in unincorporated areas outside of but adjacent and contiguous to the municipality where required for street or highway purposes by the municipality.

HISTORY:
Laws 1961, p. 2425.

65 ILCS 5/11-61-1.5 Acquiring property by gift, legacy, or grant

Every municipality has the power to acquire by gift, legacy, or grant any real estate or personal property, or rights therein, for purposes authorized under this Code as its governing body may deem proper, whether the land or personal property is located within or outside the municipal boundaries. This Section applies to gifts, legacies, and grants acquired before, on, or after the effective date of this amendatory Act of the 92nd General Assembly [P.A. 92-102].

HISTORY:
P.A. 92-102, § 5.

65 ILCS 5/11-61-1a [Quick-take procedures; rapid transit lines]

Any municipality with a population of over 500,000 may utilize the quick-take procedures if such procedures are commenced on or before January 1, 1990, for exercising the power of eminent domain under Section 7-103 of the Code of Civil Procedure (now Article 20 of the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.]) for the purpose of constructing or extending rapid transit lines within the area bounded by a line beginning at the intersection of East Jackson Boulevard and South Michigan Avenue in the City of Chicago, running South on South Michigan Avenue to East Pershing Road, then West on East Pershing Road and West Pershing Road to South Ashland Avenue, then South on South Ashland Avenue to West Garfield Boulevard, then West on

West Garfield Boulevard and West 55th Street to South Pulaski Road, then South on South Pulaski Road to West 63rd Street, then West on West 63rd Street to South Central Avenue, then North on South Central Avenue to West 55th Street, then East on West 55th Street to South Cicero Avenue, then North on South Cicero Avenue to West 47th Street, then East on West 47th Street to South Kedzie Avenue, then North on South Kedzie Avenue to West Cermak Road, then East on West Cermak Road to South Halsted Street, then North on South Halsted Street to West Jackson Boulevard, then East on West Jackson Boulevard and East Jackson Boulevard to the place of beginning.

HISTORY:
P.A. 84-1477; 94-1055, § 95-10-65.

65 ILCS 5/11-61-2 [Taking]

The corporate authorities of each municipality may vacate, lay out, establish, open, alter, widen, extend, grade, pave, or otherwise improve streets, alleys, avenues, sidewalks, wharves, parks, and public grounds; and for these purposes or uses to take real property or portions thereof belonging to the taking municipality, or to counties, school districts, boards of education, sanitary districts or sanitary district trustees, forest preserve districts or forest preserve district commissioners, and park districts or park commissioners, even though the property is already devoted to a public use, when the taking will not materially impair or interfere with the use already existing and will not be detrimental to the public.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-61-3 [Purchase of property for public purpose]

The corporate authorities of each municipality having a population of less than 1,000,000 inhabitants shall have the express power to purchase or lease either real estate or personal property for public purposes through contracts which provide for the consideration for such purchase or lease to be paid through installments to be made at stated intervals during a certain period of time, but, in no case, shall such contracts provide for the consideration to be paid during a period of time in excess of 20 years nor shall such contracts provide for the payment of interest at a rate of more than that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", [30 ILCS 305/1 et seq.] approved May 26, 1970, as amended. The indebtedness incurred under this Section when aggregated with existing indebtedness may not exceed the debt limits provided in Division 5 of Article 8 of this Code [65 ILCS 5/8-5-1 et seq.].

The amendatory Acts of 1972 and 1973 are not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 84-283; 91-493, § 10.

65 ILCS 5/11-61-4 Eminent domain

Notwithstanding any other provision of this Code, any power granted under this Code to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 95-5-110.

STREETS AND PUBLIC WAYS

Division 81. Street and Bridge Tax

Division 82. Cost of Oiling Streets

DIVISION 80.

GENERAL POWERS OVER STREETS AND PUBLIC WAYS

65 ILCS 5/11-80-1 [Applicability of other laws]

All provisions of this Code relating to the control of streets, alleys, sidewalks and all other public ways are subject to the provisions of "The Illinois Vehicle Code", as now and hereafter amended [625 ILCS 5/1-100 et seq.], and the Illinois Highway Code, as now and hereafter amended [605 ILCS 5/1-101 et seq.].

HISTORY:
P.A. 81-840.

65 ILCS 5/11-80-2 [Power to regulate use of streets and other municipal property]

The corporate authorities of each municipality may regulate the use of the streets and other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-2a [Restriction of streets for residential parking]

In areas zoned for residential use, the corporate authorities may restrict part of each street for "residents parking only".

HISTORY:
P.A. 79-545.

65 ILCS 5/11-80-3 [Prevention and removal of encroachments]

The corporate authorities of each municipality may prevent and remove encroachments or obstructions upon the streets and other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-4 [Lighting of streets and other property]

The corporate authorities of each municipality may provide for the lighting of streets and other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-5 [Tax for street lighting]

The corporate authorities of each municipality, with the concurrence of two-thirds of all of the alderpersons, trustees or commissioners elected therein, may levy and collect annually, in addition to all other taxes now authorized by law, a tax of not to exceed .05% of the value, as equalized or assessed by the Department of Revenue, of the taxable property in the municipality, to be used exclusively for the purpose of lighting streets. The tax authorized by this Section is in addition to taxes for general corporate purposes authorized by Section 8-3-1 [65 ILCS 5/8-3-1].

The foregoing tax rate limitation, insofar as it is applicable to municipalities of less than 500,000 population, may be increased or decreased under the referendum provisions of the General Revenue Law of Illinois.

HISTORY:
P.A. 86-280; 2021 P.A. 102-15, § 35, effective June 17, 2021.

65 ILCS 5/11-80-6 [Street cleaning]

The corporate authorities of each municipality may provide for the cleaning of streets and other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-7 [Installation, maintenance and removal of gas or water utilities]

The corporate authorities of each municipality may regulate the openings in streets and other municipal property for the laying, building, repairing, and removing of gas or water mains and pipes, or sewers, tunnels, and drains and may erect gas lights.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-8 [Use of space above streets, alleys or other municipal property]

The corporate authorities of each municipality may regulate the use of the space over the streets, alleys, other municipal property, and public places of the city, and upon payment of proper compensation, to be fixed by ordinance, may permit the use of the space more than 12 feet above the level of such streets, alleys, property or places, except for purely private uses.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-9 [Activities tending to annoy or endanger persons or property on sidewalks, streets or other municipal property] [Effective until July 1, 2023]

The corporate authorities of each municipality may prevent and regulate all amusements and activities having a tendency to annoy or endanger persons or property on the sidewalks, streets, and other municipal property.

However, no municipality may prohibit a charitable organization, as defined in Section 2 of the Charitable Games Act [230 ILCS 30/2], from soliciting for charitable purposes, including solicitations taking place on public roadways from passing motorists, if all of the following requirements are met.

(1) The persons to be engaged in the solicitation are law enforcement personnel, firefighters, or other persons employed to protect the public safety of a local agency, and that are soliciting solely in an area that is within the service area of that local agency.

(2) The charitable organization files an application with the municipality having jurisdiction over the location or locations where the solicitation is to occur. The application shall be filed not later than 10 business days before the date that the solicitation is to begin and shall include all of the following:

(A) The date or dates and times of day when the solicitation is to occur.

(B) The location or locations where the solicitation is to occur along with a list of 3 alternate locations listed in order of preference.

(C) The manner and conditions under which the solicitation is to occur.

(D) Proof of a valid liability insurance policy in the amount of at least $1,000,000 insuring the charity or local agency against bodily injury and property damage arising out of or in connection with the solicitation.

The municipality shall approve the application within 5 business days after the filing date of the application, but may impose reasonable conditions in writing that are consistent with the intent of this Section and are based on articulated public safety concerns. If the municipality determines that the applicant's location cannot be permitted due to significant safety concerns, such as high traffic volumes, poor geometrics, construction, maintenance operations, or past accident history, then the municipality may deny the application for that location and must approve one of the 3 alternate locations following the

order of preference submitted by the applicant on the alternate location list. By acting under this Section, a local agency does not waive or limit any immunity from liability provided by any other provision of law.

For purposes of this Section, "local agency" means a municipality, special district, fire district, joint powers of authority, or other political subdivision of the State of Illinois.

A home rule unit may not regulate a charitable organization in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution [Ill. Const., Art. VII, § 6] on the concurrent exercise by home rule units of powers and functions exercised by the State.

HISTORY:
Laws 1961, p. 576; P.A. 97-692, § 10; 98-134, § 10; 98-756, § 240.

65 ILCS 5/11-80-9 [Activities tending to annoy or endanger persons or property on sidewalks, streets or other municipal property] [Effective July 1, 2023]

The corporate authorities of each municipality may prevent and regulate all amusements and activities having a tendency to annoy or endanger persons or property on the sidewalks, streets, and other municipal property. However, no municipality may prohibit a charitable organization, as defined in Section 2 of the Charitable Games Act [230 ILCS 30/2], from soliciting for charitable purposes, including solicitations taking place on public roadways from passing motorists, if all of the following requirements are met.

(1) The persons to be engaged in the solicitation are law enforcement personnel, firefighters, or other persons employed to protect the public safety of a local agency, and that are soliciting solely in an area that is within the service area of that local agency.

(2) The charitable organization files an application with the municipality having jurisdiction over the location or locations where the solicitation is to occur. The application shall be filed not later than 10 business days before the date that the solicitation is to begin and shall include all of the following:

(A) The date or dates and times of day when the solicitation is to occur.

(B) The location or locations where the solicitation is to occur along with a list of 3 alternate locations listed in order of preference.

(C) The manner and conditions under which the solicitation is to occur.

(D) Proof of a valid liability insurance policy in the amount of at least $1,000,000 insuring the charity or local agency against bodily injury and property damage arising out of or in connection with the solicitation.

The municipality shall approve the application within 5 business days after the filing date of the application, but may impose reasonable conditions in writing that are consistent with the intent of this Section and are based on articulated public safety concerns. If the municipality determines that the applicant's location cannot be permitted due to significant safety concerns, such as high traffic volumes, poor geometrics, construction, maintenance operations, or past crash history, then the municipality may deny the application for that location and must approve one of the 3 alternate locations following the order of preference submitted by the applicant on the alternate location list. By acting under this Section, a local agency does not waive or limit any immunity from liability provided by any other provision of law.

For purposes of this Section, "local agency" means a municipality, special district, fire district, joint powers of authority, or other political subdivision of the State of Illinois.

A home rule unit may not regulate a charitable organization in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

HISTORY:
Laws 1961, p. 576; P.A. 97-692, § 10; 98-134, § 10; 98-756, § 240; 2022 P.A. 102-982, § 50, effective July 1, 2023.

65 ILCS 5/11-80-10 [Deposit of garbage and other offensive matter]

The corporate authorities of each municipality may regulate and prevent the depositing of ashes, offal, dirt, garbage, or any other offensive matter in, and to prevent injury to streets, alleys, or other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-11 [Cross-walks, curbs, and gutters]

The corporate authorities of each municipality may provide for and regulate cross-walks, curbs, and gutters. However, after the effective date of this amendatory Act of 1973, all new curbs which are provided for by any municipality, and all existing curbs which are a part of any reconstruction, within any block which is contiguous to any highway and in which more than 50% of the territory is devoted to or zoned for business, commercial or industrial use shall comply with this Section. In order to enable persons using wheelchairs to travel freely and without assistance, at each cross-walk a ramp with non-slip surface shall be built into the curb so that the sidewalk and street blend to a common level. Such ramp shall conform to the standards adopted by the

Capital Development Board in accordance with the Environmental Barriers Act [410 ILCS 25/1 et seq.]. Where because of surrounding buildings or other restrictions it is impossible to conform the slope with this requirement, the ramp shall contain a slope with as shallow a rise as possible under the circumstances. In all ramps there shall be a gradual rounding at the bottom of the slope.

HISTORY:
P.A. 86-447.

65 ILCS 5/11-80-12 [Construction of mills, mill-races, and feeders]

The corporate authorities of each municipality may authorize the construction of and may regulate mills, mill-races, and feeders on, through, or across the streets and other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-13 [Use, construction and repair of sidewalks]

The corporate authorities of each municipality may regulate the use of sidewalks, the construction, repair, and use of openings in sidewalks, and all vaults and structures thereon and thereunder, including telephone booths, and may require the owner or occupant of any premises to keep the sidewalks abutting the premises free from snow and other obstructions.

HISTORY:
Laws 1963, p. 2430.

65 ILCS 5/11-80-14 [Signs, posts and advertisements on streets, sidewalks and public property]

The corporate authorities of each municipality may regulate and prevent the use of streets, sidewalks, and public property for signs, sign posts, awnings, awning posts, telegraph poles, watering places, racks, posting handbills and advertisements.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-15 Street advertising; adult entertainment advertising

(a) The corporate authorities of each municipality may license street advertising by means of billboards, sign boards, and signs and may regulate the character and control the location of billboards, sign boards, and signs upon vacant property and upon buildings.

(b) The corporate authorities of each municipality may further regulate the character and control the location of adult entertainment advertising placed on billboards, sign boards, and signs upon vacant property and upon buildings that are within 1,000 feet of the property boundaries of schools, day care centers, cemeteries, public parks, and places of religious worship.

For the purposes of this subsection, "adult entertainment" means entertainment provided by an adult bookstore, striptease club, or pornographic movie theater whose business is the commercial sale, dissemination, or distribution of sexually explicit materials, shows, or other exhibitions.

HISTORY:
Laws 1961, p. 576; P.A. 89-605, § 5.

65 ILCS 5/11-80-16 [Exhibition or carrying of banners, signs, placards, advertisements, or handbills]

The corporate authorities of each municipality may regulate and prohibit the exhibition or carrying of banners, signs, placards, advertisements, or handbills on the sidewalks, streets, or other municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-17 [Flying of flags, banners, or signs]

The corporate authorities of each municipality may regulate and prevent the flying of flags, banners, or signs across streets or from houses.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-18 [Numbering of buildings and lots]

The corporate authorities of each municipality may regulate the numbering of buildings and lots. No change in the numbering of buildings and lots shall be effective until 30 days after the election authorities having jurisdiction in the area in which such numbering is changed and the post office branch serving that area have been notified by the corporate authority initiating such action of the change in writing by certified or registered mail.

HISTORY:
P.A. 80-398.

65 ILCS 5/11-80-19 [Naming of streets, avenues, alleys or other public places]

The corporate authorities of each municipality may name originally and then may change the name of any street, avenue, alley, or other public place. No change in the name of any street, avenue, alley or other public place shall be effective until 30 days after the election authorities having jurisdiction in the area in which the name of the public place is changed and the post office branch serving that area

have been notified by the corporate authority initiating such action of the change in writing by certified or registered mail.

HISTORY:
P.A. 80-398.

65 ILCS 5/11-80-20 [Traffic and sales upon streets, sidewalks, public places, and municipal property]

The corporate authorities of each municipality may regulate traffic and sales upon the streets, sidewalks, public places, and municipal property.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-21 [Use of railroad track, right-of-way or railroad company land]

The corporate authorities by condemnation or otherwise may extend any street or alley over or across, or may construct any sewer under any railroad track, or through the right-of-way or land of any railroad company. Where no compensation is made to the railroad company, however, the municipality shall restore the railroad track, right-of-way, or land so that its usefulness will not be impaired more than is reasonably necessary.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-80-23 [Compensation of school crossing guards]

The corporate authorities of each municipality may employ and fix the compensation of persons to serve as school crossing guards, on a part-time basis, by directing traffic and protecting children crossing the streets in going to and from school. The corporate authorities of any municipality may pay such compensation from general corporate funds or may levy, annually, in municipalities having a population of less than 500,000 a special tax for that purpose of not to exceed .02% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in that municipality. Such a tax is in addition to the amount authorized to be levied for general purposes by Section 8-3-1 [65 ILCS 5/8-3-1].

HISTORY:
P.A. 81-1509.

65 ILCS 5/11-80-24 Collocation of small wireless facilities.

(a) A municipality may propose that a small wireless facility be collocated on an existing utility pole within 200 feet of the wireless providers proposed location within its public rights-of-way under paragraph (3) of subsection (d) of Section 15 of the Small Wireless Facilities Deployment Act [50 ILCS 840/15] and the entity owning the utility pole shall provide access for that purpose.

(b) Any fee charged for the use of a utility pole under this Section shall be at the lowest rate charged by the entity owning the utility pole for other wireless providers and shall not exceed the entity's actual costs.

(c) Nothing in this Section alters anything in Section 15 of the Small Wireless Facilities Deployment Act.

HISTORY:
2021 P.A. 102-9, § 30, effective June 3, 2021.

DIVISION 81.

STREET AND BRIDGE TAX

65 ILCS 5/11-81-1 [Tax for street and bridge purposes of municipality which includes a township or road district within its corporate limits]

The corporate authorities of each municipality, whether incorporated under the general law or a special charter, which includes wholly within its corporate limits a township or townships, or a road district, may levy, annually, a tax for street and bridge purposes of not to exceed .06% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in any township or road district lying wholly within the limits of that municipality. But if, in the opinion of three-fourths of the members elected to the city council or board of trustees of such a municipality, a greater levy for bridge and street purposes is needed, an additional levy may be made of any sum not exceeding .04% of such taxable property. Municipalities having a higher limitation than .10% for street and bridge purposes on July 1, 1967 may continue to levy such higher rate.

The street and bridge tax authorized by this Section shall be in addition to: (1) any tax that such a municipality is now authorized to levy for street or bridge purposes, and (2) the tax that such a municipality is now authorized to levy upon all property within the municipality, and (3) the amount authorized to be levied for general purposes as provided by Section 8-3-1 [65 ILCS 5/8-3-1].

HISTORY:
P.A. 81-1509.

65 ILCS 5/11-81-2 [Tax for street or bridge purposes by other municipalities]

The city council of any city and the board of trustees of any village or incorporated town, whether organized under the general law or special charter, which does not correspond to the description set out in Section 11-81-1 [65 ILCS 5/11-81-1], may annually levy a tax for street and bridge purposes at a rate of

not to exceed .06% of the value, as equalized or assessed by the Department of Revenue, and may by a three-fourths vote of the members elected to such city council or board of trustees levy an additional tax for street and bridge purposes at a rate of not to exceed .04% of the value, as equalized or assessed by the Department of Revenue, of taxable property within such city, village or incorporated town. Municipalities having a higher limitation than .10% for street and bridge purposes on July 1, 1967 may continue to levy such higher rate. However, if any city, village or incorporated town levying such tax for street and bridge purposes is situated as a whole or in part within any road district in which a tax for road and bridge purposes has also been levied under the authority of Section 6-501 of the "Illinois Highway Code" as the same may from time to time be amended [605 ILCS 5/6-501], the county clerk shall as to the taxable property lying within such city, village or incorporated town, reduce and abate from such street and bridge tax levied by the authority of this Section 11-81-2 [65 ILCS 5/11-81-2] a rate equivalent to the amount of all road district road and bridge taxes accruing to such city, village or incorporated town in accordance with the provisions of Section 6-507 of the "Illinois Highway Code" as the same may from time to time be amended [605 ILCS 5/6-507].

Such street and bridge tax authorized by this Section 11-81-2 shall be in addition to any tax any such city, village or incorporated town is now authorized to levy for street or bridge purposes and shall be in addition to the tax that such city, village or incorporated town is now authorized to levy upon the aggregate valuation of all property within such city, village or incorporated town, and shall be in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 [65 ILCS 5/8-3-1].

HISTORY:
P.A. 81-1509.

DIVISION 82.

COST OF OILING STREETS

65 ILCS 5/11-82-1 [Payment for oiling streets]

The corporate authorities of any city or village with a population of less than 20,000 may, for the purpose of oiling the streets or public highways within the corporate limits of the city or village, direct the payment of the costs thereof out of any money in the municipal treasury not otherwise appropriated.

HISTORY:
Laws 1961, p. 576.

DIVISION 83.

RESURFACING STREETS BY SPECIAL ASSESSMENT

65 ILCS 5/11-83-1 [Ordinance for resurfacing streets]

In addition to all other means or methods authorized by law for the repair, maintenance, resurfacing, or reconstruction of street pavements, any municipality, by ordinance, may provide for the resurfacing of streets paved by macadam, brick, granite, blocks, asphalt, cement, or other type of pavement, when that pavement becomes disintegrated at the surface or by reason of wear, usage, or lapse of time becomes otherwise inadequate, defective, or imperfect. The municipality, by that ordinance, may provide for the payment of the whole or any part of the cost of the resurfacing of those streets (1) by special taxation of the lots or parcels of land fronting upon those streets, or (2) by special assessment upon the property benefited by the improvement of those streets through the resurfacing, or (3) by apportioning the cost of the resurfacing so that part of the cost will be paid by special assessment upon the property benefited and part of it by appropriation from the fund accumulated through the vehicle tax levied in accordance with the statute for purposes of street and alley improvement or repair.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-83-2 [Levy and collection of special assessment]

The corporate authorities of any municipality may, of their own motion, pass ordinances providing for the resurfacing of streets as specified in Section 11-83-1 [65 ILCS 5/11-83-1], and for the nature, character, and locality, and description thereof. Upon the passage of an ordinance so providing, all proceedings thereafter to be had for the levy and collection of special assessments to defray the cost thereof shall be in accordance with the provisions of Article 9 [65 ILCS 5/9-1-1 et seq.].

HISTORY:
Laws 1961, p. 576.

DIVISION 84.

SIDEWALK CONSTRUCTION AND REPAIR

65 ILCS 5/11-84-1 [Construction and repair of sidewalks; taxation of adjoining parcels]

In addition to any other manner authorized by law, any municipality, by ordinance, may provide for the

construction and repair of sidewalks therein, along or upon any streets or part of streets therein. The corporate authorities, by that ordinance, may provide for the payment of the whole or any part of the cost thereof by special taxation of the lots, blocks, tracts, or parcels of land touching upon the line where such a sidewalk is ordered. This special taxation may be either by levying the whole or any part of the cost thereof upon each of the lots, blocks, tracts, or parcels of land touching upon the line of the sidewalk, pro rata, according to their respective values. The values of the lots, blocks, tracts, or parcels of land shall be determined by the last preceding assessment thereof for the purpose of state and county taxation. Or the whole or any part of the cost thereof may be levied upon such lots, blocks, tracts, or parcels of land in proportion to their frontage upon such sidewalk, or in proportion to their superficial area, as may be provided by ordinance ordering the laying down of the sidewalk. In case the ordinance only requires a part of the cost of the sidewalk to be paid by a special tax as provided in this section, the residue of the cost shall be paid out of any fund of the municipality raised by general taxation upon the property in the municipality and not otherwise appropriated. Such a municipality, by one and the same ordinance, may provide for the construction or repair of sidewalks under this article on 2 or more streets, or parts of streets, or on one or both sides of any street or streets, whenever the sidewalks are so connected, or otherwise related, as to constitute a single system of improvement. A duplicate copy of the ordinance, duly certified by law, shall be delivered by the clerk of the municipality to the recorder of deeds of each county in which any part of the property is located not less than 30 days before commencement of any construction by the municipality as specified hereinafter in this Division 84. Each recorder shall record the copy and keep it as part of the permanent records of the office of such recorder. Such special taxes are a lien upon the property against which they are charged from the date upon which a copy of said ordinance is filed or recorded, which lien is discharged when the tax has been paid or the property has been sold pursuant to Section 11-84-5 of this Act [65 ILCS 5/11-84-5].

When the tax has been fully paid, the corporate authorities of the municipality shall execute and record, in the recorder's office of the county in which the land is located, a release of the lien of the taxes so paid, and shall deliver a copy of the release to the owner of the property.

HISTORY:
P.A. 85-1252.

65 ILCS 5/11-84-2 [Ordinance]

Such an ordinance shall define the location of the proposed sidewalk or the sidewalk to be repaired with reasonable certainty, shall prescribe its width, the materials of which it is to be constructed and the manner of its construction, and may provide that the materials and construction shall be under the supervision of and subject to the approval of an officer or board of officers of the municipality to be designated in the ordinance.

The ordinance shall require all owners of lots, blocks, tracts, or parcels of land touching the line of a proposed sidewalk to construct or repair a sidewalk in front of or touching upon their respective lots, blocks, tracts, or parcels of land in accordance with the specifications of the ordinance, within 30 days after the mailing of notice of the passage of the ordinance, addressed to the party who last paid the general taxes on the respective lots, blocks, tracts, or parcels. In default thereof the municipality may furnish the materials and construct or repair the sidewalk in accordance with the ordinance, or may enter into a contract for the furnishing of the materials and the construction or repair of the sidewalk as hereinafter provided in this Division 84. The cost of such part thereof as may be fixed in the ordinance may be collected as hereinafter provided in this Division 84. The municipality may issue vouchers bearing not to exceed 6% interest annually in payment of these sidewalks, payable solely out of the special tax provided for in this Division 84 when the tax is collected.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-3 [Bill of costs; preparation of special tax list]

Such an ordinance may provide that a bill of the costs of the sidewalk, showing the cost of the construction or repair and supervision thereof, shall be made by the officer or board designated by the ordinance to take charge of the construction or repair of the sidewalk, together with a list of the lots, blocks, tracts, or parcels of land touching upon the line of the sidewalk, the names of the parties who last paid the general taxes on the respective lots, blocks, tracts, or parcels and the frontage, superficial area, or assessed value as specified in Section 11-84-1 [65 ILCS 5/11-84-1], according as the ordinance may provide for the levy of the cost by the frontage, superficial area or assessed value.

Thereupon, if the owner of any lot, block, tract, or parcel of land has failed or refused to construct or repair his portion of the sidewalk in accordance with the provisions of the ordinance, the specified officer or board shall proceed to prepare a special tax list against those lots, blocks, tracts or parcels of land in front of or touching upon which the sidewalk has not been constructed or repaired, ascertaining by computation the amount of special taxes and the annual installments thereof to be charged against each of those lots, blocks, tracts, or parcels of land on account of the construction or repair of the sidewalk, according to the rule fixed for the levy of that special tax by the ordinance.

This special tax list shall be filed in the office of the specified officer or board, and this officer or board shall thereupon issue warrants directed to the municipal collector, or to such officer as may be designated in the ordinance, for the collection of the amount of special tax so ascertained and appearing from this special tax list to be due from the respective lots, blocks, tracts, or parcels of land touching upon the line of the sidewalk. However, the aggregate amount of each special tax shall be divided into 5 annual installments of equal amounts, except that all fractional amounts shall be added to the first installment, so as to leave the remaining installments equal in amount and each a multiple of $100.

The first installment shall be due and payable on the second day of January next after the date of the first voucher issued on account of the work done, and the second installment one year thereafter, and so on annually until all installments are paid. The specified officer or board shall file in the office of the municipal collector, or such officer as may be designated to collect the tax, a certificate, signed by the officer or secretary of the board preparing the tax list, of the date of the first voucher and of the amount thereof within 30 days after the issuance thereof.

All the installments shall bear interest as provided in this section until paid, at the rate of not to exceed 6% annually. Interest on assessments shall begin to run from the date of the first voucher issued on account of work done. The interest on each installment shall be payable as follows: On the second day of January next succeeding the date of the first voucher as certified, the interest accrued up to date on all unpaid installments shall be due and payable and it shall be collected with the installment. Thereafter the interest on all unpaid installments shall be payable annually and be due and payable at the same time as the installment maturing in that year and be collected therewith.

In all cases the municipal collector, or the officer designated to collect the tax, whenever payment is made of any installment, shall collect all interest that is due up to the date of that payment, whether the payment is made at or after maturity. Any person may at any time pay the whole assessment against any lot, block, tract or parcel of land, or any installment thereof, with interest as provided in this section up to the date of payment. The municipal collector, or the officer designated to collect the tax, shall proceed to collect the warrants by mailing a written notice to the address of the party who last paid the general taxes on the respective lots, blocks, tracts, or parcels of land in the list, that the tax list is in his possession for collection. All money so collected shall be immediately paid over by that officer to the municipal treasurer of that municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-4 [Report of municipal tax collector upon failure to collect special tax]

Upon failure to collect the special tax as hereinbefore provided in this Division 84, the municipal collector, or the officer designated to collect the tax on or before the first day of August in each year, shall make a written report of this special tax to such general officer of the county as may be authorized by law to apply for judgment against and sell lands for taxes due the county or state. This report shall also contain an enumeration of (1) all the lots, blocks, tracts, or parcels of land upon which this special tax remains unpaid, (2) the names of the respective owners thereof, so far as the names are known to the collecting officer, (3) the amount due and unpaid upon each lot, block, tract, or parcel and (4) a copy of the ordinance ordering the construction of the sidewalk. This report shall be accompanied by the oath of the officer that the list is a correct return of the lots, blocks, tracts, or parcels of land on which the special tax levied by authority of the municipality for the cost or partial cost, as the case may be, of the sidewalk specified in that ordinance remains due and unpaid, and that the amounts therein stated as due and unpaid, have not been collected, nor any part thereof. This report, when so made, is prima facie evidence that all the forms and requirements of the law in relation to making that return have been complied with, and that the special tax, as mentioned in the report, is due and unpaid.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-5 [Judgment for overdue or unpaid taxes]

When the specified general officer of the county receives such a report, he shall at once proceed to obtain judgment against the lots, blocks, tracts, or parcels of land enumerated therein for the special tax remaining due and unpaid, in the same manner as may be provided by law for obtaining judgment against land for taxes due and unpaid to the county and state, and in the same manner shall proceed to sell the same for the special tax due and unpaid. In obtaining this judgment, and making this sale, the specified officer shall be governed by the general revenue laws of Illinois, except when otherwise provided in this Division 84. The general revenue laws shall also apply to the execution of certificates of sales and deeds, and to the force and effect of these sales and deeds. All other laws in relation to the enforcement and collection of taxes, and redemption from tax sales, shall apply to proceedings to collect this special tax, except as otherwise provided in this Division 84.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-6 [Order for cost of sidewalk construction or repair, less special tax]

Whenever payment of the cost of such sidewalk is required to be made in part by special tax and in part out of any general fund of the municipality, and the owner of a lot, block, tract, or parcel of land constructs or repairs the sidewalk in accordance with the ordinance for its construction or repair the officer or board directed by the ordinance to superintend the construction or repair thereof shall thereupon have issued to that owner, an order on the municipal treasurer for the cost of the construction or repair of the sidewalk, less the amount of special tax chargeable to the lot, block, tract, or parcel of land of that owner on the line of which the sidewalk has been so constructed or repaired.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-7 [Contracts for sidewalk construction or repair]

Except as herein otherwise provided for municipalities of more than 500,000 population, all contracts for the construction or repair of sidewalks as provided in this Division 84, when the expense thereof exceeds $1,500, shall be let to the lowest responsible bidder in the following manner: Notice shall be given by the officer or board designated in the ordinance to take charge of the construction or repair and supervision of a sidewalk, by advertisement at least twice, not more than 30 nor less than 15 days in advance of the day of opening the bids, that bids will be received for the construction or repair of that sidewalk in accordance with the ordinance therefor, in one or more newspapers published within the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality. In municipalities with less than 500 population in which no newspaper is published, publication may instead be made by posting a notice in 3 prominent places within the municipality. The notice shall state the time of opening the bids. All bids offered shall be accompanied by cash or a check payable to the order of the officer or board having charge of the improvement, and certified by a responsible bank, for an amount which shall not be less than 10% of the aggregate of the bid. All contracts shall be approved by the officer, or the presiding officer of the board, having the supervision of the construction or repair of that sidewalk.

In municipalities of more than 500,000 population, the letting of contracts for the construction or repair of sidewalks as provided in this Division 84 shall be governed by the provisions of Division 10 of Article 8 [65 ILCS 5/8-10-1 et seq.].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-84-8 [Annulment of special tax; new ordinance]

If a special tax for the construction or repair of a sidewalk is annulled by the corporate authorities or set aside by any court, a new ordinance may be passed and a new tax may be made and returned. This power to pass a new ordinance providing for a new tax exists only when (1) the prior ordinance was passed under "An Act to provide additional means for the construction of sidewalks in cities, towns and villages," approved April 15, 1875, as amended, or under this Division 84, and (2) when the prior ordinance was merely defective but not void.

The proceedings therefor shall be the same as in the first instance, and all parties in interest shall have like rights and like powers in relation to any subsequent tax as are hereby given in relation to the first tax. No special tax shall be levied for work already done under a prior ordinance, unless it appears that the work was done in good faith, by the municipality, or under contract duly let and executed, pursuant to an ordinance providing that the sidewalk should be paid for by special tax.

HISTORY:
Laws 1961, p. 576.

DIVISION 85.

CERTAIN JOINT MUNICIPAL AND TOWNSHIP CONSTRUCTION PROJECTS

65 ILCS 5/11-85-1 [Municipal power to contract with contiguous township]

Municipalities lying within one or more townships, or whose boundaries are coextensive with the boundaries of a township, have the power to enter into a contract with any township within which the municipality lies, or with any township lying immediately contiguous to the municipality, and such township has the power to enter into a contract with such municipality, for the construction of any public improvement consisting of the construction of any bridge, subway, elevated way, or viaduct which may lie partly within the municipality, and partly outside the municipality and within the township, or consisting of the improvement of the roadway of any highway or street upon and along which runs the line of the corporate limits of the municipality, so that the improvement as proposed would lie partly within the municipality and partly within the township, in the manner authorized in this Division 85.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-85-2 [Plans, specifications and estimates; letting of contract]

The corporate authorities of such municipality and the commissioner of highways in and for such township, in the manner they agree upon, shall procure (1) detailed plans and specifications of the proposed improvement, (2) a detailed estimate of the cost thereof prepared by a competent engineer, showing the total estimated cost of the improvement, and (3) separate estimates from that engineer of the portions thereof within and without the municipality. As soon as the corporate authorities both of the municipality and of the township approve the plans, specifications, and estimates as a basis for the letting of a contract for the improvement, and as soon as the proportions of the cost thereof are agreed upon by the corporate authorities of the municipality and township, they may proceed jointly to let a contract therefor as provided in this section.

This contract shall be let only upon competitive bidding, in the manner provided for the letting of contracts by municipalities for the constructing of local improvements under the provisions of Article 9 [65 ILCS 5/9-1-1 et seq.], except that (1) the advertising for bids for the construction of the proposed improvement shall be authorized and made by the corporate authorities of both the municipality and the township, (2) bids for the construction shall be received by those corporate authorities jointly at the time and place agreed upon and stated in the notice for bids, and (3) no contract shall be let except by the approval of the corporate authorities of both the municipality and the township. All contracts shall be signed and executed by the officials of the municipality and of the township who may be vested generally, by law or ordinance, with the duty of the execution of contracts, for and in behalf of the respective bodies, and all bonds for the performance of a contract shall be made payable to those corporate bodies jointly.

All consents, agreements, and approvals provided for in this Division 85 shall be by writing and when hereby required to be made or given by a municipality, shall be made or given by a resolution of the corporate authorities of the municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-85-3 [Ordinance for special assessment or tax]

If a municipality desires to pay its proportion of the cost of such an improvement by a special assessment or a special tax upon the property within the municipality benefited by the improvement, either before or after the letting of the contract as provided by Section 11-85-2 [65 ILCS 5/11-85-2], it may pass an ordinance providing for the improvement and that the cost thereof shall be paid by a special tax or a special assessment, to be levied upon the municipality and upon the property within the municipality specially benefited by the improvement. The proceedings thereafter for the levy of that special assessment or special tax, and the collection thereof, shall conform to the provisions of Article 9 [65 ILCS 5/9-1-1 et seq.], in so far as the provisions of Article 9 are applicable. It shall be no defense in any proceedings to levy a special assessment or a special tax hereunder that the special assessment or special tax is levied for work previously performed.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-85-4 [Jurisdiction of improvement]

A municipality participating in the construction of an improvement specified in this Division 85 has jurisdiction over the part thereof lying within the corporate limits of the municipality. The participating township has jurisdiction over that part of the improvement lying outside the municipality and within the township. The municipality and the township may repair, maintain, or reconstruct the portions of the improvement within their respective jurisdictions in the manner provided by law in cases of similar improvements lying wholly within their respective jurisdictions. But nothing contained in this section affects any power otherwise given by law to either the municipality or the township to expend money in the repair, maintenance, or reconstruction of the entire improvement or any part thereof.

Although parts of the improvements are under separate jurisdictions, the municipality and the township interested may enter into contracts with each other providing for the repair, maintenance, and upkeep, including lighting, of the improvement, apportioning the cost thereof and providing the method of that repair, maintenance, and upkeep, as may be agreed upon between them.

A township may surrender its jurisdiction over such an improvement to the municipality jointly interested, by agreement made between the corporate authorities of both the municipality and the township. The municipality thus assuming that jurisdiction thereafter shall be chargeable with the repair, maintenance, and upkeep of the part of the improvement so turned over, and may exercise its police powers thereover in like manner as if the improvement lay entirely within the municipality.

HISTORY:
Laws 1961, p. 576.

DIVISION 86.

MUNICIPAL AND PARK RELATIONSHIP CONCERNING STREETS

65 ILCS 5/11-86-1 [Construction and maintenance of elevated way]

Any city, incorporated town or village may con-

struct and maintain an elevated way in or upon any street, and construct and maintain all necessary approaches, inclines and superstructures, and may by ordinance authorize any commission or board having jurisdiction of a public park or parks to take over, maintain and control any street or way, incline, approach or superstructure therein upon terms fixed by such ordinance.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-86-2 [Taking and improving streets by means of surface or elevated ways]

Any city, incorporated town or village may by ordinance duly passed grant to any commission or board having jurisdiction over parks and boulevards the right to take and improve by means of surface or elevated ways for vehicles and pedestrians a street or streets not more than one mile in length in any one instance, and for that purpose to construct, maintain and control all approaches, inclines and superstructures convenient or necessary for the purpose aforesaid.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-86-3 [Extending streets through parks]

Where any park is located wholly within any city, the city council of such city shall have power by ordinance to extend streets through such park as the needs of the public shall demand. Such needs to be determined by the park commissioners having control thereof.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-86-4 [Construction and maintenance of depressed streets in parks]

If the street designated in Section 11-86-3 [65 ILCS 5/11-86-3] is to be used only for boulevard purposes, it may be extended through such park at the grade of other roadways to be crossed by such street so to be extended within such park in the discretion of the park commissioners having control thereof. If such street is to be used for general traffic purposes, it shall be depressed below the street level within such park, as the park commissioners, having control thereof, shall direct. The cost of the construction and maintenance of such depression shall be borne by the city. No such street or streets shall be extended through any park in any city without the consent and express direction of the park commissioners having control of such park.

HISTORY:
Laws 1961, p. 576.

DIVISION 87.

RE-LOCATING WATER COURSES

65 ILCS 5/11-87-1 [Changing or re-locating channel, course, or bed of natural or artificial water course or stream]

Whenever in the judgment of the corporate authorities of any city or village it becomes necessary to change or re-locate the channel, course, or bed of any natural or artificial water course or stream within the corporate limits of the city or village, in order to properly lay out, establish, open, alter, widen, extend, grade, pave, or otherwise improve the streets, alleys, avenues, and sidewalks, or any of them in any part of the city or village, the corporate authorities are hereby vested with the power to provide by ordinance for the laying out, establishing, opening, altering, widening, extending, grading, paving, or otherwise improving those streets, alleys, avenues, and sidewalks, or any of them in any such part of the city or village, and by the same ordinance to provide for the changing or re-locating of the channel, course, or bed of any such water course or stream within the corporate limits of the city or village. The entire improvement provided for by such an ordinance shall constitute a local improvement, the cost of which may be paid for by special assessment, by special taxation of contiguous property, or by general taxation, or otherwise, as the corporate authorities by ordinance shall direct, and in providing for such an improvement they may proceed in accordance with the provisions of Article 9 [65 ILCS 5/9-1-1 et seq.].

In case the corporate authorities re-locate any such channel or water course, the title of the State of Illinois in and to any land artificially made or reclaimed within the corporate limits of any city or village, which prior to the re-location was, but after the re-location is no longer a part of the channel, course, or bed of the natural or artificial water course or stream, shall vest in fee simple absolute, without further act or deed, in the city or village which so re-locates that channel, course, or bed. The State of Illinois shall take the same title and to the same extent in territory in metes and bounds in and to the channel course or bed of the watercourse or stream, after its re-location by the city or village, as it had in the channel course or bed of the watercourse or stream, before its re-location.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-87-2 [Water course or stream construed]

For the purpose of this Division 87, a water course or stream shall be construed to include all banks,

beds, and waters connected with, adjacent, and leading to the watercourse, or stream.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-87-3 [Filling in channel, course, or bed of watercourse]

Whenever any portion within the corporate limits of a city or village of a fork, branch, arm, canal, or slip terminating within the city or village of any natural or artificial watercourse or stream, or a fork, branch, arm, canal, or slip communicating therewith, has been declared non-navigable by the Congress of the United States of America, or the United States of America has surrendered, relinquished, or abandoned jurisdiction of such a portion thereof as a navigable body of water, and in the judgment of the corporate authorities of the city or village it becomes necessary to fill in all or any part of a portion of such a watercourse or stream in order to properly lay out, establish, open, alter, widen, extend, grade, pave, or otherwise improve streets, avenues, or alleys, or any of them, in any part of the city or village, without the construction of a bridge over or along such a watercourse or stream, the corporate authorities have the power to provide by ordinance for the laying out, establishing, opening, altering, widening, extending, grading, paving, or otherwise improving such streets, avenues, and alleys, or any of them, in that part of the city or village and by the same ordinance to provide for the filling in of the channel, course, or bed of a part or all of any portion of such a watercourse or stream within the corporate limits of the city or village.

By this ordinance the corporate authorities may provide for taking by eminent domain of so much of the specified portion of such a watercourse or stream as the city or village requires for the purposes of any such street, avenue, or alley and of the rights in such a watercourse or stream of all owners of land adjoining the specified portion of such a watercourse or stream. The entire improvement provided for by this ordinance shall constitute a local improvement, the cost of which may be paid for by special assessment or special taxation of contiguous property or by general taxation, or otherwise, as the corporate authorities shall direct by ordinance. In providing for such an improvement the corporate authorities may proceed in accordance with the provisions of Article 9 [65 ILCS 5/9-1-1 et seq.].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-87-4 [Application of other laws]

The rights, powers, and authority granted in the preceding sections of this Division 87 shall be subject to the provisions of Section 18 of "An Act in relation to the regulation of the rivers, lakes and streams of the State of Illinois," approved June 10, 1911, as heretofore and hereafter amended [615 ILCS 5/18].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-87-5 [Power to acquire property by condemnation]

Whenever any city or village has changed, altered, or relocated or provides by ordinance to change, alter, or relocate the channel, course, or bed of any natural or artificial watercourse or stream, within the corporate limits of the city or village, and provides by ordinance to lay out, establish, open, alter, widen, extend, grade, pave, construct, or otherwise improve streets, alleys, avenues, sidewalks, viaducts, subway tunnels, or any of them, and any such improvement consists of or requires the taking or damaging of property within one-half mile of any part of the channel, course, or bed of such a natural or artificial course or stream as changed or provided by ordinance to be changed, altered, or relocated, the corporate authorities of the city or village may acquire by condemnation, all property that may be required to enable them to make the improvement.

HISTORY:
Laws 1961, p. 576.

DIVISION 88.

GRANT TO PUBLIC AUTHORITY FOR LOCAL TRANSPORTATION

65 ILCS 5/11-88-1 [Construction and operation of facilities for local transportation; ordinance]

The corporate authorities of each municipality may grant to any political subdivision, municipal corporation or public authority of this state with authority to construct and operate transportation facilities, the right to construct and operate any facilities for local transportation within the municipality and to use the streets and other public places therefor. Such right may be granted for any duration of time and may be exclusive, subject to unexpired franchise ordinances, but shall not be exclusive of the public right in any of the streets and public places. Such grant shall not be effective unless and until it is adopted or approved by a majority of the electors of the municipality voting upon the proposition, and if such grant is by ordinance prescribing terms, conditions and limitations, it shall not be effective unless and until such ordinance is accepted in writing by the grantee and such acceptance is filed with the municipal clerk. Such ordinance may be submitted for approval or adoption at the same election at which any act may be adopted to create any political subdivision, municipal corporation or public authority for transportation of persons or property. The munici-

pal clerk shall promptly certify such ordinance and proposition for submission at an election in accordance with the general election law. It shall not be necessary to print such ordinance in full in the notice of election or on the ballot, but the notice and ballot shall briefly indicate the nature of the ordinance setting out its title and date of passage. After any ordinance prescribing the terms, conditions and limitations of such grant becomes effective, extensions and additions to such local transportation facilities may be authorized by ordinance with or without provision for referendum. After any ordinance prescribing the terms, conditions and limitations of such grant becomes effective, in cities of 500,000 or more population, amendments thereto may be made by ordinance, subject to acceptance in writing by the grantee, as herein provided, without provision for referendum. Such amendments shall not impair the security of any indebtedness of the grantee.

HISTORY:
P.A. 81-1489.

DIVISION 89.

TERMINABLE LOCAL TRANSPORTATION PERMITS

65 ILCS 5/11-89-1 [Construction, reconstruction, maintenance and operation of street railways, railroads and public utility motor vehicles or unified local transportation system]

Subject to the provisions of Section 11-89-2 [65 ILCS 5/11-89-2], every municipality may grant consent, permission, and authority to construct, reconstruct, and maintain and operate street railways, railroads and public utility motor vehicles, or a unified local transportation system comprising both street railways and railroads and which may also comprise public utility motor vehicle lines and any other local public utility transportation facilities in, over, across, along, under, or upon streets, alleys, subways, public ways or public grounds in the municipality, the major portion of which street railways, railroads, public utility motor vehicles, and other local public utility transportation facilities is or is to be located within, or the major portion of the service of which is or is to be supplied to the inhabitants of the municipality, without limiting or fixing any time for the duration of the grant, but reserving to the municipality the right or option to purchase and take over the local transportation properties of the grantee provided for in the grant at the time or times and at the price and upon the terms to be stated or provided for in the grant.

The grant may also provide that the grantee, if so required by the municipality, shall sell, assign, transfer, and convey to any other corporation designated as permittee for the purpose the optional properties at such time or times and at such price and upon such terms as may be stated or provided for in the grant.

Every such grant shall be known as a "terminable permit." The grantee therein, its successors and assigns have the right to construct, reconstruct, and maintain and operate the optioned properties until the municipality or its permittee has purchased and taken over those properties.

In addition to the provisions as to purchase by the municipality or its permittee, a terminable permit may contain any other terms and conditions not contrary to or inconsistent with this Division 89 or with the lawful exercise of the power of the state to regulate public utilities. These other terms and conditions may include, but are not limited to reasonable provisions for specified extensions and additions to lines and facilities, the retirement of investment by amortization or otherwise, or for compensation for the use of a public property computed either by some proportion of the receipts from the operation of the property of the grantee, or otherwise. The circuit court may enforce the provisions of this paragraph by means of injunction, mandamus, or other appropriate proceeding.

HISTORY:
P.A. 79-1361.

65 ILCS 5/11-89-2 [Submission of proposition to municipal electors]

No ordinance of any municipality granting a terminable permit shall become effective until a proposition to approve the ordinance has been submitted to the electors of the municipality and has been approved by a majority of the electors voting upon the proposition. Every such ordinance shall order such submission and shall designate the election at which the proposition is to be submitted. The municipal clerk shall promptly certify such proposition for submission.

The proposition need not include the ordinance in full but shall indicate the nature of the ordinance, and shall be substantially in the following form:

Shall the ordinance passed by the city council (or board of trustees) of (name of municipality) on (insert date), entitled ……., which granted a terminable permit to (here insert the name of the grantee) to construct, maintain, and operate a transportation system upon the terms and conditions therein stated, be approved?	YES NO

HISTORY:
P.A. 81-1489; 91-357, § 75.

65 ILCS 5/11-89-3 [Railroads construed]

The term "railroads" as used in this Division 89 does not include a railroad constituting or used as a part of a trunk line railroad system operated as a common carrier of freight and passengers.

HISTORY:
Laws 1961, p. 576.

DIVISION 90.

STREET RAILWAYS

65 ILCS 5/11-90-1 [Laying tracks for street railways in streets, alleys or public places]

Upon compliance with Section 11-90-2 [65 ILCS 5/11-90-2], and with "An Act in regard to street railroads, and to repeal certain acts herein referred to," approved March 7, 1899, as amended [610 ILCS 115/0.01 et seq.], the corporate authorities of each municipality may permit, regulate, or prohibit the locating, constructing, or laying a track of any street railway in any street, alley, or public place.

Permission under this section shall not be granted for a longer time than for 20 years, except as provided in Sections 11-90-3 and 11-90-4 [65 ILCS 5/11-90-3 and 65 ILCS 5/11-90-4] and Division 89 of this Article 11 [65 ILCS 5/11-89-1 et seq.].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-90-2 [Petition of frontage land owners]

The corporate authorities shall not grant the use of or the right to lay tracks in any street of the municipality to any railroad or street railway corporation except upon the petition of the owners of record of the land representing more than one-half of the frontage of the street, or so much thereof as is sought to be used for railroad or street railway purposes. Whenever the street or part thereof sought to be used is more than one mile in extent, no petition of landowners shall be valid unless the petition shall be signed by the owners of record of the land representing more than one-half of the frontage of each mile and of the fraction of a mile, measuring from the initial point specified in the petition, of the street or of the part thereof sought to be used for railroad or street railway purposes. However, the corporate authorities, without any petition of landowners, may grant the right to lay, maintain and also to operate railroad or street railway tracks, in, upon, or along any street, alley, or public place of the municipality in which the tracks are already laid at the time of making the grant. Also the corporate authorities, without any petition of landowners, may grant the use of or the right to lay tracks in any tunnel or subway beneath the surface of any street, alley, or public place.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-90-3 [Extended term permitted]

Subject to the provisions of Section 11-90-4 [65 ILCS 5/11-90-4], every municipality may grant permission for a term longer than 20 years, but not exceeding 40 years, for locating, constructing, reconstructing, maintaining, operating, and laying tracks of any street railway in any street, alley, or public place in the municipality. However, this section has no application to a grant of a terminable permit expressly authorized by any law of this state.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-90-4 [Submission of proposed extended term to municipal electors]

No ordinance of any municipality granting permission under Section 11-90-3 [65 ILCS 5/11-90-3] for a term longer than 20 years shall become operative until a proposition to approve the ordinance has been submitted to the electors of the municipality and has been approved by a majority of the electors voting upon the proposition. Every such ordinance shall order such submission and shall designate the election at which the proposition is to be submitted in accordance with the general election law. The municipal clerk shall promptly certify such proposition to the proper election officials for submission.

The proposition need not include the ordinance in full but which shall indicate the nature of the ordinance, and shall be substantially in the following form:

Shall the ordinance passed by the city council (or board of trustees, etc.) of (name of municipality) on (insert date) entitled ……., which granted permission for a term of …… years to (here insert the name of the grantee) to locate, construct, reconstruct, maintain, operate, and lay tracks, of (here insert the name of the grantee) in certain streets, alleys, and public places upon the terms and conditions therein stated, be approved?	YES NO

HISTORY:
P.A. 81-1489; 91-357, § 75.

65 ILCS 5/11-90-5: [Repealed] Repealed by P.A. 91-147, § 10, effective September 30, 1999.

65 ILCS 5/11-90-6: [Repealed.] Repealed by P.A. 91-147, § 5, effective September 30, 1999.

65 ILCS 5/11-90-7 Continuation of certain powers derived from the Capital City Railroad Relocation Authority

(a) All of the statutory powers and duties that the Capital City Railroad Relocation Authority had to implement the agreements that it entered into for

Useable Segment 3 (including but not limited to the power to acquire property exchanged by the railroads for the railroad right-of-way acquired by the Authority and to sell, transfer, exchange, or assign property as it deems appropriate), which were transferred to the City of Springfield under Section 11-90-5 of this Code [65 ILCS 5/11-90-5 (now repealed)], shall continue in effect and may be exercised by the City of Springfield until the City has completed the transactions it was required to perform under Section 11-90-5, but only for the implementation of, and subject to, those agreements.

(b) Once the City of Springfield has completed the transactions required to perform the agreements referred to in subsection (a), its powers and duties under this Section are terminated.

(c) All otherwise lawful actions taken before the effective date of this Section in reliance on or pursuant to Section 11-90-5 or 11-90-6 of this Code [65 ILCS 5/11-90-5 or 65 ILCS 5/11-90-6 (now repealed)] by any officer or agency of State government or of the City of Springfield or by any other person or entity are hereby validated.

(d) This Section applies to all claims, civil actions, and proceedings arising out of actions taken in reliance on or pursuant to Section 11-90-5 or 11-90-6 of this Code that are pending on or filed on or after the effective date of this amendatory Act of the 91st General Assembly [P.A. 91-786].

HISTORY:
P.A. 91-786, § 5.

DIVISION 91.

VACATING OF STREETS AND ALLEYS

65 ILCS 5/11-91-1 [Vacating of streets and alleys; ordinance; payment for damaged property]

Whenever the corporate authorities of any municipality, whether incorporated by special act or under any general law, determine that the public interest will be subserved by vacating any street or alley, or part thereof, within their jurisdiction in any incorporated area, they may vacate that street or alley, or part thereof, by an ordinance. The ordinance shall provide the legal description or permanent index number of the particular parcel or parcels of property acquiring title to the vacated property. But this ordinance shall be passed by the affirmative vote of at least three-fourths of the alderpersons, trustees or commissioners then holding office. This vote shall be taken by ayes and noes and entered on the records of the corporate authorities.

No ordinance shall be passed vacating any street or alley under a municipality's jurisdiction and within an unincorporated area without notice thereof and a hearing thereon. At least 15 days prior to such a hearing, notice of its time, place and subject matter shall be published in a newspaper of general circulation within the unincorporated area which the street or alley proposed for vacation serves. At the hearing all interested persons shall be heard concerning the proposal for vacation.

The ordinance may provide that it shall not become effective until the owners of all property or the owner or owners of a particular parcel or parcels of property abutting upon the street or alley, or part thereof so vacated, shall pay compensation in an amount which, in the judgment of the corporate authorities, shall be the fair market value of the property acquired or of the benefits which will accrue to them by reason of that vacation, and if there are any public service facilities in such street or alley, or part thereof, the ordinance shall also reserve to the municipality or to the public utility, as the case may be, owning such facilities, such property, rights of way and easements as, in the judgment of the corporate authorities, are necessary or desirable for continuing public service by means of those facilities and for the maintenance, renewal and reconstruction thereof. If the ordinance provides that only the owner or owners of one particular parcel of abutting property shall make payment, then the owner or owners of the particular parcel shall acquire title to the entire vacated street or alley, or the part thereof vacated.

The determination of the corporate authorities that the nature and extent of the public use or public interest to be subserved in such as to warrant the vacation of any street or alley, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street or alley, or part thereof, constitutes a public use or public interest authorizing the vacation.

When property is damaged by the vacation or closing of any street or alley, the damage shall be ascertained and paid as provided by law.

HISTORY:
P.A. 79-1018; 90-179, § 5; 93-383, § 5; 93-703, § 5; 2021 P.A. 102-15, § 35, effective June 17, 2021.

65 ILCS 5/11-91-2 [Title to street or alley upon abandonment or vacation thereof]

Except in cases where the deed, or other instrument, dedicating a street or alley, or part thereof, has expressly provided for a specific devolution of the title thereto upon the abandonment or vacation thereof, whenever any street or alley, or any part thereof, is vacated under or by virtue of any ordinance of any municipality, the title to the land included within the street or alley, or part thereof, so vacated, vests in the then owners of the land abutting thereon, in the same proportions and to the same extent, as though the street or alley has been dedicated by a common law plat (as distinguished

from a statutory plat) and as though the fee of the street or alley had been acquired by the owners as a part of the land abutting on the street or alley.

HISTORY:
Laws 1961, p. 576.

DIVISION 91.1.

PERSONS DISPLACED BY FEDERAL AID SYSTEM OF STREETS AND HIGHWAYS

65 ILCS 5/11-91.1-1 [Payment to persons displaced by federal highway project]

The municipality is authorized to pay, as part of the cost of construction of any project on the federal aid system of streets and highways, to a person displaced by said highway project the actual reasonable expenses in moving said person, his family, his business, or his farm operation, including the moving of personal property. The allowable expenses for transportation shall not exceed the cost of moving 50 miles from the point from which such person, family, business or farm is being displaced.

The municipality is authorized to adopt rules and regulations as may be determined necessary to implement the payments as authorized by this section.

HISTORY:
P.A. 76-1644.

65 ILCS 5/11-91.1-2 [Moving expense and dislocation allowances]

In lieu of the actual moving expenses heretofore authorized to be paid, the municipality may pay any person displaced, from a dwelling, who elects to accept such payment, a moving expense allowance determined according to a schedule to be established by the municipality, not to exceed $200, and a further dislocation allowance of $100.

HISTORY:
P.A. 76-1644.

65 ILCS 5/11-91.1-3 [Relocation payment for business or farm operations]

In lieu of the actual moving expenses heretofore authorized to be paid, the municipality may pay any person who moves or discontinues his business or farm operation, who elects to accept such payment, a fixed relocation payment in an amount equal to the average annual net earnings of the business or the farm operation, or $5,000, whichever is the lesser. In the case of a business, no payment shall be made unless the municipality is satisfied that the business (1) cannot be relocated without a substantial loss of its existing patronage, and (2) is not part of a commercial enterprise having at least one other establishment not being acquired for highway purposes which is engaged in the same or similar business. The term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before Federal, State and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property being acquired for such project, and includes any compensation paid by the business or farm operation to the owner, his spouse or his dependents during such two year period.

HISTORY:
P.A. 76-1644.

65 ILCS 5/11-91.1-4 [Payment to owner of single, two or three family dwelling acquired for Federal Aid highway project owned and occupied for not less than one year prior to initiation of negotiations for acquisitions of property]

In addition to the amounts heretofore authorized to be paid by the municipality, the municipality may, as a part of the cost of construction, make a payment to the owner of real property acquired for a Federal Aid highway project which is improved by a single, two or three family dwelling actually owned and occupied by the owner for not less than one year prior to the initiation of negotiations for the acquisition of such property, an amount which, when added to the acquisition payment, equals the average price required for a comparable dwelling determined in accordance with standards established by the municipality to be a decent, safe and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and places of employment and available on the private market. Such payment shall not exceed the sum of $5,000, and shall be made only to a displaced owner who purchases and occupies a dwelling that meets the standards established by the municipality within one year subsequent to the date on which he is required to move from the dwelling acquired for the highway project. Any individual or family not eligible to receive such payment, who is displaced from any dwelling which dwelling was actually and lawfully occupied by such individual and family for not less than ninety days prior to the initiation of negotiations for acquisition of such property, may be paid by the municipality an amount necessary to enable such individual or family to lease or rent for a period not to exceed two years, or to make the down payment on the purchase of a decent, safe and sanitary dwelling of standards adequate to accommodate such individual or family in areas not generally less desirable in regard to public utilities and public and commercial facilities. Such payment shall not exceed the sum of $1,500.

HISTORY:
P.A. 76-1644.

65 ILCS 5/11-91.1-5 [Reimbursement for other reasonable and necessary expenses]

In addition to the amounts heretofore authorized to be paid, the municipality may reimburse the owner of real property acquired for a Federal Aid highway project the reasonable and necessary expenses incurred for (1) recording fees, transfer taxes, and similar expenses incidental to conveying such property; and (2) penalty costs for prepayment of any mortgages entered into in good faith encumbering such real property, if such mortgage is on record or has been filed for record under applicable State law on the date of final approval by the Department of Transportation of the location of such highway project.

HISTORY:

65 ILCS 5/11-91.1-6 [Element of damages not created]

Nothing contained in this amendatory Act creates in any proceedings brought under the power of eminent domain any element of damages not in existence as of the date of enactment of this amendatory Act.

HISTORY:
P.A. 76-1644.

DIVISION 91.2.

JURISDICTION OVER ROADS BY AGREEMENT

65 ILCS 5/11-91.2-1 [Surrender by county or State of jurisdiction over right-of-way and improvements of county or State highways, streets or roads by agreement]

A county or the State may surrender its jurisdiction over the right-of-way and improvements of all or part of a county or State highway, street or road to a municipality by agreement made between the corporate authorities of the municipality and the county board or the Illinois Department of Transportation, as the case may be. The agreement shall provide that the right-of-way and improvements continue to be used as a road, street or highway and that the municipality be chargeable with the repair, maintenance and upkeep of the right-of-way and improvements. The municipality may exercise its police powers over the right-of-way and improvements in like manner as if the right-of-way and improvements lay entirely within the municipality.

Laws 1961, p. 576.

TRANSPORTATION SYSTEMS

Division 120. Transportation System Tax

Division 121. Subway System

DIVISION 120.

TRANSPORTATION SYSTEM TAX

65 ILCS 5/11-120-1 [Annual tax levy to operate, maintain and improve local transportation system]

The corporate authorities of any city, village or incorporated town may levy, annually, a tax of not to exceed .03% of the value, as equalized or assessed by the Department of Revenue, on all taxable property therein, to provide revenue for the purpose of operating, maintaining and improving any local transportation system owned and operated by such city, village or incorporated town. This tax shall be in addition to all taxes authorized by law to be levied and collected in the municipality and shall be in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 [65 ILCS 5/8-3-1].

HISTORY:
P.A. 81-1509.

65 ILCS 5/11-120-2 [Adoption of Division]

This Division 120 shall not be in force in any city, village or incorporated town until the question of its adoption is certified by the clerk and submitted to the electors of the city, village or incorporated town and approved by a majority of those voting on the question.

The question shall be in substantially the following form:

Shall Division 120 of the Illinois Municipal Code permitting municipalities to levy an additional annual tax of not to exceed .03% for the purpose of operating, maintaining and improving local transportation systems be adopted?	YES NO

If a majority of the votes cast on the question is in favor of adopting this Division 120, such division shall be adopted. It shall be in force in the adopting city, village or incorporated town for the purpose of the fiscal years succeeding the year in which the election is held.

HISTORY:
P.A. 81-1489.

DIVISION 121.

SUBWAY SYSTEM

65 ILCS 5/11-121-1 [Construction, contracts for or acquisition of subways; subways defined]

Every municipality may construct or enter into contracts for the construction of or to otherwise acquire in, under, upon, across, or along the streets, alleys, and public places of the municipality, and in, under, and upon any other property owned by the municipality or leased to it for the purpose, subways for local transportation and other public utility purposes and for any other municipal purpose. The term "subways" as used in this Division 121, includes all tunnels, entrances, exits, passageways, connections, approaches, inclines, elevators, stations, and other structures, equipment, appliances, or appurtenant property, appropriate to a system of such subways.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-2 [Acquisition of real or personal property by eminent domain]

Every municipality may acquire in the manner provided for by any law of eminent domain of this state, any real or personal property necessary or convenient for the purpose of constructing and operating subways, as provided in Section 11-121-1 [65 ILCS 5/11-121-1].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-3 [Levy for costs of subway construction]

The cost of constructing or otherwise acquiring such subways, or the property necessary or appropriate for the operation thereof, or such part of that cost as may be just and reasonable, may be levied in any municipality upon and collected from the property specially benefited thereby, if any, in the manner provided by Article 9 [65 ILCS 5/9-1-1 et seq.].

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-4 [Borrowing money and issuing interest bearing revenue bonds or certificates]

In order to defray the cost of such subways, or such portion of the cost as may not be raised by special assessment, the municipality may borrow money and issue its bonds or other obligations therefor. Also it may use the available funds belonging to the municipality, including the special funds accumulated from money received by the municipality from street railroad companies and from the operation of local transportation facilities within such municipality, including but not limited to the operation of all subways owned by such municipality, and accretions of interest thereon and principal thereof.

Furthermore, the municipality may borrow money for the purpose of paying the cost of constructing such subways and of extending or improving such subways and of any property and equipment useful therefor. To evidence the obligation of the municipality to repay any money borrowed as aforesaid, the municipality may, pursuant to ordinance adopted by the corporate authorities, from time to time, issue and dispose of its interest bearing revenue bonds or certificates and may also, from time to time, issue and dispose of its interest bearing revenue bonds or certificates to refund any revenue bonds or certificates at maturity or pursuant to redemption provisions or at any time before maturity with the consent of the holders thereof. All such revenue bonds and certificates shall be payable solely from the revenues or income to be derived by the municipality from the operation of local transportation facilities within such municipality, including but not limited to the operation of all subways owned by such municipality, it being intended that the revenues or income from any or all of such local transportation operations may be pledged for the payment of any such revenue bonds and certificates.

The money to be received by such municipality as reimbursement for the initial depreciated cost of furnishing and installing transportation equipment in such subways as defined and required to be paid by the grantee in any ordinance granting the right to operate transportation facilities in such municipality may also be pledged for the payment of any such revenue bonds or certificates and where the amount of such payments to be paid monthly has been agreed upon by such municipality and such grantee prior to the issuance of such bonds or certificates, the amount of such monthly payments so pledged shall not be reduced until all such bonds or certificates shall have been paid.

These bonds and certificates may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, and bear interest at such rate or rates, not exceeding the maximum rate authorized by the Bond Authorization Act, as amended [30 ILCS 305/0.01 et seq.] at the time of the making of the contract, payable semiannually, may be in such form, and carry such registration privileges, may be executed in such manner, may be payable in such place or places, may be made subject to redemption in such manner and upon such terms with or without premium as is stated on the face thereof, may be authenticated in such manner and may contain such terms and covenants all as may be provided in such ordinance. Notwithstanding the form or tenor thereof and in the absence of an express recital on the face thereof that it is nonnegotiable, all such revenue bonds and certificates shall be negotiable instruments. Pending the preparation and execution of any such revenue bonds or certificates, temporary bonds or certificates may be issued with or without interest coupons as may be provided by ordinance.

These revenue bonds or certificates may be issued without submission thereof to the electors of the municipality for approval.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts [5 ILCS 70/8] are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

The amendatory Acts of 1971, 1972 and 1973 are not a limit upon any municipality which is a home rule unit.

HISTORY:
P.A. 86-4.

65 ILCS 5/11-121-5 [Trust agreement to secure payment of bonds or certificates]

To secure the payment of any or all of such revenue bonds or certificates and for the purpose of setting forth the covenants and undertakings of the munici-

pality in connection with the issuance thereof, and the issuance of any additional revenue bonds or certificates payable from such revenues or income, as well as the use and application of the revenues or income to be derived from the operation of local transportation facilities within such municipality, including but not limited to the operation of all subways owned by such municipality, the municipality may execute and deliver a trust agreement or agreements or all such covenants and undertakings to secure the payment of the bonds or certificates may be included in the ordinance authorizing the bonds or certificates. However, no lien upon any physical property of the municipality shall be created thereby. A remedy for any breach or default of the terms of any such trust agreement or ordinance by the municipality may be by mandamus proceedings in any court of competent jurisdiction to compel performance and compliance therewith, but the trust agreement or ordinance may prescribe by whom or upon whose behalf such action may be instituted. Under no circumstances shall any revenue bonds or certificates issued by the municipality hereunder be or become an indebtedness or obligation of the municipality within the purview of any constitutional limitation or provision. It shall be plainly stated on the face of each revenue bond and certificate that it does not constitute such an indebtedness or obligation, but is payable solely from the revenues or income as aforesaid.

In case any officer whose signature appears on any bond or certificate or interest coupon, issued under this Division 121 ceases to hold his office before delivery thereof, his signature shall be valid and sufficient for all purposes with the same effect as if he had remained in office until delivery thereof.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-6 [Construction in subways of railroad and street railway tracks; lease or use of subways for other transportation facilities]

Without any petition or consent of any property owner, a municipality has the power to lay down and construct in such subways, railroad and street railway tracks and all necessary appurtenances and operate the same for transportation purposes. Likewise, without any petition or consent of any property owner, but subject to the provisions of Section 11-121-7 [65 ILCS 5/11-121-7], a municipality may lease, consent to, permit, or grant the use of such subways, or portions thereof, for transportation purposes, including the right to pay down, construct, and operate railroad and street railway tracks therein, to any political subdivision, municipal corporation or public authority of this state authorized to construct and operate transportation facilities or to any railroad or street railway or other local transportation corporation upon such terms and conditions as the corporate authorities of the municipality by ordinance shall prescribe and for such duration of time as may be authorized by any law of this state governing the grant of permits for local transportation purposes in the streets of the municipality. The municipality may also use the subways or lease or permit the use of the subways for transportation facilities other than railroads and street railways, and to the extent that the subways are not used for transportation purposes, the municipality may use the subways, or lease or permit the use of the subways, for the purposes.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-7 [Voter approval of ordinance]

No ordinance of any municipality granting any lease of, or consent, permit, or right to use such subways for local transportation purposes shall become operative until a proposition to approve the ordinance has been submitted to the electors of the municipality and has been approved by a majority of the electors voting upon the proposition. Every such ordinance shall order such submission and shall designate the election at which the proposition is to be submitted. The municipal clerk shall promptly certify such ordinance and proposition for submission.

The proposition need not include the ordinance in full but shall indicate the nature of the ordinance, and shall be substantially in the following form:

Shall the ordinance passed by the city council (or board of trustees) of (name of municipality) on (insert date), entitled ..... which grants to (name of grantee) a lease of (or consent, permit, or right to use, as the case may be) of the municipally owned subways therein specified, for local transportation purposes, be approved?	YES NO

However, when any municipality by ordinance grants a permit to construct and operate or maintain and operate a local transportation system, including the use of municipally owned subways, and that ordinance is submitted to and approved on a referendum, it is not necessary to pass or to submit to a referendum a separate ordinance granting a lease of or consent, permission, or right for the use of those subways.

HISTORY:
P.A. 81-1489; 91-357, § 75.

65 ILCS 5/11-121-8 [Public utility structures and appliances defined; power of municipality to remove or relocate; limitations on power]

In this section, the term "public utility structures

and appliances" includes lines of a street railroad or other railroad, or both, and the property used to supply or deal in gas, electricity, lighting, water, heating, refrigerating, power, telephone, telegraph, and other public utilities, and any conduits, pipes, wires, poles, or other properties used for the specified purposes or any of them.

Every municipality has the power to require persons owning or operating public utility structures and appliances in, upon, under, over, across, or along the streets, alleys, or public places of the municipality in which it is proposed to construct subways, (1) to remove these public utility structures and appliances from their locations in the streets, alleys, or public places, and (2) to relocate them in such places in the subways or elsewhere in the streets, alleys, or public places of the municipality as may be designated by the municipality, either temporarily or for the remainder of the period of the grant, license, or franchise which the specified persons have to occupy the streets, alleys, and public places for public utility purposes. If any person owning or operating public utility structures and appliances fails or refuses so to remove or relocate them, the municipality may remove or relocate them.

However, the power of the municipality to so remove or relocate public utility structures and appliances itself, or to require persons owning or operating public utility structures and appliances to so remove or relocate them, shall be exercised only upon such terms and conditions as the municipality and these persons may agree upon, or in default of such an agreement, upon such fair and reasonable terms and conditions as the municipality may prescribe. These terms and conditions may include fair and reasonable provisions as to how much, if any, of the expense of the removal, or relocation, shall be paid by the owners or operators of public utility structures and appliances, respectively, and as to what compensation, if any, shall be paid to the municipality by the owners or operators of public utility structures and appliances, respectively, for the use or occupation of such space, if any, as they may use or occupy in the subways.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-121-9 [Actions to recover damage by reason of subway construction, maintenance or operation; priority]

If, within the period of limitations of actions provided in such cases, owners of land abutting or fronting upon any street, alley, or public place in which a subway has been constructed commence actions to recover any damage by reason of the construction, maintenance, or operation of subways under this Division 121, the clerk of the court in which the proceedings are brought shall make up a special trial calendar of all such cases, and the court thereupon shall designate an early time for the hearing thereof. Such cases shall have priority in hearing and determination over all other civil proceedings pending in that court, except election contests.

HISTORY:
P.A. 83-334.

DIVISION 122.

STREET RAILWAYS

65 ILCS 5/11-122-1 [Operation of street railways; street railways defined; rules and regulations; rates and charges; regulation of use]

Subject to the provisions of Section 11-122-6 [65 ILCS 5/11-122-6], every city may own, construct, acquire, purchase, maintain, and operate street railways within its corporate limits. For the purpose of this Division 122 the expression "street railways" includes railways above, on, or below the surface of the city streets. But no city shall proceed to operate street railways unless the proposition to operate is first submitted to the electors of the city as a separate proposition and approved by three-fifths of those voting thereon.

The city council of any city that decides by popular vote, as provided in this Division 122, to operate street railways, has the power to make all needful rules and regulations respecting the operation thereof, including the power to fix and prescribe rates and charges. But these rates and charges shall be high enough (1) to produce a revenue sufficient to bear all costs of maintenance and operation, (2) to meet interest charges on all bonds or certificates issued on account of these railways, and (3) to permit the accumulation of a surplus or sinking fund sufficient to meet all such outstanding bonds or certificates at maturity. Street railways owned and operated by such a city, or owned by the city and leased for operating purposes to a private company, may carry passengers and their ordinary baggage, parcels, packages, and United States mail, and may be utilized for such other purposes as the city council of the city may deem proper. Such street railways may be operated by such motive power as the city council may approve, except steam locomotives.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-122-2 [Lease of street railways by city; reservation of rights; ordinance; voter approval; petition; rental]

Subject to the provisions of Section 11-122-6 [65 ILCS 5/11-122-6], every city may lease street railways, or any part thereof, owned by the city to any

company incorporated under the laws of this state for the purpose of operating street railways for any period, not longer than 20 years, on such terms and conditions as the city council deems for the best interests of the public.

Such a city has the power to incorporate in any grant of the right to construct or operate street railways a reservation of the right on the part of the city to take over all or part of those street railways, at or before the expiration of the grant, upon such terms and conditions as may be provided in the grant. The city also has the power to provide in such a grant that in case the reserved right is not exercised by the city and the city grants a right to another company to operate a street railway in the streets or part of the streets occupied by its grantee under the former grant, the new grantee shall purchase and take over the street railways of the former grantee upon the terms that the city might have taken them over. The city council of the city has the power to make a grant, containing such a reservation, for either the construction or operation or both the construction and operation of a street railway in, upon, and along any of the streets or public ways therein, or portions thereof, in which street railway tracks are already located at the time of the making of the grant, without the petition or consent of any of the owners of the land abutting or fronting upon any street or public way, or portion thereof, covered by the grant.

No ordinance authorizing a lease for a longer period than 5 years, nor any ordinance renewing any lease, shall go into effect until the expiration of 30 days from and after its publication. The ordinance shall be published in a newspaper of general circulation in the city. The publication or posting of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of authorizing the lease of a street railway for a period longer than 5 years to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The city clerk shall provide a petition form to any individual requesting one. And if, within that 30 days, there is filed with the city clerk a petition signed by voters in the municipality equal to 10% or more of the registered voters in the municipality, asking that the ordinance be submitted to a popular vote, the ordinance shall not go into effect unless the question of its adoption is first submitted to the electors of the city and approved by a majority of those voting thereon.

The signatures to the petition need not all be on one paper but each signer shall add to his signature, which shall be in his own handwriting, his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that each signature on the paper is the genuine signature of the person whose name it purports to be.

In case of the leasing by any city of any street railway owned by it, the rental reserved shall be based on both the actual value of the tangible property and of the franchise contained in the lease, and the rental shall not be less than a sufficient sum to meet the annual interest upon all outstanding bonds or street railway certificates issued by the city on account of that street railway.

HISTORY:
P.A. 87-767.

65 ILCS 5/11-122-3 [Borrowing money and issuing bonds; voter approval; condemnation of private property; valuation]

For the purpose of acquiring street railways either by purchase or construction, as provided for in this Division 122, or for the equipment of any such street railways, any city may borrow money and issue its negotiable bonds therefor, pledging the faith and credit of the city. But no such bonds shall be issued unless the proposition to issue the bonds is first submitted to the electors of the city and approved by two-thirds of those voting thereon, nor shall the bonds be issued in an amount in excess of the cost to the city of the property for which the bonds are issued, ascertained as provided in this Division 122, and 10% of that cost in addition thereto.

In the exercise of the powers, or any of them, granted by this Division 122, a city has the power to acquire, take, and hold all necessary property, real, personal, or mixed, for the purposes specified in this Division 122, either by purchase or condemnation in the manner provided by law for the taking and condemning of private property for public use. However, in no valuation of street railway property for the purpose of any such acquisition, except of street railways now operated under existing franchises, shall any sum be included as the value of any earning power of that property or of the unexpired portion of any franchise granted by the city.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-122-4 [Issuance of street railway certificates]

In lieu of issuing bonds pledging the faith and credit of the city, as provided for in Section 11-122-3 [65 ILCS 5/11-122-3], any city may issue and dispose of interest bearing certificates, to be known as "street railway certificates," which, under no circumstances, shall be or become an obligation or liability of the city or payable out of any general fund thereof, but shall be payable solely out of a specified portion of the income to be derived from the street railway property for the acquisition of which they were issued. These certificates shall not be issued and secured by any street railway property in an amount in excess of the cost to the city of that property, as provided in this Division 122, and 10% of that cost in addition thereto.

In order to secure the payment of these street railway certificates and the interest thereon, the city may convey, by way of mortgage or deed of trust, any or all of the street railway property acquired or to be acquired through the issuance thereof. This mortgage or deed of trust shall be executed in such manner as may be directed by the city council and acknowledged and recorded in the manner provided by law for the acknowledgment and recording of mortgages of real estate, and may contain such provisions and conditions not in conflict with the provisions of this Division 122 as may be deemed necessary to fully secure the payment of the street railway certificates described therein. The mortgage or deed of trust may contain the grant of a privilege or right to maintain and operate the street railway property covered thereby, for a period not exceeding 20 years from the date that that property may come into the possession of any person as the result of foreclosure proceedings. This privilege or right may fix the rates of fare which the person securing the privilege or right as the result of foreclosure proceedings shall be entitled to charge in the operation of the property for a period not exceeding 20 years.

Whenever, and as often as, default is made in the payment of any street railway certificate issued and secured by a mortgage or deed of trust, as provided in this section, or in the payment of the interest thereon when due, and that default has continued for the space of 12 months, after notice thereof has been given to the mayor and the financial officer of the city issuing the certificates, it is lawful for the mortgagee or trustee, upon the request of the holders of a majority in amount of the certificates issued and outstanding under the mortgage or deed of trust, to declare the whole of the principal of all such certificates as may be outstanding, to be at once due and payable, and to proceed to foreclose the mortgage or deed of trust in any court of competent jurisdiction.

At a foreclosure sale, the mortgagee, or trustee, or the holders of the certificates may become the purchaser or purchasers of the property and the rights and privileges sold, if he or they be the highest bidders. Any street railway acquired under such a foreclosure shall be subject to regulation by the corporate authorities of the city to the same extent as if the right to construct, maintain, and operate that property had been acquired through a direct grant without the intervention of foreclosure proceedings.

However, no street railway certificates, mortgage, or deed of trust shall ever be issued by any city under the provisions of this Division 122 until the question of the adoption of the ordinance making provision for the issuance thereof has been submitted to a popular vote and approved by a majority of the electors of the city voting upon that question.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-122-5 [Books of account; annual report; examination]

Every city owning, or owning and operating, street railways, shall keep the books of account for these street railways distinct from other city accounts and in such manner as to show the true and complete financial results of the city ownership, or ownership and operation, as the case may be. These accounts shall be so kept as to show: (1) the actual cost to the city of street railways owned, (2) all costs of maintenance, extension, and improvement, (3) all operating expenses of every description, in case of city operation, (4) the amount set aside for sinking fund purposes, (5) if water or other service is furnished for the use of the street railways without charge, as nearly as possible, the value of this service, and also the value of any similar service rendered by the street railways to any other city department without charge, (6) reasonable allowances for interest, depreciation, and insurance, and (7) estimates of the amount of taxes that would be chargeable against the property if owned by a private corporation. The city council shall print annually for public distribution, a report showing the financial results, in the form specified in this section, of the city ownership, or ownership and operation.

The accounts of those street railways, shall be examined at least once a year by a licensed Certified Public Accountant permitted to perform audits under the Illinois Public Accounting Act [225 ILCS 450/0.01 et seq.], who shall report to the city council the results of his examination. This accountant shall be selected in such manner as the city council may direct, and he shall receive for his services such compensation, to be paid out of the income from those street railways, as the city council may prescribe.

HISTORY:
Laws 1961, p. 576; P.A. 94-465, § 15.

65 ILCS 5/11-122-6 [Where Division in force; voter approval adoption]

This Division 122 shall be in force in every city in which "An Act to authorize cities to acquire, construct, own, operate and lease street railways, to provide the means therefor, and to provide for the discontinuance of such operation and ownership," approved May 18, 1903, as amended, has been heretofore adopted and was in force immediately prior to January 1, 1942. This Division 122 shall not be in force in any other city until the question of its adoption in such other city has been submitted to the electors of the city and approved by a majority of those voting thereon.

If the city council in any city has heretofore incorporated or hereafter incorporates in any grant to a private company of the right to construct or operate street railways a provision reserving to the city the right to take over the street railways at or before the expiration of the grant, in case the city later adopted "An Act to authorize cities to acquire, construct, own, operate and lease street railways, to provide the means therefor, and to provide for the discontinuance of such operation and ownership," approved May 18,

1903, as amended, or adopts this Division 122, as the case may be, that provision shall be as valid and effective for all purposes, in case the city later adopts this Division 122 as provided in this section, as if the provision were made a part of a grant after the adoption of this Division 122 by the city.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/11-122-7 [Necessity of ordinance for vote]

In all cases provided in Sections 11-122-1 through 11-122-6 [65 ILCS 5/11-122-1 through 65 ILCS 5/11-122-6] for the submission of questions or propositions to popular vote, the city council shall pass an ordinance stating the substance of the proposition or question to be voted upon and designating the election at which the question or proposition is to be submitted. The city clerk of the city shall promptly certify the ordinance and the proposition for submission at an election in accordance with the general election law.

HISTORY:
P.A. 81-1489.

65 ILCS 5/11-122-8 [Discontinuance; sale or disposal of property; referendum; publication]

Any city having a population of less than 500,000 which has constructed, acquired, or purchased street railways under "An Act to authorize cities to acquire, construct, own, operate and lease street railways, to provide the means therefor, and to provide for the discontinuance of such operation and ownership," approved May 18, 1903, as amended, or under this Division 122, by ordinance of the city council may provide for the discontinuance of their operation and maintenance and may provide for the sale or disposal, in such manner as the city council may determine, of the property and equipment so constructed, acquired, or purchased.

This ordinance shall not become effective until the question of its adoption is certified by the clerk and submitted to a referendum vote of the electors of the city at an election designated in the ordinance. At that election, the ordinance shall be submitted without alteration to the vote of the electors of the city.

The question shall be in substantially the following form:

	YES
Shall the ordinance (stating the nature of the proposed ordinance) be adopted?	NO

If a majority of the electors voting on the question of the adoption of the proposed ordinance vote in favor thereof, the ordinance shall thereupon become a valid and binding ordinance of the city.

Prior to the election upon this ordinance, the city clerk shall have the ordinance published at least once in one or more newspapers published in the city, or, if no newspaper is published therein, then in one or more newspapers with a general circulation within the city. This publication shall be not more than 30 nor less than 15 days in advance of the election.

HISTORY:
P.A. 81-1489.

65 ILCS 5/11-122-9 [Limitation on term of lease or grant]

Nothing contained in this Division 122 authorizes any city to make any street railway grant, or to lease any street railway property, for a period exceeding 20 years from the making of the grant or lease. However, when a right to maintain and operate a street railway for a period not exceeding 20 years is contained in a mortgage or deed of trust to secure street railway certificates, and no such right shall be implied, that period shall commence as provided in Section 11-122-4 [65 ILCS 5/11-122-4].

HISTORY:
Laws 1961, p. 576.

DIVISION 122.1.

CONTRACT FOR PRIVATELY OWNED LOCAL TRANSPORTATION SYSTEM

65 ILCS 5/11-122.1-1 [Authority to contract; terms]

Any municipality shall have power to contract for the operation of a privately owned, local passenger transportation system or a portion thereof within its corporate limits or within a radius of one-half mile thereof upon terms satisfactory to it and to the owner of said system. By such contract, the municipality may bind itself to pay to said owner and operator such sums as may be sufficient, when added to the fares collected from its patrons by the operator, to equal an agreed cost of said service, which cost may include an allowance for depreciation and a reasonable sum for operating and maintaining said transportation system or portion thereof. Such contract shall provide that the municipality may fix the fares to be charged and the service to be rendered by the operator; and a municipality entering into such contract shall have exclusive jurisdiction and control of rates of fare to be charged and service to be provided by such contracting, owning and operating company for the transportation to be provided pursuant to such contract. Upon the execution of such a contract and within 10 days after its effective date the owner of the system shall file 3 copies of such contract certified by the clerk of the municipal corporation executing the same with the Illinois Commerce Commission and shall cause public notice of such contract

to be published in a newspaper of general circulation in the area to be served pursuant to such contract. Thereafter the Illinois Commerce Commission shall enter an order suspending that portion of the operating rights of the owner of the system covered by the provisions of such contract for the period covered by the contract. Such order shall direct continued compliance by the owner of the system with the provisions of Sections 55a and 55b of "An Act concerning public utilities", approved June 29, 1921, as amended.

HISTORY:
Laws 1965, p. 2850.

65 ILCS 5/11-122.1-2 [Authority to contract; payment for service]

Any municipality may contract for the operation of privately owned, local passenger transportation system or a portion thereof within its corporate limits or within a radius of one-half mile thereof upon terms satisfactory to it and to the owner of such system. By the contract, the municipality may bind itself to pay to the owner and operator such sums as may be agreed upon by the municipality.

HISTORY:
P.A. 76-100.

65 ILCS 5/11-122.1-3 [Lease, sale or purchase of property]

Any municipality may lease, sell or purchase, on the installment basis or otherwise, real or personal property for use by such system.

HISTORY:
P.A. 76-100.

65 ILCS 5/11-122.1-4 [Loans, grants, services, financial assistance and projects of Federal government]

A municipality may apply for and accept loans, grants, services, or other financial assistance from, and may participate in projects of, the United States of America, or any agency or instrumentality thereof, under the Federal "Urban Mass Transportation Act of 1964", as now or hereafter amended [49 U.S.C. § 1601 et seq.], or similar Federal mass transportation acts, and may enter into and carry out contracts in connection therewith.

This Section applies to any contract which is otherwise valid and made for the purposes authorized in this Section, even though the contract was executed before the effective date of this amendatory Act of 1969 or the municipality made no appropriation for the contract before it was executed either before or after the effective date of this amendatory Act.

HISTORY:
P.A. 76-100.

DIVISION 122.2.

REGIONAL TRANSPORTATION AUTHORITY

65 ILCS 5/11-122.2-1 [Powers of municipality]

In addition to all its other powers, every municipality shall, in all its dealings with the Regional Transportation Authority established by the "Regional Transportation Authority Act" [70 ILCS 3615/1.01 et seq.], enacted by the 78th General Assembly, have the following powers:

(a) to cooperate with the Regional Transportation Authority in the exercise by the Regional Transportation Authority of all the powers granted it by the Act;

(b) to receive funds from the Regional Transportation Authority upon such terms and conditions as shall be set forth in an agreement between the municipality and the Suburban Bus Board or the Commuter Rail Board, which contract or agreement may be for such number of years or duration as they may agree, all as provided in the "Regional Transportation Authority Act";

(c) to receive financial grants from a Service Board, as defined in the "Regional Transportation Authority Act", upon such terms and conditions as shall be set forth in a Purchase of Service Agreement or other grant contract between the municipality and the Service Board, which contract or agreement may be for such number of years or duration as the Service Board and the municipality may agree, all as provided in the "Regional Transportation Authority Act";

(d) to acquire from the Regional Transportation Authority or a Service Board any Public Transportation Facility, as defined in the "Regional Transportation Authority Act", by purchase contract, gift, grant, exchange for other property or rights in property, lease (or sublease) or installment or conditional purchase contracts, which contracts or leases may provide for consideration to be paid in annual installments during a period not exceeding 40 years; such property may be acquired subject to such conditions, restrictions, liens or security or other interests of other parties as the municipality may deem appropriate and in each case the municipality may acquire a joint, leasehold, easement, license or other partial interest in such property;

(e) to sell, sell by installment contract, lease (or sublease) as lessor, or transfer to, or grant to or provide for the use by the Regional Transportation Authority or a Service Board any Public Transportation Facility, as defined in the "Regional Transportation Authority Act" upon such terms and for such consideration, or for no consideration, as the municipality may deem proper;

(f) to cooperate with the Regional Transportation Authority or a Service Board for the protection of employees and users of public transportation facili-

ties against crime and also to protect such facilities; such cooperation may include, without limitation, agreements for the coordination of police or security forces;

(g) to file such reports with and transfer such records, papers or documents to the Regional Transportation Authority or a Service Board as may be agreed upon with, or required by, the Regional Transportation Authority or a Service Board.

In exercising any of the powers granted in this Section the municipality shall not be subject to the provisions of this Code or any Act making public bidding or notice a requirement for any purchase or sale by a municipality. Notwithstanding any provision of this Code to the contrary, every municipality may enter into Purchase of Service Agreements, grant contracts, other contracts, agreements or leases, as provided in this Section, and may incur obligations and expenses thereunder without making a previous appropriation therefor.

CHAPTER 70

SPECIAL DISTRICTS

STREET LIGHT

Street Lighting District Act

STREET LIGHTING DISTRICT ACT

70 ILCS 3305/0.01 Short title.

This Act may be cited as the Street Lighting District Act.

HISTORY:
P.A. 86-1324; 2021 P.A. 102-558, § 340, effective August 20, 2021.

70 ILCS 3305/1 [Incorporation into district; procedure; form of proposition]

Any area not included within the corporate boundaries of a city, village or incorporated town may be incorporated as a street lighting district in the manner following:

Fifty or more of the legal voters resident within the limits of such proposed district or a majority thereof if less than 100, may petition the circuit court for the county which contains all or the largest portion of the proposed district to order the question to be submitted to the legal voters of such proposed district, whether such proposed territory shall be organized as a street lighting district under this Act; such petition shall be addressed to the court and shall contain a definite description of the boundaries of the territory to be embraced in the proposed district, and the name of such proposed district: Provided, that the territory incorporated in any district formed hereunder may contain any territory not previously included in any street lighting district.

Upon filing any such petition in the office of the circuit clerk of the county in which such petition is made it shall be the duty of the court to consider the boundaries of any such proposed street lighting district whether the same shall be those stated in the petition or otherwise.

Notice shall be given by the court to whom the petition is addressed of the time and place of a hearing upon the subject of the petition which shall be inserted at least once in a newspaper of general circulation published within the proposed street lighting district, or if no newspaper of general circulation is published within such proposed street lighting district, then in a newspaper published in the county which contains all or the largest portion of such proposed district and having a general circulation in such district, at least 20 days before such meeting.

At such meeting the court shall preside; and all persons in such proposed street lighting district shall have an opportunity to be heard; and if the court finds that the petition does not comply with the provisions of law or that the allegations of the petition are not true, the court shall dismiss the petition; but if the court finds that the petition complies with the provisions of law and that the allegations of the petition are true, the same shall be incorporated in an order which shall be filed of record in the court. Upon the entering of such order the court shall certify the proposition to the proper election officials, who shall submit to the legal voters of the proposed street lighting district the question of organization and establishment of the proposed street lighting district at an election. Notice of the referendum shall be given in accordance with the general election law. Such notice shall specify the purpose of such referendum with a description of such proposed district.

The proposition under this section shall be in substantially the following form:

For Street Lighting District
Against Street Lighting District

The court shall cause a written statement of the results of such election to be filed of record in the court. If a majority of the votes cast upon the question shall be in favor of the incorporation of the proposed street lighting district, such district shall thenceforth be an organized street lighting district

under this Act, and the court shall enter an order accordingly and cause the same to be filed of record in the court and shall also cause to be sent to the County Clerk of any and all other counties in which any portion of the district lies a certified copy of the order organizing such district and a plat of the same indicating what lands of the district lie in such other county or counties.

HISTORY:
P.A. 83-343.

70 ILCS 3305/2 [Judicial notice]

All courts in this State shall take judicial notice of the existence of all street lighting districts organized under this Act and every such district shall constitute a body corporate and as such may sue or be sued.

HISTORY:
Laws 1949, p. 1363.

70 ILCS 3305/2a [Addition of territory; procedure; form of proposition]

Additional territory having the qualifications set forth in Section 1 [70 ILCS 3305/1] may be added to any street lighting district as provided for in this Act in the manner following:

Fifty or more of the legal voters resident within the limits of such proposed addition to such street lighting district may petition the circuit court of the county in which the original petition for the formation of said street lighting district was filed, to cause the question to be submitted to the legal voters of such proposed additional territory whether such proposed additional territory shall become a part of any street lighting district organized under this Act and whether the voters of the additional territory shall assume a proportionate share of the bonded indebtedness of such district. The petition shall be addressed to the court and shall contain a definite description of the boundaries of the territory to be embraced in the proposed addition and shall allege facts in support of the addition.

Upon filing the petition in the office of the circuit clerk of the county in which the original petition for the formation of such street lighting district was filed, it shall be the duty of the court to fix a time and place of a hearing upon the subject of said petition.

Notice shall be given by the circuit court, or by the circuit clerk or sheriff upon order of the circuit court of the county in which such petition is filed, of the time and place of a hearing upon the petition in the manner as provided in Section 1. The conduct of the hearing and the manner of conducting a subsequent referendum on the question whether the proposed additional territory shall become a part of the street lighting district, shall be carried out in the manner described in Section 1, as nearly as may be, and in accordance with the general election law but the question shall be in substantially the following form, to-wit:

For joining the ..... Street Lighting District and assuming a proportionate share of bonded indebtedness, if any.
Against joining the ..... Street Lighting District and assuming a proportionate share of bonded indebtedness, if any.

If a majority of the votes cast at the election upon the question of becoming a part of any street lighting district shall be in favor of becoming a part of such street lighting district and if the trustees of said street lighting district accept the proposed additional territory by resolution, such proposed additional territory shall thenceforth be deemed an integral part of such street lighting district and shall be subject to all the benefits of service and responsibilities of said district as herein set forth.

The owner or owners of any tract or tracts of land not included in a street lighting district, may file a written petition, addressed to the trustees of the street lighting district to which they seek to have their tract or tracts of land attached, containing a definite description of the boundaries of the territory and a statement that they desire that their property become a part of the street lighting district to which their petition is addressed, and that they are willing that their property assume a proportionate share of the bonded indebtedness, if any, of such street lighting district.

When such a petition is filed with the trustees, they shall immediately pass a resolution to accept or reject the territory proposed to be attached. If the trustees resolve in favor of accepting such territory, they shall file with the court of the county where the street lighting district was organized the original petition and a certified copy of the resolution and the circuit clerk shall then enter an order stating that such proposed annexed territory shall thenceforth be deemed an integral part of such street lighting district and subject to all of the benefits of service and responsibilities of the district. The circuit clerk shall transmit a certified copy of the order to the county clerk of each county in which any of the territory affected is situated.

HISTORY:
P.A. 81-1489.

70 ILCS 3305/2b [Disconnection of area from district]

The owner or owners of record of any area of land consisting of one or more tracts lying within the boundaries of any street lighting district which (1) is not contiguous in whole or in part to any other street lighting district; (2) contains 20 or more acres; (3) is not subdivided into residential lots and blocks; (4) is located on the border of the street lighting district; and (5) which, if disconnected, will not result in the isolation of any part of the street lighting district

from the remainder of the street lighting district, may have the area disconnected as follows:

The owner or owners of record of any such area of land shall file a petition in the circuit court of the county where the land is situated alleging facts in support of the disconnection. The street lighting district from which disconnection is sought shall be made a defendant and it or any taxpayer residing in that street lighting district, may appear and defend against the petition. If the court finds that the allegations of the petition are true and that the area of land is entitled to disconnection, it shall order the specified land disconnected from the designated street lighting district.

The area of land or any part thereof disconnected from a street lighting district under the provisions of this section shall not be annexed or added to a street lighting district or included in any petition seeking annexation or addition to any street lighting district, for a period of 2 years from the date of such disconnection.

The disconnection of any such area of land shall not exempt it from taxation for the purpose of paying any indebtedness contracted by the corporate authorities of the street lighting district prior to the filing of the petition for disconnection. On the contrary, the territory designated shall be assessed and taxed to pay such indebtedness until this indebtedness is completely paid the same as though the territory had not been disconnected.

HISTORY:
Laws 1967, p. 4046.

70 ILCS 3305/2c Disconnection

Any territory within a street lighting district that is or has been annexed to a city, village or incorporated town that provides street lighting within such city, village or incorporated town is, by operation of law, disconnected from the street lighting district as of the January first after such territory is annexed to the city, village or incorporated town, or in case territory has been so annexed prior to the effective date of this amendatory Act of 1959, as of January 1, 1960. If there are any bonds of the street lighting district outstanding and unpaid at the time such territory is annexed to the city, village or incorporated town, such territory shall remain liable for its proportionate share of such bonded indebtedness and the street lighting district may continue to levy and extend taxes upon the taxable property in such territory for the purpose of amortizing such bonds until such time as such bonds are retired.

Territory shall not be disconnected from a street lighting district if all of the following criteria are met: (i) the municipality which contains all or part of the street lighting district does not levy a property tax on the taxable property in the territory, (ii) the municipality passes an ordinance permitting the street lighting district to operate and levy a tax, and (iii) the municipality does not collect a franchise fee from an electrical utility.

HISTORY:
Laws 1959, p. 2048; P.A. 96-336, § 5.

70 ILCS 3305/3 [Board of trustees; appointment; terms of office; quorum]

A board of trustees consisting of 3 members for the government and control of the affairs and business of the street lighting district incorporated under this Act shall be created in the following manner:

(1) If the district is located wholly within a single county, trustees for the district shall be appointed by the presiding officer of the county board with the advice and consent of the county board;

(2) If the district is located in more than one county, the number of trustees who are residents of a county shall be in proportion, as nearly as practicable, to the number of residents of the district who reside in that county in relation to the total population of the district.

Upon the expiration of the term of a trustee who is in office on the effective date of this amendatory Act of 1975, the successor shall be a resident of whichever county is entitled to such representation in order to bring about the proportional representation required herein, and he shall be appointed by the county board of that county, or in the case of a home rule county as defined by Article VII, Section 6 of the Constitution of 1970, the chief executive officer of that county, with the advice and consent of the county board.

Thereafter, each trustee shall be succeeded by a resident of the same county who shall be appointed by the same appointing authority; however, the provisions of the preceding paragraph shall apply to the appointment of the successor to each trustee who is in office at the time of the publication of each decennial Federal census of population.

Within 60 days after the creation of a street lighting district as provided in Section 1 hereof [70 ILCS 3305/1], the appropriate appointing authority shall appoint 3 trustees. The trustees shall hold their offices for one, 2 and 3 years from the first Monday of May next after their appointment and until their successors have been appointed and qualified. Thereafter on or before the second Monday in April of each year the appointing authority shall appoint one trustee whose term shall be for 3 years commencing on the first Monday in May next after they are respectively appointed. The length of term of the first trustees shall be determined by lot at their first meeting.

The appointing authority shall require each of the trustees to enter into bond with security to be approved by the appointing authority in such sum as the appointing authority may determine.

A majority of the board of trustees shall constitute a quorum. No trustee or employee of the district shall be directly or indirectly interested financially in any

contract, work or business or the sale of any article, the expense, price or consideration of which is paid by the district. The trustees shall provide and adopt a corporate seal for the district.

HISTORY:
P.A. 79-319; 79-855; 79-1454.

70 ILCS 3305/4 [Vacancy in board of trustees]

Whenever a vacancy in the board of trustees shall occur, either by death, resignation, refusal to qualify or for any other reason, the circuit court, as that term is defined in Section 3 of this Act [70 ILCS 3305/3], shall fill such vacancy by appointment for the unexpired term; and such person so appointed shall fill the vacancy until the next regular election for that office.

HISTORY:
P.A. 81-1489.

70 ILCS 3305/5 [Powers and duties of trustees; officers; ordinances, rules and regulations]

The trustees shall exercise all of the powers and control all the affairs and property of such district. The board of trustees, immediately after their appointment and at their first meeting in May of each year thereafter, shall elect one of their number as president and one of their number as secretary. The board shall prescribe the duties and fix the compensation of all of the officers and employees of the street lighting district: Provided that a member of the board of trustees shall in no case receive a sum to exceed $300.00 per annum. The board of trustees shall have full power to pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the street lighting district for carrying into effect the objects for which the district was formed.

HISTORY:
Laws 1953, p. 226.

70 ILCS 3305/5.1 [Prompt payment]

Purchases made pursuant to this Act shall be made in compliance with the "Local Government Prompt Payment Act," approved by the Eighty-fourth General Assembly [50 ILCS 505/1 et seq.].

HISTORY:
P.A. 84-731.

70 ILCS 3305/6 [Publication of ordinances imposing penalty or making appropriation; effective date]

All ordinances imposing any penalty or making any appropriations shall be published at least once in a newspaper of general circulation published in said district, or if no newspaper of general circulation is published therein, then in a newspaper published in the county which contains all or the largest portion of such district and having a general circulation in the district; and no such ordinance shall take effect until ten days after it is so published, and all other ordinances and resolutions shall take effect from and after their passage unless otherwise provided therein.

HISTORY:
P.A. 82-367.

70 ILCS 3305/7 [Proof of ordinances, orders, and resolutions]

All ordinances, orders, and resolutions and the date of publication thereof, may be proven by the certificate of the secretary under the seal of the corporation and when printed in book or pamphlet form and purporting to be published by the board of trustees, such book or pamphlet shall be received as evidence of the passage and legal publication of such ordinances, orders and resolutions as of the dates mentioned in such book or pamphlet, in all courts without further proof.

HISTORY:
Laws 1949, p. 1363.

70 ILCS 3305/8 [Contracts with city, village or incorporated town; borrowing money; bonds; form of question]

The board of trustees of any street lighting district organized hereunder may contract with any city, village or incorporated town lying adjacent to such district or with a public utility for street lighting service to be furnished by such municipality or utility for the street within such district. The board of trustees may also contract for the installation, rental or use of street lights within the street lighting district and for the furnishing of electric service to be used within such district for street lighting purposes.

Any street lighting district incorporated under this Act may borrow money for corporate purposes and may issue bonds therefor, but shall not become indebted in any manner, or for any purpose to an amount in the aggregate to exceed 5% on the valuation of taxable property therein to be ascertained by the last assessment for State and County taxes previous to the incurring of such indebtedness. Whenever the board of trustees of such district desire to issue bonds hereunder they shall order the question submitted to referendum at any election to be held in such district in accordance with the general election law. The notice and conduct of the referendum shall be in accordance with the general election law. If a majority of the voters voting on the question shall have voted in favor of the issue of said bonds, the board of trustees shall order and direct the execution of the bonds for and on behalf of said district. All bonds issued hereunder shall mature

within 20 years. The question under this section shall be in substantially the following form:

Shall bonds be issued for street lighting in the amount of ..... dollars?	YES NO

HISTORY:
P.A. 81-1489.

70 ILCS 3305/9 [Direct annual tax]

At the time of or before incurring any indebtedness the board of trustees shall provide for the collection of a direct annual tax sufficient to pay the interest on the debt as it falls due, and also to pay and discharge the principal thereof as it shall fall due and at least within 20 years from the time of contracting the indebtedness. The tax rate shall not exceed .075 per cent of value, as equalized or assessed by the Department of Revenue.

HISTORY:
P.A. 81-1509.

70 ILCS 3305/10 [Taxes for corporate purposes]

The Board of trustees may levy and collect other taxes for corporate purposes upon property within the territorial limits of such street lighting district, the aggregate amount of which including the tax levied for payment of any bonds issued for each year, shall not exceed .125 per cent of value, as equalized or assessed by the Department of Revenue, except as provided by Section 10.1 [70 ILCS 3305/10.1]. The foregoing limitation upon tax rate may be increased or decreased under the referendum provisions of the General Revenue Law of Illinois.

HISTORY:
P.A. 81-1509.

70 ILCS 3305/10.1 [Levy of more than authorized rate percent; form of proposition]

If the board desires to levy or cause to be levied, annually, more than the rate per cent authorized for corporate purposes by Section 10 [70 ILCS 3305/10] or the rate as increased pursuant to this section, as the case may be, the board may adopt a resolution and certify such resolution and the proposition for an assent to increase the annual tax rate to the proper election officials who shall submit the proposition to the voters of the district at an election in accordance with the general election law. The rate as so increased shall not exceed 2.00%. If at such referendum a majority of the votes cast on the proposition is in favor thereof, the board and the authorities of such district may thereafter, until such authority is revoked in like manner, levy annually upon all taxable property of the district, for corporate purposes, the tax so authorized.

The notice of such referendum election shall specify the proposed increase in the tax rate and shall be published in accordance with the general election law. The proposed increase in the annual tax rate for corporate purposes shall be printed on the ballot and the proposition shall be in substantially the following form:

Shall the annual tax rate for corporate purposes in (insert name of district) be increased by .....% from (insert present rate) to (insert proposed rate)?	YES NO

The board of any district which has the authority to levy the tax at a rate not to exceed .50% as provided for in this Section before October 1, 1977 does not have the authority to increase the tax levy to a rate not to exceed 1.00% unless the question of increasing the taxing authority is submitted to the voters of the district and approved by a majority of the votes cast upon the proposition.

The board of any district which has the authority to levy the tax at a rate not to exceed .50% as provided for in this Section before October 1, 1977 or at a rate not to exceed 1.00% as provided for in this Section before the effective date of this amendatory Act of 1980 does not have the authority to increase the tax levy to a rate not to exceed 2.00% unless the question of increasing the taxing authority is submitted to the voters of the district and approved by a majority of the votes cast upon the proposition.

HISTORY:
P.A. 82-783.

70 ILCS 3305/11 Cessation of district organization.

Notwithstanding any other provision of law, if a majority vote of the board of trustees is in favor of the proposition to annex the district to another district whose boundaries are contiguous, or consolidate the district into a municipality with which the district is coterminous or substantially coterminous, or consolidate the district into the county in which the district sits if the district contains territory within only one county, or consolidate the district into the township in which the district sits if the entire district is located within the district, and if the governing authorities of the governmental unit assuming the functions of the former district agree by resolution to accept the functions (and jurisdiction over the territory, if applicable) of the consolidated or annexed district, then the district shall cease. On the effective date of the annexation or consolidation, all the rights, powers, duties, assets, property, liabilities, indebtedness, obligations, bonding authority, taxing authority, and responsibilities of the district shall vest in and be assumed by the governmental unit assuming the functions of the former district.

The employees of the former district shall be transferred to the governmental unit assuming the functions of the former district. The governmental unit assuming the functions of the former district shall exercise the rights and responsibilities of the former district with respect to those employees. The status and rights of the employees of the former district under any applicable contracts or collective bargaining agreements, historical representation rights under the Illinois Public Labor Relations Act [5 ILCS 315/1 et seq.], or under any pension, retirement, or annuity plan shall not be affected by this amendatory Act.

HISTORY:
2014 P.A. 98-1002, § 50, effective August 18, 2014; 2017 P.A. 100-107, § 25, effective January 1, 2018.

Regional Transportation Authority Act

REGIONAL TRANSPORTATION AUTHORITY ACT

Article II. Powers

Section

ARTICLE II.
POWERS

70 ILCS 3615/2.39 Prioritization process for Northeastern Illinois transit projects.

(a) The Authority shall develop a transparent prioritization process for Northeastern Illinois transit projects receiving State capital funding. The prioritization process must consider, at a minimum: (1) access to key destinations such as jobs, retail, healthcare, and recreation, (2) reliability improvement, (3) capacity needs, (4) safety, (5) state of good repair, (6) racial equity and mobility justice, and (7) economic development. All State capital funding awards shall be made by the Regional Transportation Authority in accordance with the prioritization process. An appropriate public input process shall be established. The Authority shall make a report to the General Assembly each year describing the prioritization process and its use in funding awards.

(b) A summary of the project evaluation process, measures, program, and scores or prioritization criteria for all candidate projects shall be published on the Authority's website in a timely manner.

(c) Starting April 1, 2022, no project shall be included in the 5-year capital program, or amendments to that program, without being evaluated under the selection process described in this Section.

SCHOOLS

COMMON SCHOOLS

School Code

SCHOOL CODE

Article 27. Courses of Study — Special Instruction

Section

ARTICLE 27.

COURSES OF STUDY — SPECIAL INSTRUCTION

105 ILCS 5/27-24.1 Definitions.

As used in the Driver Education Act [105 ILCS 5/27-24 through 105 ILCS 5/27-24.8] unless the context otherwise requires:

"State Board" means the State Board of Education.

"Driver education course" and "course" means a course of instruction in the use and operation of cars, including instruction in the safe operation of cars and rules of the road, the laws of this State relating to motor vehicles, and law enforcement procedures during traffic stops, including appropriate interactions with law enforcement officers, which meets the minimum requirements of this Act and the rules and regulations issued thereunder by the State Board and has been approved by the State Board as meeting such requirements.

"Car" means a motor vehicle of the first division as defined in the Illinois Vehicle Code [625 ILCS 5/1-100 et seq.].

"Motorcycle" or "motor driven cycle" means such a vehicle as defined in the Illinois Vehicle Code.

"Driver's license" means any license or permit issued by the Secretary of State under Chapter 6 of the Illinois Vehicle Code [625 ILCS 5/6-100 et seq.].

"Distance learning program" means a program of study in which all participating teachers and students do not physically meet in the classroom and instead use the Internet, email, or any other method other than the classroom to provide instruction.

With reference to persons, the singular number includes the plural and vice versa, and the masculine gender includes the feminine.

Section

220 ILCS 50/1 [Short title]

This Act shall be known and may be cited as the Illinois Underground Utility Facilities Damage Prevention Act [220 ILCS 50/1 through 220 ILCS 50/14], and for the purposes of participating in the State of Illinois Joint Purchasing Program, the State-Wide One-Call Notice System, commonly referred to as "JULIE, Inc.", shall be considered as created by this Act.

HISTORY:
P.A. 86-674; 96-714, § 5.

220 ILCS 50/2 Definitions

As used in this Act, unless the context clearly otherwise requires, the terms specified in Sections 2.1 through 2.11 [220 ILCS 50/2.1 through 220 ILCS 50/2.11] have the meanings ascribed to them in those Sections.

HISTORY:
P.A. 86-674; 92-179, § 5; 94-623, § 5.

220 ILCS 50/2.1 [Person defined]

"Person" means an individual, firm, joint venture, partnership, corporation, association, municipality or other governmental unit, department or agency, utility cooperative, or joint stock association, and includes any trustee, receiver, or assignee or employee or agent thereof.

HISTORY:
P.A. 86-674; 96-714, § 5.

220 ILCS 50/2.1.3 No show request

"No show request" means a notice initiated by an excavator through the State-Wide One-Call Notice System to the owners or operators of underground utility facilities notified in the prior locate request that either failed to mark their facilities or to communicate their non-involvement with the excavation prior to the requested dig start date and time.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.1.4 Incomplete request

"Incomplete request" means a notice initiated by an excavator through the State-Wide One-Call Notice System to the owners or operators of underground utility facilities notified in a prior locate request that such facility owners or operators, as identified by the person excavating, did not completely mark the entire extent or the entire segment of the proposed excavation, as identified by the excavator in the prior notice.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.1.5 Re-mark request

"Re-mark request" means a notice initiated by an excavator through the State-Wide One-Call Notice System to the owners or operators of underground utility facilities notified in the initial locate request requesting facility owners or operators to re-mark all or part of the work area identified in the initial locate request, because facility markings are becoming or have become indistinguishable due to factors, includ-

ing, but not limited to, weather, fading, construction activity, or vandalism.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.1.6 Residential property owner

"Residential property owner" means any individual or entity that owns or leases real property that is used by such individual or entity as its residence or dwelling. Residential property owner does not include any persons who own or lease residential property for the purpose of holding or developing such property or for any other business or commercial purposes.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.1.9 JULIE Excavator Handbook

"JULIE Excavator Handbook" means the handbook periodically updated and published by the State-Wide One-Call Notice System that provides information for excavators and facility owners and operators on the use and services of the State-Wide One-Call Notice System.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.1.10 Internal electric grid of a wind turbine generation farm

"Internal electric grid of a wind turbine generation farm" means those facilities located within a wind generation farm from a tower to a substation.

HISTORY:
P.A. 96-714, § 5.

220 ILCS 50/2.2 Underground utility facilities.

"Underground utility facilities" or "facilities" means and includes wires, ducts, fiber optic cable, conduits, pipes, sewers, and cables and their connected appurtenances installed beneath the surface of the ground by:

(1) a public utility as defined in the Public Utilities Act [220 ILCS 5/1-101 et seq.];

(2) a municipally owned or mutually owned utility providing a similar utility service;

(3) a pipeline entity transporting gases, crude oil, petroleum products, or other hydrocarbon materials within the State;

(4) a telecommunications carrier as defined in the Universal Telephone Service Protection Law of 1985 [220 ILCS 5/13-100 et seq.], or by a company described in Section 1 of the Telephone Company Act [220 ILCS 65/1];

(5) a community antenna television system, as defined in the Illinois Municipal Code [65 ILCS 5/1-1-1 et seq.] or the Counties Code [55 ILCS 5/1-1001 et seq.];

(6) a holder, as that term is defined in the Cable and Video Competition Law of 2007 [220 ILCS 5/21-100 et seq.];

(7) any other entity owning or operating underground facilities that transport generated electrical power to other utility owners or operators or transport generated electrical power within the internal electric grid of a wind turbine generation farm; and

(8) an electric cooperative as defined in the Public Utilities Act.

HISTORY:
P.A. 86-674; 92-179, § 5; 94-623, § 5; 96-714, § 5; 2018 P.A. 100-863, § 375, effective August 14, 2018.

220 ILCS 50/2.3 Excavation

"Excavation" means any operation in which earth, rock, or other material in or on the ground is moved, removed, or otherwise displaced by means of any tools, power equipment or explosives, and includes, without limitation, grading, trenching, digging, ditching, drilling, augering, boring, tunneling, scraping, cable or pipe plowing, and driving but does not include farm tillage operations or railroad right-of-way maintenance or operations or coal mining operations regulated under the Federal Surface Mining Control and Reclamation Act of 1977 [30 U.S.C. § 1201 et seq.] or any State law or rules or regulations adopted under the federal statute, or land surveying operations as defined in the Illinois Professional Land Surveyor Act of 1989 [225 ILCS 330/1 et seq.] when not using power equipment, or roadway surface milling.

HISTORY:
P.A. 86-674; 86-1195; 87-125; 92-179, § 5; 94-623, § 5.

220 ILCS 50/2.4 [Demolition defined]

"Demolition" means the wrecking, razing, rending, moving, or removing of a structure by means of any power tool, power equipment (exclusive of transportation equipment) or explosives.

HISTORY:
P.A. 86-674.

220 ILCS 50/2.5 [Damage defined]

"Damage" means the contact or dislocation of any underground utility facility or CATS facility during excavation or demolition which necessitates immediate or subsequent repair by the owner of such facility.

HISTORY:
P.A. 86-674.

220 ILCS 50/2.6 Emergency locate request

"Emergency locate request" means a locate request for any condition constituting an imminent danger to

life, health, or property, or a utility service outage, and which requires repair or action before the expiration of 48 hours.

HISTORY:
P.A. 92-179, § 5; 96-714, § 5.

220 ILCS 50/2.7 Tolerance zone

"Tolerance zone" means the approximate location of underground utility facilities or CATS facilities defined as a strip of land at least 3 feet wide, but not wider than the width of the underground facility or CATS facility plus 1-1/2 feet on either side of such facility based upon the markings made by the owner or operator of the facility. Excavation within the tolerance zone requires extra care and precaution including, but not limited to, as set forth in Section 4 [220 ILCS 50/4].

HISTORY:
P.A. 92-179, § 5.

220 ILCS 50/2.8 Approximate location

"Approximate location" means a strip of land at least 3 feet wide, but not wider than the width of the underground facility or CATS facility plus 1.5 feet on either side of the facility.

HISTORY:
P.A. 92-179, § 5.

220 ILCS 50/2.9 Forty-eight hours

"Forty-eight hours" means 2 business days beginning at 8 a.m. and ending at 4 p.m. (exclusive of Saturdays, Sundays, and holidays recognized by the State-Wide One-Call Notice System or the municipal one-call notice system). All requests for locates received after 4 p.m. will be processed as if received at 8 a.m. the next business day.

HISTORY:
P.A. 94-623, § 5.

220 ILCS 50/2.10 Open cut utility locate

"Open cut utility locate" means a method of locating underground utility facilities that requires excavation by the owner, operator, or agent of the underground facility.

HISTORY:
P.A. 94-623, § 5.

220 ILCS 50/2.11 Roadway surface milling

"Roadway surface milling" means the removal of a uniform pavement section by rotomilling, grinding, or other means not including the base or subbase.

HISTORY:
P.A. 94-623, § 5.

220 ILCS 50/3 [State-Wide One-Call Notice System]

The owners or operators of underground utility facilities or CATS facilities that are not currently participants in the State-Wide One-Call Notice System shall, within 6 months of the effective date of this Act, join the State-Wide One-Call Notice System. This Section shall not apply to utilities operating facilities or CATS facilities exclusively within the boundaries of a municipality with a population of at least one million persons.

HISTORY:
P.A. 86-674.

220 ILCS 50/4 Required activities

Every person who engages in nonemergency excavation or demolition shall:

(a) take reasonable action to inform himself of the location of any underground utility facilities in and near the area for which such operation is to be conducted;

(b) plan the excavation or demolition to avoid or minimize interference with underground utility facilities within the tolerance zone by utilizing such precautions that include, but are not limited to, hand excavation, vacuum excavation methods, and visually inspecting the excavation while in progress until clear of the existing marked facility;

(c) if practical, use white paint, flags, stakes, or both, to outline the dig site;

(d) provide notice not less than 48 hours but no more than 14 calendar days in advance of the start of the excavation or demolition to the owners or operators of the underground utility facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System or, in the case of nonemergency excavation or demolition within the boundaries of a municipality of at least one million persons which operates its own one-call notice system, through the one-call notice system which operates in that municipality.

At a minimum, the notice required under this subsection (d) shall provide:

(1) the person's name, address, phone number at which a person can be reached, and fax number, if available;

(2) the start date and time of the planned excavation or demolition;

(3) all counties, cities, or townships, or any combination thereof, where the proposed excavation shall take place;

(4) the address at which the excavation or demolition shall take place;

(5) the type and extent of the work involved; and

(6) the section or quarter sections when the information in items (1) through (5) of this subsection (d) does not allow the State-Wide One-Call Notice System to determine the appropriate exca-

vation or demolition site. This item (6) does not apply to residential property owners;

(e) provide, during and following excavation or demolition, such support for existing underground utility facilities in and near the excavation or demolition area as may be reasonably necessary for the protection of such facilities unless otherwise agreed to by the owner or operator of the underground facility;

(f) backfill all excavations in such manner and with such materials as may be reasonably necessary for the protection of existing underground utility facilities in and near the excavation or demolition area;

(g) after February 29, 2004, when the excavation or demolition project will extend past 28 calendar days from the date of the original notice provided under clause (d), the excavator shall provide a subsequent notice to the owners or operators of the underground utility facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System or, in the case of excavation or demolition within the boundaries of a municipality having a population of at least 1,000,000 inhabitants that operates its own one-call notice system, through the one-call notice system that operates in that municipality informing utility owners and operators that additional time to complete the excavation or demolition project will be required. The notice will provide the excavator with an additional 28 calendar days from the date of the subsequent notification to continue or complete the excavation or demolition project;

(h) exercise due care at all times to protect underground utility facilities. If, after proper notification through the State-Wide One-Call Notice System and upon arrival at the site of the proposed excavation, the excavator observes clear evidence of the presence of an unmarked or incompletely marked utility in the area of the proposed excavation, the excavator shall not begin excavating until all affected facilities have been marked or 2 hours after an additional call is made to the State-Wide One-Call Notice System for the area. The owner or operator of the utility shall respond within 2 hours of the excavator's call to the State-Wide One-Call Notice System; and

(i) when factors, including, but not limited to, weather, construction activity, or vandalism, at the excavation site have caused the utility markings to become faded or indistinguishable, the excavator shall provide an additional notice through the State-Wide One-Call Notice System requesting that only the affected areas where excavation or demolition is to continue be re-marked. Facility owners or operators must respond to the notice to re-mark according to the requirements of Section 10 of this Act [220 ILCS 50/10].

Nothing in this Section prohibits the use of any method of excavation if conducted in a manner that would avoid interference with underground utility facilities.

HISTORY:

P.A. 86-674; 87-125; 88-578, § 5; 88-681, § 45; 92-179, § 5; 93-430, § 5; 94-623, § 5; 96-714, § 5.

220 ILCS 50/5 Notice of preconstruction conference

When the Illinois Department of Transportation notifies an owner or operator of an underground utility facility or CATS facility that the Department will conduct a preconstruction conference concerning new construction, reconstruction, or maintenance of State highways in and near the area in which such owner or operator has placed underground utility facilities, such notification shall, except as otherwise provided in this Section constitute compliance by the Department or its contractors with paragraphs (a), (b), and (d) of Section 4 of this Act [220 ILCS 50/4]. In instances when notification of a preconstruction conference is provided to the owner or operator of an underground utility facility or CATS facility but no specific date is established at the preconstruction conference for the new construction, reconstruction or maintenance of State highways in and near the area in which the owner or operator has placed underground utility facilities or CATS facilities, then the Department or its contractors shall later comply with paragraph (d) of Section 4 of this Act.

HISTORY:

P.A. 86-674; 92-179, § 5.

220 ILCS 50/6 Emergency excavation or demolition

(a) Every person who engages in emergency excavation or demolition outside of the boundaries of a municipality of at least one million persons which operates its own one-call notice system shall take all reasonable precautions to avoid or minimize interference between the emergency work and existing underground utility facilities in and near the excavation or demolition area, through the State-Wide One-Call Notice System, and shall notify, as far in advance as possible, the owners or operators of such underground utility facilities in and near the emergency excavation or demolition area, through the State-Wide One-Call Notice System. At a minimum, the notice required under this subsection (a) shall provide:

(1) the person's name, address, and (i) phone number at which a person can be reached and (ii) fax number, if available;

(2) the start date of the planned emergency excavation or demolition;

(3) the address at which the excavation or demolition will take place; and

(4) the type and extent of the work involved.

There is a wait time of 2 hours or the date and time requested on the notice, whichever is longer, after an emergency locate notification request is made through the State-Wide One-Call Notice System. If the conditions at the site dictate an earlier

start than the required wait time, it is the responsibility of the excavator to demonstrate that site conditions warranted this earlier start time.

Upon notice by the person engaged in emergency excavation or demolition, the owner or operator of an underground utility facility in or near the excavation or demolition area shall communicate with the person engaged in emergency excavation or demolition within 2 hours or by the date and time requested on the notice, whichever is longer by (1) marking the approximate location of underground facilities; (2) advising the person excavating that their underground facilities are not in conflict with the emergency excavation; or (3) notifying the person excavating that the owner or operator shall be delayed in marking because of conditions as referenced in subsection (g) of Section 11 of this Act [220 ILCS 50/11].

The notice by the owner or operator to the person engaged in emergency excavation or demolition may be provided by phone or phone message or by marking the excavation or demolition area. The owner or operator has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone but is unable to do so because the person engaged in the emergency excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not discharge the owner or operator from the obligation to provide notice under this Section.

(b) Every person who engages in emergency excavation or demolition within the boundaries of a municipality of at least one million persons which operates its own one-call notice system shall take all reasonable precautions to avoid or minimize interference between the emergency work and existing underground utility facilities in and near the excavation or demolition area, through the municipality's one-call notice system, and shall notify, as far in advance as possible, the owners and operators of underground utility facilities in and near the emergency excavation or demolition area, through the municipality's one-call notice system.

(c) The reinstallation of traffic control devices shall be deemed an emergency for purposes of this Section.

(d) An open cut utility locate shall be deemed an emergency for purposes of this Section.

HISTORY:

P.A. 86-674; 87-125; 92-179, § 5; 94-623, § 5; 96-714, § 5.

220 ILCS 50/7 Damage or dislocation

In the event of any damage to or dislocation of any underground utility facilities in connection with any excavation or demolition, emergency or nonemergency, the person responsible for the excavation or demolition operations shall immediately notify the affected utility and the State-Wide One-Call Notice System and cease excavation in the area of the damage when the damaged facility is a threat to life or property or if otherwise required by law or, in the case of damage or dislocation in connection with any excavation or demolition within the boundaries of a municipality having a population of at least 1,000,000 inhabitants that operates its own one-call notice system, notify the affected utility and the one-call notice system that operates in that municipality. The person responsible for the excavation or demolition shall not attempt to repair, clamp, or constrict the damaged utility facility unless under the supervision or advisement of the utility facility owner or operator. At no time shall a person under this Act be required by a utility facility owner or operator to attempt to repair, clamp, or constrict a damaged utility facility. In the event of any damage to any underground utility facility that results in the escape of any flammable, toxic, or corrosive gas or liquid, the person responsible for the excavation or demolition shall call 9-1-1 and notify authorities of the damage. Owners and operators of underground utility facilities that are damaged and the excavator involved shall work in a cooperative and expeditious manner to repair the affected utility.

HISTORY:

P.A. 86-674; 92-179, § 5; 93-430, § 5; 96-714, § 5.

220 ILCS 50/8 Liability or financial responsibility

(a) Nothing in this Act shall be deemed to affect or determine the financial responsibility for any operation under this Act or liability of any person for any damages that occur unless specifically stated otherwise.

(b) Nothing in this Act shall be deemed to provide for liability or financial responsibility of the Department of Transportation, its officers and employees concerning any underground utility facility or CATS facility located on highway right-of-way by permit issued under the provisions of Section 9-113 of the Illinois Highway Code [605 ILCS 5/9-113]. It is not the intent of this Act to change any remedies in law regarding the duty of providing lateral support.

(c) Neither the State-Wide One-Call Notice System nor any of its officers, agents, or employees shall be liable for damages for injuries or death to persons or damage to property caused by acts or omissions in the receipt, recording, or transmission of locate requests or other information in the performance of its duties as the State-Wide One-Call Notice System, unless the act or omission was the result of willful and wanton misconduct.

(d) Any residential property owner who fails to comply with any provision of this Act and damages underground utility facilities or CATS facilities while engaging in excavation or demolition on such resi-

dential property shall not be subject to a penalty under this Act, but shall be liable for the damage caused to the owner or operator of the damaged underground utility facilities or CATS facilities.

HISTORY:
P.A. 86-674; 87-125; 92-179, § 5.

220 ILCS 50/9 [Prima facie evidence of negligence]

When it is shown by competent evidence in any action for damages to underground utility facilities or CATS facilities that such damages resulted from excavation or demolition and that the person engaged in such excavation or demolition failed to comply with the provisions of this Act, that person shall be deemed prima facie guilty of negligence. When it is shown by competent evidence in any action for damages to persons, material or equipment brought by persons undertaking excavation or demolition acting in compliance with the provisions of this Act that such damages resulted from the failure of owners and operators of underground facilities or CATS facilities to comply with the provisions of this Act, those owners and operators shall be deemed prima facie guilty of negligence.

HISTORY:
P.A. 86-674.

220 ILCS 50/10 Record of notice; marking of facilities

Upon notice by the person engaged in excavation or demolition, the person owning or operating underground utility facilities in or near the excavation or demolition area shall cause a written record to be made of the notice and shall mark, within 48 hours of receipt of notice or by the requested date and time indicated on the notice, whichever is later, the approximate locations of such facilities so as to enable the person excavating or demolishing to establish the location of the underground utility facilities. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required to respond and mark the approximate location of those sewer facilities when the excavator indicates, in the notice required in Section 4, that the excavation or demolition project will exceed a depth of 7 feet. "Depth", in this case, is defined as the distance measured vertically from the surface of the ground to the top of the sewer facility. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required at all times to locate the approximate location of those sewer facilities when: (1) directional boring is the indicated type of excavation work being performed within the notice; (2) the underground sewer facilities owned are non-gravity, pressurized force mains; or (3) the excavation indicated will occur in the immediate proximity of known underground sewer facilities that are less than 7 feet deep. Owners or operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall not hold an excavator liable for damages that occur to sewer facilities that were not required to be marked under this Section, provided that prompt notice of the damage is made to the State-Wide One-Call Notice System and the utility owner as required in Section 7 [220 ILCS 50/7].

All persons subject to the requirements of this Act shall plan and conduct their work consistent with reasonable business practices. Conditions may exist making it unreasonable to request that locations be marked within 48 hours or by the requested date and time indicated on the notice, whichever is later. It is unreasonable to request owners and operators of underground utility facilities to locate all of their facilities in an affected area upon short notice in advance of a large or extensive nonemergency project, or to request extensive locates in excess of a reasonable excavation or demolition work schedule, or to request locates under conditions where a repeat request is likely to be made because of the passage of time or adverse job conditions. Owners and operators of underground utility facilities must reasonably anticipate seasonal fluctuations in the number of locate requests and staff accordingly.

If a person owning or operating underground utility facilities receives a notice under this Section but does not own or operate any underground utility facilities within the proposed excavation or demolition area described in the notice, that person, within 48 hours or by the requested date and time indicated on the notice, whichever is later, after receipt of the notice, shall so notify the person engaged in excavation or demolition who initiated the notice, unless the person who initiated the notice expressly waives the right to be notified that no facilities are located within the excavation or demolition area. The notification by the owner or operator of underground utility facilities to the person engaged in excavation or demolition may be provided in any reasonable manner including, but not limited to, notification in any one of the following ways: by face-to-face communication; by phone or phone message; by facsimile; by posting in the excavation or demolition area; or by marking the excavation or demolition area. The owner or operator of those facilities has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone or by facsimile, if the person has supplied a facsimile number, but is unable to do so because the person engaged in the excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call or does not have a facsimile machine in operation to receive the facsimile transmis-

sion. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not serve to discharge the owner or operator of the obligation to provide notice under this Section.

A person engaged in excavation or demolition may expressly waive the right to notification from the owner or operator of underground utility facilities that the owner or operator has no facilities located in the proposed excavation or demolition area. Waiver of notice is only permissible in the case of regular or nonemergency locate requests. The waiver must be made at the time of the notice to the State-Wide One-Call Notice System. A waiver made under this Section is not admissible as evidence in any criminal or civil action that may arise out of, or is in any way related to, the excavation or demolition that is the subject of the waiver.

For the purposes of this Act, underground facility operators may utilize a combination of flags, stakes, and paint when possible on non-paved surfaces and when dig site and seasonal conditions warrant. If the approximate location of an underground utility facility is marked with stakes or other physical means, the following color coding shall be employed:

Undeground Facility Facility Owner or Agent Use Only	Identification Color
Electric Power, Distribution and Transmission ..	Safety Red
Municipal Electric Systems	Safety Red
Gas Distribution and Transmission	High Visibility Safety Yellow
Oil Distribution and Transmission	High Visibility Safety Yellow
Telephone and Telegraph Systems	Safety Alert Orange
Community Antenna Television Systems	Safety Alert Orange
Water Systems	Safety Precaution Blue
Sewer Systems	Safety Green
Non-potable Water and Slurry Lines	Safety Purple
Excavator Use Only	
Temporary Survey	Safety Pink
Proposed Excavation	Safety White (Black when snow is on the ground)

HISTORY:
P.A. 86-674; 88-578, § 5; 88-681, §§ 12, 45; 92-179, § 5; 93-430, § 5; 94-623, § 5; 96-714, § 5.

220 ILCS 50/11 Penalties; liability; fund

(a) Every person who, while engaging in excavation or demolition, wilfully fails to comply with the Act by failing to provide the notice to the owners or operators of the underground facilities near the excavation or demolition area through the State-Wide One-Call Notice System as required by Section 4 or 6 of this Act [220 ILCS 50/4 or 220 ILCS 50/6] shall be subject to a penalty of up to $5,000 for each separate offense and shall be liable for the damage caused to the owners or operators of the facility. Every person who fails to provide notice and willfully fails to comply with other provisions of this Act shall be subject to additional penalties of up to $2,500 for each separate offense and shall be liable for the damage caused to the owners or operators of the facility.

(b) Every person who has provided the notice to the owners or operators of the underground utility facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System as required by Section 4 or 6 of this Act, but otherwise wilfully fails to comply with this Act, shall be subject to a penalty of up to $2,500 for each separate offense and shall be liable for the damage caused to the owners or operators of the facility.

(c) Every person who, while engaging in excavation or demolition, has provided the notice to the owners or operators of the underground utility facilities in and near the excavation or demolition area through the State-Wide One-Call Notice System as required by Section 4 or 6 of this Act, but otherwise, while acting reasonably, damages any underground utility facilities, shall not be subject to a penalty, but shall be liable for the damage caused to the owners or operators of the facility provided the underground utility facility is properly marked as provided in Section 10 of this Act [220 ILCS 50/10].

(d) Every person who provides notice to the owners or operators of the underground utility facilities through the State-Wide One-Call Notice System as an emergency locate request and the locate request is not an emergency locate request as defined in Section 2.6 of this Act [220 ILCS 50/2.6] shall be subject to a penalty of up to $2,500 for each separate offense.

(e) Owners and operators of underground utility facilities who willfully fail to comply with this Act by a failure to respond or mark the approximate location of an underground utility as required by subsection (h) of Section 4, subsection (a) of Section 6, or Section 10 of this Act after being notified of planned excavation or demolition through the State-Wide One-Call Notice System, shall be subject to a penalty of up to $5,000 for each separate offense.

(f) As provided in Section 3 of this Act [220 ILCS 50/3], all owners or operators of underground utility facilities who fail to join the State-Wide One-Call Notice System by January 1, 2003 shall be subject to a penalty of $100 per day for each separate offense. Every day an owner or operator fails to join the State-Wide One-Call Notice System is a separate offense. This subsection (f) does not apply to utilities operating facilities exclusively within the boundaries

of a municipality with a population of at least 1,000,000 persons.

(g) No owner or operator of underground utility facilities shall be subject to a penalty where a delay in marking or a failure to mark or properly mark the location of an underground utility is caused by conditions beyond the reasonable control of such owner or operator.

(h) Any person who is neither an agent, employee, or authorized locating contractor of the owner or operator of the underground utility facility nor an excavator involved in the excavation activity who removes, alters, or otherwise damages markings, flags, or stakes used to mark the location of an underground utility other than during the course of the excavation for which the markings were made or before completion of the project shall be subject to a penalty up to $1,000 for each separate offense.

(i) (Blank).

(j) The Illinois Commerce Commission shall have the power and jurisdiction to, and shall, enforce the provisions of this Act. The Illinois Commerce Commission may impose administrative penalties as provided in this Section. The Illinois Commerce Commission may promulgate rules and develop enforcement policies in the manner provided by the Public Utilities Act [220 ILCS 5/1-101 et seq.] in order to implement compliance with this Act. When a penalty is warranted, the following criteria shall be used in determining the magnitude of the penalty:

(1) gravity of noncompliance;

(2) culpability of offender;

(3) history of noncompliance for the 18 months prior to the date of the incident; however, when determining non-compliance the alleged violator's roles as operator or owner and the person engaged in excavating shall be treated separately;

(4) ability to pay penalty;

(5) show of good faith of offender;

(6) ability to continue business; and

(7) other special circumstances.

(k) There is hereby created in the State treasury a special fund to be known as the Illinois Underground Utility Facilities Damage Prevention Fund. All penalties recovered in any action under this Section shall be paid into the Fund and shall be distributed annually as a grant to the State-Wide One-Call Notice System to be used in safety and informational programs to reduce the number of incidents of damage to underground utility facilities in Illinois. The distribution shall be made during January of each calendar year based on the balance in the Illinois Underground Utility Facilities Damage Prevention Fund as of December 31 of the previous calendar year. In all such actions under this Section, the procedure and rules of evidence shall conform with the Code of Civil Procedure, and with rules of courts governing civil trials.

(*l*) The Illinois Commerce Commission shall establish an Advisory Committee consisting of a representative from each of the following: utility operator, JULIE, excavator, municipality, and the general public. The Advisory Committee shall serve as a peer review panel for any contested penalties resulting from the enforcement of this Act.

The members of the Advisory Committee shall be immune, individually and jointly, from civil liability for any act or omission done or made in performance of their duties while serving as members of such Advisory Committee, unless the act or omission was the result of willful and wanton misconduct.

(m) If, after the Advisory Committee has considered a particular contested penalty and performed its review functions under this Act and the Commission's rules, there remains a dispute as to whether the Commission should impose a penalty under this Act, the matter shall proceed in the manner set forth in Article X of the Public Utilities Act [220 ILCS 5/10-101 et seq.], including the provisions governing judicial review.

P.A. 86-674; 92-179, § 5; 94-623, § 5; 96-714, § 5.

220 ILCS 50/11.3 Emergency telephone system outages; reimbursement

Any person who negligently damages an underground facility or CATS facility causing an emergency telephone system outage must reimburse the public safety agency that provides personnel to answer calls or to maintain or operate an emergency telephone system during the outage for the agency's costs associated with answering calls or maintaining or operating the system during the outage. For the purposes of this Section, "public safety agency" means the same as in Section 2.02 of the Emergency Telephone System Act [50 ILCS 750/2.02].

HISTORY:
P.A. 92-149, § 5.

220 ILCS 50/11.5 Limitation on liability

(a) In joining the State-Wide One-Call Notice System, a municipality's liability, under any membership agreement rules and regulations, for the indemnification of (i) the entity that is in charge of or managing the System or any officer, agent, or employee of that entity or (ii) a member of the System or any officer, agent, or employee of a member of the System shall be limited to claims arising as a result of the acts or omissions of the municipality or its officers, agents, or employees or arising out of the operations of the municipality's underground utility facilities.

(b) Subsection (a) shall not be construed to create any additional liability for a municipality in relation to any member of the System with which the municipality may have entered into a franchise agreement. If a municipality's liability for indemnification under a franchise agreement is narrower than under this Section, the franchise agreement controls.

HISTORY:
P.A. 90-481, § 25.

220 ILCS 50/12 [Limitation on actions]

No action may be brought under Section 11 of this Act [220 ILCS 50/11] unless commenced within 2 years after the date of violation of this Act.

HISTORY:
P.A. 86-674.

220 ILCS 50/13 Mandamus or injunction

Where public safety or the preservation of uninterrupted, necessary utility service or community antenna television system service is endangered by any person engaging in excavation or demolition in a negligent or unsafe manner which has resulted in or is likely to result in damage to underground utility facilities or CATS facilities or proposing to use procedures for excavation or demolition which are likely to result in damage to underground utility facilities or CATS facilities, or where the owner or operator of underground utility facilities or CATS facilities endangers an excavator by willfully failing to respond to a locate request, the owner or operator of such facilities or the excavator or the State's Attorney or the Illinois Commerce Commission at the request of the owner or operator of such facilities or the excavator may commence an action in the circuit court for the county in which the excavation or demolition is occurring or is to occur, or in which the person complained of has his principal place of business or resides, for the purpose of having such negligent or unsafe excavation or demolition stopped and prevented or to compel the marking of underground utilities facilities or CATS facilities, either by mandamus or injunction.

HISTORY:
P.A. 86-674; 92-179, § 5.

220 ILCS 50/14 Home rule

The regulation of underground utility facilities and CATS facilities damage prevention, as provided for in this Act, is an exclusive power and function of the State. A home rule unit may not regulate underground utility facilities and CATS facilities damage prevention, as provided for in this Act. All units of local government, including home rule units that are not municipalities of more than 1,000,000 persons, must comply with the provisions of this Act. To this extent, this Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution. A home rule municipality of more than 1,000,000 persons may regulate underground utility facilities and CATS facilities damage prevention.

P.A. 86-674; 92-179, § 5; 99-121, § 5.

TELEGRAPH ACT

Section

220 ILCS 55/0.01 Short title

This Act may be cited as the Telegraph Act.

HISTORY:
P.A. 86-1324.

220 ILCS 55/1 [Applicability]

That every company heretofore incorporated under any general or special law, or which may be incorporated under any general law of this state for the construction or operation of any telegraph line through or in this state, shall possess the powers and privileges and be subject to the duties, restrictions and liabilities prescribed in this act.

HISTORY:
Laws 1874, p. 1052.

220 ILCS 55/3.5 Eminent domain

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 99-5-570.

220 ILCS 55/4 [Consent to erect fixtures on public ground; alteration in location or erection thereof]

No such company shall have the right to erect any poles, posts, piers, abutments, wires or other fixtures of their lines along or upon any public ground outside the corporate limits of a city, town or village, without the consent of the county board of the county in which such public ground is situated, nor upon any public ground within any incorporated city, town or village, without the consent of the corporate authorities of such city, town or village. The consent herein required must be in writing, and shall be recorded in the recorder's office of the county. And such county board, or the city council, or board of trustees of such city, town or village, as the case may be, shall have power to direct any alteration in the location or erection of any such poles, posts, piers or abutments, and also in the height of the wires, having first given the company or its agent opportunity to be heard in regard to such alteration.

The right of any such company to erect such structures, wires or fixtures within the right of way

of any public highway is subject to the provisions of Section 9-113 of the "Illinois Highway Code" as the same may from time to time be amended [605 ILCS 5/9-113].

HISTORY:
Laws 1959, p. 187.

TELEPHONE COMPANY ACT

Section

220 ILCS 65/0.01 Short title

This Act may be cited as the Telephone Company Act.

HISTORY:
P.A. 86-1324.

220 ILCS 65/1 [Applicability]

That each corporation heretofore or hereafter having power under its charter, or under any special or general law of the State of Illinois to construct or operate telephone lines or exchanges in or through Illinois, shall possess the powers and privileges and be subject to the duties, restrictions and liabilities prescribed in this act.

HISTORY:
Laws 1903, p. 350.

220 ILCS 65/4 Right of condemnation

Every telecommunications carrier as defined in the Telecommunications Infrastructure Maintenance Fee Act [35 ILCS 635/1 et seq.] may, when it shall be necessary for the construction, maintenance, alteration or extension of its telecommunications system, or any part thereof, enter upon, take or damage private property in the manner provided for in, and the compensation therefor shall be ascertained and made in conformity to the provisions of the Telegraph Act [220 ILCS 55/0.01 et seq.] and every telecommunications carrier is authorized to construct, maintain, alter and extend its poles, wires, and other appliances as a proper use of highways, along, upon, under and across any highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water in this State, but so as not to incommode the public in the use thereof: Provided, that nothing in this act shall interfere with the control now vested in cities, incorporated towns and villages in relation to the regulation of the poles, wires, cables and other appliances, and provided, that before any such lines shall be constructed along any such highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water it shall be the duty of the telecommunications carrier proposing to construct any such line, to give (in the case of cities, villages, and incorporated towns) to the corporate authorities of the municipality or their designees (hereinafter, municipal corporate authorities) or (in other cases) to the highway commissioners having jurisdiction and control over the road or part thereof along and over which such line is proposed to be constructed, notice in writing in the form of plans, specifications, and documentation of the purpose and intention of the company to construct such line over and along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water, which notice shall be served at least 10 days before the line shall be placed or constructed over and along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water (30 days in the case of any notice providing for excavation relating to new construction in a public highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water); and upon the giving of the notice it shall be the duty of the municipal corporate authorities or the highway commissioners to specify the portion of such highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water upon which the line may be placed, used, and constructed, and it shall thereupon be the duty of the telecommunications retailer to provide the municipal authorities or highway commissioners with any and all plans, specifications, and documentation available and to construct its line in accordance with such specifications; but in the event that the municipal corporate authorities or the highway commissioners fail to provide such specification within 10 days after the service of such notice, (25 days in the case of excavation relating to new construction) then the telecommunications retailer, without such specification having been made, may proceed to place and erect its line along the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water by placing its posts, poles and abutments so as not to interfere with other proper uses of the highway, street, alley, public right-of-way dedicated or commonly used for utility purposes, or water. The telecommunications carrier proposing to construct any such line shall comply with the provisions of Section 9-113 [sic] of the Illinois Highway Code [605 ILCS 5/9-113]. Provided, that the telecommunications carrier shall not have the right to condemn any portion of the right-of-way of any railroad company except as much thereof as is necessary to cross the same.

The Illinois Commerce Commission may adopt reasonable rules governing the negotiation procedures that are used by a telecommunications carrier during precondemnation negotiations for the purchase of land rights-of-way and easements, including procedures for providing information to the public and affected landowners concerning the project and the right-of-way easements sought in connection therewith.

Such rules may be made applicable to interstate, competitive intrastate and noncompetitive intrastate facilities, without regard to whether such facilities or the telecommunications carrier proposing to construct and operate them would otherwise be subject to the Illinois Commerce Commission's jurisdiction under the Public Utilities Act [220 ILCS 5/1-101 et seq.], as now or hereafter amended. However, as to facilities used to provide exclusively interstate services or competitive intrastate services or both, nothing in this Section confers any power upon the Commission (i) to require the disclosure of proprietary, competitively sensitive, or cost information or information not known to the telecommunications carrier, (ii) to determine whether, or conduct hearings regarding whether, any proposed fiber optic or other facilities should or should not be constructed and operated, or (iii) to determine or specify, or conduct hearings concerning, the price or other terms or conditions of the purchase of the right-of-way easements sought. With respect to facilities used to provide any intrastate services classified in the condemnor's tariff as noncompetitive under Section 13-502 of the Public Utilities Act [220 ILCS 5/13-502], the rulemaking powers conferred upon the Commission under this Section are in addition to any rulemaking powers arising under the Public Utilities Act.

No telecommunications carrier shall exercise the power to condemn private property until it has first substantially complied with such rules with respect to the property sought to be condemned. If such rules call for providing notice or information before or during negotiations, a failure to provide such notice or information shall not constitute a waiver of the rights granted in this Section, but the telecommunications carrier shall be liable for all reasonable attorney's fees of that landowner resulting from such failure.

220 ILCS 65/4.5 Eminent domain

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 95-5-757.

CHAPTER 225
PROFESSIONS AND OCCUPATIONS

DESIGN AND CONSTRUCTION
SERVICE AND SALES

DESIGN AND CONSTRUCTION

Professional Engineering Practice Act of 1989

Section
225 ILCS 325/14 Seal. [Repealed January 1, 2030]
225 ILCS 325/15 Technical submissions. [Repealed January 1, 2030]
225 ILCS 325/23 Professional design firm registration. [Repealed January 1, 2030]
225 ILCS 325/24 Grounds for disciplinary action. [Repealed January 1, 2030]
225 ILCS 325/41 Violation; political subdivisions, county, city or town; construction without professional engineer. [Repealed January 1, 2030]

Structural Engineering Practice Act of 1989

225 ILCS 340/12 Seal. [Repealed January 1, 2030]

PROFESSIONAL ENGINEERING PRACTICE ACT OF 1989 [REPEALED JANUARY 1, 2030]

225 ILCS 325/14 Seal. [Repealed January 1, 2030]

Every professional engineer shall have a reproducible seal, which may be computer generated, the imprint of which shall contain the name of the professional engineer, the professional engineer's license number, and the words "Licensed Professional Engineer of Illinois". Any reproducible stamp heretofore authorized under the laws of this State for use by a professional engineer, including those with the words "Registered Professional Engineer of Illinois", shall serve the same purpose as the seal provided for by this Act. The engineer shall be responsible for his or her seal and signature as defined by rule. When technical submissions are prepared utilizing a computer or other electronic means, the seal may be generated by the computer. The licensee may provide, at his or her sole discretion, an original signature in the licensee's handwriting, a scanned copy of the technical submission bearing an original signature, or a signature generated by a computer.

The use of a professional engineer's seal on technical submissions constitutes a representation by the professional engineer that the work has been prepared by or under the personal supervision of the professional engineer or developed in conjunction with the use of accepted engineering standards. The use of the seal further represents that the work has been prepared and administered in accordance with the standards of reasonable professional skill and diligence.

HISTORY:
P.A. 86-667; 88-372, § 5; 91-92, § 10; 92-145, § 5; 96-626, § 10; 98-289, § 15; 2019 P.A. 101-310, § 10, effective August 9, 2019.

225 ILCS 325/15 Technical submissions. [Repealed January 1, 2030]

(a) Technical submissions are the designs, drawings, and specifications that establish the scope of the professional engineering project, the standard of quality for materials, workmanship, equipment, and constructions systems, and the studies and other technical reports and calculations prepared in the course of the practice of professional engineering. All technical submissions prepared by or under the personal supervision of a professional engineer shall bear that professional engineer's seal, signature, and license expiration date. The licensee's written signature and date of signing, along with the date of license expiration, shall be placed adjacent to the seal.

(b) All technical submissions intended for use in the State of Illinois shall be prepared and administered in accordance with standards of reasonable professional skill and diligence. Care shall be taken to reflect the requirements of State statutes and, where applicable, county and municipal ordinances in such submissions. In recognition that professional engineers are licensed for the protection of the public, health, safety, and welfare, submissions shall be of such quality and scope, and be so administered, as to conform to professional standards.

(c) No officer, board, commission, or other public entity that receives technical submissions shall accept for filing or approval any technical submissions relating to services requiring the involvement of a professional engineer that do not bear the seal and signature of a professional engineer licensed under this Act.

(d) It is unlawful to affix one's seal to technical submissions if it masks the true identity of the person who actually exercised responsible control of the preparation of such work. A professional engineer who seals and signs technical submissions is not responsible for damage caused by subsequent changes to or uses of those technical submissions where the subsequent changes or uses, including changes or uses made by State or local governmental agencies, are not authorized or approved in writing by the professional engineer who originally sealed and signed the technical submissions.

(e) The professional engineer who has contract responsibility shall seal a cover sheet of the technical

submissions, and those individual portions of the technical submissions for which the professional engineer is legally and professionally responsible. The professional engineer practicing as the support design professional shall seal those individual portions of technical submissions for which the professional engineer is legally and professionally responsible.

HISTORY:

P.A. 86-667; 89-61, § 15; 91-92, § 10; 92-145, § 5; 2019 P.A. 101-310, § 10, effective August 9, 2019.

225 ILCS 325/23 Professional design firm registration. [Repealed January 1, 2030]

(a) Nothing in this Act shall prohibit the formation, under the provisions of the Professional Service Corporation Act [805 ILCS 10/1 et seq.], of a corporation to practice professional engineering.

Any business, including a Professional Service Corporation, that includes within its stated purposes or practices, or holds itself out as available to practice, professional engineering shall be registered with the Department pursuant to the provisions set forth in this Section.

Any sole proprietorship not owned and operated by an Illinois licensed design professional licensed under this Act shall be prohibited from offering professional engineering services to the public. Any sole proprietorship owned and operated by a professional engineer with an active license issued under this Act and conducting or transacting such business under an assumed name in accordance with the provisions of the Assumed Business Name Act [805 ILCS 405/0.01 et seq.] shall comply with the registration requirements of a professional design firm. Any sole proprietorship owned and operated by a professional engineer with an active license issued under this Act and conducting or transacting such business under the real name of the sole proprietor is exempt from the registration requirements of a professional design firm. "Illinois licensed design professional" means a person who holds an active license as a professional engineer under this Act, as an architect under the Illinois Architecture Practice Act of 1989 [225 ILCS 305/1 et seq.], or as a structural engineer under the Structural Engineering Practice Act of 1989 [225 ILCS 340/1 et seq.].

(b) Any professional design firm seeking to be registered pursuant to the provisions of this Section shall not be registered unless one or more managing agents in charge of professional engineering activities in this State are designated by the professional design firm. Each managing agent must at all times maintain a valid, active license to practice professional engineering in Illinois.

No individual whose license to practice professional engineering in this State is currently in a suspended or revoked status shall act as a managing agent for a professional design firm.

