FOREWORD

The material presented in the 2022 Edition of **Road, Bridge, and Other Related Laws of Illinois**, as currently amended through October 1, 2022, includes the enactments of the 102nd General Assembly through Public Act 102-1102. All changes to these laws have been incorporated in text, and effective dates have been added where applicable. A comprehensive index is also included.

Some sections of the law were affected by several Public Acts which were issued concurrently or consecutively during the same legislative session. If no summary bill was passed, all changes, additions and deletions were incorporated into the changed section. Please consult all Public Acts from the same legislative session affecting sections of the law.

Under provisions of public Act 87-1005, the Illinois Revised Statutes were recompiled as the Illinois Compiled Statutes (ILCS). This was the first statutory compilation of the statutes since 1874. To assist you in going from the Illinois Revised Statutes format to the Illinois Compiled Statutes format, we included a disposition table in the back of this publication in numerical order by Illinois Revised Statute number.

The Illinois Compiled Statutes are arranged topically with the chapters and acts arranged numerically. The numbering arrangement assures that every statute has a unique and unambiguous identity. Citation to a statute contains a chapter, act, article and section. The citation "605 ILCS 5/3-104" for example is to Chapter 605 (Roads & Bridges), Act 5 (Illinois Highway Code), Article 3 (Federal Aid), Section 104 (Federal Aid Secondary Highways).

This book is published for the convenience of road and street officials and those in the private highway industry. It provides a ready reference to various chapters and sections of the Illinois Compiled Statutes that govern road and bridge issues.

OPEN MEETINGS ACT

5 ILCS 120/1 Policy

It is the public policy of this State that public bodies exist to aid in the conduct of the people's business and that the people have a right to be informed as to the conduct of their business. In order that the people shall be informed, the General Assembly finds and declares that it is the intent of this Act to ensure that the actions of public bodies be taken openly and that their deliberations be conducted openly.

The General Assembly further declares it to be the public policy of this State that its citizens shall be given advance notice of and the right to attend all meetings at which any business of a public body is discussed or acted upon in any way. Exceptions to the public's right to attend exist only in those limited circumstances where the General Assembly has specifically determined that the public interest would be clearly endangered or the personal privacy or guaranteed rights of individuals would be clearly in danger of unwarranted invasion.

To implement this policy, the General Assembly declares:

(1) It is the intent of this Act to protect the citizen's right to know; and

(2) The provisions for exceptions to the open meeting requirements shall be strictly construed against closed meetings.

HISTORY:
Laws 1967, p. 1960; P.A. 88-621, § 5.

5 ILCS 120/1.01 [Short title]

This Act shall be known and may be cited as the Open Meetings Act.

HISTORY:
P.A. 82-378.

5 ILCS 120/1.02 [Definitions]

For the purposes of this Act:

"Meeting" means any gathering, whether in person or by video or audio conference, telephone call, electronic means (such as, without limitation, electronic mail, electronic chat, and instant messaging), or other means of contemporaneous interactive communication, of a majority of a quorum of the members of a public body held for the purpose of discussing public business or, for a 5-member public body, a quorum of the members of a public body held for the purpose of discussing public business.

Accordingly, for a 5-member public body, 3 members of the body constitute a quorum and the affirmative vote of 3 members is necessary to adopt any motion, resolution, or ordinance, unless a greater number is otherwise required.

"Public body" includes all legislative, executive, administrative or advisory bodies of the State, counties, townships, cities, villages, incorporated towns, school districts and all other municipal corporations, boards, bureaus, committees or commissions of this State, and any subsidiary bodies of any of the foregoing including but not limited to committees and subcommittees which are supported in whole or in part by tax revenue, or which expend tax revenue, except the General Assembly and committees or

commissions thereof. "Public body" includes tourism boards and convention or civic center boards located in counties that are contiguous to the Mississippi River with populations of more than 250,000 but less than 300,000. "Public body" includes the Health Facilities and Services Review Board. "Public body" does not include a child death review team or the Illinois Child Death Review Teams Executive Council established under the Child Death Review Team Act [20 ILCS 515/1 et seq.], an ethics commission acting under the State Officials and Employees Ethics Act [5 ILCS 430/1-1 et seq.], a regional youth advisory board or the Statewide Youth Advisory Board established under the Department of Children and Family Services Statewide Youth Advisory Board Act, [20 ILCS 527/1 et seq.] or the Illinois Independent Tax Tribunal.

HISTORY:

P.A. 82-378; 88-614, § 90; 90-517, § 2; 90-737, § 205; 91-782, § 5; 92-468, § 5; 93-617, § 60; 94-1058, § 5; 95-245, § 3; 96-31, § 5; 97-1129, § 5-5; 98-806, § 35.

5 ILCS 120/1.05 Training.

(a) Every public body shall designate employees, officers, or members to receive training on compliance with this Act. Each public body shall submit a list of designated employees, officers, or members to the Public Access Counselor. Within 6 months after January 1, 2010 (the effective date of Public Act 96-542), the designated employees, officers, and members must successfully complete an electronic training curriculum, developed and administered by the Public Access Counselor, and thereafter must successfully complete an annual training program. Thereafter, whenever a public body designates an additional employee, officer, or member to receive this training, that person must successfully complete the electronic training curriculum within 30 days after that designation.

(b) Except as otherwise provided in this Section, each elected or appointed member of a public body subject to this Act who is such a member on January 1, 2012 (the effective date of Public Act 97-504) must successfully complete the electronic training curriculum developed and administered by the Public Access Counselor. For these members, the training must be completed within one year after January 1, 2012 (the effective date of Public Act 97-504).

Except as otherwise provided in this Section, each elected or appointed member of a public body subject to this Act who becomes such a member after January 1, 2012 (the effective date of Public Act 97-504) shall successfully complete the electronic training curriculum developed and administered by the Public Access Counselor. For these members, the training must be completed not later than the 90th day after the date the member:

(1) takes the oath of office, if the member is required to take an oath of office to assume the person's duties as a member of the public body; or

(2) otherwise assumes responsibilities as a member of the public body, if the member is not required to take an oath of office to assume the person's duties as a member of the governmental body.

Each member successfully completing the electronic training curriculum shall file a copy of the certificate of completion with the public body.

Completing the required training as a member of the public body satisfies the requirements of this Section with regard to the member's service on a committee or subcommittee of the public body and the member's ex officio service on any other public body.

The failure of one or more members of a public body to complete the training required by this Section does not affect the validity of an action taken by the public body.

An elected or appointed member of a public body subject to this Act who has successfully completed the training required under this subsection (b) and filed a copy of the certificate of completion with the public body is not required to subsequently complete the training required under this subsection (b).

(c) An elected school board member may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization created under Article 23 of the School Code [105 ILCS 5/23-1 et seq.]. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization created under Article 23 of the School Code provides a course of training under this subsection (c), it must provide a certificate of course completion to each school board member who successfully completes that course of training.

(d) A commissioner of a drainage district may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization that represents the drainage districts created under the Illinois Drainage Code [70 ILCS 605/1-1 et seq.]. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization that represents the drainage districts created under the Illinois Drainage Code provides a course of training under this subsection (d), it must provide a certificate of course completion to each commissioner who successfully completes that course of training.

(e) A director of a soil and water conservation district may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization that represents soil and water conservation districts created under the Soil and Water Conservation Districts Act [70 ILCS 405/1 et seq.]. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization that represents the soil and water conservation districts created under the Soil and Water Conservation Districts Act provides a course of training under this subsection (e), it must provide a certificate of course completion to each director who successfully completes that course of training.

(f) An elected or appointed member of a public body of a park district, forest preserve district, or conservation district may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization that represents the park districts created in the Park District Code [70 ILCS 1205/1-1 et seq.]. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization that represents the park districts created in the Park District Code provides a course of training under this subsection (f), it must provide a certificate of course completion to each elected or appointed member of a public body who successfully completes that course of training.

(g) An elected or appointed member of the board of trustees of a fire protection district may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization that represents fire protection districts created under the Fire Protection District Act. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization that represents fire protection districts organized under the Fire Protection District Act provides a course of training under this subsection (g), it must provide a certificate of course completion to each elected or appointed member of a board of trustees who successfully completes that course of training.

(h) An elected or appointed member of a public body of a municipality may satisfy the training requirements of this Section by participating in a course of training sponsored or conducted by an organization that represents municipalities as designated in Section 1-8-1 of the Illinois Municipal Code [65 ILCS 5/1-8-1]. The course of training shall include, but not be limited to, instruction in:

(1) the general background of the legal requirements for open meetings;

(2) the applicability of this Act to public bodies;

(3) procedures and requirements regarding quorums, notice, and record-keeping under this Act;

(4) procedures and requirements for holding an open meeting and for holding a closed meeting under this Act; and

(5) penalties and other consequences for failing to comply with this Act.

If an organization that represents municipalities as designated in Section 1-8-1 of the Illinois Municipal Code provides a course of training under this subsection (h), it must provide a certificate of course completion to each elected or appointed member of a public body who successfully completes that course of training.

5 ILCS 120/2 Open meetings.

(a) Openness required. All meetings of public bodies shall be open to the public unless excepted in subsection (c) and closed in accordance with Section 2a [5 ILCS 120/2a].

(b) Construction of exceptions. The exceptions contained in subsection (c) are in derogation of the requirement that public bodies meet in the open, and

therefore, the exceptions are to be strictly construed, extending only to subjects clearly within their scope. The exceptions authorize but do not require the holding of a closed meeting to discuss a subject included within an enumerated exception.

(c) Exceptions. A public body may hold closed meetings to consider the following subjects:

(1) The appointment, employment, compensation, discipline, performance, or dismissal of specific employees, specific individuals who serve as independent contractors in a park, recreational, or educational setting, or specific volunteers of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee, a specific individual who serves as an independent contractor in a park, recreational, or educational setting, or a volunteer of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act [50 ILCS 155/1 et seq.] may not be closed and shall be open to the public and posted and held in accordance with this Act.

(2) Collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.

(3) The selection of a person to fill a public office, as defined in this Act, including a vacancy in a public office, when the public body is given power to appoint under law or ordinance, or the discipline, performance or removal of the occupant of a public office, when the public body is given power to remove the occupant under law or ordinance.

(4) Evidence or testimony presented in open hearing, or in closed hearing where specifically authorized by law, to a quasi-adjudicative body, as defined in this Act, provided that the body prepares and makes available for public inspection a written decision setting forth its determinative reasoning.

(5) The purchase or lease of real property for the use of the public body, including meetings held for the purpose of discussing whether a particular parcel should be acquired.

(6) The setting of a price for sale or lease of property owned by the public body.

(7) The sale or purchase of securities, investments, or investment contracts. This exception shall not apply to the investment of assets or income of funds deposited into the Illinois Prepaid Tuition Trust Fund.

(8) Security procedures, school building safety and security, and the use of personnel and equipment to respond to an actual, a threatened, or a reasonably potential danger to the safety of employees, students, staff, the public, or public property.

(9) Student disciplinary cases.

(10) The placement of individual students in special education programs and other matters relating to individual students.

(11) Litigation, when an action against, affecting or on behalf of the particular public body has been filed and is pending before a court or administrative tribunal, or when the public body finds that an action is probable or imminent, in which case the basis for the finding shall be recorded and entered into the minutes of the closed meeting.

(12) The establishment of reserves or settlement of claims as provided in the Local Governmental and Governmental Employees Tort Immunity Act [745 ILCS 10/1-101 et seq.], if otherwise the disposition of a claim or potential claim might be prejudiced, or the review or discussion of claims, loss or risk management information, records, data, advice or communications from or with respect to any insurer of the public body or any intergovernmental risk management association or self insurance pool of which the public body is a member.

(13) Conciliation of complaints of discrimination in the sale or rental of housing, when closed meetings are authorized by the law or ordinance prescribing fair housing practices and creating a commission or administrative agency for their enforcement.

(14) Informant sources, the hiring or assignment of undercover personnel or equipment, or ongoing, prior or future criminal investigations, when discussed by a public body with criminal investigatory responsibilities.

(15) Professional ethics or performance when considered by an advisory body appointed to advise a licensing or regulatory agency on matters germane to the advisory body's field of competence.

(16) Self evaluation, practices and procedures or professional ethics, when meeting with a representative of a statewide association of which the public body is a member.

(17) The recruitment, credentialing, discipline or formal peer review of physicians or other health care professionals, or for the discussion of matters protected under the federal Patient Safety and Quality Improvement Act of 2005, and the regulations promulgated thereunder, including 42 C.F.R. Part 3 (73 FR 70732), or the federal Health Insurance Portability and Accountability Act of 1996, and the regulations promulgated thereunder, including 45 C.F.R. Parts 160, 162, and 164, by a hospital, or other institution providing medical care, that is operated by the public body.

(18) Deliberations for decisions of the Prisoner Review Board.

(19) Review or discussion of applications received under the Experimental Organ Transplantation Procedures Act [20 ILCS 3935/1 et seq.].

(20) The classification and discussion of matters classified as confidential or continued confidential by the State Government Suggestion Award Board.

(21) Discussion of minutes of meetings lawfully closed under this Act, whether for purposes of approval by the body of the minutes or semi-annual review of the minutes as mandated by Section 2.06 [5 ILCS 120/2.06].

(22) Deliberations for decisions of the State Emergency Medical Services Disciplinary Review Board.

(23) The operation by a municipality of a municipal utility or the operation of a municipal power agency or municipal natural gas agency when the discussion involves (i) contracts relating to the purchase, sale, or delivery of electricity or natural gas or (ii) the results or conclusions of load forecast studies.

(24) Meetings of a residential health care facility resident sexual assault and death review team or the Executive Council under the Abuse Prevention Review Team Act [210 ILCS 28/1 et seq.].

(25) Meetings of an independent team of experts under Brian's Law [405 ILCS 82/1 et seq.].

(26) Meetings of a mortality review team appointed under the Department of Juvenile Justice Mortality Review Team Act [730 ILCS 195/1 et seq.].

(27) (Blank).

(28) Correspondence and records (i) that may not be disclosed under Section 11-9 of the Illinois Public Aid Code [305 ILCS 5/11-9] or (ii) that pertain to appeals under Section 11-8 of the Illinois Public Aid Code [305 ILCS 5/11-8].

(29) Meetings between internal or external auditors and governmental audit committees, finance committees, and their equivalents, when the discussion involves internal control weaknesses, identification of potential fraud risk areas, known or suspected frauds, and fraud interviews conducted in accordance with generally accepted auditing standards of the United States of America.

(30) Those meetings or portions of meetings of a fatality review team or the Illinois Fatality Review Team Advisory Council during which a review of the death of an eligible adult in which abuse or neglect is suspected, alleged, or substantiated is conducted pursuant to Section 15 of the Adult Protective Services Act [320 ILCS 20/15].

(31) Meetings and deliberations for decisions of the Concealed Carry Licensing Review Board under the Firearm Concealed Carry Act [430 ILCS 66/1 et seq.].

(32) Meetings between the Regional Transportation Authority Board and its Service Boards when the discussion involves review by the Regional Transportation Authority Board of employment contracts under Section 28d of the Metropolitan Transit Authority Act [70 ILCS 3605/28d] and Sections 3A.18 and 3B.26 of the Regional Transportation Authority Act [70 ILCS 3615/3A.18 and 70 ILCS 3615/3B.26].

(33) Those meetings or portions of meetings of the advisory committee and peer review subcommittee created under Section 320 of the Illinois Controlled Substances Act during which specific controlled substance prescriber, dispenser, or patient information is discussed.

(34) Meetings of the Tax Increment Financing Reform Task Force under Section 2505-800 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(35) Meetings of the group established to discuss Medicaid capitation rates under Section 5-30.8 of the Illinois Public Aid Code [305 ILCS 5/5-30.8].

(36) Those deliberations or portions of deliberations for decisions of the Illinois Gaming Board in which there is discussed any of the following: (i) personal, commercial, financial, or other information obtained from any source that is privileged, proprietary, confidential, or a trade secret; or (ii) information specifically exempted from the disclosure by federal or State law.

(37) Deliberations for decisions of the Illinois Law Enforcement Training Standards Board, the Certification Review Panel, and the Illinois State Police Merit Board regarding certification and decertification.

(38) Meetings of the Ad Hoc Statewide Domestic Violence Fatality Review Committee of the Illinois Criminal Justice Information Authority Board that occur in closed executive session under subsection (d) of Section 35 of the Domestic Violence Fatality Review Act [430 ILCS 65/35].

(39) Meetings of the regional review teams under subsection (a) of Section 75 of the Domestic Violence Fatality Review Act.

(40) Meetings of the Firearm Owner's Identification Card Review Board under Section 10 of the Firearm Owners Identification Card Act [430 ILCS 65/10].

(d) Definitions. For purposes of this Section:

"Employee" means a person employed by a public body whose relationship with the public body constitutes an employer-employee relationship under the usual common law rules, and who is not an independent contractor.

"Public office" means a position created by or under the Constitution or laws of this State, the occupant of which is charged with the exercise of some portion of the sovereign power of this State. The term "public office" shall include members of the public body, but it shall not include organizational positions filled by members thereof, whether established by law or by a public body itself, that exist to assist the body in the conduct of its business.

"Quasi-adjudicative body" means an administrative body charged by law or ordinance with the responsibility to conduct hearings, receive evidence or testimony and make determinations based thereon, but does not include local electoral boards when such bodies are considering petition challenges.

(e) Final action. No final action may be taken at a closed meeting. Final action shall be preceded by a public recital of the nature of the matter being considered and other information that will inform the public of the business being conducted.

5 ILCS 120/2.01 [Meeting times and places]

All meetings required by this Act to be public shall be held at specified times and places which are convenient and open to the public. No meeting required by this Act to be public shall be held on a legal holiday unless the regular meeting day falls on that holiday.

Except as otherwise provided in this Act, a quorum of members of a public body must be physically present at the location of an open meeting. If, however, an open meeting of a public body (i) with statewide jurisdiction, (ii) that is an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, (iii) that is a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) that is a local workforce investment area with jurisdiction over a specific geographic area of more than 4,500 square miles is held simultaneously at one of its offices and one or more other locations in a public building, which may include other of its offices, through an interactive video conference and the public body provides public notice and public access as required under this Act for all locations, then members physically present in those locations all count towards determining a quorum. "Public building", as used in this Section, means any building or portion thereof owned or leased by any public body. The requirement that a quorum be physically present at the location of an open meeting shall not apply, however, to State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action.

Except as otherwise provided in this Act, a quorum of members of a public body that is not (i) a public body with statewide jurisdiction, (ii) an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, (iii) a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) a local workforce innovation area with jurisdiction over a specific geographic area of more than 4,500 square miles must be physically present at the location of a closed meeting. Other members who are not physically present at a closed meeting of such a public body may participate in the meeting by means of a video or audio conference. For the purposes of this Section, "local workforce innovation area" means any local workforce innovation area or areas designated by the Governor pursuant to the federal Workforce Innovation and Opportunity Act or its reauthorizing legislation.

5 ILCS 120/2.02 [Notice]

Public notice of all meetings, whether open or closed to the public, shall be given as follows:

(a) Every public body shall give public notice of the schedule of regular meetings at the beginning of each calendar or fiscal year and shall state the regular dates, times, and places of such meetings. An agenda for each regular meeting shall be posted at the principal office of the public body and at the location where the meeting is to be held at least 48 hours in advance of the holding of the meeting. A public body that has a website that the full-time staff of the public body maintains shall also post on its website the agenda of any regular meetings of the governing body of that public body. Any agenda of a regular meeting that is posted on a public body's website shall remain posted on the website until the regular meeting is concluded. The requirement of a regular meeting agenda shall not preclude the consideration of items not specifically set forth in the agenda. Public notice of any special meeting except a meeting held in the event of a bona fide emergency, or of any rescheduled regular meeting, or of any reconvened meeting, shall be given at least 48 hours before such meeting, which notice shall also include the agenda for the special, rescheduled, or reconvened meeting, but the validity of any action taken by the public body which is germane to a subject on the agenda shall not be affected by other errors or omissions in the agenda. The requirement of public notice of reconvened meetings does not apply to any case where the meeting was open to the public and (1) it is to be reconvened within 24 hours, or (2) an announcement of the time and place of the reconvened meeting was made at the original meeting and there is no change in the agenda. Notice of an emergency meeting shall be given as soon as practicable, but in any event prior to the holding of such meeting, to any news medium which has filed an annual request for notice under subsection (b) of this Section.

(b) Public notice shall be given by posting a copy of the notice at the principal office of the body holding the meeting or, if no such office exists, at the building in which the meeting is to be held. In addition, a public body that has a website that the full-time staff of the public body maintains shall post notice on its website of all meetings of the governing body of the public body. Any notice of an annual schedule of meetings shall remain on the

website until a new public notice of the schedule of regular meetings is approved. Any notice of a regular meeting that is posted on a public body's website shall remain posted on the website until the regular meeting is concluded. The body shall supply copies of the notice of its regular meetings, and of the notice of any special, emergency, rescheduled or reconvened meeting, to any news medium that has filed an annual request for such notice. Any such news medium shall also be given the same notice of all special, emergency, rescheduled or reconvened meetings in the same manner as is given to members of the body provided such news medium has given the public body an address or telephone number within the territorial jurisdiction of the public body at which such notice may be given. The failure of a public body to post on its website notice of any meeting or the agenda of any meeting shall not invalidate any meeting or any actions taken at a meeting.

(c) Any agenda required under this Section shall set forth the general subject matter of any resolution or ordinance that will be the subject of final action at the meeting. The public body conducting a public meeting shall ensure that at least one copy of any requested notice and agenda for the meeting is continuously available for public review during the entire 48-hour period preceding the meeting. Posting of the notice and agenda on a website that is maintained by the public body satisfies the requirement for continuous posting under this subsection (c). If a notice or agenda is not continuously available for the full 48-hour period due to actions outside of the control of the public body, then that lack of availability does not invalidate any meeting or action taken at a meeting.

5 ILCS 120/2.03 [Schedule of meetings]

In addition to the notice required by Section 2.02 [5 ILCS 120/2.02], each body subject to this Act must, at the beginning of each calendar or fiscal year, prepare and make available a schedule of all its regular meetings for such calendar or fiscal year, listing the times and places of such meetings.

If a change is made in regular meeting dates, at least 10 days' notice of such change shall be given by publication in a newspaper of general circulation in the area in which such body functions. However, in the case of bodies of local governmental units with a population of less than 500 in which no newspaper is published, such 10 days' notice may be given by posting a notice of such change in at least 3 prominent places within the governmental unit. Notice of such change shall also be posted at the principal office of the public body or, if no such office exists, at the building in which the meeting is to be held. Notice of such change shall also be supplied to those news media which have filed an annual request for notice as provided in paragraph (b) of Section 2.02 [5 ILCS 120/2.02].

5 ILCS 120/2.04 [Notice requirements additional]

The notice requirements of this Act are in addition to, and not in substitution of, any other notice required by law. Failure of any news medium to receive a notice provided for by this Act shall not invalidate any meeting provided notice was in fact given in accordance with this Act.

5 ILCS 120/2.05 Recording meetings

Subject to the provisions of Section 8-701 of the Code of Civil Procedure [735 ILCS 5/8-701], any person may record the proceedings at meetings required to be open by this Act by tape, film or other means. The authority holding the meeting shall prescribe reasonable rules to govern the right to make such recordings.

If a witness at any meeting required to be open by this Act which is conducted by a commission, administrative agency or other tribunal, refuses to testify on the grounds that he may not be compelled to testify if any portion of his testimony is to be broadcast or televised or if motion pictures are to be taken of him while he is testifying, the authority holding the meeting shall prohibit such recording during the testimony of the witness. Nothing in this Section shall be construed to extend the right to refuse to testify at any meeting not subject to the provisions of Section 8-701 of the Code of Civil Procedure.

P.A. 82-378; 94-1058, § 5.

5 ILCS 120/2.06 Minutes; right to speak.

(a) All public bodies shall keep written minutes of all their meetings, whether open or closed, and a verbatim record of all their closed meetings in the form of an audio or video recording. Minutes shall include, but need not be limited to:

(1) the date, time and place of the meeting;

(2) the members of the public body recorded as either present or absent and whether the members were physically present or present by means of video or audio conference; and

(3) a summary of discussion on all matters proposed, deliberated, or decided, and a record of any votes taken.

(b) A public body shall approve the minutes of its open meeting within 30 days after that meeting or at the public body's second subsequent regular meeting, whichever is later. The minutes of meetings open to the public shall be available for public inspection

within 10 days after the approval of such minutes by the public body. Beginning July 1, 2006, at the time it complies with the other requirements of this subsection, a public body that has a website that the full-time staff of the public body maintains shall post the minutes of a regular meeting of its governing body open to the public on the public body's website within 10 days after the approval of the minutes by the public body. Beginning July 1, 2006, any minutes of meetings open to the public posted on the public body's website shall remain posted on the website for at least 60 days after their initial posting.

(c) The verbatim record may be destroyed without notification to or the approval of a records commission or the State Archivist under the Local Records Act [50 ILCS 205/1 et seq.] or the State Records Act [5 ILCS 160/1 et seq.] no less than 18 months after the completion of the meeting recorded but only after:

(1) the public body approves the destruction of a particular recording; and

(2) the public body approves minutes of the closed meeting that meet the written minutes requirements of subsection (a) of this Section.