(c) Any business seeking to be registered under this Section shall make application on a form provided by the Department and shall provide such information as requested by the Department, which shall include, but not be limited to:

(1) the name and license number of the person designated as the managing agent in responsible charge of the practice of professional engineering in Illinois. In the case of a corporation, the corporation shall also submit a certified copy of the resolution by the board of directors designating the managing agent. In the case of a limited liability company, the company shall submit a certified copy of either its articles of organization or operating agreement designating the managing agent;

(2) the names and license numbers of the directors, in the case of a corporation, the members, in the case of a limited liability company, or general partners, in the case of a partnership;

(3) a list of all office locations at which the professional design firm provides professional engineering services to the public; and

(4) a list of all assumed names of the business. Nothing in this Section shall be construed to exempt a professional design firm, sole proprietorship, or professional service corporation from compliance with the requirements of the Assumed Business Name Act.

It is the responsibility of the professional design firm to provide the Department notice, in writing, of any changes in the information requested on the application.

(d) The Department shall issue to each business a certificate of registration to practice professional engineering or offer the services of its licensees in this State upon submittal of a proper application for registration and payment of fees. The expiration date and renewal period for each registration and renewal procedures shall be established by rule.

(e) In the event a managing agent is terminated or terminates his or her status as managing agent of the professional design firm, the managing agent and the professional design firm shall notify the Department of this fact in writing, by regular mail or email, within 10 business days of such termination. Thereafter, the professional design firm, if it has so informed the Department, shall have 30 days in which to notify the Department of the name and license number of a newly designated managing agent. If a corporation, the corporation shall also submit a certified copy of a resolution by the board of directors designating the new managing agent. If a limited liability company, the company shall also submit a certified copy of either its articles of organization or operating agreement designating the new managing agent. The Department may, upon good cause shown, extend the original 30-day period.

If the professional design firm has not notified the Department in writing, by regular mail or email within the specified time, the registration shall be terminated without prior hearing. Notification of termination shall be sent by regular mail or email to the last known address of the business. If the profes-

sional design firm continues to operate and offer professional engineering services after the termination, the Department may seek prosecution under Sections 21 and 24 for the unlicensed practice of professional engineering.

(f) No professional design firm shall be relieved of responsibility for the conduct or acts of its agent, employees, members, managers, or officers by reason of its compliance with this Section, nor shall any individual practicing professional engineering be relieved of the responsibility for professional services performed by reason of the individual's employment or relationship with a professional design firm registered under this Section.

(g) Disciplinary action against a professional design firm registered under this Section shall be administered in the same manner and on the same grounds as disciplinary action against a licensed professional engineer. All disciplinary action taken or pending against a corporation or partnership before the effective date of this amendatory Act of 1993 shall be continued or remain in effect without the Department filing separate actions.

HISTORY:

P.A. 86-667; 88-428, § 15; 89-594, § 340; 91-91, § 40; 91-92, § 10; 92-16, § 68; 2019 P.A. 101-310, § 10, effective August 9, 2019.

225 ILCS 325/24 Grounds for disciplinary action. [Repealed January 1, 2030]

(a) The Department may refuse to issue or renew a license or registration, or may revoke, suspend, place on probation, reprimand, or take other disciplinary or non-disciplinary action as the Department may deem proper, including fines not to exceed $10,000 per violation, with regard to any license issued under this Act, for any one or a combination of the following reasons:

(1) Material misstatement in furnishing information to the Department.

(2) Negligence, incompetence, or misconduct in the practice of professional engineering.

(3) Failure to comply with any provisions of this Act or any of its rules.

(4) Fraud or any misrepresentation in applying for or procuring a license under this Act or in connection with applying for renewal or restoration of a license under this Act.

(5) Purposefully making false statements or signing false statements, certificates, or affidavits to induce payment.

(6) Conviction of or entry of a plea of guilty or nolo contendere, finding of guilt, jury verdict, or entry of judgment or sentencing, including, but not limited to, convictions, preceding sentences of supervision, conditional discharge or first offender probation under the laws of any jurisdiction of the United States that is (i) a felony or (ii) a misdemeanor, an essential element of which is dishonesty, that is directly related to the practice of the profession of professional engineering.

(7) Aiding or assisting another person in violating any provision of this Act or its rules.

(8) Failing to provide information in response to a written request made by the Department within 60 days after receipt of such written request.

(9) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public.

(10) Habitual or excessive use or abuse of drugs defined in law as controlled substances, of alcohol, narcotics, stimulants, or any other substances that results in the inability to practice with reasonable judgment, skill, or safety.

(11) A finding by the Department that an applicant or licensee has failed to pay a fine imposed by the Department.

(12) A finding by the Department that the licensee, after having his or her license placed on probationary status, has violated the terms of probation or failed to comply with such terms.

(13) Inability to practice the profession with reasonable judgment, skill, or safety as a result of physical illness, including, but not limited to, deterioration through the aging process, loss of motor skill, mental illness, or disability.

(14) Discipline by another state, territory, foreign country, the District of Columbia, the United States government, or any other government agency if at least one of the grounds for discipline is the same or substantially equivalent to those set forth in this Act.

(15) The making of any willfully false oath or affirmation in any matter or proceeding where an oath or affirmation is required by this Act.

(16) Using or attempting to use an expired, inactive, suspended, or revoked license or the certificate or seal of another or impersonating another licensee.

(17) Directly or indirectly giving to or receiving from any person or entity any fee, commission, rebate, or other form of compensation for any professional service not actually or personally rendered.

(18) Signing or affixing the professional engineer's seal or permitting the seal to be affixed to any technical submissions not prepared by the professional engineer or under the professional engineer's supervision and control.

(19) Making a statement pursuant to the Environmental Barriers Act that a plan for construction or alteration of a public facility or for construction of a multi-story housing unit is in compliance with the Environmental Barriers Act when such plan is not in compliance.

(a-5) In enforcing this Section, the Department or Board, upon a showing of a possible violation, may order a licensee or applicant to submit to a mental or physical examination, or both, at the expense of the Department. The Department or Board may order the examining physician to present testimony concerning his or her examination of the licensee or

applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Board or Department. The licensee or applicant may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of a licensee or applicant to submit to any such examination when directed, without reasonable cause as defined by rule, shall be grounds for either the immediate suspension of his or her license or immediate denial of his or her application.

If the Secretary immediately suspends the license of a licensee for his or her failure to submit to a mental or physical examination when directed, a hearing must be convened by the Department within 15 days after the suspension and completed without appreciable delay.

If the Secretary otherwise suspends a license pursuant to the results of the licensee's mental or physical examination, a hearing must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the licensee's record of treatment and counseling regarding the relevant impairment or impairments to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

Any licensee suspended under this subsection (a-5) shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with the acceptable and prevailing standards under his or her license.

(b) The determination by a circuit court that a registrant is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code [405 ILCS 5/1-100 et seq.] operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, the issuance of an order so finding and discharging the patient, and the recommendation of the Board to the Secretary that the registrant be allowed to resume practice.

(c) In cases where the Department of Healthcare and Family Services (formerly the Department of Public Aid) has previously determined that a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the Department, the Department shall refuse to issue or renew or shall revoke or suspend that person's license or shall take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with paragraph (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois [20 ILCS 2105/2105-15].

(d) The Department shall refuse to issue or renew or shall revoke or suspend a person's license or shall take other disciplinary action against that person for his or her failure to file a return, to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest as required by any tax Act administered by the Department of Revenue, until the requirements of the tax Act are satisfied in accordance with subsection (g) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

P.A. 86-667; 88-372, § 5; 88-428, § 15; 88-670, § 2-44; 89-61, § 15; 91-92, § 10; 92-145, § 5; 96-626, § 10; 2014 P.A. 98-756, 756, § 460, effective July 16, 2014; 2018 P.A. 100-872, § 810, effective August 14, 2018; 2019 P.A. 101-310, § 10, effective August 9, 2019.

225 ILCS 325/41 Violation; political subdivisions, county, city or town; construction without professional engineer. [Repealed January 1, 2030]

It is unlawful for the State or any of its political subdivisions, or any county, city or town to engage in the construction of any public work involving professional engineering unless the engineering plan, specifications, and estimates have been prepared by, and the construction is executed under, the guidance of a professional engineer licensed under this Act.

HISTORY:

P.A. 86-667; 2019 P.A. 101-310, § 10, effective August 9, 2019.

STRUCTURAL ENGINEERING PRACTICE ACT OF 1989 [REPEALED JANUARY 1, 2030]

225 ILCS 340/12 Seal. [Repealed January 1, 2030]

Every licensed structural engineer shall have a reproducible seal, which may be computer generated, the imprint of which shall contain the name and license number of the structural engineer, and the words "Licensed Structural Engineer," "State of Illinois." The licensed structural engineer shall seal all plans, technical submissions, drawings, and specifications prepared by or under the engineer's supervision.

If technical submissions are prepared utilizing a computer or other electronic means, the seal may be generated by a computer. The licensee may provide, at his or her sole discretion, an original signature in the licensee's handwriting, a scanned copy of the technical submission bearing an original signature, or a signature generated by a computer.

A licensed structural engineer may seal documents not produced by the licensed structural engineer when the documents have either been produced by others working under the licensed structural engi-

neer's personal supervision and control or when the licensed structural engineer has sufficiently reviewed the documents to ensure that they have met the standards of reasonable professional skill and diligence. In reviewing the work of others, the licensed structural engineer shall, where necessary, do calculations, redesign, or any other work necessary to be done to meet such standards and should retain evidence of having done such review. The documents sealed by the licensed structural engineer shall be of no lesser quality than if they had been produced by the licensed structural engineer. The licensed structural engineer who seals the work of others is obligated to provide sufficient supervision and review of such work so that the public is protected.

The licensed structural engineer shall affix the signature, current date, date of license expiration and seal to the first sheet of any bound set or loose sheets prepared by the licensed structural engineer or under that licensed structural engineer's immediate supervision.

A licensed structural engineer may seal documents not produced by the licensed structural engineer when the documents have either been produced by others working under the licensed structural engineer's personal supervision and control or when the licensed structural engineer has sufficiently reviewed the documents to ensure that they have met the standards of reasonable professional skill and diligence. In reviewing the work of others, the licensed structural engineer shall, where necessary, do calculations, redesign, or any other work necessary to be done to meet such standards and retain evidence of having done such review. The documents sealed by the licensed structural engineer shall be of no lesser quality than if they have been produced by the licensed structural engineer. The licensed structural engineer who seals the work of others is obligated to provide sufficient supervision and review of such work so that the public is protected.

SERVICE AND SALES

Highway Advertising Control Act of 1971

Section

HIGHWAY ADVERTISING CONTROL ACT OF 1971

225 ILCS 440/1 [Legislative findings]

The General Assembly finds and declares that the erection and maintenance of outdoor advertising signs, displays, and devices in areas adjacent to Interstate highways and primary highways should be regulated in order to protect the public investment in such highways, to promote the recreational value of public travel, to preserve natural beauty and to promote the reasonable, orderly and effective display of such signs, displays and devices.

The General Assembly further finds and declares that outdoor advertising is a legitimate, commercial use of private property adjacent to roads and highways; that outdoor advertising is an integral part of the business and marketing function, and an established segment of the national economy which serves to promote and protect private investments in commerce and industry and should be allowed to operate in business areas; and that the regulatory standards set forth in Section 6 of this Act [225 ILCS 440/6] are consistent with customary use in this State and will properly and adequately carry out each and all of the purposes of this Act, more severe restrictions being

inconsistent with customary use and ineffective to accomplish the purposes of this Act.

HISTORY:
P.A. 77-1815.

225 ILCS 440/2 [Short title]

This Act shall be known and may be cited as the "Highway Advertising Control Act of 1971".

HISTORY:
P.A. 77-1815.

225 ILCS 440/3 [Definitions]

As used in this Act, unless the context otherwise requires, the terms defined in the Sections following this Section and preceding Section 4 [225 ILCS 440/4] have the meanings ascribed to them in those Sections.

HISTORY:
P.A. 77-1815; 92-651, § 59; 98-756, § 490.

225 ILCS 440/3.01 [Department defined]

"Department" means the Department of Transportation of the State of Illinois.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.02 [Interstate highway defined]

"Interstate highway" means any highway designated by the Department and approved by the United States Department of Transportation as a part of the National System of Interstate and Defense Highways on the effective date of this Act or thereafter. A highway constructed after the effective date of this Act shall become a part of the National System of Interstate and Defense Highways upon the date of approval of the Route Location Decision and the approval of the addition of the highway to the National System of Interstate and Defense Highways by the Governor and the United States Department of Transportation.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.03 [Primary highway defined]

"Primary highway" means any highway, other than an Interstate highway, designated by the Department and approved by the United States Department of Transportation as a part of the Federal-Aid Primary System in existence on June 1, 1991 or any highway other than an Interstate highway that is not on such system that is on the National Highway System.

HISTORY:
P.A. 77-1815; 89-605, § 10.

225 ILCS 440/3.04 [Expressway defined]

"Expressway" means a primary highway constructed as a freeway which has complete control of access.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.05 [Main-traveled way defined]

"Main-traveled way" means the traveled way of a highway on which through traffic is carried. In the case of a divided highway, the traveled way of each of the separated roadways for traffic in opposite directions is a main-traveled way. It does not include such facilities as frontage roads, turning roadways, or parking areas.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.06 [Maintain defined]

"Maintain" means to allow to exist and includes the periodic changing of advertising messages as well as the normal maintenance or repair of signs and sign structures.

HISTORY:
P.A. 77-1815; 96-919, § 5.

225 ILCS 440/3.07 [Sign defined]

"Sign" means any outdoor sign, display, device, notice, figure painting, drawing, message, placard, poster, billboard, or other thing, which is designated, intended, or used to advertise or inform, and of which any part of the existing or intended advertising or informative contents is or will be visible from any place on the main-traveled way of any portion of an Interstate or primary highway and which is within 660 feet of the nearest edge of the right-of-way of such highway.

"Sign" also means any sign described in paragraph one of this Section which is more than 660 feet from the nearest edge of such highway, outside of an urban area, visible from any place on the main-traveled way of any portion of such highway and erected with the purpose of its message being read from such main-traveled way.

HISTORY:
P.A. 79-1009.

225 ILCS 440/3.08 [Erect defined]

"Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw or in any other way bring into being or establish; but does not include any of the foregoing activities when performed as an incident to the change of advertising message or normal maintenance or repair of a sign or sign structure. For the purposes of this definition, the following shall not constitute normal maintenance or

repair of a sign or sign structure: replacing more than 60% of the uprights, in whole or in part, of a wooden sign structure; replacing more than 30% of the length above ground of each broken, bent, or twisted support of a metal sign structure; raising the height above ground of a sign or sign structure; making a sign bigger; adding lighting; or similar activities that substantially change a sign or make a sign more valuable.

HISTORY:
P.A. 77-1815; 96-919, § 5.

225 ILCS 440/3.09 [Municipality defined]

"Municipality" means a city, village, or incorporated town in the State of Illinois, but, unless the context otherwise provides, "municipal" or "municipality" does not include a township, town when used as the equivalent of a township, incorporated town which has superseded a civil township, county, school district, park district, sanitary district or any other similar governmental district.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.10 [Commercial or industrial activities defined]

"Commercial or industrial activities" means those activities located within 660 feet of the nearest edge of the right-of-way generally recognized as commercial or industrial by zoning authorities in this State, but does not include the following:

(a) Agricultural, forestry, ranging, grazing and farming activities, including wayside fresh produce stands and grain storage bins;

(b) Railroad tracks and minor sidings;

(c) Transient or temporary activities not involving permanent buildings or structures;

(d) Outdoor advertising structures;

(e) Activities not visible from a main-traveled way;

(f) Activities conducted in a building principally used as a residence.

HISTORY:
P.A. 79-1009.

225 ILCS 440/3.11 [Unzoned commercial or industrial area defined]

"Unzoned commercial or industrial area" means any area adjacent to the right-of-way of a primary highway not zoned by any county or municipality and which lies within 600 feet of any commercial or industrial activity. All measurements shall be from the outer edges of the regularly used buildings, parking lots, storage or processing areas of the activities, not from the property lines of the activities, and shall be along or parallel to the edge or pavement of the highway. On primary highways other than expressways where there is an unzoned commercial or industrial area on one side of the road in accordance with the preceding, the unzoned commercial or industrial area shall also include those lands directly opposite on the other side of the highway to the extent of the same dimensions except where such lands are publicly owned or controlled for scenic or recreational purposes.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.12 Business area

"Business area" means any part of an area adjacent to and within 660 feet of the right-of-way which is zoned for business, commercial or industrial activities under the authority of any law of this State; or not so zoned, but which constitutes an unzoned commercial or industrial area as defined in Section 3.11 [225 ILCS 440/3.11]. However, as to signs along Interstate highways, the term "business area" includes only areas which are within incorporated limits of any city, village, or incorporated town, as such limits existed on September 21, 1959, and which are zoned for industrial or commercial use, or both, or to portions of Interstate highways which traverse other areas where the land use, as of September 21, l959, was established by State law as industrial or commercial, or both.

With respect to signs owned or leased by the State or a political subdivision, an area zoned for business, commercial, or industrial activities that is adjacent to and within 660 feet of an Interstate highway and that is in Township 41 North, Range 10 East of the Third Principal Meridian, shall be deemed a "business area" for purposes of this Act. This zoning must have been a part of comprehensive zoning and not have been created primarily to permit outdoor advertising structures as described in 23 CFR Part 750.

HISTORY:
P.A. 79-1009; 95-340, § 5; 98-56, § 5.

225 ILCS 440/3.13 [Visible]

"Visible" means capable of being seen (whether or not legible) without visual aid by persons of normal visual acuity.

HISTORY:
P.A. 77-1815.

225 ILCS 440/3.14 [Urban area defined]

For purposes of this Act, "urban area" means an urbanized area or, in the case of an urbanized area encompassing more than one state, that part of the urbanized area in each such state, or an urban place as designated by the Bureau of the Census of the United States having a population of 5,000 or more and not within any urbanized area, within boundaries to be fixed by responsible state and local officials in cooperation with each other, subject to approval by the Secretary of the United States Department of

Transportation. Such boundaries shall, as a minimum, encompass the entire urban place designated by the Bureau of the Census.

HISTORY:
P.A. 79-1009.

225 ILCS 440/3.15 [National Highway System designation]

"National Highway System" is a designation provided to certain highways by the Department, which designation must be approved by the United States Department of Transportation and the United States Congress for the purpose of providing an interconnected system of principal arterial routes that serve major population centers, international border crossings, ports, airports, public transportation facilities, other major travel destinations, and interstate and interregional travel and meet national defense requirements.

HISTORY:
P.A. 89-605, § 10.

225 ILCS 440/3.16 [Scenic byway defined]

"Scenic byway" means that portion of a highway that has been nominated by the Department to the United States Department of Transportation for designation as a national scenic byway or All-American Road, and that has received national designation. "Scenic byway" does not include a section of primary or Interstate highway that traverses a business area at the time of nomination, except in accordance with Section 14.02(a)(5) [225 ILCS 440/14.02].

HISTORY:
P.A. 89-605, § 10.

225 ILCS 440/3.17 On-premise sign

"On-premise sign" means any sign advertising a business or activity conducted on the property on which they are located.

HISTORY:
P.A. 98-56, § 5.

225 ILCS 440/3.18 Off-premise sign

"Off-premise sign" means any sign advertising a business or activity not being conducted on the same property as the sign.

HISTORY:
P.A. 98-56, § 5.

225 ILCS 440/3.19 Real estate sign

"Real estate sign" means any sign advertising solely the sale or lease of the property on which the sign is located.

HISTORY:
P.A. 98-56, § 5.

225 ILCS 440/3.20 Municipal network sign

"Municipal network sign" means an official sign or a sign that:

(1) is located on property owned or controlled by a local government that has a population of 2,000,000 or more and that has adopted zoning regulations consistent with this Act;

(2) is controlled under the direction of the local government;

(3) complies with zoning regulations consistent with this Act;

(4) is placed within a business area as defined in Section 3.12 of this Act [225 ILCS 440/3.12];

(5) is used to communicate emergency, public, and commercial information; and

(6) is consistent with the intent of this Act and with customary use of the local government as to the sign's installation and operation, including the size, lighting, and spacing of signs.

HISTORY:
P.A. 98-56, § 5.

225 ILCS 440/4 [Placing of signs limited]

Signs shall not be erected or maintained along primary or Interstate highways except those described in Sections 4.01 through 4.08 [225 ILCS 440/4.01 through 225 ILCS 440/4.08].

HISTORY:
P.A. 77-1815.

225 ILCS 440/4.01 [Official signs]

Directional and other official signs, including, but not limited to, signs pertaining to natural wonders, scenic and historical attractions, which are required or authorized by law, and which comply with regulations which shall be promulgated by the Department relative to their lighting, size, number, spacing and such other requirements as may be appropriate to implement this Act, but such regulations shall not be inconsistent with, nor more restrictive than, such national standards as may be promulgated from time to time by the Secretary of the Department of Transportation of the United States, under subsection (c) of Section 131 of Title 23 of the United States Code [23 U.S.C. § 131].

HISTORY:
P.A. 77-1815.

225 ILCS 440/4.02 Real estate signs

Real estate signs as defined in Section 3.19 of this Act [225 ILCS 440/3.19]. However, real estate signs must comply only with the provisions in Section 5 of this Act [225 ILCS 440/5].

HISTORY:
P.A. 77-1815; 98-56, § 5.

225 ILCS 440/4.03 On-premise signs

On-premise signs as defined in Section 3.17 of this Act [225 ILCS 440/3.17]. However, on-premise signs must comply only with the provisions in Section 5 of this Act [225 ILCS 440/5].

HISTORY:
P.A. 81-550; 98-56, § 5.

225 ILCS 440/4.04 Off-premise signs

Off-premise signs which are erected in business areas after the effective date of this Act and which comply, when erected, with Sections 5 [225 ILCS 440/5], 6 [225 ILCS 440/6] (subject to provisions of Section 7 [225 ILCS 440/7]) and 8 of this Act [225 ILCS 440/8].

HISTORY:
P.A. 77-1815; 98-56, § 5.

225 ILCS 440/4.05 [Existing signs in a business area]

Signs in existence in a "business area", except signs which do not comply with Section 5 [225 ILCS 440/5], subsection (b) of Section 6.02 [225 ILCS 440/6.02], subsection (a) of Section 6.03 [225 ILCS 440/6.03] or Section 8 of this Act [225 ILCS 440/8]. For purposes of this Section, to be "in existence" the supports and frame of a sign must be physically in place: (a) on the effective date of this Act; or (b) on the date subsequent to the passage of this Act when the area in which the sign is located becomes subject to this Act or within six months thereafter, provided the sign is located on property leased prior to the date the area becomes subject to this Act and a copy of the lease is filed with the Department within 30 days following such date, except that the six month period shall not apply to those portions of a highway constructed on new alignment.

HISTORY:
P.A. 77-1815.

225 ILCS 440/4.06 [Public utility signs]

Signs affixed by public utilities to their poles and other facilities for identification.

HISTORY:
P.A. 77-1815.

225 ILCS 440/4.07 [Food, lodging, recreation and service signs] [Repealed]

HISTORY:
P.A. 79-1009; Repealed by P.A. 98-56, § 10, effective July 5, 2013.

225 ILCS 440/4.08 [Informational signs]

Signs, displays and devices giving specific information in the interest of the traveling public may be erected and maintained by the Department within the right-of-way on the Interstate System and on other freeways with full control of access in areas designated by the United States Secretary of Transportation, pursuant to Title 23, U.S. Code, Section 131(f) [23 U.S.C. § 131]. Signs giving specific information regarding tourist oriented businesses in the interest of the traveling public may also be erected and maintained by the Department within the right-of-way on rural non-interstate and non-freeway State highways. Such signs, displays and devices shall conform to national standards promulgated by the Secretary pursuant to such authority.

HISTORY:
P.A. 86-1340; 90-272, § 10.

225 ILCS 440/5 [Prohibited signs]

No sign may be erected or maintained that:

(a) Imitates or resembles an official traffic sign, signal or device;

(b) Is erected, painted or drawn upon trees, rocks or other natural features;

(c) Is structurally unsafe or in disrepair; or

(d) Is erected adjacent to a scenic byway that is a primary or Interstate highway after the effective date of this amendatory Act of 1996, except those signs described in Sections 4.01, 4.02, 4.03, 4.06, and 4.08 of this Act [225 ILCS 440/4.01, 225 ILCS 440/4.02, 225 ILCS 440/4.03, 225 ILCS 440/4.06, and 225 ILCS 440/4.08].

HISTORY:
P.A. 79-1009; 89-605, § 10.

225 ILCS 440/6 [Signs under 225 ILCS 440/4.04]

Signs permitted under Section 4.04 [225 ILCS 440/4.04] must comply with the requirements of Sections 6.01, 6.02 and 6.03 [225 ILCS 440/6.01, 225 ILCS 440/6.02 and 225 ILCS 440/6.03].

HISTORY:
P.A. 77-1815.

225 ILCS 440/6.01 Size of signs

No sign may be erected which exceeds 1,200 square feet in area, 30 feet in height and 60 feet in length, including border and trim, but excluding ornamental base or apron, supports and other structural members. Except with respect to the repair, rebuilding, or replacement of any sign lawfully erected before January 1, 1993, no sign may be erected after the effective date of this amendatory Act of 1992 in any county with a population under 2,000,000 that exceeds 800 square feet in area, excluding extensions and cut-outs; the extensions and cut-outs may account for no more than an additional 20% in sign surface area. The maximum size limitation shall apply to each side of a sign or sign structure. A maximum of 2 signs may be erected in a facing, in which event the facing shall be deemed to be one sign, the size of which may not exceed the dimensions listed in this Section. Signs

may be double faced or be placed back to back or V-type or triangular, provided that the angle between sign faces shall not exceed 90 degrees. The area shall be measured by the smallest square, rectangle, triangle, circle or combination thereof which will encompass the entire sign.

HISTORY:
P.A. 77-1815; 87-1205, § 2; 91-774, § 5.

225 ILCS 440/6.02 Lighting

(a) No sign may be erected which contains, includes or is illuminated by any flashing, intermittent or moving light or lights, except those giving public service information such as, without limiting the generality of the foregoing, time, weather, date and temperature.

(b) No sign may be erected or maintained which is not effectively shielded so as to prevent beams or rays of light from being directed at any portion of the traveled way of any Interstate or primary highway or which is of such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

HISTORY:
P.A. 77-1815.

225 ILCS 440/6.03 Spacing

(a) No sign may be erected or maintained in such a manner as to obscure or otherwise physically interfere with an official traffic sign, signal or device or to obstruct or physically interfere with the driver's view of approaching, merging or intersecting traffic within 1000 feet of such sign, signal, device or point of intersecting or merging traffic.

(b) Along interstate highways and expressways no two sign structures on the same side of the highway shall be erected less than 500 feet apart. Along primary highways other than expressways no 2 sign structures on the same side of the highway shall be erected less than 300 feet apart (100 feet inside incorporated municipalities). Except with respect to the repair, rebuilding, or replacement of any sign lawfully erected before January 1, 1993, after the effective date of this amendatory Act of 1992, along primary highways other than expressways, no 2 sign structures on the same side of the highway shall be erected less than 500 feet apart (300 feet inside incorporated municipalities). A sign structure may have one or two facings with a maximum of two signs per facing. Back to back, V-type, and side by side signs shall be treated as single sign structures. Provided, however, that the foregoing spacing between structures requirements shall not apply to structures which are separated or screened by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time.

(c) Outside incorporated municipalities, no sign structure may be erected along an interstate highway or expressway adjacent to, or within 500 feet of an interchange, rest area, or weigh station, such 500 feet to be measured along the main-traveled way from the beginning or ending of pavement widening at the exit from or entrance to the main-traveled way.

HISTORY:
P.A. 77-1815; 87-1205, § 2.

225 ILCS 440/6.04 [Size; lighting and spacing provision; applicability]

The size, lighting and spacing provisions of Section 6 [225 ILCS 440/6] shall not be construed to apply to, or to impose additional limitations upon, signs of the types described in Sections 4.01, 4.02 and 4.03 [225 ILCS 440/4.01, 225 ILCS 440/4.02 and 225 ILCS 440/4.03] nor shall such signs be counted nor shall measurements be made from them for purposes of determining compliance with spacing requirements.

HISTORY:
P.A. 77-1815.

225 ILCS 440/7 [Commercial and industrial areas]

In zoned commercial and industrial areas, whenever a State, county or municipal zoning authority has adopted laws or ordinances, which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of this Act and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of Section 6 [225 ILCS 440/6] shall not apply to the erection of signs in such areas.

HISTORY:
P.A. 77-1815.

225 ILCS 440/8 [Registration]

Within 90 days after the effective date of this Act, each sign, except signs described by Sections 4.01, 4.02 and 4.03 [225 ILCS 440/4.01, 225 ILCS 440/4.02, and 225 ILCS 440/4.03], must be registered with the Department by the owner of the sign, on forms obtained from the Department. Within 90 days after the effective date of this amendatory Act of 1975, each sign located beyond 660 feet of the right-of-way located outside of urban areas, visible from the main-traveled way of the highway and erected with the purpose of the message being read from such traveled way, must be registered with the Department by the owner of the sign on forms obtained from the Department. The Department shall require reasonable information to be furnished including the name of the owner of the land on which the sign is located and a statement that the owner has consented to the erection or maintenance of the sign. Registration must be made of each sign and shall be accompanied by a registration fee of $5.

No sign, except signs described by Sections 4.01, 4.02, and 4.03, may be erected after the effective date of this Act without first obtaining a permit from the Department. The application for permit shall be on a form provided by the Department and shall contain such information as the Department may reasonably require. Upon receipt of an application containing all required information and appropriately executed and upon payment of the fee required under this Section, the Department then issues a permit to the applicant for the erection of the sign, provided such sign will not violate any provision of this Act. The application fee shall be as follows:

(1) for signs of less than 150 square feet, $50;

(2) for signs of at least 150 but less than 300 square feet, $100; and

(3) for signs of 300 or more square feet, $200.

In determining the appropriateness of issuing a permit for a municipal network sign, the Department shall waive any provision or requirement of this Act or administrative rule adopted under the authority of this Act to the extent that the waiver does not contravene the federal Highway Beautification Act of 1965 [23 U.S.C. 131], and the regulations promulgated under that Act by the Secretary of the United States Department of Transportation. Any municipal network sign applications pending on May 1, 2013 that are not affected by compliance with the federal Highway Beautification Act of 1965 shall be issued within 10 days after the effective date of this amendatory Act of the 98th General Assembly [P.A. 98-56]. The determination of the balance of pending municipal network sign applications and issuance of approved permits shall be completed within 30 days after the effective date of this amendatory Act of the 98th General Assembly. To the extent that the Secretary of the United States Department of Transportation or any court finds any permit granted pursuant to such a waiver to be inconsistent with or preempted by the federal Highway Beautification Act of 1965, 23 U.S.C. 131, and the regulations promulgated under that Act, that permit shall be void.

Upon change of sign ownership the new owner of the sign shall notify the Department and supply the necessary information to renew the permit for such sign at no cost within 60 days after the change of ownership. Any permit not so renewed shall become void.

Owners of registered signs shall be issued an identifying tag, which must remain securely affixed to the front face of the sign or sign structure in a conspicuous position by the owner within 60 days after receipt of the tag; owners of signs erected by permit shall be issued an identifying tag which must remain securely affixed to the front face of the sign or sign structure in a conspicuous position by the owner upon completion of the sign erection or within 10 days after receipt of the tag, whichever is the later.

HISTORY:
P.A. 79-1009; 87-1205, § 2; 98-56, § 5.

225 ILCS 440/9 [Acquisition of property and other rights]

In order to obtain compliance with this Act, the Department may after July 1, 1973 acquire property and other rights by purchase, gift, condemnation or otherwise. Just compensation shall be paid for the removal of signs lawfully erected or lawfully in existence but not permitted to be maintained under this Act. Just compensation shall include payment for the taking from the owner of any sign required to be removed under this Act of all right, title, leasehold and interest in such sign and for the taking from the owner of the real property on which the sign is located of the right to erect and maintain such sign. Nor does anything in this Section require payment of compensation for the right to erect and maintain signs to owners of real property on which no signs are located. Nothing in this Act requires the Department to proceed to acquire property or other rights, including signs, until federal funds to reimburse the State for not less than 75% of the cost of acquisition of property or other rights for which a federal share is payable are appropriated and allocated to the State for that purpose.

HISTORY:
P.A. 77-1815.

225 ILCS 440/9.5 Eminent domain

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 95-5-585.

225 ILCS 440/10 [Unlawful signs]

The following signs are unlawful and a public nuisance:

(a) Signs erected after the effective date of this Act in violation of this Act;

(b) Signs not registered in accordance with this Act or in accordance with the regulations established by the Department;

(c) Signs without valid permits, as required by this Act or by regulations established by the Department.

Each sign declared by this Section to be unlawful and a public nuisance shall be removed or brought into compliance with this Act by the owner, without compensation, within 30 days after receipt of notice by certified mail from the Department, such notice period to be computed from the date of mailing. If the unlawful sign is affixed to a motor vehicle or a trailer or other vehicle capable of being propelled by a motor vehicle, it shall be removed by the owner, without compensation, within 24 hours after verbal notice by the Department. Any signs not so removed by the

owners or any such signs which are removed and re-erected illegally by the owners shall become the property of the State and shall be removed and disposed of by the Department or may be painted over by the Department. The Department is also granted authority to enter upon private property for these purposes. If the name and address of the owner of the sign cannot be ascertained from the records of the Department or from a visual inspection of the sign foregoing notice provisions are not required and the Department shall take immediate action to remove or paint over the sign.

HISTORY:
P.A. 79-1009.

225 ILCS 440/11 [Conformity with federal law]

The Department, on behalf of the State of Illinois, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that this Act is in conformance with that Section 131 [23 U.S.C. § 131] and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the Attorney General of this State shall institute proceedings described in subsection (1) of that Section 131.

HISTORY:
P.A. 77-1815.

225 ILCS 440/12 [Allotment of federal funds]

The Department may accept any allotment of funds by the United States, or by any agency thereof, appropriated to carry out the purposes of Section 131 of Title 23, United States Code, as amended from time to time. The Department shall take such steps as may be necessary from time to time to obtain from the United States, the appropriate agency thereof, funds allotted and appropriated under that Section, for the purpose of paying the federal share of the just compensation to be paid to sign owners and owners of real property under the terms of subsection (g) of that Section 131 [23 U.S.C. § 131] and under this Act.

HISTORY:
P.A. 77-1815.

225 ILCS 440/13 [Severability]

If any provision of this Act or application thereof to any person or circumstance is held invalid, such invalidity does not affect other provisions or application of this Act which can be given effect without the invalid application or provisions, and to this end the provisions of this Act are declared to be severable.

HISTORY:
P.A. 77-1815.

225 ILCS 440/14 [Preservation]

Nothing contained in this Act shall change, alter or otherwise affect the power of the Department to provide for the preservation of the natural beauty of areas through which highways are constructed as provided by Section 4-201.15 of the "Illinois Highway Code", approved June 8, 1959, as amended [605 ILCS 5/4-201.15], including, but not limited to, removal of signs under that Code.

HISTORY:
P.A. 77-1815.

225 ILCS 440/14.01 [Rules and regulations]

The Department may establish rules and regulations regarding implementation and enforcement of this Act, which regulations are not inconsistent with the terms of this Act; provided however, that the Department may not add to, or increase the severity of the regulatory standards set forth in Section 6 of the Act [225 ILCS 440/6], as now or hereafter amended.

HISTORY:
P.A. 79-1009.

225 ILCS 440/14.02 Scenic byways; nomination

(a) The Department shall limit its nominations for national designation of scenic byways to roads or highways that:

(1) possess any of 6 intrinsic qualities as specified by the United States Department of Transportation, including scenic beauty, natural quality, historic quality, cultural quality, archeological quality, or recreational quality;

(2) accommodate 2-wheel drive automobiles and, wherever feasible, bicycle and pedestrian travel;

(3) are the subject of a complete corridor management plan consistent with requirements of the United States Department of Transportation and developed with community involvement, which provides for the conservation and enhancement of the byway's intrinsic qualities as well as promotion of tourism and economic development;

(4) are the subject of written notice of pending nomination given by a unit of local government of appropriate jurisdiction to businesses and property owners to be directly affected by national designation, which notice shall include the opportunity to submit written comments to the local government; and

(5) do not include sections of primary or Interstate highways that, at the time of nomination, traverse business areas, unless the Department determines that any such section possesses one or more intrinsic qualities in such exceptional measure as to merit nomination for national designation.

(b) Before forwarding a nomination to the United States Department of Transportation, the Department may request the appropriate unit of local government to conduct a public hearing if it is determined that sufficient numbers of property owners and businesses may be affected adversely by national designation.

(c) The Department may request the United States Department of Transportation to de-designate all or part of a scenic byway (i) if it is determined that the intrinsic qualities that led to designation no longer exist, (ii) if the approved corridor management plan is not being implemented in accordance with its provisions, or (iii) in the event of termination of the national scenic byways program or the absence of Congressional authorization for funding of that program. Before making such request, the Department or the appropriate unit of local government petitioning for de-designation shall hold a public hearing for the purpose of obtaining public comment on the proposed de-designation.

HISTORY:
P.A. 89-605, § 10.

225 ILCS 440/14.1 Applicability

The changes made to this Act by Public Act 98-56 shall not be applicable if the application would impact the receipt, use, or reimbursement of federal funds by the Illinois Department of Transportation other than the reimbursement of Bonus Agreement funds. Any permit granted pursuant to an inapplicable provision is void.

HISTORY:
P.A. 98-56, § 5; 98-756, § 490.

225 ILCS 440/15 [Repeal of 1965 Highway Advertising Act]

"An Act relating to the restriction, prohibition, regulation, and control of billboards and other outdoor advertising devices on certain lands adjacent to National System of Interstate and Defense Highways in Illinois", approved June 28, 1965, is repealed.

HISTORY:
2014 P.A. 98-756, § 490, effective July 16, 2014.

225 ILCS 440/16 [Effective date]

This Act takes effect July 1, 1972.

HISTORY:
P.A. 77-1815.

CHAPTER 235

LIQUOR

LIQUOR CONTROL ACT OF 1934

Article V. Licenses

Article VI. General Provisions

ARTICLE V.

LICENSES

235 ILCS 5/5-5 Late filing fees.

In the event that a liquor license holder fails to submit a license renewal application to the Commission before or on the expiration date of the current license, the licensee will be assessed a late filing fee of $25. Late applications and instruments of payment will be returned to the licensee. Late filing fees will be in addition to any fines or penalties ordered for operating without a valid license.

Late filing fees shall not apply to a liquor license holder whose business or business operations have been suspended in any capacity due to any executive order issued on or after March 16, 2020 or any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19. The late filing fee waiver shall remain in effect for 6 months after whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;

(2) the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or

(3) the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

HISTORY:
P.A. 88-91, § 90; 2020 P.A. 101-631, § 5, effective June 2, 2020.

235 ILCS 5/5-7 Temporary liquor license fee deferral.

A liquor license holder whose business or business operations have been suspended in any capacity due to any executive order issued on or after March 16, 2020 or any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19 shall be allowed to defer liquor license fees under this Section. The liquor license holder shall be allowed to defer the payment of liquor license fees for 6 months after whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;

(2) the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or

(3) the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

HISTORY:
2020 P.A. 101-631, § 5, effective June 2, 2020.

ARTICLE VI.

GENERAL PROVISIONS

235 ILCS 5/6-1 Privilege granted by license; nature as to property; transferability; tax delinquencies.

A license shall be purely a personal privilege, good for not to exceed one year after issuance, except a non-beverage user's license, unless sooner revoked as in this Act provided, and shall not constitute property, nor shall it be subject to attachment, garnishment or execution, nor shall it be alienable or transferable, voluntarily or involuntarily, or subject to being encumbered or hypothecated. Such license shall not descend by the laws of testate or intestate devolution, but it shall cease upon the death of the licensee, provided that executors or administrators of the estate of any deceased licensee, and the trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court, and may exercise the privileges of the deceased or insolvent or

bankrupt licensee after the death of such decedent, or such insolvency or bankruptcy until the expiration of such license but not longer than six months after the death, bankruptcy or insolvency of such licensee. Except in the case of a non-beverage user's license, a refund shall be made of that portion of the license fees paid for any period in which the licensee shall be prevented from operating under such license in accordance with the provisions of this paragraph.

Any licensee may renew his license at the expiration thereof, provided he is then qualified to receive a license and the premises for which such renewal license is sought are suitable for such purpose; and provided further that the renewal privilege herein provided for shall not be construed as a vested right which shall in any case prevent the city council or village president and board of trustees or county board, as the case may be, from decreasing the number of licenses to be issued within its jurisdiction. No retailer's license shall be renewed if the Department of Revenue has reported to the Illinois Liquor Control Commission that such retailer is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois until the applicant is issued a certificate by the Department of Revenue stating that all delinquent returns or amounts owed have been paid by guaranteed remittance or the payment agreement to pay all amounts owed has been accepted by the Department. No retailer's license issued by a local liquor control commissioner shall be renewed unless the applicant provides documentation that any tax owed to (i) the municipality in which the applicant is located (in the case of a license issued by the mayor or president of the board of trustees of a city, village or incorporated town acting as local liquor control commissioner) or (ii) the county in which the applicant is located (in the case of a license issued by the president or chairman of a county board acting as local liquor control commissioner) by the applicant has been satisfied by payment in the form of a cashier's check, certified check, money order, or cash.

For a liquor license holder whose business or business operations have been suspended in any capacity due to any executive order issued on or after March 16, 2020 or any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19, renewal of the license shall be automatically approved and the license shall be extended without limitation for 120 days after whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;

(2) the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or

(3) the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

The renewal shall be based upon the most recent liquor license application or application for renewal that was approved and received by the State Commission prior to the limitations or interruptions implemented by the Executive Order on March 16, 2020.

A negotiable instrument received as payment for a license fee, transfer fee, late fee, offer in compromise, pre-disciplinary conference settlement, or fine imposed by order that is dishonored on presentation shall not be considered payment and shall be cause for disciplinary action.

HISTORY:

P.A. 87-344; 89-250, § 5; 91-357, § 166; 2020 P.A. 101-631, § 5, effective June 2, 2020.

235 ILCS 5/6-5 [Loans between retailer and manufacturer or distributor prohibited; exceptions; merchandising credit]

Except as otherwise provided in this Section, it is unlawful for any person having a retailer's license or any officer, associate, member, representative or agent of such licensee to accept, receive or borrow money, or anything else of value, or accept or receive credit (other than merchandising credit in the ordinary course of business for a period not to exceed 30 days) directly or indirectly from any manufacturer, importing distributor or distributor of alcoholic liquor, or from any person connected with or in any way representing, or from any member of the family of, such manufacturer, importing distributor, distributor or wholesaler, or from any stockholders in any corporation engaged in manufacturing, distributing or wholesaling of such liquor, or from any officer, manager, agent or representative of said manufacturer. Except as provided below, it is unlawful for any manufacturer or distributor or importing distributor to give or lend money or anything of value, or otherwise loan or extend credit (except such merchandising credit) directly or indirectly to any retail licensee or to the manager, representative, agent, officer or director of such licensee. A manufacturer, distributor or importing distributor may furnish free advertising, posters, signs, brochures, hand-outs, or other promotional devices or materials to any unit of government owning or operating any auditorium, exhibition hall, recreation facility or other similar facility holding a retailer's license, provided that the primary purpose of such promotional devices or materials is to promote public events being held at such facility. A unit of government owning or operating such a facility holding a retailer's license may accept such promotional devices or materials designed primarily to promote public events held at the facility. No retail licensee delinquent beyond the 30 day period specified in this

Section shall solicit, accept or receive credit, purchase or acquire alcoholic liquors, directly or indirectly from any other licensee, and no manufacturer, distributor or importing distributor shall knowingly grant or extend credit, sell, furnish or supply alcoholic liquors to any such delinquent retail licensee; provided that the purchase price of all beer sold to a retail licensee shall be paid by the retail licensee in cash on or before delivery of the beer, and unless the purchase price payable by a retail licensee for beer sold to him in returnable bottles shall expressly include a charge for the bottles and cases, the retail licensee shall, on or before delivery of such beer, pay the seller in cash a deposit in an amount not less than the deposit required to be paid by the distributor to the brewer; but where the brewer sells direct to the retailer, the deposit shall be an amount no less than that required by the brewer from his own distributors; and provided further, that in no instance shall this deposit be less than 50 cents for each case of beer in pint or smaller bottles and 60 cents for each case of beer in quart or half-gallon bottles; and provided further, that the purchase price of all beer sold to an importing distributor or distributor shall be paid by such importing distributor or distributor in cash on or before the 15th day (Sundays and holidays excepted) after delivery of such beer to such purchaser; and unless the purchase price payable by such importing distributor or distributor for beer sold in returnable bottles and cases shall expressly include a charge for the bottles and cases, such importing distributor or distributor shall, on or before the 15th day (Sundays and holidays excepted) after delivery of such beer to such purchaser, pay the seller in cash a required amount as a deposit to assure the return of such bottles and cases. Nothing herein contained shall prohibit any licensee from crediting or refunding to a purchaser the actual amount of money paid for bottles, cases, kegs or barrels returned by the purchaser to the seller or paid by the purchaser as a deposit on bottles, cases, kegs or barrels, when such containers or packages are returned to the seller. Nothing herein contained shall prohibit any manufacturer, importing distributor or distributor from extending usual and customary credit for alcoholic liquor sold to customers or purchasers who live in or maintain places of business outside of this State when such alcoholic liquor is actually transported and delivered to such points outside of this State.

A manufacturer, distributor, or importing distributor may furnish free social media advertising to a retail licensee if the social media advertisement does not contain the retail price of any alcoholic liquor and the social media advertisement complies with any applicable rules or regulations issued by the Alcohol and Tobacco Tax and Trade Bureau of the United States Department of the Treasury. A manufacturer, distributor, or importing distributor may list the names of one or more unaffiliated retailers in the advertisement of alcoholic liquor through social media. Nothing in this Section shall prohibit a retailer from communicating with a manufacturer, distributor, or importing distributor on social media or sharing media on the social media of a manufacturer, distributor, or importing distributor. A retailer may request free social media advertising from a manufacturer, distributor, or importing distributor. Nothing in this Section shall prohibit a manufacturer, distributor, or importing distributor from sharing, reposting, or otherwise forwarding a social media post by a retail licensee, so long as the sharing, reposting, or forwarding of the social media post does not contain the retail price of any alcoholic liquor. No manufacturer, distributor, or importing distributor shall pay or reimburse a retailer, directly or indirectly, for any social media advertising services, except as specifically permitted in this Act. No retailer shall accept any payment or reimbursement, directly or indirectly, for any social media advertising services offered by a manufacturer, distributor, or importing distributor, except as specifically permitted in this Act. For the purposes of this Section, "social media" means a service, platform, or site where users communicate with one another and share media, such as pictures, videos, music, and blogs, with other users free of charge.

No right of action shall exist for the collection of any claim based upon credit extended to a distributor, importing distributor or retail licensee contrary to the provisions of this Section.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, not later than Thursday of each calendar week, a verified written list of the names and respective addresses of each retail licensee purchasing spirits or wine from such manufacturer, importing distributor or distributor who, on the first business day of that calendar week, was delinquent beyond the above mentioned permissible merchandising credit period of 30 days; or, if such is the fact, a verified written statement that no retail licensee purchasing spirits or wine was then delinquent beyond such permissible merchandising credit period of 30 days.

Every manufacturer, importing distributor and distributor shall submit or cause to be submitted, to the State Commission, in triplicate, a verified written list of the names and respective addresses of each previously reported delinquent retail licensee who has cured such delinquency by payment, which list shall be submitted not later than the close of the second full business day following the day such delinquency was so cured.

The written list of delinquent retail licensees shall be developed, administered, and maintained only by the State Commission. The State Commission shall notify each retail licensee that it has been placed on the delinquency list. Determinations of delinquency or nondelinquency shall be made only by the State Commission.

Such written verified reports required to be submitted by this Section shall be posted by the State

Commission in each of its offices in places available for public inspection not later than the day following receipt thereof by the State Commission. The reports so posted shall constitute notice to every manufacturer, importing distributor and distributor of the information contained therein. Actual notice to manufacturers, importing distributors and distributors of the information contained in any such posted reports, however received, shall also constitute notice of such information.

The 30-day merchandising credit period allowed by this Section shall commence with the day immediately following the date of invoice and shall include all successive days including Sundays and holidays to and including the 30th successive day.

In addition to other methods allowed by law, payment by check or credit card during the period for which merchandising credit may be extended under the provisions of this Section shall be considered payment. All checks received in payment for alcoholic liquor shall be promptly deposited for collection. A post dated check or a check dishonored on presentation for payment shall not be deemed payment.

A credit card payment in dispute by a retailer shall not be deemed payment, and the debt uncured for merchandising credit shall be reported as delinquent. Nothing in this Section shall prevent a distributor, self-distributing manufacturer, or importing distributor from assessing a usual and customary transaction fee representative of the actual finance charges incurred for processing a credit card payment. This transaction fee shall be disclosed on the invoice. It shall be considered unlawful for a distributor, importing distributor, or self-distributing manufacturer to waive finance charges for retailers.

A retail licensee shall not be deemed to be delinquent in payment for any alleged sale to him of alcoholic liquor when there exists a bona fide dispute between such retailer and a manufacturer, importing distributor or distributor with respect to the amount of indebtedness existing because of such alleged sale. A retail licensee shall not be deemed to be delinquent under this provision and 11 Ill. Adm. Code 100.90 until 30 days after the date on which the region in which the retail licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020.

A delinquent retail licensee who engages in the retail liquor business at 2 or more locations shall be deemed to be delinquent with respect to each such location.

The license of any person who violates any provision of this Section shall be subject to suspension or revocation in the manner provided by this Act.

If any part or provision of this Article or the application thereof to any person or circumstances shall be adjudged invalid by a court of competent jurisdiction, such judgment shall be confined by its operation to the controversy in which it was mentioned and shall not affect or invalidate the remainder of this Article or the application thereof to any other person or circumstance and to this and the provisions of this Article are declared severable.

HISTORY:

P.A. 83-762; 99-448, § 5; 2020 P.A. 101-631, § 5, effective June 2, 2020; 2021 P.A. 102-8, § 5, effective June 2, 2021; 2021 P.A. 102-442, § 5, effective January 1, 2022; 2022 P.A. 102-813, § 500, effective May 13, 2022.

235 ILCS 5/6-27.1 Responsible alcohol service server training.

(a) Unless issued a valid server training certificate between July 1, 2012 and July 1, 2015 by a certified Beverage Alcohol Sellers and Servers Education and Training (BASSET) trainer, all alcohol servers in Cook County are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2015 or within 120 days after the alcohol server begins his or her employment, whichever is later. All alcohol servers in a county, other than Cook County, with a population of 200,000 inhabitants or more are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2016 or within 120 days after the alcohol server begins his or her employment, whichever is later. All alcohol servers in a county with a population of more than 30,000 inhabitants and less than 200,000 inhabitants are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2017 or within 120 days after the alcohol server begins his or her employment, whichever is later. All alcohol servers in counties with a population of 30,000 inhabitants or less are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500, as those provisions exist on July 1, 2015 (the effective date of Public Act 98-939), by July 1, 2018 or within 120 days after the alcohol server begins his or her employment, whichever is later.

There is no limit to the amount of times a server may take the training. A certificate of training belongs to the server, and a server may transfer a certificate of training to a different employer, but shall not transfer a certificate of training to another server. Proof that an alcohol server has been trained must be available upon reasonable request by State law enforcement officials. For the purpose of this Section, "alcohol servers" means persons who sell or serve open containers of alcoholic beverages at retail, anyone who delivers mixed drinks under Section 6-28.8 [235 ILCS 5/6-28.8], and anyone whose job description entails the checking of identification for the purchase of open containers of alcoholic beverages at retail or for entry into the licensed premises. The definition does not include (i) a distributor or importing distributor conducting product sampling

as authorized in Section 6-31 of this Act [235 ILCS 5/6-31] or a registered tasting representative, as provided in 11 Ill. Adm. Code 100.40, conducting a tasting, as defined in 11 Ill. Adm. Code 100.10; (ii) a volunteer serving alcoholic beverages at a charitable function; or (iii) an instructor engaged in training or educating on the proper technique for using a system that dispenses alcoholic beverages.

(b) Responsible alcohol service training must cover and assess knowledge of the topics noted in 77 Ill. Adm. Code 3500.155.

(c) Beginning on the effective date of this amendatory Act of the 98th General Assembly, but no later than October 1, 2015, all existing BASSET trainers who are already BASSET certified as of the effective date of this amendatory Act of the 98th General Assembly shall be recertified by the State Commission and be required to comply with the conditions for server training set forth in this amendatory Act of the 98th General Assembly.

(d) Training modules and certificate program plans must be approved by the State Commission. All documents, materials, or information related to responsible alcohol service training program approval that are submitted to the State Commission are confidential and shall not be open to public inspection or dissemination and are exempt from disclosure.

The State Commission shall only approve programs that meet the following criteria:

(1) the training course covers the content specified in 77 Ill. Adm. Code 3500.155;

(2) if the training course is classroom-based, the classroom training is at least 4 hours, is available in English and Spanish, and includes a test;

(3) if the training course is online or computer-based, the course is designed in a way that ensures that no content can be skipped, is interactive, has audio for content for servers that have a disability, and includes a test;

(4) training and testing is based on a job task analysis that clearly identifies and focuses on the knowledge, skills, and abilities needed to responsibly serve alcoholic beverages and is developed using best practices in instructional design and exam development to ensure that the program is fair and legally defensible;

(5) training and testing is conducted by any means available, including, but not limited to, online, computer, classroom, or live trainers; and

(6) the program must provide access on a 24-hour-per-day, 7-days-per-week basis for certificate verification for State Commission, State law enforcement officials, and employers to be able to verify certificate authenticity.

(e) Nothing in subsection (d) of this Section shall be construed to require a program to use a test administrator or proctor.

(f) A certificate issued from a BASSET-licensed training program shall be accepted as meeting the training requirements for all server license and permit laws and ordinances in the State.

(g) A responsible alcohol service training certificate from a BASSET-licensed program shall be valid for 3 years.

(h) The provisions of this Section shall apply beginning July 1, 2015. From July 1, 2015 through December 31, 2015, enforcement of the provisions of this Section shall be limited to education and notification of the requirements to encourage compliance.

(i) The provisions of this Section do not apply to a special event retailer.

HISTORY:

2014 P.A. 98-939, § 5, effective July 1, 2015; 99-46, § 5; 2020 P.A. 101-631, § 5, effective June 2, 2020.

235 ILCS 5/6-28.8 Delivery and carry out of mixed drinks permitted. [Effective until January 3, 2024]

(a) In this Section:

"Cocktail" or "mixed drink" means any beverage obtained by combining ingredients alcoholic in nature, whether brewed, fermented, or distilled, with ingredients non-alcoholic in nature, such as fruit juice, lemonade, cream, or a carbonated beverage.

"Original container" means, for the purposes of this Section only, a container that is (i) filled, sealed, and secured by a retail licensee's employee at the retail licensee's location with a tamper-evident lid or cap or (ii) filled and labeled by the manufacturer and secured by the manufacturer's original unbroken seal.

"Sealed container" means a rigid container that contains a mixed drink or a single serving of wine, is new, has never been used, has a secured lid or cap designed to prevent consumption without removal of the lid or cap, and is tamper-evident. "Sealed container" includes a manufacturer's original container as defined in this subsection. "Sealed container" does not include a container with a lid with sipping holes or openings for straws or a container made of plastic, paper, or polystyrene foam.

"Tamper-evident" means a lid or cap that has been sealed with tamper-evident covers, including, but not limited to, wax dip or heat shrink wrap.

(b) A cocktail, mixed drink, or single serving of wine placed in a sealed container by a retail licensee at the retail licensee's location or a manufacturer's original container may be transferred and sold for off-premises consumption if the following requirements are met:

(1) the cocktail, mixed drink, or single serving of wine is transferred within the licensed premises, by a curbside pickup, or by delivery by an employee of the retail licensee who:

(A) has been trained in accordance with Section 6-27.1 at the time of the sale;

(B) is at least 21 years of age; and

(C) upon delivery, verifies the age of the person to whom the cocktail, mixed drink, or single serving of wine is being delivered;

(2) if the employee delivering the cocktail, mixed drink, or single serving of wine is not able to safely verify a person's age or level of intoxication upon delivery, the employee shall cancel the sale of alcohol and return the product to the retail license holder;

(3) the sealed container is placed in the trunk of the vehicle or if there is no trunk, in the vehicle's rear compartment that is not readily accessible to the passenger area;

(4) except for a manufacturer's original container, a container filled and sealed at a retail licensee's location shall be affixed with a label or tag that contains the following information:

(A) the cocktail or mixed drink ingredients, type, and name of the alcohol;

(B) the name, license number, and address of the retail licensee that filled the original container and sold the product;

(C) the volume of the cocktail, mixed drink, or single serving of wine in the sealed container; and

(D) the sealed container was filled less than 7 days before the date of sale; and

(5) a manufacturer's original container shall be affixed with a label or tag that contains the name, license number, and address of the retail licensee that sold the product.

(c) Third-party delivery services are not permitted to deliver cocktails and mixed drinks under this Section.

(d) If there is an executive order of the Governor in effect during a disaster, the employee delivering the mixed drink, cocktail, or single serving of wine must comply with any requirements of that executive order, including, but not limited to, wearing gloves and a mask and maintaining distancing requirements when interacting with the public.

(e) Delivery or carry out of a cocktail, mixed drink, or single serving of wine is prohibited if:

(1) a third party delivers the cocktail or mixed drink;

(2) a container of a mixed drink, cocktail, or single serving of wine is not tamper-evident and sealed;

(3) a container of a mixed drink, cocktail, or single serving of wine is transported in the passenger area of a vehicle;

(4) a mixed drink, cocktail, or single serving of wine is delivered by a person or to a person who is under the age of 21; or

(5) the person delivering a mixed drink, cocktail, or single serving of wine fails to verify the age of the person to whom the mixed drink or cocktail is being delivered.

(f) Violations of this Section shall be subject to any applicable penalties, including, but not limited to, the penalties specified under Section 11-502 of the Illinois Vehicle Code.

(f-5) This Section is not intended to prohibit or preempt the ability of a brew pub, tap room, or distilling pub to continue to temporarily deliver alcoholic liquor pursuant to guidance issued by the State Commission on March 19, 2020 entitled "Illinois Liquor Control Commission, COVID-19 Related Actions, Guidance on Temporary Delivery of Alcoholic Liquor". This Section shall only grant authorization to holders of State of Illinois retail liquor licenses but not to licensees that simultaneously hold any licensure or privilege to manufacture alcoholic liquors within or outside of the State of Illinois.

(g) This Section is not a denial or limitation of home rule powers and functions under Section 6 of Article VII of the Illinois Constitution.

(h) This Section is repealed on January 3, 2024.

HISTORY:

2020 P.A. 101-631, § 5, effective June 2, 2020; 2021 P.A. 102-8, § 5, effective June 2, 2021.

CHAPTER 310

HOUSING

House Relocation Act
Displaced Person Relocation Act

HOUSE RELOCATION ACT

Section

310 ILCS 35/0.01 Short title

This Act may be cited as the House Relocation Act.

HISTORY:
P.A. 86-1324.

310 ILCS 35/1 [Legislative determination]

It is hereby declared that there exists an acute shortage of housing in the State of Illinois; that this condition requires that provision be made for the relocation of dwellings on real property acquired for highway rights-of-way; that the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

HISTORY:
Laws 1949, p. 1023.

310 ILCS 35/2 [Acquisition of property for relocation of dwelling]

Where real property has been acquired for highway purposes by any political subdivision or municipal corporation of the State and is improved with a dwelling or dwellings which otherwise must be removed or demolished in order to construct such highway, any such political subdivision or municipal corporation may acquire other real property by purchase, gift, legacy or pursuant to the provisions for the exercise of the right of eminent domain under the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.], for the purpose of providing a site on which such dwelling or dwellings may be relocated in order that it or they may continue to be used for housing purposes and may cause any such dwelling to be moved to such a site, provide it with a suitable foundation and restore and rehabilitate the dwelling in its entirety.

HISTORY:
P.A. 83-388; 94-1055, § 95-10-20.

310 ILCS 35/2.5 Eminent domain

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 95-5-620.

310 ILCS 35/3 [Agreements authorized]

Notwithstanding any provision of this statute or of any other statute, general or special, any political subdivision or municipal corporation of the State, in order to effect the purposes of this statute, may enter into an agreement or agreements for the work and materials necessary therefor with the State, with any other political subdivision or municipal corporation thereof, with any private person, firm or corporation or with any public utility.

HISTORY:
Laws 1949, p. 1023.

310 ILCS 35/4 [Sale of property]

After the relocation or relocation and rehabilitation of any such dwelling, such political subdivision or municipal corporation so relocating the dwelling thereafter by action of its corporate authorities may sell such dwelling and the real property on which it is located in the manner provided by law.

HISTORY:
Laws 1949, p. 1023.

DISPLACED PERSON RELOCATION ACT

Section

310 ILCS 40/0.01 Short title

This Act may be cited as the Displaced Person Relocation Act.

HISTORY:
P.A. 86-1324.

310 ILCS 40/1 [State agency defined]

"State agency" means any department, agency or instrumentality of the State of Illinois or unit of local

government or school district, or any department, agency or instrumentality of the State of Illinois and one or more other states or two or more units of local government or school districts of the State of Illinois and one or more other states, or any person who has the authority to acquire property by eminent domain under State law.

HISTORY:
P.A. 85-1407.

310 ILCS 40/1a [Displaced person defined]

"Displaced person" shall have the same meaning as provided in Section 101 of the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 [42 U.S.C. § 4601].

HISTORY:
P.A. 85-1407.

310 ILCS 40/2 [Direct financial assistance; Federal funds available]

When Federal funds are available for payment of direct financial assistance to persons displaced by acquisition of real property by a State agency, the displacing agency may match such Federal funds to the extent provided by Federal law and may provide such direct financial assistance in the instances and on the conditions set forth by Federal law and regulations.

HISTORY:
P.A. 77-1571.

310 ILCS 40/2a [Reimbursement of expenses; Federal funds available]

When Federal funds are available for payment of the items specified in this Section, the displacing agency may match such Federal funds to the extent provided by Federal law and may make such payments in the instances and on the conditions set forth by Federal law and regulations.

When such Federal funds are available and as soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, the State agency shall reimburse the owner, to the extent the head of such agency deems fair and reasonable, for expenses he necessarily incurred for—

(1) recording fees, transfer taxes and similar expenses incidental to conveying such real property to the State agency;

(2) penalty costs for prepayment of any pre-existing recorded mortgage entered into in good faith encumbering such real property; and

(3) the pro rata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the State agency, or the effective date of possession of such real property by the State agency, whichever is the earlier.

HISTORY:
P.A. 77-1977.

310 ILCS 40/3 [Direct financial assistance; no Federal funds]

When Federal funds are not available or used for payment of direct financial assistance to persons displaced by the acquisition of real property by the State agency, the displacing agency may provide direct financial assistance to such persons. Financial assistance authorized by this section shall not exceed the total amount that would have been payable under Section 2 of this Act [310 ILCS 40/2] if Federal funds had been available or used.

HISTORY:
P.A. 77-1571.

310 ILCS 40/4 [Rules and regulations]

(a) The State agency shall adopt such rules and regulations as may be necessary to assure:

(1) that the payments and assistance authorized by this Act shall be administered in a manner which is fair and reasonable, and as uniform as practicable;

(2) that a displaced person who makes proper application for a payment authorized for such person by this Act shall be paid promptly after a move or, in hardship cases, be paid in advance; and

(3) that any person aggrieved by a determination as to eligibility for a payment authorized by this Act, or the amount of a payment, may have his application reviewed by the State agency.

(b) The State agency may prescribe such other regulations and procedures, consistent with the provisions of this Act, as is deemed necessary or appropriate to carry out the provisions of this Act.

HISTORY:
P.A. 77-1571.

310 ILCS 40/5 [Judicial review]

The provisions of the Administrative Review Law [735 ILCS 5/3-101 et seq.] and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of the final administrative decision of the State agency hereunder. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure [735 ILCS 5/3-101].

HISTORY:
P.A. 82-783.

CHAPTER 410

PUBLIC HEALTH

GENERAL

Coal Tar Sealant Disclosure Act [Effective January 1, 2023]

COAL TAR SEALANT DISCLOSURE ACT [EFFECTIVE JANUARY 1, 2023]

HISTORY:
2021 P.A. 102-242, § 1, effective January 1, 2023.

410 ILCS 170/1 Short title. [Effective January 1, 2023]

This Act may be cited as the Coal Tar Sealant Disclosure Act.

HISTORY:
2021 P.A. 102-242, § 1, effective January 1, 2023.

410 ILCS 170/5 Definitions. [Effective January 1, 2023]

In this Act:

"Coal tar-based sealant or high polycyclic aromatic hydrocarbon sealant product" means a pavement sealant material containing coal tar or a high polycyclic aromatic hydrocarbon content greater than 0.1% by weight.

"Department" means the Department of Public Health.

"Safety data sheet" means a document describing the properties and methods of the handling and use of a substance, compound, or mixture and containing the following information with respect to the substance, compound, or mixture:

(1) The chemical name, common name, trade name, and the identity used on the label.

(2) Physical and chemical characteristics, including, but not limited to, vapor pressure and flash point.

(3) Physical hazards, including the potential for fire, explosion, or reactivity.

(4) Known acute and chronic health effects of exposure, including, but not limited to, signs and symptoms of exposure, based on substantial scientific evidence.

(5) The known primary route of exposure.

(6) The permissible exposure limit for those toxic substances for which the federal Occupational Safety and Health Administration has adopted a permissible exposure limit.

(7) Precautions for safe handling and use.

(8) Recommended engineering controls.

(9) Recommended work practices.

(10) Recommended personal protective equipment.

(11) Procedures for emergencies, first aid, and cleanup of leaks and spills.

(12) The date of preparation of the safety data sheet and any changes to it.

(13) The name, address, and telephone number of the employer, manufacturer, importer, or supplier who prepares the safety data sheet.

HISTORY:
2021 P.A. 102-242, § 5, effective January 1, 2023.

410 ILCS 170/10 Coal tar sealant disclosure; public schools. [Effective January 1, 2023]

(a) A public school, public school district, or day care shall provide written or telephonic notification to parents and guardians of students and employees prior to any application of a coal-tar based sealant product or a high polycyclic aromatic hydrocarbon sealant product. The written notification:

(1) may be included in newsletters, bulletins, calendars, or other correspondence currently published by the school district or day care center;

(2) must be given at least 10 business days before the application and should identify the intended date and location of the application of the coal-tar based sealant product or high polycyclic aromatic hydrocarbon sealant;

(3) must include the name and telephone contact number for the school or day care center personnel responsible for the application; and

(4) must include any health hazards associated with coal tar-based sealant product or high polycyclic aromatic hydrocarbon sealant product, as provided by a corresponding safety data sheet.

(b) Notwithstanding any provision of this Act or any other law to the contrary, a public school or public school district that bids a pavement engineering project using a coal tar-based sealant product or high polycyclic aromatic hydrocarbon sealant prod-

uct for pavement engineering-related use shall request a bid with an alternative for asphalt-based or latex-based sealant product as a part of the engineering project. The public school or public school district shall consider whether asphalt-based or latex-based sealant product should be used for the project based upon costs and life cycle costs that regard preserving pavements, product warranties, and the benefits to public health and safety.

(c) The Department, in consultation with the State Board of Education, shall conduct outreach to public schools and public school districts to provide guidance for compliance with the provisions of this Act.

(d) On or before May 1, 2023, the Department and the State Board of Education shall post on their websites guidance on screening for coal tar-based sealant product or high polycyclic aromatic hydrocarbon sealant product, requirements for a request for proposals, and requirements for disclosure.

HISTORY:
2021 P.A. 102-242, § 10, effective January 1, 2023.

410 ILCS 170/15 Coal tar sealant disclosure; State property. [Effective January 1, 2023]

(a) Notwithstanding any provision of this Act or any other law to the contrary, a State agency that undertakes a pavement engineering project requiring the use of a coal tar-based sealant or high polycyclic aromatic hydrocarbon sealant product for pavement engineering-related use shall request a base bid with an alternative for asphalt-based or latex-based sealant product as a part of the project. The State agency shall consider whether asphalt-based or latex-based sealant product should be used for the project based upon the costs involved and shall incorporate asphalt-based or latex-based sealant product into a pavement engineering project if the cost of using asphalt-based or latex-based sealant product is equal to or less than the coal tar-based sealant or high polycyclic aromatic hydrocarbon sealant product.

(b) On or before May 1, 2023, the Department shall adopt rules for the procedures and standards to be used in assessing acceptable levels of high polycyclic aromatic hydrocarbon content of a pavement seal applied to any State agency property. The rules shall, at a minimum, include provisions regarding testing parameters and the notification of screening results.

(c) This Section does not apply to a pavement engineering project requiring the use of a coal tar-based sealant or high polycyclic aromatic hydrocarbon sealant product for pavement engineering-related use on a highway structure conducted by or under the authority of the Department of Transportation.

HISTORY:
2021 P.A. 102-242, § 15, effective January 1, 2023.

410 ILCS 170/20 Exemptions. [Effective January 1, 2023]

Nothing in this Act applies to a construction project or sale in which coal tar-based sealant or high polycyclic aromatic hydrocarbon sealant product is used for roofing application.

HISTORY:
2021 P.A. 102-242, § 20, effective January 1, 2023.

410 ILCS 170/99 Effective date. [Effective January 1, 2023]

This Act takes effect January 1, 2023.

HISTORY:
2021 P.A. 102-242, § 99, effective January 1, 2023.

Cannabis Regulation and Tax Act

CANNABIS REGULATION AND TAX ACT

Article 1. Short Title; Findings; Definitions

Section

Article 5. Authority

Article 7. Social Equity in the Cannabis Industry

Article 10. Personal Use of Cannabis

Article 55. General Provisions

Article 60. Cannabis Cultivation Privilege Tax

Article 65. Cannabis Purchaser Excise Tax

ARTICLE 1.

SHORT TITLE; FINDINGS; DEFINITIONS

410 ILCS 705/1-1 Short title.

This Act may be cited as the Cannabis Regulation and Tax Act.

HISTORY:
2019 P.A. 101-27, § 1-1, effective June 25, 2019.

410 ILCS 705/1-5 Findings.

(a) In the interest of allowing law enforcement to focus on violent and property crimes, generating revenue for education, substance abuse prevention and treatment, freeing public resources to invest in communities and other public purposes, and individual freedom, the General Assembly finds and declares that the use of cannabis should be legal for persons 21 years of age or older and should be taxed in a manner similar to alcohol.

(b) In the interest of the health and public safety of the residents of Illinois, the General Assembly further finds and declares that cannabis should be regulated in a manner similar to alcohol so that:

(1) persons will have to show proof of age before purchasing cannabis;

(2) selling, distributing, or transferring cannabis to minors and other persons under 21 years of age shall remain illegal;

(3) driving under the influence of cannabis, operating a watercraft under the influence of cannabis, and operating a snowmobile under the influence of cannabis shall remain illegal;

(4) legitimate, taxpaying business people, and not criminal actors, will conduct sales of cannabis;

(5) cannabis sold in this State will be tested, labeled, and subject to additional regulation to ensure that purchasers are informed and protected; and

(6) purchasers will be informed of any known health risks associated with the use of cannabis, as concluded by evidence-based, peer reviewed research.

(c) The General Assembly further finds and declares that it is necessary to ensure consistency and fairness in the application of this Act throughout the State and that, therefore, the matters addressed by this Act are, except as specified in this Act, matters of statewide concern.

(d) The General Assembly further finds and declares that this Act shall not diminish the State's duties and commitment to seriously ill patients registered under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], nor alter the protections granted to them.

(e) The General Assembly supports and encourages labor neutrality in the cannabis industry and further finds and declares that employee workplace safety shall not be diminished and employer workplace policies shall be interpreted broadly to protect employee safety.

HISTORY:
2019 P.A. 101-27, § 1-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/1-7 Lawful user and lawful products.

For the purposes of this Act and to clarify the

legislative findings on the lawful use of cannabis, a person shall not be considered an unlawful user or addicted to narcotics solely as a result of his or her possession or use of cannabis or cannabis paraphernalia in accordance with this Act.

HISTORY:
2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/1-10 Definitions.

In this Act:

"Adult Use Cultivation Center License" means a license issued by the Department of Agriculture that permits a person to act as a cultivation center under this Act and any administrative rule made in furtherance of this Act.

"Adult Use Dispensing Organization License" means a license issued by the Department of Financial and Professional Regulation that permits a person to act as a dispensing organization under this Act and any administrative rule made in furtherance of this Act.

"Advertise" means to engage in promotional activities including, but not limited to: newspaper, radio, Internet and electronic media, and television advertising; the distribution of fliers and circulars; billboard advertising; and the display of window and interior signs. "Advertise" does not mean exterior signage displaying only the name of the licensed cannabis business establishment.

"Application points" means the number of points a Dispensary Applicant receives on an application for a Conditional Adult Use Dispensing Organization License.

"BLS Region" means a region in Illinois used by the United States Bureau of Labor Statistics to gather and categorize certain employment and wage data. The 17 such regions in Illinois are: Bloomington, Cape Girardeau, Carbondale-Marion, Champaign-Urbana, Chicago-Naperville-Elgin, Danville, Davenport-Moline-Rock Island, Decatur, Kankakee, Peoria, Rockford, St. Louis, Springfield, Northwest Illinois nonmetropolitan area, West Central Illinois nonmetropolitan area, East Central Illinois nonmetropolitan area, and South Illinois nonmetropolitan area.

"By lot" means a randomized method of choosing between 2 or more Eligible Tied Applicants or 2 or more Qualifying Applicants.

"Cannabis" means marijuana, hashish, and other substances that are identified as including any parts of the plant Cannabis sativa and including derivatives or subspecies, such as indica, of all strains of cannabis, whether growing or not; the seeds thereof, the resin extracted from any part of the plant; and any compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin, including tetrahydrocannabinol (THC) and all other naturally produced cannabinol derivatives, whether produced directly or indirectly by extraction; however, "cannabis" does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted from it), fiber, oil or cake, or the sterilized seed of the plant that is incapable of germination. "Cannabis" does not include industrial hemp as defined and authorized under the Industrial Hemp Act [505 ILCS 89/1 et seq.]. "Cannabis" also means cannabis flower, concentrate, and cannabis-infused products.

"Cannabis business establishment" means a cultivation center, craft grower, processing organization, infuser organization, dispensing organization, or transporting organization.

"Cannabis concentrate" means a product derived from cannabis that is produced by extracting cannabinoids, including tetrahydrocannabinol (THC), from the plant through the use of propylene glycol, glycerin, butter, olive oil, or other typical cooking fats; water, ice, or dry ice; or butane, propane, CO_2, ethanol, or isopropanol and with the intended use of smoking or making a cannabis-infused product. The use of any other solvent is expressly prohibited unless and until it is approved by the Department of Agriculture.

"Cannabis container" means a sealed or resealable, traceable, container, or package used for the purpose of containment of cannabis or cannabis-infused product during transportation.

"Cannabis flower" means marijuana, hashish, and other substances that are identified as including any parts of the plant Cannabis sativa and including derivatives or subspecies, such as indica, of all strains of cannabis; including raw kief, leaves, and buds, but not resin that has been extracted from any part of such plant; nor any compound, manufacture, salt, derivative, mixture, or preparation of such plant, its seeds, or resin.

"Cannabis-infused product" means a beverage, food, oil, ointment, tincture, topical formulation, or another product containing cannabis or cannabis concentrate that is not intended to be smoked.

"Cannabis paraphernalia" means equipment, products, or materials intended to be used for planting, propagating, cultivating, growing, harvesting, manufacturing, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, ingesting, or otherwise introducing cannabis into the human body.

"Cannabis plant monitoring system" or "plant monitoring system" means a system that includes, but is not limited to, testing and data collection established and maintained by the cultivation center, craft grower, or processing organization and that is available to the Department of Revenue, the Department of Agriculture, the Department of Financial and Professional Regulation, and the Illinois State Police for the purposes of documenting each cannabis plant and monitoring plant development throughout the life cycle of a cannabis plant cultivated for the

intended use by a customer from seed planting to final packaging.

"Cannabis testing facility" means an entity registered by the Department of Agriculture to test cannabis for potency and contaminants.

"Clone" means a plant section from a female cannabis plant not yet rootbound, growing in a water solution or other propagation matrix, that is capable of developing into a new plant.

"Community College Cannabis Vocational Training Pilot Program faculty participant" means a person who is 21 years of age or older, licensed by the Department of Agriculture, and is employed or contracted by an Illinois community college to provide student instruction using cannabis plants at an Illinois Community College.

"Community College Cannabis Vocational Training Pilot Program faculty participant Agent Identification Card" means a document issued by the Department of Agriculture that identifies a person as a Community College Cannabis Vocational Training Pilot Program faculty participant.

"Conditional Adult Use Dispensing Organization License" means a contingent license awarded to applicants for an Adult Use Dispensing Organization License that reserves the right to an Adult Use Dispensing Organization License if the applicant meets certain conditions described in this Act, but does not entitle the recipient to begin purchasing or selling cannabis or cannabis-infused products.

"Conditional Adult Use Cultivation Center License" means a license awarded to top-scoring applicants for an Adult Use Cultivation Center License that reserves the right to an Adult Use Cultivation Center License if the applicant meets certain conditions as determined by the Department of Agriculture by rule, but does not entitle the recipient to begin growing, processing, or selling cannabis or cannabis-infused products.

"Craft grower" means a facility operated by an organization or business that is licensed by the Department of Agriculture to cultivate, dry, cure, and package cannabis and perform other necessary activities to make cannabis available for sale at a dispensing organization or use at a processing organization. A craft grower may contain up to 5,000 square feet of canopy space on its premises for plants in the flowering state. The Department of Agriculture may authorize an increase or decrease of flowering stage cultivation space in increments of 3,000 square feet by rule based on market need, craft grower capacity, and the licensee's history of compliance or noncompliance, with a maximum space of 14,000 square feet for cultivating plants in the flowering stage, which must be cultivated in all stages of growth in an enclosed and secure area. A craft grower may share premises with a processing organization or a dispensing organization, or both, provided each licensee stores currency and cannabis or cannabis-infused products in a separate secured vault to which the other licensee does not have access or all licensees sharing a vault share more than 50% of the same ownership.

"Craft grower agent" means a principal officer, board member, employee, or other agent of a craft grower who is 21 years of age or older.

"Craft Grower Agent Identification Card" means a document issued by the Department of Agriculture that identifies a person as a craft grower agent.

"Cultivation center" means a facility operated by an organization or business that is licensed by the Department of Agriculture to cultivate, process, transport (unless otherwise limited by this Act), and perform other necessary activities to provide cannabis and cannabis-infused products to cannabis business establishments.

"Cultivation center agent" means a principal officer, board member, employee, or other agent of a cultivation center who is 21 years of age or older.

"Cultivation Center Agent Identification Card" means a document issued by the Department of Agriculture that identifies a person as a cultivation center agent.

"Currency" means currency and coin of the United States.

"Dispensary" means a facility operated by a dispensing organization at which activities licensed by this Act may occur.

"Dispensary Applicant" means the Proposed Dispensing Organization Name as stated on an application for a Conditional Adult Use Dispensing Organization License.

"Dispensing organization" means a facility operated by an organization or business that is licensed by the Department of Financial and Professional Regulation to acquire cannabis from a cultivation center, craft grower, processing organization, or another dispensary for the purpose of selling or dispensing cannabis, cannabis-infused products, cannabis seeds, paraphernalia, or related supplies under this Act to purchasers or to qualified registered medical cannabis patients and caregivers. As used in this Act, "dispensing organization" includes a registered medical cannabis organization as defined in the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] or its successor Act that has obtained an Early Approval Adult Use Dispensing Organization License.

"Dispensing organization agent" means a principal officer, employee, or agent of a dispensing organization who is 21 years of age or older.

"Dispensing organization agent identification card" means a document issued by the Department of Financial and Professional Regulation that identifies a person as a dispensing organization agent.

"Disproportionately Impacted Area" means a census tract or comparable geographic area that satisfies the following criteria as determined by the Department of Commerce and Economic Opportunity, that:

(1) meets at least one of the following criteria:

(A) the area has a poverty rate of at least 20% according to the latest federal decennial census; or

(B) 75% or more of the children in the area participate in the federal free lunch program according to reported statistics from the State Board of Education; or

(C) at least 20% of the households in the area receive assistance under the Supplemental Nutrition Assistance Program; or

(D) the area has an average unemployment rate, as determined by the Illinois Department of Employment Security, that is more than 120% of the national unemployment average, as determined by the United States Department of Labor, for a period of at least 2 consecutive calendar years preceding the date of the application; and

(2) has high rates of arrest, conviction, and incarceration related to the sale, possession, use, cultivation, manufacture, or transport of cannabis.

"Early Approval Adult Use Cultivation Center License" means a license that permits a medical cannabis cultivation center licensed under the Compassionate Use of Medical Cannabis Program Act as of the effective date of this Act to begin cultivating, infusing, packaging, transporting (unless otherwise provided in this Act), processing, and selling cannabis or cannabis-infused product to cannabis business establishments for resale to purchasers as permitted by this Act as of January 1, 2020.

"Early Approval Adult Use Dispensing Organization License" means a license that permits a medical cannabis dispensing organization licensed under the Compassionate Use of Medical Cannabis Program Act as of the effective date of this Act to begin selling cannabis or cannabis-infused product to purchasers as permitted by this Act as of January 1, 2020.

"Early Approval Adult Use Dispensing Organization at a secondary site" means a license that permits a medical cannabis dispensing organization licensed under the Compassionate Use of Medical Cannabis Program Act as of the effective date of this Act to begin selling cannabis or cannabis-infused product to purchasers as permitted by this Act on January 1, 2020 at a different dispensary location from its existing registered medical dispensary location.

"Eligible Tied Applicant" means a Tied Applicant that is eligible to participate in the process by which a remaining available license is distributed by lot pursuant to a Tied Applicant Lottery.

"Enclosed, locked facility" means a room, greenhouse, building, or other enclosed area equipped with locks or other security devices that permit access only by cannabis business establishment agents working for the licensed cannabis business establishment or acting pursuant to this Act to cultivate, process, store, or distribute cannabis.

"Enclosed, locked space" means a closet, room, greenhouse, building, or other enclosed area equipped with locks or other security devices that permit access only by authorized individuals under this Act. "Enclosed, locked space" may include:

(1) a space within a residential building that (i) is the primary residence of the individual cultivating 5 or fewer cannabis plants that are more than 5 inches tall and (ii) includes sleeping quarters and indoor plumbing. The space must only be accessible by a key or code that is different from any key or code that can be used to access the residential building from the exterior; or

(2) a structure, such as a shed or greenhouse, that lies on the same plot of land as a residential building that (i) includes sleeping quarters and indoor plumbing and (ii) is used as a primary residence by the person cultivating 5 or fewer cannabis plants that are more than 5 inches tall, such as a shed or greenhouse. The structure must remain locked when it is unoccupied by people.

"Financial institution" has the same meaning as "financial organization" as defined in Section 1501 of the Illinois Income Tax Act [35 ILCS 5/1501], and also includes the holding companies, subsidiaries, and affiliates of such financial organizations.

"Flowering stage" means the stage of cultivation where and when a cannabis plant is cultivated to produce plant material for cannabis products. This includes mature plants as follows:

(1) if greater than 2 stigmas are visible at each internode of the plant; or

(2) if the cannabis plant is in an area that has been intentionally deprived of light for a period of time intended to produce flower buds and induce maturation, from the moment the light deprivation began through the remainder of the marijuana plant growth cycle.

"Individual" means a natural person.

"Infuser organization" or "infuser" means a facility operated by an organization or business that is licensed by the Department of Agriculture to directly incorporate cannabis or cannabis concentrate into a product formulation to produce a cannabis-infused product.

"Kief" means the resinous crystal-like trichomes that are found on cannabis and that are accumulated, resulting in a higher concentration of cannabinoids, untreated by heat or pressure, or extracted using a solvent.

"Labor peace agreement" means an agreement between a cannabis business establishment and any labor organization recognized under the National Labor Relations Act, referred to in this Act as a bona fide labor organization, that prohibits labor organizations and members from engaging in picketing, work stoppages, boycotts, and any other economic interference with the cannabis business establishment. This agreement means that the cannabis business establishment has agreed not to disrupt efforts by the bona fide labor organization to communicate with, and attempt to organize and represent, the cannabis business establishment's employees. The agreement shall provide a bona fide labor organization access at reasonable times to areas in which the cannabis business establishment's employees work, for the purpose of meeting with employees to discuss their right to representation, employment rights un-

der State law, and terms and conditions of employment. This type of agreement shall not mandate a particular method of election or certification of the bona fide labor organization.

"Limited access area" means a room or other area under the control of a cannabis dispensing organization licensed under this Act and upon the licensed premises where cannabis sales occur with access limited to purchasers, dispensing organization owners and other dispensing organization agents, or service professionals conducting business with the dispensing organization, or, if sales to registered qualifying patients, caregivers, provisional patients, and Opioid Alternative Pilot Program participants licensed pursuant to the Compassionate Use of Medical Cannabis Program Act are also permitted at the dispensary, registered qualifying patients, caregivers, provisional patients, and Opioid Alternative Pilot Program participants.

"Member of an impacted family" means an individual who has a parent, legal guardian, child, spouse, or dependent, or was a dependent of an individual who, prior to the effective date of this Act, was arrested for, convicted of, or adjudicated delinquent for any offense that is eligible for expungement under this Act.

"Mother plant" means a cannabis plant that is cultivated or maintained for the purpose of generating clones, and that will not be used to produce plant material for sale to an infuser or dispensing organization.

"Ordinary public view" means within the sight line with normal visual range of a person, unassisted by visual aids, from a public street or sidewalk adjacent to real property, or from within an adjacent property.

"Ownership and control" means ownership of at least 51% of the business, including corporate stock if a corporation, and control over the management and day-to-day operations of the business and an interest in the capital, assets, and profits and losses of the business proportionate to percentage of ownership.

"Person" means a natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Possession limit" means the amount of cannabis under Section 10-10 [410 ILCS 705/10-10] that may be possessed at any one time by a person 21 years of age or older or who is a registered qualifying medical cannabis patient or caregiver under the Compassionate Use of Medical Cannabis Program Act.

"Principal officer" includes a cannabis business establishment applicant or licensed cannabis business establishment's board member, owner with more than 1% interest of the total cannabis business establishment or more than 5% interest of the total cannabis business establishment of a publicly traded company, president, vice president, secretary, treasurer, partner, officer, member, manager member, or person with a profit sharing, financial interest, or revenue sharing arrangement. The definition includes a person with authority to control the cannabis business establishment, a person who assumes responsibility for the debts of the cannabis business establishment and who is further defined in this Act.

"Primary residence" means a dwelling where a person usually stays or stays more often than other locations. It may be determined by, without limitation, presence, tax filings; address on an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card; or voter registration. No person may have more than one primary residence.

"Processing organization" or "processor" means a facility operated by an organization or business that is licensed by the Department of Agriculture to either extract constituent chemicals or compounds to produce cannabis concentrate or incorporate cannabis or cannabis concentrate into a product formulation to produce a cannabis product.

"Processing organization agent" means a principal officer, board member, employee, or agent of a processing organization.

"Processing organization agent identification card" means a document issued by the Department of Agriculture that identifies a person as a processing organization agent.

"Purchaser" means a person 21 years of age or older who acquires cannabis for a valuable consideration. "Purchaser" does not include a cardholder under the Compassionate Use of Medical Cannabis Program Act.

"Qualifying Applicant" means an applicant that submitted an application pursuant to Section 15-30 that received at least 85% of 250 application points available under Section 15-30 as the applicant's final score and meets the definition of "Social Equity Applicant" as set forth under this Section.

"Qualifying Social Equity Justice Involved Applicant" means an applicant that submitted an application pursuant to Section 15-30 that received at least 85% of 250 application points available under Section 15-30 as the applicant's final score and meets the criteria of either paragraph (1) or (2) of the definition of "Social Equity Applicant" as set forth under this Section.

"Qualified Social Equity Applicant" means a Social Equity Applicant who has been awarded a conditional license under this Act to operate a cannabis business establishment.

"Resided" means an individual's primary residence was located within the relevant geographic area as established by 2 of the following:

(1) a signed lease agreement that includes the applicant's name;

(2) a property deed that includes the applicant's name;

(3) school records;

(4) a voter registration card;

(5) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(6) a paycheck stub;
(7) a utility bill;
(8) tax records; or
(9) any other proof of residency or other information necessary to establish residence as provided by rule.

"Smoking" means the inhalation of smoke caused by the combustion of cannabis.

"Social Equity Applicant" means an applicant that is an Illinois resident that meets one of the following criteria:

(1) an applicant with at least 51% ownership and control by one or more individuals who have resided for at least 5 of the preceding 10 years in a Disproportionately Impacted Area;

(2) an applicant with at least 51% ownership and control by one or more individuals who:

(i) have been arrested for, convicted of, or adjudicated delinquent for any offense that is eligible for expungement under this Act; or

(ii) is a member of an impacted family;

(3) for applicants with a minimum of 10 full-time employees, an applicant with at least 51% of current employees who:

(i) currently reside in a Disproportionately Impacted Area; or

(ii) have been arrested for, convicted of, or adjudicated delinquent for any offense that is eligible for expungement under this Act or member of an impacted family.

Nothing in this Act shall be construed to preempt or limit the duties of any employer under the Job Opportunities for Qualified Applicants Act [820 ILCS 75/1 et seq.]. Nothing in this Act shall permit an employer to require an employee to disclose sealed or expunged offenses, unless otherwise required by law.

"Tied Applicant" means an application submitted by a Dispensary Applicant pursuant to Section 15-30 that received the same number of application points under Section 15-30 as the Dispensary Applicant's final score as one or more top-scoring applications in the same BLS Region and would have been awarded a license but for the one or more other top-scoring applications that received the same number of application points. Each application for which a Dispensary Applicant was required to pay a required application fee for the application period ending January 2, 2020 shall be considered an application of a separate Tied Applicant.

"Tied Applicant Lottery" means the process established under 68 Ill. Adm. Code 1291.50 for awarding Conditional Adult Use Dispensing Organization Licenses pursuant to Sections 15-25 and 15-30 among Eligible Tied Applicants.

"Tincture" means a cannabis-infused solution, typically comprised of alcohol, glycerin, or vegetable oils, derived either directly from the cannabis plant or from a processed cannabis extract. A tincture is not an alcoholic liquor as defined in the Liquor Control Act of 1934 [235 ILCS 5/1-1 et seq.]. A tincture shall include a calibrated dropper or other similar device capable of accurately measuring servings.

"Transporting organization" or "transporter" means an organization or business that is licensed by the Department of Agriculture to transport cannabis or cannabis-infused product on behalf of a cannabis business establishment or a community college licensed under the Community College Cannabis Vocational Training Pilot Program.

"Transporting organization agent" means a principal officer, board member, employee, or agent of a transporting organization.

"Transporting organization agent identification card" means a document issued by the Department of Agriculture that identifies a person as a transporting organization agent.

"Unit of local government" means any county, city, village, or incorporated town.

"Vegetative stage" means the stage of cultivation in which a cannabis plant is propagated to produce additional cannabis plants or reach a sufficient size for production. This includes seedlings, clones, mothers, and other immature cannabis plants as follows:

(1) if the cannabis plant is in an area that has not been intentionally deprived of light for a period of time intended to produce flower buds and induce maturation, it has no more than 2 stigmas visible at each internode of the cannabis plant; or

(2) any cannabis plant that is cultivated solely for the purpose of propagating clones and is never used to produce cannabis.

HISTORY:
2019 P.A. 101-27, § 1-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

ARTICLE 5.
AUTHORITY

410 ILCS 705/5-5 Sharing of authority.

Notwithstanding any provision of law to the contrary, any authority granted to any State agency or State employees or appointees under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] shall be shared by any State agency or State employees or appointees given authority to license, discipline, revoke, regulate, or make rules under this Act.

HISTORY:
2019 P.A. 101-27, § 5-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/5-10 Department of Agriculture.

The Department of Agriculture shall administer and enforce provisions of this Act relating to the oversight and registration of cultivation centers, craft growers, infuser organizations, and transport-

ing organizations and agents, including the issuance of identification cards and establishing limits on potency or serving size for cannabis or cannabis products. The Department of Agriculture may suspend or revoke the license of, or impose other penalties upon cultivation centers, craft growers, infuser organizations, transporting organizations, and their principal officers, Agents-in-Charge, and agents for violations of this Act and any rules adopted under this Act.

HISTORY:
2019 P.A. 101-27, § 5-10, effective June 25, 2019.

410 ILCS 705/5-15 Department of Financial and Professional Regulation.

The Department of Financial and Professional Regulation shall enforce the provisions of this Act relating to the oversight and registration of dispensing organizations and agents, including the issuance of identification cards for dispensing organization agents. The Department of Financial and Professional Regulation may suspend or revoke the license of, or otherwise discipline dispensing organizations, principal officers, agents-in-charge, and agents for violations of this Act and any rules adopted under this Act.

HISTORY:
2019 P.A. 101-27, § 5-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/5-20 Background checks.

(a) Through the Illinois State Police, the licensing or issuing Department shall conduct a criminal history record check of the prospective principal officers, board members, and agents of a cannabis business establishment applying for a license or identification card under this Act.

Each cannabis business establishment prospective principal officer, board member, or agent shall submit his or her fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police.

Unless otherwise provided in this Act, such fingerprints shall be transmitted through a live scan fingerprint vendor licensed by the Department of Financial and Professional Regulation. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the State and national criminal history record check. The Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information and shall forward the national criminal history record information to:

(i) the Department of Agriculture, with respect to a cultivation center, craft grower, infuser organization, or transporting organization; or

(ii) the Department of Financial and Professional Regulation, with respect to a dispensing organization.

(b) When applying for the initial license or identification card, the background checks for all prospective principal officers, board members, and agents shall be completed before submitting the application to the licensing or issuing agency.

(c) All applications for licensure under this Act by applicants with criminal convictions shall be subject to Sections 2105-131, 2105-135, and 2105-205 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois [20 ILCS 2105/2105-131, 20 ILCS 2105/2105-135, and 20 ILCS 2105/2105-205].

HISTORY:
2019 P.A. 101-27, § 5-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/5-25 Department of Public Health to make health warning recommendations. [Effective until January 1, 2023]

(a) The Department of Public Health shall make recommendations to the Department of Agriculture and the Department of Financial and Professional Regulation on appropriate health warnings for dispensaries and advertising, which may apply to all cannabis products, including item-type specific labeling or warning requirements, regulate the facility where cannabis-infused products are made, regulate cannabis-infused products as provided in subsection (e) of Section 55-5 [410 ILCS 705/55–5], and facilitate the Adult Use Cannabis Health Advisory Committee.

(b) An Adult Use Cannabis Health Advisory Committee is hereby created and shall meet at least twice annually. The Chairperson may schedule meetings more frequently upon his or her initiative or upon the request of a Committee member. Meetings may be held in person or by teleconference. The Committee shall discuss and monitor changes in drug use data in Illinois and the emerging science and medical information relevant to the health effects associated with cannabis use and may provide recommendations to the Department of Human Services about public health awareness campaigns and messages. The Committee shall include the following members appointed by the Governor and shall represent the geographic, ethnic, and racial diversity of the State:

(1) The Director of Public Health, or his or her designee, who shall serve as the Chairperson.

(2) The Secretary of Human Services, or his or her designee, who shall serve as the Co-Chairperson.

(3) A representative of the poison control center.

(4) A pharmacologist.

(5) A pulmonologist.
(6) An emergency room physician.
(7) An emergency medical technician, paramedic, or other first responder.
(8) A nurse practicing in a school-based setting.
(9) A psychologist.
(10) A neonatologist.
(11) An obstetrician-gynecologist.
(12) A drug epidemiologist.
(13) A medical toxicologist.
(14) An addiction psychiatrist.
(15) A pediatrician.
(16) A representative of a statewide professional public health organization.
(17) A representative of a statewide hospital/health system association.
(18) An individual registered as a patient in the Compassionate Use of Medical Cannabis Program [410 ILCS 130/1 et seq.].
(19) An individual registered as a caregiver in the Compassionate Use of Medical Cannabis Program.
(20) A representative of an organization focusing on cannabis-related policy.
(21) A representative of an organization focusing on the civil liberties of individuals who reside in Illinois.
(22) A representative of the criminal defense or civil aid community of attorneys serving Disproportionately Impacted Areas.
(23) A representative of licensed cannabis business establishments.
(24) A Social Equity Applicant.
(25) A representative of a statewide community-based substance use disorder treatment provider association.
(26) A representative of a statewide community-based mental health treatment provider association.
(27) A representative of a community-based substance use disorder treatment provider.
(28) A representative of a community-based mental health treatment provider.
(29) A substance use disorder treatment patient representative.
(30) A mental health treatment patient representative.

(c) The Committee shall provide a report by September 30, 2021, and every year thereafter, to the General Assembly. The Department of Public Health shall make the report available on its website.

HISTORY:
2019 P.A. 101-27, § 5-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/5-25 Department of Public Health to make health warning recommendations. [Effective January 1, 2023]

(a) The Department of Public Health shall make recommendations to the Department of Agriculture and the Department of Financial and Professional Regulation on appropriate health warnings for dispensaries and advertising, which may apply to all cannabis products, including item-type specific labeling or warning requirements, regulate the facility where cannabis-infused products are made, regulate cannabis-infused products as provided in subsection (e) of Section 55-5, and facilitate the Adult Use Cannabis Health Advisory Committee.

(b) An Adult Use Cannabis Health Advisory Committee is hereby created and shall meet at least twice annually. The Chairperson may schedule meetings more frequently upon his or her initiative or upon the request of a Committee member. Meetings may be held in person or by teleconference. The Committee shall discuss and monitor changes in drug use data in Illinois and the emerging science and medical information relevant to the health effects associated with cannabis use and may provide recommendations to the Department of Human Services about public health awareness campaigns and messages. The Committee shall include the following members appointed by the Governor and shall represent the geographic, ethnic, and racial diversity of the State:

(1) The Director of Public Health, or his or her designee, who shall serve as the Chairperson.
(2) The Secretary of Human Services, or his or her designee, who shall serve as the Co-Chairperson.
(3) A representative of the poison control center.
(4) A pharmacologist.
(5) A pulmonologist.
(6) An emergency room physician.
(7) An emergency medical technician, paramedic, emergency medical dispatcher, or other first responder.
(8) A nurse practicing in a school-based setting.
(9) A psychologist.
(10) A neonatologist.
(11) An obstetrician-gynecologist.
(12) A drug epidemiologist.
(13) A medical toxicologist.
(14) An addiction psychiatrist.
(15) A pediatrician.
(16) A representative of a statewide professional public health organization.
(17) A representative of a statewide hospital/health system association.
(18) An individual registered as a patient in the Compassionate Use of Medical Cannabis Program.
(19) An individual registered as a caregiver in the Compassionate Use of Medical Cannabis Program.
(20) A representative of an organization focusing on cannabis-related policy.
(21) A representative of an organization focusing on the civil liberties of individuals who reside in Illinois.
(22) A representative of the criminal defense or civil aid community of attorneys serving Disproportionately Impacted Areas.

(23) A representative of licensed cannabis business establishments.

(24) A Social Equity Applicant.

(25) A representative of a statewide community-based substance use disorder treatment provider association.

(26) A representative of a statewide community-based mental health treatment provider association.

(27) A representative of a community-based substance use disorder treatment provider.

(28) A representative of a community-based mental health treatment provider.

(29) A substance use disorder treatment patient representative.

(30) A mental health treatment patient representative.

(c) The Committee shall provide a report by September 30, 2021, and every year thereafter, to the General Assembly. The Department of Public Health shall make the report available on its website.

HISTORY:

2019 P.A. 101-27, § 5-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2022 P.A. 102-1006, § 30, effective January 1, 2023.

410 ILCS 705/5-30 Department of Human Services.

The Department of Human Services shall identify evidence-based programs for preventive mental health, the prevention or treatment of alcohol abuse, tobacco use, illegal drug use (including prescription drugs), and cannabis use by pregnant women, and make policy recommendations, as appropriate, to the Adult Use Cannabis Health Advisory Committee. The Department of Human Services shall develop and disseminate educational materials for purchasers based on recommendations received from the Department of Public Health and the Adult Use Cannabis Health Advisory Committee.

HISTORY:

2019 P.A. 101-27, § 5-30, effective June 25, 2019.

410 ILCS 705/5-45 Illinois Cannabis Regulation Oversight Officer.

(a) The position of Illinois Cannabis Regulation Oversight Officer is created within the Department of Financial and Professional Regulation under the Secretary of Financial and Professional Regulation. The Cannabis Regulation Oversight Officer serves a coordinating role among State agencies regarding this Act and the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.]. The Illinois Cannabis Regulation Oversight Officer shall be appointed by the Governor with the advice and consent of the Senate. The term of office of the Officer shall expire on the third Monday of January in odd-numbered years provided that he or she shall hold office until a successor is appointed and qualified. In case of vacancy in office during the recess of the Senate, the Governor shall make a temporary appointment until the next meeting of the Senate, when the Governor shall nominate some person to fill the office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until his or her successor is appointed and qualified.

(b) The Illinois Cannabis Regulation Oversight Officer has the authority to:

(1) maintain a staff;

(2) make recommendations for administrative and statutory changes;

(3) collect data both in Illinois and outside Illinois regarding the regulation of cannabis;

(4) compile or assist in the compilation of any reports required by this Act;

(5) ensure the coordination of efforts between various State agencies involved in regulating and taxing the sale of cannabis in Illinois; and

(6) encourage, promote, suggest, and report best practices for ensuring diversity in the cannabis industry in Illinois.

(c) The Illinois Cannabis Regulation Oversight Officer and the Officer's staff shall not:

(1) participate in the issuance or award of any cannabis business establishment license; or

(2) participate in discipline related to any cannabis business establishment.

The Illinois Cannabis Regulation Officer is not prohibited from coordinating with and making recommendations to agencies regarding licensing and disciplinary policies and procedures.

(d) Any funding required for the Illinois Cannabis Regulation Oversight Officer, its staff, or its activities shall be drawn from the Cannabis Regulation Fund.

(e) The Illinois Cannabis Regulation Oversight Officer shall commission and publish one or more disparity and availability studies that: (1) evaluates whether there exists discrimination in the State's cannabis industry; and (2) if so, evaluates the impact of such discrimination on the State and includes recommendations to the Department of Financial and Professional Regulation and the Department of Agriculture for reducing or eliminating any identified barriers to entry in the cannabis market. Such disparity and availability studies shall examine each license type issued pursuant to Sections 15-25, 15-30.1, or 15-35.20 [410 ILCS 705/15-25, 410 ILCS 705/15-30.1, or 410 ILCS 705/15-35.20], subsection (a) of Section 30-5 [410 ILCS 705/30-5], or subsection (a) of Section 35-5 [410 ILCS 705/35-5], and shall be initiated within 180 days from the issuance of the first of each license authorized by those Sections. The results of each disparity and availability study shall be reported to the General Assembly and the Governor no later than 12 months after the commission of each study.

The Illinois Cannabis Regulation Oversight Officer shall forward a copy of its findings and recommendations to the Department of Financial and Profes-

sional Regulation, the Department of Agriculture, the Department of Commerce and Economic Opportunity, the General Assembly, and the Governor.

(f) The Illinois Cannabis Regulation Oversight Officer may compile, collect, or otherwise gather data necessary for the administration of this Act and to carry out the Officer's duty relating to the recommendation of policy changes. The Illinois Cannabis Regulation Oversight Officer may direct the Department of Agriculture, Department of Financial and Professional Regulation, Department of Public Health, Department of Human Services, and Department of Commerce and Economic Opportunity to assist in the compilation, collection, and data gathering authorized pursuant to this subsection. The Illinois Cannabis Regulation Oversight Officer shall compile all of the data into a single report and submit the report to the Governor and the General Assembly and publish the report on its website.

HISTORY:
2019 P.A. 101-27, § 5-45, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 7.

SOCIAL EQUITY IN THE CANNABIS INDUSTRY

410 ILCS 705/7-1 Findings.

(a) The General Assembly finds that the medical cannabis industry, established in 2014 through the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], has shown that additional efforts are needed to reduce barriers to ownership. Through that program, 55 licenses for dispensing organizations and 20 licenses for cultivation centers have been issued. Those licenses are held by only a small number of businesses, the ownership of which does not sufficiently meet the General Assembly's interest in business ownership that reflects the population of the State of Illinois and that demonstrates the need to reduce barriers to entry for individuals and communities most adversely impacted by the enforcement of cannabis-related laws.

(b) In the interest of establishing a legal cannabis industry that is equitable and accessible to those most adversely impacted by the enforcement of drug-related laws in this State, including cannabis-related laws, the General Assembly finds and declares that a social equity program should be established.

(c) The General Assembly also finds and declares that individuals who have been arrested or incarcerated due to drug laws suffer long-lasting negative consequences, including impacts to employment, business ownership, housing, health, and long-term financial well-being.

(d) The General Assembly also finds and declares that family members, especially children, and communities of those who have been arrested or incarcerated due to drug laws, suffer from emotional, psychological, and financial harms as a result of such arrests or incarcerations.

(e) Furthermore, the General Assembly finds and declares that certain communities have disproportionately suffered the harms of enforcement of cannabis-related laws. Those communities face greater difficulties accessing traditional banking systems and capital for establishing businesses.

(f) The General Assembly also finds that individuals who have resided in areas of high poverty suffer negative consequences, including barriers to entry in employment, business ownership, housing, health, and long-term financial well-being.

(g) The General Assembly also finds and declares that promotion of business ownership by individuals who have resided in areas of high poverty and high enforcement of cannabis-related laws furthers an equitable cannabis industry.

(h) Therefore, in the interest of remedying the harms resulting from the disproportionate enforcement of cannabis-related laws, the General Assembly finds and declares that a social equity program should offer, among other things, financial assistance and license application benefits to individuals most directly and adversely impacted by the enforcement of cannabis-related laws who are interested in starting cannabis business establishments.

HISTORY:
2019 P.A. 101-27, § 7-1, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/7-10 Cannabis Business Development Fund.

(a) There is created in the State treasury a special fund, which shall be held separate and apart from all other State moneys, to be known as the Cannabis Business Development Fund. The Cannabis Business Development Fund shall be exclusively used for the following purposes:

(1) to provide low-interest rate loans to Qualified Social Equity Applicants to pay for ordinary and necessary expenses to start and operate a cannabis business establishment permitted by this Act;

(2) to provide grants to Qualified Social Equity Applicants to pay for ordinary and necessary expenses to start and operate a cannabis business establishment permitted by this Act;

(3) to compensate the Department of Commerce and Economic Opportunity for any costs related to the provision of low-interest loans and grants to Qualified Social Equity Applicants;

(4) to pay for outreach that may be provided or targeted to attract and support Social Equity Applicants and Qualified Social Equity Applicants;

(5) (blank);

(6) to conduct any study or research concerning the participation of minorities, women, veterans, or people with disabilities in the cannabis industry,

including, without limitation, barriers to such individuals entering the industry as equity owners of cannabis business establishments;

(7) (blank); and

(8) to assist with job training and technical assistance for residents in Disproportionately Impacted Areas.

(b) All moneys collected under Sections 15-15 and 15-20 [410 ILCS 705/15-15 and 410 ILCS 705/15-20] for Early Approval Adult Use Dispensing Organization Licenses issued before January 1, 2021 and remunerations made as a result of transfers of permits awarded to Qualified Social Equity Applicants shall be deposited into the Cannabis Business Development Fund.

(c) As soon as practical after July 1, 2019, the Comptroller shall order and the Treasurer shall transfer $12,000,000 from the Compassionate Use of Medical Cannabis Fund to the Cannabis Business Development Fund.

(d) Notwithstanding any other law to the contrary, the Cannabis Business Development Fund is not subject to sweeps, administrative charge-backs, or any other fiscal or budgetary maneuver that would in any way transfer any amounts from the Cannabis Business Development Fund into any other fund of the State.

HISTORY:

2019 P.A. 101-27, § 7-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/7-15 Loans and grants to Social Equity Applicants.

(a) The Department of Commerce and Economic Opportunity shall establish grant and loan programs, subject to appropriations from the Cannabis Business Development Fund, for the purposes of providing financial assistance, loans, grants, and technical assistance to Social Equity Applicants.

(b) The Department of Commerce and Economic Opportunity has the power to:

(1) provide Cannabis Social Equity loans and grants from appropriations from the Cannabis Business Development Fund to assist Qualified Social Equity Applicants in gaining entry to, and successfully operating in, the State's regulated cannabis marketplace;

(2) enter into agreements that set forth terms and conditions of the financial assistance, accept funds or grants, and engage in cooperation with private entities and agencies of State or local government to carry out the purposes of this Section;

(3) fix, determine, charge, and collect any premiums, fees, charges, costs and expenses, including application fees, commitment fees, program fees, financing charges, or publication fees in connection with its activities under this Section;

(4) coordinate assistance under these loan programs with activities of the Illinois Department of Financial and Professional Regulation, the Illinois Department of Agriculture, and other agencies as needed to maximize the effectiveness and efficiency of this Act;

(5) provide staff, administration, and related support required to administer this Section;

(6) take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance provided under this Section, including the ability to recapture funds if the recipient is found to be noncompliant with the terms and conditions of the financial assistance agreement;

(7) establish application, notification, contract, and other forms, procedures, or rules deemed necessary and appropriate; and

(8) utilize vendors or contract work to carry out the purposes of this Act.

(c) Loans made under this Section:

(1) shall only be made if, in the Department's judgment, the project furthers the goals set forth in this Act; and

(2) shall be in such principal amount and form and contain such terms and provisions with respect to security, insurance, reporting, delinquency charges, default remedies, and other matters as the Department shall determine appropriate to protect the public interest and to be consistent with the purposes of this Section. The terms and provisions may be less than required for similar loans not covered by this Section.

(d) Grants made under this Section shall be awarded on a competitive and annual basis under the Grant Accountability and Transparency Act [30 ILCS 708/1 et seq.]. Grants made under this Section shall further and promote the goals of this Act, including promotion of Social Equity Applicants, job training and workforce development, and technical assistance to Social Equity Applicants.

(e) Beginning January 1, 2021 and each year thereafter, the Department shall annually report to the Governor and the General Assembly on the outcomes and effectiveness of this Section that shall include the following:

(1) the number of persons or businesses receiving financial assistance under this Section;

(2) the amount in financial assistance awarded in the aggregate, in addition to the amount of loans made that are outstanding and the amount of grants awarded;

(3) the location of the project engaged in by the person or business; and

(4) if applicable, the number of new jobs and other forms of economic output created as a result of the financial assistance.

(f) The Department of Commerce and Economic Opportunity shall include engagement with individuals with limited English proficiency as part of its outreach provided or targeted to attract and support Social Equity Applicants.

HISTORY:
2019 P.A. 101-27, § 7-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/7-20 Fee waivers.

(a) For Social Equity Applicants, the Department of Financial and Professional Regulation and the Department of Agriculture shall waive 50% of any nonrefundable license application fees, any nonrefundable fees associated with purchasing a license to operate a cannabis business establishment, and any surety bond or other financial requirements, provided a Social Equity Applicant meets the following qualifications at the time the payment is due:

(1) the applicant, including all individuals and entities with 10% or greater ownership and all parent companies, subsidiaries, and affiliates, has less than a total of $750,000 of income in the previous calendar year; and

(2) the applicant, including all individuals and entities with 10% or greater ownership and all parent companies, subsidiaries, and affiliates, has no more than 2 other licenses for cannabis business establishments in the State of Illinois.

(b) The Department of Financial and Professional Regulation and the Department of Agriculture may require Social Equity Applicants to attest that they meet the requirements for a fee waiver as provided in subsection (a) and to provide evidence of annual total income in the previous calendar year.

(c) If the Department of Financial and Professional Regulation or the Department of Agriculture determines that an applicant who applied as a Social Equity Applicant is not eligible for such status, the applicant shall be provided an additional 10 days to provide alternative evidence that he or she qualifies as a Social Equity Applicant. Alternatively, the applicant may pay the remainder of the waived fee and be considered as a non-Social Equity Applicant. If the applicant cannot do either, then the Departments may keep the initial application fee and the application shall not be graded.

HISTORY:
2019 P.A. 101-27, § 7-20, effective June 25, 2019.

410 ILCS 705/7-25 Transfer of license awarded to Qualified Social Equity Applicant.

(a) In the event a Qualified Social Equity Applicant seeks to transfer, sell, or grant a cannabis business establishment license within 5 years after it was issued to a person or entity that does not qualify as a Social Equity Applicant, the transfer agreement shall require the new license holder to pay the Cannabis Business Development Fund an amount equal to:

(1) any fees that were waived by any State agency based on the applicant's status as a Social Equity Applicant, if applicable;

(2) any outstanding amount owed by the Qualified Social Equity Applicant for a loan through the Cannabis Business Development Fund, if applicable; and

(3) the full amount of any grants that the Qualified Social Equity Applicant received from the Department of Commerce and Economic Opportunity, if applicable.

(b) Transfers of cannabis business establishment licenses awarded to a Social Equity Applicant are subject to all other provisions of this Act, the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], and rules regarding transfers.

HISTORY:
2019 P.A. 101-27, § 7-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/7-30 Reporting.

By January 1, 2021, and on January 1 of every year thereafter, or upon request by the Illinois Cannabis Regulation Oversight Officer, each cannabis business establishment licensed under this Act and the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] shall report to the Illinois Cannabis Regulation Oversight Officer, on a form to be provided by the Illinois Cannabis Regulation Oversight Officer, information that will allow it to assess the extent of diversity in the medical and adult use cannabis industry and methods for reducing or eliminating any identified barriers to entry, including access to capital. Failure of a cannabis business establishment to respond to the request of the Cannabis Regulation Oversight Officer to complete the form, report, and any other request for information may be grounds for disciplinary action by the Department of Financial and Professional Regulation or the Department of Agriculture. The information to be collected shall be designed to identify the following:

(1) the number and percentage of licenses provided to Social Equity Applicants and to businesses owned by minorities, women, veterans, and people with disabilities;

(2) the total number and percentage of employees in the cannabis industry who meet the criteria in (3)(i) or (3)(ii) in the definition of Social Equity Applicant or who are minorities, women, veterans, or people with disabilities;

(3) the total number and percentage of contractors and subcontractors in the cannabis industry that meet the definition of a Social Equity Applicant or who are owned by minorities, women, veterans, or people with disabilities, if known to the cannabis business establishment; and

(4) recommendations on reducing or eliminating any identified barriers to entry, including access to capital, in the cannabis industry.

HISTORY:
2019 P.A. 101-27, § 7-30, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 10.

PERSONAL USE OF CANNABIS

410 ILCS 705/10-5 Personal use of cannabis; restrictions on cultivation; penalties.

(a) Beginning January 1, 2020, notwithstanding any other provision of law, and except as otherwise provided in this Act, the following acts are not a violation of this Act and shall not be a criminal or civil offense under State law or the ordinances of any unit of local government of this State or be a basis for seizure or forfeiture of assets under State law for persons other than natural individuals under 21 years of age:

(1) possession, consumption, use, purchase, obtaining, or transporting cannabis paraphernalia or an amount of cannabis for personal use that does not exceed the possession limit under Section 10-10 [410 ILCS 705/10-10] or otherwise in accordance with the requirements of this Act;

(2) cultivation of cannabis for personal use in accordance with the requirements of this Act; and

(3) controlling property if actions that are authorized by this Act occur on the property in accordance with this Act.

(a-1) Beginning January 1, 2020, notwithstanding any other provision of law, and except as otherwise provided in this Act, possessing, consuming, using, purchasing, obtaining, or transporting cannabis paraphernalia or an amount of cannabis purchased or produced in accordance with this Act that does not exceed the possession limit under subsection (a) of Section 10-10 shall not be a basis for seizure or forfeiture of assets under State law.

(b) Cultivating cannabis for personal use is subject to the following limitations:

(1) An Illinois resident 21 years of age or older who is a registered qualifying patient under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] may cultivate cannabis plants, with a limit of 5 plants that are more than 5 inches tall, per household without a cultivation center or craft grower license. In this Section, "resident" means a person who has been domiciled in the State of Illinois for a period of 30 days before cultivation.

(2) Cannabis cultivation must take place in an enclosed, locked space.

(3) Adult registered qualifying patients may purchase cannabis seeds from a dispensary for the purpose of home cultivation. Seeds may not be given or sold to any other person.

(4) Cannabis plants shall not be stored or placed in a location where they are subject to ordinary public view, as defined in this Act. A registered qualifying patient who cultivates cannabis under this Section shall take reasonable precautions to ensure the plants are secure from unauthorized access, including unauthorized access by a person under 21 years of age.

(5) Cannabis cultivation may occur only on residential property lawfully in possession of the cultivator or with the consent of the person in lawful possession of the property. An owner or lessor of residential property may prohibit the cultivation of cannabis by a lessee.

(6) (Blank).

(7) A dwelling, residence, apartment, condominium unit, enclosed, locked space, or piece of property not divided into multiple dwelling units shall not contain more than 5 plants at any one time.

(8) Cannabis plants may only be tended by registered qualifying patients who reside at the residence, or their authorized agent attending to the residence for brief periods, such as when the qualifying patient is temporarily away from the residence.

(9) A registered qualifying patient who cultivates more than the allowable number of cannabis plants, or who sells or gives away cannabis plants, cannabis, or cannabis-infused products produced under this Section, is liable for penalties as provided by law, including the Cannabis Control Act [720 ILCS 550/1 et seq.], in addition to loss of home cultivation privileges as established by rule.

HISTORY:
2019 P.A. 101-27, § 10-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/10-10 Possession limit.

(a) Except if otherwise authorized by this Act, for a person who is 21 years of age or older and a resident of this State, the possession limit is as follows:

(1) 30 grams of cannabis flower;

(2) no more than 500 milligrams of THC contained in cannabis-infused product;

(3) 5 grams of cannabis concentrate; and

(4) for registered qualifying patients, any cannabis produced by cannabis plants grown under subsection (b) of Section 10-5 [410 ILCS 705/10-5], provided any amount of cannabis produced in excess of 30 grams of raw cannabis or its equivalent must remain secured within the residence or residential property in which it was grown.

(b) For a person who is 21 years of age or older and who is not a resident of this State, the possession limit is:

(1) 15 grams of cannabis flower;

(2)2. 5 grams of cannabis concentrate; and

(3) 250 milligrams of THC contained in a cannabis-infused product.

(c) The possession limits found in subsections (a) and (b) of this Section are to be considered cumulative.

(d) No person shall knowingly obtain, seek to obtain, or possess an amount of cannabis from a dispensing organization or craft grower that would

cause him or her to exceed the possession limit under this Section, including cannabis that is cultivated by a person under this Act or obtained under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.].

(e) Cannabis and cannabis-derived substances regulated under the Industrial Hemp Act [505 ILCS 89/1] are not covered by this Act.

HISTORY:
2019 P.A. 101-27, § 10-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/10-15 Persons under 21 years of age.

(a) Nothing in this Act is intended to permit the transfer of cannabis, with or without remuneration, to a person under 21 years of age, or to allow a person under 21 years of age to purchase, possess, use, process, transport, grow, or consume cannabis except where authorized by the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] or by the Community College Cannabis Vocational Pilot Program.

(b) Notwithstanding any other provisions of law authorizing the possession of medical cannabis, nothing in this Act authorizes a person who is under 21 years of age to possess cannabis. A person under 21 years of age with cannabis in his or her possession is guilty of a civil law violation as outlined in paragraph (a) of Section 4 of the Cannabis Control Act [720 ILCS 550/4].

(c) If the person under the age of 21 was in a motor vehicle at the time of the offense, the Secretary of State may suspend or revoke the driving privileges of any person for a violation of this Section under Section 6-206 of the Illinois Vehicle Code [625 ILCS 5/6-206] and the rules adopted under it.

(d) It is unlawful for any parent or guardian to knowingly permit his or her residence, any other private property under his or her control, or any vehicle, conveyance, or watercraft under his or her control to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have knowingly permitted his or her residence, any other private property under his or her control, or any vehicle, conveyance, or watercraft under his or her control to be used in violation of this Section if he or she knowingly authorizes or permits consumption of cannabis by underage invitees. Any person who violates this subsection (d) is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500. If a violation of this subsection (d) directly or indirectly results in great bodily harm or death to any person, the person violating this subsection is guilty of a Class 4 felony. In this subsection (d), where the residence or other property has an owner and a tenant or lessee, the trier of fact may infer that the residence or other property is occupied only by the tenant or lessee.

HISTORY:
2019 P.A. 101-27, § 10-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/10-20 Identification; false identification; penalty.

(a) To protect personal privacy, the Department of Financial and Professional Regulation shall not require a purchaser to provide a dispensing organization with personal information other than government-issued identification to determine the purchaser's age, and a dispensing organization shall not obtain and record personal information about a purchaser without the purchaser's consent. A dispensing organization shall use an electronic reader or electronic scanning device to scan a purchaser's government-issued identification, if applicable, to determine the purchaser's age and the validity of the identification. Any identifying or personal information of a purchaser obtained or received in accordance with this Section shall not be retained, used, shared or disclosed for any purpose except as authorized by this Act.

(b) A person who is under 21 years of age may not present or offer to a cannabis business establishment or the cannabis business establishment's principal or employee any written or oral evidence of age that is false, fraudulent, or not actually the person's own, for the purpose of:

(1) purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain cannabis or any cannabis product; or

(2) gaining access to a cannabis business establishment.

(c) A violation of this Section is a Class A misdemeanor consistent with Section 6-20 of the Liquor Control Act of 1934 [235 ILCS 5/6-20].

(d) The Secretary of State may suspend or revoke the driving privileges of any person for a violation of this Section under Section 6-206 of the Illinois Vehicle Code [625 ILCS 5/6-206] and the rules adopted under it.

(e) No agent or employee of the licensee shall be disciplined or discharged for selling or furnishing cannabis or cannabis products to a person under 21 years of age if the agent or employee demanded and was shown, before furnishing cannabis or cannabis products to a person under 21 years of age, adequate written evidence of age and identity of the person. This subsection (e) does not apply if the agent or employee accepted the written evidence knowing it to be false or fraudulent. Adequate written evidence of age and identity of the person is a document issued by a federal, State, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Military Selective Service Act, or an identification card issued to a

member of the Armed Forces. Proof that the licensee or his or her employee or agent was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon.

HISTORY:
2019 P.A. 101-27, § 10-20, effective June 25, 2019.

410 ILCS 705/10-25 Immunities and presumptions related to the use of cannabis by purchasers.

(a) A purchaser who is 21 years of age or older is not subject to arrest, prosecution, denial of any right or privilege, or other punishment including, but not limited to, any civil penalty or disciplinary action taken by an occupational or professional licensing board, based solely on the use of cannabis if (1) the purchaser possesses an amount of cannabis that does not exceed the possession limit under Section 10-10 [410 ILCS 705/10-10] and, if the purchaser is licensed, certified, or registered to practice any trade or profession under any Act and (2) the use of cannabis does not impair that person when he or she is engaged in the practice of the profession for which he or she is licensed, certified, or registered.

(b) A purchaser 21 years of age or older is not subject to arrest, prosecution, denial of any right or privilege, or other punishment, including, but not limited to, any civil penalty or disciplinary action taken by an occupational or professional licensing board, based solely for (i) selling cannabis paraphernalia if employed and licensed as a dispensing agent by a dispensing organization; (ii) being in the presence or vicinity of the use of cannabis or cannabis paraphernalia as allowed under this Act; or (iii) possessing cannabis paraphernalia.

(c) Mere possession of, or application for, an agent identification card or license does not constitute probable cause or reasonable suspicion to believe that a crime has been committed, nor shall it be used as the sole basis to support the search of the person, property, or home of the person possessing or applying for the agent identification card. The possession of, or application for, an agent identification card does not preclude the existence of probable cause if probable cause exists based on other grounds.

(d) No person employed by the State of Illinois shall be subject to criminal or civil penalties for taking any action in good faith in reliance on this Act when acting within the scope of his or her employment. Representation and indemnification shall be provided to State employees as set forth in Section 2 of the State Employee Indemnification Act [5 ILCS 350/2].

(e) No law enforcement or correctional agency, nor any person employed by a law enforcement or correctional agency, shall be subject to criminal or civil liability, except for willful and wanton misconduct, as a result of taking any action within the scope of the official duties of the agency or person to prohibit or prevent the possession or use of cannabis by a person incarcerated at a correctional facility, jail, or municipal lockup facility, on parole or mandatory supervised release, or otherwise under the lawful jurisdiction of the agency or person.

(f) For purposes of receiving medical care, including organ transplants, a person's use of cannabis under this Act does not constitute the use of an illicit substance or otherwise disqualify a person from medical care.

HISTORY:
2019 P.A. 101-27, § 10-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/10-30 Discrimination prohibited.

(a) Neither the presence of cannabinoid components or metabolites in a person's bodily fluids nor possession of cannabis-related paraphernalia, nor conduct related to the use of cannabis or the participation in cannabis-related activities lawful under this Act by a custodial or noncustodial parent, grandparent, legal guardian, foster parent, or other person charged with the well-being of a child, shall form the sole or primary basis or supporting basis for any action or proceeding by a child welfare agency or in a family or juvenile court, any adverse finding, adverse evidence, or restriction of any right or privilege in a proceeding related to adoption of a child, acting as a foster parent of a child, or a person's fitness to adopt a child or act as a foster parent of a child, or serve as the basis of any adverse finding, adverse evidence, or restriction of any right of privilege in a proceeding related to guardianship, conservatorship, trusteeship, the execution of a will, or the management of an estate, unless the person's actions in relation to cannabis created an unreasonable danger to the safety of the minor or otherwise show the person to not be competent as established by clear and convincing evidence. This subsection applies only to conduct protected under this Act.

(b) No landlord may be penalized or denied any benefit under State law for leasing to a person who uses cannabis under this Act.

(c) Nothing in this Act may be construed to require any person or establishment in lawful possession of property to allow a guest, client, lessee, customer, or visitor to use cannabis on or in that property, including on any land owned in whole or in part or managed in whole or in part by the State.

HISTORY:
2019 P.A. 101-27, § 10-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/10-35 Limitations and penalties.

(a) This Act does not permit any person to engage in, and does not prevent the imposition of any civil,

criminal, or other penalties for engaging in, any of the following conduct:

(1) undertaking any task under the influence of cannabis when doing so would constitute negligence, professional malpractice, or professional misconduct;

(2) possessing cannabis:

(A) in a school bus, unless permitted for a qualifying patient or caregiver pursuant to the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.];

(B) on the grounds of any preschool or primary or secondary school, unless permitted for a qualifying patient or caregiver pursuant to the Compassionate Use of Medical Cannabis Program Act;

(C) in any correctional facility;

(D) in a vehicle not open to the public unless the cannabis is in a reasonably secured, sealed or resealable container and reasonably inaccessible while the vehicle is moving; or

(E) in a private residence that is used at any time to provide licensed child care or other similar social service care on the premises;

(3) using cannabis:

(A) in a school bus, unless permitted for a qualifying patient or caregiver pursuant to the Compassionate Use of Medical Cannabis Program Act;

(B) on the grounds of any preschool or primary or secondary school, unless permitted for a qualifying patient or caregiver pursuant to the Compassionate Use of Medical Cannabis Program Act;

(C) in any correctional facility;

(D) in any motor vehicle;

(E) in a private residence that is used at any time to provide licensed child care or other similar social service care on the premises;

(F) in any public place; or

(G) knowingly in close physical proximity to anyone under 21 years of age who is not a registered medical cannabis patient under the Compassionate Use of Medical Cannabis Program Act;

(4) smoking cannabis in any place where smoking is prohibited under the Smoke Free Illinois Act [410 ILCS 82/1 et seq.];

(5) operating, navigating, or being in actual physical control of any motor vehicle, aircraft, watercraft, or snowmobile while using or under the influence of cannabis in violation of Section 11-501 or 11-502.1 of the Illinois Vehicle Code [625 ILCS 5/11-501 or 625 ILCS 5/11-502.1], Section 5-16 of the Boat Registration and Safety Act [625 ILCS 45/5-16], or Section 5-7 of the Snowmobile Registration and Safety Act [625 ILCS 40/5-7];

(6) facilitating the use of cannabis by any person who is not allowed to use cannabis under this Act or the Compassionate Use of Medical Cannabis Program Act;

(7) transferring cannabis to any person contrary to this Act or the Compassionate Use of Medical Cannabis Program Act;

(8) the use of cannabis by a law enforcement officer, corrections officer, probation officer, or firefighter while on duty; nothing in this Act prevents a public employer of law enforcement officers, corrections officers, probation officers, paramedics, or firefighters from prohibiting or taking disciplinary action for the consumption, possession, sales, purchase, or delivery of cannabis or cannabis-infused substances while on or off duty, unless provided for in the employer's policies. However, an employer may not take adverse employment action against an employee based solely on the lawful possession or consumption of cannabis or cannabis-infused substances by members of the employee's household. To the extent that this Section conflicts with any applicable collective bargaining agreement, the provisions of the collective bargaining agreement shall prevail. Further, nothing in this Act shall be construed to limit in any way the right to collectively bargain over the subject matters contained in this Act; or

(9) the use of cannabis by a person who has a school bus permit or a Commercial Driver's License while on duty.

As used in this Section, "public place" means any place where a person could reasonably be expected to be observed by others. "Public place" includes all parts of buildings owned in whole or in part, or leased, by the State or a unit of local government. "Public place" includes all areas in a park, recreation area, wildlife area, or playground owned in whole or in part, leased, or managed by the State or a unit of local government. "Public place" does not include a private residence unless the private residence is used to provide licensed child care, foster care, or other similar social service care on the premises.

(b) Nothing in this Act shall be construed to prevent the arrest or prosecution of a person for reckless driving or driving under the influence of cannabis, operating a watercraft under the influence of cannabis, or operating a snowmobile under the influence of cannabis if probable cause exists.

(c) Nothing in this Act shall prevent a private business from restricting or prohibiting the use of cannabis on its property, including areas where motor vehicles are parked.

(d) Nothing in this Act shall require an individual or business entity to violate the provisions of federal law, including colleges or universities that must abide by the Drug-Free Schools and Communities Act Amendments of 1989, that require campuses to be drug free.

HISTORY:

2019 P.A. 101-27, § 10-35, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/10-40 Restore, Reinvest, and Renew Program.

(a) The General Assembly finds that in order to

address the disparities described below, aggressive approaches and targeted resources to support local design and control of community-based responses to these outcomes are required. To carry out this intent, the Restore, Reinvest, and Renew (R3) Program is created for the following purposes:

(1) to directly address the impact of economic disinvestment, violence, and the historical overuse of criminal justice responses to community and individual needs by providing resources to support local design and control of community-based responses to these impacts;

(2) to substantially reduce both the total amount of gun violence and concentrated poverty in this State;

(3) to protect communities from gun violence through targeted investments and intervention programs, including economic growth and improving family violence prevention, community trauma treatment rates, gun injury victim services, and public health prevention activities;

(4) to promote employment infrastructure and capacity building related to the social determinants of health in the eligible community areas.

(b) In this Section, "Authority" means the Illinois Criminal Justice Information Authority in coordination with the Justice, Equity, and Opportunity Initiative of the Lieutenant Governor's Office.

(c) Eligibility of R3 Areas. Within 180 days after the effective date of this Act, the Authority shall identify as eligible, areas in this State by way of historically recognized geographic boundaries, to be designated by the Restore, Reinvest, and Renew Program Board as R3 Areas and therefore eligible to apply for R3 funding. Local groups within R3 Areas will be eligible to apply for State funding through the Restore, Reinvest, and Renew Program Board. Qualifications for designation as an R3 Area are as follows:

(1) Based on an analysis of data, communities in this State that are high need, underserved, disproportionately impacted by historical economic disinvestment, and ravaged by violence as indicated by the highest rates of gun injury, unemployment, child poverty rates, and commitments to and returns from the Illinois Department of Corrections.

(2) The Authority shall send to the Legislative Audit Commission and make publicly available its analysis and identification of eligible R3 Areas and shall recalculate the eligibility data every 4 years. On an annual basis, the Authority shall analyze data and indicate if data covering any R3 Area or portion of an Area has, for 4 consecutive years, substantially deviated from the average of statewide data on which the original calculation was made to determine the Areas, including disinvestment, violence, gun injury, unemployment, child poverty rates, or commitments to or returns from the Illinois Department of Corrections.

(d) The Restore, Reinvest, and Renew Program Board shall encourage collaborative partnerships within each R3 Area to minimize multiple partnerships per Area.

(e) The Restore, Reinvest, and Renew Program Board is created and shall reflect the diversity of the State of Illinois, including geographic, racial, and ethnic diversity. Using the data provided by the Authority, the Restore, Reinvest, and Renew Program Board shall be responsible for designating the R3 Area boundaries and for the selection and oversight of R3 Area grantees. The Restore, Reinvest, and Renew Program Board ex officio members shall, within 4 months after the effective date of this Act, convene the Board to appoint a full Restore, Reinvest, and Renew Program Board and oversee, provide guidance to, and develop an administrative structure for the R3 Program.

(1) The ex officio members are:

(A) The Lieutenant Governor, or his or her designee, who shall serve as chair.

(B) The Attorney General, or his or her designee.

(C) The Director of Commerce and Economic Opportunity, or his or her designee.

(D) The Director of Public Health, or his or her designee.

(E) The Director of Corrections, or his or her designee.

(F) The Director of Juvenile Justice, or his or her designee.

(G) The Director of Children and Family Services, or his or her designee.

(H) The Executive Director of the Illinois Criminal Justice Information Authority, or his or her designee.

(I) The Director of Employment Security, or his or her designee.

(J) The Secretary of Human Services, or his or her designee.

(K) A member of the Senate, designated by the President of the Senate.

(L) A member of the House of Representatives, designated by the Speaker of the House of Representatives.

(M) A member of the Senate, designated by the Minority Leader of the Senate.

(N) A member of the House of Representatives, designated by the Minority Leader of the House of Representatives.

(2) Within 90 days after the R3 Areas have been designated by the Restore, Reinvest, and Renew Program Board, the following members shall be appointed to the Board by the R3 board chair:

(A) Eight public officials of municipal geographic jurisdictions in the State that include an R3 Area, or their designees;

(B) Four community-based providers or community development organization representatives who provide services to treat violence and address the social determinants of health, or promote community investment, including, but not limited to, services such as job placement and training, educational services, workforce development programming, and wealth building.

The community-based organization representatives shall work primarily in jurisdictions that include an R3 Area and no more than 2 representatives shall work primarily in Cook County. At least one of the community-based providers shall have expertise in providing services to an immigrant population;

(C) Two experts in the field of violence reduction;

(D) One male who has previously been incarcerated and is over the age of 24 at the time of appointment;

(E) One female who has previously been incarcerated and is over the age of 24 at the time of appointment;

(F) Two individuals who have previously been incarcerated and are between the ages of 17 and 24 at the time of appointment; and

(G) Eight individuals who live or work in an R3 Area.

As used in this paragraph (2), "an individual who has been previously incarcerated" means a person who has been convicted of or pled guilty to one or more felonies, who was sentenced to a term of imprisonment, and who has completed his or her sentence. Board members shall serve without compensation and may be reimbursed for reasonable expenses incurred in the performance of their duties from funds appropriated for that purpose. Once all its members have been appointed as outlined in items (A) through (F) of this paragraph (2), the Board may exercise any power, perform any function, take any action, or do anything in furtherance of its purposes and goals upon the appointment of a quorum of its members. The Board terms of the non-ex officio and General Assembly Board members shall end 4 years from the date of appointment. The R3 board chair may remove an individual appointed to the Board who does not regularly attend Board meetings, based on criteria approved by the Board.

(f) Within 12 months after the effective date of this Act, the Board shall:

(1) develop a process to solicit applications from eligible R3 Areas;

(2) develop a standard template for both planning and implementation activities to be submitted by R3 Areas to the State;

(3) identify resources sufficient to support the full administration and evaluation of the R3 Program, including building and sustaining core program capacity at the community and State levels;

(4) review R3 Area grant applications and proposed agreements and approve the distribution of resources;

(5) develop a performance measurement system that focuses on positive outcomes;

(6) develop a process to support ongoing monitoring and evaluation of R3 programs; and

(7) deliver an annual report to the General Assembly and to the Governor to be posted on the Governor's Office and General Assembly websites and provide to the public an annual report on its progress.

(g) R3 Area grants.

(1) Grant funds shall be awarded by the Illinois Criminal Justice Information Authority, in coordination with the R3 board, based on the likelihood that the plan will achieve the outcomes outlined in subsection (a) and consistent with the requirements of the Grant Accountability and Transparency Act [30 ILCS 708/1 et seq.]. The R3 Program shall also facilitate the provision of training and technical assistance for capacity building within and among R3 Areas.

(2) R3 Program Board grants shall be used to address economic development, violence prevention services, re-entry services, youth development, and civil legal aid.

(3) The Restore, Reinvest, and Renew Program Board and the R3 Area grantees shall, within a period of no more than 120 days from the completion of planning activities described in this Section, finalize an agreement on the plan for implementation. Implementation activities may:

(A) have a basis in evidence or best practice research or have evaluations demonstrating the capacity to address the purpose of the program in subsection (a);

(B) collect data from the inception of planning activities through implementation, with data collection technical assistance when needed, including cost data and data related to identified meaningful short-term, mid-term, and long-term goals and metrics;

(C) report data to the Restore, Reinvest, and Renew Program Board biannually; and

(D) report information as requested by the R3 Program Board.

HISTORY:

2019 P.A. 101-27, § 10-40, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/10-45 Cannabis Equity Commission.

(a) The Cannabis Equity Commission is created and shall reflect the diversity of the State of Illinois, including geographic, racial, and ethnic diversity. The Cannabis Equity Commission shall be responsible for the following:

(1) Ensuring that equity goals in the Illinois cannabis industry, as stated in Section 10-40 [410 ILCS 705/10-40], are met.

(2) Tracking and analyzing minorities in the marketplace.

(3) Ensuring that revenue is being invested properly into R3 areas under Section 10-40.

(4) Recommending changes to make the law more equitable to communities harmed the most by the war on drugs.

(5) Create standards to protect true social equity applicants from predatory businesses.

(b) The Cannabis Equity Commission's ex officio members shall, within 4 months after the effective date of this amendatory Act of the 101st General Assembly, convene the Commission to appoint a full Cannabis Equity Commission and oversee, provide guidance to, and develop an administrative structure for the Cannabis Equity Commission. The ex officio members are:

(1) The Governor, or his or her designee, who shall serve as chair.

(2) The Attorney General, or his or her designee.

(3) The Director of Commerce and Economic Opportunity, or his or her designee.

(4) The Director of Public Health, or his or her designee.

(5) The Director of Corrections, or his or her designee.

(6) The Director of Financial and Professional Regulation, or his or her designee.

(7) The Director of Agriculture, or his or her designee.

(8) The Executive Director of the Illinois Criminal Justice Information Authority, or his or her designee.

(9) The Secretary of Human Services, or his or her designee.

(10) A member of the Senate, designated by the President of the Senate.

(11) A member of the House of Representatives, designated by the Speaker of the House of Representatives.

(12) A member of the Senate, designated by the Minority Leader of the Senate.

(13) A member of the House of Representatives, designated by the Minority Leader of the House of Representatives.

(c) Within 90 days after the ex officio members convene, the following members shall be appointed to the Commission by the chair:

(1) Four community-based providers or community development organization representatives who provide services to treat violence and address the social determinants of health, or promote community investment, including, but not limited to, services such as job placement and training, educational services, workforce development programming, and wealth building. No more than 2 community-based organization representatives shall work primarily in Cook County. At least one of the community-based providers shall have expertise in providing services to an immigrant population.

(2) Two experts in the field of violence reduction.

(3) One male who has previously been incarcerated and is over the age of 24 at the time of appointment.

(4) One female who has previously been incarcerated and is over the age of 24 at the time of appointment.

(5) Two individuals who have previously been incarcerated and are between the ages of 17 and 24 at the time of appointment.

As used in this subsection (c), "an individual who has been previously incarcerated" has the same meaning as defined in paragraph (2) of subsection (e) of Section 10-40.

HISTORY:

2020 P.A. 101-658, § 5-5, effective March 23, 2021.

410 ILCS 705/10-50 Employment; employer liability.

(a) Nothing in this Act shall prohibit an employer from adopting reasonable zero tolerance or drug free workplace policies, or employment policies concerning drug testing, smoking, consumption, storage, or use of cannabis in the workplace or while on call provided that the policy is applied in a nondiscriminatory manner.

(b) Nothing in this Act shall require an employer to permit an employee to be under the influence of or use cannabis in the employer's workplace or while performing the employee's job duties or while on call.

(c) Nothing in this Act shall limit or prevent an employer from disciplining an employee or terminating employment of an employee for violating an employer's employment policies or workplace drug policy.

(d) An employer may consider an employee to be impaired or under the influence of cannabis if the employer has a good faith belief that an employee manifests specific, articulable symptoms while working that decrease or lessen the employee's performance of the duties or tasks of the employee's job position, including symptoms of the employee's speech, physical dexterity, agility, coordination, demeanor, irrational or unusual behavior, or negligence or carelessness in operating equipment or machinery; disregard for the safety of the employee or others, or involvement in any accident that results in serious damage to equipment or property; disruption of a production or manufacturing process; or carelessness that results in any injury to the employee or others. If an employer elects to discipline an employee on the basis that the employee is under the influence or impaired by cannabis, the employer must afford the employee a reasonable opportunity to contest the basis of the determination.

(e) Nothing in this Act shall be construed to create or imply a cause of action for any person against an employer for:

(1) actions taken pursuant to an employer's reasonable workplace drug policy, including but not limited to subjecting an employee or applicant to reasonable drug and alcohol testing, reasonable and nondiscriminatory random drug testing, and discipline, termination of employment, or withdrawal of a job offer due to a failure of a drug test;

(2) actions based on the employer's good faith belief that an employee used or possessed cannabis in the employer's workplace or while performing the employee's job duties or while on call in violation of the employer's employment policies;

(3) actions, including discipline or termination of employment, based on the employer's good faith belief that an employee was impaired as a result of the use of cannabis, or under the influence of cannabis, while at the employer's workplace or while performing the employee's job duties or while on call in violation of the employer's workplace drug policy; or

(4) injury, loss, or liability to a third party if the employer neither knew nor had reason to know that the employee was impaired.

(f) Nothing in this Act shall be construed to enhance or diminish protections afforded by any other law, including but not limited to the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] or the Opioid Alternative Pilot Program.

(g) Nothing in this Act shall be construed to interfere with any federal, State, or local restrictions on employment including, but not limited to, the United States Department of Transportation regulation 49 CFR 40.151(e) or impact an employer's ability to comply with federal or State law or cause it to lose a federal or State contract or funding.

(h) As used in this Section, "workplace" means the employer's premises, including any building, real property, and parking area under the control of the employer or area used by an employee while in the performance of the employee's job duties, and vehicles, whether leased, rented, or owned. "Workplace" may be further defined by the employer's written employment policy, provided that the policy is consistent with this Section.

(i) For purposes of this Section, an employee is deemed "on call" when such employee is scheduled with at least 24 hours' notice by his or her employer to be on standby or otherwise responsible for performing tasks related to his or her employment either at the employer's premises or other previously designated location by his or her employer or supervisor to perform a work-related task.

HISTORY:
2019 P.A. 101-27, § 10-50, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

ARTICLE 15.

LICENSE AND REGULATION OF DISPENSING ORGANIZATIONS

410 ILCS 705/15-5 Authority.

(a) In this Article, "Department" means the Department of Financial and Professional Regulation.

(b) It is the duty of the Department to administer and enforce the provisions of this Act relating to the licensure and oversight of dispensing organizations and dispensing organization agents unless otherwise provided in this Act.

(c) No person shall operate a dispensing organization for the purpose of serving purchasers of cannabis or cannabis products without a license issued under this Article by the Department. No person shall be an officer, director, manager, or employee of a dispensing organization without having been issued a dispensing organization agent card by the Department.

(d) Subject to the provisions of this Act, the Department may exercise the following powers and duties:

(1) Prescribe forms to be issued for the administration and enforcement of this Article.

(2) Examine, inspect, and investigate the premises, operations, and records of dispensing organization applicants and licensees.

(3) Conduct investigations of possible violations of this Act pertaining to dispensing organizations and dispensing organization agents.

(4) Conduct hearings on proceedings to refuse to issue or renew licenses or to revoke, suspend, place on probation, reprimand, or otherwise discipline a license under this Article or take other nondisciplinary action.

(5) Adopt rules required for the administration of this Article.

HISTORY:
2019 P.A. 101-27, § 15-5, effective June 25, 2019.

410 ILCS 705/15-10 Medical cannabis dispensing organization exemption.

This Article does not apply to medical cannabis dispensing organizations registered under the Compassionate Use of Medical Cannabis Pilot Program Act, except where otherwise specified.

HISTORY:
2019 P.A. 101-27, § 15-10, effective June 25, 2019.

410 ILCS 705/15-15 Early Approval Adult Use Dispensing Organization License.

(a) Any medical cannabis dispensing organization holding a valid registration under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] as of the effective date of this Act may, within 60 days of the effective date of this Act, apply to the Department for an Early Approval Adult Use Dispensing Organization License to serve purchasers at any medical cannabis dispensing location in operation on the effective date of this Act, pursuant to this Section.

(b) A medical cannabis dispensing organization seeking issuance of an Early Approval Adult Use Dispensing Organization License to serve purchasers at any medical cannabis dispensing location in operation as of the effective date of this Act shall submit an application on forms provided by the Department. The application must be submitted by the same person or entity that holds the medical cannabis dispensing organization registration and include the following:

(1) Payment of a nonrefundable fee of $30,000 to be deposited into the Cannabis Regulation Fund;

(2) Proof of registration as a medical cannabis dispensing organization that is in good standing;

(3) Certification that the applicant will comply with the requirements contained in the Compassionate Use of Medical Cannabis Program Act except as provided in this Act;

(4) The legal name of the dispensing organization;

(5) The physical address of the dispensing organization;

(6) The name, address, social security number, and date of birth of each principal officer and board member of the dispensing organization, each of whom must be at least 21 years of age;

(7) A nonrefundable Cannabis Business Development Fee equal to 3% of the dispensing organization's total sales between June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to be deposited into the Cannabis Business Development Fund; and

(8) Identification of one of the following Social Equity Inclusion Plans to be completed by March 31, 2021:

(A) Make a contribution of 3% of total sales from June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to the Cannabis Business Development Fund. This is in addition to the fee required by item (7) of this subsection (b);

(B) Make a grant of 3% of total sales from June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to a cannabis industry training or education program at an Illinois community college as defined in the Public Community College Act [110 ILCS 805/1-1 et seq.];

(C) Make a donation of $100,000 or more to a program that provides job training services to persons recently incarcerated or that operates in a Disproportionately Impacted Area;

(D) Participate as a host in a cannabis business establishment incubator program approved by the Department of Commerce and Economic Opportunity, and in which an Early Approval Adult Use Dispensing Organization License holder agrees to provide a loan of at least $100,000 and mentorship to incubate, for at least a year, a Social Equity Applicant intending to seek a license or a licensee that qualifies as a Social Equity Applicant. As used in this Section, "incubate" means providing direct financial assistance and training necessary to engage in licensed cannabis industry activity similar to that of the host licensee. The Early Approval Adult Use Dispensing Organization License holder or the same entity holding any other licenses issued pursuant to this Act shall not take an ownership stake of greater than 10% in any business receiving incubation services to comply with this subsection. If an Early Approval Adult Use Dispensing Organization License holder fails to find a business to incubate to comply with this subsection before its Early Approval Adult Use Dispensing Organization License expires, it may opt to meet the requirement of this subsection by completing another item from this subsection; or

(E) Participate in a sponsorship program for at least 2 years approved by the Department of Commerce and Economic Opportunity in which an Early Approval Adult Use Dispensing Organization License holder agrees to provide an interest-free loan of at least $200,000 to a Social Equity Applicant. The sponsor shall not take an ownership stake in any cannabis business establishment receiving sponsorship services to comply with this subsection.

(b-5) Beginning 90 days after the effective date of this amendatory Act of the 102nd General Assembly, an Early Approval Adult Use Dispensing Organization licensee whose license was issued pursuant to this Section may apply to relocate within the same geographic district where its existing associated medical cannabis dispensing organization dispensary licensed under the Compassionate Use of Medical Cannabis Act is authorized to operate. A request to relocate under this subsection is subject to approval by the Department. An Early Approval Adult Use Dispensing Organization's application to relocate its license under this subsection shall be deemed approved 30 days following the submission of a complete application to relocate, unless sooner approved or denied in writing by the Department. If an application to relocate is denied, the Department shall provide, in writing, the specific reason for denial.

An Early Approval Adult Use Dispensing Organization may request to relocate under this subsection if:

(1) its existing location is within the boundaries of a unit of local government that prohibits the sale of adult use cannabis; or

(2) the Early Approval Adult Use Dispensing Organization has obtained the approval of the municipality or, if outside the boundaries of a municipality in an unincorporated area of the county, the approval of the county where the existing license is located to move to another location within that unit of local government.

At no time may an Early Approval Adult Use Dispensing Organization dispensary licensed under this Section operate in a separate facility from its associated medical cannabis dispensing organization dispensary licensed under the Compassionate Use of Medical Cannabis Act. The relocation of an Early Approval Adult Use Dispensing Organization License under this subsection shall be subject to Sections 55-25 and 55-28 of this Act [410 ILCS 705/55-25 and 410 ILCS 705/55-28].

(c) The license fee required by paragraph (1) of subsection (b) of this Section shall be in addition to any license fee required for the renewal of a regis-

tered medical cannabis dispensing organization license.

(d) Applicants must submit all required information, including the requirements in subsection (b) of this Section, to the Department. Failure by an applicant to submit all required information may result in the application being disqualified.

(e) If the Department receives an application that fails to provide the required elements contained in subsection (b), the Department shall issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to submit complete information. Applications that are still incomplete after this opportunity to cure may be disqualified.

(f) If an applicant meets all the requirements of subsection (b) of this Section, the Department shall issue the Early Approval Adult Use Dispensing Organization License within 14 days of receiving a completed application unless:

(1) The licensee or a principal officer is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois;

(2) The Secretary of Financial and Professional Regulation determines there is reason, based on documented compliance violations, the licensee is not entitled to an Early Approval Adult Use Dispensing Organization License; or

(3) Any principal officer fails to register and remain in compliance with this Act or the Compassionate Use of Medical Cannabis Program Act.

(g) A registered medical cannabis dispensing organization that obtains an Early Approval Adult Use Dispensing Organization License may begin selling cannabis, cannabis-infused products, paraphernalia, and related items to purchasers under the rules of this Act no sooner than January 1, 2020.

(h) A dispensing organization holding a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act must maintain an adequate supply of cannabis and cannabis-infused products for purchase by qualifying patients, caregivers, provisional patients, and Opioid Alternative Pilot Program participants. For the purposes of this subsection, "adequate supply" means a monthly inventory level that is comparable in type and quantity to those medical cannabis products provided to patients and caregivers on an average monthly basis for the 6 months before the effective date of this Act.

(i) If there is a shortage of cannabis or cannabis-infused products, a dispensing organization holding both a dispensing organization license under the Compassionate Use of Medical Cannabis Program Act and this Act shall prioritize serving qualifying patients, caregivers, provisional patients, and Opioid Alternative Pilot Program participants before serving purchasers.

(j) Notwithstanding any law or rule to the contrary, a person that holds a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act and an Early Approval Adult Use Dispensing Organization License may permit purchasers into a limited access area as that term is defined in administrative rules made under the authority in the Compassionate Use of Medical Cannabis Program Act.

(k) An Early Approval Adult Use Dispensing Organization License is valid until March 31, 2021. A dispensing organization that obtains an Early Approval Adult Use Dispensing Organization License shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and that informs the license holder that it may apply to renew its Early Approval Adult Use Dispensing Organization License on forms provided by the Department. The Department shall renew the Early Approval Adult Use Dispensing Organization License within 60 days of the renewal application being deemed complete if:

(1) the dispensing organization submits an application and the required nonrefundable renewal fee of $30,000, to be deposited into the Cannabis Regulation Fund;

(2) the Department has not suspended or permanently revoked the Early Approval Adult Use Dispensing Organization License or a medical cannabis dispensing organization license on the same premises for violations of this Act, the Compassionate Use of Medical Cannabis Program Act, or rules adopted pursuant to those Acts;

(3) the dispensing organization has completed a Social Equity Inclusion Plan as provided by parts (A), (B), and (C) of paragraph (8) of subsection (b) of this Section or has made substantial progress toward completing a Social Equity Inclusion Plan as provided by parts (D) and (E) of paragraph (8) of subsection (b) of this Section; and

(4) the dispensing organization is in compliance with this Act and rules.

(*l*) The Early Approval Adult Use Dispensing Organization License renewed pursuant to subsection (k) of this Section shall expire March 31, 2022. The Early Approval Adult Use Dispensing Organization Licensee shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and that informs the license holder that it may apply for an Adult Use Dispensing Organization License on forms provided by the Department. The Department shall grant an Adult Use Dispensing Organization License within 60 days of an application being deemed complete if the applicant has met all of the criteria in Section 15-36 [410 ILCS 705/15-36].

(m) If a dispensing organization fails to submit an application for renewal of an Early Approval Adult Use Dispensing Organization License or for an Adult Use Dispensing Organization License before the expiration dates provided in subsections (k) and (l) of this Section, the dispensing organization shall cease serving purchasers and cease all operations until it

receives a renewal or an Adult Use Dispensing Organization License, as the case may be.

(n) A dispensing organization agent who holds a valid dispensing organization agent identification card issued under the Compassionate Use of Medical Cannabis Program Act and is an officer, director, manager, or employee of the dispensing organization licensed under this Section may engage in all activities authorized by this Article to be performed by a dispensing organization agent.

(o) If the Department suspends, permanently revokes, or otherwise disciplines the Early Approval Adult Use Dispensing Organization License of a dispensing organization that also holds a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, the Department may consider the suspension, permanent revocation, or other discipline of the medical cannabis dispensing organization license.

(p) All fees collected pursuant to this Section shall be deposited into the Cannabis Regulation Fund, unless otherwise specified.

HISTORY:

2019 P.A. 101-27, § 15-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-20 Early Approval Adult Use Dispensing Organization License; secondary site.

(a) Any medical cannabis dispensing organization holding a valid registration under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] as of the effective date of this Act may, within 60 days of the effective date of this Act, apply to the Department for an Early Approval Adult Use Dispensing Organization License to operate a dispensing organization to serve purchasers at a secondary site not within 1,500 feet of another medical cannabis dispensing organization or adult use dispensing organization. The Early Approval Adult Use Dispensing Organization secondary site shall be within any BLS Region that shares territory with the dispensing organization district to which the medical cannabis dispensing organization is assigned under the administrative rules for dispensing organizations under the Compassionate Use of Medical Cannabis Program Act.

(a-5) If, within 360 days of the effective date of this Act, a dispensing organization is unable to find a location within the BLS Regions prescribed in subsection (a) of this Section in which to operate an Early Approval Adult Use Dispensing Organization at a secondary site because no jurisdiction within the prescribed area allows the operation of an Adult Use Cannabis Dispensing Organization, the Department of Financial and Professional Regulation may waive the geographic restrictions of subsection (a) of this Section and specify another BLS Region into which the dispensary may be placed.

(b) (Blank).

(c) A medical cannabis dispensing organization seeking issuance of an Early Approval Adult Use Dispensing Organization License at a secondary site to serve purchasers at a secondary site as prescribed in subsection (a) of this Section shall submit an application on forms provided by the Department. The application must meet or include the following qualifications:

(1) a payment of a nonrefundable application fee of $30,000;

(2) proof of registration as a medical cannabis dispensing organization that is in good standing;

(3) submission of the application by the same person or entity that holds the medical cannabis dispensing organization registration;

(4) the legal name of the medical cannabis dispensing organization;

(5) the physical address of the medical cannabis dispensing organization and the proposed physical address of the secondary site;

(6) a copy of the current local zoning ordinance Sections relevant to dispensary operations and documentation of the approval, the conditional approval or the status of a request for zoning approval from the local zoning office that the proposed dispensary location is in compliance with the local zoning rules;

(7) a plot plan of the dispensary drawn to scale. The applicant shall submit general specifications of the building exterior and interior layout;

(8) a statement that the dispensing organization agrees to respond to the Department's supplemental requests for information;

(9) for the building or land to be used as the proposed dispensary:

(A) if the property is not owned by the applicant, a written statement from the property owner and landlord, if any, certifying consent that the applicant may operate a dispensary on the premises; or

(B) if the property is owned by the applicant, confirmation of ownership;

(10) a copy of the proposed operating bylaws;

(11) a copy of the proposed business plan that complies with the requirements in this Act, including, at a minimum, the following:

(A) a description of services to be offered; and

(B) a description of the process of dispensing cannabis;

(12) a copy of the proposed security plan that complies with the requirements in this Article, including:

(A) a description of the delivery process by which cannabis will be received from a transporting organization, including receipt of manifests and protocols that will be used to avoid diversion, theft, or loss at the dispensary acceptance point; and

(B) the process or controls that will be implemented to monitor the dispensary, secure the

premises, agents, patients, and currency, and prevent the diversion, theft, or loss of cannabis; and

(C) the process to ensure that access to the restricted access areas is restricted to, registered agents, service professionals, transporting organization agents, Department inspectors, and security personnel;

(13) a proposed inventory control plan that complies with this Section;

(14) the name, address, social security number, and date of birth of each principal officer and board member of the dispensing organization; each of those individuals shall be at least 21 years of age;

(15) a nonrefundable Cannabis Business Development Fee equal to $200,000, to be deposited into the Cannabis Business Development Fund; and

(16) a commitment to completing one of the following Social Equity Inclusion Plans in subsection (d).

(d) Before receiving an Early Approval Adult Use Dispensing Organization License at a secondary site, a dispensing organization shall indicate the Social Equity Inclusion Plan that the applicant plans to achieve before the expiration of the Early Approval Adult Use Dispensing Organization License from the list below:

(1) make a contribution of 3% of total sales from June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to the Cannabis Business Development Fund. This is in addition to the fee required by paragraph (16) of subsection (c) of this Section;

(2) make a grant of 3% of total sales from June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to a cannabis industry training or education program at an Illinois community college as defined in the Public Community College Act [110 ILCS 805/1-1 et seq.];

(3) make a donation of $100,000 or more to a program that provides job training services to persons recently incarcerated or that operates in a Disproportionately Impacted Area;

(4) participate as a host in a cannabis business establishment incubator program approved by the Department of Commerce and Economic Opportunity, and in which an Early Approval Adult Use Dispensing Organization License at a secondary site holder agrees to provide a loan of at least $100,000 and mentorship to incubate, for at least a year, a Social Equity Applicant intending to seek a license or a licensee that qualifies as a Social Equity Applicant. In this paragraph (4), "incubate" means providing direct financial assistance and training necessary to engage in licensed cannabis industry activity similar to that of the host licensee. The Early Approval Adult Use Dispensing Organization License holder or the same entity holding any other licenses issued under this Act shall not take an ownership stake of greater than 10% in any business receiving incubation services to comply with this subsection. If an Early Approval Adult Use Dispensing Organization License at a secondary site holder fails to find a business to incubate in order to comply with this subsection before its Early Approval Adult Use Dispensing Organization License at a secondary site expires, it may opt to meet the requirement of this subsection by completing another item from this subsection before the expiration of its Early Approval Adult Use Dispensing Organization License at a secondary site to avoid a penalty; or

(5) participate in a sponsorship program for at least 2 years approved by the Department of Commerce and Economic Opportunity in which an Early Approval Adult Use Dispensing Organization License at a secondary site holder agrees to provide an interest-free loan of at least $200,000 to a Social Equity Applicant. The sponsor shall not take an ownership stake of greater than 10% in any business receiving sponsorship services to comply with this subsection.

(e) The license fee required by paragraph (1) of subsection (c) of this Section is in addition to any license fee required for the renewal of a registered medical cannabis dispensing organization license.

(f) Applicants must submit all required information, including the requirements in subsection (c) of this Section, to the Department. Failure by an applicant to submit all required information may result in the application being disqualified. Principal officers shall not be required to submit to the fingerprint and background check requirements of Section 5-20 [410 ILCS 705/5-20].

(g) If the Department receives an application that fails to provide the required elements contained in subsection (c), the Department shall issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to submit complete information. Applications that are still incomplete after this opportunity to cure may be disqualified.

(h) Once all required information and documents have been submitted, the Department will review the application. The Department may request revisions and retains final approval over dispensary features. Once the application is complete and meets the Department's approval, the Department shall conditionally approve the license. Final approval is contingent on the build-out and Department inspection.

(i) Upon submission of the Early Approval Adult Use Dispensing Organization at a secondary site application, the applicant shall request an inspection and the Department may inspect the Early Approval Adult Use Dispensing Organization's secondary site to confirm compliance with the application and this Act.

(j) The Department shall only issue an Early Approval Adult Use Dispensing Organization License at a secondary site after the completion of a successful inspection.

(k) If an applicant passes the inspection under this Section, the Department shall issue the Early Ap-

proval Adult Use Dispensing Organization License at a secondary site within 10 business days unless:

(1) The licensee, any principal officer or board member of the licensee, or any person having a financial or voting interest of 5% or greater in the licensee is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois; or

(2) The Secretary of Financial and Professional Regulation determines there is reason, based on documented compliance violations, the licensee is not entitled to an Early Approval Adult Use Dispensing Organization License at its secondary site.

(*l*) Once the Department has issued a license, the dispensing organization shall notify the Department of the proposed opening date.

(m) A registered medical cannabis dispensing organization that obtains an Early Approval Adult Use Dispensing Organization License at a secondary site may begin selling cannabis, cannabis-infused products, paraphernalia, and related items to purchasers under the rules of this Act no sooner than January 1, 2020.

(n) If there is a shortage of cannabis or cannabis-infused products, a dispensing organization holding both a dispensing organization license under the Compassionate Use of Medical Cannabis Program Act and this Article shall prioritize serving qualifying patients and caregivers before serving purchasers.

(o) An Early Approval Adult Use Dispensing Organization License at a secondary site is valid until March 31, 2021. A dispensing organization that obtains an Early Approval Adult Use Dispensing Organization License at a secondary site shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and inform the license holder that it may renew its Early Approval Adult Use Dispensing Organization License at a secondary site. The Department shall renew an Early Approval Adult Use Dispensing Organization License at a secondary site within 60 days of submission of the renewal application being deemed complete if:

(1) the dispensing organization submits an application and the required nonrefundable renewal fee of $30,000, to be deposited into the Cannabis Regulation Fund;

(2) the Department has not suspended or permanently revoked the Early Approval Adult Use Dispensing Organization License or a medical cannabis dispensing organization license held by the same person or entity for violating this Act or rules adopted under this Act or the Compassionate Use of Medical Cannabis Program Act or rules adopted under that Act; and

(3) the dispensing organization has completed a Social Equity Inclusion Plan provided by paragraph (1), (2), or (3) of subsection (d) of this Section or has made substantial progress toward completing a Social Equity Inclusion Plan provided by paragraph (4) or (5) of subsection (d) of this Section.

(p) The Early Approval Adult Use Dispensing Organization Licensee at a secondary site renewed pursuant to subsection (o) shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and that informs the license holder that it may apply for an Adult Use Dispensing Organization License on forms provided by the Department. The Department shall grant an Adult Use Dispensing Organization License within 60 days of an application being deemed complete if the applicant has meet all of the criteria in Section 15-36 [410 ILCS 705/15-36].

(q) If a dispensing organization fails to submit an application for renewal of an Early Approval Adult Use Dispensing Organization License or for an Adult Use Dispensing Organization License before the expiration dates provided in subsections (o) and (p) of this Section, the dispensing organization shall cease serving purchasers until it receives a renewal or an Adult Use Dispensing Organization License.

(r) A dispensing organization agent who holds a valid dispensing organization agent identification card issued under the Compassionate Use of Medical Cannabis Program Act and is an officer, director, manager, or employee of the dispensing organization licensed under this Section may engage in all activities authorized by this Article to be performed by a dispensing organization agent.

(s) If the Department suspends, permanently revokes, or otherwise disciplines the Early Approval Adult Use Dispensing Organization License of a dispensing organization that also holds a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, the Department may consider the suspension, permanent revocation, or other discipline as grounds to take disciplinary action against the medical cannabis dispensing organization.

(t) All fees collected pursuant to this Section shall be deposited into the Cannabis Regulation Fund, unless otherwise specified.

HISTORY:

2019 P.A. 101-27, § 15-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-25 Awarding of Conditional Adult Use Dispensing Organization Licenses prior to January 1, 2021.

(a) The Department shall issue up to 75 Conditional Adult Use Dispensing Organization Licenses before May 1, 2020.

(b) The Department shall make the application for a Conditional Adult Use Dispensing Organization License available no later than October 1, 2019 and shall accept applications no later than January 1, 2020.

(c) To ensure the geographic dispersion of Conditional Adult Use Dispensing Organization License holders, the following number of licenses shall be

awarded in each BLS Region as determined by each region's percentage of the State's population:

(1) Bloomington: 1

(2) Cape Girardeau: 1

(3) Carbondale-Marion: 1

(4) Champaign-Urbana: 1

(5) Chicago-Naperville-Elgin: 47

(6) Danville: 1

(7) Davenport-Moline-Rock Island: 1

(8) Decatur: 1

(9) Kankakee: 1

(10) Peoria: 3

(11) Rockford: 2

(12) St. Louis: 4

(13) Springfield: 1

(14) Northwest Illinois nonmetropolitan: 3

(15) West Central Illinois nonmetropolitan: 3

(16) East Central Illinois nonmetropolitan: 2

(17) South Illinois nonmetropolitan: 2

(d) An applicant seeking issuance of a Conditional Adult Use Dispensing Organization License shall submit an application on forms provided by the Department. An applicant must meet the following requirements:

(1) Payment of a nonrefundable application fee of $5,000 for each license for which the applicant is applying, which shall be deposited into the Cannabis Regulation Fund;

(2) Certification that the applicant will comply with the requirements contained in this Act;

(3) The legal name of the proposed dispensing organization;

(4) A statement that the dispensing organization agrees to respond to the Department's supplemental requests for information;

(5) From each principal officer, a statement indicating whether that person:

(A) has previously held or currently holds an ownership interest in a cannabis business establishment in Illinois; or

(B) has held an ownership interest in a dispensing organization or its equivalent in another state or territory of the United States that had the dispensing organization registration or license suspended, revoked, placed on probationary status, or subjected to other disciplinary action;

(6) Disclosure of whether any principal officer has ever filed for bankruptcy or defaulted on spousal support or child support obligation;

(7) A resume for each principal officer, including whether that person has an academic degree, certification, or relevant experience with a cannabis business establishment or in a related industry;

(8) A description of the training and education that will be provided to dispensing organization agents;

(9) A copy of the proposed operating bylaws;

(10) A copy of the proposed business plan that complies with the requirements in this Act, including, at a minimum, the following:

(A) A description of services to be offered; and

(B) A description of the process of dispensing cannabis;

(11) A copy of the proposed security plan that complies with the requirements in this Article, including:

(A) The process or controls that will be implemented to monitor the dispensary, secure the premises, agents, and currency, and prevent the diversion, theft, or loss of cannabis; and

(B) The process to ensure that access to the restricted access areas is restricted to, registered agents, service professionals, transporting organization agents, Department inspectors, and security personnel;

(12) A proposed inventory control plan that complies with this Section;

(13) A proposed floor plan, a square footage estimate, and a description of proposed security devices, including, without limitation, cameras, motion detectors, servers, video storage capabilities, and alarm service providers;

(14) The name, address, social security number, and date of birth of each principal officer and board member of the dispensing organization; each of those individuals shall be at least 21 years of age;

(15) Evidence of the applicant's status as a Social Equity Applicant, if applicable, and whether a Social Equity Applicant plans to apply for a loan or grant issued by the Department of Commerce and Economic Opportunity;

(16) The address, telephone number, and email address of the applicant's principal place of business, if applicable. A post office box is not permitted;

(17) Written summaries of any information regarding instances in which a business or not-for-profit that a prospective board member previously managed or served on were fined or censured, or any instances in which a business or not-for-profit that a prospective board member previously managed or served on had its registration suspended or revoked in any administrative or judicial proceeding;

(18) A plan for community engagement;

(19) Procedures to ensure accurate recordkeeping and security measures that are in accordance with this Article and Department rules;

(20) The estimated volume of cannabis it plans to store at the dispensary;

(21) A description of the features that will provide accessibility to purchasers as required by the Americans with Disabilities Act;

(22) A detailed description of air treatment systems that will be installed to reduce odors;

(23) A reasonable assurance that the issuance of a license will not have a detrimental impact on the community in which the applicant wishes to locate;

(24) The dated signature of each principal officer;

(25) A description of the enclosed, locked facility where cannabis will be stored by the dispensing organization;

(26) Signed statements from each dispensing organization agent stating that he or she will not divert cannabis;

(27) The number of licenses it is applying for in each BLS Region;

(28) A diversity plan that includes a narrative of at least 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity;

(29) A contract with a private security contractor agency that is licensed under Section 10-5 of the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 [225 ILCS 447/10-5] in order for the dispensary to have adequate security at its facility; and

(30) Other information deemed necessary by the Illinois Cannabis Regulation Oversight Officer to conduct the disparity and availability study referenced in subsection (e) of Section 5-45 [410 ILCS 705/5-45].

(e) An applicant who receives a Conditional Adult Use Dispensing Organization License under this Section has 180 days from the date of award to identify a physical location for the dispensing organization retail storefront. The applicant shall provide evidence that the location is not within 1,500 feet of an existing dispensing organization, unless the applicant is a Social Equity Applicant or Social Equity Justice Involved Applicant located or seeking to locate within 1,500 feet of a dispensing organization licensed under Section 15-15 or Section 15-20. If an applicant is unable to find a suitable physical address in the opinion of the Department within 180 days of the issuance of the Conditional Adult Use Dispensing Organization License, the Department may extend the period for finding a physical address another 180 days if the Conditional Adult Use Dispensing Organization License holder demonstrates concrete attempts to secure a location and a hardship. If the Department denies the extension or the Conditional Adult Use Dispensing Organization License holder is unable to find a location or become operational within 360 days of being awarded a conditional license, the Department shall rescind the conditional license and award it to the next highest scoring applicant in the BLS Region for which the license was assigned, provided the applicant receiving the license: (i) confirms a continued interest in operating a dispensing organization; (ii) can provide evidence that the applicant continues to meet all requirements for holding a Conditional Adult Use Dispensing Organization License set forth in this Act; and (iii) has not otherwise become ineligible to be awarded a dispensing organization license. If the new awardee is unable to accept the Conditional Adult Use Dispensing Organization License, the Department shall award the Conditional Adult Use Dispensing Organization License to the next highest scoring applicant in the same manner. The new awardee shall be subject to the same required deadlines as provided in this subsection.

(e-5) If, within 180 days of being awarded a Conditional Adult Use Dispensing Organization License, a dispensing organization is unable to find a location within the BLS Region in which it was awarded a Conditional Adult Use Dispensing Organization License because no jurisdiction within the BLS Region allows for the operation of an Adult Use Dispensing Organization, the Department of Financial and Professional Regulation may authorize the Conditional Adult Use Dispensing Organization License holder to transfer its license to a BLS Region specified by the Department.

(f) A dispensing organization that is awarded a Conditional Adult Use Dispensing Organization License pursuant to the criteria in Section 15-30 [410 ILCS 705/15-30] shall not purchase, possess, sell, or dispense cannabis or cannabis-infused products until the person has received an Adult Use Dispensing Organization License issued by the Department pursuant to Section 15-36 of this Act [410 ILCS 705/15-36].

(g) The Department shall conduct a background check of the prospective organization agents in order to carry out this Article. The Illinois State Police shall charge the applicant a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. Each person applying as a dispensing organization agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Illinois State Police and Federal Bureau of Identification criminal history records databases. The Illinois State Police shall furnish, following positive identification, all Illinois conviction information to the Department.

HISTORY:

2019 P.A. 101-27, § 15-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/15-30 Selection criteria for conditional licenses awarded under Section 15-25.

(a) Applicants for a Conditional Adult Use Dispensing Organization License must submit all required information, including the information required in Section 15-25 [410 ILCS 705/15-25], to the Department. Failure by an applicant to submit all required information may result in the application being disqualified.

(b) If the Department receives an application that fails to provide the required elements contained in this Section, the Department shall issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to resubmit the incomplete information. Applications

that are still incomplete after this opportunity to cure will not be scored and will be disqualified.

(c) The Department will award up to 250 points to complete applications based on the sufficiency of the applicant's responses to required information. Applicants will be awarded points based on a determination that the application satisfactorily includes the following elements:

(1) Suitability of Employee Training Plan (15 points). The plan includes an employee training plan that demonstrates that employees will understand the rules and laws to be followed by dispensary employees, have knowledge of any security measures and operating procedures of the dispensary, and are able to advise purchasers on how to safely consume cannabis and use individual products offered by the dispensary.

(2) Security and Recordkeeping (65 points).

(A) The security plan accounts for the prevention of the theft or diversion of cannabis. The security plan demonstrates safety procedures for dispensing organization agents and purchasers, and safe delivery and storage of cannabis and currency. It demonstrates compliance with all security requirements in this Act and rules.

(B) A plan for recordkeeping, tracking, and monitoring inventory, quality control, and other policies and procedures that will promote standard recordkeeping and discourage unlawful activity. This plan includes the applicant's strategy to communicate with the Department and the Illinois State Police on the destruction and disposal of cannabis. The plan must also demonstrate compliance with this Act and rules.

(C) The security plan shall also detail which private security contractor licensed under Section 10-5 of the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 the dispensary will contract with in order to provide adequate security at its facility.

(3) Applicant's Business Plan, Financials, Operating and Floor Plan (65 points).

(A) The business plan shall describe, at a minimum, how the dispensing organization will be managed on a long-term basis. This shall include a description of the dispensing organization's point-of-sale system, purchases and denials of sale, confidentiality, and products and services to be offered. It will demonstrate compliance with this Act and rules.

(B) The operating plan shall include, at a minimum, best practices for day-to-day dispensary operation and staffing. The operating plan may also include information about employment practices, including information about the percentage of full-time employees who will be provided a living wage.

(C) The proposed floor plan is suitable for public access, the layout promotes safe dispensing of cannabis, is compliant with the Americans with Disabilities Act and the Environmental Barriers Act [410 ILCS 25/1 et seq.], and facilitates safe product handling and storage.

(4) Knowledge and Experience (30 points).

(A) The applicant's principal officers must demonstrate experience and qualifications in business management or experience with the cannabis industry. This includes ensuring optimal safety and accuracy in the dispensing and sale of cannabis.

(B) The applicant's principal officers must demonstrate knowledge of various cannabis product strains or varieties and describe the types and quantities of products planned to be sold. This includes confirmation of whether the dispensing organization plans to sell cannabis paraphernalia or edibles.

(C) Knowledge and experience may be demonstrated through experience in other comparable industries that reflect on the applicant's ability to operate a cannabis business establishment.

(5) Status as a Social Equity Applicant (50 points). The applicant meets the qualifications for a Social Equity Applicant as set forth in this Act.

(6) Labor and employment practices (5 points). The applicant may describe plans to provide a safe, healthy, and economically beneficial working environment for its agents, including, but not limited to, codes of conduct, health care benefits, educational benefits, retirement benefits, living wage standards, and entering a labor peace agreement with employees.

(7) Environmental Plan (5 points). The applicant may demonstrate an environmental plan of action to minimize the carbon footprint, environmental impact, and resource needs for the dispensary, which may include, without limitation, recycling cannabis product packaging.

(8) Illinois owner (5 points). The applicant is 51% or more owned and controlled by an Illinois resident, who can prove residency in each of the past 5 years with tax records or 2 of the following:

(A) a signed lease agreement that includes the applicant's name;

(B) a property deed that includes the applicant's name;

(C) school records;

(D) a voter registration card;

(E) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(F) a paycheck stub;

(G) a utility bill; or

(H) any other proof of residency or other information necessary to establish residence as provided by rule.

(9) Status as veteran (5 points). The applicant is 51% or more controlled and owned by an individual or individuals who meet the qualifications of a veteran as defined by Section 45-57 of the Illinois Procurement Code [30 ILCS 500/45-57].

(10) A diversity plan (5 points). The plan includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity.

(d) The Department may also award up to 2 bonus points for a plan to engage with the community. The applicant may demonstrate a desire to engage with its community by participating in one or more of, but not limited to, the following actions: (i) establishment of an incubator program designed to increase participation in the cannabis industry by persons who would qualify as Social Equity Applicants; (ii) providing financial assistance to substance abuse treatment centers; (iii) educating children and teens about the potential harms of cannabis use; or (iv) other measures demonstrating a commitment to the applicant's community. Bonus points will only be awarded if the Department receives applications that receive an equal score for a particular region.

(e) The Department may verify information contained in each application and accompanying documentation to assess the applicant's veracity and fitness to operate a dispensing organization.

(f) The Department may, in its discretion, refuse to issue an authorization to any applicant:

(1) Who is unqualified to perform the duties required of the applicant;

(2) Who fails to disclose or states falsely any information called for in the application;

(3) Who has been found guilty of a violation of this Act, who has had any disciplinary order entered against it by the Department, who has entered into a disciplinary or nondisciplinary agreement with the Department, or whose medical cannabis dispensing organization, medical cannabis cultivation organization, or Early Approval Adult Use Dispensing Organization License, or Early Approval Adult Use Dispensing Organization License at a secondary site, or Early Approval Cultivation Center License was suspended, restricted, revoked, or denied for just cause, or the applicant's cannabis business establishment license was suspended, restricted, revoked, or denied in any other state; or

(4) Who has engaged in a pattern or practice of unfair or illegal practices, methods, or activities in the conduct of owning a cannabis business establishment or other business.

(g) The Department shall deny the license if any principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

(h) The Department shall verify an applicant's compliance with the requirements of this Article and rules before issuing a dispensing organization license.

(i) Should the applicant be awarded a license, the information and plans provided in the application, including any plans submitted for bonus points, shall become a condition of the Conditional Adult Use Dispensing Organization Licenses and any Adult Use Dispensing Organization License issued to the holder of the Conditional Adult Use Dispensing Organization License, except as otherwise provided by this Act or rule. Dispensing organizations have a duty to disclose any material changes to the application. The Department shall review all material changes disclosed by the dispensing organization, and may re-evaluate its prior decision regarding the awarding of a license, including, but not limited to, suspending or permanently revoking a license. Failure to comply with the conditions or requirements in the application may subject the dispensing organization to discipline, up to and including suspension or permanent revocation of its authorization or license by the Department.

(j) If an applicant has not begun operating as a dispensing organization within one year of the issuance of the Conditional Adult Use Dispensing Organization License, the Department may permanently revoke the Conditional Adult Use Dispensing Organization License and award it to the next highest scoring applicant in the BLS Region if a suitable applicant indicates a continued interest in the license or begin a new selection process to award a Conditional Adult Use Dispensing Organization License.

(k) The Department shall deny an application if granting that application would result in a single person or entity having a direct or indirect financial interest in more than 10 Early Approval Adult Use Dispensing Organization Licenses, Conditional Adult Use Dispensing Organization Licenses, or Adult Use Dispensing Organization Licenses. Any entity that is awarded a license that results in a single person or entity having a direct or indirect financial interest in more than 10 licenses shall forfeit the most recently issued license and suffer a penalty to be determined by the Department, unless the entity declines the license at the time it is awarded.

HISTORY:

2019 P.A. 101-27, § 15-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/15-30.20 Tied Applicant Lottery; additional requirements; timing.

(a) If awarding a license in a Tied Applicant Lottery would result in a Tied Applicant possessing more than 10 Early Approval Adult Use Dispensing Organization Licenses, Early Approval Adult Use Dispensing Organization Licenses at a secondary site, Conditional Adult Use Dispensing Organization Licenses, Adult Use Dispensing Organization Licenses, or any combination thereof, the Tied Applicant must choose which license to abandon pursuant to subsection (d) of Section 15-36 [410 ILCS 705/15-36] and notify the Department in writing within 5 business

days after the date that the Tied Applicant Lottery is conducted.

(b) The Department shall publish the certified results of a Tied Applicant Lottery within 2 business days after the Tied Applicant Lottery is conducted.

HISTORY:
2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-35 Qualifying Applicant Lottery for Conditional Adult Use Dispensing Organization Licenses.

(a) In addition to any of the licenses issued under Section 15-15, Section 15-20, Section 15-25, Section 15-30.20, or Section 15-35.10 of this Act [410 ILCS 705/15-15, 410 ILCS 705/15-20, 410 ILCS 705/15-25, 410 ILCS 705/15-30.20, or 410 ILCS 705/15-35.10], within 10 business days after the resulting final scores for all scored applications pursuant to Sections 15-25 and 15-30 [410 ILCS 705/15-25 and 410 ILCS 705/15-30] are released, the Department shall issue up to 55 Conditional Adult Use Dispensing Organization Licenses by lot, pursuant to the application process adopted under this Section. In order to be eligible to be awarded a Conditional Adult Use Dispensing Organization License by lot under this Section, a Dispensary Applicant must be a Qualifying Applicant.

The licenses issued under this Section shall be awarded in each BLS Region in the following amounts:

(1) Bloomington: 1.
(2) Cape Girardeau: 1.
(3) Carbondale-Marion: 1.
(4) Champaign-Urbana: 1.
(5) Chicago-Naperville-Elgin: 36.
(6) Danville: 1.
(7) Davenport-Moline-Rock Island: 1.
(8) Decatur: 1.
(9) Kankakee: 1.
(10) Peoria: 2.
(11) Rockford: 1.
(12) St. Louis: 3.
(13) Springfield: 1.
(14) Northwest Illinois nonmetropolitan: 1.
(15) West Central Illinois nonmetropolitan: 1.
(16) East Central Illinois nonmetropolitan: 1.
(17) South Illinois nonmetropolitan: 1.

(a-5) Prior to issuing licenses under subsection (a), the Department may adopt rules through emergency rulemaking in accordance with subsection (kk) of Section 5-45 of the Illinois Administrative Procedure Act [5 ILCS 100/5-45]. The General Assembly finds that the adoption of rules to regulate cannabis use is deemed an emergency and necessary for the public interest, safety, and welfare.

(b) The Department shall distribute the available licenses established under this Section subject to the following:

(1) The drawing by lot for all available licenses issued under this Section shall occur on the same day when practicable.

(2) Within each BLS Region, the first Qualifying Applicant drawn will have the first right to an available license. The second Qualifying Applicant drawn will have the second right to an available license. The same pattern will continue for each subsequent Qualifying Applicant drawn.

(3) The process for distributing available licenses under this Section shall be recorded by the Department in a format selected by the Department.

(4) A Dispensary Applicant is prohibited from becoming a Qualifying Applicant if a principal officer resigns after the resulting final scores for all scored applications pursuant to Sections 15-25 and 15-30 are released.

(5) No Qualifying Applicant may be awarded more than 2 Conditional Adult Use Dispensing Organization Licenses at the conclusion of a lottery conducted under this Section.

(6) No individual may be listed as a principal officer of more than 2 Conditional Adult Use Dispensing Organization Licenses awarded under this Section.

(7) If, upon being selected for an available license established under this Section, a Qualifying Applicant exceeds the limits under paragraph (5) or (6), the Qualifying Applicant must choose which license to abandon and notify the Department in writing within 5 business days. If the Qualifying Applicant does not notify the Department as required, the Department shall refuse to issue the Qualifying Applicant all available licenses established under this Section obtained by lot in all BLS Regions.

(8) If, upon being selected for an available license established under this Section, a Qualifying Applicant has a principal officer who is a principal officer in more than 10 Early Approval Adult Use Dispensing Organization Licenses, Conditional Adult Use Dispensing Organization Licenses, Adult Use Dispensing Organization Licenses, or any combination thereof, the licensees and the Qualifying Applicant listing that principal officer must choose which license to abandon pursuant to subsection (d) of Section 15-36 [410 ILCS 705/15-36] and notify the Department in writing within 5 business days. If the Qualifying Applicant or licensees do not notify the Department as required, the Department shall refuse to issue the Qualifying Applicant all available licenses established under this Section obtained by lot in all BLS Regions.

(9) All available licenses that have been abandoned under paragraph (7) or (8) shall be distributed to the next Qualifying Applicant drawn by lot.

Any and all rights conferred or obtained under this Section shall be limited to the provisions of this Section.

(c) An applicant who receives a Conditional Adult Use Dispensing Organization License under this Section has 180 days from the date it is awarded to

identify a physical location for the dispensing organization's retail storefront. The applicant shall provide evidence that the location is not within 1,500 feet of an existing dispensing organization, unless the applicant is a Social Equity Applicant or Social Equity Justice Involved Applicant located or seeking to locate within 1,500 feet of a dispensing organization licensed under Section 15-15 or Section 15-20. If an applicant is unable to find a suitable physical address in the opinion of the Department within 180 days from the issuance of the Conditional Adult Use Dispensing Organization License, the Department may extend the period for finding a physical address another 180 days if the Conditional Adult Use Dispensing Organization License holder demonstrates a concrete attempt to secure a location and a hardship. If the Department denies the extension or the Conditional Adult Use Dispensing Organization License holder is unable to find a location or become operational within 360 days of being awarded a Conditional Adult Use Dispensing Organization License under this Section, the Department shall rescind the Conditional Adult Use Dispensing Organization License and award it pursuant to subsection (b), provided the applicant receiving the Conditional Adult Use Dispensing Organization License: (i) confirms a continued interest in operating a dispensing organization; (ii) can provide evidence that the applicant continues to meet all requirements for holding a Conditional Adult Use Dispensing Organization License set forth in this Act; and (iii) has not otherwise become ineligible to be awarded a Conditional Adult Use Dispensing Organization License. If the new awardee is unable to accept the Conditional Adult Use Dispensing Organization License, the Department shall award the Conditional Adult Use Dispensing Organization License pursuant to subsection (b). The new awardee shall be subject to the same required deadlines as provided in this subsection.

(d) If, within 180 days of being awarded a Conditional Adult Use Dispensing Organization License, a dispensing organization is unable to find a location within the BLS Region in which it was awarded a Conditional Adult Use Dispensing Organization License because no jurisdiction within the BLS Region allows for the operation of an Adult Use Dispensing Organization, the Department may authorize the Conditional Adult Use Dispensing Organization License holder to transfer its Conditional Adult Use Dispensing Organization License to a BLS Region specified by the Department.

(e) A dispensing organization that is awarded a Conditional Adult Use Dispensing Organization License under this Section shall not purchase, possess, sell, or dispense cannabis or cannabis-infused products until the dispensing organization has received an Adult Use Dispensing Organization License issued by the Department pursuant to Section 15-36.

(f) The Department shall conduct a background check of the prospective dispensing organization agents in order to carry out this Article. The Illinois State Police shall charge the applicant a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. Each person applying as a dispensing organization agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed with the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall furnish, following positive identification, all Illinois conviction information to the Department.

(g) The Department may verify information contained in each application and accompanying documentation to assess the applicant's veracity and fitness to operate a dispensing organization.

(h) The Department may, in its discretion, refuse to issue authorization to an applicant who meets any of the following criteria:

(1) An applicant who is unqualified to perform the duties required of the applicant.

(2) An applicant who fails to disclose or states falsely any information called for in the application.

(3) An applicant who has been found guilty of a violation of this Act, who has had any disciplinary order entered against the applicant by the Department, who has entered into a disciplinary or nondisciplinary agreement with the Department, whose medical cannabis dispensing organization, medical cannabis cultivation organization, Early Approval Adult Use Dispensing Organization License, Early Approval Adult Use Dispensing Organization License at a secondary site, Early Approval Cultivation Center License, Conditional Adult Use Dispensing Organization License, or Adult Use Dispensing Organization License was suspended, restricted, revoked, or denied for just cause, or whose cannabis business establishment license was suspended, restricted, revoked, or denied in any other state.

(4) An applicant who has engaged in a pattern or practice of unfair or illegal practices, methods, or activities in the conduct of owning a cannabis business establishment or other business.

(i) The Department shall deny issuance of a license under this Section if any principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee is delinquent in filing any required tax return or paying any amount owed to the State of Illinois.

(j) The Department shall verify an applicant's compliance with the requirements of this Article and rules adopted under this Article before issuing a Conditional Adult Use Dispensing Organization License under this Section.

(k) If an applicant is awarded a Conditional Adult Use Dispensing Organization License under this

Section, the information and plans provided in the application, including any plans submitted for bonus points, shall become a condition of the Conditional Adult Use Dispensing Organization License and any Adult Use Dispensing Organization License issued to the holder of the Conditional Adult Use Dispensing Organization License, except as otherwise provided by this Act or by rule. A dispensing organization has a duty to disclose any material changes to the application. The Department shall review all material changes disclosed by the dispensing organization and may reevaluate its prior decision regarding the awarding of a Conditional Adult Use Dispensing Organization License, including, but not limited to, suspending or permanently revoking a Conditional Adult Use Dispensing Organization License. Failure to comply with the conditions or requirements in the application may subject the dispensing organization to discipline up to and including suspension or permanent revocation of its authorization or Conditional Adult Use Dispensing Organization License by the Department.

(*l*) If an applicant has not begun operating as a dispensing organization within one year after the issuance of the Conditional Adult Use Dispensing Organization License under this Section, the Department may permanently revoke the Conditional Adult Use Dispensing Organization License and award it to the next highest scoring applicant in the BLS Region if a suitable applicant indicates a continued interest in the Conditional Adult Use Dispensing Organization License or may begin a new selection process to award a Conditional Adult Use Dispensing Organization License.

HISTORY:

2019 P.A. 101-27, § 15-35, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-35.10 Social Equity Justice Involved Lottery for Conditional Adult Use Dispensing Organization Licenses.

(a) In addition to any of the licenses issued under Section 15-15 [410 ILCS 705/15-15], Section 15-20 [410 ILCS 705/15-20], Section 15-25 [410 ILCS 705/15-25], Section 15-30.20 [410 ILCS 705/15-30.20], or Section 15-35 [410 ILCS 705/15-35], within 10 business days after the resulting final scores for all scored applications pursuant to Sections 15-25 and 15-30 [410 ILCS 705/15-30] are released, the Department shall issue up to 55 Conditional Adult Use Dispensing Organization Licenses by lot, pursuant to the application process adopted under this Section. In order to be eligible to be awarded a Conditional Adult Use Dispensing Organization License by lot, a Dispensary Applicant must be a Qualifying Social Equity Justice Involved Applicant.

The licenses issued under this Section shall be awarded in each BLS Region in the following amounts:

(1) Bloomington: 1.
(2) Cape Girardeau: 1.
(3) Carbondale-Marion: 1.
(4) Champaign-Urbana: 1.
(5) Chicago-Naperville-Elgin: 36.
(6) Danville: 1.
(7) Davenport-Moline-Rock Island: 1.
(8) Decatur: 1.
(9) Kankakee: 1.
(10) Peoria: 2.
(11) Rockford: 1.
(12) St. Louis: 3.
(13) Springfield: 1.
(14) Northwest Illinois nonmetropolitan: 1.
(15) West Central Illinois nonmetropolitan: 1.
(16) East Central Illinois nonmetropolitan: 1.
(17) South Illinois nonmetropolitan: 1.

(a-5) Prior to issuing licenses under subsection (a), the Department may adopt rules through emergency rulemaking in accordance with subsection (kk) of Section 5-45 of the Illinois Administrative Procedure Act [5 ILCS 100/5-45]. The General Assembly finds that the adoption of rules to regulate cannabis use is deemed an emergency and necessary for the public interest, safety, and welfare.

(b) The Department shall distribute the available licenses established under this Section subject to the following:

(1) The drawing by lot for all available licenses established under this Section shall occur on the same day when practicable.

(2) Within each BLS Region, the first Qualifying Social Equity Justice Involved Applicant drawn will have the first right to an available license. The second Qualifying Social Equity Justice Involved Applicant drawn will have the second right to an available license. The same pattern will continue for each subsequent applicant drawn.

(3) The process for distributing available licenses under this Section shall be recorded by the Department in a format selected by the Department.

(4) A Dispensary Applicant is prohibited from becoming a Qualifying Social Equity Justice Involved Applicant if a principal officer resigns after the resulting final scores for all scored applications pursuant to Sections 15-25 and 15-30 are released.

(5) No Qualifying Social Equity Justice Involved Applicant may be awarded more than 2 Conditional Adult Use Dispensing Organization Licenses at the conclusion of a lottery conducted under this Section.

(6) No individual may be listed as a principal officer of more than 2 Conditional Adult Use Dispensing Organization Licenses awarded under this Section.

(7) If, upon being selected for an available license established under this Section, a Qualifying Social Equity Justice Involved Applicant exceeds the limits under paragraph (5) or (6), the Qualifying Social Equity Justice Involved Applicant must

choose which license to abandon and notify the Department in writing within 5 business days on forms prescribed by the Department. If the Qualifying Social Equity Justice Involved Applicant does not notify the Department as required, the Department shall refuse to issue the Qualifying Social Equity Justice Involved Applicant all available licenses established under this Section obtained by lot in all BLS Regions.

(8) If, upon being selected for an available license established under this Section, a Qualifying Social Equity Justice Involved Applicant has a principal officer who is a principal officer in more than 10 Early Approval Adult Use Dispensing Organization Licenses, Conditional Adult Use Dispensing Organization Licenses, Adult Use Dispensing Organization Licenses, or any combination thereof, the licensees and the Qualifying Social Equity Justice Involved Applicant listing that principal officer must choose which license to abandon pursuant to subsection (d) of Section 15-36 [410 ILCS 705/15-36] and notify the Department in writing within 5 business days on forms prescribed by the Department. If the Dispensary Applicant or licensees do not notify the Department as required, the Department shall refuse to issue the Qualifying Social Equity Justice Involved Applicant all available licenses established under this Section obtained by lot in all BLS Regions.

(9) All available licenses that have been abandoned under paragraph (7) or (8) shall be distributed to the next Qualifying Social Equity Justice Involved Applicant drawn by lot.

Any and all rights conferred or obtained under this subsection shall be limited to the provisions of this subsection.

(c) An applicant who receives a Conditional Adult Use Dispensing Organization License under this Section has 180 days from the date of the award to identify a physical location for the dispensing organization's retail storefront. The applicant shall provide evidence that the location is not within 1,500 feet of an existing dispensing organization, unless the applicant is a Social Equity Applicant or Social Equity Justice Involved Applicant located or seeking to locate within 1,500 feet of a dispensing organization licensed under Section 15-15 or Section 15-20. If an applicant is unable to find a suitable physical address in the opinion of the Department within 180 days from the issuance of the Conditional Adult Use Dispensing Organization License, the Department may extend the period for finding a physical address another 180 days if the Conditional Adult Use Dispensing Organization License holder demonstrates a concrete attempt to secure a location and a hardship. If the Department denies the extension or the Conditional Adult Use Dispensing Organization License holder is unable to find a location or become operational within 360 days of being awarded a Conditional Adult Use Dispensing Organization License under this Section, the Department shall rescind the Conditional Adult Use Dispensing Organization License and award it pursuant to subsection (b) and notify the new awardee at the email address provided in the awardee's application, provided the applicant receiving the Conditional Adult Use Dispensing Organization License: (i) confirms a continued interest in operating a dispensing organization; (ii) can provide evidence that the applicant continues to meet all requirements for holding a Conditional Adult Use Dispensing Organization License set forth in this Act; and (iii) has not otherwise become ineligible to be awarded a Conditional Adult Use Dispensing Organization License. If the new awardee is unable to accept the Conditional Adult Use Dispensing Organization License, the Department shall award the Conditional Adult Use Dispensing Organization License pursuant to subsection (b). The new awardee shall be subject to the same required deadlines as provided in this subsection.

(d) If, within 180 days of being awarded a Conditional Adult Use Dispensing Organization License, a dispensing organization is unable to find a location within the BLS Region in which it was awarded a Conditional Adult Use Dispensing Organization License under this Section because no jurisdiction within the BLS Region allows for the operation of an Adult Use Dispensing Organization, the Department may authorize the Conditional Adult Use Dispensing Organization License holder to transfer its Conditional Adult Use Dispensing Organization License to a BLS Region specified by the Department.

(e) A dispensing organization that is awarded a Conditional Adult Use Dispensing Organization License under this Section shall not purchase, possess, sell, or dispense cannabis or cannabis-infused products until the dispensing organization has received an Adult Use Dispensing Organization License issued by the Department pursuant to Section 15-36.

(f) The Department shall conduct a background check of the prospective dispensing organization agents in order to carry out this Article. The Illinois State Police shall charge the applicant a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. Each person applying as a dispensing organization agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed with the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall furnish, following positive identification, all Illinois conviction information to the Department.

(g) The Department may verify information contained in each application and accompanying documentation to assess the applicant's veracity and fitness to operate a dispensing organization.

(h) The Department may, in its discretion, refuse to issue an authorization to an applicant who meets any of the following criteria:

(1) An applicant who is unqualified to perform the duties required of the applicant.

(2) An applicant who fails to disclose or states falsely any information called for in the application.

(3) An applicant who has been found guilty of a violation of this Act, who has had any disciplinary order entered against the applicant by the Department, who has entered into a disciplinary or non-disciplinary agreement with the Department, whose medical cannabis dispensing organization, medical cannabis cultivation organization, Early Approval Adult Use Dispensing Organization License, Early Approval Adult Use Dispensing Organization License at a secondary site, Early Approval Cultivation Center License, Conditional Adult Use Dispensing Organization License, or Adult Use Dispensing Organization License was suspended, restricted, revoked, or denied for just cause, or whose cannabis business establishment license was suspended, restricted, revoked, or denied in any other state.

(4) An applicant who has engaged in a pattern or practice of unfair or illegal practices, methods, or activities in the conduct of owning a cannabis business establishment or other business.

(i) The Department shall deny the license if any principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee is delinquent in filing any required tax return or paying any amount owed to the State of Illinois.

(j) The Department shall verify an applicant's compliance with the requirements of this Article and rules adopted under this Article before issuing a Conditional Adult Use Dispensing Organization License.

(k) If an applicant is awarded a Conditional Adult Use Dispensing Organization License under this Section, the information and plans provided in the application, including any plans submitted for bonus points, shall become a condition of the Conditional Adult Use Dispensing Organization License and any Adult Use Dispensing Organization License issued to the holder of the Conditional Adult Use Dispensing Organization License, except as otherwise provided by this Act or by rule. Dispensing organizations have a duty to disclose any material changes to the application. The Department shall review all material changes disclosed by the dispensing organization and may reevaluate its prior decision regarding the awarding of a Conditional Adult Use Dispensing Organization License, including, but not limited to, suspending or permanently revoking a Conditional Adult Use Dispensing Organization License. Failure to comply with the conditions or requirements in the application may subject the dispensing organization to discipline up to and including suspension or permanent revocation of its authorization or Conditional Adult Use Dispensing Organization License by the Department.

(*l*) If an applicant has not begun operating as a dispensing organization within one year after the issuance of the Conditional Adult Use Dispensing Organization License under this Section, the Department may permanently revoke the Conditional Adult Use Dispensing Organization License and award it to the next highest scoring applicant in the BLS Region if a suitable applicant indicates a continued interest in the Conditional Adult Use Dispensing Organization License or may begin a new selection process to award a Conditional Adult Use Dispensing Organization License.

HISTORY:

2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-35.20 Conditional Adult Use Dispensing Organization Licenses on or after January 1, 2022.

(a) In addition to any of the licenses issued under Section 15-15 [410 ILCS 705/15-15], Section 15-20 [410 ILCS 705/15-20], Section 15-25 [410 ILCS 705/15-25], Section 15-35 [410 ILCS 705/15-35], or Section 15-35.10 [410 ILCS 705/15-35.10], by January 1, 2022, the Department may publish an application to issue additional Conditional Adult Use Dispensing Organization Licenses, pursuant to the application process adopted under this Section. The Department may adopt rules to issue any Conditional Adult Use Dispensing Organization Licenses under this Section. Such rules may:

(1) Modify or change the BLS Regions as they apply to this Article or modify or raise the number of Adult Conditional Use Dispensing Organization Licenses assigned to each BLS Region based on the following factors:

(A) Purchaser wait times.

(B) Travel time to the nearest dispensary for potential purchasers.

(C) Percentage of cannabis sales occurring in Illinois not in the regulated market using data from the Substance Abuse and Mental Health Services Administration, National Survey on Drug Use and Health, Illinois Behavioral Risk Factor Surveillance System, and tourism data from the Illinois Office of Tourism to ascertain total cannabis consumption in Illinois compared to the amount of sales in licensed dispensing organizations.

(D) Whether there is an adequate supply of cannabis and cannabis-infused products to serve registered medical cannabis patients.

(E) Population increases or shifts.

(F) Density of dispensing organizations in a region.

(G) The Department's capacity to appropriately regulate additional licenses.

(H) The findings and recommendations from the disparity and availability study commissioned by the Illinois Cannabis Regulation Oversight Officer in subsection (e) of Section 5-45 [410

ILCS 705/15-45]to reduce or eliminate any identified barriers to entry in the cannabis industry.

(I) Any other criteria the Department deems relevant.

(2) Modify or change the licensing application process to reduce or eliminate the barriers identified in the disparity and availability study commissioned by the Illinois Cannabis Regulation Oversight Officer and make modifications to remedy evidence of discrimination.

(b) At no time shall the Department issue more than 500 Adult Use Dispensing Organization Licenses.

(c) The Department shall issue at least 50 additional Conditional Adult Use Dispensing Organization Licenses on or before December 21, 2022.

HISTORY:
2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-36 Adult Use Dispensing Organization License.

(a) A person is only eligible to receive an Adult Use Dispensing Organization if the person has been awarded a Conditional Adult Use Dispensing Organization License pursuant to this Act or has renewed its license pursuant to subsection (k) of Section 15-15 [410 ILCS 705/15-15] or subsection (p) of Section 15-20 [410 ILCS 705/15-20].

(b) The Department shall not issue an Adult Use Dispensing Organization License until:

(1) the Department has inspected the dispensary site and proposed operations and verified that they are in compliance with this Act and local zoning laws;

(2) the Conditional Adult Use Dispensing Organization License holder has paid a license fee of $60,000 or a prorated amount accounting for the difference of time between when the Adult Use Dispensing Organization License is issued and March 31 of the next even-numbered year; and

(3) the Conditional Adult Use Dispensing Organization License holder has met all the requirements in this Act and rules.

(c) No person or entity shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, of more than 10 dispensing organizations licensed under this Article. Further, no person or entity that is:

(1) employed by, is an agent of, or participates in the management of a dispensing organization or registered medical cannabis dispensing organization;

(2) a principal officer of a dispensing organization or registered medical cannabis dispensing organization; or

(3) an entity controlled by or affiliated with a principal officer of a dispensing organization or registered medical cannabis dispensing organization;

shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, in a dispensing organization that would result in such person or entity owning or participating in the management of more than 10 Early Approval Adult Use Dispensing Organization Licenses, Early Approval Adult Use Dispensing Organization Licenses at a secondary site, Conditional Adult Use Dispensing Organization Licenses, or Adult Use Dispensing Organization Licenses. For the purpose of this subsection, participating in management may include, without limitation, controlling decisions regarding staffing, pricing, purchasing, marketing, store design, hiring, and website design.

(d) The Department shall deny an application if granting that application would result in a person or entity obtaining direct or indirect financial interest in more than 10 Early Approval Adult Use Dispensing Organization Licenses, Conditional Adult Use Dispensing Organization Licenses, Adult Use Dispensing Organization Licenses, or any combination thereof. If a person or entity is awarded a Conditional Adult Use Dispensing Organization License that would cause the person or entity to be in violation of this subsection, he, she, or it shall choose which license application it wants to abandon and such licenses shall become available to the next qualified applicant in the region in which the abandoned license was awarded.

HISTORY:
2019 P.A. 101-27, § 15-36, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-40 Dispensing organization agent identification card; agent training.

(a) The Department shall:

(1) verify the information contained in an application or renewal for a dispensing organization agent identification card submitted under this Article, and approve or deny an application or renewal, within 30 days of receiving a completed application or renewal application and all supporting documentation required by rule;

(2) issue a dispensing organization agent identification card to a qualifying agent within 15 business days of approving the application or renewal;

(3) enter the registry identification number of the dispensing organization where the agent works;

(4) within one year from the effective date of this Act, allow for an electronic application process and provide a confirmation by electronic or other methods that an application has been submitted; and

(5) collect a $100 nonrefundable fee from the applicant to be deposited into the Cannabis Regulation Fund.

(b) A dispensing organization agent must keep his or her identification card visible at all times when in the dispensary.

(c) The dispensing organization agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the dispensing organization agent identification cards;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the cardholder; and

(4) a photograph of the cardholder.

(d) The dispensing organization agent identification cards shall be immediately returned to the dispensing organization upon termination of employment.

(e) The Department shall not issue an agent identification card if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

(f) Any card lost by a dispensing organization agent shall be reported to the Illinois State Police and the Department immediately upon discovery of the loss.

(g) An applicant shall be denied a dispensing organization agent identification card renewal if he or she fails to complete the training provided for in this Section.

(h) A dispensing organization agent shall only be required to hold one card for the same employer regardless of what type of dispensing organization license the employer holds.

(i) Cannabis retail sales training requirements.

(1) Within 90 days of September 1, 2019, or 90 days of employment, whichever is later, all owners, managers, employees, and agents involved in the handling or sale of cannabis or cannabis-infused product employed by an adult use dispensing organization or medical cannabis dispensing organization as defined in Section 10 of the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/10] shall attend and successfully complete a Responsible Vendor Program.

(2) Each owner, manager, employee, and agent of an adult use dispensing organization or medical cannabis dispensing organization shall successfully complete the program annually.

(3) Responsible Vendor Program Training modules shall include at least 2 hours of instruction time approved by the Department including:

(i) Health and safety concerns of cannabis use, including the responsible use of cannabis, its physical effects, onset of physiological effects, recognizing signs of impairment, and appropriate responses in the event of overconsumption.

(ii) Training on laws and regulations on driving while under the influence and operating a watercraft or snowmobile while under the influence.

(iii) Sales to minors prohibition. Training shall cover all relevant Illinois laws and rules.

(iv) Quantity limitations on sales to purchasers. Training shall cover all relevant Illinois laws and rules.

(v) Acceptable forms of identification. Training shall include:

(I) How to check identification; and

(II) Common mistakes made in verification;

(vi) Safe storage of cannabis;

(vii) Compliance with all inventory tracking system regulations;

(viii) Waste handling, management, and disposal;

(ix) Health and safety standards;

(x) Maintenance of records;

(xi) Security and surveillance requirements;

(xii) Permitting inspections by State and local licensing and enforcement authorities;

(xiii) Privacy issues;

(xiv) Packaging and labeling requirement for sales to purchasers; and

(xv) Other areas as determined by rule.

(j) Blank.

(k) Upon the successful completion of the Responsible Vendor Program, the provider shall deliver proof of completion either through mail or electronic communication to the dispensing organization, which shall retain a copy of the certificate.

(*l*) The license of a dispensing organization or medical cannabis dispensing organization whose owners, managers, employees, or agents fail to comply with this Section may be suspended or permanently revoked under Section 15-145 [410 ILCS 705/15-145] or may face other disciplinary action.

(m) The regulation of dispensing organization and medical cannabis dispensing employer and employee training is an exclusive function of the State, and regulation by a unit of local government, including a home rule unit, is prohibited. This subsection (m) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(n) Persons seeking Department approval to offer the training required by paragraph (3) of subsection (i) may apply for such approval between August 1 and August 15 of each odd-numbered year in a manner prescribed by the Department.

(o) Persons seeking Department approval to offer the training required by paragraph (3) of subsection (i) shall submit a nonrefundable application fee of $2,000 to be deposited into the Cannabis Regulation Fund or a fee as may be set by rule. Any changes made to the training module shall be approved by the Department.

(p) The Department shall not unreasonably deny approval of a training module that meets all the requirements of paragraph (3) of subsection (i). A denial of approval shall include a detailed description of the reasons for the denial.

(q) Any person approved to provide the training required by paragraph (3) of subsection (i) shall submit an application for re-approval between August 1 and August 15 of each odd-numbered year and include a nonrefundable application fee of $2,000 to be deposited into the Cannabis Regulation Fund or a fee as may be set by rule.

(r) All persons applying to become or renewing their registrations to be agents, including agents-in-charge and principal officers, shall disclose any disciplinary action taken against them that may have occurred in Illinois, another state, or another country in relation to their employment at a cannabis business establishment or at any cannabis cultivation center, processor, infuser, dispensary, or other cannabis business establishment.

(s) An agent applicant may begin employment at a dispensing organization while the agent applicant's identification card application is pending. Upon approval, the Department shall issue the agent's identification card to the agent. If denied, the dispensing organization and the agent applicant shall be notified and the agent applicant must cease all activity at the dispensing organization immediately.

HISTORY:

2019 P.A. 101-27, § 15-40, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/15-45 Renewal.

(a) Adult Use Dispensing Organization Licenses shall expire on March 31 of even-numbered years.

(b) Agent identification cards shall expire one year from the date they are issued.

(c) Licensees and dispensing agents shall submit a renewal application as provided by the Department and pay the required renewal fee. The Department shall require an agent, employee, contracting, and subcontracting diversity report and an environmental impact report with its renewal application. No license or agent identification card shall be renewed if it is currently under revocation or suspension for violation of this Article or any rules that may be adopted under this Article or the licensee, principal officer, board member, person having a financial or voting interest of 5% or greater in the licensee, or agent is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

(d) Renewal fees are:

(1) For a dispensing organization, $60,000, to be deposited into the Cannabis Regulation Fund.

(2) For an agent identification card, $100, to be deposited into the Cannabis Regulation Fund.

(e) If a dispensing organization fails to renew its license before expiration, the dispensing organization shall cease operations until the license is renewed.

(f) If a dispensing organization agent fails to renew his or her registration before its expiration, he or she shall cease to perform duties authorized by this Article at a dispensing organization until his or her registration is renewed.

(g) Any dispensing organization that continues to operate or dispensing agent that continues to perform duties authorized by this Article at a dispensing organization that fails to renew its license is subject to penalty as provided in this Article, or any rules that may be adopted pursuant to this Article.

(h) The Department shall not renew a license if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois. The Department shall not renew a dispensing agent identification card if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:

2019 P.A. 101-27, § 15-45, effective June 25, 2019.

410 ILCS 705/15-50 Disclosure of ownership and control.

(a) Each dispensing organization applicant and licensee shall file and maintain a Table of Organization, Ownership and Control with the Department. The Table of Organization, Ownership and Control shall contain the information required by this Section in sufficient detail to identify all owners, directors, and principal officers, and the title of each principal officer or business entity that, through direct or indirect means, manages, owns, or controls the applicant or licensee.

(b) The Table of Organization, Ownership and Control shall identify the following information:

(1) The management structure, ownership, and control of the applicant or license holder including the name of each principal officer or business entity, the office or position held, and the percentage ownership interest, if any. If the business entity has a parent company, the name of each owner, board member, and officer of the parent company and his or her percentage ownership interest in the parent company and the dispensing organization.

(2) If the applicant or licensee is a business entity with publicly traded stock, the identification of ownership shall be provided as required in subsection (c).

(c) If a business entity identified in subsection (b) is a publicly traded company, the following information shall be provided in the Table of Organization, Ownership and Control:

(1) The name and percentage of ownership interest of each individual or business entity with ownership of more than 5% of the voting shares of the entity, to the extent such information is known or contained in 13D or 13G Securities and Exchange Commission filings.

(2) To the extent known, the names and percentage of interest of ownership of persons who are relatives of one another and who together exercise control over or own more than 10% of the voting shares of the entity.

(d) A dispensing organization with a parent company or companies, or partially owned or controlled by another entity must disclose to the Department the relationship and all owners, board members, officers, or individuals with control or management of

those entities. A dispensing organization shall not shield its ownership or control from the Department.

(e) All principal officers must submit a complete online application with the Department within 14 days of the dispensing organization being licensed by the Department or within 14 days of Department notice of approval as a new principal officer.

(f) A principal officer may not allow his or her registration to expire.

(g) A dispensing organization separating with a principal officer must do so under this Act. The principal officer must communicate the separation to the Department within 5 business days.

(h) A principal officer not in compliance with the requirements of this Act shall be removed from his or her position with the dispensing organization or shall otherwise terminate his or her affiliation. Failure to do so may subject the dispensing organization to discipline, suspension, or revocation of its license by the Department.

(i) It is the responsibility of the dispensing organization and its principal officers to promptly notify the Department of any change of the principal place of business address, hours of operation, change in ownership or control, or a change of the dispensing organization's primary or secondary contact information. Any changes must be made to the Department in writing.

HISTORY:
2019 P.A. 101-27, § 15-50, effective June 25, 2019.

410 ILCS 705/15-55 Financial responsibility.

Evidence of financial responsibility is a requirement for the issuance, maintenance, or reactivation of a license under this Article. Evidence of financial responsibility shall be used to guarantee that the dispensing organization timely and successfully completes dispensary construction, operates in a manner that provides an uninterrupted supply of cannabis, faithfully pays registration renewal fees, keeps accurate books and records, makes regularly required reports, complies with State tax requirements, and conducts the dispensing organization in conformity with this Act and rules. Evidence of financial responsibility shall be provided by one of the following:

(1) Establishing and maintaining an escrow or surety account in a financial institution in the amount of $50,000, with escrow terms, approved by the Department, that it shall be payable to the Department in the event of circumstances outlined in this Act and rules.

(A) A financial institution may not return money in an escrow or surety account to the dispensing organization that established the account or a representative of the organization unless the organization or representative presents a statement issued by the Department indicating that the account may be released.

(B) The escrow or surety account shall not be canceled on less than 30 days' notice in writing to the Department, unless otherwise approved by the Department. If an escrow or surety account is canceled and the registrant fails to secure a new account with the required amount on or before the effective date of cancellation, the registrant's registration may be permanently revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the escrow or surety account.

(2) Providing a surety bond in the amount of $50,000, naming the dispensing organization as principal of the bond, with terms, approved by the Department, that the bond defaults to the Department in the event of circumstances outlined in this Act and rules. Bond terms shall include:

(A) The business name and registration number on the bond must correspond exactly with the business name and registration number in the Department's records.

(B) The bond must be written on a form approved by the Department.

(C) A copy of the bond must be received by the Department within 90 days after the effective date.

(D) The bond shall not be canceled by a surety on less than 30 days' notice in writing to the Department. If a bond is canceled and the registrant fails to file a new bond with the Department in the required amount on or before the effective date of cancellation, the registrant's registration may be permanently revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond.

HISTORY:
2019 P.A. 101-27, § 15-55, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-60 Changes to a dispensing organization.

(a) A license shall be issued to the specific dispensing organization identified on the application and for the specific location proposed. The license is valid only as designated on the license and for the location for which it is issued.

(b) A dispensing organization may only add principal officers after being approved by the Department.

(c) A dispensing organization shall provide written notice of the removal of a principal officer within 5 business days after removal. The notice shall include the written agreement of the principal officer being removed, unless otherwise approved by the Department, and allocation of ownership shares after removal in an updated ownership chart.

(d) A dispensing organization shall provide a written request to the Department for the addition of principal officers. A dispensing organization shall submit proposed principal officer applications on forms approved by the Department.

(e) All proposed new principal officers shall be subject to the requirements of this Act, this Article, and any rules that may be adopted pursuant to this Act.

(f) The Department may prohibit the addition of a principal officer to a dispensing organization for failure to comply with this Act, this Article, and any rules that may be adopted pursuant to this Act.

(g) A dispensing organization may not assign a license.

(h) A dispensing organization may not transfer a license without prior Department approval. Such approval may be withheld if the person to whom the license is being transferred does not commit to the same or a similar community engagement plan provided as part of the dispensing organization's application under paragraph (18) of subsection (d) of Section 15-25 [410 ILCS 705/15-25], and such transferee's license shall be conditional upon that commitment.

(i) With the addition or removal of principal officers, the Department will review the ownership structure to determine whether the change in ownership has had the effect of a transfer of the license. The dispensing organization shall supply all ownership documents requested by the Department.

(j) A dispensing organization may apply to the Department to approve a sale of the dispensing organization. A request to sell the dispensing organization must be on application forms provided by the Department. A request for an approval to sell a dispensing organization must comply with the following:

(1) New application materials shall comply with this Act and any rules that may be adopted pursuant to this Act;

(2) Application materials shall include a change of ownership fee of $5,000 to be deposited into the Cannabis Regulation Fund;

(3) The application materials shall provide proof that the transfer of ownership will not have the effect of granting any of the owners or principal officers direct or indirect ownership or control of more than 10 adult use dispensing organization licenses;

(4) New principal officers shall each complete the proposed new principal officer application;

(5) If the Department approves the application materials and proposed new principal officer applications, it will perform an inspection before approving the sale and issuing the dispensing organization license;

(6) If a new license is approved, the Department will issue a new license number and certificate to the new dispensing organization.

(k) The dispensing organization shall provide the Department with the personal information for all new dispensing organizations agents as required in this Article and all new dispensing organization agents shall be subject to the requirements of this Article. A dispensing organization agent must obtain an agent identification card from the Department before beginning work at a dispensary.

(*l*) Before remodeling, expansion, reduction, or other physical, noncosmetic alteration of a dispensary, the dispensing organization must notify the Department and confirm the alterations are in compliance with this Act and any rules that may be adopted pursuant to this Act.

HISTORY:

2019 P.A. 101-27, § 15-60, effective June 25, 2019.

410 ILCS 705/15-65 Administration.

(a) A dispensing organization shall establish, maintain, and comply with written policies and procedures as submitted in the Business, Financial and Operating plan as required in this Article or by rules established by the Department, and approved by the Department, for the security, storage, inventory, and distribution of cannabis. These policies and procedures shall include methods for identifying, recording, and reporting diversion, theft, or loss, and for correcting errors and inaccuracies in inventories. At a minimum, dispensing organizations shall ensure the written policies and procedures provide for the following:

(1) Mandatory and voluntary recalls of cannabis products. The policies shall be adequate to deal with recalls due to any action initiated at the request of the Department and any voluntary action by the dispensing organization to remove defective or potentially defective cannabis from the market or any action undertaken to promote public health and safety, including:

(i) A mechanism reasonably calculated to contact purchasers who have, or likely have, obtained the product from the dispensary, including information on the policy for return of the recalled product;

(ii) A mechanism to identify and contact the adult use cultivation center, craft grower, or infuser that manufactured the cannabis;

(iii) Policies for communicating with the Department, the Department of Agriculture, and the Department of Public Health within 24 hours of discovering defective or potentially defective cannabis; and

(iv) Policies for destruction of any recalled cannabis product;

(2) Responses to local, State, or national emergencies, including natural disasters, that affect the security or operation of a dispensary;

(3) Segregation and destruction of outdated, damaged, deteriorated, misbranded, or adulterated cannabis. This procedure shall provide for written documentation of the cannabis disposition;

(4) Ensure the oldest stock of a cannabis product is distributed first. The procedure may permit deviation from this requirement, if such deviation is temporary and appropriate;

(5) Training of dispensing organization agents in the provisions of this Act and rules, to effectively operate the point-of-sale system and the State's verification system, proper inventory handling and tracking, specific uses of cannabis or cannabis-infused products, instruction regarding regulatory inspection preparedness and law enforcement interaction, awareness of the legal requirements for maintaining status as an agent, and other topics as specified by the dispensing organization or the Department. The dispensing organization shall maintain evidence of all training provided to each agent in its files that is subject to inspection and audit by the Department. The dispensing organization shall ensure agents receive a minimum of 8 hours of training subject to the requirements in subsection (i) of Section 15-40 [410 ILCS 705/15-40] annually, unless otherwise approved by the Department;

(6) Maintenance of business records consistent with industry standards, including bylaws, consents, manual or computerized records of assets and liabilities, audits, monetary transactions, journals, ledgers, and supporting documents, including agreements, checks, invoices, receipts, and vouchers. Records shall be maintained in a manner consistent with this Act and shall be retained for 5 years;

(7) Inventory control, including:

(i) Tracking purchases and denials of sale;

(ii) Disposal of unusable or damaged cannabis as required by this Act and rules; and

(8) Purchaser education and support, including:

(i) Whether possession of cannabis is illegal under federal law;

(ii) Current educational information issued by the Department of Public Health about the health risks associated with the use or abuse of cannabis;

(iii) Information about possible side effects;

(iv) Prohibition on smoking cannabis in public places; and

(v) Offering any other appropriate purchaser education or support materials.

(b) Blank.

(c) A dispensing organization shall maintain copies of the policies and procedures on the dispensary premises and provide copies to the Department upon request. The dispensing organization shall review the dispensing organization policies and procedures at least once every 12 months from the issue date of the license and update as needed due to changes in industry standards or as requested by the Department.

(d) A dispensing organization shall ensure that each principal officer and each dispensing organization agent has a current agent identification card in the agent's immediate possession when the agent is at the dispensary.

(e) A dispensing organization shall provide prompt written notice to the Department, including the date of the event, when a dispensing organization agent no longer is employed by the dispensing organization.

(f) A dispensing organization shall promptly document and report any loss or theft of cannabis from the dispensary to the Illinois State Police and the Department. It is the duty of any dispensing organization agent who becomes aware of the loss or theft to report it as provided in this Article.

(g) A dispensing organization shall post the following information in a conspicuous location in an area of the dispensary accessible to consumers:

(1) The dispensing organization's license;

(2) The hours of operation.

(h) Signage that shall be posted inside the premises.

(1) All dispensing organizations must display a placard that states the following: "Cannabis consumption can impair cognition and driving, is for adult use only, may be habit forming, and should not be used by pregnant or breastfeeding women.".

(2) Any dispensing organization that sells edible cannabis-infused products must display a placard that states the following:

(A) "Edible cannabis-infused products were produced in a kitchen that may also process common food allergens."; and

(B) "The effects of cannabis products can vary from person to person, and it can take as long as two hours to feel the effects of some cannabis-infused products. Carefully review the portion size information and warnings contained on the product packaging before consuming.".

(3) All of the required signage in this subsection (h) shall be no smaller than 24 inches tall by 36 inches wide, with typed letters no smaller than 2 inches. The signage shall be clearly visible and readable by customers. The signage shall be placed in the area where cannabis and cannabis-infused products are sold and may be translated into additional languages as needed. The Department may require a dispensary to display the required signage in a different language, other than English, if the Secretary deems it necessary.

(i) A dispensing organization shall prominently post notices inside the dispensing organization that state activities that are strictly prohibited and punishable by law, including, but not limited to:

(1) no minors permitted on the premises unless the minor is a minor qualifying patient under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.];

(2) distribution to persons under the age of 21 is prohibited;

(3) transportation of cannabis or cannabis products across state lines is prohibited.

HISTORY:

2019 P.A. 101-27, § 15-65, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/15-70 Operational requirements; prohibitions.

(a) A dispensing organization shall operate in accordance with the representations made in its application and license materials. It shall be in compliance with this Act and rules.

(b) A dispensing organization must include the legal name of the dispensary on the packaging of any cannabis product it sells.

(c) All cannabis, cannabis-infused products, and cannabis seeds must be obtained from an Illinois registered adult use cultivation center, craft grower, infuser, or another dispensary.

(d) Dispensing organizations are prohibited from selling any product containing alcohol except tinctures, which must be limited to containers that are no larger than 100 milliliters.

(e) A dispensing organization shall inspect and count product received from a transporting organization, adult use cultivation center, craft grower, infuser organization, or other dispensing organization before dispensing it.

(f) A dispensing organization may only accept cannabis deliveries into a restricted access area. Deliveries may not be accepted through the public or limited access areas unless otherwise approved by the Department.

(g) A dispensing organization shall maintain compliance with State and local building, fire, and zoning requirements or regulations.

(h) A dispensing organization shall submit a list to the Department of the names of all service professionals that will work at the dispensary. The list shall include a description of the type of business or service provided. Changes to the service professional list shall be promptly provided. No service professional shall work in the dispensary until the name is provided to the Department on the service professional list.

(i) A dispensing organization's license allows for a dispensary to be operated only at a single location.

(j) A dispensary may operate between 6 a.m. and 10 p.m. local time.

(k) A dispensing organization must keep all lighting outside and inside the dispensary in good working order and wattage sufficient for security cameras.

(*l*) A dispensing organization must keep all air treatment systems that will be installed to reduce odors in good working order.

(m) A dispensing organization must contract with a private security contractor that is licensed under Section 10-5 of the Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 [225 ILCS 447/10-5] to provide on-site security at all hours of the dispensary's operation.

(n) A dispensing organization shall ensure that any building or equipment used by a dispensing organization for the storage or sale of cannabis is maintained in a clean and sanitary condition.

(o) The dispensary shall be free from infestation by insects, rodents, or pests.

(p) A dispensing organization shall not:

(1) Produce or manufacture cannabis;

(2) Accept a cannabis product from an adult use cultivation center, craft grower, infuser, dispensing organization, or transporting organization unless it is pre-packaged and labeled in accordance with this Act and any rules that may be adopted pursuant to this Act;

(3) Obtain cannabis or cannabis-infused products from outside the State of Illinois;

(4) Sell cannabis or cannabis-infused products to a purchaser unless the dispensing organization is licensed under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], and the individual is registered under the Compassionate Use of Medical Cannabis Program or the purchaser has been verified to be 21 years of age or older;

(5) Enter into an exclusive agreement with any adult use cultivation center, craft grower, or infuser. Dispensaries shall provide consumers an assortment of products from various cannabis business establishment licensees such that the inventory available for sale at any dispensary from any single cultivation center, craft grower, processor, transporter, or infuser entity shall not be more than 40% of the total inventory available for sale. For the purpose of this subsection, a cultivation center, craft grower, processor, or infuser shall be considered part of the same entity if the licensees share at least one principal officer. The Department may request that a dispensary diversify its products as needed or otherwise discipline a dispensing organization for violating this requirement;

(6) Refuse to conduct business with an adult use cultivation center, craft grower, transporting organization, or infuser that has the ability to properly deliver the product and is permitted by the Department of Agriculture, on the same terms as other adult use cultivation centers, craft growers, infusers, or transporters with whom it is dealing;

(7) Operate drive-through windows;

(8) Allow for the dispensing of cannabis or cannabis-infused products in vending machines;

(9) Transport cannabis to residences or other locations where purchasers may be for delivery;

(10) Enter into agreements to allow persons who are not dispensing organization agents to deliver cannabis or to transport cannabis to purchasers;

(11) Operate a dispensary if its video surveillance equipment is inoperative;

(12) Operate a dispensary if the point-of-sale equipment is inoperative;

(13) Operate a dispensary if the State's cannabis electronic verification system is inoperative;

(14) Have fewer than 2 people working at the dispensary at any time while the dispensary is open;

(15) Be located within 1,500 feet of the property line of a pre-existing dispensing organization, un-

less the applicant is a Social Equity Applicant or Social Equity Justice Involved Applicant located or seeking to locate within 1,500 feet of a dispensing organization licensed under Section 15-15 or Section 15-20 [410 ILCS 705/15-15 or 410 ILCS 705/15-20];

(16) Sell clones or any other live plant material;

(17) Sell cannabis, cannabis concentrate, or cannabis-infused products in combination or bundled with each other or any other items for one price, and each item of cannabis, concentrate, or cannabis-infused product must be separately identified by quantity and price on the receipt;

(18) Violate any other requirements or prohibitions set by Department rules.

(q) It is unlawful for any person having an Early Approval Adult Use Cannabis Dispensing Organization License, a Conditional Adult Use Cannabis Dispensing Organization, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act or any officer, associate, member, representative, or agent of such licensee to accept, receive, or borrow money or anything else of value or accept or receive credit (other than merchandising credit in the ordinary course of business for a period not to exceed 30 days) directly or indirectly from any adult use cultivation center, craft grower, infuser, or transporting organization in exchange for preferential placement on the dispensing organization's shelves, display cases, or website. This includes anything received or borrowed or from any stockholders, officers, agents, or persons connected with an adult use cultivation center, craft grower, infuser, or transporting organization.

(r) It is unlawful for any person having an Early Approval Adult Use Cannabis Dispensing Organization License, a Conditional Adult Use Cannabis Dispensing Organization, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program to enter into any contract with any person licensed to cultivate, process, or transport cannabis whereby such dispensing organization agrees not to sell any cannabis cultivated, processed, transported, manufactured, or distributed by any other cultivator, transporter, or infuser, and any provision in any contract violative of this Section shall render the whole of such contract void and no action shall be brought thereon in any court.

HISTORY:

2019 P.A. 101-27, § 15-70, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-75 Inventory control system.

(a) A dispensing organization agent-in-charge shall have primary oversight of the dispensing organization's cannabis inventory verification system, and its point-of-sale system. The inventory point-of-sale system shall be real-time, web-based, and accessible by the Department at any time. The point-of-sale system shall track, at a minimum the date of sale, amount, price, and currency.

(b) A dispensing organization shall establish an account with the State's verification system that documents:

(1) Each sales transaction at the time of sale and each day's beginning inventory, acquisitions, sales, disposal, and ending inventory.

(2) Acquisition of cannabis and cannabis-infused products from a licensed adult use cultivation center, craft grower, infuser, or transporter, including:

(i) A description of the products, including the quantity, strain, variety, and batch number of each product received;

(ii) The name and registry identification number of the licensed adult use cultivation center, craft grower, or infuser providing the cannabis and cannabis-infused products;

(iii) The name and registry identification number of the licensed adult use cultivation center, craft grower, infuser, or transporting agent delivering the cannabis;

(iv) The name and registry identification number of the dispensing organization agent receiving the cannabis; and

(v) The date of acquisition.

(3) The disposal of cannabis, including:

(i) A description of the products, including the quantity, strain, variety, batch number, and reason for the cannabis being disposed;

(ii) The method of disposal; and

(iii) The date and time of disposal.

(c) Upon cannabis delivery, a dispensing organization shall confirm the product's name, strain name, weight, and identification number on the manifest matches the information on the cannabis product label and package. The product name listed and the weight listed in the State's verification system shall match the product packaging.

(d) The agent-in-charge shall conduct daily inventory reconciliation documenting and balancing cannabis inventory by confirming the State's verification system matches the dispensing organization's point-of-sale system and the amount of physical product at the dispensary.

(1) A dispensing organization must receive Department approval before completing an inventory adjustment. It shall provide a detailed reason for the adjustment. Inventory adjustment documentation shall be kept at the dispensary for 2 years from the date performed.

(2) If the dispensing organization identifies an imbalance in the amount of cannabis after the daily inventory reconciliation due to mistake, the dispensing organization shall determine how the imbalance occurred and immediately upon discovery take and document corrective action. If the

dispensing organization cannot identify the reason for the mistake within 2 calendar days after first discovery, it shall inform the Department immediately in writing of the imbalance and the corrective action taken to date. The dispensing organization shall work diligently to determine the reason for the mistake.

(3) If the dispensing organization identifies an imbalance in the amount of cannabis after the daily inventory reconciliation or through other means due to theft, criminal activity, or suspected criminal activity, the dispensing organization shall immediately determine how the reduction occurred and take and document corrective action. Within 24 hours after the first discovery of the reduction due to theft, criminal activity, or suspected criminal activity, the dispensing organization shall inform the Department and the Illinois State Police in writing.

(4) The dispensing organization shall file an annual compilation report with the Department, including a financial statement that shall include, but not be limited to, an income statement, balance sheet, profit and loss statement, statement of cash flow, wholesale cost and sales, and any other documentation requested by the Department in writing. The financial statement shall include any other information the Department deems necessary in order to effectively administer this Act and all rules, orders, and final decisions promulgated under this Act. Statements required by this Section shall be filed with the Department within 60 days after the end of the calendar year. The compilation report shall include a letter authored by a licensed certified public accountant that it has been reviewed and is accurate based on the information provided. The dispensing organization, financial statement, and accompanying documents are not required to be audited unless specifically requested by the Department.

(e) A dispensing organization shall:

(1) Maintain the documentation required in this Section in a secure locked location at the dispensing organization for 5 years from the date on the document;

(2) Provide any documentation required to be maintained in this Section to the Department for review upon request; and

(3) If maintaining a bank account, retain for a period of 5 years a record of each deposit or withdrawal from the account.

(f) If a dispensing organization chooses to have a return policy for cannabis and cannabis products, the dispensing organization shall seek prior approval from the Department.

HISTORY:

2019 P.A. 101-27, § 15-75, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/15-80 Storage requirements.

(a) Authorized on-premises storage. A dispensing organization must store inventory on its premises. All inventory stored on the premises must be secured in a restricted access area and tracked consistently with the inventory tracking rules.

(b) A dispensary shall be of suitable size and construction to facilitate cleaning, maintenance, and proper operations.

(c) A dispensary shall maintain adequate lighting, ventilation, temperature, humidity control, and equipment.

(d) Containers storing cannabis that have been tampered with, damaged, or opened shall be labeled with the date opened and quarantined from other cannabis products in the vault until they are disposed.

(e) Cannabis that was tampered with, expired, or damaged shall not be stored at the premises for more than 7 calendar days.

(f) Cannabis samples shall be in a sealed container. Samples shall be maintained in the restricted access area.

(g) The dispensary storage areas shall be maintained in accordance with the security requirements in this Act and rules.

(h) Cannabis must be stored at appropriate temperatures and under appropriate conditions to help ensure that its packaging, strength, quality, and purity are not adversely affected.

HISTORY:

2019 P.A. 101-27, § 15-80, effective June 25, 2019.

410 ILCS 705/15-85 Dispensing cannabis.

(a) Before a dispensing organization agent dispenses cannabis to a purchaser, the agent shall:

(1) Verify the age of the purchaser by checking a government-issued identification card by use of an electronic reader or electronic scanning device to scan a purchaser's government-issued identification, if applicable, to determine the purchaser's age and the validity of the identification;

(2) Verify the validity of the government-issued identification card by use of an electronic reader or electronic scanning device to scan a purchaser's government-issued identification, if applicable, to determine the purchaser's age and the validity of the identification;

(3) Offer any appropriate purchaser education or support materials;

(4) Enter the following information into the State's cannabis electronic verification system:

(i) The dispensing organization agent's identification number, or if the agent's card application is pending the Department's approval, a temporary and unique identifier until the agent's card application is approved or denied by the Department;

(ii) The dispensing organization's identification number;

(iii) The amount, type (including strain, if applicable) of cannabis or cannabis-infused product dispensed;

(iv) The date and time the cannabis was dispensed.

(b) A dispensing organization shall refuse to sell cannabis or cannabis-infused products to any person unless the person produces a valid identification showing that the person is 21 years of age or older. A medical cannabis dispensing organization may sell cannabis or cannabis-infused products to a person who is under 21 years of age if the sale complies with the provisions of the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] and rules.

(c) For the purposes of this Section, valid identification must:

(1) Be valid and unexpired;

(2) Contain a photograph and the date of birth of the person.

HISTORY:

2019 P.A. 101-27, § 15-85, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/15-90 Destruction and disposal of cannabis.

(a) Cannabis and cannabis-infused products must be destroyed by rendering them unusable using methods approved by the Department that comply with this Act and rules.

(b) Cannabis waste rendered unusable must be promptly disposed according to this Act and rules. Disposal of the cannabis waste rendered unusable may be delivered to a permitted solid waste facility for final disposition. Acceptable permitted solid waste facilities include, but are not limited to:

(1) Compostable mixed waste: Compost, anaerobic digester, or other facility with approval of the jurisdictional health department.

(2) Noncompostable mixed waste: Landfill, incinerator, or other facility with approval of the jurisdictional health department.

(c) All waste and unusable product shall be weighed, recorded, and entered into the inventory system before rendering it unusable. All waste and unusable cannabis concentrates and cannabis-infused products shall be recorded and entered into the inventory system before rendering it unusable. Verification of this event shall be performed by an agent-in-charge and conducted in an area with video surveillance.

(d) Electronic documentation of destruction and disposal shall be maintained for a period of at least 5 years.

HISTORY:

2019 P.A. 101-27, § 15-90, effective June 25, 2019.

410 ILCS 705/15-95 Agent-in-charge.

(a) Every dispensing organization shall designate, at a minimum, one agent-in-charge for each licensed dispensary. The designated agent-in-charge must hold a dispensing organization agent identification card. Maintaining an agent-in-charge is a continuing requirement for the license, except as provided in subsection (f).

(b) The agent-in-charge shall be a principal officer or a full-time agent of the dispensing organization and shall manage the dispensary. Managing the dispensary includes, but is not limited to, responsibility for opening and closing the dispensary, delivery acceptance, oversight of sales and dispensing organization agents, recordkeeping, inventory, dispensing organization agent training, and compliance with this Act and rules. Participation in affairs also includes the responsibility for maintaining all files subject to audit or inspection by the Department at the dispensary.

(c) The agent-in-charge is responsible for promptly notifying the Department of any change of information required to be reported to the Department.

(d) In determining whether an agent-in-charge manages the dispensary, the Department may consider the responsibilities identified in this Section, the number of dispensing organization agents under the supervision of the agent-in-charge, and the employment relationship between the agent-in-charge and the dispensing organization, including the existence of a contract for employment and any other relevant fact or circumstance.

(e) The agent-in-charge is responsible for notifying the Department of a change in the employment status of all dispensing organization agents within 5 business days after the change, including notice to the Department if the termination of an agent was for diversion of product or theft of currency.

(f) In the event of the separation of an agent-in-charge due to death, incapacity, termination, or any other reason and if the dispensary does not have an active agent-in-charge, the dispensing organization shall immediately contact the Department and request a temporary certificate of authority allowing the continuing operation. The request shall include the name of an interim agent-in-charge until a replacement is identified, or shall include the name of the replacement. The Department shall issue the temporary certificate of authority promptly after it approves the request. If a dispensing organization fails to promptly request a temporary certificate of authority after the separation of the agent-in-charge, its registration shall cease until the Department approves the temporary certificate of authority or registers a new agent-in-charge. No temporary certificate of authority shall be valid for more than 90 days. The succeeding agent-in-charge shall register with the Department in compliance with this Article. Once the permanent succeeding agent-in-charge is registered with the Department, the temporary certificate of authority is void. No temporary certificate of authority shall be issued for the separation of an agent-in-charge due to disciplinary action by the Department related to his or her conduct on behalf of the dispensing organization.

(g) The dispensing organization agent-in-charge registration shall expire one year from the date it is issued. The agent-in-charge's registration shall be renewed annually. The Department shall review the dispensing organization's compliance history when determining whether to grant the request to renew.

(h) Upon termination of an agent-in-charge's employment, the dispensing organization shall immediately reclaim the dispensing agent identification card. The dispensing organization shall promptly return the identification card to the Department.

(i) The Department may deny an application or renewal or discipline or revoke an agent-in-charge identification card for any of the following reasons:

(1) Submission of misleading, incorrect, false, or fraudulent information in the application or renewal application;

(2) Violation of the requirements of this Act or rules;

(3) Fraudulent use of the agent-in-charge identification card;

(4) Selling, distributing, transferring in any manner, or giving cannabis to any unauthorized person;

(5) Theft of cannabis, currency, or any other items from a dispensary;

(6) Tampering with, falsifying, altering, modifying, or duplicating an agent-in-charge identification card;

(7) Tampering with, falsifying, altering, or modifying the surveillance video footage, point-of-sale system, or the State's verification system;

(8) Failure to notify the Department immediately upon discovery that the agent-in-charge identification card has been lost, stolen, or destroyed;

(9) Failure to notify the Department within 5 business days after a change in the information provided in the application for an agent-in-charge identification card;

(10) Conviction of a felony offense in accordance with Sections 2105-131, 2105-135, and 2105-205 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois [20 ILCS 2105/2105-131, 20 ILCS 2105/2105-135, and 20 ILCS 2105/2105-205] or any incident listed in this Act or rules following the issuance of an agent-in-charge identification card;

(11) Dispensing to purchasers in amounts above the limits provided in this Act; or

(12) Delinquency in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:

2019 P.A. 101-27, § 15-95, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-100 Security.

(a) A dispensing organization shall implement security measures to deter and prevent entry into and theft of cannabis or currency.

(b) A dispensing organization shall submit any changes to the floor plan or security plan to the Department for pre-approval. All cannabis shall be maintained and stored in a restricted access area during construction.

(c) The dispensing organization shall implement security measures to protect the premises, purchasers, and dispensing organization agents including, but not limited to the following:

(1) Establish a locked door or barrier between the facility's entrance and the limited access area;

(2) Prevent individuals from remaining on the premises if they are not engaging in activity permitted by this Act or rules;

(3) Develop a policy that addresses the maximum capacity and purchaser flow in the waiting rooms and limited access areas;

(4) Dispose of cannabis in accordance with this Act and rules;

(5) During hours of operation, store and dispense all cannabis from the restricted access area. During operational hours, cannabis shall be stored in an enclosed locked room or cabinet and accessible only to specifically authorized dispensing organization agents;

(6) When the dispensary is closed, store all cannabis and currency in a reinforced vault room in the restricted access area and in a manner as to prevent diversion, theft, or loss;

(7) Keep the reinforced vault room and any other equipment or cannabis storage areas securely locked and protected from unauthorized entry;

(8) Keep an electronic daily log of dispensing organization agents with access to the reinforced vault room and knowledge of the access code or combination;

(9) Keep all locks and security equipment in good working order;

(10) Maintain an operational security and alarm system at all times;

(11) Prohibit keys, if applicable, from being left in the locks, or stored or placed in a location accessible to persons other than specifically authorized personnel;

(12) Prohibit accessibility of security measures, including combination numbers, passwords, or electronic or biometric security systems to persons other than specifically authorized dispensing organization agents;

(13) Ensure that the dispensary interior and exterior premises are sufficiently lit to facilitate surveillance;

(14) Ensure that trees, bushes, and other foliage outside of the dispensary premises do not allow for a person or persons to conceal themselves from sight;

(15) Develop emergency policies and procedures for securing all product and currency following any instance of diversion, theft, or loss of cannabis, and conduct an assessment to determine whether additional safeguards are necessary; and

(16) Develop sufficient additional safeguards in response to any special security concerns, or as required by the Department.

(d) The Department may request or approve alternative security provisions that it determines are an adequate substitute for a security requirement specified in this Article. Any additional protections may be considered by the Department in evaluating overall security measures.

(e) A dispensing organization may share premises with a craft grower or an infuser organization, or both, provided each licensee stores currency and cannabis or cannabis-infused products in a separate secured vault to which the other licensee does not have access or all licensees sharing a vault share more than 50% of the same ownership.

(f) A dispensing organization shall provide additional security as needed and in a manner appropriate for the community where it operates.

(g) Restricted access areas.

(1) All restricted access areas must be identified by the posting of a sign that is a minimum of 12 inches by 12 inches and that states "Do Not Enter - Restricted Access Area - Authorized Personnel Only" in lettering no smaller than one inch in height.

(2) All restricted access areas shall be clearly described in the floor plan of the premises, in the form and manner determined by the Department, reflecting walls, partitions, counters, and all areas of entry and exit. The floor plan shall show all storage, disposal, and retail sales areas.

(3) All restricted access areas must be secure, with locking devices that prevent access from the limited access areas.

(h) Security and alarm.

(1) A dispensing organization shall have an adequate security plan and security system to prevent and detect diversion, theft, or loss of cannabis, currency, or unauthorized intrusion using commercial grade equipment installed by an Illinois licensed private alarm contractor or private alarm contractor agency that shall, at a minimum, include:

(i) A perimeter alarm on all entry points and glass break protection on perimeter windows;

(ii) Security shatterproof tinted film on exterior windows;

(iii) A failure notification system that provides an audible, text, or visual notification of any failure in the surveillance system, including, but not limited to, panic buttons, alarms, and video monitoring system. The failure notification system shall provide an alert to designated dispensing organization agents within 5 minutes after the failure, either by telephone or text message;

(iv) A duress alarm, panic button, and alarm, or holdup alarm and after-hours intrusion detection alarm that by design and purpose will directly or indirectly notify, by the most efficient means, the Public Safety Answering Point for the law enforcement agency having primary jurisdiction;

(v) Security equipment to deter and prevent unauthorized entrance into the dispensary, including electronic door locks on the limited and restricted access areas that include devices or a series of devices to detect unauthorized intrusion that may include a signal system interconnected with a radio frequency method, cellular, private radio signals or other mechanical or electronic device.

(2) All security system equipment and recordings shall be maintained in good working order, in a secure location so as to prevent theft, loss, destruction, or alterations.

(3) Access to surveillance monitoring recording equipment shall be limited to persons who are essential to surveillance operations, law enforcement authorities acting within their jurisdiction, security system service personnel, and the Department. A current list of authorized dispensing organization agents and service personnel that have access to the surveillance equipment must be available to the Department upon request.

(4) All security equipment shall be inspected and tested at regular intervals, not to exceed one month from the previous inspection, and tested to ensure the systems remain functional.

(5) The security system shall provide protection against theft and diversion that is facilitated or hidden by tampering with computers or electronic records.

(6) The dispensary shall ensure all access doors are not solely controlled by an electronic access panel to ensure that locks are not released during a power outage.

(i) To monitor the dispensary, the dispensing organization shall incorporate continuous electronic video monitoring including the following:

(1) All monitors must be 19 inches or greater;

(2) Unobstructed video surveillance of all enclosed dispensary areas, unless prohibited by law, including all points of entry and exit that shall be appropriate for the normal lighting conditions of the area under surveillance. The cameras shall be directed so all areas are captured, including, but not limited to, safes, vaults, sales areas, and areas where cannabis is stored, handled, dispensed, or destroyed. Cameras shall be angled to allow for facial recognition, the capture of clear and certain identification of any person entering or exiting the dispensary area and in lighting sufficient during all times of night or day;

(3) Unobstructed video surveillance of outside areas, the storefront, and the parking lot, that shall be appropriate for the normal lighting conditions of the area under surveillance. Cameras shall be angled so as to allow for the capture of facial recognition, clear and certain identification of any person entering or exiting the dispensary and the immediate surrounding area, and license plates of vehicles in the parking lot;

(4) 24-hour recordings from all video cameras available for immediate viewing by the Department upon request. Recordings shall not be destroyed or altered and shall be retained for at least 90 days. Recordings shall be retained as long as necessary if the dispensing organization is aware of the loss or theft of cannabis or a pending criminal, civil, or administrative investigation or legal proceeding for which the recording may contain relevant information;

(5) The ability to immediately produce a clear, color still photo from the surveillance video, either live or recorded;

(6) A date and time stamp embedded on all video surveillance recordings. The date and time shall be synchronized and set correctly and shall not significantly obscure the picture;

(7) The ability to remain operational during a power outage and ensure all access doors are not solely controlled by an electronic access panel to ensure that locks are not released during a power outage;

(8) All video surveillance equipment shall allow for the exporting of still images in an industry standard image format, including .jpg, .bmp, and .gif. Exported video shall have the ability to be archived in a proprietary format that ensures authentication of the video and guarantees that no alteration of the recorded image has taken place. Exported video shall also have the ability to be saved in an industry standard file format that can be played on a standard computer operating system. All recordings shall be erased or destroyed before disposal;

(9) The video surveillance system shall be operational during a power outage with a 4-hour minimum battery backup;

(10) A video camera or cameras recording at each point-of-sale location allowing for the identification of the dispensing organization agent distributing the cannabis and any purchaser. The camera or cameras shall capture the sale, the individuals and the computer monitors used for the sale;

(11) A failure notification system that provides an audible and visual notification of any failure in the electronic video monitoring system; and

(12) All electronic video surveillance monitoring must record at least the equivalent of 8 frames per second and be available as recordings to the Department and the Illinois State Police 24 hours a day via a secure web-based portal with reverse functionality.

(j) The requirements contained in this Act are minimum requirements for operating a dispensing organization. The Department may establish additional requirements by rule.

HISTORY:

2019 P.A. 101-27, § 15-100, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/15-110 Recordkeeping.

(a) Dispensing organization records must be maintained electronically for 3 years and be available for inspection by the Department upon request. Required written records include, but are not limited to, the following:

(1) Operating procedures;

(2) Inventory records, policies, and procedures;

(3) Security records;

(4) Audit records;

(5) Staff training plans and completion documentation;

(6) Staffing plan; and

(7) Business records, including but not limited to:

(i) Assets and liabilities;

(ii) Monetary transactions;

(iii) Written or electronic accounts, including bank statements, journals, ledgers, and supporting documents, agreements, checks, invoices, receipts, and vouchers; and

(iv) Any other financial accounts reasonably related to the dispensary operations.

(b) Storage and transfer of records. If a dispensary closes due to insolvency, revocation, bankruptcy, or for any other reason, all records must be preserved at the expense of the dispensing organization for at least 3 years in a form and location in Illinois acceptable to the Department. The dispensing organization shall keep the records longer if requested by the Department. The dispensing organization shall notify the Department of the location where the dispensary records are stored or transferred.

HISTORY:

2019 P.A. 101-27, § 15-110, effective June 25, 2019.

410 ILCS 705/15-120 Closure of a dispensary.

(a) If a dispensing organization decides not to renew its license or decides to close its business, it shall promptly notify the Department not less than 3 months before the effective date of the closing date or as otherwise authorized by the Department.

(b) The dispensing organization shall work with the Department to develop a closure plan that addresses, at a minimum, the transfer of business records, transfer of cannabis products, and anything else the Department finds necessary.

HISTORY:

2019 P.A. 101-27, § 15-120, effective June 25, 2019.

410 ILCS 705/15-125 Fees.

After January 1, 2022, the Department may by rule modify any fee established under this Article.

HISTORY:

2019 P.A. 101-27, § 15-125, effective June 25, 2019.

410 ILCS 705/15-135 Investigations.

(a) Dispensing organizations are subject to random and unannounced dispensary inspections and

cannabis testing by the Department, the Illinois State Police, local law enforcement, or as provided by rule.

(b) The Department and its authorized representatives may enter any place, including a vehicle, in which cannabis is held, stored, dispensed, sold, produced, delivered, transported, manufactured, or disposed of and inspect, in a reasonable manner, the place and all pertinent equipment, containers and labeling, and all things including records, files, financial data, sales data, shipping data, pricing data, personnel data, research, papers, processes, controls, and facility, and inventory any stock of cannabis and obtain samples of any cannabis or cannabis-infused product, any labels or containers for cannabis, or paraphernalia.

(c) The Department may conduct an investigation of an applicant, application, dispensing organization, principal officer, dispensary agent, third party vendor, or any other party associated with a dispensing organization for an alleged violation of this Act or rules or to determine qualifications to be granted a registration by the Department.

(d) The Department may require an applicant or holder of any license issued pursuant to this Article to produce documents, records, or any other material pertinent to the investigation of an application or alleged violations of this Act or rules. Failure to provide the required material may be grounds for denial or discipline.

(e) Every person charged with preparation, obtaining, or keeping records, logs, reports, or other documents in connection with this Act and rules and every person in charge, or having custody, of those documents shall, upon request by the Department, make the documents immediately available for inspection and copying by the Department, the Department's authorized representative, or others authorized by law to review the documents.

HISTORY:
2019 P.A. 101-27, § 15-135, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/15-140 Citations.

The Department may issue nondisciplinary citations for minor violations. Any such citation issued by the Department may be accompanied by a fee. The fee shall not exceed $20,000 per violation. The citation shall be issued to the licensee and shall contain the licensee's name and address, the licensee's license number, a brief factual statement, the Sections of the law allegedly violated, and the fee, if any, imposed. The citation must clearly state that the licensee may choose, in lieu of accepting the citation, to request a hearing. If the licensee does not dispute the matter in the citation with the Department within 30 days after the citation is served, then the citation shall become final and not subject to appeal. The penalty shall be a fee or other conditions as established by rule.

HISTORY:
2019 P.A. 101-27, § 15-140, effective June 25, 2019.

410 ILCS 705/15-145 Grounds for discipline.

(a) The Department may deny issuance, refuse to renew or restore, or may reprimand, place on probation, suspend, revoke, or take other disciplinary or nondisciplinary action against any license or agent identification card or may impose a fine for any of the following:

(1) Material misstatement in furnishing information to the Department;

(2) Violations of this Act or rules;

(3) Obtaining an authorization or license by fraud or misrepresentation;

(4) A pattern of conduct that demonstrates incompetence or that the applicant has engaged in conduct or actions that would constitute grounds for discipline under this Act;

(5) Aiding or assisting another person in violating any provision of this Act or rules;

(6) Failing to respond to a written request for information by the Department within 30 days;

(7) Engaging in unprofessional, dishonorable, or unethical conduct of a character likely to deceive, defraud, or harm the public;

(8) Adverse action by another United States jurisdiction or foreign nation;

(9) A finding by the Department that the licensee, after having his or her license placed on suspended or probationary status, has violated the terms of the suspension or probation;

(10) Conviction, entry of a plea of guilty, nolo contendere, or the equivalent in a State or federal court of a principal officer or agent-in-charge of a felony offense in accordance with Sections 2105-131, 2105-135, and 2105-205 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois [20 ILCS 2105/2105-131, 20 ILCS 2105/2105-135, and 20 ILCS 2105/2105-205];

(11) Excessive use of or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug;

(12) A finding by the Department of a discrepancy in a Department audit of cannabis;

(13) A finding by the Department of a discrepancy in a Department audit of capital or funds;

(14) A finding by the Department of acceptance of cannabis from a source other than an Adult Use Cultivation Center, craft grower, infuser, or transporting organization licensed by the Department of Agriculture, or a dispensing organization licensed by the Department;

(15) An inability to operate using reasonable judgment, skill, or safety due to physical or mental illness or other impairment or disability, including, without limitation, deterioration through the ag-

ing process or loss of motor skills or mental incompetence;

(16) Failing to report to the Department within the time frames established, or if not identified, 14 days, of any adverse action taken against the dispensing organization or an agent by a licensing jurisdiction in any state or any territory of the United States or any foreign jurisdiction, any governmental agency, any law enforcement agency or any court defined in this Section;

(17) Any violation of the dispensing organization's policies and procedures submitted to the Department annually as a condition for licensure;

(18) Failure to inform the Department of any change of address within 10 business days;

(19) Disclosing customer names, personal information, or protected health information in violation of any State or federal law;

(20) Operating a dispensary before obtaining a license from the Department;

(21) Performing duties authorized by this Act prior to receiving a license to perform such duties;

(22) Dispensing cannabis when prohibited by this Act or rules;

(23) Any fact or condition that, if it had existed at the time of the original application for the license, would have warranted the denial of the license;

(24) Permitting a person without a valid agent identification card to perform licensed activities under this Act;

(25) Failure to assign an agent-in-charge as required by this Article;

(26) Failure to provide the training required by paragraph (3) of subsection (i) of Section 15-40 [410 ILCS 705/15-40] within the provided timeframe;

(27) Personnel insufficient in number or unqualified in training or experience to properly operate the dispensary business;

(28) Any pattern of activity that causes a harmful impact on the community; and

(29) Failing to prevent diversion, theft, or loss of cannabis.

(b) All fines and fees imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or as otherwise specified in the order.

(c) A circuit court order establishing that an agent-in-charge or principal officer holding an agent identification card is subject to involuntary admission as that term is defined in Section 1-119 or 1-119.1 of the Mental Health and Developmental Disabilities Code [405 ILCS 5/1-119 or 405 ILCS 5/1-119.1] shall operate as a suspension of that card.

HISTORY:
2019 P.A. 101-27, § 15-145, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-150 Temporary suspension.

(a) The Secretary of Financial and Professional Regulation may temporarily suspend a dispensing organization license or an agent registration without a hearing if the Secretary finds that public safety or welfare requires emergency action. The Secretary shall cause the temporary suspension by issuing a suspension notice in connection with the institution of proceedings for a hearing.

(b) If the Secretary temporarily suspends a license or agent registration without a hearing, the licensee or agent is entitled to a hearing within 45 days after the suspension notice has been issued. The hearing shall be limited to the issues cited in the suspension notice, unless all parties agree otherwise.

(c) If the Department does not hold a hearing with 45 days after the date the suspension notice was issued, then the suspended license or registration shall be automatically reinstated and the suspension vacated.

(d) The suspended licensee or agent may seek a continuance of the hearing date, during which time the suspension remains in effect and the license or registration shall not be automatically reinstated.

(e) Subsequently discovered causes of action by the Department after the issuance of the suspension notice may be filed as a separate notice of violation. The Department is not precluded from filing a separate action against the suspended licensee or agent.

HISTORY:
2019 P.A. 101-27, § 15-150, effective June 25, 2019.

410 ILCS 705/15-155 Unlicensed practice; violation; civil penalty.

(a) In addition to any other penalty provided by law, any person who practices, offers to practice, attempts to practice, or holds oneself out to practice as a licensed dispensing organization owner, principal officer, agent-in-charge, or agent without being licensed under this Act shall, in addition to any other penalty provided by law, pay a civil penalty to the Department of Financial and Professional Regulation in an amount not to exceed $10,000 for each offense as determined by the Department. The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the discipline of a licensee.

(b) The Department has the authority and power to investigate any and all unlicensed activity.

(c) The civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty or in accordance with the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of this State.

HISTORY:
2019 P.A. 101-27, § 15-155, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/15-160 Notice; hearing.

(a) The Department shall, before disciplining an applicant or licensee, at least 30 days before the date

set for the hearing: (i) notify the accused in writing of the charges made and the time and place for the hearing on the charges; (ii) direct him or her to file a written answer to the charges under oath within 20 days after service; and (iii) inform the applicant or licensee that failure to answer will result in a default being entered against the applicant or licensee.

(b) At the time and place fixed in the notice, the hearing officer appointed by the Secretary shall proceed to hear the charges, and the parties or their counsel shall be accorded ample opportunity to present any pertinent statements, testimony, evidence, and arguments. The hearing officer may continue the hearing from time to time. In case the person, after receiving the notice, fails to file an answer, his or her license may, in the discretion of the Secretary, having first received the recommendation of the hearing officer, be suspended, revoked, or placed on probationary status, or be subject to whatever disciplinary action the Secretary considers proper, including a fine, without hearing, if that act or acts charged constitute sufficient grounds for that action under this Act.

(c) The written notice and any notice in the subsequent proceeding may be served by regular mail or email to the licensee's or applicant's address of record.

HISTORY:
2019 P.A. 101-27, § 15-160, effective June 25, 2019.

410 ILCS 705/15-165 Subpoenas; oaths.

The Department shall have the power to subpoena and bring before it any person and to take testimony either orally or by deposition, or both, with the same fees and mileage and in the same manner as prescribed by law in judicial proceedings in civil cases in courts in this State. The Secretary or the hearing officer shall each have the power to administer oaths to witnesses at any hearings that the Department is authorized to conduct.

HISTORY:
2019 P.A. 101-27, § 15-165, effective June 25, 2019.

410 ILCS 705/15-170 Hearing; motion for rehearing.

(a) The hearing officer shall hear evidence in support of the formal charges and evidence produced by the licensee. At the conclusion of the hearing, the hearing officer shall present to the Secretary a written report of his or her findings of fact, conclusions of law, and recommendations.

(b) At the conclusion of the hearing, a copy of the hearing officer's report shall be served upon the applicant or licensee by the Department, either personally or as provided in this Act for the service of a notice of hearing. Within 20 calendar days after service, the applicant or licensee may present to the Department a motion in writing for rehearing, which shall specify the particular grounds for rehearing. The Department may respond to the motion for rehearing within 20 calendar days after its service on the Department. If no motion for rehearing is filed, then, upon the expiration of the time specified for filing such motion or upon denial of a motion for rehearing, the Secretary may enter an order in accordance with the recommendation of the hearing officer. If the applicant or licensee orders from the reporting service and pays for a transcript of the record within the time for filing a motion for rehearing, the 20-day period within which a motion may be filed shall commence upon the delivery of the transcript to the applicant or licensee.

(c) If the Secretary disagrees in any regard with the report of the hearing officer, the Secretary may issue an order contrary to the report.

(d) Whenever the Secretary is not satisfied that substantial justice has been done, the Secretary may order a rehearing by the same or another hearing officer.

(e) At any point in any investigation or disciplinary proceeding under in this Article, both parties may agree to a negotiated consent order. The consent order shall be final upon signature of the Secretary.

HISTORY:
2019 P.A. 101-27, § 15-170, effective June 25, 2019.

410 ILCS 705/15-175 Review under the Administrative Review Law.

(a) All final administrative decisions of the Department hereunder shall be subject to judicial review under the provisions of the Administrative Review Law, and all amendment and modifications thereof. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure [735 ILCS 5/3-101].

(b) Proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides, but if the party is not a resident of Illinois, the venue shall be in Sangamon County.

(c) The Department shall not be required to certify any record to the court, file any answer in court, or otherwise appear in any court in a judicial review proceeding, unless and until the Department has received from the plaintiff payment of the costs of furnishing and certifying the record, which costs shall be determined by the Department. Failure on the part of the plaintiff to file a receipt in court shall be grounds for dismissal of the action.

HISTORY:
2019 P.A. 101-27, § 15-175, effective June 25, 2019.

ARTICLE 20.

ADULT USE CULTIVATION CENTERS

410 ILCS 705/20-1 Definition.

In this Article, "Department" means the Department of Agriculture.

HISTORY:
2019 P.A. 101-27, § 20-1, effective June 25, 2019.

410 ILCS 705/20-5 Issuance of licenses.

On or after July 1, 2021, the Department of Agriculture by rule may:

(1) Modify or change the number of cultivation center licenses available, which shall at no time exceed 30 cultivation center licenses. In determining whether to exercise the authority granted by this subsection, the Department of Agriculture must consider the following factors:

(A) The percentage of cannabis sales occurring in Illinois not in the regulated market using data from the Substance Abuse and Mental Health Services Administration, National Survey on Drug Use and Health, Illinois Behavioral Risk Factor Surveillance System, and tourism data from the Illinois Office of Tourism to ascertain total cannabis consumption in Illinois compared to the amount of sales in licensed dispensing organizations;

(B) Whether there is an adequate supply of cannabis and cannabis-infused products to serve registered medical cannabis patients;

(C) Whether there is an adequate supply of cannabis and cannabis-infused products to serve purchasers;

(D) Whether there is an oversupply of cannabis in Illinois leading to trafficking of cannabis to any other state;

(E) Population increases or shifts;

(F) Changes to federal law;

(G) Perceived security risks of increasing the number or location of cultivation centers;

(H) The past security records of cultivation centers;

(I) The Department of Agriculture's capacity to appropriately regulate additional licensees;

(J) The findings and recommendations from the disparity and availability study commissioned by the Illinois Cannabis Regulation Oversight Officer referenced in subsection (e) of Section 5-45 [410 ILCS 705/5-45] to reduce or eliminate any identified barriers to entry in the cannabis industry; and

(K) Any other criteria the Department of Agriculture deems relevant.

(2) Modify or change the licensing application process to reduce or eliminate the barriers identified in the disparity and availability study commission by the Illinois Cannabis Regulation Oversight Officer and shall make modifications to remedy evidence of discrimination.

HISTORY:
2019 P.A. 101-27, § 20-5, effective June 25, 2019.

410 ILCS 705/20-10 Early Approval of Adult Use Cultivation Center License.

(a) Any medical cannabis cultivation center registered and in good standing under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] as of the effective date of this Act may, within 60 days of the effective date of this Act but no later than 180 days from the effective date of this Act, apply to the Department of Agriculture for an Early Approval Adult Use Cultivation Center License to produce cannabis and cannabis-infused products at its existing facilities as of the effective date of this Act.

(b) A medical cannabis cultivation center seeking issuance of an Early Approval Adult Use Cultivation Center License shall submit an application on forms provided by the Department of Agriculture. The application must meet or include the following qualifications:

(1) Payment of a nonrefundable application fee of $100,000 to be deposited into the Cannabis Regulation Fund;

(2) Proof of registration as a medical cannabis cultivation center that is in good standing;

(3) Submission of the application by the same person or entity that holds the medical cannabis cultivation center registration;

(4) Certification that the applicant will comply with the requirements of Section 20-30 [410 ILCS 705/20-30];

(5) The legal name of the cultivation center;

(6) The physical address of the cultivation center;

(7) The name, address, social security number, and date of birth of each principal officer and board member of the cultivation center; each of those individuals shall be at least 21 years of age;

(8) A nonrefundable Cannabis Business Development Fee equal to 5% of the cultivation center's total sales between June 1, 2018 to June 1, 2019 or $750,000, whichever is less, but at not less than $250,000, to be deposited into the Cannabis Business Development Fund; and

(9) A commitment to completing one of the following Social Equity Inclusion Plans provided for in this subsection (b) before the expiration of the Early Approval Adult Use Cultivation Center License:

(A) A contribution of 5% of the cultivation center's total sales from June 1, 2018 to June 1, 2019, or $100,000, whichever is less, to one of the following:

(i) the Cannabis Business Development Fund. This is in addition to the fee required by item (8) of this subsection (b);

(ii) a cannabis industry training or education program at an Illinois community college as defined in the Public Community College Act [110 ILCS 805/1-1 et seq.];

(iii) a program that provides job training services to persons recently incarcerated or that operates in a Disproportionately Impacted Area.

(B) Participate as a host in a cannabis business incubator program for at least one year

approved by the Department of Commerce and Economic Opportunity, and in which an Early Approval Adult Use Cultivation Center License holder agrees to provide a loan of at least $100,000 and mentorship to incubate, for at least a year, a Social Equity Applicant intending to seek a license or a licensee that qualifies as a Social Equity Applicant. As used in this Section, "incubate" means providing direct financial assistance and training necessary to engage in licensed cannabis industry activity similar to that of the host licensee. The Early Approval Adult Use Cultivation Center License holder or the same entity holding any other licenses issued pursuant to this Act shall not take an ownership stake of greater than 10% in any business receiving incubation services to comply with this subsection. If an Early Approval Adult Use Cultivation Center License holder fails to find a business to incubate to comply with this subsection before its Early Approval Adult Use Cultivation Center License expires, it may opt to meet the requirement of this subsection by completing another item from this subsection prior to the expiration of its Early Approval Adult Use Cultivation Center License to avoid a penalty.

(c) An Early Approval Adult Use Cultivation Center License is valid until March 31, 2021. A cultivation center that obtains an Early Approval Adult Use Cultivation Center License shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and inform the license holder that it may renew its Early Approval Adult Use Cultivation Center License. The Department of Agriculture shall grant a renewal of an Early Approval Adult Use Cultivation Center License within 60 days of submission of an application if:

(1) the cultivation center submits an application and the required renewal fee of $100,000 for an Early Approval Adult Use Cultivation Center License;

(2) the Department of Agriculture has not suspended the license of the cultivation center or suspended or revoked the license for violating this Act or rules adopted under this Act; and

(3) the cultivation center has completed a Social Equity Inclusion Plan as required by item (9) of subsection (b) of this Section.

(c-5) The Early Approval Adult Use Cultivation Center License renewed pursuant to subsection (c) of this Section shall expire March 31, 2022. The Early Approval Adult Use Cultivation Center Licensee shall receive written or electronic notice 90 days before the expiration of the license that the license will expire, and inform the license holder that it may apply for an Adult Use Cultivation Center License. The Department of Agriculture shall grant an Adult Use Dispensing Organization License within 60 days of an application being deemed complete if the applicant meets all of the criteria in Section 20-21 [410 ILCS 705/20-21].

(d) The license fee required by paragraph (1) of subsection (c) of this Section shall be in addition to any license fee required for the renewal of a registered medical cannabis cultivation center license that expires during the effective period of the Early Approval Adult Use Cultivation Center License.

(e) Applicants must submit all required information, including the requirements in subsection (b) of this Section, to the Department of Agriculture. Failure by an applicant to submit all required information may result in the application being disqualified.

(f) If the Department of Agriculture receives an application with missing information, the Department may issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to submit complete information. Applications that are still incomplete after this opportunity to cure may be disqualified.

(g) If an applicant meets all the requirements of subsection (b) of this Section, the Department of Agriculture shall issue the Early Approval Adult Use Cultivation Center License within 14 days of receiving the application unless:

(1) The licensee; principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee; or agent is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois;

(2) The Director of Agriculture determines there is reason, based on an inordinate number of documented compliance violations, the licensee is not entitled to an Early Approval Adult Use Cultivation Center License; or

(3) The licensee fails to commit to the Social Equity Inclusion Plan.

(h) A cultivation center may begin producing cannabis and cannabis-infused products once the Early Approval Adult Use Cultivation Center License is approved. A cultivation center that obtains an Early Approval Adult Use Cultivation Center License may begin selling cannabis and cannabis-infused products on December 1, 2019.

(i) An Early Approval Adult Use Cultivation Center License holder must continue to produce and provide an adequate supply of cannabis and cannabis-infused products for purchase by qualifying patients and caregivers. For the purposes of this subsection, "adequate supply" means a monthly production level that is comparable in type and quantity to those medical cannabis products produced for patients and caregivers on an average monthly basis for the 6 months before the effective date of this Act.

(j) If there is a shortage of cannabis or cannabis-infused products, a license holder shall prioritize patients registered under the Compassionate Use of Medical Cannabis Program Act over adult use purchasers.

(k) If an Early Approval Adult Use Cultivation Center licensee fails to submit an application for an Adult Use Cultivation Center License before the

expiration of the Early Approval Adult Use Cultivation Center License pursuant to subsection (c-5) of this Section, the cultivation center shall cease adult use cultivation until it receives an Adult Use Cultivation Center License.

(*l*) A cultivation center agent who holds a valid cultivation center agent identification card issued under the Compassionate Use of Medical Cannabis Program Act and is an officer, director, manager, or employee of the cultivation center licensed under this Section may engage in all activities authorized by this Article to be performed by a cultivation center agent.

(m) If the Department of Agriculture suspends or revokes the Early Approval Adult Use Cultivation Center License of a cultivation center that also holds a medical cannabis cultivation center license issued under the Compassionate Use of Medical Cannabis Program Act, the Department of Agriculture may suspend or revoke the medical cannabis cultivation center license concurrently with the Early Approval Adult Use Cultivation Center License.

(n) All fees or fines collected from an Early Approval Adult Use Cultivation Center License holder as a result of a disciplinary action in the enforcement of this Act shall be deposited into the Cannabis Regulation Fund.

HISTORY:

2019 P.A. 101-27, § 20-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/20-15 Conditional Adult Use Cultivation Center application.

(a) If the Department of Agriculture makes available additional cultivation center licenses pursuant to Section 20-5 [410 ILCS 705/20-5], applicants for a Conditional Adult Use Cultivation Center License shall electronically submit the following in such form as the Department of Agriculture may direct:

(1) the nonrefundable application fee set by rule by the Department of Agriculture, to be deposited into the Cannabis Regulation Fund;

(2) the legal name of the cultivation center;

(3) the proposed physical address of the cultivation center;

(4) the name, address, social security number, and date of birth of each principal officer and board member of the cultivation center; each principal officer and board member shall be at least 21 years of age;

(5) the details of any administrative or judicial proceeding in which any of the principal officers or board members of the cultivation center (i) pled guilty, were convicted, were fined, or had a registration or license suspended or revoked, or (ii) managed or served on the board of a business or non-profit organization that pled guilty, was convicted, was fined, or had a registration or license suspended or revoked;

(6) proposed operating bylaws that include procedures for the oversight of the cultivation center, including the development and implementation of a plant monitoring system, accurate recordkeeping, staffing plan, and security plan approved by the Illinois State Police that are in accordance with the rules issued by the Department of Agriculture under this Act. A physical inventory shall be performed of all plants and cannabis on a weekly basis by the cultivation center;

(7) verification from the Illinois State Police that all background checks of the prospective principal officers, board members, and agents of the cannabis business establishment have been conducted;

(8) a copy of the current local zoning ordinance or permit and verification that the proposed cultivation center is in compliance with the local zoning rules and distance limitations established by the local jurisdiction;

(9) proposed employment practices, in which the applicant must demonstrate a plan of action to inform, hire, and educate minorities, women, veterans, and persons with disabilities, engage in fair labor practices, and provide worker protections;

(10) whether an applicant can demonstrate experience in or business practices that promote economic empowerment in Disproportionately Impacted Areas;

(11) experience with the cultivation of agricultural or horticultural products, operating an agriculturally related business, or operating a horticultural business;

(12) a description of the enclosed, locked facility where cannabis will be grown, harvested, manufactured, processed, packaged, or otherwise prepared for distribution to a dispensing organization;

(13) a survey of the enclosed, locked facility, including the space used for cultivation;

(14) cultivation, processing, inventory, and packaging plans;

(15) a description of the applicant's experience with agricultural cultivation techniques and industry standards;

(16) a list of any academic degrees, certifications, or relevant experience of all prospective principal officers, board members, and agents of the related business;

(17) the identity of every person having a financial or voting interest of 5% or greater in the cultivation center operation with respect to which the license is sought, whether a trust, corporation, partnership, limited liability company, or sole proprietorship, including the name and address of each person;

(18) a plan describing how the cultivation center will address each of the following:

(i) energy needs, including estimates of monthly electricity and gas usage, to what extent it will procure energy from a local utility or from on-site generation, and if it has or will adopt a sustainable energy use and energy conservation policy;

(ii) water needs, including estimated water draw and if it has or will adopt a sustainable water use and water conservation policy; and

(iii) waste management, including if it has or will adopt a waste reduction policy;

(19) a diversity plan that includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity;

(20) any other information required by rule;

(21) a recycling plan:

(A) Purchaser packaging, including cartridges, shall be accepted by the applicant and recycled.

(B) Any recyclable waste generated by the cannabis cultivation facility shall be recycled per applicable State and local laws, ordinances, and rules.

(C) Any cannabis waste, liquid waste, or hazardous waste shall be disposed of in accordance with 8 Ill. Adm. Code 1000.460, except, to the greatest extent feasible, all cannabis plant waste will be rendered unusable by grinding and incorporating the cannabis plant waste with compostable mixed waste to be disposed of in accordance with 8 Ill. Adm. Code 1000.460(g)(1);

(22) commitment to comply with local waste provisions: a cultivation facility must remain in compliance with applicable State and federal environmental requirements, including, but not limited to:

(A) storing, securing, and managing all recyclables and waste, including organic waste composed of or containing finished cannabis and cannabis products, in accordance with applicable State and local laws, ordinances, and rules; and

(B) disposing liquid waste containing cannabis or byproducts of cannabis processing in compliance with all applicable State and federal requirements, including, but not limited to, the cannabis cultivation facility's permits under Title X of the Environmental Protection Act [415 ILCS 5/39 et seq.]; and

(23) a commitment to a technology standard for resource efficiency of the cultivation center facility.

(A) A cannabis cultivation facility commits to use resources efficiently, including energy and water. For the following, a cannabis cultivation facility commits to meet or exceed the technology standard identified in items (i), (ii), (iii), and (iv), which may be modified by rule:

(i) lighting systems, including light bulbs;

(ii) HVAC system;

(iii) water application system to the crop; and

(iv) filtration system for removing contaminants from wastewater.

(B) Lighting. The Lighting Power Densities (LPD) for cultivation space commits to not exceed an average of 36 watts per gross square foot of active and growing space canopy, or all installed lighting technology shall meet a photosynthetic photon efficacy (PPE) of no less than 2.2 micromoles per joule fixture and shall be featured on the DesignLights Consortium (DLC) Horticultural Specification Qualified Products List (QPL). In the event that DLC requirement for minimum efficacy exceeds 2.2 micromoles per joule fixture, that PPE shall become the new standard.

(C) HVAC.

(i) For cannabis grow operations with less than 6,000 square feet of canopy, the licensee commits that all HVAC units will be high-efficiency ductless split HVAC units, or other more energy efficient equipment.

(ii) For cannabis grow operations with 6,000 square feet of canopy or more, the licensee commits that all HVAC units will be variable refrigerant flow HVAC units, or other more energy efficient equipment.

(D) Water application.

(i) The cannabis cultivation facility commits to use automated watering systems, including, but not limited to, drip irrigation and flood tables, to irrigate cannabis crop.

(ii) The cannabis cultivation facility commits to measure runoff from watering events and report this volume in its water usage plan, and that on average, watering events shall have no more than 20% of runoff of water.

(E) Filtration. The cultivator commits that HVAC condensate, dehumidification water, excess runoff, and other wastewater produced by the cannabis cultivation facility shall be captured and filtered to the best of the facility's ability to achieve the quality needed to be reused in subsequent watering rounds.

(F) Reporting energy use and efficiency as required by rule.

(b) Applicants must submit all required information, including the information required in Section 20-10 [410 ILCS 705/20-10], to the Department of Agriculture. Failure by an applicant to submit all required information may result in the application being disqualified.

(c) If the Department of Agriculture receives an application with missing information, the Department of Agriculture may issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to resubmit the incomplete information. Applications that are still incomplete after this opportunity to cure will not be scored and will be disqualified.

(e) A cultivation center that is awarded a Conditional Adult Use Cultivation Center License pursuant to the criteria in Section 20-20 [410 ILCS 705/20-20] shall not grow, purchase, possess, or sell cannabis or cannabis-infused products until the person has received an Adult Use Cultivation Center

License issued by the Department of Agriculture pursuant to Section 20-21 of this Act [410 ILCS 705/20-21].

HISTORY:
2019 P.A. 101-27, § 20-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/20-20 Conditional Adult Use License scoring applications.

(a) The Department of Agriculture shall by rule develop a system to score cultivation center applications to administratively rank applications based on the clarity, organization, and quality of the applicant's responses to required information. Applicants shall be awarded points based on the following categories:

(1) Suitability of the proposed facility;

(2) Suitability of employee training plan;

(3) Security and recordkeeping;

(4) Cultivation plan;

(5) Product safety and labeling plan;

(6) Business plan;

(7) The applicant's status as a Social Equity Applicant, which shall constitute no less than 20% of total available points;

(8) Labor and employment practices, which shall constitute no less than 2% of total available points;

(9) Environmental plan as described in paragraphs (18), (21), (22), and (23) of subsection (a) of Section 20-15 [410 ILCS 705/20-15];

(10) The applicant is 51% or more owned and controlled by an individual or individuals who have been an Illinois resident for the past 5 years as proved by tax records or 2 of the following:

(A) a signed lease agreement that includes the applicant's name;

(B) a property deed that includes the applicant's name;

(C) school records;

(D) a voter registration card;

(E) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(F) a paycheck stub;

(G) a utility bill; or

(H) any other proof of residency or other information necessary to establish residence as provided by rule;

(11) The applicant is 51% or more controlled and owned by an individual or individuals who meet the qualifications of a veteran as defined by Section 45-57 of the Illinois Procurement Code [30 ILCS 500/45-57];

(12) a diversity plan that includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity; and

(13) Any other criteria the Department of Agriculture may set by rule for points.

(b) The Department may also award bonus points for the applicant's plan to engage with the community. Bonus points will only be awarded if the Department receives applications that receive an equal score for a particular region.

(c) Should the applicant be awarded a cultivation center license, the information and plans that an applicant provided in its application, including any plans submitted for the acquiring of bonus points, becomes a mandatory condition of the permit. Any variation from or failure to perform such plans may result in discipline, including the revocation or nonrenewal of a license.

(d) Should the applicant be awarded a cultivation center license, it shall pay a fee of $100,000 prior to receiving the license, to be deposited into the Cannabis Regulation Fund. The Department of Agriculture may by rule adjust the fee in this Section after January 1, 2021.

HISTORY:
2019 P.A. 101-27, § 20-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/20-21 Adult Use Cultivation Center License.

(a) A person or entity is only eligible to receive an Adult Use Cultivation Center License if the person or entity has first been awarded a Conditional Adult Use Cultivation Center License pursuant to this Act or the person or entity has renewed its Early Approval Cultivation Center License pursuant to subsection (c) of Section 20-10 [410 ILCS 705/20-10].

(b) The Department of Agriculture shall not issue an Adult Use Cultivation Center License until:

(1) the Department of Agriculture has inspected the cultivation center site and proposed operations and verified that they are in compliance with this Act and local zoning laws;

(2) the Conditional Adult Use Cultivation Center License holder has paid a registration fee of $100,000 or a prorated amount accounting for the difference of time between when the Adult Use Cultivation Center License is issued and March 31 of the next even-numbered year; and

(3) The Conditional Adult Use Cultivation Center License holder has met all the requirements in the Act and rules.

HISTORY:
2019 P.A. 101-27, § 20-21, effective June 25, 2019.

410 ILCS 705/20-25 Denial of application.

An application for a cultivation center license must be denied if any of the following conditions are met:

(1) the applicant failed to submit the materials required by this Article;

(2) the applicant would not be in compliance with local zoning rules;

(3) one or more of the prospective principal officers or board members causes a violation of Section 20-30 [410 ILCS 705/20-30];

(4) one or more of the principal officers or board members is under 21 years of age;

(5) the person has submitted an application for a permit under this Act that contains false information; or

(6) the licensee, principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee, or the agent is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:
2019 P.A. 101-27, § 20-25, effective June 25, 2019.

410 ILCS 705/20-30 Cultivation center requirements; prohibitions.

(a) The operating documents of a cultivation center shall include procedures for the oversight of the cultivation center, a cannabis plant monitoring system including a physical inventory recorded weekly, accurate recordkeeping, and a staffing plan.

(b) A cultivation center shall implement a security plan reviewed by the Illinois State Police that includes, but is not limited to: facility access controls, perimeter intrusion detection systems, personnel identification systems, 24-hour surveillance system to monitor the interior and exterior of the cultivation center facility and accessibility to authorized law enforcement, the Department of Public Health where processing takes place, and the Department of Agriculture in real time.

(c) All cultivation of cannabis by a cultivation center must take place in an enclosed, locked facility at the physical address provided to the Department of Agriculture during the licensing process. The cultivation center location shall only be accessed by the agents working for the cultivation center, the Department of Agriculture staff performing inspections, the Department of Public Health staff performing inspections, local and State law enforcement or other emergency personnel, contractors working on jobs unrelated to cannabis, such as installing or maintaining security devices or performing electrical wiring, transporting organization agents as provided in this Act, individuals in a mentoring or educational program approved by the State, or other individuals as provided by rule.

(d) A cultivation center may not sell or distribute any cannabis or cannabis-infused products to any person other than a dispensing organization, craft grower, infuser organization, transporter, or as otherwise authorized by rule.

(e) A cultivation center may not either directly or indirectly discriminate in price between different dispensing organizations, craft growers, or infuser organizations that are purchasing a like grade, strain, brand, and quality of cannabis or cannabis-infused product. Nothing in this subsection (e) prevents a cultivation center from pricing cannabis differently based on differences in the cost of manufacturing or processing, the quantities sold, such as volume discounts, or the way the products are delivered.

(f) All cannabis harvested by a cultivation center and intended for distribution to a dispensing organization must be entered into a data collection system, packaged and labeled under Section 55-21 [410 ILCS 705/55-21 et seq.], and placed into a cannabis container for transport. All cannabis harvested by a cultivation center and intended for distribution to a craft grower or infuser organization must be packaged in a labeled cannabis container and entered into a data collection system before transport.

(g) Cultivation centers are subject to random inspections by the Department of Agriculture, the Department of Public Health, local safety or health inspectors, the Illinois State Police, or as provided by rule.

(h) A cultivation center agent shall notify local law enforcement, the Illinois State Police, and the Department of Agriculture within 24 hours of the discovery of any loss or theft. Notification shall be made by phone or in person, or by written or electronic communication.

(i) A cultivation center shall comply with all State and any applicable federal rules and regulations regarding the use of pesticides on cannabis plants.

(j) No person or entity shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, of more than 3 cultivation centers licensed under this Article. Further, no person or entity that is employed by, an agent of, has a contract to receive payment in any form from a cultivation center, is a principal officer of a cultivation center, or entity controlled by or affiliated with a principal officer of a cultivation shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, in a cultivation that would result in the person or entity owning or controlling in combination with any cultivation center, principal officer of a cultivation center, or entity controlled or affiliated with a principal officer of a cultivation center by which he, she, or it is employed, is an agent of, or participates in the management of, more than 3 cultivation center licenses.

(k) A cultivation center may not contain more than 210,000 square feet of canopy space for plants in the flowering stage for cultivation of adult use cannabis as provided in this Act.

(*l*) A cultivation center may process cannabis, cannabis concentrates, and cannabis-infused products.

(m) Beginning July 1, 2020, a cultivation center shall not transport cannabis or cannabis-infused products to a craft grower, dispensing organization, infuser organization, or laboratory licensed under this Act, unless it has obtained a transporting organization license.

(n) It is unlawful for any person having a cultivation center license or any officer, associate, member,

representative, or agent of such licensee to offer or deliver money, or anything else of value, directly or indirectly to any person having an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], or to any person connected with or in any way representing, or to any member of the family of, such person holding an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, or to any stockholders in any corporation engaged in the retail sale of cannabis, or to any officer, manager, agent, or representative of the Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act to obtain preferential placement within the dispensing organization, including, without limitation, on shelves and in display cases where purchasers can view products, or on the dispensing organization's website.

(o) A cultivation center must comply with any other requirements or prohibitions set by administrative rule of the Department of Agriculture.

HISTORY:

2019 P.A. 101-27, § 20-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/20-35 Cultivation center agent identification card.

(a) The Department of Agriculture shall:

(1) establish by rule the information required in an initial application or renewal application for an agent identification card submitted under this Act and the nonrefundable fee to accompany the initial application or renewal application;

(2) verify the information contained in an initial application or renewal application for an agent identification card submitted under this Act, and approve or deny an application within 30 days of receiving a completed initial application or renewal application and all supporting documentation required by rule;

(3) issue an agent identification card to a qualifying agent within 15 business days of approving the initial application or renewal application;

(4) enter the license number of the cultivation center where the agent works; and

(5) allow for an electronic initial application and renewal application process, and provide a confirmation by electronic or other methods that an application has been submitted. The Department of Agriculture may by rule require prospective agents to file their applications by electronic means and provide notices to the agents by electronic means.

(b) An agent must keep his or her identification card visible at all times when on the property of the cultivation center at which the agent is employed.

(c) The agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the identification card;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the holder;

(4) a photograph of the cardholder; and

(5) the legal name of the cultivation center employing the agent.

(d) An agent identification card shall be immediately returned to the cultivation center of the agent upon termination of his or her employment.

(e) Any agent identification card lost by a cultivation center agent shall be reported to the Illinois State Police and the Department of Agriculture immediately upon discovery of the loss.

(f) The Department of Agriculture shall not issue an agent identification card if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:

2019 P.A. 101-27, § 20-35, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/20-40 Cultivation center background checks.

(a) Through the Illinois State Police, the Department of Agriculture shall conduct a background check of the prospective principal officers, board members, and agents of a cultivation center applying for a license or identification card under this Act. The Illinois State Police shall charge a fee set by rule for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. In order to carry out this provision, each cultivation center prospective principal officer, board member, or agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Illinois State Police and Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall furnish, following positive identification, all conviction information to the Department of Agriculture.

(b) When applying for the initial license or identification card, the background checks for all prospec-

tive principal officers, board members, and agents shall be completed before submitting the application to the licensing or issuing agency.

HISTORY:
2019 P.A. 101-27, § 20-40, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/20-45 Renewal of cultivation center licenses and agent identification cards.

(a) Licenses and identification cards issued under this Act shall be renewed annually. A cultivation center shall receive written or electronic notice 90 days before the expiration of its current license that the license will expire. The Department of Agriculture shall grant a renewal within 45 days of submission of a renewal application if:

(1) the cultivation center submits a renewal application and the required nonrefundable renewal fee of $100,000, or another amount as the Department of Agriculture may set by rule after January 1, 2021, to be deposited into the Cannabis Regulation Fund.

(2) the Department of Agriculture has not suspended the license of the cultivation center or suspended or revoked the license for violating this Act or rules adopted under this Act;

(3) the cultivation center has continued to operate in accordance with all plans submitted as part of its application and approved by the Department of Agriculture or any amendments thereto that have been approved by the Department of Agriculture;

(4) the cultivation center has submitted an agent, employee, contracting, and subcontracting diversity report as required by the Department; and

(5) the cultivation center has submitted an environmental impact report.

(b) If a cultivation center fails to renew its license before expiration, it shall cease operations until its license is renewed.

(c) If a cultivation center agent fails to renew his or her identification card before its expiration, he or she shall cease to work as an agent of the cultivation center until his or her identification card is renewed.

(d) Any cultivation center that continues to operate, or any cultivation center agent who continues to work as an agent, after the applicable license or identification card has expired without renewal is subject to the penalties provided under Section 45-5 [410 ILCS 705/45-5].

HISTORY:
2019 P.A. 101-27, § 20-45, effective June 25, 2019.

410 ILCS 705/20-50 Cultivator taxes; returns.

(a) A tax is imposed upon the privilege of cultivating and processing adult use cannabis at the rate of 7% of the gross receipts from the sale of cannabis by a cultivator to a dispensing organization. The sale of any adult use product that contains any amount of cannabis or any derivative thereof is subject to the tax under this Section on the full selling price of the product. The proceeds from this tax shall be deposited into the Cannabis Regulation Fund. This tax shall be paid by the cultivator who makes the first sale and is not the responsibility of a dispensing organization, qualifying patient, or purchaser.

(b) In the administration of and compliance with this Section, the Department of Revenue and persons who are subject to this Section: (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in the Cannabis Cultivation Privilege Tax Law and the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.] as if those provisions were set forth in this Section.

(c) The tax imposed under this Act shall be in addition to all other occupation or privilege taxes imposed by the State of Illinois or by any municipal corporation or political subdivision thereof.

HISTORY:
2019 P.A. 101-27, § 20-50, effective June 25, 2019.

410 ILCS 705/20-55 Disclosure of ownership and control.

(a) Each Adult Use Cultivation Center applicant and license holder shall file and maintain a Table of Organization, Ownership, and Control with the Department. The Table of Organization, Ownership, and Control shall contain the information required by this Section in sufficient detail to identify all owners, directors, and principal officers, and the title of each principal officer or business entity that, through direct or indirect means, manages, owns, or controls the applicant or license holder.

(b) The Table of Organization, Ownership, and Control shall identify the following information:

(1) The management structure, ownership, and control of the applicant or license holder including the name of each principal officer or business entity, the office or position held, and the percentage ownership interest, if any. If the business entity has a parent company, the name of each owner, board member, and officer of the parent company and his or her percentage ownership interest in the parent company and the Adult Use Cultivation Center.

(2) If the applicant or licensee is a business entity with publicly traded stock, the identification of ownership shall be provided as required in subsection (c).

(c) If a business entity identified in subsection (b) is a publicly traded company, the following information shall be provided in the Table of Organization, Ownership, and Control:

(1) The name and percentage of ownership interest of each individual or business entity with ownership of more than 5% of the voting shares of the entity, to the extent such information is known or contained in 13D or 13G Securities and Exchange Commission filings.

(2) To the extent known, the names and percentage of interest of ownership of persons who are relatives of one another and who together exercise control over or own more than 10% of the voting shares of the entity.

(d) An Adult Use Cultivation Center with a parent company or companies, or partially owned or controlled by another entity must disclose to the Department the relationship and all owners, board members, officers, or individuals with control or management of those entities. An Adult Use Cultivation Center shall not shield its ownership or control from the Department.

(e) All principal officers must submit a complete online application with the Department within 14 days of the Adult Use Cultivation Center being licensed by the Department or within 14 days of Department notice of approval as a new principal officer.

(f) A principal officer may not allow his or her registration to expire.

(g) An Adult Use Cultivation Center separating with a principal officer must do so under this Act. The principal officer must communicate the separation to the Department within 5 business days.

(h) A principal officer not in compliance with the requirements of this Act shall be removed from his or her position with the Adult Use Cultivation Center or shall otherwise terminate his or her affiliation. Failure to do so may subject the Adult Use Cultivation Center to discipline, suspension, or revocation of its license by the Department.

(i) It is the responsibility of the Adult Use Cultivation Center and its principal officers to promptly notify the Department of any change of the principal place of business address, hours of operation, change in ownership or control, or a change of the Adult Use Cultivation Center's primary or secondary contact information. Any changes must be made to the Department in writing.

2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 25.

COMMUNITY COLLEGE CANNABIS VOCATIONAL PILOT PROGRAM [REPEALED JULY 1, 2026]

410 ILCS 705/25-1 Definitions. [Repealed July 1, 2026]

In this Article:

"Board" means the Illinois Community College Board.

"Career in Cannabis Certificate" or "Certificate" means the certification awarded to a community college student who completes a prescribed course of study in cannabis and cannabis business industry related classes and curriculum at a community college awarded a Community College Cannabis Vocational Pilot Program license.

"Community college" means a public community college organized under the Public Community College Act [110 ILCS 805/1-1 et seq.].

"Department" means the Department of Agriculture.

"Licensee" means a community college awarded a Community College Cannabis Vocational Pilot Program license under this Article.

"Program" means the Community College Cannabis Vocational Pilot Program.

"Program license" means a Community College Cannabis Vocational Pilot Program license issued to a community college under this Article.

HISTORY:
2019 P.A. 101-27, § 25-1, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/25-5 Administration. [Repealed July 1, 2026]

(a) The Department shall establish and administer the Program in coordination with the Illinois Community College Board. The Department may issue Program licenses to applicants that meet the requirements outlined in this Article.

(b) Beginning with the 2021-2022 academic year, and subject to subsection (h) of Section 2-12 of the Public Community College Act [110 ILCS 805/2-12], community colleges awarded Program licenses may offer qualifying students a Career in Cannabis Certificate, which includes, but is not limited to, courses that allow participating students to work with, study, and grow live cannabis plants so as to prepare students for a career in the legal cannabis industry, and to instruct participating students on the best business practices, professional responsibility, and legal compliance of the cannabis business industry.

(c) The Board may issue rules pertaining to the provisions in this Act.

(d) Notwithstanding any other provision of this Act, students shall be at least 18 years old in order to enroll in a licensee's Career in Cannabis Certificate's prescribed course of study.

HISTORY:
2019 P.A. 101-27, § 25-5, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/25-10 Issuance of Community College Cannabis Vocational Pilot Program licenses. [Repealed July 1, 2026]

(a) The Department shall issue rules regulating the selection criteria for applicants by January 1,

2020. The Department shall make the application for a Program license available no later than February 1, 2020, and shall require that applicants submit the completed application no later than July 1, 2020. If the Department issues fewer than 8 Program licenses by September 1, 2020, the Department may accept applications at a future date as prescribed by rule.

(b) The Department shall by rule develop a system to score Program licenses to administratively rank applications based on the clarity, organization, and quality of the applicant's responses to required information. Applicants shall be awarded points that are based on or that meet the following categories:

(1) Geographic diversity of the applicants;

(2) Experience and credentials of the applicant's faculty;

(3) At least 5 Program license awardees must have a student population that is more than 50% low-income in each of the past 4 years;

(4) Security plan, including a requirement that all cannabis plants be in an enclosed, locked facility;

(5) Curriculum plan, including processing and testing curriculum for the Career in Cannabis Certificate;

(6) Career advising and placement plan for participating students; and

(7) Any other criteria the Department may set by rule.

HISTORY:
2019 P.A. 101-27, § 25-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/25-15 Community College Cannabis Vocational Pilot Program requirements and prohibitions. [Repealed July 1, 2026]

(a) Licensees shall not have more than 50 flowering cannabis plants at any one time.

(b) The agent-in-charge shall keep a vault log of the licensee's enclosed, locked facility or facilities, including but not limited to, the person entering the site location, the time of entrance, the time of exit, and any other information the Department may set by rule.

(c) Cannabis shall not be removed from the licensee's facility, except for the limited purpose of shipping a sample to a laboratory registered under this Act.

(d) The licensee shall limit keys, access cards, or an access code to the licensee's enclosed, locked facility, or facilities, to cannabis curriculum faculty and college security personnel with a bona fide need to access the facility for emergency purposes.

(e) A transporting organization may transport cannabis produced pursuant to this Article to a laboratory registered under this Act. All other cannabis produced by the licensee that was not shipped to a registered laboratory shall be destroyed within 5 weeks of being harvested.

(f) Licensees shall subscribe to the Department of Agriculture's cannabis plant monitoring system.

(g) Licensees shall maintain a weekly inventory system.

(h) No student participating in the cannabis curriculum necessary to obtain a Certificate may be in the licensee's facility unless a faculty agent-in-charge is also physically present in the facility.

(i) Licensees shall conduct post-certificate follow up surveys and record participating students' job placements within the cannabis business industry within a year of the student's completion.

(j) The Illinois Community College Board shall report annually to the Department on the race, ethnicity, and gender of all students participating in the cannabis curriculum necessary to obtain a Certificate, and of those students who obtain a Certificate.

HISTORY:
2019 P.A. 101-27, § 25-15, effective June 25, 2019.

410 ILCS 705/25-20 Faculty. [Repealed July 1, 2026]

(a) All faculty members shall be required to maintain registration as an agent-in-charge and have a valid agent identification card prior to teaching or participating in the licensee's cannabis curriculum that involves instruction offered in the enclosed, locked facility or facilities.

(b) All faculty receiving an agent-in-charge or agent identification card must successfully pass a background check required by Section 5-20 [410 ILCS 705/5-20] prior to participating in a licensee's cannabis curriculum that involves instruction offered in the enclosed, locked facility.

HISTORY:
2019 P.A. 101-27, § 25-20, effective June 25, 2019.

410 ILCS 705/25-25 Enforcement. [Repealed July 1, 2026]

(a) The Department has the authority to suspend or revoke any faculty agent-in-charge or agent identification card for any violation found under this Article.

(b) The Department has the authority to suspend or revoke any Program license for any violation found under this Article.

(c) The Board shall revoke the authority to offer the Certificate of any community college that has had its license revoked by the Department.

HISTORY:
2019 P.A. 101-27, § 25-25, effective June 25, 2019.

410 ILCS 705/25-30 Inspection rights. [Effective until July 1, 2026]

(a) A licensee's enclosed, locked facilities are subject to random inspections by the Department, the Illinois State Police, or as provided by rule.

(b) Nothing in this Section shall be construed to give the Department, the Illinois State Police, or any other entity identified by rule under subsection (a) a right of inspection or access to any location on the licensee's premises beyond the facilities licensed under this Article.

HISTORY:
2019 P.A. 101-27, § 25-30, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/25-35 Community College Cannabis Vocational Training Pilot Program faculty participant agent identification card. [Effective until July 1, 2026]

(a) The Department shall:

(1) establish by rule the information required in an initial application or renewal application for an agent identification card submitted under this Article and the nonrefundable fee to accompany the initial application or renewal application;

(2) verify the information contained in an initial application or renewal application for an agent identification card submitted under this Article, and approve or deny an application within 30 days of receiving a completed initial application or renewal application and all supporting documentation required by rule;

(3) issue an agent identification card to a qualifying agent within 15 business days of approving the initial application or renewal application;

(4) enter the license number of the community college where the agent works; and

(5) allow for an electronic initial application and renewal application process, and provide a confirmation by electronic or other methods that an application has been submitted. Each Department may by rule require prospective agents to file their applications by electronic means and to provide notices to the agents by electronic means.

(b) An agent must keep his or her identification card visible at all times when in the enclosed, locked facility, or facilities for which he or she is an agent.

(c) The agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the identification card;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the holder;

(4) a photograph of the cardholder; and

(5) the legal name of the community college employing the agent.

(d) An agent identification card shall be immediately returned to the community college of the agent upon termination of his or her employment.

(e) Any agent identification card lost shall be reported to the Illinois State Police and the Department of Agriculture immediately upon discovery of the loss.

(f) An agent applicant may begin employment at a Community College Cannabis Vocational Training Pilot Program while the agent applicant's identification card application is pending. Upon approval, the Department shall issue the agent's identification card to the agent. If denied, the Community College Cannabis Vocational Training Pilot Program and the agent applicant shall be notified and the agent applicant must cease all activity at the Community College Cannabis Vocational Training Pilot Program immediately.

2019 P.A. 101-27, § 25-35, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/25-40 Study. [Repealed July 1, 2026]

By December 31, 2025, the Illinois Cannabis Regulation Oversight Officer, in coordination with the Board, must issue a report to the Governor and the General Assembly which includes, but is not limited to, the following:

(1) Number of security incidents or infractions at each licensee and any action taken or not taken;

(2) Statistics, based on race, ethnicity, gender, and participating community college of:

(A) students enrolled in career in cannabis classes;

(B) successful completion rates by community college students for the Certificate;

(C) postgraduate job placement of students who obtained a Certificate, including both cannabis business establishment jobs and non-cannabis business establishment jobs; and

(3) Any other relevant information.

ARTICLE 30.

CRAFT GROWERS

410 ILCS 705/30-3 Definition.

In this Article, "Department" means the Department of Agriculture.

HISTORY:
2019 P.A. 101-27, § 30-3, effective June 25, 2019.

410 ILCS 705/30-5 Issuance of licenses.

(a) The Department of Agriculture shall issue up to 40 craft grower licenses by July 1, 2020. Any person or entity awarded a license pursuant to this subsection shall only hold one craft grower license and may not sell that license until after December 21, 2021.

(b) By December 21, 2021, the Department of Agriculture shall issue up to 60 additional craft grower licenses. Any person or entity awarded a license pursuant to this subsection shall not hold more than 2 craft grower licenses. The person or entity awarded a license pursuant to this subsection or subsection (a) of this Section may sell its craft grower license subject to the restrictions of this Act or as determined by administrative rule. Prior to issuing such licenses, the Department may adopt rules through emergency rulemaking in accordance with subsection (kk) of Section 5-45 of the Illinois Administrative Procedure Act [5 ILCS 100/5-45], to modify or raise the number of craft grower licenses and modify or change the licensing application process. The General Assembly finds that the adoption of rules to regulate cannabis use is deemed an emergency and necessary for the public interest, safety, and welfare. In determining whether to exercise the authority granted by this subsection, the Department of Agriculture must consider the following factors:

(1) the percentage of cannabis sales occurring in Illinois not in the regulated market using data from the Substance Abuse and Mental Health Services Administration, National Survey on Drug Use and Health, Illinois Behavioral Risk Factor Surveillance System, and tourism data from the Illinois Office of Tourism to ascertain total cannabis consumption in Illinois compared to the amount of sales in licensed dispensing organizations;

(2) whether there is an adequate supply of cannabis and cannabis-infused products to serve registered medical cannabis patients;

(3) whether there is an adequate supply of cannabis and cannabis-infused products to serve purchasers;

(4) whether there is an oversupply of cannabis in Illinois leading to trafficking of cannabis to states where the sale of cannabis is not permitted by law;

(5) population increases or shifts;

(6) the density of craft growers in any area of the State;

(7) perceived security risks of increasing the number or location of craft growers;

(8) the past safety record of craft growers;

(9) the Department of Agriculture's capacity to appropriately regulate additional licensees;

(10) (blank); and

(11) any other criteria the Department of Agriculture deems relevant.

(c) After January 1, 2022, the Department of Agriculture may by rule modify or raise the number of craft grower licenses and modify or change the licensing application process. At no time may the number of craft grower licenses exceed 150. Any person or entity awarded a license pursuant to this subsection shall not hold more than 3 craft grower licenses. A person or entity awarded a license pursuant to this subsection or subsection (a) or subsection (b) of this Section may sell its craft grower license or licenses subject to the restrictions of this Act or as determined by administrative rule.