(d) Each public body shall periodically meet to review minutes of all closed meetings. Meetings to review minutes shall occur every 6 months, or as soon thereafter as is practicable, taking into account the nature and meeting schedule of the public body. Committees which are ad hoc in nature shall review closed session minutes at the later of (1) 6 months from the date of the last review of closed session minutes or (2) at the next scheduled meeting of the ad hoc committee. At such meetings a determination shall be made, and reported in an open session that (1) the need for confidentiality still exists as to all or part of those minutes or (2) that the minutes or portions thereof no longer require confidential treatment and are available for public inspection. The failure of a public body to strictly comply with the semi-annual review of closed session written minutes, whether before or after the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-542], shall not cause the written minutes or related verbatim record to become public or available for inspection in any judicial proceeding, other than a proceeding involving an alleged violation of this Act, if the public body, within 60 days of discovering its failure to strictly comply with the technical requirements of this subsection, reviews the closed session minutes and determines and thereafter reports in open session that either (1) the need for confidentiality still exists as to all or part of the minutes or verbatim record, or (2) that the minutes or recordings or portions thereof no longer require confidential treatment and are available for public inspection.

(e) Unless the public body has made a determination that the verbatim recording no longer requires confidential treatment or otherwise consents to disclosure, the verbatim record of a meeting closed to the public shall not be open for public inspection or subject to discovery in any administrative or judicial proceeding other than one brought to enforce this Act. In the case of a civil action brought to enforce this Act, the court, if the judge believes such an examination is necessary, must conduct such in camera examination of the verbatim record as it finds appropriate in order to determine whether there has been a violation of this Act. In the case of a criminal proceeding, the court may conduct an examination in order to determine what portions, if any, must be made available to the parties for use as evidence in the prosecution. Any such initial inspection must be held in camera. If the court determines that a complaint or suit brought for noncompliance under this Act is valid it may, for the purposes of discovery, redact from the minutes of the meeting closed to the public any information deemed to qualify under the attorney-client privilege. The provisions of this subsection do not supersede the privacy or confidentiality provisions of State or federal law. Access to verbatim recordings shall be provided to duly elected officials or appointed officials filling a vacancy of an elected office in a public body, and access shall be granted in the public body's main office or official storage location, in the presence of a records secretary, an administrative official of the public body, or any elected official of the public body. No verbatim recordings shall be recorded or removed from the public body's main office or official storage location, except by vote of the public body or by court order. Nothing in this subsection (e) is intended to limit the Public Access Counselor's access to those records necessary to address a request for administrative review under Section 7.5 of this Act [5 ILCS 120/7.5].

(f) Minutes of meetings closed to the public shall be available only after the public body determines that it is no longer necessary to protect the public interest or the privacy of an individual by keeping them confidential, except that duly elected officials or appointed officials filling a vacancy of an elected office in a public body shall be provided access to minutes of meetings closed to the public. Access to minutes shall be granted in the public body's main office or official storage location, in the presence of a records secretary, an administrative official of the public body, or any elected official of the public body. No minutes of meetings closed to the public shall be removed from the public body's main office or official storage location, except by vote of the public body or by court order. Nothing in this subsection (f) is intended to limit the Public Access Counselor's access to those records necessary to address a request for administrative review under Section 7.5 of this Act.

(g) Any person shall be permitted an opportunity to address public officials under the rules established and recorded by the public body.

(h) When a public body is dissolved, disbanded, eliminated, or consolidated by executive action, legislative action, or referendum, and its functions and responsibilities are assumed by a unit of local government, the unit of local government which assumes the functions of the prior public body shall

review the closed session minutes of that public body pursuant to subsection (d).

5 ILCS 120/2a [Closed meetings]

A public body may hold a meeting closed to the public, or close a portion of a meeting to the public, upon a majority vote of a quorum present, taken at a meeting open to the public for which notice has been given as required by this Act. A single vote may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed to the public, provided each meeting in such series involves the same particular matters and is scheduled to be held within no more than 3 months of the vote. The vote of each member on the question of holding a meeting closed to the public and a citation to the specific exception contained in Section 2 of this Act [5 ILCS 120/2] which authorizes the closing of the meeting to the public shall be publicly disclosed at the time of the vote and shall be recorded and entered into the minutes of the meeting. Nothing in this Section or this Act shall be construed to require that any meeting be closed to the public.

At any open meeting of a public body for which proper notice under this Act has been given, the body may, without additional notice under Section 2.02 [5 ILCS 120/2.02], hold a closed meeting in accordance with this Act. Only topics specified in the vote to close under this Section may be considered during the closed meeting.

5 ILCS 120/3 [Noncompliance; civil action]

(a) Where the provisions of this Act are not complied with, or where there is probable cause to believe that the provisions of this Act will not be complied with, any person, including the State's Attorney of the county in which such noncompliance may occur, may bring a civil action in the circuit court for the judicial circuit in which the alleged noncompliance has occurred or is about to occur, or in which the affected public body has its principal office, prior to or within 60 days of the meeting alleged to be in violation of this Act or, if facts concerning the meeting are not discovered within the 60-day period, within 60 days of the discovery of a violation by the State's Attorney or, if the person timely files a request for review under Section 3.5 [5 ILCS 120/3.5], within 60 days of the decision by the Attorney General to resolve a request for review by a means other than the issuance of a binding opinion under subsection (e) of Section 3.5.

Records that are obtained by a State's Attorney from a public body for purposes of reviewing whether the public body has complied with this Act may not be disclosed to the public. Those records, while in the possession of the State's Attorney, are exempt from disclosure under the Freedom of Information Act [5 ILCS 140/1 et seq.].

(b) In deciding such a case the court may examine in camera any portion of the minutes of a meeting at which a violation of the Act is alleged to have occurred, and may take such additional evidence as it deems necessary.

(c) The court, having due regard for orderly administration and the public interest, as well as for the interests of the parties, may grant such relief as it deems appropriate, including granting a relief by mandamus requiring that a meeting be open to the public, granting an injunction against future violations of this Act, ordering the public body to make available to the public such portion of the minutes of a meeting as is not authorized to be kept confidential under this Act, or declaring null and void any final action taken at a closed meeting in violation of this Act.

(d) The court may assess against any party, except a State's Attorney, reasonable attorney's fees and other litigation costs reasonably incurred by any other party who substantially prevails in any action brought in accordance with this Section, provided that costs may be assessed against any private party or parties bringing an action pursuant to this Section only upon the court's determination that the action is malicious or frivolous in nature.

5 ILCS 120/3.5 Public Access Counselor; opinions

(a) A person who believes that a violation of this Act by a public body has occurred may file a request for review with the Public Access Counselor established in the Office of the Attorney General not later than 60 days after the alleged violation. If facts concerning the violation are not discovered within the 60-day period, but are discovered at a later date, not exceeding 2 years after the alleged violation, by a person utilizing reasonable diligence, the request for review may be made within 60 days of the discovery of the alleged violation. The request for review must be in writing, must be signed by the requester, and must include a summary of the facts supporting the allegation. The changes made by this amendatory Act of the 99th General Assembly [P.A. 99-402] apply to violations alleged to have occurred at meetings held on or after the effective date of this amendatory Act of the 99th General Assembly.

(b) Upon receipt of a request for review, the Public Access Counselor shall determine whether further

action is warranted. If the Public Access Counselor determines from the request for review that the alleged violation is unfounded, he or she shall so advise the requester and the public body and no further action shall be undertaken. In all other cases, the Public Access Counselor shall forward a copy of the request for review to the public body within 7 working days. The Public Access Counselor shall specify the records or other documents that the public body shall furnish to facilitate the review. Within 7 working days after receipt of the request for review, the public body shall provide copies of the records requested and shall otherwise fully cooperate with the Public Access Counselor. If a public body fails to furnish specified records pursuant to this Section, or if otherwise necessary, the Attorney General may issue a subpoena to any person or public body having knowledge of or records pertaining to an alleged violation of this Act. For purposes of conducting a thorough review, the Public Access Counselor has the same right to examine a verbatim recording of a meeting closed to the public or the minutes of a closed meeting as does a court in a civil action brought to enforce this Act.

(c) Within 7 working days after it receives a copy of a request for review and request for production of records from the Public Access Counselor, the public body may, but is not required to, answer the allegations of the request for review. The answer may take the form of a letter, brief, or memorandum.

Upon request, the public body may also furnish the Public Access Counselor with a redacted copy of the answer excluding specific references to any matters at issue. The Public Access Counselor shall forward a copy of the answer or redacted answer, if furnished, to the person submitting the request for review. The requester may, but is not required to, respond in writing to the answer within 7 working days and shall provide a copy of the response to the public body.

(d) In addition to the request for review, and the answer and the response thereto, if any, a requester or a public body may furnish affidavits and records concerning any matter germane to the review.

(e) Unless the Public Access Counselor extends the time by no more than 21 business days by sending written notice to the requester and public body that includes a statement of the reasons for the extension in the notice, or decides to address the matter without the issuance of a binding opinion, the Attorney General shall examine the issues and the records, shall make findings of fact and conclusions of law, and shall issue to the requester and the public body an opinion within 60 days after initiating review. The opinion shall be binding upon both the requester and the public body, subject to administrative review under Section 7.5 of this Act [5 ILCS 120/7.5].

In responding to any written request under this Section 3.5, the Attorney General may exercise his or her discretion and choose to resolve a request for review by mediation or by a means other than the issuance of a binding opinion. The decision not to issue a binding opinion shall not be reviewable.

Upon receipt of a binding opinion concluding that a violation of this Act has occurred, the public body shall either take necessary action as soon as practical to comply with the directive of the opinion or shall initiate administrative review under Section 7.5. If the opinion concludes that no violation of the Act has occurred, the requester may initiate administrative review under Section 7.5.

(f) If the requester files suit under Section 3 [5 ILCS 120/3] with respect to the same alleged violation that is the subject of a pending request for review, the requester shall notify the Public Access Counselor, and the Public Access Counselor shall take no further action with respect to the request for review and shall so notify the public body.

(g) Records that are obtained by the Public Access Counselor from a public body for purposes of addressing a request for review under this Section 3.5 may not be disclosed to the public, including the requester, by the Public Access Counselor. Those records, while in the possession of the Public Access Counselor, shall be exempt from disclosure by the Public Access Counselor under the Freedom of Information Act [5 ILCS 140/1 et seq.].

(h) The Attorney General may also issue advisory opinions to public bodies regarding compliance with this Act. A review may be initiated upon receipt of a written request from the head of the public body or its attorney. The request must contain sufficient accurate facts from which a determination can be made. The Public Access Counselor may request additional information from the public body in order to facilitate the review. A public body that relies in good faith on an advisory opinion of the Attorney General in complying with the requirements of this Act is not liable for penalties under this Act, so long as the facts upon which the opinion is based have been fully and fairly disclosed to the Public Access Counselor.

5 ILCS 120/7 Attendance by a means other than physical presence.

(a) If a quorum of the members of the public body is physically present as required by Section 2.01 [5 ILCS 120/2.01], a majority of the public body may allow a member of that body to attend the meeting by other means if the member is prevented from physically attending because of: (i) personal illness or disability; (ii) employment purposes or the business of the public body; or (iii) a family or other emergency. "Other means" is by video or audio conference.

(b) If a member wishes to attend a meeting by other means, the member must notify the recording secretary or clerk of the public body before the meeting unless advance notice is impractical.

(c) A majority of the public body may allow a member to attend a meeting by other means only in accordance with and to the extent allowed by rules adopted by the public body. The rules must conform to the requirements and restrictions of this Section, may further limit the extent to which attendance by other means is allowed, and may provide for the giving of additional notice to the public or further facilitate public access to meetings.

(d) The limitations of this Section shall not apply to (i) closed meetings of (A) public bodies with statewide jurisdiction, (B) Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, (C) municipal transit districts with jurisdiction over a specific geographic area of more than 4,500 square miles, or (D) local workforce innovation areas with jurisdiction over a specific geographic area of more than 4,500 square miles or (ii) open or closed meetings of State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action. State advisory boards or bodies, public bodies with statewide jurisdiction, Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, municipal transit districts with jurisdiction over a specific geographic area of more than 4,500 square miles, and local workforce investment areas with jurisdiction over a specific geographic area of more than 4,500 square miles, however, may permit members to attend meetings by other means only in accordance with and to the extent allowed by specific procedural rules adopted by the body. For the purposes of this Section, "local workforce innovation area" means any local workforce innovation area or areas designated by the Governor pursuant to the federal Workforce Innovation and Opportunity Act or its reauthorizing legislation.

(e) Subject to the requirements of Section 2.06 [5 ILCS 120/2.06] but notwithstanding any other provision of law, an open or closed meeting subject to this Act may be conducted by audio or video conference, without the physical presence of a quorum of the members, so long as the following conditions are met:

(1) the Governor or the Director of the Illinois Department of Public Health has issued a disaster declaration related to public health concerns because of a disaster as defined in Section 4 of the Illinois Emergency Management Agency Act [20 ILCS 3305/4], and all or part of the jurisdiction of the public body is covered by the disaster area;

(2) the head of the public body as defined in subsection (e) of Section 2 of the Freedom of Information Act [5 ILCS 140/2] determines that an in-person meeting or a meeting conducted under this Act is not practical or prudent because of a disaster;

(3) all members of the body participating in the meeting, wherever their physical location, shall be verified and can hear one another and can hear all discussion and testimony;

(4) for open meetings, members of the public present at the regular meeting location of the body can hear all discussion and testimony and all votes of the members of the body, unless attendance at the regular meeting location is not feasible due to the disaster, including the issued disaster declaration, in which case the public body must make alternative arrangements and provide notice pursuant to this Section of such alternative arrangements in a manner to allow any interested member of the public access to contemporaneously hear all discussion, testimony, and roll call votes, such as by offering a telephone number or a web-based link;

(5) at least one member of the body, chief legal counsel, or chief administrative officer is physically present at the regular meeting location, unless unfeasible due to the disaster, including the issued disaster declaration; and

(6) all votes are conducted by roll call, so each member's vote on each issue can be identified and recorded.

(7) Except in the event of a bona fide emergency, 48 hours' notice shall be given of a meeting to be held pursuant to this Section. Notice shall be given to all members of the public body, shall be posted on the website of the public body, and shall also be provided to any news media who has requested notice of meetings pursuant to subsection (a) of Section 2.02 of this Act [5 ILCS 120/2.02]. If the public body declares a bona fide emergency:

(A) Notice shall be given pursuant to subsection (a) of Section 2.02 of this Act, and the

presiding officer shall state the nature of the emergency at the beginning of the meeting.

(B) The public body must comply with the verbatim recording requirements set forth in Section 2.06 of this Act.

(8) Each member of the body participating in a meeting by audio or video conference for a meeting held pursuant to this Section is considered present at the meeting for purposes of determining a quorum and participating in all proceedings.

(9) In addition to the requirements for open meetings under Section 2.06, public bodies holding open meetings under this subsection (e) must also keep a verbatim record of all their meetings in the form of an audio or video recording. Verbatim records made under this paragraph (9) shall be made available to the public under, and are otherwise subject to, the provisions of Section 2.06.

(10) The public body shall bear all costs associated with compliance with this subsection (e).

5 ILCS 120/7.3 Duty to post information pertaining to benefits offered through the Illinois Municipal Retirement Fund

(a) Within 6 business days after an employer participating in the Illinois Municipal Retirement Fund approves a budget, that employer must post on its website the total compensation package for each employee having a total compensation package that exceeds $75,000 per year. If the employer does not maintain a website, the employer must post a physical copy of this information at the principal office of the employer. If an employer maintains a website, it may choose to post a physical copy of this information at the principal office of the employer in lieu of posting the information directly on the website; however, the employer must post directions on the website on how to access that information.

(b) At least 6 days before an employer participating in the Illinois Municipal Retirement Fund approves an employee's total compensation package that is equal to or in excess of $150,000 per year, the employer must post on its website the total compensation package for that employee. If the employer does not maintain a website, the employer shall post a physical copy of this information at the principal office of the employer. If an employer maintains a website, it may choose to post a physical copy of this information at the principal office of the employer in lieu of posting the information directly on the website; however, the employer must post directions on the website on how to access that information.

(c) For the purposes of this Section, "total compensation package" means payment by the employer to the employee for salary, health insurance, a housing allowance, a vehicle allowance, a clothing allowance, bonuses, loans, vacation days granted, and sick days granted.

INTERGOVERNMENTAL COOPERATION ACT

5 ILCS 220/1 Short title

This Act may be cited as the Intergovernmental Cooperation Act.

HISTORY:
P.A. 78-785.

5 ILCS 220/2 Definitions

For the purpose of this Act:

(1) The term "public agency" shall mean any unit of local government as defined in the Illinois Constitution of 1970 [Ill. Const. (1970) Art. I, § 1 et seq.], any school district, any public community college district, any public building commission, the State of Illinois, any agency of the State government or of the United States, or of any other State, any political subdivision of another State, and any combination of the above pursuant to an intergovernmental agreement which includes provisions for a governing body of the agency created by the agreement.

For the purposes of this Act, "public agency" includes the Mid-America Intermodal Authority Port District created under the Mid-America Intermodal Authority Port District Act [70 ILCS 1832/1 et seq.].

(2) The term "state" shall mean a state of the United States.

HISTORY:
P.A. 83-1362; 87-1208, § 11; 90-636, § 800.

5 ILCS 220/3 Intergovernmental cooperation.

Any power or powers, privileges, functions, or authority exercised or which may be exercised by a public agency of this State may be exercised, combined, transferred, and enjoyed jointly with any other public agency of this State and jointly with any public agency of any other state or of the United States to the extent that laws of such other state or of the United States do not prohibit joint exercise or enjoyment and except where specifically and expressly prohibited by law. This includes, but is not limited to, (i) arrangements between the Illinois Student Assistance Commission and agencies in other states which issue professional licenses and (ii) agreements between the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) and public agencies for the establishment and enforcement of child support orders and for the exchange of information that may be necessary for the enforcement of those child support orders.

5 ILCS 220/3.1 Municipal Joint Action Water Agency

(a) Any municipality or municipalities of this State, any county or counties of this State, any township in a county with a population under 700,000 of this State, any public water district or districts of this State, State university, or any combination thereof may, by intergovernmental agreement, establish a Municipal Joint Action Water Agency to provide adequate supplies of water on an economical and efficient basis for member municipalities, public water districts and other incorporated and unincorporated areas within such counties. Any such Agency shall itself be a municipal corporation, public body politic and corporate. A Municipal Joint Action Water Agency so created shall not itself have taxing power except as hereinafter provided.

A Municipal Joint Action Water Agency shall be established by an intergovernmental agreement among the various member municipalities, public water districts, townships, State universities, and counties, upon approval by an ordinance adopted by the corporate authorities of each member municipality, public water district, township, State university, or county. This agreement may be amended at any time upon the adoption of concurring ordinances by the corporate authorities of all member municipalities, public water districts, townships, State universities, and counties. The agreement may provide for additional municipalities, public water districts, any State universities, townships in counties with a population under 700,000, or counties to join the Agency upon adoption of an ordinance by the corporate authorities of the joining municipality, public water district, township, or county, and upon such consents, conditions and approvals of the governing body of the Municipal Joint Action Water Agency and of existing member municipalities, public water districts, townships, State universities, and counties as

shall be provided in the agreement. The agreement shall provide the manner and terms on which any municipality, public water district, township, or county may withdraw from membership in the Municipal Joint Action Water Agency and on which the Agency may terminate and dissolve in whole or in part. The agreement shall set forth the corporate name of the Municipal Joint Action Water Agency and its duration. Promptly upon any agreement establishing a Municipal Joint Action Water Agency being entered into, or upon the amending of any such agreement, a copy of such agreement or amendment shall be filed in the office of the Secretary of State of Illinois. Promptly upon the addition or withdrawal of any municipality, public water district, township in a county with a population under 700,000, or county, or upon the dissolution of a Municipal Joint Action Water Agency, that fact shall be certified by an officer of the Agency to the Secretary of State of Illinois.

(b) The governing body of any Municipal Joint Action Water Agency established pursuant to this Section 3.1 shall be a Board of Directors. There shall be one Director from each member municipality, public water district, township, State university, and county of the Municipal Joint Action Water Agency appointed by ordinance of the corporate authorities of the municipality, public water district, township, or county. Each Director shall have one vote, and shall meet the requirements of paragraphs (1) or (2), as applicable.

(1) Each Director shall be the Mayor or President of the member municipality, or the chairman of the board of trustees of the member public water district, the supervisor of the member township, the appointee of the State university, or the chairman of the county board or chief executive officer of the member county or a county board member appointed by the chairman of the county board of the member county, appointing the Director; an elected member of the corporate authorities of that municipality, public water district, township, or county; or other elected official of the appointing municipality, public water district, township, or county. Any agreement establishing a Municipal Joint Action Water Agency shall specify the period during which a Director shall hold office and may provide for the appointment of Alternate Directors from member municipalities, public water districts, townships, or counties. The Board of Directors shall elect one Director to serve as Chairman, and shall elect persons, who need not be Directors, to such other offices as shall be designated in the agreement.

(2) Each Director shall be the Mayor or President of the member municipality, or the chairman of the board of trustees of the member public water district, the supervisor of the member township, the appointee of the State university, or the chairman of the county board or chief executive officer of the member county or a county board member appointed by the chairman of the county board of the member county, appointing the Director; an elected member of the corporate authorities of that municipality, public water district, township, or county; or other elected official of the appointing municipality, public water district, township, or county. Any agreement establishing a Municipal Joint Action Water Agency shall specify the period during which a Director shall hold office and may provide for the appointment of Alternate Directors from member municipalities, public water districts, townships, or counties. The Board of Directors shall elect one Director to serve as Chairman, and shall elect persons, who need not be Directors, to such other offices as shall be designated in the agreement.

The Board of Directors shall determine the general policy of the Municipal Joint Action Water Agency, shall approve the annual budget, shall make all appropriations (which may include appropriations made at any time in addition to those made in any annual appropriation document), shall approve all contracts for the purchase or sale of water, shall adopt any resolutions providing for the issuance of bonds or notes by the Agency, shall adopt its by-laws, rules and regulations, and shall have such other powers and duties as may be prescribed in the agreement. Such agreement may further specify those powers and actions of the Municipal Joint Action Water Agency which shall be authorized only upon votes of greater than a majority of all Directors or only upon consents of the corporate authorities of a certain number of member municipalities, public water districts, townships, State universities, or counties.

The agreement may provide for the establishment of an Executive Committee to consist of the municipal manager or other elected or appointed official of each member municipality, public water district, township, State university, or county, as designated by ordinance or other official action, from time to time by the corporate authorities of the member municipality, public water district, township, State university, or county, and may prescribe powers and duties of the Executive Committee for the efficient administration of the Agency.

(c) A Municipal Joint Action Water Agency established pursuant to this Section 3.1 may plan, construct, improve, extend, acquire, finance (including the issuance of revenue bonds or notes as provided in this Section 3.1), operate, maintain, and contract for a joint waterworks or water supply system which may include, or may consist of, without limitation, facilities for receiving, storing, and transmitting water from any source for supplying water to member municipalities, public water districts, townships, or counties (including county special service areas created under the Special Service Area Tax Act [repealed] and county service areas authorized under the Counties Code [55 ILCS 5/1-1001 et seq.]), or other public agencies, persons, or corporations. Facilities of the Municipal Joint Action Water Agency

may be located within or without the corporate limits of any member municipality.

A Municipal Joint Action Water Agency shall have such powers as shall be provided in the agreement establishing it, which may include, but need not be limited to, the following powers:

(i) to sue or be sued;

(ii) to apply for and accept gifts or grants or loans of funds or property or financial or other aid from any public agency or private entity;

(iii) to acquire, hold, sell, lease as lessor or lessee, transfer or dispose of such real or personal property, or interests therein, as it deems appropriate in the exercise of its powers, and to provide for the use thereof by any member municipality, public water district, township, or county;

(iv) to make and execute all contracts and other instruments necessary or convenient to the exercise of its powers (including contracts with member municipalities, with public water districts, with townships, and with counties on behalf of county service areas); and

(v) to employ agents and employees and to delegate by resolution to one or more of its Directors or officers such powers as it may deem proper.

Member municipalities, public water districts, townships, State universities, or counties may, for the purposes of, and upon request by, the Municipal Joint Action Water Agency, exercise the power of eminent domain available to them, convey property so acquired to the Agency for the cost of acquisition, and be reimbursed for all expenses related to this exercise of eminent domain power on behalf of the Agency.

All property, income and receipts of or transactions by a Municipal Joint Action Water Agency shall be exempt from all taxation, the same as if it were the property, income or receipts of or transaction by the member municipalities, public water districts, townships, State universities, or counties.

(d) A Municipal Joint Action Water Agency established pursuant to this Section 3.1 shall have the power to buy water and to enter into contracts with any person, corporation or public agency (including any member municipality, public water district, township, or county) for that purpose. Any such contract made by an Agency for a supply of water may contain provisions whereby the Agency is obligated to pay for the supply of water without setoff or counterclaim and irrespective of whether the supply of water is ever furnished, made available or delivered to the Agency or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers. No such contract may have a term in excess of 50 years.

A Municipal Joint Action Water Agency shall have the power to sell water and to enter into contracts with any person, corporation or public agency (including any member municipality, any public water district, any township, any State university, or any county on behalf of a county service area as set forth in this Section) for that purpose. No such contract may have a term in excess of 50 years. Any such contract entered into to sell water to a public agency may provide that the payments to be made thereunder by such public agency shall be made solely from revenues to be derived by such public agency from the operation of its waterworks system or its combined waterworks and sewerage system. Any public agency so contracting to purchase water shall establish from time to time such fees and charges for its water service or combined water and sewer service as will produce revenues sufficient at all times to pay its obligations to the Agency under the purchase contract. Any such contract so providing shall not constitute indebtedness of such public agency so contracting to buy water within the meaning of any statutory or constitutional limitation. Any such contract of a public agency to buy water shall be a continuing, valid and binding obligation of such public agency payable from such revenues.

A Municipal Joint Action Water Agency shall establish fees and charges for the purchase of water from it or for the use of its facilities. No prior appropriation shall be required by either the Municipal Joint Action Water Agency or any public agency before entering into any contract authorized by this paragraph (d).

The changes in this Section made by this amendatory Act of 1984 are intended to be declarative of existing law.