(d) Upon the completion of the disparity and availability study pertaining to craft growers by the Cannabis Regulation Oversight Officer pursuant to subsection (e) of Section 5-45 [410 ILCS 705/5-45], the Department may modify or change the licensing application process to reduce or eliminate barriers from and remedy evidence of discrimination identified in the disparity and availability study.

HISTORY:

2019 P.A. 101-27, § 30-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/30-10 Application.

(a) When applying for a license, the applicant shall electronically submit the following in such form as the Department of Agriculture may direct:

(1) the nonrefundable application fee of $5,000 to be deposited into the Cannabis Regulation Fund, or another amount as the Department of Agriculture may set by rule after January 1, 2021;

(2) the legal name of the craft grower;

(3) the proposed physical address of the craft grower;

(4) the name, address, social security number, and date of birth of each principal officer and board member of the craft grower; each principal officer and board member shall be at least 21 years of age;

(5) the details of any administrative or judicial proceeding in which any of the principal officers or board members of the craft grower (i) pled guilty, were convicted, were fined, or had a registration or license suspended or revoked or (ii) managed or served on the board of a business or non-profit organization that pled guilty, was convicted, was fined, or had a registration or license suspended or revoked;

(6) proposed operating bylaws that include procedures for the oversight of the craft grower, including the development and implementation of a plant monitoring system, accurate recordkeeping, staffing plan, and security plan approved by the Illinois State Police that are in accordance with the rules issued by the Department of Agriculture under this Act; a physical inventory shall be performed of all plants and on a weekly basis by the craft grower;

(7) verification from the Illinois State Police that all background checks of the prospective principal

officers, board members, and agents of the cannabis business establishment have been conducted;

(8) a copy of the current local zoning ordinance or permit and verification that the proposed craft grower is in compliance with the local zoning rules and distance limitations established by the local jurisdiction;

(9) proposed employment practices, in which the applicant must demonstrate a plan of action to inform, hire, and educate minorities, women, veterans, and persons with disabilities, engage in fair labor practices, and provide worker protections;

(10) whether an applicant can demonstrate experience in or business practices that promote economic empowerment in Disproportionately Impacted Areas;

(11) experience with the cultivation of agricultural or horticultural products, operating an agriculturally related business, or operating a horticultural business;

(12) a description of the enclosed, locked facility where cannabis will be grown, harvested, manufactured, packaged, or otherwise prepared for distribution to a dispensing organization or other cannabis business establishment;

(13) a survey of the enclosed, locked facility, including the space used for cultivation;

(14) cultivation, processing, inventory, and packaging plans;

(15) a description of the applicant's experience with agricultural cultivation techniques and industry standards;

(16) a list of any academic degrees, certifications, or relevant experience of all prospective principal officers, board members, and agents of the related business;

(17) the identity of every person having a financial or voting interest of 5% or greater in the craft grower operation, whether a trust, corporation, partnership, limited liability company, or sole proprietorship, including the name and address of each person;

(18) a plan describing how the craft grower will address each of the following:

(i) energy needs, including estimates of monthly electricity and gas usage, to what extent it will procure energy from a local utility or from on-site generation, and if it has or will adopt a sustainable energy use and energy conservation policy;

(ii) water needs, including estimated water draw and if it has or will adopt a sustainable water use and water conservation policy; and

(iii) waste management, including if it has or will adopt a waste reduction policy;

(19) a recycling plan:

(A) Purchaser packaging, including cartridges, shall be accepted by the applicant and recycled.

(B) Any recyclable waste generated by the craft grower facility shall be recycled per applicable State and local laws, ordinances, and rules.

(C) Any cannabis waste, liquid waste, or hazardous waste shall be disposed of in accordance with 8 Ill. Adm. Code 1000.460, except, to the greatest extent feasible, all cannabis plant waste will be rendered unusable by grinding and incorporating the cannabis plant waste with compostable mixed waste to be disposed of in accordance with 8 Ill. Adm. Code 1000.460(g)(1);

(20) a commitment to comply with local waste provisions: a craft grower facility must remain in compliance with applicable State and federal environmental requirements, including, but not limited to:

(A) storing, securing, and managing all recyclables and waste, including organic waste composed of or containing finished cannabis and cannabis products, in accordance with applicable State and local laws, ordinances, and rules; and

(B) disposing liquid waste containing cannabis or byproducts of cannabis processing in compliance with all applicable State and federal requirements, including, but not limited to, the cannabis cultivation facility's permits under Title X of the Environmental Protection Act [415 ILCS 5/39 et seq.];

(21) a commitment to a technology standard for resource efficiency of the craft grower facility.

(A) A craft grower facility commits to use resources efficiently, including energy and water. For the following, a cannabis cultivation facility commits to meet or exceed the technology standard identified in paragraphs (i), (ii), (iii), and (iv), which may be modified by rule:

(i) lighting systems, including light bulbs;

(ii) HVAC system;

(iii) water application system to the crop; and

(iv) filtration system for removing contaminants from wastewater.

(B) Lighting. The Lighting Power Densities (LPD) for cultivation space commits to not exceed an average of 36 watts per gross square foot of active and growing space canopy, or all installed lighting technology shall meet a photosynthetic photon efficacy (PPE) of no less than 2.2 micromoles per joule fixture and shall be featured on the DesignLights Consortium (DLC) Horticultural Specification Qualified Products List (QPL). In the event that DLC requirement for minimum efficacy exceeds 2.2 micromoles per joule fixture, that PPE shall become the new standard.

(C) HVAC.

(i) For cannabis grow operations with less than 6,000 square feet of canopy, the licensee commits that all HVAC units will be high-efficiency ductless split HVAC units, or other more energy efficient equipment.

(ii) For cannabis grow operations with 6,000 square feet of canopy or more, the licensee commits that all HVAC units will be variable

refrigerant flow HVAC units, or other more energy efficient equipment.

(D) Water application.

(i) The craft grower facility commits to use automated watering systems, including, but not limited to, drip irrigation and flood tables, to irrigate cannabis crop.

(ii) The craft grower facility commits to measure runoff from watering events and report this volume in its water usage plan, and that on average, watering events shall have no more than 20% of runoff of water.

(E) Filtration. The craft grower commits that HVAC condensate, dehumidification water, excess runoff, and other wastewater produced by the craft grower facility shall be captured and filtered to the best of the facility's ability to achieve the quality needed to be reused in subsequent watering rounds.

(F) Reporting energy use and efficiency as required by rule; and

(22) any other information required by rule.

(b) Applicants must submit all required information, including the information required in Section 30-15 [410 ILCS 705/30-15], to the Department of Agriculture. Failure by an applicant to submit all required information may result in the application being disqualified.

(c) If the Department of Agriculture receives an application with missing information, the Department of Agriculture may issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to resubmit the incomplete information. Applications that are still incomplete after this opportunity to cure will not be scored and will be disqualified.

HISTORY:

2019 P.A. 101-27, § 30-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/30-15 Scoring applications.

(a) The Department of Agriculture shall by rule develop a system to score craft grower applications to administratively rank applications based on the clarity, organization, and quality of the applicant's responses to required information. Applicants shall be awarded points based on the following categories:

(1) Suitability of the proposed facility;

(2) Suitability of the employee training plan;

(3) Security and recordkeeping;

(4) Cultivation plan;

(5) Product safety and labeling plan;

(6) Business plan;

(7) The applicant's status as a Social Equity Applicant, which shall constitute no less than 20% of total available points;

(8) Labor and employment practices, which shall constitute no less than 2% of total available points;

(9) Environmental plan as described in paragraphs (18), (19), (20), and (21) of subsection (a) of Section 30-10 [410 ILCS 705/30-10];

(10) The applicant is 51% or more owned and controlled by an individual or individuals who have been an Illinois resident for the past 5 years as proved by tax records or 2 of the following:

(A) a signed lease agreement that includes the applicant's name;

(B) a property deed that includes the applicant's name;

(C) school records;

(D) a voter registration card;

(E) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(F) a paycheck stub;

(G) a utility bill; or

(H) any other proof of residency or other information necessary to establish residence as provided by rule;

(11) The applicant is 51% or more controlled and owned by an individual or individuals who meet the qualifications of a veteran as defined in Section 45-57 of the Illinois Procurement Code [30 ILCS 500/45-57];

(12) A diversity plan that includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity; and

(13) Any other criteria the Department of Agriculture may set by rule for points.

(b) The Department may also award up to 2 bonus points for the applicant's plan to engage with the community. The applicant may demonstrate a desire to engage with its community by participating in one or more of, but not limited to, the following actions: (i) establishment of an incubator program designed to increase participation in the cannabis industry by persons who would qualify as Social Equity Applicants; (ii) providing financial assistance to substance abuse treatment centers; (iii) educating children and teens about the potential harms of cannabis use; or (iv) other measures demonstrating a commitment to the applicant's community. Bonus points will only be awarded if the Department receives applications that receive an equal score.

(c) Should the applicant be awarded a craft grower license, the information and plans that an applicant provided in its application, including any plans submitted for the acquiring of bonus points, shall be a mandatory condition of the license. Any variation from or failure to perform such plans may result in discipline, including the revocation or nonrenewal of a license.

(d) Should the applicant be awarded a craft grower license, the applicant shall pay a prorated fee of $40,000 prior to receiving the license, to be deposited into the Cannabis Regulation Fund. The Department

of Agriculture may by rule adjust the fee in this Section after January 1, 2021.

HISTORY:
2019 P.A. 101-27, § 30-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/30-20 Issuance of license to certain persons prohibited.

(a) No craft grower license issued by the Department of Agriculture shall be issued to a person who is licensed by any licensing authority as a cultivation center, or to any partnership, corporation, limited liability company, or trust or any subsidiary, affiliate, or any other form of business enterprise having more than 10% legal, equitable, or beneficial interest, directly or indirectly, in a person licensed in this State as a cultivation center, or to any principal officer, agent, employee, or human being with any form of ownership or control over a cultivation center except for a person who owns no more than 5% of the outstanding shares of a cultivation center whose shares are publicly traded on an exchange within the meaning of the Securities Exchange Act of 1934.

(b) A person who is licensed in this State as a craft grower, or any partnership, corporation, limited liability company, or trust or any subsidiary, affiliate, or agent thereof, or any other form of business enterprise licensed in this State as a craft grower shall not have more than 10% legal, equitable, or beneficial interest, directly or indirectly, in a person licensed as a cultivation center, nor shall any partnership, corporation, limited liability company, or trust or any subsidiary, affiliate, or any other form of business enterprise having any legal, equitable, or beneficial interest, directly or indirectly, in a person licensed in this State as a craft grower or a craft grower agent be a principal officer, agent, employee, or human being with any form of ownership or control over a cultivation center except for a person who owns no more than 5% of the outstanding shares of a cultivation center whose shares are publicly traded on an exchange within the meaning of the Securities Exchange Act of 1934.

HISTORY:
2019 P.A. 101-27, § 30-20, effective June 25, 2019.

410 ILCS 705/30-25 Denial of application.

An application for a craft grower license must be denied if any of the following conditions are met:

(1) the applicant failed to submit the materials required by this Article;

(2) the applicant would not be in compliance with local zoning rules;

(3) one or more of the prospective principal officers or board members causes a violation of Section 30-20 of this Article [410 ILCS 705/30-20];

(4) one or more of the principal officers or board members is under 21 years of age;

(5) the person has submitted an application for a license under this Act that contains false information; or

(6) the licensee; principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee; or agent is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:
2019 P.A. 101-27, § 30-25, effective June 25, 2019.

410 ILCS 705/30-30 Craft grower requirements; prohibitions.

(a) The operating documents of a craft grower shall include procedures for the oversight of the craft grower, a cannabis plant monitoring system including a physical inventory recorded weekly, accurate recordkeeping, and a staffing plan.

(b) A craft grower shall implement a security plan reviewed by the Illinois State Police that includes, but is not limited to: facility access controls, perimeter intrusion detection systems, personnel identification systems, and a 24-hour surveillance system to monitor the interior and exterior of the craft grower facility and that is accessible to authorized law enforcement and the Department of Agriculture in real time.

(c) All cultivation of cannabis by a craft grower must take place in an enclosed, locked facility at the physical address provided to the Department of Agriculture during the licensing process. The craft grower location shall only be accessed by the agents working for the craft grower, the Department of Agriculture staff performing inspections, the Department of Public Health staff performing inspections, State and local law enforcement or other emergency personnel, contractors working on jobs unrelated to cannabis, such as installing or maintaining security devices or performing electrical wiring, transporting organization agents as provided in this Act, or participants in the incubator program, individuals in a mentoring or educational program approved by the State, or other individuals as provided by rule. However, if a craft grower shares a premises with an infuser or dispensing organization, agents from those other licensees may access the craft grower portion of the premises if that is the location of common bathrooms, lunchrooms, locker rooms, or other areas of the building where work or cultivation of cannabis is not performed. At no time may an infuser or dispensing organization agent perform work at a craft grower without being a registered agent of the craft grower.

(d) A craft grower may not sell or distribute any cannabis to any person other than a cultivation center, a craft grower, an infuser organization, a dispensing organization, or as otherwise authorized by rule.

(e) A craft grower may not be located in an area zoned for residential use.

(f) A craft grower may not either directly or indirectly discriminate in price between different cannabis business establishments that are purchasing a like grade, strain, brand, and quality of cannabis or cannabis-infused product. Nothing in this subsection (f) prevents a craft grower from pricing cannabis differently based on differences in the cost of manufacturing or processing, the quantities sold, such as volume discounts, or the way the products are delivered.

(g) All cannabis harvested by a craft grower and intended for distribution to a dispensing organization must be entered into a data collection system, packaged and labeled under Section 55-21 [410 ILCS 705/55-21], and, if distribution is to a dispensing organization that does not share a premises with the dispensing organization receiving the cannabis, placed into a cannabis container for transport. All cannabis harvested by a craft grower and intended for distribution to a cultivation center, to an infuser organization, or to a craft grower with which it does not share a premises, must be packaged in a labeled cannabis container and entered into a data collection system before transport.

(h) Craft growers are subject to random inspections by the Department of Agriculture, local safety or health inspectors, the Illinois State Police, or as provided by rule.

(i) A craft grower agent shall notify local law enforcement, the Illinois State Police, and the Department of Agriculture within 24 hours of the discovery of any loss or theft. Notification shall be made by phone, in person, or written or electronic communication.

(j) A craft grower shall comply with all State and any applicable federal rules and regulations regarding the use of pesticides.

(k) A craft grower or craft grower agent shall not transport cannabis or cannabis-infused products to any other cannabis business establishment without a transport organization license unless:

(i) If the craft grower is located in a county with a population of 3,000,000 or more, the cannabis business establishment receiving the cannabis is within 2,000 feet of the property line of the craft grower;

(ii) If the craft grower is located in a county with a population of more than 700,000 but fewer than 3,000,000, the cannabis business establishment receiving the cannabis is within 2 miles of the craft grower; or

(iii) If the craft grower is located in a county with a population of fewer than 700,000, the cannabis business establishment receiving the cannabis is within 15 miles of the craft grower.

(*l*) A craft grower may enter into a contract with a transporting organization to transport cannabis to a cultivation center, a craft grower, an infuser organization, a dispensing organization, or a laboratory.

(m) No person or entity shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, of more than 3 craft grower licenses. Further, no person or entity that is employed by, an agent of, or has a contract to receive payment from or participate in the management of a craft grower, is a principal officer of a craft grower, or entity controlled by or affiliated with a principal officer of a craft grower shall hold any legal, equitable, ownership, or beneficial interest, directly or indirectly, in a craft grower license that would result in the person or entity owning or controlling in combination with any craft grower, principal officer of a craft grower, or entity controlled or affiliated with a principal officer of a craft grower by which he, she, or it is employed, is an agent of, or participates in the management of more than 3 craft grower licenses.

(n) It is unlawful for any person having a craft grower license or any officer, associate, member, representative, or agent of the licensee to offer or deliver money, or anything else of value, directly or indirectly, to any person having an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, or to any person connected with or in any way representing, or to any member of the family of, the person holding an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, or to any stockholders in any corporation engaged in the retail sale of cannabis, or to any officer, manager, agent, or representative of the Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act to obtain preferential placement within the dispensing organization, including, without limitation, on shelves and in display cases where purchasers can view products, or on the dispensing organization's website.

(o) A craft grower shall not be located within 1,500 feet of another craft grower or a cultivation center.

(p) A craft grower may process cannabis, cannabis concentrates, and cannabis-infused products.

(q) A craft grower must comply with any other requirements or prohibitions set by administrative rule of the Department of Agriculture.

HISTORY:

2019 P.A. 101-27, § 30-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/30-35 Craft grower agent identification card.

(a) The Department of Agriculture shall:

(1) establish by rule the information required in an initial application or renewal application for an agent identification card submitted under this Act and the nonrefundable fee to accompany the initial application or renewal application;

(2) verify the information contained in an initial application or renewal application for an agent identification card submitted under this Act and approve or deny an application within 30 days of receiving a completed initial application or renewal application and all supporting documentation required by rule;

(3) issue an agent identification card to a qualifying agent within 15 business days of approving the initial application or renewal application;

(4) enter the license number of the craft grower where the agent works; and

(5) allow for an electronic initial application and renewal application process, and provide a confirmation by electronic or other methods that an application has been submitted. The Department of Agriculture may by rule require prospective agents to file their applications by electronic means and provide notices to the agents by electronic means.

(b) An agent must keep his or her identification card visible at all times when on the property of a cannabis business establishment, including the craft grower organization for which he or she is an agent.

(c) The agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the identification card;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the holder;

(4) a photograph of the cardholder; and

(5) the legal name of the craft grower organization employing the agent.

(d) An agent identification card shall be immediately returned to the cannabis business establishment of the agent upon termination of his or her employment.

(e) Any agent identification card lost by a craft grower agent shall be reported to the Illinois State Police and the Department of Agriculture immediately upon discovery of the loss.

HISTORY:

2019 P.A. 101-27, § 30-35, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/30-40 Craft grower background checks.

(a) Through the Illinois State Police, the Department of Agriculture shall conduct a background check of the prospective principal officers, board members, and agents of a craft grower applying for a license or identification card under this Act. The Illinois State Police shall charge a fee set by rule for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. In order to carry out this Section, each craft grower organization's prospective principal officer, board member, or agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Illinois State Police and Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall furnish, following positive identification, all conviction information to the Department of Agriculture.

(b) When applying for the initial license or identification card, the background checks for all prospective principal officers, board members, and agents shall be completed before submitting the application to the licensing or issuing agency.

HISTORY:

2019 P.A. 101-27, § 30-40, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/30-45 Renewal of craft grower licenses and agent identification cards.

(a) Licenses and identification cards issued under this Act shall be renewed annually. A craft grower shall receive written or electronic notice 90 days before the expiration of its current license that the license will expire. The Department of Agriculture shall grant a renewal within 45 days of submission of a renewal application if:

(1) the craft grower submits a renewal application and the required nonrefundable renewal fee of $40,000, or another amount as the Department of Agriculture may set by rule after January 1, 2021;

(2) the Department of Agriculture has not suspended the license of the craft grower or suspended or revoked the license for violating this Act or rules adopted under this Act;

(3) the craft grower has continued to operate in accordance with all plans submitted as part of its application and approved by the Department of Agriculture or any amendments thereto that have been approved by the Department of Agriculture;

(4) the craft grower has submitted an agent, employee, contracting, and subcontracting diversity report as required by the Department; and

(5) the craft grower has submitted an environmental impact report.

(b) If a craft grower fails to renew its license before expiration, it shall cease operations until its license is renewed.

(c) If a craft grower agent fails to renew his or her identification card before its expiration, he or she shall cease to work as an agent of the craft grower organization until his or her identification card is renewed.

(d) Any craft grower that continues to operate, or any craft grower agent who continues to work as an agent, after the applicable license or identification card has expired without renewal is subject to the penalties provided under Section 45-5 [410 ILCS 705/45-5].

(e) All fees or fines collected from the renewal of a craft grower license shall be deposited into the Cannabis Regulation Fund.

HISTORY:
2019 P.A. 101-27, § 30-45, effective June 25, 2019.

410 ILCS 705/30-50 Craft grower taxes; returns.

(a) A tax is imposed upon the privilege of cultivating and processing adult use cannabis at the rate of 7% of the gross receipts from the sale of cannabis by a craft grower to a dispensing organization. The sale of any adult use product that contains any amount of cannabis or any derivative thereof is subject to the tax under this Section on the full selling price of the product. The proceeds from this tax shall be deposited into the Cannabis Regulation Fund. This tax shall be paid by the craft grower who makes the first sale and is not the responsibility of a dispensing organization, qualifying patient, or purchaser.

(b) In the administration of and compliance with this Section, the Department of Revenue and persons who are subject to this Section: (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in the Cannabis Cultivation Privilege Tax Law and the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.] as if those provisions were set forth in this Section.

(c) The tax imposed under this Act shall be in addition to all other occupation or privilege taxes imposed by the State of Illinois or by any municipal corporation or political subdivision thereof.

HISTORY:
2019 P.A. 101-27, § 30-50, effective June 25, 2019.

410 ILCS 705/30-55 Disclosure of ownership and control.

(a) Each craft grower applicant and licensee shall file and maintain a Table of Organization, Ownership, and Control with the Department. The Table of Organization, Ownership, and Control shall contain the information required by this Section in sufficient detail to identify all owners, directors, and principal officers, and the title of each principal officer or business entity that, through direct or indirect means, manages, owns, or controls the applicant or licensee.

(b) The Table of Organization, Ownership and Control shall identify the following information:

(1) The management structure, ownership, and control of the applicant or license holder including the name of each principal officer or business entity, the office or position held, and the percentage ownership interest, if any. If the business entity has a parent company, the name of each owner, board member, and officer of the parent company and his or her percentage ownership interest in the parent company and the craft grower.

(2) If the applicant or licensee is a business entity with publicly traded stock, the identification of ownership shall be provided as required in subsection (c).

(c) If a business entity identified in subsection (b) is a publicly traded company, the following information shall be provided in the Table of Organization, Ownership, and Control:

(1) The name and percentage of ownership interest of each individual or business entity with ownership of more than 5% of the voting shares of the entity, to the extent such information is known or contained in 13D or 13G Securities and Exchange Commission filings.

(2) To the extent known, the names and percentage of interest of ownership of persons who are relatives of one another and who together exercise control over or own more than 10% of the voting shares of the entity.

(d) A craft grower with a parent company or companies, or partially owned or controlled by another entity must disclose to the Department the relationship and all owners, board members, officers, or individuals with control or management of those entities. A craft grower shall not shield its ownership or control from the Department.

(e) All principal officers must submit a complete online application with the Department within 14 days of the craft grower being licensed by the Department or within 14 days of Department notice of approval as a new principal officer.

(f) A principal officer may not allow his or her registration to expire.

(g) A craft grower separating with a principal officer must do so under this Act. The principal officer must communicate the separation to the Department within 5 business days.

(h) A principal officer not in compliance with the requirements of this Act shall be removed from his or her position with the craft grower or shall otherwise terminate his or her affiliation. Failure to do so may subject the craft grower to discipline, suspension, or revocation of its license by the Department.

(i) It is the responsibility of the craft grower and its principal officers to promptly notify the Department of any change of the principal place of business address, hours of operation, change in ownership or control, or a change of the craft grower's primary or secondary contact information. Any changes must be made to the Department in writing.

HISTORY:
2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 35.

INFUSER ORGANIZATIONS

410 ILCS 705/35-3 Definitions.

In this Article:

"Department" means the Department of Agriculture.

HISTORY:

2019 P.A. 101-27, § 35-3, effective June 25, 2019.

410 ILCS 705/35-5 Issuance of licenses.

(a) The Department of Agriculture shall issue up to 40 infuser licenses through a process provided for in this Article no later than July 1, 2020.

(b) The Department of Agriculture shall make the application for infuser licenses available on January 7, 2020, or if that date falls on a weekend or holiday, the business day immediately succeeding the weekend or holiday and every January 7 or succeeding business day thereafter, and shall receive such applications no later than March 15, 2020, or, if that date falls on a weekend or holiday, the business day immediately succeeding the weekend or holiday and every March 15 or succeeding business day thereafter.

(c) By December 21, 2021, the Department of Agriculture may issue up to 60 additional infuser licenses. Prior to issuing such licenses, the Department may adopt rules through emergency rulemaking in accordance with subsection (kk) of Section 5-45 of the Illinois Administrative Procedure Act [5 ILCS 100/5-45], to modify or raise the number of infuser licenses and modify or change the licensing application process to reduce or eliminate barriers. The General Assembly finds that the adoption of rules to regulate cannabis use is deemed an emergency and necessary for the public interest, safety, and welfare.

In determining whether to exercise the authority granted by this subsection, the Department of Agriculture must consider the following factors:

(1) the percentage of cannabis sales occurring in Illinois not in the regulated market using data from the Substance Abuse and Mental Health Services Administration, National Survey on Drug Use and Health, Illinois Behavioral Risk Factor Surveillance System, and tourism data from the Illinois Office of Tourism to ascertain total cannabis consumption in Illinois compared to the amount of sales in licensed dispensing organizations;

(2) whether there is an adequate supply of cannabis and cannabis-infused products to serve registered medical cannabis patients;

(3) whether there is an adequate supply of cannabis and cannabis-infused products to serve purchasers;

(4) whether there is an oversupply of cannabis in Illinois leading to trafficking of cannabis to any other state;

(5) population increases or shifts;

(6) changes to federal law;

(7) perceived security risks of increasing the number or location of infuser organizations;

(8) the past security records of infuser organizations;

(9) the Department of Agriculture's capacity to appropriately regulate additional licenses;

(10) (blank); and

(11) any other criteria the Department of Agriculture deems relevant.

(d) After January 1, 2022, the Department of Agriculture may by rule modify or raise the number of infuser licenses, and modify or change the licensing application process to reduce or eliminate barriers based on the criteria in subsection (c).

(e) Upon the completion of the disparity and availability study pertaining to infusers by the Cannabis Regulation Oversight Officer pursuant to subsection (e) of Section 5-45 [410 ILCS 705/5-45], the Department of Agriculture may modify or change the licensing application process to reduce or eliminate barriers and remedy evidence of discrimination identified in the study.

HISTORY:

2019 P.A. 101-27, § 35-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/35-10 Application.

(a) When applying for a license, the applicant shall electronically submit the following in such form as the Department of Agriculture may direct:

(1) the nonrefundable application fee of $5,000 or, after January 1, 2021, another amount as set by rule by the Department of Agriculture, to be deposited into the Cannabis Regulation Fund;

(2) the legal name of the infuser;

(3) the proposed physical address of the infuser;

(4) the name, address, social security number, and date of birth of each principal officer and board member of the infuser; each principal officer and board member shall be at least 21 years of age;

(5) the details of any administrative or judicial proceeding in which any of the principal officers or board members of the infuser (i) pled guilty, were convicted, fined, or had a registration or license suspended or revoked, or (ii) managed or served on the board of a business or non-profit organization that pled guilty, was convicted, fined, or had a registration or license suspended or revoked;

(6) proposed operating bylaws that include procedures for the oversight of the infuser, including the development and implementation of a plant monitoring system, accurate recordkeeping, staffing plan, and security plan approved by the Illinois State Police that are in accordance with the rules

issued by the Department of Agriculture under this Act; a physical inventory of all cannabis shall be performed on a weekly basis by the infuser;

(7) verification from the Illinois State Police that all background checks of the prospective principal officers, board members, and agents of the infuser organization have been conducted;

(8) a copy of the current local zoning ordinance and verification that the proposed infuser is in compliance with the local zoning rules and distance limitations established by the local jurisdiction;

(9) proposed employment practices, in which the applicant must demonstrate a plan of action to inform, hire, and educate minorities, women, veterans, and persons with disabilities, engage in fair labor practices, and provide worker protections;

(10) whether an applicant can demonstrate experience in or business practices that promote economic empowerment in Disproportionately Impacted Areas;

(11) experience with infusing products with cannabis concentrate;

(12) a description of the enclosed, locked facility where cannabis will be infused, packaged, or otherwise prepared for distribution to a dispensing organization or other infuser;

(13) processing, inventory, and packaging plans;

(14) a description of the applicant's experience with operating a commercial kitchen or laboratory preparing products for human consumption;

(15) a list of any academic degrees, certifications, or relevant experience of all prospective principal officers, board members, and agents of the related business;

(16) the identity of every person having a financial or voting interest of 5% or greater in the infuser operation with respect to which the license is sought, whether a trust, corporation, partnership, limited liability company, or sole proprietorship, including the name and address of each person;

(17) a plan describing how the infuser will address each of the following:

(i) energy needs, including estimates of monthly electricity and gas usage, to what extent it will procure energy from a local utility or from on-site generation, and if it has or will adopt a sustainable energy use and energy conservation policy;

(ii) water needs, including estimated water draw, and if it has or will adopt a sustainable water use and water conservation policy; and

(iii) waste management, including if it has or will adopt a waste reduction policy;

(18) a recycling plan:

(A) a commitment that any recyclable waste generated by the infuser shall be recycled per applicable State and local laws, ordinances, and rules; and

(B) a commitment to comply with local waste provisions. An infuser commits to remain in compliance with applicable State and federal environmental requirements, including, but not limited to, storing, securing, and managing all recyclables and waste, including organic waste composed of or containing finished cannabis and cannabis products, in accordance with applicable State and local laws, ordinances, and rules; and

(19) any other information required by rule.

(b) Applicants must submit all required information, including the information required in Section 35-15 [410 ILCS 705/35-15], to the Department of Agriculture. Failure by an applicant to submit all required information may result in the application being disqualified.

(c) If the Department of Agriculture receives an application with missing information, the Department of Agriculture may issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to resubmit the incomplete information. Applications that are still incomplete after this opportunity to cure will not be scored and will be disqualified.

HISTORY:

2019 P.A. 101-27, § 35-10, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/35-15 Issuing licenses.

(a) The Department of Agriculture shall by rule develop a system to score infuser applications to administratively rank applications based on the clarity, organization, and quality of the applicant's responses to required information. Applicants shall be awarded points based on the following categories:

(1) Suitability of the proposed facility;

(2) Suitability of the employee training plan;

(3) Security and recordkeeping plan;

(4) Infusing plan;

(5) Product safety and labeling plan;

(6) Business plan;

(7) The applicant's status as a Social Equity Applicant, which shall constitute no less than 20% of total available points;

(8) Labor and employment practices, which shall constitute no less than 2% of total available points;

(9) Environmental plan as described in paragraphs (17) and (18) of subsection (a) of Section 35-10 [410 ILCS 705/35-10];

(10) The applicant is 51% or more owned and controlled by an individual or individuals who have been an Illinois resident for the past 5 years as proved by tax records or 2 of the following:

(A) a signed lease agreement that includes the applicant's name;

(B) a property deed that includes the applicant's name;

(C) school records;

(D) a voter registration card;

(E) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(F) a paycheck stub;

(G) a utility bill; or

(H) any other proof of residency or other information necessary to establish residence as provided by rule;

(11) The applicant is 51% or more controlled and owned by an individual or individuals who meet the qualifications of a veteran as defined by Section 45-57 of the Illinois Procurement Code [30 ILCS 500/45-57];

(12) A diversity plan that includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity; and

(13) Any other criteria the Department of Agriculture may set by rule for points.

(b) The Department may also award up to 2 bonus points for the applicant's plan to engage with the community. The applicant may demonstrate a desire to engage with its community by participating in one or more of, but not limited to, the following actions: (i) establishment of an incubator program designed to increase participation in the cannabis industry by persons who would qualify as Social Equity Applicants; (ii) providing financial assistance to substance abuse treatment centers; (iii) educating children and teens about the potential harms of cannabis use; or (iv) other measures demonstrating a commitment to the applicant's community. Bonus points will only be awarded if the Department receives applications that receive an equal score.

(c) Should the applicant be awarded an infuser license, the information and plans that an applicant provided in its application, including any plans submitted for the acquiring of bonus points, becomes a mandatory condition of the permit. Any variation from or failure to perform such plans may result in discipline, including the revocation or nonrenewal of a license.

(d) Should the applicant be awarded an infuser organization license, it shall pay a fee of $5,000 prior to receiving the license, to be deposited into the Cannabis Regulation Fund. The Department of Agriculture may by rule adjust the fee in this Section after January 1, 2021.

HISTORY:

2019 P.A. 101-27, § 35-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/35-20 Denial of application.

An application for an infuser license shall be denied if any of the following conditions are met:

(1) the applicant failed to submit the materials required by this Article;

(2) the applicant would not be in compliance with local zoning rules or permit requirements;

(3) one or more of the prospective principal officers or board members causes a violation of Section 35-25 [410 ILCS 705/35-25].

(4) one or more of the principal officers or board members is under 21 years of age;

(5) the person has submitted an application for a license under this Act or this Article that contains false information; or

(6) if the licensee; principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee; or agent is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:

2019 P.A. 101-27, § 35-20, effective June 25, 2019.

410 ILCS 705/35-25 Infuser organization requirements; prohibitions.

(a) The operating documents of an infuser shall include procedures for the oversight of the infuser, an inventory monitoring system including a physical inventory recorded weekly, accurate recordkeeping, and a staffing plan.

(b) An infuser shall implement a security plan reviewed by the Illinois State Police that includes, but is not limited to: facility access controls, perimeter intrusion detection systems, personnel identification systems, and a 24-hour surveillance system to monitor the interior and exterior of the infuser facility and that is accessible to authorized law enforcement, the Department of Public Health, and the Department of Agriculture in real time.

(c) All processing of cannabis by an infuser must take place in an enclosed, locked facility at the physical address provided to the Department of Agriculture during the licensing process. The infuser location shall only be accessed by the agents working for the infuser, the Department of Agriculture staff performing inspections, the Department of Public Health staff performing inspections, State and local law enforcement or other emergency personnel, contractors working on jobs unrelated to cannabis, such as installing or maintaining security devices or performing electrical wiring, transporting organization agents as provided in this Act, participants in the incubator program, individuals in a mentoring or educational program approved by the State, local safety or health inspectors, or other individuals as provided by rule. However, if an infuser shares a premises with a craft grower or dispensing organization, agents from these other licensees may access the infuser portion of the premises if that is the location of common bathrooms, lunchrooms, locker rooms, or other areas of the building where processing of cannabis is not performed. At no time may a craft grower or dispensing organization agent perform work at an infuser without being a registered agent of the infuser.

(d) An infuser may not sell or distribute any cannabis to any person other than a dispensing organization, or as otherwise authorized by rule.

(e) An infuser may not either directly or indirectly discriminate in price between different cannabis

business establishments that are purchasing a like grade, strain, brand, and quality of cannabis or cannabis-infused product. Nothing in this subsection (e) prevents an infuser from pricing cannabis differently based on differences in the cost of manufacturing or processing, the quantities sold, such volume discounts, or the way the products are delivered.

(f) All cannabis infused by an infuser and intended for distribution to a dispensing organization must be entered into a data collection system, packaged and labeled under Section 55-21 [410 ILCS 705/55-21], and, if distribution is to a dispensing organization that does not share a premises with the infuser, placed into a cannabis container for transport. All cannabis produced by an infuser and intended for distribution to a cultivation center, infuser organization, or craft grower with which it does not share a premises, must be packaged in a labeled cannabis container and entered into a data collection system before transport.

(g) Infusers are subject to random inspections by the Department of Agriculture, the Department of Public Health, the Illinois State Police, local law enforcement, or as provided by rule.

(h) An infuser agent shall notify local law enforcement, the Illinois State Police, and the Department of Agriculture within 24 hours of the discovery of any loss or theft. Notification shall be made by phone, in person, or by written or electronic communication.

(i) An infuser organization may not be located in an area zoned for residential use.

(j) An infuser or infuser agent shall not transport cannabis or cannabis-infused products to any other cannabis business establishment without a transport organization license unless:

(i) If the infuser is located in a county with a population of 3,000,000 or more, the cannabis business establishment receiving the cannabis or cannabis-infused product is within 2,000 feet of the property line of the infuser;

(ii) If the infuser is located in a county with a population of more than 700,000 but fewer than 3,000,000, the cannabis business establishment receiving the cannabis or cannabis-infused product is within 2 miles of the infuser; or

(iii) If the infuser is located in a county with a population of fewer than 700,000, the cannabis business establishment receiving the cannabis or cannabis-infused product is within 15 miles of the infuser.

(k) An infuser may enter into a contract with a transporting organization to transport cannabis to a dispensing organization or a laboratory.

(*l*) An infuser organization may share premises with a craft grower or a dispensing organization, or both, provided each licensee stores currency and cannabis or cannabis-infused products in a separate secured vault to which the other licensee does not have access or all licensees sharing a vault share more than 50% of the same ownership.

(m) It is unlawful for any person or entity having an infuser organization license or any officer, associate, member, representative or agent of such licensee to offer or deliver money, or anything else of value, directly or indirectly to any person having an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], or to any person connected with or in any way representing, or to any member of the family of, such person holding an Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act, or to any stockholders in any corporation engaged the retail sales of cannabis, or to any officer, manager, agent, or representative of the Early Approval Adult Use Dispensing Organization License, a Conditional Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act to obtain preferential placement within the dispensing organization, including, without limitation, on shelves and in display cases where purchasers can view products, or on the dispensing organization's website.

(n) At no time shall an infuser organization or an infuser agent perform the extraction of cannabis concentrate from cannabis flower.

HISTORY:

2019 P.A. 101-27, § 35-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/35-30 Infuser agent identification card.

(a) The Department of Agriculture shall:

(1) establish by rule the information required in an initial application or renewal application for an agent identification card submitted under this Act and the nonrefundable fee to accompany the initial application or renewal application;

(2) verify the information contained in an initial application or renewal application for an agent identification card submitted under this Act, and approve or deny an application within 30 days of receiving a completed initial application or renewal application and all supporting documentation required by rule;

(3) issue an agent identification card to a qualifying agent within 15 business days of approving the initial application or renewal application;

(4) enter the license number of the infuser where the agent works; and

(5) allow for an electronic initial application and renewal application process, and provide a confir-

mation by electronic or other methods that an application has been submitted. The Department of Agriculture may by rule require prospective agents to file their applications by electronic means and provide notices to the agents by electronic means.

(b) An agent must keep his or her identification card visible at all times when on the property of a cannabis business establishment including the cannabis business establishment for which he or she is an agent.

(c) The agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the identification card;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the holder;

(4) a photograph of the cardholder; and

(5) the legal name of the infuser organization employing the agent.

(d) An agent identification card shall be immediately returned to the infuser organization of the agent upon termination of his or her employment.

(e) Any agent identification card lost by a transporting agent shall be reported to the Illinois State Police and the Department of Agriculture immediately upon discovery of the loss.

(f) An agent applicant may begin employment at an infuser organization while the agent applicant's identification card application is pending. Upon approval, the Department shall issue the agent's identification card to the agent. If denied, the infuser organization and the agent applicant shall be notified and the agent applicant must cease all activity at the infuser organization immediately.

HISTORY:

2019 P.A. 101-27, § 35-30, effective June 25, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/35-31 Ensuring an adequate supply of raw materials to serve infusers.

(a) As used in this Section, "raw materials" includes, but is not limited to, CO_2 hash oil, "crude", "distillate", or any other cannabis concentrate extracted from cannabis flower by use of a solvent or a mechanical process.

(b) The Department of Agriculture may by rule design a method for assessing whether licensed infusers have access to an adequate supply of reasonably affordable raw materials, which may include but not be limited to: (i) a survey of infusers; (ii) a market study on the sales trends of cannabis-infused products manufactured by infusers; and (iii) the costs cultivation centers and craft growers assume for the raw materials they use in any cannabis-infused products they manufacture.

(c) The Department of Agriculture shall perform an assessment of whether infusers have access to an adequate supply of reasonably affordable raw materials that shall start no sooner than January 1, 2022 and shall conclude no later than April 1, 2022. The Department of Agriculture may rely on data from the Illinois Cannabis Regulation Oversight Officer as part of this assessment.

(d) The Department of Agriculture shall perform an assessment of whether infusers have access to an adequate supply of reasonably affordable raw materials that shall start no sooner than January 1, 2023 and shall conclude no later than April 1, 2023. The Department of Agriculture may rely on data from the Cannabis Regulation Oversight Officer as part of this assessment.

(e) The Department of Agriculture may by rule adopt measures to ensure infusers have access to an adequate supply of reasonably affordable raw materials necessary for the manufacture of cannabis-infused products. Such measures may include, but not be limited to (i) requiring cultivation centers and craft growers to set aside a minimum amount of raw materials for the wholesale market or (ii) enabling infusers to apply for a processor license to extract raw materials from cannabis flower.

(f) If the Department of Agriculture determines processor licenses may be available to infuser organizations based upon findings made pursuant to subsection (e), infuser organizations may submit to the Department of Agriculture on forms provided by the Department of Agriculture the following information as part of an application to receive a processor license:

(1) experience with the extraction, processing, or infusing of oils similar to those derived from cannabis, or other business practices to be performed by the infuser;

(2) a description of the applicant's experience with manufacturing equipment and chemicals to be used in processing;

(3) expertise in relevant scientific fields;

(4) a commitment that any cannabis waste, liquid waste, or hazardous waste shall be disposed of in accordance with 8 Ill. Adm. Code 1000.460, except, to the greatest extent feasible, all cannabis plant waste will be rendered unusable by grinding and incorporating the cannabis plant waste with compostable mixed waste to be disposed of in accordance with Ill. Adm. Code 1000.460(g)(1); and

(5) any other information the Department of Agriculture deems relevant.

(g) The Department of Agriculture may only issue an infuser organization a processor license if, based on the information pursuant to subsection (f) and any other criteria set by the Department of Agriculture, which may include but not be limited an inspection of the site where processing would occur, the Department of Agriculture is reasonably certain the infuser organization will process cannabis in a safe and compliant manner.

HISTORY:
2019 P.A. 101-27, § 35-31, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/35-35 Infuser organization background checks.

(a) Through the Department of State Police, the Department of Agriculture shall conduct a background check of the prospective principal officers, board members, and agents of an infuser applying for a license or identification card under this Act. The Department of State Police shall charge a fee set by rule for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. In order to carry out this provision, each infuser organization's prospective principal officer, board member, or agent shall submit a full set of fingerprints to the Department of State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The Department of State Police shall furnish, following positive identification, all conviction information to the Department of Agriculture.

(b) When applying for the initial license or identification card, the background checks for all prospective principal officers, board members, and agents shall be completed before submitting the application to the licensing or issuing agency.

HISTORY:
2019 P.A. 101-27, § 35-35, effective June 25, 2019.

410 ILCS 705/35-40 Renewal of infuser organization licenses and agent identification cards.

(a) Licenses and identification cards issued under this Act shall be renewed annually. An infuser organization shall receive written or electronic notice 90 days before the expiration of its current license that the license will expire. The Department of Agriculture shall grant a renewal within 45 days of submission of a renewal application if:

(1) the infuser organization submits a renewal application and the required nonrefundable renewal fee of $20,000, or, after January 1, 2021, another amount set by rule by the Department of Agriculture, to be deposited into the Cannabis Regulation Fund;

(2) the Department of Agriculture has not suspended or revoked the license of the infuser organization for violating this Act or rules adopted under this Act;

(3) the infuser organization has continued to operate in accordance with all plans submitted as part of its application and approved by the Department of Agriculture or any amendments thereto that have been approved by the Department of Agriculture;

(4) The infuser has submitted an agent, employee, contracting, and subcontracting diversity report as required by the Department; and

(5) The infuser has submitted an environmental impact report.

(b) If an infuser organization fails to renew its license before expiration, it shall cease operations until its license is renewed.

(c) If an infuser organization agent fails to renew his or her identification card before its expiration, he or she shall cease to work as an agent of the infuser organization until his or her identification card is renewed.

(d) Any infuser organization that continues to operate, or any infuser organization agent who continues to work as an agent, after the applicable license or identification card has expired without renewal is subject to the penalties provided under Section 35-25 [410 ILCS 705/35-25].

(e) The Department shall not renew a license or an agent identification card if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:
2019 P.A. 101-27, § 35-40, effective June 25, 2019.

410 ILCS 705/35-45 Disclosure of ownership and control.

(a) Each infuser organization applicant and licensee shall file and maintain a Table of Organization, Ownership and Control with the Department. The Table of Organization, Ownership and Control shall contain the information required by this Section in sufficient detail to identify all owners, directors, and principal officers, and the title of each principal officer or business entity that, through direct or indirect means, manages, owns, or controls the applicant or licensee.

(b) The Table of Organization, Ownership, and Control shall identify the following information:

(1) The management structure, ownership, and control of the applicant or license holder including the name of each principal officer or business entity, the office or position held, and the percentage ownership interest, if any. If the business entity has a parent company, the name of each owner, board member, and officer of the parent company and his or her percentage ownership interest in the parent company and the infuser organization.

(2) If the applicant or licensee is a business entity with publicly traded stock, the identification of ownership shall be provided as required in subsection (c).

(c) If a business entity identified in subsection (b) is a publicly traded company, the following information shall be provided in the Table of Organization, Ownership, and Control:

(1) The name and percentage of ownership interest of each individual or business entity with ownership of more than 5% of the voting shares of the entity, to the extent such information is known or contained in 13D or 13G Securities and Exchange Commission filings.

(2) To the extent known, the names and percentage of interest of ownership of persons who are relatives of one another and who together exercise control over or own more than 10% of the voting shares of the entity.

(d) An infuser organization with a parent company or companies, or partially owned or controlled by another entity must disclose to the Department the relationship and all owners, board members, officers, or individuals with control or management of those entities. An infuser organization shall not shield its ownership or control from the Department.

(e) All principal officers must submit a complete online application with the Department within 14 days of the infuser organization being licensed by the Department or within 14 days of Department notice of approval as a new principal officer.

(f) A principal officer may not allow his or her registration to expire.

(g) An infuser organization separating with a principal officer must do so under this Act. The principal officer must communicate the separation to the Department within 5 business days.

(h) A principal officer not in compliance with the requirements of this Act shall be removed from his or her position with the infuser organization or shall otherwise terminate his or her affiliation. Failure to do so may subject the infuser organization to discipline, suspension, or revocation of its license by the Department.

(i) It is the responsibility of the infuser organization and its principal officers to promptly notify the Department of any change of the principal place of business address, hours of operation, change in ownership or control, or a change of the infuser organization's primary or secondary contact information. Any changes must be made to the Department in writing.

HISTORY:
2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 40.

TRANSPORTING ORGANIZATIONS

410 ILCS 705/40-1 Definition.

In this Article, "Department" means the Department of Agriculture.

HISTORY:
2019 P.A. 101-27, § 40-1, effective June 25, 2019.

410 ILCS 705/40-5 Issuance of licenses.

(a) The Department shall issue transporting licenses through a process provided for in this Article no later than July 1, 2020.

(b) The Department shall make the application for transporting organization licenses available on January 7, 2020 and shall receive such applications no later than March 15, 2020. The Department of Agriculture shall make available such applications on every January 7 thereafter or if that date falls on a weekend or holiday, the business day immediately succeeding the weekend or holiday and shall receive such applications no later than March 15 or the succeeding business day thereafter.

HISTORY:
2019 P.A. 101-27, § 40-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/40-10 Application.

(a) When applying for a transporting organization license, the applicant shall submit the following in such form as the Department of Agriculture may direct:

(1) the nonrefundable application fee of $5,000 or, after January 1, 2021, another amount as set by rule by the Department of Agriculture, to be deposited into the Cannabis Regulation Fund;

(2) the legal name of the transporting organization;

(3) the proposed physical address of the transporting organization, if one is proposed;

(4) the name, address, social security number, and date of birth of each principal officer and board member of the transporting organization; each principal officer and board member shall be at least 21 years of age;

(5) the details of any administrative or judicial proceeding in which any of the principal officers or board members of the transporting organization (i) pled guilty, were convicted, fined, or had a registration or license suspended or revoked, or (ii) managed or served on the board of a business or non-profit organization that pled guilty, was convicted, fined, or had a registration or license suspended or revoked;

(6) proposed operating bylaws that include procedures for the oversight of the transporting organization, including the development and implementation of an accurate recordkeeping plan, staffing plan, and security plan approved by the Illinois State Police that are in accordance with the rules issued by the Department of Agriculture under this Act; a physical inventory shall be performed of all cannabis on a weekly basis by the transporting organization;

(7) verification from the Illinois State Police that all background checks of the prospective principal officers, board members, and agents of the transporting organization have been conducted;

(8) a copy of the current local zoning ordinance or permit and verification that the proposed transporting organization is in compliance with the local zoning rules and distance limitations established by the local jurisdiction, if the transporting organization has a business address;

(9) proposed employment practices, in which the applicant must demonstrate a plan of action to inform, hire, and educate minorities, women, veterans, and persons with disabilities, engage in fair labor practices, and provide worker protections;

(10) whether an applicant can demonstrate experience in or business practices that promote economic empowerment in Disproportionately Impacted Areas;

(11) the number and type of equipment the transporting organization will use to transport cannabis and cannabis-infused products;

(12) loading, transporting, and unloading plans;

(13) a description of the applicant's experience in the distribution or security business;

(14) the identity of every person having a financial or voting interest of 5% or more in the transporting organization with respect to which the license is sought, whether a trust, corporation, partnership, limited liability company, or sole proprietorship, including the name and address of each person; and

(15) any other information required by rule.

(b) Applicants must submit all required information, including the information required in Section 40-35 [410 ILCS 705/40-35] to the Department. Failure by an applicant to submit all required information may result in the application being disqualified.

(c) If the Department receives an application with missing information, the Department of Agriculture may issue a deficiency notice to the applicant. The applicant shall have 10 calendar days from the date of the deficiency notice to resubmit the incomplete information. Applications that are still incomplete after this opportunity to cure will not be scored and will be disqualified.

HISTORY:

2019 P.A. 101-27, § 40-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/40-15 Issuing licenses.

(a) The Department of Agriculture shall by rule develop a system to score transporter applications to administratively rank applications based on the clarity, organization, and quality of the applicant's responses to required information. Applicants shall be awarded points based on the following categories:

(1) suitability of employee training plan;

(2) security and recordkeeping plan;

(3) business plan;

(4) the applicant's status as a Social Equity Applicant, which shall constitute no less than 20% of total available points;

(5) labor and employment practices, which shall constitute no less than 2% of total available points;

(6) environmental plan that demonstrates an environmental plan of action to minimize the carbon footprint, environmental impact, and resource needs for the transporter, which may include, without limitation, recycling cannabis product packaging;

(7) the applicant is 51% or more owned and controlled by an individual or individuals who have been an Illinois resident for the past 5 years as proved by tax records or 2 of the following:

(A) a signed lease agreement that includes the applicant's name;

(B) a property deed that includes the applicant's name;

(C) school records;

(D) a voter registration card;

(E) an Illinois driver's license, an Illinois Identification Card, or an Illinois Person with a Disability Identification Card;

(F) a paycheck stub;

(G) a utility bill; or

(H) any other proof of residency or other information necessary to establish residence as provided by rule;

(8) the applicant is 51% or more controlled and owned by an individual or individuals who meet the qualifications of a veteran as defined by Section 45-57 of the Illinois Procurement Code [30 ILCS 500/45-57];

(9) a diversity plan that includes a narrative of not more than 2,500 words that establishes a goal of diversity in ownership, management, employment, and contracting to ensure that diverse participants and groups are afforded equality of opportunity; and

(10) any other criteria the Department of Agriculture may set by rule for points.

(b) The Department may also award up to 2 bonus points for the applicant's plan to engage with the community. The applicant may demonstrate a desire to engage with its community by participating in one or more of, but not limited to, the following actions: (i) establishment of an incubator program designed to increase participation in the cannabis industry by persons who would qualify as Social Equity Applicants; (ii) providing financial assistance to substance abuse treatment centers; (iii) educating children and teens about the potential harms of cannabis use; or (iv) other measures demonstrating a commitment to the applicant's community. Bonus points will only be awarded if the Department receives applications that receive an equal score.

(c) Applicants for transporting organization licenses that score at least 75% of the available points according to the system developed by rule and meet all other requirements for a transporter license shall be issued a license by the Department of Agriculture within 60 days of receiving the application. Applicants that were registered as medical cannabis cul-

tivation centers prior to January 1, 2020 and who meet all other requirements for a transporter license shall be issued a license by the Department of Agriculture within 60 days of receiving the application.

(d) Should the applicant be awarded a transporting organization license, the information and plans that an applicant provided in its application, including any plans submitted for the acquiring of bonus points, shall be a mandatory condition of the permit. Any variation from or failure to perform such plans may result in discipline, including the revocation or nonrenewal of a license.

(e) Should the applicant be awarded a transporting organization license, the applicant shall pay a prorated fee of $10,000 prior to receiving the license, to be deposited into the Cannabis Regulation Fund. The Department of Agriculture may by rule adjust the fee in this Section after January 1, 2021.

HISTORY:
2019 P.A. 101-27, § 40-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/40-20 Denial of application.

An application for a transporting organization license shall be denied if any of the following conditions are met:

(1) the applicant failed to submit the materials required by this Article;

(2) the applicant would not be in compliance with local zoning rules or permit requirements;

(3) one or more of the prospective principal officers or board members causes a violation of Section 40-25 [410 ILCS 705/40-25];

(4) one or more of the principal officers or board members is under 21 years of age;

(5) the person has submitted an application for a license under this Act that contains false information; or

(6) the licensee, principal officer, board member, or person having a financial or voting interest of 5% or greater in the licensee is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:
2019 P.A. 101-27, § 40-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/40-25 Transporting organization requirements; prohibitions.

(a) The operating documents of a transporting organization shall include procedures for the oversight of the transporter, an inventory monitoring system including a physical inventory recorded weekly, accurate recordkeeping, and a staffing plan.

(b) A transporting organization may not transport cannabis or cannabis-infused products to any person other than a cultivation center, a craft grower, an infuser organization, a dispensing organization, a testing facility, or as otherwise authorized by rule.

(c) All cannabis transported by a transporting organization must be entered into a data collection system and placed into a cannabis container for transport.

(d) Transporters are subject to random inspections by the Department of Agriculture, the Department of Public Health, the Illinois State Police, or as provided by rule.

(e) A transporting organization agent shall notify local law enforcement, the Illinois State Police, and the Department of Agriculture within 24 hours of the discovery of any loss or theft. Notification shall be made by phone, in person, or by written or electronic communication.

(f) No person under the age of 21 years shall be in a commercial vehicle or trailer transporting cannabis goods.

(g) No person or individual who is not a transporting organization agent shall be in a vehicle while transporting cannabis goods.

(h) Transporters may not use commercial motor vehicles with a weight rating of over 10,001 pounds.

(i) It is unlawful for any person to offer or deliver money, or anything else of value, directly or indirectly, to any of the following persons to obtain preferential placement within the dispensing organization, including, without limitation, on shelves and in display cases where purchasers can view products, or on the dispensing organization's website:

(1) a person having a transporting organization license, or any officer, associate, member, representative, or agent of the licensee;

(2) a person having an Early Applicant Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.];

(3) a person connected with or in any way representing, or a member of the family of, a person holding an Early Applicant Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act; or

(4) a stockholder, officer, manager, agent, or representative of a corporation engaged in the retail sale of cannabis, an Early Applicant Adult Use Dispensing Organization License, an Adult Use Dispensing Organization License, or a medical cannabis dispensing organization license issued under the Compassionate Use of Medical Cannabis Program Act.

(j) A transporting organization agent must keep his or her identification card visible at all times when on the property of a cannabis business establishment and during the transporting of cannabis when acting under his or her duties as a transportation organization agent. During these times, the transporting organization agent must also provide the identifica-

tion card upon request of any law enforcement officer engaged in his or her official duties.

(k) A copy of the transporting organization's registration and a manifest for the delivery shall be present in any vehicle transporting cannabis.

(*l*) Cannabis shall be transported so it is not visible or recognizable from outside the vehicle.

(m) A vehicle transporting cannabis must not bear any markings to indicate the vehicle contains cannabis or bear the name or logo of the cannabis business establishment.

(n) Cannabis must be transported in an enclosed, locked storage compartment that is secured or affixed to the vehicle.

(o) The Department of Agriculture may, by rule, impose any other requirements or prohibitions on the transportation of cannabis.

HISTORY:

2019 P.A. 101-27, § 40-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/40-30 Transporting agent identification card.

(a) The Department of Agriculture shall:

(1) establish by rule the information required in an initial application or renewal application for an agent identification card submitted under this Act and the nonrefundable fee to accompany the initial application or renewal application;

(2) verify the information contained in an initial application or renewal application for an agent identification card submitted under this Act and approve or deny an application within 30 days of receiving a completed initial application or renewal application and all supporting documentation required by rule;

(3) issue an agent identification card to a qualifying agent within 15 business days of approving the initial application or renewal application;

(4) enter the license number of the transporting organization where the agent works; and

(5) allow for an electronic initial application and renewal application process, and provide a confirmation by electronic or other methods that an application has been submitted. The Department of Agriculture may by rule require prospective agents to file their applications by electronic means and provide notices to the agents by electronic means.

(b) An agent must keep his or her identification card visible at all times when on the property of a cannabis business establishment, including the cannabis business establishment for which he or she is an agent.

(c) The agent identification cards shall contain the following:

(1) the name of the cardholder;

(2) the date of issuance and expiration date of the identification card;

(3) a random 10-digit alphanumeric identification number containing at least 4 numbers and at least 4 letters that is unique to the holder;

(4) a photograph of the cardholder; and

(5) the legal name of the transporting organization employing the agent.

(d) An agent identification card shall be immediately returned to the transporting organization of the agent upon termination of his or her employment.

(e) Any agent identification card lost by a transporting agent shall be reported to the Illinois State Police and the Department of Agriculture immediately upon discovery of the loss.

(f) An application for an agent identification card shall be denied if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

(g) An agent applicant may begin employment at a transporting organization while the agent applicant's identification card application is pending. Upon approval, the Department shall issue the agent's identification card to the agent. If denied, the transporting organization and the agent applicant shall be notified and the agent applicant must cease all activity at the transporting organization immediately.

HISTORY:

2019 P.A. 101-27, § 40-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/40-35 Transporting organization background checks.

(a) Through the Illinois State Police, the Department of Agriculture shall conduct a background check of the prospective principal officers, board members, and agents of a transporter applying for a license or identification card under this Act. The Illinois State Police shall charge a fee set by rule for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. In order to carry out this provision, each transporting organization's prospective principal officer, board member, or agent shall submit a full set of fingerprints to the Illinois State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Illinois State Police and Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall furnish, following positive identification, all conviction information to the Department of Agriculture.

(b) When applying for the initial license or identification card, the background checks for all prospective principal officers, board members, and agents shall be completed before submitting the application to the Department of Agriculture.

HISTORY:
2019 P.A. 101-27, § 40-35, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/40-40 Renewal of transporting organization licenses and agent identification cards.

(a) Licenses and identification cards issued under this Act shall be renewed annually. A transporting organization shall receive written or electronic notice 90 days before the expiration of its current license that the license will expire. The Department of Agriculture shall grant a renewal within 45 days of submission of a renewal application if:

(1) the transporting organization submits a renewal application and the required nonrefundable renewal fee of $10,000, or after January 1, 2021, another amount set by rule by the Department of Agriculture, to be deposited into the Cannabis Regulation Fund;

(2) the Department of Agriculture has not suspended or revoked the license of the transporting organization for violating this Act or rules adopted under this Act;

(3) the transporting organization has continued to operate in accordance with all plans submitted as part of its application and approved by the Department of Agriculture or any amendments thereto that have been approved by the Department of Agriculture; and

(4) the transporter has submitted an agent, employee, contracting, and subcontracting diversity report as required by the Department.

(b) If a transporting organization fails to renew its license before expiration, it shall cease operations until its license is renewed.

(c) If a transporting organization agent fails to renew his or her identification card before its expiration, he or she shall cease to work as an agent of the transporting organization until his or her identification card is renewed.

(d) Any transporting organization that continues to operate, or any transporting organization agent who continues to work as an agent, after the applicable license or identification card has expired without renewal is subject to the penalties provided under Section 45-5 [410 ILCS 705/45-5].

(e) The Department shall not renew a license or an agent identification card if the applicant is delinquent in filing any required tax returns or paying any amounts owed to the State of Illinois.

HISTORY:
2019 P.A. 101-27, § 40-40, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/40-45 Disclosure of ownership and control.

(a) Each transporting organization applicant and licensee shall file and maintain a Table of Organization, Ownership, and Control with the Department. The Table of Organization, Ownership, and Control shall contain the information required by this Section in sufficient detail to identify all owners, directors, and principal officers, and the title of each principal officer or business entity that, through direct or indirect means, manages, owns, or controls the applicant or licensee.

(b) The Table of Organization, Ownership, and Control shall identify the following information:

(1) The management structure, ownership, and control of the applicant or license holder including the name of each principal officer or business entity, the office or position held, and the percentage ownership interest, if any. If the business entity has a parent company, the name of each owner, board member, and officer of the parent company and his or her percentage ownership interest in the parent company and the transporting organization.

(2) If the applicant or licensee is a business entity with publicly traded stock, the identification of ownership shall be provided as required in subsection (c).

(c) If a business entity identified in subsection (b) is a publicly traded company, the following information shall be provided in the Table of Organization, Ownership, and Control:

(1) The name and percentage of ownership interest of each individual or business entity with ownership of more than 5% of the voting shares of the entity, to the extent such information is known or contained in 13D or 13G Securities and Exchange Commission filings.

(2) To the extent known, the names and percentage of interest of ownership of persons who are relatives of one another and who together exercise control over or own more than 10% of the voting shares of the entity.

(d) A transporting organization with a parent company or companies, or partially owned or controlled by another entity must disclose to the Department the relationship and all owners, board members, officers, or individuals with control or management of those entities. A transporting organization shall not shield its ownership or control from the Department.

(e) All principal officers must submit a complete online application with the Department within 14 days of the transporting organization being licensed by the Department or within 14 days of Department notice of approval as a new principal officer.

(f) A principal officer may not allow his or her registration to expire.

(g) A transporting organization separating with a principal officer must do so under this Act. The principal officer must communicate the separation to the Department within 5 business days.

(h) A principal officer not in compliance with the requirements of this Act shall be removed from his or her position with the transporting organization or shall otherwise terminate his or her affiliation. Fail-

ure to do so may subject the transporting organization to discipline, suspension, or revocation of its license by the Department.

(i) It is the responsibility of the transporting organization and its principal officers to promptly notify the Department of any change of the principal place of business address, hours of operation, change in ownership or control, or a change of the transporting organization's primary or secondary contact information. Any changes must be made to the Department in writing.

HISTORY:
2021 P.A. 102-98, § 10, effective July 15, 2021.

ARTICLE 45.

ENFORCEMENT AND IMMUNITIES

410 ILCS 705/45-5 License suspension; revocation; other penalties.

(a) Notwithstanding any other criminal penalties related to the unlawful possession of cannabis, the Department of Financial and Professional Regulation and the Department of Agriculture may revoke, suspend, place on probation, reprimand, issue cease and desist orders, refuse to issue or renew a license, or take any other disciplinary or nondisciplinary action as each department may deem proper with regard to a cannabis business establishment or cannabis business establishment agent, including fines not to exceed:

(1) $50,000 for each violation of this Act or rules adopted under this Act by a cultivation center or cultivation center agent;

(2) $20,000 for each violation of this Act or rules adopted under this Act by a dispensing organization or dispensing organization agent;

(3) $15,000 for each violation of this Act or rules adopted under this Act by a craft grower or craft grower agent;

(4) $10,000 for each violation of this Act or rules adopted under this Act by an infuser organization or infuser organization agent; and

(5) $10,000 for each violation of this Act or rules adopted under this Act by a transporting organization or transporting organization agent.

(b) The Department of Financial and Professional Regulation and the Department of Agriculture, as the case may be, shall consider licensee cooperation in any agency or other investigation in its determination of penalties imposed under this Section.

(c) The procedures for disciplining a cannabis business establishment or cannabis business establishment agent and for administrative hearings shall be determined by rule, and shall provide for the review of final decisions under the Administrative Review Law.

(d) The Attorney General may also enforce a violation of Section 55-20, Section 55-21, and Section 15-155 [410 ILCS 705/55-20, 410 ILCS 705/55-21 and 410 ILCS 705/15-155] as an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act [815 ILCS 505/1 et seq.].

HISTORY:
2019 P.A. 101-27, § 45-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/45-10 Immunities and presumptions related to the handling of cannabis by cannabis business establishments and their agents.

(a) A cultivation center, craft grower, infuser organization, or transporting organization is not subject to: (i) prosecution; (ii) search or inspection, except by the Department of Agriculture, the Department of Public Health, or State or local law enforcement under this Act; (iii) seizure; (iv) penalty in any manner, including, but not limited to, civil penalty; (v) denial of any right or privilege; or (vi) disciplinary action by a business licensing board or entity for acting under this Act and rules adopted under this Act to acquire, possess, cultivate, manufacture, process, deliver, transfer, transport, supply, or sell cannabis or cannabis paraphernalia under this Act.

(b) A licensed cultivation center agent, licensed craft grower agent, licensed infuser organization agent, or licensed transporting organization agent is not subject to: (i) prosecution; (ii) search; (iii) penalty in any manner, including, but not limited to, civil penalty; (iv) denial of any right or privilege; or (v) disciplinary action by a business licensing board or entity, for engaging in cannabis-related activities authorized under this Act and rules adopted under this Act.

(c) A dispensing organization is not subject to: (i) prosecution; (ii) search or inspection, except by the Department of Financial and Professional Regulation, or State or local law enforcement under this Act; (iii) seizure; (iv) penalty in any manner, including, but not limited to, civil penalty; (v) denial of any right or privilege; or (vi) disciplinary action by a business licensing board or entity, for acting under this Act and rules adopted under this Act to acquire, possess, or dispense cannabis, cannabis-infused products, cannabis paraphernalia, or related supplies, and educational materials under this Act.

(d) A licensed dispensing organization agent is not subject to: (i) prosecution; (ii) search; or (iii) penalty in any manner, or denial of any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business licensing board or entity, for working for a dispensing organization under this Act and rules adopted under this Act.

(e) Any cannabis, cannabis-infused product, cannabis paraphernalia, legal property, or interest in legal property that is possessed, owned, or used in connection with the use of cannabis as allowed under

this Act, or acts incidental to that use, may not be seized or forfeited. This Act does not prevent the seizure or forfeiture of cannabis exceeding the amounts allowed under this Act, nor does it prevent seizure or forfeiture if the basis for the action is unrelated to the cannabis that is possessed, manufactured, transferred, or used under this Act.

(f) Nothing in this Act shall preclude local or State law enforcement agencies from searching a cultivation center, craft grower, infuser organization, transporting organization, or dispensing organization if there is probable cause to believe that the criminal laws of this State have been violated and the search is conducted in conformity with the Illinois Constitution, the Constitution of the United States, and applicable law.

(g) Nothing in this Act shall preclude the Attorney General or other authorized government agency from investigating or bringing a civil action against a cannabis business establishment, or an agent thereof, for a violation of State law, including, but not limited to, civil rights violations and violations of the Consumer Fraud and Deceptive Business Practices Act [815 ILCS 505/1 et seq.].

HISTORY:
2019 P.A. 101-27, § 45-10, effective June 25, 2019.

410 ILCS 705/45-15 State standards and requirements.

Any standards, requirements, and rules regarding the health and safety, environmental protection, testing, security, food safety, and worker protections established by the State shall be the minimum standards for all licensees under this Act statewide, where applicable. Knowing violations of any State or local law, ordinance, or rule conferring worker protections or legal rights on the employees of a licensee may be grounds for disciplinary action under this Act, in addition to penalties established elsewhere.

HISTORY:
2019 P.A. 101-27, § 45-15, effective June 25, 2019.

410 ILCS 705/45-20 Violation of tax Acts; refusal, revocation, or suspension of license or agent identification card.

(a) In addition to other grounds specified in this Act, the Department of Agriculture and Department of Financial and Professional Regulation, upon notification by the Department of Revenue, shall refuse the issuance or renewal of a license or agent identification card, or suspend or revoke the license or agent identification card, of any person, for any of the following violations of any tax Act administered by the Department of Revenue:

(1) Failure to file a tax return.

(2) The filing of a fraudulent return.

(3) Failure to pay all or part of any tax or penalty finally determined to be due.

(4) Failure to keep books and records.

(5) Failure to secure and display a certificate or sub-certificate of registration, if required.

(6) Willful violation of any rule or regulation of the Department relating to the administration and enforcement of tax liability.

(b) After all violations of any of items (1) through (6) of subsection (a) have been corrected or resolved, the Department shall, upon request of the applicant or, if not requested, may notify the entities listed in subsection (a) that the violations have been corrected or resolved. Upon receiving notice from the Department that a violation of any of items (1) through (6) of subsection (a) have been corrected or otherwise resolved to the Department of Revenue's satisfaction, the Department of Agriculture and the Department of Financial and Professional Regulation may issue or renew the license or agent identification card, or vacate an order of suspension or revocation.

HISTORY:
2019 P.A. 101-27, § 45-20, effective June 25, 2019.

ARTICLE 50.

LABORATORY TESTING

410 ILCS 705/50-5 Laboratory testing.

(a) Notwithstanding any other provision of law, the following acts, when performed by a cannabis testing facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee, or agent of a cannabis testing facility, are not unlawful and shall not be an offense under Illinois law or be a basis for seizure or forfeiture of assets under Illinois law:

(1) possessing, repackaging, transporting, storing, or displaying cannabis or cannabis-infused products;

(2) receiving or transporting cannabis or cannabis-infused products from a cannabis business establishment, a community college licensed under the Community College Cannabis Vocational Training Pilot Program, or a person 21 years of age or older; and

(3) returning or transporting cannabis or cannabis-infused products to a cannabis business establishment, a community college licensed under the Community College Cannabis Vocational Training Pilot Program, or a person 21 years of age or older.

(b)(1) No laboratory shall handle, test, or analyze cannabis unless approved by the Department of Agriculture in accordance with this Section.

(2) No laboratory shall be approved to handle, test, or analyze cannabis unless the laboratory:

(A) is accredited by a private laboratory accrediting organization;

(B) is independent from all other persons involved in the cannabis industry in Illinois and no person with a direct or indirect interest in the laboratory has a direct or indirect financial,

management, or other interest in an Illinois cultivation center, craft grower, dispensary, infuser, transporter, certifying physician, or any other entity in the State that may benefit from the production, manufacture, dispensing, sale, purchase, or use of cannabis; and

(C) has employed at least one person to oversee and be responsible for the laboratory testing who has earned, from a college or university accredited by a national or regional certifying authority, at least:

(i) a master's level degree in chemical or biological sciences and a minimum of 2 years' post-degree laboratory experience; or

(ii) a bachelor's degree in chemical or biological sciences and a minimum of 4 years' post-degree laboratory experience.

(3) Each independent testing laboratory that claims to be accredited must provide the Department of Agriculture with a copy of the most recent annual inspection report granting accreditation and every annual report thereafter.

(c) Immediately before manufacturing or natural processing of any cannabis or cannabis-infused product or packaging cannabis for sale to a dispensary, each batch shall be made available by the cultivation center, craft grower, or infuser for an employee of an approved laboratory to select a random sample, which shall be tested by the approved laboratory for:

(1) microbiological contaminants;

(2) mycotoxins;

(3) pesticide active ingredients;

(4) residual solvent; and

(5) an active ingredient analysis.

(d) The Department of Agriculture may select a random sample that shall, for the purposes of conducting an active ingredient analysis, be tested by the Department of Agriculture for verification of label information.

(e) A laboratory shall immediately return or dispose of any cannabis upon the completion of any testing, use, or research. If cannabis is disposed of, it shall be done in compliance with Department of Agriculture rule.

(f) If a sample of cannabis does not pass the microbiological, mycotoxin, pesticide chemical residue, or solvent residue test, based on the standards established by the Department of Agriculture, the following shall apply:

(1) If the sample failed the pesticide chemical residue test, the entire batch from which the sample was taken shall, if applicable, be recalled as provided by rule.

(2) If the sample failed any other test, the batch may be used to make a CO_2-based or solvent based extract. After processing, the CO_2-based or solvent based extract must still pass all required tests.

(g) The Department of Agriculture shall establish standards for microbial, mycotoxin, pesticide residue, solvent residue, or other standards for the presence of possible contaminants, in addition to labeling requirements for contents and potency.

(h) The laboratory shall file with the Department of Agriculture an electronic copy of each laboratory test result for any batch that does not pass the microbiological, mycotoxin, or pesticide chemical residue test, at the same time that it transmits those results to the cultivation center. In addition, the laboratory shall maintain the laboratory test results for at least 5 years and make them available at the Department of Agriculture's request.

(i) A cultivation center, craft grower, and infuser shall provide to a dispensing organization the laboratory test results for each batch of cannabis product purchased by the dispensing organization, if sampled. Each dispensing organization must have those laboratory results available upon request to purchasers.

(j) The Department of Agriculture may adopt rules related to testing in furtherance of this Act.

HISTORY:

2019 P.A. 101-27, § 50-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

ARTICLE 55.

GENERAL PROVISIONS

410 ILCS 705/55-5 Preparation of cannabis-infused products.

(a) The Department of Agriculture may regulate the production of cannabis-infused products by a cultivation center, a craft grower, an infuser organization, or a dispensing organization and establish rules related to refrigeration, hot-holding, and handling of cannabis-infused products. All cannabis-infused products shall meet the packaging and labeling requirements contained in Section 55-21 [410 ILCS 705/55-21].

(b) Cannabis-infused products for sale or distribution at a dispensing organization must be prepared by an approved agent of a cultivation center or infuser organization.

(c) A cultivation center or infuser organization that prepares cannabis-infused products for sale or distribution by a dispensing organization shall be under the operational supervision of a Department of Public Health certified food service sanitation manager.

(d) Dispensing organizations may not manufacture, process, or produce cannabis-infused products.

(e) The Department of Public Health shall adopt and enforce rules for the manufacture and processing of cannabis-infused products, and for that purpose it may at all times enter every building, room, basement, enclosure, or premises occupied or used, or suspected of being occupied or used, for the production, preparation, manufacture for sale, storage, sale, processing, distribution, or transportation of cannabis-infused products, and to inspect the premises together with all utensils, fixtures, furniture, and

machinery used for the preparation of these products.

(f) The Department of Agriculture shall by rule establish a maximum level of THC that may be contained in each serving of cannabis-infused product, and within the product package.

(g) If a local public health agency has a reasonable belief that a cannabis-infused product poses a public health hazard, it may refer the cultivation center, craft grower, or infuser that manufactured or processed the cannabis-infused product to the Department of Public Health. If the Department of Public Health finds that a cannabis-infused product poses a health hazard, it may bring an action for immediate injunctive relief to require that action be taken as the court may deem necessary to meet the hazard of the cultivation facility or seek other relief as provided by rule.

HISTORY:
2019 P.A. 101-27, § 55-5, effective June 25, 2019.

410 ILCS 705/55-10 Maintenance of inventory.

All dispensing organizations authorized to serve both registered qualifying patients and caregivers and purchasers are required to report which cannabis and cannabis-infused products are purchased for sale under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], and which cannabis and cannabis-infused products are purchased under this Act. Nothing in this Section prohibits a registered qualifying patient under the Compassionate Use of Medical Cannabis Program Act from purchasing cannabis as a purchaser under this Act.

HISTORY:
2019 P.A. 101-27, § 55-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/55-15 Destruction of cannabis.

(a) All cannabis byproduct, scrap, and harvested cannabis not intended for distribution to a dispensing organization must be destroyed and disposed of under rules adopted by the Department of Agriculture under this Act. Documentation of destruction and disposal shall be retained at the cultivation center, craft grower, infuser organization, transporter, or testing facility as applicable for a period of not less than 5 years.

(b) A cultivation center, craft grower, or infuser organization shall, before destruction, notify the Department of Agriculture and the Illinois State Police. A dispensing organization shall, before destruction, notify the Department of Financial and Professional Regulation and the Illinois State Police. The Department of Agriculture may by rule require that an employee of the Department of Agriculture or the Department of Financial and Professional Regulation be present during the destruction of any cannabis byproduct, scrap, and harvested cannabis, as applicable.

(c) The cultivation center, craft grower, infuser organization, or dispensing organization shall keep a record of the date of destruction and how much was destroyed.

(d) A dispensing organization shall destroy all cannabis, including cannabis-infused products, not sold to purchasers. Documentation of destruction and disposal shall be retained at the dispensing organization for a period of not less than 5 years.

HISTORY:
2019 P.A. 101-27, § 55-15, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-20 Advertising and promotions.

(a) No cannabis business establishment nor any other person or entity shall engage in advertising that contains any statement or illustration that:

(1) is false or misleading;

(2) promotes overconsumption of cannabis or cannabis products;

(3) depicts the actual consumption of cannabis or cannabis products;

(4) depicts a person under 21 years of age consuming cannabis;

(5) makes any health, medicinal, or therapeutic claims about cannabis or cannabis-infused products;

(6) includes the image of a cannabis leaf or bud; or

(7) includes any image designed or likely to appeal to minors, including cartoons, toys, animals, or children, or any other likeness to images, characters, or phrases that is designed in any manner to be appealing to or encourage consumption by persons under 21 years of age.

(b) No cannabis business establishment nor any other person or entity shall place or maintain, or cause to be placed or maintained, an advertisement of cannabis or a cannabis-infused product in any form or through any medium:

(1) within 1,000 feet of the perimeter of school grounds, a playground, a recreation center or facility, a child care center, a public park or public library, or a game arcade to which admission is not restricted to persons 21 years of age or older;

(2) on or in a public transit vehicle or public transit shelter;

(3) on or in publicly owned or publicly operated property; or

(4) that contains information that:

(A) is false or misleading;

(B) promotes excessive consumption;

(C) depicts a person under 21 years of age consuming cannabis;

(D) includes the image of a cannabis leaf; or

(E) includes any image designed or likely to appeal to minors, including cartoons, toys, ani-

mals, or children, or any other likeness to images, characters, or phrases that are popularly used to advertise to children, or any imitation of candy packaging or labeling, or that promotes consumption of cannabis.

(c) Subsections (a) and (b) do not apply to an educational message.

(d) Sales promotions. No cannabis business establishment nor any other person or entity may encourage the sale of cannabis or cannabis products by giving away cannabis or cannabis products, by conducting games or competitions related to the consumption of cannabis or cannabis products, or by providing promotional materials or activities of a manner or type that would be appealing to children.

HISTORY:

2019 P.A. 101-27, § 55-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/55-21 Cannabis product packaging and labeling.

(a) Each cannabis product produced for sale shall be registered with the Department of Agriculture on forms provided by the Department of Agriculture. Each product registration shall include a label and the required registration fee at the rate established by the Department of Agriculture for a comparable medical cannabis product, or as established by rule. The registration fee is for the name of the product offered for sale and one fee shall be sufficient for all package sizes.

(b) All harvested cannabis intended for distribution to a cannabis enterprise must be packaged in a sealed, labeled container.

(c) Any product containing cannabis shall be sold in a sealed, odor-proof, and child-resistant cannabis container consistent with current standards, including the Consumer Product Safety Commission standards referenced by the Poison Prevention Act unless the sale is between or among a craft grower, infuser, or cultivation center.

(d) All cannabis-infused products shall be individually wrapped or packaged at the original point of preparation. The packaging of the cannabis-infused product shall conform to the labeling requirements of the Illinois Food, Drug and Cosmetic Act [410 ILCS 620/1 et seq.], in addition to the other requirements set forth in this Section.

(e) Each cannabis product shall be labeled before sale and each label shall be securely affixed to the package and shall state in legible English and any languages required by the Department of Agriculture:

(1) the name and post office box of the registered cultivation center or craft grower where the item was manufactured;

(2) the common or usual name of the item and the registered name of the cannabis product that was registered with the Department of Agriculture under subsection (a);

(3) a unique serial number that will match the product with a cultivation center or craft grower batch and lot number to facilitate any warnings or recalls the Department of Agriculture, cultivation center, or craft grower deems appropriate;

(4) the date of final testing and packaging, if sampled, and the identification of the independent testing laboratory;

(5) the date of harvest and "use by" date;

(6) the quantity (in ounces or grams) of cannabis contained in the product;

(7) a pass/fail rating based on the laboratory's microbiological, mycotoxins, and pesticide and solvent residue analyses, if sampled;

(8) content list.

(A) A list of the following, including the minimum and maximum percentage content by weight for subdivisions (e)(8)(A)(i) through (iv):

(i) delta-9-tetrahydrocannabinol (THC);

(ii) tetrahydrocannabinolic acid (THCA);

(iii) cannabidiol (CBD);

(iv) cannabidiolic acid (CBDA); and

(v) all other ingredients of the item, including any colors, artificial flavors, and preservatives, listed in descending order by predominance of weight shown with common or usual names.

(B) The acceptable tolerances for the minimum percentage printed on the label for any of subdivisions (e)(8)(A)(i) through (iv) shall not be below 85% or above 115% of the labeled amount.

(f) Packaging must not contain information that:

(1) is false or misleading;

(2) promotes excessive consumption;

(3) depicts a person under 21 years of age consuming cannabis;

(4) includes the image of a cannabis leaf;

(5) includes any image designed or likely to appeal to minors, including cartoons, toys, animals, or children, or any other likeness to images, characters, or phrases that are popularly used to advertise to children, or any packaging or labeling that bears reasonable resemblance to any product available for consumption as a commercially available candy, or that promotes consumption of cannabis;

(6) contains any seal, flag, crest, coat of arms, or other insignia likely to mislead the purchaser to believe that the product has been endorsed, made, or used by the State of Illinois or any of its representatives except where authorized by this Act.

(g) Cannabis products produced by concentrating or extracting ingredients from the cannabis plant shall contain the following information, where applicable:

(1) If solvents were used to create the concentrate or extract, a statement that discloses the type of extraction method, including any solvents or gases used to create the concentrate or extract; and

(2) Any other chemicals or compounds used to produce or were added to the concentrate or extract.

(h) All cannabis products must contain warning statements established for purchasers, of a size that is legible and readily visible to a consumer inspecting a package, which may not be covered or obscured in any way. The Department of Public Health shall define and update appropriate health warnings for packages including specific labeling or warning requirements for specific cannabis products.

(i) Unless modified by rule to strengthen or respond to new evidence and science, the following warnings shall apply to all cannabis products unless modified by rule: "This product contains cannabis and is intended for use by adults 21 and over. Its use can impair cognition and may be habit forming. This product should not be used by pregnant or breastfeeding women. It is unlawful to sell or provide this item to any individual, and it may not be transported outside the State of Illinois. It is illegal to operate a motor vehicle while under the influence of cannabis. Possession or use of this product may carry significant legal penalties in some jurisdictions and under federal law.".

(j) Warnings for each of the following product types must be present on labels when offered for sale to a purchaser:

(1) Cannabis that may be smoked must contain a statement that "Smoking is hazardous to your health.".

(2) Cannabis-infused products (other than those intended for topical application) must contain a statement "CAUTION: This product contains cannabis, and intoxication following use may be delayed 2 or more hours. This product was produced in a facility that cultivates cannabis, and that may also process common food allergens.".

(3) Cannabis-infused products intended for topical application must contain a statement "DO NOT EAT" in bold, capital letters.

(k) Each cannabis-infused product intended for consumption must be individually packaged, must include the total milligram content of THC and CBD, and may not include more than a total of 100 milligrams of THC per package. A package may contain multiple servings of 10 milligrams of THC, indicated by scoring, wrapping, or by other indicators designating individual serving sizes. The Department of Agriculture may change the total amount of THC allowed for each package, or the total amount of THC allowed for each serving size, by rule.

(*l*) No individual other than the purchaser may alter or destroy any labeling affixed to the primary packaging of cannabis or cannabis-infused products.

(m) For each commercial weighing and measuring device used at a facility, the cultivation center or craft grower must:

(1) Ensure that the commercial device is licensed under the Weights and Measures Act [225 ILCS 470/1 et seq.] and the associated administrative rules (8 Ill. Adm. Code 600);

(2) Maintain documentation of the licensure of the commercial device; and

(3) Provide a copy of the license of the commercial device to the Department of Agriculture for review upon request.

(n) It is the responsibility of the Department to ensure that packaging and labeling requirements, including product warnings, are enforced at all times for products provided to purchasers. Product registration requirements and container requirements may be modified by rule by the Department of Agriculture.

(o) Labeling, including warning labels, may be modified by rule by the Department of Agriculture.

HISTORY:

2019 P.A. 101-27, § 55-21, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021.

410 ILCS 705/55-25 Local ordinances.

Unless otherwise provided under this Act or otherwise in accordance with State law:

(1) A unit of local government, including a home rule unit or any non-home rule county within the unincorporated territory of the county, may enact reasonable zoning ordinances or resolutions, not in conflict with this Act or rules adopted pursuant to this Act, regulating cannabis business establishments. No unit of local government, including a home rule unit or any non-home rule county within the unincorporated territory of the county, may prohibit home cultivation or unreasonably prohibit use of cannabis authorized by this Act.

(2) A unit of local government, including a home rule unit or any non-home rule county within the unincorporated territory of the county, may enact ordinances or rules not in conflict with this Act or with rules adopted pursuant to this Act governing the time, place, manner, and number of cannabis business establishment operations, including minimum distance limitations between cannabis business establishments and locations it deems sensitive, including colleges and universities, through the use of conditional use permits. A unit of local government, including a home rule unit, may establish civil penalties for violation of an ordinance or rules governing the time, place, and manner of operation of a cannabis business establishment or a conditional use permit in the jurisdiction of the unit of local government. No unit of local government, including a home rule unit or non-home rule county within an unincorporated territory of the county, may unreasonably restrict the time, place, manner, and number of cannabis business establishment operations authorized by this Act.

(3) A unit of local government, including a home rule unit, or any non-home rule county within the unincorporated territory of the county may authorize or permit the on-premises consumption of cannabis at or in a dispensing organization or retail tobacco store (as defined in Section 10 of the

Smoke Free Illinois Act [410 ILCS 82/10]) within its jurisdiction in a manner consistent with this Act. A dispensing organization or retail tobacco store authorized or permitted by a unit of local government to allow on-site consumption shall not be deemed a public place within the meaning of the Smoke Free Illinois Act [410 ILCS 82/1 et seq.].

(4) A unit of local government, including a home rule unit or any non-home rule county within the unincorporated territory of the county, may not regulate the activities described in paragraph (1), (2), or (3) in a manner more restrictive than the regulation of those activities by the State under this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(5) A unit of local government, including a home rule unit or any non-home rule county within the unincorporated territory of the county, may enact ordinances to prohibit or significantly limit a cannabis business establishment's location.

HISTORY:
2019 P.A. 101-27, § 55-25, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/55-28 Restricted cannabis zones.

(a) As used in this Section:

"Legal voter" means a person:

(1) who is duly registered to vote in a municipality with a population of over 500,000;

(2) whose name appears on a poll list compiled by the city board of election commissioners since the last preceding election, regardless of whether the election was a primary, general, or special election;

(3) who, at the relevant time, is a resident of the address at which he or she is registered to vote; and

(4) whose address, at the relevant time, is located in the precinct where such person seeks to file a notice of intent to initiate a petition process, circulate a petition, or sign a petition under this Section.

As used in the definition of "legal voter", "relevant time" means any time that:

(i) a notice of intent is filed, pursuant to subsection (c) of this Section, to initiate the petition process under this Section;

(ii) the petition is circulated for signature in the applicable precinct; or

(iii) the petition is signed by registered voters in the applicable precinct.

"Petition" means the petition described in this Section.

"Precinct" means the smallest constituent territory within a municipality with a population of over 500,000 in which electors vote as a unit at the same polling place in any election governed by the Election Code [10 ILCS 5/1-1 et seq.].

"Restricted cannabis zone" means a precinct within which home cultivation, one or more types of cannabis business establishments, or both has been prohibited pursuant to an ordinance initiated by a petition under this Section.

(b) The legal voters of any precinct within a municipality with a population of over 500,000 may petition their local alderperson, using a petition form made available online by the city clerk, to introduce an ordinance establishing the precinct as a restricted zone. Such petition shall specify whether it seeks an ordinance to prohibit, within the precinct: (i) home cultivation; (ii) one or more types of cannabis business establishments; or (iii) home cultivation and one or more types of cannabis business establishments.

Upon receiving a petition containing the signatures of at least 25% of the registered voters of the precinct, and concluding that the petition is legally sufficient following the posting and review process in subsection (c) of this Section, the city clerk shall notify the local alderperson of the ward in which the precinct is located. Upon being notified, that alderperson, following an assessment of relevant factors within the precinct, including, but not limited to, its geography, density and character, the prevalence of residentially zoned property, current licensed cannabis business establishments in the precinct, the current amount of home cultivation in the precinct, and the prevailing viewpoint with regard to the issue raised in the petition, may introduce an ordinance to the municipality's governing body creating a restricted cannabis zone in that precinct.

(c) A person seeking to initiate the petition process described in this Section shall first submit to the city clerk notice of intent to do so, on a form made available online by the city clerk. That notice shall include a description of the potentially affected area and the scope of the restriction sought. The city clerk shall publicly post the submitted notice online.

To be legally sufficient, a petition must contain the requisite number of valid signatures and all such signatures must be obtained within 90 days of the date that the city clerk publicly posts the notice of intent. Upon receipt, the city clerk shall post the petition on the municipality's website for a 30-day comment period. The city clerk is authorized to take all necessary and appropriate steps to verify the legal sufficiency of a submitted petition. Following the petition review and comment period, the city clerk shall publicly post online the status of the petition as accepted or rejected, and if rejected, the reasons therefor. If the city clerk rejects a petition as legally insufficient, a minimum of 12 months must elapse from the time the city clerk posts the rejection notice before a new notice of intent for that same precinct may be submitted.

(c-5) Within 3 days after receiving an application for zoning approval to locate a cannabis business establishment within a municipality with a popula-

tion of over 500,000, the municipality shall post a public notice of the filing on its website and notify the alderperson of the ward in which the proposed cannabis business establishment is to be located of the filing. No action shall be taken on the zoning application for 7 business days following the notice of the filing for zoning approval.

If a notice of intent to initiate the petition process to prohibit the type of cannabis business establishment proposed in the precinct of the proposed cannabis business establishment is filed prior to the filing of the application or within the 7-day period after the filing of the application, the municipality shall not approve the application for at least 90 days after the city clerk publicly posts the notice of intent to initiate the petition process. If a petition is filed within the 90-day petition-gathering period described in subsection (c), the municipality shall not approve the application for an additional 90 days after the city clerk's receipt of the petition; provided that if the city clerk rejects a petition as legally insufficient, the municipality may approve the application prior to the end of the 90 days. If a petition is not submitted within the 90-day petition-gathering period described in subsection (c), the municipality may approve the application unless the approval is otherwise stayed pursuant to this subsection by a separate notice of intent to initiate the petition process filed timely within the 7-day period.

If no legally sufficient petition is timely filed, a minimum of 12 months must elapse before a new notice of intent for that same precinct may be submitted.

(d) Notwithstanding any law to the contrary, the municipality may enact an ordinance creating a restricted cannabis zone. The ordinance shall:

(1) identify the applicable precinct boundaries as of the date of the petition;

(2) state whether the ordinance prohibits within the defined boundaries of the precinct, and in what combination: (A) one or more types of cannabis business establishments; or (B) home cultivation;

(3) be in effect for 4 years, unless repealed earlier; and

(4) once in effect, be subject to renewal by ordinance at the expiration of the 4-year period without the need for another supporting petition.

(e) An Early Approval Adult Use Dispensing Organization License permitted to relocate under subsection (b-5) of Section 15-15 [410 ILCS 705/15-15] shall not relocate to a restricted cannabis zone.

HISTORY:

2019 P.A. 101-27, § 55-28, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-15, § 95, effective June 17, 2021; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-687, § 170, effective December 17, 2021.

410 ILCS 705/55-30 Confidentiality.

(a) Information provided by the cannabis business establishment licensees or applicants to the Department of Agriculture, the Department of Public Health, the Department of Financial and Professional Regulation, the Department of Commerce and Economic Opportunity, or other agency shall be limited to information necessary for the purposes of administering this Act. The information is subject to the provisions and limitations contained in the Freedom of Information Act [5 ILCS 140/1 et seq.] and may be disclosed in accordance with Section 55-65 [410 ILCS 705/55-65].

(b) The following information received and records kept by the Department of Agriculture, the Department of Public Health, the Illinois State Police, and the Department of Financial and Professional Regulation for purposes of administering this Article are subject to all applicable federal privacy laws, are confidential and exempt from disclosure under the Freedom of Information Act, except as provided in this Act, and not subject to disclosure to any individual or public or private entity, except to the Department of Financial and Professional Regulation, the Department of Agriculture, the Department of Public Health, and the Illinois State Police as necessary to perform official duties under this Article and to the Attorney General as necessary to enforce the provisions of this Act. The following information received and kept by the Department of Financial and Professional Regulation or the Department of Agriculture may be disclosed to the Department of Public Health, the Department of Agriculture, the Department of Revenue, the Illinois State Police, or the Attorney General upon proper request:

(1) Applications and renewals, their contents, and supporting information submitted by or on behalf of dispensing organizations, cannabis business establishments, or Community College Cannabis Vocational Program licensees, in compliance with this Article, including their physical addresses; however, this does not preclude the release of ownership information about cannabis business establishment licenses, or information submitted with an application required to be disclosed pursuant to subsection (f);

(2) Any plans, procedures, policies, or other records relating to cannabis business establishment security; and

(3) Information otherwise exempt from disclosure by State or federal law.

Illinois or national criminal history record information, or the nonexistence or lack of such information, may not be disclosed by the Department of Financial and Professional Regulation or the Department of Agriculture, except as necessary to the Attorney General to enforce this Act.

(c) The name and address of a dispensing organization licensed under this Act shall be subject to disclosure under the Freedom of Information Act. The name and cannabis business establishment address of the person or entity holding each cannabis business establishment license shall be subject to disclosure.

(d) All information collected by the Department of Financial and Professional Regulation or the Depart-

ment of Agriculture in the course of an examination, inspection, or investigation of a licensee or applicant, including, but not limited to, any complaint against a licensee or applicant filed with the Department of Financial and Professional Regulation or the Department of Agriculture and information collected to investigate any such complaint, shall be maintained for the confidential use of the Department of Financial and Professional Regulation or the Department of Agriculture and shall not be disclosed, except as otherwise provided in this Act. A formal complaint against a licensee by the Department of Financial and Professional Regulation or the Department of Agriculture or any disciplinary order issued by the Department of Financial and Professional Regulation or the Department of Agriculture against a licensee or applicant shall be a public record, except as otherwise provided by law. Complaints from consumers or members of the general public received regarding a specific, named licensee or complaints regarding conduct by unlicensed entities shall be subject to disclosure under the Freedom of Information Act.

(e) The Department of Agriculture, the Illinois State Police, and the Department of Financial and Professional Regulation shall not share or disclose any Illinois or national criminal history record information, or the nonexistence or lack of such information, to any person or entity not expressly authorized by this Act.

(f) Each Department responsible for licensure under this Act shall publish on the Department's website a list of the ownership information of cannabis business establishment licensees under the Department's jurisdiction. The list shall include, but is not limited to: the name of the person or entity holding each cannabis business establishment license; and the address at which the entity is operating under this Act. This list shall be published and updated monthly.

HISTORY:

2019 P.A. 101-27, § 55-30, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-98, § 10, effective July 15, 2021; 2021 P.A. 102-538, § 845, effective August 20, 2021; 2022 P.A. 102-813, § 540, effective May 13, 2022.

410 ILCS 705/55-35 Administrative rulemaking.

(a) No later than 180 days after the effective date of this Act, the Department of Agriculture, the Illinois State Police, the Department of Financial and Professional Regulation, the Department of Revenue, the Department of Commerce and Economic Opportunity, and the Treasurer's Office shall adopt permanent rules in accordance with their responsibilities under this Act. The Department of Agriculture, the Illinois State Police, the Department of Financial and Professional Regulation, the Department of Revenue, and the Department of Commerce and Economic Opportunity may adopt rules necessary to regulate personal cannabis use through the use of emergency rulemaking in accordance with subsection (gg) of Section 5-45 of the Illinois Administrative Procedure Act [5 ILCS 100/5-45]. The General Assembly finds that the adoption of rules to regulate cannabis use is deemed an emergency and necessary for the public interest, safety, and welfare.

(b) The Department of Agriculture rules may address, but are not limited to, the following matters related to cultivation centers, craft growers, infuser organizations, and transporting organizations with the goal of protecting against diversion and theft, without imposing an undue burden on the cultivation centers, craft growers, infuser organizations, or transporting organizations:

(1) oversight requirements for cultivation centers, craft growers, infuser organizations, and transporting organizations;

(2) recordkeeping requirements for cultivation centers, craft growers, infuser organizations, and transporting organizations;

(3) security requirements for cultivation centers, craft growers, infuser organizations, and transporting organizations, which shall include that each cultivation center, craft grower, infuser organization, and transporting organization location must be protected by a fully operational security alarm system;

(4) standards for enclosed, locked facilities under this Act;

(5) procedures for suspending or revoking the identification cards of agents of cultivation centers, craft growers, infuser organizations, and transporting organizations that commit violations of this Act or the rules adopted under this Section;

(6) rules concerning the intrastate transportation of cannabis from a cultivation center, craft grower, infuser organization, and transporting organization to a dispensing organization;

(7) standards concerning the testing, quality, cultivation, and processing of cannabis; and

(8) any other matters under oversight by the Department of Agriculture as are necessary for the fair, impartial, stringent, and comprehensive administration of this Act.

(c) The Department of Financial and Professional Regulation rules may address, but are not limited to, the following matters related to dispensing organizations, with the goal of protecting against diversion and theft, without imposing an undue burden on the dispensing organizations:

(1) oversight requirements for dispensing organizations;

(2) recordkeeping requirements for dispensing organizations;

(3) security requirements for dispensing organizations, which shall include that each dispensing organization location must be protected by a fully operational security alarm system;

(4) procedures for suspending or revoking the licenses of dispensing organization agents that commit violations of this Act or the rules adopted under this Act;

(5) any other matters under oversight by the Department of Financial and Professional Regulation that are necessary for the fair, impartial, stringent, and comprehensive administration of this Act.

(d) The Department of Revenue rules may address, but are not limited to, the following matters related to the payment of taxes by cannabis business establishments:

(1) recording of sales;

(2) documentation of taxable income and expenses;

(3) transfer of funds for the payment of taxes; or

(4) any other matter under the oversight of the Department of Revenue.

(e) The Department of Commerce and Economic Opportunity rules may address, but are not limited to, a loan program or grant program to assist Social Equity Applicants access the capital needed to start a cannabis business establishment. The names of recipients and the amounts of any moneys received through a loan program or grant program shall be a public record.

(f) The Illinois State Police rules may address enforcement of its authority under this Act. The Illinois State Police shall not make rules that infringe on the exclusive authority of the Department of Financial and Professional Regulation or the Department of Agriculture over licensees under this Act.

(g) The Department of Human Services shall develop and disseminate:

(1) educational information about the health risks associated with the use of cannabis; and

(2) one or more public education campaigns in coordination with local health departments and community organizations, including one or more prevention campaigns directed at children, adolescents, parents, and pregnant or breastfeeding women, to inform them of the potential health risks associated with intentional or unintentional cannabis use.

HISTORY:

2019 P.A. 101-27, § 55-35, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-40 Enforcement.

(a) If the Department of Agriculture, Illinois State Police, Department of Financial and Professional Regulation, Department of Commerce and Economic Opportunity, or Department of Revenue fails to adopt rules to implement this Act within the times provided in this Act, any citizen may commence a mandamus action in the circuit court to compel the agencies to perform the actions mandated under Section 55-35 [410 ILCS 705/55-35].

(b) If the Department of Agriculture or the Department of Financial and Professional Regulation fails to issue a valid agent identification card in response to a valid initial application or renewal application submitted under this Act or fails to issue a verbal or written notice of denial of the application within 30 days of its submission, the agent identification card is deemed granted and a copy of the agent identification initial application or renewal application shall be deemed a valid agent identification card.

(c) Authorized employees of State or local law enforcement agencies shall immediately notify the Department of Agriculture and the Department of Financial and Professional Regulation when any person in possession of an agent identification card has been convicted of or pled guilty to violating this Act.

HISTORY:

2019 P.A. 101-27, § 55-40, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-45 Administrative hearings.

(a) Administrative hearings related to the duties and responsibilities assigned to the Department of Public Health shall be conducted under the Department of Public Health's rules governing administrative hearings.

(b) Administrative hearings related to the duties and responsibilities assigned to the Department of Financial and Professional Regulation and dispensing organization agents shall be conducted under the Department of Financial and Professional Regulation's rules governing administrative hearings.

(c) Administrative hearings related to the duties and responsibilities assigned to the Department of Agriculture, cultivation centers, or cultivation center agents shall be conducted under the Department of Agriculture's rules governing administrative hearings.

HISTORY:

2019 P.A. 101-27, § 55-45, effective June 25, 2019.

410 ILCS 705/55-50 Petition for rehearing.

Within 20 days after the service of any order or decision of the Department of Public Health, the Department of Agriculture, the Department of Financial and Professional Regulation, or the Illinois State Police upon any party to the proceeding, the party may apply for a rehearing in respect to any matters determined by them under this Act, except for decisions made under the Cannabis Cultivation Privilege Tax Law, the Cannabis Purchaser Excise Tax Law, the County Cannabis Retailers' Occupation Tax Law, and the Municipal Cannabis Retailers' Occupation Tax Law [410 ILCS 705/60-1 et seq., 410 ILCS 705/65-1 et seq., 55 ILCS 5/5-1006.8, and 65 ILCS 5/8-11-23], which shall be governed by the provisions of those Laws. If a rehearing is granted, an agency shall hold the rehearing and render a decision within 30 days from the filing of the application for rehearing with the agency. The time for holding such rehearing and rendering a decision may

be extended for a period not to exceed 30 days, for good cause shown, and by notice in writing to all parties of interest. If an agency fails to act on the application for rehearing within 30 days, or the date the time for rendering a decision was extended for good cause shown, the order or decision of the agency is final. No action for the judicial review of any order or decision of an agency shall be allowed unless the party commencing such action has first filed an application for a rehearing and the agency has acted or failed to act upon the application. Only one rehearing may be granted by an agency on application of any one party.

HISTORY:
2019 P.A. 101-27, § 55-50, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-55 Review of administrative decisions.

All final administrative decisions of the Department of Public Health, the Department of Agriculture, the Department of Financial and Professional Regulation, and the Illinois State Police are subject to judicial review under the Administrative Review Law and the rules adopted under that Law. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure [735 ILCS 5/3-101].

HISTORY:
2019 P.A. 101-27, § 55-55, effective June 25, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-60 Suspension or revocation of a license.

(a) The Department of Financial and Professional Regulation or the Department of Agriculture may suspend or revoke a license for a violation of this Act or a rule adopted in accordance with this Act by the Department of Agriculture and the Department of Financial and Professional Regulation.

(b) The Department of Agriculture and the Department of Financial and Professional Regulation may suspend or revoke an agent identification card for a violation of this Act or a rule adopted in accordance with this Act.

HISTORY:
2019 P.A. 101-27, § 55-60, effective June 25, 2019.

410 ILCS 705/55-65 Financial institutions.

(a) A financial institution that provides financial services customarily provided by financial institutions to a cannabis business establishment authorized under this Act or the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], or to a person that is affiliated with such cannabis business establishment, is exempt from any criminal law of this State as it relates to cannabis-related conduct authorized under State law.

(b) Upon request of a financial institution, a cannabis business establishment or proposed cannabis business establishment may provide to the financial institution the following information:

(1) Whether a cannabis business establishment with which the financial institution is doing or is considering doing business holds a license under this Act or the Compassionate Use of Medical Cannabis Program Act;

(2) The name of any other business or individual affiliate with the cannabis business establishment;

(3) A copy of the application, and any supporting documentation submitted with the application, for a license or a permit submitted on behalf of the proposed cannabis business establishment;

(4) If applicable, data relating to sales and the volume of product sold by the cannabis business establishment;

(5) Any past or pending violation by the person of this Act, the Compassionate Use of Medical Cannabis Program Act, or the rules adopted under these Acts where applicable; and

(6) Any penalty imposed upon the person for violating this Act, the Compassionate Use of Medical Cannabis Program Act, or the rules adopted under these Acts.

(c) (Blank).

(d) (Blank).

(e) Information received by a financial institution under this Section is confidential. Except as otherwise required or permitted by this Act, State law or rule, or federal law or regulation, a financial institution may not make the information available to any person other than:

(1) the customer to whom the information applies;

(2) a trustee, conservator, guardian, personal representative, or agent of the customer to whom the information applies; a federal or State regulator when requested in connection with an examination of the financial institution or if otherwise necessary for complying with federal or State law;

(3) a federal or State regulator when requested in connection with an examination of the financial institution or if otherwise necessary for complying with federal or State law; and

(4) a third party performing services for the financial institution, provided the third party is performing such services under a written agreement that expressly or by operation of law prohibits the third party's sharing and use of such confidential information for any purpose other than as provided in its agreement to provide services to the financial institution.

HISTORY:
2019 P.A. 101-27, § 55-65, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/55-75 Contracts enforceable.

It is the public policy of this State that contracts related to the operation of a lawful cannabis business

establishment under this Act are enforceable. It is the public policy of this State that no contract entered into by a lawful cannabis business establishment or its agents on behalf of a cannabis business establishment, or by those who allow property to be used by a cannabis business establishment, shall be unenforceable on the basis that cultivating, obtaining, manufacturing, processing, distributing, dispensing, transporting, selling, possessing, or using cannabis or hemp is prohibited by federal law.

HISTORY:
2019 P.A. 101-27, § 55-75, effective June 25, 2019.

410 ILCS 705/55-80 Annual reports.

(a) The Department of Financial and Professional Regulation shall submit to the General Assembly and Governor a report, by September 30 of each year, that does not disclose any information identifying information about cultivation centers, craft growers, infuser organizations, transporting organizations, or dispensing organizations, but does contain, at a minimum, all of the following information for the previous fiscal year:

(1) The number of licenses issued to dispensing organizations by county, or, in counties with greater than 3,000,000 residents, by zip code;

(2) The total number of dispensing organization owners that are Social Equity Applicants or minority persons, women, or persons with disabilities as those terms are defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act [30 ILCS 575/1 et seq.];

(3) The total number of revenues received from dispensing organizations, segregated from revenues received from dispensing organizations under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] by county, separated by source of revenue;

(4) The total amount of revenue received from dispensing organizations that share a premises or majority ownership with a craft grower;

(5) The total amount of revenue received from dispensing organizations that share a premises or majority ownership with an infuser; and

(6) An analysis of revenue generated from taxation, licensing, and other fees for the State, including recommendations to change the tax rate applied.

(b) The Department of Agriculture shall submit to the General Assembly and Governor a report, by September 30 of each year, that does not disclose any information identifying information about cultivation centers, craft growers, infuser organizations, transporting organizations, or dispensing organizations, but does contain, at a minimum, all of the following information for the previous fiscal year:

(1) The number of licenses issued to cultivation centers, craft growers, infusers, and transporters by license type, and, in counties with more than 3,000,000 residents, by zip code;

(2) The total number of cultivation centers, craft growers, infusers, and transporters by license type that are Social Equity Applicants or minority persons, women, or persons with disabilities as those terms are defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act;

(3) The total amount of revenue received from cultivation centers, craft growers, infusers, and transporters, separated by license types and source of revenue;

(4) The total amount of revenue received from craft growers and infusers that share a premises or majority ownership with a dispensing organization;

(5) The total amount of revenue received from craft growers that share a premises or majority ownership with an infuser, but do not share a premises or ownership with a dispensary;

(6) The total amount of revenue received from infusers that share a premises or majority ownership with a craft grower, but do not share a premises or ownership with a dispensary;

(7) The total amount of revenue received from craft growers that share a premises or majority ownership with a dispensing organization, but do not share a premises or ownership with an infuser;

(8) The total amount of revenue received from infusers that share a premises or majority ownership with a dispensing organization, but do not share a premises or ownership with a craft grower;

(9) The total amount of revenue received from transporters; and

(10) An analysis of revenue generated from taxation, licensing, and other fees for the State, including recommendations to change the tax rate applied.

(c) The Illinois State Police shall submit to the General Assembly and Governor a report, by September 30 of each year that contains, at a minimum, all of the following information for the previous fiscal year:

(1) The effect of regulation and taxation of cannabis on law enforcement resources;

(2) The impact of regulation and taxation of cannabis on highway and waterway safety and rates of impaired driving or operating, where impairment was determined based on failure of a field sobriety test;

(3) The available and emerging methods for detecting the metabolites for delta-9-tetrahydrocannabinol in bodily fluids, including, without limitation, blood and saliva;

(4) The effectiveness of current DUI laws and recommendations for improvements to policy to better ensure safe highways and fair laws.

(d) The Adult Use Cannabis Health Advisory Committee shall submit to the General Assembly and Governor a report, by September 30 of each year, that does not disclose any identifying information about any individuals, but does contain, at a minimum:

(1) Self-reported youth cannabis use, as published in the most recent Illinois Youth Survey available;

(2) Self-reported adult cannabis use, as published in the most recent Behavioral Risk Factor Surveillance Survey available;

(3) Hospital room admissions and hospital utilization rates caused by cannabis consumption, including the presence or detection of other drugs;

(4) Overdoses of cannabis and poison control data, including the presence of other drugs that may have contributed;

(5) Incidents of impaired driving caused by the consumption of cannabis or cannabis products, including the presence of other drugs or alcohol that may have contributed to the impaired driving;

(6) Prevalence of infants born testing positive for cannabis or delta-9-tetrahydrocannabinol, including demographic and racial information on which infants are tested;

(7) Public perceptions of use and risk of harm;

(8) Revenue collected from cannabis taxation and how that revenue was used;

(9) Cannabis retail licenses granted and locations;

(10) Cannabis-related arrests; and

(11) The number of individuals completing required bud tender training.

(e) Each agency or committee submitting reports under this Section may consult with one another in the preparation of each report.

HISTORY:
2019 P.A. 101-27, § 55-80, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019; 2021 P.A. 102-538, § 845, effective August 20, 2021.

410 ILCS 705/55-85 Medical cannabis.

(a) Nothing in this Act shall be construed to limit any privileges or rights of a medical cannabis patient including minor patients, primary caregiver, medical cannabis cultivation center, or medical cannabis dispensing organization under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.], and where there is conflict between this Act and the Compassionate Use of Medical Cannabis Program Act as they relate to medical cannabis patients, the Compassionate Use of Medical Cannabis Program Act shall prevail.

(b) Dispensary locations that obtain an Early Approval Adult Use Dispensary Organization License or an Adult Use Dispensary Organization License in accordance with this Act at the same location as a medical cannabis dispensing organization registered under the Compassionate Use of Medical Cannabis Program Act shall maintain an inventory of medical cannabis and medical cannabis products on a monthly basis that is substantially similar in variety and quantity to the products offered at the dispensary during the 6-month period immediately before the effective date of this Act.

(c) Beginning June 30, 2020, the Department of Agriculture shall make a quarterly determination whether inventory requirements established for dispensaries in subsection (b) should be adjusted due to changing patient need.

HISTORY:
2019 P.A. 101-27, § 55-85, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/55-90 Home rule preemption.

Except as otherwise provided in this Act, the regulation and licensing of the activities described in this Act are exclusive powers and functions of the State. Except as otherwise provided in this Act, a unit of local government, including a home rule unit, may not regulate or license the activities described in this Act. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

HISTORY:
2019 P.A. 101-27, § 55-90, effective June 25, 2019.

410 ILCS 705/55-95 Conflict of interest.

A person is ineligible to apply for, hold, or own financial or voting interest, other than a passive interest in a publicly traded company, in any cannabis business license under this Act if, within a 2-year period from the effective date of this Act, the person or his or her spouse or immediate family member was a member of the General Assembly or a State employee at an agency that regulates cannabis business establishment license holders who participated personally and substantially in the award of licenses under this Act. A person who violates this Section shall be guilty under subsection (b) of Section 50-5 of the State Officials and Employees Ethics Act [5 ILCS 430/50-5].

HISTORY:
2019 P.A. 101-27, § 55-95, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

ARTICLE 60.

CANNABIS CULTIVATION PRIVILEGE TAX

410 ILCS 705/60-1 Short title.

This Article may be referred to as the Cannabis Cultivation Privilege Tax Law.

HISTORY:
2019 P.A. 101-27, § 60-1, effective June 25, 2019.

410 ILCS 705/60-5 Definitions.

In this Article:

"Cannabis" has the meaning given to that term in Article 1 of this Act [410 ILCS 705/1-10], except that

it does not include cannabis that is subject to tax under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.].

"Craft grower" has the meaning given to that term in Article 1 of this Act.

"Cultivation center" has the meaning given to that term in Article 1 of this Act.

"Cultivator" or "taxpayer" means a cultivation center or craft grower who is subject to tax under this Article.

"Department" means the Department of Revenue.

"Director" means the Director of Revenue.

"Dispensing organization" or "dispensary" has the meaning given to that term in Article 1 of this Act.

"Gross receipts" from the sales of cannabis by a cultivator means the total selling price or the amount of such sales, as defined in this Article. In the case of charges and time sales, the amount thereof shall be included only when payments are received by the cultivator.

"Person" means a natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Infuser" means "infuser organization" or "infuser" as defined in Article 1 of this Act.

"Selling price" or "amount of sale" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property, and services, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost, or any other expense whatsoever, but does not include separately stated charges identified on the invoice by cultivators to reimburse themselves for their tax liability under this Article.

HISTORY:
2019 P.A. 101-27, § 60-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/60-10 Tax imposed.

(a) Beginning September 1, 2019, a tax is imposed upon the privilege of cultivating cannabis at the rate of 7% of the gross receipts from the first sale of cannabis by a cultivator. The sale of any product that contains any amount of cannabis or any derivative thereof is subject to the tax under this Section on the full selling price of the product. The Department may determine the selling price of the cannabis when the seller and purchaser are affiliated persons, when the sale and purchase of cannabis is not an arm's length transaction, or when cannabis is transferred by a craft grower to the craft grower's dispensing organization or infuser or processing organization and a value is not established for the cannabis. The value determined by the Department shall be commensurate with the actual price received for products of like quality, character, and use in the area. If there are no sales of cannabis of like quality, character, and use in the same area, then the Department shall establish a reasonable value based on sales of products of like quality, character, and use in other areas of the State, taking into consideration any other relevant factors.

(b) The Cannabis Cultivation Privilege Tax imposed under this Article is solely the responsibility of the cultivator who makes the first sale and is not the responsibility of a subsequent purchaser, a dispensing organization, or an infuser. Persons subject to the tax imposed under this Article may, however, reimburse themselves for their tax liability hereunder by separately stating reimbursement for their tax liability as an additional charge.

(c) The tax imposed under this Article shall be in addition to all other occupation, privilege, or excise taxes imposed by the State of Illinois or by any unit of local government.

HISTORY:
2019 P.A. 101-27, § 60-10, effective June 25, 2019.

410 ILCS 705/60-15 Registration of cultivators.

Every cultivator and craft grower subject to the tax under this Article shall apply to the Department of Revenue for a certificate of registration under this Article. All applications for registration under this Article shall be made by electronic means in the form and manner required by the Department. For that purpose, the provisions of Section 2a of the Retailers' Occupation Tax Act [35 ILCS 120/2a] are incorporated into this Article to the extent not inconsistent with this Article. In addition, no certificate of registration shall be issued under this Article unless the applicant is licensed under this Act.

HISTORY:
2019 P.A. 101-27, § 60-15, effective June 25, 2019.

410 ILCS 705/60-20 Return and payment of cannabis cultivation privilege tax.

Each person who is required to pay the tax imposed by this Article shall make a return to the Department on or before the 20th day of each month for the preceding calendar month stating the following:

(1) the taxpayer's name;

(2) the address of the taxpayer's principal place of business and the address of the principal place of business (if that is a different address) from which the taxpayer is engaged in the business of cultivating cannabis subject to tax under this Article;

(3) the total amount of receipts received by the taxpayer during the preceding calendar month from sales of cannabis subject to tax under this Article by the taxpayer during the preceding calendar month;

(4) the total amount received by the taxpayer during the preceding calendar month on charge and time sales of cannabis subject to tax imposed

under this Article by the taxpayer before the month for which the return is filed;

(5) deductions allowed by law;

(6) gross receipts that were received by the taxpayer during the preceding calendar month and upon the basis of which the tax is imposed;

(7) the amount of tax due;

(8) the signature of the taxpayer; and

(9) any other information as the Department may reasonably require.

All returns required to be filed and payments required to be made under this Article shall be by electronic means. Taxpayers who demonstrate hardship in paying electronically may petition the Department to waive the electronic payment requirement. The Department may require a separate return for the tax under this Article or combine the return for the tax under this Article with the return for the tax under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.]. If the return for the tax under this Article is combined with the return for tax under the Compassionate Use of Medical Cannabis Program Act, then the vendor's discount allowed under this Section and any cap on that discount shall apply to the combined return. The taxpayer making the return provided for in this Section shall also pay to the Department, in accordance with this Section, the amount of tax imposed by this Article, less a discount of 1.75%, but not to exceed $1,000 per return period, which is allowed to reimburse the taxpayer for the expenses incurred in keeping records, collecting tax, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a taxpayer on returns not timely filed and for taxes not timely remitted. No discount may be claimed by a taxpayer for any return that is not filed electronically. No discount may be claimed by a taxpayer for any payment that is not made electronically, unless a waiver has been granted under this Section. Any amount that is required to be shown or reported on any return or other document under this Article shall, if the amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount if the fractional part of a dollar is $0.50 or more and decreased to the nearest whole-dollar amount if the fractional part of a dollar is less than $0.50. If a total amount of less than $1 is payable, refundable, or creditable, the amount shall be disregarded if it is less than $0.50 and shall be increased to $1 if it is $0.50 or more. Notwithstanding any other provision of this Article concerning the time within which a taxpayer may file a return, any such taxpayer who ceases to engage in the kind of business that makes the person responsible for filing returns under this Article shall file a final return under this Article with the Department within one month after discontinuing such business.

Each taxpayer under this Article shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred. The payments shall be in an amount not less than the lower of either 22.5% of the taxpayer's actual tax liability for the month or 25% of the taxpayer's actual tax liability for the same calendar month of the preceding year. The amount of the quarter-monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of the quarter-monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Article, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by the credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, in accordance with reasonable rules to be prescribed by the Department. If no such request is made, the taxpayer may credit the excess payment against tax liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's discount shall be reduced, if necessary, to reflect the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on the difference.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department is received by the taxpayer, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

HISTORY:

2019 P.A. 101-27, § 60-20, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/60-25 Infuser information returns.

If it is deemed necessary for the administration of this Article, the Department may adopt rules that require infusers to file information returns regarding the sale of cannabis by infusers to dispensaries. The Department may require infusers to file all information returns by electronic means.

HISTORY:

2019 P.A. 101-27, § 60-25, effective June 25, 2019.

410 ILCS 705/60-30 Deposit of proceeds.

All moneys received by the Department under this

Article shall be deposited into the Cannabis Regulation Fund.

HISTORY:
2019 P.A. 101-27, § 60-30, effective June 25, 2019.

410 ILCS 705/60-35 Department administration and enforcement.

The Department shall have full power to administer and enforce this Article, to collect all taxes, penalties, and interest due hereunder, to dispose of taxes, penalties and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of, and compliance with, this Article, the Department and persons who are subject to this Article shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2-40, 2a, 2b, 2i, 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act [35 ILCS 120/1, 35 ILCS 120/2-40, 35 ILCS 120/2a, 35 ILCS 120/2b, 35 ILCS 120/2i, 35 ILCS 120/4, 35 ILCS 120/5, 35 ILCS 120/5a, 35 ILCS 120/5b, 35 ILCS 120/5c, 35 ILCS 120/5d, 35 ILCS 120/5e, 35 ILCS 120/5f, 35 ILCS 120/5g, 35 ILCS 120/5i, 35 ILCS 120/5j, 35 ILCS 120/6, 35 ILCS 120/6a, 35 ILCS 120/6b, 35 ILCS 120/6c, 35 ILCS 120/6d, 35 ILCS 120/7, 35 ILCS 120/8, 35 ILCS 120/9, 35 ILCS 120/10, 35 ILCS 120/11, 35 ILCS 120/11a, 35 ILCS 120/12, and 35 ILCS 120/13] and all of the provisions of the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.], which are not inconsistent with this Article, as fully as if those provisions were set forth herein. For purposes of this Section, references in the Retailers' Occupation Tax Act to a "sale of tangible personal property at retail" mean the "sale of cannabis by a cultivator".

HISTORY:
2019 P.A. 101-27, § 60-35, effective June 25, 2019.

410 ILCS 705/60-40 Invoices.

Every sales invoice for cannabis issued by a cultivator to a cannabis business establishment shall contain the cultivator's certificate of registration number assigned under this Article, date, invoice number, purchaser's name and address, selling price, amount of cannabis, concentrate, or cannabis-infused product, and any other reasonable information as the Department may provide by rule is necessary for the administration of this Article. Cultivators shall retain the invoices for inspection by the Department.

HISTORY:
2019 P.A. 101-27, § 60-40, effective June 25, 2019.

410 ILCS 705/60-45 Rules.

The Department may adopt rules related to the enforcement of this Article.

HISTORY:
2019 P.A. 101-27, § 60-45, effective June 25, 2019.

ARTICLE 65.

CANNABIS PURCHASER EXCISE TAX

410 ILCS 705/65-1 Short title.

This Article may be referred to as the Cannabis Purchaser Excise Tax Law.

HISTORY:
2019 P.A. 101-27, § 65-1, effective June 25, 2019.

410 ILCS 705/65-5 Definitions.

In this Article:

"Adjusted delta-9-tetrahydrocannabinol level" means, for a delta-9-tetrahydrocannabinol dominant product, the sum of the percentage of delta-9-tetrahydrocannabinol plus .877 multiplied by the percentage of tetrahydrocannabinolic acid.

"Cannabis" has the meaning given to that term in Article 1 of this Act [410 ILCS 705/1-10 et seq], except that it does not include cannabis that is subject to tax under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.].

"Cannabis-infused product" means beverage food, oils, ointments, tincture, topical formulation, or another product containing cannabis that is not intended to be smoked.

"Cannabis retailer" means a dispensing organization that sells cannabis for use and not for resale.

"Craft grower" has the meaning given to that term in Article 1 of this Act.

"Department" means the Department of Revenue.

"Director" means the Director of Revenue.

"Dispensing organization" or "dispensary" has the meaning given to that term in Article 1 of this Act.

"Person" means a natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian, or other representative appointed by order of any court.

"Infuser organization" or "infuser" means a facility operated by an organization or business that is licensed by the Department of Agriculture to directly incorporate cannabis or cannabis concentrate into a product formulation to produce a cannabis-infused product.

"Purchase price" means the consideration paid for a purchase of cannabis, valued in money, whether received in money or otherwise, including cash, gift cards, credits, and property and shall be determined

without any deduction on account of the cost of materials used, labor or service costs, or any other expense whatsoever. However, "purchase price" does not include consideration paid for:

(1) any charge for a payment that is not honored by a financial institution;

(2) any finance or credit charge, penalty or charge for delayed payment, or discount for prompt payment; and

(3) any amounts added to a purchaser's bill because of charges made under the tax imposed by this Article, the Municipal Cannabis Retailers' Occupation Tax Law, the County Cannabis Retailers' Occupation Tax Law, the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.], the Use Tax Act [35 ILCS 105/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], the Service Use Tax Act [35 ILCS 110/1 et seq.], or any locally imposed occupation or use tax.

"Purchaser" means a person who acquires cannabis for a valuable consideration.

"Taxpayer" means a cannabis retailer who is required to collect the tax imposed under this Article.

HISTORY:
2019 P.A. 101-27, § 65-5, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/65-10 Tax imposed.

(a) Beginning January 1, 2020, a tax is imposed upon purchasers for the privilege of using cannabis at the following rates:

(1) Any cannabis, other than a cannabis-infused product, with an adjusted delta-9-tetrahydrocannabinol level at or below 35% shall be taxed at a rate of 10% of the purchase price;

(2) Any cannabis, other than a cannabis-infused product, with an adjusted delta-9-tetrahydrocannabinol level above 35% shall be taxed at a rate of 25% of the purchase price; and

(3) A cannabis-infused product shall be taxed at a rate of 20% of the purchase price.

(b) The purchase of any product that contains any amount of cannabis or any derivative thereof is subject to the tax under subsection (a) of this Section on the full purchase price of the product.

(c) The tax imposed under this Section is not imposed on cannabis that is subject to tax under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.]. The tax imposed by this Section is not imposed with respect to any transaction in interstate commerce, to the extent the transaction may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

(d) The tax imposed under this Article shall be in addition to all other occupation, privilege, or excise taxes imposed by the State of Illinois or by any municipal corporation or political subdivision thereof.

(e) The tax imposed under this Article shall not be imposed on any purchase by a purchaser if the cannabis retailer is prohibited by federal or State Constitution, treaty, convention, statute, or court decision from collecting the tax from the purchaser.

HISTORY:
2019 P.A. 101-27, § 65-10, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/65-11 Bundling of taxable and nontaxable items; prohibition; taxation.

If a cannabis retailer sells cannabis, concentrate, or cannabis-infused products in combination or bundled with items that are not subject to tax under this Act for one price in violation of the prohibition on this activity under Section 15-70 [410 ILCS 705/15-70], then the tax under this Act is imposed on the purchase price of the entire bundled product.

HISTORY:
2019 P.A. 101-27, § 65-11, effective June 25, 2019.

410 ILCS 705/65-15 Collection of tax.

(a) The tax imposed by this Article shall be collected from the purchaser by the cannabis retailer at the rate stated in Section 65-10 [410 ILCS 705/65-10] with respect to cannabis sold by the cannabis retailer to the purchaser, and shall be remitted to the Department as provided in Section 65-30 [410 ILCS 705/65-30]. All sales to a purchaser who is not a cardholder under the Compassionate Use of Medical Cannabis Program Act [410 ILCS 130/1 et seq.] are presumed subject to tax collection. Cannabis retailers shall collect the tax from purchasers by adding the tax to the amount of the purchase price received from the purchaser for selling cannabis to the purchaser. The tax imposed by this Article shall, when collected, be stated as a distinct item separate and apart from the purchase price of the cannabis.

(b) If a cannabis retailer collects Cannabis Purchaser Excise Tax measured by a purchase price that is not subject to Cannabis Purchaser Excise Tax, or if a cannabis retailer, in collecting Cannabis Purchaser Excise Tax measured by a purchase price that is subject to tax under this Act, collects more from the purchaser than the required amount of the Cannabis Purchaser Excise Tax on the transaction, the purchaser shall have a legal right to claim a refund of that amount from the cannabis retailer. If, however, that amount is not refunded to the purchaser for any reason, the cannabis retailer is liable to pay that amount to the Department.

(c) Any person purchasing cannabis subject to tax under this Article as to which there has been no charge made to him or her of the tax imposed by Section 65-10 shall make payment of the tax imposed by Section 65-10 in the form and manner provided by the Department not later than the 20th day of the

month following the month of purchase of the cannabis.

HISTORY:
2019 P.A. 101-27, § 65-15, effective June 25, 2019; 2019 P.A. 101-593, § 25, effective December 4, 2019.

410 ILCS 705/65-20 Registration of cannabis retailers.

Every cannabis retailer required to collect the tax under this Article shall apply to the Department for a certificate of registration under this Article. All applications for registration under this Article shall be made by electronic means in the form and manner required by the Department. For that purpose, the provisions of Section 2a of the Retailers' Occupation Tax Act [35 ILCS 120/2a] are incorporated into this Article to the extent not inconsistent with this Article. In addition, no certificate of registration shall be issued under this Article unless the applicant is licensed under this Act.

HISTORY:
2019 P.A. 101-27, § 65-20, effective June 25, 2019.

410 ILCS 705/65-25 Tax collected as debt owed to State.

Any cannabis retailer required to collect the tax imposed by this Article shall be liable to the Department for the tax, whether or not the tax has been collected by the cannabis retailer, and any such tax shall constitute a debt owed by the cannabis retailer to this State. To the extent that a cannabis retailer required to collect the tax imposed by this Act has actually collected that tax, the tax is held in trust for the benefit of the Department.

HISTORY:
2019 P.A. 101-27, § 65-25, effective June 25, 2019.

410 ILCS 705/65-30 Return and payment of tax by cannabis retailer.

Each cannabis retailer that is required or authorized to collect the tax imposed by this Article shall make a return to the Department, by electronic means, on or before the 20th day of each month for the preceding calendar month stating the following:

(1) the cannabis retailer's name;

(2) the address of the cannabis retailer's principal place of business and the address of the principal place of business (if that is a different address) from which the cannabis retailer engaged in the business of selling cannabis subject to tax under this Article;

(3) the total purchase price received by the cannabis retailer for cannabis subject to tax under this Article;

(4) the amount of tax due at each rate;

(5) the signature of the cannabis retailer; and

(6) any other information as the Department may reasonably require.

All returns required to be filed and payments required to be made under this Article shall be by electronic means. Cannabis retailers who demonstrate hardship in paying electronically may petition the Department to waive the electronic payment requirement.

Any amount that is required to be shown or reported on any return or other document under this Article shall, if the amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount if the fractional part of a dollar is $0.50 or more and decreased to the nearest whole-dollar amount if the fractional part of a dollar is less than $0.50. If a total amount of less than $1 is payable, refundable, or creditable, the amount shall be disregarded if it is less than $0.50 and shall be increased to $1 if it is $0.50 or more.

The cannabis retailer making the return provided for in this Section shall also pay to the Department, in accordance with this Section, the amount of tax imposed by this Article, less a discount of 1.75%, but not to exceed $1,000 per return period, which is allowed to reimburse the cannabis retailer for the expenses incurred in keeping records, collecting tax, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a cannabis retailer on returns not timely filed and for taxes not timely remitted. No discount may be claimed by a taxpayer for any return that is not filed electronically. No discount may be claimed by a taxpayer for any payment that is not made electronically, unless a waiver has been granted under this Section.

Notwithstanding any other provision of this Article concerning the time within which a cannabis retailer may file a return, any such cannabis retailer who ceases to engage in the kind of business that makes the person responsible for filing returns under this Article shall file a final return under this Article with the Department within one month after discontinuing the business.

Each cannabis retailer shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred. The payments shall be in an amount not less than the lower of either 22.5% of the cannabis retailer's actual tax liability for the month or 25% of the cannabis retailer's actual tax liability for the same calendar month of the preceding year. The amount of the quarter-monthly payments shall be credited against the final tax liability of the cannabis retailer's return for that month. If any such quarter-monthly payment is not paid at the time or in the amount required by this Section, then the cannabis retailer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of the quarter-monthly payment actually and timely paid, except insofar as the cannabis retailer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Article, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by the credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Article, in accordance with reasonable rules to be prescribed by the Department. If no such request is made, the taxpayer may credit the excess payment against tax liability subsequently to be remitted to the Department under this Article, in accordance with reasonable rules prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's discount shall be reduced, if necessary, to reflect the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on the difference. If a cannabis retailer fails to sign a return within 30 days after the proper notice and demand for signature by the Department is received by the cannabis retailer, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

HISTORY:
2019 P.A. 101-27, § 65-30, effective June 25, 2019.

410 ILCS 705/65-35 Deposit of proceeds.

All moneys received by the Department under this Article shall be paid into the Cannabis Regulation Fund.

HISTORY:
2019 P.A. 101-27, § 65-35, effective June 25, 2019.

410 ILCS 705/65-36 Recordkeeping; books and records.

(a) Every retailer of cannabis, whether or not the retailer has obtained a certificate of registration under Section 65-20 [410 ILCS 705/65-20], shall keep complete and accurate records of cannabis held, purchased, sold, or otherwise disposed of, and shall preserve and keep all invoices, bills of lading, sales records, and copies of bills of sale, returns, and other pertinent papers and documents relating to the purchase, sale, or disposition of cannabis. Such records need not be maintained on the licensed premises but must be maintained in the State of Illinois. However, all original invoices or copies thereof covering purchases of cannabis must be retained on the licensed premises for a period of 90 days after such purchase, unless the Department has granted a waiver in response to a written request in cases where records are kept at a central business location within the State of Illinois. The Department shall adopt rules regarding the eligibility for a waiver, revocation of a waiver, and requirements and standards for maintenance and accessibility of records located at a central location under a waiver provided under this Section.

(b) Books, records, papers, and documents that are required by this Article to be kept shall, at all times during the usual business hours of the day, be subject to inspection by the Department or its duly authorized agents and employees. The books, records, papers, and documents for any period with respect to which the Department is authorized to issue a notice of tax liability shall be preserved until the expiration of that period.

HISTORY:
2019 P.A. 101-27, § 65-36, effective June 25, 2019.

410 ILCS 705/65-38 Violations and penalties.

(a) When the amount due is under $300, any retailer of cannabis who fails to file a return, willfully fails or refuses to make any payment to the Department of the tax imposed by this Article, or files a fraudulent return, or any officer or agent of a corporation engaged in the business of selling cannabis to purchasers located in this State who signs a fraudulent return filed on behalf of the corporation, or any accountant or other agent who knowingly enters false information on the return of any taxpayer under this Article is guilty of a Class 4 felony.

(b) When the amount due is $300 or more, any retailer of cannabis who files, or causes to be filed, a fraudulent return, or any officer or agent of a corporation engaged in the business of selling cannabis to purchasers located in this State who files or causes to be filed or signs or causes to be signed a fraudulent return filed on behalf of the corporation, or any accountant or other agent who knowingly enters false information on the return of any taxpayer under this Article is guilty of a Class 3 felony.

(c) Any person who violates any provision of Section 65-20 [410 ILCS 705/65-20], fails to keep books and records as required under this Article, or willfully violates a rule of the Department for the administration and enforcement of this Article is guilty of a Class 4 felony. A person commits a separate offense on each day that he or she engages in business in violation of Section 65-20 or a rule of the Department for the administration and enforcement of this Article. If a person fails to produce the books and records for inspection by the Department upon request, a prima facie presumption shall arise that the person has failed to keep books and records as required under this Article. A person who is unable to rebut this presumption is in violation of this Article and is subject to the penalties provided in this Section.

(d) Any person who violates any provision of Sections 65-20, fails to keep books and records as required under this Article, or willfully violates a rule of the Department for the administration and enforcement of this Article, is guilty of a business offense and may be fined up to $5,000. If a person fails to produce books and records for inspection by

the Department upon request, a prima facie presumption shall arise that the person has failed to keep books and records as required under this Article. A person who is unable to rebut this presumption is in violation of this Article and is subject to the penalties provided in this Section. A person commits a separate offense on each day that he or she engages in business in violation of Section 65-20.

(e) Any taxpayer or agent of a taxpayer who with the intent to defraud purports to make a payment due to the Department by issuing or delivering a check or other order upon a real or fictitious depository for the payment of money, knowing that it will not be paid by the depository, is guilty of a deceptive practice in violation of Section 17-1 of the Criminal Code of 2012 [720 ILCS 5/17-1].

(f) Any person who fails to keep books and records or fails to produce books and records for inspection, as required by Section 65-36, is liable to pay to the Department, for deposit in the Tax Compliance and Administration Fund, a penalty of $1,000 for the first failure to keep books and records or failure to produce books and records for inspection, as required by Section 65-36 [410 ILCS 705/65-36], and $3,000 for each subsequent failure to keep books and records or failure to produce books and records for inspection, as required by Section 65-36.

(g) Any person who knowingly acts as a retailer of cannabis in this State without first having obtained a certificate of registration to do so in compliance with Section 65-20 of this Article shall be guilty of a Class 4 felony.

(h) A person commits the offense of tax evasion under this Article when he or she knowingly attempts in any manner to evade or defeat the tax imposed on him or her or on any other person, or the payment thereof, and he or she commits an affirmative act in furtherance of the evasion. As used in this Section, "affirmative act in furtherance of the evasion" means an act designed in whole or in part to (i) conceal, misrepresent, falsify, or manipulate any material fact or (ii) tamper with or destroy documents or materials related to a person's tax liability under this Article. Two or more acts of sales tax evasion may be charged as a single count in any indictment, information, or complaint and the amount of tax deficiency may be aggregated for purposes of determining the amount of tax that is attempted to be or is evaded and the period between the first and last acts may be alleged as the date of the offense.

(1) When the amount of tax, the assessment or payment of which is attempted to be or is evaded is less than $500, a person is guilty of a Class 4 felony.

(2) When the amount of tax, the assessment or payment of which is attempted to be or is evaded is $500 or more but less than $10,000, a person is guilty of a Class 3 felony.

(3) When the amount of tax, the assessment or payment of which is attempted to be or is evaded is $10,000 or more but less than $100,000, a person is guilty of a Class 2 felony.

(4) When the amount of tax, the assessment or payment of which is attempted to be or is evaded is $100,000 or more, a person is guilty of a Class 1 felony.

Any person who knowingly sells, purchases, installs, transfers, possesses, uses, or accesses any automated sales suppression device, zapper, or phantom-ware in this State is guilty of a Class 3 felony.

As used in this Section:

"Automated sales suppression device" or "zapper" means a software program that falsifies the electronic records of an electronic cash register or other point-of-sale system, including, but not limited to, transaction data and transaction reports. The term includes the software program, any device that carries the software program, or an Internet link to the software program.

"Phantom-ware" means a hidden programming option embedded in the operating system of an electronic cash register or hardwired into an electronic cash register that can be used to create a second set of records or that can eliminate or manipulate transaction records in an electronic cash register.

"Electronic cash register" means a device that keeps a register or supporting documents through the use of an electronic device or computer system designed to record transaction data for the purpose of computing, compiling, or processing retail sales transaction data in any manner.

"Transaction data" includes: items purchased by a purchaser; the price of each item; a taxability determination for each item; a segregated tax amount for each taxed item; the amount of cash or credit tendered; the net amount returned to the customer in change; the date and time of the purchase; the name, address, and identification number of the vendor; and the receipt or invoice number of the transaction.

"Transaction report" means a report that documents, without limitation, the sales, taxes, or fees collected, media totals, and discount voids at an electronic cash register and that is printed on a cash register tape at the end of a day or shift, or a report that documents every action at an electronic cash register and is stored electronically.

A prosecution for any act in violation of this Section may be commenced at any time within 5 years of the commission of that act.

(i) The Department may adopt rules to administer the penalties under this Section.

(j) Any person whose principal place of business is in this State and who is charged with a violation under this Section shall be tried in the county where his or her principal place of business is located unless he or she asserts a right to be tried in another venue.

(k) Except as otherwise provided in subsection (h), a prosecution for a violation described in this Section may be commenced within 3 years after the commission of the act constituting the violation.

HISTORY:

2019 P.A. 101-27, § 65-38, effective June 25, 2019.

410 ILCS 705/65-40 Department administration and enforcement.

The Department shall have full power to administer and enforce this Article, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder.

In the administration of, and compliance with, this Article, the Department and persons who are subject to this Article shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 2, 3-55, 3a, 4, 5, 7, 10a, 11, 12a, 12b, 14, 15, 19, 20, 21, and 22 of the Use Tax Act [35 ILCS 105/2,35 ILCS 105/3-55, 35 ILCS 105/3a, 35 ILCS 105/4, 35 ILCS 105/5, 35 ILCS 105/7, 35 ILCS 105/10a, 35 ILCS 105/11, 35 ILCS 105/12a, 35 ILCS 105/12b, 35 ILCS 105/14, 35 ILCS 105/15, 35 ILCS 105/19, 35 ILCS 105/20, 35 ILCS 105/21, and 35 ILCS 105/22] and Sections 1, 2-12, 2b, 4 [35 ILCS 105/1, 35 ILCS 105/2-12, 35 ILCS 105/2b, 35 ILCS 105/4] (except that the time limitation provisions shall run from the date when the tax is due rather than from the date when gross receipts are received), 5 [35 ILCS 105/5] (except that the time limitation provisions on the issuance of notices of tax liability shall run from the date when the tax is due rather than from the date when gross receipts are received and except that in the case of a failure to file a return required by this Act, no notice of tax liability shall be issued on and after each July 1 and January 1 covering tax due with that return during any month or period more than 6 years before that July 1 or January 1, respectively), 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5j, 6d, 7, 8, 9, 10, 11, and 12 of the Retailers' Occupation Tax Act [35 ILCS 120/5a, 35 ILCS 120/5b, 35 ILCS 120/5c, 35 ILCS 120/5d, 35 ILCS 120/5e, 35 ILCS 120/5f, 35 ILCS 120/5g, 35 ILCS 120/5h, 35 ILCS 120/5j, 35 ILCS 120/6d, 35 ILCS 120/7, 35 ILCS 120/8, 35 ILCS 120/9, 35 ILCS 120/10, 35 ILCS 120/11, and 35 ILCS 120/12] and all of the provisions of the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.], which are not inconsistent with this Article, as fully as if those provisions were set forth herein. References in the incorporated Sections of the Retailers' Occupation Tax Act and the Use Tax Act [35 ILCS 120/1 et seq. and 35 ILCS 105/1 et seq.] to retailers, to sellers, or to persons engaged in the business of selling tangible personal property mean cannabis retailers when used in this Article. References in the incorporated Sections to sales of tangible personal property mean sales of cannabis subject to tax under this Article when used in this Article.

HISTORY:
2019 P.A. 101-27, § 65-40, effective June 25, 2019.

410 ILCS 705/65-41 Arrest; search and seizure without warrant.

Any duly authorized employee of the Department: (i) may arrest without warrant any person committing in his or her presence a violation of any of the provisions of this Article; (ii) may without a search warrant inspect all cannabis located in any place of business; (iii) may seize any cannabis in the possession of the retailer in violation of this Act; and (iv) may seize any cannabis on which the tax imposed by Article 60 of this Act [410 ILCS 705/60-1] has not been paid. The cannabis so seized is subject to confiscation and forfeiture as provided in Sections 65-42 and 65-43 [410 ILCS 705/65-42 and 410 ILCS 705/65-43].

HISTORY:
2019 P.A. 101-27, § 65-41, effective June 25, 2019.

410 ILCS 705/65-42 Seizure and forfeiture.

After seizing any cannabis as provided in Section 65-41 [410 ILCS 705/65-41], the Department must hold a hearing and determine whether the retailer was properly registered to sell the cannabis at the time of its seizure by the Department. The Department shall give not less than 20 days' notice of the time and place of the hearing to the owner of the cannabis, if the owner is known, and also to the person in whose possession the cannabis was found, if that person is known and if the person in possession is not the owner of the cannabis. If neither the owner nor the person in possession of the cannabis is known, the Department must cause publication of the time and place of the hearing to be made at least once in each week for 3 weeks successively in a newspaper of general circulation in the county where the hearing is to be held.

If, as the result of the hearing, the Department determines that the retailer was not properly registered at the time the cannabis was seized, the Department must enter an order declaring the cannabis confiscated and forfeited to the State, to be held by the Department for disposal by it as provided in Section 65-43 [410 ILCS 705/65-43]. The Department must give notice of the order to the owner of the cannabis, if the owner is known, and also to the person in whose possession the cannabis was found, if that person is known and if the person in possession is not the owner of the cannabis. If neither the owner nor the person in possession of the cannabis is known, the Department must cause publication of the order to be made at least once in each week for 3 weeks successively in a newspaper of general circulation in the county where the hearing was held.

HISTORY:
2019 P.A. 101-27, § 65-42, effective June 25, 2019.

410 ILCS 705/65-43 Search warrant; issuance and return; process; confiscation of cannabis; forfeitures.

(a) If a peace officer of this State or any duly

authorized officer or employee of the Department has reason to believe that any violation of this Article or a rule of the Department for the administration and enforcement of this Article has occurred and that the person violating this Article or rule has in that person's possession any cannabis in violation of this Article or a rule of the Department for the administration and enforcement of this Article, that peace officer or officer or employee of the Department may file or cause to be filed his or her complaint in writing, verified by affidavit, with any court within whose jurisdiction the premises to be searched are situated, stating the facts upon which the belief is founded, the premises to be searched, and the property to be seized, and procure a search warrant and execute that warrant. Upon the execution of the search warrant, the peace officer, or officer or employee of the Department, executing the search warrant shall make due return of the warrant to the court issuing the warrant, together with an inventory of the property taken under the warrant. The court must then issue process against the owner of the property if the owner is known; otherwise, process must be issued against the person in whose possession the property is found, if that person is known. In case of inability to serve process upon the owner or the person in possession of the property at the time of its seizure, notice of the proceedings before the court must be given in the same manner as required by the law governing cases of attachment. Upon the return of the process duly served or upon the posting or publishing of notice made, as appropriate, the court or jury, if a jury is demanded, shall proceed to determine whether the property so seized was held or possessed in violation of this Article or a rule of the Department for the administration and enforcement of this Article. If a violation is found, judgment shall be entered confiscating the property and forfeiting it to the State and ordering its delivery to the Department. In addition, the court may tax and assess the costs of the proceedings.

(b) When any cannabis has been declared forfeited to the State by the Department, as provided in Section 65-42 [410 ILCS 705/65-42] and this Section, and when all proceedings for the judicial review of the Department's decision have terminated, the Department shall, to the extent that its decision is sustained on review, destroy or maintain and use such cannabis in an undercover capacity.

(c) The Department may, before any destruction of cannabis, permit the true holder of trademark rights in the cannabis to inspect such cannabis in order to assist the Department in any investigation regarding such cannabis.

HISTORY:
2019 P.A. 101-27, § 65-43, effective June 25, 2019.

410 ILCS 705/65-45 Cannabis retailers; purchase and possession of cannabis.

Cannabis retailers shall purchase cannabis for resale only from cannabis business establishments as authorized by this Act.

HISTORY:
2019 P.A. 101-27, § 65-45, effective June 25, 2019.

410 ILCS 705/65-50 Rulemaking.

The Department may adopt rules in accordance with the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.] and prescribe forms relating to the administration and enforcement of this Article as it deems appropriate.

ENVIRONMENTAL SAFETY

ENVIRONMENTAL PROTECTION ACT

Title I. General Provisions

Title II. Air Pollution

Title III. Water Pollution

Title V. Land Pollution and Refuse Disposal

Title XIII. Miscellaneous Provisions

Title XVI. Petroleum Underground Storage Tanks

Title XVII. Site Remediation Program

TITLE I.

GENERAL PROVISIONS

415 ILCS 5/3.160 Construction or demolition debris.

(a) "General construction or demolition debris" means non-hazardous, uncontaminated materials resulting from the construction, remodeling, repair, and demolition of utilities, structures, and roads, limited to the following: bricks, concrete, and other masonry materials; soil; rock; wood, including non-hazardous painted, treated, and coated wood and wood products; wall coverings; plaster; drywall; plumbing fixtures; non-asbestos insulation; roofing shingles and other roof coverings; reclaimed or other asphalt pavement; glass; plastics that are not sealed in a manner that conceals waste; electrical wiring and components containing no hazardous substances; and corrugated cardboard, piping or metals incidental to any of those materials.

General construction or demolition debris does not include uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads provided the uncontaminated soil is not commingled with any general construction or demolition debris or other waste.

To the extent allowed by federal law, uncontaminated concrete with protruding rebar shall be considered clean construction or demolition debris and shall not be considered "waste" if it is separated or processed and returned to the economic mainstream in the form of raw materials or products within 4 years of its generation, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i) in subsection (b) of this Section.

(a-1) "General construction or demolition debris recovery facility" means a site or facility used to store or treat exclusively general construction or demolition debris, including, but not limited to, sorting, separating, or transferring, for recycling, reclamation, or reuse. For purposes of this definition, treatment includes altering the physical nature of the general construction or demolition debris, such as by size reduction, crushing, grinding, or homogenization, but does not include treatment designed to change the chemical nature of the general construction or demolition debris.

(b) "Clean construction or demolition debris" means uncontaminated broken concrete without protruding metal bars, bricks, rock, stone, reclaimed or other asphalt pavement, or soil generated from construction or demolition activities.

Clean construction or demolition debris does not include uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads provided the uncontaminated soil is not commingled with any clean construction or demolition debris or other waste.

To the extent allowed by federal law, clean construction or demolition debris shall not be considered "waste" if it is (i) used as fill material outside of a setback zone if the fill is placed no higher than the highest point of elevation existing prior to the filling immediately adjacent to the fill area, and if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, and, if used as fill material in a current or former quarry, mine, or other excavation, is used in accordance with the requirements of Section 22.51 of this Act [415 ILCS 5/22.51] and the rules adopted thereunder or (ii) separated or processed and returned to the economic mainstream in the form of raw materials or products, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i), or (iii) solely broken concrete without protruding metal bars used for erosion control, or (iv) generated from the construction or demolition of a building, road, or other structure and used to construct, on the site where the construction or demolition has taken place, a manmade functional structure not to exceed 20 feet above the highest point of elevation of the property immediately adjacent to the new manmade functional structure as that elevation existed prior to the creation of that new structure, provided that the structure shall be covered with sufficient soil materials to sustain vegetation or by a road or structure, and further provided that no such structure shall be constructed within a home rule municipality with a population over 500,000 without the consent of the municipality.

For purposes of this subsection (b), reclaimed or other asphalt pavement shall not be considered speculatively accumulated if: (i) it is not commingled with any other clean construction or demolition debris or any waste; (ii) it is returned to the economic mainstream in the form of raw materials or products within 4 years after its generation; (iii) at least 25% of the total amount present at a site during a calendar year is transported off of the site during the next calendar year; and (iv) if used as a fill material, it is used in accordance with item (i) of the second paragraph of this subsection (b).

(c) For purposes of this Section, the term "uncontaminated soil" means soil that does not contain contaminants in concentrations that pose a threat to human health and safety and the environment.

(1) No later than one year after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-1416], the Agency shall propose, and, no later than one year after receipt of the Agency's proposal, the Board shall adopt, rules specifying the maximum concentrations of contaminants that may be present in uncontaminated soil for purposes of this Section. For carcinogens,

the maximum concentrations shall not allow exposure to exceed an excess upper-bound lifetime risk of 1 in 1,000,000; provided that if the most stringent remediation objective or applicable background concentration for a contaminant set forth in 35 Ill. Adm. Code 742 is greater than the concentration that would allow exposure at an excess upper-bound lifetime risk of 1 in 1,000,000, the Board may consider allowing that contaminant in concentrations up to its most stringent remediation objective or applicable background concentration set forth in 35 Ill. Adm. Code 742 in soil used as fill material in a current or former quarry, mine, or other excavation in accordance with Section 22.51 or 22.51a of this Act [415 ILCS 5/22.51 or 415 ILCS 5/22.51a] and rules adopted under those Sections. Any background concentration set forth in 35 Ill. Adm. Code 742 that is adopted as a maximum concentration must be based upon the location of the quarry, mine, or other excavation where the soil is used as fill material.

(2) To the extent allowed under federal law and regulations, uncontaminated soil shall not be considered a waste.

TITLE II.
AIR POLLUTION

415 ILCS 5/8 [Legislative findings; purpose]

The General Assembly finds that pollution of the air of this State constitutes a menace to public health and welfare, creates public nuisances, adds to cleaning costs, accelerates the deterioration of materials, adversely affects agriculture, business, industry, recreation, climate, and visibility, depresses property values, and offends the senses.

It is the purpose of this Title to restore, maintain, and enhance the purity of the air of this State in order to protect health, welfare, property, and the quality of life and to assure that no air contaminants are discharged into the atmosphere without being given the degree of treatment or control necessary to prevent pollution.

HISTORY:
P.A. 76-2429.

415 ILCS 5/9 Acts prohibited

No person shall:

(a) Cause or threaten or allow the discharge or emission of any contaminant into the environment in any State so as to cause or tend to cause air pollution in Illinois, either alone or in combination with contaminants from other sources, or so as to violate regulations or standards adopted by the Board under this Act.

(b) Construct, install, or operate any equipment, facility, vehicle, vessel, or aircraft capable of causing or contributing to air pollution or designed to prevent air pollution, of any type designated by Board regulations, (1) without a permit granted by the Agency unless otherwise exempt by this Act or Board regulations or (2) in violation of any conditions imposed by such permit.

(c) Cause or allow the open burning of refuse, conduct any salvage operation by open burning, or cause or allow the burning of any refuse in any chamber not specifically designed for the purpose and approved by the Agency pursuant to regulations adopted by the Board under this Act; except that the Board may adopt regulations permitting open burning of refuse in certain cases upon a finding that no harm will result from such burning, or that any alternative method of disposing of such refuse would create a safety hazard so extreme as to justify the pollution that would result from such burning.

(d) Sell, offer, or use any fuel or other article in any areas in which the Board may by regulation forbid its sale, offer, or use for reasons of air-pollution control.

(e) Use, cause or allow the spraying of loose asbestos for the purpose of fireproofing or insulating any building or building material or other constructions, or otherwise use asbestos in such unconfined manner as to permit asbestos fibers or particles to pollute the air.

(f) Commencing July 1, 1985, sell any used oil for burning or incineration in any incinerator, boiler, furnace, burner or other equipment unless such oil meets standards based on virgin fuel oil or re-refined oil, as defined in ASTM D-396 or specifications under VV-F-815C promulgated pursuant to the federal Energy Policy and Conservation Act [42 U.S.C. § 6201 et seq.], and meets the manufacturer's and current NFDA code standards for which such incinerator, boiler, furnace, burner or other equipment was approved, except that this prohibition does not apply to a sale to a permitted used oil re-refining or reprocessing facility or sale to a facility permitted by the Agency to burn or incinerate such oil.

Nothing herein shall limit the effect of any section of this Title with respect to any form of asbestos, or the spraying of any form of asbestos, or limit the power of the Board under this Title to adopt additional and further regulations with respect to any form of asbestos, or the spraying of any form of asbestos.

This Section shall not limit the burning of landscape waste upon the premises where it is produced or at sites provided and supervised by any unit of local government, except within any county having a population of more than 400,000. Nothing in this Section shall prohibit the burning of landscape waste for agricultural purposes, habitat management (including but not limited to forest and prairie reclamation), or firefighter training. For the purposes of this

Act, the burning of landscape waste by production nurseries shall be considered to be burning for agricultural purposes.

Any grain elevator located outside of a major population area, as defined in Section 211.3610 of Title 35 of the Illinois Administrative Code, shall be exempt from the requirements of Section 212.462 of Title 35 of the Illinois Administrative Code provided that the elevator: (1) does not violate the prohibitions of subsection (a) of this Section or have a certified investigation, as defined in Section 211.970 of Title 35 of the Illinois Administrative Code, on file with the Agency and (2) is not required to obtain a Clean Air Act Permit Program permit pursuant to Section 39.5 [415 ILCS 5/39.5]. Notwithstanding the above exemption, new stationary source performance standards for grain elevators, established pursuant to Section 9.1 of this Act [415 ILCS 5/9.1] and Section 111 of the federal Clean Air Act [42 U.S.C. § 7411], shall continue to apply to grain elevators.

HISTORY:

P.A. 84-705; 88-488, § 10; 89-328, § 5; 89-491, § 5; 97-95, § 20.

415 ILCS 5/9.1 [Federal Clean Air Act; enforcement; regulations; violations; exemptions; permit renewal]

(a) The General Assembly finds that the federal Clean Air Act, as amended, and regulations adopted pursuant thereto establish complex and detailed provisions for State-federal cooperation in the field of air pollution control, provide for a Prevention of Significant Deterioration program to regulate the issuance of preconstruction permits to insure that economic growth will occur in a manner consistent with the preservation of existing clean air resources, and also provide for plan requirements for nonattainment areas to regulate the construction, modification and operation of sources of air pollution to insure that economic growth will occur in a manner consistent with the goal of achieving the national ambient air quality standards, and that the General Assembly cannot conveniently or advantageously set forth in this Act all the requirements of such federal Act or all regulations which may be established thereunder.

It is the purpose of this Section to avoid the existence of duplicative, overlapping or conflicting State and federal regulatory systems.

(b) The provisions of Section 111 of the federal Clean Air Act (42 USC 7411), as amended, relating to standards of performance for new stationary sources, and Section 112 of the federal Clean Air Act (42 USC 7412), as amended, relating to the establishment of national emission standards for hazardous air pollutants are applicable in this State and are enforceable under this Act. Any such enforcement shall be stayed consistent with any stay granted in any federal judicial action to review such standards. Enforcement shall be consistent with the results of any such judicial review.

(c) The Board shall adopt regulations establishing permit programs for PSD and NA NSR permits meeting the respective requirements of Sections 165 and 173 of the Clean Air Act (42 USC 7475 and 42 USC 7503) as amended. The Agency may adopt procedures for the administration of such programs.

The regulations adopted by the Board to establish a PSD permit program shall incorporate by reference, pursuant to subsection (a) of Section 5-75 of the Illinois Administrative Procedure Act [5 ILCS 100/5-75], the provisions of 40 CFR 52.21, except for the following subparts: (a)(1) Plan disapproval, (q) Public participation, (s) Environmental impact statements, (t) Disputed permits or redesignations and (u) Delegation of authority; the Board may adopt more stringent or additional provisions to the extent it deems appropriate. To the extent that the provisions of 40 CFR 52.21 provide for the Administrator to make various determinations and to take certain actions, these provisions shall be modified to indicate the Agency if appropriate. Nothing in this subsection shall be construed to limit the right of any person to submit a proposal to the Board or the authority of the Board to adopt elements of a PSD permit program that are more stringent than those contained in 40 CFR 52.21, pursuant to the rulemaking requirements of Title VII of this Act and Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35].

(d) No person shall:

(1) violate any provisions of Sections 111, 112, 165 or 173 of the Clean Air Act, as now or hereafter amended, or federal regulations adopted pursuant thereto; or

(2) construct, install, modify or operate any equipment, building, facility, source or installation which is subject to regulation under Sections 111, 112, 165 or 173 of the Clean Air Act, as now or hereafter amended, except in compliance with the requirements of such Sections and federal regulations adopted pursuant thereto, and no such action shall be undertaken (A) without a permit granted by the Agency whenever a permit is required pursuant to (i) this Act or Board regulations or (ii) Section 111, 112, 165, or 173 of the Clean Air Act or federal regulations adopted pursuant thereto or (B) in violation of any conditions imposed by such permit. The issuance or any denial of such a PSD permit or any conditions imposed therein shall be reviewable by the Board in accordance with Section 40.3 of this Act [415 ILCS 5/40.3]. Other permits addressed in this subsection (d) shall be reviewable by the Board in accordance with Section 40 of this Act [415 ILCS 5/40].

(e) The Board shall exempt from regulation under the State Implementation Plan for ozone the volatile organic compounds which have been determined by the U.S. Environmental Protection Agency to be exempt from regulation under state implementation plans for ozone due to negligible photochemical reactivity. In accordance with subsection (b) of Section 7.2

[415 ILCS 5/7.2], the Board shall adopt regulations identical in substance to the U.S. Environmental Protection Agency exemptions or deletion of exemptions published in policy statements on the control of volatile organic compounds in the Federal Register by amending the list of exemptions to the Board's definition of volatile organic material found at 35 Ill. Adm. Code Part 211. The provisions and requirements of Title VII of this Act shall not apply to regulations adopted under this subsection. Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35], relating to procedures for rulemaking, does not apply to regulations adopted under this subsection. However, the Board shall provide for notice, a hearing if required by the U.S. Environmental Protection Agency, and public comment before adopted rules are filed with the Secretary of State. The Board may consolidate into a single rulemaking under this subsection all such federal policy statements published in the Federal Register within a period of time not to exceed 6 months.

(f) (Blank).

HISTORY:

P.A. 86-366; 87-555; 87-1213, § 50; 88-45, § 3-108; 97-95, § 20; 98-284, § 5; 99-463, § 5.

415 ILCS 5/9.2 Sulfur dioxide emission standards

(a) (Blank.)

(b) In granting any alternative emission standard or variance relating to sulfur dioxide emissions from a coal-burning stationary source, the Board may require the use of Illinois coal as a condition of such alternative standard or variance, provided that the Board determines that Illinois coal of the proper quality is available and competitive in price; such determination shall include consideration of the cost of pollution control equipment and the economic impact on the Illinois coal mining industry.

HISTORY:

P.A. 84-585; 92-574, § 5.

415 ILCS 5/9.3 Alternative control strategies

(a) The General Assembly finds that control strategies, including emission limitations, alternative but environmentally equivalent to those required by Board regulations or the terms of this Act, can assure equivalent protection of the environment and that the use of such alternative control strategies can encourage technological innovation, reduce the likelihood of shutdown of older sources, and can result in decreased costs of compliance and increased availability of resources for use in productive capital investments.

(b) (Blank.)

(c) On or before December 31, 1982, the Board shall adopt regulations establishing a permit program pursuant to Section 39.1 [415 ILCS 5/39.1] in accordance with Title VII of this Act [415 ILCS 5/26 et seq.].

(d) Board rules pursuant to this Section 9.3 [415 ILCS 5/9.3] shall set forth reasonable requirements for issuance of an alternative control strategy permit, provided that the Board may not impose any condition or requirement more stringent than required by the Clean Air Act [42 U.S.C. § 7401 et seq.] or for compliance with this Act or other Board regulations thereunder. The Agency shall promptly adopt any necessary procedures for the administration of such permit programs. The burden of establishing that any procedure, condition or requirement imposed by the Agency in or for the issuance of a permit is more stringent than required by applicable law shall be upon the permit applicant.

HISTORY:

P.A. 82-540; 88-45, § 3-108; 92-574, § 5.

415 ILCS 5/9.4 Municipal waste incineration emission standards.

(a) The General Assembly finds:

(1) That air pollution from municipal waste incineration may constitute a threat to public health, welfare and the environment. The amounts and kinds of pollutants depend on the nature of the waste stream, operating conditions of the incinerator, and the effectiveness of emission controls. Under normal operating conditions, municipal waste incinerators produce pollutants such as organic compounds, metallic compounds and acid gases which may be a threat to public health, welfare and the environment.

(2) That a combustion and flue-gas control system, which is properly designed, operated and maintained, can substantially reduce the emissions of organic materials, metallic compounds and acid gases from municipal waste incineration.

(b) It is the purpose of this Section to insure that emissions from new municipal waste incineration facilities which burn a total of 25 tons or more of municipal waste per day are adequately controlled.

Such facilities shall be subject to emissions limits and operating standards based upon the application of Best Available Control Technology, as determined by the Agency, for emissions of the following categories of pollutants:

(1) particulate matter, sulfur dioxide and nitrogen oxides;

(2) acid gases;

(3) heavy metals; and

(4) organic materials.

(c) The Agency shall issue permits, pursuant to Section 39 [415 ILCS 5/39], to new municipal waste incineration facilities only if the Agency finds that such facilities are designed, constructed and operated so as to comply with the requirements prescribed by this Section.

Prior to adoption of Board regulations under subsection (d) of this Section the Agency may issue

permits for the construction of new municipal waste incineration facilities. The Agency determination of Best Available Control Technology shall be based upon consideration of the specific pollutants named in subsection (d), and emissions of particulate matter, sulfur dioxide and nitrogen oxides.

Nothing in this Section shall limit the applicability of any other Sections of this Act, or of other standards or regulations adopted by the Board, to municipal waste incineration facilities. In issuing such permits, the Agency may prescribe those conditions necessary to assure continuing compliance with the emission limits and operating standards determined pursuant to subsection (b); such conditions may include the monitoring and reporting of emissions.

(d) Within one year after July 1, 1986, the Board shall adopt regulations pursuant to Title VII of this Act [415 ILCS 5/26 et seq.], which define the terms in items (2), (3) and (4) of subsection (b) of this Section which are to be used by the Agency in making its determination pursuant to this Section. The provisions of Section 27(b) of this Act [415 ILCS 5/27] shall not apply to this rulemaking.

Such regulations shall be written so that the categories of pollutants include, but need not be limited to, the following specific pollutants:

(1) hydrogen chloride in the definition of acid gases;

(2) arsenic, cadmium, mercury, chromium, nickel and lead in the definition of heavy metals; and

(3) polychlorinated dibenzo-p-dioxins, polychlorinated dibenzofurans and polynuclear aromatic hydrocarbons in the definition of organic materials.

(e) For the purposes of this Section, the term "Best Available Control Technology" means an emission limitation (including a visible emission standard) based on the maximum degree of pollutant reduction which the Agency, on a case-by-case basis, taking into account energy, environmental and economic impacts, determines is achievable through the application of production processes or available methods, systems and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques. If the Agency determines that technological or economic limitations on the application of measurement methodology to a particular class of sources would make the imposition of an emission standard not feasible, it may instead prescribe a design, equipment, work practice or operational standard, or combination thereof, to require the application of best available control technology. Such standard shall, to the degree possible, set forth the emission reduction achievable by implementation of such design, equipment, work practice or operation and shall provide for compliance by means which achieve equivalent results.

(f) "Municipal waste incineration" means the burning of municipal waste or fuel derived therefrom in a combustion apparatus designed to burn municipal waste that may produce electricity or steam as a by-product. A "new municipal waste incinerator" is an incinerator initially permitted for development or construction after January 1, 1986.

(g) The provisions of this Section shall not apply to the following:

(1) industrial incineration facilities that burn waste generated at the same site; or

(2) industrial incineration facilities that burn material or fuel derived therefrom for which the United States Environmental Protection Agency has issued a non-waste determination finding the material is not a solid waste under the Resource Conservation and Recovery Act (42 U.S.C. 6901 et. seq.) Non-Hazardous Secondary Materials Rule at 40 CFR 241.3(c).

HISTORY:

P.A. 84-957; 91-357, § 199; 92-574, § 5; 2019 P.A. 101-125, § 5, effective July 26, 2019.

415 ILCS 5/9.5 [Toxic air contaminants]

(a) The General Assembly finds that:

(1) The public health and welfare may be endangered by the release of toxic contaminants into the air which are carcinogenic, teratogenic, mutagenic or otherwise injurious to humans or the environment.

(2) Existing federal programs may not be adequate to protect the public and the environment from low-level, chronic exposure to toxic air contaminants.

(b) It is the purpose of this Section to establish a State program to identify and adopt regulations for toxic air contaminants in Illinois.

(c) The Board, pursuant to Title VII, shall promulgate a list of toxic air contaminants. The list published under this subsection shall include any air contaminant which may cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness, or may pose a significant threat to human health or the environment. The Agency shall propose to the Board for adoption a list which meets the requirement of this subsection.

The provisions of subsection (b) of Section 27 of this Act [415 ILCS 5/27] shall not apply to rulemakings under this subsection (c).

(d) The Board, pursuant to Title VII, shall adopt regulations establishing a program to control toxic contaminants released into the air in a manner that protects the public health and the environment. The Agency shall propose regulations to the Board for adoption which meet the requirements of this subsection.

(e) The requirements of this Section shall not apply to the following:

(1) retail dry cleaning operations;

(2) retail and noncommercial storage and handling of motor fuels;

(3) combustion processes using only commercial fuel, including internal combustion engines;

(4) incidental or minor sources including laboratory-scale operations, and such other sources or categories of sources which are determined by the Board to be of minor significance.

HISTORY:
P.A. 85-752.

415 ILCS 5/9.6 Air pollution operating permit fee

(a) For any site for which an air pollution operating permit is required, other than a site permitted solely as a retail liquid dispensing facility that has air pollution control equipment or an agrichemical facility with an endorsed permit pursuant to Section 39.4 [415 ILCS 5/39.4], the owner or operator of that site shall pay an initial annual fee to the Agency within 30 days of receipt of the permit and an annual fee each year thereafter for as long as a permit is in effect. The owner or operator of a portable emission unit, as defined in 35 Ill. Adm. Code 201.170, may change the site of any unit previously permitted without paying an additional fee under this Section for each site change, provided that no further change to the permit is otherwise necessary or requested.

(b) The following fee amounts shall apply:

(1) The fee for a site permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 [415 ILCS 5/39.5] of this Act, except greenhouse gases, is $200 per year beginning July 1, 2003, and increases, beginning January 1, 2012, to $235 per year for lifetime operating permits and $235 per year for federally enforceable state operating permits, except as provided in subsection (c) of this Section.

(2) The fee for a site permitted to emit at least 25 tons per year but less than 100 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act except greenhouse gases, is $1,800 per year beginning July 1, 2003, and increases, beginning January 1, 2012, to $2,150 per year, except as provided in subsection (c) of this Section.

(3) The fee for a site permitted to emit at least 100 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, except greenhouse gases, is $18 per ton, per year, beginning July 1, 2003, and increases, beginning January 1, 2012 to $21.50 per ton, per year, except as provided in subsection (c) of this Section. However, the maximum fee under this paragraph (3) is $3,500 before January 1, 2012, and is $4,112 beginning January 1, 2012.

(c) The owner or operator of any site subject to subsection (b) of this Section that becomes subject to Section 39.5 of this Act shall continue to pay the fee set forth in this Section until the site becomes subject to the CAAPP fee set forth within subsection 18 of Section 39.5 of this Act. If an owner or operator has paid a fee under this Section during the 12-month period following the effective date of the CAAPP for that site, the amount of that fee shall be deducted from the amount due under subsection 18 of Section 39.5 of this Act.

(d) Only one air pollution site fee may be collected from any site, even if such site receives more than one air pollution control permit.

(e) The Agency shall establish procedures for the collection of air pollution site fees. Air pollution site fees may be paid annually, or in advance for the number of years for which the permit is issued, at the option of the owner or operator. Payment in advance does not exempt the owner or operator from paying any increase in the fee that may occur during the term of the permit; the owner or operator must pay the amount of the increase upon and from the effective date of the increase.

(f) The Agency may deny an application for the issuance, transfer, or renewal of an air pollution operating permit if any air pollution site fee owed by the applicant has not been paid within 60 days of the due date, unless the applicant, at the time of application, pays to the Agency in advance the air pollution site fee for the site that is the subject of the operating permit, plus any other air pollution site fees then owed by the applicant. The denial of an air pollution operating permit for failure to pay an air pollution site fee shall be subject to review by the Board pursuant to the provisions of subsection (a) of Section 40 of this Act [415 ILCS 5/40].

(g) If the Agency determines that an owner or operator of a site was required, but failed, to timely obtain an air pollution operating permit, and as a result avoided the payment of permit fees, the Agency may collect the avoided permit fees with or without pursuing enforcement under Section 31 of this Act [415 ILCS 5/31]. The avoided permit fees shall be calculated as double the amount that would have been owed had a permit been timely obtained. Fees collected pursuant to this subsection (g) shall be deposited into the Environmental Protection Permit and Inspection Fund.

(h) If the Agency determines that an owner or operator of a site was required, but failed, to timely obtain an air pollution operating permit and as a result avoided the payment of permit fees, an enforcement action may be brought under Section 31 of this Act. In addition to any other relief that may be obtained as part of this action, the Agency may seek to recover the avoided permit fees. The avoided permit fees shall be calculated as double the amount that would have been owed had a permit been timely obtained. Fees collected pursuant to this subsection (h) shall be deposited into the Environmental Protection Permit and Inspection Fund.

(i) If a permittee subject to a fee under this Section fails to pay the fee within 90 days of its due date, or makes the fee payment from an account with insufficient funds to cover the amount of the fee payment, the Agency shall notify the permittee of the failure to

pay the fee. If the permittee fails to pay the fee within 60 days after such notification, the Agency may, by written notice, immediately revoke the air pollution operating permit. Failure of the Agency to notify the permittee of failure to pay a fee due under this Section, or the payment of the fee from an account with insufficient funds to cover the amount of the fee payment, does not excuse or alter the duty of the permittee to comply with the provisions of this Section.

HISTORY:
P.A. 86-671; 86-1409; 88-496, § 15; 88-690, § 10; 90-367, § 5; 93-32, § 75-52; 97-95, § 20.

415 ILCS 5/9.7 CFC's

The General Assembly hereby finds that the manufacture and use of chlorofluorocarbons (CFCs) present a serious threat to the environment, and declares it to be the public policy of this State to discourage the unnecessary use of CFCs, to encourage producers of CFCs to replace them with alternative substances that have a less deleterious impact on the environment, and to promote the use of equipment to recover and recycle existing CFCs.

HISTORY:
P.A. 86-756; 90-372, § 5-373.

415 ILCS 5/9.8 Emissions reductions market system

(a) The General Assembly finds:

(1) That achieving compliance with the ozone attainment provisions of federal Clean Air Act Amendments (CAAA) of 1990 [42 U.S.C. § 7401 et seq.] calls for innovative and cost-effective implementation strategies.

(2) That economic incentives and market-based approaches can be used to achieve clean air compliance in an innovative and cost-effective manner.

(3) That development and operation of an emissions market system should significantly lessen the economic impacts associated with implementation of the federal Clean Air Act Amendments of 1990 [42 U.S.C. § 7401 et seq.] and still achieve the desired air quality for the area.

(b) The Agency shall design an emissions market system that will assist the State in meeting applicable post-1996 provisions under the CAAA of 1990 [42 U.S.C. § 7401 et seq.], provide maximum flexibility for designated sources that reduce emissions, and that takes into account the findings of the national ozone transport assessment, existing air quality conditions, and resultant emissions levels necessary to achieve or maintain attainment.

(c) The Agency may develop proposed rules for a market-based emissions reduction, banking, and trading system that will enable stationary sources to implement cost-effective, compliance options. In developing such a market system, the Agency may take into consideration a suitable ozone control season and related reconciliation period, seasonal allotments of actual emissions and adjustments thereto, phased participation by size of source, suitable emissions and compliance monitoring provisions, an annual allotment set-aside for market assurance, and suitable means for the market system to be provided for in an appropriate State implementation plan. The proposal shall be filed with the Board and shall be subject to the rulemaking provisions of Sections 27 and 28 [415 ILCS 5/27 and 415 ILCS 5/28] of this Act. The rules adopted by the Board shall include provisions that:

(1) Assure that compliance with the required emissions reductions under the market system shall be, at a minimum, as cost-effective as the traditional regulatory control requirements in the State of Illinois.

(2) Assure that emissions reductions under the market system will not be mandated unless it is necessary for the attainment and maintenance of the National Ambient Air Quality Standard for ozone in the Chicago nonattainment area, as required of this State by applicable federal law or regulation.

(3) Assure that sources subject to the program will not be required to reduce emissions to an extent that exceeds their proportionate share of the total emission reductions required of all emission sources, including mobile and area sources, to attain and maintain the National Ambient Air Quality Standard for ozone in the Chicago nonattainment area.

(4) Assure that credit is given or exclusion is granted for those emission units which have reduced emissions, either voluntarily or through the application of maximum available control technology or national emissions standards for hazardous air pollutants, such that those reductions would be counted as if they had occurred after the initiation of the program.

(5) Assure that unusual or abnormal operational patterns can be accounted for in the determination of any source's baseline from which reductions would be made.

(6) Assure that relative economic impact and technical feasibility of emissions reductions under the banking and trading program, as compared to other alternatives, is considered.

(7) Assure that the feasibility of measuring and quantifying emissions is considered in developing and adopting the banking and trading program.

(d) Notwithstanding the other provisions of this Act, any source or other authorized person that participates in an emissions market system shall be eligible to exchange allotment trading units with other sources provided that established rules are followed.

(e) There is hereby created within the State Treasury an interest-bearing special fund to be known as the Alternative Compliance Market Account Fund, which shall be used and administered by the Agency for the following public purposes:

(1) To accept and retain funds from persons who purchase allotment trading units from the Agency pursuant to regulatory provisions and payments of interest and principal.

(2) To purchase services, equipment, or commodities that help generate emissions reductions in or around the ozone nonattainment area in Northeastern Illinois.

HISTORY:
P.A. 89-173, § 5; 89-465, § 10.

415 ILCS 5/9.9 Nitrogen oxides trading system.

(a) The General Assembly finds:

(1) That USEPA has issued a Final Rule published in the Federal Register on October 27, 1998, entitled "Finding of Significant Contribution and Rulemaking for Certain States in the Ozone Transport Assessment Group Region for Purposes of Reducing Regional Transport of Ozone", hereinafter referred to as the "NOx SIP Call", compliance with which will require reducing emissions of nitrogen oxides ("NOx");

(2) That reducing emissions of NOx in the State helps the State to meet the national ambient air quality standard for ozone;

(3) That emissions trading is a cost-effective means of obtaining reductions of NOx emissions.

(b) The Agency shall propose and the Board shall adopt regulations to implement an interstate NOx trading program (hereinafter referred to as the "NOx Trading Program") as provided for in 40 CFR Part 96, including incorporation by reference of appropriate provisions of 40 CFR Part 96 and regulations to address 40 CFR Section 96.4(b), Section 96.55(c), Subpart E, and Subpart I. In addition, the Agency shall propose and the Board shall adopt regulations to implement NOx emission reduction programs for cement kilns and stationary internal combustion engines.

(c) Allocations of NOx allowances to large electric generating units ("EGUs") and large non-electric generating units ("non-EGUs"), as defined by 40 CFR Part 96.4(a), shall not exceed the State's trading budget for those source categories to be included in the State Implementation Plan for NOx.

(d) In adopting regulations to implement the NOx Trading Program, the Board shall:

(1) assure that the economic impact and technical feasibility of NOx emissions reductions under the NOx Trading Program are considered relative to the traditional regulatory control requirements in the State for EGUs and non-EGUs;

(2) provide that emission units, as defined in Section 39.5(1) of this Act, may opt into the NOx Trading Program;

(3) provide for voluntary reductions of NOx emissions from emission units, as defined in Section 39.5(1) of this Act, not otherwise included under paragraph (c) or (d)(2) of this Section to provide additional allowances to EGUs and non-EGUs to be allocated by the Agency. The regulations shall further provide that such voluntary reductions are verifiable, quantifiable, permanent, and federally enforceable;

(4) provide that the Agency allocate to non-EGUs allowances that are designated in the rule, unless the Agency has been directed to transfer the allocations to another unit subject to the requirements of the NOx Trading Program, and that upon shutdown of a non-EGU, the unit may transfer or sell the NOx allowances that are allocated to such unit;

(5) provide that the Agency shall set aside annually a number of allowances, not to exceed 5% of the total EGU trading budget, to be made available to new EGUs; and

(6) provide that those EGUs that commence commercial operation, as defined in 40 CFR Section 96.2, at a time that is more than half way through the control period in 2003 shall return to the Agency any allowances that were issued to it by the Agency and were not used for compliance in 2004.

(d-5) The Agency may sell NOx allowances to sources in Illinois that are subject to 35 Ill. Adm. Code 217, either Subpart U or W, as follows:

(1) any unearned Early Reduction Credits set aside for non-EGUs under 35 Ill. Adm. Code 217, Subpart U, but only to those sources that make qualifying early reductions of NOx in 2003 pursuant to 35 Ill. Adm. Code 217 for which the source did not receive an allocation thereunder. If the Agency receives requests to purchase more ERCs than are available for sale, allowances shall be offered for sale to qualifying sources on a pro-rata basis;

(2) any remaining Early Reduction Credits allocated under 35 Ill. Adm. Code 217, Subpart U or W, that could not be allocated on a pro-rata, whole allowance basis, but only to those sources that made qualifying early reductions of NOx in 2003 pursuant to 35 Ill. Adm. Code 217 for which the source did not receive an allocation;

(3) any allowances under 35 Ill. Adm. Code 217, Subpart W, that remain after each 3-year allocation period that could not be allocated on a pro-rata, whole allowance basis pursuant to the provisions of Subpart W; and

(4) any allowances requested from the New Source Set Aside for those sources that commenced operation, as defined in 40 CFR Section 96.2, on or after January 1, 2004.

(d-10) The selling price for ERC allowances shall be 70% of the market price index for 2005 NOx allowances, determined by the Agency as follows:

(1) using the mean of 2 or more published market price indexes for the 2005 NOx allowances as of October 6, 2003; or

(2) if there are not 2 published market price indexes for 2005 NOx allowances as of October 6, 2003, the Agency may use any reasonable indication of market price.

(e) The Agency may adopt procedural rules, as necessary, to implement the regulations promulgated by the Board pursuant to subsections (b) and (d) and to implement subsections (d-5), (d-10), (i), and (j) of this Section.

(f) Notwithstanding any provisions in subparts T, U, and W of Section 217 of Title 35 of the Illinois Administrative Code to the contrary, compliance with the regulations promulgated by the Board pursuant to subsections (b) and (d) of this Section is required by May 31, 2004.

(g) To the extent that a court of competent jurisdiction finds a provision of 40 CFR Part 96 invalid, the corresponding Illinois provision shall be stayed until such provision of 40 CFR Part 96 is found to be valid or is re-promulgated. To the extent that USEPA or any court of competent jurisdiction stays the applicability of any provision of the NOx SIP Call to any person or circumstance relating to Illinois, during the period of that stay, the effectiveness of the corresponding Illinois provision shall be stayed. To the extent that the invalidity of the particular requirement or application does not affect other provisions or applications of the NOx SIP Call pursuant to 40 CFR 51.121 or the NOx trading program pursuant to 40 CFR Part 96 or 40 CFR Part 97, this Section, and rules or regulations promulgated hereunder, will be given effect without the invalid provisions or applications.

(h) Notwithstanding any other provision of this Act, any source or other authorized person that participates in the NOx Trading Program shall be eligible to exchange NOx allowances with other sources in accordance with this Section and with regulations promulgated by the Board or the Agency.

(i) (Blank).

(j) Moneys generated from the sale of early reduction credits shall be deposited into the Clean Air Act Permit Fund created pursuant to Section 39.5(18)(d) of this Act, and the proceeds shall be used and administered by the Agency to finance the costs associated with the Clean Air Act Permit Program.

HISTORY:

P.A. 91-631, § 5; 92-12, § 950; 92-279, § 5; 93-669, § 5; 2022 P.A. 102-1071, article 20, § 20-70, effective June 10, 2022.

415 ILCS 5/9.10 Fossil fuel-fired electric generating plants

(a) The General Assembly finds and declares that:

(1) fossil fuel-fired electric generating plants are a significant source of air emissions in this State and have become the subject of a number of important new studies of their effects on the public health;

(2) existing state and federal policies, that allow older plants that meet federal standards to operate without meeting the more stringent requirements applicable to new plants, are being questioned on the basis of their environmental impacts and the economic distortions such policies cause in a deregulated energy market;

(3) fossil fuel-fired electric generating plants are, or may be, affected by a number of regulatory programs, some of which are under review or development on the state and national levels, and to a certain extent the international level, including the federal acid rain program, tropospheric ozone, mercury and other hazardous pollutant control requirements, regional haze, and global warming;

(4) scientific uncertainty regarding the formation of certain components of regional haze and the air quality modeling that predict impacts of control measures requires careful consideration of the timing of the control of some of the pollutants from these facilities, particularly sulfur dioxides and nitrogen oxides that each interact with ammonia and other substances in the atmosphere;

(5) the development of energy policies to promote a safe, sufficient, reliable, and affordable energy supply on the state and national levels is being affected by the on-going deregulation of the power generation industry and the evolving energy markets;

(6) the Governor's formation of an Energy Cabinet and the development of a State energy policy calls for actions by the Agency and the Board that are in harmony with the energy needs and policy of the State, while protecting the public health and the environment;

(7) Illinois coal is an abundant resource and an important component of Illinois' economy whose use should be encouraged to the greatest extent possible consistent with protecting the public health and the environment;

(8) renewable forms of energy should be promoted as an important element of the energy and environmental policies of the State and that it is a goal of the State that at least 5% of the State's energy production and use be derived from renewable forms of energy by 2010 and at least 15% from renewable forms of energy by 2020;

(9) efforts on the state and federal levels are underway to consider the multiple environmental regulations affecting electric generating plants in order to improve the ability of government and the affected industry to engage in effective planning through the use of multi-pollutant strategies; and

(10) these issues, taken together, call for a comprehensive review of the impact of these facilities on the public health, considering also the energy supply, reliability, and costs, the role of renewable forms of energy, and the developments in federal law and regulations that may affect any state actions, prior to making final decisions in Illinois.

(b) Taking into account the findings and declarations of the General Assembly contained in subsection (a) of this Section, the Agency shall, before September 30, 2004, but not before September 30, 2003, issue to the House and Senate Committees on

Environment and Energy findings that address the potential need for the control or reduction of emissions from fossil fuel-fired electric generating plants, including the following provisions:

(1) reduction of nitrogen oxide emissions, as appropriate, with consideration of maximum annual emissions rate limits or establishment of an emissions trading program and with consideration of the developments in federal law and regulations that may affect any State action, prior to making final decisions in Illinois;

(2) reduction of sulfur dioxide emissions, as appropriate, with consideration of maximum annual emissions rate limits or establishment of an emissions trading program and with consideration of the developments in federal law and regulations that may affect any State action, prior to making final decisions in Illinois;

(3) incentives to promote renewable sources of energy consistent with item (8) of subsection (a) of this Section;

(4) reduction of mercury as appropriate, consideration of the availability of control technology, industry practice requirements, or incentive programs, or some combination of these approaches that are sufficient to prevent unacceptable local impacts from individual facilities and with consideration of the developments in federal law and regulations that may affect any state action, prior to making final decisions in Illinois; and

(5) establishment of a banking system, consistent with the United States Department of Energy's voluntary reporting system, for certifying credits for voluntary offsets of emissions of greenhouse gases, as identified by the United States Environmental Protection Agency, or other voluntary reductions of greenhouse gases. Such reduction efforts may include, but are not limited to, carbon sequestration, technology-based control measures, energy efficiency measures, and the use of renewable energy sources.

The Agency shall consider the impact on the public health, considering also energy supply, reliability and costs, the role of renewable forms of energy, and developments in federal law and regulations that may affect any state actions, prior to making final decisions in Illinois.

(c) Nothing in this Section is intended to or should be interpreted in a manner to limit or restrict the authority of the Illinois Environmental Protection Agency to propose, or the Illinois Pollution Control Board to adopt, any regulations applicable or that may become applicable to the facilities covered by this Section that are required by federal law.

(d) The Agency may file proposed rules with the Board to effectuate its findings provided to the Senate Committee on Environment and Energy and the House Committee on Environment and Energy in accordance with subsection (b) of this Section. Any such proposal shall not be submitted sooner than 90 days after the issuance of the findings provided for in subsection (b) of this Section. The Board shall take action on any such proposal within one year of the Agency's filing of the proposed rules.

(e) This Section shall apply only to those electrical generating units that are subject to the provisions of Subpart W of Part 217 of Title 35 of the Illinois Administrative Code, as promulgated by the Illinois Pollution Control Board on December 21, 2000.

HISTORY:

P.A. 92-12, § 950; 92-279, § 5.

415 ILCS 5/9.11 Great Lakes Areas of Concern; mercury

(a) The General Assembly finds that:

(1) The government of the United States of America and the government of Canada have entered into agreements on Great Lakes water quality by signature of the Great Lakes Water Quality Agreement of 1978, which was amended by Protocol signed on November 18, 1987.

(2) The government of the United States of America and the government of Canada, in cooperation with the state and provincial governments, were required to designate geographic areas, called Areas of Concern, that fail to meet the general or specific objectives of the Great Lakes Water Quality Agreement, and where such failure has caused or is likely to cause impairment of beneficial use or failure of the ability of the area to support aquatic life.

(3) The government of the United States of America and the government of Canada have identified 43 Areas of Concern, 26 of which are in waters of the United States of America and 17 of which are in the waters of Canada.

(4) Waukegan Harbor in Illinois was designated an Area of Concern in 1981 by the International Joint Commission, the United States Environmental Protection Agency, and the Illinois Environmental Protection Agency as a result of the discovery of 5 beneficial use impairments, as defined in Annex 2 of the Great Lakes Water Quality Agreement. Beneficial use impairments at the Waukegan Harbor Area of Concern were identified as the restrictions on fish consumption, degradation of benthos, restrictions on dredging activities, degradation of phytoplankton and zooplankton populations, and loss of fish and wildlife habitat.

(5) The government of the United States of America and the government of Canada cooperate with the state and provincial governments to ensure that remedial action plans are developed to restore all impaired uses to the Areas of Concern.

(6) Mercury has been identified as a persistent bioaccumulative contaminant of concern throughout the Great Lakes, including Lake Michigan, resulting in health advisories and restrictions on fish consumption.

(7) The thermal treatment of sludge creates mercury emissions.

(b) The Agency shall not issue any permit to develop, construct, or operate, within one mile of any portion of Lake Michigan that has been designated an Area of Concern under the Great Lakes Water Quality Agreement as of the effective date of this Section, any site or facility for the thermal treatment of sludge, unless the applicant submits to the Agency proof that the site or facility has received local siting approval from the governing body of the municipality in which the site or facility is proposed to be located (or from the county board if located in an unincorporated area), in accordance with Section 39.2 of this Act [415 ILCS 5/39.2]. For the purposes of this Section, "thermal treatment" includes, without limitation, drying, incinerating, and any other processing that subjects the sludge to an elevated temperature.

HISTORY:
P.A. 93-202, § 5.

415 ILCS 5/9.12 Construction permit fees for air pollution sources

(a) An applicant for a new or revised air pollution construction permit shall pay a fee, as established in this Section, to the Agency at the time that he or she submits the application for a construction permit. Except as set forth below, the fee for each activity or category listed in this Section is separate and is cumulative with any other applicable fee listed in this Section.

(b) The fee amounts in this subsection (b) apply to construction permit applications relating to (i) a source subject to Section 39.5 of this Act [415 ILCS 5/39.5] (the Clean Air Act Permit Program); (ii) a source that, upon issuance of the requested construction permit, will become a major source subject to Section 39.5; or (iii) a source that has or will require a federally enforceable State operating permit limiting its potential to emit.

(1) Base fees for each construction permit application shall be assessed as follows:

(A) If the construction permit application relates to one or more new emission units or to a combination of new and modified emission units, a fee of $4,000 for the first new emission unit and a fee of $1,000 for each additional new or modified emission unit; provided that the total base fee under this subdivision (A) shall not exceed $10,000.

(B) If the construction permit application relates to one or more modified emission units but not to any new emission unit, a fee of $2,000 for the first modified emission unit and a fee of $1,000 for each additional modified emission unit; provided that the total base fee under this subdivision (B) shall not exceed $5,000.

(2) Supplemental fees for each construction permit application shall be assessed as follows:

(A) If, based on the construction permit application, the source will be, but is not currently, subject to Section 39.5 of this Act, a CAAPP entry fee of $5,000.

(B) If the construction permit application involves (i) a new source or emission unit subject to Section 39.2 of this Act [415 ILCS 5/39.2], (ii) a commercial incinerator or other municipal waste, hazardous waste, or waste tire incinerator, (iii) a commercial power generator, or (iv) one or more other emission units designated as a complex source by Agency rulemaking, a fee of $25,000.

(C) If the construction permit application involves an emissions netting exercise or reliance on a contemporaneous emissions decrease for a pollutant to avoid application of the PSD permit program or nonattainment new source review, a fee of $3,000 for each such pollutant.

(D) If the construction permit application is for a new major source subject to the PSD permit program, a fee of $12,000.

(E) If the construction permit application is for a new major source subject to nonattainment new source review, a fee of $20,000.

(F) If the construction permit application is for a major modification subject to the PSD permit program, a fee of $6,000.

(G) If the construction permit application is for a major modification subject to nonattainment new source review, a fee of $12,000.

(H) (Blank).

(I) If the construction permit application review involves a determination of the Maximum Achievable Control Technology standard for a pollutant and the project is not otherwise subject to BACT or LAER for a related pollutant under the PSD permit program or nonattainment new source review, a fee of $5,000 per unit for which a determination is requested or otherwise required.

(J) (Blank).

(3) If a public hearing is held regarding the construction permit application, an administrative fee of $10,000. This fee shall be submitted at the time the applicant requests a public hearing or, if a public hearing is not requested by the applicant, then within 30 days after the applicant is informed by the Agency that a public hearing will be held.

(c) The fee amounts in this subsection (c) apply to construction permit applications relating to a source that, upon issuance of the construction permit, will not (i) be or become subject to Section 39.5 of this Act (the Clean Air Act Permit Program) or (ii) have or require a federally enforceable state operating permit limiting its potential to emit.

(1) Base fees for each construction permit application shall be assessed as follows:

(A) For a construction permit application involving a single new emission unit, a fee of $500.

(B) For a construction permit application involving more than one new emission unit, a fee of $1,000.

(C) For a construction permit application involving no more than 2 modified emission units, a fee of $500.

(D) For a construction permit application involving more than 2 modified emission units, a fee of $1,000.

(2) Supplemental fees for each construction permit application shall be assessed as follows:

(A) If the source is a new source, i.e., does not currently have an operating permit, an entry fee of $500;

(B) If the construction permit application involves (i) a new source or emission unit subject to Section 39.2 of this Act, (ii) a commercial incinerator or a municipal waste, hazardous waste, or waste tire incinerator, (iii) a commercial power generator, or (iv) an emission unit designated as a complex source by Agency rulemaking, a fee of $15,000.

(3) If a public hearing is held regarding the construction permit application, an administrative fee of $10,000. This fee shall be submitted at the time the applicant requests a public hearing or, if a public hearing is not requested by the applicant, then within 30 days after the applicant is informed by the Agency that a public hearing will be held.

(d) If no other fee is applicable under this Section, a construction permit application addressing one or more of the following shall be subject to a filing fee of $500:

(1) A construction permit application to add or replace a control device on a permitted emission unit.

(2) A construction permit application to conduct a pilot project or trial burn for a permitted emission unit.

(3) A construction permit application for a land remediation project.

(4) (Blank).

(5) A construction permit application to revise an emissions testing methodology or the timing of required emissions testing.

(6) A construction permit application that provides for a change in the name, address, or phone number of any person identified in the permit, or for a change in the stated ownership or control, or for a similar minor administrative permit change at the source.

(e) No fee shall be assessed for a request to correct an issued permit that involves only an Agency error, if the request is received within the deadline for a permit appeal to the Pollution Control Board.

(f) The applicant for a new or revised air pollution construction permit shall submit to the Agency, with the construction permit application, both a certification of the fee that he or she estimates to be due under this Section and the fee itself.

(g) Notwithstanding the requirements of subsection (a) of Section 39 of this Act [415 ILCS 5/39], the application for an air pollution construction permit shall not be deemed to be filed with the Agency until the Agency receives the initial air pollution construction permit application fee and the certified estimate of the fee required by this Section. Unless the Agency has received the initial air pollution construction permit application fee and the certified estimate of the fee required by this Section, the Agency is not required to review or process the application.

(h) If the Agency determines at any time that a construction permit application is subject to an additional fee under this Section that the applicant has not submitted, the Agency shall notify the applicant in writing of the amount due under this Section. The applicant shall have 60 days to remit the assessed fee to the Agency.

If the proper fee established under this Section is not submitted within 60 days after the request for further remittance:

(1) If the construction permit has not yet been issued, the Agency is not required to further review or process, and the provisions of subsection (a) of Section 39 of this Act do not apply to, the application for a construction permit until such time as the proper fee is remitted.

(2) If the construction permit has been issued, the Agency may, upon written notice, immediately revoke the construction permit.

The denial or revocation of a construction permit does not excuse the applicant from the duty of paying the fees required under this Section.

(i) The Agency may deny the issuance of a pending air pollution construction permit or the subsequent operating permit if the applicant has not paid the required fees by the date required for issuance of the permit. The denial or revocation of a permit for failure to pay a construction permit fee is subject to review by the Board pursuant to the provisions of subsection (a) of Section 40 of this Act [415 ILCS 5/40].

(j) If the owner or operator undertakes construction without obtaining an air pollution construction permit, the fee under this Section is still required. Payment of the required fee does not preclude the Agency or the Attorney General or other authorized persons from pursuing enforcement against the applicant for failure to have an air pollution construction permit prior to commencing construction.

(k) If an air pollution construction permittee makes a fee payment under this Section from an account with insufficient funds to cover the amount of the fee payment, the Agency shall notify the permittee of the failure to pay the fee. If the permittee fails to pay the fee within 60 days after such notification, the Agency may, by written notice, immediately revoke the air pollution construction permit. Failure of the Agency to notify the permittee of the permittee's failure to make payment does not excuse or alter the duty of the permittee to comply with the provisions of this Section.

(*l*) The Agency may establish procedures for the collection of air pollution construction permit fees.

(m) Fees collected pursuant to this Section shall be deposited into the Environmental Protection Permit and Inspection Fund.

HISTORY:
P.A. 93-32, § 75-52; 97-95, § 20; 99-463, § 5.

415 ILCS 5/9.12a Notice.

When a permit for a new facility is required by this Title II, the Agency shall provide notice: (i) by certified or registered mail or, upon request, electronically, to the State Senator and State Representative of the district where the facility will be located; and (ii) to the public via a posting on its website in a format that is searchable by zip code. Within 6 months after the effective date of this amendatory Act of the 101st General Assembly, the Agency shall adopt rules to implement this Section.

HISTORY:
2019 P.A. 101-422, § 5, effective January 1, 2020.

415 ILCS 5/9.13 Asbestos fees

(a) For any site for which the owner or operator must file an original 10-day notice of intent to renovate or demolish pursuant to 40 CFR 61.145(b) (part of the federal asbestos National Emission Standard for Hazardous Air Pollutants or NESHAP), the owner or operator shall pay to the Agency with the filing of each 10-day Notice a fee of $150.

(b) If demolition or renovation of a site has commenced without proper filing of the 10-day Notice, the fee is double the amount otherwise due. This doubling of the fee is in addition to any other penalties under this Act, the federal NESHAP, or otherwise, and does not preclude the Agency, the Attorney General, or other authorized persons from pursuing an enforcement action against the owner or operator for failure to file a 10-day Notice prior to commencing demolition or renovation activities.

(c) In the event that an owner or operator makes a fee payment under this Section from an account with insufficient funds to cover the amount of the fee payment, the 10-day Notice shall be deemed improperly filed. The Agency shall so notify the owner or operator within 60 days of receiving the notice of insufficient funds. Failure of the Agency to so notify the owner or operator does not excuse or alter the duty of the owner or operator to comply with the requirements of this Section.

(d) Where asbestos remediation or demolition activities have not been conducted in accordance with the asbestos NESHAP, in addition to the fees imposed by this Section, the Agency may also collect its actual costs incurred for asbestos-related activities at the site, including without limitation costs of sampling, sample analysis, remediation plan review, and activity oversight for demolition or renovation.

(e) Fees and cost recovery amounts collected under this Section shall be deposited into the Environmental Protection Permit and Inspection Fund.

HISTORY:
P.A. 93-32, § 75-52.

415 ILCS 5/9.14 Registration of smaller sources

(a) After the effective date of rules implementing this Section, the owner or operator of an eligible source shall annually register with the Agency instead of complying with the requirement to obtain an air pollution construction or operating permit under this Act. The criteria for determining an eligible source shall include the following:

(1) the source must not be required to obtain a permit pursuant to the Illinois Clean Air Act Permit Program [415 ILCS 5/39.5] or Federally Enforceable State Operating Permit program, or under regulations promulgated pursuant to Section 111 or 112 of the Clean Air Act [42 U.S.C. 7411 or 42 U.S.C. 7412];

(2) the USEPA has not otherwise determined that a permit is required;

(3) the source emits less than an actual 5 tons per year of combined particulate matter, carbon monoxide, nitrogen oxides, sulfur dioxide, and volatile organic material air pollutant emissions;

(4) the source emits less than an actual 0.5 tons per year of combined hazardous air pollutant emissions;

(5) the source emits less than an actual 0.05 tons per year of lead air emissions;

(6) the source emits less than an actual 0.05 tons per year of mercury air emissions; and

(7) the source does not have an emission unit subject to a standard pursuant to 40 CFR Part 61 Maximum Achievable Control Technology, or 40 CFR Part 63 National Emissions Standards for Hazardous Air Pollutants other than those regulations that the USEPA has categorized as "area source".

(b) Complete registration of an eligible source, including payment of the required fee as specified in subsection (c) of this Section, shall provide the owner or operator of the eligible source with an exemption from the requirement to obtain an air pollution construction or operating permit under this Act. The registration of smaller sources program does not relieve an owner or operator from the obligation to comply with any other applicable rules or regulations.

(c) The owner or operator of an eligible source shall pay an annual registration fee of $235 to the Agency at the time of registration submittal and each year thereafter. Fees collected under this Section shall be deposited into the Environmental Protection Permit and Inspection Fund.

(d) The Agency shall propose rules to implement the registration of smaller sources program. Within 120 days after the Agency proposes those rules, the Board shall adopt rules to implement the registration of smaller sources program. These rules may be subsequently amended from time to time pursuant to a proposal filed with the Board by any person, and any necessary amendments shall be adopted by the Board within 120 days after proposal. Such amendments may provide for the alteration or revision of

the initial criteria included in subsection (a) of this Section.

HISTORY:
P.A. 97-95, § 20; 97-1081, § 20.

415 ILCS 5/9.15 Greenhouse gases.

(a) An air pollution construction permit shall not be required due to emissions of greenhouse gases if the equipment, site, or source is not subject to regulation, as defined by 40 CFR 52.21, as now or hereafter amended, for greenhouse gases or is otherwise not addressed in this Section or by the Board in regulations for greenhouse gases. These exemptions do not relieve an owner or operator from the obligation to comply with other applicable rules or regulations.

(b) An air pollution operating permit shall not be required due to emissions of greenhouse gases if the equipment, site, or source is not subject to regulation, as defined by Section 39.5 of this Act, for greenhouse gases or is otherwise not addressed in this Section or by the Board in regulations for greenhouse gases. These exemptions do not relieve an owner or operator from the obligation to comply with other applicable rules or regulations.

(c) (Blank).

(d) (Blank).

(e) (Blank).

(f) As used in this Section:

"Carbon dioxide emission" means the plant annual CO_2 total output emission as measured by the United States Environmental Protection Agency in its Emissions & Generation Resource Integrated Database (eGrid), or its successor.

"Carbon dioxide equivalent emissions" or "CO_2 e " means the sum total of the mass amount of emissions in tons per year, calculated by multiplying the mass amount of each of the 6 greenhouse gases specified in Section 3.207, in tons per year, by its associated global warming potential as set forth in 40 CFR 98, subpart A, table A-1 or its successor, and then adding them all together.

"Cogeneration" or "combined heat and power" refers to any system that, either simultaneously or sequentially, produces electricity and useful thermal energy from a single fuel source.

"Copollutants" refers to the 6 criteria pollutants that have been identified by the United States Environmental Protection Agency pursuant to the Clean Air Act.

"Electric generating unit" or "EGU" means a fossil fuel-fired stationary boiler, combustion turbine, or combined cycle system that serves a generator that has a nameplate capacity greater than 25 MWe and produces electricity for sale.

"Environmental justice community" means the definition of that term based on existing methodologies and findings, used and as may be updated by the Illinois Power Agency and its program administrator in the Illinois Solar for All Program.

"Equity investment eligible community" or "eligible community" means the geographic areas throughout Illinois that would most benefit from equitable investments by the State designed to combat discrimination and foster sustainable economic growth. Specifically, eligible community means the following areas:

(1) areas where residents have been historically excluded from economic opportunities, including opportunities in the energy sector, as defined as R3 areas pursuant to Section 10-40 of the Cannabis Regulation and Tax Act; and

(2) areas where residents have been historically subject to disproportionate burdens of pollution, including pollution from the energy sector, as established by environmental justice communities as defined by the Illinois Power Agency pursuant to the Illinois Power Agency Act, excluding any racial or ethnic indicators.

"Equity investment eligible person" or "eligible person" means the persons who would most benefit from equitable investments by the State designed to combat discrimination and foster sustainable economic growth. Specifically, eligible person means the following people:

(1) persons whose primary residence is in an equity investment eligible community;

(2) persons whose primary residence is in a municipality, or a county with a population under 100,000, where the closure of an electric generating unit or mine has been publicly announced or the electric generating unit or mine is in the process of closing or closed within the last 5 years;

(3) persons who are graduates of or currently enrolled in the foster care system; or

(4) persons who were formerly incarcerated.

"Existing emissions" means:

(1) for CO_2 e, the total average tons-per-year of CO_2 e emitted by the EGU or large GHG-emitting unit either in the years 2018 through 2020 or, if the unit was not yet in operation by January 1, 2018, in the first 3 full years of that unit's operation; and

(2) for any copollutant, the total average tons-per-year of that copollutant emitted by the EGU or large GHG-emitting unit either in the years 2018 through 2020 or, if the unit was not yet in operation by January 1, 2018, in the first 3 full years of that unit's operation.

"Green hydrogen" means a power plant technology in which an EGU creates electric power exclusively from electrolytic hydrogen, in a manner that produces zero carbon and copollutant emissions, using hydrogen fuel that is electrolyzed using a 100% renewable zero carbon emission energy source.

"Large greenhouse gas-emitting unit" or "large GHG-emitting unit" means a unit that is an electric generating unit or other fossil fuel-fired unit that itself has a nameplate capacity or serves a generator that has a nameplate capacity greater than 25 MWe and that produces electricity, including, but not limited to, coal-fired, coal-derived, oil-fired, natural gas-fired, and cogeneration units.

"No_x emission rate" means the plant annual NO_x total output emission rate as measured by the United States Environmental Protection Agency in its Emissions & Generation Resource Integrated Database (eGrid), or its successor, in the most recent year for which data is available.

"Public greenhouse gas-emitting units" or "public GHG-emitting unit" means large greenhouse gas-emitting units, including EGUs, that are wholly owned, directly or indirectly, by one or more municipalities, municipal corporations, joint municipal electric power agencies, electric cooperatives, or other governmental or nonprofit entities, whether organized and created under the laws of Illinois or another state.

"So_2 emission rate" means the "plant annual SO_2 total output emission rate" as measured by the United States Environmental Protection Agency in its Emissions & Generation Resource Integrated Database (eGrid), or its successor, in the most recent year for which data is available.

(g) All EGUs and large greenhouse gas-emitting units that use coal or oil as a fuel and are not public GHG-emitting units shall permanently reduce all CO_2 e and copollutant emissions to zero no later than January 1, 2030.

(h) All EGUs and large greenhouse gas-emitting units that use coal as a fuel and are public GHG-emitting units shall permanently reduce CO_2 e emissions to zero no later than December 31, 2045. Any source or plant with such units must also reduce their CO_2 e emissions by 45% from existing emissions by no later than January 1, 2035. If the emissions reduction requirement is not achieved by December 31, 2035, the plant shall retire one or more units or otherwise reduce its CO_2 e emissions by 45% from existing emissions by June 30, 2038.

(i) All EGUs and large greenhouse gas-emitting units that use gas as a fuel and are not public GHG-emitting units shall permanently reduce all CO_2 e and copollutant emissions to zero, including through unit retirement or the use of 100% green hydrogen or other similar technology that is commercially proven to achieve zero carbon emissions, according to the following:

(1) No later than January 1, 2030: all EGUs and large greenhouse gas-emitting units that have a NO_x emissions rate of greater than 0.12 lbs/MWh or a SO_2 emission rate of greater than 0.006 lb/MWh, and are located in or within 3 miles of an environmental justice community designated as of January 1, 2021 or an equity investment eligible community.

(2) No later than January 1, 2040: all EGUs and large greenhouse gas-emitting units that have a NO_x emission rate of greater than 0.12 lbs/MWh or a SO_2 emission rate greater than 0.006 lb/MWh, and are not located in or within 3 miles of an environmental justice community designated as of January 1, 2021 or an equity investment eligible community. After January 1, 2035, each such EGU and large greenhouse gas-emitting unit shall reduce its CO_2 e emissions by at least 50% from its existing emissions for CO_2 e, and shall be limited in operation to, on average, 6 hours or less per day, measured over a calendar year, and shall not run for more than 24 consecutive hours except in emergency conditions, as designated by a Regional Transmission Organization or Independent System Operator.

(3) No later than January 1, 2035: all EGUs and large greenhouse gas-emitting units that began operation prior to the effective date of this amendatory Act of the 102nd General Assembly and have a NO_x emission rate of less than or equal to 0.12 lb/MWh and a SO_2 emission rate less than or equal to 0.006 lb/MWh, and are located in or within 3 miles of an environmental justice community designated as of January 1, 2021 or an equity investment eligible community. Each such EGU and large greenhouse gas-emitting unit shall reduce its CO_2 e emissions by at least 50% from its existing emissions for CO_2 e no later than January 1, 2030.

(4) No later than January 1, 2040: All remaining EGUs and large greenhouse gas-emitting units that have a heat rate greater than or equal to 7000 BTU/kWh. Each such EGU and Large greenhouse gas-emitting unit shall reduce its CO_2 e emissions by at least 50% from its existing emissions for CO_2 e no later than January 1, 2035.

(5) No later than January 1, 2045: all remaining EGUs and large greenhouse gas-emitting units.

(j) All EGUs and large greenhouse gas-emitting units that use gas as a fuel and are public GHG-emitting units shall permanently reduce all CO_2 e and copollutant emissions to zero, including through unit retirement or the use of 100% green hydrogen or other similar technology that is commercially proven to achieve zero carbon emissions by January 1, 2045.

(k) All EGUs and large greenhouse gas-emitting units that utilize combined heat and power or cogeneration technology shall permanently reduce all CO_2 e and copollutant emissions to zero, including through unit retirement or the use of 100% green hydrogen or other similar technology that is commercially proven to achieve zero carbon emissions by January 1, 2045.

(k-5) No EGU or large greenhouse gas-emitting unit that uses gas as a fuel and is not a public GHG-emitting unit may emit, in any 12-month period, CO_2 e or copollutants in excess of that unit's existing emissions for those pollutants.

(*l*) Notwithstanding subsections (g) through (k-5), large GHG-emitting units including EGUs may temporarily continue emitting Co_2 e and copollutants after any applicable deadline specified in any of subsections (g) through (k-5) if it has been determined, as described in paragraphs (1) and (2) of this subsection, that ongoing operation of the EGU is necessary to maintain power grid supply and reliability or ongoing operation of large GHG-emitting unit

that is not an EGU is necessary to serve as an emergency backup to operations. Up to and including the occurrence of an emission reduction deadline under subsection (i), all EGUs and large GHG-emitting units must comply with the following terms:

(1) if an EGU or large GHG-emitting unit that is a participant in a regional transmission organization intends to retire, it must submit documentation to the appropriate regional transmission organization by the appropriate deadline that meets all applicable regulatory requirements necessary to obtain approval to permanently cease operating the large GHG-emitting unit;

(2) if any EGU or large GHG-emitting unit that is a participant in a regional transmission organization receives notice that the regional transmission organization has determined that continued operation of the unit is required, the unit may continue operating until the issue identified by the regional transmission organization is resolved. The owner or operator of the unit must cooperate with the regional transmission organization in resolving the issue and must reduce its emissions to zero, consistent with the requirements under subsection (g), (h), (i), (j), (k), or (k-5), as applicable, as soon as practicable when the issue identified by the regional transmission organization is resolved; and

(3) any large GHG-emitting unit that is not a participant in a regional transmission organization shall be allowed to continue emitting Co_2 e and copollutants after the zero-emission date specified in subsection (g), (h), (i), (j), (k), or (k-5), as applicable, in the capacity of an emergency backup unit if approved by the Illinois Commerce Commission.

(m) No variance, adjusted standard, or other regulatory relief otherwise available in this Act may be granted to the emissions reduction and elimination obligations in this Section.

(n) By June 30 of each year, beginning in 2025, the Agency shall prepare and publish on its website a report setting forth the actual greenhouse gas emissions from individual units and the aggregate statewide emissions from all units for the prior year.

(o) Every 5 years beginning in 2025, the Environmental Protection Agency, Illinois Power Agency, and Illinois Commerce Commission shall jointly prepare, and release publicly, a report to the General Assembly that examines the State's current progress toward its renewable energy resource development goals, the status of CO_2 e and copollutant emissions reductions, the current status and progress toward developing and implementing green hydrogen technologies, the current and projected status of electric resource adequacy and reliability throughout the State for the period beginning 5 years ahead, and proposed solutions for any findings. The Environmental Protection Agency, Illinois Power Agency, and Illinois Commerce Commission shall consult PJM Interconnection, LLC and Midcontinent Independent System Operator, Inc., or their respective successor organizations regarding forecasted resource adequacy and reliability needs, anticipated new generation interconnection, new transmission development or upgrades, and any announced large GHG-emitting unit closure dates and include this information in the report. The report shall be released publicly by no later than December 15 of the year it is prepared. If the Environmental Protection Agency, Illinois Power Agency, and Illinois Commerce Commission jointly conclude in the report that the data from the regional grid operators, the pace of renewable energy development, the pace of development of energy storage and demand response utilization, transmission capacity, and the CO_2 e and copollutant emissions reductions required by subsection (i) or (k-5) reasonably demonstrate that a resource adequacy shortfall will occur, including whether there will be sufficient in-state capacity to meet the zonal requirements of MISO Zone 4 or the PJM ComEd Zone, per the requirements of the regional transmission organizations, or that the regional transmission operators determine that a reliability violation will occur during the time frame the study is evaluating, then the Illinois Power Agency, in conjunction with the Environmental Protection Agency shall develop a plan to reduce or delay CO_2 e and copollutant emissions reductions requirements only to the extent and for the duration necessary to meet the resource adequacy and reliability needs of the State, including allowing any plants whose emission reduction deadline has been identified in the plan as creating a reliability concern to continue operating, including operating with reduced emissions or as emergency backup where appropriate. The plan shall also consider the use of renewable energy, energy storage, demand response, transmission development, or other strategies to resolve the identified resource adequacy shortfall or reliability violation.

(1) In developing the plan, the Environmental Protection Agency and the Illinois Power Agency shall hold at least one workshop open to, and accessible at a time and place convenient to, the public and shall consider any comments made by stakeholders or the public. Upon development of the plan, copies of the plan shall be posted and made publicly available on the Environmental Protection Agency's, the Illinois Power Agency's, and the Illinois Commerce Commission's websites. All interested parties shall have 60 days following the date of posting to provide comment to the Environmental Protection Agency and the Illinois Power Agency on the plan. All comments submitted to the Environmental Protection Agency and the Illinois Power Agency shall be encouraged to be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Environmental Protection Agency's, the Illinois Power Agency's, and the Illinois Commerce Commission's

websites. Within 30 days following the end of the 60-day review period, the Environmental Protection Agency and the Illinois Power Agency shall revise the plan as necessary based on the comments received and file its revised plan with the Illinois Commerce Commission for approval.

(2) Within 60 days after the filing of the revised plan at the Illinois Commerce Commission, any person objecting to the plan shall file an objection with the Illinois Commerce Commission. Within 30 days after the expiration of the comment period, the Illinois Commerce Commission shall determine whether an evidentiary hearing is necessary. The Illinois Commerce Commission shall also host 3 public hearings within 90 days after the plan is filed. Following the evidentiary and public hearings, the Illinois Commerce Commission shall enter its order approving or approving with modifications the reliability mitigation plan within 180 days.

(3) The Illinois Commerce Commission shall only approve the plan if the Illinois Commerce Commission determines that it will resolve the resource adequacy or reliability deficiency identified in the reliability mitigation plan at the least amount of CO_2 e and copollutant emissions, taking into consideration the emissions impacts on environmental justice communities, and that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account the impact of increases in emissions.

(4) If the resource adequacy or reliability deficiency identified in the reliability mitigation plan is resolved or reduced, the Environmental Protection Agency and the Illinois Power Agency may file an amended plan adjusting the reduction or delay in CO_2 e and copollutant emission reduction requirements identified in the plan.

HISTORY:

P.A. 97-95, § 20; 2021 P.A. 102-662, § 90-55, effective September 16, 2021; 2022 P.A. 102-1031, article 1, § 1-15, effective May 27, 2022.

415 ILCS 5/9.16 Control of ethylene oxide sterilization sources.

(a) As used in this Section:

"Ethylene oxide sterilization operations" means the process of using ethylene oxide at an ethylene oxide sterilization source to make one or more items free from microorganisms, pathogens, or both microorganisms and pathogens.

"Ethylene oxide sterilization source" means any stationary source with ethylene oxide usage that would subject it to the emissions standards in 40 CFR 63.362. "Ethylene oxide sterilization source" does not include beehive fumigators, research or laboratory facilities, hospitals, doctors' offices, clinics, or other stationary sources for which the primary purpose is to provide medical services to humans or animals.

"Exhaust point" means any point through which ethylene oxide-laden air exits an ethylene oxide sterilization source.

"Stationary source" has the meaning set forth in subsection 1 of Section 39.5 [415 ILCS 5/39.5].

(b) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-22), no person shall conduct ethylene oxide sterilization operations, unless the ethylene oxide sterilization source captures, and demonstrates that it captures, 100% of all ethylene oxide emissions and reduces ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source by at least 99.9% or to 0.2 parts per million.

(1) Within 180 days after June 21, 2019 (the effective date of Public Act 101-22) for any existing ethylene oxide sterilization source, or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section, the owner or operator of the ethylene oxide sterilization source shall conduct an initial emissions test in accordance with all of the requirements set forth in this paragraph (1) to verify that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million:

(A) At least 30 days prior to the scheduled emissions test date, the owner or operator of the ethylene oxide sterilization source shall submit a notification of the scheduled emissions test date and a copy of the proposed emissions test protocol to the Agency for review and written approval. Emissions test protocols submitted to the Agency shall address the manner in which testing will be conducted, including, but not limited to:

(i) the name of the independent third party company that will be performing sampling and analysis and the company's experience with similar emissions tests;

(ii) the methodologies to be used;

(iii) the conditions under which emissions tests will be performed, including a discussion of why these conditions will be representative of maximum emissions from each of the 3 cycles of operation (chamber evacuation, back vent, and aeration) and the means by which the operating parameters for the emission unit and any control equipment will be determined;

(iv) the specific determinations of emissions and operations that are intended to be made, including sampling and monitoring locations; and

(v) any changes to the test method or methods proposed to accommodate the specific circumstances of testing, with justification.

(B) The owner or operator of the ethylene oxide sterilization source shall perform emis-

sions testing in accordance with an Agency-approved test protocol and at representative conditions to verify that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million. The duration of the test must incorporate all 3 cycles of operation for determination of the emission reduction efficiency.

(C) Upon Agency approval of the test protocol, any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section may undertake ethylene oxide sterilization operations in accordance with the Agency-approved test protocol for the sole purpose of demonstrating compliance with this subsection (b).

(D) The owner or operator of the ethylene oxide sterilization source shall submit to the Agency the results of any and all emissions testing conducted after June 21, 2019 (the effective date of Public Act 101-22), until the Agency accepts testing results under subparagraph (E) of paragraph (1) of this subsection (b), for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section. The results documentation shall include at a minimum:

(i) a summary of results;

(ii) a description of test method or methods, including description of sample points, sampling train, analysis equipment, and test schedule;

(iii) a detailed description of test conditions, including process information and control equipment information; and

(iv) data and calculations, including copies of all raw data sheets, opacity observation records and records of laboratory analyses, sample calculations, and equipment calibration.

(E) Within 30 days of receipt, the Agency shall accept, accept with conditions, or decline to accept a stack testing protocol and the testing results submitted to demonstrate compliance with paragraph (1) of this subsection (b). If the Agency accepts with conditions or declines to accept the results submitted, the owner or operator of the ethylene oxide sterilization source shall submit revised results of the emissions testing or conduct emissions testing again. If the owner or operator revises the results, the revised results shall be submitted within 15 days after the owner or operator of the ethylene oxide sterilization source receives written notice of the Agency's conditional acceptance or rejection of the emissions testing results. If the owner or operator conducts emissions testing again, such new emissions testing shall conform to the requirements of this subsection (b).

(2) The owner or operator of the ethylene oxide sterilization source shall conduct emissions testing on all exhaust points at the ethylene oxide sterilization source at least once each calendar year to demonstrate compliance with the requirements of this Section and any applicable requirements concerning ethylene oxide that are set forth in either United States Environmental Protection Agency rules or Board rules. Annual emissions tests required under this paragraph (2) shall take place at least 6 months apart. An initial emissions test conducted under paragraph (1) of this subsection (b) satisfies the testing requirement of this paragraph (2) for the calendar year in which the initial emissions test is conducted.

(3) At least 30 days before conducting the annual emissions test required under paragraph (2) of this subsection (b), the owner or operator shall submit a notification of the scheduled emissions test date and a copy of the proposed emissions test protocol to the Agency for review and written approval. Emissions test protocols submitted to the Agency under this paragraph (3) must address each item listed in subparagraph (A) of paragraph (1) of this subsection (b). Emissions testing shall be performed in accordance with an Agency-approved test protocol and at representative conditions. In addition, as soon as practicable, but no later than 30 days after the emissions test date, the owner or operator shall submit to the Agency the results of the emissions testing required under paragraph (2) of this subsection (b). Such results must include each item listed in subparagraph (D) of paragraph (1) of this subsection (b).

(4) If the owner or operator of an ethylene oxide sterilization source conducts any emissions testing in addition to tests required by Public Act 101-22, the owner or operator shall submit to the Agency the results of such emissions testing within 30 days after the emissions test date.

(5) The Agency shall accept, accept with conditions, or decline to accept testing results submitted to demonstrate compliance with paragraph (2) of this subsection (b). If the Agency accepts with conditions or declines to accept the results submitted, the owner or operator of the ethylene oxide sterilization source shall submit revised results of the emissions testing or conduct emissions testing again. If the owner or operator revises the results, the revised results shall be submitted within 15 days after the owner or operator of the ethylene oxide sterilization source receives written notice of the Agency's conditional acceptance or rejection of the emissions testing results. If the owner or operator conducts emissions testing again, such new emissions testing shall conform to the requirements of this subsection (b).

(c) If any emissions test conducted more than 180 days after June 21, 2019 (the effective date of Public

Act 101-22) fails to demonstrate that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million, the owner or operator of the ethylene oxide sterilization source shall immediately cease ethylene oxide sterilization operations and notify the Agency within 24 hours of becoming aware of the failed emissions test. Within 60 days after the date of the test, the owner or operator of the ethylene oxide sterilization source shall:

(1) complete an analysis to determine the root cause of the failed emissions test;

(2) take any actions necessary to address that root cause;

(3) submit a report to the Agency describing the findings of the root cause analysis, any work undertaken to address findings of the root cause analysis, and identifying any feasible best management practices to enhance capture and further reduce ethylene oxide levels within the ethylene oxide sterilization source, including a schedule for implementing such practices; and

(4) upon approval by the Agency of the report required by paragraph (3) of this subsection, restart ethylene oxide sterilization operations only to the extent necessary to conduct additional emissions test or tests. The ethylene oxide sterilization source shall conduct such emissions test or tests under the same requirements as the annual test described in paragraphs (2) and (3) of subsection (b). The ethylene oxide sterilization source may restart operations once an emissions test successfully demonstrates that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million, the source has submitted the results of all emissions testing conducted under this subsection to the Agency, and the Agency has approved the results demonstrating compliance.

(d) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-22) this amendatory Act of the 101st General Assembly for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency a plan describing how the owner or operator will continuously collect emissions information at the ethylene oxide sterilization source. This plan must also specify locations at the ethylene oxide sterilization source from which emissions will be collected and identify equipment used for collection and analysis, including the individual system components.

(1) The owner or operator of the ethylene oxide sterilization source must provide a notice of acceptance of any conditions added by the Agency to the plan, or correct any deficiencies identified by the Agency in the plan, within 3 business days after receiving the Agency's conditional acceptance or denial of the plan.

(2) Upon the Agency's approval of the plan, the owner or operator of the ethylene oxide sterilization source shall implement the plan in accordance with its approved terms.

(e) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-22) for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency an Ambient Air Monitoring Plan.

(1) The Ambient Air Monitoring Plan shall include, at a minimum, the following:

(A) Detailed plans to collect and analyze air samples for ethylene oxide on at least a quarterly basis near the property boundaries of the ethylene oxide sterilization source and at community locations with the highest modeled impact pursuant to the modeling conducted under subsection (f). Each quarterly sampling under this subsection shall be conducted over a multiple-day sampling period.

(B) A schedule for implementation.

(C) The name of the independent third party company that will be performing sampling and analysis and the company's experience with similar testing.

(2) The owner or operator of the ethylene oxide sterilization source must provide a notice of acceptance of any conditions added by the Agency to the Ambient Air Monitoring Plan, or correct any deficiencies identified by the Agency in the Ambient Air Monitoring Plan, within 3 business days after receiving the Agency's conditional acceptance or denial of the plan.

(3) Upon the Agency's approval of the plan, the owner or operator of the ethylene oxide sterilization source shall implement the Ambient Air Monitoring Plan in accordance with its approved terms.

(f) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-22) for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after June 21, 2019 (the effective date of Public Act 101-22) as an ethylene oxide sterilization source under this Section, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source has performed dispersion modeling and the Agency approves such modeling.

(1) Dispersion modeling must:

(A) be conducted using accepted United States Environmental Protection Agency methodolo-

gies, including 40 CFR Part 51, Appendix W, except that no background ambient levels of ethylene oxide shall be used;

(B) use emissions and stack parameter data from the emissions test conducted in accordance with paragraph (1) of subsection (b), and use 5 years of hourly meteorological data that is representative of the source's location; and

(C) use a receptor grid that extends to at least one kilometer around the source and ensure the modeling domain includes the area of maximum impact, with receptor spacing no greater than every 50 meters starting from the building walls of the source extending out to a distance of at least one-half kilometer, then every 100 meters extending out to a distance of at least one kilometer.

(2) The owner or operator of the ethylene oxide sterilization source shall submit revised results of all modeling if the Agency accepts with conditions or declines to accept the results submitted.

(g) A facility permitted to emit ethylene oxide that has been subject to a seal order under Section 34 is prohibited from using ethylene oxide for sterilization or fumigation purposes, unless (i) the facility can provide a certification to the Agency by the supplier of a product to be sterilized or fumigated that ethylene oxide sterilization or fumigation is the only available method to completely sterilize or fumigate the product and (ii) the Agency has certified that the facility's emission control system uses technology that produces the greatest reduction in ethylene oxide emissions currently available. The certification shall be made by a company representative with knowledge of the sterilization requirements of the product. The certification requirements of this Section shall apply to any group of products packaged together and sterilized as a single product if sterilization or fumigation is the only available method to completely sterilize or fumigate more than half of the individual products contained in the package.

A facility is not subject to the requirements of this subsection if the supporting findings of the seal order under Section 34 are found to be without merit by a court of competent jurisdiction.

(h) If an entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide acquires by purchase, license, or any other method of acquisition any intellectual property right in a sterilization technology that does not involve the use of ethylene oxide, or by purchase, merger, or any other method of acquisition of any entity that holds an intellectual property right in a sterilization technology that does not involve the use of ethylene oxide, that entity, parent, or subsidiary shall notify the Agency of the acquisition within 30 days of acquiring it. If that entity, parent, or subsidiary has not used the sterilization technology within 3 years of its acquisition, the entity shall notify the Agency within 30 days of the 3-year period elapsing.

An entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide that has any intellectual property right in any sterilization technology that does not involve the use of ethylene oxide shall notify the Agency of any offers that it makes to license or otherwise allow the technology to be used by third parties within 30 days of making the offer.

An entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide shall provide the Agency with a list of all U.S. patent registrations for sterilization technology that the entity, parent, or subsidiary has any property right in. The list shall include the following:

(1) The patent number assigned by the United States Patent and Trademark Office for each patent.

(2) The date each patent was filed.

(3) The names and addresses of all owners or assignees of each patent.

(4) The names and addresses of all inventors of each patent.

(i) If a CAAPP permit applicant applies to use ethylene oxide as a sterilant or fumigant at a facility not in existence prior to January 1, 2020, the Agency shall issue a CAAPP permit for emission of ethylene oxide only if:

(1) the nearest school or park is at least 10 miles from the permit applicant in counties with populations greater than 50,000;

(2) the nearest school or park is at least 15 miles from the permit applicant in counties with populations less than or equal to 50,000; and

(3) within 7 days after the application for a CAAPP permit, the permit applicant has published its permit request on its website, published notice in a local newspaper of general circulation, and provided notice to:

(A) the State Representative for the representative district in which the facility is located;

(B) the State Senator for the legislative district in which the facility is located;

(C) the members of the county board for the county in which the facility is located; and

(D) the local municipal board members and executives.

(j) The owner or operator of an ethylene oxide sterilization source must apply for and obtain a construction permit from the Agency for any modifications made to the source to comply with the requirements of Public Act 101-22, including, but not limited to, installation of a permanent total enclosure, modification of airflow to create negative pressure within the source, and addition of one or more control devices. Additionally, the owner or operator of the ethylene oxide sterilization source must apply for and obtain from the Agency a modification of the source's operating permit to incorporate such modifications made to the source. Both the construction permit and operating permit must include a limit on ethylene oxide usage at the source.

(k) Nothing in this Section shall be interpreted to excuse the ethylene oxide sterilization source from complying with any applicable local requirements.

(*l*) The owner or operator of an ethylene oxide sterilization source must notify the Agency within 5 days after discovering any deviation from any of the requirements in this Section or deviations from any applicable requirements concerning ethylene oxide that are set forth in this Act, United States Environmental Protection Agency rules, or Board rules. As soon as practicable, but no later than 5 business days, after the Agency receives such notification, the Agency must post a notice on its website and notify the members of the General Assembly from the Legislative and Representative Districts in which the source in question is located, the county board members of the county in which the source in question is located, the corporate authorities of the municipality in which the source in question is located, and the Illinois Department of Public Health.

(m) The Agency must conduct at least one unannounced inspection of all ethylene oxide sterilization sources subject to this Section per year. Nothing in this Section shall limit the Agency's authority under other provisions of this Act to conduct inspections of ethylene oxide sterilization sources.

(n) The Agency shall conduct air testing to determine the ambient levels of ethylene oxide throughout the State. The Agency shall, within 180 days after June 21, 2019 (the effective date of Public Act 101-22), submit rules for ambient air testing of ethylene oxide to the Board.

HISTORY:

2019 P.A. 101-22, § 5, effective June 21, 2019; 2021 P.A. 102-558, § 645, effective August 20, 2021.

415 ILCS 5/9.16 Nonnegligible ethylene oxide emissions sources. [Renumbered]

HISTORY:

2019 P.A. 101-23, § 5, effective June 21, 2019; renumbered to § 415 ILCS 5/9.17 by 2021 P.A. 102-558, § 645, effective August 20, 2021.

415 ILCS 5/9.17 Nonnegligible ethylene oxide emissions sources.

(a) In this Section, "nonnegligible ethylene oxide emissions source" means an ethylene oxide emissions source permitted by the Agency that currently emits more than 150 pounds of ethylene oxide as reported on the source's 2017 Toxic Release Inventory and is located in a county with a population of at least 700,000 based on 2010 census data. "Nonnegligible ethylene oxide emissions source" does not include facilities that are ethylene oxide sterilization sources or hospitals that are licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act.

(b) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-23), no nonnegligible ethylene oxide emissions source shall conduct activities that cause ethylene oxide emissions unless the owner or operator of the nonnegligible ethylene oxide emissions source submits for review and approval of the Agency a plan describing how the owner or operator will continuously collect emissions information. The plan must specify locations at the nonnegligible ethylene oxide emissions source from which emissions will be collected and identify equipment used for collection and analysis, including the individual system components.

(1) The owner or operator of the nonnegligible ethylene oxide emissions source must provide a notice of acceptance of any conditions added by the Agency to the plan or correct any deficiencies identified by the Agency in the plan within 3 business days after receiving the Agency's conditional acceptance or denial of the plan.

(2) Upon the Agency's approval of the plan the owner or operator of the nonnegligible ethylene oxide emissions source shall implement the plan in accordance with its approved terms.

(c) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-23), no nonnegligible ethylene oxide emissions source shall conduct activities that cause ethylene oxide emissions unless the owner or operator of the nonnegligible ethylene oxide emissions source has performed dispersion modeling and the Agency approves the dispersion modeling.

(1) Dispersion modeling must:

(A) be conducted using accepted United States Environmental Protection Agency methodologies, including Appendix W to 40 CFR 51, except that no background ambient levels of ethylene oxide shall be used;

(B) use emissions and stack parameter data from any emissions test conducted and 5 years of hourly meteorological data that is representative of the nonnegligible ethylene oxide emissions source's location; and

(C) use a receptor grid that extends to at least one kilometer around the nonnegligible ethylene oxide emissions source and ensures the modeling domain includes the area of maximum impact, with receptor spacing no greater than every 50 meters starting from the building walls of the nonnegligible ethylene oxide emissions source extending out to a distance of at least 1/2 kilometer, then every 100 meters extending out to a distance of at least one kilometer.

(2) The owner or operator of the nonnegligible ethylene oxide emissions source shall submit revised results of all modeling if the Agency accepts with conditions or declines to accept the results submitted.

(d) Beginning 180 days after June 21, 2019 (the effective date of Public Act 101-23), no nonnegligible ethylene oxide emissions source shall conduct activities that cause ethylene oxide emissions unless the owner or operator of the nonnegligible ethylene oxide emissions source obtains a permit consistent with the requirements in this Section from the Agency to conduct activities that may result in the emission of ethylene oxide.

(e) The Agency in issuing the applicable permits to a nonnegligible ethylene oxide emissions source shall:

(1) impose a site-specific annual cap on ethylene oxide emissions set to protect the public health; and

(2) include permit conditions granting the Agency the authority to reopen the permit if the Agency determines that the emissions of ethylene oxide from the permitted nonnegligible ethylene oxide emissions source pose a risk to the public health as defined by the Agency.

HISTORY:

2019 P.A. 101-23, § 5, effective June 21, 2019; renumbered from § 415 ILCS 5/9.16 by 2021 P.A. 102-558, § 645, effective August 20, 2021.

415 ILCS 5/9.18 Commission on market-based carbon pricing solutions. [Effective until January 1, 2024]

(a) In the United States, state-based market policies to reduce greenhouse gases have been in operation since 2009. More than a quarter of the US population lives in a state with carbon pricing and these states represent one-third of the United States' gross domestic product. Market-based policies have proved effective at reducing emissions in states across the United States, and around the world. Additionally, well-designed carbon pricing incentivizes energy efficiency and drives investments in low-carbon solutions and technologies, such as renewables, hydrogen, biofuels, and carbon capture, use, and storage. Illinois must assess available suites of programs and policies to support a rapid, economy-wide decarbonization and spur the development of a clean energy economy in the State, while maintaining Illinois' competitive advantage.

(b) The Governor is hereby authorized to create a carbon pricing commission to study the short-term and long-term impacts of joining, implementing, or designing a sector-based, statewide, or regional carbon pricing program. The commission shall analyze and compare the relative cost of, and greenhouse gas reductions from, various carbon pricing programs available to Illinois and the Midwest, including, but not limited to: the Regional Greenhouse Gas Initiative (RGGI), the Transportation and Climate Initiative (TCI), California's cap-and-trade program, California's low carbon fuel standard, Washington State's cap-and-invest program, the Oregon Clean Fuels Program, and other relevant market-based programs. At the conclusion of the study, no later than December 31, 2022, the commission shall issue a public report containing its findings.

(c) This Section is repealed on January 1, 2024.

HISTORY:

2021 P.A. 102-662, § 90-55, effective September 16, 2021.

415 ILCS 5/10 Regulations

(A) The Board, pursuant to procedures prescribed in Title VII of this Act [415 ILCS 5/26 et seq.], may adopt regulations to promote the purposes of this Title. Without limiting the generality of this authority, such regulations may among other things prescribe:

(a) (Blank);

(b) Emission standards specifying the maximum amounts or concentrations of various contaminants that may be discharged into the atmosphere;

(c) Standards for the issuance of permits for construction, installation, or operation of any equipment, facility, vehicle, vessel, or aircraft capable of causing or contributing to air pollution or designed to prevent air pollution;

(d) Standards and conditions regarding the sale, offer, or use of any fuel, vehicle, or other article determined by the Board to constitute an air-pollution hazard;

(e) Alert and abatement standards relative to air-pollution episodes or emergencies constituting an acute danger to health or to the environment;

(f) Requirements and procedures for the inspection of any equipment, facility, vehicle, vessel, or aircraft that may cause or contribute to air pollution;

(g) Requirements and standards for equipment and procedures for monitoring contaminant discharges at their sources, the collection of samples and the collection, reporting and retention of data resulting from such monitoring.

(B) The Board may adopt regulations and emission standards that are applicable or that may become applicable to stationary emission sources located in all areas of the State in accordance with any of the following:

(1) that are required by federal law;

(2) that are otherwise part of the State's attainment plan and are necessary to attain the national ambient air quality standards; or

(3) that are necessary to comply with the requirements of the federal Clean Air Act [42 U.S.C. § 7401 et seq.].

(C) The Board may not adopt any regulation banning the burning of landscape waste throughout the State generally. The Board may, by regulation, restrict or prohibit the burning of landscape waste within any geographical area of the State if it determines based on medical and biological evidence generally accepted by the scientific community that such burning will produce in the atmosphere of that geographical area contaminants in sufficient quantities and of such characteristics and duration as to be injurious to humans, plant, or animal life, or health.

(D) The Board shall adopt regulations requiring the owner or operator of a gasoline dispensing system that dispenses more than 10,000 gallons of gasoline per month to install and operate a system for the recovery of gasoline vapor emissions arising from the fueling of motor vehicles that meets the requirements of Section 182 of the federal Clean Air Act (42 USC 7511a). These regulations shall apply only in areas of the State that are classified as moderate,

serious, severe or extreme nonattainment areas for ozone pursuant to Section 181 of the federal Clean Air Act (42 USC 7511), but shall not apply in such areas classified as moderate nonattainment areas for ozone if the Administrator of the U.S. Environmental Protection Agency promulgates standards for vehicle-based (onboard) systems for the control of vehicle refueling emissions pursuant to Section 202(a)(6) of the federal Clean Air Act (42 USC 7521(a)(6)) by November 15, 1992.

(E) The Board shall not adopt or enforce any regulation requiring the use of a tarpaulin or other covering on a truck, trailer, or other vehicle that is stricter than the requirements of Section 15-109.1 of the Illinois Vehicle Code [625 ILCS 5/15-109.1]. To the extent that it is in conflict with this subsection, the Board's rule codified as 35 Ill. Admin. Code, Section 212.315 is hereby superseded.

(F) Any person who prior to June 8, 1988, has filed a timely Notice of Intent to Petition for an Adjusted RACT Emissions Limitation and who subsequently timely files a completed petition for an adjusted RACT emissions limitation pursuant to 35 Ill. Adm. Code, Part 215, Subpart I, shall be subject to the procedures contained in Subpart I but shall be excluded by operation of law from 35 Ill. Adm. Code, Part 215, Subparts PP, QQ and RR, including the applicable definitions in 35 Ill. Adm. Code, Part 211. Such persons shall instead be subject to a separate regulation which the Board is hereby authorized to adopt pursuant to the adjusted RACT emissions limitation procedure in 35 Ill. Adm. Code, Part 215, Subpart I. In its final action on the petition, the Board shall create a separate rule which establishes Reasonably Available Control Technology (RACT) for such person. The purpose of this procedure is to create separate and independent regulations for purposes of SIP submittal, review, and approval by USEPA.

(G) Subpart FF of Subtitle B, Title 35 Ill. Adm. Code, Sections 218.720 through 218.730 and Sections 219.720 through 219.730, are hereby repealed by operation of law and are rendered null and void and of no force and effect.

(H) In accordance with subsection (b) of Section 7.2, the Board shall adopt ambient air quality standards specifying the maximum permissible short-term and long-term concentrations of various contaminants in the atmosphere; those standards shall be identical in substance to the national ambient air quality standards promulgated by the Administrator of the United States Environmental Protection Agency in accordance with Section 109 of the Clean Air Act. The Board may consolidate into a single rulemaking under this subsection all such federal regulations adopted within a period of time not to exceed 6 months. The provisions and requirements of Title VII of this Act and Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35], relating to procedures for rulemaking, shall not apply to identical in substance regulations adopted pursuant to this subsection. However, the Board shall provide for notice and public comment before adopted rules are filed with the Secretary of State. Nothing in this subsection shall be construed to limit the right of any person to submit a proposal to the Board, or the authority of the Board to adopt, air quality standards more stringent than the standards promulgated by the Administrator, pursuant to the rulemaking requirements of Title VII of this Act and Section 5-35 of the Illinois Administrative Procedure Act.

HISTORY:

P.A. 87-133; 88-381, § 5; 89-79, § 5; 95-460, § 5; 97-945, § 10.

TITLE III.

WATER POLLUTION

415 ILCS 5/11 [Legislative findings]

(a) The General Assembly finds:

(1) that pollution of the waters of this State constitutes a menace to public health and welfare, creates public nuisances, is harmful to wildlife, fish, and aquatic life, impairs domestic, agricultural, industrial, recreational, and other legitimate beneficial uses of water, depresses property values, and offends the senses;

(2) that the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.], provides for a National Pollutant Discharge Elimination System (NPDES) to regulate the discharge of contaminants to the waters of the United States;

(3) that the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300f et seq.], provides for an Underground Injection Control (UIC) program to regulate the underground injection of contaminants;

(4) that it would be inappropriate and misleading for the State of Illinois to issue permits to contaminant sources subject to such federal law, as well as State law, which do not contain such terms and conditions as are required by federal law, or the issuance of which is contrary to federal law;

(5) that the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.], provides that NPDES permits shall be issued by the United States Environmental Protection Agency unless (a) the State is authorized by and under its law to establish and administer its own permit program for discharges into waters within its jurisdiction, and (b) pursuant to such federal Act, the Administrator of the United States Environmental Protection Agency approves such State program to issue permits which will implement the provisions of such federal Act;

(6) that Part C of the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300h et seq.], provides that the United States Environmen-

tal Protection Agency shall implement the UIC program authorized therein unless (a) the State is authorized by and under its law to establish and administer its own UIC program, and (b) pursuant to such federal Act, the Administrator of the United States Environmental Protection Agency approves such State program which will implement the provisions of such federal Act;

(7) that it is in the interest of the People of the State of Illinois for the State to authorize such NPDES and UIC programs and secure federal approval thereof, and thereby to avoid the existence of duplicative, overlapping or conflicting state and federal statutory permit systems;

(8) that the federal requirements for the securing of such NPDES and UIC permit program approval, as set forth in the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.], and in the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300f et seq.], respectively, and in regulations promulgated by the Administrator of the United States Environmental Protection Agency pursuant thereto are complex and detailed, and the General Assembly cannot conveniently or advantageously set forth in this Act all the requirements of such federal Act or all regulations which may be established thereunder.

(b) It is the purpose of this Title to restore, maintain and enhance the purity of the waters of this State in order to protect health, welfare, property, and the quality of life, and to assure that no contaminants are discharged into the waters of the State, as defined herein, including, but not limited to, waters to any sewage works, or into any well, or from any source within the State of Illinois, without being given the degree of treatment or control necessary to prevent pollution, or without being made subject to such conditions as are required to achieve and maintain compliance with State and federal law; and to authorize, empower, and direct the Board to adopt such regulations and the Agency to adopt such procedures as will enable the State to secure federal approval to issue NPDES permits pursuant to the provisions of the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.], and federal regulations pursuant thereto and to authorize, empower, and direct the Board to adopt such regulations and the Agency to adopt such procedures as will enable the State to secure federal approval of the State UIC program pursuant to the provisions of Part C of the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300h et seq.], and federal regulations pursuant thereto.

(c) The provisions of this Act authorizing implementation of the regulations pursuant to an NPDES program shall not be construed to limit, affect, impair, or diminish the authority, duties and responsibilities of the Board, Agency, Department or any other governmental agency or officer, or of any unit of local government, to regulate and control pollution of any kind, to restore, to protect or to enhance the quality of the environment, or to achieve all other purposes, or to enforce provisions, set forth in this Act or other State law or regulation.

HISTORY:
P.A. 86-671.

415 ILCS 5/12 Actions prohibited

No person shall:

(a) Cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

(b) Construct, install, or operate any equipment, facility, vessel, or aircraft capable of causing or contributing to water pollution, or designed to prevent water pollution, of any type designated by Board regulations, without a permit granted by the Agency, or in violation of any conditions imposed by such permit.

(c) Increase the quantity or strength of any discharge of contaminants into the waters, or construct or install any sewer or sewage treatment facility or any new outlet for contaminants into the waters of this State, without a permit granted by the Agency.

(d) Deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

(e) Sell, offer, or use any article in any area in which the Board has by regulation forbidden its sale, offer, or use for reasons of water pollution control.

(f) Cause, threaten or allow the discharge of any contaminant into the waters of the State, as defined herein, including but not limited to, waters to any sewage works, or into any well or from any point source within the State, without an NPDES permit for point source discharges issued by the Agency under Section 39(b) of this Act [415 ILCS 5/39], or in violation of any term or condition imposed by such permit, or in violation of any NPDES permit filing requirement established under Section 39(b), or in violation of any regulations adopted by the Board or of any order adopted by the Board with respect to the NPDES program.

No permit shall be required under this subsection and under Section 39(b) of this Act for any discharge for which a permit is not required under the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.], and regulations pursuant thereto.

For all purposes of this Act, a permit issued by the Administrator of the United States Environmental Protection Agency under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1342], shall be deemed to be a

permit issued by the Agency pursuant to Section 39(b) of this Act. However, this shall not apply to the exclusion from the requirement of an operating permit provided under Section 13(b)(i) [415 ILCS 5/13].

Compliance with the terms and conditions of any permit issued under Section 39(b) of this Act shall be deemed compliance with this subsection except that it shall not be deemed compliance with any standard or effluent limitation imposed for a toxic pollutant injurious to human health.

In any case where a permit has been timely applied for pursuant to Section 39(b) of this Act but final administrative disposition of such application has not been made, it shall not be a violation of this subsection to discharge without such permit unless the complainant proves that final administrative disposition has not been made because of the failure of the applicant to furnish information reasonably required or requested in order to process the application.

(g) Cause, threaten or allow the underground injection of contaminants without a UIC permit issued by the Agency under Section 39(d) of this Act or in violation of any term or condition imposed by such permit, or in violation of any regulations or standards adopted by the Board or of any order adopted by the Board with respect to the UIC program.

No permit shall be required under this subsection and under Section 39(d) of this Act for any underground injection of contaminants for which a permit is not required under Part C of the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300h et seq.], unless a permit is authorized or required under regulations adopted by the Board pursuant to Section 13 of this Act.

(h) Introduce contaminants into a sewage works from any nondomestic source except in compliance with the regulations and standards adopted by the Board under this Act.

(i) Beginning January 1, 2013, or 6 months after the date of issuance of a general NPDES permit for surface discharging private sewage disposal systems by the Illinois Environmental Protection Agency or by the United States Environmental Protection Agency, whichever is later, construct or install a surface discharging private sewage disposal system that discharges into the waters of the United States, as that term is used in the Federal Water Pollution Control Act, unless he or she has a coverage letter under a NPDES permit issued by the Illinois Environmental Protection Agency or by the United States Environmental Protection Agency or he or she is constructing or installing the surface discharging private sewage disposal system in a jurisdiction in which the local public health department has a general NPDES permit issued by the Illinois Environmental Protection Agency or by the United States Environmental Protection Agency and the surface discharging private sewage disposal system is covered under the general NPDES permit.

415 ILCS 5/12.1 Underground injection of hazardous waste [Repealed.]

HISTORY:

P.A. 83-1358; Repealed by P.A. 92-574, § 10, effective June 26, 2002.

415 ILCS 5/12.2 Water pollution construction permit fees

(a) Beginning July 1, 2003, the Agency shall collect a fee in the amount set forth in this Section:

(1) for any sewer which requires a construction permit under paragraph (b) of Section 12 [415 ILCS 5/12], from each applicant for a sewer construction permit under paragraph (b) of Section 12 [415 ILCS 5/12] or regulations adopted hereunder; and

(2) for any treatment works, industrial pretreatment works, or industrial wastewater source that requires a construction permit under paragraph (b) of Section 12 [415 ILCS 5/12], from the applicant for the construction permit. However, no fee shall be required for a treatment works or wastewater source directly covered and authorized under an NPDES permit issued by the Agency, nor for any treatment works, industrial pretreatment works, or industrial wastewater source (i) that is under or pending construction authorized by a valid construction permit issued by the Agency prior to July 1, 2003, during the term of that construction permit, or (ii) for which a completed construction permit application has been received by the Agency prior to July 1, 2003, with respect to the permit issued under that application.

(b) Each applicant or person required to pay a fee under this Section shall submit the fee to the Agency along with the permit application. The Agency shall deny any construction permit application for which a fee is required under this Section that does not contain the appropriate fee.

(c) The amount of the fee is as follows:

(1) A $100 fee shall be required for any sewer constructed with a design population of 1.

(2) A $400 fee shall be required for any sewer constructed with a design population of 2 to 20.

(3) A $800 fee shall be required for any sewer constructed with a design population greater than 20 but less than 101.

(4) A $1200 fee shall be required for any sewer constructed with a design population greater than 100 but less than 500.

(5) A $2400 fee shall be required for any sewer constructed with a design population of 500 or more.

(6) A $1,000 fee shall be required for any industrial wastewater source that does not require pretreatment of the wastewater prior to discharge to the publicly owned treatment works or publicly regulated treatment works.

(7) A $3,000 fee shall be required for any industrial wastewater source that requires pretreat-

ment of the wastewater for non-toxic pollutants prior to discharge to the publicly owned treatment works or publicly regulated treatment works.

(8) A $6,000 fee shall be required for any industrial wastewater source that requires pretreatment of the wastewater for toxic pollutants prior to discharge to the publicly owned treatment works or publicly regulated treatment works.

(9) A $2,500 fee shall be required for construction relating to land application of industrial sludge or spray irrigation of industrial wastewater.

All fees collected by the Agency under this Section shall be deposited into the Environmental Protection Permit and Inspection Fund in accordance with Section 22.8 [415 ILCS 5/22.8].

(d) Prior to a final Agency decision on a permit application for which a fee has been paid under this Section, the applicant may propose modification to the application in accordance with this Act and regulations adopted hereunder without any additional fee becoming due, unless the proposed modifications cause an increase in the design population served by the sewer specified in the permit application before the modifications or the modifications cause a change in the applicable fee category stated in subsection (c). If the modifications cause such an increase or change the fee category and the increase results in additional fees being due under subsection (c), the applicant shall submit the additional fee to the Agency with the proposed modifications.

(e) No fee shall be due under this Section from:

(1) any department, agency or unit of State government for installing or extending a sewer;

(2) any unit of local government with which the Agency has entered into a written delegation agreement under Section 4 [415 ILCS 5/4] which allows such unit to issue construction permits under this Title, or regulations adopted hereunder, for installing or extending a sewer; or

(3) any unit of local government or school district for installing or extending a sewer where both of the following conditions are met:

(i) the cost of the installation or extension is paid wholly from monies of the unit of local government or school district, State grants or loans, federal grants or loans, or any combination thereof; and

(ii) the unit of local government or school district is not given monies, reimbursed or paid, either in whole or in part, by another person (except for State grants or loans or federal grants or loans) for the installation or extension.

(f) The Agency may establish procedures relating to the collection of fees under this Section. The Agency shall not refund any fee paid to it under this Section. Notwithstanding the provisions of any rule adopted before July 1, 2003 concerning fees under this Section, the Agency shall assess and collect the fees imposed under subdivision (a)(2) of this Section and the increases in the fees imposed under subdivision (a)(1) of this Section beginning on July 1, 2003, for all completed applications received on or after that date.

(g) Notwithstanding any other provision of this Act, the Agency shall, not later than 45 days following the receipt of both an application for a construction permit and the fee required by this Section, either approve that application and issue a permit or tender to the applicant a written statement setting forth with specificity the reasons for the disapproval of the application and denial of a permit. If the Agency takes no final action within 45 days after the filing of the application for a permit, the applicant may deem the permit issued.

(h) For purposes of this Section:

"Toxic pollutants" means those pollutants defined in Section 502(13) of the federal Clean Water Act [42 U.S.C. § 7401 et seq.] and regulations adopted pursuant to that Act.

"Industrial" refers to those industrial users referenced in Section 502(13) of the federal Clean Water Act [42 U.S.C. § 7401 et seq.] and regulations adopted pursuant to that Act.

"Pretreatment" means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater prior to or in lieu of discharging or otherwise introducing those pollutants into a publicly owned treatment works or publicly regulated treatment works.

415 ILCS 5/12.3 Septic system sludge

Beginning January 1, 1993, any wastewater treatment facility or other appropriate waste disposal facility owned or operated by a unit of local government located in a county with a population of less than 3,000,000 may accept, for appropriate treatment or disposal, any septic system sludge generated by any private residence within that unit of local government or within any other unit of local government that is located within the same county and not served by its own wastewater treatment facility. The unit of local government may establish and charge reasonable fees for the acceptance, handling, treatment, and disposal of the sludge to defray any additional capital costs incurred specifically to comply with this Section.

This Section does not limit any power exercised by a unit of local government under any other law.

415 ILCS 5/12.4 Vegetable by-product; land application; report.

In addition to any other requirements of this Act, a generator of vegetable by-products utilizing land application shall prepare an annual report identifying the quantity of vegetable by-products transported

for land application during the reporting period, the hauler or haulers utilized for the transportation, and the sites to which the vegetable by-products were transported. The report must be retained on the premises of the generator for a minimum of 5 calendar years after the end of the applicable reporting period and must, during that time, be made available to the Agency for inspection and copying during normal business hours.

HISTORY:
P.A. 88-454, § 5; 2017 P.A. 100-103, § 10, effective August 11, 2017.

415 ILCS 5/12.5 NPDES discharge fees; sludge permit fees

(a) Beginning July 1, 2003, the Agency shall assess and collect annual fees (i) in the amounts set forth in subsection (e) for all discharges that require an NPDES permit under subsection (f) of Section 12 [415 ILCS 5/12], from each person holding an NPDES permit authorizing those discharges (including a person who continues to discharge under an expired permit pending renewal), and (ii) in the amounts set forth in subsection (f) of this Section for all activities that require a permit under subsection (b) of Section 12, from each person holding a domestic sewage sludge generator or user permit.

Each person subject to this Section must remit the applicable annual fee to the Agency in accordance with the requirements set forth in this Section and any rules adopted pursuant to this Section.

(b) Within 30 days after the effective date of this Section, and each year thereafter, except when a fee is not due because of the operation of subsection (c), the Agency shall send a fee notice by mail to each existing permittee subject to a fee under this Section at his or her address of record. The notice shall state the amount of the applicable annual fee and the date by which payment is required.

Except as provided in subsection (c) with respect to initial fees under new permits and certain modifications of existing permits, fees payable under this Section are due by the date specified in the fee notice, which shall be no less than 30 days after the date the fee notice is mailed by the Agency.

(c) The initial annual fee for discharges under a new NPDES permit or for activity under a new sludge generator or sludge user permit must be remitted to the Agency prior to the issuance of the permit. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. In the case of a new NPDES or sludge permit issued during the months of January through June, the Agency may prorate the initial annual fee payable under this Section.

The initial annual fee for discharges or other activity under a general NPDES permit must be remitted to the Agency as part of the application for coverage under that general permit.

Beginning January 1, 2010, in the case of construction site storm water discharges for which a coverage letter under a general NPDES permit or individual NPDES permit has been issued or for which the application for coverage under an NPDES permit has been filed with the Agency, no annual fee shall be due after payment of an initial annual fee in the amount provided in subsection (e)(10) of this Section.

If a requested modification to an existing NPDES permit causes a change in the applicable fee categories under subsection (e) that results in an increase in the required fee, the permittee must pay to the Agency the amount of the increase, prorated for the number of months remaining before the next July 1, before the modification is granted.

(d) Failure to submit the fee required under this Section by the due date constitutes a violation of this Section. Late payments shall incur an interest penalty, calculated at the rate in effect from time to time for tax delinquencies under subsection (a) of Section 1003 of the Illinois Income Tax Act [35 ILCS 5/1003], from the date the fee is due until the date the fee payment is received by the Agency.

(e) The annual fees applicable to discharges under NPDES permits are as follows:

(1) For NPDES permits for publicly owned treatment works, other facilities for which the wastewater being treated and discharged is primarily domestic sewage, and wastewater discharges from the operation of public water supply treatment facilities, the fee is:

(i) $1,500 for the 12 months beginning July 1, 2003 and $500 for each subsequent year, for facilities with a Design Average Flow rate of less than 100,000 gallons per day;

(ii) $5,000 for the 12 months beginning July 1, 2003 and $2,500 for each subsequent year, for facilities with a Design Average Flow rate of at least 100,000 gallons per day but less than 500,000 gallons per day;

(iii) $7,500 for facilities with a Design Average Flow rate of at least 500,000 gallons per day but less than 1,000,000 gallons per day;

(iv) $15,000 for facilities with a Design Average Flow rate of at least 1,000,000 gallons per day but less than 5,000,000 gallons per day;

(v) $30,000 for facilities with a Design Average Flow rate of at least 5,000,000 gallons per day but less than 10,000,000 gallons per day; and

(vi) $50,000 for facilities with a Design Average Flow rate of 10,000,000 gallons per day or more.

(2) For NPDES permits for treatment works or sewer collection systems that include combined sewer overflow outfalls, the fee is:

(i) $1,000 for systems serving a tributary population of 10,000 or less;

(ii) $5,000 for systems serving a tributary population that is greater than 10,000 but not more than 25,000; and

(iii) $20,000 for systems serving a tributary population that is greater than 25,000.

The fee amounts in this subdivision (e)(2) are in addition to the fees stated in subdivision (e)(1) when the combined sewer overflow outfall is contained within a permit subject to subsection (e)(1) fees.

(3) For NPDES permits for mines producing coal, the fee is $5,000.

(4) For NPDES permits for mines other than mines producing coal, the fee is $5,000.

(5) For NPDES permits for industrial activity where toxic substances are not regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $1,000 for a facility with a Design Average Flow rate that is not more than 10,000 gallons per day;

(ii) $2,500 for a facility with a Design Average Flow rate that is more than 10,000 gallons per day but not more than 100,000 gallons per day; and

(iii) $10,000 for a facility with a Design Average Flow rate that is more than 100,000 gallons per day.

(6) For NPDES permits for industrial activity where toxic substances are regulated, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $15,000 for a facility with a Design Average Flow rate that is not more than 250,000 gallons per day; and

(ii) $20,000 for a facility with a Design Average Flow rate that is more than 250,000 gallons per day.

(7) For NPDES permits for industrial activity classified by USEPA as a major discharge, other than permits covered under subdivision (e)(3) or (e)(4), the fee is:

(i) $30,000 for a facility where toxic substances are not regulated; and

(ii) $50,000 for a facility where toxic substances are regulated.

(8) For NPDES permits for municipal separate storm sewer systems, the fee is $1,000.

(9) For NPDES permits for industrial storm water, the fee is $500.

(10) For NPDES permits for construction site storm water, the fee

(A) for applications received before January 1, 2010 is $500;

(B) for applications received on or after January 1, 2010 is:

(i) $250 if less than 5 acres are disturbed; and

(ii) $750 if 5 or more acres are disturbed.

(11) For an NPDES permit for a Concentrated Animal Feeding Operation (CAFO), the fee is:

(A) $750 for a Large CAFO, as defined in 40 C.F.R. 122.23(b)(4);

(B) $350 for a Medium CAFO, as defined in 40 C.F.R. 122.23(b)(6); and

(C) $150 for a Small CAFO, as defined in 40 C.F.R. 122.23(b)(9).

(f) The annual fee for activities under a permit that authorizes applying sludge on land is $2,500 for a sludge generator permit and $5,000 for a sludge user permit.

(g) More than one of the annual fees specified in subsections (e) and (f) may be applicable to a permit holder. These fees are in addition to any other fees required under this Act.

(h) The fees imposed under this Section do not apply to the State or any department or agency of the State, nor to any school district, or to any private sewage disposal system as defined in the Private Sewage Disposal Licensing Act [225 ILCS 225/1 et seq.].

(i) The Agency may adopt rules to administer the fee program established in this Section. The Agency may include provisions pertaining to invoices, notice of late payment, refunds, and disputes concerning the amount or timeliness of payment. The Agency may set forth procedures and criteria for the acceptance of payments. The absence of such rules does not affect the duty of the Agency to immediately begin the assessment and collection of fees under this Section.

(j) All fees and interest penalties collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund, which is hereby created as a special fund in the State treasury. Gifts, supplemental environmental project funds, and grants may be deposited into the Fund. Investment earnings on moneys held in the Fund shall be credited to the Fund.

Subject to appropriation, the moneys in the Fund shall be used by the Agency to carry out the Agency's clean water activities.

(k) Except as provided in subsection (l) or Agency rules, fees paid to the Agency under this Section are not refundable.

(*l*) The Agency may refund the difference between (a) the amount paid by any person under subsection (e)(1)(i) or (e)(1)(ii) of this Section for the 12 months beginning July 1, 2004 and (b) the amount due under subsection (e)(1)(i) or (e)(1)(ii) as established by this amendatory Act of the 93rd General Assembly [P.A. 93-840].

HISTORY:

P.A. 93-32, § 75-52; 93-840, § 45-5; 95-516, § 5; 96-245, § 5; 97-962, § 5.

415 ILCS 5/12.6 Certification fees

(a) Beginning July 1, 2003, the Agency shall collect a fee in the amount set forth in subsection (b) from each applicant for a state water quality certification required by Section 401 of the federal Clean Water Act [33 U.S.C. § 401] prior to a federal authorization pursuant to Section 404 [33 U.S.C. § 404] of that Act; except that the fee does not apply to the State or any

department or agency of the State, nor to any school district.

(b) The amount of the fee for a State water quality certification is $350 or 1% of the gross value of the proposed project, whichever is greater, but not to exceed $10,000.

(c) Each applicant seeking a federal authorization of an action requiring a Section 401 state water quality certification by the Agency shall submit the required fee to the Agency prior to the issuance of the certification. The Agency shall provide notice of the amount of the fee to the applicant during its review of the application. The Agency shall not issue a Section 401 state water quality certification until the appropriate fee has been received from the applicant.

(d) The Agency may establish procedures relating to the collection of fees under this Section. Notwithstanding the adoption of any rules establishing such procedures, the Agency may begin collecting fees under this Section on July 1, 2003 for all complete applications received on or after that date.

All fees collected by the Agency under this Section shall be deposited into the Illinois Clean Water Fund. Fees paid under this Section are not refundable.

HISTORY:
P.A. 93-32, § 75-52; 95-516, § 5.

415 ILCS 5/13 Regulations

(a) The Board, pursuant to procedures prescribed in Title VII of this Act, may adopt regulations to promote the purposes and provisions of this Title. Without limiting the generality of this authority, such regulations may among other things prescribe:

(1) Water quality standards specifying among other things, the maximum short-term and long-term concentrations of various contaminants in the waters, the minimum permissible concentrations of dissolved oxygen and other desirable matter in the waters, and the temperature of such waters;

(2) Effluent standards specifying the maximum amounts or concentrations, and the physical, chemical, thermal, biological and radioactive nature of contaminants that may be discharged into the waters of the State, as defined herein, including, but not limited to, waters to any sewage works, or into any well, or from any source within the State;

(3) Standards for the issuance of permits for construction, installation, or operation of any equipment, facility, vessel, or aircraft capable of causing or contributing to water pollution or designed to prevent water pollution or for the construction or installation of any sewer or sewage treatment facility or any new outlet for contaminants into the waters of this State;

(4) The circumstances under which the operators of sewage works are required to obtain and maintain certification by the Agency under Section 13.5 [415 ILCS 5/13.5] and the types of sewage works to which those requirements apply, which may, without limitation, include wastewater treatment works, pretreatment works, and sewers and collection systems;

(5) Standards for the filling or sealing of abandoned water wells and holes, and holes for disposal of drainage in order to protect ground water against contamination;

(6) Standards and conditions regarding the sale, offer, or use of any pesticide, detergent, or any other article determined by the Board to constitute a water pollution hazard, provided that any such regulations relating to pesticides shall be adopted only in accordance with the "Illinois Pesticide Act", approved August 14, 1979 as amended [415 ILCS 60/1 et seq.];

(7) Alert and abatement standards relative to water-pollution episodes or emergencies which constitute an acute danger to health or to the environment;

(8) Requirements and procedures for the inspection of any equipment, facility, or vessel that may cause or contribute to water pollution;

(9) Requirements and standards for equipment and procedures for monitoring contaminant discharges at their sources, the collection of samples and the collection, reporting and retention of data resulting from such monitoring.

(b) Notwithstanding other provisions of this Act and for purposes of implementing an NPDES program, the Board shall adopt:

(1) Requirements, standards, and procedures which, together with other regulations adopted pursuant to this Section 13, are necessary or appropriate to enable the State of Illinois to implement and participate in the National Pollutant Discharge Elimination System (NPDES) pursuant to and under the Federal Water Pollution Control Act, as now or hereafter amended [33 U.S.C. § 1251 et seq.]. All regulations adopted by the Board governing the NPDES program shall be consistent with the applicable provisions of such federal Act and regulations pursuant thereto, and otherwise shall be consistent with all other provisions of this Act, and shall exclude from the requirement to obtain any operating permit otherwise required under this Title a facility for which an NPDES permit has been issued under Section 39(b) [415 ILCS 5/39]; provided, however, that for purposes of this paragraph, a UIC permit, as required under Section 12(g) and 39(d) of this Act [415 ILCS 5/12 and 415 ILCS 5/39], is not an operating permit.

(2) Regulations for the exemption of any category or categories of persons or contaminant sources from the requirement to obtain any NPDES permit prescribed or from any standards or conditions governing such permit when the environment will be adequately protected without the requirement of such permit, and such exemption is either consistent with the Federal Water Pollution Control Act, as now or hereafter

amended [33 U.S.C. § 1251 et seq.], or regulations pursuant thereto, or is necessary to avoid an arbitrary or unreasonable hardship to such category or categories of persons or sources.

(c) In accordance with Section 7.2 [415 ILCS 5/7.2], and notwithstanding any other provisions of this Act, for purposes of implementing a State UIC program, the Board shall adopt regulations which are identical in substance to federal regulations or amendments thereto promulgated by the Administrator of the United States Environmental Protection Agency in accordance with Section 1421 of the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300h]. The Board may consolidate into a single rulemaking under this Section all such federal regulations adopted within a period of time not to exceed 6 months. The provisions and requirements of Title VII of this Act shall not apply to regulations adopted under this subsection. Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35] relating to procedures for rulemaking shall not apply to regulations adopted under this subsection.

(d) The Board may adopt regulations relating to a State UIC program that are not inconsistent with and are at least as stringent as the Safe Drinking Water Act (P.L. 93-523), as amended [42 U.S.C. § 300f et seq.], or regulations adopted thereunder. Regulations adopted pursuant to this subsection shall be adopted in accordance with the provisions and requirements of Title VII of this Act and the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35].

HISTORY:
P.A. 86-671; 88-45, § 3-108; 93-170, § 5.

415 ILCS 5/13.1 Groundwater monitoring network

(a) (Blank.)

(b) The Agency shall establish a Statewide groundwater monitoring network. Such network shall include a sufficient number of testing wells to assess the current levels of contamination in the groundwaters of the State and to detect any future degradation of groundwater resources. The monitoring network shall give special emphasis to critical groundwater areas and to locations near hazardous waste disposal facilities. To the extent possible, the network shall utilize existing publicly or privately operated drinking water or monitoring wells.

(c) (Blank.)

(d) (Blank.)

HISTORY:
P.A. 83-1268; 89-445, § 9B-50; 92-574, § 5.

415 ILCS 5/13.2 [Annual testing of private wells]

At the request of the owner or user of a private well, the Agency shall provide for annual testing of water from private wells located within 1/2 mile of any active or inactive sanitary landfill or hazardous waste disposal facility at no charge to the owner of the well.

Before obtaining a sample for testing, the Agency shall, not less than 5 business days prior to obtaining the sample, notify the owner or operator of the sanitary landfill or hazardous waste disposal facility of the opportunity to obtain a split sample and specify the sampling procedure, testing procedure and analytical parameters to be evaluated.

Sample collection shall be conducted in cooperation with the Illinois Department of Public Health and the recognized local health department, where one exists, in whose jurisdiction the well is located. The Illinois Department of Public Health and the local health department shall be provided with a written report of results upon completion of sample testing.

HISTORY:
P.A. 83-1528.

415 ILCS 5/13.3 [Adoption of federal regulations]

In accordance with Section 7.2 [415 ILCS 5/7.2], the Board shall adopt regulations which are identical in substance to federal regulations or amendments thereto promulgated by the Administrator of the United States Environmental Protection Agency to implement Sections 307(b), (c), (d), 402(b)(8) and 402(b)(9) of the Federal Water Pollution Control Act, as amended [33 U.S.C. § 1317 and 33 U.S.C. § 1342]. The Board may consolidate into a single rulemaking under this Section all such federal regulations adopted within a period of time not to exceed 6 months. The provisions and requirements of Title VII of this Act shall not apply to regulations adopted under this Section. Sections 5-35 and 5-75 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35 and 5 ILCS 100/5-75] relating to procedures for rulemaking shall not apply to regulations adopted under this Section. However, the Board shall provide for notice and public comment before adopted rules are filed with the Secretary of State.

HISTORY:
P.A. 85-1048; 88-45, § 3-108; 89-445, § 9G-23.

415 ILCS 5/13.4 Pretreatment market system

(a) The General Assembly finds:

(1) That achieving compliance with federal, State, and local pretreatment regulatory requirements calls for innovative and cost-effective implementation strategies.

(2) That economic incentives and market-based approaches can be used to achieve pretreatment compliance in an innovative and cost-effective manner.

(3) That development and operation of a pretreatment market system should significantly lessen the economic impacts associated with imple-

mentation of the pretreatment requirements and still achieve the desired water quality, sludge quality, and protection of the sewers and treatment system.

(b) The Agency shall design a pretreatment market system that will provide more flexibility for municipalities and their tributary dischargers to develop cost-effective solutions and will result in at least the total pollutant reduction as achieved by the current application of federal categorical standards, State pretreatment limits, and locally derived limits, as applicable. Such a system should also assist publicly-owned treatment works in meeting applicable NPDES permit limits and in preventing the discharge of pollutants in quantities that would interfere with the operation of the municipal sewer system. In developing this system, the Agency shall consult with interested publicly-owned treatment works and tributary dischargers to ensure that relevant economic, environmental, and administrative factors are taken into account. As necessary, the Agency shall also consult with the United States Environmental Protection Agency regarding the suitability of such a system.

(c) The Agency may adopt proposed rules for a market-based pretreatment pollutant reduction, banking, and trading system that will enable publicly-owned treatment works and their tributary dischargers to implement cost-effective compliance options. Any proposal shall be adopted in accordance with the provisions of the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.].

(d) Notwithstanding the other provisions of this Act, a publicly-owned treatment works may implement a pretreatment market system that is consistent with subsection (b) of this Section, provided that the publicly-owned treatment works:

(1) operates an approved local pretreatment program pursuant to State and federal NPDES regulations;

(2) is not currently subject to enforcement action for violation of NPDES requirements;

(3) receives wastewater from tributary dischargers that are subject to federal categorical pretreatment standards or approved local pretreatment limits; and

(4) has modified, as appropriate, the local pretreatment program to incorporate such market system.

(e) Prior to implementation of any pretreatment market system, a publicly-owned treatment works shall notify the Agency in writing of its intention and request the Agency to make a consistency determination regarding the local system's conformance with the rules promulgated pursuant to subsection (c) of this Section. Within 120 days, the Agency shall provide the determination in writing to the publicly-owned treatment works.

(f) Notwithstanding the other provisions of this Act, any discharger that is tributary to a publicly-owned treatment works with a pretreatment market system shall be eligible to exchange trading units with dischargers tributary to the same publicly-owned treatment works or with the publicly-owned treatment works to which it is tributary.

(g) Nothing in this Section shall be deemed to authorize a publicly-owned treatment works:

(1) to mandate the exchange of trading units by a tributary discharger in a pretreatment market system implemented pursuant to this Section; or

(2) to mandate reductions in pollutants from any tributary discharger beyond that otherwise required by federal categorical and State pretreatment standards or approved local pretreatment limits.

HISTORY:
P.A. 90-773, § 5.

415 ILCS 5/13.5 Sewage works; operator certification

(a) For the purposes of this Section, the term "sewage works" includes, without limitation, wastewater treatment works, pretreatment works, and sewers and collection systems.

(b) The Agency may establish and enforce standards for the definition and certification of the technical competency of personnel who operate sewage works, and for ascertaining that sewage works are under the supervision of trained individuals whose qualifications have been approved by the Agency.

(c) The Agency may issue certificates of competency to persons meeting the standards of technical competency established by the Agency under this Section, and may promulgate and enforce regulations pertaining to the issuance and use of those certificates.

(d) The Agency shall administer the certification program established under this Section. The Agency may enter into formal working agreements with other departments or agencies of State or local government under which all or portions of its authority under this Section may be delegated to the cooperating department or agency.

(e) This Section and the changes made to subdivision (a)(4) of Section 13 [415 ILCS 5/13] by this amendatory Act of the 93rd General Assembly [P.A. 93-170] do not invalidate the operator certification rules previously adopted by the Agency and codified as Part 380 of Title 35, Subtitle C, Chapter II of the Illinois Administrative Code. Those rules, as amended from time to time, shall continue in effect until they are superseded or repealed.

HISTORY:
P.A. 93-170, § 5.

415 ILCS 5/13.6 Release of radionuclides at nuclear power plants

(a) The purpose of this Section is to require the detection and reporting of unpermitted releases of any radionuclides into groundwater, surface water,

or soil at nuclear power plants, to the extent that federal law or regulation does not preempt such requirements.

(b) No owner or operator of a nuclear power plant shall violate any rule adopted under this Section.

(c) Within 24 hours after an unpermitted release of a radionuclide from a nuclear power plant, the owner or operator of the nuclear power plant where the release occurred shall report the release to the Agency and the Illinois Emergency Management Agency. For purposes of this Section, "unpermitted release of a radionuclide" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing of a radionuclide into groundwater, surface water, or soil that is not permitted under State or federal law or regulation.

(d) The Agency and the Illinois Emergency Management Agency shall inspect each nuclear power plant for compliance with the requirements of this Section and rules adopted pursuant to this Section no less than once each calendar quarter. Nothing in this Section shall limit the Agency's authority to make inspections under Section 4 or any other provision of this Act.

(e) No later than one year after the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-849], the Agency, in consultation with the Illinois Emergency Management Agency, shall propose rules to the Board prescribing standards for detecting and reporting unpermitted releases of radionuclides. No later than one year after receipt of the Agency's proposal, the Board shall adopt rules prescribing standards for detecting and reporting unpermitted releases of radionuclides.

HISTORY:
P.A. 94-849, § 5; 95-66, § 5.

415 ILCS 5/13.7 Carbon dioxide sequestration sites

(a) For purposes of this Section, the term "carbon dioxide sequestration site" means a site or facility for which the Agency has issued a permit for the underground injection of carbon dioxide.

(b) The Agency shall inspect carbon dioxide sequestration sites for compliance with this Act, rules adopted under this Act, and permits issued by the Agency.

(c) If the Agency issues a seal order under Section 34 of this Act [415 ILCS 5/34] in relation to a carbon dioxide sequestration site, or if a civil action for an injunction to halt activity at a carbon dioxide sequestration site is initiated under Section 43 of this Act [415 ILCS 5/43] at the request of the Agency, then the Agency shall post notice of such action on its website.

(d) Persons seeking a permit or permit modification for the underground injection of carbon dioxide shall be liable to the Agency for all reasonable and documented costs incurred by the Agency that are associated with review and issuance of the permit, including, but not limited to, costs associated with public hearings and the review of permit applications. Once a permit is issued, the permittee shall be liable to the Agency for all reasonable and documented costs incurred by the Agency that are associated with inspections and other oversight of the carbon dioxide sequestration site. Persons liable for costs under this subsection (d) must pay the costs upon invoicing, or other request or demand for payment, by the Agency. Costs for which a person is liable under this subsection (d) are in addition to any other fees, penalties, or other relief provided under this Act or any other law.

Moneys collected under this subsection (d) shall be deposited into the Environmental Protection Permit and Inspection Fund established under Section 22.8 of this Act [415 ILCS 5/22.8]. The Agency may adopt rules relating to the collection of costs due under this subsection (d).

(e) The Agency shall not issue a permit or permit modification for the underground injection of carbon dioxide unless all costs for which the permittee is liable under subsection (d) of this Section have been paid.

(f) No person shall fail or refuse to pay costs for which the person is liable under subsection (d) of this Section.

HISTORY:
P.A. 97-96, § 20; 97-239, § 25.

415 ILCS 5/13.8 Algicide permits.

No person shall be required to obtain a permit from the Agency to apply a commercially available algicide, such as copper sulfate or a copper sulfate solution, in accordance with the instructions of its manufacturer, to a body of water that: (i) is located wholly on private property, (ii) is not a water of the United States for purposes of the Federal Water Pollution Control Act, and (iii) is not used as a community water supply source.

HISTORY:
2018 P.A. 100-802, § 5, effective August 10, 2018.

415 ILCS 5/13.9 Mahomet Aquifer natural gas storage study.

(a) Subject to appropriation, the Prairie Research Institute shall:

(1) use remote sensing technologies, such as helicopter-based time domain electromagnetics, post-processing methods, and geologic modeling software, to examine, characterize, and prepare three-dimensional models of the unconsolidated geologic materials overlying any underground natural gas storage facility located within the boundaries of the Mahomet Aquifer; and

(2) to the extent possible, identify within those unconsolidated geologic materials potential structures and migration pathways for natural gas that may be released from the underground natural gas storage facility.

(b) For purposes of this Section, "underground natural gas storage facility" has the meaning provided in Section 5 of the Illinois Underground Natural Gas Storage Safety Act [415 ILCS 160/5].

HISTORY:
2019 P.A. 101-573, § 5, effective January 1, 2020.

TITLE V.

LAND POLLUTION AND REFUSE DISPOSAL

415 ILCS 5/21 Prohibited acts.

No person shall:

(a) Cause or allow the open dumping of any waste.

(b) Abandon, dump, or deposit any waste upon the public highways or other public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.

(c) Abandon any vehicle in violation of the "Abandoned Vehicles Amendment to the Illinois Vehicle Code" [625 ILCS 5/1-100 et seq.], as enacted by the 76th General Assembly.

(d) Conduct any waste-storage, waste-treatment, or waste-disposal operation:

(1) without a permit granted by the Agency or in violation of any conditions imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with regulations and standards adopted thereunder; provided, however, that, except for municipal solid waste landfill units that receive waste on or after October 9, 1993, and CCR surface impoundments, no permit shall be required for (i) any person conducting a waste-storage, waste-treatment, or waste-disposal operation for wastes generated by such person's own activities which are stored, treated, or disposed within the site where such wastes are generated, (ii) until one year after the effective date of rules adopted by the Board under subsection (n) of Section 22.38, a facility located in a county with a population over 700,000 as of January 1, 2000, operated and located in accordance with Section 22.38 of this Act [415 ILCS 5/22.38], and used exclusively for the transfer, storage, or treatment of general construction or demolition debris, provided that the facility was receiving construction or demolition debris on August 24, 2009 (the effective date of Public Act 96-611), or (iii) any person conducting a waste transfer, storage, treatment, or disposal operation, including, but not limited to, a waste transfer or waste composting operation, under a mass animal mortality event plan created by the Department of Agriculture;

(2) in violation of any regulations or standards adopted by the Board under this Act;

(3) which receives waste after August 31, 1988, does not have a permit issued by the Agency, and is (i) a landfill used exclusively for the disposal of waste generated at the site, (ii) a surface impoundment receiving special waste not listed in an NPDES permit, (iii) a waste pile in which the total volume of waste is greater than 100 cubic yards or the waste is stored for over one year, or (iv) a land treatment facility receiving special waste generated at the site; without giving notice of the operation to the Agency by January 1, 1989, or 30 days after the date on which the operation commences, whichever is later, and every 3 years thereafter. The form for such notification shall be specified by the Agency, and shall be limited to information regarding: the name and address of the location of the operation; the type of operation; the types and amounts of waste stored, treated or disposed of on an annual basis; the remaining capacity of the operation; and the remaining expected life of the operation.

Item (3) of this subsection (d) shall not apply to any person engaged in agricultural activity who is disposing of a substance that constitutes solid waste, if the substance was acquired for use by that person on his own property, and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

This subsection (d) shall not apply to hazardous waste.

(e) Dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

(f) Conduct any hazardous waste-storage, hazardous waste-treatment or hazardous waste-disposal operation:

(1) without a RCRA permit for the site issued by the Agency under subsection (d) of Section 39 of this Act [415 ILCS 5/39], or in violation of any condition imposed by such permit, including periodic reports and full access to adequate records and the inspection of facilities, as may be necessary to assure compliance with this Act and with regulations and standards adopted thereunder; or

(2) in violation of any regulations or standards adopted by the Board under this Act; or

(3) in violation of any RCRA permit filing requirement established under standards adopted by the Board under this Act; or

(4) in violation of any order adopted by the Board under this Act.

Notwithstanding the above, no RCRA permit shall be required under this subsection or subsec-

tion (d) of Section 39 of this Act for any person engaged in agricultural activity who is disposing of a substance which has been identified as a hazardous waste, and which has been designated by Board regulations as being subject to this exception, if the substance was acquired for use by that person on his own property and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

(g) Conduct any hazardous waste-transportation operation:

(1) without registering with and obtaining a special waste hauling permit from the Agency in accordance with the regulations adopted by the Board under this Act; or

(2) in violation of any regulations or standards adopted by the Board under this Act.

(h) Conduct any hazardous waste-recycling or hazardous waste-reclamation or hazardous waste-reuse operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act.

(i) Conduct any process or engage in any act which produces hazardous waste in violation of any regulations or standards adopted by the Board under subsections (a) and (c) of Section 22.4 of this Act [415 ILCS 5/22.4].

(j) Conduct any special waste-transportation operation in violation of any regulations, standards or permit requirements adopted by the Board under this Act. However, sludge from a water or sewage treatment plant owned and operated by a unit of local government which (1) is subject to a sludge management plan approved by the Agency or a permit granted by the Agency, and (2) has been tested and determined not to be a hazardous waste as required by applicable State and federal laws and regulations, may be transported in this State without a special waste hauling permit, and the preparation and carrying of a manifest shall not be required for such sludge under the rules of the Pollution Control Board. The unit of local government which operates the treatment plant producing such sludge shall file an annual report with the Agency identifying the volume of such sludge transported during the reporting period, the hauler of the sludge, and the disposal sites to which it was transported. This subsection (j) shall not apply to hazardous waste.

(k) Fail or refuse to pay any fee imposed under this Act.

(*l*) Locate a hazardous waste disposal site above an active or inactive shaft or tunneled mine or within 2 miles of an active fault in the earth's crust. In counties of population less than 225,000 no hazardous waste disposal site shall be located (1) within 1 1/2 miles of the corporate limits as defined on June 30, 1978, of any municipality without the approval of the governing body of the municipality in an official action; or (2) within 1000 feet of an existing private well or the existing source of a public water supply measured from the boundary of the actual active permitted site and excluding existing private wells on the property of the permit applicant. The provisions of this subsection do not apply to publicly owned sewage works or the disposal or utilization of sludge from publicly owned sewage works.

(m) Transfer interest in any land which has been used as a hazardous waste disposal site without written notification to the Agency of the transfer and to the transferee of the conditions imposed by the Agency upon its use under subsection (g) of Section 39.

(n) Use any land which has been used as a hazardous waste disposal site except in compliance with conditions imposed by the Agency under subsection (g) of Section 39.

(o) Conduct a sanitary landfill operation which is required to have a permit under subsection (d) of this Section, in a manner which results in any of the following conditions:

(1) refuse in standing or flowing waters;

(2) leachate flows entering waters of the State;

(3) leachate flows exiting the landfill confines (as determined by the boundaries established for the landfill by a permit issued by the Agency);

(4) open burning of refuse in violation of Section 9 of this Act [415 ILCS 5/9];

(5) uncovered refuse remaining from any previous operating day or at the conclusion of any operating day, unless authorized by permit;

(6) failure to provide final cover within time limits established by Board regulations;

(7) acceptance of wastes without necessary permits;

(8) scavenging as defined by Board regulations;

(9) deposition of refuse in any unpermitted portion of the landfill;

(10) acceptance of a special waste without a required manifest;

(11) failure to submit reports required by permits or Board regulations;

(12) failure to collect and contain litter from the site by the end of each operating day;

(13) failure to submit any cost estimate for the site or any performance bond or other security for the site as required by this Act or Board rules.

The prohibitions specified in this subsection (o) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act [415 ILCS 5/31.1] or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to sanitary landfills.

(p) In violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site:

(1) litter;

(2) scavenging;

(3) open burning;

(4) deposition of waste in standing or flowing waters;

(5) proliferation of disease vectors;

(6) standing or flowing liquid discharge from the dump site;

(7) deposition of:

(i) general construction or demolition debris as defined in Section 3.160(a) of this Act [415 ILCS 5/3.160(a)]; or

(ii) clean construction or demolition debris as defined in Section 3.160(b) of this Act [415 ILCS 5/3.160(b)].

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

(q) Conduct a landscape waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person:

(1) conducting a landscape waste composting operation for landscape wastes generated by such person's own activities which are stored, treated, or disposed of within the site where such wastes are generated; or

(1.5) conducting a landscape waste composting operation that (i) has no more than 25 cubic yards of landscape waste, composting additives, composting material, or end-product compost on-site at any one time and (ii) is not engaging in commercial activity; or

(2) applying landscape waste or composted landscape waste at agronomic rates; or

(2.5) operating a landscape waste composting facility at a site having 10 or more occupied non-farm residences within 1/2 mile of its boundaries, if the facility meets all of the following criteria:

(A) the composting facility is operated by the farmer on property on which the composting material is utilized, and the composting facility constitutes no more than 2% of the site's total acreage;

(A-5) any composting additives that the composting facility accepts and uses at the facility are necessary to provide proper conditions for composting and do not exceed 10% of the total composting material at the facility at any one time;

(B) the property on which the composting facility is located, and any associated property on which the compost is used, is principally and diligently devoted to the production of agricultural crops and is not owned, leased, or otherwise controlled by any waste hauler or generator of nonagricultural compost materials, and the operator of the composting facility is not an employee, partner, shareholder, or in any way connected with or controlled by any such waste hauler or generator;

(C) all compost generated by the composting facility is applied at agronomic rates and used as mulch, fertilizer, or soil conditioner on land actually farmed by the person operating the composting facility, and the finished compost is not stored at the composting site for a period longer than 18 months prior to its application as mulch, fertilizer, or soil conditioner;

(D) no fee is charged for the acceptance of materials to be composted at the facility; and

(E) the owner or operator, by January 1, 2014 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, registers the site with the Agency, (ii) reports to the Agency on the volume of composting material received and used at the site; (iii) certifies to the Agency that the site complies with the requirements set forth in subparagraphs (A), (A-5), (B), (C), and (D) of this paragraph (2.5); and (iv) certifies to the Agency that all composting material was placed more than 200 feet from the nearest potable water supply well, was placed outside the boundary of the 10-year floodplain or on a part of the site that is floodproofed, was placed at least 1/4 mile from the nearest residence (other than a residence located on the same property as the facility) or a lesser distance from the nearest residence (other than a residence located on the same property as the facility) if the municipality in which the facility is located has by ordinance approved a lesser distance than 1/4 mile, and was placed more than 5 feet above the water table; any ordinance approving a residential setback of less than 1/4 mile that is used to meet the requirements of this subparagraph (E) of paragraph (2.5) of this subsection must specifically reference this paragraph; or

(3) operating a landscape waste composting facility on a farm, if the facility meets all of the following criteria:

(A) the composting facility is operated by the farmer on property on which the composting material is utilized, and the composting facility constitutes no more than 2% of the property's total acreage, except that the Board may allow a higher percentage for individual sites where the owner or operator has demonstrated to the Board that the site's soil characteristics or crop needs require a higher rate;

(A-1) the composting facility accepts from other agricultural operations for composting with landscape waste no materials other than uncontaminated and source-separated (i) crop

residue and other agricultural plant residue generated from the production and harvesting of crops and other customary farm practices, including, but not limited to, stalks, leaves, seed pods, husks, bagasse, and roots and (ii) plant-derived animal bedding, such as straw or sawdust, that is free of manure and was not made from painted or treated wood;

(A-2) any composting additives that the composting facility accepts and uses at the facility are necessary to provide proper conditions for composting and do not exceed 10% of the total composting material at the facility at any one time;

(B) the property on which the composting facility is located, and any associated property on which the compost is used, is principally and diligently devoted to the production of agricultural crops and is not owned, leased or otherwise controlled by any waste hauler or generator of nonagricultural compost materials, and the operator of the composting facility is not an employee, partner, shareholder, or in any way connected with or controlled by any such waste hauler or generator;

(C) all compost generated by the composting facility is applied at agronomic rates and used as mulch, fertilizer or soil conditioner on land actually farmed by the person operating the composting facility, and the finished compost is not stored at the composting site for a period longer than 18 months prior to its application as mulch, fertilizer, or soil conditioner;

(D) the owner or operator, by January 1 of each year, (i) registers the site with the Agency, (ii) reports to the Agency on the volume of composting material received and used at the site, (iii) certifies to the Agency that the site complies with the requirements set forth in subparagraphs (A), (A-1), (A-2), (B), and (C) of this paragraph (q)(3), and (iv) certifies to the Agency that all composting material:

(I) was placed more than 200 feet from the nearest potable water supply well;

(II) was placed outside the boundary of the 10-year floodplain or on a part of the site that is floodproofed;

(III) was placed either (aa) at least 1/4 mile from the nearest residence (other than a residence located on the same property as the facility) and there are not more than 10 occupied non-farm residences within 1/2 mile of the boundaries of the site on the date of application or (bb) a lesser distance from the nearest residence (other than a residence located on the same property as the facility) provided that the municipality or county in which the facility is located has by ordinance approved a lesser distance than 1/4 mile and there are not more than 10 occupied non-farm residences within 1/2 mile of the boundaries of the site on the date of application; and

(IV) was placed more than 5 feet above the water table.

Any ordinance approving a residential setback of less than 1/4 mile that is used to meet the requirements of this subparagraph (D) must specifically reference this subparagraph.

For the purposes of this subsection (q), "agronomic rates" means the application of not more than 20 tons per acre per year, except that the Board may allow a higher rate for individual sites where the owner or operator has demonstrated to the Board that the site's soil characteristics or crop needs require a higher rate.

(r) Cause or allow the storage or disposal of coal combustion waste unless:

(1) such waste is stored or disposed of at a site or facility for which a permit has been obtained or is not otherwise required under subsection (d) of this Section; or

(2) such waste is stored or disposed of as a part of the design and reclamation of a site or facility which is an abandoned mine site in accordance with the Abandoned Mined Lands and Water Reclamation Act; or

(3) such waste is stored or disposed of at a site or facility which is operating under NPDES and Subtitle D permits issued by the Agency pursuant to regulations adopted by the Board for mine-related water pollution and permits issued pursuant to the federal Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87) or the rules and regulations thereunder or any law or rule or regulation adopted by the State of Illinois pursuant thereto, and the owner or operator of the facility agrees to accept the waste; and either:

(i) such waste is stored or disposed of in accordance with requirements applicable to refuse disposal under regulations adopted by the Board for mine-related water pollution and pursuant to NPDES and Subtitle D permits issued by the Agency under such regulations; or

(ii) the owner or operator of the facility demonstrates all of the following to the Agency, and the facility is operated in accordance with the demonstration as approved by the Agency: (1) the disposal area will be covered in a manner that will support continuous vegetation, (2) the facility will be adequately protected from wind and water erosion, (3) the pH will be maintained so as to prevent excessive leaching of metal ions, and (4) adequate containment or other measures will be provided to protect surface water and groundwater from contamination at levels prohibited by this Act, the Illinois Groundwater Protection Act [415 ILCS 55/1 et seq.], or regulations adopted pursuant thereto.

Notwithstanding any other provision of this Title, the disposal of coal combustion waste pursuant to item (2) or (3) of this subdivision (r) shall be exempt from the other provisions of this Title V, and notwithstanding the provisions of Title X of this Act, the Agency is authorized to grant experimental permits which include provision for the disposal of wastes from the combustion of coal and other materials pursuant to items (2) and (3) of this subdivision (r).

(s) After April 1, 1989, offer for transportation, transport, deliver, receive or accept special waste for which a manifest is required, unless the manifest indicates that the fee required under Section 22.8 of this Act [415 ILCS 5/22.8] has been paid.

(t) Cause or allow a lateral expansion of a municipal solid waste landfill unit on or after October 9, 1993, without a permit modification, granted by the Agency, that authorizes the lateral expansion.

(u) Conduct any vegetable by-product treatment, storage, disposal or transportation operation in violation of any regulation, standards or permit requirements adopted by the Board under this Act. However, no permit shall be required under this Title V for the land application of vegetable by-products conducted pursuant to Agency permit issued under Title III of this Act [415 ILCS 5/11 et seq.] to the generator of the vegetable by-products. In addition, vegetable by-products may be transported in this State without a special waste hauling permit, and without the preparation and carrying of a manifest.

(v) (Blank).

(w) Conduct any generation, transportation, or recycling of construction or demolition debris, clean or general, or uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads that is not commingled with any waste, without the maintenance of documentation identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. This documentation must be maintained by the generator, transporter, or recycler for 3 years. This subsection (w) shall not apply to (1) a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment, (2) a public utility (as that term is defined in the Public Utilities Act) or a municipal utility, (3) the Illinois Department of Transportation, or (4) a municipality or a county highway department, with the exception of any municipality or county highway department located within a county having a population of over 3,000,000 inhabitants or located in a county that is contiguous to a county having a population of over 3,000,000 inhabitants; but it shall apply to an entity that contracts with a public utility, a municipal utility, the Illinois Department of Transportation, or a municipality or a county highway department. The terms "generation" and "recycling", as used in this subsection, do not apply to clean construction or demolition debris when (i) used as fill material below grade outside of a setback zone if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, (ii) solely broken concrete without protruding metal bars is used for erosion control, or (iii) milled asphalt or crushed concrete is used as aggregate in construction of the shoulder of a roadway. The terms "generation" and "recycling", as used in this subsection, do not apply to uncontaminated soil that is not commingled with any waste when (i) used as fill material below grade or contoured to grade, or (ii) used at the site of generation.

415 ILCS 5/22.12 [Registration of underground storage tanks containing hazardous waste]

(a) The Agency shall coordinate with the Office of the State Fire Marshal in the administration of the Leaking Underground Storage Tank program, as established in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended, of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) [42 U.S.C. § 6991 et seq.]. The Agency shall act as the lead agency in the formulation of regulations and policies, and shall be responsible for groundwater monitoring and any necessary site cleanup requirements encountered under the Resource Conservation and Recovery Act of 1976 [42 U.S.C. § 6901 et seq.], the Comprehensive Environmental Response Compensation and Liability Act [42 U.S.C. § 9601 et seq.], or the State "Clean Illinois" program.

(b) By May 8, 1986, a person who is the owner of an underground storage tank containing hazardous waste on July 1, 1986 shall register the tank with the Agency on the form provided by the Agency pursuant to Subtitle I of The Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended [42 U.S.C. § 6901 et seq.].

(c) A person who is the owner of an underground storage tank containing hazardous waste installed or replaced after July 1, 1986 shall register prior to the installation of the tank.

(d) Except as otherwise provided in subsection (e), a person who is the owner of an underground storage tank containing hazardous waste registered under subsection (b) or (c) shall notify the Agency of any change in the information required under this Section or of the removal of an underground storage tank from service.

(e) A person who is the owner of an underground storage tank containing hazardous waste the contents of which are changed routinely shall indicate all the materials which are stored in the tank on the registration form. A person providing the information described in this subsection is not required to notify the Agency of changes in the contents of the tank unless the material to be stored in the tank differs from the information provided on the registration form.

TITLE XIII.

MISCELLANEOUS PROVISIONS

415 ILCS 5/52.10 Electric Vehicle Permitting Task Force. [Effective until December 31, 2022]

(a) The Electric Vehicle Permitting Task Force is hereby created within the Environmental Protection Agency.

(b) The Task Force shall consist of the following members, which shall represent the diversity of the people of Illinois:

(1) The Director of the Environmental Protection Agency or his or her designee;

(2) The Director of Natural Resources or his or her designee;

(3) The Secretary of Transportation or their designee;

(4) Twelve members appointed by the Governor as follows:

(A) one member of a statewide organization representing manufacturers;

(B) one member of a statewide organization representing business interests;

(C) one member representing an environmental justice organization;

(D) one member representing a statewide environmental advocacy organization;

(E) one member representing the electric vehicle industry;

(F) one member representing the waste management industry;

(G) one member of a statewide organization representing agricultural interests;

(H) one member representing a labor organization;

(I) one member representing a statewide organization of municipalities as authorized under Section 1-8-1 of the Illinois Municipal Code [65 ILCS 5/1-8-1];

(J) one member from an association representing automobile manufacturers;

(K) one member of a labor organization that represents workers in the auto industry; and

(L) one member representing the component parts manufacturing community.

(c) The duties and responsibilities of the Task Force include the following:

(1) identify existing and potential challenges faced by the electric vehicle industry with respect to the process for obtaining necessary permits from the Environmental Protection Agency, the Department of Natural Resources, and the Department of Transportation, and potential solutions;

(2) conduct an assessment of State permitting fees, including those necessary for electric vehicle investment in Illinois, and the revenue generated by those fees;

(3) assess the permitting needs of the electric vehicle industry, including electric vehicle manufacturers, electric vehicle power supply equipment manufacturers, and electric vehicle component parts manufacturers;

(4) recommend changes to expedite permitting processes to support the rapid growth of the electric vehicle industry in Illinois, including support for electric vehicle businesses locating or relocating in Illinois;

(5) analyze anticipated staffing needs across State agencies to support expedited permitting efforts;

(6) recommend adjustments to the fee structure for state permits, including those permits necessary for electric vehicle investment in Illinois, that will support increased staffing at state agencies;

(7) Consider the impact of State and local permitting issues on electric vehicle charging station deployments, and make recommendations on best practices to streamline permitting related to electric vehicle charging stations; and

(8) recommend legislative and regulatory actions that are necessary to support changes to permitting processes.

(d) The Task Force shall not consider or recommend changes to environmental permitting standards outside of the scope of the duties and responsibilities outlined in subsection (c).

(e) Appointments for the Task Force shall be made no later than December 15, 2021. The Task Force shall issue a final report based upon its findings and recommendations and submit the report to the Governor and the General Assembly no later than August 1, 2022.

(f) Members of the Task Force shall serve without compensation. The Environmental Protection Agency shall provide administrative support to the Task Force.

(g) The Task Force shall be dissolved upon the filing of its report.

(h) This Section is repealed on December 31, 2022.

HISTORY:
2021 P.A. 102-669, § 935, effective November 16, 2021; repealed effective December 31, 2022; 2022 P.A. 102-996, § 5, effective May 27, 2022.

TITLE XVI.

PETROLEUM UNDERGROUND STORAGE TANKS

415 ILCS 5/57 Intent and purpose

This Title shall be known and may be cited as the Leaking Underground Storage Tank Program (LUST). The purpose of this Title is, in accordance with the requirements of the Hazardous and Solid Waste Amendments of 1984 of the Resource Conservation and Recovery Act of 1976 [42 U.S.C. § 6901 et seq.] and in accordance with the State's interest in the protection of Illinois' land and water resources: (1) to adopt procedures for the remediation of underground storage tank sites due to the release of petroleum and other substances regulated under this Title from certain underground storage tanks or related tank systems; (2) to establish and provide procedures for a Leaking Underground Storage Tank Program which will oversee and review any remediation required for leaking underground storage tanks, and administer the Underground Storage Tank Fund; (3) to establish an Underground Storage Tank Fund intended to be a State fund by which persons who qualify for access to the Underground Storage Tank Fund may satisfy the financial responsibility requirements under applicable State law and regulations; (4) to establish requirements for eligible owners and operators of underground storage tanks to seek payment for any costs associated with physical soil classification, groundwater investigation, site classification and corrective action from the Underground Storage Tank Fund; and (5) to audit and approve corrective action efforts performed by Licensed Professional Engineers.

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 91-357, § 199.

415 ILCS 5/57.1 Applicability

(a) An owner or operator of an underground storage tank who meets the definition of this Title shall be required to conduct tank removal, abandonment and repair, site investigation, and corrective action in accordance with the requirements of the Leaking Underground Storage Tank Program.

(b) An owner or operator of a heating oil tank as defined by this Title may elect to perform tank removal, abandonment or repair, site investigation, or corrective action, unless the provisions of subsection (g) of Section 57.5 [415 ILCS 5/57.5] are applicable.

(c) All owners or operators who conduct tank removal, repair or abandonment, site investigation, or corrective action may be eligible for the relief provided for under Section 57.10 of this Title [415 ILCS 5/57.10].

(d) The owners or operators, or both, of underground storage tanks containing regulated substances other than petroleum shall undertake corrective action in conformance with regulations promulgated by the Illinois Pollution Control Board.

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 92-554, § 5.

415 ILCS 5/57.2 Definitions

As used in this Title:

"Audit" means a systematic inspection or examination of plans, reports, records, or documents to determine the completeness and accuracy of the data and conclusions contained therein.

"Bodily injury" means bodily injury, sickness, or disease sustained by a person, including death at any time, resulting from a release of petroleum from an underground storage tank.

"Release" means any spilling, leaking, emitting, discharging, escaping, leaching or disposing of petroleum from an underground storage tank into groundwater, surface water or subsurface soils.

"Fill material" means non-native or disturbed materials used to bed and backfill around an underground storage tank.

"Fund" means the Underground Storage Tank Fund.

"Heating Oil" means petroleum that is No. 1, No. 2, No. 4 — light, No. 4 — heavy, No. 5 — light, No. 5 — heavy or No. 6 technical grades of fuel oil; and other residual fuel oils including Navy Special Fuel Oil and Bunker C.

"Indemnification" means indemnification of an owner or operator for the amount of any judgment entered against the owner or operator in a court of law, for the amount of any final order or determination made against the owner or operator by an agency of State government or any subdivision thereof, or for the amount of any settlement entered into by the owner or operator, if the judgment, order, determination, or settlement arises out of bodily injury or property damage suffered as a result of a release of petroleum from an underground storage tank owned or operated by the owner or operator.

"Corrective action" means activities associated with compliance with the provisions of Sections 57.6 and 57.7 of this Title [415 ILCS 5/57.6 and 415 ILCS 5/57.7].

"Occurrence" means an accident, including continuous or repeated exposure to conditions, that results in a sudden or nonsudden release from an underground storage tank.

When used in connection with, or when otherwise relating to, underground storage tanks, the terms "facility", "owner", "operator", "underground storage

tank", "(UST)", "petroleum" and "regulated substance" shall have the meanings ascribed to them in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) [42 U.S.C. § 6921 et seq.]; provided however that the term "underground storage tank" shall also mean an underground storage tank used exclusively to store heating oil for consumptive use on the premises where stored and which serves other than a farm or residential unit; provided further however that the term "owner" shall also mean any person who has submitted to the Agency a written election to proceed under this Title and has acquired an ownership interest in a site on which one or more registered tanks have been removed, but on which corrective action has not yet resulted in the issuance of a "no further remediation letter" by the Agency pursuant to this Title.

"Licensed Professional Engineer" means a person, corporation, or partnership licensed under the laws of the State of Illinois to practice professional engineering.

"Licensed Professional Geologist" means a person licensed under the laws of the State of Illinois to practice as a professional geologist.

"Site" means any single location, place, tract of land or parcel of property including contiguous property not separated by a public right-of-way.

"Site investigation" means activities associated with compliance with the provisions of subsection (a) of Section 57.7 [415 ILCS 5/57.7].

"Property damage" means physical injury to, destruction of, or contamination of tangible property, including all resulting loss of use of that property; or loss of use of tangible property that is not physically injured, destroyed, or contaminated, but has been evacuated, withdrawn from use, or rendered inaccessible because of a release of petroleum from an underground storage tank.