(e)1. A Municipal Joint Action Water Agency established pursuant to this Section 3.1 [5 ILCS 220/3.1] may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable water revenue bonds or notes pursuant to this paragraph (e) for any of the following purposes: for paying costs of constructing, acquiring, improving or extending a joint waterworks or water supply system; for paying other expenses incident to or incurred in connection with such construction, acquisition, improvement or extension; for repaying advances made to or by the Agency for such purposes; for paying interest on the bonds or notes until the estimated date of completion of any such construction, acquisition, improvement or extension and for such period after the estimated completion date as the Board of Directors of the Agency shall determine; for paying financial, legal, administrative and other expenses of the authorization, issuance, sale or delivery of bonds or notes; for paying costs of insuring payment of the bonds or notes; for providing

or increasing a debt service reserve fund with respect to any or all of the Agency's bonds or notes; and for paying, refunding or redeeming any of the Agency's bonds or notes before, after or at their maturity, including paying redemption premiums or interest accruing or to accrue on such bonds or notes being paid or redeemed or for paying any other costs in connection with any such payment or redemption.

2. Any bonds or notes issued pursuant to this paragraph (e) by a Municipal Joint Action Water Agency shall be authorized by a resolution of the Board of Directors of the Agency adopted by the affirmative vote of Directors from a majority of the member municipalities, public water districts, townships, State universities, and counties, and any additional requirements as may be set forth in the agreement establishing the Agency. The authorizing resolution may be effective immediately upon its adoption. The authorizing resolution shall describe in a general way any project contemplated to be financed by the bonds or notes, shall set forth the estimated cost of the project and shall determine its period of usefulness. The authorizing resolution shall determine the maturity or maturities of the bonds or notes, the rate or rates at which the bonds or notes are to bear interest and all the other terms and details of the bonds or notes. All such bonds or notes shall mature within the period of estimated usefulness of the project with respect to which such bonds or notes are issued, as determined by the Board of Directors, but in any event not more than 50 years from their date of issue. The bonds and notes may bear interest, payable at such times, at a rate or rates not exceeding the maximum rate established in the Bond Authorization Act [30 ILCS 305/1 et seq.], as from time to time in effect. Bonds or notes of a Municipal Joint Action Water Agency shall be sold in such manner as the Board of Directors of the Agency shall determine, either at par or at a premium or discount, but such that the effective interest cost (excluding any redemption premium) to the Agency of the bonds or notes shall not exceed a rate equal to the rate of interest specified in the Act referred to in the preceding sentence.

The resolution authorizing the issuance of any bonds or notes pursuant to this paragraph (e) shall constitute a contract with the holders of the bonds and notes. The resolution may contain such covenants and restrictions with respect to the purchase or sale of water by the Agency and the contracts for such purchases or sales, the operation of the joint waterworks system or water supply system, the issuance of additional bonds or notes by the Agency, the security for the bonds and notes, and any other matters, as may be deemed necessary or advisable by the Board of Directors to assure the payment of the bonds or notes of the Agency.

3. The resolution authorizing the issuance of bonds or notes by a Municipal Joint Action Water Agency shall pledge and provide for the application of revenues derived from the operation of the Agency's joint waterworks or water supply system (including from contracts for the sale of water by the Agency) and investment earnings thereon to the payment of the cost of operation and maintenance of the system (including costs of purchasing water), to provision of adequate depreciation, reserve or replacement funds with respect to the system or the bonds or notes, and to the payment of principal, premium, if any, and interest on the bonds or notes of the Agency (including amounts for the purchase of such bonds or notes). The resolution shall provide that revenues of the Municipal Joint Action Water Agency so derived from the operation of the system, sufficient (together with other receipts of the Agency which may be applied to such purposes) to provide for such purposes, shall be set aside as collected in a separate fund or funds and used for such purposes. The resolution may provide that revenues not required for such purposes may be used for any proper purpose of the Agency or may be returned to member municipalities.

Any notes of a Municipal Joint Action Water Agency issued in anticipation of the issuance of bonds by it may, in addition, be secured by a pledge of proceeds of bonds to be issued by the Agency, as specified in the resolution authorizing the issuance of such notes.

4.(i) Except as provided in clauses (ii) and (iii) of this subparagraph 4 of this paragraph (e), all bonds and notes of the Municipal Joint Action Water Agency issued pursuant to this paragraph (e) shall be revenue bonds or notes. Such revenue bonds or notes shall have no claim for payment other than from revenues of the Agency derived from the operation of its joint waterworks or water supply system (including from contracts for the sale of water by the Agency) and investment earnings thereon, from bond or note proceeds and investment earnings thereon, or from such other receipts of the Agency as the agreement establishing the Agency may authorize to be pledged to the payment of revenue bonds or notes, all as and to the extent as provided in the resolution of the Board of Directors authorizing the issuance of the revenue bonds or notes. Revenue bonds or notes issued by a Municipal Joint Action Water Agency pursuant to this paragraph (e) shall not constitute an indebtedness of the Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation. It shall be plainly stated on each revenue bond and note that it does not constitute an indebtedness of the Municipal Joint Action Water Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation.

(ii) If the Agreement so provides and subject to the referendum provided for in clause (iii) of this subparagraph 4 of this paragraph (e), the Municipal Joint Action Water Agency may borrow money for corporate purposes on the credit of the Munici-

pal Joint Action Water Agency, and issue general obligation bonds therefor, in such amounts and form and on such conditions as it shall prescribe, but shall not become indebted in any manner or for any purpose in an amount including existing indebtedness in the aggregate which exceeds 5.75% of the aggregate value of the taxable property within the boundaries of the participating municipalities, public water districts, townships, and county service areas within a member county determined by the governing body of the county by resolution to be served by the Municipal Joint Action Water Agency (including any territory added to the Agency after the issuance of such general obligation bonds), collectively defined as the "Service Area", as equalized and assessed by the Department of Revenue and as most recently available at the time of the issue of said bonds. Before or at the time of incurring any such general obligation indebtedness, the Municipal Joint Action Water Agency shall provide for the collection of a direct annual tax, which shall be unlimited as to rate or amount, sufficient to pay the interest on such debt as it falls due and also to pay and discharge the principal thereof at maturity, which shall be within 40 years after the date of issue thereof. Such tax shall be levied upon and collected from all of the taxable property within the territorial boundaries of such Service Area at the time of the referendum provided for in clause (iii) and shall be levied upon and collected from all taxable property within the boundaries of any territory subsequently added to the Service Area. Dissolution of the Municipal Joint Action Water Agency for any reason shall not relieve the taxable property within such Service Area from liability for such tax. Liability for such tax for property transferred to or released from such Service Area shall be determined in the same manner as for general obligation bonds of such county, if in an unincorporated area, and of such municipality, if within the boundaries thereof. The clerk or other officer of the Municipal Joint Action Water Agency shall file a certified copy of the resolution or ordinance by which such bonds are authorized to be issued and such tax is levied with the County Clerk or Clerks of the county or counties containing the Service Area, and such filing shall constitute, without the doing of any other act, full and complete authority for such County Clerk or Clerks to extend such tax for collection upon all the taxable property within the Service Area subject to such tax in each and every year, as required, in amounts sufficient to pay the principal of and interest on such bonds, as aforesaid, without limit as to rate or amount. Such tax shall be in addition to and in excess of all other taxes authorized to be levied by the Municipal Joint Action Water Agency or by such county, municipality, township, or public water district. The issuance of such general obligation bonds shall be subject to the other provisions of this paragraph (e), except for the provisions of clause (i) of this subparagraph 4.

(iii) No issue of general obligation bonds of the Municipal Joint Action Water Agency (except bonds to refund an existing bonded indebtedness) shall be authorized unless the Municipal Joint Action Water Agency certifies the proposition of issuing such bonds to the proper election authorities, who shall submit the proposition to the voters in the Service Area at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be substantially in the following form:

Shall general obligation bonds for the purpose of (state purpose), in the sum not to exceed $…… (insert amount), be issued by the …… (insert corporate name of the Municipal Joint Action Water Agency)?	YES --- NO

5. As long as any bonds or notes of a Municipal Joint Action Water Agency created pursuant to this Section 3.1 are outstanding and unpaid, the Agency shall not terminate or dissolve and, except as permitted by the resolution or resolutions authorizing outstanding bonds or notes, no member municipality, public water district, township, or county may withdraw from the Agency. While any such bonds or notes are outstanding, all contracts for the sale of water by the Agency to member municipalities, public water districts, townships, or counties shall be irrevocable except as permitted by the resolution or resolutions authorizing such bonds or notes. The Agency shall establish fees and charges for its operations sufficient to provide adequate revenues to meet all of the requirements under its various resolutions authorizing bonds or notes.

6. A holder of any bond or note issued pursuant to this paragraph (e) may, in any civil action, mandamus or other proceeding, enforce and compel performance of all duties required to be performed by the Agency or such counties, as provided in the authorizing resolution, or by any of the public agencies contracting with the Agency to purchase water, including the imposition of fees and charges, the collection of sufficient revenues and the proper application of revenues as provided in this paragraph (e) and the levying, extension and collection of such taxes.

7. In addition, the resolution authorizing any bonds or notes issued pursuant to this paragraph (e) may provide for a pledge, assignment, lien or security interest, for the benefit of the holders of any or all bonds or notes of the Agency, (i) on any or all

revenues derived from the operation of the joint waterworks or water supply system (including from contracts for the sale of water) and investment earnings thereon or (ii) on funds or accounts securing the payment of the bonds or notes as provided in the authorizing resolution. In addition, such a pledge, assignment, lien or security interest may be made with respect to any receipts of the Agency which the agreement establishing the Agency authorizes it to apply to payment of bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes shall be valid and binding from the time the bonds or notes are issued, without any physical delivery or further act, and shall be valid and binding as against or prior to any claims of any other party having any claims of any kind against the Agency irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest.

A resolution of a Municipal Joint Water Agency authorizing the issuance of bonds or notes pursuant to this paragraph (e) may provide for the appointment of a corporate trustee with respect to any or all of such bonds or notes (which trustee may be any trust company or state or national bank having the power of a trust company within Illinois). In that event, the resolution shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Agency and the protection of the holders of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided in the resolution. The resolution authorizing the bonds or notes may provide for the assignment and direct payment to the trustee of amounts owed by public agencies to the Municipal Joint Action Water Agency under water sales contracts for application by the trustee to the purposes for which such revenues are to be used as provided in this paragraph (e) and as provided in the authorizing resolution. Upon receipt of notice of such assignment, the public agency shall thereafter make the assigned payments directly to such trustee.

Nothing in this Section authorizes a Joint Action Water Agency to provide water service directly to residents within a municipality or in territory within one mile or less of the corporate limits of a municipality that operates a public water supply unless the municipality has consented in writing to such service being provided.

5 ILCS 220/3.2 [Municipal Joint Action Agency]

(a) Any two or more municipalities, counties or combination thereof may, by intergovernmental agreement, establish a Municipal Joint Action Agency to provide for efficient and environmentally sound collection, transportation, processing, storage and disposal of municipal waste. Any such Agency shall itself be a municipal corporation, public body politic and corporate. A Municipal Joint Action Agency formed for such purpose shall be established by an intergovernmental agreement among the various members upon approval by an ordinance adopted by the corporate authorities of each member. Such agreement may be amended at any time as may be provided in the intergovernmental agreement. The agreement may provide for additional members to join the Agency upon adoption of an ordinance by the corporate authorities of the joining member and upon such consents, conditions and approvals of the governing body of the Municipal Joint Action Agency and of existing members as shall be provided in the agreement. The intergovernmental agreement shall provide the manner and terms on which any member may withdraw from membership in the Municipal Joint Action Agency and on which the Agency may terminate and dissolve in whole or in part. The agreement shall set forth the corporate name of the Municipal Joint Action Agency and its duration. Promptly upon any agreement establishing a Municipal Joint Action Agency being entered into, or upon the amending of any such agreement, a copy of such agreement or amendment shall be filed in the office of the Secretary of State of Illinois. Promptly upon the addition or withdrawal of any member, or upon the dissolution of a Municipal Joint Action Agency, that fact shall be certified by an officer of the Agency to the Secretary of State of Illinois.

(b) The governing body of any Municipal Joint Action Agency established pursuant to this Section 3.2 [5 ILCS 220/3.2] shall be a Board of Directors. The number, terms of office and qualifications of the Board of Directors shall be provided for in the intergovernmental agreement. Directors shall be selected by vote of the members which are eligible to vote under the terms of the intergovernmental agreement. The method of voting by members for directors shall be provided for in the intergovernmental agreement which may authorize the corporate authorities of a member to designate an individual to cast its vote or votes at any such election. The Board of Directors shall determine the general policy of the Agency, shall approve the annual budget, shall make all appropriations, shall adopt all resolutions providing for the issuance of bonds or notes by the Agency, shall adopt its bylaws, rules and regulations, and shall have such other powers and duties as may be prescribed in the agreement.

The Board of Directors shall act by a vote of a majority of its members or by such greater majority as may be provided in the intergovernmental agreement. If the intergovernmental agreement so provides, the Board of Directors may create one or more committees, define their duties and designate the members of the committees, who need not be members of the Board. The Municipal Joint Action Agency shall have such officers who shall be elected in such manner and for such terms as shall be prescribed by

the intergovernmental agreement or as may be determined by the Board of Directors. The officers shall have such duties as may be provided in the intergovernmental agreement or as may be determined by the Board of Directors.

(c) A Municipal Joint Action Agency may plan, construct, reconstruct, acquire, own, lease (as lessor or lessee), equip, extend, improve, manage, operate, maintain, repair, close and finance waste projects. In determining the size of the waste project, adequate provision shall be given to the present and reasonably anticipated future needs of the recycling and resource recovery interest within the area.

A Municipal Joint Action Agency shall have such powers as shall be provided in the agreement establishing it, which may include, but need not be limited to, the following powers:

(i) To sue or be sued;

(ii) To apply for and accept gifts, grants or loans of funds or property or financial or other aid from any public agency or private entity;

(iii) To acquire, hold, sell, lease as lessor or lessee, lend, transfer or dispose of such real or personal property including intangible property, or interests therein, as it deems appropriate in the exercise of its powers, to provide for the use thereof by any member upon such terms and conditions and with such fees or charges as it shall determine, and to mortgage, pledge or otherwise grant security interests in any such property;

(iv) To make and execute all contracts and other instruments necessary or convenient to the exercise of its power;

(v) To adopt, amend and repeal ordinances, resolutions, rules and regulations with respect to its powers and functions and not inconsistent with this Section 3.2 [5 ILCS 220/3.2];

(vi) To provide for the insurance, including self insurance, of any property or operations of the Municipal Joint Action Agency or its members, directors, officers and employees, against any risk or hazard, and to indemnify its members, directors, officers and employees therefrom;

(vii) To appoint, retain and employ officers, agents, independent contractors and employees to carry out its powers and functions hereunder;

(viii) To make and execute any contract with the federal, state, or a unit of local government or any person relating to a waste project, including contracts which require:

(1) the contracting party pay the Agency a fixed amount for the collection, processing and disposal of a stated amount of municipal waste (whether or not the stated amount of waste is collected or disposed of), or pay all or a portion of the capital and operating expenses of a waste project;

(2) the contracting party make exclusive use of a waste project for collecting, processing or disposing of all or any portion of municipal waste over which the party has control;

(3) the abandonment, restriction, or prohibition on completion or construction of competing waste projects by the contracting party;

(4) specific provisions with respect to the collection, processing, transportation, storage and disposal of municipal waste;

(5) payment of fees and charges with respect to a waste project;

(ix) To enter into contracts which provide for compensation to areas affected by an Agency waste project;

(x) To enter into contracts with the host community controlling location, use, operation, maintenance and closing of the waste project;

(xi) To create reserves for the purpose of planning, constructing, reconstructing, acquiring, owning, managing, insuring, leasing, equipping, extending, improving, operating, maintaining, repairing, and closing waste projects;

(xii) To create, develop and implement plans for closing and re-use of sites on which waste projects are located, which plans may provide for various uses, including but not limited to, residential, recreational, commercial, office and industrial uses;

(xiii) To prepare, submit and administer plans, and to participate in intergovernmental agreements, pursuant to the Local Solid Waste Disposal Act.

(d)1. A Municipal Joint Action Agency may, from time to time, borrow money, and, in evidence of its obligation to repay the borrowing, issue its negotiable revenue bonds or notes for any of its corporate purposes, including, but not limited to, the following: for paying costs of planning, constructing, reconstructing, acquiring, owning, leasing, equipping, improving, closing or extending a waste project and implementing a re-use of the waste project; for paying other expenses incident to or incurred in connection with such project; for repaying advances made to or by the Agency for such purposes; for paying interest on the bonds or notes until the estimated date of completion of any such project and for such period after the estimated completion date as the Board of Directors of the Agency shall determine; for paying financial, legal, administrative and other expenses of the authorization, issuance, sale or delivery of bonds or notes; for paying costs of insuring payment of or other credit enhancement of the bonds or notes; for providing or increasing a debt service reserve fund with respect to any or all of the Agency's bonds or notes; for creation of reserves for the planning, constructing, reconstructing, acquiring, leasing, managing, equipping, extending, insuring, improving or closing of waste projects; and for paying, refunding or redeeming any of the Agency's bonds or notes before, after or at their maturity, including paying redemption premiums or interest accruing or to accrue on such bonds or notes being paid or redeemed or for paying any other costs in connection with any such payment or redemption.

2. Any bonds or notes issued pursuant to this paragraph (d) by a Municipal Joint Action Agency shall be authorized by a resolution of the Board of Directors of the Agency adopted by the affirmative vote of a majority of the Directors and in compliance with any additional requirements as may be set forth in the agreement establishing the Agency. The authorizing resolution may be effective immediately upon its adoption. The authorizing resolution shall describe in a general way any waste project contemplated to be financed by the bonds or notes, shall set forth the estimated cost of the waste project and shall determine its period of usefulness. The authorizing resolution shall determine the maturity or maturities of the bonds or notes, the denominations, the rate or rates at which the bonds or notes are to bear interest and all the other terms and details of the bonds or notes. The bonds or notes may be issued as serial bonds payable in installments or as term bonds with or without sinking fund installments or a combination thereof. All such bonds or notes shall mature within the period of estimated usefulness of the project with respect to which such bonds or notes are issued, as determined by the Board of Directors, but in any event not more than 50 years from their date of issue. The bonds and notes may bear interest at such rate or rates as the resolution shall provide, notwithstanding any other provision of law, and shall be payable at such times as determined by the authorizing resolution. Bonds or notes of a Municipal Joint Action Agency shall be sold in such manner as the Board of Directors of the Agency shall determine, either at par or at a premium or discount.

3. In connection with the issuance of its bonds or notes, the Municipal Joint Action Agency may enter into arrangements to provide additional security and liquidity for its obligations. These may include, without limitation, municipal bond insurance, letters of credit, lines of credit by which the Municipal Joint Action Agency may borrow funds to pay or redeem its obligations and purchase or remarketing arrangements for assuring the ability of owners of the obligations to sell or to have redeemed the obligations. The Municipal Joint Action Agency may enter into contracts and may agree to pay fees to persons providing such arrangements, including from bond or note proceeds.

The resolution of the Municipal Joint Action Agency authorizing the issuance of its bonds or notes may provide that interest rates may vary from time to time depending upon criteria set forth in the resolution, which may include, without limitation, a variation of interest rates as may be necessary to cause bonds or notes to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a national banking association, bank, trust company, investment banker or other financial institution to serve as a remarketing agent in that connection. Notwithstanding any other provision of law, the resolution of the Municipal Joint Action Agency authorizing the issuance of its bonds or notes may provide that alternative interest rates or provisions will apply during such times as the bonds or notes are held by a person providing a letter of credit or other credit enhancement arrangement for those bonds or notes.

4. The resolution authorizing the issuance of any bonds or notes pursuant to this paragraph (d) shall constitute a contract with the holders of the bonds and notes. The resolution may contain such covenants and restrictions with respect to the waste project and the contracts with respect to such waste project, the issuance of additional bonds or notes by the Agency, the security for the bonds and notes, and any other matters as may be deemed necessary or advisable by the Board of Directors to assure the payment of the bonds or notes of the Agency.

5. The resolution authorizing the issuance of bonds or notes by a Municipal Joint Action Agency established pursuant to this Section 3.2 [5 ILCS 220/3.2] shall pledge and provide for the application of revenues derived from the operation of the Agency's waste projects, revenues received from its members (including from contracts for the use of the Agency's waste projects) and revenues from its investment earnings to the payment of the operating expenses of the waste projects, to provision of adequate depreciation, reserve or replacement funds with respect to the waste project, planned waste projects, or the bonds or notes, and to the payment of principal, premium, if any, and interest on the bonds or notes of the Agency (including amounts for the purchase of such bonds or notes). The resolution may provide that revenues of the Municipal Joint Action Agency so derived and other receipts of the Agency which may be applied to such purposes shall be set aside as collected in a separate fund or funds and used for such purposes. The resolution may provide that revenues not required for such purposes may be used for any proper purpose of the Agency or may be returned to members.

Any notes of a Municipal Joint Action Agency may, in addition, be secured by a pledge of proceeds of bonds to be issued by the Agency, as specified in the resolution authorizing the issuance of such notes.

6. All bonds and notes of the Municipal Joint Action Agency issued pursuant to this paragraph (d) shall be revenue bonds or notes. Such bonds or notes shall have no claim for payment other than from revenues of the Agency derived from the operation of its waste projects, from revenues received from its members (including from contracts for the use of the Agency's waste projects), from bond or note proceeds, from such other receipts of the Agency as the agreement establishing the Agency may authorize to be pledged to the pay-

ment of bonds or notes, and from investment earnings on the foregoing, all as and to the extent as provided in the resolution of the Board of Directors authorizing the issuance of the bonds or notes. Bonds or notes issued by a Municipal Joint Action Agency pursuant to this paragraph (d) shall not constitute an indebtedness of the Agency or of any member within the meaning of any constitutional or statutory limitation. It shall be plainly stated on each bond and note that it does not constitute an indebtedness of the Municipal Joint Action Agency or of any member within the meaning of any constitutional or statutory limitation.

7. As long as any bonds or notes of a Municipal Joint Action Agency created pursuant to this Section 3.2 [5 ILCS 220/3.2] are outstanding and unpaid, the Agency shall not terminate or dissolve and, except as permitted by the resolution or resolutions authorizing outstanding bonds or notes, no member may withdraw from the Agency. The Agency shall establish fees and charges for its operations sufficient to provide adequate revenues to meet all of the requirements under its various resolutions authorizing bonds or notes.

8. A holder of any bond or note issued pursuant to this paragraph (d) may, in any civil action, mandamus or other proceeding, enforce and compel performance of all duties required to be performed by the Agency, as provided in the authorizing resolution, or by any of the members or other persons contracting with the Agency to use the Agency's waste projects, including the imposition of fees and charges, the collection of sufficient revenues and the proper application of revenues as provided in this paragraph (d).

9. In addition, the resolution authorizing any bonds or notes issued pursuant to this paragraph (d) may provide for a pledge, assignment, lien or security interest, for the benefit of the holders of any or all bonds or notes of the Agency, (i) on any and all revenues derived from the operation of the Agency's waste projects (including from contracts for the use of the Agency's waste projects) and investment earnings thereon, (ii) on any and all revenues received from its members, or (iii) on funds or accounts securing the payment of the bonds or notes as provided in the authorizing resolution. In addition, such a pledge, assignment, lien or security interest may be made with respect to any receipts of the Agency which the agreement establishing the Agency authorizes it to apply to payment of bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes shall be valid and binding from the time the bonds or notes are issued, without any physical delivery or further act, and shall be valid and binding against or prior to any claims of any other party having any claims of any kind against the Agency irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest.

A resolution of a Municipal Joint Action Agency authorizing the issuance of bonds or notes pursuant to this paragraph (d) may provide for the appointment of a corporate trustee with respect to any or all of such bonds or notes (which trustee may be any trust company or state or national bank having the power of a trust company within Illinois). In that event, the resolution shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Agency and the protection of the holders of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided in the resolution. The resolution authorizing the bonds or notes may provide for the assignment and direct payment to the trustee of amounts owed by members and other persons to the Municipal Joint Action Agency under contracts for the use of or access to the Agency's waste projects for application by the trustee to the purposes for which such revenues are to be used as provided in this paragraph (d) and as provided in the authorizing resolution. Upon receipt of notice of such assignment, the member or other person shall thereafter make the assigned payments directly to such trustee.

(e) A Municipal Joint Action Agency established pursuant to this Section 3.2 [5 ILCS 220/3.2] and any of its members shall each have the power to enter into contracts with any person, corporation or public agency, including any other member and the Municipal Joint Action Agency, with respect to a waste project. Any such contract may permit the contracting party to make use of the waste project and pay such fees and charges as may be established. Any member so contracting to use a waste project shall establish such fees and charges for the collection, transportation, processing, storage and disposal of municipal waste as are necessary to produce revenues sufficient to pay its obligations to the Agency under the contract to use the waste project; provided, however, that the member may satisfy its obligation to make payments under the contract from any funds of the member otherwise available for such purpose. Any contract between the Agency and its members with respect to a waste project shall not constitute an indebtedness of such members within any statutory or constitutional limitation. Any such contract shall be a continuing, valid and binding obligation of such member payable from the fees and charges it imposes for collection, transportation, processing, storage and disposal of municipal waste. Any such contract between the Agency and its members may contain provisions whereby the contracting parties are obligated to pay for all or a portion of the waste project without setoff or counterclaim and irrespective of whether the waste project is ever completed, made available or provided to the contracting party and notwithstanding any suspension, interruption, interference, reduction or curtailment of such waste project. Any such contract may provide that if one or

more of the other parties to the contract defaults in the payments of its obligations under such contract or a similar contract made with respect to the waste project, one or more of the remaining parties to such contract or similar contract shall be required to pay for all or a portion of the obligation of the defaulting purchasers. No contract entered into under this subparagraph (e) shall have a term in excess of 50 years. No prior appropriation shall be required by either the Municipal Joint Action Agency or any member before entering into any contract under this subparagraph (e).