"Class I Groundwater" means groundwater that meets the Class I: Potable Resource Groundwater criteria set forth in the Board regulations adopted pursuant to the Illinois Groundwater Protection Act [415 ILCS 55/1 et seq.].

"Class III Groundwater" means groundwater that meets the Class III: Special Resource Groundwater criteria set forth in the Board regulations adopted pursuant to the Illinois Groundwater Protection Act [415 ILCS 55/1 et seq.].

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 92-554, § 5; 92-735, § 5; 94-274, § 5.

415 ILCS 5/57.3 Underground Storage Tank Program

The General Assembly hereby establishes the Illinois Leaking Underground Storage Tank Program (LUST Program). The LUST Program shall be administered by the Office of the State Fire Marshal and the Illinois Environmental Protection Agency.

HISTORY:
P.A. 88-496, § 15.

415 ILCS 5/57.4 State Agencies

The Office of State Fire Marshal and the Illinois Environmental Protection Agency shall administer the Leaking Underground Storage Tank Program in accordance with the terms of this Title.

HISTORY:
P.A. 88-496, § 15.

415 ILCS 5/57.5 Underground Storage Tanks; removal; repair; abandonment

(a) Notwithstanding the eligibility or the level of deductibility of an owner or operator under the Underground Storage Tank Fund, any owner or operator of an Underground Storage Tank may seek to remove or abandon such tank under the provisions of this Title. In order to be reimbursed under Section 57.8 [415 ILCS 5/57.8], the owner or operator must comply with the provisions of this Title. In no event will an owner or operator be reimbursed for any costs which exceed the minimum requirements necessary to comply with this Title.

(b) Removal or abandonment of an Underground Storage Tank must be carried out in accordance with regulations adopted by the Office of State Fire Marshal.

(c) The Office of the State Fire Marshal or a designated agent shall have an inspector on site at the time of removal, abandonment, or such other times the Office of State Fire Marshal deems appropriate. At such time, the inspector shall, upon preliminary excavation of the tank site, render an opinion as to whether a release of petroleum has occurred and, if so, the owner or operator shall report the known or suspected release to the Illinois Emergency Management Agency. The owner or operator shall determine whether or not a release has occurred in conformance with the regulations adopted by the Board and the Office of the State Fire Marshal. Except that if the opinion of the Office of the State Fire Marshal inspector is that a release of petroleum has occurred and the owner or operator has reported the release to the Illinois Emergency Management Agency within 24 hours of removal of the tank, no such determination is required under this subsection. In the event the owner or operator confirms the presence of a release of petroleum, the owner or operator shall comply with Section 57.6 [415 ILCS 5/57.6]. The inspector shall provide the owner or operator, or a designated agent, with an "Eligibility and Deductibility Determination" form. The Office of the State Fire Marshal shall provide on-site assistance to the owner or operator or a designated agent with regard to the eligibility and deductibility procedures as provided in Section 57.9 [415 ILCS 5/57.9].

If the Office of the State Fire Marshal is not on site, the Office of the State Fire Marshal shall provide the owner or operator with an "Eligibility and Deductibility Determination" form within 15 days after receiving notice that the confirmed release was reported by the owner or operator.

(d) In the event that a release of petroleum is confirmed under subsection (c) of this Section, the owner or operator may elect to backfill the preliminary excavation and proceed under Section 57.6 [415 ILCS 5/57.6].

(e) In the event that an Underground Storage Tank is found to be ineligible for payment from the Underground Storage Tank Fund, the owner or operator shall proceed under Sections 57.6 and 57.7 [415 ILCS 5/57.6 and 415 ILCS 5/57.7].

(f) In the event that no release of petroleum is confirmed, the owner or operator shall proceed to complete the removal of the underground storage tank, and when appropriate, dispose of the tank and backfill the excavation or, in the alternate, abandon the underground storage tank in place. Either option shall be in accordance with regulations adopted by the Office of the State Fire Marshal. The owner or operator shall certify to the Office of the State Fire Marshal that the tank removal or abandonment was conducted in accordance with all applicable rules and regulations, and the Office of the State Fire Marshal shall then issue a certificate of removal or abandonment to the owner or operator. If the Office of the State Fire Marshal fails to issue a certificate of removal or abandonment within 30 days of receipt of the certification, the certification shall be considered rejected by operation of law and a final action appealable to the Board. Nothing in this Title shall prohibit the Office of the State Fire Marshal from making an independent inspection of the site and challenging the veracity of the owner or operator certification.

(g) The owner or operator of an underground storage tank taken out of operation before January 2, 1974, or an underground storage tank used exclusively to store heating oil for consumptive use on the premises where stored and which serves other than a farm or residential unit shall not be required to remove or abandon in place such underground storage tank except in the case in which the Office of the State Fire Marshal has determined that a release from the underground storage tank poses a current or potential threat to human health and the environment. In that case, and upon receipt of an order from the Office of the State Fire Marshal, the owner or operator of such underground storage tank shall conduct removal and, if necessary, site investigation and corrective action in accordance with this Title and regulations promulgated by the Office of State Fire Marshal and the Board.

(h) In the event that a release of petroleum occurred between September 13, 1993, and August 1, 1994, for which the Office of the State Fire Marshal issued a certificate of removal or abandonment based on its determination of "no release" or "minor release," and the Office of the State Fire Marshal subsequently has rescinded that determination and required a report of a confirmed release to the Illinois Emergency Management Agency, the owner or operator may be eligible for reimbursement for the costs of site investigation and corrective action incurred on or after the date of the release but prior to the notification of the Illinois Emergency Management Agency. The date of the release shall be the date of the initial inspection by the Office of the State Fire Marshal as recorded in its inspection log. Eligibility and deductibility shall be determined in accordance with this Title, the owner or operator must comply with the provisions of this Act and its rules, and in no case shall the owner or operator be reimbursed for costs exceeding the minimum requirements of this Act and its rules.

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 92-554, § 5.

415 ILCS 5/57.6 Underground storage tanks; early action

(a) Owners and operators of underground storage tanks shall, in response to all confirmed releases, comply with all applicable statutory and regulatory reporting and response requirements.

(b) Notwithstanding any other corrective action taken, an owner or operator may, at a minimum, and prior to submission of any plans to the Agency, remove the tank system or abandon the underground storage tank in place, in accordance with the regulations promulgated by the Office of the State Fire Marshal. The owner or operator may also remove visibly contaminated fill material and any groundwater in the excavation which exhibits a sheen. For purposes of payment for early action costs, however, fill material shall not be removed in an amount in excess of 4 feet from the outside dimensions of the tank.

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 92-554, § 5.

415 ILCS 5/57.7 Leaking underground storage tanks; site investigation and corrective action

(a) Site investigation.

(1) For any site investigation activities required by statute or rule, the owner or operator shall submit to the Agency for approval a site investigation plan designed to determine the nature, concentration, direction of movement, rate of movement, and extent of the contamination as well as the significant physical features of the site and surrounding area that may affect contaminant transport and risk to human health and safety and the environment.

(2) Any owner or operator intending to seek payment from the Fund shall submit to the Agency for approval a site investigation budget that in-

cludes, but is not limited to, an accounting of all costs associated with the implementation and completion of the site investigation plan.

(3) Remediation objectives for the applicable indicator contaminants shall be determined using the tiered approach to corrective action objectives rules adopted by the Board pursuant to this Title and Title XVII of this Act. For the purposes of this Title, "Contaminant of Concern" or "Regulated Substance of Concern" in the rules means the applicable indicator contaminants set forth in subsection (d) of this Section and the rules adopted thereunder.

(4) Upon the Agency's approval of a site investigation plan, or as otherwise directed by the Agency, the owner or operator shall conduct a site investigation in accordance with the plan.

(5) Within 30 days after completing the site investigation, the owner or operator shall submit to the Agency for approval a site investigation completion report. At a minimum the report shall include all of the following:

(A) Executive summary.

(B) Site history.

(C) Site-specific sampling methods and results.

(D) Documentation of all field activities, including quality assurance.

(E) Documentation regarding the development of proposed remediation objectives.

(F) Interpretation of results.

(G) Conclusions.

(b) Corrective action.

(1) If the site investigation confirms none of the applicable indicator contaminants exceed the proposed remediation objectives, within 30 days after completing the site investigation the owner or operator shall submit to the Agency for approval a corrective action completion report in accordance with this Section.

(2) If any of the applicable indicator contaminants exceed the remediation objectives approved for the site, within 30 days after the Agency approves the site investigation completion report the owner or operator shall submit to the Agency for approval a corrective action plan designed to mitigate any threat to human health, human safety, or the environment resulting from the underground storage tank release. The plan shall describe the selected remedy and evaluate its ability and effectiveness to achieve the remediation objectives approved for the site. At a minimum, the report shall include all of the following:

(A) Executive summary.

(B) Statement of remediation objectives.

(C) Remedial technologies selected.

(D) Confirmation sampling plan.

(E) Current and projected future use of the property.

(F) Applicable preventive, engineering, and institutional controls including long-term reliability, operating, and maintenance plans, and monitoring procedures.

(G) A schedule for implementation and completion of the plan.

(3) Any owner or operator intending to seek payment from the Fund shall submit to the Agency for approval a corrective action budget that includes, but is not limited to, an accounting of all costs associated with the implementation and completion of the corrective action plan.

(4) Upon the Agency's approval of a corrective action plan, or as otherwise directed by the Agency, the owner or operator shall proceed with corrective action in accordance with the plan.

(5) Within 30 days after the completion of a corrective action plan that achieves applicable remediation objectives the owner or operator shall submit to the Agency for approval a corrective action completion report. The report shall demonstrate whether corrective action was completed in accordance with the approved corrective action plan and whether the remediation objectives approved for the site, as well as any other requirements of the plan, have been achieved.

(6) If within 4 years after the approval of any corrective action plan the applicable remediation objectives have not been achieved and the owner or operator has not submitted a corrective action completion report, the owner or operator must submit a status report for Agency review. The status report must include, but is not limited to, a description of the remediation activities taken to date, the effectiveness of the method of remediation being used, the likelihood of meeting the applicable remediation objectives using the current method of remediation, and the date the applicable remediation objectives are expected to be achieved.

(7) If the Agency determines any approved corrective action plan will not achieve applicable remediation objectives within a reasonable time, based upon the method of remediation and site specific circumstances, the Agency may require the owner or operator to submit to the Agency for approval a revised corrective action plan. If the owner or operator intends to seek payment from the Fund, the owner or operator must also submit a revised budget.

(c) Agency review and approval.

(1) Agency approval of any plan and associated budget, as described in this subsection (c), shall be considered final approval for purposes of seeking and obtaining payment from the Underground Storage Tank Fund if the costs associated with the completion of any such plan are less than or equal to the amounts approved in such budget.

(2) In the event the Agency fails to approve, disapprove, or modify any plan or report submitted pursuant to this Title in writing within 120 days of the receipt by the Agency, the plan or report shall be considered to be rejected by operation of law for

purposes of this Title and rejected for purposes of payment from the Underground Storage Tank Fund.

(A) For purposes of those plans as identified in paragraph (5) of this subsection (c), the Agency's review may be an audit procedure. Such review or audit shall be consistent with the procedure for such review or audit as promulgated by the Board under Section 57.14 [415 ILCS 5/57.14]. The Agency has the authority to establish an auditing program to verify compliance of such plans with the provisions of this Title.

(B) For purposes of corrective action plans submitted pursuant to subsection (b) of this Section for which payment from the Fund is not being sought, the Agency need not take action on such plan until 120 days after it receives the corrective action completion report required under subsection (b) of this Section. In the event the Agency approved the plan, it shall proceed under the provisions of this subsection (c).

(3) In approving any plan submitted pursuant to subsection (a) or (b) of this Section, the Agency shall determine, by a procedure promulgated by the Board under Section 57.14, that the costs associated with the plan are reasonable, will be incurred in the performance of site investigation or corrective action, and will not be used for site investigation or corrective action activities in excess of those required to meet the minimum requirements of this Title. The Agency shall also determine, pursuant to the Project Labor Agreements Act [30 ILCS 571/1 et seq.], whether the corrective action shall include a project labor agreement if payment from the Underground Storage Tank Fund is to be requested.

(A) For purposes of payment from the Fund, corrective action activities required to meet the minimum requirements of this Title shall include, but not be limited to, the following use of the Board's Tiered Approach to Corrective Action Objectives rules adopted under Title XVII of this Act:

(i) For the site where the release occurred, the use of Tier 2 remediation objectives that are no more stringent than Tier 1 remediation objectives.

(ii) The use of industrial/commercial property remediation objectives, unless the owner or operator demonstrates that the property being remediated is residential property or being developed into residential property.

(iii) The use of groundwater ordinances as institutional controls in accordance with Board rules.

(iv) The use of on-site groundwater use restrictions as institutional controls in accordance with Board rules.

(B) Any bidding process adopted under Board rules to determine the reasonableness of costs of corrective action must provide for a publicly-noticed, competitive, and sealed bidding process that includes, at a minimum, the following:

(i) The owner or operator must issue invitations for bids that include, at a minimum, a description of the work being bid and applicable contractual terms and conditions. The criteria on which the bids will be evaluated must be set forth in the invitation for bids. The criteria may include, but shall not be limited to, criteria for determining acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Criteria that will affect the bid price and be considered in the evaluation of a bid, such as discounts, shall be objectively measurable.

(ii) At least 14 days prior to the date set in the invitation for the opening of bids, public notice of the invitation for bids must be published in a local paper of general circulation for the area in which the site is located.

(iii) Bids must be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as specified in Board rules must be recorded and submitted to the Agency in the applicable budget. After selection of the winning bid, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(iv) Bids must be unconditionally accepted without alteration or correction. Bids must be evaluated based on the requirements set forth in the invitation for bids, which may include criteria for determining acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Criteria that will affect the bid price and be considered in the evaluation of a bid, such as discounts, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(v) Correction or withdrawal of inadvertently erroneous bids before or after selection of the winning bid, or cancellation of winning bids based on bid mistakes, shall be allowed in accordance with Board rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the owner or operator or fair competition shall be allowed. All decisions to allow the correction or withdrawal of bids based on bid mistakes shall be supported by a written determination made by the owner or operator.

(vi) The owner or operator shall select the winning bid with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids. The winning bid and other relevant information as specified in Board

rules must be recorded and submitted to the Agency in the applicable budget.

(vii) All bidding documentation must be retained by the owner or operator for a minimum of 3 years after the costs bid are submitted in an application for payment, except that documentation relating to an appeal, litigation, or other disputed claim must be maintained until at least 3 years after the date of the final disposition of the appeal, litigation, or other disputed claim. All bidding documentation must be made available to the Agency for inspection and copying during normal business hours.

(C) Any bidding process adopted under Board rules to determine the reasonableness of costs of corrective action shall (i) be optional and (ii) allow bidding only if the owner or operator demonstrates that corrective action cannot be performed for amounts less than or equal to maximum payment amounts adopted by the Board.

(4) For any plan or report received after June 24, 2002, any action by the Agency to disapprove or modify a plan submitted pursuant to this Title shall be provided to the owner or operator in writing within 120 days of the receipt by the Agency or, in the case of a site investigation plan or corrective action plan for which payment is not being sought, within 120 days of receipt of the site investigation completion report or corrective action completion report, respectively, and shall be accompanied by:

(A) an explanation of the Sections of this Act which may be violated if the plans were approved;

(B) an explanation of the provisions of the regulations, promulgated under this Act, which may be violated if the plan were approved;

(C) an explanation of the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and

(D) a statement of specific reasons why the Act and the regulations might not be met if the plan were approved.

Any action by the Agency to disapprove or modify a plan or report or the rejection of any plan or report by operation of law shall be subject to appeal to the Board in accordance with the procedures of Section 40 [415 ILCS 5/40]. If the owner or operator elects to incorporate modifications required by the Agency rather than appeal, an amended plan shall be submitted to the Agency within 35 days of receipt of the Agency's written notification.

(5) For purposes of this Title, the term "plan" shall include:

(A) Any site investigation plan submitted pursuant to subsection (a) of this Section;

(B) Any site investigation budget submitted pursuant to subsection (a) of this Section;

(C) Any corrective action plan submitted pursuant to subsection (b) of this Section; or

(D) Any corrective action plan budget submitted pursuant to subsection (b) of this Section.

(d) For purposes of this Title, the term "indicator contaminant" shall mean, unless and until the Board promulgates regulations to the contrary, the following: (i) if an underground storage tank contains gasoline, the indicator parameter shall be BTEX and Benzene; (ii) if the tank contained petroleum products consisting of middle distillate or heavy ends, then the indicator parameter shall be determined by a scan of PNA's taken from the location where contamination is most likely to be present; and (iii) if the tank contained used oil, then the indicator contaminant shall be those chemical constituents which indicate the type of petroleum stored in an underground storage tank. All references in this Title to groundwater objectives shall mean Class I groundwater standards or objectives as applicable.

(e)(1) Notwithstanding the provisions of this Section, an owner or operator may proceed to conduct site investigation or corrective action prior to the submittal or approval of an otherwise required plan. If the owner or operator elects to so proceed, an applicable plan shall be filed with the Agency at any time. Such plan shall detail the steps taken to determine the type of site investigation or corrective action which was necessary at the site along with the site investigation or corrective action taken or to be taken, in addition to costs associated with activities to date and anticipated costs.

(2) Upon receipt of a plan submitted after activities have commenced at a site, the Agency shall proceed to review in the same manner as required under this Title. In the event the Agency disapproves all or part of the costs, the owner or operator may appeal such decision to the Board. The owner or operator shall not be eligible to be reimbursed for such disapproved costs unless and until the Board determines that such costs were eligible for payment.

(f) All investigations, plans, and reports conducted or prepared under this Section shall be conducted or prepared under the supervision of a licensed professional engineer and in accordance with the requirements of this Title.

HISTORY:

P.A. 88-496, § 15; 88-668, § 10; 89-428, § 395; 89-457, § 395; 92-554, § 5; 92-574, § 5; 92-651, § 71; 92-735, § 5; 95-331, § 950; 96-908, § 5; 98-109, § 5-73.

415 ILCS 5/57.8 Underground Storage Tank Fund; payment; options for State payment; deferred correction election to commence corrective action upon availability of funds

If an owner or operator is eligible to access the Underground Storage Tank Fund pursuant to an Office of State Fire Marshal eligibility/deductible

final determination letter issued in accordance with Section 57.9 [415 ILCS 5/57.9], the owner or operator may submit a complete application for final or partial payment to the Agency for activities taken in response to a confirmed release. An owner or operator may submit a request for partial or final payment regarding a site no more frequently than once every 90 days.

(a) Payment after completion of corrective action measures. The owner or operator may submit an application for payment for activities performed at a site after completion of the requirements of Sections 57.6 and 57.7 [415 ILCS 5/57.6 and 415 ILCS 5/57.7], or after completion of any other required activities at the underground storage tank site.

(1) In the case of any approved plan and budget for which payment is being sought, the Agency shall make a payment determination within 120 days of receipt of the application. Such determination shall be considered a final decision. The Agency's review shall be limited to generally accepted auditing and accounting practices. In no case shall the Agency conduct additional review of any plan which was completed within the budget, beyond auditing for adherence to the corrective action measures in the proposal. If the Agency fails to approve the payment application within 120 days, such application shall be deemed approved by operation of law and the Agency shall proceed to reimburse the owner or operator the amount requested in the payment application. However, in no event shall the Agency reimburse the owner or operator an amount greater than the amount approved in the plan.

(2) If sufficient funds are available in the Underground Storage Tank Fund, the Agency shall, within 60 days, forward to the Office of the State Comptroller a voucher in the amount approved under the payment application.

(3) In the case of insufficient funds, the Agency shall form a priority list for payment and shall notify persons in such priority list monthly of the availability of funds and when payment shall be made. Payment shall be made to the owner or operator at such time as sufficient funds become available for the costs associated with site investigation and corrective action and costs expended for activities performed where no proposal is required, if applicable. Such priority list shall be available to any owner or operator upon request. Priority for payment shall be determined by the date the Agency receives a complete request for partial or final payment. Upon receipt of notification from the Agency that the requirements of this Title have been met, the Comptroller shall make payment to the owner or operator of the amount approved by the Agency, if sufficient money exists in the Fund. If there is insufficient money in the Fund, then payment shall not be made. If the owner or operator appeals a final Agency payment determination and it is determined that the owner or operator is eligible for payment or additional payment, the priority date for the payment or additional payment shall be the same as the priority date assigned to the original request for partial or final payment.

(4) Any deductible, as determined pursuant to the Office of the State Fire Marshal's eligibility and deductibility final determination in accordance with Section 57.9, shall be subtracted from any payment invoice paid to an eligible owner or operator. Only one deductible shall apply per underground storage tank site.

(5) In the event that costs are or will be incurred in addition to those approved by the Agency, or after payment, the owner or operator may submit successive plans containing amended budgets. The requirements of Section 57.7 shall apply to any amended plans.

(6) For purposes of this Section, a complete application shall consist of:

(A) A certification from a Licensed Professional Engineer or Licensed Professional Geologist as required under this Title and acknowledged by the owner or operator.

(B) A statement of the amounts approved in the budget and the amounts actually sought for payment along with a certified statement by the owner or operator that the amounts so sought were expended in conformance with the approved budget.

(C) A copy of the Office of the State Fire Marshal's eligibility and deductibility determination.

(D) Proof that approval of the payment requested will not result in the limitations set forth in subsection (g) of this Section being exceeded.

(E) A federal taxpayer identification number and legal status disclosure certification on a form prescribed and provided by the Agency.

(F) If the Agency determined under subsection (c)(3) of Section 57.7 of this Act that corrective action must include a project labor agreement, a certification from the owner or operator that the corrective action was (i) performed under a project labor agreement that meets the requirements of Section 25 of the Project Labor Agreements Act [30 ILCS 571/25] and (ii) implemented in a manner consistent with the terms and conditions of the Project Labor Agreements Act [30 ILCS 571/1 et seq.] and in full compliance with all statutes, regulations, and Executive Orders as required under that Act and the Prevailing Wage Act [820 ILCS 130/0.01 et seq.].

(b) Commencement of site investigation or corrective action upon availability of funds. The Board shall adopt regulations setting forth procedures based on risk to human health or the environment under which the owner or operator who has received approval for any budget plan submitted pursuant to Section 57.7, and who is eligible for payment from

the Underground Storage Tank Fund pursuant to an Office of the State Fire Marshal eligibility and deductibility determination, may elect to defer site investigation or corrective action activities until funds are available in an amount equal to the amount approved in the budget. The regulations shall establish criteria based on risk to human health or the environment to be used for determining on a site-by-site basis whether deferral is appropriate. The regulations also shall establish the minimum investigatory requirements for determining whether the risk based criteria are present at a site considering deferral and procedures for the notification of owners or operators of insufficient funds, Agency review of request for deferral, notification of Agency final decisions, returning deferred sites to active status, and earmarking of funds for payment.

(c) When the owner or operator requests indemnification for payment of costs incurred as a result of a release of petroleum from an underground storage tank, if the owner or operator has satisfied the requirements of subsection (a) of this Section, the Agency shall forward a copy of the request to the Attorney General. The Attorney General shall review and approve the request for indemnification if:

(1) there is a legally enforceable judgment entered against the owner or operator and such judgment was entered due to harm caused by a release of petroleum from an underground storage tank and such judgment was not entered as a result of fraud; or

(2) a settlement with a third party due to a release of petroleum from an underground storage tank is reasonable.

(d) Notwithstanding any other provision of this Title, the Agency shall not approve payment to an owner or operator from the Fund for costs of corrective action or indemnification incurred during a calendar year in excess of the following aggregate amounts based on the number of petroleum underground storage tanks owned or operated by such owner or operator in Illinois.

Amount	Number of Tanks
$2,000,000	fewer than 101
$3,000,000	101 or more

(1) Costs incurred in excess of the aggregate amounts set forth in paragraph (1) of this subsection shall not be eligible for payment in subsequent years.

(2) For purposes of this subsection, requests submitted by any of the agencies, departments, boards, committees or commissions of the State of Illinois shall be acted upon as claims from a single owner or operator.

(3) For purposes of this subsection, owner or operator includes (i) any subsidiary, parent, or joint stock company of the owner or operator and (ii) any company owned by any parent, subsidiary, or joint stock company of the owner or operator.

(e) Costs of corrective action or indemnification incurred by an owner or operator which have been paid to an owner or operator under a policy of insurance, another written agreement, or a court order are not eligible for payment under this Section. An owner or operator who receives payment under a policy of insurance, another written agreement, or a court order shall reimburse the State to the extent such payment covers costs for which payment was received from the Fund. Any monies received by the State under this subsection (e) shall be deposited into the Fund.

(f) (Blank.)

(g) The Agency shall not approve any payment from the Fund to pay an owner or operator:

(1) for costs of corrective action incurred by such owner or operator in an amount in excess of $1,500,000 per occurrence; and

(2) for costs of indemnification of such owner or operator in an amount in excess of $1,500,000 per occurrence.

(h) Payment of any amount from the Fund for corrective action or indemnification shall be subject to the State acquiring by subrogation the rights of any owner, operator, or other person to recover the costs of corrective action or indemnification for which the Fund has compensated such owner, operator, or person from the person responsible or liable for the release.

(i) If the Agency refuses to pay or authorizes only a partial payment, the affected owner or operator may petition the Board for a hearing in the manner provided for the review of permit decisions in Section 40 of this Act [415 ILCS 5/40].

(j) Costs of corrective action or indemnification incurred by an owner or operator prior to July 28, 1989, shall not be eligible for payment or reimbursement under this Section.

(k) The Agency shall not pay costs of corrective action or indemnification incurred before providing notification of the release of petroleum in accordance with the provisions of this Title.

(*l*) Corrective action does not include legal defense costs. Legal defense costs include legal costs for seeking payment under this Title unless the owner or operator prevails before the Board in which case the Board may authorize payment of legal fees.

(m) The Agency may apportion payment of costs for plans submitted under Section 57.7 if:

(1) the owner or operator was deemed eligible to access the Fund for payment of corrective action costs for some, but not all, of the underground storage tanks at the site; and

(2) the owner or operator failed to justify all costs attributable to each underground storage tank at the site.

(n) The Agency shall not pay costs associated with a corrective action plan incurred after the Agency provides notification to the owner or operator pursuant to item (7) of subsection (b) of Section 57.7 that a revised corrective action plan is required. Costs associated with any subsequently approved corrective action plan shall be eligible for reimbursement if they meet the requirements of this Title.

HISTORY:
P.A. 88-496, § 15; 88-668, § 10; 89-428, § 395; 89-457, § 395; 91-357, § 199; 92-554, § 5; 92-574, § 5; 92-735, § 5; 95-331, § 950; 98-109, § 5-73.

415 ILCS 5/57.8a Assignment of payments from the Underground Storage Tank Fund

(a) If the Agency has formed a priority list for payment under Section 57.8(a)(3) of this Act [415 ILCS 5/57.8], an owner or operator on the priority list may assign to any bank, financial institution, lender, or other person that provides factoring or financing to an owner or operator or to a consultant of an owner or operator a full approved payment amount on the priority list for which the owner or operator is awaiting payment. The assignment must be made on an approved payment-by-approved payment basis and must be made on forms prescribed by the Agency. No assignment under this Section prevents or affects the right of the State Comptroller to make the deductions and off-sets provided in Section 10.05 of the State Comptroller Act [15 ILCS 405/10.05].

(b) The making of an assignment under this Section shall not affect an owner's or operator's right to appeal an Agency decision as provided in this Title. No assignee shall have a right to appeal an Agency decision as provided in this Title.

(c) An owner's or operator's assignment under this Section is irrevocable and may be made to only one assignee. The State shall pay the assigned amount, subject to right of the State Comptroller to make the deductions and off-sets provided in Section 10.05 of the State Comptroller Act, to this one assignee only and shall not pay the assigned amount to any subsequent assignee of the one assignee.

(d) The State and its officers and employees are discharged of all liability upon payment of the assigned amount to the assignee. The assignor and assignee shall hold harmless and indemnify the State and its officers and employees from all claims, actions, suits, complaints, and liabilities related to the assignment.

(e) An assignee may use funds received for any purpose including, without limitation, paying principal, interest, or other costs due on any financing made by the assignee. To the extent an owner or operator incurs costs associated with making an assignment under this Section, the owner or operator may not seek reimbursement of those costs from the Fund.

HISTORY:
P.A. 95-403, § 5.

415 ILCS 5/57.9 Underground Storage Tank Fund; eligibility and deductibility

(a) The Underground Storage Tank Fund shall be accessible by owners and operators who have a confirmed release from an underground storage tank or related tank system of a substance listed in this Section. The owner or operator is eligible to access the Underground Storage Tank Fund if the eligibility requirements of this Title are satisfied and:

(1) Neither the owner nor the operator is the United States Government.

(2) The tank does not contain fuel which is exempt from the Motor Fuel Tax Law [35 ILCS 505/1 et seq.].

(3) The costs were incurred as a result of a confirmed release of any of the following substances:

(A) "Fuel", as defined in Section 1.19 of the Motor Fuel Tax Law [35 ILCS 505/1.19].

(B) Aviation fuel.

(C) Heating oil.

(D) Kerosene.

(E) Used oil which has been refined from crude oil used in a motor vehicle, as defined in Section 1.3 of the Motor Fuel Tax Law [35 ILCS 505/1.3].

(4) The owner or operator registered the tank and paid all fees in accordance with the statutory and regulatory requirements of the Gasoline Storage Act [430 ILCS 15/0.01 et seq.].

(5) The owner or operator notified the Illinois Emergency Management Agency of a confirmed release, the costs were incurred after the notification and the costs were a result of a release of a substance listed in this Section. Costs of corrective action or indemnification incurred before providing that notification shall not be eligible for payment.

(6) The costs have not already been paid to the owner or operator under a private insurance policy, other written agreement, or court order.

(7) The costs were associated with "corrective action" of this Act.

If the underground storage tank which experienced a release of a substance listed in this Section was installed after July 28, 1989, the owner or operator is eligible to access the Underground Storage Tank Fund if it is demonstrated to the Office of the State Fire Marshal the tank was installed and operated in accordance with Office of the State Fire Marshal regulatory requirements. Office of the State Fire Marshal certification is prima facie evidence the tank was installed pursuant to the Office of the State Fire Marshal regulatory requirements.

(b) For releases reported prior to the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-908], an owner or operator may access the Underground Storage Tank Fund for costs associated with an Agency approved plan and the Agency shall approve the payment of costs associated with corrective action after the application of a $10,000 deductible, except in the following situations:

(1) A deductible of $100,000 shall apply when none of the underground storage tanks were registered prior to July 28, 1989, except in the case of underground storage tanks used exclusively to store heating oil for consumptive use on the prem-

ises where stored and which serve other than farms or residential units, a deductible of $100,000 shall apply when none of these tanks were registered prior to July 1, 1992.

(2) A deductible of $50,000 shall apply if any of the underground storage tanks were registered prior to July 28, 1989, and the State received notice of the confirmed release prior to July 28, 1989.

(3) A deductible of $15,000 shall apply when one or more, but not all, of the underground storage tanks were registered prior to July 28, 1989, and the State received notice of the confirmed release on or after July 28, 1989.

For releases reported on or after the effective date of this amendatory Act of the 96th General Assembly, an owner or operator may access the Underground Storage Tank Fund for costs associated with an Agency approved plan, and the Agency shall approve the payment of costs associated with corrective action after the application of a $5,000 deductible.

A deductible shall apply annually for each site at which costs were incurred under a claim submitted pursuant to this Title, except that if corrective action in response to an occurrence takes place over a period of more than one year, in subsequent years, no deductible shall apply for costs incurred in response to such occurrence.

(c) Eligibility and deductibility determinations shall be made by the Office of the State Fire Marshal.

(1) When an owner or operator reports a confirmed release of a regulated substance, the Office of the State Fire Marshal shall provide the owner or operator with an "Eligibility and Deductibility Determination" form. The form shall either be provided on-site or within 15 days of the Office of the State Fire Marshal receipt of notice indicating a confirmed release. The form shall request sufficient information to enable the Office of the State Fire Marshal to make a final determination as to owner or operator eligibility to access the Underground Storage Tank Fund pursuant to this Title and the appropriate deductible. The form shall be promulgated as a rule or regulation pursuant to the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.] by the Office of the State Fire Marshal. Until such form is promulgated, the Office of State Fire Marshal shall use a form which generally conforms with this Act.

(2) Within 60 days of receipt of the "Eligibility and Deductibility Determination" form, the Office of the State Fire Marshal shall issue one letter enunciating the final eligibility and deductibility determination, and such determination or failure to act within the time prescribed shall be a final decision appealable to the Illinois Pollution Control Board.

HISTORY:
P.A. 88-496, § 15; 96-908, § 5.

415 ILCS 5/57.10 Professional Engineer or Professional Geologist certification; presumptions against liability

(a) Within 120 days of the Agency's receipt of a corrective action completion report, the Agency shall issue to the owner or operator a "no further remediation letter" unless the Agency has requested a modification, issued a rejection under subsection (d) of this Section, or the report has been rejected by operation of law.

(b) By certifying such a statement, a Licensed Professional Engineer or Licensed Professional Geologist shall in no way be liable thereon, unless the engineer or geologist gave such certification despite his or her actual knowledge that the performed measures were not in compliance with applicable statutory or regulatory requirements or any plan submitted to the Agency.

(c) The Agency's issuance of a no further remediation letter shall signify, based on the certification of the Licensed Professional Engineer, that:

(1) all statutory and regulatory corrective action requirements applicable to the occurrence have been complied with;

(2) all corrective action concerning the remediation of the occurrence has been completed; and

(3) no further corrective action concerning the occurrence is necessary for the protection of human health, safety and the environment.

This subsection (c) does not apply to off-site contamination related to the occurrence that has not been remediated due to denial of access to the off-site property.

(d) The no further remediation letter issued under this Section shall apply in favor of the following parties:

(1) The owner or operator to whom the letter was issued.

(2) Any parent corporation or subsidiary of such owner or operator.

(3) Any co-owner or co-operator, either by joint tenancy, right-of-survivorship, or any other party sharing a legal relationship with the owner or operator to whom the letter is issued.

(4) Any holder of a beneficial interest of a land trust or inter vivos trust whether revocable or irrevocable.

(5) Any mortgagee or trustee of a deed of trust of such owner or operator.

(6) Any successor-in-interest of such owner or operator.

(7) Any transferee of such owner or operator whether the transfer was by sale, bankruptcy proceeding, partition, dissolution of marriage, settlement or adjudication of any civil action, charitable gift, or bequest.

(8) Any heir or devisee or such owner or operator.

(9) An owner of a parcel of real property to the extent that the no further remediation letter under subsection (c) of this Section applies to the occurrence on that parcel.

(e) If the Agency notifies the owner or operator that the "no further remediation" letter has been rejected, the grounds for such rejection shall be described in the notice. Such a decision shall be a final determination which may be appealed by the owner or operator.

(f) The Board shall adopt rules setting forth the criteria under which the Agency may require an owner or operator to conduct further investigation or remediation related to a release for which a no further remediation letter has been issued.

(g) Holders of security interests in sites subject to the requirements of this Title XVI shall be entitled to the same protections and subject to the same responsibilities provided under general regulations promulgated under Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) [42 U.S.C. § 6921 et seq.].

HISTORY:

P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395; 92-554, § 5; 92-735, § 5; 94-276, § 5.

415 ILCS 5/57.11 Underground Storage Tank Fund; creation.

(a) There is hereby created in the State Treasury a special fund to be known as the Underground Storage Tank Fund. There shall be deposited into the Underground Storage Tank Fund all moneys received by the Office of the State Fire Marshal as fees for underground storage tanks under Sections 4 and 5 of the Gasoline Storage Act [430 ILCS 15/4 and 430 ILCS 15/5], fees pursuant to the Motor Fuel Tax Law, and beginning July 1, 2013, payments pursuant to the Use Tax Act [35 ILCS 105/1 et seq.], the Service Use Tax Act [35 ILCS 110/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], and the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.]. All amounts held in the Underground Storage Tank Fund shall be invested at interest by the State Treasurer. All income earned from the investments shall be deposited into the Underground Storage Tank Fund no less frequently than quarterly. In addition to any other transfers that may be provided for by law, beginning on July 1, 2018 and on the first day of each month thereafter during fiscal years 2019 through 2023 only, the State Comptroller shall direct and the State Treasurer shall transfer an amount equal to 1/12 of $10,000,000 from the Underground Storage Tank Fund to the General Revenue Fund. Moneys in the Underground Storage Tank Fund, pursuant to appropriation, may be used by the Agency and the Office of the State Fire Marshal for the following purposes:

(1) To take action authorized under Section 57.12 [415 ILCS 5/57.12] to recover costs under Section 57.12.

(2) To assist in the reduction and mitigation of damage caused by leaks from underground storage tanks, including but not limited to, providing alternative water supplies to persons whose drinking water has become contaminated as a result of those leaks.

(3) To be used as a matching amount towards federal assistance relative to the release of petroleum from underground storage tanks.

(4) For the costs of administering activities of the Agency and the Office of the State Fire Marshal relative to the Underground Storage Tank Fund.

(5) For payment of costs of corrective action incurred by and indemnification to operators of underground storage tanks as provided in this Title.

(6) For a total of 2 demonstration projects in amounts in excess of a $10,000 deductible charge designed to assess the viability of corrective action projects at sites which have experienced contamination from petroleum releases. Such demonstration projects shall be conducted in accordance with the provision of this Title.

(7) Subject to appropriation, moneys in the Underground Storage Tank Fund may also be used by the Department of Revenue for the costs of administering its activities relative to the Fund and for refunds provided for in Section 13a.8 of the Motor Fuel Tax Law [35 ILCS 505/13a.8].

(b) Moneys in the Underground Storage Tank Fund may, pursuant to appropriation, be used by the Office of the State Fire Marshal or the Agency to take whatever emergency action is necessary or appropriate to assure that the public health or safety is not threatened whenever there is a release or substantial threat of a release of petroleum from an underground storage tank and for the costs of administering its activities relative to the Underground Storage Tank Fund.

(c) Beginning July 1, 1993, the Governor shall certify to the State Comptroller and State Treasurer the monthly amount necessary to pay debt service on State obligations issued pursuant to Section 6 of the General Obligation Bond Act [30 ILCS 330/6]. On the last day of each month, the Comptroller shall order transferred and the Treasurer shall transfer from the Underground Storage Tank Fund to the General Obligation Bond Retirement and Interest Fund the amount certified by the Governor, plus any cumulative deficiency in those transfers for prior months.

(d) Except as provided in subsection (c) of this Section, the Underground Storage Tank Fund is not subject to administrative charges authorized under Section 8h of the State Finance Act [30 ILCS 105/8h] that would in any way transfer any funds from the Underground Storage Tank Fund into any other fund of the State.

(e) Each fiscal year, subject to appropriation, the Agency may commit up to $10,000,000 of the moneys in the Underground Storage Tank Fund to the payment of corrective action costs for legacy sites that

meet one or more of the following criteria as a result of the underground storage tank release: (i) the presence of free product, (ii) contamination within a regulated recharge area, a wellhead protection area, or the setback zone of a potable water supply well, (iii) contamination extending beyond the boundaries of the site where the release occurred, or (iv) such other criteria as may be adopted in Agency rules.

(1) Fund moneys committed under this subsection (e) shall be held in the Fund for payment of the corrective action costs for which the moneys were committed.

(2) The Agency may adopt rules governing the commitment of Fund moneys under this subsection (e).

(3) This subsection (e) does not limit the use of Fund moneys at legacy sites as otherwise provided under this Title.

(4) For the purposes of this subsection (e), the term "legacy site" means a site for which (i) an underground storage tank release was reported prior to January 1, 2005, (ii) the owner or operator has been determined eligible to receive payment from the Fund for corrective action costs, and (iii) the Agency did not receive any applications for payment prior to January 1, 2010.

(f) Beginning July 1, 2013, if the amounts deposited into the Fund from moneys received by the Office of the State Fire Marshal as fees for underground storage tanks under Sections 4 and 5 of the Gasoline Storage Act and as fees pursuant to the Motor Fuel Tax Law during a State fiscal year are sufficient to pay all claims for payment by the fund received during that State fiscal year, then the amount of any payments into the fund pursuant to the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act during that State fiscal year shall be deposited as follows: 75% thereof shall be paid into the State treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

HISTORY:

P.A. 88-496, § 15; 90-491, § 80; 96-34, § 950; 96-908, § 5; 98-109, § 5-73; 2018 P.A. 100-587, § 50-55, effective June 4, 2018; 2019 P.A. 101-10, § 5-100, effective June 5, 2019; 2020 P.A. 101-636, § 35-5, effective June 10, 2020; 2021 P.A. 102-16, § 3-130, effective June 17, 2021; 2022 P.A. 102-699, § 5-105, effective April 19, 2022.

415 ILCS 5/57.12 Underground storage tanks; enforcement; liability

(a) Notwithstanding any other provision or rule of law, the owner or operator, or both, of an underground storage tank shall be liable for all costs of investigation, preventive action, corrective action and enforcement action incurred by the State of Illinois resulting from an underground storage tank. Nothing in this Section shall affect or modify in any way:

(1) The obligations or liability of any person under any other provision of this Act or State or federal law, including common law, for damages, injury or loss resulting from a release or substantial threat of a release as described above; or

(2) the liability of any person under this Section for costs incurred by the State of Illinois for preventive action, corrective action and enforcement action that are not paid with monies from the Underground Storage Tank Fund.

(b) Nothing in this Section shall affect or modify in any way the obligations or liability of any person under any other provision of this Act or State or federal law, including common law, to investigate, respond to, remediate, or clean up a release of a regulated substance from an underground storage tank.

(c) The Agency has the authority to do either of the following:

(1) Provide notice to the owner or operator, or both, of an underground storage tank whenever there is a release or substantial threat of a release of petroleum from such tank. Such notice shall include the identified investigation or response action and an opportunity for the owner or operator, or both, to perform the response action.

(2) Undertake investigative, preventive or corrective action whenever there is a release or a substantial threat of a release of petroleum from an underground storage tank.

(d) If notice has been provided under this Section, the Agency has the authority to require the owner or operator, or both, of an underground storage tank to undertake preventive or corrective action whenever there is a release or substantial threat of a release of petroleum from such tank.

(e) The Director of the Agency is authorized to enter into such contracts and agreements as may be necessary, and as expeditiously as necessary, to carry out the Agency's duties or responsibilities under this Title.

(f)(1) The owner or operator, or both, of an underground storage tank may be liable to the State of Illinois for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State as a result of the State's response to a release or a substantial threat of a release of petroleum from the underground storage tank if the owner or operator failed, without sufficient cause, to respond to a release or a substantial threat of a release of a regulated substance from the underground storage tank upon, or in accordance with, a notice issued by the Agency under this Section.

(2) The punitive damages imposed under this subsection (f) shall be in addition to any costs recovered from that person pursuant to this Section and in addition to any other penalty or relief provided by this Act, or any other law.

(g) The standard of liability under this Section is the standard of liability under Section 22.2(f) of this Act [415 ILCS 5/22.2].

(h) Neither the State of Illinois, nor the Director of the Agency, nor any State employee shall be liable for any damages or injuries arising out of or resulting from any action taken under this Section.

(i) The costs and damages provided for in this Section may be imposed by the Board or the Circuit Court in an action brought before the Board or the Circuit Court in accordance with Title VIII of this Act, except that Section 33(c) of this Act [415 ILCS 5/33] shall not apply to the action. Costs recovered pursuant to this Section shall be deposited in the fund from which the monies were expended. Damages recovered under this Section shall be deposited in the Underground Storage Tank Fund.

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 89-457, § 395.

415 ILCS 5/57.12A Lender liability; definitions

(a) Notwithstanding any other provision or rule of law, the term "owner" or "operator" does not include a holder who, without participating in the management of a facility, underground storage tank, or underground storage tank system, holds any indicia of ownership primarily to protect its security interest in the facility, underground storage tank, or underground storage tank system.

(b) As used in this Section, and notwithstanding any other provision or rule of law:

(1) "Underground Storage Tank technical standards" refers to the underground storage tank preventative and operating requirements under the rules promulgated under subsection (a) of Section 57.1 of this Title [415 ILCS 5/57.1].

(2) Petroleum production, refining, and marketing.

(A) "Petroleum production" means the production of crude oil or other forms of petroleum as well as the production of petroleum products from purchased materials.

(B) "Petroleum refining" means the cracking, distillation, separation, conversion, upgrading, and finishing of refined petroleum or petroleum products.

(C) "Petroleum marketing" means the distribution, transfer, or sale of petroleum or petroleum products for wholesale or retail purposes.

(3) "Indicia of ownership" means evidence of a secured interest, evidence of an interest in a security interest, or evidence of an interest in real or personal property securing a loan or other obligation, including any legal or equitable title to real or personal property acquired incident to foreclosure or its equivalents. Evidence of such interests includes, but is not limited to, mortgages, deeds of trust, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased property (lease financing transaction), legal or equitable title obtained pursuant to foreclosure, and their equivalents. Evidence of such interests also includes assignments, pledges, or other rights to or other forms of encumbrance against property that are held primarily to protect a security interest. A person is not required to hold title or a security interest in order to maintain indicia of ownership.

(4) A "holder" is a person who maintains indicia of ownership (as defined in item (3) of subsection (b)) primarily to protect a security interest (as defined in item (6)(A) of subsection (b)) in a petroleum underground storage tank or underground storage tank system. "Holder" includes the initial holder; any subsequent holder; a guarantor of an obligation; a surety; any other person who holds ownership indicia primarily to protect a security interest; or a receiver or other person who acts on behalf or for the benefit of a holder.

(5) A "borrower", "debtor", or "obligor" is a person whose underground storage tank or underground storage tank system is encumbered by a security interest. These terms may be used interchangeably.

(6) "Primarily to protect a security interest" means that the holder's indicia of ownership are held primarily for the purpose of securing payment or performance of an obligation.

(A) "Security interest" means an interest in a petroleum underground storage tank or underground storage tank system or in the facility or property on which the underground storage tank or underground storage tank system is located, created, or established for the purpose of securing a loan or other obligation. Security interests include but are not limited to mortgages, deeds of trusts, liens, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, and consignments, if the transaction creates or establishes an interest in an underground storage tank or underground storage tank system or in the facility or property on which the underground storage tank or underground storage tank system is located, for the purpose of securing a loan or other obligation.

(B) "Primarily to protect a security interest", as used in this Section, does not include indicia of ownership held primarily for investment purposes, nor ownership indicia held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons for maintaining indicia of ownership, but the primary reason why ownership indicia are held must be as protection for a security interest.

(c) **Participation in management.**

The term "participating in the management of an underground storage tank or underground storage tank system" means that the holder is engaging in

acts of petroleum underground storage tank or underground storage tank system management, as defined herein.

(1) Actions that are participation in management pre-foreclosure.

Participation in the management of an underground storage tank or underground storage tank system means, for purposes of this Section, actual participation in the management or control of decision making related to the underground storage tank or underground storage tank system by the holder and does not include the mere capacity or ability to influence or the unexercised right to control underground storage tank or underground storage tank system operations. A holder is participating in management, while the borrower is still in possession of the underground storage tank or underground storage tank system encumbered by the security interest, only if the holder either:

(A) exercises decision making control over the borrower's environmental compliance, such that the holder has undertaken responsibility for the borrower's underground storage tank or underground storage tank system management; or

(B) exercises control at a level comparable to that of a manager of the borrower's enterprise, such that the holder has assumed or manifested responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise with respect to (i) environmental compliance, or (ii) all, or substantially all, of the operational (as opposed to financial or administrative) aspects of the enterprise other than environmental compliance.

(2) **Actions that are not participation in management pre-foreclosure.**

(A) **Actions at the inception of the loan or other transaction.** No act or omission prior to the time that indicia of ownership are held primarily to protect a security interest constitutes evidence of participation in management within the meaning of this Section. A prospective holder who undertakes or requires an environmental investigation of the underground storage tank or underground storage tank system in which indicia of ownership are to be held or requires a prospective borrower to clean up contamination from the underground storage tank or underground storage tank system or to comply or come into compliance with any applicable law or regulation is not by that action considered to be participating in the management of the underground storage tank or underground storage tank system.

(B) **Loan policing and workout.** Actions that are consistent with holding ownership indicia primarily to protect a security interest do not constitute participation in management for purposes of this Section. The authority for the holder to take such actions may, but need not, be contained in contractual or other documents specifying requirements for financial, environmental, and other warranties, covenants, conditions, representations, or promises from the borrower. Loan policing and workout activities cover and include all such activities up to foreclosure or its equivalents, exclusive of any activities that constitute participation in management.

(i) **Policing the security interest or loan.** A holder who engages in policing activities prior to foreclosure shall remain within the exemption provided that the holder does not by such actions participate in the management of the underground storage tank or underground storage tank system as provided in item (1) of subsection (c). Such actions include, but are not limited to, requiring the borrower to clean up contamination from the underground storage tank or underground storage tank system during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, State, and local environmental and other laws, rules, and regulations during the term of the security interest; securing or exercising authority to monitor or inspect the underground storage tank or underground storage tank system in which indicia of ownership are maintained or the borrower's business or financial condition during the term of the security interest; or taking other actions to adequately police the loan or security interest (such as requiring a borrower to comply with any warranties, covenants, conditions, representation, or promises from the borrower).

(ii) **Loan workout.** A holder who engages in workout activities prior to foreclosure or its equivalents will remain within the exemption of this Section provided that the holder does not by such action participate in the management of the underground storage tank or underground storage tank system as provided in item (1) of subsection (c). For purposes of this Section, "workout" refers to those actions by which a holder, at any time prior to foreclosure or its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include, but are not limited to, restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights under an assignment of accounts or other amounts owing to an obligor; requiring or exercising rights under an escrow agreement pertaining to amounts owing to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower.

(3) Foreclosure on an underground storage tank or underground storage tank system and participation in management activities; post-foreclosure.

(A) **Foreclosure.** Indicia of ownership that are held primarily to protect a security interest include legal or equitable title acquired through or incident to foreclosure or its equivalents. For purposes of this Section, the term foreclosure or its equivalents includes purchase at foreclosure sale; acquisition or assignment of title in lieu of foreclosure; termination of a lease or other repossession; acquisition of a right to title or possession; an agreement in satisfaction of the obligation; or any other formal or informal manner by which the holder acquires title to or possession of the secured underground storage tank or underground storage tank system. The indicia of ownership held after foreclosure continues to be maintained primarily as protection for a security interest provided that the holder undertakes to sell, re-lease an underground storage tank or underground storage tank system held pursuant to a lease financing transaction, or otherwise divest itself or the underground storage tank or underground storage tank system in a reasonably expeditious manner, using whatever commercially reasonable means are relevant or appropriate with respect to the underground storage tank or underground storage tank system, taking all facts and circumstances into consideration, and provided that the holder did not participate in management, as defined in item (1) of subsection (c), prior to foreclosure or its equivalents. For purposes of establishing that a holder is seeking to sell, re-lease an underground storage tank or underground storage tank system held pursuant to a lease financing transaction, or divest an underground storage tank or underground storage tank system in a reasonably expeditious manner, the holder may use whatever commercially reasonable means as are relevant or appropriate with respect to the underground storage tank or underground storage tank system, or may employ the means specified in item (3)(B) of subsection (c). A holder that outbids, rejects, or fails to act upon a written bona fide, firm offer of fair consideration for the underground storage tank or underground storage tank system, as provided in item (3)(B) of subsection (b), is not considered to hold indicia of ownership primarily to protect a security interest.

(B) **Holding foreclosed property for disposition and liquidation.** A holder who did not participate in management prior to foreclosure or its equivalents may sell, re-lease an underground storage tank or underground storage tank system held pursuant to a lease financing transaction, liquidate, wind up operations, and take measures to preserve, protect, or prepare the secured underground storage tank or underground storage tank system prior to sale or other disposition. The holder may conduct these activities without voiding the exemption, subject to the requirements of this Section.

(i) A holder establishes that the ownership indicia maintained following foreclosure or its equivalents continue to be held primarily to protect a security interest by listing, within 12 months from the time that the holder acquires marketable title, the underground storage tank or underground storage tank system or the facility or property on which the underground storage tank or underground storage tank system is located, with a broker, dealer, or agent who deals with the type of property in question or by advertising the underground storage tank or underground storage tank system as being for sale or disposition on at least a monthly basis in either a real estate publication or a trade or other publication suitable for the underground storage tank or underground storage tank system in question, or a newspaper of general circulation (defined as one with a circulation over 10,000, or one suitable under any applicable federal, State, or local rules of court for publication required by court order or rules of civil procedure) covering the area in which the underground storage tank or underground storage tank system is located.

If the holder fails to act diligently to acquire marketable title, the 12 month period begins to run on the date of the judgment of foreclosure or its equivalents.

(ii) A holder that outbids, rejects, or fails to act upon an offer of fair consideration for the underground storage tank or underground storage tank system or the facility or property on which the underground storage tank or underground storage tank system is located establishes by such outbidding, rejection, or failure to act, that the ownership indicia in the secured underground storage tank or underground storage tank system are not held primarily to protect the security interest, unless the holder is required, in order to avoid liability under federal or State law, to make a higher bid, to obtain a higher offer, or to seek or obtain an offer in a different manner.

(A) "Fair consideration", in the case of a holder maintaining indicia of ownership primarily to protect a senior security interest in the underground storage tank or underground storage tank system, is the value of the security interest as defined in this item (3)(B)(iii)(A) of subsection (c). The value of the security interest is calculated as an amount equal to or in excess of the sum of the outstanding principal, or comparable amount in the case of a lease that constitutes a security interest, owed to the holder immediately preceding the acquisition of

full title (or possession in the case of an underground storage tank or underground storage tank system subject to a lease financing transaction) pursuant to foreclosure or its equivalents, plus any unpaid interest, rent, or penalties (whether arising before or after foreclosure or its equivalents), plus all reasonable and necessary costs, fees, or other charges incurred by the holder incident to workout, foreclosure or its equivalent, retention, preserving, protecting, and preparing the underground storage tank or underground storage tank system prior to sale, re-lease of an underground storage tank or underground storage tank system held pursuant to a lease financing transaction or other disposition plus environmental investigation and corrective action costs incurred under any federal, State or local rule or regulation less any amounts received by the holder in connection with any partial disposition of the property and any amounts paid by the borrower subsequent to the acquisition of full title (or possession in the case of an underground storage tank or underground storage tank system subject to a lease financing transaction) pursuant to foreclosure or its equivalents. In the case of a holder maintaining indicia of ownership primarily to protect a junior security interest, fair consideration is the value of all outstanding higher priority security interests plus the value of the security interest held by the junior holder, each calculated as set forth in the preceding sentence.

(B) "Outbids, rejects, or fails to act upon an offer of fair consideration" means that the holder outbids, rejects, or fails to act upon within 90 days of receipt of a written, bona fide, firm offer of fair consideration for the underground storage tank or underground storage tank system received at any time after 6 months following foreclosure or its equivalents. A "written, bona fide, firm offer" means a legally enforceable, commercially reasonable, cash offer solely for foreclosed underground storage tank or underground storage tank system, including all material terms of the transaction, from a ready, willing, and able purchaser who demonstrates to the holder's satisfaction the ability to perform. For purposes of this provision, the 6 month period begins to run from the time that the holder acquires marketable title; otherwise, provided that the holder, after the expiration of any redemption or other waiting period provided by law, acted diligently to acquire marketable title; otherwise, the 6 month period begins to run on the date of foreclosure or its equivalents.

(d) Ownership of an underground storage tank and underground storage tank system.

(1) **Ownership of an underground storage tank or underground storage tank system for purposes of corrective action.** A holder is not an "owner" of a petroleum underground storage tank or underground storage tank system for purposes of compliance with the corrective action requirements of Section 57.12 of this Act [415 ILCS 5/57.12], provided the person:

(A) does not participate in the management of the underground storage tank or underground storage tank system as defined in subsection (c); and

(B) does not engage in petroleum production, refining, and marketing.

(2) **Ownership of an underground storage tank or underground storage tank system for purposes of the underground storage tank technical standards.** A holder is not an owner of a petroleum underground storage tank or underground storage tank system for purposes of the underground storage tank technical standards provided that the holder:

(A) does not participate in the management of the underground storage tank or underground storage tank system as defined in subsection (c); and

(B) does not engage in petroleum production, refining, and marketing.

(e) Operating an underground storage tank or underground storage tank system.

(1) **Operating an underground storage tank or underground storage tank system prior to foreclosure.** A holder, prior to foreclosure or its equivalents, is not an operator of a petroleum underground storage tank or underground storage tank system for purposes of compliance with the corrective action requirements of Section 57.12 of this Act [415 ILCS 5/57.12], or any other provision of this Act or of State or federal law, provided the holder is not in control of or does not have responsibility for the daily operation of the underground storage tank or underground storage tank system.

(2) Operating an underground storage tank or underground storage tank system after foreclosure.

(A) A holder who has not participated in management prior to foreclosure and who acquires a petroleum underground storage tank or underground storage tank system through foreclosure or its equivalents is not an operator of the underground storage tank or underground storage tank system for purposes of compliance with the corrective action requirements under Section 57.12 of this Act [415 ILCS 5/57.12], or any other provision of this Act or of State or federal law, provided that the holder within 15 days following foreclosure or its equivalents, empties all of its underground storage tanks and underground storage tank systems so that no more than 2.5 centimeters (one inch) of residue, or 0.3% by weight of the total capacity of the underground storage tank system, remains in the system; leaves vent lines open and functioning; and caps and secures all other lines, pumps, manways, and ancillary equipment.

(B) In addition, the holder shall either:

(i) "permanently" close the underground storage tank or underground storage tank system in accordance with the regulations of the Office of the State Fire Marshal (41 Illinois Administrative Code Part 170, as amended); or

(ii) "temporarily" close the underground storage tank or underground storage tank system in accordance with the applicable provisions of the regulations of the Office of the State Fire Marshal (41 Illinois Administrative Code Part 170.620 and 170.670, as amended).

(C) A holder who acquires a petroleum underground storage tank or underground storage tank system through foreclosure or its equivalents is not an "operator" of the underground storage tank or underground storage tank system for purposes of this Act, the first 15 days following foreclosure or its equivalents, provided the holder complies with item (2) of Section (e).

(f) **Actions taken to protect human health and the environment.** A holder is not considered to be an operator of an underground storage tank or underground storage tank system or to be participating in the management of an underground storage tank or underground storage tank system solely on the basis of undertaking actions under a federal or State law or regulation, provided that the holder does not otherwise participate in the management or daily operation of the underground storage tank or underground storage tank system. Such actions include, but are not limited to, release reporting, release response and corrective action, temporary or permanent closure of an underground storage tank or underground storage tank system, underground storage tank upgrading or replacement, and maintenance of corrosion protection. A holder who undertakes these actions must do so in compliance with the applicable requirements of this Act.

(g) **Financial responsibility.** A holder is exempt from the requirement to demonstrate financial responsibility under any State law or rule, provided the holder:

(1) does not participate in the management of the underground storage tank or underground storage tank system as defined in subsection (c);

(2) does not engage in petroleum production, refining, and marketing as defined in item (2) of subsection (b); and

(3) complies with the requirements of subsection (e).

HISTORY:
P.A. 89-200, § 5; 89-626, § 3-33.

415 ILCS 5/57.13 Underground Storage Tank Program; transition

This Title applies to all underground storage tank releases for which a No Further Remediation Letter is issued on or after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-908], provided that (i) costs incurred prior to the effective date of this amendatory Act shall be payable from the UST Fund in the same manner as allowed under the law in effect at the time the costs were incurred and (ii) releases for which corrective action was completed prior to the effective date of this amendatory Act shall be eligible for a No Further Remediation Letter in the same manner as allowed under the law in effect at the time the corrective action was completed.

HISTORY:
P.A. 88-496, § 15; 92-554, § 5; 92-574, § 5; 95-331, § 950; 96-908, § 5.

415 ILCS 5/57.14 Advisory Committee; regulations [Repealed]

HISTORY:
P.A. 88-496, § 15; 89-428, § 395; 90-14, § 2-205; Repealed by P.A. 91-798, § 200, effective July 9, 2000.

415 ILCS 5/57.14A Rules

(a) The Agency shall propose and the Board shall adopt amendments to the rules governing the administration of this Title to make the rules consistent with the provisions herein.

(b) Until such time as the amended rules required under this Section take effect, the Agency shall administer this Title in accordance with the provisions herein.

HISTORY:
P.A. 92-554, § 5.

415 ILCS 5/57.15 Authority to audit

The Agency has the authority to audit all data, reports, plans, documents and budgets submitted pursuant to this Title. If the data, report, plan, document or budget audited by the Agency pursuant to this Section fails to conform to all applicable requirements of this Title, the Agency may take appropriate actions.

HISTORY:
P.A. 88-496, § 15.

415 ILCS 5/57.16 Severability

The provisions of this Title are severable under Section 1.31 of the Statute on Statutes [5 ILCS 70/1.31].

HISTORY:
P.A. 88-496, § 15.

415 ILCS 5/57.17 Falsification [Repealed]

HISTORY:
P.A. 88-496, § 15; Repealed by 98-822, § 8, effective August 1, 2014.

415 ILCS 5/57.18 Additional remedial action required by change in law; Agency's duty to propose amendment

If a change in State or federal law requires additional remedial action in response to releases for which No Further Remediation Letters have been issued, the Agency shall propose in the next convening of a regular session of the current General Assembly amendments to this Title to allow owners and operators to perform the additional remedial action and seek payment from the Fund for the costs of the action.

HISTORY:
P.A. 96-908, § 5.

415 ILCS 5/57.19 Costs incurred after the issuance of a No Further Remediation Letter

The following shall be considered corrective action activities eligible for payment from the Fund even when an owner or operator conducts these activities after the issuance of a No Further Remediation Letter. Corrective action conducted under this Section and costs incurred under this Section must comply with the requirements of this Title and Board rules adopted under this Title.

(1) Corrective action to achieve residential property remediation objectives if the owner or operator demonstrates that property remediated to industrial/commercial property remediation objectives pursuant to subdivision (c)(3)(A)(ii) of Section 57.7 of this Act [415 ILCS 5/57.7] is being developed into residential property.

(2) Corrective action to address groundwater contamination if the owner or operator demonstrates that action is necessary because a groundwater ordinance used as an institutional control pursuant to subdivision (c)(3)(A)(iii) of Section 57.7 of this Act can no longer be used as an institutional control.

(3) Corrective action to address groundwater contamination if the owner or operator demonstrates that action is necessary because an on-site groundwater use restriction used as an institutional control pursuant to subdivision (c)(3)(A)(iv) of Section 57.7 of this Act must be lifted in order to allow the installation of a potable water supply well due to public water supply service no longer being available for reasons other than an act or omission of the owner or operator.

(4) The disposal of soil that does not exceed industrial/commercial property remediation objectives, but that does exceed residential property remediation objectives, if industrial/commercial property remediation objectives were used pursuant to subdivision (c)(3)(A)(ii) of Section 57.7 of this Act and the owner or operator demonstrates that (i) the contamination is the result of the release for which the owner or operator is eligible to seek payment from the Fund and (ii) disposal of the soil is necessary as a result of construction activities conducted after the issuance of a No Further Remediation Letter on the site where the release occurred, including, but not limited to, the following: tank, line, or canopy repair, replacement, or removal; building upgrades; sign installation; and water or sewer line replacement.

(5) The disposal of water exceeding groundwater remediation objectives that is removed from an excavation on the site where the release occurred if a groundwater ordinance is used as an institutional control pursuant to subdivision (c)(3)(A)(iii) of Section 57.7 of this Act, or if an on-site groundwater use restriction is used as an institutional control pursuant to subdivision (c)(3)(A)(iv) of Section 57.7, and the owner or operator demonstrates that (i) the excavation is located within the measured or modeled extent of groundwater contamination resulting from the release for which the owner or operator is eligible to seek payment from the Fund and (ii) disposal of the groundwater is necessary as a result of construction activities conducted after the issuance of a No Further Remediation Letter on the site where the release occurred, including, but not limited to, the following: tank, line, or canopy repair, replacement, or removal; building upgrades; sign installation; and water or sewer line replacement.

HISTORY:
P.A. 96-908, § 5.

TITLE XVII.

SITE REMEDIATION PROGRAM

415 ILCS 5/58 Intent

It is the intent of this Title:

(1) To establish a risk-based system of remediation based on protection of human health and the environment relative to present and future uses of the site.

(2) To assure that the land use for which remedial action was undertaken will not be modified without consideration of the adequacy of such remedial action for the new land use.

(3) To provide incentives to the private sector to undertake remedial action.

(4) To establish expeditious alternatives for the review of site investigation and remedial activities, including a privatized review process.

(5) To assure that the resources of the Hazardous Waste Fund are used in a manner that is protective of human health and the environment relative to present and future uses of the site and surrounding area.

(6) To provide assistance to units of local government for remediation of properties contaminated or potentially contaminated by commercial, indus-

trial, or other uses, to provide loans for the redevelopment of brownfields, and to establish and provide for the administration of the Brownfields Redevelopment Fund.

HISTORY:
P.A. 89-431, § 5; 89-443, § 5; 90-123, § 15; 91-36, § 5.

415 ILCS 5/58.1 Applicability

(a)(1) This Title establishes the procedures for the investigative and remedial activities at sites where there is a release, threatened release, or suspected release of hazardous substances, pesticides, or petroleum and for the review and approval of those activities.

(2) Any person, including persons required to perform investigations and remediations under this Act, may elect to proceed under this Title unless (i) the site is on the National Priorities List (Appendix B of 40 CFR 300), (ii) the site is a treatment, storage, or disposal site for which a permit has been issued, or that is subject to closure requirements under federal or State solid or hazardous waste laws, (iii) the site is subject to federal or State underground storage tank laws, or (iv) investigation or remedial action at the site has been required by a federal court order or an order issued by the United States Environmental Protection Agency. To the extent allowed by federal law and regulations, the sites listed under items (i), (ii), (iii), and (iv) may utilize the provisions of this Title, including the procedures for establishing risk-based remediation objectives under Section 58.5 [415 ILCS 5/58.5].

(b) Except for sites excluded under subdivision (a)(2) of this Section, the Remediation Applicant (RA) for any site that has not received an Agency letter under subsection (y) of Section 4 of this Act [415 ILCS 5/4] may elect to proceed under the provisions of this Title by submitting a written statement of the election to the Agency. In the absence of such election, the RA shall continue under the provisions of this Act as applicable prior to the effective date of this amendatory Act of 1995.

(c) Except for sites excluded under subdivision (a)(2) of this Section, agrichemical facilities may elect to undertake corrective action in conformance with this Title and rules promulgated by the Board thereunder and land application programs administered by the Department of Agriculture as provided under Section 19 of the Illinois Pesticide Act [415 ILCS 60/19], and shall be eligible for the relief provided under Section 58.10 [415 ILCS 5/58.10].

HISTORY:
P.A. 89-431, § 5; 89-443, § 5.

415 ILCS 5/58.2 Definitions

The following words and phrases when used in this Title shall have the meanings given to them in this Section unless the context clearly indicates otherwise:

"Agrichemical facility" means a site on which agricultural pesticides are stored or handled, or both, in preparation for end use, or distributed. The term does not include basic manufacturing facility sites.

"ASTM" means the American Society for Testing and Materials.

"Area background" means concentrations of regulated substances that are consistently present in the environment in the vicinity of a site that are the result of natural conditions or human activities, and not the result solely of releases at the site.

"Brownfields site" or "brownfields" means a parcel of real property, or a portion of the parcel, that has actual or perceived contamination and an active potential for redevelopment.

"Class I groundwater" means groundwater that meets the Class I Potable Resource groundwater criteria set forth in the Board rules adopted under the Illinois Groundwater Protection Act [415 ILCS 55/1 et seq.].

"Class III groundwater" means groundwater that meets the Class III Special Resource Groundwater criteria set forth in the Board rules adopted under the Illinois Groundwater Protection Act.

"Carcinogen" means a contaminant that is classified as a Category A1 or A2 Carcinogen by the American Conference of Governmental Industrial Hygienists; or a Category 1 or 2A/2B Carcinogen by the World Health Organizations International Agency for Research on Cancer; or a "Human Carcinogen" or "Anticipated Human Carcinogen" by the United States Department of Health and Human Service National Toxicological Program; or a Category A or B1/B2 Carcinogen by the United States Environmental Protection Agency in Integrated Risk Information System or a Final Rule issued in a Federal Register notice by the USEPA as of the effective date of this amendatory Act of 1995.

"Licensed Professional Engineer" (LPE) means a person, corporation, or partnership licensed under the laws of this State to practice professional engineering.

"Licensed Professional Geologist" means a person licensed under the laws of the State of Illinois to practice as a professional geologist.

"RELPEG" means a Licensed Professional Engineer or a Licensed Professional Geologist engaged in review and evaluation under this Title.

"Man-made pathway" means constructed routes that may allow for the transport of regulated substances including, but not limited to, sewers, utility lines, utility vaults, building foundations, basements, crawl spaces, drainage ditches, or previously excavated and filled areas.

"Municipality" means an incorporated city, village, or town in this State. "Municipality" does not mean a township, town when that term is used as the equivalent of a township, incorporated town that has superseded a civil township, county, or school district, park

district, sanitary district, or similar governmental district.

"Natural pathway" means natural routes for the transport of regulated substances including, but not limited to, soil, groundwater, sand seams and lenses, and gravel seams and lenses.

"Person" means individual, trust, firm, joint stock company, joint venture, consortium, commercial entity, corporation (including a government corporation), partnership, association, State, municipality, commission, political subdivision of a State, or any interstate body including the United States Government and each department, agency, and instrumentality of the United States.

"Regulated substance" means any hazardous substance as defined under Section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (P.L. 96-510) [42 U.S.C. § 9601] and petroleum products including crude oil or any fraction thereof, natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel (or mixtures of natural gas and such synthetic gas).

"Remedial action" means activities associated with compliance with the provisions of Sections 58.6 and 58.7 [415 ILCS 5/58.6 and 415 ILCS 5/58.7].

"Remediation Applicant" (RA) means any person seeking to perform or performing investigative or remedial activities under this Title, including the owner or operator of the site or persons authorized by law or consent to act on behalf of or in lieu of the owner or operator of the site.

"Remediation costs" means reasonable costs paid for investigating and remediating regulated substances of concern consistent with the remedy selected for a site. For purposes of Section 58.14 [415 ILCS 5/58.14], "remediation costs" shall not include costs incurred prior to January 1, 1998, costs incurred after the issuance of a No Further Remediation Letter under Section 58.10 of this Act [415 ILCS 5/58.10], or costs incurred more than 12 months prior to acceptance into the Site Remediation Program.

For the purpose of Section 58.14a, "remediation costs" do not include any costs incurred before January 1, 2007, any costs incurred after the issuance of a No Further Remediation Letter under Section 58.10, or any costs incurred more than 12 months before acceptance into the Site Remediation Program.

"Residential property" means any real property that is used for habitation by individuals and other property uses defined by Board rules such as education, health care, child care and related uses.

"River Edge Redevelopment Zone" has the meaning set forth under the River Edge Redevelopment Zone Act [65 ILCS 115/1 et seq.].

"Site" means any single location, place, tract of land or parcel of property, or portion thereof, including contiguous property separated by a public right-of-way.

"Regulated substance of concern" means any contaminant that is expected to be present at the site based upon past and current land uses and associated releases that are known to the Remediation Applicant based upon reasonable inquiry.

HISTORY:

P.A. 89-431, § 5; 89-443, § 5; 90-123, § 15; 92-735, § 5; 95-454, § 10.

415 ILCS 5/58.3 Site Investigation and Remedial Activities Program; Brownfields Redevelopment Fund

(a) The General Assembly hereby establishes by this Title a Site Investigation and Remedial Activities Program for sites subject to this Title. This program shall be administered by the Illinois Environmental Protection Agency under this Title XVII and rules adopted by the Illinois Pollution Control Board.

(b)(1) The General Assembly hereby creates within the State Treasury a special fund to be known as the Brownfields Redevelopment Fund, consisting of 2 programs to be known as the "Municipal Brownfields Redevelopment Grant Program" and the "Brownfields Redevelopment Loan Program", which shall be used and administered by the Agency as provided in Sections 58.13 and 58.15 of this Act [415 ILCS 5/58.13 and 415 ILCS 5/58.15] and the rules adopted under those Sections. The Brownfields Redevelopment Fund ("Fund") shall contain moneys transferred from the Response Contractors Indemnification Fund and other moneys made available for deposit into the Fund.

(2) The State Treasurer, ex officio, shall be the custodian of the Fund, and the Comptroller shall direct payments from the Fund upon vouchers properly certified by the Agency. The Treasurer shall credit to the Fund interest earned on moneys contained in the Fund. The Agency shall have the authority to accept, receive, and administer on behalf of the State any grants, gifts, loans, reimbursements or payments for services, or other moneys made available to the State from any source for purposes of the Fund. Those moneys shall be deposited into the Fund, unless otherwise required by the Environmental Protection Act [415 ILCS 5/1 et seq.] or by federal law.

(3) Pursuant to appropriation, all moneys in the Fund shall be used by the Agency for the purposes set forth in subdivision (b)(4) of this Section and Sections 58.13 and 58.15 of this Act and to cover the Agency's costs of program development and administration under those Sections.

(4) The Agency shall have the power to enter into intergovernmental agreements with the federal government or the State, or any instrumentality thereof, for purposes of capitalizing the Brownfields Redevelopment Fund. Moneys on deposit in the Brownfields Redevelopment Fund may be used for the creation of reserve funds or pledged funds that secure the obligations of repayment of loans

made pursuant to Section 58.15 of this Act. For the purpose of obtaining capital for deposit into the Brownfields Redevelopment Fund, the Agency may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. The Agency shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this subsection and to allocate its available moneys into such funds and accounts. Investment earnings on moneys held in the Brownfields Redevelopment Fund, including any reserve fund or pledged fund, shall be deposited into the Brownfields Redevelopment Fund.

(5) The Agency is authorized to administer funds made available to the Agency under federal law, including but not limited to the Small Business Liability Relief and Brownfields Revitalization Act, related to brownfields cleanup and reuse in accordance with that law and this Title.

HISTORY:
P.A. 89-431, § 5; 90-123, § 15; 91-36, § 5; 92-486, § 10; 92-715, § 10; 95-331, § 950.

415 ILCS 5/58.4 Permit waiver

A State permit or permit revision which is not otherwise required by federal law or regulations shall not be required for remedial action activities undertaken pursuant to the provisions of this Title that occur entirely on the site.

HISTORY:
P.A. 89-431, § 5; 89-443, § 5.

415 ILCS 5/58.5 Risk-based remediation objectives

(a) **Determination of remediation objectives.** This Section establishes the procedures for determining risk-based remediation objectives.

(b) **Background area remediation objectives.**

(1) Except as provided in subdivisions (b)(2) or (b)(3) of this Section, remediation objectives established under this Section shall not require remediation of regulated substances to levels that are less than area background levels.

(2) In the event that the concentration of a regulated substance of concern on the site exceeds a remediation objective adopted by the Board for residential land use, the property may not be converted to residential use unless such remediation objective or an alternate risk-based remediation objective for that regulated substance of concern is first achieved.

(3) In the event that the Agency has determined in writing that the background level for a regulated substance poses an acute threat to human health or the environment at the site when considering the post-remedial action land use, the RA shall develop appropriate risk-based remediation objectives in accordance with this Section.

(c) Regulations establishing remediation objectives and methodologies for deriving remediation objectives for individual or classes of regulated substances shall be adopted by the Board in accordance with this Section and Section 58.11 [415 ILCS 5/58.11].

(1) The regulations shall provide for the adoption of a three-tiered process for a RA to establish remediation objectives protective of human health and the environment based on identified risks and specific site characteristics at and around the site.

(2) The regulations shall provide procedures for using alternative tiers in developing remediation objectives for multiple regulated substances.

(3) The regulations shall provide procedures for determining area background contaminant levels.

(4) The methodologies adopted under this Section shall ensure that the following factors are taken into account in determining remediation objectives:

(A) potential risks posed by carcinogens and noncarcinogens; and

(B) the presence of multiple substances of concern and multiple exposure pathways.

(d) In developing remediation objectives under subsection (c) of this Section, the methodology proposed and adopted shall establish tiers addressing manmade and natural pathways of exposure, including but not limited to human ingestion, human inhalation, and groundwater protection. For carcinogens, soil and groundwater remediation objectives shall be established at exposures that represent an excess upper-bound lifetime risk of between 1 in 10,000 and 1 in 1,000,000 as appropriate for the post-remedial action use, except that remediation objectives protecting residential use shall be based on exposures that represent an excess upper-bound lifetime risk of 1 in 1,000,000. No groundwater remediation objective adopted pursuant to this Section shall be more restrictive than the applicable Class I or Class III Groundwater Quality Standard adopted by the Board. At a minimum, the objectives shall include the following:

(1) Tier I remediation objectives expressed as a table of numeric values for soil and groundwater. Such objectives may be of different values dependent on potential pathways at the site and different land uses, including residential and nonresidential uses.

(2) Tier II remediation objectives shall include the formulae and equations used to derive the Tier II objectives and input variables for use in the formulae. The RA may alter the input variables when it is demonstrated that the specific circumstances at and around the site including land uses warrant such alternate variables.

(3) Tier III remediation objectives shall include methodologies to allow for the development of site-specific risk-based remediation objectives for

soil or groundwater, or both, for regulated substances. Such methodology shall allow for different remediation objectives for residential and various categories of non-residential land uses. The Board's future adoption of a methodology pursuant to this Section shall in no way preclude the use of a nationally recognized methodology to be used for the development of site-specific risk-based objectives for regulated substances under this Section. In determining Tier III remediation objectives under this subsection, all of the following factors shall be considered:

(A) The use of specific site characteristic data.

(B) The use of appropriate exposure factors for the current and currently planned future land use of the site and adjacent property and the effectiveness of engineering, institutional, or legal controls placed on the current or future use of the site.

(C) The use of appropriate statistical methodologies to establish statistically valid remediation objectives.

(D) The actual and potential impact of regulated substances to receptors.

(4) For regulated substances that have a groundwater quality standard established pursuant to the Illinois Groundwater Protection Act [415 ILCS 55/1 et seq.] and rules promulgated thereunder, site specific groundwater remediation objectives may be proposed under the methodology established in subdivision (d)(3) of this Section at values greater than the groundwater quality standards.

(A) The RA proposing any site specific groundwater remediation objective at a value greater than the applicable groundwater quality standard shall demonstrate:

(i) To the extent practical, the exceedance of the groundwater quality standard has been minimized and beneficial use appropriate to the groundwater that was impacted has been returned; and

(ii) Any threat to human health or the environment has been minimized.

(B) The rules proposed by the Agency and adopted by the Board under this Section shall include criteria required for the demonstration of the suitability of groundwater objectives proposed under subdivision (b)(4)(A) of this Section.

(e) The rules proposed by the Agency and adopted by the Board under this Section shall include conditions for the establishment and duration of groundwater management zones by rule, as appropriate, at sites undergoing remedial action under this Title.

(f) Until such time as the Board adopts remediation objectives under this Section, the remediation objectives adopted by the Board under Title XVI of this Act [415 ILCS 5/57 et seq.] shall apply to all environmental assessments and soil or groundwater remedial action conducted under this Title.

P.A. 89-431, § 5; 89-443, § 5; 89-626, § 2-62; 91-909, § 5.

415 ILCS 5/58.6 Remedial investigations and reports

(a) Any RA who proceeds under this Title may elect to seek review and approval for any of the remediation objectives provided in Section 58.5 [415 ILCS 5/58.5] for any or all regulated substances of concern. The RA shall conduct investigations and remedial activities for regulated substances of concern and prepare plans and reports in accordance with this Section and rules adopted hereunder. The RA shall submit the plans and reports for review and approval in accordance with Section 58.7 [415 ILCS 5/58.7]. All investigations, plans, and reports conducted or prepared under this Section shall be under the supervision of a Licensed Professional Engineer (LPE) or, in the case of a site investigation only, a Licensed Professional Geologist in accordance with the requirements of this Title.

(b)(1) **Site investigation and Site Investigation Report.** The RA shall conduct a site investigation to determine the significant physical features of the site and vicinity that may affect contaminant transport and risk to human health, safety, and the environment and to determine the nature, concentration, direction and rate of movement, and extent of the contamination at the site.

(2) The RA shall compile the results of the investigations into a Site Investigation Report. At a minimum, the reports shall include the following, as applicable:

(A) Executive summary;

(B) Site history;

(C) Site-specific sampling methods and results;

(D) Documentation of field activities, including quality assurance project plan;

(E) Interpretation of results; and

(F) Conclusions.

(c) **Remediation Objectives Report.**

(1) If a RA elects to determine remediation objectives appropriate for the site using the Tier II or Tier III procedures under subsection (d) of Section 58.5 [415 ILCS 5/58.5], the RA shall develop such remediation objectives based on site-specific information. In support of such remediation objectives, the RA shall prepare a Remediation Objectives Report demonstrating how the site-specific objectives were calculated or otherwise determined.

(2) If a RA elects to determine remediation objectives appropriate for the site using the area background procedures under subsection (b) of Section 58.5 [415 ILCS 5/58.5], the RA shall develop such remediation objectives based on site-specific literature review, sampling protocol, or appropriate statistical methods in accordance with Board rules. In support of such remediation objectives, the RA shall prepare a Remediation Objectives Report demonstrating how the area background remediation objectives were determined.

(d) **Remedial Action Plan.** If the approved remediation objectives for any regulated substance

established under Section 58.5 [415 ILCS 5/58.5] are less than the levels existing at the site prior to any remedial action, the RA shall prepare a Remedial Action Plan. The Remedial Action Plan shall describe the selected remedy and evaluate its ability and effectiveness to achieve the remediation objectives approved for the site. At a minimum, the reports shall include the following, as applicable:

(1) Executive summary;

(2) Statement of remediation objectives;

(3) Remedial technologies selected;

(4) Confirmation sampling plan;

(5) Current and projected future use of the property; and

(6) Applicable preventive, engineering, and institutional controls including long-term reliability, operating, and maintenance plans, and monitoring procedures.

(e) **Remedial Action Completion Report.**

(1) Upon completion of the Remedial Action Plan, the RA shall prepare a Remedial Action Completion Report. The report shall demonstrate whether the remedial action was completed in accordance with the approved Remedial Action Plan and whether the remediation objectives, as well as any other requirements of the plan, have been attained.

(2) If the approved remediation objectives for the regulated substances of concern established under Section 58.5 [415 ILCS 5/58.5] are equal to or above the levels existing at the site prior to any remedial action, notification and documentation of such shall constitute the entire Remedial Action Completion Report for purposes of this Title.

(f) **Ability to proceed.** The RA may elect to prepare and submit for review and approval any and all reports or plans required under the provisions of this Section individually, following completion of each such activity; concurrently, following completion of all activities; or in any other combination. In any event, the review and approval process shall proceed in accordance with Section 58.7 [415 ILCS 5/58.7] and rules adopted thereunder.

(g) Nothing in this Section shall prevent an RA from implementing or conducting an interim or any other remedial measure prior to election to proceed under Section 58.6.

(h) In accordance with Section 58.11 [415 ILCS 5/58.11], the Agency shall propose and the Board shall adopt rules to carry out the purposes of this Section.

HISTORY:

P.A. 89-431, § 5; 89-443, § 5; 92-735, § 5.

415 ILCS 5/58.7 Review and approvals

(a) Requirements. All plans and reports that are submitted pursuant to this Title shall be submitted for review or approval in accordance with this Section.

(b) Review and evaluation by the Agency.

(1) Except for sites excluded under subdivision (a)(2) of Section 58.1 [415 ILCS 5/58.1], the Agency shall, subject to available resources, agree to provide review and evaluation services for activities carried out pursuant to this Title for which the RA requested the services in writing. As a condition for providing such services, the Agency may require that the RA for a site:

(A) Conform with the procedures of this Title;

(B) Allow for or otherwise arrange site visits or other site evaluation by the Agency when so requested;

(C) Agree to perform the Remedial Action Plan as approved under this Title;

(D) Agree to pay any reasonable costs incurred and documented by the Agency in providing such services;

(E) Make an advance partial payment to the Agency for such anticipated services in an amount, acceptable to the Agency, but not to exceed $5,000 or one-half of the total anticipated costs of the Agency, whichever sum is less; and

(F) Demonstrate, if necessary, authority to act on behalf of or in lieu of the owner or operator.

(2) Any moneys received by the State for costs incurred by the Agency in performing review or evaluation services for actions conducted pursuant to this Title shall be deposited in the Hazardous Waste Fund.

(3) An RA requesting services under subdivision (b)(1) of this Section may, at any time, notify the Agency, in writing, that Agency services previously requested are no longer wanted. Within 180 days after receipt of the notice, the Agency shall provide the RA with a final invoice for services provided until the date of such notifications.

(4) The Agency may invoice or otherwise request or demand payment from a RA for costs incurred by the Agency in performing review or evaluation services for actions by the RA at sites only if:

(A) The Agency has incurred costs in performing response actions, other than review or evaluation services, due to the failure of the RA to take response action in accordance with a notice issued pursuant to this Act;

(B) The RA has agreed in writing to the payment of such costs;

(C) The RA has been ordered to pay such costs by the Board or a court of competent jurisdiction pursuant to this Act; or

(D) The RA has requested or has consented to Agency review or evaluation services under subdivision (b)(1) of this Section.

(5) The Agency may, subject to available resources, agree to provide review and evaluation services for response actions if there is a written agreement among parties to a legal action or if a notice to perform a response action has been issued by the Agency.

(c) Review and evaluation by a Licensed Professional Engineer or Licensed Professional Geologist. A

RA may elect to contract with a Licensed Professional Engineer or, in the case of a site investigation report only, a Licensed Professional Geologist, who will perform review and evaluation services on behalf of and under the direction of the Agency relative to the site activities.

(1) Prior to entering into the contract with the RELPEG, the RA shall notify the Agency of the RELPEG to be selected. The Agency and the RA shall discuss the potential terms of the contract.

(2) At a minimum, the contract with the RELPEG shall provide that the RELPEG will submit any reports directly to the Agency, will take his or her directions for work assignments from the Agency, and will perform the assigned work on behalf of the Agency.

(3) Reasonable costs incurred by the Agency shall be paid by the RA directly to the Agency in accordance with the terms of the review and evaluation services agreement entered into under subdivision (b)(1) of Section 58.7 [415 ILCS 5/58.7].

(4) In no event shall the RELPEG acting on behalf of the Agency be an employee of the RA or the owner or operator of the site or be an employee of any other person the RA has contracted to provide services relative to the site.

(d) Review and approval. All reviews required under this Title shall be carried out by the Agency or a RELPEG, both under the direction of a Licensed Professional Engineer or, in the case of the review of a site investigation only, a Licensed Professional Geologist.

(1) All review activities conducted by the Agency or a RELPEG shall be carried out in conformance with this Title and rules promulgated under Section 58.11 [415 ILCS 5/58.11].

(2) Subject to the limitations in subsection (c) and this subsection (d), the specific plans, reports, and activities that the Agency or a RELPEG may review include:

(A) Site Investigation Reports and related activities;

(B) Remediation Objectives Reports;

(C) Remedial Action Plans and related activities; and

(D) Remedial Action Completion Reports and related activities.

(3) Only the Agency shall have the authority to approve, disapprove, or approve with conditions a plan or report as a result of the review process including those plans and reports reviewed by a RELPEG. If the Agency disapproves a plan or report or approves a plan or report with conditions, the written notification required by subdivision (d)(4) of this Section shall contain the following information, as applicable:

(A) An explanation of the Sections of this Title that may be violated if the plan or report was approved;

(B) An explanation of the provisions of the rules promulgated under this Title that may be violated if the plan or report was approved;

(C) An explanation of the specific type of information, if any, that the Agency deems the applicant did not provide the Agency;

(D) A statement of specific reasons why the Title and regulations might not be met if the plan or report were approved; and

(E) An explanation of the reasons for conditions if conditions are required.

(4) Upon approving, disapproving, or approving with conditions a plan or report, the Agency shall notify the RA in writing of its decision. In the case of approval or approval with conditions of a Remedial Action Completion Report, the Agency shall prepare a No Further Remediation Letter that meets the requirements of Section 58.10 [415 ILCS 5/58.10] and send a copy of the letter to the RA.

(5) All reviews undertaken by the Agency or a RELPEG shall be completed and the decisions communicated to the RA within 60 days of the request for review or approval. The RA may waive the deadline upon a request from the Agency. If the Agency disapproves or approves with conditions a plan or report or fails to issue a final decision within the 60 day period and the RA has not agreed to a waiver of the deadline, the RA may, within 35 days, file an appeal to the Board. Appeals to the Board shall be in the manner provided for the review of permit decisions in Section 40 of this Act [415 ILCS 5/40].

(e) Standard of review. In making determinations, the following factors, and additional factors as may be adopted by the Board in accordance with Section 58.11, shall be considered by the Agency when reviewing or approving plans, reports, and related activities, or the RELPEG, when reviewing plans, reports, and related activities:

(1) Site Investigation Reports and related activities: Whether investigations have been conducted and the results compiled in accordance with the appropriate procedures and whether the interpretations and conclusions reached are supported by the information gathered. In making the determination, the following factors shall be considered:

(A) The adequacy of the description of the site and site characteristics that were used to evaluate the site;

(B) The adequacy of the investigation of potential pathways and risks to receptors identified at the site; and

(C) The appropriateness of the sampling and analysis used.

(2) Remediation Objectives Reports: Whether the remediation objectives are consistent with the requirements of the applicable method for selecting or determining remediation objectives under Section 58.5 [415 ILCS 5/58.5]. In making the determination, the following factors shall be considered:

(A) If the objectives were based on the determination of area background levels under subsection (b) of Section 58.5, whether the review of

current and historic conditions at or in the immediate vicinity of the site has been thorough and whether the site sampling and analysis has been performed in a manner resulting in accurate determinations;

(B) If the objectives were calculated on the basis of predetermined equations using site specific data, whether the calculations were accurately performed and whether the site specific data reflect actual site conditions; and

(C) If the objectives were determined using a site specific risk assessment procedure, whether the procedure used is nationally recognized and accepted, whether the calculations were accurately performed, and whether the site specific data reflect actual site conditions.

(3) Remedial Action Plans and related activities: Whether the plan will result in compliance with this Title, and rules adopted under it and attainment of the applicable remediation objectives. In making the determination, the following factors shall be considered:

(A) The likelihood that the plan will result in the attainment of the applicable remediation objectives;

(B) Whether the activities proposed are consistent with generally accepted engineering practices; and

(C) The management of risk relative to any remaining contamination, including but not limited to, provisions for the long-term enforcement, operation, and maintenance of institutional and engineering controls, if relied on.

(4) Remedial Action Completion Reports and related activities: Whether the remedial activities have been completed in accordance with the approved Remedial Action Plan and whether the applicable remediation objectives have been attained.

(f) All plans and reports submitted for review shall include a Licensed Professional Engineer's certification that all investigations and remedial activities were carried out under his or her direction and, to the best of his or her knowledge and belief, the work described in the plan or report has been completed in accordance with generally accepted engineering practices, and the information presented is accurate and complete. In the case of a site investigation report prepared or supervised by a Licensed Professional Geologist, the required certification may be made by the Licensed Professional Geologist (rather than a Licensed Professional Engineer) and based upon generally accepted principles of professional geology.

(g) In accordance with Section 58.11, the Agency shall propose and the Board shall adopt rules to carry out the purposes of this Section. At a minimum, the rules shall detail the types of services the Agency may provide in response to requests under subdivision (b)(1) of this Section and the recordkeeping it will utilize in documenting to the RA the costs incurred by the Agency in providing such services.

(h) Public participation.

(1) The Agency shall develop guidance to assist RA's in the implementation of a community relations plan to address activity at sites undergoing remedial action pursuant to this Title.

(2) The RA may elect to enter into a services agreement with the Agency for Agency assistance in community outreach efforts.

(3) The Agency shall maintain a registry listing those sites undergoing remedial action pursuant to this Title.

(4) Notwithstanding any provisions of this Section, the RA of a site undergoing remedial activity pursuant to this Title may elect to initiate a community outreach effort for the site.

HISTORY:

P.A. 89-431, § 5; 89-443, § 5; 89-626, § 2-62; 92-574, § 5; 92-735, § 5; 95-331, § 950.

415 ILCS 5/58.8 Duty to record; compliance

(a) The RA receiving a No Further Remediation Letter from the Agency pursuant to Section 58.10 [415 ILCS 5/58.10], shall submit the letter to the Office of the Recorder or the Registrar of Titles of the county in which the site is located within 45 days of receipt of the letter. The Office of the Recorder or the Registrar of Titles shall accept and record that letter in accordance with Illinois law so that it forms a permanent part of the chain of title for the site.

(b) A No Further Remediation Letter shall not become effective until officially recorded in accordance with subsection (a) of this Section. The RA shall obtain and submit to the Agency a certified copy of the No Further Remediation Letter as recorded.

(c) (Blank).

(d) In the event that a No Further Remediation Letter issues by operation of law pursuant to Section 58.10 [415 ILCS 5/58.10], the RA may, for purposes of this Section, file an affidavit stating that the letter issued by operation of law. Upon receipt of the No Further Remediation Letter from the Agency, the RA shall comply with the requirements of subsections (a) and (b) of this Section.

HISTORY:

P.A. 89-431, § 5; 89-443, § 5; 92-574, § 5; 94-272, § 10; 94-314, § 5.

415 ILCS 5/58.9 Liability

(a) Cost assignment.

(1) Notwithstanding any other provisions of this Act to the contrary, including subsection (f) of Section 22.2 [415 ILCS 5/22.2], in no event may the Agency, the State of Illinois, or any person bring an action pursuant to this Act or the Groundwater Protection Act [415 ILCS 55/1 et seq.] to require any person to conduct remedial action or to seek recovery of costs for remedial activity conducted by the State of Illinois or any person beyond the remediation of releases of regulated substances

that may be attributed to being proximately caused by such person's act or omission or beyond such person's proportionate degree of responsibility for costs of the remedial action of releases of regulated substances that were proximately caused or contributed to by 2 or more persons.

(2) Notwithstanding any provisions in this Act to the contrary, including subsection (f) of Section 22.2 [415 ILCS 5/22.2], in no event may the State of Illinois or any person require the performance of remedial action pursuant to this Act against any of the following:

(A) A person who neither caused nor contributed to in any material respect a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action taken pursuant to this Title.

(B) Notwithstanding a landlord's rights against a tenant, a landlord, if the landlord did not know, and could not have reasonably known, of the acts or omissions of a tenant that caused or contributed to, or were likely to have caused or contributed to, a release of regulated substances that resulted in the performance of remedial action at the site.

(C) The State of Illinois or any unit of local government if it involuntarily acquires ownership or control of the site by virtue of its function as a sovereign through such means as escheat, bankruptcy, tax delinquency, or abandonment, unless the State of Illinois or unit of local government takes possession of the site and exercises actual, direct, and continual or recurrent managerial control in the operation of the site that causes a release or substantial threat of a release of a regulated substance resulting in removal or remedial activity.

(D) The State of Illinois or any unit of local government if it voluntarily acquires ownership or control of the site through purchase, appropriation, or other means, unless the State of Illinois or the unit of local government takes possession of the site and exercises actual, direct, and continual or recurrent managerial control in the operation of the site that causes a release or substantial threat of a release of a regulated substance resulting in removal or remedial activity.

(E) A financial institution, as that term is defined in Section 2 of the Illinois Banking Act [205 ILCS 5/2] and to include the Illinois Housing Development Authority, that has acquired the ownership, operation, management, or control of a site through foreclosure, a deed in lieu of foreclosure, receivership, by exercising of an assignment of rents, as mortgagee in possession or otherwise under the terms of a security interest held by the financial institution, or under the terms of an extension of credit made by the financial institution, unless the financial institution takes actual physical possession of the site and, in so doing, directly causes a release of a regulated substance that results in removal or remedial activity.

(F) A corporate fiduciary that has acquired ownership, operation, management, or control of a site through acceptance of a fiduciary appointment unless the corporate fiduciary directly causes a release of a regulated substance resulting in a removal or remedial activity.

(b) In the event that the State of Illinois seeks to require a person who may be liable pursuant to this Act to conduct remedial activities for a release or threatened release of a regulated substance, the Agency shall provide notice to such person. Such notice shall include the necessity to conduct remedial action pursuant to this Title and an opportunity for the person to perform the remedial action.

(c) In any instance in which the Agency has issued notice pursuant to subsection (b) of this Section, the Agency and the person to whom such notice was issued may attempt to determine the costs of conducting the remedial action that are attributable to the releases to which such person or any other person caused or contributed. Determinations pursuant to this Section may be made in accordance with rules promulgated by the Board.

(d) The Board shall adopt, not later than January 1, 1999, pursuant to Sections 27 and 28 of this Act [415 ILCS 5/27 and 415 ILCS 5/28], rules and procedures for determining proportionate share. Such rules shall, at a minimum, provide for criteria for the determination of apportioned responsibility based upon the degree to which a person directly caused or contributed to a release of regulated substances on, in, or under the site identified and addressed in the remedial action; procedures to establish how and when such persons may file a petition for determination of such apportionment; and any other standards or procedures which the Board may adopt pursuant to this Section. In developing such rules, the Board shall take into consideration any recommendations and proposals of the Agency and the Site Remediation Advisory Committee established in Section 58.11 of this Act [415 ILCS 5/58.11] and other interested participants.

(e) Nothing in this Section shall limit the authority of the Agency to provide notice under subsection (q) of Section 4 [415 ILCS 5/4] or to undertake investigative, preventive, or corrective action under any other applicable provisions of this Act. The Director of the Agency is authorized to enter into such contracts and agreements as may be necessary to carry out the Agency's duties and responsibilities under this Section as expeditiously as possible.

(f) This Section does not apply to any cost recovery action brought by the State under Section 22.2 [415 ILCS 5/22.2] to recover costs incurred by the State prior to July 1, 1996.

HISTORY:

P.A. 89-443, § 5; 90-484, § 5.

415 ILCS 5/58.10 Effect of completed remediation; liability releases

(a) The Agency's issuance of the No Further Remediation Letter signifies a release from further responsibilities under this Act in performing the approved remedial action and shall be considered prima facie evidence that the site does not constitute a threat to human health and the environment and does not require further remediation under this Act, so long as the site is utilized in accordance with the terms of the No Further Remediation Letter.

(b) Within 30 days of the Agency's approval of a Remedial Action Completion Report, the Agency shall issue a No Further Remediation Letter applicable to the site. In the event that the Agency fails to issue the No Further Remediation Letter within 30 days after approval of the Remedial Action Completion Report, the No Further Remediation Letter shall issue by operation of law. A No Further Remediation Letter issued pursuant to this Section shall be limited to and shall include all of the following:

(1) An acknowledgment that the requirements of the Remedial Action Plan and the Remedial Action Completion Report were satisfied;

(2) A description of the location of the affected property by adequate legal description or by reference to a plat showing its boundaries;

(3) The level of the remediation objectives, specifying, as appropriate, any land use limitation imposed as a result of such remediation efforts;

(4) A statement that the Agency's issuance of the No Further Remediation Letter signifies a release from further responsibilities under this Act in performing the approved remedial action and shall be considered prima facie evidence that the site does not constitute a threat to human health and the environment and does not require further remediation under the Act, so long as the site is utilized in accordance with the terms of the No Further Remediation Letter;

(5) The prohibition against the use of any site in a manner inconsistent with any land use limitation imposed as a result of such remediation efforts without additional appropriate remedial activities;

(6) A description of any preventive, engineering, and institutional controls required in the approved Remedial Action Plan and notification that failure to manage the controls in full compliance with the terms of the Remedial Action Plan may result in voidance of the No Further Remediation Letter;

(7) The recording obligations pursuant to Section 58.8 [415 ILCS 5/58.8];

(8) The opportunity to request a change in the recorded land use pursuant to Section 58.8 [415 ILCS 5/58.8];

(9) Notification that further information regarding the site can be obtained from the Agency through a request under the Freedom of Information Act (5 ILCS 140); and

(10) If only a portion of the site or only selected regulated substances at a site were the subject of corrective action, any other provisions agreed to by the Agency and the RA.

(c) The Agency may deny a No Further Remediation Letter if fees applicable under the review and evaluation services agreement have not been paid in full.

(d) The No Further Remediation Letter shall apply in favor of the following persons:

(1) The RA or other person to whom the letter was issued.

(2) The owner and operator of the site.

(3) Any parent corporation or subsidiary of the owner of the site.

(4) Any co-owner, either by joint-tenancy, right of survivorship, or any other party sharing a legal relationship with the owner of the site.

(5) Any holder of a beneficial interest of a land trust or inter vivos trust, whether revocable or irrevocable, involving the site.

(6) Any mortgagee or trustee of a deed of trust of the owner of the site or any assignee, transferee, or any successor-in-interest thereto.

(7) Any successor-in-interest of the owner of the site.

(8) Any transferee of the owner of the site whether the transfer was by sale, bankruptcy proceeding, partition, dissolution of marriage, settlement or adjudication of any civil action, charitable gift, or bequest.

(9) Any heir or devisee of the owner of the site.

(10) Any financial institution, as that term is defined in Section 2 of the Illinois Banking Act [205 ILCS 5/2] and to include the Illinois Housing Development Authority, that has acquired the ownership, operation, management, or control of a site through foreclosure or under the terms of a security interest held by the financial institution, under the terms of an extension of credit made by the financial institution, or any successor in interest thereto.

(11) In the case of a fiduciary (other than a land trustee), the estate, trust estate, or other interest in property held in a fiduciary capacity, and a trustee, executor, administrator, guardian, receiver, conservator, or other person who holds the remediated site in a fiduciary capacity, or a transferee of such party.

(e) The No Further Remediation Letter shall be voidable if the site activities are not managed in full compliance with the provisions of this Title, any rules adopted under it, or the approved Remedial Action Plan or remediation objectives upon which the issuance of the No Further Remediation Letter was based. Specific acts or omissions that may result in voidance of the No Further Remediation Letter include, but shall not be limited to:

(1) Any violation of institutional controls or land use restrictions, if applicable;

(2) The failure of the owner, operator, RA, or any subsequent transferee to operate and maintain preventive or engineering controls or comply with a groundwater monitoring plan, if applicable;

(3) The disturbance or removal of contamination that has been left in place in accordance with the Remedial Action Plan;

(4) The failure to comply with the recording requirements of Section 58.8 [415 ILCS 5/58.8];

(5) Obtaining the No Further Remediation Letter by fraud or misrepresentation;

(6) Subsequent discovery of contaminants, not identified as part of the investigative or remedial activities upon which the issuance of the No Further Remediation Letter was based, that pose a threat to human health or the environment; or

(7) The failure to pay the No Further Remediation Assessment required under subsection (g) of this Section.

(f) If the Agency seeks to void a No Further Remediation Letter, it shall provide notice by certified letter to the current title holder of the site and to the RA at his or her last known address. The notice shall specify the cause for the voidance and describe facts in support of that cause.

(1) Within 35 days of the receipt of the notice of voidance, the RA or current title holder may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act [415 ILCS 5/40]. If the Board fails to take final action on the petition within 120 days, unless such time period is waived by the petitioner, the petition shall be deemed denied and the petitioner shall be entitled to an Appellate Court order pursuant to subsection (d) of Section 41 of this Act [415 ILCS 5/41]. The Agency shall have the burden of proof in any such action.

(2) If the Agency's action is not appealed, the Agency shall submit the notice of voidance to the Office of the Recorder or the Registrar of Titles for the county in which the site is located. The notice shall be filed in accordance with Illinois law so that it forms a permanent part of the chain of title for the site.

(3) If the Agency's action is appealed, the action shall not become effective until the appeal process has been exhausted and a final decision reached by the Board or courts.

(4) Upon receiving notice of appeal, the Agency shall file a notice of lis pendens with the Office of the Recorder or the Registrar of Titles for the county in which the site is located. The notice shall be filed in accordance with Illinois law so that it becomes a part of the chain of title for the site. However, if the Agency's action is not upheld on appeal, the notice of lis pendens shall be removed in accordance with Illinois law within 45 days of receipt of the final decision of the Board or the courts.

(g) Within 30 days after the receipt of a No Further Remediation Letter issued by the Agency or by operation of law pursuant to this Section, the recipient of the letter shall forward to the Agency a No Further Remediation Assessment in the amount of the lesser of $2,500 or an amount equal to the costs incurred for the site by the Agency under Section 58.7 [415 ILCS 5/58.7]. The assessment shall be made payable to the State of Illinois, for deposit in the Hazardous Waste Fund. The No Further Remediation Assessment is in addition to any other costs that may be incurred by the Agency pursuant to Section 58.7 [415 ILCS 5/58.7].

HISTORY:

P.A. 89-431, § 5; 89-443, § 5; 89-626, § 2-62.

415 ILCS 5/58.11 Regulations and Site Remediation Advisory Committee

(a) There is hereby established a 10-member Site Remediation Advisory Committee, which shall be appointed by the Governor. The Committee shall include one member recommended by the Illinois State Chamber of Commerce, one member recommended by the Illinois Manufacturers' Association, one member recommended by the Chemical Industry Council of Illinois, one member recommended by the Consulting Engineers Council of Illinois, one member recommended by the Illinois Bankers Association, one member recommended by the Community Bankers Association of Illinois, one member recommended by the National Solid Waste Management Association, and 3 other members as determined by the Governor. Members of the Advisory Committee may organize themselves as they deem necessary and shall serve without compensation.

(b) The Committee shall:

(1) Review, evaluate, and make recommendations regarding State laws, rules, and procedures that relate to site remediations.

(2) Review, evaluate, and make recommendations regarding the review and approval activities of the Agency and Review and Evaluation Licensed Professional Engineers and Geologists.

(3) Make recommendations relating to the State's efforts to implement this Title.

(4) Review, evaluate, and make recommendations regarding the procedures for determining proportionate degree of responsibility for a release of regulated substances.

(5) Review, evaluate, and make recommendations regarding the reports prepared by the Agency in accordance with subsection (e) of this Section.

(c) Within 9 months after the effective date of this amendatory Act of 1995, the Agency, after consideration of the recommendations of the Committee, shall propose rules prescribing procedures and standards for its administration of this Title. Within 9 months after receipt of the Agency's proposed rules, the Board shall adopt, pursuant to Sections 27 and 28 of this Act [415 ILCS 5/27 and 415 ILCS 5/28], rules that are consistent with this Title, including classifications of land use and provisions for the voidance of No Further Remediation Letters.

(d) Until such time as the rules required under this Section take effect, the Agency shall administer its activities under this Title in accordance with

Agency procedures and applicable provisions of this Act.

(e) By July 1, 1997 and as deemed appropriate thereafter, the Agency shall prepare reports to the Governor and the General Assembly concerning the status of all sites for which the Agency has expended money from the Hazardous Waste Fund. The reports shall include specific information on the financial, technical, and cost recovery status of each site.

415 ILCS 5/58.12 Severability

The provisions of this Title [XVII] are severable under Section 1.31 of the Statute on Statutes [5 ILCS 70/1.31].

HISTORY:
P.A. 89-431, § 5; 89-443, § 5.

415 ILCS 5/58.13 Municipal Brownfields Redevelopment Grant Program

(a)(1) The Agency shall establish and administer a program of grants, to be known as the Municipal Brownfields Redevelopment Grant Program, to provide municipalities in Illinois with financial assistance to be used for coordination of activities related to brownfields redevelopment, including but not limited to identification of brownfields sites, including those sites within River Edge Redevelopment Zones, site investigation and determination of remediation objectives and related plans and reports, development of remedial action plans, and implementation of remedial action plans and remedial action completion reports. The plans and reports shall be developed in accordance with Title XVII of this Act.

(2) Grants shall be awarded on a competitive basis subject to availability of funding. Criteria for awarding grants shall include, but shall not be limited to the following:

(A) problem statement and needs assessment;

(B) community-based planning and involvement;

(C) implementation planning; and

(D) long-term benefits and sustainability.

(3) The Agency may give weight to geographic location to enhance geographic distribution of grants across this State.

(4) Except for grants to municipalities with designated River Edge Redevelopment Zones, grants shall be limited to a maximum of $240,000, and no municipality shall receive more than this amount under this Section. For grants to municipalities with designated River Edge Redevelopment Zones and grants to municipalities awarded from funds provided under the American Recovery and Reinvestment Act of 2009, grants shall be limited to a maximum of $2,000,000 and no municipality shall receive more than this amount under this Section. For grants to municipalities awarded from funds provided under the American Recovery and Reinvestment Act of 2009, grants shall be limited to a maximum of $1,000,000 and no municipality shall receive more than this amount under this Section.

(5) Grant amounts shall not exceed 70% of the project amount, with the remainder to be provided by the municipality as local matching funds.

(b) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties or responsibilities under this Section. The Agency shall have the authority to adopt rules setting forth procedures and criteria for administering the Municipal Brownfields Redevelopment Grant Program. The rules adopted by the Agency may include but shall not be limited to the following:

(1) purposes for which grants are available;

(2) application periods and content of applications;

(3) procedures and criteria for Agency review of grant applications, grant approvals and denials, and grantee acceptance;

(4) grant payment schedules;

(5) grantee responsibilities for work schedules, work plans, reports, and record keeping;

(6) evaluation of grantee performance, including but not limited to auditing and access to sites and records;

(7) requirements applicable to contracting and subcontracting by the grantee;

(8) penalties for noncompliance with grant requirements and conditions, including stop-work orders, termination of grants, and recovery of grant funds;

(9) indemnification of this State and the Agency by the grantee; and

(10) manner of compliance with the Local Government Professional Services Selection Act [50 ILCS 510/0.01 et seq.].

(c) Moneys in the Brownfields Redevelopment Fund may be used by the Agency to take whatever preventive or corrective action, including but not limited to removal or remedial action, is necessary or appropriate in response to a release or substantial threat of a release of:

(1) a hazardous substance or pesticide; or

(2) petroleum from an underground storage tank.

The State, the Director, and any State employee shall be indemnified for any damages or injury arising out of or resulting from any action taken pursuant to this subsection (c) and subsection (d)(2) of Section 4 of this Act [415 ILCS 5/4]. The Agency has the authority to enter into such contracts and agreements as may be necessary, and as expeditiously as necessary, to carry out preventive or corrective action pursuant to this subsection (c) and subsection (d)(2) of Section 4 of this Act.

HISTORY:
P.A. 90-123, § 15; 92-486, § 10; 92-715, § 10; 94-1021, § 90-45; 96-45, § 5-55.

415 ILCS 5/58.14 Environmental Remediation Tax Credit review

(a) Prior to applying for the Environmental Remediation Tax Credit under Section 201 of the Illinois Income Tax Act [35 ILCS 5/201], Remediation Applicants shall first submit to the Agency an application for review of remediation costs. The application and review process shall be conducted in accordance with the requirements of this Section and the rules adopted under subsection (g). A preliminary review of the estimated remediation costs for development and implementation of the Remedial Action Plan may be obtained in accordance with subsection (d).

(b) No application for review shall be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10 [415 ILCS 5/58.10]. The Agency shall review the application to determine whether the costs submitted are remediation costs, and whether the costs incurred are reasonable. The application shall be on forms prescribed and provided by the Agency. At a minimum, the application shall include the following:

(1) information identifying the Remediation Applicant and the site for which the tax credit is being sought and the date of acceptance of the site into the Site Remediation Program;

(2) a copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued;

(3) a demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued were not caused or contributed to in any material respect by the Remediation Applicant. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.] for the administration and enforcement of Section 58.9 of the Environmental Protection Act [415 ILCS 5/58.9], determinations as to credit availability shall be made consistent with those rules;

(4) an itemization and documentation, including receipts, of the remediation costs incurred;

(5) a demonstration that the costs incurred are remediation costs as defined in this Act and its rules;

(6) a demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter;

(7) an application fee in the amount set forth in subsection (e) for each site for which review of remediation costs is requested and, if applicable, certification from the Department of Commerce and Economic Opportunity that the site is located in an enterprise zone;

(8) any other information deemed appropriate by the Agency.

(c) Within 60 days after receipt by the Agency of an application meeting the requirements of subsection (b), the Agency shall issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. If the remediation costs are approved as submitted, the Agency's letter shall state the amount of the remediation costs to be applied toward the Environmental Remediation Tax Credit. If an application is disapproved or approved with modification of remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification and state the amount of the remediation costs, if any, to be applied toward the Environmental Remediation Tax Credit.

If a preliminary review of a budget plan has been obtained under subsection (d), the Remediation Applicant may submit, with the application and supporting documentation under subsection (b), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification shall be signed by the Remediation Applicant and notarized. Based on that submission, the Agency shall not be required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

Within 35 days after receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act [415 ILCS 5/40].

(d)(1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan shall be set forth on forms prescribed and provided by the Agency and shall include but shall not be limited to line item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency shall review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the corresponding budget plan shall be revised accordingly and resubmitted for Agency review.

(3) The budget plan shall be accompanied by the applicable fee as set forth in subsection (e).

(4) Submittal of a budget plan shall be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this Section and its rules.

(5) Within the applicable period of review, the Agency shall issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification.

(6) Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(e) The fees for reviews conducted under this Section are in addition to any other fees or payments for Agency services rendered pursuant to the Site Remediation Program and shall be as follows:

(1) The fee for an application for review of remediation costs shall be $1,000 for each site reviewed.

(2) The fee for the review of the budget plan submitted under subsection (d) shall be $500 for each site reviewed.

(3) In the case of a Remediation Applicant submitting for review total remediation costs of $100,000 or less for a site located within an enterprise zone (as set forth in paragraph (i) of subsection (l) of Section 201 of the Illinois Income Tax Act [35 ILCS 5/201]), the fee for an application for review of remediation costs shall be $250 for each site reviewed. For those sites, there shall be no fee for review of a budget plan under subsection (d).

The application fee shall be made payable to the State of Illinois, for deposit into the Hazardous Waste Fund.

Pursuant to appropriation, the Agency shall use the fees collected under this subsection for development and administration of the review program.

(f) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties and responsibilities under this Section.

(g) Within 6 months after July 21, 1997, the Agency shall propose rules prescribing procedures and standards for its administration of this Section. Within 6 months after receipt of the Agency's proposed rules, the Board shall adopt on second notice, pursuant to Sections 27 and 28 of this Act [415 ILCS 5/27 and 415 ILCS 5/28] and the Illinois Administrative Procedure Act, rules that are consistent with this Section. Prior to the effective date of rules adopted under this Section, the Agency may conduct reviews of applications under this Section and the Agency is further authorized to distribute guidance documents on costs that are eligible or ineligible as remediation costs.

HISTORY:

P.A. 90-123, § 15; 90-792, § 10; 92-574, § 5; 94-793, § 775; 94-1021, § 90-45; 95-454, § 10.

415 ILCS 5/58.14a River Edge Redevelopment Zone Site Remediation Tax Credit Review.

(a) Prior to applying for the River Edge Redevelopment Zone site remediation tax credit under subsection (n) of Section 201 of the Illinois Income Tax Act [35 ILCS 5/201], a Remediation Applicant must first submit to the Agency an application for review of remediation costs. The Agency shall review the application. The application and review process must be conducted in accordance with the requirements of this Section and the rules adopted under subsection (g). A preliminary review of the estimated remediation costs for development and implementation of the Remedial Action Plan may be obtained in accordance with subsection (d).

(b) No application for review may be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10 [415 ILCS 5/58.10]. The Agency shall review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) information identifying the Remediation Applicant, the site for which the tax credit is being sought, and the date of acceptance of the site into the Site Remediation Program;

(2) a copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued;

(3) a demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued were not caused or contributed to in any material respect by the Remediation Applicant. Determinations as to credit availability shall be made consistent with the Pollution Control Board rules for the administration and enforcement of Section 58.9 of this Act [415 ILCS 5/58.9];

(4) an itemization and documentation, including receipts, of the remediation costs incurred;

(5) a demonstration that the costs incurred are remediation costs as defined in this Act and its rules;

(6) a demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter;

(7) an application fee in the amount set forth in subsection (e) for each site for which review of remediation costs is requested and, if applicable, certification from the Department of Commerce and Economic Opportunity that the site is located in a River Edge Redevelopment Zone; and

(8) any other information deemed appropriate by the Agency.

(c) Within 60 days after receipt by the Agency of an application meeting the requirements of subsection (b), the Agency shall issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. If the remediation costs are approved as submitted, then the Agency's letter must state the amount of the remediation costs to be applied toward the River Edge Redevelopment Zone site remediation tax credit. If an application is disapproved or approved with modification of remediation costs, then the Agency's letter must set forth the reasons for the disapproval or modification and must state the amount of the remediation costs, if any, to be applied toward the River Edge Redevelopment Zone site remediation tax credit.

If a preliminary review of a budget plan has been obtained under subsection (d), then the Remediation Applicant may submit, with the application and supporting documentation under subsection (b), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification must be signed by the Remediation Applicant and notarized. Based on that submission, the Agency is not required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan, and it may approve the costs as submitted. Within 35 days after the receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits under Section 40 of this Act [415 ILCS 5/40].

(d) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan must be set forth on forms prescribed and provided by the Agency and must include, without limitation, line-item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency shall review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, then the corresponding budget plan must be revised accordingly and resubmitted for Agency review.

The budget plan must be accompanied by the applicable fee as set forth in subsection (e).

The submittal of a budget plan is deemed to be an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this Section and its rules.

Within the applicable period of review, the Agency shall issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, then the Agency's letter must set forth the reasons for the disapproval or modification.

Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits under Section 40 of this Act.

(e) Any fee for a review conducted under this Section is in addition to any other fees or payments for Agency services rendered under the Site Remediation Program. The fees under this Section are as follows:

(1) the fee for an application for review of remediation costs is $250 for each site reviewed; and

(2) there is no fee for the review of the budget plan submitted under subsection (d).

The application fee must be made payable to the State of Illinois, for deposit into the Hazardous Waste Fund. Pursuant to appropriation, the Agency shall use the fees collected under this subsection for development and administration of the review program.

(f) The Agency has the authority to enter into any contracts or agreements that may be necessary to carry out its duties and responsibilities under this Section.

(g) The Agency shall adopt rules prescribing procedures and standards for its administration of this Section. Prior to the effective date of rules adopted under this Section, the Agency may conduct reviews of applications under this Section. The Agency may publish informal guidelines concerning this Section to provide guidance.

HISTORY:

P.A. 95-454, § 10; 2021 P.A. 102-444, § 950, effective August 20, 2021.

415 ILCS 5/58.15 Brownfields Programs.

(A) Brownfields Redevelopment Loan Program.

(a) The Agency shall establish and administer a revolving loan program to be known as the "Brownfields Redevelopment Loan Program" for the purpose of providing loans to be used for site investigation, site remediation, or both, at brownfields sites. All principal, interest, and penalty payments from loans made under this subsection (A) shall be deposited into the Brownfields Redevelopment Fund and reused in accordance with this Section.

(b) General requirements for loans:

(1) Loans shall be at or below market interest rates in accordance with a formula set forth in

regulations promulgated under subdivision (A)(c) of this subsection (A).

(2) Loans shall be awarded subject to availability of funding based on the order of receipt of applications satisfying all requirements as set forth in the regulations promulgated under subdivision (A)(c) of this subsection (A).

(3) The maximum loan amount under this subsection (A) for any one project is $1,000,000.

(4) In addition to any requirements or conditions placed on loans by regulation, loan agreements under the Brownfields Redevelopment Loan Program shall include the following requirements:

(A) the loan recipient shall secure the loan repayment obligation;

(B) completion of the loan repayment shall not exceed 15 years or as otherwise prescribed by Agency rule; and

(C) loan agreements shall provide for a confession of judgment by the loan recipient upon default.

(5) Loans shall not be used to cover expenses incurred prior to the approval of the loan application.

(6) If the loan recipient fails to make timely payments or otherwise fails to meet its obligations as provided in this subsection (A) or implementing regulations, the Agency is authorized to pursue the collection of the amounts past due, the outstanding loan balance, and the costs thereby incurred, either pursuant to the Illinois State Collection Act of 1986 [30 ILCS 210/1 et seq.] or by any other means provided by law, including the taking of title, by foreclosure or otherwise, to any project or other property pledged, mortgaged, encumbered, or otherwise available as security or collateral.

(c) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties or responsibilities under this subsection (A). The Agency shall have the authority to promulgate regulations setting forth procedures and criteria for administering the Brownfields Redevelopment Loan Program. The regulations promulgated by the Agency for loans under this subsection (A) shall include, but need not be limited to, the following elements:

(1) loan application requirements;

(2) determination of credit worthiness of the loan applicant;

(3) types of security required for the loan;

(4) types of collateral, as necessary, that can be pledged for the loan;

(5) special loan terms, as necessary, for securing the repayment of the loan;

(6) maximum loan amounts;

(7) purposes for which loans are available;

(8) application periods and content of applications;

(9) procedures for Agency review of loan applications, loan approvals or denials, and loan acceptance by the loan recipient;

(10) procedures for establishing interest rates;

(11) requirements applicable to disbursement of loans to loan recipients;

(12) requirements for securing loan repayment obligations;

(13) conditions or circumstances constituting default;

(14) procedures for repayment of loans and delinquent loans including, but not limited to, the initiation of principal and interest payments following loan acceptance;

(15) loan recipient responsibilities for work schedules, work plans, reports, and record keeping;

(16) evaluation of loan recipient performance, including auditing and access to sites and records;

(17) requirements applicable to contracting and subcontracting by the loan recipient, including procurement requirements;

(18) penalties for noncompliance with loan requirements and conditions, including stop-work orders, termination, and recovery of loan funds; and

(19) indemnification of the State of Illinois and the Agency by the loan recipient.

(d) Moneys in the Brownfields Redevelopment Fund may be used as a source of revenue or security for the principal and interest on revenue or general obligation bonds issued by the State or any political subdivision or instrumentality thereof, if the proceeds of those bonds will be deposited into the Fund.

(B) Brownfields Site Restoration Program.

(a)(1) The Agency must establish and administer a program for the payment of remediation costs to be known as the Brownfields Site Restoration Program. The Agency, through the Program, shall provide Remediation Applicants with financial assistance for the investigation and remediation of abandoned or underutilized properties. The investigation and remediation shall be performed in accordance with this Title XVII of this Act.

(2) For each State fiscal year in which funds are made available to the Agency for payment under this subsection (B), the Agency must, subject to the availability of funds, allocate 20% of the funds to be available to Remediation Applicants within counties with populations over 2,000,000. The remaining funds must be made available to all other Remediation Applicants in the State.

(3) The Agency must not approve payment in excess of $750,000 to a Remediation Applicant for remediation costs incurred at a remediation site. Eligibility must be determined based on a minimum capital investment in the redevelopment of the site, and payment amounts must not exceed the net economic benefit to the State of

the remediation project. In addition to these limitations, the total payment to be made to an applicant must not exceed an amount equal to 20% of the capital investment at the site.

(4) Only those remediation projects for which a No Further Remediation Letter is issued by the Agency after December 31, 2001 are eligible to participate in the Brownfields Site Restoration Program. The program does not apply to any sites that have received a No Further Remediation Letter prior to December 31, 2001 or for costs incurred prior to the Agency approving a site eligible for the Brownfields Site Restoration Program.

(5) Brownfields Site Restoration Program funds shall be subject to availability of funding and distributed based on the order of receipt of applications satisfying all requirements as set forth in this Section.

(b) Prior to applying to the Agency for payment, a Remediation Applicant shall first submit to the Agency its proposed remediation costs. The Agency shall make a pre-application assessment, which is not to be binding upon future review of the project, relating only to whether the Agency has adequate funding to reimburse the applicant for the remediation costs if the applicant is found to be eligible for reimbursement of remediation costs. If the Agency determines that it is likely to have adequate funding to reimburse the applicant for remediation costs, the Remediation Applicant may then submit to the Agency an application for review of eligibility. The Agency must review the eligibility application to determine whether the Remediation Applicant is eligible for the payment. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance into the Site Remediation Program.

(2) Information demonstrating that the site for which the payment is being sought is abandoned or underutilized property. "Abandoned property" means real property previously used for, or that has the potential to be used for, commercial or industrial purposes that reverted to the ownership of the State, a county or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default, or settlement, including conveyance by deed in lieu of foreclosure; or privately owned property that has been vacant for a period of not less than 3 years from the time an application is made to the Agency. "Underutilized property" means real property of which less than 35% of the commercially usable space of the property and improvements thereon are used for their most commercially profitable and economically productive uses.

(3) Information demonstrating that remediation of the site for which the payment is being sought will result in a net economic benefit to the State of Illinois. The "net economic benefit" must be determined based on factors including, but not limited to, the capital investment, the number of jobs created, the number of jobs retained if it is demonstrated the jobs would otherwise be lost, capital improvements, the number of construction-related jobs, increased sales, material purchases, other increases in service and operational expenditures, and other factors established by the Agency. Priority must be given to sites located in areas with high levels of poverty, where the unemployment rate exceeds the State average, where an enterprise zone exists, or where the area is otherwise economically depressed as determined by the Agency.

(4) An application fee in the amount set forth in subdivision (B)(c) for each site for which review of an application is being sought.

(c) The fee for eligibility reviews conducted by the Agency under this subsection (B) is $1,000 for each site reviewed. The application fee must be made payable to the Agency for deposit into the Brownfields Redevelopment Fund. These application fees shall be used by the Agency for administrative expenses incurred under this subsection (B).

(d) Within 60 days after receipt by the Agency of an application meeting the requirements of subdivision (B)(b), the Agency must issue a letter to the applicant approving the application, approving the application with modifications, or disapproving the application. If the application is approved or approved with modifications, the Agency's letter must also include its determination of the "net economic benefit" of the remediation project and the maximum amount of the payment to be made available to the applicant for remediation costs. The payment by the Agency under this subsection (B) must not exceed the "net economic benefit" of the remediation project.

(e) An application for a review of remediation costs must not be submitted to the Agency unless the Agency has determined the Remediation Applicant is eligible under subdivision (B)(d). If the Agency has determined that a Remediation Applicant is eligible under subdivision (B)(d), the Remediation Applicant may submit an application for payment to the Agency under this subsection (B). Except as provided in subdivision (B)(f), an application for review of remediation costs must not be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

(2) A copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued.

(3) A demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act.

(4) A copy of the Agency's letter approving eligibility, including the net economic benefit of the remediation project.

(5) An itemization and documentation, including receipts, of the remediation costs incurred.

(6) A demonstration that the costs incurred are remediation costs as defined in this Act and rules adopted under this Act.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter.

(8) An application fee in the amount set forth in subdivision (B)(j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(f) An application for review of remediation costs may be submitted to the Agency prior to the issuance of a No Further Remediation Letter if the Remediation Applicant has a Remedial Action Plan approved by the Agency under the terms of which the Remediation Applicant will remediate groundwater for more than one year. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

(2) A copy of the Agency letter approving the Remedial Action Plan.

(3) A demonstration that the release of the regulated substances of concern for which the Remedial Action Plan was approved was not caused or contributed to in any material respect by the Remediation Applicant. The Agency must make determinations as to reimbursement availability consistent with rules adopted by the Pollution Control Board for the administration and enforcement of Section 58.9 of this Act [415 ILCS 5/58.9].

(4) A copy of the Agency's letter approving eligibility, including the net economic benefit of the remediation project.

(5) An itemization and documentation, including receipts, of the remediation costs incurred.

(6) A demonstration that the costs incurred are remediation costs as defined in this Act and rules adopted under this Act.

(7) A demonstration that the costs submitted for review were incurred by the Remediation Applicant who received approval of the Remediation Action Plan.

(8) An application fee in the amount set forth in subdivision (B)(j) for each site for which review of remediation costs is requested.

(9) Any other information deemed appropriate by the Agency.

(g) For a Remediation Applicant seeking a payment under subdivision (B)(f), until the Agency issues a No Further Remediation Letter for the site, no more than 75% of the allowed payment may be claimed by the Remediation Applicant. The remaining 25% may be claimed following the issuance by the Agency of a No Further Remediation Letter for the site. For a Remediation Applicant seeking a payment under subdivision (B)(e), until the Agency issues a No Further Remediation Letter for the site, no payment may be claimed by the Remediation Applicant.

(h)(1) Within 60 days after receipt by the Agency of an application meeting the requirements of subdivision (B)(e) or (B)(f), the Agency must issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. If an application is disapproved or approved with modification of remediation costs, then the Agency's letter must set forth the reasons for the disapproval or modification.

(2) If a preliminary review of a budget plan has been obtained under subdivision (B)(i), the Remediation Applicant may submit, with the application and supporting documentation under subdivision (B)(e) or (B)(f), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification must be signed by the Remediation Applicant and notarized. Based on that submission, the Agency is not required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

(3) Within 35 days after receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act [415 ILCS 5/40].

(i)(1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan must be set forth on forms prescribed and provided by the Agency and must include, but is not limited to, line item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency must review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the corresponding budget plan must be revised accordingly and resubmitted for Agency review.

(3) The budget plan must be accompanied by the applicable fee as set forth in subdivision (B)(j).

(4) Submittal of a budget plan must be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this subsection (B) and rules adopted under this subsection (B).

(5) Within the applicable period of review, the Agency must issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, the Agency's letter must set forth the reasons for the disapproval or modification.

(6) Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(j) The fees for reviews conducted by the Agency under this subsection (B) are in addition to any other fees or payments for Agency services rendered pursuant to the Site Remediation Program and are as follows:

(1) The fee for an application for review of remediation costs is $1,000 for each site reviewed.

(2) The fee for the review of the budget plan submitted under subdivision (B)(i) is $500 for each site reviewed.

The application fee and the fee for the review of the budget plan must be made payable to the State of Illinois, for deposit into the Brownfields Redevelopment Fund.

(k) Moneys in the Brownfields Redevelopment Fund may be used for the purposes of this Section, including payment for the costs of administering this subsection (B). Any moneys remaining in the Brownfields Site Restoration Program Fund on the effective date of this amendatory Act of the 92nd General Assembly [P.A. 92-715] shall be transferred to the Brownfields Redevelopment Fund. Total payments made to all Remediation Applicants by the Agency for purposes of this subsection (B) must not exceed $1,000,000 in State fiscal year 2002.

(*l*) The Agency is authorized to enter into any contracts or agreements that may be necessary to carry out the Agency's duties and responsibilities under this subsection (B).

(m) Within 6 months after the effective date of this amendatory Act of 2002, the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) and the Agency must propose rules prescribing procedures and standards for the administration of this subsection (B). Within 9 months after receipt of the proposed rules, the Board shall adopt on second notice, pursuant to Sections 27 and 28 of this Act [415 ILCS 5/27 and 415 ILCS 5/28] and the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.], rules that are consistent with this subsection (B). Prior to the effective date of rules adopted under this subsection (B), the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) and the Agency may conduct reviews of applications under this subsection (B) and the Agency is further authorized to distribute guidance documents on costs that are eligible or ineligible as remediation costs.

HISTORY:

P.A. 91-36, § 5; 92-16, § 80; 92-715, § 10; 94-793, § 775; 97-333, § 485; 2021 P.A. 102-444, § 950, effective August 20, 2021.

415 ILCS 5/58.16 Construction of school; requirements

This Section applies only to counties with a population of more than 3,000,000. In this Section, "school" means any public school located in whole or in part in a county with a population of more than 3,000,000. No person shall commence construction on real property of a building intended for use as a school unless:

(1) a Phase I Environmental Audit, conducted in accordance with Section 22.2 of this Act [415 ILCS 5/22.2], is obtained;

(2) if the Phase I Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a regulated sub-

stance at, on, to, or from the real property, a Phase II Environmental Audit, conducted in accordance with Section 22.2 of this Act [415 ILCS 5/22.2], is obtained; and

(3) if the Phase II Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a regulated substance at, on, to, or from the real property: (i) the real property is enrolled in the Site Remediation Program, and (ii) the remedial action plan is approved by the Agency, if a remedial action plan is required by Board regulations.

No person shall cause or allow any person to occupy a building intended to be used as a school for which a remedial action plan is required by Board regulations unless all work pursuant to the remedial action plan is completed.

HISTORY:
P.A. 91-442, § 5; 92-16, § 80; 92-151, § 5; 98-756, § 590.

415 ILCS 5/58.17 Environmental Land Use Control

No later than 2 months after July 7, 2000, the Agency, after consideration of the recommendations of the Regulations and Site Remediation Advisory Committee, shall propose rules creating an instrument to be known as the Environmental Land Use Control (ELUC). Within 6 months after receipt of the Agency's proposed rules, the Board shall adopt, pursuant to Sections 27 and 28 of this Act [415 ILCS 5/27 and 415 ILCS 5/28], rules creating the ELUC that establish land use limitations or obligations on the use of real property when necessary to manage risk to human health or the environment arising from contamination left in place pursuant to the procedures set forth in Section 58.5 of this Act [415 ILCS 5/58.5] or 35 Ill. Adm. Code 742. The rules shall include provisions addressing establishment, content, recording, duration, and enforcement of ELUCs.

HISTORY:
P.A. 91-909, § 5; 92-574, § 5.

415 ILCS 5/58.18: [Repealed.] Repealed by P.A. 92-715, § 20, effective July 23, 2002.

HISTORY:
Repealed by P.A. 92-715, § 20, effective July 23, 2002.

415 ILCS 5/97 Applicability

The changes made by Section 5 of this amendatory Act of the 95th General Assembly [P.A. 95-288] apply only to siting applications filed on or after the effective date of this amendatory Act.

HISTORY:
P.A. 95-288, § 97.

ILLINOIS GROUNDWATER PROTECTION ACT

Section

415 ILCS 55/1 [Short title]

This Act shall be known as and may be cited as the "Illinois Groundwater Protection Act".

HISTORY:
P.A. 85-863.

415 ILCS 55/2 [Legislative findings; public policy]

(a) The General Assembly finds that:

(i) a large portion of Illinois' citizens rely on groundwater for personal consumption, and industries use a significant amount of groundwater;

(ii) contamination of Illinois groundwater will adversely impact the health and welfare of its citizens and adversely impact the economic viability of the State;

(iii) contamination of Illinois' groundwater is occurring;

(iv) protection of groundwater is a necessity for future economic development in this State.

(b) Therefore, it is the policy of the State of Illinois to restore, protect, and enhance the groundwaters of the State, as a natural and public resource. The State recognizes the essential and pervasive role of groundwater in the social and economic well-being of the people of Illinois, and its vital importance to the general health, safety, and welfare. It is further recognized as consistent with this policy that the groundwater resources of the State be utilized for beneficial and legitimate purposes; that waste and degradation of the resources be prevented; and that the underground water resource be managed to allow for maximum benefit of the people of the State of Illinois.

HISTORY:
P.A. 85-863.

415 ILCS 55/3 [Definitions]

As used in this Act, unless the context clearly requires otherwise:

(a) "Agency" means the Illinois Environmental Protection Agency.

(b) "Aquifer" means saturated (with groundwater) soils and geologic materials which are sufficiently permeable to readily yield economically useful quantities of water to wells, springs, or streams under ordinary hydraulic gradients.

(c) "Board" means the Illinois Pollution Control Board.

(d) "Committee" means the Interagency Coordinating Committee on Groundwater as hereinafter created.

(e) "Council" means the Groundwater Advisory Council.

(f) "Department" means the Department of Natural Resources.

(g) "Groundwater" means underground water which occurs within the saturated zone and geologic materials where the fluid pressure in the pore space is equal to or greater than atmospheric pressure.

(h) "Potable" means generally fit for human consumption in accordance with accepted water supply principles and practices.

(i) "Regulated recharge area" means a compact geographic area, as determined by the Board, the geology of which renders a potable resource groundwater particularly susceptible to contamination.

(j) "Resource groundwater" means groundwater that is presently being or in the future capable of being put to beneficial use by reason of being of suitable quality.

(k) "Underground water" means all water beneath the land surface.

HISTORY:
P.A. 85-863; 89-445, § 9B-56.

415 ILCS 55/4 [Interagency Coordinating Committee on Groundwater]

(a) There shall be established within State government an interagency committee which shall be known as the Interagency Coordinating Committee on Groundwater. The Committee shall be composed of the Director, or his designee, of the following agencies:

(1) The Illinois Environmental Protection Agency, who shall chair the Committee.

(2) The Illinois Department of Natural Resources.

(3) The Illinois Department of Public Health.

(4) The Office of Mines and Minerals within the Department of Natural Resources.

(5) The Office of the State Fire Marshal.

(6) The Division of Water Resources of the Department of Natural Resources.

(7) The Illinois Department of Agriculture.

(8) The Illinois Emergency Management Agency.

(9) The Illinois Department of Nuclear Safety.

(10) The Illinois Department of Commerce and Economic Opportunity.

(b) The Committee shall meet not less than twice each calendar year and shall:

(1) Review and coordinate the State's policy on groundwater protection.

(2) Review and evaluate State laws, regulations and procedures that relate to groundwater protection.

(3) Review and evaluate the status of the State's efforts to improve the quality of the groundwater and of the State enforcement efforts for protection of the groundwater and make recommendations on improving the State efforts to protect the groundwater.

(4) Recommend procedures for better coordination among State groundwater programs and with local programs related to groundwater protection.

(5) Review and recommend procedures to coordinate the State's response to specific incidents of groundwater pollution and coordinate dissemination of information between agencies responsible for the State's response.

(6) Make recommendations for and prioritize the State's groundwater research needs.

(7) Review, coordinate and evaluate groundwater data collection and analysis.

(8) Beginning on January 1, 1990, report biennially to the Governor and the General Assembly on groundwater quality, quantity, and the State's enforcement efforts.

(c) The Chairman of the Committee shall propose a groundwater protection regulatory agenda for consideration by the Committee and the Council. The principal purpose of the agenda shall be to systematically consider the groundwater protection aspects of relevant federal and State regulatory programs and to identify any areas where improvements may be warranted. To the extent feasible, the agenda may also serve to facilitate a more uniform and coordinated approach toward protection of groundwaters in Illinois. Upon adoption of the final agenda by the Committee, the Chairman of the Committee shall assign a lead agency and any support agencies to prepare a regulatory assessment report for each item on the agenda. Each regulatory assessment report shall specify the nature of the groundwater protection provisions being implemented and shall evaluate the results achieved therefrom. Special attention shall be given to any preventive measures being utilized for protection of groundwaters. The reports shall be completed in a timely manner. After review and consideration by the Committee, the reports shall become the basis for recommending further legislative or regulatory action.

(d) No later than January 1, 1992, the Interagency Coordinating Committee on Groundwater shall provide a comprehensive status report to the Governor and the General Assembly concerning implementation of this Act.

(e) The Committee shall consider findings and recommendations that are provided by the Council,

and respond in writing regarding such matters. The Chairman of the Committee shall designate a liaison person to serve as a facilitator of communications with the Council.

HISTORY:
P.A. 87-168; 89-445, § 9B-56; 94-793, § 790.

415 ILCS 55/5 [Groundwater Advisory Council]

(a) There shall be established a Groundwater Advisory Council. The Council shall be composed of 9 public members appointed by the Governor, including 2 persons representing environmental interests, 2 persons representing industrial and commercial interests, one person representing agricultural interests, one person representing local government interests, one person representing a regional planning agency, one person representing public water supplies, and one person representing the water well driller industry. From among these members, a chairperson shall be selected by majority vote and shall preside for a one-year term. The terms of memberships in the Council shall be for 3 years. The Council shall:

(1) review, evaluate and make recommendations regarding State laws, regulations and procedures that relate to groundwater protection;

(2) review, evaluate and make recommendations regarding the State's efforts to implement this Act and to generally protect the groundwater of the State;

(3) make recommendations relating to the State's needs for groundwater research; and

(4) review, evaluate and make recommendations regarding groundwater data collection and analyses.

(b) Members of the Groundwater Advisory Council shall be reimbursed for ordinary and necessary expenses incurred in the performance of their duties, except such reimbursement shall be limited to expenses associated with no more than 3 meetings per calendar year. The Agency shall provide the Council with such supporting services as are reasonable for the performance of its duties.

HISTORY:
P.A. 85-863.

415 ILCS 55/5-5 Mahomet Aquifer Council.

(a) There shall be established a Mahomet Aquifer Council. The Council shall be composed of the following members:

(1) one member of the Senate, appointed by the President of the Senate;

(2) one member of the House of Representatives, appointed by the Speaker of the House of Representatives;

(3) one member of the Senate, appointed by the Minority Leader of the Senate;

(4) one member of the House of Representatives, appointed by the Minority Leader of the House of Representatives;

(5) one member representing the Illinois Environmental Protection Agency, appointed by the Director of the Illinois Environmental Protection Agency;

(6) two members representing a national waste and recycling organization, appointed by the Governor;

(7) one member representing a statewide environmental organization, appointed by the Governor;

(8) three members representing a nonprofit consortium dedicated to the sustainability of the Mahomet Aquifer, appointed by the Governor;

(9) one member representing the Illinois State Water Survey of the Prairie Research Institute of the University of Illinois at Urbana-Champaign, appointed by the Governor;

(10) one member representing a statewide association representing the pipe trades, appointed by the Governor;

(11) one member representing the State's largest general farm organization, appointed by the Governor;

(12) one member representing a statewide trade association representing manufacturers, appointed by the Governor;

(13) one member representing a community health care organization located over the Mahomet Aquifer, appointed by the Governor;

(14) seven members representing local government bodies located over the Mahomet Aquifer, appointed by the Governor;

(15) one member representing a State labor organization that represents employees in the solid waste, recycling, and related industries, appointed by the Governor; and

(16) one member representing a statewide business association with a focus on environmental issues, appointed by the Governor.

(b) From among the Council's members, a chairperson shall be selected by majority vote and shall preside for a one-year term. The term of membership in the Council shall be for 3 years.

(c) The Council shall:

(1) review, evaluate, and make recommendations regarding State laws, regulations, and procedures that relate to the Mahomet Aquifer;

(2) review, evaluate, and make recommendations regarding the State's efforts to implement this Act that relate to the quality of the Mahomet Aquifer;

(3) review, evaluate, and make recommendations regarding current and potential contamination threats to the water quality of the Mahomet Aquifer; and

(4) make recommendations relating to actions that might be taken to ensure the long-term protection of the Mahomet Aquifer.

(d) Members of the Mahomet Aquifer Council shall be reimbursed for ordinary and necessary expenses incurred in the performance of their duties, except

that such reimbursement shall be limited to expenses associated with no more than 4 meetings per calendar year. The Agency shall provide the Council with such supporting services as are reasonable for the performance of the Council's duties.

History.
2021 P.A. 102-381, § 5, effective August 13, 2021.

415 ILCS 55/6 [Education program for groundwater protection]

(a) The Department with the cooperation of the Agency, the Department of Public Health, the Department of Agriculture and others as needed, shall develop, coordinate and conduct an education program for groundwater protection. The program shall include, but not be limited to, education for the general public, business, agriculture, government, and private water supply owners, users and operators.

(b) The education program shall address at least the following topics: hydrogeologic principles, groundwater protection issues, State groundwater policy, potential contamination sources, potential water quality problems, well protection measures, and the need for periodic well tests.

(c) The Department shall cooperate with local governments and regional planning agencies and committees to coordinate local and regional education programs and workshops, and to expedite the exchange of technical information.

HISTORY:
P.A. 85-863.

415 ILCS 55/7 [Data collection and automation program; applied research; funding; research by Southern Illinois University]

(a) The Department, with the advice of the Committee and the Council, shall develop a coordinated groundwater data collection and automation program. The collected and automated data shall include but need not be limited to groundwater monitoring results, well logs, pollution source permits and water quality assessments. The Department shall act as the repository for such data and shall automate this data in a manner that is accessible and usable by all State agencies.

(b) The Department, in consultation with the Agency, the Committee and the Council, shall develop and administer an ongoing program of basic and applied research relating to groundwater. Information generated from this program will be made available to local governments seeking technical assistance from the Department. The research program shall include but need not be limited to:

(1) Long-term statewide groundwater quality monitoring. A statewide monitoring well network shall be composed of public water supply wells sampled by the Agency, non-community wells sampled by the Department of Public Health, and a representative sampling of other existing private wells and newly constructed, dedicated monitoring wells. The monitoring program shall be operated for the following purposes: to evaluate, over time, the appropriateness and effectiveness of groundwater quality protection measures; to determine regional trends in groundwater quality which may affect public health and welfare; and to help identify the need for corrective action. The Department shall periodically publish the results of groundwater quality monitoring activities.

(2) Statewide groundwater assessment. The Department shall conduct assessments to enhance the State's data base concerning groundwater resources. The assessments shall include location of groundwater resources, mapping of aquifers, identification of appropriate recharge areas, and evaluation of baseline groundwater quality. The Department shall complete the statewide mapping of appropriate recharge areas within 18 months after the enactment of this Act at a level of detail suitable for guiding the Agency in establishing priority groundwater protection planning regions.

(3) Evaluation of pesticide impacts upon groundwater. Such evaluation shall include the general location and extent of any contamination of groundwaters resulting from pesticide use, determination of any practices which may contribute to contamination of groundwaters, and recommendations regarding measures which may help prevent degradation of groundwater quality by pesticides. Priority shall be given to those areas of the State where pesticides are utilized most intensively. The Department shall prepare an initial report by January 1, 1990.

(4) Other basic and applied research. The Department may conduct research in at least the following areas: groundwater hydrology and hydraulics, movement of contaminants through geologic materials, aquifer restoration, and remediation technologies.

(c) The Department is authorized to accept and expend, subject to appropriation by the General Assembly, any and all grants, matching funds, appropriations from whatever source, or other items of value from the federal or state governments or from any institution, person, partnership, joint venture, or corporation, public or private, for the purposes of fulfilling its obligations under this Act.

(d) Southern Illinois University is authorized to conduct basic and applied research relating to chemical contamination of groundwater. It may assist the Department in conducting research on any of the subjects included in subsection (b) of this Section, and may accept and expend grants and other support from the Department or other sources for that purpose.

HISTORY:
P.A. 87-479.

415 ILCS 55/8 [Regulations establishing water quality standards]

(a) The Agency, after consultation with the Committee and the Council, shall propose regulations establishing comprehensive water quality standards which are specifically for the protection of groundwater. In preparing such regulations, the Agency shall address, to the extent feasible, those contaminants which have been found in the groundwaters of the State and which are known to cause, or are suspected of causing, cancer, birth defects, or any other adverse effect on human health according to nationally accepted guidelines. Such regulations shall be submitted to the Board by July 1, 1989.

(b) Within 2 years after the date upon which the Agency files the proposed regulations, the Board shall promulgate the water quality standards for groundwater. In promulgating these regulations, the Board shall, in addition to the factors set forth in Title VII of the Environmental Protection Act [415 ILCS 5/26 et seq.], consider the following:

(1) recognition that groundwaters differ in many important respects from surface waters, including water quality, rate of movement, direction of flow, accessibility, susceptibility to pollution, and use;

(2) classification of groundwaters on an appropriate basis, such as their utility as a resource or susceptibility to contamination;

(3) preference for numerical water quality standards, where possible, over narrative standards, especially where specific contaminants have been commonly detected in groundwaters or where federal drinking water levels or advisories are available;

(4) application of nondegradation provisions for appropriate groundwaters, including notification limitations to trigger preventive response activities;

(5) relevant experiences from other states where groundwater protection programs have been implemented; and

(6) existing methods of detecting and quantifying contaminants with reasonable analytical certainty.

(c) To provide a process to expedite promulgation of groundwater quality standards, the provisions of this Section shall be exempt from the requirements of subsection (b) of Section 27 of the Environmental Protection Act [415 ILCS 5/27]; and shall be exempt from the provisions of Sections 4 and 5 of "An Act in relation to natural resources, research, data collection and environmental studies", approved July 1, 1978, as amended.

(d) The Department of Natural Resources, with the cooperation of the Committee and the Agency, shall conduct a study of the economic impact of the regulations developed pursuant to this Section. The study shall include, but need not be limited to, consideration of the criteria established in subsection (a) of Section 4 of "An Act in relation to natural resources, research, data collection and environmental studies", approved July 1, 1978, as amended. This study shall be conducted concurrently with the development of the regulations developed pursuant to this Section. Work on this study shall commence as soon as is administratively practicable after the Agency begins development of the regulations. The study shall be submitted to the Board no later than 60 days after the proposed regulations are filed with the Board.

The Department shall consult with the Economic Technical Advisory Committee during the development of the regulations and the economic impact study required in this Section and shall consider the comments of the Committee in the study.

(e) The Board may combine public hearings on the economic impact study conducted by the Department with any hearings required under Board rules.

HISTORY:

P.A. 85-863; 89-445, § 9B-56; 90-655, § 135.

415 ILCS 55/9 [Definitions, regulation of non-community water systems]

(a) As used in this Section, unless the context clearly requires otherwise:

(1) "Community water system" means a public water system which serves at least 15 service connections used by residents or regularly serves at least 25 residents for at least 60 days per year.

(2) "Contaminant" means any physical, chemical, biological, or radiological substance or matter in water.

(3) "Department" means the Illinois Department of Public Health.

(4) "Non-community water system" means a public water system which is not a community water system, and has at least 15 service connections used by nonresidents, or regularly serves 25 or more nonresident individuals daily for at least 60 days per year.

(4.5) "Non-transient, non-community water system" means a non-community water system that regularly serves the same 25 or more persons at least 6 months per year.

(5) "Private water system" means any supply which provides water for drinking, culinary, and sanitary purposes and serves an owner-occupied single family dwelling.

(6) "Public water system" means a system for the provision to the public of water for human consumption through pipes or other constructed conveyances, if the system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days per year. A public water system is either a community water system (CWS) or a non-community water system (non-CWS). The term "public water system" includes any collection, treatment, storage or distribution facilities under control of the operator of such system and used primarily in connection with

such system and any collection or pretreatment storage facilities not under such control which are used primarily in connection with such system.

(7) "Semi-private water system" means a water supply which is not a public water system, yet which serves a segment of the public other than an owner-occupied single family dwelling.

(8) "Supplier of water" means any person who owns or operates a water system.

(b) No non-community water system may be constructed, altered, or extended until plans, specifications, and other information relative to such system are submitted to and reviewed by the Department for conformance with the rules promulgated under this Section, and until a permit for such activity is issued by the Department. As part of the permit application, all new non-transient, non-community water systems must demonstrate technical, financial, and managerial capacity consistent with the federal Safe Drinking Water Act [42 U.S.C. § 300f et seq.].

(c) All private and semi-private water systems shall be constructed in accordance with the rules promulgated by the Department under this Section.

(d) The Department shall promulgate rules for the construction and operation of all non-community and semi-private water systems. Such rules shall include but need not be limited to: the establishment of maximum contaminant levels no more stringent than federally established standards where such standards exist; the maintenance of records; the establishment of requirements for the submission and frequency of submission of water samples by suppliers of water to determine the water quality; and the capacity demonstration requirements to ensure compliance with technical, financial, and managerial capacity provisions of the federal Safe Drinking Water Act [42 U.S.C. § 300f et seq.].

(e) Borings, water monitoring wells, and wells subject to this Act shall, at a minimum, be abandoned and plugged in accordance with the requirements of Sections 16 and 19 of the Illinois Oil and Gas Act [225 ILCS 725/16 and 225 ILCS 725/19], and such rules as are promulgated thereunder. Nothing herein shall preclude the Department from adopting plugging and abandonment requirements which are more stringent than the rules of the Department of Natural Resources where necessary to protect the public health.

(f) The Department shall inspect all non-community water systems for the purpose of determining compliance with the provisions of this Section and the regulations promulgated hereunder.

(g) The Department may inspect semi-private and private water systems for the purpose of determining compliance with the provisions of this Section and the regulations promulgated hereunder.

(h) The supplier of water shall be given written notice of all violations of this Section or the rules promulgated hereunder and all such violations shall be corrected in a manner and time specified by the Department.

(i) The Department may conduct inspections to investigate the construction or water quality of non-community or semi-private water systems, or the construction of private water systems. Upon request of the owner or user, the Department may also conduct investigations of the water quality of private water systems.