(f) A Municipal Joint Action Agency established pursuant to this Section 3.2 [5 ILCS 220/3.2] and its members shall have the power to enter into contracts for a term not exceeding 50 years relating to the collection, transportation, processing, storage and disposal of municipal waste. Parties to the contract shall have the power to agree to provide by ordinance, license, franchise, contract or other means that the method of collection, transportation, processing, storage and disposal of municipal waste shall be the exclusive methods to be allowed within their respective jurisdiction, notwithstanding the fact that competition may be displaced or that such ordinance, license, franchise, contract or other means may have an anticompetitive effect. Such contract may require the parties by ordinance, license, contract or other means to require that all or any portion of the municipal waste generated within the jurisdiction of the contracting party be delivered to a waste project designated by the parties. Such ordinance, license, franchise, contract or other means may be utilized by the contracting party to insure a constant flow of municipal waste to the facility notwithstanding the fact that competition may be displaced or that such measures have an anticompetitive effect.

(g) Members may, for the purposes of, and upon request by the Municipal Joint Action Agency, exercise the power of eminent domain available to them and convey the property so acquired to the Agency for the cost of acquisition and all expenses related thereto.

(h) A member may enter into an agreement with the Municipal Joint Action Agency obligating the member to make payments to the Municipal Joint Action Agency in order to finance the costs of planning, acquisition and construction of a waste project. A Municipal Joint Action Agency established pursuant to this Section 3.2 [5 ILCS 220/3.2] may agree to reimburse its members from proceeds of any borrowing for costs of the member with respect to planning, acquisition and construction of an Agency waste project.

(i) Property, income and receipts of or transactions by a Municipal Joint Action Agency created pursuant to this Section 3.2 [5 ILCS 220/3.2] shall be exempt from all taxation, the same as if it were the property, income of or transaction by a municipality or county member.

(j) The following terms whenever used or referred to in this Section 3.2 [5 ILCS 220/3.2] shall have the following meanings, except where the context clearly indicates otherwise:

(1) "Municipal waste" means garbage, general household, institutional and commercial waste, industrial lunchroom or office waste, landscape waste, and construction or demolition debris.

(2) "Waste project" means land, any rights therein and improvements thereto, one or more buildings, structures or other improvements, machinery, equipment, vehicles and other facilities incidental to the foregoing, used in the collection, transportation, transfer, storage, disposal, processing, treatment, recovery and re-use of municipal waste. A waste project shall include land held for a planned waste project or used to buffer a waste project from adjacent land uses.

(3) "Bonds or notes" includes other evidences of indebtedness.

5 ILCS 220/3.2a [Municipal lead agency]

Whenever this Act, as amended from time to time, grants a municipal joint action agency the power to organize and exercise powers in connection with the efficient and environmentally sound collection, transportation, processing, storage and disposal of municipal waste ("waste disposal"), a municipality in the State of Illinois acting as a lead agency ("municipal lead agency") in cooperation with other units of local government to accomplish waste disposal may, by passage of an ordinance to that effect by the municipal lead agency and by the other cooperating units of local government, cause the municipal lead agency to possess all the powers of a municipal joint action agency as if the municipal lead agency were established as a municipal joint action agency under this Act, and also cause the other cooperating units of local government to possess the same powers to enter into contracts and perform those acts as they would with a municipal joint action agency. The corporate authorities of the municipal lead agency shall exercise the powers as are given the Board of Directors of the municipal joint action agency. Copies of the ordinances of the municipal lead agency and the other cooperating units of local government to operate under this Section shall be filed with the Secretary of State.

5 ILCS 220/3.3 [Local economic development commissions]

(1) Any municipality or municipalities of this State, any county or counties of this State or any combination thereof upon adoption of an ordinance by the governing body may, by intergovernmental agreement, join with any community college district of this State in forming Local Economic Development

Commissions, hereinafter to be referred to as Commissions. The purpose of such Commissions shall be to coordinate community economic and commercial development programs, to obtain and administer State and federal financial aid, and to perform various other functions to benefit the economic strength of the community.

(2) The membership of a Commission formed by a municipality or municipalities and a county or counties shall be as follows:

(a) 2 public members appointed by the mayor or president of each municipality with the advice and consent of the municipal governing body; and

(b) 2 public members appointed by the chairman of the county board or chief executive officer of each county with the advice and consent of the county governing body; and

(c) 2 public members appointed by the chief executive officer of the community college district with the advice and consent of the community college district board.

The mayor or president of each municipality, the chairman of the county board or chief executive officer of each county, and the chief executive officer of the community college district shall serve as ex officio members of the Commission.

(3) The membership of a Commission formed by a municipality or municipalities shall be as follows:

(a) 3 public members appointed by the mayor or president of each municipality with the advice and consent of the municipal governing body; and

(b) 3 public members appointed by the chief executive officer of the community college district with the advice and consent of the community college district board.

The mayor or president of each municipality and the chief executive officer of the community college district shall serve as ex officio members of the Commission.

(4) The membership of a Commission formed by a county or counties shall be as follows:

(a) 3 public members appointed by the chairman of the county board or chief executive officer of each county with the advice and consent of the county governing body; and

(b) 3 public members appointed by the chief executive officer of the community college district with the advice and consent of the community college district board.

The chairman of the county board or chief executive officer of each county and the chief executive officer of the community college district shall serve as ex officio members of the Commission.

(5) Of the public members appointed to a Commission, the respective appointing authorities shall ensure that the business community and organized labor are equally represented.

(6) The members appointed to a Commission shall serve for terms of 2 years; however, of the initial appointees 2 shall serve terms of one year, 2 shall serve terms of 2 years and 2 shall serve terms of 3 years as determined by drawing lots. The members of each Commission shall, by majority vote of the membership, elect from among the public members a chairman. The chairman shall schedule meetings at least 6 times per year and notify members at least 10 days prior to the meetings of the date, time, and place of such meetings. The chairman shall preside over all such meetings. Other operational guidelines shall be decided upon by majority vote of the membership. Commission members shall not be entitled to receive compensation for their services as members but may receive reimbursement for actual and necessary expenses incurred in connection with the performance of their duties as commission members.

(7) A Commission may apply for and accept funding from any or all of the participating units of government, any other unit of local, State or federal government and any private entity.

5 ILCS 220/3.4 [Municipal Joint Sewage Treatment Agency]

(a) Any 2 or more municipalities or counties, or any combination thereof, may, by intergovernmental agreement, establish a Municipal Joint Sewage Treatment Agency to provide for the treatment, carrying off and disposal of swamp, stagnant or overflow water, sewage, industrial wastes and other drainage of member municipalities and counties. Any such Agency shall itself be a municipal corporation and a public body politic and corporate.

(b) The governing body of any Municipal Joint Sewage Treatment Agency shall be a Board of Directors. The composition and manner of appointment of the Board of Directors shall be determined pursuant to the intergovernmental agreement. However, for any Municipal Joint Sewage Treatment Agency established after the effective date of this amendatory Act of the 100th General Assembly, a Director sitting on the Board of Directors shall not be required to be an elected official of a member municipality or county, but may be an appointed official of a member municipality or county. The Board of Directors shall determine the general policy of the Agency, shall approve the annual budget, shall make all appropriations, shall approve all contracts, shall adopt all resolutions providing for the issuance of bonds or notes by the Agency, shall adopt its bylaws, rules and regulations, and shall have such other powers and duties as may be prescribed in the intergovernmental agreement.

(c) A Municipal Joint Sewage Treatment Agency may plan, construct, reconstruct, acquire, own, lease as lessor or lessee, equip, extend, improve, operate, maintain, repair and finance drainage and sewage treatment projects, and may enter into agreements or contracts for the provision of drainage or sewage treatment services for member municipalities or counties.

(d) A Municipal Joint Sewage Treatment Agency shall have such powers as shall be provided in the agreement establishing it, which may include, but need not be limited to, the following powers:

(1) to sue or be sued;

(2) to apply for and accept gifts, grants or loans of funds or property, or financial or other aid, from any public agency or private entity;

(3) to acquire, hold, sell, lease as lessor or lessee, transfer or dispose of such real or personal property, or interests therein, as it deems appropriate in the exercise of its powers, and to provide for the use thereof by any member municipality or county;

(4) to make and execute all contracts and other instruments necessary or convenient to the exercise of its power; and

(5) to make and execute any contract with the federal government, a state, or a unit of local government, relating to drainage and the treatment of sewage.

(e) A Municipal Joint Sewage Treatment Agency may, from time to time, borrow money, and, in evidence of its obligation to repay the borrowing, issue its negotiable revenue bonds or notes for any of the following purposes: for paying costs of planning, constructing, reconstructing, acquiring, leasing, equipping, improving or extending a drainage and sewage treatment project; for paying other expenses incident to or incurred in connection with such project; for repaying advances made to or by the Agency for such purposes; for paying interest on the bonds or notes until the estimated date of completion of any such project and for such period after the estimated completion date as the Board of Directors of the Agency shall determine; for paying financial, legal, administrative and other expenses of the authorization, issuance, sale or delivery of bonds or notes; for providing or increasing a debt service reserve fund with respect to any or all of the Agency's bonds or notes; and for paying, refunding or redeeming any of the Agency's bonds or notes before, after or at their maturity, including paying redemption premiums or interest accruing or to accrue on such bonds or notes being paid or redeemed or for paying any other costs in connection with any such payment or redemption.

The resolution authorizing the issuance of the bonds or notes shall pledge and provide for the application of revenues derived from the operation of the project to payment of the cost of operation and maintenance of the project, to provision for adequate depreciation, reserve or replacement funds with respect to the project, the bonds or notes, and to the payment of principal, premium, if any, and interest on the bonds or notes of the Agency. All bonds or notes of the Agency shall be revenue bonds or notes and shall have no claim for payment other than from revenues of the Agency derived from operation of the drainage and sewage treatment project. Bonds or notes issued by the Agency shall not constitute an indebtedness of any member municipality or county.

5 ILCS 220/3.5 Expenditure of funds

Any expenditure of funds by a public agency organized pursuant to an intergovernmental agreement in accordance with the provisions of this Act and consisting of 5 public agencies or less, except for an intergovernmental risk management association, self-insurance pool or self-administered health and accident cooperative or pool, shall be in accordance with the Illinois Purchasing Act [30 ILCS 505/1 et seq. (now repealed)] if the State is a party to the agreement, and shall be in accordance with any law or ordinance applicable to the public agency with the largest population which is a party to the agreement if the State is not a party to the agreement. If the State is not a party to the agreement and there is no such applicable law or ordinance, all purchases shall be subject to the provisions of the Governmental Joint Purchasing Act [30 ILCS 525/1 et seq.]. Such self-insurance or insurance pools may enter into reinsurance agreements for the protection of their members.

5 ILCS 220/3.6 [Special districts]

(a) Any special district the boundaries of which are exactly coterminous with, or entirely within, the boundaries of a township may merge into and transfer all of its rights, powers, duties, liabilities and functions to the township as provided in this Section notwithstanding any other provision of the law.

(b) "Special district" means any political subdivision other than a county, municipality, township, school district or community college district.

(c) By resolution or ordinance the special district may petition the township for merger. Within 30 days after the adoption of such resolution or ordinance, the special district shall file a copy of the petition with the town clerk of the township and with the county clerk.

(d) Within 60 days of the filing of the petition with the town clerk the board of town trustees shall by ordinance either agree or refuse to agree to the merger. Failure of the board of town trustees to adopt such an ordinance within the 60 days shall constitute a refusal to agree to the merger.

(e) After an ordinance is passed by the board of town trustees agreeing to a merger, it shall be published once within 30 days after its passage in one or more newspapers published in the township or, if no newspaper is published therein, it shall be published in a newspaper published in the county in which such township is located and having general circulation within such township. If no newspaper is published in the county having general circulation in the township, publication may be made instead by posting copies of such ordinance in 10 public places within the township. The publication or posting of the ordinance shall include a notice of (1) the specific

number of voters required to sign a petition requesting that the question of the merger be submitted to the voters of the township; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The township clerk shall provide a petition form to any individual requesting one. The ordinance shall not become effective until 30 days after its publication or the date of such posting of such copies.

Whenever a petition signed by the electors of the township equal in number to 10% or more of the registered voters in the township is filed with the board of town trustees thereof which has adopted an ordinance agreeing to merger and such petition has been filed with the board of town trustees within 30 days after the publication or the date of the posting of the copies which petition seeks the submission of such merger to an election, the board of town trustees shall certify the question to the proper election officials who shall submit the question at an election in accordance with the general election law.

The proposition shall be substantially in the following form:

Shall (name of special district) be merged into ..... Township?	YES NO

If the boundaries of the township and special district are coterminous and a majority of the voters voting on the question shall favor merger, the special district shall merge into the township. If a majority of the voters voting on the question shall not favor merger, the special district shall not merge into the township. If the boundaries of the township and special district are not coterminous, then a majority of the voters voting upon the question in the special district and a majority of the voters voting in that portion of the township that is not included within the special district must both favor the merger. If a majority of the voters residing in the special district or a majority of the voters voting in that portion of the townships that is not included within the special district do not favor the merger, the special district shall not merge into the township.

(f) The effective date of the merger shall be the first day of January of the year immediately following the effective date of the ordinance or the approval by the referendum as the case may be.

(g) If the board of town trustees refuses to agree to the merger or if a majority of the voters voting on the question shall not favor merger, then the special district shall not file a petition for merger with the town clerk within 3 years after such refusal to agree or referendum.

(h) Upon the effective date of the merger the township shall assume and succeed to all of the rights, powers, duties, liabilities and functions of the special district, including assuming any indebtedness of the special district, and the special district shall be dissolved and cease to exist as a separate and distinct political subdivision. In connection with such rights, powers, duties, liabilities and functions the township shall be subject to, governed by and have the benefit of the statutes, as then or thereafter amended, and laws affecting such a special district, including without limitation the right to levy taxes in such amounts as allowed to such a special district, but the right to levy taxes shall exist only within the area formerly comprising such merged special district. Upon the effective date of the merger all books, records, equipment, property and personnel held by, in the custody of or employed by the special district shall be transferred to the township. The transfer shall not affect the status or employment benefits of transferred personnel.

5 ILCS 220/3.7 [Regional Juvenile Detention Authority]

(a) Any 2 or more contiguous counties of this State, upon adoption of ordinances by the governing bodies, may, by intergovernmental agreement, form a Regional Juvenile Detention Authority to coordinate the construction of a Regional Juvenile Detention Facility.

(b) The governing body of an Authority created under this Section shall consist of the County Board Chairman, the County Sheriff and the State's Attorney of each member county. Each member shall serve as long as he continues to hold his county office. The County Board Chairman of the most populous member county shall preside at the first organizational meeting of the Authority. At the first organizational meeting, the Authority shall elect a chairman from among its members to serve a 2 year term. No chairman shall remain chairman after losing his county office. The Authority shall adopt bylaws and elect officers and may establish a staff.

(c) An Authority may apply for and accept funding from participating units of government, any other unit of local, State or federal government or any private entity.

5 ILCS 220/6 Joint self-insurance

An intergovernmental contract may, among other undertakings, authorize public agencies to jointly self-insure and authorize each public agency member of the contract to utilize its funds to pay to a joint insurance pool its costs and reserves to protect, wholly or partially, itself or any public agency member of the contract against liability or loss in the designated insurable area.

A joint insurance pool shall have an annual audit performed by an independent certified public accountant and shall file an annual audited financial report with the Director of Insurance no later than 150 days after the end of the pool's immediately preceding fiscal year. The Director of Insurance shall issue rules necessary to implement this audit and report requirement. The rule shall establish the due date for filing the initial annual audited financial report. Within 30 days after January 1, 1991, and within 30 days after each January 1 thereafter, public agencies that are jointly self-insured to protect against liability under the Workers' Compensation Act [820 ILCS 305/1 et seq.] and the Workers' Occupational Diseases Act [820 ILCS 310/1 et seq.] shall file with the Illinois Workers' Compensation Commission a report indicating an election to self-insure.

The joint insurance pool shall also annually file with the Director a statement of actuarial opinion that conforms to the Actuarial Standards of Practice issued by the Actuarial Standards Board. All statements of actuarial opinion shall be issued by an independent actuary who is an associate or fellow of the Casualty Actuarial Society or of the Society of Actuaries. The statement of actuarial opinion shall include a statement that the pool's reserves are calculated in accordance with sound loss-reserving standards and adequate for the payment of claims. This opinion shall be filed no later than 150 days after the end of each fiscal year. The joint insurance pool shall be exempt from filing a statement of actuarial opinion by an independent actuary who is an associate or fellow of the Casualty Actuarial Society or of the Society of Actuaries that the joint

insurance pool's reserves are in accordance with sound loss-reserving standards and payment of claims for the primary level of coverage if the joint insurance pool files with the Director, by the reporting deadline, a statement of actuarial opinion from the provider of the joint pool's aggregate coverage, reinsurance, or other similar excess insurance coverage. Any statement of actuarial opinion must be prepared by an actuary who satisfies the qualification standards set forth by the American Academy of Actuaries to issue the opinion in the particular area of actuarial practice.

The Director may assess penalties against a joint insurance pool that fails to comply with the auditing, statement of actuarial opinion, and examination requirements of this Section in an amount equal to $500 per day for each violation, up to a maximum of $10,000 for each violation. The Director (or his or her staff) or a Director-selected independent auditor (or actuarial firm) that is not owned or affiliated with an insurance brokerage firm, insurance company, or other insurance industry affiliated entity may examine, as often as the Director deems advisable, the affairs, transactions, accounts, records, and assets and liabilities of each joint insurance pool that fails to comply with this Section. The joint insurance pool shall cooperate fully with the Director's representatives in all evaluations and audits of the joint insurance pool and resolve issues raised in those evaluations and audits. The failure to resolve those issues may constitute a violation of this Section, and may, after notice and an opportunity to be heard, result in the imposition of penalties pursuant to this Section. No sanctions under this Section may become effective until 30 days after the date that a notice of sanctions is delivered by registered or certified mail to the joint insurance pool. The Director shall have the authority to extend the time for filing any statement by any joint insurance pool for reasons that he or she considers good and sufficient.

If a joint insurance pool requires a member to submit written notice in order for the member to withdraw from a qualified pool, then the period in which the member must provide the written notice cannot be greater than 120 days, except that this requirement applies only to joint insurance pool agreements entered into, modified, or renewed on or after the effective date of this amendatory Act of the 98th General Assembly [P.A. 98-504].

For purposes of this Section, "public agency member" means any public agency defined or created under this Act, any local public entity as defined in Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act [745 ILCS 10/1-206], and any public agency, authority, instrumentality, council, board, service region, district, unit, bureau, or, commission, or any municipal corporation, college, or university, whether corporate or otherwise, and any other local governmental body or similar entity that is presently existing or created after the effective date of this amendatory Act of the 92nd General Assembly [P.A. 92-530], whether or not specified in this Section. Only public agency members with tax receipts, tax revenues, taxing authority, or other resources sufficient to pay costs and to service debt related to intergovernmental activities described in this Section, or public agency members created by or as part of a public agency with these powers, may enter into contracts or otherwise associate among themselves as permitted in this Section.

No joint insurance pool or other intergovernmental cooperative offering health insurance shall interfere with the statutory obligation of any public agency member to bargain over or to reach agreement with a labor organization over a mandatory subject of collective bargaining as those terms are used in the Illinois Public Labor Relations Act [5 ILCS 315/1 et seq.]. No intergovernmental contract of insurance offering health insurance shall limit the rights or obligations of public agency members to engage in collective bargaining, and it shall be unlawful for a joint insurance pool or other intergovernmental cooperative offering health insurance to discriminate against public agency members or otherwise retaliate against such members for limiting their participation in a joint insurance pool as a result of a collective bargaining agreement.

It shall not be considered a violation of this Section for an intergovernmental contract of insurance relating to health insurance coverage, life insurance coverage, or both to permit the pool or cooperative, if a member withdraws employees or officers into a union-sponsored program, to re-price the costs of benefits provided to the continuing employees or officers based upon the same underwriting criteria used by that pool or cooperative in the normal course of its business, but no member shall be expelled from a pool or cooperative if the continuing employees or officers meet the general criteria required of other members.

5 ILCS 220/9 County participation

Any county may participate in an intergovernmental agreement under this Act notwithstanding the absence of specific authority under State law to perform the action involved provided that the unit of local government contracting with the county has authority to perform the action. The authority of the county shall be limited to the territorial limits of the local governmental unit with which the county contracts. In the case of an intergovernmental agreement between a county and a municipality, however, the agreement may provide that the county may perform an action within the territorial limits of the municipality, within the contiguous territory not more than one and one-half miles beyond the corporate limits and not included in any municipality, or within both.

5 ILCS 220/15 Authorized investments

In addition to other investments authorized by law, an intergovernmental risk management entity created under this Act with assets of at least $5,000,000 and adopting an investment policy under Section 16 of this Act [5 ILCS 220/16] may invest in any combination of the following:

(1) the common stocks listed on a recognized exchange or market;

(2) stock and convertible debt investments, or investment grade corporate bonds, in or issued by any corporation the book value of which shall not exceed 5% of the total intergovernmental risk management entity's investment account at book value in which those securities are held, determined as of the date of the investment, provided that investments in the stock of any one corporation shall not exceed 5% of the total outstanding stock of the corporation and that the investments in the convertible debt of any one corporation shall not exceed 5% of the total amount of such debt that may be outstanding;

(3) the straight preferred stocks or convertible preferred stocks and convertible debt securities issued or guaranteed by a corporation whose common stock is listed on a recognized exchange or market;

(4) mutual funds or commingled funds that meet the following requirements:

(i) the mutual fund or commingled fund is managed by an investment company as defined and registered under the federal Investment Company Act of 1940 [15 U.S.C. § 80a-1 et seq.] and registered under the Illinois Securities Law of 1953 [815 ILCS 5/1 et seq.] or an investment adviser as defined under the federal Investment Advisers Act of 1940 [15 U.S.C. § 80b-1 et seq.];

(ii) the mutual fund has been in operation for at least 5 years; and

(iii) the mutual fund has total net assets of $250,000,000 or more;

(5) commercial grade real estate located in the State of Illinois.

Any investment advisor retained by the board of the intergovernmental risk management entity must be a fiduciary, who has the power to manage, acquire, or dispose of any asset of the intergovernmental risk management entity, has acknowledged in writing that he or she is a fiduciary with respect to the intergovernmental risk management entity and that he or she has read and understands the intergovernmental risk management entity's investment policy and will adhere to all of the principles and standards set forth in that policy, and is one or more of the following:

(i) registered as an investment adviser under the federal Investment Adviser Act of 1940 [15 U.S.C. § 80b-1 et seq.];

(ii) registered as an investment adviser under the Illinois Securities Law of 1953 [815 ILCS 5/1 et seq.];

(iii) a bank, as defined in the federal Investment Adviser Act of 1940 [15 U.S.C. § 80b-1 et seq.];

(iv) an insurance company authorized to transact business in this State.

Nothing in this Section shall be construed to authorize an intergovernmental risk management entity to accept the deposit of public funds except for risk management purposes.

HISTORY:
P.A. 89-592, § 5; 90-319, § 5.

5 ILCS 220/16 Investment policy

(a) Investments made by an intergovernmental risk management entity may be governed by a written investment policy adopted by the corporate authorities of the entity.

An intergovernmental risk management entity may have an investment policy for any public funds in excess of the amount needed to meet current expenses as provided in subsection (b). The policy shall address safety of principal, liquidity of funds, and return on investment.

(b) The investment policy shall apply to funds under the control of the intergovernmental risk management entity in excess of those required to meet short-term expenses.

(c) The intergovernmental risk management entity shall develop performance measures appropriate

for the nature and size of the funds within its custody.

(d) The intergovernmental risk management entity shall adopt the prudent person rule, which provides that: "investments should be made with the judgment and care, under circumstances then prevailing, that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the probable safety of their capital as well as the probable income to be derived from the investment."

(e) The investment policy shall list authorized investments as provided by law.

(f) The investment policy shall require that the investment portfolio be structured in such manner as to provide sufficient liquidity to pay obligations as they come due.

(g) The investment policy shall establish guidelines for investments. The guidelines shall be appropriate with the nature and size of the public funds within the custody of the intergovernmental risk management entity.

(h) The investment policy shall provide for guidelines for appropriate diversification of the investment portfolio. Diversification strategies within the established guidelines shall be reviewed and revised periodically, as deemed necessary by the intergovernmental risk management entity.

(i) The investment policy shall provide guidelines for the selection of investment advisors, money managers, and banks.

(j) The investment policy shall provide appropriate arrangements for the holding of assets of the intergovernmental risk management entity. No withdrawal of securities, in whole or in part, shall be made, except by an authorized staff member of the intergovernmental risk management entity.

(k) The investment policy shall provide for a system of internal controls and operational procedures. The intergovernmental risk management entity's chief executive officer shall, by January 1, 1997, establish a system of internal controls that shall be in writing and made a part of the intergovernmental risk management entity's operational procedures. The investment policy shall provide for review of the controls by independent auditors as part of any financial audit periodically required of the intergovernmental risk management entity. The internal controls shall be designed to prevent losses of funds that might arise from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees of the intergovernmental risk management entity.

(*l*) The investment policy shall provide for appropriate quarterly or more frequent reporting of investment activities. To that end, the intergovernmental risk management entities' chief financial officer shall prepare periodic reports for submission to the governing body and chief executive officer of the intergovernmental risk management entity, which shall include securities in the portfolio by class or type, book value, income earned, and market value as of the report date.