(j) The supplier of water for a private, semi-private, or non-community water system shall allow the Department and its authorized agents access to such premises at all reasonable times for the purpose of inspection.

(k) The Department may designate full-time county or multiple-county health departments as its agents to facilitate the implementation of this Section.

(*l*) The Department shall promulgate and publish rules necessary for the enforcement of this Section.

(m) Whenever a non-community or semi-private water system fails to comply with an applicable maximum contaminant level at the point of use, the supplier of water shall give public notification by the conspicuous posting of notice of such failure as long as the failure continues. The notice shall be written in a manner reasonably designed to fully inform users of the system that a drinking water regulation has been violated, and shall disclose all material facts. All non-transient, non-community water systems must demonstrate technical, financial, and managerial capacity consistent with the federal Safe Drinking Water Act [42 U.S.C. § 300f et seq.].

(n) The provisions of the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.], are hereby expressly adopted and shall apply to all administrative rules and procedures of the Department of Public Health under this Section, except that in case of conflict between the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.] and this Section the provisions of this Section shall control; and except that Section 5-35 of the Illinois Administrative Procedure Act [5 ILCS 100/5-35] relating to procedures for rulemaking shall not apply to the adoption of any rule required by federal law in connection with which the Department is precluded by law from exercising any discretion.

(o) All final administrative decisions of the Department issued pursuant to this Section shall be subject to judicial review pursuant to the provisions of the Administrative Review Law [735 ILCS 5/3-101 et seq.] and the rules adopted pursuant thereto. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure [735 ILCS 5/3-101].

(p) The Director, after notice and opportunity for hearing to the applicant, may deny, suspend, or revoke a permit in any case in which he or she finds that there has been a substantial failure to comply with the provisions of this Section or the standards, rules and regulations established by virtue thereof.

Such notice shall be effected by certified mail or by personal service setting forth the particular reasons

for the proposed action and fixing a date, not less than 15 days from the date of such mailing or service, at which time the applicant shall be given an opportunity to request hearing.

The hearing shall be conducted by the Director or by an individual designated in writing by the Director as Hearing Officer to conduct the hearing. On the basis of any such hearing, or upon default of the applicant, the Director shall make a determination specifying his or her findings and conclusions. A copy of such determination shall be sent by certified mail or served personally upon the applicant.

(q) The procedure governing hearings authorized by this Section shall be in accordance with rules promulgated by the Department. A full and complete record shall be kept of all proceedings, including the notice of hearing, complaint and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the Director and Hearing Officer. All testimony shall be reported but need not be transcribed unless review of the decision is sought pursuant to the Administrative Review Law [735 ILCS 5/3-101 et seq.]. Copies of the transcript may be obtained by any interested party on payment of the cost of preparing such copies. The Director or Hearing Officer shall, upon his or her own motion or on the written request of any party to the proceeding, issue subpoenas requiring the attendance and the giving of testimony by witnesses, and subpoenas duces tecum requiring the production of books, papers, records or memoranda. All subpoenas and subpoenas duces tecum issued under the terms of this Section may be served by any person of legal age. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit courts of this State, such fees to be paid when the witness is excused from further attendance. When the witness is subpoenaed at the instance of the Director or Hearing Officer, such fees shall be paid in the same manner as other expenses of the Department, and when the witness is subpoenaed at the instance of any other party to any such proceeding, the Department may require that the cost of service of the subpoena or subpoena duces tecum and the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, the Department, in its discretion, may require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum so issued shall be served in the same manner as a subpoena issued by a circuit court.

(r) Any circuit court of this State, upon the application of the Director or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records or memoranda and the giving of testimony before the Director or Hearing Officer conducting an investigation or holding a hearing authorized by this Section, by an attachment for contempt or otherwise, in the same manner as production of evidence may be compelled before the court.

(s) The Director or Hearing Officer, or any party in an investigation or hearing before the Department, may cause the depositions of witnesses within the State to be taken in the manner prescribed by law for like depositions in civil actions in courts of this State, and to that end compel the attendance of witnesses and the production of books, papers, records, or memoranda.

(t) Any person who violates this Section or any rule or regulation adopted by the Department, or who violates any determination or order of the Department under this Section, shall be guilty of a Class A misdemeanor and shall be fined a sum not less than $100. Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurs, or the Attorney General of the State of Illinois, may bring such actions in the name of the People of the State of Illinois; or may in addition to other remedies provided in this Section, bring action for an injunction to restrain such violation, or to enjoin the operation of any establishment.

(u) The State of Illinois, and all of its agencies, institutions, offices and subdivisions shall comply with all requirements, prohibitions and other provisions of this Section and regulations adopted thereunder.

(v) No agency of the State shall authorize, permit or license the construction or operation of any potential route, potential primary source, or potential secondary source, as those terms are defined in the Environmental Protection Act [415 ILCS 5/1 et seq.], in violation of any provision of this Section or the regulations adopted hereunder.

(w) This Section shall not apply to any water supply which is connected to a community water supply which is regulated under the Environmental Protection Act [415 ILCS 5/1 et seq.], except as provided in Section 9.1 [415 ILCS 5/9.1].

HISTORY:

P.A. 85-863; 88-45, § 3-112; 89-445, § 9C-22; 92-369, § 5; 92-652, § 5.

415 ILCS 55/9.1 Notification of actual or potential contamination

(a) Whenever the Agency identifies any volatile organic compound in excess of the Board's Groundwater Quality Standards or the Safe Drinking Water Act [42 U.S.C. § 300g-1 et seq.] maximum contaminant level while performing its obligations under Section 7 of this Act, Section 13.1 of the Environmental Protection Act, or the federal Safe Drinking Water Act [42 U.S.C. § 300g-1 et seq.], the Agency shall notify the Department, unless notification has already been provided, and the unit of local government affected.

(b) Within 60 days of receipt of notice provided for in subsection (a) of this Section, the Department, or the Department in coordination with the delegated county health department, shall provide notice to the

public identifying the contaminants of concern. The notice shall be provided by means of electronic or print media and must be designed to inform the owner of any private water system, semi-private water system, or non-community public water system within an area potentially affected by the identified contamination of the need for the system owner to test the system for possible contamination. The notice shall appear in the media for 3 consecutive weeks.

(c) A unit of local government shall take any action that it deems appropriate, such as informing any homeowner who potentially could be adversely affected, within a reasonable time after notification by the Agency under subsection (a) of this Section.

HISTORY:
P.A. 92-652, § 5.

415 ILCS 55/10 Pekin Metro Landfill; pilot projects.

(a) Subject to appropriation, the Agency shall design and implement up to 2 pilot studies of landfills that overlie the Mahomet Aquifer to identify threats to surface and groundwater resources that are posed by the landfills. One of the pilot projects shall be conducted at the Pekin Metro Landfill in Tazewell County. In conducting the pilot projects, the Agency shall:

(1) inspect and identify potential and current contamination threats to the water quality of aquifers in the same watershed as the landfill (for the Pekin Metro Landfill, the Mahomet Aquifer);

(2) use geographic information systems and remote sensing technology to track defects, structures, appliances, and wells for routine inspection and sustainable management;

(3) install or repair groundwater monitoring mechanisms necessary to identify whether contaminants from the landfill are affecting water quality in the Mahomet Aquifer; and

(4) identify and provide cost estimates for any additional response actions necessary or appropriate to reduce or minimize potential threats to human health and the environment resulting from current landfill conditions.

(b) Following the completion of the pilot project response actions, the Agency shall:

(1) evaluate, in consultation with the Prairie Research Institute, the use of aerial photography and other remote sensing technologies, such as Light Detection and Ranging (LiDAR), to identify land erosion, landslides, barren areas, leachate seeps, vegetation, and other relevant surface and subsurface features of landfills to aid in the inspection and investigation of landfills; and

(2) identify additional procedures, requirements, or authorities that may be appropriate or necessary to address threats to human health and the environment from other unregulated or underregulated landfills throughout the State.

JUNKYARD ACT

Section

415 ILCS 95/0.01 Short title

This Act may be cited as the Junkyard Act.

HISTORY:
P.A. 86-1324.

415 ILCS 95/1 [Legislative declaration]

For the purpose of promoting the public safety, health, welfare, convenience and enjoyment of public travel, to protect the public investment in public highways, and to preserve and enhance the scenic beauty of lands bordering public highways, it is declared to be in the public interest to regulate and restrict the establishment, operation, and maintenance of junkyards or scrap processing facilities in areas adjacent to the Federal-Aid Interstate and Federal-Aid Primary Systems of Highways within this State. Junkyards or scrap processing facilities which do not conform to the requirements of this Act are declared to be public nuisances.

HISTORY:
Laws 1967, p. 1927.

415 ILCS 95/2 [Definitions]

Terms used in this Act, unless the context otherwise requires, are defined as follows:

(1) "junkyard" means an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for the maintenance or operation of an automobile graveyard, and the term shall include garbage dumps and sanitary fills;

(2) "junk" means old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste, or junked, dismantled or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or nonferrous material;

(3) "automobile graveyard" means any establishment or place of business which is maintained, used, or operated for storing, keeping, buying or selling wrecked, scrapped, ruined or dismantled motor vehicles or motor vehicle parts;

(4) "scrap processing facility" means any establishment having facilities for processing iron, steel, nonferrous scrap, mineral wastes or slag, and whose principal produce is scrap iron, steel, or nonferrous scrap for sale for remelting purposes only;

(5) "Department" means the Department of Transportation of the State of Illinois.

HISTORY:
P.A. 77-175.

415 ILCS 95/3 [Establishment, operation, or maintenance of junkyard or scrap processing facility]

No person may hereafter establish, operate, or maintain a junkyard or scrap processing facility, any portion of which is within 1,000 feet of the nearest edge of the right of way of any highway on the Federal-Aid Interstate or Federal-Aid Primary Systems, except the following:

a. those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the system, or otherwise removed from sight;

b. those located within areas which are zoned for industrial use, or those located within unzoned areas which are used for industrial activities, as determined by regulations to be promulgated by the Department;

c. those which are not visible from the main-traveled way of the highway system.

HISTORY:
Laws 1967, p. 1927.

415 ILCS 95/4 [Screening]

Any junkyard or scrap processing facility lawfully in existence on the effective date of this Act which is within 1,000 feet of the nearest edge of the right of way and visible from the main-traveled way of any highway on the Federal-Aid Interstate or Federal-Aid Primary Systems, shall be screened, if feasible, by the Department at locations on highway right of way or in areas acquired for such purposes outside the right of way so as not to be visible from the main-traveled way of such highway.

HISTORY:
Laws 1967, p. 1927.

415 ILCS 95/4.5 Automobile graveyards located near canals; inspection by EPA

The Environmental Protection Agency may inspect any automobile graveyard located within 1000 feet of a canal in Illinois to determine if any contaminates are entering canal waters from the automobile graveyard.

HISTORY:
P.A. 88-381, § 10.

415 ILCS 95/5 [Regulations regarding screening or fencing]

The Department shall promulgate regulations governing the location, planting, construction and maintenance, including materials used in screening or fencing required by this Act.

HISTORY:
Laws 1967, p. 1927.

415 ILCS 95/6 [Acquisition for screening; relocation]

When the Department determines that the topography of the land will not permit adequate screening of existing junkyards or scrap processing facilities or junkyards or scrap processing facilities lawfully established but which become nonconforming, the De-

partment may acquire by gift, purchase or by the exercise of the right of eminent domain such junkyards or scrap processing facilities, or portions thereof, necessary to secure compliance with this Act. When it is more economical to move such junkyards or scrap processing facilities, or portions thereof, the Department may acquire by gift, purchase or by the exercise of the right of eminent domain such lands or interest in lands as may be necessary to secure the relocation of such junkyards or scrap processing facilities, or portions thereof, and pay the costs of such relocation. The Department may also acquire by gift, purchase or by the exercise of the right of eminent domain such land or interests in land as is necessary to effectively screen existing junkyards or scrap processing facilities or junkyards or scrap processing facilities lawfully established, but which become nonconforming.

HISTORY:
Laws 1967, p. 1927.

415 ILCS 95/6.5 Eminent domain

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act (735 ILCS 30/1-1-1 et seq.).

HISTORY:
P.A. 94-1055, § 95-5-670.

415 ILCS 95/7 [Actions to prevent unlawful establishment, operation or maintenance, to restrain, correct or abate violations; penalty]

(a) The Department may, in addition to any other remedies, initiate an appropriate action in the circuit court of the county in which a junkyard or scrap processing facility is located, to prevent the unlawful establishment, operation or maintenance of a junkyard or scrap processing facility which is not in compliance with this Act, or to restrain, correct or abate a violation of this Act, or to prevent any illegal Act, conduct, business or use in or about the premises of such junkyard or scrap processing facility.

(b) Whoever violates any provision of this Act is guilty of a petty offense for a first violation, and of a Class C misdemeanor for second or subsequent violations.

HISTORY:
P.A. 84-1308.

415 ILCS 95/8 [Agreements with Federal authorities]

The Department is authorized to enter into agreements with the designated authority of the United States Government relating to the control of junkyards or scrap processing facility in areas adjacent to the Federal-Aid Interstate and Federal-Aid Primary Systems, and to take such action as may be necessary to comply with the terms of such agreements.

HISTORY:
Laws 1967, p. 1927.

CHAPTER 430

PUBLIC SAFETY

Illinois Public Demonstrations Law
Road Worker Safety Act
Excavation Fence Act

ILLINOIS PUBLIC DEMONSTRATIONS LAW

Section
430 ILCS 70/2 Declaration of purpose
430 ILCS 70/3 Unlawful action — Parade permit
430 ILCS 70/6 Time of holding
430 ILCS 70/7 Conflict with municipal ordinance
430 ILCS 70/8 Sentence

430 ILCS 70/2 Declaration of purpose

It is declared to be the public policy of this State: That the maintenance of good order on highways, as defined in Section 2-202 of the "Illinois Highway Code" [605 ILCS 5/2-202], is a paramount responsibility of democratic government;

That the public health, welfare and safety of the community require that the movement of vehicular traffic on such roadways be lawfully conducted with a minimum of disruption;

That the practice of unhindered or unrestrained picketing or demonstrating on such roadways has caused disruption of police, fire and emergency services, and injury to persons regardless of participation in the march, assembly or demonstration;

That the practice of multiple demonstrations on the same day in different locations in municipalities and unincorporated areas of counties has unreasonably deprived the citizens of the police, fire and emergency services; and

That the provisions herein enacted are necessary for the protection of the health, welfare and safety of the public.

HISTORY:
P.A. 81-840.

430 ILCS 70/3 Unlawful action — Parade permit

It is unlawful for any person, group or organization to conduct or participate in any march, assembly, meeting, parade, or gathering on roadways in more than one specific area of or location in, any municipality or the unincorporated area of a county, on any given day, unless it is acting under authority of a duly issued municipal or county parade or demonstration permit if local ordinance or regulation requires a permit, or, if not, with permission of the principal law enforcement officer for the area. Only the person, group, or organization responsible for organizing the march, assembly, meeting, parade, or gathering is required to obtain a permit or the permission of the principal law enforcement officer, which shall be sufficient to encompass all participants. If a march, assembly, meeting, parade, or gathering on roadways involves the act of crossing or traversing over or upon active railroad tracks, the municipal or county authority or principal law enforcement officer, as part of its permit or permission process, may prohibit any portion of the route that involves the act of crossing or traversing over or upon active railroad tracks.

HISTORY:
Laws 1967, p. 3613; P.A. 98-320, § 5.

430 ILCS 70/6 Time of holding

It is unlawful for any group, organization, or any individual to conduct or participate in any march, assembly, meeting, parade, or gathering on roadways during peak traffic periods unless authorized by the principal law enforcement officer for the area in which the march, assembly, meeting, parade, or gathering is to be held. Peak traffic periods, unless otherwise set by municipal or county authority, are for the purposes of this Act declared to be 7:30 a.m. o'clock to 9:00 a.m. o'clock in the forenoon, and from 4:30 p.m. o'clock to 6:00 p.m. o'clock in the afternoon, Monday through Friday except for State and National holidays.

HISTORY:
Laws 1967, p. 3613; P.A. 98-320, § 5.

430 ILCS 70/7 Conflict with municipal ordinance

Nothing in this Act shall be construed to invalidate or repeal by inference any local or municipal enactment in regard to parades or demonstrations, but if there is an unreconcilable conflict this Act shall prevail as to such portion or portions that are in direct conflict, except as to duly designated peak hours of traffic within its boundaries.

HISTORY:
Laws 1967, p. 3613.

430 ILCS 70/8 Sentence

Violation of this Act is a Class A misdemeanor.

HISTORY:
P.A. 77-2646.

ROAD WORKER SAFETY ACT

Section

430 ILCS 105/0.01 Short title

This Act may be cited as the Road Worker Safety Act.

HISTORY:
P.A. 86-1324.

430 ILCS 105/1 [Maintenance of traffic]

All construction work upon bridges or highways within the State of Illinois shall be so performed and conducted that two-way traffic will be maintained when such is safe and practical, and when not safe and practical, or when any portion of the highway is obstructed, one-way traffic shall be maintained, unless the authorized agency in charge of said construction directs the road be closed to all traffic.

HISTORY:
Laws 1959, p. 2044.

430 ILCS 105/2 [One-way traffic; flagmen, signals; closing of road]

At all times during which men are working where one-way traffic is utilized, the contractor or his authorized agent in charge of such construction will be required to furnish no fewer than two flagmen, one at each end of the portion of highway or bridge on which only one-way traffic is permitted, and at least 100 feet away from the nearest point of the highway or bridge on which only one-way traffic is safe and permitted. The flagmen shall be equipped with safe, suitable, and proper signal devices as prescribed in the Manual on Uniform Traffic Control Devices for Streets and Highways published by the Department of Transportation, and shall so use such devices as to inform approaching motorists to stop or proceed. In addition, safe, suitable, and proper signals and signs as prescribed in the Manual shall be so placed as to warn approaching persons of the existence of any portion of highway or bridge upon which only one-way traffic is safe and permitted. At bridge construction or bridge repair sites, where one-way traffic is utilized, traffic control signals conforming to the Manual may be installed and operated in lieu of, or in addition to, flagmen. Whenever the Department of Transportation or local authorities determine that a bridge or highway construction site requires the closing of a road to through traffic, the contract documents relating to such construction may specify alternate procedures for flagging and controlling traffic, when such procedures have been approved by the Department. When alternate procedures are not included, traffic control and flagging will be as prescribed in the first paragraph of this Section.

HISTORY:
P.A. 82-408.

430 ILCS 105/3 [Drivers to obey]

Drivers of any motor vehicle approaching any section of highway or bridge which is limited to only one-way traffic shall obey warning signs and shall stop their vehicles if signaled to do so by a flagman or a traffic control signal.

HISTORY:
Laws 1967, p. 468.

430 ILCS 105/4 [Highway or bridge closed to traffic]

Any portion of highway or bridge which is closed to all traffic shall be marked at each place where vehicles have accessible approach to such portion of highway or bridge, and at a sufficient distance from the closed portion of such highway or bridge shall be marked with an adequate number of safe, suitable, and proper warning signs, signals or barricades as set forth in the Manual of Uniform Traffic Control Devices for Streets and Highways published by the Department of Transportation so as to give warning to approaching motorists that such portion of bridge or highway is closed and unsafe for travel.

HISTORY:
P.A. 77-176.

430 ILCS 105/5 [Penalty]

Any contractor, subcontractor, or his authorized agent in charge of construction work on highways or bridges within the State of Illinois, or any driver of any motor vehicle, who knowingly or wilfully violates any provision of this Act, is guilty of a petty offense.

HISTORY:
P.A. 77-2242.

430 ILCS 105/6 [Civil liability]

Any contractor, subcontractor, or his or her authorized agent or driver of any motor vehicle who knowingly or wilfully violates any provision of this Act, shall be responsible for any injury to person or property occasioned by such violation, and a right of action shall accrue to any person injured for any damages sustained thereby; and in case of loss of life by reason of such violation, a right of action shall accrue to the surviving spouse of the person so killed, his or her heirs, or to any person or persons who were, before such loss of life, dependent for support

on the person so killed, for a like recovery of damages sustained by reason of such loss of life.

HISTORY:
P.A. 80-1154.

430 ILCS 105/7 [Enforcement]

In case of any failure to comply with any of the provisions of this Act, the Director of Labor may, through the State's Attorney, or any other attorney in case of his failure to act promptly, take the necessary legal steps to enforce compliance therewith.

HISTORY:
Laws 1959, p. 2044.

430 ILCS 105/8 [Exceptions]

The provisions of this Act shall not apply to employees or officials of the State of Illinois or any other public agency engaged in the construction or maintenance of highways and bridges.

HISTORY:
Laws 1959, p. 2044.

EXCAVATION FENCE ACT

Section

Section

430 ILCS 165/0.01 Short title

This Act may be cited as the Excavation Fence Act.

HISTORY:
P.A. 86-1324; 97-1108, § 99-5.

430 ILCS 165/1 [Excavation fencing required]

Any person, corporation or partnership which either owns, or maintains, or uses, or abandons any open well, cesspool, cistern, quarry, recharging basin, catch basin, sump, excavation for the erection of any building structure or excavation created by the razing or removal of any building structure without covering or surrounding such installation with protective fencing is guilty of a Class C misdemeanor. The provisions of this Act shall not apply during the course of repair, construction, removal or filling of any of the structures or conditions herein described while any worker is present at the location thereof either performing services thereon or as a watchman to guard such location.

HISTORY:
P.A. 81-992; 97-1108, § 99-5.

CHAPTER 505

AGRICULTURE

Farmland Preservation Act
Illinois Noxious Weed Law

FARMLAND PRESERVATION ACT

Section

505 ILCS 75/1 Short Title

This Act shall be known and may be cited as the "Farmland Preservation Act."

HISTORY:
P.A. 82-945.

505 ILCS 75/2 Legislative Findings and Intent

The natural resources of Illinois — land, minerals, water, and air — are both finite and fragile. In the absence of wise use and consistent management practices, these resources are threatened by irreversible damage or loss. Protection of the State's natural resources is essential to guard the public health, safety, and welfare, and to assure an adequate natural resource supply and quality for use and enjoyment by future generations.

Since World War II, the amount of Illinois land dedicated to agriculture has steadily declined at an average rate of approximately 100,000 acres per year. This substantial loss of farmlands is the equivalent of eight average-sized Illinois counties. If this trend continues, the State will lose the equivalent of another five or six counties by the end of the century.

The conversion and loss of agricultural land has diminished Illinois' cropland base and affects environmental quality. The supply of land most suitable for farming is finite. Conversion of this land to urban development and other non-farm uses reduces future food production capability and may ultimately undermine agriculture as a major economic activity in Illinois. With less prime farmland available there will tend to be greater reliance on marginally productive land, resulting in greater soil erosion, increased fertilizer requirements and increased environmental damage. Loss of agricultural land can also reduce the beneficial role which the land itself can play. Agricultural land reduces runoff by absorbing precipitation, aids in replenishing groundwater supplies and can buffer environmentally sensitive areas from encroaching development.

The importance of preserving our agricultural land base has been recognized by the Illinois Rural Planning Council, the Task Force on the Future of Illinois, and in the State's "Comprehensive Growth and Resource Conservation Policies." Each of these efforts recommends that the State minimize the conversion of prime farmland that results from the direct or indirect effects of State programs and also encourages the achievement of related goals, such as reducing the loss of soil through erosion.

HISTORY:
P.A. 82-945.

505 ILCS 75/3 [Inter-Agency Committee on Farmland Preservation created]

An Inter-Agency Committee on Farmland Preservation is created. The Directors or Chairpersons of the following agencies, or their representatives, shall serve as members of the Committee:

(a) the Capital Development Board;

(b) the Department of Natural Resources;

(c) the Department of Commerce and Economic Opportunity;

(d) the Environmental Protection Agency;

(e) the Department of Transportation;

(f) the Governor's Office of Management and Budget;

(g) the Illinois Commerce Commission; and

(h) the Department of Agriculture.

The Director of the Department of Agriculture, or his representative, shall serve as chairman.

HISTORY:
P.A. 82-945; 89-445, § 9A-59; 94-793, § 830.

505 ILCS 75/4 [Policy statements; working agreements]

The Inter-Agency Committee on Farmland Preservation shall prepare policy statements and working agreements for each of the agencies named in Section 3 of this Act [505 ILCS 75/3] specifying the policy of that agency toward farmland preservation and the administrative process used to implement that policy. The policy statements and working agreements shall be prepared as rules for the administration of the program. The policy statement shall include, but not be limited to, an analysis of the impact of agricultural land conversions attributed to the agency's programs, regulations, procedures and operations. The policy statement shall also detail measures that can be implemented to mitigate con-

versions to the maximum extent practicable. The State Agency policy statements and working agreements on farmland preservation shall be submitted to the Governor and the General Assembly and shall be updated by the State agency, and reviewed and approved by the Department of Agriculture, every 3 years. State agency policy statements and working agreements prepared in response to Executive Order Number 4 on the Preservation of Farmland and submitted to the Governor shall remain in effect upon this Act becoming law.

HISTORY:
P.A. 82-945.

505 ILCS 75/5 [Capital project; conversion of farmland to nonagricultural purposes]

Except as provided in the working agreement between the Director of Agriculture and each State agency listed in Section 3 of this Act [505 ILCS 75/3], when any State agency participates in a State funded capital project which will lead to conversion of farmland to nonagricultural purposes, the agency shall deliver written notification of the project to the Director of the Department of Agriculture.

The Director of Agriculture shall determine whether the project is in compliance with the agency's policy statements and working agreements on farmland preservation and shall conduct a study of the agricultural impacts if the project is not in compliance.

No agency may commit State funds for land acquisition or construction unless it is provided for in an exception contained in that agency's working agreement or until the study of agricultural impacts has been completed by the Department of Agriculture.

If the Director of Agriculture determines that a study of the agricultural impacts is necessary, the Department of Agriculture shall complete the study within 30 days of written notification by a State agency that it is considering a project which will result in conversion of farmland to a nonagricultural purpose. If the study is not completed within 30 days that agency may proceed with its intended action without the benefit of the study.

A copy of any study of agricultural impacts made pursuant to this Section shall be submitted to the Governor, to the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives, to the Director of each State agency participating in the project, and to each member of the Inter-Agency Committee on Farmland Preservation.

HISTORY:
P.A. 82-945.

505 ILCS 75/6 [Administration of Act; annual report to Governor]

The Department of Agriculture shall administer this Act and report annually to the Governor and to the General Assembly the amount of farmland converted to nonagricultural uses as a result of State action.

The Department may seek the assistance and cooperation of other agencies of State government in compiling the data for this report.

The Department shall formulate rules and regulations for the implementation of this Act.

HISTORY:
P.A. 82-945.

505 ILCS 75/7 [Exemptions]

This Act shall not apply to those projects for which, on the effective date of this Act, (a) a final public hearing has been held or (b) design approval has been given by the responsible State agency or by the federal agency which is providing all or part of the project funds.

HISTORY:
P.A. 82-945.

505 ILCS 75/8 [Effective date]

This Act shall take effect upon becoming law.

HISTORY:
P.A. 82-945.

ILLINOIS NOXIOUS WEED LAW

Section

505 ILCS 100/1 [Short title]

This Act shall be known and may be cited as the Illinois Noxious Weed Law.

HISTORY:
P.A. 77-1037.

505 ILCS 100/2 [Definitions]

As used in this Act:

(1) "Person" means any individual, partnership, firm, corporation, company, society, association, the State or any department, agency, or subdivision thereof, or any other entity.

(2) "Control", "controlled" or "controlling" includes being in charge of or being in possession, whether as owner, lessee, renter, or tenant, under statutory authority, or otherwise.

(3) "Director" means the Director of the Department of Agriculture of the State of Illinois, or his or her duly appointed representative.

(4) "Department" means the Department of Agriculture of the State of Illinois.

(5) "Noxious weed" means any plant which is determined by the Director, the Dean of the College of Agricultural, Consumer and Environmental Sciences of the University of Illinois and the Director of the Agricultural Experiment Station at the University of Illinois, to be injurious to public health, crops, livestock, land or other property. "Noxious weed" does not include industrial hemp as defined and authorized under the Industrial Hemp Act [505 ILCS 89/1 et seq.].

(6) "Control Authority" means the governing body of each county, and shall represent all rural areas and cities, villages and townships within the county boundaries.

(7) "Applicable fund" means the fund current at the time the work is performed or the money is received.

HISTORY:
P.A. 77-1037; 99-539, § 5; 2018 P.A. 100-1091, § 900, effective August 26, 2018.

505 ILCS 100/3 [Individual responsibility]

Every person shall control the spread of and eradicate noxious weeds on lands owned or controlled by him and use such methods for that purpose and at such times as are approved and adopted by the Director of the Department of Agriculture.

HISTORY:
P.A. 77-1037.

505 ILCS 100/4 [Enforcement; List of Noxious Weeds; Rules and Regulations]

The duty of enforcing this Act and carrying out its provisions is vested in the Director, and the authorities designated in this Act acting under the supervision and direction of the Director. If a Control Authority fails to carry out its duties and responsibilities under this Act or fails to follow the Department's rules, the Director shall enforce this Act or rules by sending a Notice of Noncompliance to the Control Authority. The Director, the Dean of the College of Agricultural, Consumer and Environmental Sciences of the University of Illinois and the Director of the Agricultural Experiment Station at the University of Illinois, shall determine what weeds are noxious for the purposes of this Act, and shall compile and keep current a list of such noxious weeds, which list shall be published and incorporated in the rules and regulations of the Department. The Director shall, from time to time, adopt and publish methods as official for control and eradication of noxious weeds and make and publish such rules and regulations as in his judgment are necessary to carry out the provisions of this Act.

HISTORY:
P.A. 77-1037; 99-539, § 5.

505 ILCS 100/5 [Director's powers]

The Director is authorized to investigate the subject of noxious weeds; to require information and reports from any Control Authority as to the presence of noxious weeds and other information relative to noxious weeds and the control and eradication thereof in localities where such Control Authority has jurisdiction; to cooperate with Control Authorities in carrying out other acts administered by him; to cooperate with agencies of Federal and State Governments and persons, in carrying out his duties under this Act, and, with the consent of the Governor, in the conduct of investigations outside this State in the interest of the protection of the agricultural industry of this State from noxious weeds not generally distributed therein; with the consent of the Federal agency involved, to control and eradicate noxious weeds on Federal lands within this State, with or without reimbursement, when deemed by him to be necessary to an effective weed control and eradication program; to advise and confer as to the extent of noxious weed infestations and the methods determined best suited to the control and eradication thereof; to call and attend meetings and conferences dealing with the subject of noxious weeds; to disseminate information and conduct educational campaigns with respect to control and eradication of noxious weeds; to procure materials and equipment and employ personnel necessary to carry out his duties and responsibilities; and to perform such other acts as may be necessary or appropriate to the administration of this Act.

HISTORY:
P.A. 77-1037.

505 ILCS 100/7 [Control Authority; duties and responsibilities]

Each Control Authority shall carry out the duties and responsibilities vested in it under this Act with respect to land under its jurisdiction in accordance with rules and regulations prescribed by the Department. Such duties shall include the establishment, under the general direction of the Control Authority,

of a coordinated program for control and eradication of noxious weeds within the county.

A Control Authority may cooperate with any person in carrying out its duties and responsibilities under this Act.

HISTORY:
P.A. 77-1037.

505 ILCS 100/8 [Weed Control Superintendents; compliance; reports]

Each Control Authority may employ one or more Weed Control Superintendents who shall be certified by the Director to be qualified to detect and treat noxious weeds. The same person may be a Weed Control Superintendent for more than one Control Authority. Such employment may be for such tenure, and at such rates of compensation and reimbursement for travel expenses, as the Control Authority may prescribe. Each Weed Control Superintendent may be bonded for such sum as the Control Authority may prescribe.

Each Control Authority shall examine all land under its jurisdiction for the purpose of determining whether the provisions of this Act and the regulations of the Director have been complied with; compile such data on infested areas and areas eradicated and such other reports as the Director or Control Authority may require; consult and advise upon matters pertaining to the best and most practical methods of noxious weed control and eradication, and render assistance and direction for the most effective control and eradication; investigate or aid in the investigation and prosecution of any violation of this Act. Control Authorities may cooperate and assist one another to the extent practicable in the carrying out of a coordinated control and eradication program within their counties.

HISTORY:
P.A. 77-1037.

505 ILCS 100/9 [Notices for control and eradication of noxious weeds]

Notices for control and eradication of noxious weeds shall be on a form prescribed by the Director and shall consist of 2 kinds: general notices and individual notices. Failure to publish general weed notices or to serve individual notices as provided in this Section does not relieve any person from the necessity of full compliance with this Act and regulations thereunder. In all cases such published notice is legal and sufficient notice.

General notice shall be published by each Control Authority, or any combination of Control Authorities among counties, in one or more legal newspapers of general circulation throughout the area, or areas, over which the Control Authority, or Control Authorities, have jurisdiction at such times as the Director may direct or the Control Authority may determine.

Whenever any Control Authority finds it necessary to secure more prompt or definite control or eradication of noxious weeds than is accomplished by the general published notice, it shall serve individual notices upon the person owning and the person controlling such land, and give notification of such notice to the record owner of any encumbrance thereon, giving specific instructions and methods when and how certain named weeds are to be controlled or eradicated.

HISTORY:
P.A. 77-1037.

505 ILCS 100/10 [Failure to control or eradicate]

Whenever the owner or person in control of the land on which noxious weeds are present has neglected or failed to control or eradicate them as required in this Act and any notice is given pursuant to Section 9 [505 ILCS 100/9], the Control Authority having jurisdiction shall have proper control and eradication methods used on such land, and shall advise the owner, person in control, and record holder of any encumbrance of the cost incurred in connection with such operation. The cost of any such control or eradication shall be at the expense of the owner. If unpaid for 6 months, or longer, the amount of such expense shall become a lien upon the property. Nothing contained in this Section shall be construed to require satisfaction of the obligation imposed hereby in whole or in part from the sale of the property or to bar the application of any other additional remedy otherwise available. Amounts collected under this Section shall be deposited in the Noxious Weed Control Fund or other appropriate general fund of the Control Authority.

HISTORY:
P.A. 77-1037.

505 ILCS 100/11 [Quarantine]

When it appears to a Control Authority that upon any tract of land under its jurisdiction there is an infestation of noxious weeds beyond the ability of the owner and the person in control of such land to eradicate, the Control Authority, with the approval of the Director, may quarantine such land and put into immediate operation the necessary means for the eradication of such noxious weeds. The Control Authority shall, prior to the entry upon such land, serve individual notices on the owner and the person in control thereof and the record owner of any encumbrance thereon of such quarantine and entry, and shall also advise such persons of the completion of the eradication operation, and the cost thereof. The expense of such quarantine and eradication shall be borne as follows: 1/2 from the Noxious Weed Control Fund or other appropriate general fund of the Control Authority; and 1/2 from the person owning such

land, which may be collected and deposited as provided in Section 10 [505 ILCS 100/10].

HISTORY:
P.A. 77-1037.

505 ILCS 100/12 [Cost of controlling and eradicating; payment]

The cost of controlling and eradicating noxious weeds on all land, including highways, roadways, streets, alleys and rights-of-way, owned or controlled by a State department, agency, commission or board shall be paid by the State department, agency, commission or board in control thereof out of funds appropriated to its use.

The cost of controlling and eradicating noxious weeds on all land including highways, roadways, streets, alleys and rights-of-way, owned or controlled by a Control Authority shall be paid by the Control Authority in control thereof out of the Noxious Weed Control Fund, and until the establishment of such Fund, out of the general funds of such Control Authority. Until the establishment of the Noxious Weed Control Fund by a Control Authority, the cost of controlling and eradicating noxious weeds on all land, including highways, roadways, streets, alleys and rights-of-way, owned or controlled by a township or city or other municipal corporation shall be paid by the township or city or other municipal corporation in control thereof out of the general funds of such township or city or other municipal corporation. After the establishment of the Noxious Weed Control Fund of the county in which such township or city is located, such cost shall be paid from the Noxious Weed Control Fund of such county.

HISTORY:
P.A. 77-1037.

505 ILCS 100/13 [Controlling and eradicating without cost to owner]

Notwithstanding any other provisions of this Act relating to payment of cost, when determined by a Control Authority to be justified in the interest of an effective weed control program, such Control Authority may control and eradicate noxious weeds on land under its jurisdiction, without cost to the owner or person in control thereof.

HISTORY:
P.A. 77-1037.

505 ILCS 100/14 [Dissemination of Noxious Weeds Through any Article]

To prevent the dissemination of noxious weeds through any article, including machinery, equipment, plants, materials and other things, the Director, in consultation with the Dean of the College of Agricultural, Consumer and Environmental Sciences of the University of Illinois and the Director of the Agricultural Experiment Station at the University of Illinois, shall, from time to time, publish a list of noxious weeds which may be disseminated through articles and a list of articles capable of disseminating such weeds, and designate treatment of such articles as, in his opinion, would prevent such dissemination. Until such article is treated in accordance with the applicable regulations, it shall not be moved from such premises except under and in accordance with the written permission of the Control Authority having jurisdiction of the area in which such article is located, and the Control Authority may hold or prevent its movement from such premises. The movement of any such article which has not been so decontaminated, except in accordance with such written permission, may be stopped by the Control Authority having jurisdiction over the place in which such movement is taking place and further movement and disposition shall only be in accordance with such Control Authority's direction.

HISTORY:
P.A. 77-1037; 99-539, § 5.

505 ILCS 100/15 [Noxious Weed Control Fund]

A Noxious Weed Control Fund may be established as provided in Section 16 [505 ILCS 100/16] for each Control Authority, without fiscal year limitation, which shall be available for expenses authorized to be paid from such Fund, including the necessary expenses of the Control Authority in carrying out its duties and responsibilities under this Act. The Weed Control Superintendents within the county shall ascertain each year the approximate amount of land within the county infested with noxious weeds, and the location thereof, and transmit such information to the Director and the Control Authority. On the basis of such information the Control Authority shall make payments from the Noxious Weed Control Fund. If a Noxious Weed Control Fund is not established as provided in Section 16, the expenses authorized to be paid from such Fund shall be paid out of any other appropriate general fund of the Control Authority.

HISTORY:
P.A. 77-1037.

505 ILCS 100/17 [Control Authority; purchase of necessary materials and equipment]

Control Authorities, independently or in combination, may purchase or provide for needed or necessary materials, machinery and equipment, including the cost of operation and depreciation of such machinery and equipment, for the control and eradication of weeds as provided in Sections 10 and 11 [505 ILCS 100/10 and 505 ILCS 100/11], whether or not declared noxious on land owned or controlled by them or on other land under their jurisdiction. All funds received from such control and eradication of weeds shall be deposited in the Noxious Weed Con-

trol Fund or other appropriate general fund of the Control Authority. Each Control Authority shall keep a record showing the procurement, sale and rental of materials, machinery and equipment, which record shall be open to inspection by citizens of this State. A Control Authority may use any equipment or material procured as provided for in this Section upon lands owned or directly controlled by it, or owned or controlled by a township or city which is not a Control Authority, for the treatment and eradication of weeds which have not been declared noxious.

HISTORY:
P.A. 77-1037.

505 ILCS 100/18 [Protest]

If any person is dissatisfied with the amount of any charge made against him by a Control Authority for control or eradication work, he may, within 5 days after being advised of the amount of the charge, file a protest with the Director. The Director shall hold a hearing thereon and has the power to adjust or affirm such charge.

HISTORY:
P.A. 77-1037.

505 ILCS 100/19 [Judicial review]

All final administrative decisions of the Director or his representative are subject to judicial review under the Administrative Review Law [735 ILCS 5/3-101 et seq.]. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure [735 ILCS 5/3-101]. The filing for judicial review shall stay the order of the Director or his representative pending disposition of the order on judicial review. The court, upon its own initiative or upon motion by the Director, may in its discretion, when it deems it necessary to protect the interests involved, require the posting of additional bond in an amount it deems advisable, as a prerequisite to judicial review.

HISTORY:
P.A. 82-783.

505 ILCS 100/20 [Authority to enter land and take specimens]

The Director, any Control Authority, Weed Control Superintendent, or anyone authorized thereby, may enter upon all land under their jurisdiction for the purpose of performing their duties and exercising their powers under this Act, including the taking of specimens of weeds or other materials, without the consent of the person owning or controlling such land and without being subject to any action for trespass or damages, if reasonable care is exercised.

HISTORY:
P.A. 77-1037.

505 ILCS 100/21 [Individual notices; service]

All individual notices, service of which is provided for in this Act, shall be in writing. Service of such notices shall be in the same manner as service of a summons in a civil action in the circuit court or by certified mail to the last known address to be ascertained, if necessary, from the last tax list.

HISTORY:
P.A. 77-1037.

505 ILCS 100/22 [Penalty]

Any person violating any provision of this Act or any regulation issued hereunder is guilty of a petty offense and shall be fined not more than $100 for the first offense and not more than $200 for each subsequent offense.

HISTORY:
P.A. 78-255.

505 ILCS 100/23 [Participation in noxious weed control program]

The Director may participate in any noxious weed control program and, when called upon to do so by any such program, may use any funds available to him for the purposes of this Act in the matching of any federal funds made available to this State.

HISTORY:
P.A. 77-1037.

505 ILCS 100/24 [Severability]

If any Section or provision of this Act is declared invalid for any reason, such invalidity shall not affect or impair any of the remaining Sections or provisions of the Act which can be given effect without the invalid Section or provision, and to this end the Sections and provisions of this Act are declared to be severable.

CHAPTER 520

WILDLIFE

Wildlife Code
Illinois Endangered Species Protection Act

WILDLIFE CODE

II. Game Protective Regulations

ARTICLE II. GAME PROTECTIVE REGULATIONS

Additional Provisions

Section
520 ILCS 5/2.31 [Taking wild birds or mammals on highways]
520 ILCS 5/2.33 Prohibitions. [Effective until January 1, 2023]
520 ILCS 5/2.33 Prohibitions. [Effective January 1, 2023]

ADDITIONAL PROVISIONS

520 ILCS 5/2.31 [Taking wild birds or mammals on highways]

Except as provided in Section 2.30 [520 ILCS 5/2.30], it shall be unlawful for any person to take or attempt to take wild birds or wild mammals along, upon, across, or from any public right-of-way or highway in this State.

HISTORY:
P.A. 77-1781; 97-628, § 5.

520 ILCS 5/2.33 Prohibitions. [Effective until January 1, 2023]

(a) It is unlawful to carry or possess any gun in any State refuge unless otherwise permitted by administrative rule.

(b) It is unlawful to use or possess any snare or snare-like device, deadfall, net, or pit trap to take any species, except that snares not powered by springs or other mechanical devices may be used to trap fur-bearing mammals, in water sets only, if at least one-half of the snare noose is located underwater at all times.

(c) It is unlawful for any person at any time to take a wild mammal protected by this Act from its den by means of any mechanical device, spade, or digging device or to use smoke or other gases to dislodge or remove such mammal except as provided in Section 2.37 [520 ILCS 5/2.37].

(d) It is unlawful to use a ferret or any other small mammal which is used in the same or similar manner for which ferrets are used for the purpose of frightening or driving any mammals from their dens or hiding places.

(e) (Blank).

(f) It is unlawful to use spears, gigs, hooks or any like device to take any species protected by this Act.

(g) It is unlawful to use poisons, chemicals or explosives for the purpose of taking any species protected by this Act.

(h) It is unlawful to hunt adjacent to or near any peat, grass, brush or other inflammable substance when it is burning.

(i) It is unlawful to take, pursue or intentionally harass or disturb in any manner any wild birds or mammals by use or aid of any vehicle, conveyance, or unmanned aircraft as defined by the Illinois Aeronautics Act, except as permitted by the Code of Federal Regulations for the taking of waterfowl; except that nothing in this subsection shall prohibit the use of unmanned aircraft in the inspection of a public utility facility, tower, or structure or a mobile service facility, tower, or structure by a public utility, as defined in Section 3-105 of the Public Utilities Act, or a provider of mobile services as defined in Section 153 of Title 47 of the United States Code. It is also unlawful to use the lights of any vehicle or conveyance, any light connected to any vehicle or conveyance, or any other lighting device or mechanism from inside or on a vehicle or conveyance in any area where wildlife may be found except in accordance with Section 2.37 of this Act; however, nothing in this Section shall prohibit the normal use of headlamps for the purpose of driving upon a roadway. For purposes of this Section, any other lighting device or mechanism shall include, but not be limited to, any device that uses infrared or other light not visible to the naked eye, electronic image intensification, active illumination, thermal imaging, or night vision. Striped skunk, opossum, red fox, gray fox, raccoon, bobcat, and coyote may be taken during the open season by use of a small light which is worn on the body or hand-held by a person on foot and not in any vehicle.

(j) It is unlawful to use any shotgun larger than 10 gauge while taking or attempting to take any of the species protected by this Act.

(k) It is unlawful to use or possess in the field any shotgun shell loaded with a shot size larger than lead BB or steel T (.20 diameter) when taking or attempting to take any species of wild game mammals (excluding white-tailed deer), wild game birds, migratory waterfowl or migratory game birds protected by this Act, except white-tailed deer as provided for in Section 2.26 [520 ILCS 5/2.26] and other species as provided for by subsection (l) or administrative rule.

(*l*) It is unlawful to take any species of wild game, except white-tailed deer and fur-bearing mammals,

with a shotgun loaded with slugs unless otherwise provided for by administrative rule.

(m) It is unlawful to use any shotgun capable of holding more than 3 shells in the magazine or chamber combined, except on game breeding and hunting preserve areas licensed under Section 3.27 and except as permitted by the Code of Federal Regulations for the taking of waterfowl. If the shotgun is capable of holding more than 3 shells, it shall, while being used on an area other than a game breeding and shooting preserve area licensed pursuant to Section 3.27, be fitted with a one piece plug that is irremovable without dismantling the shotgun or otherwise altered to render it incapable of holding more than 3 shells in the magazine and chamber, combined.

(n) It is unlawful for any person, except persons who possess a permit to hunt from a vehicle as provided in this Section and persons otherwise permitted by law, to have or carry any gun in or on any vehicle, conveyance or aircraft, unless such gun is unloaded and enclosed in a case, except that at field trials authorized by Section 2.34 of this Act [520 ILCS 5/2.34], unloaded guns or guns loaded with blank cartridges only, may be carried on horseback while not contained in a case, or to have or carry any bow or arrow device in or on any vehicle unless such bow or arrow device is unstrung or enclosed in a case, or otherwise made inoperable unless in accordance with the Firearm Concealed Carry Act [430 ILCS 66/1 et seq.].

(o) (Blank).

(p) It is unlawful to take game birds, migratory game birds or migratory waterfowl with a rifle, pistol, revolver, or air rifle.

(q) It is unlawful to fire a rifle, pistol, revolver, or air rifle on, over, or into any waters of this State, including frozen waters.

(r) It is unlawful to discharge any gun or bow and arrow device along, upon, across, or from any public right-of-way or highway in this State.

(s) It is unlawful to use a silencer or other device to muffle or mute the sound of the explosion or report resulting from the firing of any gun.

(t) It is unlawful for any person to take or attempt to take any species of wildlife or parts thereof, or allow a dog to hunt, within or upon the land of another, or upon waters flowing over or standing on the land of another, or to knowingly shoot a gun or bow and arrow device at any wildlife physically on or flying over the property of another without first obtaining permission from the owner or the owner's designee. For the purposes of this Section, the owner's designee means anyone who the owner designates in a written authorization and the authorization must contain (i) the legal or common description of property for such authority is given, (ii) the extent that the owner's designee is authorized to make decisions regarding who is allowed to take or attempt to take any species of wildlife or parts thereof, and (iii) the owner's notarized signature. Before enforcing this Section the law enforcement officer must have received notice from the owner or the owner's designee of a violation of this Section. Statements made to the law enforcement officer regarding this notice shall not be rendered inadmissible by the hearsay rule when offered for the purpose of showing the required notice.

(u) It is unlawful for any person to discharge any firearm for the purpose of taking any of the species protected by this Act, or hunt with gun or dog, or allow a dog to hunt, within 300 yards of an inhabited dwelling without first obtaining permission from the owner or tenant, except that while trapping, hunting with bow and arrow, hunting with dog and shotgun using shot shells only, or hunting with shotgun using shot shells only, or providing outfitting services under a waterfowl outfitter permit, or on licensed game breeding and hunting preserve areas, as defined in Section 3.27, on federally owned and managed lands and on Department owned, managed, leased, or controlled lands, a 100 yard restriction shall apply.

(v) It is unlawful for any person to remove fur-bearing mammals from, or to move or disturb in any manner, the traps owned by another person without written authorization of the owner to do so.

(w) It is unlawful for any owner of a dog to allow his or her dog to pursue, harass or kill deer, except that nothing in this Section shall prohibit the tracking of wounded deer with a dog in accordance with the provisions of Section 2.26 of this Code.

(x) It is unlawful for any person to wantonly or carelessly injure or destroy, in any manner whatsoever, any real or personal property on the land of another while engaged in hunting or trapping thereon.

(y) It is unlawful to hunt wild game protected by this Act between one half hour after sunset and one half hour before sunrise, except that hunting hours between one half hour after sunset and one half hour before sunrise may be established by administrative rule for fur-bearing mammals.

(z) It is unlawful to take any game bird (excluding wild turkeys and crippled pheasants not capable of normal flight and otherwise irretrievable) protected by this Act when not flying. Nothing in this Section shall prohibit a person from carrying an uncased, unloaded shotgun in a boat, while in pursuit of a crippled migratory waterfowl that is incapable of normal flight, for the purpose of attempting to reduce the migratory waterfowl to possession, provided that the attempt is made immediately upon downing the migratory waterfowl and is done within 400 yards of the blind from which the migratory waterfowl was downed. This exception shall apply only to migratory game birds that are not capable of normal flight. Migratory waterfowl that are crippled may be taken only with a shotgun as regulated by subsection (j) of this Section using shotgun shells as regulated in subsection (k) of this Section.

(aa) It is unlawful to use or possess any device that may be used for tree climbing or cutting, while hunting fur-bearing mammals, excluding coyotes.

However, coyotes may not be hunted utilizing these devices during open season for deer except by properly licensed deer hunters.

(bb) It is unlawful for any person, except licensed game breeders, pursuant to Section 2.29 [520 ILCS 5/2.29] to import, carry into, or possess alive in this State any species of wildlife taken outside of this State, without obtaining permission to do so from the Director.

(cc) It is unlawful for any person to have in his or her possession any freshly killed species protected by this Act during the season closed for taking.

(dd) It is unlawful to take any species protected by this Act and retain it alive except as provided by administrative rule.

(ee) It is unlawful to possess any rifle while in the field during gun deer season except as provided in Section 2.26 and administrative rules.

(ff) It is unlawful for any person to take any species protected by this Act, except migratory waterfowl, during the gun deer hunting season in those counties open to gun deer hunting, unless he or she wears, when in the field, a cap and upper outer garment of a solid blaze orange color or solid blaze pink color, with such articles of clothing displaying a minimum of 400 square inches of blaze orange or solid blaze pink color material.

(gg) It is unlawful during the upland game season for any person to take upland game with a firearm unless he or she wears, while in the field, a cap of solid blaze orange color or solid blaze pink color. For purposes of this Act, upland game is defined as Bobwhite Quail, Hungarian Partridge, Ring-necked Pheasant, Eastern Cottontail and Swamp Rabbit.

(hh) It shall be unlawful to kill or cripple any species protected by this Act for which there is a bag limit without making a reasonable effort to retrieve such species and include such in the bag limit. It shall be unlawful for any person having control over harvested game mammals, game birds, or migratory game birds for which there is a bag limit to wantonly waste or destroy the usable meat of the game, except this shall not apply to wildlife taken under Sections 2.37 or 3.22 of this Code [520 ILCS 5/3.37 or 520 ILCS 5/3.22]. For purposes of this subsection, "usable meat" means the breast meat of a game bird or migratory game bird and the hind ham and front shoulders of a game mammal. It shall be unlawful for any person to place, leave, dump, or abandon a wildlife carcass or parts of it along or upon a public right-of-way or highway or on public or private property, including a waterway or stream, without the permission of the owner or tenant. It shall not be unlawful to discard game meat that is determined to be unfit for human consumption.

(ii) This Section shall apply only to those species protected by this Act taken within the State. Any species or any parts thereof, legally taken in and transported from other states or countries, may be possessed within the State, except as provided in this Section and Sections 2.35, 2.36 and 3.21 [520 ILCS 5/2.35, 520 ILCS 5/2.36 and 520 ILCS 5/3.21].

(jj) (Blank).

(kk) Nothing contained in this Section shall prohibit the Director from issuing permits to paraplegics or to other persons with disabilities who meet the requirements set forth in administrative rule to shoot or hunt from a vehicle as provided by that rule, provided that such is otherwise in accord with this Act.

(ll) Nothing contained in this Act shall prohibit the taking of aquatic life protected by the Fish and Aquatic Life Code [515 ILCS 5/1-1 et seq.] or birds and mammals protected by this Act, except deer and fur-bearing mammals, from a boat not camouflaged or disguised to alter its identity or to further provide a place of concealment and not propelled by sail or mechanical power. However, only shotguns not larger than 10 gauge nor smaller than .410 bore loaded with not more than 3 shells of a shot size no larger than lead BB or steel T (.20 diameter) may be used to take species protected by this Act.

(mm) Nothing contained in this Act shall prohibit the use of a shotgun, not larger than 10 gauge nor smaller than a 20 gauge, with a rifled barrel.

(nn) It shall be unlawful to possess any species of wildlife or wildlife parts taken unlawfully in Illinois, any other state, or any other country, whether or not the wildlife or wildlife parts is indigenous to Illinois. For the purposes of this subsection, the statute of limitations for unlawful possession of wildlife or wildlife parts shall not cease until 2 years after the possession has permanently ended.

HISTORY:

P.A. 86-920; 86-1039; 86-1354; 86-1475; 87-114; 87-296; 87-297; 87-895; 88-468, § 5; 88-598, § 5; 89-341, § 5; 90-743, § 5; 91-654, § 5; 92-325, § 5; 92-651, § 76; 93-807, § 5; 94-764, § 5; 95-196, § 5; 95-329, § 5; 95-876, § 290; 96-390, § 5; 97-645, § 5; 97-907, § 5; 98-119, § 5; 98-181, § 5; 98-183, § 5; 98-290, § 5; 98-756, § 645; 98-914, § 5; 99-33, § 5; 99-143, § 860; 99-642, § 520; 2017 P.A. 100-489, § 5, effective September 8, 2017; 2018 P.A. 100-949, § 5, effective January 1, 2019; 2021 P.A. 102-237, § 27, effective January 1, 2022; 2022 P.A. 102-837, § 25, effective May 13, 2022.

520 ILCS 5/2.33 Prohibitions. [Effective January 1, 2023]

(a) It is unlawful to carry or possess any gun in any State refuge unless otherwise permitted by administrative rule.

(b) It is unlawful to use or possess any snare or snare-like device, deadfall, net, or pit trap to take any species, except that snares not powered by springs or other mechanical devices may be used to trap fur-bearing mammals, in water sets only, if at least one-half of the snare noose is located underwater at all times.

(c) It is unlawful for any person at any time to take a wild mammal protected by this Act from its den by means of any mechanical device, spade, or digging device or to use smoke or other gases to dislodge or remove such mammal except as provided in Section 2.37 [520 ILCS 5/2.37].

(d) It is unlawful to use a ferret or any other small mammal which is used in the same or similar man-

ner for which ferrets are used for the purpose of frightening or driving any mammals from their dens or hiding places.

(e) (Blank).

(f) It is unlawful to use spears, gigs, hooks or any like device to take any species protected by this Act.

(g) It is unlawful to use poisons, chemicals or explosives for the purpose of taking any species protected by this Act.

(h) It is unlawful to hunt adjacent to or near any peat, grass, brush or other inflammable substance when it is burning.

(i) It is unlawful to take, pursue or intentionally harass or disturb in any manner any wild birds or mammals by use or aid of any vehicle or conveyance, except as permitted by the Code of Federal Regulations for the taking of waterfowl. It is also unlawful to use the lights of any vehicle or conveyance or any light from or any light connected to the vehicle or conveyance in any area where wildlife may be found except in accordance with Section 2.37 of this Act; however, nothing in this Section shall prohibit the normal use of headlamps for the purpose of driving upon a roadway. Striped skunk, opossum, red fox, gray fox, raccoon, bobcat, and coyote may be taken during the open season by use of a small light which is worn on the body or hand-held by a person on foot and not in any vehicle.

(j) It is unlawful to use any shotgun larger than 10 gauge while taking or attempting to take any of the species protected by this Act.

(k) It is unlawful to use or possess in the field any shotgun shell loaded with a shot size larger than lead BB or steel T (.20 diameter) when taking or attempting to take any species of wild game mammals (excluding white-tailed deer), wild game birds, migratory waterfowl or migratory game birds protected by this Act, except white-tailed deer as provided for in Section 2.26 [520 ILCS 5/2.26] and other species as provided for by subsection (l) or administrative rule.

(*l*) It is unlawful to take any species of wild game, except white-tailed deer and fur-bearing mammals, with a shotgun loaded with slugs unless otherwise provided for by administrative rule.

(m) It is unlawful to use any shotgun capable of holding more than 3 shells in the magazine or chamber combined, except on game breeding and hunting preserve areas licensed under Section 3.27 and except as permitted by the Code of Federal Regulations for the taking of waterfowl. If the shotgun is capable of holding more than 3 shells, it shall, while being used on an area other than a game breeding and shooting preserve area licensed pursuant to Section 3.27, be fitted with a one piece plug that is irremovable without dismantling the shotgun or otherwise altered to render it incapable of holding more than 3 shells in the magazine and chamber, combined.

(n) It is unlawful for any person, except persons who possess a permit to hunt from a vehicle as provided in this Section and persons otherwise permitted by law, to have or carry any gun in or on any vehicle, conveyance or aircraft, unless such gun is unloaded and enclosed in a case, except that at field trials authorized by Section 2.34 [520 ILCS 5/2.34] of this Act, unloaded guns or guns loaded with blank cartridges only, may be carried on horseback while not contained in a case, or to have or carry any bow or arrow device in or on any vehicle unless such bow or arrow device is unstrung or enclosed in a case, or otherwise made inoperable unless in accordance with the Firearm Concealed Carry Act [430 ILCS 66/1 et seq.].

(o) (Blank).

(p) It is unlawful to take game birds, migratory game birds or migratory waterfowl with a rifle, pistol, revolver or airgun.

(q) It is unlawful to fire a rifle, pistol, revolver or airgun on, over or into any waters of this State, including frozen waters.

(r) It is unlawful to discharge any gun or bow and arrow device along, upon, across, or from any public right-of-way or highway in this State.

(s) It is unlawful to use a silencer or other device to muffle or mute the sound of the explosion or report resulting from the firing of any gun.

(t) It is unlawful for any person to take or attempt to take any species of wildlife or parts thereof, intentionally or wantonly allow a dog to hunt, within or upon the land of another, or upon waters flowing over or standing on the land of another, or to knowingly shoot a gun or bow and arrow device at any wildlife physically on or flying over the property of another without first obtaining permission from the owner or the owner's designee. For the purposes of this Section, the owner's designee means anyone who the owner designates in a written authorization and the authorization must contain (i) the legal or common description of property for such authority is given, (ii) the extent that the owner's designee is authorized to make decisions regarding who is allowed to take or attempt to take any species of wildlife or parts thereof, and (iii) the owner's notarized signature. Before enforcing this Section the law enforcement officer must have received notice from the owner or the owner's designee of a violation of this Section. Statements made to the law enforcement officer regarding this notice shall not be rendered inadmissible by the hearsay rule when offered for the purpose of showing the required notice.

(u) It is unlawful for any person to discharge any firearm for the purpose of taking any of the species protected by this Act, or hunt with gun or dog, or intentionally or wantonly allow a dog to hunt, within 300 yards of an inhabited dwelling without first obtaining permission from the owner or tenant, except that while trapping, hunting with bow and arrow, hunting with dog and shotgun using shot shells only, or hunting with shotgun using shot shells only, or providing outfitting services under a waterfowl outfitter permit, or on licensed game breeding and hunting preserve areas, as defined in Section 3.27, on federally owned and managed lands and on

Department owned, managed, leased, or controlled lands, a 100 yard restriction shall apply.

(v) It is unlawful for any person to remove fur-bearing mammals from, or to move or disturb in any manner, the traps owned by another person without written authorization of the owner to do so.

(w) It is unlawful for any owner of a dog to knowingly or wantonly allow his or her dog to pursue, harass or kill deer, except that nothing in this Section shall prohibit the tracking of wounded deer with a dog in accordance with the provisions of Section 2.26 of this Code.

(x) It is unlawful for any person to wantonly or carelessly injure or destroy, in any manner whatsoever, any real or personal property on the land of another while engaged in hunting or trapping thereon.

(y) It is unlawful to hunt wild game protected by this Act between one half hour after sunset and one half hour before sunrise, except that hunting hours between one half hour after sunset and one half hour before sunrise may be established by administrative rule for fur-bearing mammals.

(z) It is unlawful to take any game bird (excluding wild turkeys and crippled pheasants not capable of normal flight and otherwise irretrievable) protected by this Act when not flying. Nothing in this Section shall prohibit a person from carrying an uncased, unloaded shotgun in a boat, while in pursuit of a crippled migratory waterfowl that is incapable of normal flight, for the purpose of attempting to reduce the migratory waterfowl to possession, provided that the attempt is made immediately upon downing the migratory waterfowl and is done within 400 yards of the blind from which the migratory waterfowl was downed. This exception shall apply only to migratory game birds that are not capable of normal flight. Migratory waterfowl that are crippled may be taken only with a shotgun as regulated by subsection (j) of this Section using shotgun shells as regulated in subsection (k) of this Section.

(aa) It is unlawful to use or possess any device that may be used for tree climbing or cutting, while hunting fur-bearing mammals, excluding coyotes.

(bb) It is unlawful for any person, except licensed game breeders, pursuant to Section 2.29 [520 ILCS 5/2.29] to import, carry into, or possess alive in this State any species of wildlife taken outside of this State, without obtaining permission to do so from the Director.

(cc) It is unlawful for any person to have in his or her possession any freshly killed species protected by this Act during the season closed for taking.

(dd) It is unlawful to take any species protected by this Act and retain it alive except as provided by administrative rule.

(ee) It is unlawful to possess any rifle while in the field during gun deer season except as provided in Sections 2.25 and 2.26 and administrative rules.

(ff) It is unlawful for any person to take any species protected by this Act, except migratory waterfowl, during the gun deer hunting season in those counties open to gun deer hunting, unless he or she wears, when in the field, a cap and upper outer garment of a solid blaze orange color or solid blaze pink color, with such articles of clothing displaying a minimum of 400 square inches of blaze orange or solid blaze pink color material.

(gg) It is unlawful during the upland game season for any person to take upland game with a firearm unless he or she wears, while in the field, a cap of solid blaze orange color or solid blaze pink color. For purposes of this Act, upland game is defined as Bobwhite Quail, Hungarian Partridge, Ring-necked Pheasant, Eastern Cottontail and Swamp Rabbit.

(hh) It shall be unlawful to kill or cripple any species protected by this Act for which there is a bag limit without making a reasonable effort to retrieve such species and include such in the bag limit. It shall be unlawful for any person having control over harvested game mammals, game birds, or migratory game birds for which there is a bag limit to wantonly waste or destroy the usable meat of the game, except this shall not apply to wildlife taken under Sections 2.37 or 3.22 of this Code [520 ILCS 5/3.37 or 520 ILCS 5/3.22]. For purposes of this subsection, "usable meat" means the breast meat of a game bird or migratory game bird and the hind ham and front shoulders of a game mammal. It shall be unlawful for any person to place, leave, dump, or abandon a wildlife carcass or parts of it along or upon a public right-of-way or highway or on public or private property, including a waterway or stream, without the permission of the owner or tenant. It shall not be unlawful to discard game meat that is determined to be unfit for human consumption.

(ii) This Section shall apply only to those species protected by this Act taken within the State. Any species or any parts thereof, legally taken in and transported from other states or countries, may be possessed within the State, except as provided in this Section and Sections 2.35, 2.36 and 3.21 [520 ILCS 5/2.35, 520 ILCS 5/2.36 and 520 ILCS 5/3.21].

(jj) (Blank).

(kk) Nothing contained in this Section shall prohibit the Director from issuing permits to paraplegics or to other persons with disabilities who meet the requirements set forth in administrative rule to shoot or hunt from a vehicle as provided by that rule, provided that such is otherwise in accord with this Act.

(ll) Nothing contained in this Act shall prohibit the taking of aquatic life protected by the Fish and Aquatic Life Code [520 ILCS 5/2.35, 520 ILCS 5/2.36 and 520 ILCS 5/3.21].or birds and mammals protected by this Act, except deer and fur-bearing mammals, from a boat not camouflaged or disguised to alter its identity or to further provide a place of concealment and not propelled by sail or mechanical power. However, only shotguns not larger than 10 gauge nor smaller than .410 bore loaded with not more than 3 shells of a shot size no larger than lead

BB or steel T (.20 diameter) may be used to take species protected by this Act.

(mm) Nothing contained in this Act shall prohibit the use of a shotgun, not larger than 10 gauge nor smaller than a 20 gauge, with a rifled barrel.

(nn) It shall be unlawful to possess any species of wildlife or wildlife parts taken unlawfully in Illinois, any other state, or any other country, whether or not the wildlife or wildlife parts is indigenous to Illinois. For the purposes of this subsection, the statute of limitations for unlawful possession of wildlife or wildlife parts shall not cease until 2 years after the possession has permanently ended.

(oo) It is unlawful while deer hunting:

(1) to possess or be in close proximity to a rifle that is not centerfire; or

(2) be in possession of or in close proximity to a magazine that is capable of making a rifle not a single shot.

ILLINOIS ENDANGERED SPECIES PROTECTION ACT

Section

520 ILCS 10/1 [Short title]

This Act shall be known and may be cited as the "Illinois Endangered Species Protection Act".

HISTORY:

P.A. 77-2186.

520 ILCS 10/2 [Definitions]

As used in this Act the following words have the following meanings:

"Board" means the Endangered Species Protection Board created by this Act.

"Conservation" means to use and the use of all methods and procedures which are necessary to bring any endangered species or threatened species to the point at which the measures provided pursuant to this Act are no longer necessary. Such methods and procedures include, but are not limited to, all activities associated with scientific resources management such as research, census, law enforcement, habitat acquisition and maintenance, propagation and transplantation.

"Department" means the Department of Natural Resources and "Director" means the Director of that Department.

"Endangered Species" means any species of plant or animal classified as endangered under the Federal Endangered Species Act of 1973, P.L. 93-205, and amendments thereto [16 U.S.C. § 1531 et seq.], plus such other species which the Board may list as in danger of extinction in the wild in Illinois due to one or more causes including but not limited to, the destruction, diminution or disturbance of habitat, overexploitation, predation, pollution, disease, or other natural or manmade factors affecting its prospects of survival.

"Threatened Species" means any species of plant or animal classified as threatened under the Federal Endangered Species Act of 1973, P.L. 93-205, and amendments thereto, plus such other species which the Board may list as likely to become endangered in the wild in Illinois within the foreseeable future.

"Animal" means those organisms commonly included in the science of zoology and generally distinguished from plants by possession of a nervous system and the ability to move from place to place, including all invertebrates such as sponges and mollusks as well as vertebrates such as fishes, amphibians, reptiles, birds, and mammals.

"Animal Product" means the fur, hide, skin, teeth, feathers, tusks, claws, eggs, nests or the body or any portion thereof whether in a green or raw state or as a product manufactured or refined from an animal protected under this Act or under rules issued pursuant to this Act.

"Plant" means any organism not considered to be an animal, and shall include such organisms as algae, fungi, bryophytes, and ferns, as well as flowering plants and conifers.

"Plant Product" means any plant body or part thereof removed from natural habitat, including seeds, fruits, roots, stems, flowers, leaves, or products made from any of these, including extracts or powders.

"Essential Habitat" means the specific ecological conditions required by an endangered or threatened species for its survival and propagation, or physical examples of these conditions.

"Take" means, in reference to animals and animal products, to harm, hunt, shoot, pursue, lure, wound, kill, destroy, harass, gig, spear, ensnare, trap, capture, collect, or to attempt to engage in such conduct. "Take" means, in reference to plants and plant products, to collect, pick, cut, dig up, kill, destroy, bury, crush, or harm in any manner.

"Illinois List" means a list of species of animals and plants listed by the Board as endangered or threatened.

"Person" means any individual, firm, corporation, partnership, trust, association, private entity, government agency, or their agents, and representatives.

HISTORY:
P.A. 84-1065; 89-445, § 9A-63.

520 ILCS 10/3 [Unlawful acts; permit required]

It is unlawful for any person:

(1) to possess, take, transport, sell, offer for sale, give or otherwise dispose of any animal or the product thereof of any animal species which occurs on the Illinois List, unless otherwise authorized by law;

(2) to deliver, receive, carry, transport or ship in interstate or foreign commerce plants listed as endangered by the federal government without a permit therefor issued by the Department as provided in Section 4 of this Act [520 ILCS 10/4];

(3) to take plants on the Illinois List without the express written permission of the landowner; or

(4) to sell or offer for sale plants or plant products of endangered species on the Illinois List.

HISTORY:
P.A. 84-1065; 91-357, § 221; 2021 P.A. 102-315, § 10, effective January 1, 2022.

520 ILCS 10/4 [Issuance of permit]

Upon receipt of proper application and approval of the same, the Department may issue to any qualified person a permit which allows the taking, possession, transport, purchase, or disposal of specimens or products of an endangered or threatened species of animal or federal endangered plant after the effective date of this Act for justified purposes, that will enhance the survival of the affected species by zoological, botanical or educational or for scientific purposes only. Rules for the issuance and maintenance of permits shall be promulgated by the Department after consultation with and written approval of the Board. The Department shall, upon notice and hearing, revoke the permit of any holder thereof upon finding that the person is not complying with the terms of the permit, the person is knowingly providing incorrect or inadequate information, the activity covered by the permit is placing the species in undue jeopardy, or for other cause.

HISTORY:
P.A. 84-1065; 98-752, § 900-10; 2021 P.A. 102-315, § 10, effective January 1, 2022.

520 ILCS 10/5 [Issuance of limited permit]

(a) Upon receipt of proper application and approval of same, the Department may issue a limited permit authorizing the possession, purchase or disposition of animals or animal products of an endangered or threatened species, or federal endangered plants to any person which had in its possession prior to the effective date of this Act such an item or which obtained such an item legally out-of-state. Such permit shall specifically name and describe each pertinent item possessed by the permit holder and shall be valid only for possession, purchase or disposition of the items so named. The Department may require proof that acquisition of such items was made before the effective date of this Act. The Department may also issue a limited permit authorizing the possession, purchase or disposition of live animals or such item to any person to whom a holder of a valid permit issued pursuant to this section gives, sells, or otherwise transfers the item named in the permit. Limited permits issued pursuant to this section shall be valid only as long as the item remains in the possession of the person to whom the permit was issued.

(b) The limited permit shall be revoked by the Department if it finds that the holder has received it on the basis of false information, is not complying with its terms, or for other cause.

HISTORY:
P.A. 84-1065; 98-752, § 900-10; 2021 P.A. 102-315, § 10, effective January 1, 2022.

520 ILCS 10/5.5 Incidental taking

(a) The Department may authorize, under prescribed terms and conditions, any taking otherwise prohibited by Section 3 [520 ILCS 10/3] if that taking is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity. No taking under this Section shall be authorized by the Department unless the applicant submits to the Department a conservation plan.

(b) The conservation plan shall include but not be limited to the following:

(1) a description of the impact that the proposed taking is likely to have on one or more species on the Illinois list;

(2) the steps the applicant or other parties will take to minimize and mitigate that impact and the funding that will be available to implement those steps, including but not limited to bonds, insurance, or escrow;

(3) what alternative actions to the taking the applicant considered and the reasons why those alternatives will not be used;

(4) data and information to assure that the proposed taking will not reduce the likelihood of the survival or recovery of the endangered species or threatened species in the wild within the State of Illinois, the biotic community of which the species is a part, or the habitat essential to the species' existence in Illinois;

(5) an implementing agreement that specifically names, and describes the obligations and responsibilities of, all the parties that will be involved in the taking as authorized by the permit; and

(6) any other measures that the Department may require as being necessary or appropriate for purposes of the plan.

(c) After reviewing the application for incidental taking and the conservation plan, the Department may authorize the incidental taking if the Department finds, in a written decision explaining its conclusions, that the taking will meet all of the following requirements:

(1) the taking will not be the purpose of, but will be only incidental to, the carrying out of an otherwise lawful activity;

(2) the parties to the conservation plan will, to the maximum extent practicable, minimize and mitigate the impact caused by the taking;

(3) the parties to the conservation plan will ensure that adequate funding for the conservation plan will be provided;

(4) based on the best available scientific data, the Department has determined that the taking will not reduce the likelihood of the survival or recovery of the endangered species or threatened species in the wild within the State of Illinois, the biotic community of which the species is a part, or the habitat essential to the species' existence in Illinois;

(5) any measures required under paragraph (6) of subsection (b) of this Section will be performed; and

(6) the public has received notice of the application and has had the opportunity to comment before the Department made any decision regarding the application.

(d) The Department may require that a party to the conservation plan make additional assurances that the requirements under items (b)(1) through (b)(6) of this Section will be met before authorizing incidental taking.

(e) The Department shall impose on the authorization for incidental taking any terms or conditions that the Department finds necessary to ensure that the requirements under items (b)(1) through (b)(6) of this Section will be met. These terms or conditions may include but are not limited to reporting or monitoring requirements.

(f) If an applicant is party to a Habitat Conservation Plan approved by the U.S. Fish and Wildlife Service pursuant to Section 10 of the Endangered Species Act of 1973, P.L. 93-205, and amendments thereto, the Department may authorize taking that is incidental to the carrying out of an otherwise lawful activity. Authorization shall be issued only if the provisions of the Habitat Conservation Plan are found to meet the requirements set forth in subsection (c) of this Section.

(g) If an applicant has been authorized to take an endangered or threatened species under the terms of a biological opinion issued by the U.S. Fish and Wildlife Service pursuant to Section 7 of the Endangered Species Act of 1973, P.L. 93-205, and amendments thereto or regulations implementing Section 7 (50 CFR Part 402), the Department may authorize taking that is incidental to the carrying out of an otherwise lawful activity. Authorization shall be issued only if the Department finds that the taking will not reduce the likelihood of the survival or recovery of the endangered species or threatened species in the wild within the State of Illinois, the biotic community of which the species is a part, or the habitat essential to the species' existence in Illinois.

HISTORY:
P.A. 91-556, § 5.

520 ILCS 10/6 [Endangered Species Protection Board]

There is created the Endangered Species Protection Board whose duties include listing, delisting, or change of listing status of species for the Illinois List, in consultation with and written approval by the Department, in accordance with the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.], on rules for listing species of animals or plants as endangered or threatened and delisting species of animals or plants as endangered or threatened, or changing their status.

The Board shall also advise the Department on methods of assistance, protection, conservation and management of endangered and threatened species and their habitats, and on related matters.

The Board shall be composed of 9 persons appointed by the Governor, and the Director as a non-voting member. Of the 9 appointed members at least 6 shall be persons who are recognized as naturalists by training, avocation or vocation. At least two of these shall be zoologists, at least one a botanist, and at least two ecologists. In making Board appointments, the Governor shall give consideration to recommendations of conservation groups.

Initially, 3 members shall be appointed for terms of 3 years, 3 for 2 years and 3 for 1 year. Thereafter, the terms of all appointive members shall be 3 years. Members shall serve until their successors are appointed. Any vacancy occurring in the position of an appointive member shall be filled by the Governor for the unexpired term.

Board meetings shall be called at regular intervals set by the Board, on the request of the Department, or upon written notice signed by at least 5 members of the Board, but in no event less than once quarterly. The place of the meeting shall be determined at the convenience of the Board and the Department. A quorum shall consist of 5 appointed members.

Members of the Board shall serve without compensation but shall be reimbursed for actual expenses incurred in the performance of their duties.

The Board may without regard to the Personnel Code [20 ILCS 415/1 et seq.], employ and fix the compensation of necessary staff.

The Board shall select from its membership a chairman and such other officers as it considers necessary, and may name an Executive Committee to which it may grant specific powers.

The Board shall review and revise the Illinois List as warranted but in no case less frequently than

every 5 years. It shall prepare and make available a report of its accomplishments biennially.

HISTORY:
P.A. 84-1065.

520 ILCS 10/7 [Listing of endangered or threatened species]

Any species or subspecies of animal or plant designated as endangered or threatened by the Secretary of the Interior of the United States pursuant to the Endangered Species Act of 1973, P.L. 93-205, as amended [16 U.S.C. § 1531 et seq.], shall be automatically listed as an endangered or threatened species under this Act and thereby placed on the Illinois List by the Board without notice or public hearing. The Board may list, as endangered or threatened, species of animals or plants which have reproduced in or otherwise significantly used, as in migration or overwintering, the area which is now the State of Illinois, if there is scientific evidence that the species qualify as endangered or threatened as these terms are defined in this Act. The Board may delist any non-federally-listed species for which it finds satisfactory scientific evidence that its wild or natural populations are no longer endangered or threatened. Listing, delisting or change of listing status shall be made only after a public hearing.

Notice of such hearing shall be published at least 7 days before the hearing in a newspaper of general circulation throughout the state and shall be mailed to any person who has, in writing requested such notice from the agency holding the hearing. All persons heard or represented at a hearing and all persons who requested from the responsible agency notice of such hearing, shall be given a written summary of any action taken by the Board or Department relative to the hearing subject.

Upon listing or delisting or change of listing status by the Board, the Director shall file a certified copy of the names of the species so listed, delisted or changed with the Secretary of State as provided in "The Illinois Administrative Procedure Act", approved September 22, 1975, as amended [5 ILCS 100/1-1].

HISTORY:
P.A. 84-1065.

520 ILCS 10/8 [Search and seizure]

Any officer or agent authorized by the Department or any police officer of the State or of any unit of local government within the State of Illinois, may execute any warrant to search for and seize any goods, merchandise or animals, plants, or animal or plant products sold or offered for sale in violation of this Act, or any property or item used in connection with a violation of this Act, or to examine premises for determination of actions in violation of this Act. Seized goods, merchandise, animals, plants or their products shall be held pending proceedings in the circuit court. Upon conviction, such seized goods, merchandise or animals, plants, or their products shall be forfeited and, upon forfeiture, either offered to a recognized institution for scientific or educational purposes, or if a suitable depository is not located for such items, they shall be destroyed.

HISTORY:
P.A. 84-1065.

520 ILCS 10/9 [Criminal penalty]

Any person who violates any provision of this Act shall be guilty of a Class A misdemeanor.

HISTORY:
P.A. 77-2830.

520 ILCS 10/10 [Program under department; payment of fines]

The Endangered and Threatened Species Program shall be located within the Department of Conservation. All fines collected under this Act shall be paid to the State Treasurer and deposited in the Nongame Wildlife Conservation Fund.

HISTORY:
P.A. 84-1065.

520 ILCS 10/11 Conservation program; public policy; rules

(a) The Department, with the advice of the Board, shall actively plan and implement a program for the conservation of endangered and threatened species, by means which should include published data search, research, management, cooperative agreements with other agencies, identification, protection and acquisition of essential habitat, support of beneficial legislation, issuance of grants from appropriated funds, and education of the public.

(b) It is the public policy of all agencies of State and local governments to utilize their authorities in furtherance of the purposes of this Act by evaluating through a consultation process with the Department whether actions authorized, funded, or carried out by them are likely to jeopardize the continued existence of Illinois listed endangered and threatened species or are likely to result in the destruction or adverse modification of the designated essential habitat of such species, which policy shall be enforceable only by writ of mandamus; and where a State or local agency does so consult in furtherance of this public policy, such State or local agency shall be deemed to have complied with its obligations under the "Illinois Endangered Species Act" [520 ILCS 10/1 et seq.], provided the agency action shall not result in the killing or injuring of any Illinois listed animal species, or provided that authorization for taking a listed species has been issued under Section 4, 5, or 5.5 of this Act [520 ILCS 10/4, 520 ILCS 10/5, or 520 ILCS 10/5.5]. This paragraph (b) shall not apply to any project of a State agency on which a biological opinion has been issued (in accordance with Section 7 of

the Federal Endangered Species Act [16 U.S.C. § 1536]) prior to the effective date of this amendatory Act of 1985 stating that the action proposed by said project will not jeopardize the continued existence of any federal listed endangered or threatened species.

(c) The Department shall have the authority to adopt such rules as are reasonable and necessary to implement the provisions of this Act.

CHAPTER 605

ROADS AND BRIDGES

ILLINOIS HIGHWAY CODE

ARTICLE 1.

SHORT TITLE, LEGISLATIVE INTENT AND APPLICATION OF CODE

605 ILCS 5/1-101 [Short title]

This Act shall be known and may be cited as the Illinois Highway Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/1-102 [Legislative declaration] [Effective until July 1, 2023]

It is the intent and declared policy of the legislature that an integrated system of highways and streets is essential to the general welfare and to the agricultural, industrial, recreational, and social development of the State. In view of the rapid growth of the State's economy and increased use of public highways, the provision of safe and efficient highway transportation is a matter of public concern. It is the declared and continuous policy of the legislature to provide for improvement of highways and the highway transportation system as well as the preservation of investment in highways. To that end it is intended to provide for integrated and systematic planning and orderly development in accordance with actual needs. It is further declared that the provision of such a system with efficient management, operation, and control, and the elimination of congestion, accident reduction, and safety is an urgent problem and proper objective of highway legislation. It is further declared that highway transportation system development requires the cooperation of State, county, township, and municipal highway agencies and coordination of their activities on a continuous and partnership basis and the legislature intends such cooperative relationships to accomplish this purpose.

It is also the intent and declared policy of the legislature that no public moneys derived from fees, excises or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of such vehicles, shall be appropriated or expended other than for costs of administering the laws imposing such fees, excises and license taxes, statutory refunds and adjustments allowed thereunder, highway administrative costs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for, and the cost of construction, reconstruction, maintenance, repair and operation of public highways and bridges under the direction and supervision of the State, political subdivision or municipality collecting such moneys, and the costs for patrolling and policing the public highways (by State, political subdivision or municipality collecting such money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossings shall also be permissible.

P.A. 81-2nd S.S.-3.

605 ILCS 5/1-102 [Legislative declaration] [Effective July 1, 2023]

It is the intent and declared policy of the legislature that an integrated system of highways and

streets is essential to the general welfare and to the agricultural, industrial, recreational, and social development of the State. In view of the rapid growth of the State's economy and increased use of public highways, the provision of safe and efficient highway transportation is a matter of public concern. It is the declared and continuous policy of the legislature to provide for improvement of highways and the highway transportation system as well as the preservation of investment in highways. To that end it is intended to provide for integrated and systematic planning and orderly development in accordance with actual needs. It is further declared that the provision of such a system with efficient management, operation, and control, and the elimination of congestion, crash reduction, and safety is an urgent problem and proper objective of highway legislation. It is further declared that highway transportation system development requires the cooperation of State, county, township, and municipal highway agencies and coordination of their activities on a continuous and partnership basis and the legislature intends such cooperative relationships to accomplish this purpose.

It is also the intent and declared policy of the legislature that no public moneys derived from fees, excises or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of such vehicles, shall be appropriated or expended other than for costs of administering the laws imposing such fees, excises and license taxes, statutory refunds and adjustments allowed thereunder, highway administrative costs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for, and the cost of construction, reconstruction, maintenance, repair and operation of public highways and bridges under the direction and supervision of the State, political subdivision or municipality collecting such moneys, and the costs for patrolling and policing the public highways (by State, political subdivision or municipality collecting such money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossings shall also be permissible.

P.A. 81-2nd S.S.-3; 2022 P.A. 102-982, § 90, effective July 1, 2023.

605 ILCS 5/1-103 [Applicability of Code]

This Code applies to all public highways in the State of Illinois, except highways under the exclusive jurisdiction (1) of any department, board, commission or agency of this State other than the Department of Transportation or (2) of any municipal corporation other than a city, village or incorporated town.

HISTORY:
P.A. 77-173.

ARTICLE 2.

SYSTEMS OF HIGHWAYS — DEFINITIONS

Division 1. Systems of Highways

Division 2. Definitions

DIVISION 1.

SYSTEMS OF HIGHWAYS

605 ILCS 5/2-101 [State highway system]

The State highway system includes the following rural highways together with their municipal extensions except those not designated by a State highway route number and for which an agreement initiated by a local authority has been executed between the Department and the local authority providing for other jurisdictional responsibility:

(a) Highways constructed under the provisions of "An Act in relation to the construction by the State of Illinois of a state-wide system of durable hard surfaced roads upon public highways, of the State and the provision of means for the payment of the cost thereof by an issue of bonds of the State of Illinois", approved June 22, 1917, and under the provisions of "An Act in relation to the construction by the State of Illinois, of durable hard surfaced roads upon public highways of the State along designated routes, and the provision of means for the payment of the cost thereof by an issue of bonds of the State of Illinois", approved June 29, 1923;

(b) Highways constructed by the State as federal aid interstate highways or federal aid primary

highways under the provisions of "An Act in relation to the construction and maintenance of Federal-aid roads under and in accordance with an Act of Congress entitled, 'An Act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes', approved July 11, 1916, and known as the Federal Aid Road Act, as heretofore or hereafter amended by Congress and all Acts supplemental thereto", approved June 27, 1917, as amended.

(c) Highways constructed as federal aid secondary highways under the provisions of Section 11a of "An Act in relation to State highways", approved June 24, 1921, as amended, and for which maintenance responsibility has not been delegated to a county pursuant to an agreement between the Department and a county under the provisions of that Act.

(d) Highways constructed as State aid roads under the provisions of "An Act to revise the law in relation to roads and bridges", approved June 27, 1913, as amended, and accepted by the Department for maintenance under the provisions of Section 32 of that Act;

(e) Highways constructed under the provisions of Section 9 of the "Motor Fuel Tax Law", approved March 25, 1929, as amended, which the Department was directed to maintain by such Section 9;

(f) Highways constructed by the Department under the provisions of authority granted by any Act of the General Assembly prior to the effective date of this Code;

(g) Highways on which construction is completed after the effective date of this Code and which under the provisions of this Code become a part of the State highways system;

(h) Highways added to the State Highway system under the provisions of this Code.

HISTORY:
Laws 1967, p. 3065.

605 ILCS 5/2-102 [County highway system]

The county highway system includes the following highways:

(a) Highways which were State aid roads under the provisions of "An Act to revise the law in relation to roads and bridges", approved June 27, 1913, as amended, immediately prior to the effective date of this Code together with municipal extensions thereof constructed prior to such effective date and for which the county was responsible for maintenance, in whole or in part, under the provisions of Section 32 of that Act, Section 12 of "An Act in relation to State highways", approved June 24, 1921, as amended, or Section 9 of the "Motor Fuel Tax Law", approved March 25, 1929, as amended.

(b) Highways selected and improved as federal aid secondary highways under the provisions of Section 11a of "An Act in relation to State highways", approved June 24, 1921, as amended, which a county has agreed to maintain pursuant to an agreement between the Department and a county under the provisions of that Act.

(c) Highways on which construction is completed after the effective date of this Code and which under the provisions of this Code become a part of the county highway system.

(d) Highways added to the county highway system under the provisions of this Code.

(e) Any access road constructed under Section 10-22.36A of The School Code [105 ILCS 5/10-22.36A] and connecting school grounds with any highway described in the preceding paragraphs of this Section.

HISTORY:
P.A. 76-1500.

605 ILCS 5/2-103 [Township and district road system]

The township and district road system includes all rural roads to which this Code applies under Section 1-103 [605 ILCS 5/1-103] and which are not a part of the State highway system, county highway system or municipal street system, and includes any access road constructed under Section 10-22.36A of The School Code [105 ILCS 5/10-22.36A] which connects school grounds with such a rural road. The township and district road system also includes such nondedicated subdivision roads as have been maintained or improved, under Section 6-701.8 [605 ILCS 5/6-701.8], with motor fuel tax funds allocated for use in road districts.

HISTORY:
P.A. 78-1252; 78-1274.

605 ILCS 5/2-104 [Municipal street system]

The municipal street system of the several municipalities includes existing streets and streets hereafter established in municipalities which are not a part of the State highway system or county highway system, together with roads outside their corporate limits over which they have jurisdiction pursuant to this Code or any other statute, and includes any access road constructed under Section 10-22.36A of The School Code [105 ILCS 5/10-22.36A] which connects school grounds with such a street or road.

HISTORY:
P.A. 76-1500.

DIVISION 2.
DEFINITIONS

605 ILCS 5/2-201 [Terms used]

The terms used in this Code shall, for the purposes of this Code have the meanings ascribed to them in

this Division of this Article, except when the context otherwise requires.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-202 [Highway defined]

Highway-any public way for vehicular travel which has been laid out in pursuance of any law of this State, or of the Territory of Illinois, or which has been established by dedication, or used by the public as a highway for 15 years, or which has been or may be laid out and connect a subdivision or platted land with a public highway and which has been dedicated for the use of the owners of the land included in the subdivision or platted land where there has been an acceptance and use under such dedication by such owners, and which has not been vacated in pursuance of law.

The term "highway" includes rights of way, bridges, drainage structures, signs, guard rails, protective structures, shared-use paths for nonvehicular public travel, sidewalks, bike paths, and all other structures and appurtenances necessary or convenient for vehicular traffic. A highway in a rural area may be called a "road", while a highway in a municipal area may be called a "street".

HISTORY:
Laws 1959, p. 196; 2021 P.A. 102-452, § 10, effective August 20, 2021.

605 ILCS 5/2-203 [State highway defined]

State highway — any highway that is part of the State highway system described in Section 2-101 [605 ILCS 5/2-101].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-204 [County highway defined]

County highway — any highway that is part of the county highway system described in Section 2-102 [605 ILCS 5/2-102].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-205 [Township road defined]

Township road — any highway that is part of the township and district road system described in Section 2-103 [605 ILCS 5/2-103] and which, under the provisions of this Code, is under the immediate jurisdiction of a road district comprised of a single township in a county having township organization.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-206 [District road defined]

District road — any highway that is part of the township and district road system described in Section 2-103 [605 ILCS 5/2-103] and which, under the provisions of this Code, is under the immediate jurisdiction of a road district other than a road district comprised of a single township in a county having township organization.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-207 [Street defined]

Street — any highway that is part of the municipal street system described in Section 2-104 [605 ILCS 5/2-104].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-208 [Federal aid highway defined]

Federal aid highway — any highway heretofore or hereafter designated by the Department and approved by the appropriate authority of the federal government as such under the Federal Aid Road Act [23 U.S.C. § 101 et seq.].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-209 [Federal Aid Road Act defined]

Federal Aid Road Act — An Act of congress, approved July 11, 1916, entitled "An Act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes", as heretofore or hereafter amended by Congress and all Acts heretofore or hereafter enacted by Congress which are supplemental thereto [23 U.S.C. § 101 et seq.].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-210 [Construct defined; Construction defined]

Construct — Construction — The performance of all things necessary to build, rebuild or improve a highway, or part thereof, on an existing location or on a new location established pursuant to this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-211 [Department defined]

Department — The Department of Transportation of this State and its predecessor.

HISTORY:
P.A. 77-173.

605 ILCS 5/2-212 [Freeway defined]

Freeway — A highway or street especially designed for through traffic, and to, from, or over which owners

of or persons having an interest in abutting land or other persons have no right or easement or only a limited right or easement of access, crossing, light, air, or view by reason of the fact that such property abuts upon such highway or street or for any other reason.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-213 [Highway authority or highway authorities defined]

Highway authority or highway authorities — The Department with respect to a State highway; the county board with respect to a county highway or a county unit district road if a discretionary function is involved and the county superintendent of highways if a ministerial function is involved; the highway commissioner with respect to a township or district road not in a county unit road district; or the corporate authorities of a municipality with respect to a municipal street.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-214 [Maintain defined; Maintenance defined]

Maintain — Maintenance — The performance of all things necessary to keep a highway in serviceable condition for vehicular traffic.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-215 [Municipality defined]

Municipality — Any city, village or incorporated town organized under the laws of this State, and does not include any other political subdivision or municipal corporation.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-216 [Person defined]

Person — Any person, firm, partnership, association, public or private corporation, organization or business or charitable trust.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-217 [Right-of-way defined]

Right-of-way — The land, or interest therein, acquired for or devoted to a highway.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-218 [Rural highway or rural road defined]

Rural highway or rural road — Any highway or road outside the corporate limits of any municipality.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-219 [State funds defined]

State funds — Any funds appropriated for highway purposes by the General Assembly.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/2-220 [Maintenance of property adjacent to and between divided lands of State highways in forested lands]

The Department, after consultation with the Department of Natural Resources, shall, where appropriate, maintain in forested lands, rather than grasslands, Department-controlled property adjacent to and between divided lanes of State highways. In determining where such forestation is appropriate, the Department shall consider whether such forestation would:

(a) enhance the scenic quality of the highway;

(b) provide additional habitat for wildlife;

(c) result in a financial savings from reduced grassland maintenance;

(d) enhance air quality;

(e) serve as a deterrent to soil erosion;

(f) not hinder drivers' visibility or otherwise create a traffic hazard; and

(g) be fiscally prudent considering the availability of low cost or no cost nursery stock as provided by the Department of Natural Resources.

HISTORY:
P.A. 86-779; 89-445, § 9A-76.

ARTICLE 3.

FEDERAL AID

Section

605 ILCS 5/3-101 [Assent to Federal Aid Road Act]

The General Assembly, constituting the Legislature of the State of Illinois, assents to the provisions, terms, conditions and purposes of the Federal Aid Road Act [23 U.S.C. § 101 et seq.] as defined in this Code.

In the location of highways which will be part of the National System of Interstate and Defense Highways referred to in the Federal Aid Highway Act of 1956 (public law 627 of the 84th Congress), existing highways of the State highway system as defined in this Code shall be used to the extent as the Department finds such use is practicable, suitable and feasible. The selection of such locations shall be made as provided in Section 3-103 of this Code [605 ILCS 5/3-103].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/3-102 [Selection of additional mileage to be added to network]

In accordance with the provisions of such Federal Aid Road Act [23 U.S.C. § 101 et seq.], as soon as the State has made provision for the completion and maintenance of 90% of the network or primary or interstate and secondary or intercounty federal aid highways equal to 7% of the total public highway mileage of the State specified in the Federal Aid Road Act, the Department may, with the approval of the designated authority of the United States Government, increase the mileage of such primary or interstate and secondary or intercounty network by additional mileage equal to not more than 1% of the total public highway mileage of the State, and thereafter may make like increases in the mileage of such network whenever provision has been made for the completion and maintenance of 90% of the mileage of such network previously authorized in accordance herewith, and may construct and improve highways so selected in accordance with this Code and any other laws applicable, as moneys are appropriated for this purpose and made available by Acts of Congress and Acts of this State.

When selecting highways to be added to such network by and with the approval of the designated authority of the United States Government, as heretofore provided, the Department shall, so far as is practicable and consistent with the Acts of Congress, distribute in the several counties the mileage proposed to be added, and, as nearly as may be, so as to provide simultaneously for additional highways in the different sections of this State.

When designating the projects on such network of highways which are to be improved with the current allotments of federal funds made available by Acts of Congress and with funds made available by Acts of this State to be used with such federal funds, the Department shall distribute such federal aid projects equitably and fairly among the different sections of the State and, so far as is practicable and consistent with Acts of Congress, among the several counties.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/3-103 [Agreements with United States; consideration of local needs]

The Department is authorized and instructed to enter into all agreements with the designated authority of the United States Government relating to the selection, construction and maintenance of highways under the provisions of the Federal Aid Road Act [23 U.S.C. § 101 et seq.], to submit such scheme or project of selection, construction and maintenance as may be required by the designated authority of the United States Government, and to do all things necessary fully to carry out and make effective the cooperation contemplated and provided for by such Act.

In locating and constructing a highway which will be a part of the National System of Interstate and Defense Highways local needs, to the extent practicable, suitable and feasible, shall be given equal consideration with the needs of interstate commerce, so that such highway will not unduly discommode or interfere with local traffic or will not destroy reasonable access to schools, churches, markets, trade or community centers.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/3-104 [Federal aid secondary highways]

The Department in cooperation with the county boards and Federal Highway Administration is authorized to select and designate a network of federal aid secondary highways consisting of not more than 25,000 miles to be known as the federal aid secondary network. The highways included in such network shall be selected and designated in accordance with the provisions of the Federal Aid Road Act [23 U.S.C. § 101 et seq.], and shall consist of highways not included in the federal aid primary or federal aid urban networks.

Any highway included in the approved federal aid secondary network may be constructed jointly at the

expense of the federal government and the State of Illinois, or jointly at the expense of the federal government and a county or counties, or jointly at the expense of the federal government, the State of Illinois, and a county or counties, in accordance with the provisions of the Federal Aid Road Act.

The local highway authorities having jurisdiction over a highway or street prior to its selection and designation as a part of the federal aid secondary network shall continue to be responsible for its maintenance until such time as it has been constructed as provided herein. After a highway has been so constructed, the Department is authorized to maintain it, or, with the approval of the Federal Highway Administration, to enter into a formal agreement with the appropriate officials of the county in which such highway is located, either prior to or after construction, for its maintenance at the expense of such county. If at any time the Department finds that the highway is not being properly maintained by such county, the Department shall call such fact to the attention of the county and if within 90 days after receipt of such notice the highway has not been put in a condition of maintenance satisfactory to the Department and the Federal Highway Administration, then the Department, with the consent of the Federal Highway Administration, shall withhold approval of any further federal aid secondary projects in such county until such highway has been so restored.

HISTORY:
P.A. 79-511.

605 ILCS 5/3-104.1 [Federal aid urban system of streets and highways]

The Department in cooperation with the municipal corporate authorities or county authorities is authorized to select and designate separate networks of municipal streets to be known as the federal aid urban system of streets and highways in urban areas. The highways included in such networks shall be selected and designated in accordance with the provisions of the Federal Aid Road Act [23 U.S.C. § 101 et seq.].

Any street or highway included in the federal aid urban system may be constructed jointly at the expense of the federal government and the State of Illinois, or jointly at the expense of the federal government, a municipality or municipalities, or a county or counties, or jointly at the expense of the federal government, the State of Illinois, a municipality or municipalities or a county or counties, in accordance with the provisions of the Federal Aid Road Act.

The authority having jurisdiction over a street or highway prior to its improvement as a federal aid urban project shall be responsible for maintenance, at its own expense. If at any time the Department finds that a street or highway improved as a federal aid project is not being properly maintained by such municipality or county, the Department shall call such fact to the attention of the corporate authorities or county authorities, and if within 90 days after receipt of such notice the street or highway has not been put in a condition of proper maintenance satisfactory to the Department and the Federal Highway Administration, then the Department shall immediately proceed to have such street or highway placed in proper condition of maintenance and charge the costs thereof against the municipality's allotment or the county's allotment of motor fuel tax funds.

HISTORY:
P.A. 79-511.

605 ILCS 5/3-104.2 [Funds for construction or improvement of roads not on Federal-aid system; joint projects]

The Department, or the Department in cooperation with municipal corporate authorities or county authorities, is authorized to receive and expend, by agreement or otherwise, federal funds for the construction, reconstruction and improvement of public roads not on any Federal-aid system, being improved under the Federal Aid Road Act [23 U.S.C. § 101 et seq.].

Any Federal-aid project as authorized in this Section may be undertaken jointly at the expense of the federal government and the State of Illinois, or jointly at the expense of the federal government, a municipality or municipalities, or a county or counties, or jointly at the expense of the federal government, the State of Illinois, a municipality or municipalities or a county or counties, or any of the above jointly with any other public or private entity or public utility.

The authority having jurisdiction over a public road not on any federal-aid system prior to its improvement as a federal-aid project shall continue to be responsible for maintenance, at its own expense.

For the purposes of this Section, "public road" means any road under the jurisdiction of and maintained by a public authority and open to public travel and which is not on a federal-aid system.

HISTORY:
P.A. 84-298.

605 ILCS 5/3-104.3 [Great River Road; improvement and maintenance]

The Department or, by agreement with the Department, the highway authority of any county or township or road district of this State may, as a federal-aid project, construct, reconstruct, or improve any road or highway under its jurisdiction which has been selected and designated by the Department as a part of the national scenic and recreational highway known as the Great River Road under 23 U.S.C. 148, and all of the provisions of that Section shall apply.

Any county or township or road district may use any funds available to it for highway purposes to pay its share of any project under this Section.

Except for the maintenance of recreational facilities and rest areas constructed adjacent to the road, the highway authority having jurisdiction over a road or highway prior to its improvement as a part of such national scenic and recreational highway shall continue to be responsible for maintenance, at its own expense.

HISTORY:
P.A. 80-691.

605 ILCS 5/3-105 [Road Fund; use to retire Expressway bonds]

Except as otherwise provided in the Treasurer as Custodian of Funds Act [15 ILCS 515/0.01 et seq.], all money received by the State of Illinois from the federal government for aid in construction of highways shall be placed in the Road Fund in the State treasury. For the purposes of this Section, money received by the State of Illinois from the federal government under the Recreational Trails Program for grants or contracts obligated on or after October 1, 2017 shall not be considered for use as aid in construction of highways, and shall be placed in the Park and Conservation Fund in the State treasury.

Whenever any county having a population of 500,000 or more inhabitants has incurred indebtedness and issued Expressway bonds as authorized by Division 5-34 of the Counties Code [55 ILCS 5/5-34001 et seq.] and has used the proceeds of such bonds for the construction of Expressways in accordance with the provisions of Section 15d of "An Act to revise the law in relation to roads and bridges", approved June 27, 1913, as amended (repealed) or of Section 5-403 of this Code [605 ILCS 5/5-403] in order to accelerate the improvement of the National System of Interstate Highways, the federal aid primary highway network or the federal aid highway network in urban areas, the State shall appropriate and allot, from the allotments of federal funds made available by Acts of Congress under the Federal Aid Road Act and as appropriated and made available to the State of Illinois, to such county or counties a sum sufficient to retire the bonded indebtedness due annually arising from the issuance of those Expressway bonds issued for the purpose of constructing Expressways in the county or counties. Such funds shall be deposited in the Treasury of such county or counties for the purpose of applying such funds to the payment of the Expressway bonds, principal and interest due annually, issued pursuant to Division 5-34 of the Counties Code [55 ILCS 5/5-34001 et seq.].

HISTORY:
P.A. 86-1475; 2017 P.A. 100-127, § 10, effective January 1, 2018; 2018 P.A. 100-863, § 530, effective August 14, 2018.

605 ILCS 5/3-105.1 [Placement of federal funds in Road Fund]

Except as otherwise provided in "An Act in relation to the receipt, custody and disbursement of money allotted by the United States of America or any agency thereof for use in this State," approved July 3, 1939, as heretofore or hereafter amended [15 ILCS 515/0.01 et seq.], all money received by the State of Illinois from the Federal Highway Administration for the implementation of the provisions of the Federal "Commercial Motor Vehicle Safety Act of 1986," Title XII, Public Law 99-570 [49 U.S.C. § 2701 et seq.], shall be placed in the "Road Fund" in the State Treasury.

HISTORY:
P.A. 85-853.

605 ILCS 5/3-106 [Maintenance of highways]

The Department shall take whatever steps may be necessary, after such federal aid highways have been completed, to cause such highways to be properly maintained in accordance with the requirements of the Federal Aid Road Act [23 U.S.C. § 101 et seq.].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/3-107 [Relocation of utility facilities]

Whenever in the judgment of the Department it is necessary as an incident to the construction of a project on the National System of Interstate and Defense Highways, including extensions thereof within urban areas, or any State highway constructed under the provisions of Section 2 of the "Transportation Bond Act", approved July 2, 1971, as now or hereafter amended [30 ILCS 415/2], to relocate utility facilities, wherever located and whenever constructed, the cost of such relocation may be deemed to be one of the costs of constructing such project and the Department may, on behalf of the State, pay such costs. For the purposes of this Section, the term "utility" includes publicly, municipally, privately, and cooperatively owned utilities; the term "cost of such relocation" includes the entire amount paid by such utility properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility; and the term "National System of Interstate and Defense Highways" includes any highway which now is or shall hereafter be a part of the National System of Interstate and Defense Highways, as provided in the Federal Aid Highway Act of 1956, and any acts supplemental thereto or amendatory thereof [23 U.S.C. § 101 et seq.].

HISTORY:
P.A. 77-2752.

605 ILCS 5/3-107.1 [Payment to persons displaced by highway project]

The Department or any county is authorized to pay, as part of the cost of construction of any project

on a State highway or federal aid highway, to any person displaced by the highway project (1) actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property; (2) actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the Department or any county; (3) actual reasonable expenses in searching for a replacement business or farm; and (4) actual reasonable expenses necessary to reestablish a displaced farm, nonprofit organization, or small business at its new site, but not to exceed $10,000.

HISTORY:
P.A. 85-1407.

605 ILCS 5/3-107.1a [Expense and dislocation allowance to person displaced from dwelling]

In lieu of the payments authorized to be paid in Section 3-107.1 of this Code [605 ILCS 5/3-107.1], the Department or any county may pay any person displaced from a dwelling, who elects to accept such payment, an expense and dislocation allowance, which shall be determined according to a schedule established by the Department.

HISTORY:
P.A. 85-1407.

605 ILCS 5/3-107.1b [Relocation payment for business or farm operation]

In lieu of the payments authorized to be paid in Section 3-107.1 of this Code [605 ILCS 5/3-107.1], the Department or any county may pay any person who moves or discontinues his business or farm operation, who elects to accept such payment, a fixed relocation payment in an amount equal to the average annual net earnings of the business or the farm operation, except that such payment shall be not less than $1,000 nor more than $20,000.

HISTORY:
P.A. 85-1407.

605 ILCS 5/3-107.1c [Additional payment to person displaced from dwelling]

In addition to the amounts authorized to be paid in Sections 3-107.1, 3-107.1a, and 3-107.1b of this Code [605 ILCS 5/3-107.1, 605 ILCS 5/3-107.1a, and 605 ILCS 5/3-107.1b] by the Department or any county, the Department or any county may, as a part of the cost of construction, make a payment not to exceed $22,500 to any displaced person who is displaced from a dwelling acquired for a State highway or federal aid highway project actually owned and occupied by such displaced person for not less than 180 days prior to the initiation of negotiations for the acquisition of such property. Such payment shall include the following elements:

(A) The amount, if any, which, when added to the acquisition cost of the dwelling acquired equals the reasonable cost of a comparable replacement dwelling determined in accordance with standards established by the Department to be a decent, safe and sanitary dwelling adequate to accommodate the displaced person, reasonably accessible to public services and places of employment and available on the private market.

(B) The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the Department or any county was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling.

(C) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

The additional payment authorized by this Section, which shall not exceed the sum of $22,500, shall be made only to such a displaced person who purchases and occupies a replacement dwelling that meets the standards established by the Department to be decent, safe and sanitary, not later than the end of the one year period beginning on the date on which he receives from the Department or any county final payment of all costs of the acquired dwelling, or on the date on which he moves from the dwelling acquired for the highway project, whichever is the later date.

Any displaced person not eligible to receive such payment, who is displaced from any dwelling which dwelling was actually and lawfully occupied by such displaced person for not less than 90 days prior to the initiation of negotiations for acquisition of such dwelling, may be paid by the Department or any county, either (1) an amount necessary to enable such displaced person to lease or rent for a period not to exceed 42 months, a decent, safe and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities and reasonably accessible to his place of employment, but not to exceed the sum of $5,250, or (2) the amount necessary to enable such person to make a down payment (including incidental expenses described in part (C) of this Section) on the purchase of a decent, safe and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed the amount payable under (1) of this paragraph except that in the case of a homeowner who

owned and occupied the displaced dwelling for at least 90 days, but not more than 180 days immediately prior to the initiating of negotiations, the down payment cannot exceed the amount payable under 3-107.1c [605 ILCS 5/3-107.1c] for the persons who owned and occupied the property for 180 days prior to the initiation of negotiations.

If comparable replacement sale or rental housing is not available within the limitations of this Section, the Department or any county may make a payment in excess of the maximum payments authorized by this Section as required to provide such replacement housing.

HISTORY:
P.A. 85-1407.

605 ILCS 5/3-107.1d [Reimbursement to owners of real property]

In addition to the amounts authorized to be paid in Sections 3-107.1, 3-107.1a, 3-107.1b, and 3-107.1c of this Code [605 ILCS 5/3-107.1, 605 ILCS 5/3-107.1a, 605 ILCS 5/3-107.1b, and 605 ILCS 5/3-107.1c], the Department or any county may reimburse the owner of real property acquired for a State highway or federal aid highway project the reasonable and necessary expenses incurred for (1) recording fees, transfer taxes, and similar expenses incidental to conveying such real property; and (2) penalty costs for prepayment of any pre-existing recorded mortgages entered into in good faith encumbering such real property.

HISTORY:
P.A. 77-1577.

605 ILCS 5/3-107.1e [Rules and regulations]

The Department is authorized to adopt rules and regulations as may be determined necessary to implement any payments authorized by Sections 3-107.1 through 3-107.1d of this Code [605 ILCS 5/3-107.1 through 605 ILCS 5/3-107.1d].

HISTORY:
P.A. 76-623.

605 ILCS 5/3-107.1f [Eminent domain; damages]

Nothing contained in this amendatory Act creates in any proceedings brought under the power of eminent domain any element of damages not in existence as of the date of enactment of this amendatory Act.

HISTORY:
P.A. 76-623.

605 ILCS 5/3-108 [Federal aid highways; part of systems]

Any highway constructed as a federal aid highway under the provisions of the Federal Aid Road Act [23 U.S.C. § 101 et seq.] shall be a part of the State highway system unless, under the provisions of Section 3-104 or 3-104.1 [605 ILCS 5/3-104 or 605 ILCS 5/3-104.1] or similar provisions of this Code, there is an agreement or provision made for its maintenance by the county or municipality, in which case it shall be a part of the county highway system or municipal street system.

HISTORY:
P.A. 77-1409.

ARTICLE 4.

STATE ADMINISTRATION OF HIGHWAYS

Division 1. General Powers of Department

Division 2. State Highways

DIVISION 1.

GENERAL POWERS OF DEPARTMENT

605 ILCS 5/4-101 [Powers and duties of Department]

The Department shall have the powers and duties stated in Sections 4-101.1 to 4-101.16, inclusive [605 ILCS 5/4-101.1 to 605 ILCS 5/4-101.16].

HISTORY:
P.A. 78-315.

605 ILCS 5/4-101.1 [General supervision of highways]

To have general supervision of highways to which this Code applies under the provisions of Section 1-103 [605 ILCS 5/1-103] heretofore or hereafter constructed or thereafter maintained in whole or in part with State funds.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.2 [Rules and regulations relating to examination and qualification of county superintendent of highways]

To prescribe rules and regulations not inconsistent with law, relating to the examination and qualifications of candidates for the office of county superintendent of highways. Such rules and regulations shall, before taking effect, be printed for distribution by the Department.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.3 [Aid to county superintendents of highways]

To aid county superintendents of highways in establishing grades, preparing suitable systems of drainage and advise them as to the construction and maintenance of highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.4 [Plans and specifications for bridges and culverts]

To cause plans, specifications and estimates to be prepared for the construction and repair of bridges and culverts when requested so to do by a county superintendent of highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.5 [Construction and maintenance for different sections of State]

To investigate and determine the various methods of highway construction adapted to different sections of the State and as to the best methods of maintenance of highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.6 [Statistics relating to highways]

To compile statistics relating to highways throughout the State and collect such information in regard thereto as it shall deem expedient.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.7 [Approval of final plans, specifications and estimates]

To approve and determine the final plans, specifications and estimates for all highways to which this Code applies under the provisions of Section 1-103 [605 ILCS 5/1-103] on which State funds may be expended.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.8 [Letting of contracts]

To let contracts in accordance with law for the construction of highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.9 [Auditing and accounting]

To prescribe a system of auditing and accounting for all highway moneys for the use of all county and road district officials, which shall be adopted and used by such officials, and which system shall be as nearly uniform as practically possible.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.10 [Consultation with other highway authorities]

To consult with other highway authorities relative to any question involving highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.11 [Investigations to determine future need]

To make investigations to determine reasonably anticipated future need for federal aid highways and State highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.12 [Aid in promoting highway improvement; other duties]

To aid at all times in promoting highway improvement throughout the State and perform such other duties and have such other powers in respect to highways as may be imposed or conferred upon it by law.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.13 [Publication of maps]

To publish maps in convenient forms showing State and other highways for use by the public and, in its discretion, to fix a charge therefor not in excess of the cost of publication.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-101.14 [Employees]

To obtain, subject to the provisions of the "Personnel Code", approved July 18, 1955, as heretofore or hereafter amended [20 ILCS 415/1 et seq.], all employees necessary in the administration of its powers and duties under this Code.

However, persons assigned as highway maintenance employees who are not subject to jurisdiction B of the "Personnel Code" and who operate snow removal equipment shall not be discharged except for cause between October 31 of any year and May 1 of the following year.

HISTORY:
Laws 1961, p. 3226.

605 ILCS 5/4-101.15 [Public liability insurance]

The Department of Central Management Services shall procure for or in behalf of each State highway employee, without cost to him, public liability insurance protecting him against any liability arising out of his employment to the extent of the insurance policy limits not exceeding $100,000 or include each such employee under a self-insurance plan implemented under Section 405-105 of the Department of Central Management Services Law (20 ILCS 405/405-105).

HISTORY:
P.A. 82-789; 91-239, § 5-520.

605 ILCS 5/4-101.16 [Schedule of priority of needs in separation of railroad-highway grade crossings]

To prepare or cause to be prepared and maintain or cause to be maintained a schedule of priority of needs in the selection of railroad-highway grade crossings

to be separated without regard to whether the highway is maintained by the State or any county, township or municipality. Such schedule shall be based on current and projected vehicular traffic and train movements over the railroad-highway grade crossing, the frequency and duration of interruptions to vehicular traffic, and the impact of separating the railroad-highway grade crossing on adjacent residential, economic and governmental interests.

HISTORY:
P.A. 78-315.

605 ILCS 5/4-102 [Plans for federal aid highways; construction and labor]

The Department may prepare, in accordance with the regulations of the designated authority of the United States Government, the project statements, sketch maps, surveys, plans, specifications, estimates, bid forms, contracts and bonds to be used in connection with the construction of any of the federal aid highways in this State. The Department may construct any federal aid work provided for in Article 3 [605 ILCS 5/3-101 et seq.] and purchase and supply any labor, tools, machinery, supplies and materials needed for any such work. Such construction work and labor shall be performed in accordance with the general laws of this State, and under the direct supervision of the Department, subject to the inspection and approval of the designated authority of the United States Government, and in accordance with its rules and regulations.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-103 [Letting of contracts; bids; trust agreements]

Any contracts that may be entered into for the construction of highways shall be let after due public advertisement to the lowest responsible bidder, or bidders, upon terms and conditions to be fixed by the Department, and the Department shall also require the successful bidder, or bidders, to furnish good and sufficient bonds to insure proper and prompt completion of such work in accordance with the provisions of such contracts.

Partial payments may be made for the work as it progresses provided that the Department retains an amount as required by the Standard Specifications for Road and Bridge construction.

At the request of the contractor and with the approval of the Department the retainage of the contract may be deposited under a trust agreement with an Illinois financial institution, whose deposits are insured by an agency or instrumentality of the federal government, of the contractor's choice and subject to the approval of the Department.

The contractor shall receive any interest thereon.

Pursuant to application by the contractor, a trust agreement by the financial institution and the Department shall contain as a minimum, the following provisions:

a. The amount to be deposited subject to the trust;

b. The terms and conditions of payment in case of default of the contractor;

c. The termination of the trust agreement upon completion of the contract.

The contractor shall be responsible for obtaining the written consent of the financial institution trustee, and any costs or service fees shall be borne by the contractor.

The trust agreement may, at the discretion of the Department and upon request of the contractor, become operative at the time of the first partial payment in accordance with existing statutes and Department procedures.

The provisions of this Section shall apply to all contracts in effect on and after the effective date of this amendatory Act of 1981.

HISTORY:
P.A. 84-1263.

605 ILCS 5/4-104 Subcontractors' trust agreements

This Section applies to subcontractors' retainage amounts expected to be equal to or greater than $20,000. Upon the contractor's receipt of the first partial or progress payment from the Department, at the request of the subcontractor and with the approval of the contractor, the retainage of the subcontract shall be deposited under a trust agreement with an Illinois financial institution, whose deposits are insured by an agency or instrumentality of the federal government, of the subcontractor's choice and subject to the approval of the contractor. The subcontractor shall receive any interest on the amount deposited.

Upon application by the subcontractor, a trust agreement by the financial institution and the contractor must contain, at a minimum, the following provisions:

(1) The amount to be deposited subject to the trust.

(2) The terms and conditions of payment in case of default of the subcontractor.

(3) The termination of the trust agreement upon completion of the subcontract.

The subcontractor is responsible for obtaining the written consent of the financial institution trustee. Any costs or service fees must be borne by the subcontractor. The trust agreement may, at the discretion of the contractor and upon request of the subcontractor, become operative at the time of the first partial payment in accordance with existing statutes and Department procedures. Subcontractors' trust agreements are voluntary and supersede any prohibition regarding retainage that may be adopted by any transportation agency.

This Section applies to all subcontracts in effect on and after the effective date of this amendatory Act of the 92nd General Assembly [P.A. 92-270].

HISTORY:
P.A. 92-270, § 5.

605 ILCS 5/4-105 Naming of interstate highways and State highways; State Troopers [Repealed]

HISTORY:
P.A. 96-358, § 5; Repealed by P.A. 98-877, § 5, effective August 11, 2014.

605 ILCS 5/4-106 Preservation of bridge infrastructure.

(a) The Department may adopt rules governing all corrosion prevention projects carried out on eligible bridges. Rules may include a process for ensuring that corrosion prevention and mitigation methods are carried out according to corrosion prevention industry standards adopted by the Department for eligible bridges that include:

(1) a plan to prevent environmental degradation that could occur as a result of carrying out corrosion prevention and mitigation methods including the careful handling and containment of hazardous materials; and

(2) consulting and interacting directly with, for the purpose of utilizing trained personnel specializing in the design and inspection of corrosion prevention and mitigation methods on bridges.

(b) As used in this Section:

"Corrosion" means a naturally occurring phenomenon commonly defined as the deterioration of a metal that results from a chemical or electrochemical reaction with its environment.

"Corrosion prevention and mitigation methods" means:

(1) the preparation, application, installation, removal, or general maintenance as necessary of a protective coating system including the following:

(A) surface preparation and coating application on an eligible bridge, but does not include gunite or similar materials; or

(B) shop painting of structural steel fabricated for installation as part of an eligible bridge.

"Corrosion prevention project" means carrying out corrosion prevention and mitigation methods during construction, alteration, maintenance, repair work on permanently exposed portions of an eligible bridge, or at any other time necessary on an eligible bridge. "Corrosion prevention project" does not include traffic control or clean-up related to surface preparation or the application of any curing compound or other substance onto or into any cement, cementitious substrate, or bituminous material.

"Eligible bridge" means a bridge or overpass the construction, alteration, maintenance, or repair work on which is funded directly by, or provided other assistance through, a municipality, a public-private partnership, the State, the federal government, or some combination thereof. "Eligible bridge" does not include a bridge or overpass that is being demolished, removed, or replaced.

(c) The requirements of this Section do not apply to an individual licensed under the Professional Engineering Practice Act of 1989 [225 ILCS 325/1 et seq.] or the Structural Engineering Act of 1989.

HISTORY:
2017 P.A. 99-923, § 10, effective July 1, 2017; 2019 P.A. 101-226, § 10, effective June 1, 2020.

DIVISION 2.

STATE HIGHWAYS

605 ILCS 5/4-201 [Powers of Department]

The Department, in addition to, and not in limitation of, its general powers has the powers stated in Sections 4-201.1 through 4-201.20 [605 ILCS 5/4-201.1 through 605 ILCS 5/4-201.20].

HISTORY:
P.A. 83-957.

605 ILCS 5/4-201.1 [Rules and regulations]

To determine and adopt rules, regulations and specifications for State highways not inconsistent with this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.2 [Designation and construction of connecting highways]

For serving through or State traffic, to designate as part of the State highway system and to locate, construct and maintain highways to connect highways in the State highway system.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.3 [Relocation of highways]

To relocate any highway, or a part thereof, in the State highway system on a new location or on a different highway. For the purpose of relocating such State highway the Department is authorized to lay out, open, alter, widen, extend or locate a new highway.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.4 [Contracts; relocation of railroad or utility facilities]

To enter into contracts covering all matters and things incident to the location, relocation, construction, repair and maintenance of State highways; including, subject to approval by the Illinois Commerce Commission, agreements with a railroad or

railway company or other public utility concerning a relocation of its line, tracks, wires, poles, pipes or other facilities, where the same are not then located in a public street or highway, and such relocation is necessary as an incident to the construction of a new State highway or to the relocation, reconstruction, extension, widening, straightening, alteration, repair, maintenance or improvement of an existing State highway (including extensions of a new or existing State highway through or into a municipality upon a new or existing street). Nothing contained in this Section shall be construed as requiring the Department to furnish site or right-of-way for railroad or railway lines or tracks or other public utility facilities required to be removed from a public street or highway.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.5 [Highways and entrances to State parks and other facilities]

To lay out, construct and maintain, as a part of the State highway system, highways and entrances which will connect any State highway, now existing or hereafter constructed, with any State park, State forest, State wildlife or fish refuge, the grounds of any State institution or any recreational, scenic or historic place owned or operated by the State; any national cemetery; and to any tax supported airport constructed in part by State and federal funds; and, with the consent of the Department of Natural Resources, to construct, maintain and repair that part of any road or bridge, not otherwise under the jurisdiction of the Department, which lies within any State park, State conservation area, State forest, State wildlife and fish refuge, or any other recreational scenic area owned and operated by the Department of Natural Resources. With the consent of the Department of Natural Resources, to construct, maintain and repair that part of any road or bridge, not otherwise under the jurisdiction of the Department, which lies within any State Historic Site owned and operated by the Department of Natural Resources.

HISTORY:
P.A. 84-25; 89-445, § 9A-76; 2018 P.A. 100-695, § 120, effective August 3, 2018.

605 ILCS 5/4-201.6 [Division into sections or districts]

To divide the State highway system into sections or districts for the purpose of repair and maintenance and to repair and maintain such sections or districts either by patrol repair system or by gang repair system.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.7 [Acquisition of equipment and material]

To purchase, rent, acquire and maintain all equipment and material incident to or necessary in the location, relocation, construction, repair and maintenance of State highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.8 [Acquisition of quarries, sand or gravel pits, or other road material]

To purchase and acquire quarries, gravel pits, sand pits, cement rock or other natural deposits of road material to be used in the construction and maintenance of State highways, and to quarry, dig, manufacture, prepare and use such material or deposits in such construction and maintenance or to sell, furnish and supply the same to contractors engaged in constructing, improving or maintaining highways within the State and to erect such buildings and to purchase such machinery, utensils, tools, and equipment as may be necessary or essential for the proper prosecution of such work.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.9 [Ferries]

To construct, purchase, lease or otherwise acquire and to operate without charge to the public, ferries over rivers and other waters upon any State highway, whether permanently or temporarily located, until such time as it is deemed feasible and desirable to construct bridges at such places.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.10 [Lighting]

To provide for the lighting of State highways or portions thereof, when in the Department's opinion it is necessary for the convenience or safety of the public.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.11 [Numbering or renumbering]

To number or renumber all State highways; and each State highway shall always be designated by a number.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-201.12 [Traffic control devices and signs; bicycle routes or bikeways]

Except as provided in the Illinois

Adopt-A-Highway Act [605 ILCS 120/1 et seq.], to place, erect and maintain on highways all traffic control devices and signs authorized by this Code or by Chapter 11, Article III of the Illinois Vehicle Code [625 ILCS 5/11-301 et seq.].

To place, erect and maintain on highways signs or surface markings or both to indicate officially designated bicycle routes. Whenever the Department is going to permanently remove route markings from a State highway within a municipality, it shall notify that municipality at least 90 days before such removal.

To acquire right-of-way, plan, locate, relocate, construct, reconstruct, maintain, alter, improve, vacate and regulate the use of officially designated bikeways, as defined in Section 2 of the Bikeway Act [605 ILCS 30/2].

HISTORY:
P.A. 79-473; 87-1118, § 95.

605 ILCS 5/4-201.13 [Bridges]

To construct, maintain, and operate bridges, on State highways a part of the Federal-aid highway network, across any stream between this State and any adjoining state where such bridge is necessary to connect the Federal-aid highway network in this and such adjoining state; and to enter into agreements with adjoining states, persons, and the United States government in conjunction therewith.

HISTORY:
Laws 1959, p. 1569.

605 ILCS 5/4-201.14 [Rest areas]

(a) To construct, maintain and operate rest areas on State highways.

In the operation of rest areas, the Department is authorized to prescribe reasonable rules and regulations not inconsistent with law, limiting the duration of rest stops and promulgating instructions and restrictions for the use and enjoyment of the rest area.

(b) To construct rest areas on highways not on the State highway system when such highways are constructed under Section 3-104.3 of this Code [605 ILCS 5/3-104.3].

HISTORY:
P.A. 80-691.

605 ILCS 5/4-201.15 [Natural beauty; scenic easements; forestation]

(a) To provide for the preservation of the natural beauty of areas through which State highways are constructed, and to acquire the fee simple title, or such lesser interest as may be desired, including scenic easements, to any land, rights or other property necessary therefor and, in cooperation with the Department of Natural Resources, to provide for forestation or reforestation of any of these areas that are Department-controlled lands, where appropriate.

(b) To acquire the fee simple title or such lesser interest as may be desired, including scenic easements, to any land, rights or other property and to make such improvements thereon as may be necessary to provide for the preservation of the natural beauty of areas through which highways not on the State highway system are constructed, reconstructed or improved under Section 3-104.3 of this Code [605 ILCS 5/3-104.3].

HISTORY:
P.A. 86-779; 89-445, § 9A-76.

605 ILCS 5/4-201.16 [Rental of land before acquisition; annual report]

Land acquired for highway purposes, including buildings or improvements upon such property, may be rented between the time of acquisition and the time when the land is needed for highway purposes.

The Department shall file an annual report with the General Assembly, by October 1 of each year, which details, by county, the number of rented parcels, the total amount of rent received from these parcels, and the number of parcels which include buildings or improvements.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act [25 ILCS 5/3.1], and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act [15 ILCS 320/7].

HISTORY:
P.A. 84-1438; 2018 P.A. 100-1148, § 260, effective December 10, 2018.

605 ILCS 5/4-201.17 [Leasing from Illinois Highway Trust Authority]

To lease as lessee from the Illinois Highway Trust Authority any project at any time constructed or made available for public use by the Authority, and any property, real, personal, or mixed, tangible or intangible, or any interest therein, at any time acquired by the Authority; and to pay rentals for such leases from appropriations to be made by the General Assembly from the Road Fund.

HISTORY:
P.A. 76-375.

605 ILCS 5/4-201.18 [Publicly owned parking facilities; fees for use; joint projects]

To acquire land adjacent to the right-of-way on a federal aid system outside the central business district in an urban area of 50,000 population or more as provided by the Federal Aid Road Act [23 U.S.C. § 101 et seq.] and to construct and operate a publicly owned parking facility thereon or within the right-

of-way, including the use of air space above and below the established grade line of the highway pavement. Such parking facility shall be (1) based on a continuing comprehensive transportation planning process as defined in the Federal Aid Road Act, and (2) located and designed in conjunction with existing or planned public transportation facilities.

Fees charged for the use of such facility shall not be in excess of that amount required for maintenance and operation, including compensation to any person for operating such facility, and shall be used for such purposes before any other funds may be used for maintenance and operation.

Any federal aid project constructed under this Section may be constructed by agreement and jointly at the expense of the federal government and the State of Illinois or jointly at the expense of the federal government, the State of Illinois, a municipality or municipalities or a county or counties, in accordance with the provisions of the Federal Aid Road Act.

For the purposes of this Section, the term "parking facilities" shall include access roads, buildings, structures, equipment, improvements, and interests in the lands.

HISTORY:
P.A. 77-1410.

605 ILCS 5/4-201.19 [Telephone service at rest areas]

To issue permits for the establishment of telephone service at rest areas on the State Highway System where proper access to and from the main traveled lanes has been established and where such service will enhance the safety and welfare of the highway users.

HISTORY:
P.A. 78-377.

605 ILCS 5/4-201.20 [Demonstration projects]

To conduct demonstration projects on public streets and highways designed to test and develop new technology for road and curb construction, reconstruction and maintenance.

HISTORY:
P.A. 83-957.

605 ILCS 5/4-202 [Addition of mileage to State highway system]

Additional mileage may be added to the State highway system in the manner provided by this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-203 [Laying out new highways; taking over highways]

The Department may, in its discretion and as funds become available for construction and maintenance, add additional highways to the State highway system by laying out new highways or taking over highways from the county highway system, the township and district road system or the municipal street system; but such highways so taken over into the State highway system shall be highways which form a logical part of the State highway system for traffic purposes. Before any such highway is taken over the Department shall notify the proper local officials in writing of its intention to do so and the date when it will assume the maintenance and care of such highway. Whenever any part or portion of any such highway which is situated within the corporate limits of any municipality is hereafter or has heretofore been taken over, the Department shall have exclusive jurisdiction and control over only that part of such highway which the Department has constructed, or which the local authority has constructed and which has been taken over by the Department, and for the maintenance of which the Department is responsible, including the hard-surfaced slab, shoulders and drainage ditches. Whenever any municipality shall construct with a durable hard surface the remaining portion of a street, a part of which has been improved with a durable hard surface by the Department, or taken over by it, then in that case the Department shall have jurisdiction and control over only that portion of the street over which it did construct the durable hard surface or that part which it took over from the municipality.

HISTORY:
Laws 1959, p. 196; P.A. 89-683, § 910; 90-6, § 2.

605 ILCS 5/4-204 [Filing of description of changes and additions to State highway system]

Whenever any highway becomes a part of the State highway system, the Department shall file in its office a description of such State highway. All changes in and additions to the State highway system shall also be noted by so filing a description of such changes and/or additions. A copy of such description shall be filed in the office of the county clerk of each county in which the highway is located.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-205 [Formation of continuous routes through municipalities]

In all cases where State or through traffic upon a State highway runs through a municipality, the Department shall locate a route upon existing streets or upon a new street to be laid out through such municipality as a part of such State highway, so as to form a continuous route to serve the needs of through or State traffic upon such State highway. If a municipality is the terminus of such a highway, the Department shall extend the State highway to such point in the municipality upon existing streets or upon a new

street to be laid out in such municipality, as will in the discretion of the Department best serve the needs of State or through traffic. For the purpose of locating or extending such State highway through or into such municipality the Department is authorized to lay out, establish, open, alter, widen, extend or relocate necessary streets therein.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-206 [Relocation of route through municipality]

When advisable to serve traffic needs, any State highway route in or through a municipality may be relocated upon other streets in the municipality and the jurisdiction, maintenance and control of the streets upon the abandoned route shall be assumed by the city, town, village, park district or other municipal corporation. If any municipal corporation notifies the Department that it is about to construct a subway for railway or motor vehicle transportation along and under any street upon which any State highway route is located and that its use as a State highway route will interfere with such construction, the Department shall relocate such route or such portion thereof as is necessary to prevent such interference. Except as allowed by Sections 4-407, 4-408 [605 ILCS 5/4-407, 605 ILCS 5/4-408] and this Section no State highway route shall be relocated except to better serve traffic demands and the route abandoned must be left in reasonable condition for traffic.

HISTORY:
Laws 1959, p. 1189.

605 ILCS 5/4-207 [Erection and maintenance of mailboxes]

On all State highways the Department shall construct and maintain all-weather surfaces at boxes used for the receipt of United States mail.

The Department shall adopt and publish specifications detailing the kind and type of all-weather surface to be constructed and maintained and shall adopt and publish reasonable rules, regulations, and specifications governing the place of erection and maintenance of boxes for the receipt of United States mail on State highways.

No person shall erect or maintain a box for the receipt of the United States mail on any highway under the jurisdiction of the Department in violation of the rules, regulations, and specifications, adopted by the Department governing the erection and maintenance of such boxes. Violation of this provision is a petty offense.

HISTORY:
P.A. 77-2238.

605 ILCS 5/4-208 [Guide signs upon municipal streets]

The Department may select streets in municipalities to form routes leading from business centers therein to State highways running through such municipalities and may erect and maintain suitable guide signs upon them. However, such streets shall not thereby become part of the State highway system but shall remain part of the municipal street system; but any such street may be made part of the State highway system as provided by Section 4-203 [605 ILCS 5/4-203].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-209 [Cutting, excavation or damage; permit required; bond]

No person shall wilfully cut, excavate or otherwise damage that portion of any highway under the jurisdiction and control of the Department, including the hard-surfaced slab, shoulders and drainage ditches, either within or without the corporate limits of a municipality without a permit so to do from the Department. The Department shall issue its permit when such cutting, excavating or damaging is reasonably necessary, but it is the duty of the person securing a permit to make such repairs to the highway as will restore it to substantially the same condition as it was originally. Permits with regard to entrances to and exits from State highway rights-of-way and roadways shall also be subject to the provisions of Sections 4-210, 4-211 and 4-212 [605 ILCS 5/4-210, 605 ILCS 5/4-211, and 605 ILCS 5/4-212]. To insure the proper repair, the Department may, before issuing its permit, require the person applying for a permit, to enter into a bond payable to the People of the State of Illinois in a sum commensurate, in the opinion of the Department, with the injury to be done to the highway, conditioned for its proper restoration within such time as the Department may prescribe. The violation of this section is a petty offense.

HISTORY:
P.A. 77-2238.

605 ILCS 5/4-210 [Ingress and egress to State highway from abutting property]

Except where the right of access has been limited by or pursuant to law every owner or occupant of property abutting upon any State highway shall have reasonable means of ingress from and egress to the State highway consistent with the use being made of such property and not inconsistent with public safety or with the proper construction and maintenance of the State highway for purposes of travel, drainage and other appropriate public use. The Department is authorized to adopt and to amend reasonable and necessary rules, regulations and specifications covering standard entrance or exit driveways to serve residential, farm, commercial, industrial, and roadside service establishments and other uses of property abutting upon State highways including specifications for drainage and other structures

appurtenant to such driveways. No permit shall be issued by the Department for the construction of any such driveway which does not conform to the applicable standard prescribed by the Department unless the application therefor is accompanied by drawings of and specifications for the proposed construction and a showing of reasonable need for departure from the applicable standard type of driveway prescribed by the Department nor unless it is made to appear that the proposed construction and the use thereof will not be inconsistent with public safety and use nor with the proper construction and maintenance of the highway and its drainage and other facilities.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-211 [Entrance or exit permits; judicial review]

Any permit issued by the Department to construct an entrance or exit, or both, under the provisions of Section 4-209 [605 ILCS 5/4-209] shall designate the location and design of such construction. All such permits shall be subject to the right of the Department to relocate, at the Department's expense, any entrance or exit when reasonably required for public safety or because of highway reconstruction or changed traffic conditions. The Department shall make frequent inspections and take such action as is necessary to require compliance with such rules, regulations and specifications and the provisions of Sections 4-209, 4-210 and 4-211 of this Code [605 ILCS 5/4-209, 605 ILCS 5/4-210 and 605 ILCS 5/4-211].

Any entrance or exit which was in place on July 10, 1953 which does not conform to the rules, regulations and specifications adopted by the Department may be made to conform to such rules, regulations and specifications by the Department at the expense of the Department.

If any entrance or exit is constructed after July 10, 1953, for which no permit has been secured the adjoining landowner or occupant, or his authorized representative, whose property such entrance or exit serves shall within 30 days following notification by the Department apply for a permit. The permit issued as a result of such application shall specify that the existing entrance shall be made to conform to the provisions of the permit within 90 days from the date of issuance of the permit or, if no permit is granted, be removed at the expense of the landowner or occupant.

Any entrance or exit constructed after July 10, 1953 for which a permit has been secured but which does not conform to the provisions of the permit issued for its construction shall within 90 days of notification by the Department to the adjoining property owner or occupant, or his authorized representative, whose property such exit or entrance serves be made to conform to the provisions of the permit.

Any person adversely affected by any rule, regulation, specification or decision of the Department issued pursuant to Sections 4-209, 4-210 or 4-211 or by any failure of the Department to act upon an application for a permit thereunder shall be entitled to judicial review under the provisions of the Administrative Review Law [735 ILCS 5/3-101 et seq.].

HISTORY:
P.A. 85-559.

605 ILCS 5/4-212 [Failure to comply with provisions; penalty]

Failure to comply with the provisions of Sections 4-210 and 4-211 [605 ILCS 5/4-210 and 605 ILCS 5/4-211] and the permits issued thereunder is a petty offense for which an additional fine of $10 for each day such failure continues may be imposed. Where the violation is prosecuted by the State's Attorney 25% of the fine or penalty recovered shall be paid to the State's Attorney as a fee of his office. Such penalty shall be in addition to any penalty which may be assessed under Section 4-209 [605 ILCS 5/4-209].

HISTORY:
P.A. 77-2238.

605 ILCS 5/4-213 [Construction of all weather surfaces; permits; violation; penalty]

Any person or an agency of this State which operates a motor vehicle designed or used for the carriage of more than seven passengers may apply to the Department for a permit to construct an all weather surface adjacent to and connected with the traveled way of a State highway and located on the right-of-way of a State highway for the purpose of making temporary stops in order to receive or discharge passengers. Any permit issued under this Section shall designate the location and design of and type of material to be used in any such construction and the construction shall be in conformity with the requirements of the permit. No such construction shall be initiated without first securing a permit to do so from the Department.

Whoever violates any provision of this Section shall be guilty of a petty offense.

HISTORY:
P.A. 77-2238.

605 ILCS 5/4-214 [Recording of plats]

Whenever any highway is laid out, widened or altered in accordance with this Article, the Department shall cause a plat thereof to be made and recorded in the office of the recorder of the county (or in the office of the registrar of titles for the county if appropriate) in accordance with the provisions of Section 9 of "An Act to revise the law in relation to

plats", approved March 21, 1874, as amended [765 ILCS 205/9].

HISTORY:
P.A. 83-358.

605 ILCS 5/4-215 [Territorial maps]

The Department may file with the governing body of any municipality or county a map of any territory within ½ mile on either or both sides of a State highway routing in which territory the Department believes subdivision development would have an effect upon an existing State highway or a future State highway the route of which has been adopted by the Department.

The clerk of the governing body of the municipality or county shall issue a receipt for the territorial map, and within 3 days after receiving such map, shall transmit to the Department one copy of each tentative map of any subdivision located wholly or partly within the territory outlined by the territorial map.

The Department, upon receiving a copy of the territorial map, may, within 15 days after receipt, make recommendations to the appropriate agency of the municipality or county in connection therewith regarding the effect of the proposed subdivision upon the State highway or State highway route.

HISTORY:
Laws 1959, p. 786.

605 ILCS 5/4-216 [Removal of snow so as to leave driveways open]

If, as a result of the removal of snow from the travelway of any State highway, snow is deposited along the shoulder or edge of such highway where any public or private entrance or exit driveway connects with such State highway, the Department shall also remove the snow from the highway right-of-way so as to leave such driveways open for vehicular travel.

HISTORY:
Laws 1961, p. 2720.

605 ILCS 5/4-217 [Standing strips of crops as snow breaks]

The Department may contract with persons growing row crops on land adjacent to State highways to buy standing strips of such crops to remain in place to act as snow breaks along such highways in those places where experience shows that drifting snow has been an obstruction to traffic. The contract price to be paid by the Department in any such case shall be the market price of such crop at the time of contracting or the September price of such crop on the Chicago Board of Trade, whichever is higher.

HISTORY:
P.A. 81-1156.

605 ILCS 5/4-218 [Use of calcium magnesium acetate made from corn for snow removal]

The Department shall establish a pilot program to evaluate the use of calcium magnesium acetate made from corn for the purpose of clearing roadways of snow and ice. Such pilot program shall be implemented by the Department as suitable quantities of calcium magnesium acetate become available and shall include any one of the following counties: Champaign, Douglas, Grundy, Iroquois, Kankakee, LaSalle, Vermilion, or Will. If the pilot program is successful, the Department shall endeavor to expand its use of calcium magnesium acetate made from corn for road clearing throughout the State.

HISTORY:
P.A. 85-1209.

605 ILCS 5/4-219 Context sensitivity

(a) It is the intent of the General Assembly to ensure that Department of Transportation projects adequately meet the State's transportation needs, exist in harmony with their surroundings, and add lasting value to the communities they serve.

(b) To support this objective, the Department of Transportation shall embrace principles of context sensitive design and context sensitive solutions in its policies and procedures for the planning, design, construction, and operation of its projects for new construction, reconstruction, or major expansion of existing transportation facilities.

(c) A hallmark of context sensitive design and context sensitive solutions principles for the Department of Transportation shall be early and ongoing collaboration with affected citizens, elected officials, interest groups, and other stakeholders to ensure that the values and needs of the affected communities are identified and carefully considered in the development of transportation projects.

(d) Context sensitive design and context sensitive solutions principles shall promote the exploration of innovative solutions, commensurate with the scope of each project, that can effectively balance safety, mobility, community, and environmental objectives in a manner that will enhance the relationship of the transportation facility with its setting.

(e) The Department shall report to the Governor and the General Assembly no later than April 1, 2004 on its efforts to implement context sensitive design criteria.

HISTORY:
P.A. 93-545, § 5.

605 ILCS 5/4-220 Bicycle and pedestrian ways.

(a) Bicycle and pedestrian ways shall be given full consideration in the planning and development of transportation facilities, including the incorporation of such ways into State plans and programs.

(b) In or within one mile of a municipality with a population of over 1,000 people, and subject to the Department's option in subsection (e), the Department shall establish and solely fund bicycle and pedestrian ways in conjunction with the construction, reconstruction, or other change of any State transportation facility except:

(1) in pavement resurfacing projects that do not widen the existing traveled way or do not provide stabilized shoulders;

(2) where approved by the Secretary of Transportation based upon documented safety issues, excessive cost, or absence of need; or

(3) where the municipality passes a resolution stating that a bicycle or pedestrian way does not fit within its development plan.

(c) Bicycle and pedestrian ways may be included in pavement resurfacing projects when local support is evident or the bicycling and walking accommodations can be added within the overall scope of the original roadwork.

(d) The Department shall establish design and construction standards for bicycle and pedestrian ways. Beginning July 1, 2007, this Section shall apply to planning and training purposes only. Beginning July 1, 2008, this Section shall apply to construction projects.

(e) If programmed funds identified in Section 2705-615 of the Department of Transportation Law [20 ILCS 2705/2705-615] are not expended for 5 years, the Department has the option to use those funds to pay the cost of bicycle and pedestrian ways in roadway projects affected by this Section.

HISTORY:
P.A. 95-665, § 5; 2021 P.A. 102-660, § 5, effective January 1, 2022.

605 ILCS 5/4-221 Mix designs

To the extent allowed by federal law, the Department specifications shall allow the use of recycled asphalt roofing shingles received from facilities authorized to process asphalt roofing shingles for recycling into asphalt pavement in accordance with (i) permits issued pursuant to Section 39 of the Environmental Protection Act [415 ILCS 5/39] or (ii) beneficial use determinations issued pursuant to Section 22.54 of the Environmental Protection Act [415 ILCS 5/22.54]. In creating the mix designs used for construction and maintenance of State highways, it shall be the goal of the Department, through its specifications, to maximize the percentage of recycled asphalt roofing shingles and binder replacement and to maximize the use of recycled aggregates and other lowest-cost constituents in the mix so long as there is no detrimental impact on life-cycle costs.

HISTORY:
P.A. 97-314, § 10.

605 ILCS 5/4-222 Recycled asphalt roofing shingles; cost savings; prohibitions on use in asphalt paving

(a) It shall be the goal of the Department, with regard to its asphalt paving projects and to the extent possible, to reduce the carbon footprint and reduce average costs by maximizing the percentage use of recycled materials or lowest cost alternative materials and extending the paving season so long as there is no detrimental impact on life-cycle costs. In furtherance of these goals, the Department shall provide to the Chairpersons of the Transportation Committee in each legislative chamber, within 60 days after the completion of each fiscal year, a written report of the activities initiated or abandoned in each district or region within the Department to meet those goals during the previous year. The report shall also include an analysis of the cost savings directly or indirectly attributed to those activities within each district or region. Upon review of the annual report, the Transportation Committees in each chamber may conduct hearings and provide recommendations to the Department regarding the performance of each district or region.

(b) No producer of asphalt pavement, operating pursuant to an air permit issued by the Illinois Environmental Protection Agency, shall use recycled asphalt roofing shingles in its pavement product unless the shingles have been processed for recycling into asphalt pavement in accordance with (i) permits issued pursuant to Section 39 of the Environmental Protection Act [415 ILCS 5/39] or (ii) beneficial use determinations issued pursuant to Section 22.54 of the Environmental Protection Act [415 ILCS 5/22.54]. The prohibition in this subsection (b) shall apply in addition to any other rules, specifications, or other requirements adopted by the Department regarding the use of asphalt roofing shingles in pavement product.

HISTORY:
P.A. 97-314, § 10.

605 ILCS 5/4-223 Electric vehicle charging stations

By January 1, 2016 or as soon thereafter as possible, the Department may provide for at least one electric vehicle charging station at each Interstate highway rest area where electrical service will reasonably permit and if these stations and charging user fees at these stations are allowed by federal regulations.

The Department may adopt and publish specifications detailing the kind and type of electric vehicle charging station to be provided and may adopt rules governing the place of erection, user fees, and maintenance of electric vehicle charging stations.

HISTORY:
P.A. 98-442, § 10; 98-756, § 655.

605 ILCS 5/223 Electric vehicle charging stations [Renumbered]

HISTORY:
Former § 605 ILCS 5/223 was renumbered to be 605 ILCS 5/4-223, by P.A. 98-756, § 655, effective July 16, 2014.

DIVISION 3.

PLANNING AND PROGRAMMING

605 ILCS 5/4-303 [Investigations to determine future need]

Investigations made by the Department to determine the reasonably anticipated future need for federal aid highways and State highways may include, but shall not be limited to, the making of traffic surveys, the study of transportation facilities, research concerning the development of the several areas within this State and contiguous territory as affected by growth and changes in population and economic activity and the collection and review of data relating to all factors affecting the judicious planning of construction, improvement and maintenance of highways. Such investigations may also be conducted in cooperation with counties, municipalities, the United States, sister states, agencies of any such governments or other persons in pursuance of agreements to share the cost thereof. The Department is authorized to enter into such agreements.

HISTORY:
Laws 1959, p. 196.

DIVISION 4.

CONSTRUCTION AND MAINTENANCE

605 ILCS 5/4-401 [Widths]

All State highways shall be constructed of sufficient widths to meet the requirements of the reasonably expected traffic thereon. The widths of travel ways shall be not less than 18 feet.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-402 [Supervision of municipality]

When any State highway route through a municipality has been designated, the Department shall supervise any construction performed on such streets by the municipality with funds received from the State. Such construction shall be either with or without continuous grade separation and of such type and width as is required, in the judgment of the Department, to care for traffic and parking needs.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-403 [Belt-lines]

Whenever local traffic conditions within any municipality through which or to the corporate limits of which any State highway is located, in the discretion of the Department, are such as to interfere with or impede through or State traffic, the Department is authorized and directed to locate and construct a durable hard-surfaced highway in the nature of a belt-line to connect State highway routes entering such municipality, so as to avoid congested traffic districts in the municipality. Such belt-line routes may be wholly without the corporate limits of the municipality or partly within and partly without such limits.

The type of construction and width of such belt-line routes shall be sufficient to care for present or reasonably expected future needs of through or State traffic.

Such belt-line routes shall be a part of the State highway system.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-404 [Change in width or type]

By agreement between the Department and the proper authority of any municipality, park district or other municipal corporation, the construction of any street upon which a State highway route is located may be of greater width or different type than that determined upon by the Department. In such cases the excess cost of such construction shall be paid by the municipal corporation.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-405 [Lines]

The Department shall maintain all highways in the State highway system either with its own forces or pursuant to an agreement or contract entered into pursuant to this Code.

In the course of its other maintenance work, the Department shall paint and maintain a line not less than 2 ½ inches in width on the edges of uncurbed roadways of all State highways having an Illinois or U.S. route traffic marking and which carry an average daily traffic of more than 1000 vehicles. The Department may paint and maintain such lines on such other State highways as it deems desirable.

HISTORY:
P.A. 78-283.

605 ILCS 5/4-406 [Maintenance contracts]

The Department is authorized to enter into contracts with any municipal corporation, terminable in the discretion of the Department, for the municipal corporation to maintain any State highway, or any part thereof, located within such municipal corporation, such maintenance to be under the supervision of the Department and at the expense of the State.

The Department is authorized to enter into similar contracts with any county for the county to maintain any State highway, or any part thereof, which was

originally constructed by the county, such maintenance to be under the supervision of the Department and at the expense of the State.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-406.1 [Surrender of jurisdiction]

The Department may surrender jurisdiction over the right-of-way and improvements of all or part of a State highway, street or road to a municipality by agreement as provided in Section 11-91.2-1 of the Illinois Municipal Code, as now or hereafter amended [24 ILCS 11-91.2-1].

HISTORY:
P.A. 85-1421.

605 ILCS 5/4-407 [Temporary closing; detour]

The Department may temporarily close to traffic any portion of a State highway for the purpose of constructing, repairing or making improvements thereon.

When a portion of a State highway with a route marking is so closed, the Department shall arrange with local authorities or otherwise to maintain efficient detours around the portion of the State highway which is closed and, except for an unanticipated emergency as determined by the Department, shall post notice of the detour locations on the Department's website no later than 10 days before the detour becomes active. Such detour shall be plainly and conspicuously marked with signs by which traffic may be guided around that part of the highway so closed.

HISTORY:
P.A. 84-873; 2017 P.A. 100-473, § 5, effective June 1, 2018.

605 ILCS 5/4-408 [Permit for temporary closing]

The Department may, upon application by the proper authorities of any local governmental agency, issue a permit to such agency to temporarily close to traffic any portion of a State highway for any public purpose or for any temporary needs of such agency.

Such permit shall be issued only upon the explicit agreement of the local governmental agency to assume all liabilities and pay all claims for any damages which shall be occasioned by such closing and such agreement shall be made a part of every such permit. When a State highway is closed by a local governmental agency under the terms of a permit, the agency shall maintain efficient detours satisfactory to the Department around the portion of the closed highway. Except for an unanticipated emergency as determined by the Department, the Department and the local governmental agency shall post notice of the detour locations on the Department's website and the local governmental agency's website no later than 10 days before the detour becomes active. A hyperlink on a local governmental agency's website to posted notices on the Department's website shall satisfy the requirements under this Section. A local governmental agency that does not have a website maintained by a full-time staff or a municipality with 1,000,000 or more inhabitants shall not be required to post detour locations under this Section. Such detour shall be plainly and conspicuously marked with signs by which traffic may be guided around that part of the State highway so closed.

HISTORY:
Laws 1959, p. 196; 2017 P.A. 100-473, § 5, effective June 1, 2018.

605 ILCS 5/4-409 [Contracts with highway authorities]

The Department may enter into a written contract with any other highway authority for the jurisdiction, maintenance, administration, engineering or improvement of any highway or portion thereof. The Department may also, upon application of any highway authority, authorize the highway authority to enter into a written contract with any other highway authority for the jurisdiction, maintenance, administration, engineering or improvement of any highway or portion thereof.