TRANSPORTATION COOPERATION ACT OF 1971

5 ILCS 225/1 [Short title]

This Act shall be known and may be cited as the "Transportation Cooperation Act of 1971."

HISTORY:
P.A. 77-182.

5 ILCS 225/2 [Definitions]

For the purposes of this Act:

(a) "Railroad passenger service" means any railroad passenger service within the State of Illinois, including the equipment and facilities used in connection therewith, with the exception of the basic system operated by the National Railroad Passenger Corporation pursuant to Title II and Section 403(a) of the Federal Rail Passenger Service Act of 1970 [45 U.S.C. § 521].

(b) "Federal Railroad Corporation" means the National Railroad Passenger Corporation established pursuant to an Act of Congress known as the "Rail Passenger Service Act of 1970 [45 U.S.C § 501 et seq.]."

(c) "Transportation system" means any and all modes of public transportation within the State, including, but not limited to, transportation of persons or property by rapid transit, rail, bus, and aircraft, and all equipment, facilities and property, real and personal, used in connection therewith.

(d) "Carrier" means any corporation, authority, partnership, association, person or district authorized to maintain a transportation system within the State with the exception of the Federal Railroad Corporation.

(e) "Units of local government" means cities, villages, incorporated towns, counties, municipalities, townships, and special districts, including any district created pursuant to the "Local Mass Transit District Act", approved July 21, 1959, as amended [70 ILCS 3610/1 et seq.]; any Authority created pursuant to the "Metropolitan Transit Authority Act", approved April 12, 1945, as amended [70 ILCS 3605/1 et seq.]; and, any authority, commission or other entity which by virtue of an interstate compact approved by Congress is authorized to provide mass transportation.

(f) "Universities" means all public institutions of higher education as defined in an "Act creating a Board of Higher Education, defining its powers and duties, making an appropriation therefor, and repealing an Act herein named", approved August 22,

1961, as amended [110 ILCS 205/0.01 et seq.], and all private institutions of higher education as defined in the Illinois Finance Authority Act [20 ILCS 3501/801-1 et seq.].

(g) "Department" means the Illinois Department of Transportation, or such other department designated by law to perform the duties and functions of the Illinois Department of Transportation prior to January 1, 1972.

(h) "Association" means any Transportation Service Association created pursuant to Section 4 of this Act [5 ILCS 225/4].

(i) "Contracting Parties" means any units of local government or universities which have associated and joined together pursuant to Section 3 of this Act [5 ILCS 225/3].

(j) "Governing authorities" means (1) the city council or similar legislative body of a city; (2) the board of trustees or similar body of a village or incorporated town; (3) the council of a municipality under the commission form of municipal government; (4) the board of trustees in a township; (5) the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, and the Illinois Community College Board; (6) the county board of a county; and (7) the trustees, commissioners, board members, or directors of a university, special district, authority or similar agency.

HISTORY:
P.A. 86-1028; 89-4, § 50-5; 93-205, § 890-29.

5 ILCS 225/3 [Joint agreements]

For the purpose of acquiring, constructing, owning, operating, extending, reconstructing, maintaining, improving, and subsidizing railroad passenger service, and promoting efficient transportation systems within the State, two or more units of local government and universities by resolution or ordinance approved by a majority vote of their respective governing authorities, may associate and join together by agreement or contract.

HISTORY:
P.A. 77-182.

5 ILCS 225/4 [Transportation Service Association]

Any two or more units of local government and universities may, at their option, by contract, create a Transportation Service Association through which they shall exercise all powers conferred by this Act. The powers of any Association created hereunder shall repose in and be exercised by a Board of Directors. Directors may be chosen in such manner and for such terms as the creators of the Association may determine. The Board of Directors may employ a manager of the Association and may employ and contract for a secretary, treasurer, technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall fix and determine their qualifications, duties, and compensation.

HISTORY:
P.A. 77-182.

5 ILCS 225/4.1 [Purchases]

Purchases made pursuant to this Act shall be made in compliance with the "Local Government Prompt Payment Act", approved by the Eighty-fourth General Assembly [50 ILCS 505/1 et seq.].

HISTORY:
P.A. 84-731.

5 ILCS 225/5 [Contracts with carriers]

The Contracting Parties or the Board of Directors of any Association may, from time to time, enter into agreements or contracts with the Federal Railroad Corporation, the Department of Transportation and any other carrier, or any of the foregoing, for the establishment or maintenance of railroad passenger service or other transportation services between such points as may be agreed upon among or between the parties to the agreement or contract.

HISTORY:
P.A. 77-182.

5 ILCS 225/6 [Division of costs]

Whenever an agreement or contract is entered into between or among the Federal Railroad Corporation, the Department of Transportation, and any Contracting Parties, or any Association or Associations created pursuant to this Act for the provision by the Railroad Corporation of railroad passenger service, the costs related to such services shall be borne in such proportion as by agreement or contract the parties may determine. Nothing contained in this Act shall be interpreted to prevent any Contracting Parties or Association or Associations from contracting directly and solely with Federal Railroad Corporation for the reimbursement by the Contracting Parties or Association of such costs sustained by the Federal Railroad Corporation as agreed upon between the parties to the contract.

HISTORY:
P.A. 77-182.

5 ILCS 225/7 [Promotion of efficient transportation systems]

(a) The Contracting Parties or the Board of Directors of every Association may take such action alone,

or by agreement or contract with any other university or unit of local government as shall be necessary or appropriate to maintain and promote efficient transportation systems within the State.

(b) The Contracting Parties and the Board of Directors of any Association shall have authority to receive and utilize such funds as may be allocated to the Contracting Parties or Association by the Department of Transportation, or any other agency of the State or Federal Government, for the purposes and in accordance with the procedures, established by this Act.

HISTORY:
P.A. 77-182.

5 ILCS 225/8 [Severability]

If any provision of this Act should be held to be invalid, such provision shall be deemed to be excised from this Act, and the invalidity thereof shall not affect any other provision of this Act. If the application of any provision of this Act to any person or circumstance is held invalid, such invalidity shall not affect the application of such provision to persons or circumstances other than those as to which it is invalid.

This Act shall be known and may be cited as the "Illinois Public Labor Relations Act".

HISTORY:
P.A. 83-1012.

5 ILCS 315/20 Prohibitions

(a) Nothing in this Act shall be construed to require an individual employee to render labor or service without his consent, nor shall anything in this Act be construed to make the quitting of his labor by an individual employee an illegal act; nor shall any court issue any process to compel the performance by an individual employee of such labor or service, without his consent; nor shall the quitting of labor by an employee or employees in good faith because of abnormally dangerous conditions for work at the place of employment of such employee be deemed a strike under this Act.

(b) This Act shall not be applicable to units of local government employing less than 5 employees at the time the Petition for Certification or Representation is filed with the Board. This prohibition shall not apply to bargaining units in existence on the effective date of this Act and units of local government employing more than 5 employees where the total number of employees falls below 5 after the Board has certified a bargaining unit.

ELECTIONS

ELECTION CODE

Article 3. Qualification of Voters

Article 28. Submitting Public Questions

ARTICLE 3.
QUALIFICATION OF VOTERS

10 ILCS 5/3-7 Voters in consolidating and merging townships.

(a) In the consolidated election where township trustees are elected next following the certification of a successful referendum to consolidate townships under Article 22 of the Township Code [60 ILCS 1/22-5 et seq.], the qualified electors entitled to caucus, vote for, be nominated for, and run for offices in the consolidated township that is to be formed are those registered voters residing in any of the townships identified in the referendum as they exist prior to consolidation.

(b) In the consolidated election where township trustees are elected next following the certification of a successful referendum to dissolve a township and merge its territory into 2 adjacent townships under Article 23 of the Township Code [60 ILCS 1/23-5 et seq.], the qualified electors entitled to caucus, vote for, be nominated for, and run for offices in a receiving township shall also include those registered voters residing in the territory of the dissolving township described in the resolutions adopted under Section 23-10 of the Township Code [60 ILCS 1/23-10] as the territory to be merged with the receiving township. For purposes of this subsection (b) only, "dissolving township" and "receiving township" have the meaning provided in Section 23-5 of the Township Code [60 ILCS 1/23-5].

HISTORY:
2017 P.A. 100-107, § 5, effective January 1, 2018.

ARTICLE 28.
SUBMITTING PUBLIC QUESTIONS

10 ILCS 5/28-1 [Applicability; ballot; number of questions]

The initiation and submission of all public questions to be voted upon by the electors of the State or of any political subdivision or district or precinct or combination of precincts shall be subject to the provisions of this Article.

Questions of public policy which have any legal effect shall be submitted to referendum only as authorized by a statute which so provides or by the Constitution. Advisory questions of public policy shall be submitted to referendum pursuant to Section 28-5 [10 ILCS 5/28-5] or pursuant to a statute which so provides.

The method of initiating the submission of a public question shall be as provided by the statute authorizing such public question, or as provided by the Constitution.

All public questions shall be initiated, submitted and printed on the ballot in the form required by Section 16-7 of this Act [10 ILCS 5/16-7], except as may otherwise be specified in the statute authorizing a public question.

Whenever a statute provides for the initiation of a public question by a petition of electors, the provisions of such statute shall govern with respect to the number of signatures required, the qualifications of persons entitled to sign the petition, the contents of the petition, the officer with whom the petition must be filed, and the form of the question to be submitted. If such statute does not specify any of the foregoing petition requirements, the corresponding petition requirements of Section 28-6 [10 ILCS 5/28-6] shall govern such petition.

Irrespective of the method of initiation, not more than 3 public questions other than (a) back door referenda, (b) referenda to determine whether a disconnection may take place where a city coterminous with a township is proposing to annex territory from an adjacent township, (c) referenda held under the provisions of the Property Tax Extension Limitation Law in the Property Tax Code [35 ILCS 200/1-1 et seq.], (d) referenda held under Section 2-3002 of the Counties Code [55 ILCS 5/2-3002], or (e) referenda held under Article 22, 23, or 29 of the Township Code [60 ILCS 1/22-5 et seq., 60 ILCS 1/23-5 et seq., or 60 ILCS 1/29-5 et seq.] may be submitted to referendum with respect to a political subdivision at the same election.

If more than 3 propositions are timely initiated or certified for submission at an election with respect to a political subdivision, the first 3 validly initiated, by the filing of a petition or by the adoption of a resolution or ordinance of a political subdivision, as the case may be, shall be printed on the ballot and submitted at that election. However, except as expressly authorized by law not more than one propo-

sition to change the form of government of a municipality pursuant to Article VII of the Constitution [Illinois Const., Art. VII, § 1] may be submitted at an election. If more than one such proposition is timely initiated or certified for submission at an election with respect to a municipality, the first validly initiated shall be the one printed on the ballot and submitted at that election.

No public question shall be submitted to the voters of a political subdivision at any regularly scheduled election at which such voters are not scheduled to cast votes for any candidates for nomination for, election to or retention in public office, except that if, in any existing or proposed political subdivision in which the submission of a public question at a regularly scheduled election is desired, the voters of only a portion of such existing or proposed political subdivision are not scheduled to cast votes for nomination for, election to or retention in public office at such election, but the voters in one or more other portions of such existing or proposed political subdivision are scheduled to cast votes for nomination for, election to or retention in public office at such election, the public question shall be voted upon by all the qualified voters of the entire existing or proposed political subdivision at the election.

Not more than 3 advisory public questions may be submitted to the voters of the entire state at a general election. If more than 3 such advisory propositions are initiated, the first 3 timely and validly initiated shall be the questions printed on the ballot and submitted at that election; provided however, that a question for a proposed amendment to Article IV of the Constitution [Illinois Const., Art. IV, § 1] pursuant to Section 3, Article XIV of the Constitution [Illinois Const., Art. XIV, § 3], or for a question submitted under the Property Tax Cap Referendum Law [35 ILCS 248/1-1 et seq.], shall not be included in the foregoing limitation.

HISTORY:

P.A. 87-17; 87-919, § 15; 88-116, § 1-105; 89-510, § 5; 93-308, § 5; 2017 P.A. 100-107, § 5, effective January 1, 2018.

10 ILCS 5/28-7 [Initiation]

Except as provided in Article 24 of the Township Code [60 ILCS 1/1-1 et seq.], in any case in which Article VII or paragraph (a) of Section 5 of the Transition Schedule of the Constitution authorizes any action to be taken by or with respect to any unit of local government, as defined in Section 1 of Article VII of the Constitution, by or subject to approval by referendum, any such public question shall be initiated in accordance with this Section.

Any such public question may be initiated by the governing body of the unit of local government by resolution or by the filing with the clerk or secretary of the governmental unit of a petition signed by a number of qualified electors equal to or greater than at least 8% of the total votes cast for candidates for Governor in the preceding gubernatorial election, requesting the submission of the proposal for such action to the voters of the governmental unit at a regular election.

If the action to be taken requires a referendum involving 2 or more units of local government, the proposal shall be submitted to the voters of such governmental units by the election authorities with jurisdiction over the territory of the governmental units. Such multi-unit proposals may be initiated by appropriate resolutions by the respective governing bodies or by petitions of the voters of the several governmental units filed with the respective clerks or secretaries.

This Section is intended to provide a method of submission to referendum in all cases of proposals for actions which are authorized by Article VII of the Constitution by or subject to approval by referendum and supersedes any conflicting statutory provisions except those contained in Division 2-5 of the Counties Code [55 ILCS 5/2-5001 et seq.] or Article 24 of the Township Code.

Referenda provided for in this Section may not be held more than once in any 23-month period on the same proposition, provided that in any municipality a referendum to elect not to be a home rule unit may be held only once within any 47-month period.

20 ILCS 5/5-20 Heads of departments.

Each department shall have an officer as its head who shall be known as director or secretary and who shall, subject to the provisions of the Civil Administrative Code of Illinois, execute the powers and discharge the duties vested by law in his or her respective department.

The following officers are hereby created:

Director of Aging, for the Department on Aging.

Director of Agriculture, for the Department of Agriculture.

Director of Central Management Services, for the Department of Central Management Services.

Director of Children and Family Services, for the Department of Children and Family Services.

Director of Commerce and Economic Opportunity, for the Department of Commerce and Economic Opportunity.

Director of Corrections, for the Department of Corrections.

Director of the Illinois Emergency Management Agency, for the Illinois Emergency Management Agency.

Director of Employment Security, for the Department of Employment Security.

Secretary of Financial and Professional Regulation, for the Department of Financial and Professional Regulation.

Director of Healthcare and Family Services, for the Department of Healthcare and Family Services.

Director of Human Rights, for the Department of Human Rights.

Secretary of Human Services, for the Department of Human Services.

Secretary of Innovation and Technology, for the Department of Innovation and Technology.

Director of Insurance, for the Department of Insurance.

Director of Juvenile Justice, for the Department of Juvenile Justice.

Director of Labor, for the Department of Labor.

Director of the Lottery, for the Department of the Lottery.

Director of Natural Resources, for the Department of Natural Resources.

Director of Public Health, for the Department of Public Health.

Director of Revenue, for the Department of Revenue.

Director of the Illinois State Police, for the Illinois State Police.

Secretary of Transportation, for the Department of Transportation.

Director of Veterans' Affairs, for the Department of Veterans' Affairs.

20 ILCS 5/5-100 Executive and administrative officers, boards, and commissions

In addition to the directors of departments, the executive and administrative officers, boards, and commissions designated in the Sections following this Section and preceding Section 5-200 [20 ILCS 5/5-200] are created. These officers, boards, and commissions in the respective departments shall hold offices created and designated in those Sections.

HISTORY:
P.A. 76-1158; 89-507, § 90-1; 91-239, § 5-5.

20 ILCS 5/5-105 Direction, supervision, and control of officers

Each officer named in the Sections following Section 5-100 [20 ILCS 5/5-100] and preceding Section 5-200 [20 ILCS 5/5-200] shall, except as otherwise provided in the Civil Administrative Code of Illinois [20 ILCS 5/1-1 et seq.], be under the direction, supervision, and control of the director or secretary of the officer's respective department and shall perform the duties prescribed by the director or secretary.

HISTORY:
P.A. 83-1503; 89-507, § 90-1; 91-239, § 5-5.

20 ILCS 5/5-185 In the Department of Transportation

Assistant Secretary of Transportation.

HISTORY:
P.A. 77-153; 91-239, § 5-5.

20 ILCS 5/5-300 Officers' qualifications and salaries.

The executive and administrative officers, whose offices are created by this Act, must have the qualifications prescribed by law and shall receive annual salaries, payable in equal monthly installments, as

designated in the Sections following this Section and preceding Section 5-500 [20 ILCS 5/5-500]. If set by the Governor, those annual salaries may not exceed 85% of the Governor's annual salary. Notwithstanding any other provision of law, for terms beginning after the effective date of this amendatory Act of the 100th General Assembly, the annual salary of the director or secretary and assistant director or assistant secretary of each department created under Section 5-15 [20 ILCS 5/5-15] shall be an amount equal to 15% more than the annual salary of the respective officer in effect as of December 31, 2018. The calculation of the 2018 salary base for this adjustment shall not include any cost of living adjustments, as authorized by Senate Joint Resolution 192 of the 86th General Assembly, for the period beginning July 1, 2009 to June 30, 2019. Beginning July 1, 2019 and each July 1 thereafter, the directors, secretaries, assistant directors, and assistant secretaries shall receive an increase in salary based on a cost of living adjustment as authorized by Senate Joint Resolution 192 of the 86th General Assembly.

HISTORY:

20 ILCS 5/5-515 Compensation prohibited

No member of an advisory and non-executive board shall receive any compensation.

HISTORY:
Laws 1917, p. 2; P.A. 91-239, § 5-5.

20 ILCS 5/5-600 Officer's performance of duties

Each officer provided for by the Civil Administrative Code of Illinois [20 ILCS 5/1-1 et seq.] shall perform the duties that are prescribed by law for the officer's position and to the best of the officer's ability shall render faithful and efficient service in the performance of those duties, to the end that the public interest and welfare may be furthered.

HISTORY:
Laws 1927, p. 844; P.A. 91-239, § 5-5.

20 ILCS 5/5-605 Appointment of officers.

Each officer whose office is created by the Civil Administrative Code of Illinois or by any amendment to the Code shall be appointed by the Governor, by and with the advice and consent of the Senate. In case of vacancies in those offices during the recess of the Senate, the Governor shall make a temporary appointment until the next meeting of the Senate, when the Governor shall nominate some person to fill the office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until his or her successor is appointed and qualified. If the Senate is not in session at the time the Code or any amendments to the Code take effect, the Governor shall make a temporary appointment as in the case of a vacancy.

During the absence or inability to act of the director or secretary of any department, or in case of a vacancy in any such office until a successor is appointed and qualified, the Governor may designate some person as acting director or acting secretary to execute the powers and discharge the duties vested by law in that director or secretary.

During the term of a General Assembly, the Governor may not designate a person to serve as an acting director or secretary under this Section if that person's nomination to serve as the director or secretary of that same Department was rejected by the Senate of the same General Assembly. This Section is subject to the provisions of subsection (c) of Section 3A-40 of the Illinois Governmental Ethics Act [5 ILCS 420/3A-40].

20 ILCS 5/5-610 Term of office

Each officer whose office is created by the Civil Administrative Code of Illinois [20 ILCS 5/1-1 et seq.], except as otherwise specifically provided for in the Code, shall hold office for a term of 2 years from the third Monday in January of each odd-numbered year and until the officer's successor is appointed and qualified. Where the provisions of the Code require General Assembly members to be included in the membership of any advisory and nonexecutive board, the General Assembly members shall serve such terms or until termination of their legislative service, whichever first occurs.

HISTORY:
P.A. 83-1250; 91-239, § 5-5.

20 ILCS 5/5-615 Officer's oath

Each officer whose office is created by the Civil Administrative Code of Illinois [20 ILCS 5/1-1 et seq.] or by any amendments to the Code shall, before entering upon the discharge of the duties of the office, qualify for the office by taking and subscribing the constitutional oath of office and filing the signed oath in the office of the Secretary of State.

HISTORY:
P.A. 79-1348; 91-239, § 5-5.

20 ILCS 5/5-620 Bond

Each executive and administrative officer whose office is created by the Civil Administrative Code of Illinois [20 ILCS 5/1-1 et seq.] or by any amendments to the Code shall give bond before entering upon the discharge of the duties of his or her office by inclusion in the blanket bond or bonds or self-insurance program provided for in Sections 14.1 and 14.2 of the Official Bond Act [5 ILCS 260/14.1 and 5 ILCS 260/14.2].

All official bonds required to be executed and filed under this Section are subject to the requirements of the Official Bond Act [5 ILCS 260/0.01 et seq.].

HISTORY:
P.A. 79-1348; 90-372, § 5-55; 91-239, § 5-5.

20 ILCS 5/5-625 Department regulations

The director of each department (see Section 5-10 of this Law [20 ILCS 5/5-10] for the definition of "director") is empowered to prescribe regulations, not inconsistent with law, for the government of the director's department, the conduct of the department's employees and clerks, the distribution and performance of the department's business, and the custody, use, and preservation of the records, papers, books, documents, and property pertaining to the department.

HISTORY:
P.A. 77-153; 91-239, § 5-5.

20 ILCS 5/5-630 Department offices

Each department shall maintain a central office in Springfield, in space provided by the Secretary of State, the Department of Central Management Services, or the Architect of the Capitol, excepting the Department of Agriculture, which shall maintain a central office at the State fair grounds at Springfield, and the Department of Transportation, which shall also maintain a Division of Aeronautics at Capital Airport. The director of each department (see Section 5-10 of this Law [20 ILCS 5/5-10] for the definition of "director") may, in the director's discretion and with the approval of the Governor, establish and maintain, at places other than the seat of government, branch offices for the conduct of any one or more functions of the director's department.

HISTORY:
P.A. 82-789; 91-239, § 5-5; 93-632, § 10.

20 ILCS 5/5-635 Department office hours

Each department shall be open for the transaction of public business at least from 8:30 in the morning until 5:00 in the evening of each day except Saturdays, Sundays, and days that may hereafter be declared by the Governor to be holidays for State employees.

HISTORY:
Laws 1965, p. 542; P.A. 91-239, § 5-5.

20 ILCS 5/5-640 Department seal

Each department shall adopt and keep an official seal.

HISTORY:
Laws 1917, p. 2; P.A. 91-239, § 5-5.

20 ILCS 5/5-645 Department employees

Each department may obtain necessary employees and, if the rate of compensation is not otherwise fixed by law, may fix their compensation subject to the Personnel Code [20 ILCS 415/1 et seq.].

HISTORY:
Laws 1967, p. 4068; P.A. 91-239, § 5-5.

20 ILCS 5/5-650 Department reports

The Governor may require from each director of a department (see Section 5-10 of this Law [20 ILCS 5/5-10] for the definition of "director") a report in writing concerning the condition, management, and financial transactions of the director's department. In addition to those reports, each director of a department shall make the semi-annual and biennial reports provided by the Constitution.

HISTORY:
P.A. 82-905; 91-239, § 5-5.

20 ILCS 5/5-655 Cooperation by directors

The directors of departments (see Section 5-10 of this Law [20 ILCS 5/5-10] for the definition of "director") shall devise a practical and working basis for co-operation and co-ordination of work, eliminating duplication and overlapping of functions. They shall, so far as practicable, co-operate with each other in the employment of services and the use of quarters and equipment. The director of any department may empower or require an employee of another department, subject to the consent of the superior officer of the employee, to perform any duty that the director might require of his or her own subordinates.

The directors of departments may co-operate in the investigation of any licensed health care professional or may jointly investigate such a person and may share the results of any cooperative, joint, or independent investigation of such a person.

HISTORY:
P.A. 84-1252; 91-239, § 5-5.

20 ILCS 5/5-675 Acquisition of land

The Secretary of Transportation and the Director of Natural Resources are respectively authorized,

with the consent in writing of the Governor, to acquire by private purchase, or by condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.], any and all lands, buildings, and grounds for which an appropriation may be made by the General Assembly to their respective departments. To the extent necessary to comply with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act [42 U.S.C. § 4601 et seq.], Public Law 91-646, the Department of Transportation and the Department of Natural Resources, respectively, are authorized to operate a relocation program and to pay relocation costs. The departments are authorized to exceed the maximum payment limits of the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act when necessary to ensure the provision of decent, safe, or sanitary housing or to secure a suitable relocation site.

The Director of Central Management Services is authorized, with the consent in writing of the Governor, to acquire by private purchase, or by condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act, all other lands, buildings, and grounds for which an appropriation may be made by the General Assembly. To the extent necessary to comply with the federal "Uniform Relocation Assistance and Real Property Acquisition Policies Act", Public Law 91-646, the Department of Central Management Services is authorized to operate a relocation program and to pay relocation costs. The Department is authorized to exceed the maximum payment limits of the federal "Uniform Relocation Assistance and Real Property Acquisition Policies Act" when necessary to ensure the provision of decent, safe, and sanitary housing or to secure a suitable relocation site. The Department shall make or direct the payment of the relocation amounts from the funds available to acquire the property.

CIVIL ADMINISTRATION OF ILLINOIS (DEPARTMENT OF COMMERCE AND ECONOMIC OPPORTUNITY LAW)

Electric Vehicle Act

Section

ELECTRIC VEHICLE ACT

20 ILCS 627/1 Short title

This Act may be cited as the Electric Vehicle Act.

HISTORY:
P.A. 97-89, § 1.

20 ILCS 627/5 Findings

The General Assembly finds that the adoption and use of electric vehicles would benefit the State of Illinois by (i) improving the health and environmental quality of the residents of Illinois through reduced pollution, (ii) reducing the operating costs of vehicle transportation, and (iii) shifting the demand for imported petroleum to locally produced electricity.

HISTORY:
P.A. 97-89, § 5.

20 ILCS 627/10 Definitions

"Coordinator" means the Electric Vehicle Coordinator created in Section 15 [20 ILCS 627/15].

"Council" means the Electric Vehicle Advisory Council created in Section 20 [20 ILCS 627/20].

"Electric vehicle" means (i) a battery-powered electric vehicle operated solely by electricity or (ii) a plug-in hybrid electric vehicle that operates on electricity and gasoline and has a battery that can be recharged from an external source.

HISTORY:
P.A. 97-89, § 10.

20 ILCS 627/15 Electric Vehicle Coordinator.

The Governor, with the advice and consent of the Senate, shall appoint a person within the Illinois Environmental Protection Agency to serve as the Electric Vehicle Coordinator for the State of Illinois. The Electric Vehicle Coordinator shall receive an annual salary as set by the Governor and beginning July 1, 2022 shall be compensated from appropriations made to the Comptroller for this purpose. This person may be an existing employee with other duties. The Coordinator shall act as a point person for electric vehicle-related and electric vehicle charging-related policies and activities in Illinois, including, but not limited to, the issuance of electric vehicle rebates for consumers and electric vehicle charging rebates for organizations and companies.

HISTORY:
P.A. 97-89, § 15; 2021 P.A. 102-444, § 900, effective August 20, 2021; 2021 P.A. 102-662, § 90-20, effective September 16, 2021; 2022 P.A. 102-699, § 5-16, effective April 19, 2022.

20 ILCS 627/20 Electric vehicle advisory council

(a) There is created the Illinois Electric Vehicle Advisory Council. The Council shall investigate and recommend strategies that the Governor and the General Assembly may implement to promote the use of electric vehicles, including, but not limited to, potential infrastructure improvements, State and local regulatory streamlining, and changes to electric utility rates and tariffs.

(b) The Council shall include all of the following members:

(1) The Electric Vehicle Coordinator to serve as chairperson.

(2) Four members of the General Assembly, one appointed by the Speaker of the House of Representatives, one appointed by the Minority Leader of the House of Representatives, one appointed by the President of the Senate, and one appointed by the Minority Leader of the Senate.

(3) The Director of Commerce and Economic Opportunity or his or her designee.

(4) The Director of the Environmental Protection Agency or his or her designee.

(5) The Executive Director of the Illinois Commerce Commission or his or her designee.

(6) The Secretary of the Illinois Department of Transportation or his or her designee.

(7) Ten at-large members appointed by the Governor as follows:

(A) two representatives of statewide environmental organizations;

(B) two representatives of national or regional environmental organizations;

(C) one representative of a nonprofit car-sharing organization;

(D) two representatives of automobile manufacturers;

(E) one representative of the City of Chicago; and

(F) two representatives of electric utilities.

(c) The Council shall report its findings to the Governor and General Assembly by December 31, 2011.

(d) The Department of Commerce and Economic Opportunity shall provide administrative and other support to the Council.

HISTORY:
P.A. 97-89, § 20.

20 ILCS 627/25 Charging station installations

The installation, maintenance, and repair of an electric vehicle charging station shall comply with the requirements of subsection (a) of Section 16-128 and Section 16-128A of the Public Utilities Act [220 ILCS 5/16-128 and 220 ILCS 5/16-128A].

HISTORY:
P.A. 97-1128, § 1.

20 ILCS 627/40 Rulemaking; resources.

The Agency shall adopt rules as necessary and dedicate sufficient resources to implement Sections 45 [20 ILCS 627/45] and 55 [20 ILCS 627/55].

HISTORY:
2021 P.A. 102-662, § 90-20, effective September 16, 2021.

20 ILCS 627/45 Beneficial electrification.

(a) It is the intent of the General Assembly to decrease reliance on fossil fuels, reduce pollution from the transportation sector, increase access to electrification for all consumers, and ensure that electric vehicle adoption and increased electricity usage and demand do not place significant additional burdens on the electric system and create benefits for Illinois residents.

(1) Illinois should increase the adoption of electric vehicles in the State to 1,000,000 by 2030.

(2) Illinois should strive to be the best state in the nation in which to drive and manufacture electric vehicles.

(3) Widespread adoption of electric vehicles is necessary to electrify the transportation sector, diversify the transportation fuel mix, drive economic development, and protect air quality.

(4) Accelerating the adoption of electric vehicles will drive the decarbonization of Illinois' transportation sector.

(5) Expanded infrastructure investment will help Illinois more rapidly decarbonize the transportation sector.

(6) Statewide adoption of electric vehicles requires increasing access to electrification for all consumers.

(7) Widespread adoption of electric vehicles requires increasing public access to charging equipment throughout Illinois, especially in low-income

and environmental justice communities, where levels of air pollution burden tend to be higher.

(8) Widespread adoption of electric vehicles and charging equipment has the potential to provide customers with fuel cost savings and electric utility customers with cost-saving benefits.

(9) Widespread adoption of electric vehicles can improve an electric utility's electric system efficiency and operational flexibility, including the ability of the electric utility to integrate renewable energy resources and make use of off-peak generation resources that support the operation of charging equipment.

(10) Widespread adoption of electric vehicles should stimulate innovation, competition, and increased choices in charging equipment and networks and should also attract private capital investments and create high-quality jobs in Illinois.

(b) As used in this Section:

"Agency" means the Environmental Protection Agency.

"Beneficial electrification programs" means programs that lower carbon dioxide emissions, replace fossil fuel use, create cost savings, improve electric grid operations, reduce increases to peak demand, improve electric usage load shape, and align electric usage with times of renewable generation. All beneficial electrification programs shall provide for incentives such that customers are induced to use electricity at times of low overall system usage or at times when generation from renewable energy sources is high. "Beneficial electrification programs" include a portfolio of the following:

(1) time-of-use electric rates;

(2) hourly pricing electric rates;

(3) optimized charging programs or programs that encourage charging at times beneficial to the electric grid;

(4) optional demand-response programs specifically related to electrification efforts;

(5) incentives for electrification and associated infrastructure tied to using electricity at off-peak times;

(6) incentives for electrification and associated infrastructure targeted to medium-duty and heavy-duty vehicles used by transit agencies;

(7) incentives for electrification and associated infrastructure targeted to school buses;

(8) incentives for electrification and associated infrastructure for medium-duty and heavy-duty government and private fleet vehicles;

(9) low-income programs that provide access to electric vehicles for communities where car ownership or new car ownership is not common;

(10) incentives for electrification in eligible communities;

(11) incentives or programs to enable quicker adoption of electric vehicles by developing public charging stations in dense areas, workplaces, and low-income communities;

(12) incentives or programs to develop electric vehicle infrastructure that minimizes range anxiety, filling the gaps in deployment, particularly in rural areas and along highway corridors;

(13) incentives to encourage the development of electrification and renewable energy generation in close proximity in order to reduce grid congestion;

(14) offer support to low-income communities who are experiencing financial and accessibility barriers such that electric vehicle ownership is not an option; and

(15) other such programs as defined by the Commission.

"Black, indigenous, and people of color" or "BIPOC" means people who are members of the groups described in subparagraphs (a) through (e) of paragraph (A) of subsection (1) of Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act [30 ILCS 575/2].

"Commission" means the Illinois Commerce Commission.

"Coordinator" means the Electric Vehicle Coordinator.

"Electric vehicle" means a vehicle that is exclusively powered by and refueled by electricity, must be plugged in to charge, and is licensed to drive on public roadways. "Electric vehicle" does not include electric mopeds, electric off-highway vehicles, or hybrid electric vehicles and extended-range electric vehicles that are also equipped with conventional fueled propulsion or auxiliary engines.

"Electric vehicle charging station" means a station that delivers electricity from a source outside an electric vehicle into one or more electric vehicles.

"Environmental justice communities" means the definition of that term based on existing methodologies and findings, used and as may be updated by the Illinois Power Agency and its program administrator in the Illinois Solar for All Program.

"Equity investment eligible community" or "eligible community" means the geographic areas throughout Illinois which would most benefit from equitable investments by the State designed to combat discrimination and foster sustainable economic growth. Specifically, "eligible community" means the following areas:

(1) areas where residents have been historically excluded from economic opportunities, including opportunities in the energy sector, as defined pursuant to Section 10-40 of the Cannabis Regulation and Tax Act [410 ILCS 705/10-40]; and

(2) areas where residents have been historically subject to disproportionate burdens of pollution, including pollution from the energy sector, as established by environmental justice communities as defined by the Illinois Power Agency pursuant to Illinois Power Agency Act [20 ILCS 3855/1-1 et seq.], excluding any racial or ethnic indicators.

"Equity investment eligible person" or "eligible person" means the persons who would most benefit from equitable investments by the State designed to combat discrimination and foster sustainable economic growth. Specifically, "eligible person" means the following people:

(1) persons whose primary residence is in an equity investment eligible community;

(2) persons who are graduates of or currently enrolled in the foster care system; or

(3) persons who were formerly incarcerated.

"Low-income" means persons and families whose income does not exceed 80% of the state median income for the current State fiscal year as established by the U.S. Department of Health and Human Services.

"Make-ready infrastructure" means the electrical and construction work necessary between the distribution circuit to the connection point of charging equipment.

"Optimized charging programs" mean programs whereby owners of electric vehicles can set their vehicles to be charged based on the electric system's current demand, retail or wholesale market rates, incentives, the carbon or other pollution intensity of the electric generation mix, the provision of grid services, efficient use of the electric grid, or the availability of clean energy generation. Optimized charging programs may be operated by utilities as well as third parties.

(c) The Commission shall initiate a workshop process no later than November 30, 2021 for the purpose of soliciting input on the design of beneficial electrification programs that the utility shall offer. The workshop shall be coordinated by the Staff of the Commission, or a facilitator retained by Staff, and shall be organized and facilitated in a manner that encourages representation from diverse stakeholders, including stakeholders representing environmental justice and low-income communities, and ensures equitable opportunities for participation, without requiring formal intervention or representation by an attorney.

The stakeholder workshop process shall take into consideration the benefits of electric vehicle adoption and barriers to adoption, including:

(1) the benefit of lower bills for customers who do not charge electric vehicles;

(2) benefits to the distribution system from electric vehicle usage;

(3) the avoidance and reduction in capacity costs from optimized charging and off-peak charging;

(4) energy price and cost reductions;

(5) environmental benefits, including greenhouse gas emission and other pollution reductions;

(6) current barriers to mass-market adoption, including cost of ownership and availability of charging stations;

(7) current barriers to increasing access among populations that have limited access to electric vehicle ownership, communities significantly impacted by transportation-related pollution, and market segments that create disproportionate pollution impacts;

(8) benefits of and incentives for medium-duty and heavy-duty fleet vehicle electrification;

(9) opportunities for eligible communities to benefit from electrification;

(10) geographic areas and market segments that should be prioritized for electrification infrastructure investment.

The workshops shall consider barriers, incentives, enabling rate structures, and other opportunities for the bill reduction and environmental benefits described in this subsection.

The workshop process shall conclude no later than February 28, 2022. Following the workshop, the Staff of the Commission, or the facilitator retained by the Staff, shall prepare and submit a report, no later than March 31, 2022, to the Commission that includes, but is not limited to, recommendations for transportation electrification investment or incentives in the following areas:

(i) publicly accessible Level 2 and fast-charging stations, with a focus on bringing access to transportation electrification in densely populated areas and workplaces within eligible communities;

(ii) medium-duty and heavy-duty charging infrastructure used by government and private fleet vehicles that serve or travel through environmental justice or eligible communities;

(iii) medium-duty and heavy-duty charging infrastructure used in school bus operations, whether private or public, that primarily serve governmental or educational institutions, and also serve or travel through environmental justice or eligible communities;

(iv) public transit medium-duty and heavy-duty charging infrastructure, developed in consultation with public transportation agencies; and

(v) publicly accessible Level 2 and fast-charging stations targeted to fill gaps in deployment, particularly in rural areas and along State highway corridors.

The report must also identify the participants in the process, program designs proposed during the process, estimates of the costs and benefits of proposed programs, any material issues that remained unresolved at the conclusions of such process, and any recommendations for workshop process improvements. The report shall be used by the Commission to inform and evaluate the cost effectiveness and achievement of goals within the submitted Beneficial Electrification Plans.

(d) No later than July 1, 2022, electric utilities serving greater than 500,000 customers in the State shall file a Beneficial Electrification Plan with the Illinois Commerce Commission for programs that start no later than January 1, 2023. The plan shall take into consideration recommendations from the workshop report described in this Section. Within 45 days after the filing of the Beneficial Electrification Plan, the Commission shall, with reasonable notice, open an investigation to consider whether the plan meets the objectives and contains the information required by this Section. The Commission shall determine if the proposed plan is cost-beneficial and in

the public interest. When considering if the plan is in the public interest and determining appropriate levels of cost recovery for investments and expenditures related to programs proposed by an electric utility, the Commission shall consider whether the investments and other expenditures are designed and reasonably expected to:

(1) maximize total energy cost savings and rate reductions so that nonparticipants can benefit;

(2) address environmental justice interests by ensuring there are significant opportunities for residents and businesses in eligible communities to directly participate in and benefit from beneficial electrification programs;

(3) support at least a 40% investment of make-ready infrastructure incentives to facilitate the rapid deployment of charging equipment in or serving environmental justice, low-income, and eligible communities; however, nothing in this subsection is intended to require a specific amount of spending in a particular geographic area;

(4) support at least a 5% investment target in electrifying medium-duty and heavy-duty school bus and diesel public transportation vehicles located in or serving environmental justice, low-income, and eligible communities in order to provide those communities and businesses with greater economic investment, transportation opportunities, and a cleaner environment so they can directly benefit from transportation electrification efforts; however, nothing in this subsection is intended to require a specific amount of spending in a particular geographic area;

(5) stimulate innovation, competition, private investment, and increased consumer choices in electric vehicle charging equipment and networks;

(6) contribute to the reduction of carbon emissions and meeting air quality standards, including improving air quality in eligible communities who disproportionately suffer from emissions from the medium-duty and heavy-duty transportation sector;

(7) support the efficient and cost-effective use of the electric grid in a manner that supports electric vehicle charging operations; and

(8) provide resources to support private investment in charging equipment for uses in public and private charging applications, including residential, multi-family, fleet, transit, community, and corridor applications.

The plan shall be determined to be cost-beneficial if the total cost of beneficial electrification expenditures is less than the net present value of increased electricity costs (defined as marginal avoided energy, avoided capacity, and avoided transmission and distribution system costs) avoided by programs under the plan, the net present value of reductions in other customer energy costs, net revenue from all electric charging in the service territory, and the societal value of reduced carbon emissions and surface-level pollutants, particularly in environmental justice communities. The calculation of costs and benefits should be based on net impacts, including the impact on customer rates.

The Commission shall approve, approve with modifications, or reject the plan within 270 days from the date of filing. The Commission may approve the plan if it finds that the plan will achieve the goals described in this Section and contains the information described in this Section. Proceedings under this Section shall proceed according to the rules provided by Article IX of the Public Utilities Act [220 ILCS 5/9-101 et seq.]. Information contained in the approved plan shall be considered part of the record in any Commission proceeding under Section 16-107.6 of the Public Utilities Act [220 ILCS 5/16-107.6], provided that a final order has not been entered prior to the initial filing date. The Beneficial Electrification Plan shall specifically address, at a minimum, the following:

(i) make-ready investments to facilitate the rapid deployment of charging equipment throughout the State, facilitate the electrification of public transit and other vehicle fleets in the light-duty, medium-duty, and heavy-duty sectors, and align with Agency-issued rebates for charging equipment;

(ii) the development and implementation of beneficial electrification programs, including time-of-use rates and their benefit for electric vehicle users and for all customers, optimized charging programs to achieve savings identified, and new contracts and compensation for services in those programs, through signals that allow electric vehicle charging to respond to local system conditions, manage critical peak periods, serve as a demand response or peak resource, and maximize renewable energy use and integration into the grid;

(iii) optional commercial tariffs utilizing alternatives to traditional demand-based rate structures to facilitate charging for light duty, heavy duty, and fleet electric vehicles;

(iv) financial and other challenges to electric vehicle usage in low-income communities, and strategies for overcoming those challenges, particularly in communities and for people for whom car ownership is not an option;

(v) methods of minimizing ratepayer impacts and exempting or minimizing, to the extent possible, low-income ratepayers from the costs associated with facilitating the expansion of electric vehicle charging;

(vi) plans to increase access to Level 3 Public Electric Vehicle Charging Infrastructure to serve vehicles that need quicker charging times and vehicles of persons who have no other access to charging infrastructure, regardless of whether those projects participate in optimized charging programs;

(vii) whether to establish charging standards for type of plugs eligible for investment or incentive programs, and if so, what standards;

(viii) opportunities for coordination and cohesion with electric vehicle and electric vehicle charging equipment incentives established by any agency, department, board, or commission of the State, any other unit of government in the State, any national programs, or any unit of the federal government;

(ix) ideas for the development of online tools, applications, and data sharing that provide essential information to those charging electric vehicles, and enable an automated charging response to price signals, emission signals, real-time renewable generation production, and other Commission-approved or customer-desired indicators of beneficial charging times; and

(x) customer education, outreach, and incentive programs that increase awareness of the programs and the benefits of transportation electrification, including direct outreach to eligible communities;

(e) Proceedings under this Section shall proceed according to the rules provided by Article IX of the Public Utilities Act. Information contained in the approved plan shall be considered part of the record in any Commission proceeding under Section 16-107.6 of the Public Utilities Act, provided that a final order has not been entered prior to the initial filing date.

(f) The utility shall file an update to the plan on July 1, 2024 and every 3 years thereafter. This update shall describe transportation investments made during the prior plan period, investments planned for the following 24 months, and updates to the information required by this Section. Beginning with the first update, the utility shall develop the plan in conjunction with the distribution system planning process described in Section 16-105.17 [20 ILCS 627/16-105.7], including incorporation of stakeholder feedback from that process.

(g) Within 35 days after the utility files its report, the Commission shall, upon its own initiative, open an investigation regarding the utility's plan update to investigate whether the objectives described in this Section are being achieved. The Commission shall determine whether investment targets should be increased based on achievement of spending goals outlined in the Beneficial Electrification Plan and consistency with outcomes directed in the plan stakeholder workshop report. If the Commission finds, after notice and hearing, that the utility's plan is materially deficient, the Commission shall issue an order requiring the utility to devise a corrective action plan, subject to Commission approval, to bring the plan into compliance with the goals of this Section. The Commission's order shall be entered within 270 days after the utility files its annual report. The contents of a plan filed under this Section shall be available for evidence in Commission proceedings. However, omission from an approved plan shall not render any future utility expenditure to be considered unreasonable or imprudent. The Commission may, upon sufficient evidence, allow expenditures that were not part of any particular distribution plan. The Commission shall consider revenues from electric vehicles in the utility's service territory in evaluating the retail rate impact. The retail rate impact from the development of electric vehicle infrastructure shall not exceed 1% per year of the total annual revenue requirements of the utility.

(h) In meeting the requirements of this Section, the utility shall demonstrate efforts to increase the use of contractors and electric vehicle charging station installers that meet multiple workforce equity actions, including, but not limited to:

(1) the business is headquartered in or the person resides in an eligible community;

(2) the business is majority owned by eligible person or the contractor is an eligible person;

(3) the business or person is certified by another municipal, State, federal, or other certification for disadvantaged businesses;

(4) the business or person meets the eligibility criteria for a certification program such as:

(A) certified under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act;

(B) certified by another municipal, State, federal, or other certification for disadvantaged businesses;

(C) submits an affidavit showing that the vendor meets the eligibility criteria for a certification program such as those in items (A) and (B); or

(D) if the vendor is a nonprofit, meets any of the criteria in those in item (A), (B), or (C) with the exception that the nonprofit is not required to meet any criteria related to being a for-profit entity, or is controlled by a board of directors that consists of 51% or greater individuals who are equity investment eligible persons; or

(E) ensuring that program implementation contractors and electric vehicle charging station installers pay employees working on electric vehicle charging installations at or above the prevailing wage rate as published by the Department of Labor.

Utilities shall establish reporting procedures for vendors that ensure compliance with this subsection, but are structured to avoid, wherever possible, placing an undue administrative burden on vendors.

(i) Program data collection.

(1) In order to ensure that the benefits provided to Illinois residents and business by the clean energy economy are equitably distributed across the State, it is necessary to accurately measure the applicants and recipients of this Program. The purpose of this paragraph is to require the implementing utilities to collect all data from Program applicants and beneficiaries to track and improve equitable distribution of benefits across Illinois communities. The further purpose is to measure any potential impact of racial discrimination on

the distribution of benefits and provide the utilities the information necessary to correct any discrimination through methods consistent with State and federal law.

(2) The implementing utilities shall collect demographic and geographic data for each applicant and each person or business awarded benefits or contracts under this Program.

(3) The implementing utilities shall collect the following information from applicants and Program or procurement beneficiaries where applicable:

(A) demographic information, including racial or ethnic identity for real persons employed, contracted, or subcontracted through the program;

(B) demographic information, including racial or ethnic identity of business owners;

(C) geographic location of the residency of real persons or geographic location of the headquarters for businesses; and

(D) any other information necessary for the purpose of achieving the purpose of this paragraph.

(4) The utility shall publish, at least annually, aggregated information on the demographics of program and procurement applicants and beneficiaries. The utilities shall protect personal and confidential business information as necessary.

(5) The utilities shall conduct a regular review process to confirm the accuracy of reported data.

(6) On a quarterly basis, utilities shall collect data necessary to ensure compliance with this Section and shall communicate progress toward compliance to program implementation contractors and electric vehicle charging station installation vendors.

(7) Utilities filing Beneficial Electrification Plans under this Section shall report annually to the Illinois Commerce Commission and the General Assembly on how hiring, contracting, job training, and other practices related to its Beneficial electrification programs enhance the diversity of vendors working on such programs. These reports must include data on vendor and employee diversity.

(j) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes [5 ILCS 70/1.31].

20 ILCS 627/55 Charging rebate program.

(a) In order to substantially offset the installation costs of electric vehicle charging infrastructure, beginning July 1, 2022, and continuing as long as funds are available, the Agency shall issue rebates, consistent with the Commission-approved Beneficial Electrification Plans in accordance with Section 45 [20 ILCS 627/45], to public and private organizations and companies to install and maintain Level 2 or Level 3 charging stations.

(b) The Agency shall award rebates or grants that fund up to 80% of the cost of the installation of charging stations. The Agency shall award additional incentives per port for every charging station installed in an eligible community and every charging station located to support eligible persons. In order to be eligible to receive a rebate or grant, the organization or company must submit an application to the Agency and commit to paying the prevailing wage for the installation project. The Agency shall by rule provide application and other programmatic details and requirements, including additional incentives for eligible communities. The Agency may determine per port or project caps based on a review of best practices and stakeholder engagement. The Agency shall accept applications on a rolling basis and shall award rebates or grants within 60 days of each application. The Agency must require that any grant or rebate applicant comply with the requirements of the Prevailing Wage Act for any installation of a charging station for which it seeks a rebate or grant.

20 ILCS 627/60 Study on loss of infrastructure funds and replacement options. [Repealed January 1, 2024]

The Illinois Department of Transportation shall conduct a study to be delivered to the members of the Illinois General Assembly and made available to the public no later than September 30, 2022. The study shall consider how the proliferation of electric vehicles will adversely affect resources needed for transportation infrastructure and take into consideration any relevant federal actions. The study shall identify the potential revenue loss and offer multiple options for replacing those lost revenues. The Illinois Department of Transportation shall collaborate with organizations representing businesses involved in designing and building transportation infrastructure, organized labor, the general business community, and users of the system. In addition, the Illinois Department of Transportation may collaborate with other state agencies, including but not limited to the Illinois Secretary of State and the Illinois Department of Revenue.

INTERAGENCY WETLAND POLICY ACT OF 1989

Article I. GENERAL PROVISIONS

Article II. Agency Coordination

Article III. STATE WETLAND MITIGATION POLICY

Article IV. ADMINISTRATION

ARTICLE I.

GENERAL PROVISIONS

20 ILCS 830/1-1 Short Title

This Act shall be known and may be cited as the "Interagency Wetland Policy Act of 1989".

HISTORY:
P.A. 86-157.

20 ILCS 830/1-2 Legislative declaration

The General Assembly finds and determines that:

(a) In 1818, Illinois contained an estimated 8.2 million acres of wetlands. Based upon preliminary results of the Illinois portion of the National Wetlands Inventory, less than nine percent of the original acres remain.

(b) With the significant loss in acreage, a corresponding loss in the functional values and benefits that wetlands provide has occurred.

(c) Continued loss of Illinois' wetlands may deprive the people of this State of some or all of the benefits which they provide, including:

(1) reducing flood damages by absorbing, storing and conveying peak flows from storms;

(2) improving water quality by serving as sedimentation and filtering basins and as natural biological treatment areas;

(3) providing breeding, nesting, forage and protective habitat for approximately 40 percent of the State's threatened and endangered plants and animals, in addition to other forms of fish, wildlife, waterfowl and shorebirds;

(4) protecting underground water resources and helping to recharge rivers, streams and local or regional underground water supplies;

(5) serving as recreational areas for hunting, fishing, boating, hiking, bird watching, photography and other uses;

(6) providing open space and aesthetic values, particularly in rapidly developing areas;

(7) providing unique educational and research opportunities because of their high diversity of plants and animals, their support for a high incidence of threatened and endangered species, and their function as a natural buffer for rivers, lakes and streams;

(8) supplying nutrients in freshwater food cycles and serving as nursery areas and sanctuaries for young fish; and

(9) helping to protect shorelines from the forces of water erosion.

HISTORY:
P.A. 86-157.