HISTORY:
P.A. 79-417.

605 ILCS 5/4-410 Demonstration project

The Department shall implement a demonstration project, under which 20 of the contracts arising out of the Department's 5-year project program for fiscal years 2000 through 2004 shall have a performance-based warranty of at least 5 years, and 10 of those contracts shall be designed for a 30-year life cycle.

HISTORY:
P.A. 91-37, § 38.

DIVISION 5.

PROPERTY ACQUISITION AND DISPOSAL

605 ILCS 5/4-501 [Eminent domain]

The Department, in its name, or any county may acquire the fee simple title, or such lesser interest as may be desired, to any land, rights, or other property necessary for the construction, maintenance or operation of State highways, or necessary for locating, relocating, extending, widening or straightening any State highway, or necessary for locating, relocating, extending, widening or straightening an existing street or for laying out, establishing or opening a new street within the corporate limits of any municipality which has been designated by the Department as a street to form a part of or to connect with a State highway leading up to the corporate limits of such

municipality, or necessary for any other purpose or use contemplated by this Code by purchase or by the exercise of the right of eminent domain under the eminent domain laws of this State and the Department shall not be required, in any case, to furnish bond.

When, in the judgment of the acquiring agency, it is more practical and economical to acquire the fee to the inaccessible remnants of the tracts of land from which rights-of-way are being acquired than to pay severance damages, such agency may do so by purchase or by an eminent domain proceeding.

When a part of a parcel of land is to be taken for State highway purposes and the accessible remnant is to be left in a shape or condition rendering it of little value to the owner or giving rise to claims for severance or other damages, upon written request of the owner, the acquiring agency may take the whole parcel and may sell or exchange the part not needed for highway purposes.

When acquiring land for a highway on a new location, and when a parcel of land one acre or less in area contains a single family residence, which is in conformance with existing zoning ordinances, and only a part of that parcel is required for State highway purposes causing the remainder of the parcel not to conform with the existing zoning ordinances, or when the location of the right of way line of the proposed highway reduces the distance from an existing single family residence to the right of way line to 10 feet or less, the acquiring agency shall, if the owner so demands, take the whole parcel by negotiation or condemnation. The part not needed for highway purposes may be rented, sold or exchanged by the acquiring agency.

When any farm land is acquired for State highway purposes by the exercise of the right of eminent domain, the rate of compensation to be paid by the acquiring agency shall be computed by taking into consideration the total acreage originally involved in the farm land parcel, including that portion of such parcel already part of a right of way for highway purposes but for which legal title lies in the owner of the parcel.

HISTORY:
P.A. 81-536.

605 ILCS 5/4-501.5 Eminent domain

Notwithstanding any other provision of this Code, any power granted under this Code to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 94-1055, § 95-5-745.

605 ILCS 5/4-502 [Eminent domain; ditches, drains, watercourses]

When the Department deems it necessary to build, widen, alter, relocate or straighten any ditch, drain or watercourse in order to drain or protect any highway or highway structure it is authorized to construct, maintain or operate, it may acquire the necessary property, or such interest or right therein as may be required, by gift or purchase or, if the compensation or damages cannot be agreed upon, by the exercise of the right of eminent domain under the eminent domain laws of this State. The Department shall not be required to furnish bond in any eminent domain proceeding.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-503 [Entry on property]

For the purpose of making subsurface soil surveys, preliminary surveys and determinations of the amount and extent of such land, rights or other property required, the Department, or any county, by its officers, agents or employees, after written notice to the known owners and occupants, if any, may enter upon the lands or waters of any person, but subject to responsibility for all damages which shall be occasioned thereby.

HISTORY:
P.A. 84-713.

605 ILCS 5/4-504 [Authority to take state land]

Subject to the approval of the Governor and the consent of any department, board, commission, officer or other agency of the State government having control and custody of any land now or hereafter owned by the State, the Department is authorized to take and use such portion as may be deemed necessary for State highway purposes over such land, provided such taking and use by the Department does not interfere with the use of such land by the agency so having control and custody.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/4-505 [Eminent domain; railroads and public utilities]

In addition to whatever powers the Department may by law now possess, whenever it is necessary as an incident to the construction of a new State highway or the relocation, reconstruction, extension, widening, straightening, alteration, repair, maintenance or improvement of an existing State highway (including extensions of a new or existing State highway through or into a municipality upon a new or existing street) that the line or tracks of a railroad or railway company or the wires, poles, pipes or other facilities of a public utility, which are not then located in or upon a public street or highway, be relocated, and the Department and such company or public utility have entered into an agreement, approved by the Illinois Commerce Commission, concerning such relocation, the Department is authorized to purchase, or to

acquire through the exercise of the right of eminent domain under the eminent domain law of the State, such easements, rights, lands or other property as may be necessary for the relocation of said railroad or railway line or tracks or other public utility facilities.

The Department is authorized to convey such easements, rights, lands or other property it has so purchased or acquired for said relocation of the said railroad, railway company or other public utility by deed executed by the Director of the Department.

HISTORY:
Laws 1965, p. 428.

605 ILCS 5/4-508 [Sale of land] [Effective until January 1, 2023]

(a) Except as provided in paragraphs (c) and (d) of this Section, and subject to the written approval of the Governor, the Department may dispose of, by public sale, at auction or by sealed bids, any land, rights or other properties, real or personal, acquired for but no longer needed for highway purposes or remnants acquired under the provisions of Section 4-501 [605 ILCS 5/4-501], provided that no such sale may be made for less than the fair appraised value of such land, rights, or property.

(b) Except as provided in paragraphs (c) and (d) of this Section, and subject to the written approval of the Governor, the Department may exchange any land, rights or property no longer needed for highway purposes or remnants acquired under the provisions of Section 4-501 of this Code for equivalent interests in land, rights or property needed for highway purposes. Where such interests are not of equivalent value cash may be paid or received for the difference in value.

(c) If at the time any property previously determined by the Department to be needed for highway purposes is declared no longer needed for such purposes, and the person from whom such property was acquired still owns and has continuously owned land abutting such property since the acquisition by the Department, the Department before making any disposition of that property shall first offer in writing that property to the person from whom such property was acquired at the current appraised value of the property. If the offer is accepted in writing within 60 days of the date of the written offer, the Department, subject to the written approval of the Governor, is authorized to dispose of such property to the person from whom such property was acquired upon payment of the appraised value. If the offer is not accepted in writing within 60 days of the date of the written offer, all rights under this paragraph shall terminate.

(d) If the Department enters into or currently has a written contract with another highway authority for the transfer of jurisdiction of any highway or portion thereof, the Department is authorized to convey, without compensation, any land, dedications, easements, access rights, or any interest in the real estate that it holds to that specific highway or portion thereof to the highway authority that is accepting or has accepted jurisdiction. However, no part of the transferred property can be vacated or disposed of without the approval of the Department, which may require compensation for non-public use.

(e) Except as provided in paragraph (c) of this Section, if the Department obtains or obtained fee simple title to, or any lesser interest, in any land, right, or other property and must comply with subdivision (f)(3) of Section 6 of Title I of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 460 1-8(f)(3)), the Historic Bridge Program established under Title 23, United States Code, Section 144, subsection (o) (23 U.S.C. 144(o)), the National Historic Preservation Act (16 U.S.C. Sec. 470), the Interagency Wetland Policy Act of 1989 [20 ILCS 830/1-1 et seq.], or the Illinois State Agency Historic Resources Preservation Act [20 ILCS 3420/1 et seq.], the Department, subject to the written approval of the Governor and concurrence of the grantee, is authorized to convey the title or interest in the land, right, or other property to another governmental agency, or a not-for-profit organization that will use the property for purposes consistent with the appropriate law.

The Department may retain rights to protect the public interest.

HISTORY:
P.A. 83-312; 90-573, § 5; 90-755, § 10; 91-357, § 225; 95-331, § 1000.

605 ILCS 5/4-508 [Sale of land] [Effective January 1, 2023]

(a) Except as provided in paragraphs (c) and (d) of this Section, and subject to the written approval of the Governor and, if required by federal law or regulation, the Federal Highway Administration, the Department may dispose of, by public sale, at auction or by sealed bids, any land, dedications, easements, access rights, or any interest in the real estate that it holds, or other properties, real or personal, acquired for but no longer needed for highway purposes or remnants acquired under the provisions of Section 4-501 [605 ILCS 5/4-501].Such sale may be made at the fair market value of such land, rights, or property, as determined by the Department. The fair market value of the land, rights, or property may be based on one or more appraisals completed by a qualified appraiser approved by the Department or a valuation waiver prepared by the Department. A sale below the fair market value, as established by this Section, shall be justified, in writing, by Department staff, which shall include consideration of all relevant information, including, but not limited to, findings regarding the best interests of the Department, other public benefits such as divestment of liabilities, or changed circumstances. The Department shall develop a policy to assign a monetary value of all such considerations in valuation determi-

nations. An appraisal may be paid for by any interested party. The form of the conveyance or release shall be in a form approved by the Department.

(b) Except as provided in paragraphs (c) and (d) of this Section, and subject to the written approval of the Governor, the Department may exchange any land, rights or property no longer needed for highway purposes or remnants acquired under the provisions of Section 4-501 of this Code for equivalent interests in land, rights or property needed for highway purposes. Where such interests are not of equivalent value cash may be paid or received for the difference in value.

(c) If at the time any property previously determined by the Department to be needed for highway purposes is declared excess and no longer needed for the Department's purposes, and before making the property available for public sale as provided in subsection (a), the Department shall offer that real property as follows:

(1) To the person from whom such real property was acquired that still owns and has continuously owned land adjacent to or abutting such real property since the acquisition by the Department, the Department shall first offer the property, in writing, for the fair market value of the property. If the Department's offer to such a person is accepted, in writing, within 60 days of the date of the written offer, the Department, subject to the written approval of the Governor, is authorized to dispose of such property to that person. If the offer is not accepted, in writing, within 60 days of the date of the written offer, all rights under this paragraph shall terminate.

(2) If the option in paragraph (1) does not exist or an offer is made and not accepted, or a sale otherwise is not consummated, the Department shall offer, in writing, at the value determined by the Department, the real property declared excess to the local municipality in which the property is situated and located, or, if the property is situated and located in an unincorporated area, to the county and township, if applicable, in which the property is situated and located. If a letter of intent to accept the offer is received by the Department, in writing, within 15 days of the date of the offer, the local governmental entity shall have 45 days from the date on the offer to accept the offer formally by resolution of its governing body. If the offer is formally accepted within 45 days of the date of the written offer, the Department, subject to the written approval of the Governor, is authorized to convey the property to the governing body upon payment of the value stated in the offer and may include a reversion for failure to continue public ownership and use if conveyed for less than fair market value. If a timely letter of intent to accept and a formal acceptance is received from a county and a township, the county shall be given priority. If a letter of intent is not received within 15 days of the offer, all rights under this paragraph shall terminate. If the letter of intent is received within the 15 days, but the formal acceptance is not received within 45 days of the date of the written offer, all rights under this paragraph shall terminate. If the unit of local government does not tender the funds in the full amount of the accepted offer within 90 days of the date of the offer, all rights under this paragraph shall terminate. If a county fails to tender the funds in the full amount of the written accepted offer and a township tenders the full amount of a timely accepted offer within 15 days of the county's failure to timely tender, the Department shall sell the land, rights, or property to the township. The Department shall have the right to revoke, in writing, any offer made under this paragraph at any time before the funds in the full amount of the offer are tendered to the Department.

(3) If the option in paragraph (1) or (2) does not exist or a sale is not otherwise consummated, the Department shall offer, in writing, at fair market value, the real property declared excess to an adjacent or abutting property owner if the property owner is the only reasonable party as determined by the Department. If the Department's offer is accepted by the property owner, in writing, within 60 days of the date of the written offer, the Department, subject to the written approval of the Governor, is authorized to convey the property to the property owner upon payment of the fair market value. If the offer is not accepted, in writing, within 60 days of the date of the written offer, all rights under this paragraph shall terminate.

(d) If the Department enters into or currently has a written contract with another highway authority for the transfer of jurisdiction of any highway or portion thereof, the Department is authorized to convey, subject to the written approval of the Governor, without compensation, any land, dedications, easements, access rights, or any interest in the real estate that it holds to that specific highway or portion thereof to the highway authority that is accepting or has accepted jurisdiction. However, no part of the transferred property can be vacated or disposed of without the approval of the Department, which may require compensation for non-public use.

(e) Except as provided in paragraph (c) of this Section, if the Department obtains or obtained fee simple title to, or any lesser interest, in any land, right, or other property and must comply with subdivision (f)(3) of Section 6 of Title I of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 460 l-8(f)(3)), the Historic Bridge Program established under Title 23, United States Code, Section 144, subsection (o) (23 U.S.C. 144(o)), the National Historic Preservation Act (16 U.S.C. Sec. 470), the Interagency Wetland Policy Act of 1989 [20 ILCS 830/1-1 et seq.], or the Illinois State Agency Historic Resources Preservation Act [20 ILCS 3420/1 et seq.], the Department, subject to the written approval of the Governor and concurrence of the grantee, is autho-

rized to convey the title or interest in the land, right, or other property to another governmental agency, or a not-for-profit organization that will use the property for purposes consistent with the appropriate law.

The Department may retain rights to protect the public interest.

HISTORY:
P.A. 83-312; 90-573, § 5; 90-755, § 10; 91-357, § 225; 95-331, § 1000; 2022 P.A. 102-974, § 5, effective January 1, 2023.

605 ILCS 5/4-508.1 [Federal highway project]

In the event the Department obtains or has obtained fee simple title to, or any lesser interest in, any land, rights or other property under the provisions of Section 4-508 of this Code [605 ILCS 5/4-508] in connection with a project involving the planned construction of a federal-aid highway and that project ceases to be a federal-aid project, the Department is authorized to convey title to, or any lesser interest in, all such land, rights or property, regardless of whether any construction has taken place, to the Illinois State Toll Highway Authority without compensation when such conveyance is approved in writing by the Governor.

HISTORY:
P.A. 83-1258.

605 ILCS 5/4-509 [Replacement of public property]

In addition to other powers of the Department, whenever it is necessary as an incident to the construction of a new State highway or the relocation, reconstruction, extension, widening, straightening, alteration, repair, maintenance or improvement of an existing State highway (including extensions of a new or existing State highway through or into a municipality upon a new or existing street) that property already devoted to a public use be acquired, and the Department and the public agency having jurisdiction over such property have entered into an agreement concerning the acquisition of such property, the Department is authorized to purchase, or to acquire through the exercise of the right of eminent domain, such easements, rights, lands or other property as may be necessary to replace the public property being acquired. The Department is authorized to convey to such public agency such easements, rights, lands or other property it so purchases or acquires for such replacement by deed executed by the Director of the Department.

HISTORY:
Laws 1965, p. 2921.

605 ILCS 5/4-510 [Establishment of future locations]

The Department may establish presently the approximate locations and widths of rights of way for future additions to the State highway system to inform the public and prevent costly and conflicting development of the land involved.

The Department shall hold a public hearing whenever approximate locations and widths of rights of way for future highway additions are to be established. The hearing shall be held in or near the county or counties where the land to be used is located and notice of the hearing shall be published in a newspaper or newspapers of general circulation in the county or counties involved. Any interested person or his representative may be heard. The Department shall evaluate the testimony given at the hearing.

The Department shall make a survey and prepare a map showing the location and approximate widths of the rights of way needed for future additions to the highway system. The map shall show existing highways in the area involved and the property lines and owners of record of all land that will be needed for the future additions and all other pertinent information. Approval of the map with any changes resulting from the hearing shall be indicated in the record of the hearing and a notice of the approval and a copy of the map shall be filed in the office of the recorder for all counties in which the land needed for future additions is located.

Public notice of the approval and filing shall be given in newspapers of general circulation in all counties where the land is located and shall be served by registered mail within 60 days thereafter on all owners of record of the land needed for future additions.

The Department may approve changes in the map from time to time. The changes shall be filed and notice given in the manner provided for an original map.

After the map is filed and notice thereof given to the owners of record of the land needed for future additions, no one shall incur development costs or place improvements in, upon or under the land involved nor rebuild, alter or add to any existing structure without first giving 60 days notice by registered mail to the Department. This prohibition shall not apply to any normal or emergency repairs to existing structures. The Department shall have 45 days after receipt of that notice to inform the owner of the Department's intention to acquire the land involved; after which, it shall have the additional time of 120 days to acquire such land by purchase or to initiate action to acquire said land through the exercise of the right of eminent domain. When the right of way is acquired by the State no damages shall be allowed for any construction, alteration or addition in violation of this Section unless the Department has failed to acquire the land by purchase or has abandoned an eminent domain proceeding initiated pursuant to the provisions of this paragraph.

Any right of way needed for additions to the highway system may be acquired at any time by the

State or by the county or municipality in which it is located. The time of determination of the value of the property to be taken under this Section for additions to the highway system shall be the date of the actual taking, if the property is acquired by purchase, or the date of the filing of a complaint for condemnation, if the property is acquired through the exercise of the right of eminent domain, rather than the date when the map of the proposed right-of-way was filed of record. The rate of compensation to be paid for farm land acquired hereunder by the exercise of the right of eminent domain shall be in accordance with Section 4-501 of this Code [605 ILCS 5/4-501].

Not more than 10 years after a protected corridor is established under this Section regardless of whether the corridor is established before or after the effective date of this amendatory Act of the 97th General Assembly [P.A. 97-279], and not later than the expiration of each succeeding 10 year period, the Department shall hold public hearings to discuss the viability and feasibility of the protected corridor. In the case of a protected corridor established prior to 10 years before the effective date of this amendatory Act of the 97th General Assembly, the hearing shall be conducted within 6 months of the effective date of this amendatory Act of the 97th General Assembly. The Department shall retain the discretion to maintain any protected corridor established under this Section, but shall give due consideration to the information obtained at the hearing and, if the Department in its discretion determines that construction of the roadway is no longer feasible, the Department shall abolish the protected corridor.

HISTORY:
P.A. 83-358; 91-357, § 225; 97-279, § 5.

605 ILCS 5/4-511 [Property occupied by structure]

In addition to whatever powers the Department may by law now possess whenever it is necessary for the Department as an incident to the construction of a new State highway or the relocation, reconstruction, extension, widening, straightening, alteration, repair, maintenance or improvement of an existing highway (including extension of a new or existing State highway through or into a municipality upon a new or existing street) to acquire property occupied by a structure which must be removed or demolished in order to construct such highway, then the Department may acquire within a one mile radius of such structure such other unimproved or improved but unoccupied easements, rights, lands or other property by purchase or through the exercise of the right of eminent domain, for the purpose of:

(a) Providing a site on which such structure may be replaced or relocated by the Department in order that the structure or its replacement thereof may continue to be used in conformance with the use previously made thereof, provided that the use of such site shall be in accordance with applicable zoning requirements and building codes. The Department is authorized to replace, restore and rehabilitate such site and structure in its entirety including but not limited to providing a suitable foundation, installing heating, lighting, water, sewage and other necessary facilities and appurtenances. After the construction of the replacement structure or relocation, restoration and rehabilitation of any existing structure, the Department may sell or exchange such structure and site on which it is located in the manner provided by Section 4-508 of this Code [605 ILCS 5/4-508] and may insert in any instrument or deed covering such sale or exchange, such covenants and agreements insuring compliance with this Section which covenants and agreements shall run with the land.

(b) Providing a site on which such structure may be replaced, relocated, restored or rebuilt by the owner thereof in order that the structure or its replacement thereof may continue to be used in conformance with the use previously made thereof provided that the use of such site shall be in accordance with applicable zoning requirements and building codes. The Department is authorized to exchange such easements, rights, lands or other property with the owner of the property required for the highway construction in a manner provided by Section 4-508 of this Code and may insert in any instrument or deed covering such exchange, such covenants and agreements insuring compliance with this Section which covenants and agreements shall run with the land.

The Department may enter into an agreement or agreements with any department, board, commission, officer or agency of federal or state government, its political subdivisions and municipal corporations or with any private person, firm or corporation in order to carry out the purpose of this Section.

HISTORY:
P.A. 77-1577.

605 ILCS 5/4-512 Street closing or relocating

The Department shall not, under any circumstance, give its approval to any plan or request that would permanently close or relocate that portion of 55th Street lying between East Avenue and Joliet Road, located within Cook County.

HISTORY:
P.A. 88-242, § 5.

DIVISION 1.

GENERAL POWERS OF COUNTY — DESIGNATION OF COUNTY HIGHWAYS

605 ILCS 5/5-101 [Powers and duties of county boards]

The county board of each county shall have the powers and duties stated in Sections 5-101.1 to 5-101.11 [605 ILCS 5/5-101.1 to 605 ILCS 5/5-101.11], inclusive.

HISTORY:
Laws 1965, p. 1000.

605 ILCS 5/5-101.1 [General supervision]

To have general supervision of all county highways in the county, subject to the provisions of Section 4-101.1 [605 ILCS 5/4-101.1].

HISTORY:
P.A. 85-853.

605 ILCS 5/5-101.2 [Tax and spend]

To levy taxes and expend funds, either general or special, in accordance with law for highway purposes.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.3 [Construction]

To construct any county highway, including the lighting thereof, in the discretion of the county board out of any funds available for such purpose, and to construct State highways, provided that any construction of a State highway shall be according to plans and specifications approved by the Department.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.4 [Appropriate funds]

To appropriate funds to aid in the construction of township and district highways in any part of the county.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.5 [Bond proceeds]

When in any county of 500,000 inhabitants or more bonds of the county have been authorized by vote of the people of the county for the purpose of aiding in the construction of highways, to employ the proceeds of such bonds in aiding in the construction or widening of any highways in such county, including State and county highways therein.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.6 [Appointment of superintendent]

To appoint a county superintendent of highways in the manner provided by Division 2 of this Article [605 ILCS 5/5-201 et seq.].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.7 [Accept and use funds]

To accept, receive and use as county funds for the purpose of constructing county highways money turned over to the county by a road district as provided by Section 5-606 of this Code [605 ILCS 5/5-606], or by a municipality, or by any person; and to accept and use donations from any source for the purpose of constructing any highway within the county.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.8 [Plat making and recordation]

Whenever any county highway is laid out, widened or altered in accordance with this Article, to cause a plat thereof to be made and recorded in the office of the recorder of the county (or in the office of the registrar of titles for the county if appropriate) in accordance with the provisions of Section 9 of "An Act to revise the law in relation to plats", approved March 21, 1874, as amended [765 ILCS 205/9].

HISTORY:
P.A. 83-358.

605 ILCS 5/5-101.9 [Other powers and duties]

To exercise any other power and perform any other duty prescribed in this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-101.10 [Traffic control devices and signs]

To place, erect and maintain on county highways all traffic control devices and signs authorized by this Code or by "The Illinois Vehicle Code", approved September 29, 1969, as amended [625 ILCS 5/1-100 et seq.].

HISTORY:
P.A. 83-333.

605 ILCS 5/5-101.11 [Purchase and lease of equipment]

Whenever it considers such purchase or lease advisable, to purchase or lease highway construction and maintenance equipment under contracts providing for payment in installments over a period of time of not more than 10 years with interest on the unpaid balance owing not to exceed the amount permitted pursuant to "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as amended [30 ILCS 305/0.01 et seq.].

HISTORY:
P.A. 85-293.

605 ILCS 5/5-102 [County highway system]

Upon the effective date of this Code the highways comprising the county highway system in each county are those highways that, on such date, are defined as county highways by Section 2-102 and 2-204 of this Code [605 ILCS 5/2-102 and 605 ILCS 5/2-204].

Additions to and deletions from the county highway system may be made in the manner prescribed in this Code. Highways added to the county highway system shall be as nearly as possible highways connecting the principal municipalities and trading points in each county with each other, and also with the principal municipalities and trading points in other counties.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-103 [Map of highways]

Immediately after the effective date of this Code, the Department shall indicate the highways in each county highway system under the provisions of this Code on such effective date by marking them upon a map which shows the public roads and section lines in the county and shall file such map with the county clerk. The county clerk shall enter the map among his official records, and no changes in the county highway routes indicated thereon shall be made except when a change has been made in the county highway system in accordance with the provisions of Section 5-105 of this Code [605 ILCS 5/5-105] or when a county highway or part of it is vacated or relocated in accordance with Sections 5-109 or 5-110 of this Code [605 ILCS 5/5-109 or 605 ILCS 5/5-110].

HISTORY:
Laws 1967, p. 3388.

605 ILCS 5/5-104 [Mileage]

Except as otherwise provided in this Code, no mileage shall be added to a county highway system after the effective date of this Code, if such addition causes the total mileage of highways in the county highway system of the county to exceed 35% of the total rural public highway mileage in a county having less than 500,000 inhabitants or 75% of the total rural public highway mileage in a county having 500,000 inhabitants or more. When 80% of the maximum permissible county highway system mileage in a county is of proper width and alignment and has been satisfactorily improved with oiled earth, gravel, macadam, portland cement concrete, bituminous concrete or brick on a portland cement concrete base, or other hard-surfaced type of pavement, patented or otherwise, (including surface or subsurface drainage, grading, bridges and culverts thereon having adequate design and roadway width and satisfactory horizontal and vertical alignment and capable of sustaining highway traffic with safety), as determined by the Department, such county may, in the manner provided by Section 5-105 [605 ILCS 5/105], add to its existing highways in the county highway system, additional highway mileage to the extent of 10% of the permissible highway mileage of county highways in the county.

The total rural public highway mileage in a county shall be determined and published by the Department.

In determining the maximum permissible county highway system mileage of any county under this Section the mileage of county highways within the corporate limits of a municipality shall not be considered.

HISTORY:
P.A. 85-784; 85-832; 85-854.

605 ILCS 5/5-105 [Temporary closings and changes]

Temporary closings of county highways, or changes in highways making up a part of the county highway system, including additions to and deletions from such system, may be made by resolution of the county board, subject to the approval of the Department. Highways permanently removed from the county highway system which do not become part of the State highway system shall become part of the township and district road system if in a rural area, or the municipal street system if in a municipality. Such permanent changes shall be indicated on the map provided for by Section 5-103 of this Code [605 ILCS 5/5-103] or a corrected map may be substituted therefor. The provisions of this Section do not apply to the vacation or relocation of a county highway or part of it pursuant to Sections 5-107, 5-109 or 5-110 of this Code [605 ILCS 5/5-107, 605 ILCS 5/5-109 or 605 ILCS 5/5-110]. However, a change occasioned by the vacation or relocation of a county highway or part of it pursuant to Sections 5-107, 5-109 or 5-110 of this Code shall be indicated on the map provided for by Section 5-103 in the same manner as changes made under this Section.

HISTORY:
Laws 1967, p. 3388.

605 ILCS 5/5-106 [Municipal extensions]

The county board may, by resolution approved by the Department, designate a route on existing streets in a municipality as a municipal extension of a county highway or may designate a route for a municipal extension of a county highway on a new location in a municipality. Such designation shall be made so as to form a continuous route for a county highway through the municipality or so as to end a route for a county highway at a point within the municipality, as the case may be, as will best serve traffic needs.

Routes designated as municipal extensions of a county highway as provided in this Section shall not, by virtue of such designation, become a part of the county highway system. However, for the purposes of preparing plans and specifications, acquisition of right-of-way, the performance of all things necessary to the commencement of a construction or improvement project on a part or all of such a route by the county and the use of county highway or motor fuel tax funds therefor, such route shall be treated and considered as though it were then a part of the county highway system.

Upon the commencement by the county of a construction or improvement project on a part or all of a route so designated as such a municipal extension, the part so to be constructed or improved shall thereupon become a part of the county highway system.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-107 [Relocations]

Relocations of county highways may be made during the improvement thereof according to plans approved by the county board and the Department. Upon completion of the relocated highway and its opening to public travel, the new location shall become the location of the county highway and the county shall have full authority over the relocated highway and that portion of the original location not incorporated into the new location. For any portion of the original location not incorporated into the new location, the county board, by the process established by law, may transfer road jurisdiction to another highway authority or vacate, transfer, or sell the property interest.

Pending the completion and opening of the relocation, the county board shall have full authority over the existing county highway and shall also have power to lay out the relocation, acquire rights-of-way, by condemnation or otherwise, and take whatever action is necessary to effect the laying out, improving, and opening of the county highway upon the relocation.

HISTORY:
Laws 1959, p. 196; P.A. 96-1001, § 5.

605 ILCS 5/5-108 [Highway numbers]

The Department shall assign a number to each county highway in each county and all county highways shall always be designated by a number. The Department may from time to time renumber such county highways.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-109 [Vacating a highway]

When the county board determines that the public and economic interest is served by vacating a county highway or part of it, it may vacate that highway or part of it by resolution adopted by the favorable vote of ⅔ of the members of the county board, subject to the approval of the Department. The vote of each member shall be entered on the records of the county board. Prior to acting on such vacation resolution, the county board shall give at least 10 days' notice of the time and place of the county board meeting at which said resolution is to be considered, by publication in at least one newspaper published in the township or road district, or in the absence of such published newspaper, in at least one newspaper of general circulation in the township or road district, or in the absence of such generally circulated newspaper at the time prescribed for notice, by posting notices in 5 of the most public places in the township or road district in the vicinity of the road to be vacated.

The resolution may provide that it is not effective until the owners of property abutting on the highway or part of it to be vacated pay compensation in an amount which, in the judgment of the county board, is not in excess of the fair market value of a similar acreage abutting the highway. If there are public service facilities on the highway or part of it, the resolution shall reserve to the public body or public utility owning the facilities, the property, rights of way and easements existing at the time of vacating the highway for the maintenance, renewal and reconstruction of the same.

The determination of the county board that the nature and extent of the public and economic interest to be served warrants the vacation, reconstruction or relocation pursuant to this Section or Section 5-110 of the Code [605 ILCS 5/5-110] of any county highway or part of it, is conclusive, and the passage of the resolution is sufficient evidence of that determination, whether recited in the resolution or not. The relief to the public from further burden and responsibility of maintaining a highway or part of it constitutes a public and economic interest authorizing the vacation or relocation.

When property is damaged by the vacation of a county highway or part of it, the damage shall be ascertained and paid as provided by law.

HISTORY:
Laws 1967, p. 3388.

605 ILCS 5/5-110 [Recording a vacation]

Upon the vacation of a county highway or part of it, the county board shall cause a legal description of the highway or the part of it vacated to be recorded in the office of the recorder. The recorder shall mark any recorded plat of the highway in a manner that shows the vacation and indicates the book and page number where the description is recorded.

The provisions of Section 5-109 [605 ILCS 5/5-109] and this Section 5-110 shall not apply where the county board has ordered a highway or part thereof to be closed for a specified period of time, to be reconstructed thereafter. The provisions of Section 5-109 shall not apply where the county board has ordered a highway or part thereof to be vacated permanently to be reconstructed and dedicated in a new location.

HISTORY:
P.A. 83-358.

DIVISION 2.

COUNTY SUPERINTENDENT OF HIGHWAYS

605 ILCS 5/5-201 [Superintendent; engineer]

In each county with a population greater than 3,000,000, there shall be a county superintendent of highways. In each county with a population less than 3,000,000, there shall be a county engineer. On the effective date of this amendatory Act of 1991, in every county with a population less than 3,000,000, the county engineer shall succeed to all the powers and duties enjoyed by the county superintendent of highways immediately before that date. On and after the effective date of this amendatory Act of 1991, "county superintendent of highways" means "county engineer" or "county superintendent of highways" wherever it appears in this Code, unless a contrary intention is clearly indicated.

In the appointment of a county engineer or superintendent of highways, the county board and the Department shall proceed as follows:

(1) Should the board desire to reappoint the incumbent, it shall do so within 100 days before or after his term of office expires; however, prior to each reappointment, the board shall request and receive the consent of the Department to such reappointment, and the Department shall not withhold such consent except for incompetence or neglect of duty.

(2) Should the board desire to appoint someone other than the incumbent, it shall, within 100 days before or after the incumbent's term expires or a vacancy occurs, submit to the Department a list of not more than 5 persons, residents of the State, who are candidates for the office.

Each candidate shall hold a currently valid certificate of registration as a registered professional engineer issued under the provisions of the Professional Engineering Practice Act of 1989 [225 ILCS 325/1 et seq.], except that any candidate who holds the office of county superintendent of highways in any county on January 1, 1980, shall not be required to hold a certificate.

Each candidate shall also have at least one of the following qualifications:

(a) a baccalaureate degree in engineering from a reputable school and at least 2 years experience in civil and highway engineering or in the construction and maintenance of streets or highways, or both; or

(b) at least 10 years practical experience in civil and highway engineering or in the construction and maintenance of streets or highways, or both, at least 2 years of which shall be administrative experience of a scope comparable to that of the office for which he is a candidate; however, each of the first 3 academic years attendance at a reputable engineering school shall be considered as equivalent to 2 years practical experience in civil and highway engineering or experience in the construction and maintenance of streets or highways.

Upon the submission of a list of candidates by a county board, the Department shall proceed to determine if each candidate meets either of the above qualifications. The Department shall thereupon hold an appropriate examination for the candidates which it has found to meet one of the qualifications, and shall certify to the county board the names of the candidates who made satisfactory grades in the examination. The County board shall then appoint as county engineer or superintendent of highways one of the candidates so certified by the Department. If no candidate makes a satisfactory grade, the Department shall so certify to the county board, and the county board and Department shall proceed in like manner until an appointment is made.

(3) Should the board desire to consider for appointment both the incumbent and other candidates, the procedure shall be as above outlined in this Section except that final action of the county board on the question of reappointing the incumbent shall be delayed until the county board receives the first certification of results of the examination from the Department. In case no candidate on the first list submitted by the county board made a satisfactory grade in the examination, the county board shall not submit a second list but shall proceed to reappoint the incumbent.

As between persons equally competent and qualified to hold the office of county engineer or superintendent of highways, preference in the appointment shall be given residents of the county.

Any 2 or more counties may, with the approval of the Department, appoint the same person as county engineer or superintendent of highways for each of

the counties and may by agreement provide for the proportionate share of the salary and expenses of the appointee to be borne by each county. However, if a county board desires to appoint as county engineer or superintendent of highways of that county a person who at that time is the county engineer or superintendent of highways of another county, the person shall not be required to take the examination given by the Department and shall not be required to accept the appointment without his consent.

No part of any moneys appropriated by the State for the building and maintaining of county highways shall be apportioned to any county unless a county engineer or superintendent of highways has been appointed.

HISTORY:
P.A. 86-1475; 87-217; 87-895.

605 ILCS 5/5-201.1 [Division of transportation; director]

In each county of more than 600,000 inhabitants but less than 3,000,000 inhabitants, there shall be a County Division of Transportation with a county director of the Division of Transportation.

The chairman of the county board, with the advice and consent of the county board, shall appoint a director from a list of qualified applicants. The appointee shall have demonstrated experience in the area of management and administration.

The county board shall notify the Department of the appointment of the director.

HISTORY:
P.A. 84-756.

605 ILCS 5/5-202 [Term of superintendent]

(a) Except as provided under subsection (b) of this Section the term of office of each county superintendent of highways is 6 years and until his successor is appointed and qualified. He shall receive a salary fixed by the county board, and shall also be allowed his actual traveling and other expenses incurred in the discharge of the duties of his office, his salary and expenses to be payable out of any general or highway funds of the county. The county board shall provide all equipment and personnel reasonably required by the county superintendent of highways in the discharge of the duties of his office.

(b) Each county superintendent of highways appointed in a county of more than 600,000 inhabitants but less than 3,000,000 inhabitants shall serve at the pleasure of the county board beginning with the first appointee to take office after the expiration of the remaining term of the county superintendent of highways in office on the effective date of this amendatory Act of 1985.

HISTORY:
P.A. 84-756.

605 ILCS 5/5-202.1 [Director shall be employee of county board]

In counties of more than 600,000 inhabitants but less than 3,000,000 inhabitants, the county director of the Division of Transportation shall hold the position as an employee of the county board.

HISTORY:
P.A. 84-756.

605 ILCS 5/5-203 [Superintendent; removal from office]

Any county superintendent of highways may be removed from office by the county board for incompetence, neglect of duty or malfeasance in office. In any proceeding to remove a county superintendent of highways from office a petition shall be filed with the county board naming such officer as respondent and setting forth the particular facts upon which the request for removal is based. The county board shall set the matter for hearing not earlier than 5 days after service upon the respondent, which service shall be the same as in civil actions. The county board shall thereupon proceed to a determination of the charges and shall enter an order either dismissing the charge against the county superintendent of highways or removing him from office.

The decision of the county board is subject to judicial review under the Administrative Review Law as now or hereafter amended [735 ILCS 5/3-101 et seq.].

HISTORY:
P.A. 82-783.

605 ILCS 5/5-203.1 [Director]

In counties of more than 600,000 inhabitants but less than 3,000,000 inhabitants, any county director of the Division of Transportation shall serve at the pleasure of the appointing authority.

HISTORY:
P.A. 84-756.

605 ILCS 5/5-204 [Superintendent; vacancy]

Whenever the office of county superintendent of highways is vacant, the county board may with the consent in writing of the Department appoint any competent person as acting county superintendent of highways until the vacancy is filled in the manner provided in Section 5-201 [605 ILCS 5/5-201].

The office shall not be deemed vacant except at the end of the incumbent's 6 year term or in case of his death, his removal from office in accordance with the provisions of section 5-203 [605 ILCS 5/5-203], or his resignation submitted in writing to the county board. However, if the incumbent enters the military service of the United States, the county board may, with the approval of the Department, appoint any competent person as acting county superintendent of highways

to perform the duties of the office until the end of the incumbent's 6 year term or the discharge of the incumbent from such service, whichever shall first occur.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-204.1 [Appointment of acting director]

In any county of more than 600,000 inhabitants but less than 3,000,000 inhabitants, the county board chairman may appoint any competent person as acting director whenever a vacancy exists and until such vacancy is filled as in Section 5-201.1 [605 ILCS 5/5-201.1].

HISTORY:
P.A. 84-756.

605 ILCS 5/5-205 Functions generally

The county superintendent of highways shall, subject to the general supervision of the county board and to the rules and regulations of the Department, perform the functions stated in the following Sections preceding Division 3.

HISTORY:
Laws 1959, p. 196; P.A. 88-572, § 80.

605 ILCS 5/5-205.1 [Plans for bridges and culverts]

Prepare or cause to be prepared, plans, specifications and estimates for all bridges and culverts to be built by the county, or by one or more road districts, and supervise the construction of all such bridges and culverts. When the clear span length of the bridge or culvert is more than 30 feet, the plans and specifications, before being finally adopted, shall be submitted to the Department for approval.

HISTORY:
Laws 1965, p. 2719.

605 ILCS 5/5-205.2 [Supervision of construction and maintenance]

Act for the county in all matters relating to the supervision of the construction or maintenance of any highway constructed or maintained in whole or in part at the expense of the county.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-205.3 [Advise on construction; repair and maintenance]

Advise the highway commissioners of the road districts in his county, when requested in writing, and direct, as otherwise provided in this code, the highway commissioners of the road districts in his county, as to the best methods of construction, repair, or maintenance of township and district roads. The grades of such roads in such road districts shall be constructed according to plans approved by the county superintendent of highways.

HISTORY:
P.A. 80-1444.

605 ILCS 5/5-205.4 [Preparation of maps, plans, specifications and estimates]

Upon the request of the highway commissioner of any road district in the county, prepare or cause to be prepared all maps, plans, specifications and estimates of cost needed in order to comply with the provisions of Section 6-701.1 of this Code [605 ILCS 5/6-701.1].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-205.5 [Supervision of construction and maintenance]

Supervise the construction or maintenance of all county highways within the county.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-205.6 [Record of contracts and purchases]

Keep a record of all contracts or purchases of materials, machinery or apparatus to be used in road construction in excess of $5,000 approved by him in any road district as hereinafter provided in this Code.

HISTORY:
P.A. 81-693.

605 ILCS 5/5-205.7 [Act of county regarding unit district roads]

In counties in which a county unit road district has been established, subject to the direction of the county board, act for the county in all matters relating to the construction and maintenance of county unit district roads.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-205.8 [Other duties]

Perform such other duties as may be prescribed by law and the rules and regulations of the Department. Other than as above specifically indicated, the county superintendent of highways and county director of the Division of Transportation shall be regarded as a deputy to the Department. However, no county superintendent of highways shall be required without his consent, and the consent of the county board of

the county in whose employ he is, to perform services in any other county.

HISTORY:
P.A. 84-756.

605 ILCS 5/5-205.9 Report to road district treasurer

If requested by the treasurer of a road district in the county, the county superintendent of highways shall report to the treasurer the balance, on the last day of each 6-month period ending on May 1 and November 1, of the road district's moneys administered by the county superintendent of highways. The report shall be made within 30 days after the end of each 6-month period. This Section applies only to counties with a population less than 3,000,000.

HISTORY:
P.A. 88-572, § 80.

605 ILCS 5/5-205.10 Discontinuance of a coterminous township

If township organization is discontinued as provided in Articles 27 and 28 of the Township Code [60 ILCS 1/27-5 et seq. and 60 ILCS 1/28-5 et seq.], then the coterminous municipality shall assume the duties of highway commissioner under this Code.

HISTORY:
P.A. 98-127, § 25; 99-474, § 25.

DIVISION 3.

PLANNING AND PROGRAMMING

605 ILCS 5/5-301 [Long-range transportation plan]

In order to properly plan the utilization of motor fuel tax funds each County Superintendent of Highways, except for those in a county with a population of 185,000 or less, shall be required to develop and update a 20 year long-range highway transportation plan. The plan shall contain an estimate of revenues which will become available during that period and a statement of intention with respect to the construction, maintenance, and other related work to be done insofar as it is possible to make such estimates. In addition, the long-range plan shall show the location of existing county highways and the general corridors of future highways, the projected future traffic usage on each highway for a 20 year period, a tabulation showing the design standards and the geometric features associated with different levels of traffic usage, and a listing of the major improvements anticipated within 5 years of the date of each plan. A copy of the plan shall be filed with the Secretary of the Department of Transportation. A copy of the plan as it relates to each city over 5,000 population in the county shall be filed with the clerk of each municipality. The initial plan shall be on file with designated agencies by July 1, 1971, and shall be updated on an annual basis thereafter.

HISTORY:
P.A. 85-853.

DIVISION 4.

CONSTRUCTION AND MAINTENANCE

605 ILCS 5/5-401 [Control and supervision by county board]

Subject to the general supervisory powers of the Department under this Code, all highways in the county highway system shall be under the direct control and supervision of the county board of the county in which such county highways are located, and the county board shall repair, maintain and construct such county highways by contract or with its own forces.

However, gravel and macadam highways constructed or partially constructed prior to July 1, 1929 as State aid roads under the provisions of "An Act to revise the law in relation to roads and bridges", approved June 27, 1913, as amended, and required to be maintained equally by the county and the Department under the provisions of Section 32 of that Act shall continue to be so maintained.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-402 [Supervision and approval of projects]

When motor fuel tax funds, federal aid road funds or other funds received from the State are used to finance, in whole or in part, the construction of a highway, or section thereof, by a county, supervision and approval of such project by the Department is mandatory except as hereinafter provided, and the county shall proceed in the manner set forth in Section 5-403 [605 ILCS 5/5-403].

Any county may construct a county highway, or section thereof, without supervision or approval of such project by the Department if no motor fuel tax funds, federal aid road funds or other funds received from the State are used to finance such construction. However, at the option of the county and by proceeding in the manner set forth in Section 5-403, any county highway construction project may be performed under the supervision of and approval by the Department even though no motor fuel tax funds, federal aid road funds or other funds received from the State are used to finance such construction.

The Department, upon satisfying itself that the County Highway Superintendent's Office in a county is adequately organized, staffed, equipped and financed to discharge satisfactorily the duties and

requirements of this Section, may grant a county permission to construct or maintain highways or sections thereof when such projects are financed in whole or in part with any road funds received from the State except Federal-aid funds, without approval and supervision of the Department, providing the county will enter into an agreement of understanding with the Department. The Department, in cooperation with the several counties, shall establish the terms of the agreement of understanding to insure that the funds are expended in a manner as prescribed by law and rules and regulations deemed necessary by the Department. The approval and supervision of the Department may be required anew if the Department determines that a county which was exempted from such approval and supervision has not satisfactorily complied with the terms of the agreement of understanding.

HISTORY:
P.A. 76-1850.

605 ILCS 5/5-403 [Approval procedure]

When any highway construction projects by a County are to be performed under the supervision and approval of the Department the procedure shall be as follows:

The county board shall, by one or more resolutions, specify the particular section or sections of highway to be constructed and the amount or amounts to be used for such construction. The resolution or resolutions shall be submitted to the Department for its approval. One resolution may be submitted for more than one project. When the resolution or resolutions have been approved by the Department, the county shall cause surveys, plans, specifications and estimates of such construction to be made and submitted to the Department for approval.

Upon receiving such approval, the county may advertise for bids and let contracts for such construction to the lowest responsible bidder; or with the approval of the Department, do the work itself through its officers, agents and employees. No contract shall be let without the approval of the Department. The Department shall have general supervision of such construction whether done by the county or by contract. Upon completion of the construction, if it is found by the Department that such construction has been in accordance with the specifications, plans, surveys, and contracts (if the construction was by contract), the Department shall so certify to the county.

HISTORY:
P.A. 77-632.

605 ILCS 5/5-405 [Highways on county lines]

County highways may be constructed or improved on county lines. In case two counties desire to secure the construction or improvement of a county highway situated upon or near the boundary line between them, the respective county boards thereof may, by appropriate resolutions, initiate proceedings therefor. To this end such county boards may, by concurring resolutions, fix the portion of the total cost of construction which should be borne by each county.

In all proceedings contemplating the construction or improvement of a county line highway as herein provided, all acts of each county board relative thereto, together with the result of any vote upon the question of levying a tax or issuing bonds as provided herein, shall be communicated by the county clerk of each county to the county clerk of the other county.

In case either county refuses to take the steps necessary to secure the construction or improvement of such county line highway as herein provided, then all prior proceedings relative thereto on the part of the other county shall be regarded as suspended.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-406 [Connections and interchanges]

Where the county board of any county deems it necessary to connect any county highway with any county or State highway situated within an adjoining county, or to construct an interchange at the intersection of any county, State, or interstate highway situated within an adjoining county, the county board may by resolution of record request the county board of the adjoining county to improve such connection to the county line or construct such interchange, and the county board making said request is authorized to turn over to the adjoining county making such improvement or constructing the interchange, such part of the cost of the improvement or interchange as may be agreed upon between such counties, subject to the approval of the Department.

HISTORY:
P.A. 85-136.

605 ILCS 5/5-407 [Highway to ferry on county boundary line]

When a highway leading to a public ferry over a river which is the boundary line between two counties, is subject to inundation and flood damage, such highway in either or both of such counties may be constructed, repaired or maintained by the adjoining counties, or either of them, or may be partly constructed, repaired or maintained by both or either of such counties.

The county boards of such adjoining counties may enter into a contract as to the proportion of the expense of construction, repair or maintenance to be borne by each, and such contracts shall be judicially enforceable; or either county may construct or maintain, or assist in the construction and maintenance of such highway in either or both counties.

HISTORY:
P.A. 83-345.

605 ILCS 5/5-408 [Municipal connecting highways]

The county board, with the approval of the corporate authorities in the case of a municipality with a population of over 500, and in its own discretion in the case of a municipality with a population of 500 or less, may construct or maintain with county funds a highway or street, or part thereof, lying within the corporate limits of any municipality within the county, to connect or complete a county highway located to the corporate limits of such municipality.

HISTORY:
Laws 1965, p. 1070.

605 ILCS 5/5-409 [Payments on contracts]

Partial payments on contracts let by a county for highway work may be made as the work progresses but no payment in excess of 90% of the value of the work then completed may be made until 50% of the work has been completed. After 50% of the work is completed, the county may, in its discretion, make partial payments without any further retention, provided that satisfactory progress is being made and provided that the amount retained is not less than 5% of the total adjusted contract price.

At the discretion of the county and with the consent of the surety, a semi-final payment may be made when the principal items of the work have been satisfactorily completed. Such payment shall not exceed 90% of the amount retained nor reduce the amount retained to less than 1% of the adjusted contract price nor less than $500.00.

Final payment under the contract shall not be made until it is shown that all money due for any labor, material, apparatus, fixtures or machinery furnished to the contractor or other indebtedness of the contractor incurred in connection with such work has been paid.

Furthermore, if the contract is one that was approved by the Department, no final payment shall be made until the county has received approval by the Department to do so.

This Section is also subject to the provisions of Section 23 of the Mechanics Lien Act [770 ILCS 60/23].

HISTORY:
Laws 1963, p. 2796; P.A. 96-328, § 310.

605 ILCS 5/5-410 [Maintenance agreements]

The county board is authorized to enter into agreements with any municipal corporation, terminable in the discretion of the county board, for the municipal corporation to maintain any county highway, or any part thereof, located within the municipal corporation, such maintenance to be under the supervision of the county superintendent of highways. Any such agreement entered into prior to the effective date of this Code is validated.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-410.1 [Surrender of jurisdiction]

The county board may surrender jurisdiction over the right-of-way and improvements of all or part of a county highway, street or road to a municipality by agreement as provided in Section 11-91.2-1 of the Illinois Municipal Code, as now or hereafter amended [65 ILCS 5/11-91.2-1].

HISTORY:
P.A. 85-1421.

605 ILCS 5/5-411 [All-weather surfaces at mail boxes]

On all county highways which have all-weather travel surfaces the county board shall provide for the construction and maintenance of all-weather surfaces at boxes used for the receipt of United States mail.

The rules, regulations and specifications adopted by the Department governing the erection and maintenance of boxes for the receipt of United States mail on State highways shall apply to and govern the erection and maintenance of such boxes on such county highways.

HISTORY:
Laws 1959, p. 1800.

605 ILCS 5/5-412 [Purchase of crops for snow breaks]

The county board, of each county, may contract with persons growing row crops on land adjacent to county highways to buy standing strips of such crops to remain in place to act as snow breaks along such highways in those places where experience shows that drifting snow has been an obstruction to traffic.

The contract price to be paid by the county board in any such case shall be the higher of the market price in the local area of such crop at the time of contracting or the current Commodity Credit Corporation target price. An additional sum of money equal to at least 10% of the contract price may be paid to the grower as an inconvenience fee.

HISTORY:

605 ILCS 5/5-413 [Access roads and driveways]

Access roads and driveways for private and public use may, upon receipt of a permit from the county superintendent of highways, be laid out from a county highway in accordance with regulations adopted by the county board.

HISTORY:
P.A. 85-808.

605 ILCS 5/5-414 Permit for temporary closing

The county engineer may, upon application by the proper authorities of any governmental agency or person, issue a permit to the agency or person to temporarily close to traffic any portion of a county highway for any public purpose or any temporary needs of the agency in accordance with regulations adopted by the County Board.

HISTORY:
P.A. 91-775, § 10.

DIVISION 5.

DRAINAGE AND OTHER HIGHWAY STRUCTURES — CONSTRUCTION OR REPAIR AT JOINT EXPENSE OF COUNTIES, OR A COUNTY AND ROAD DISTRICT OR MUNICIPALITY

605 ILCS 5/5-501 [Bridges, culverts and drainage structures]

When it is necessary to construct or repair any bridge, culvert, drainage structure or grade separation, including approaches thereto, on, across or along any public road in any road district in the county, or on any street in any municipality of less than 15,000 population in the county, or on or across a line which forms the common boundary line between any such road districts or such municipalities, in which work the road district, or such municipality is wholly or in part responsible, and the cost of which work will be more than .02% of the value of all the taxable property in such road district or municipality, as equalized or assessed by the Department of Revenue, and the tax rate for road purposes in such road district was in each year for the 2 years last past not less than the maximum allowable rate provided for in Section 6-501 of this Code [605 ILCS 5/6-501], or the tax rate in such municipalities for corporate purposes was in each year for the 2 years last past for the full amount allowed by law to be extended therein for such corporate purposes, the highway commissioner, the city council or the village board of trustees, as the case may be, may petition the county board for aid, and if the foregoing facts shall appear, the county board shall appropriate from the "county bridge fund" in the county treasury a sufficient sum to meet one-half the expense of constructing or repairing such bridge, culvert, drainage structure or grade separation, including approaches thereto, on condition that the road district or municipality asking for aid shall furnish the other one-half of the required amount. In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law [35 ILCS 200/18-185 et seq.] and the imposition of the property tax extension limitation prevents a road district from levying taxes for road purposes at the maximum allowable rate, a road district may retain its eligibility if, at the time the property tax extension limitation was imposed, the road district was levying at the maximum allowable rate and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. If, however, the road district has increased its tax rate for such purposes to a rate in excess of .05% but not exceeding .25%, as provided in Section 6-508 of this Code [605 ILCS 5/6-508], the amount required to be appropriated by the county shall be in accordance with the provisions of Section 5-501 of this Code [605 ILCS 5/5-501], to the extent that the County and township rates are identical. For purposes of this Section, the maximum allowable tax rate for the 2 years last past shall be determined by using the last certified equalized assessed valuation at the time the tax levy ordinance was adopted.

When it is determined by the county board to grant the prayer of the highway commissioner, city council or village board of trustees asking for aid for the construction or repair of such bridge, culvert, drainage structure or grade separation, including approaches thereto, the county board shall thereupon enter an order directing the county superintendent of highways to cause plans and specifications for such improvement to be prepared.

Thereupon the county board shall order the improvement made, either by the letting of a contract in the manner authorized by the county board, or by doing the work itself through its officers, agents and employees. The work shall be performed under the general supervision of the county superintendent of highways, and when the work has been satisfactorily completed to meet the approval of the county superintendent of highways, he shall so certify to the county board, which certificate shall include an itemized account of the cost of all items of work incurred in the making of such improvement, and shall show the division of cost between the county and the participating agency, and he shall cause a copy of such certificate to be filed with the clerk of the participating agency. The county board and the participating agency undertaking such work shall thereupon make final payment for the same.

HISTORY:
P.A. 85-159; 90-110, § 10.

605 ILCS 5/5-502 [Payment of costs]

In case the county board deems it expedient to construct or repair a bridge, culvert, drainage structure, drainage facility or grade separation, including approaches thereto, on, across or along any highway, in the county, the county board may order the same constructed or repaired at the entire expense of the county; or the county and any other highway author-

ity may jointly construct or repair any such bridge, culvert, drainage structure, drainage facility or grade separation, including approaches thereto, provided that the Department's participating authority shall be limited to the State highway system.

If it is decided to pay the cost of such construction or repair jointly, the county board and any other highway authority shall enter into a contract as to the proportion of the expense of such construction or repair to be borne by each. Such contracts, except as against the Department, shall be judicially enforceable.

Such improvement shall be made according to plans and specifications prepared by or under the direction of the county superintendent of highways, and the county board may undertake such work either by letting a contract for the same or may authorize the work to be performed directly by the county through and by its officers, agents and employees.

In case a bridge, culvert, drainage structure, drainage facility or grade separation is located on a public road which crosses a county line, transversely or substantially so, and such bridge, culvert, drainage structure, drainage facility or grade separation is so located that the county line passes through any part of such structure, then the adjoining counties may jointly construct or repair such bridge, culvert, drainage structure, drainage facility or grade separation, including approaches thereto.

For the purpose of such joint construction or repair, the adjoining counties shall enter into a contract as to the proportion of the expense of such construction or repair to be borne by each. Such contracts, except as against the Department, shall be judicially enforceable.

HISTORY:
P.A. 83-345.

605 ILCS 5/5-503 [Adjoining counties; division of expenses]

Bridges, culverts or drainage structures for across highway waterways having a waterway opening of 25 square feet or more and located on county highways, township roads or district roads on county lines, and bridges, culverts or drainage structures for across highway waterways having a waterway opening of 25 square feet or more and located on such county line highways where such highways deviate from the established county line within 80 rods of county lines, shall be constructed and repaired by such counties and the expense of such construction and repair shall be borne in a proportion to the assessed value of the taxable property in the respective counties according to the last preceding equalized assessment thereof prior to such construction or repair. The county boards of such adjoining counties may enter into joint contracts for a division of such expense other than that above provided which may be just and equitable, and such contracts may be judicially enforced against such county boards, and such county boards may be proceeded against jointly, by any parties interested in such bridges, culverts or drainage structures for any neglect of duty in reference to such bridges, culverts or drainage structures for any damages growing out of such neglect.

When any county desires to construct or repair any such bridge, culvert or drainage structure and has appropriated its share of the cost of constructing or repairing the same, it shall be the duty of such other county to make an appropriation for its proportionate share of the expense of such construction or repair. If such other county fails or refuses to make such appropriation, any court of competent jurisdiction, upon a petition for that purpose, shall enter an order to compel such other county to make such appropriation; or the county which has made its appropriation may, after giving due notice to the other county, proceed with the construction or repair of the bridge, culvert or drainage structure and if the construction or repair is reasonable in kind and costs, recover from the other county, by suit, such proportionate share of the expense as the other county is liable for, with costs of the action and interest from the time of the completion of the construction or repair, but, if the expense of the construction or repair of the bridge, culvert or drainage structure is unreasonable then the county may recover only the other county's proportionate share of an amount equal to a reasonable expense for the construction or repair.

HISTORY:
P.A. 83-345.

605 ILCS 5/5-504 [Joint construction and repair]

The Department or the Illinois State Toll Highway Authority and any county, municipality, or road district, or any one or more of them, may jointly construct, repair and maintain a bridge, culvert, drainage structure, drainage facility, grade separation or interchange and approaches thereto.

For the purpose of such joint construction, repair and maintenance, the Department or the Illinois State Toll Highway Authority and the county board, city council, board of trustees or highway commissioner in road districts (as the case may be) may enter into a contract as to the proportion of the expense of construction, repair and maintenance to be borne by each. Such contracts, except as against the Department, shall be enforceable at law or equity.

Contracts for such construction, repair or maintenance work shall be let by the Department or the Illinois State Toll Highway Authority and such municipal corporations as have so agreed and shall expressly fix the extent of liability for each of such contracting parties.

HISTORY:
P.A. 86-528.

605 ILCS 5/5-505 [Abandonment of bridge or culvert by adjoining counties]

Any bridge or culvert, or both, that has been constructed, repaired or maintained by adjoining counties may be abandoned and the use thereof for road purposes discontinued if the county boards of such adjoining counties determine by concurrent resolution that:

(1) the bridge or culvert, or both, proposed to be abandoned is unsafe for the use of traffic and is in need of extensive repair or replacement, but the amount of traffic making use of such structure or structures is so small that the expense of repairing or replacing the structure or structures cannot be justified;

(2) other means of access between the counties are available to adequately serve traffic in the area served by the bridge or culvert, or both, proposed to be abandoned;

(3) it will be in the best interest of the majority of the residents of each county to abandon the use of such bridge or culvert, or both; and

(4) an agreement has been reached as to the share of the cost of removal of any bridge so abandoned that is to be borne by each county, which agreement shall be set out in the resolution.

Whenever the use of any bridge is abandoned under the provisions of this Section such bridge shall be promptly removed and the watercourse over which it passed left unobstructed.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-506 [Approaches to bridges and culverts]

Approaches to bridges and culverts constructed under the provisions of Section 5-501 [605 ILCS 5/5-501] shall be maintained by the respective road districts or municipalities, and approaches to bridges or culverts constructed under the provisions of Section 5-503 [605 ILCS 5/5-503] shall be maintained by the respective counties, within which such approach or approaches may be located, and all approaches to any and all such bridges and culverts as have heretofore been constructed.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-507 [Refusal to construct or repair; suit]

If the county board of any such county, after reasonable notice in writing from such other county board, neglects or refuses to construct or repair any such bridge or culvert when any contract or agreement covering the division of cost has been made in regard to the same, the county board so giving notice may construct or repair the same and recover, by suit, such amount as shall have been agreed upon of the expense of so constructing or repairing such bridge or culvert, with costs of suit and interest from the time of the completion thereof, from the county board so neglecting or refusing.

HISTORY:
Laws 1959, p. 196.

DIVISION 6.

TAXATION

605 ILCS 5/5-601 [County highway tax]

(a) For the purpose of improving, maintaining, repairing, constructing and reconstructing the county highways required to be maintained, repaired and constructed by the county as provided in Section 5-401 of this Code [605 ILCS 5/5-401], and for the payment of lands, quarries, pits or other deposits of road material required by the county for such purpose, and for acquiring and maintaining machinery and equipment, or for acquiring, maintaining, operating, constructing or reconstructing buildings for housing highway offices, machinery, equipment and materials, used for the construction, repair and maintenance of such highways, the county board shall have the power to levy an annual tax to be known as the "county highway tax". Such tax shall be in addition to the maximum of all other county taxes which the county is now or may hereafter be authorized by statute to levy upon the aggregate valuation of all taxable property within the county. Such "county highway tax" shall not be extended at a rate exceeding .10%, or the rate limit in effect on July 1, 1967, whichever is greater, of the value, as equalized or assessed by the Department of Revenue, of the taxable property within the county, exclusive of the amount necessary to pay the principal of and interest on county road bonds duly authorized before July 1, 1959 for the construction of county highways, unless otherwise authorized by a vote of the people of the county. The county highway tax rate may be increased to .20% as provided in subsection (b). In counties having less than 1,000,000 inhabitants, the amount that may be expended for the purchase of machinery or equipment for constructing or maintaining highways shall not exceed in any one year an amount in excess of 35% of the maximum extension for highway purposes for such year. In counties having 1,000,000 or more inhabitants, taxes levied for any year for the purposes specified in this Section shall be subject to the limitation that they shall not exceed the estimated amount of taxes to be levied for such year for such purpose as determined in accordance with the provisions of Section 6-24001 of the Counties Code [55 ILCS 5/6-24001] and set forth in the annual appropriation bill of such county; and in ascertaining the rate per cent that will produce the amount of any tax levied in any such county under the provisions of this Section, the county clerk shall

not add to such tax or rate any sum or amount to cover the loss and cost of collecting such tax. However, the foregoing limitations upon tax rates, insofar as they are applicable to counties of less than 1,000,000 population, may be increased or decreased under the referendum provisions of the General Revenue Law of Illinois. All moneys derived from the "county highway tax" shall be placed in a separate fund to be known as the "county highway fund" and shall be used for no other purpose. In any county containing 1,000,000 or more inhabitants, however, any appropriation or levy to be used for lands, easements and rights-of-way, motor vehicle equipment, mechanical equipment, engineering and drafting equipment, road materials, road, bridge and drainage improvements, grade separation improvements, railroad grade crossing improvements, warehouse and garage improvements, street signs and signals need not be expended during the fiscal year in which the appropriation or levy was made but shall also be available during the following fiscal year without reduction of any levy made during the latter fiscal year. After the end of that latter fiscal year, if there is still an unexpended balance, it shall operate to reduce, in like amount, any subsequent levy. It shall not be a defense or objection to any appropriation or levy made in a subsequent fiscal year for the same purposes that there remain uncommenced or uncompleted projects or unexpended moneys arising in an appropriation or levy of a prior year as contemplated in this Section.

(b) The maximum county highway tax rate provided for in subsection (a) may be increased not to exceed .20% if such increase is approved by a majority of the voters of the county voting on the question. The question shall be certified to the proper election officials, who shall submit the question to the voters at an election. Such election shall be conducted, returns made and notices thereof given as provided by the general election law. The question shall be in substantially the following form:

Shall the county highway tax rate of ..... County be increased to ....%?	YES	
	NO	

HISTORY:
P.A. 86-1475.

605 ILCS 5/5-601.1 [Time and manner of referendum]

Whenever a proposition or public question is required to be submitted, pursuant to this Act, for approval or rejection by the electors at an election, the time and manner of conducting such referendum shall be in accordance with the general election laws of the State.

HISTORY:
P.A. 81-1489.

605 ILCS 5/5-602 [County bridge fund]

For the purpose of administering Sections 5-501, 5-502, 5-503 and 5-504 of this Code [605 ILCS 5/5-501, 605 ILCS 5/5-502, 605 ILCS 5/5-503 and 605 ILCS 5/5-504], any county having less than 1,000,000 inhabitants may levy an additional annual tax not exceeding .05% of the value of all the taxable property in such county, as equalized or assessed by the Department of Revenue, which tax shall be in addition to all other county taxes and shall be in excess of any other rate limitation. The foregoing rate limitation may be increased, for a 10 year period, up to 0.25% under the referendum provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code [35 ILCS 200/18-120, 35 ILCS 200/18-125, and 35 ILCS 200/18-130]. This tax shall be levied and collected at the same time and in the same manner as taxes for general county purposes. All moneys derived from such tax shall be placed in a separate fund in the county treasury to be known as the "county bridge fund". The county board shall from time to time make appropriations payable from the "county bridge fund" for the purpose of administering Sections 5-501, 5-502, 5-503 and 5-504 of this Code; but no portion of this fund may be expended for the purpose of administering sections 5-502, 5-503 or 5-504 of this Code until all obligations imposed upon the county by Section 5-501 of this Code have been fulfilled. If, at the end of any fiscal year of the county, there is any unappropriated balance in the "county bridge fund", it shall operate to reduce, in like amount, any subsequent tax levy payable into such fund.

HISTORY:
P.A. 81-1509; 88-670, § 3-78.

605 ILCS 5/5-603 [Matching tax]

For the purpose of providing funds to pay the expenses for engineering and right-of-way costs, utility relocations and its proportionate share of construction or maintenance of highways in the federal aid network or county highway network and costs incurred incident to transportation planning studies conducted in cooperation, and by formal agreement, with the Department of Transportation or its predecessor, the Department of Public Works and Buildings and the designated authority of the United States Government the county board except in counties having a population in excess of 1,000,000 inhabitants has the power to levy an annual tax to be known as the matching tax. Such tax shall be in addition to the maximum of all other county taxes which the county is now or may hereafter be authorized by statute to levy upon the aggregate valuation of all taxable property within the county. Such matching tax shall not be extended at a rate exceeding .05% of the value of all taxable property within the county, as equalized or assessed by the Department of Revenue. On ascertaining the rate per cent

that will produce the amount of any tax levied in any such county under this section, the county clerk shall not add to such tax or rate any sum or amount to cover the loss or cost of collecting such tax. All moneys derived from the matching tax shall be placed in a separate fund to be known as the matching fund and shall be used for no other purposes. The county board shall from time to time adopt resolutions appropriating matching funds for specific federal aid projects and motor fuel tax sections or for transportation planning studies conducted in cooperation, and by formal agreement, with the Department of Transportation or its predecessor, the Department of Public Works and Buildings and the designated authority of the United States Government and no moneys shall be disbursed from this fund unless so appropriated by the county board. After the end of the fiscal year, if there is still an unappropriated balance it shall operate to reduce, in like amount, any subsequent levy.

HISTORY:
P.A. 86-616.

605 ILCS 5/5-604 [Special tax; form of ballot]

The county board of any county, pursuant to a petition and after referendum approval as required in this Section, may levy a special tax for the purpose of (1) constructing or repairing county highways or (2) assisting one or more road districts in the county to the extent of 25% of the cost of the construction or repair of township or district roads or (3) for both of such purposes. Such tax shall not be included within any statutory rate or amount for other county purposes but shall be excluded therefrom and be in addition thereto and in excess thereof.

Upon receipt of a petition from 100 or more landowners who are legal voters in any county the county clerk shall submit at the next general election for county officers, or at a regular election, the question of extending a special tax against all taxable property in the county for the purpose or purposes and in the manner stated in the petition. The county clerk shall give notice of such referendum and shall submit the proposition in accordance with the general election law of the State. Both the petition and the notice of referendum shall designate (1) the particular county highway or county highways to be improved or the road district or districts to be so assisted or both, (2) the maximum annual rate percent not exceeding .0833% of the value of the taxable property as equalized or assessed by the Department of Revenue at which such tax may be extended and (3) the number of years, not exceeding 5 years, during which such tax may be levied.

The proposition shall be in substantially the following form:

Shall a special tax for highway purposes be levied in ..... County?	YES	
	NO	

If a majority of all ballots cast on such question is in favor of such tax levy, the county board shall levy and the county clerk shall extend such tax for the number of years stated in the petition and the proceeds of such tax shall be used for the purpose or purposes stated in the petition.

HISTORY:
P.A. 85-527.

605 ILCS 5/5-604.1 [Tax by county board; form of ballot]

In any county not under township organization, the county board may levy by ordinance, for a period not exceeding 5 years, an annual tax at a rate not to exceed .05% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county for the purpose of constructing or maintaining gravel, rock, macadam or other hard roads, or for improving, maintaining or repairing earth roads by draining, grading, oil treating or dragging. A notice of the passage of the ordinance, stating that the ordinance was passed and stating (a) the particular county highway or highways to be constructed, improved, repaired or maintained, (b) the annual tax rate specified in the ordinance, (c) the number of years specified in the ordinance for the levy of the tax, (d) the specific number of voters required to sign a petition requesting that the question of the adoption of the ordinance be submitted to the electors of the county, (e) the time in which the petition must be filed, and (f) the date of the prospective referendum, shall be published once in a paper having a general circulation in the county. The county clerk shall provide a petition form to any individual requesting one.

The ordinance takes effect 30 days after publication of that notice unless within that time a petition, signed by the registered voters of the county equal to 10% or more of the registered voters in the county, is filed with the county clerk requesting the submission to a referendum of the question of whether to levy the tax provided for by this Section. If no such petition is filed within that time, or if all such petitions filed within that time are determined to be invalid or insufficient, the county clerk shall extend the tax levied by the county board for the number of years stated in the ordinance and the proceeds of that tax shall be used for the purpose or purposes stated in the ordinance.

If, however, such a petition is filed within that time, the county clerk shall submit at the next general election for county officers, or at a regular election, the question of whether the tax provided for in this Section should be levied. The county clerk shall give notice of the referendum and shall submit the question in accordance with the general election law. Both the petition and the notice of election must designate (1) the particular county highway or highways to be constructed, improved, repaired or maintained, (2) the maximum annual rate per cent not

exceeding .05% of the value, as equalized or assessed by the Department of Revenue, at which the tax may be extended, and (3) the number of years, not exceeding 5 years, during which the tax may be levied.

The proposition shall be in substantially the following form:

Shall a special tax for highway purposes be levied in ..... County?	YES NO	

If a majority of all ballots cast on that question is in favor of the tax levy, the county board shall levy and the county clerk shall extend the tax for the number of years stated in the petition and the proceeds of that tax shall be used for the purpose or purposes stated in the petition.

HISTORY:
P.A. 87-767.

605 ILCS 5/5-605 [Bonds; issuance; form]

The county board of any county may in any manner provided by law for issuing county bonds, issue bonds of the county for the purpose of constructing county highways: Provided, that the question of issuing such county bonds shall first be submitted to the legal voters of such county at any election. The county board shall adopt a resolution to submit such question to a vote, specifying therein the particular highways to be constructed, the type of construction to be made on each section of such highways, the proposed widths of the paved and graded travel way, together with an estimate of the cost of such construction. Such bonds shall be issued to mature in not less than 10 nor more than 20 annual series, the last series to mature not more than 20 years from date of issue. If the question of an issue of such bonds is submitted to the people, notice of the referendum shall be given and the referendum shall be held in the manner provided by the general election laws of the State, and the proposition shall be in substantially the following form:

Shall county bonds for highways be issued to the amount of $..... ?	YES NO	

If a majority of the voters voting on such question vote in favor of the proposition the county board shall at once issue the bonds and take the necessary steps to construct the county highways provided for. This section shall not be construed to repeal any other law on the subject of issuing county bonds, except insofar as such other law is in direct conflict herewith.

If it shall be deemed necessary to submit to a vote of the people at the same election the question of issuing bonds and the raising of an additional tax, the same may be included in one proceeding, and in that case the proposition shall be in substantially the following form:

Shall county bonds for highways be issued to the amount of $..... and an additional tax levied for the payment of interest and principal of such bonds?	YES NO	

When the question of raising such additional tax to pay the interest and principal of such bonds has been approved by the legal voters of the county, the county board may, in its discretion, by appropriate resolution, when funds from other sources have been allocated and set aside for the purpose of paying the principal or interest, or both, of such bonds, abate the further collection of such additional tax or such portion thereof as shall not be required to meet such bonds or obligations.

HISTORY:
P.A. 81-1489.

605 ILCS 5/5-605.1 [Bonds for county bridges]

The county board of any county may by ordinance and without referendum, issue bonds of the county for the purpose of constructing bridges under any of Sections 5-501 through 5-503 [605 ILCS 5/5-501 through 5/5-503] if the county first secures the approval of the Department for the bridge construction project in the manner provided by Section 5-403 [605 ILCS 5/5-403] for approval of highway construction projects. Such bonds must mature within 5 years and the principal and interest on those bonds must be payable, as provided in Section 5-701.4 [605 ILCS 5/5-701.4], from motor fuel tax money allotted to the county.

HISTORY:
Laws 1967, p. 762.

605 ILCS 5/5-605.2 Bonds for county highways

Any county with a population of less than 1,000,000 inhabitants may, by resolution of its county board, incur indebtedness for the purpose of constructing, maintaining or improving county highways, roads or bridges and may, by resolution of its county board, issue and sell bonds therefor. The bonds shall be issued in such principal amount, bear such rate or rates of interest, be payable as to principal or interest on such date or dates not more than 30 years after their date of issuance, be in such form and denomination, be subject to redemption at such prices, be executed by such officials, be sold at such price and in such manner, and have such other terms and provisions as determined by the county board and set forth in the authorizing resolution or resolutions. This Section constitutes a complete and cumulative grant of authority for the issuance of such bonds, and such bonds shall be payable from such funds as are pledged therefor by the county board, except that the county board shall have no authority whatsoever to levy a special property tax

for the purpose of paying such bonds and shall not be subject to any of the provisions of Section 5-1012 of the Counties Code [55 ILCS 5/5-1012] or Section 5-605 of this Code [605 ILCS 5/5-605] with respect to the issuance of such bonds.

HISTORY:
P.A. 85-962; 86-1475.

605 ILCS 5/5-606 [Road taxes delivered to county]

Any road district, in a county, may turn over, to a county, money from the regular road taxes, special taxes voted for road construction, or the proceeds of bonds heretofore or hereafter issued by such road district for road construction, to be used in the construction of county highways, by such county, in accordance with the provisions of Section 5-403 of this Code [605 ILCS 5/5-403].

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-607 [Taxes in addition to other taxes]

Any tax authorized by this Article 5 is in addition to any tax that a county may levy under the provisions of any other law.

HISTORY:
Laws 1959, p. 196.

DIVISION 7.

USE OF MOTOR FUEL TAX FUNDS

605 ILCS 5/5-701 [Use of funds; designated purposes]

Money allotted from the Motor Fuel Tax Fund to the several counties as provided in Section 8 of the "Motor Fuel Tax Law", approved March 25, 1929, as now or hereafter amended [35 ILCS 505/8], other than money allotted to counties for the use of road districts, shall be used only for one or more of the purposes stated in Sections 5-701.1 through 5-701.16 [605 ILCS 5/5-701.1 to 5/5-701.16], as the several counties may desire.

HISTORY:
P.A. 85-962.

605 ILCS 5/5-701.1 [Construction of county highways; priority]

Any county board may use any motor fuel tax money allotted to it for the construction of (1) highways within the county designated as county highways, or (2) county highways within the corporate limits of any municipality within such county, or (3) county highways within the corporate limits of any park district within such county, or (4) any county highway to be constructed under Section 5-406 of this Code [605 ILCS 5/5-406]. Such construction shall be in accordance with the procedure prescribed in Section 5-403 of this Code [605 ILCS 5/5-403].

So far as practicable, priority in the matter of construction with motor fuel tax funds in any county shall be given county highways which will join municipalities and communities not upon any State highway, or not upon federal aid highways which may now or may hereafter be designated, with such highways; and county highways shall be selected for construction according to their relative importance from the standpoint of traffic needs and county-wide service and so as to make available as rapidly as practicable continuous or connected improved traffic routes, such selection to be made by the county board with the approval of the Department.

HISTORY:
P.A. 85-1407.

605 ILCS 5/5-701.2 [Construction of State highways]

Any county board, with the approval of the Department, may also use motor fuel tax money allotted to it for construction of State highways within the county.

HISTORY:
Laws 1959, p. 196; P.A. 95-331, § 1000.

605 ILCS 5/5-701.3 [Maintenance of highways]

Any county board with the approval of the Department may also use motor fuel tax money allotted to it for the maintenance of any county highway or any State highway.

HISTORY:
P.A. 85-1407.

605 ILCS 5/5-701.4 [Retirement of bonds and obligations]

Any county board may also use any motor fuel tax money allotted to it or any part thereof for the purpose of retiring bonds and paying obligations incurred for the purpose of constructing State or county highways, the construction of which was under the supervision of and with the approval of the Department under the provisions of Section 5-403 of this Code [605 ILCS 5/5-403] or similar provisions of prior law.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-701.5 [Paying bonds for super highway construction]

Any county board may also use so much of any motor fuel tax money allotted to it as may be neces-

sary for the purpose of paying bonds (and interest thereon) heretofore or hereafter issued for the purpose of constructing superhighways pursuant to Division 5-33 of the Counties Code [55 ILCS 5/5-33001 et seq.]. No moneys shall be paid from the Motor Fuel Tax Fund to any county which has issued bonds pursuant to the Counties Code or its predecessor for any purpose other than to pay the principal of and interest on such bonds unless all moneys previously received from the Motor Fuel Tax Fund have been applied as required by Section 5-33002 of the Counties Code [55 ILCS 5/5-33002].

HISTORY:
P.A. 86-1475.

605 ILCS 5/5-701.6 [Payment for investigations, surveys, etc.]

Any county board with the approval of the Department may also use motor fuel tax money allotted to it for the purpose of the payment for investigations requisite to determine the reasonably anticipated need for any of the work described in Sections 5-701.1 to 5-701.5, inclusive, of this Code [605 ILCS 5/5-701.1 to 605 ILCS 5/5-701.5]. Such investigations may include, but shall not be limited to, the making of traffic surveys, the study of transportation facilities, research concerning the development of the several areas within the county and contiguous territory as affected by growth and changes in population and economic activity and the collection and review of data relating to all factors affecting the judicious planning of construction, reconstruction, improvement and maintenance of highways. The investigations for which any such payments are made may also be conducted in cooperation with other counties, municipalities, the State of Illinois, the United States, other states of the United States, agencies of any such governments or other persons in pursuance of agreements to share the costs thereof and authority to enter into such agreements is hereby conferred upon counties.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-701.7 [Payment of county's share of federal aid highway projects]

(a) Any county board with the approval of the Department may also use motor fuel tax funds allotted to it to pay the county's share of the cost of projects on the federal aid urban and the federal aid secondary highway systems in the county constructed under the provisions of the Federal Aid Road Act [23 U.S.C. § 101 et seq.]. The county board is authorized to cooperate with the Department in selecting these systems of federal aid highways to be improved.

(b) Any county board with the approval of the Department may also use motor fuel tax funds allotted to it to pay the county's share of any project constructed under Section 3-104.3 of this Code [605 ILCS 5/3-104.3].

(c) Any county board, with the approval of the Department, may also use motor fuel tax funds allotted to it, matching tax funds, or any other funds of the county for highways to pay the county's proportionate share of any federally eligible transportation project on, adjacent to, or intended to serve county highways in the county.

HISTORY:
P.A. 80-691; 91-315, § 5.

605 ILCS 5/5-701.8 [Local Mass Transit Districts]

Any county board may also turn over a portion of the motor fuel tax funds allotted to it to:

(a) a local Mass Transit District if the county created such District pursuant to the "Local Mass Transit District Act", approved July 21, 1959, as now or hereafter amended [70 ILCS 3610/1 et seq.];

(b) a local Transit Commission if such commission is created pursuant to Section 14-101 of The Public Utilities Act [220 ILCS 5/14-101]; or

(c) the Chicago Transit Authority established pursuant to the "Metropolitan Transit Authority Act", approved April 12, 1945, as now or hereafter amended [70 ILCS 3605/1 et seq.].

HISTORY:
P.A. 85-1209.

605 ILCS 5/5-701.9 [County garages]

Any county board may also use motor fuel tax money allotted to it for constructing or maintaining, or both, a county garage for the servicing, maintenance or storage of vehicles or equipment used in the construction or maintenance of county or state highways. The county board of any county with a population of 1,000,000 or more may also use motor fuel tax money for constructing or maintaining auxiliary office space.

HISTORY:
P.A. 76-808.

605 ILCS 5/5-701.10 [Financing of circuit court or other governmental expenses]

Any county board in counties of 1,000,000 or more inhabitants may also use any motor fuel tax money allotted to it for the purpose of paying any and all expenditures resulting from activities conducted by the circuit court located in the county and for the further purpose of paying any and all expenditures resulting from the activities of any county department which has a relation to highways located within the county.

HISTORY:
P.A. 76-414.

605 ILCS 5/5-701.11 [Payment of county highway bonds]

With the approval of the Department of Transportation, any county board may also use motor fuel tax money allotted to it for the payment of the principal and interest of bonds issued for the construction, maintenance or improvement of county highways. Such construction, maintenance or improvement shall be in accordance with the procedure in Section 5-403 of this Code [605 ILCS 5/5-403].

HISTORY:
P.A. 85-962.

605 ILCS 5/5-701.12 [Offices of county highway department]

The county board of any county with a population of 1,000,000 or more may also use motor fuel tax money allotted to it for construction, maintaining, or leasing office space for activities of the county highway department.

HISTORY:
P.A. 76-2256.

605 ILCS 5/5-701.13 Motor fuel tax funds; counties over 500,000.

The county board of any county may also use motor fuel tax funds allotted to it for placing, erecting, and maintaining signs, or surface markings, or both to indicate officially designated bicycle routes along county highways. In addition, the county board of a county with a population over 500,000 may also use motor fuel tax funds allotted to it for the construction and maintenance of bicycle routes or paths, shared-use paths for nonvehicular public travel, and sidewalks within the county, including along State highways by agreement with the Department.

HISTORY:
P.A. 77-734; 88-502, § 3; 88-676, § 22; 2021 P.A. 102-452, § 10, effective August 20, 2021.

605 ILCS 5/5-701.14 [Construction of grade separations]

Any county board may also use its allotted motor fuel tax funds for the construction and maintenance of grade separations and approaches thereto which avoid or replace grade crossings at intersections of county highways and railroad tracks.

HISTORY:
P.A. 77-1849.

605 ILCS 5/5-701.15 [Nondedicated subdivision roads]

The formula allocation for counties for the distribution of motor fuel tax funds, provided for in Section 8 in the "Motor Fuel Tax Law" [35 ILCS 505/8], may be used by the county board for the maintenance or improvement of nondedicated subdivision roads established prior to July 23, 1959. Any such improved road becomes, by operation of law, a part of the township or district road system in accordance with Section 6-325 of this Code [605 ILCS 5/6-325]. The county board shall condition its approval, as required by this Section, upon proportional matching contributions, whether in cash, kind, services or otherwise, by property owners in the subdivision where such a road is situated. No more than the amount of the increase in allocation of such funds allocated under the formula as provided in Section 8 in the "Motor Fuel Tax Law" which is attributable to this amendatory Act of 1979 and any subsequent amendatory Act and subsequently approved as provided in this Section, may be expended on eligible nondedicated subdivision roads.

HISTORY:
P.A. 83-957.

605 ILCS 5/5-701.16 [Payment of construction, maintenance or improvement bonds]

Any county board, in a county of less than 1,000,000 inhabitants may also use any motor fuel tax money allotted to it or any part thereof for the payment of the principal of and interest on bonds issued for the purpose of constructing, maintaining or improving county highways, roads or bridges. Such construction, maintenance or improvement shall be in accordance with the procedure in Section 5-403 of this Code [605 ILCS 5/5-403]. Such county boards are authorized to use motor fuel tax money to pay principal or interest on such bonds without any prior appropriation and without regard to any budget law. The State of Illinois pledges and agrees with the holders of any bonds of a county issued for such purposes that the State will not limit the use of such money by such county, so long as any such bonds are outstanding and unpaid. Payment of such motor fuel tax money to such county shall be subject to appropriation by the General Assembly. The State shall not be liable on or guarantee bonds of a county issued for such purposes, and such bonds shall not be State debt. The face of all such bonds shall contain a statement with respect to the provisions of this Section.

HISTORY:
P.A. 85-962.

605 ILCS 5/5-701.17 Construction, maintenance, or improvement of county unit roads

Any county board in a county with an established county unit district highway system may, with the approval of the Department, use a maximum of 30% of the motor fuel tax funds, provided for in Section 8 of the Motor Fuel Tax Law [35 ILCS 505/8], allotted to it to pay for the cost of construction, maintenance,

or improvements of roads in the county unit system. The Department shall not approve use of the funds unless the Department determines that the county highway system is being maintained in an acceptable condition and that the use of the motor fuel tax funds would not jeopardize adequate maintenance of existing county highways.

HISTORY:
P.A. 87-1249, § 3.

605 ILCS 5/5-702 [Distribution to county; unapproved expenditures; records of expenditures]

Payment of motor fuel tax money to any county for the purposes stated in Sections 5-701.1 through 5-701.11 [605 ILCS 5/5-701.1 through 5/5-701.11] shall be made by the Department of Transportation as soon as may be after the allotment is made.

However, if any county, after having been given reasonable notice by the Department, fails to expend motor fuel tax funds in a manner satisfactory to the Department or fails to have construction contracts approved by the Department or fails to maintain in a manner satisfactory to the Department highways heretofore or hereafter constructed with motor fuel tax funds, no further payment of motor fuel tax funds shall be made to such county for construction or maintenance purposes until it corrects its unsatisfactory use of motor fuel tax funds or secures approval of its construction contracts by the Department or maintains such highways or provides for such maintenance in a manner satisfactory to the Department.

Records of all expenditures of motor fuel tax money made by the county shall be kept in accordance with the system of auditing and accounting prescribed by the Department under Section 4-101.9 of this Code [605 ILCS 5/4-101.9].

HISTORY:
P.A. 77-173.

DIVISION 8.

PROPERTY ACQUISITION

605 ILCS 5/5-801 [Acquisition authorized; purposes; eminent domain]

Any county, in its name, may acquire the fee simple title, or such lesser interest as may be desired, to any lands, rights or other property necessary for the construction, maintenance or operation of any county highway, township road, district road, shared-use path for nonvehicular public travel, sidewalk, or bike path within the county or necessary for the locating, relocating, widening, altering, extending or straightening thereof, by purchase or gift or, if the compensation or damages cannot be agreed upon, by the exercise of the right of eminent domain under the eminent domain laws of this State.

The county shall not be required to furnish bond in any eminent domain proceeding.

When, in the judgment of the county, it is more practical and economical to acquire the fee title to inaccessible remnants of tracts of land from which rights-of-way are being acquired than to pay for damages to property not taken, the county may do so by purchase but not by eminent domain proceedings.

When acquiring land for a highway on a new location, and when a parcel of land one acre or less in area contains a single family residence, which is in conformance with existing zoning ordinances, and only a part of said parcel is required for county highway purposes causing the remainder of the parcel not to conform with the existing zoning ordinances, or when the location of the right of way line of the proposed highway reduces the distance from an existing single family residence to the right of way line to ten feet or less, the acquiring agency shall, if the owner so demands, take the whole parcel by negotiation or condemnation. The part not needed for highway purposes may be rented, sold or exchanged by the acquiring agency.

HISTORY:
Laws 1967, p. 3206; 2021 P.A. 102-452, § 10, effective August 20, 2021.

605 ILCS 5/5-802 [Property necessary for alteration of ditches, drains or watercourse]

When the county deems it necessary to build, widen, alter, relocate or straighten any ditch, drain or watercourse in order to drain or protect any highway or highway structure it is authorized to construct, maintain or operate, or deems it necessary to acquire materials for the construction, maintenance or operation of any such highway, it may acquire the necessary property, or such interest or right therein as may be required, by gift or purchase or, if the compensation or damages cannot be agreed upon, by the exercise of the right of eminent domain under the eminent domain laws of this State. The county shall not be required to furnish bond in any eminent domain proceeding.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/5-803 [Entry upon land for survey purposes; liability]

For the purpose of making surveys and the determination of the amount of property necessary to be taken or damaged in connection with any highway project, the county through its officers, agents or employees, after notice to the owner, may enter upon the lands or waters of any person or corporation, but subject to responsibility for all damages that may be occasioned thereby.

HISTORY:
Laws 1959, p. 196.

DIVISION 9.

ROAD IMPROVEMENT IMPACT FEES

605 ILCS 5/5-901 Short title

This Division may be cited as the Road Improvement Impact Fee Law.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-902 General purposes

The General Assembly finds that the purpose of this legislation is to create the authority for units of local government to adopt and implement road improvement impact fee ordinances and resolutions. The General Assembly further recognizes that the imposition of such road improvement impact fees is designed to supplement other funding sources so that the burden of paying for road improvements can be allocated in a fair and equitable manner. It is the intent of the General Assembly to promote orderly economic growth throughout the State by assuring that new development bears its fair share of the cost of meeting the demand for road improvements through the imposition of road improvement impact fees. It is also the intent of the General Assembly to preserve the authority of elected local government officials to adopt and implement road improvement impact fee ordinances or resolutions which adhere to the minimum standards and procedures adopted in this Division by the State.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-903 Definitions

As used in this Division:

"Units of local government" mean counties with a population over 400,000 and all home rule municipalities.

"Road improvement impact fee" means any charge or fee levied or imposed by a unit of local government as a condition to the issuance of a building permit or a certificate of occupancy in connection with a new development, when any portion of the revenues collected is intended to be used to fund any portion of the costs of road improvements.

"Road improvements" mean the improvement, expansion, enlargement or construction of roads, streets, or highways under the jurisdiction of units of local government, including but not limited to bridges, rights-of-way, and traffic control improvements owned and operated by such units of local government. Road improvements may also include the improvement, expansion, enlargement or construction of roads, ramps, streets or highways under the jurisdiction of the State of Illinois, provided an agreement providing for the construction and financing of such road improvements has been reached between the State and the unit of local government and incorporated into the comprehensive road improvement plan. Road improvements shall not include tollways but may include tollway ramps.

"New development" means any residential, commercial, industrial or other project which is being newly constructed, reconstructed, redeveloped, structurally altered, relocated, or enlarged, and which generates additional traffic within the service area or areas of the unit of local government. "New development" shall not include any new development for which site specific development approval has been given by a unit of local government within 18 months before the first date of publication by the unit of local government of a notice of public hearing to consider the land use assumptions relating to the development of a comprehensive road improvement plan and imposition of impact fees; provided, however, that a building permit for such new development is issued within 18 months after the date of publication of such notice.

"Roads, streets or highways" mean any roads, streets or highways which have been designated by the unit of local government in the comprehensive road improvement plan together with all necessary appurtenances, including but not limited to bridges, rights-of-way, tollway ramps, and traffic control improvements.

"Comprehensive road improvement plan" means a plan prepared by the unit of local government in consultation with the Advisory Committee.

"Advisory Committee" means the group of members selected from the public and private sectors to advise in the development and implementation of the comprehensive road improvement plan, and the periodic update of the plan.

"Person" means any individual, firm, partnership, association, public or private corporation, organization or business, charitable trust, or unit of local government.

"Land use assumptions" means a description of the service area or areas and the roads, streets or highways incorporated therein, including projections relating to changes in land uses, densities and population growth rates which affect the level of traffic within the service area or areas over a 20 year period of time.

"Service area" means one or more land areas within the boundaries of the unit of local government which has been designated by the unit of local government in the comprehensive road improvement plan.

"Residential development" means a house, building, or other structure that is suitable or capable of being used for residential purposes.

"Nonresidential development" means a building or other structure that is suitable or capable of being used for all purposes other than residential purposes.

"Specifically and uniquely attributable" means that a new development creates the need, or an

identifiable portion of the need, for additional capacity to be provided by a road improvement. Each new development paying impact fees used to fund a road improvement must receive a direct and material benefit from the road improvement constructed with the impact fees paid. The need for road improvements funded by impact fees shall be based upon generally accepted traffic engineering practices as assignable to the new development paying the fees.

"Proportionate share" means the cost of road improvements that are specifically and uniquely attributable to a new development after the consideration of the following factors: the amount of additional traffic generated by the new development, any appropriate credit or offset for contribution of money, dedication of land, construction of road improvements or traffic reduction techniques, payments reasonably anticipated to be made by or as a result of a new development in the form of user fees, debt service payments, or taxes which are dedicated for road improvements and all other available sources of funding road improvements.

"Level of service" means one of the categories of road service as defined by the Institute of Transportation Engineers which shall be selected by a unit of local government imposing the impact fee as the adopted level of service to serve existing development not subject to the fee and new development, provided that the level of service selected for new development shall not exceed the level of service adopted for existing development.

"Site specific development approval" means an approval of a plan submitted by a developer to a unit of local government describing with reasonable certainty the type and intensity of use for a specific parcel or parcels of property. The plan may be in the form of, but need not be limited to, any of the following: a preliminary or final planned unit development plan, subdivision plat, development plan, conditional or special use permit, or any other form of development use approval, as utilized by a unit of local government, provided that the development use approval constitutes a final exercise of discretion by the unit of local government.

"Developer" means any person who undertakes new development.

"Existing deficiencies" mean existing roads, streets, or highways operating at a level of service below the adopted level of service selected by the unit of local government, as defined in the comprehensive road improvement plan.

"Assisted financing" means the financing of residential development by the Illinois Housing Development Authority, including loans to developers for multi-unit residential development and loans to purchasers of single family residences, including condominiums and townhomes.

HISTORY:
P.A. 86-97; 90-356, § 5.

605 ILCS 5/5-904 Authorization for the imposition of an impact fee

No impact fee shall be imposed by a unit of local government within a service area or areas upon a developer for the purposes of improving, expanding, enlarging or constructing roads, streets or highways directly affected by the traffic demands generated from the new development unless imposed pursuant to the provisions of this Division. An impact fee payable by a developer shall not exceed a proportionate share of costs incurred by a unit of local government which are specifically and uniquely attributable to the new development paying the fee in providing road improvements, but may be used to cover costs associated with the surveying of the service area, with the acquisition of land and rights-of-way, with engineering and planning costs, and with all other costs which are directly related to the improvement, expansion, enlargement or construction of roads, streets or highways within the service area or areas as designated in the comprehensive road improvement plan. An impact fee shall not be imposed to cover costs associated with the repair, reconstruction, operation or maintenance of existing roads, streets or highways, nor shall an impact fee be used to cure existing deficiencies or to upgrade, update, expand or replace existing roads in order to meet stricter safety or environmental requirements; provided, however, that such fees may be used in conjunction with other funds available to the unit of local government for the purpose of curing existing deficiencies, but in no event shall the amount of impact fees expended exceed the development's proportionate share of the cost of such road improvements. Nothing contained in this Section shall preclude a unit of local government from providing credits to the developer for services, conveyances, improvements or cash if provided by agreement even if the credits are for improvements not included in the comprehensive road improvement plan, provided the improvements are otherwise eligible for inclusion in the comprehensive road improvement plan.

HISTORY:
P.A. 86-97; 88-470, § 5.

605 ILCS 5/5-905 Procedure for the Imposition of Impact Fees

(a) Unless otherwise provided for in this Division, an impact fee shall be imposed by a unit of local government only upon compliance with the provisions set forth in this Section.

(b) A unit of local government intending to impose an impact fee shall adopt an ordinance or resolution establishing a public hearing date to consider land use assumptions that will be used to develop the comprehensive road improvement plan. Before the adoption of the ordinance or resolution establishing a public hearing date, the governing body of the unit of

local government shall appoint an Advisory Committee in accordance with this Division.

(c) The unit of local government shall provide public notice of the hearing date to consider land use assumptions in accordance with the provisions contained in this Section.

(d) The unit of local government shall publish notice of the hearing date once each week for 3 consecutive weeks, not less than 30 and not more than 60 days before the scheduled date of the hearing, in a newspaper of general circulation within the unit of local government. The notice of public hearing shall not appear in the part of the paper where legal notices or classified ads appear. The notice shall not be smaller than one-quarter page of standard size or tabloid-size newspaper.

(e) The notice shall contain all of the following information:

(1) Headline designated as follows: "NOTICE OF PUBLIC HEARING ON LAND USE ASSUMPTIONS RELATING TO THE DEVELOPMENT OF A COMPREHENSIVE ROAD IMPROVEMENT PLAN AND IMPOSITION OF IMPACT FEES".

(2) The date, time and location of the public hearing.

(3) A statement that the purpose of the hearing is to consider proposed land use assumptions within the service area or areas that will be used to develop a comprehensive road improvement plan.

(4) A general description of the service area or areas within the unit of local government being affected by the proposed land use assumptions.

(5) A statement that the unit of local government shall make available to the public upon request the following: proposed land use assumptions, an easily understandable and detailed map of the service area or areas to which the proposed land use assumptions shall apply, along with all other available information relating to the proposed land use assumptions.

(6) A statement that any member of the public affected by the proposed land use assumptions shall have the right to appear at the public hearing and present evidence in support of or against the proposed land use assumptions.

(f) In addition to the public notice requirement, the unit of local government shall send a notice of the intent to hold a public hearing by certified mail, return receipt requested, to any person who has requested in writing by certified mail return receipt requested, notification of the hearing date, at least 30 days before the date of the adoption of the ordinance or resolution establishing the public hearing date.

(g) A public hearing shall be held for the consideration of the proposed land use assumptions. Within 30 days after the public hearing has been held, the Advisory Committee shall make a recommendation to adopt, reject in whole or in part, or modify the proposed land use assumptions presented at the hearing by written report to the unit of local government. Thereafter the unit of local government shall have not less than 30 nor more than 60 days to approve, disapprove, or modify by ordinance or resolution the land use assumptions proposed at the public hearing and the recommendations made by the Advisory Committee. Such ordinance or resolution shall not be adopted as an emergency measure.

(h) Upon the adoption of an ordinance or resolution approving the land use assumptions, the unit of local government shall provide for a comprehensive road improvement plan to be developed by qualified professionals familiar with generally accepted engineering and planning practices. The comprehensive road improvement plan shall include projections of all costs related to the road improvements designated in the comprehensive road improvement plan.

(i) The unit of local government shall adopt an ordinance or resolution establishing a date for a public hearing to consider the comprehensive road improvement plan and the imposition of impact fees related thereto.

(j) A public hearing to consider the adoption of the comprehensive road improvement plan and imposition of impact fees shall be held within the unit of local government subject to the same notice provisions as those set forth in the subsection (d). The public hearing shall be conducted by an official designated by the unit of local government.

(k) Within 30 days after the public hearing has been held, the Advisory Committee shall make a recommendation to adopt, reject in whole or in part, or modify the proposed comprehensive road improvement plan and impact fees. The unit of local government shall have not less than 30 nor more than 60 days to approve, disapprove, or modify by ordinance or resolution the proposed comprehensive road improvement plan and impact fees. Such ordinance or resolution shall not be adopted as an emergency measure.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-906 Impact fee ordinance or resolution requirements

(a) An impact fee ordinance or resolution shall satisfy the following 2 requirements:

(1) The construction, improvement, expansion or enlargement of new or existing roads, streets, or highways for which an impact fee is imposed must be specifically and uniquely attributable to the traffic demands generated by the new development paying the fee.

(2) The impact fee imposed must not exceed a proportionate share of the costs incurred or the costs that will be incurred by the unit of local government in the provision of road improvements to serve the new development. The proportionate share is the cost specifically attributable to the new development after the unit of local government considers the following: (i) any appropriate credit, offset or contribution of money, dedication of land,

construction of road improvements or traffic reduction techniques; (ii) payments reasonably anticipated to be made by or as a result of a new development in the form of user fees, debt service payments, or taxes which are dedicated for road improvements; and (iii) all other available sources of funding road improvements.

(b) In determining the proportionate share of the cost of road improvements to be paid by the developer, the following 8 factors shall be considered by the unit of local government imposing the impact fee:

(1) The cost of existing roads, streets and highways within the service area or areas.

(2) The means by which existing roads, streets and highways have been financed to cure existing deficiencies.

(3) The extent to which the new development being assessed the impact fees has already contributed to the cost of improving existing roads, streets or highways through taxation, assessment, or developer or landowner contributions paid in prior years.

(4) The extent to which the new development will contribute to the cost of improving existing roads, streets or highways in the future.

(5) The extent to which the new development should be credited for providing road improvements, without charge to other properties within the service area or areas.

(6) Extraordinary costs, if any, incurred in servicing the new development.

(7) Consideration of the time and price differential inherent in a fair comparison of fees paid at different times.

(8) The availability of other sources of funding road improvements, including but not limited to user charges, general tax levies, intergovernmental transfers, and special taxation or assessments.

(c) An impact fee ordinance or resolution shall provide for the calculation of an impact fee in accordance with generally accepted accounting practices. An impact fee shall not be deemed invalid because payment of the fee may result in a benefit to other owners or developers within the service area or areas, other than the person paying the fee.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-907 Advisory committee

A road improvement impact fee advisory committee shall be created by the unit of local government intending to impose impact fees. The Advisory Committee shall consist of not less than 10 members and not more than 20 members. Not less than 40% of the members of the committee shall be representatives of the real estate, development, and building industries and the labor communities and may not be employees or officials of the unit of local government.

The members of the Advisory Committee shall be selected as follows:

(1) The representatives of real estate shall be licensed under the Real Estate License Act of 2000 [225 ILCS 454/1-1 et seq.] and shall be designated by the President of the Illinois Association of Realtors from a local Board from the service area or areas of the unit of local government.

(2) The representatives of the development industry shall be designated by the Regional Developers Association.

(3) The representatives of the building industry shall be designated representatives of the Regional Home Builders representing the unit of local government's geographic area as appointed from time to time by that Association's president.

(4) The labor representatives shall be chosen by either the Central Labor Council or the Building and Construction Trades Council having jurisdiction within the unit of local government.

If the unit of local government is a county, at least 30% of the members serving on the commission must be representatives of the municipalities within the county. The municipal representatives shall be selected by a convention of mayors in the county, who shall elect from their membership municipal representatives to serve on the Advisory Committee. The members representing the county shall be appointed by the chief executive officer of the county.

If the unit of local government is a municipality, the non-public representatives shall be appointed by the chief executive officer of the municipality.

If the unit of local government has a planning or zoning commission, the unit of local government may elect to use its planning or zoning commission to serve as the Advisory Committee, provided that not less than 40% of the committee members include representatives of the real estate, development, and building industries and the labor communities who are not employees or officials of the unit of local government. A unit of local government may appoint additional members to serve on the planning or zoning commission as ad hoc voting members whenever the planning or zoning commission functions as the Advisory Committee; provided that no less than 40% of the members include representatives of the real estate, development, and building industries and the labor communities.

HISTORY:
P.A. 86-97; 91-245, § 905-25.

605 ILCS 5/5-908 Duties of the Advisory Committee

The Advisory Committee shall serve in an advisory capacity and shall have the following duties:

(1) Advise and assist the unit of local government by recommending proposed land use assumptions.

(2) Make recommendations with respect to the development of a comprehensive road improvement plan.

(3) Make recommendations to approve, disapprove or modify a comprehensive road improvement plan

by preparing a written report containing these recommendations to the unit of local government.

(4) Report to the unit of local government on all matters relating to the imposition of impact fees.

(5) Monitor and evaluate the implementation of the comprehensive road improvement plan and the assessment of impact fees.

(6) Report annually to the unit of local government with respect to the progress of the implementation of the comprehensive road improvement plan.

(7) Advise the unit of local government of the need to update or revise the land use assumptions, comprehensive road improvement plan, or impact fees.

The unit of local government shall adopt procedural rules to be used by the Advisory Committee in carrying out the duties imposed by this Division.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-909 Unit of Local Government to Cooperate with the Advisory Committee

The unit of local government shall make available to the Advisory Committee all professional reports in relation to the development and implementation of land use assumptions, the comprehensive road improvement plan and periodic up-dates to the comprehensive road improvement plan.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-910 Comprehensive Road Improvement Plan

Each unit of local government intending to impose an impact fee shall prepare a comprehensive road improvement plan. The plan shall be prepared by persons qualified in fields relating to engineering, planning, or transportation. The persons preparing the plan shall consult with the Advisory Committee. The comprehensive road improvement plan shall contain all of the following:

(1) A description of all existing roads, streets or highways and their existing deficiencies within the service area or areas of the unit of local government and a reasonable estimate of all costs related to curing the existing deficiencies, including but not limited to the upgrading, updating, improving, expanding or replacing of such roads, streets or highways and the current level of service of the existing roads, streets and highways.

(2) A commitment by the unit of local government to cure existing deficiencies where practicable relating to roads, streets, and highways.

(3) A description of the land use assumptions adopted by the unit of local government.

(4) A description of all roads, streets or highways proposed to be improved, expanded, enlarged or constructed to serve new development and a reasonable estimate of all costs related to the improvement, expansion, enlargement or construction of the roads, streets or highways needed to serve new development at a level of service not to exceed the level of service on the currently existing roads, streets or highways.

(5) Identification of all sources and levels of funding available to the unit of local government for the financing of the road improvements.

(6) If the proposed road improvements include the improvement of roads, streets or highways under the jurisdiction of the State of Illinois or another unit of local government, then an agreement between units of government shall specify the proportionate share of funding by each unit. All agreements entered into by the State must provide that the portion of the impact fees collected due to the impact of new development upon roads, streets, or highways under State jurisdiction be allocated for expenditure for improvements to those roads, streets, and highways under State jurisdiction.

(7) A schedule setting forth estimated dates for commencing construction of all road improvements identified in the comprehensive road improvement plan.

Nothing contained in this subsection shall limit the right of a home rule unit of local government from imposing conditions on a Planned Unit Development or other zoning relief which may include contributions for road improvements, which are necessary or appropriate for such developments, but are not otherwise provided for in the comprehensive road improvement plan.

HISTORY:
P.A. 86-97; 86-1158.

605 ILCS 5/5-911 Assessment of Impact Fees

Impact fees shall be assessed by units of local government at the time of final plat approval or when the building permit is issued when no plat approval is necessary. No impact fee shall be assessed by a unit of local government for roads, streets or highways within the service area or areas of the unit of local government if and to the extent that another unit of local government has imposed an impact fee for the same roads, streets or highways.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-912 Payment of Impact Fees

In order to minimize the effect of impact fees on the person paying the fees, the following methods of payment shall be used by the unit of local government in collecting impact fees. Impact fees imposed upon a residential development, consisting of one single family residence, shall be payable as a condition to the issuance of the building permit. Impact fees imposed upon all other types of new development, including multi-unit residential development, shall be payable as a condition to the issuance of the

certificate of occupancy, provided that the developer and the unit of local government enter into an agreement designating that the developer notify the unit of local government that the building permit or the certificate of occupancy has been issued. For any development receiving assisted financing, including any development for which a commitment for assisted financing has been issued and for which assisted financing is provided within 6 months of the issuance of the certificate of occupancy, the unit of local government shall provide for the payment of the impact fees through an installment agreement at a reasonable rate of interest for a period of 10 years after the impact fee is due. Nothing contained in this Section shall preclude the payment of the impact fee at the time when the building permit is issued or at an earlier stage of development if agreed to by the unit of local government and the person paying the fees. Nothing contained in this Section shall preclude the unit of local government from making and entering into agreements providing for the cooperative collection of impact fees but the collection of impact fees shall be the sole responsibility of the unit of local government imposing the impact fee. Such agreements may also provide for the reimbursement of collection costs from the fees collected.

At the option of the unit of local government, impact fees may be paid through an installment agreement at a reasonable rate of interest for a period of up to 10 years after the impact fee is due.

Nothing contained in this section shall be construed to give units of local government a preference over the rights of any purchaser, mortgagee, judgment creditor or other lienholder arising prior to the filing in the office of the recorder of the county or counties in which the property is located of notification of the existence of any uncollected impact fees.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-913 Impact Fees to be Held in Interest Bearing Accounts

All impact fees collected pursuant to this Division shall be deposited into interest bearing accounts designated solely for such funds for each service area. All interest earned on such funds shall become a part of the moneys to be used for the road improvements authorized by this Division. The unit of local government shall provide that an accounting be made annually for any account containing impact fee proceeds and interest earned. Such accounting shall include, but shall not be limited to, the total funds collected, the source of the funds collected, the total amount of interest accruing on such funds, and the amount of funds expended on road improvements. Notice of the results of the accounting shall be published in a newspaper of general circulation within the unit of local government at least 3 times. A statement that a copy of the report is available to the public for inspection at reasonable times shall be contained in the notice. A copy of the report shall be provided to the Advisory Committee.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-914 Expenditures of Impact Fees

Impact fees shall only be expended on those road improvements within the service area or areas as specified in the comprehensive road improvement plan, as updated from time to time. Impact fees shall be expended in the same manner as motor fuel tax money allotted to the unit of local government solely for road improvement costs.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-915 Comprehensive Road Improvement Plan Amendments and Updates

The unit of local government imposing an impact fee may amend the comprehensive road improvement plan no more than once per year, provided the cumulative amendments do not exceed 10% of the total plan in terms of estimated project costs. If a proposed plan amendment will result in the cumulative amendments to the plan exceeding 10% of the total plan, then the unit of local government shall follow the procedures set forth in Section 5-905 of this Division [605 ILCS 5/5-905]. Regardless of whether the Comprehensive Road Improvement Plan has been amended, the unit of local government imposing an impact fee shall update the comprehensive road improvement plan at least once every 5 years. The 5 year period shall commence from the date of the original adoption of the comprehensive road improvement plan. The updating of the comprehensive road improvement plan shall be made in accordance with the procedures set forth in Section 5-905 of this Division.

HISTORY:
P.A. 86-97; 88-470, § 5.

605 ILCS 5/5-916 Refund of impact fees

All impact fees collected by a unit of local government shall be refunded to the person who paid the fee or to that person's successor in interest whenever the unit of local government fails to encumber by contract impact fees collected within 5 years of the date on which such impact fees were due to be paid.

Refunds shall be made in accordance with this Section provided that the person who paid the fee or that person's successor in interest files a petition with the unit of local government imposing the impact fee, seeking a refund within one year from the date that such fees were required to be encumbered by contract.

All refunds made shall bear interest at a rate which is at least 70% of the Prime Commercial Rate

in effect at the time of the imposition of the impact fee.

HISTORY:
P.A. 86-97; 87-187.

605 ILCS 5/5-917 Appeals Process

Any person paying an impact fee shall have the right to contest the land use assumptions, the development and implementation of the comprehensive road improvement plan, the imposition of impact fees, the periodic updating of the road improvement plan, the refund of impact fees and all other matters relating to impact fees. The initial appeal shall be made to the legislative body of the unit of local government in accordance with the procedures adopted in the ordinance or resolution. Any subsequent relief shall be sought in a de novo proceeding in the appropriate circuit court.

HISTORY:
P.A. 86-97.

605 ILCS 5/5-918 Transition Clauses

(a) Conformance of Existing Ordinances. A unit of local government which currently has in effect an impact fee ordinance or resolution shall have not more than 12 months from July 26, 1989 to bring its ordinance or resolution into conformance with the requirements imposed by this Act, except that a home rule unit of local government with a population over 75,000 and located in a county with a population over 600,000 and less than 2,000,000 shall have not more than 18 months from July 26, 1989, to bring that ordinance or resolution into conformance.

(b) Exemption of Developments Receiving Site Specific Development Approval. No development which has received site specific development approval from a unit of local government within 18 months before the first date of publication by the unit of local government of a notice of public hearing to consider land use assumptions relating to the development of a comprehensive road improvement plan and imposition of impact fees and which has filed for building permits or certificates of occupancy within 18 months of the date of approval of the site specific development plan shall be required to pay impact fees for permits or certificates of occupancy issued within that 18 month period.

This Division shall have no effect on the validity of any existing agreements entered into between a developer and a unit of local government pertaining to fees, exactions or donations made by a developer for the purpose of funding road improvements.

(c) Exception to the Exemption of Developments Receiving Site Specific Development Approval. Nothing in this Section shall require the refund of impact fees previously collected by units of local government in accordance with their ordinances or resolutions, if such ordinances or resolutions were adopted prior to the effective date of this Act and provided that such impact fees are encumbered as provided in Section 5-916 [605 ILCS 5/5-916].

HISTORY:
P.A. 86-97; 86-1158.

605 ILCS 5/5-919 Home Rule Preemption

A home rule unit may not impose road improvement impact fees in a manner inconsistent with this Division. This Division is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

HISTORY:
P.A. 86-97.

ARTICLE 6.

ADMINISTRATION OF TOWNSHIP AND DISTRICT ROADS

Division 1. District Organization and Powers

Section

DIVISION 1.

DISTRICT ORGANIZATION AND POWERS

605 ILCS 5/6-101 [Roads subject to district jurisdiction]

Roads which are part of the township and district road system are under the jurisdiction of the several road districts in which they are located, subject to such supervision by the county and the Department as is provided in this Code. A road district comprises either a township, township district, road district or county unit road district in existence immediately prior to the effective date of this Code or any area created a road district under the provisions of this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-102 [Counties under township organization]

Each township of the several counties under township organization, for the purposes of this Code, shall be considered and is called a road district for all purposes relating to the construction, repair, maintenance, financing and supervision of township roads unless under prior law it has been or pursuant to this Code is consolidated into a consolidated township road district or into a county unit road district.

Consolidated township districts and county unit road districts in existence under the provisions of law immediately prior to the effective date of this Code shall continue in existence as road districts under this Code until changed in the manner provided by this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-103 [Counties not under township organization]

In counties not under township organization the road districts in existence under the provisions of law immediately prior to the effective date of this Code shall be continued in existence until the same shall be altered in the manner provided in Sections 6-104, 6-105, or 6-111 of this Code [605 ILCS 5/6-104, 605 ILCS 5/6-105, or 605 ILCS 5/6-111] or as otherwise provided by law.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-104 [Municipality as road district; establishment; powers]

Whenever the territory of any municipality is a part of a road district in a county not under township organization, and shall by resolution of its council or its president and board of trustees request the county board to organize it into a separate road district and designate the name thereof, the county board shall comply with such request, and provide for such organization of such municipality into a new road district under the name designated in such resolution of such city council, or president and board of trustees, if any be designated therein.

Whenever a road district shall have been or shall hereafter be organized as provided in this Section and any of the territory of such municipality shall be disconnected from such municipality, the county board, upon receipt of a certified copy of the resolution or ordinance of the municipality disconnecting such territory, by resolution, shall disconnect such territory from such road district and annex it to an adjacent road district or districts. Whenever such municipality, at any one time shall have annexed or shall hereafter annex any territory, the county board, by resolution, shall disconnect such territory from the road district or districts in which it may be situated and annex the same to the road district in which such municipality is situated.

All the powers vested in a road district organized out of the territory embraced within any municipality, including all the powers vested by law in the highway commissioner of a road district, shall be vested in and exercised by the city council, or president and board of trustees of such municipality, including the power to levy a tax for the proper construction, maintenance and repair of roads in such district as provided in Section 6-501 of this Code [605 ILCS 5/6-501]. Any such tax whether heretofore or hereafter levied shall be in addition to all other taxes levied in such municipality and in addition to the taxes for general purposes authorized in Section 8-3-1 of the Illinois Municipal Code, as heretofore and hereafter amended [65 ILCS 5/8-3-1].

All of the powers vested by law in the district clerk of a road district shall be vested in and exercised by the city, town or village clerk of such municipality.

After a road district has been organized out of the territory embraced within a municipality, the offices and election of highway commissioner and district clerk shall be discontinued.

HISTORY:
Laws 1961, p. 1415; P.A. 97-908, § 5.

605 ILCS 5/6-105 [Alteration, creation and consolidation of districts; petition; election of officers in consolidated districts]

The county board in counties not under township organization shall have full and complete power and jurisdiction to alter the boundaries of road districts, create new road districts and to consolidate road districts in their respective counties to suit the convenience of the inhabitants residing therein, but no such change shall be made or new road district created under the provisions of this Code unless at least 20 of the legal voters of such road district petition for such alteration or creation of a new road district or 20 legal voters from each of the districts to be consolidated petition for such consolidation; nor shall such alteration or creation of a new road district or consolidation be made by such county board without notice thereof having been given by posting up notices in not less than 5 of the most public places in each of the several road districts interested in such proposed alteration or creation of a new road district or for the consolidation of road districts. Provided, however, that where a city council or board of trustees of a municipality has, by resolution as above provided in Section 6-104 [605 ILCS 5/6-104], requested that the county board organize the territory embraced within such municipality into a road district or where the territory embraced in a municipality has been heretofore or may hereafter be organized into a road district and territory is disconnected from or added to such road district as provided in Section 6-104, a petition signed by the legal voters of such road district shall not be required and no notice of such proposed alteration or creation need be given but changes in boundaries shall be made by the county board as provided in Section 6-104.

When a new road district is created or a new district is created by consolidation as provided in this Section, such new districts from creation or the time of consolidation become districts for the purpose of nominating and electing officers at the next regular election held for election of road district officers, and after said election and election of officers, become districts for all purposes. Until such election and the qualification of the officers elected, the officers of the districts consolidated into one district shall hold office, and perform their respective duties as to each district. When a new district is created, not being a consolidated district, the officers of the district or districts, from parts of which the new district is formed, shall perform their respective duties as to the territory in the new district, taken from their district, until the next regular election for officers of road districts and the election and qualification of officers for the new district.

HISTORY:
P.A. 81-1490.

605 ILCS 5/6-106 [Corporate name; counties not under township organization]

The corporate name of each road district in counties not under township organization shall be "Road District No..... of ..... County" and all actions

by or against such district shall be in its corporate name.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-107 [Powers of road districts; counties not under township organization]

Road districts have corporate capacity to exercise the powers granted thereto, or necessarily implied and no others. They have power: (1) to sue and be sued, (2) to acquire by purchase, gift or legacy, and to hold property, both real and personal, for the use of its inhabitants, and again to sell and convey the same, (3) to make all such contracts as may be necessary in the exercise of the powers of the district.

HISTORY:
P.A. 83-388; 96-996, § 5.

605 ILCS 5/6-107.1 [Borrowing money]

Road districts may borrow money from any bank or other financial institution or, in a township road district and with the approval of the town board of trustees, from the town fund, provided such money shall be repaid within 10 years from the time the money is borrowed. "Financial institution" means any bank subject to the Illinois Banking Act [205 ILCS 5/1 et seq.], any savings and loan association subject to the Illinois Savings and Loan Act of 1985 [205 ILCS 105/1-1 et seq. (repealed)], and any federally chartered commercial bank or savings and loan association organized and operated in this State pursuant to the laws of the United States.

HISTORY:
P.A. 85-514; 86-1179; 93-743, § 10.

605 ILCS 5/6-108 [Consolidated township road districts; petition]

Any two or more townships in any county under township organization may be consolidated into a consolidated township road district for all purposes relating to the construction, repair, maintenance and supervision of roads in the manner hereinafter provided.

A petition shall be filed with the circuit court for the county, signed by at least 50 or 5% of the legal voters, whichever is fewer, of each of the townships involved, requesting the court to order a referendum in such townships, naming them, for the purpose of voting for or against the proposition to consolidate such townships into a single road district for all road purposes.

Upon the filing of such petition, the court shall consider the petition and enter appropriate orders in accordance with the general election law. If the court orders a referendum on such proposition to be held, it shall be held at a regular election in such townships. Such referendum shall be conducted and notice given in accordance with the general election law of the State.

HISTORY:
P.A. 81-1489.

605 ILCS 5/6-109 [Consolidation; form of proposition; election; results]

The proposition shall be in substantially the following form:

Shall ..... Township and ..... Township of ..... County, Illinois, be consolidated into a consolidated township road district for road purposes?	YES NO	

The votes upon such proposition in each township involved shall be separately counted and tabulated. Such proposition shall not be deemed to have been approved unless a majority of the votes cast thereon in each township involved shall be in favor thereof. If a majority of the votes cast upon the proposition in each township involved shall be in favor of the consolidation of such townships for road purposes then such townships shall be consolidated into a consolidated township road district for road purposes, effective on the date of the next regularly scheduled election of road district officers following the referendum. The court shall file a certificate of the results of any referendum in which the consolidation of townships is so approved with the county clerk of the county.

HISTORY:
P.A. 81-1489.

605 ILCS 5/6-110 [Types of districts; similarity]

For all purposes relating to the construction, repair, maintenance and supervision of roads in all counties, other than counties in which a county unit road district has been established, the several types of road districts provided for in this Code shall, as near as may be, and subject to the provisions of this Code, be regarded as analogous in corporate authority and the powers and duties of the highway officers thereof shall be similar in extent and effect.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-111 [County unit road districts; petition; form of proposition; election; results]

The territory within any county having less than 500,000 inhabitants may be organized into a county unit road district for all purposes relating to the construction, repair, maintenance and supervision of district roads in the county in the manner hereinafter provided. A petition signed by not less than 5% of the legal voters or 50 legal voters, whichever is fewer,

in each of at least a majority of the townships in a county under township organization or road districts in a county not under township organization shall be filed with the county clerk of the county requesting the county clerk to submit to referendum in such county to establish a county unit road district in such county for all district road purposes. The petition shall request that such proposition be submitted at the general election in the next succeeding November of an even-numbered year.

Upon the filing of such petition, the county clerk shall submit such proposition at the general election in the next succeeding November of an even-numbered year in accordance with the general election law. Notice of the referendum shall be given, and the election shall be held in the manner provided by the general election laws of the State. The proposition shall be in substantially the following form:

Shall a county unit road district in ..... County, Illinois be established?	YES NO	

Whenever in a county under township organization a majority of the voters voting on such proposition in at least a majority of the townships in such county and a majority of the voters voting on such proposition in the entire county vote in favor of the proposition, and whenever in a county not under township organization a majority of the voters voting on such proposition in the entire county vote in favor of the proposition, a county unit road district shall be established in such county for all purposes relating to the construction, repair, maintenance and supervision of district roads in such county which theretofore had been under the jurisdiction of a highway commissioner, effective at the time provided in Section 6-125 [605 ILCS 5/6-125] of this Act.

Any county unit road district established under this Section shall be an independent county agency and any taxes levied for the county unit road district under Section 6-512 of this Act [605 ILCS 5/6-512] shall be levied and collected as other county taxes, but the county unit road district taxes shall not be included in any constitutional or statutory tax limitation for county purposes, but shall be in addition thereto and in excess thereof.

HISTORY:
P.A. 81-1489.

605 ILCS 5/6-112 [Highway commissioner]

In each road district, except in a county unit road district and except in municipalities that have been created a road district, there shall be elected a highway commissioner in the manner provided in this Code.

The highway commissioner of each road district comprised of a single township is an officer of that township.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-113 [Road district clerk]

In each road district comprised of a single township, the township clerk shall be ex-officio the clerk for the highway commissioner.

In each consolidated township road district the road district clerk shall be selected by the highway board of auditors of such district from its membership.

In each other road district there shall be elected a road district clerk except as is provided in this Code for county unit road districts and for municipalities that have been created a road district.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-114 [Road district treasurer]

In each road district comprised of a single township, the supervisor of such township shall be ex-officio treasurer for the road district. In each consolidated township road district the treasurer shall be selected by the highway board of auditors of such district from its membership. In each other road district the district clerk shall be ex-officio treasurer for the road district, except as is provided in this Code for county unit road districts and for municipalities that are created a road district.

Each such treasurer before becoming entitled to act as treasurer and within 10 days after his election or selection, shall execute a bond in double the amount of moneys likely to come into his hands by virtue of such office, if individuals act as sureties on such bond, or in the amount only of such moneys if a surety company authorized to do business in this State acts as surety on such bond, conditioned that he will faithfully discharge his duties as such treasurer, that he will honestly and faithfully account for and pay over, upon the proper orders, all moneys coming into his hands as treasurer, and the balance, if any, to his successor in office. Such bond shall be payable to the district, and shall be in such sum as the highway commissioner shall determine. Such bond shall be approved by the highway commissioner and shall be filed in the office of the county clerk with such approval endorsed thereon. The highway commissioner shall have the power to require the giving of additional bond, to increase or decrease the amount of such bond, or require the giving of a new bond whenever in his opinion such action is desirable. The highway commissioner shall have power to bring suit upon such bond for any loss or damage accruing to the district by reason of any non-performance of duty, or defalcation on the part of the treasurer.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-114.5 Attestation to funds endorsed by the treasurer.

If a road district treasurer issues a payout from the

road district's treasury or the township treasury, the road district clerk shall attest to all moneys paid out.

HISTORY:
2018 P.A. 100-983, § 15, effective January 1, 2019.

605 ILCS 5/6-115 [Eligibility for office of highway commissioner]

(a) Except as provided in Section 10-20 [60 ILCS 1/10-20] of the Township Code or subsection (b), no person shall be eligible to the office of highway commissioner unless he shall be a legal voter and has been one year a resident of the district. In road districts that elect a clerk, the same limitation shall apply to the district clerk.

(b) A board of trustees may (i) appoint a nonresident or a resident that has not resided in the district for one year to be a highway commissioner, or (ii) contract with a neighboring township to provide highway commissioner services if:

(1) the district is within a township with no incorporated town;

(2) the township has a population of less than 500; and

(3) no qualified candidate who has resided in the township for at least one year is willing to serve as highway commissioner.

HISTORY:
P.A. 82-783; 88-670, § 3-78; 2019 P.A. 101-197, § 5, effective January 1, 2020; 2021 P.A. 102-558, § 690, effective August 20, 2021.

605 ILCS 5/6-116 [Election of highway commissioner and road district clerk]

Except as otherwise provided in this Section with respect to highway commissioners of township and consolidated township road districts, at the election provided by the general election law in 1985 and every 4 years thereafter in all counties, other than counties in which a county unit road district has been established and other than in Cook County, the highway commissioner of each road district and the district clerk of each road district having an elected clerk, shall be elected to hold office for a term of 4 years, and until his successor is elected and qualified. The highway commissioner of each road district and the district clerk of each road district elected in 1979 shall hold office for an additional 2 years and until his successor is elected and has qualified.

In each township and consolidated township road district outside Cook County, highway commissioners shall be elected at the election provided for such commissioners by the general election law in 1981 and every 4 years thereafter to hold office for a term of 4 years and until his successor is elected and qualified. The highway commissioner of each road district in Cook County shall be elected at the election provided for said commissioner by the general election law in 1981 and every 4 years thereafter for a term of 4 years, and until his successor is elected and qualified.

Each highway commissioner shall enter upon the duties of his office on the third Monday in May after his election.

In road districts comprised of a single township, the highway commissioner shall be elected at the election provided for said commissioner by the general election law. All elections as are provided in this Section shall be conducted in accordance with the general election law.

HISTORY:
P.A. 83-108; 94-273, § 10; 94-645, § 25.

605 ILCS 5/6-117 [Application of general election law; filing of results]

In all counties not under township organization the election shall be held at the election provided by the general election law for road district clerks and highway commissioners. Said election shall be held in accordance with the general election law.

A statement of the results of the election shall be entered at large by the district clerk in the minutes of the proceedings, to be kept by him as required by this Code, which shall be publicly read by him to the electors present, and such reading shall be deemed notice of the result of the election.

In case 2 or more persons shall have an equal number of votes for the same office, the question of which shall be entitled to the office shall be decided by lot, under direction of the district clerk, but he shall give each party at least 5 days notice of the time and place of drawing lots.

The district clerk, within 10 days after receiving the results of the election from the appropriate election authorities as hereinbefore provided in this section, shall transmit to each person elected to any district office, a notice of his election.

HISTORY:
P.A. 81-1490.

605 ILCS 5/6-118 [Oath of elected officials]

Every person elected or appointed to the office of highway commissioner, and to consolidated township road district clerk in counties under township organization and to district clerk in counties not under township organization, before he enters upon the duties of his office, and within 10 days after he is notified of his election or appointment, shall take and subscribe, before some judicial officer of the circuit court or district or town clerk, the oath or affirmation of office prescribed by the Constitution, which oath or affirmation shall, within 5 days thereafter, be filed with the district or town clerk.

In counties under township organization no additional oath shall be required of the town clerk to enable him to enter upon the discharge of the duties of his office as ex-officio clerk for the highway commissioner.

If any person elected or appointed to either of the offices above named neglects to take and subscribe

such oath, and cause the same to be filed as above required, such neglect shall be deemed a refusal to serve.

HISTORY:
Laws 1967, p. 4041.

605 ILCS 5/6-119 [Successor; duty to demand books, papers, moneys, etc.; duty to deliver]

When the term of any highway commissioner or clerk shall expire, and other persons shall be elected or appointed to such office, it shall be the duty of such successor, immediately after he shall have entered upon the duties of his office, to demand of his predecessor all the books, papers, moneys and other property belonging to such office.

Whenever either of the officers above named shall resign, or the office become vacant in any way, and another person shall be elected or appointed in his stead, the person so elected or appointed shall make such demand of his predecessor, or of any person having charge of such books, papers, moneys or other property.

It shall be the duty of every person so going out of office, whenever thereto required pursuant to the foregoing provisions, to deliver upon oath, all the records, books, papers, moneys and other property in his possession or in his control belonging to the office held by him; which oath may be administered by the officer to whom such delivery shall be made.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-120 [Vacancies; counties under township organization]

In counties under township organization the provisions of law applicable to resignations from township offices and the filling of vacancies therein, and the making of a temporary appointment in case a township officer is incapacitated, shall apply to highway officers in townships not consolidated into township road districts in the same manner as to other township officers.

HISTORY:
Laws 1967, p. 1726.

605 ILCS 5/6-121 [Vacancies; counties not under township organization]

In counties not under township organization the following provisions shall be applicable relating to vacancies in road district offices:

Whenever any district fails to elect the proper number of district officers to which such district may be entitled by law, or when any person elected to any district office fails to qualify, or whenever any vacancy happens in any district, from death, resignation, removal from the district or other cause, the presiding officer of the county board, with the advice and consent of the county board, shall fill such vacancy by certificate under the signature and seal of the county clerk; and the persons so appointed shall hold their respective offices until the next regular election, and until their successors are elected and qualified; and shall have the same powers and be subject to the same duties and penalties as if they had been duly elected by the electors.

When any appointment is made, as above stated, the county clerk shall cause the certificate of appointment to be forthwith filed in the office of the district clerk, who shall immediately give notice to each person appointed.

Any judicial officer of the circuit court residing in such district, or if there be no judicial officer of the circuit court residing in such district, then any judicial officer of the circuit court in the county, may, for sufficient cause shown to him, accept the resignation of any district officer of his district, and whenever he accepts any such resignation, he shall forthwith give notice thereof to the district clerk of the district, or in his absence, to the highway commissioner, who shall make a minute thereof in the district records. He shall also immediately give notice to the county clerk of any vacancy that may exist in any district office.

HISTORY:
P.A. 84-550.

605 ILCS 5/6-122 [Highway commissioner in consolidated districts]

When the electors in any townships have voted for the consolidation of such townships into a consolidated township road district for road purposes the county clerk of such county shall conduct an election for the selection of a highway commissioner of such township road district. Such election shall be held at the next regular election for township offices. Such election shall be held in accordance with the provisions of the general election law.

The highway commissioner of such consolidated township road district so elected and his successors in office shall have the powers and perform the duties of highway commissioners in other road districts.

Any vacancy in such office at any time shall be filled for the balance of the unexpired term by appointment by a majority of the members of the highway board of auditors.

HISTORY:
P.A. 81-1490.

605 ILCS 5/6-123 [Highway board of auditors]

When the electors in any townships have voted for the consolidation of such townships into a consolidated township road district for road purposes, the supervisors and township clerks in the respective townships so consolidated shall, ex-officio, constitute a highway board of auditors for such township road district. Such highway board of auditors shall organize and select one of their number as chairman,

another as clerk and another as treasurer of the consolidated township road district. The officers of each such newly organized consolidated township road district so elected shall hold office until the first Tuesday in April, 1959 or until the first Tuesday of each succeeding fourth year thereafter, and their successors shall hold office for a term of 4 years and until their respective successors are selected and qualified; except that no person shall be a member of such highway board of auditors or such an officer of such consolidated township road district after the expiration of his term as supervisor or township clerk. Vacancies in such consolidated township road district offices shall be filled by the highway board of auditors. Such highway board of auditors shall have the same powers and duties with respect to road matters as have the board of town auditors in townships and such other powers and duties as may be prescribed by law.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-124 [Consolidated township road district; delivery of property by township officials; levy for payment of bonds]

Upon the election or selection and qualification of the first highway commissioner, clerk and treasurer of a consolidated township road district the highway commissioners of the respective townships so consolidated shall deliver to such consolidated township district highway commissioner all property and equipment of their respective districts taking his receipt therefor and the several township treasurers shall transfer and deliver to such consolidated township road district treasurer, all funds of their respective districts which they may hold, taking his receipt therefor. Any accounts or tax moneys for road purposes thereafter payable to any township so consolidated shall be paid to the treasurer of such consolidated township road district. Such consolidated township road district shall succeed to and assume all obligations and contracts of each of the townships consolidated into it other than bonded indebtedness.

With respect to bonded indebtedness for road purposes of any township so consolidated the county clerk shall annually extend taxes against all of the taxable property in such township so long as any of such road bonds are outstanding, sufficient to pay the maturing principal and interest of such bonds as the same become due, such tax to be in addition to all other taxes for road purposes and without limitation as to rate or amount. The proceeds of such tax when collected shall be used for payment of the principal and interest on such bonds.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-125 [Counties under commission form of government; powers and duties of county superintendent of highways]

In any county under the commission form of government in which a county unit road district is established, as of the first Tuesday in April after the holding of such election, the county superintendent of highways shall take over and be responsible, subject to the direction of the county board, for the construction, maintenance and repair of all roads in such county for which the several highway commissioners had theretofore been responsible. Such construction, maintenance and repair shall be undertaken uniformly throughout the county without granting any special consideration toward any part or parts thereof except for traffic and safety needs.

After the establishment of a county unit road district, the roads for which the county thereby becomes so responsible shall remain a part of the district road system as defined by this Code and shall not be considered as part of the county highway system as defined by this Code. However, any such district road may thereafter be made a part of the county highway system in the manner provided by this Code.

As of such date, the offices of highway commissioner, clerk and treasurer in each road district in such county are abolished, except that such officers may complete the affairs of their respective offices as herein provided and as needed for the transition. Upon release by the county superintendent such road districts shall have no further powers or duties relating to the construction, repair, maintenance and supervision of roads.

As of such date, the several highway commissioners shall deliver to the county superintendent of highways all property and equipment of their respective districts, taking his receipt therefor. Road district property used exclusively for road maintenance and related purposes shall also be delivered to the county superintendent, taking his receipt therefor. The several district clerks shall deliver the books, records and papers pertaining to such office to the county clerk, taking his receipt therefor. The several district treasurers shall transfer and deliver to the county treasurer all funds of their respective districts which they hold, taking his receipt therefor. Any accounts or tax moneys thereafter payable to any road district in such county shall be paid into a special county unit road district fund which shall be maintained separate and apart from the general county fund. The county treasurer shall be custodian of the county unit road district fund and any performance bond executed by the county treasurer shall be applicable to the moneys in the special fund. Receipts for these transfers shall be filed with the county clerk.

The county unit road district so established shall succeed to and assume all obligations and contracts of each of such road districts in such county, other

than bonded indebtedness. With respect to the bonded indebtedness for road purposes of any former district in a county in which a county unit road district is so established, the county clerk annually shall extend taxes against all of the taxable property in the former road district so long as any of such bonds are outstanding, sufficient to pay the maturing principal and interest of such bonds as they become due, such tax to be in addition to all other taxes for road purposes and without limitation as to rate or amount. The proceeds of such tax, when collected, shall be used for the payment of the principal and interest on such bonds.

All county unit road districts established under this Act shall be independent county agencies administered by the respective county superintendents of highways, under the general supervision of the county board. The county unit road districts shall maintain separate books showing receipts and expenditures, and shall issue such financial and other reports as the county board may from time to time require.

HISTORY:
P.A. 78-543.

605 ILCS 5/6-126 [Appraisal of county property delivered to superintendent]

The property and equipment delivered to the county superintendent of highways in conjunction with the establishment of a county unit road district shall be appraised and its fair value determined by the county superintendent of highways and the highway commissioner of the former district. Disputes as to the value of transferred property shall be arbitrated by qualified appraisers approved by both the district highway commissioner and the county superintendent of highways. Such property and equipment may be retained and used by the county or may be disposed of and sold, with the funds so derived deposited in the county unit district account, as the county board may determine. In case a road district has outstanding road bonds or road improvement bonds, an amount equal to the appraised or sale value of such property and equipment, less the amount of any indebtedness of the former district assumed by the county unit road district, shall be set up to the credit of such road district by the county treasurer from any funds available therefor and shall be used to pay the principal and interest on such bonds, to the extent such credit may be available, and the tax levied for the payment of the principal and interest upon such road bonds or road improvement bonds shall be abated by the amount so applied. In case the road district had no such bonds or road improvement bonds outstanding, an amount equal to the appraised or sale value of such property and equipment, less the amount of any indebtedness of the former district assumed by the county unit road district, shall be used for the maintenance, repair and improvement of roads in the particular area that was included in such former district, as the funds become available therefor but without sacrificing normal necessary roadwork in any other area.

HISTORY:
P.A. 76-174.

605 ILCS 5/6-127 [County unit road districts; direction of county board; administration]

In any county in which a county unit road district is established, the county unit district roads shall be constructed, maintained and repaired by the county superintendent of highways, subject to the direction of the county board; and with the respect to the laying out, construction, repair and maintenance of such roads, the county superintendent of highways shall have the powers and perform the duties of the highway commissioners under the provisions of this Code.

The county unit road district shall be administered as a separate county agency by the county superintendent of highways, but the presiding officer of the county board, with the advice and consent of the county board, may appoint a committee from its membership representative of the territory in such county and delegate to such committee such authority as the county board may deem proper. The county superintendent of highways may divide the territory of the county into maintenance or operational units and may employ the necessary personnel in each such unit.

HISTORY:
P.A. 78-1128.

605 ILCS 5/6-129 [Budget; resume of work]

The county superintendent of highways shall prepare a separate annual budget for the county unit road district and submit the budget to the county board not later than the date provided by law for publication of the annual county budget, except the first budget for a county unit road district shall be submitted within 90 days after the take-over date. The county board may approve or disapprove of the budget submitted by the superintendent of highways, but the board shall specify in writing the reasons for disapproval and shall recommend the necessary changes for the road district budget. Within 90 days after the close of the county's fiscal year, the county superintendent of highways shall make and file with the county clerk a report of the funds available for county unit district roads and bridges and the expenditures therefrom and a resume of the work done upon county unit district roads during such year.

HISTORY:
P.A. 76-174.

605 ILCS 5/6-130 Road district abolishment.

Notwithstanding any other provision of this Code

to the contrary, no township road district may continue in existence if the roads forming a part of the district do not exceed a total of 4 centerline miles in length as determined by the county engineer or county superintendent of highways. On the first Tuesday in April of 1975, or of any subsequent year next succeeding the reduction of a township road system to a total mileage of 4 centerline miles or less, each such township road district shall, by operation of law, be abolished. The roads comprising that district at that time shall thereafter be administered by the township board of trustees by contracting with the county, a municipality or a private contractor. The township board of trustees shall assume all taxing authority of a township road district abolished under this Section.

HISTORY:
P.A. 83-605; 92-800, § 5; 94-884, § 5; 2017 P.A. 100-106, § 5, effective January 1, 2018; 2017 P.A. 100-107, § 30, effective January 1, 2018; 2018 P.A. 100-863, § 530, effective August 14, 2018.

605 ILCS 5/6-131 Senior citizen transportation and mass transit programs; district road fund

A road district may use money in its district road fund to pay for all or part of the direct costs of senior citizen transportation programs or senior citizen mass transit programs, or both.

HISTORY:
P.A. 90-183, § 5.

605 ILCS 5/6-132 Recycling; tree maintenance.

(a) A road district may organize, administer, or participate in one or more recycling programs.

(b) Notwithstanding any provision of law to the contrary, a road district may deliver wood chips, mulch, and other products generated in the act of tree maintenance by the district to the residents of the district on a first come, first serve basis or other method of random selection. The road district shall provide adequate notice to the resident prior to the product being available and prior to the delivery of the product, which shall include the amount of the product being delivered.

HISTORY:
P.A. 95-119, § 10; 2017 P.A. 100-54, § 5, effective August 11, 2017.

605 ILCS 5/6-133 Abolishing a road district in Cook County.

By resolution, the board of trustees of any township located in Cook County, Illinois, may submit a proposition to abolish the road district of that township to the electors of that township at a general election or consolidated election in accordance with the general election law. The ballot shall be in substantially the following form:

Shall the Road District of the Township of ..... be abolished with all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities being assumed by the Township of	YES	
	NO	

In the event that a majority of the electors voting on such proposition are in favor thereof, then the road district shall be abolished by operation of law effective on January 1 of the calendar year immediately following the calendar year in which the proposition was approved by the electors or on the date the term of the highway commissioner in office at the time the proposition was approved by the electors expires, whichever is later.

On that date, all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the road district shall by operation of law vest in and be assumed by the township. On that date, the township board of trustees shall assume all taxing authority of a road district abolished under this Section. On that date, any highway commissioner of the abolished road district shall cease to hold office, such term having been terminated. Thereafter, the township shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code [605 ILCS 5/1-101 et seq.]. The township board of trustees may enter into a contract with the county, a municipality, or a private contractor to administer the roads under its jurisdiction. For purposes of distribution of revenue, the township shall assume the powers, duties, and obligations of the road district.

HISTORY:
P.A. 97-611, § 15; 2017 P.A. 100-106, § 5, effective January 1, 2018; 2017 P.A. 100-107, § 30, effective January 1, 2018.

605 ILCS 5/6-134 Abolishing a road district.

(a) By resolution, the board of trustees of any township located in a county with less than 3,000,000 inhabitants may submit a proposition to abolish the road district of that township to the electors of that township at a general election or consolidated election in accordance with the general election law. The ballot shall be in substantially the following form:

Shall the Road District of the ..... Township of be abolished with all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities being assumed by the ..... Township of ?	YES NO

In the event that a majority of the electors voting on such proposition are in favor thereof, then the road district shall be abolished by operation of law effective 90 days after vote certification by the gov-

erning election authority or on the date the term of the highway commissioner in office at the time the proposition was approved by the electors expires, whichever is later.

On that date, all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the road district shall by operation of law vest in and be assumed by the township. On that date, the township board of trustees shall assume all taxing authority of a road district abolished under this Section. On that date, any highway commissioner of the abolished road district shall cease to hold office, such term having been terminated. Thereafter, the township shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code [605 ILCS 5/1-101 et seq.]. The township board of trustees may enter into a contract with the county, a municipality, or a private contractor to administer the roads under its jurisdiction. The township board of trustees shall assume all taxing authority of a township road district abolished under this subsection. For purposes of distribution of revenue, the township shall assume the powers, duties, and obligations of the road district. Distribution of revenue by the township to the treasurer of a municipality under Section 6-507 [605 ILCS 5/6-507] shall be only paid from moneys levied for road purposes pursuant to Division 5 of Article 6 of this Code [605 ILCS 5/6-501 et seq.].

(b) If a referendum passed under subsection (a) at the November 6, 2018 election and a road district has not been abolished as provided in subsection (a) by August 23, 2019 (the effective date of Public Act 101-519):

(1) the township board shall have the sole authority relating to the following duties and powers of the road district until the date of abolition:

(A) creating and approving the budget of the road district;

(B) levying taxes (the township board of trustees assumes all taxing authority of the township road district);

(C) entering into contracts for the road district;

(D) employing and fixing the compensation of road district employees that the township board deems necessary; and

(E) setting and adopting rules concerning all benefits available to employees of the road district;

(2) the road district or the highway commissioner may not commence or maintain litigation against the township to resolve any dispute related to the road district regarding powers of the office of the highway commissioner, the powers of the supervisor, or the powers of the township board.

(c) If a township has approved a consolidated road district after a referendum under Section 6-109 and the consolidation is not yet effective and if the township subsequently approves a referendum under this Section, then the consolidation under Section 6-109 [605 ILCS 5/6-109] is void and shall not occur.

HISTORY:

2017 P.A. 100-106, § 5, effective January 1, 2018; 2019 P.A. 101-519, § 10, effective August 23, 2019; 2021 P.A. 102-558, § 690, effective August 20, 2021.

605 ILCS 5/6-135 Abolishing a road district with less than 15 miles of roads.

(a) Any township in a county with a population less than 3,000,000 may abolish a road district of that township if the roads of the road district are less than 15 miles in length, as determined by the county engineer or county superintendent of highways, by resolution of a majority of the board of trustees to submit a referendum to abolish the road district of that township. The referendum shall be submitted to the electors of that township at the next general election or consolidated election in accordance with the general election law. The ballot shall be in substantially the following form:

Shall the Road District of the Township of ..... be abolished with all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities being assumed by the Township of .....?	YES NO

(b) If a majority of the electors voting on the referendum under subsection (a) of this Section are in favor of abolishing the township road district, then the road district is abolished on the January 1 following the approval of the referendum or on the date the term of the highway commissioner in office at the time the referendum was approved expires, whichever is later.

On the date of abolition: all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the road district shall by operation of law vest in and be assumed by the township; the township board of trustees shall assume all taxing authority of a road district abolished under this Section; any highway commissioner of the abolished road district shall cease to hold office; the township shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code [605 ILCS 5/1-101 et seq.]; and for purposes of distribution of revenue, the township shall assume the powers, duties, and obligations of the road district. The township board of trustees may enter into a contract with the county, a municipality, or a private contractor to administer the roads added to its jurisdiction under this Section.

If a township has approved a consolidated road district after a referendum under Section 6-109 [605 ILCS 5/6-109] and the consolidation is not yet effective and if the township subsequently approves a referendum under this Section, then the consolidation under Section 6-109 is void and shall not occur.

HISTORY:

2017 P.A. 100-107, § 30, effective January 1, 2018; 2019 P.A. 101-519, § 10, effective August 23, 2019.

605 ILCS 5/6-140 Abolishing a road district within Lake County or McHenry County with less than 15 miles of roads.

Any township in Lake County or McHenry County shall abolish a road district of that township if the roads of the road district are less than 15 centerline miles in length, as determined by the county engineer or county superintendent of highways. A road district is abolished on the expiration of the term of office of the highway commissioner of the road district facing abolition following the determination by the county engineer or county superintendent of highways of the length, in centerline mileage, of the roads within the road district to be abolished.

On the date of abolition: all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the road district shall by operation of law vest in and be assumed by the township; the township board of trustees shall assume all taxing authority of a road district abolished under this Section and shall exercise all duties and responsibilities of the highway commissioner as provided in this Code; and for purposes of distribution of revenue, the township shall assume the powers, duties, and obligations of the road district. The township board of trustees may enter into a contract with the county, a municipality, or a private contractor to administer the roads added to its jurisdiction under this Section.

HISTORY:
2019 P.A. 101-230, § 25, effective August 9, 2019.

DIVISION 2.

FUNCTIONS AND COMPENSATION OF DISTRICT OFFICIALS

605 ILCS 5/6-201 [Functions of highway commissioner]

The highway commissioner of each road district shall perform the functions stated in the following Sections preceding Section 6-202 [605 ILCS 5/6-202].

HISTORY:
P.A. 87-818.

605 ILCS 5/6-201.1 [Certification of tax levy; presence at district clerk's office]

Be present at the district clerk's office annually on or before the last Tuesday in December of each year for the purpose of determining the tax levy to be certified by him to the county board in counties not under township organization, or by the township board of trustees or highway board of trustees, as the case may be, to the county clerk in counties having adopted township organization, as provided in this Code. He shall also be present at such office at such time or times as he shall designate and as the duties of his office may require for the transaction of official business.

HISTORY:
P.A. 87-738; 87-1189, § 5-5.

605 ILCS 5/6-201.2 [Laying out, altering, widening or vacating roads]

Lay out, alter, widen or vacate township or district roads as provided in this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-201.3 [Incorporation of roads and streets into township or district road system]

Include and incorporate such roads or streets as have been laid out and dedicated to public use or have been platted and dedicated to public use into the township or district road system as provided in this Code.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-201.4 [Entering description of roads in district clerk's records]

Cause such roads used as public highways, as have been laid out or dedicated to public use, but not sufficiently described, and such as have been used for 15 years but not recorded, to be ascertained, described and entered of record in the office of the district clerk.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-201.5 [Determination of tax levy]

Determine the taxes necessary to be levied on property within his district for road purposes, subject to the limitations provided by law.

HISTORY:
P.A. 86-1179.

605 ILCS 5/6-201.6 [Expenditure of money]

Direct the expenditure of all moneys collected in the district for road purposes, including those purposes allowed under Section 6-201.21 of this Code [605 ILCS 5/6-201.21], and draw warrants on the district treasurer therefor, provided such warrants are countersigned by the district clerk.

HISTORY:
Laws 1959, p. 196; P.A. 93-109, § 10; 93-610, § 10.

605 ILCS 5/6-201.7 [Construction, maintenance and repair of roads]

Construct, maintain and repair and be responsible for the construction, maintenance and repair of roads

within the district, let contracts, employ labor and purchase material and machinery therefor, subject to the limitations provided in this Code. Contracts, labor, machinery, disposal, and incidental expenses related to special services under Section 6-201.21 of this Code [605 ILCS 5/6-201.21] constitute maintenance, for purposes of this Section.

Except for professional services, when the cost of construction, materials, supplies, new machinery or equipment exceeds $20,000, the contract for such construction, materials, supplies, machinery or equipment shall be let to the lowest responsible bidder after advertising for bids at least once, and at least 10 days prior to the time set for the opening of such bids, in a newspaper published within the township or road district, or, if no newspaper is published within the township or road district then in one published within the county, or, if no newspaper is published within the county then in a newspaper having general circulation within the township or road district, but, in case of an emergency, such contract may be let without advertising for bids. For purposes of this Section "new machinery or equipment" shall be defined as that which has been previously untitled or that which shows fewer than 200 hours on its operating clock and that is accompanied by a new equipment manufacturer's warranty.

HISTORY:
P.A. 86-1179; 86-1368; 86-1475; 92-268, § 5; 93-109, § 10; 93-164, § 5; 93-610, § 10; 94-435, § 15.

605 ILCS 5/6-201.8 [General charge of district roads]

Have general charge of the roads of his district, keep the same in repair and to improve them so far as practicable and cooperate and assist in the construction or improvement of such roads with labor furnished, in whole or in part, by the Department of Human Services (acting as successor to the State Department of Public Aid under the Department of Human Services Act [20 ILCS 1305/1-1 et seq.]) or other public assistance authorities; except that a highway commissioner may not permanently post at a reduced weight limit any road or portion thereof unless the decision to do so is made in accordance with Section 6-201.22 of this Code [605 ILCS 5/6-201.22].

HISTORY:
Laws 1963, p. 2046; P.A. 89-507, § 90L-88; 99-237, § 5.

605 ILCS 5/6-201.9 [Care of machinery, equipment and other district property]

Take possession of and keep under shelter, when not in use all machinery, equipment and other property belonging to the district wherever the same may be found and not allow the same to go to waste.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-201.10 [Agreements for lease or exchange of idle machinery, equipment or tools]

Have authority to make agreements with the highway commissioner of any other road district or with the corporate authorities of any municipality located in the same county or in an adjoining county or with the county board of the county in which such road district is located or of any adjoining county, for the lease or exchange of idle machinery, equipment or tools belonging to the district, upon such terms and conditions as may be mutually agreed upon.

HISTORY:
Laws 1959, p. 196.

605 ILCS 5/6-201.10-1 [Contracting with highway commissioner of other road districts or municipal county authorities]

The highway commissioner of each road district has authority to contract with the highway commissioner of any other road district or with the corporate authorities of any municipality or county to furnish or to obtain services and materials related to construction, maintenance or repair of roads.

HISTORY:
P.A. 81-22.

605 ILCS 5/6-201.11 [Guide and direction signs]

Cause to be erected and kept in repair at intersections of the most important public roads, guide and direction signs and any other signs authorized by this Code or by the Illinois Vehicle Code [625 ILCS 5/1-100 et seq.].