20 ILCS 830/1-3 Application

The General Assembly recognizes the environmental, economic and social values of the State's remaining wetlands and directs that State agencies shall preserve, enhance, and create wetlands where possible and avoid adverse impacts to wetlands from:

(a) State and State pass-through funded construction activities. This Act does not apply to construction activities costing less than $10,000, in which nonpublic contributions are at least 25 percent of the total cost. This Act does not apply to cleanup of contaminated sites authorized, funded or approved pursuant to: (1) the federal Comprehensive Environmental Response Compensation and Liability Act of 1980 (P.L. 96-510), as amended [42 U.S.C. § 9602]; (2) the leaking underground storage tank program, as established in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended [42 U.S.C. § 6901 et seq.], of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580) [42 U.S.C. § 6901 et seq.]; (3) the State remedial action program established under Section 4 of the Environmental Protection Act, as amended [415 ILCS 5/4], or any other Section of this Act or regulations promulgated thereunder which pertain to the above exempted federal cleanup programs.

This Act does not apply to projects receiving loan assistance provided to local government units under the provisions of the Illinois Water Pollution Control Revolving Fund, that are subject to review under the

National Environmental Policy Act of 1969 (NEPA) [42 U.S.C. § 4321 et seq.] or the state equivalent, pursuant to rules governing the Illinois Water Pollution Control Revolving Fund.

(b) State supported land management activities;

(c) State and State supported technical assistance programs; and

(d) Other State activities that result in adverse impacts to wetlands.

Educational materials produced with State support, shall be consistent with the policies contained within this Act.

HISTORY:
P.A. 86-157.

20 ILCS 830/1-4 State goal

It shall be the goal of the State that there be no overall net loss of the State's existing wetland acres or their functional value due to State supported activities. Further, State agencies shall preserve, enhance and create wetlands where necessary in order to increase the quality and quantity of the State's wetland resource base.

HISTORY:
P.A. 86-157.

20 ILCS 830/1-5 Goal implementation

The goal is implemented through a State Wetland Mitigation Policy and the development of Agency Action Plans.

HISTORY:
P.A. 86-157.

20 ILCS 830/1-6 Definitions

As used in this Act:

(a) "Wetland" means land that has a predominance of hydric soils (soils which are usually wet and where there is little or no free oxygen) and that is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of hydrophytic vegetation (plants typically found in wet habitats) typically adapted for life in saturated soil conditions. Areas which are restored or created as the result of mitigation or planned construction projects and which function as a wetland are included within this definition even when all three wetland parameters are not present.

(b) "Adverse wetland impacts" means any land management and construction or related project activity which directly or indirectly reduces the size of a wetland or impairs a wetland's functional value, as described in subsection (c) of Section 1-2 of this Act [20 ILCS 830/1-2], or the hydraulic and hydrologic characteristics of a wetland.

(c) "Director" means the Director of Natural Resources.

(d) "Department" with reference to this Act means the Department of Natural Resources.

(e) "Committee" means the Interagency Wetlands Committee created by this Act.

(f) "Mitigation" includes avoiding, minimizing or compensating for adverse wetland impacts. This includes:

(1) Avoiding the impact altogether by not taking a certain action or parts of an action;

(2) Minimizing the impact by limiting the magnitude of the action; and

(3) Compensating for the impact by replacing or providing substitute wetland resources or environments.

(g) "Agency Action Plan" means a plan developed by an individual agency to implement this Act.

(h) "Wetland Compensation Plan" means a plan developed for each individual construction project that details how the responsible agency will compensate for actions which will result in adverse wetland impacts.

(i) "Conservation Organization" means an organization, legally established under Illinois Law, for the purpose of managing and protecting natural resources.

(j) "Necessary" means in a manner consistent with the intent of this Act.

HISTORY:
P.A. 86-157; 89-445, § 9A-13.

ARTICLE II.

AGENCY COORDINATION

20 ILCS 830/2-1 Interagency Wetlands Committee.

An Interagency Wetlands Committee, chaired by the Director of Natural Resources or his or her representative, is established. The Directors of the following agencies, or their respective representatives, shall serve as members of the Committee:

Capital Development Board,

Department of Agriculture,

Department of Commerce and Economic Opportunity,

Environmental Protection Agency, and

Department of Transportation.

The Interagency Wetlands Committee shall also include 2 additional persons with relevant expertise designated by the Director of Natural Resources.

The Interagency Wetlands Committee shall advise the Director in the administration of this Act. This will include:

(a) Developing rules and regulations for the implementation and administration of this Act.

(b) Establishing guidelines for developing individual Agency Action Plans.

(c) Developing and adopting technical procedures for the consistent identification, delineation and evaluation of existing wetlands and quantification of their functional values and the evaluation of wetland restoration or creation projects.

(d) Developing a research program for wetland function, restoration and creation.

(e) Preparing reports, including:

(1) A biennial report to the Governor and the General Assembly on the impact of State supported activities on wetlands.

(2) A comprehensive report on the status of the State's wetland resources, including recommendations for additional programs, by January 15, 1991.

(f) Development of educational materials to promote the protection of wetlands.

HISTORY:
P.A. 86-157; 89-445, § 9B-6; 92-651, § 13; 94-793, § 215; 2018 P.A. 100-695, § 10, effective August 3, 2018.

20 ILCS 830/2-2 Agency Action Plans

Within one year following passage of this Act each State agency serving on the Interagency Wetlands Committee shall prepare an Agency Action Plan, which shall be used as the agency's procedural plan for the implementation of this Act. Guidelines for Agency Action Plans shall be developed by the Department and reviewed by the Committee within 6 months of the effective date of this Act.

(a) Minimum elements of each Agency Action Plan will include:

(1) Provisions for both a consultation process with the Department and conflict resolution process through the Governor's office;

(2) Procedures for the development of a Wetland Compensation Plan;

(3) Procedures to scientifically monitor the success of wetland restoration/creation projects.

(4) Procedures to minimize the destruction of wetlands caused or encouraged by State supported construction, land management, technical assistance, educational and other activities;

(5) Procedures to increase the quantity and quality of wetlands as a standard component of agency activities including incentives for the creation of wetlands in the agency's regulation of activities for which wetland compensation plans are not required by this Act;

(6) Procedures to coordinate the responsibilities contained within this Act with other State programs;

(7) Procedures to ensure that historic and archaeological resources will not be negatively impacted by this Act; and

(8) An acquisition policy related to implementation of this Act.

(b) Agency Action Plans may also include: (1) procedures for the development and management of a Wetland Compensation Account; and (2) procedures to expedite the review of certain classes of projects.

(c) Agency Action Plans shall be submitted to the Governor and the General Assembly after review and approval by the Department.

HISTORY:
P.A. 86-157.

ARTICLE III.

STATE WETLAND MITIGATION POLICY

20 ILCS 830/3-1 State Wetland Mitigation Policy

This Act implements the State Wetland Mitigation Policy, which directs that each State agency shall preserve wetlands as a priority of action when they develop construction or land management plans. When an agency can establish that no other feasible alternative exists and adverse wetland impacts are unavoidable, adverse impacts are to be compensated for through the development and implementation of a Department approved Wetland Compensation Plan.

The policy requires progressive levels of compensation based upon the level of impact to the existing wetland and the location of compensation wetlands. Priority shall be given to locating compensation wetlands close to the wetland area impacted.

Proposed State and State-supported construction activities which may impact wetlands identified on the Illinois Natural Areas Inventory, under public ownership or which provide habitat for State or federally threatened or endangered species will continue to require direct consultation with the Department and compliance with the Endangered Species Protection Act of 1986 [520 ILCS 10/1 et seq.].

HISTORY:
P.A. 86-157.

20 ILCS 830/3-2 Ownership and management

Wetlands, whether purchased, restored or created as the result of this Act shall be protected through either easements or fee simple transfer to either a public conservation agency or private conservation organization which will protect and manage the area.

HISTORY:
P.A. 86-157.

20 ILCS 830/3-3 Wetland Compensation Account

Each State agency is hereby authorized to establish a Wetland Compensation Account to reconcile debits and credits established as the result of Wetland Compensation Plans.

Management of a Wetland Compensation Account, if established, is the responsibility of the individual State agency. The Department shall review each agency's Compensation Account to confirm that all debits and credits are accounted for and balanced.

HISTORY:
P.A. 86-157.

20 ILCS 830/3-4 Impact evaluation

For each project action involving a wetland, State agencies shall follow a multi-step process to avoid and minimize adverse wetland impacts as the preferred course of action. An agency must document that no other feasible alternative exists before adverse impacts are considered.

In order of priority, these steps shall include:

(1) The avoidance of adverse wetland impacts;

(2) Minimal alteration with compensation on the site of the proposed project;

(3) Significant alteration with compensation on the site of the proposed project;

(4) Wetland destruction with compensation on the site of the proposed project;

(5) Wetland destruction with compensation off the site of the proposed project but within the same drainage basin; and

(6) Wetland destruction with compensation both off the site of the proposed project and out of the drainage basin.

HISTORY:
P.A. 86-157.

20 ILCS 830/3-5 Value

Value shall include: Value for each compensation plan shall be established by the agency developing the compensation plan in consultation with the Department.

HISTORY:
P.A. 86-157.

20 ILCS 830/3-6 Compensation ratios

Wetland Compensation Plans must adhere to a schedule of increasing compensation ratios based upon the amount of adverse wetland impact and the location of compensation projects.

(a) Compensation ratios are required to:

(1) Ensure that wetland systems are not destroyed without careful evaluation of other alternatives; and

(2) Discourage destruction of wetland resources in rapidly developing areas of Illinois and their replacement within other regions of the State.

(b) Compensation ratios shall be established and shall be progressively higher to reflect the priority actions identified in Section 3-4 [20 ILCS 830/3-4].

The lowest compensation ratio shall be for minimal alteration and compensation on-site. The highest compensation ratio shall be for destruction and compensation outside the impacted wetland's drainage basin.

Progressively higher compensation ratios shall strongly encourage agencies to avoid or minimize adverse wetland impacts and to compensate on-site.

(c) Compensation may be accomplished through a combination of creation of new wetlands, restoration of degraded wetlands, acquisition of existing wetlands, or research. Compensation shall be accomplished using the best available technology.

(d) The Department, through the Interagency Wetlands Committee, shall review the compensation ratios to determine their adequacy and appropriateness, and shall report the results of this review in the biennial report required in Section 2-1 [20 ILCS 830/2-1].

(e) When adverse wetland impacts occur, the Wetland Compensation Plan must include the creation of at least one-for-one replacement of new wetlands of comparable functional type and size, before restoration, acquisition or research alternatives are considered.

One provision of a Wetland Compensation Plan may include funding for needed research on wetland functions, restoration or creation. Credit for research funding requires approval of the Department upon consultation of the Committee.

HISTORY:
P.A. 86-157.

ARTICLE IV.

ADMINISTRATION

20 ILCS 830/4-1 Administration

The Department shall administer this Act and shall formulate rules and regulations necessary for its implementation.

RECREATIONAL TRAILS OF ILLINOIS ACT

Section

20 ILCS 862/10 Definitions.

As used in this Act:

"Department" means the Department of Natural Resources.

"Director" means the Director of Natural Resources.

"Facilities" means equipment or other man-made improvement that is directly associated with, and provided for, a recreational trail. Typical recreational trail facilities include signage, gates, culverts, trail

bridges, railings, benches, security cameras, security lighting, aggregate and other erosion control measures, picnic shelters, informational kiosks, and vault toilets.

"Large non-highway vehicle" means any motorized off-highway device designed to travel primarily off-highway, greater than 64 inches and not more than 75 inches in width, having a manufacturer's dry weight of 3,500 pounds or less, traveling on 4 or more non-highway tires, designed with a non-straddle seat and a steering wheel for steering control, except equipment such as lawnmowers.

"Off-highway vehicle" means a motor-driven recreational vehicle capable of cross-country travel on natural terrain without benefit of a road or trail, including an all-terrain vehicle and off-highway motorcycle as defined in the Illinois Vehicle Code. "Off-highway vehicle" does not include a snowmobile; a motorcycle; a watercraft; snow-grooming equipment when used for its intended purpose; an aircraft; or a large non-highway vehicle.

"Recreational trail" means a thoroughfare or track across land or snow or along water, used for recreational purposes such as bicycling, cross-country skiing, day hiking, equestrian activities, jogging or similar fitness activities, trail biking, overnight and long-distance backpacking, snowmobiling, aquatic or water activity, and vehicular travel by motorcycle or off-highway vehicles.

20 ILCS 2605/2605-410 Over Dimensional Load Police Escort Fund. [Effective until January 1, 2023]

To charge, collect, and receive fees or moneys as described in Section 15-312 of the Illinois Vehicle Code [625 ILCS 5/15-312]. All fees received by the Illinois State Police under Section 15-312 of the Illinois Vehicle Code shall be deposited into the Over Dimensional Load Police Escort Fund, a special fund that is created in the State treasury. Subject to appropriation, the money in the Over Dimensional Load Police Escort Fund shall be used by the Illinois State Police for its expenses in providing police escorts and commercial vehicle enforcement activities. This Fund is dissolved upon the transfer of the remaining balance from the Over Dimensional Load Police Escort Fund to the State Police Operations Assistance Fund as provided under subsection (a-5) of Section 6z-82 of the State Finance Act [30 ILCS 105/6z-82]. This Section is repealed on January 1, 2023.

HISTORY:
P.A. 95-787, § 5; 2021 P.A. 102-538, § 195, effective August 20, 2021; 2022 P.A. 102-813, § 170, effective May 13, 2022.

ILLINOIS STATE POLICE ACT

Section
20 ILCS 2610/16 [Duties and powers of State policemen]
20 ILCS 2610/21 [Policing toll highways; powers and duties of officers]

20 ILCS 2610/16 [Duties and powers of State policemen]

State policemen shall enforce the provisions of The Illinois Vehicle Code [625 ILCS 5/1-100 et seq.], approved September 29, 1969, as amended, and Article 9 of the "Illinois Highway Code" [605 ILCS 5/9-101 et seq.] as amended; and shall patrol the public highways and rural districts to make arrests for violations of the provisions of such Acts. They are conservators of the peace and as such have all powers possessed by policemen in cities, and sheriffs, except that they may exercise such powers anywhere in this State. The State policemen shall cooperate with the police of cities, villages and incorporated towns, and with the police officers of any county, in enforcing the laws of the State and in making arrests and recovering property. They may be equipped with standardized and tested devices for weighing motor vehicles and may stop and weigh, acting reasonably, or cause to be weighed, any motor vehicle which appears to weigh in excess of the weight permitted by law. It shall also be the duty of the Illinois State Police to determine, whenever possible, the person or persons

or the causes responsible for the breaking or destruction of any improved hard-surfaced roadway; to arrest all persons criminally responsible for such breaking or destruction and bring them before the proper officer for trial. The Illinois State Police shall divide the State into Districts and assign each district to one or more policemen. No person employed under this Act, however, shall serve or execute civil process, except for process issued under the authority of the General Assembly, or a committee or commission thereof vested with subpoena powers when the county sheriff refuses or fails to serve such process, and except for process issued under the authority of the Illinois Department of Revenue.

P.A. 84-25; 2021 P.A. 102-538, § 200, effective August 20, 2021.

20 ILCS 2610/21 [Policing toll highways; powers and duties of officers]

(a) The Illinois State Police shall appoint as State policemen the number of persons required for assignment to the policing of toll highways by contracts made pursuant to Section 20 of this Act [20 ILCS 2610/20]; and such policemen shall have the same qualifications and shall be appointed and paid and shall receive the same benefits, as all other State policemen.

(b) The Director shall assign such policemen in accordance with the contract provisions, which may authorize temporary increases or decreases in the number of policemen so assigned when emergency conditions so require.

(c) State policemen so assigned have, in policing the toll highways, all powers and duties of enforcement and arrest which Section 16 of this Act [20 ILCS 2610/16] confers upon State policemen generally in policing other public highways and other areas, and in addition have the duty to enforce all regulations established by the Illinois State Toll Highway Authority pursuant to the authority of the Toll Highway Act [605 ILCS 10/1 et seq.].

HISTORY:
P.A. 77-153; 91-239, § 5-5.

20 ILCS 2705/2705-200 Master plan; reporting requirements

(a) The Department has the power to develop and maintain a continuing, comprehensive, and integrated planning process that shall develop and periodically revise a statewide master plan for transportation to guide program development and to foster efficient and economical transportation services in ground, air, water, and all other modes of transportation throughout the State. The Department shall coordinate its transportation planning activities with those of other State agencies and authorities and shall supervise and review any transportation planning performed by other Executive agencies under the direction of the Governor. The Department shall cooperate and participate with federal, regional, interstate, State, and local agencies, in accordance with Sections 5-301 and 7-301 of the Illinois Highway Code [605 ILCS 5/5-301 and 605 ILCS 5/7-301], and with interested private individuals and organizations in the coordination of plans and policies for development of the state's transportation system.

To meet the provisions of this Section, the Department shall publish and deliver to the Governor and General Assembly by December 31, 2012 and every 5 years thereafter, its master plan for highway, waterway, aeronautic, mass transportation, and railroad systems. The plan shall identify priority subsystems or components of each system that are critical to the economic and general welfare of this State regardless of public jurisdictional responsibility or private ownership.

The master plan shall include a comprehensive and multimodal freight mobility plan which shall

analyze commodity flows, assess the freight transportation network, and identify significant freight system trends, needs, and economic opportunities. It shall recommend improvements in the operation and management of the freight system, projects that will eliminate inefficiencies in the State's freight network, methods of funding needed for freight system improvements, and policies to ensure the safe, reliable, and efficient movement of goods within and through the State and to ensure the State's economic vitality. The freight mobility plan shall incorporate and maintain compatibility with any federally required rail plan affecting this State.

The master plan shall provide particular emphasis and detail of at least the 5-year period in the immediate future.

Annual and 5-year, or longer, project programs for each State system in this Section shall be published and furnished the General Assembly on the first Wednesday in April of each year.

Identified needs included in the project programs shall be listed and mapped in a distinctive fashion to clearly identify the priority status of the projects: (1) projects to be committed for execution; (2) tentative projects that are dependent upon funding or other constraints; and (3) needed projects that are not programmed due to lack of funding or other constraints.

All projects shall be related to the priority systems of the master plan, and the priority criteria identified. Cost and estimated completion dates shall be included for work required to complete a useable segment or component beyond the period of the program.

(b) The Department shall publish and deliver to the Governor and General Assembly on the first Wednesday in April of each year a 5-year, or longer, Highway Improvement Program reporting the number of fiscal years each project has been on previous plans submitted by the Department.

(c) The Department shall publish and deliver to the Governor and the General Assembly by November 1 of each year a For the Record report that shall include the following:

(1) All the projects accomplished in the previous fiscal year listed by each Illinois Department of Transportation District.

(2) The award cost and the beginning dates of each listed project.

HISTORY:

P.A. 82-110; 90-277, § 5; 91-239, § 5-5; 91-357, § 40; 92-16, § 25; 94-91, § 15-5; 97-32, § 5.

20 ILCS 2705/2705-203 Transportation asset management plan and performance-based programming.

(a) The General Assembly declares it to be in the public interest that a project prioritization process be developed and implemented to: improve the efficiency and effectiveness of the State's transportation system and transportation safety; enhance movement and multi-modal connections of people and goods; mitigate environmental impacts; and promote inclusive economic growth throughout the State.

(b) In accordance with Section 2705-200 [20 ILCS 2705/2705-200], the Department of Transportation shall develop and publish a statewide multi-modal transportation improvement program for all transportation facilities under its jurisdiction. The development of the program shall use the following methods:

(1) use transportation system information to make investment and policy decisions to achieve statewide and regional performance goals established in the State's long-range transportation plan;

(2) ensure transportation investment decisions emerge from an objective and quantifiable technical analysis;

(3) evaluate the need and financial support necessary for maintaining, expanding, and modernizing existing transportation infrastructure;

(4) ensure that all State transportation funds invested are directed to support progress toward the achievement of performance targets established in the State's long-range transportation plan;

(5) make investment decisions transparent and accessible to the public;

(6) consider emissions and increase infrastructure resilience to climate change; and

(7) reduce disparities in transportation system performance experienced by racially marginalized communities, low-income to moderate-income consumers, and other disadvantaged groups and populations identified under the Environmental Justice Act [415 ILCS 155/1 et seq.].

(c) The Department shall develop a risk-based, statewide highway system asset management plan in accordance with 23 U.S.C. 119 and 23 CFR Part 515 to preserve and improve the condition of highway and bridge assets and enhance the performance of the system while minimizing the life-cycle cost. The asset management plan shall be made publicly available on the Department's website.

(d) The Department shall develop a needs-based transit asset management plan for State-supported public transportation assets, including vehicles, facilities, equipment, and other infrastructure in accordance with 49 CFR Part 625. The goal of the transit asset management plan is to preserve and modernize capital transit assets that will enhance the performance of the transit system. Federally required transit asset management plans developed by the Regional Transportation Authority (RTA) or service boards, as defined in Section 1.03 of the Regional Transportation Authority Act [70 ILCS 3615/1.03], shall become the transportation asset management plans for all public transportation assets owned and operated by the service boards. The Department's transit asset management plan shall be made pub-

licly available on the Department's website. The RTA shall be responsible for making public transit asset management plans for its service area publicly available.

(e) The Department shall develop a performance-based project selection process to prioritize taxpayer investment in State-owned transportation assets that add capacity. The goal of the process is to select projects through an evaluation process. This process shall provide the ability to prioritize projects based on geographic regions. The Department shall solicit input from localities, metropolitan planning organizations, transit authorities, transportation authorities, representatives of labor and private businesses, the public, community-based organizations, and other stakeholders in its development of the prioritization process pursuant to this subsection.

The selection process shall include a defined public process by which candidate projects are evaluated and selected. The process shall include both a quantitative analysis of the evaluation factors and qualitative review by the Department. The Department may apply different weights to the performance measures based on regional geography or project type. Projects selected as part of the process will be considered for inclusion in the State's multi-year transportation program and the annual element of the multi-year program. Starting April 1, 2022, no new capacity project shall be included in the multi-year transportation plan or annual element without being evaluated under the selection process described in this Section. Existing projects in the multi-year highway improvement program may be included regardless of the outcome of using the performance-based project selection tool. The policies that guide the performance-based project selection process shall be derived from State and regional long-range transportation plans. The Department shall certify that it is making progress toward the goals included in the State's long-range transportation plan. All plan and program development based on the project selection process described in this subsection shall include consideration of regional balance. The selection process shall be based on an objective and quantifiable analysis that considers, at a minimum, the goals identified in the long-range transportation plan and shall:

(1) consider emissions and increase infrastructure resilience due to climate change; and

(2) reduce disparities in transportation system performance experienced by racially marginalized communities, low-income to moderate-income consumers, and other disadvantaged groups and populations identified under the Environmental Justice Act.

(f) The prioritization process developed under subsection (e) may apply only to State jurisdiction projects and not to:

(1) projects funded by the Congestion Mitigation and Air Quality Improvement funds apportioned to the State pursuant to 23 U.S.C. 104(b)(4) and State matching funds;

(2) projects funded by the Highway Safety Improvement Program funds apportioned to the State pursuant to 23 U.S.C. 104(b)(3) and State matching funds;

(3) projects funded by the Transportation Alternatives funds set-aside pursuant to 23 U.S.C. 133(h) and State matching funds;

(4) projects funded by the National Highway Freight Program pursuant to 23 U.S.C. 167 and State matching funds;

(5) funds to be allocated to urban areas based on population under federal law; and

(6) any new federal program that requires competitive selection, distribution to local public agencies, or specific eligibility.

(g) A summary of the project evaluation process, measures, program, and scores for all candidate projects shall be published on the Department website in a timely manner.

2021 P.A. 102-573, § 5, effective August 24, 2021.

20 ILCS 2705/2705-205 Study of demand for transportation.

The Department has the power, in cooperation with State universities and other research oriented institutions, to study the extent and nature of the demand for transportation and to collect and assemble information regarding the most feasible, technical and socio-economic solutions for meeting that demand and the costs thereof. The Department has the power to report to the Governor and the General Assembly, by February 15 of each odd-numbered year, the results of the study and recommendations based on the study.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act [25 ILCS 5/3.1] and by filing additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act [15 ILCS 320/7].

20 ILCS 2705/2705-210 Traffic control and prevention of accidents. [Effective until July 1, 2023]

The Department has the power to develop, consolidate, and coordinate effective programs and activities for the advancement of driver education, for the facilitation of the movement of motor vehicle traffic, and for the protection and conservation of life and

property on the streets and highways of this State and to advise, recommend, and consult with the several departments, divisions, boards, commissions, and other agencies of this State in regard to those programs and activities. The Department has the power to aid and assist the counties, cities, towns, and other political subdivisions of this State in the control of traffic and the prevention of traffic accidents. That aid and assistance to counties, cities, towns, and other political subdivisions of this State shall include assistance with regard to planning, traffic flow, light synchronizing, preferential lanes for carpools, and carpool parking allocations.

To further the prevention of accidents, the Department shall conduct a traffic study following the occurrence of any accident involving a pedestrian fatality that occurs at an intersection of a State highway. The study shall include, but not be limited to, consideration of alternative geometric design improvements, traffic control devices, and any other improvements that the Department deems necessary. The Department shall make the results of the study available to the public on its website.

20 ILCS 2705/2705-210 Traffic control and prevention of crashes. [Effective July 1, 2023]

The Department has the power to develop, consolidate, and coordinate effective programs and activities for the advancement of driver education, for the facilitation of the movement of motor vehicle traffic, and for the protection and conservation of life and property on the streets and highways of this State and to advise, recommend, and consult with the several departments, divisions, boards, commissions, and other agencies of this State in regard to those programs and activities. The Department has the power to aid and assist the counties, cities, towns, and other political subdivisions of this State in the control of traffic and the prevention of traffic crashes. That aid and assistance to counties, cities, towns, and other political subdivisions of this State shall include assistance with regard to planning, traffic flow, light synchronizing, preferential lanes for carpools, and carpool parking allocations.

To further the prevention of crashes, the Department shall conduct a traffic study following the occurrence of any crash involving a pedestrian fatality that occurs at an intersection of a State highway. The study shall include, but not be limited to, consideration of alternative geometric design improvements, traffic control devices, and any other improvements that the Department deems necessary. The Department shall make the results of the study available to the public on its website.

20 ILCS 2705/2705-215 Cooperative utilization of equipment and services of governmental entities and not-for-profit organizations for the transportation needs in public service programs

(a) The Department is directed to encourage and assist governmental entities, not-for-profit corporations, and nonprofit community service associations, between or among themselves, in the development of reasonable utilization of transportation equipment and operational service in satisfying the general and specialized public transportation needs.

The Department shall develop and encourage cooperative development, among all entities, of programs promoting efficient service and conservation of capital investment and energy and shall assist all entities in achieving their goals and in their applications for transportation grants under appropriate State or federal programs.

(b) Implementation of cooperative programs is to be developed within the meaning of the provisions of the Intergovernmental Cooperation Act [5 ILCS 220/1 et seq.]. In the circumstances of nongovernmental entities, the Department shall be guided by that Act and any other State law in encouraging the cooperative programs between those entities.

(c) The Department shall report to the members of the General Assembly, by March 1 of each year, its successes, failures and progress in achieving the intent of this Section. The report shall also include identification of problems as well as the Department's recommendations.

20 ILCS 2705/2705-285 Ports and waterways.

(a) The Department has the power to undertake port and waterway development planning and studies of port and waterway development problems and to provide technical assistance to port districts and units of local government in connection with port and waterway development activities. The Department may provide financial assistance for the ordinary and contingent expenses of port districts upon the terms and conditions that the Department finds necessary to aid in the development of those districts.

(b) The Department shall coordinate all its activities under this Section with the Department of Commerce and Economic Opportunity.

(c) The Department, in coordination with the Department of Commerce and Economic Opportunity, shall establish a Port Facilities Capital Investment Grant Program. The Department shall, subject to appropriation, make capital improvement grants to port districts. The Multi-modal Transportation Bond Fund shall be the source of funding for the program. Eligible grant recipients shall be public port districts that offer facilities and services in a manner that supports and fulfills the mission of the Department. Eligible grant recipients have no entitlement to a grant under this Section.

(d) The Department, in consultation with the Department of Commerce and Economic Opportunity, shall adopt rules to implement this Section and shall create a competitive application procedure for grants to be awarded. The rules shall specify: the manner of applying for grants; grantee eligibility requirements; project eligibility requirements; restrictions on the use of grant moneys; the manner in which grantees must account for the use of grant moneys; and any other provision that the Department or the Department of Commerce and Economic Opportunity determine to be necessary or useful for the administration of this Section. Rules may include a requirement for grantees to provide local matching funds in an amount equal to a specific percentage of the grant.

(e) The Department of Commerce and Economic Opportunity shall establish standards for determining the priorities concerning the necessity for capital facilities for ports based on data available to the Department.

(f) No portion of a capital investment grant awarded under this Section may be used by a grantee to pay for any on-going operational costs or outstanding debt.

20 ILCS 2705/2705-300 Powers concerning mass transportation.

The Department has the power to do the following:

(1) Advise and assist the Governor and the General Assembly in formulating (i) a mass transportation policy for the State, (ii) proposals designed to help meet and resolve special problems of mass transportation within the State, and (iii) programs of assistance for the comprehensive planning, development, and administration of mass transportation facilities and services.

(2) Appear and participate in proceedings before any federal, State, or local regulatory agency involving or affecting mass transportation in the State.

(3) Study mass transportation problems and provide technical assistance to units of local government.

(4) Encourage experimentation in developing new mass transportation facilities and services.

(5) Recommend policies, programs, and actions designed to improve utilization of mass transportation services.

(6) Cooperate with mass transit districts and systems, local governments, and other State agencies in meeting those problems of air, noise, and water pollution associated with transportation.

(7) Participate fully in a statewide effort to improve transport safety, including, as the designated State agency responsible for overseeing the safety and security of rail fixed guideway public transportation systems in compliance with 49 U.S.C. 5329 and 49 U.S.C. 5330:

(A) developing, adopting, and implementing a system safety program standard and procedures meeting the compliance requirements of 49 U.S.C. 5329 and 49 U.S.C. 5330, as now or hereafter amended, for the safety and security of rail fixed guideway public transportation systems within the State; and

(B) establishing procedures in accordance with 49 U.S.C. 5329 and 49 U.S.C. 5330 to review, approve, oversee, investigate, audit, and enforce all other necessary and incidental functions related to the effectuation of 49 U.S.C. 5329 and 49 U.S.C. 5330, or other federal law, pertaining to public transportation oversight. The De-

partment may contract for the services of a qualified consultant to comply with this subsection.

The security portion of the system safety program, investigation reports, surveys, schedules, lists, or data compiled, collected, or prepared by or for the Department under this subsection shall not be subject to discovery or admitted into evidence in federal or State court or considered for other purposes in any civil action for damages arising from any matter mentioned or addressed in such reports, surveys, schedules, lists, data, or information. Except for willful or wanton conduct, neither the Department nor its employees, nor the Regional Transportation Authority, nor the St. Clair County Transit District, nor any mass transit district nor service board subject to this Section, nor their respective directors, officers, or employees, shall be held liable in any civil action for any injury to or death of any person or loss of or damage to property for any act, omission, or failure to act under this Section or 49 U.S.C. 5329 or 49 U.S.C. 5330 as now or hereafter amended.

(8) Conduct by contract or otherwise technical studies, and demonstration and development projects which shall be designed to test and develop methods for increasing public use of mass transportation and for providing mass transportation in an efficient, coordinated, and convenient manner.

(9) Make applications for, receive, and make use of grants for mass transportation.

(10) Make grants for mass transportation from the Transportation Fund pursuant to the standards and procedures of Sections 2705-305 and 2705-310 [20 ILCS 2705/2705-305 and 20 ILCS 2705/2705-310].

Nothing in this Section alleviates an individual's duty to comply with the State Officials and Employees Ethics Act [5 ILCS 430/2705-300].

HISTORY:

P.A. 81-1464; 91-239, § 5-5; 2021 P.A. 102-559, § 10, effective August 20, 2021.

20 ILCS 2705/2705-305 Grants for mass transportation

(a) For the purpose of mass transportation grants and contracts, the following definitions apply:

"Carrier" means any corporation, authority, partnership, association, person, or district authorized to provide mass transportation within the State.

"District" means all of the following:

(i) Any district created pursuant to the Local Mass Transit District Act [70 ILCS 3610/1 et seq.].

(ii) The Authority created pursuant to the Metropolitan Transit Authority Act [70 ILCS 3605/1 et seq.].

(iii) Any authority, commission, or other entity that by virtue of an interstate compact approved by Congress is authorized to provide mass transportation.

(iv) The Authority created pursuant to the Regional Transportation Authority Act [70 ILCS 3615/1.01 et seq.].

"Facilities" comprise all real and personal property used in or appurtenant to a mass transportation system, including parking lots.

"Mass transportation" means transportation provided within the State of Illinois by rail, bus, or other conveyance and available to the general public on a regular and continuing basis, including the transportation of persons with disabilities or elderly persons as provided more specifically in Section 2705-310 [20 ILCS 2705/2705-310].

"Unit of local government" means any city, village, incorporated town, or county.

(b) Grants may be made to units of local government, districts, and carriers for the acquisition, construction, extension, reconstruction, and improvement of mass transportation facilities. Grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization.

(c) The Department shall make grants under this Law in a manner designed, so far as is consistent with the maintenance and development of a sound mass transportation system within the State, to: (i) maximize federal funds for the assistance of mass transportation in Illinois under the Federal Transit Act [49 U.S.C. § 5301 et seq.] and other federal Acts; (ii) facilitate the movement of persons who because of age, economic circumstance, or physical infirmity are unable to drive; (iii) contribute to an improved environment through the reduction of air, water, and noise pollution; and (iv) reduce traffic congestion.

(d) The Secretary shall establish procedures for making application for mass transportation grants. The procedures shall provide for public notice of all applications and give reasonable opportunity for the submission of comments and objections by interested parties. The procedures shall be designed with a view to facilitating simultaneous application for a grant to the Department and to the federal government.

(e) Grants may be made for mass transportation projects as follows:

(1) In an amount not to exceed 100% of the nonfederal share of projects for which a federal grant is made.

(2) In an amount not to exceed 100% of the net project cost for projects for which a federal grant is not made.

(3) In an amount not to exceed five-sixths of the net project cost for projects essential for the maintenance of a sound transportation system and eligible for federal assistance for which a federal grant application has been made but a federal grant has been delayed. If and when a federal grant is made, the amount in excess of the nonfederal share shall be promptly returned to the Department.

In no event shall the Department make a grant that, together with any federal funds or funds from

any other source, is in excess of 100% of the net project cost.

(f) Regardless of whether any funds are available under a federal grant, the Department shall not make a mass transportation grant unless the Secretary finds that the recipient has entered into an agreement with the Department in which the recipient agrees not to engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators where those private school bus operators are able to provide adequate transportation, at reasonable rates, in conformance with applicable safety standards, provided that this requirement shall not apply to a recipient that operates a school system in the area to be served and operates a separate and exclusive school bus program for the school system.

(g) Grants may be made for mass transportation purposes with funds appropriated from the Build Illinois Bond Fund consistent with the specific purposes for which those funds are appropriated by the General Assembly. Grants under this subsection (g) are not subject to any limitations or conditions imposed upon grants by any other provision of this Section, except that the Secretary may impose the terms and conditions that in his or her judgment are necessary to ensure the proper and effective utilization of the grants under this subsection.

(h) The Department may let contracts for mass transportation purposes and facilities for the purpose of reducing urban congestion funded in whole or in part with bonds described in subdivision (b)(1) of Section 4 of the General Obligation Bond Act [30 ILCS 330/4], not to exceed $75,000,000 in bonds.

(i) The Department may make grants to carriers, districts, and units of local government for the purpose of reimbursing them for providing reduced fares for mass transportation services for students, persons with disabilities, and the elderly. Grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization.

(j) The Department may make grants to carriers, districts, and units of local government for costs of providing ADA paratransit service.

HISTORY:

P.A. 86-16; 90-774, § 3; 91-239, § 5-5; 94-91, § 55-35; 99-143, § 225.

20 ILCS 2705/2705-310 Grants for transportation for persons with disabilities

(a) For the purposes of this Section, the following definitions apply:

"Carrier" means a district or a not for profit corporation providing mass transportation for persons with disabilities on a regular and continuing basis.

Person with a disability means any individual who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, is unable without special mass transportation facilities or special planning or design to utilize ordinary mass transportation facilities and services as effectively as persons who are not so affected.

"Unit of local government", "district", and "facilities" have the meanings ascribed to them in Section 2705-305 [20 ILCS 2705/2705-305].

(b) The Department may make grants from the Transportation Fund and the General Revenue Fund (i) to units of local government, districts, and carriers for vehicles, equipment, and the acquisition, construction, extension, reconstruction, and improvement of mass transportation facilities for persons with disabilities and (ii) during State fiscal years 1986 and 1987, to the Regional Transportation Authority for operating assistance for mass transportation for mobility limited persons, including paratransit services for the mobility limited. The grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization. The procedures, limitations, and safeguards provided in Section 2705-305 to govern grants for mass transportation shall apply to grants made under this Section.

For the efficient administration of grants, the Department, on behalf of grant recipients under this Section and on behalf of recipients receiving funds under Sections 5309 and 5311 of the Federal Transit Act [49 U.S.C. §§ 5309 and 5311] and State funds, may administer and consolidate procurements and may enter into contracts with manufacturers of vehicles and equipment.

(c) The Department may make operating assistance grants from the Transportation Fund to those carriers that, during federal fiscal year 1986, directly received operating assistance pursuant to Section 5307 or Section 5311 of the Federal Transit Act [49 U.S.C. § 5307 or 5311], or under contracts with a unit of local government or mass transit district that received operating expenses under Section 5307 or Section 5311 of the Federal Transit Act [49 U.S.C. § 5307 or 5311], to provide public paratransit services to the general mobility limited population. The Secretary shall take into consideration the reduction in federal operating expense grants to carriers when considering the grant applications. The procedures, limitations, and safeguards provided in Section 2705-305 [20 ILCS 2705/2705-305] to govern grants for mass transportation shall apply to grants made under this Section.

20 ILCS 2705/2705-315 Grants for passenger security

The Department may make grants from the Transportation Fund and the General Revenue Fund to the Regional Transportation Authority created under the Regional Transportation Authority Act to be used to provide protection against crime for the consumers of

public transportation, and for the employees and facilities of public transportation providers, in the metropolitan region. The grants may be used (1) to provide that protection directly, or (2) to contract with any municipality or county in the metropolitan region to provide that protection, or (3) except for the Chicago Transit Authority created under the Metropolitan Transit Authority Act [70 ILCS 3605/1 et seq.], to contract with a private security agency to provide that protection.

The grants shall be made upon the terms and conditions that in the judgment of the Secretary are necessary to ensure their proper and effective utilization. The procedures provided in Section 2705-305 [20 ILCS 2705/2705-305] to govern grants for mass transportation shall apply to grants made under this Section.

20 ILCS 2705/2705-317 Safe Routes to School Construction Program. [Effective until July 1, 2023]

(a) Upon enactment of a federal transportation bill with a dedicated fund available to states for safe routes to schools, the Department, in cooperation with the State Board of Education and the Illinois State Police, shall establish and administer a Safe Routes to School Construction Program for the construction of bicycle and pedestrian safety and traffic-calming projects using the federal Safe Routes to Schools Program funds.

(b) The Department shall make construction grants available to local governmental agencies under the Safe Routes to School Construction Program based on the results of a statewide competition that requires submission of Safe Routes to School proposals for funding and that rates those proposals on all of the following factors:

(1) Demonstrated needs of the grant applicant.

(2) Potential of the proposal for reducing child injuries and fatalities.

(3) Potential of the proposal for encouraging increased walking and bicycling among students.

(4) Identification of safety hazards.

(5) Identification of current and potential walking and bicycling routes to school.

(6) Consultation and support for projects by school-based associations, local traffic engineers, local elected officials, law enforcement agencies, and school officials.

(7) Proximity to parks and other recreational facilities.

With respect to the use of federal Safe Routes to Schools Program funds, prior to the award of a construction grant or the use of those funds for a Safe Routes to School project encompassing a highway, the Department shall consult with and obtain approval from the Illinois State Police and the highway authority with jurisdiction to ensure that the Safe Routes to School proposal is consistent with a statewide pedestrian safety statistical analysis.

(c) On March 30, 2006 and each March 30th thereafter, the Department shall submit a report to the General Assembly listing and describing the projects funded under the Safe Routes to School Construction Program.

(d) The Department shall study the effectiveness of the Safe Routes to School Construction Program, with particular emphasis on the Program's effectiveness in reducing traffic accidents and its contribution to improving safety and reducing the number of child injuries and fatalities in the vicinity of a Safe Routes to School project. The Department shall submit a report to the General Assembly on or before December 31, 2006 regarding the results of the study.

(e) The Department, the State Board of Education, and the Illinois State Police may adopt any rules necessary to implement this Section.

20 ILCS 2705/2705-321 Illinois Transit Ridership and Economic Development (TRED) Pilot Project Program; new facilities and service

(a) Subject to appropriation, the Department of Transportation shall establish the Illinois Transit Ridership and Economic Development (TRED) Pilot Project Program to build transit systems that more effectively address the needs of Illinois workers, families, and businesses. The Illinois TRED Pilot Project Program shall provide for new or expanded mass transportation service and facilities, including rapid transit, rail, bus, and other equipment used in connection with mass transit, by the State, a public entity, or 2 or more of these entities authorized to provide and promote public transportation in order to increase the level of service available in local communities, as well as improve the quality of life and economic viability of the State of Illinois.

The Illinois TRED Pilot Project Program expenditures for mass transportation service and facilities within the State must:

(1) Improve the economic viability of Illinois by facilitating the transportation of Illinois residents to places of employment, to educational facilities, and to commercial, medical, and shopping districts.

(2) Increase the frequency and reliability of public transit service.

(3) Facilitate the movement of all persons, including those persons who, because of age, economic circumstance, or physical infirmity, are unable to drive.

(4) Contribute to an improved environment through the reduction of air, water, and noise pollution.

(b) Under the Illinois TRED Pilot Project Program, subject to appropriation, the Department shall fund each fiscal year, in coordination and consultation with other government agencies that provide or fund transportation services, the Illinois Public Transportation Association, and transit advocates, projects as specified in subsection (c). Total funding for each project shall not exceed $500,000 and the funding for all projects shall not exceed $4,500,000. The Department shall submit annual reports to the General Assembly by March 1 of each fiscal year regarding the status of these projects, including service to constituents including local businesses, seniors, and people with disabilities, costs, and other appropriate measures of impact.

(c) Subject to appropriation, the Department shall make grants to any of the following in order to create:

(1) Two demonstration projects for the Chicago Transit Authority to increase services to currently underserved communities and neighborhoods, such as, but not limited to, Altgeld Gardens, Pilsen, and Lawndale.

(2) (Blank.)

(3) The Intertownship Transportation Program for Northwest Suburban Cook County, which shall complement existing Pace service and involve cooperation of several townships to provide transportation services for senior residents and residents with disabilities across village and township boundaries that is currently not provided by Pace and by individual townships and municipalities.

(4) RIDES transit services to Richland and Lawrence Counties to extend transit services into Richland and Lawrence Counties and enhance service in Wayne, Edwards, and Wabash Counties that share common travel patterns and needs with Lawrence and Richland counties. Funding shall be used to develop a route structure that shall coordinate social service and general public requirements and obtain vehicles to support the additional service.

(5) Peoria Regional Transportation Initiative, which shall fund the development of a plan to create a regional transportation service in the Peoria-Pekin MSA that integrates and expands the existing services and that would allow local leaders to develop a funding plan and a timetable to secure final political approval. The plan is intended to facilitate regional economic development and provide greater mobility to workers, senior citizens, and people with disabilities.

(6) Rock Island MetroLINK/Black Hawk College Coordination Project, which shall increase mobility for lower income students to access educational services and job training on the metropolitan bus system, which will better link community college students with transportation alternatives.

(7) The West Central Transit District to serve Scott and Morgan Counties. Funding shall be used

to develop a route structure that shall coordinate social service and general public requirements and obtain vehicles to support the service.

(8) Additional community college coordination projects, which shall increase mobility for lower income students to access educational services and job training on any Champaign-Urbana MTD and Danville Mass Transit bus routes, which will better link community college students with transportation alternatives.

20 ILCS 2705/2705-375 The Meigs Users Advisory Committee

(a) The Meigs Users Advisory Committee is hereby created. The Meigs Users Advisory Committee shall be composed of the following members: (i) 4 members appointed by the Governor with the advice and consent of the Senate, 2 of whom shall have extensive knowledge of business and corporate aviation and 2 of whom shall have extensive knowledge of general aviation; (ii) 4 members appointed by the Mayor of the City of Chicago, all of whom shall have extensive knowledge of general aviation; (iii) 4 members of the General Assembly, one each appointed by the President of the Senate, the Speaker of the House, the Minority Leader of the Senate, and the Minority Leader of the House; and (iv) the Secretary of Transportation or his or her designee, who shall serve as Chairperson. The members appointed by the Governor and the Mayor shall be users of Meigs Field.

(b)(1) The Secretary of Transportation or his or her designee shall serve during the Secretary's term of office.

(2) Members of the committee appointed under subdivision (a)(iii) shall serve for their terms of office, except that no such appointment shall be for a term of more than 3 years. If a committee member who was appointed under subdivision (a)(iii) ceases to be a member of the chamber of the General Assembly from which the member was appointed, he or she shall be replaced in accordance with the method for filling vacancies.

(3) The initial members of the committee who are appointed by the Mayor of the City of Chicago shall be appointed as follows: one shall be appointed for a term of one year, 2 shall be appointed for terms of 2 years, and one shall be appointed for a term of 3 years. After the expiration of the initial terms, all members of the committee who are appointed by the Mayor of the City of Chicago shall be appointed for terms of 3 years.

(4) The initial members of the committee who are appointed by the Governor shall be appointed as follows: one shall be appointed for a term of one year, one shall be appointed for a term of 2 years, and 2 shall be appointed for terms of 3 years. After the expiration of the initial terms, all members of the committee who are appointed by the Governor shall be appointed for terms of 3 years.

(5) Any member of the committee is eligible for reappointment unless he or she no longer meets the applicable qualifications. All members appointed to serve on the committee shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments.

(6) If a vacancy in membership under subdivision (a)(i) occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

(7) The committee shall be deemed established on the date that a majority of the total number of members has been appointed, regardless of whether any of those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

(c) The Committee shall have the power to inspect all books, records, contracts, financial data, agreements, and documents relating to the operation and maintenance of Meigs Field, including, without limitation, as-built plans for all buildings, runways, taxiways, and aprons, the control tower, terminal, and all related facilities, all security agreements, fire protection agreements, airline agreements, FOB agreements, concessionaire agreements, rental/lease agreements, service agreements, financial data and budget reports including revenues and expenditures, and any and all studies or plans regarding the land use of Meigs Field.

(d) The chairperson shall give notice to the members of the time and place for every meeting. The members of the committee shall receive no compensation or reimbursement of expenses in the performance of their duties. The Committee shall review and hold public hearings on any proposals or actions affecting the operation of Meigs Field. The Commit-

tee shall issue recommendations to the Governor, the Mayor of the City of Chicago, and the General Assembly with regard to these proposals or actions and any other matters concerning the operation of Meigs Field.

20 ILCS 2705/2705-400 Authorization concerning rail assistance funds.

The Department is hereby authorized to exercise those powers necessary for the State to qualify for rail assistance funds pursuant to relevant federal or State legislation, including but not limited to authority to do the following:

(1) Establish a State plan for rail transportation and local rail services, including projects funded under Section 2705-435 [20 ILCS 2705/2705-435].

(2) Administer and coordinate the State plan.

(3) Provide in the plan for the equitable distribution of federal rail assistance funds among State, local, and regional transportation authorities.

(4) Develop or assist the development of local or regional rail plans.

(5) Promote, supervise, and support safe, adequate, and efficient rail services in accordance with the provisions and limitations of Public Act 79-834.

(6) Employ sufficient trained and qualified personnel for these purposes.

(7) Maintain, in accordance with the provisions and limitations of Public Act 79-834, adequate programs of investigation, research, promotion, and development in connection with these purposes and provide for public hearings.

(8) Provide satisfactory assurances on behalf of the State that fiscal control and fund accounting procedures will be adopted by the State that may be necessary to ensure proper disbursement of and account for federal funds paid to the State as rail assistance.

(9) Comply with the regulations of the Secretary of Transportation of the United States Department of Transportation affecting federal rail assistance funds.

(10) Review all impending rail abandonments and provide its recommendations on those abandonments to the federal Surface Transportation Board.

20 ILCS 2705/2705-410 Access to information

The Secretary may authorize any of the Department's officers, employees, or agents to enter upon, inspect, and examine, at reasonable times and in a reasonable manner, the books, documents, records, equipment, and property of and to request information kept in the ordinary course of business from any railroad to the extent necessary to carry out the powers enumerated in Sections 2705-400 through 2705-445 [20 ILCS 2705/2705-400 through 20 ILCS 2705/2705-445]. Railroads operating within the State shall provide access to those books, documents, records, equipment, and property and shall provide the information kept in the ordinary course of business that the Department may request. Should any railroad fail or refuse to provide that access or information, the Secretary is hereby granted subpoena power to obtain that access and to require the production of that information. The Department shall pay the reasonable costs associated with providing any such information that is not otherwise already required by law. Any officer, employee, or agent of the Department exercising the powers granted by this Section shall, upon request, display proper credentials. The Department shall exercise all necessary caution to avoid disclosure of confidential information supplied under this Section.

20 ILCS 2705/2705-415 State Rail Plan; responsibilities of other agencies

The State Rail Plan, in its provisions concerning requiring supervision of safety aspects and other railroad matters, shall not abrogate the present statutory responsibilities of the Illinois Commerce Commission and shall meet the requirements of the Federal Railroad Safety Act of 1970 [45 U.S.C. § 431 et seq.]. Nothing herein shall provide for or effect the transfer of responsibilities between State agencies.

P.A. 79-834; 91-239, § 5-5.

20 ILCS 2705/2705-420 Copies of State Rail Plan; report

The Department shall provide copies of the State Rail Plan to the President of the Senate, the Senate Minority Leader, the Speaker of the House, and the House Minority Leader prior to submitting the Plan to the federal government. The Department shall also so provide, by October 15, 1975, a report includ-

ing its findings concerning the extent, nature, and proposed use of federal aid available and its recommendations concerning the source and extent of non-federal assistance, both during the period in which federal assistance is available and thereafter.

20 ILCS 2705/2705-425 Rail freight services assistance; loans; Rail Freight Loan Repayment Fund

No funds available for operating or capital assistance under Section 5 of the United States Department of Transportation Act [49 U.S.C. § 1654], for rail freight services in Illinois may be expended without specific appropriation of those funds. Reimbursements for those loans that financially responsible persons are required by agreement to repay shall be deposited in the State treasury as follows: (1) the State's share shall be deposited in the fund from which the original expenditure was made, and (2) the federal share shall be deposited in the Rail Freight Loan Repayment Fund. In the case of repaid funds deposited in the Rail Freight Loan Repayment Fund, the Department shall have the reuse of those funds and the interest accrued thereon, which shall also be deposited by the State Treasurer in that Fund, as the federal share in other eligible projects. However, no expenditures from the Rail Freight Loan Repayment Fund for those projects shall at any time exceed the total sum of funds repaid and deposited in the Rail Freight Loan Repayment Fund and interest earned by investment by the State Treasurer that the State Treasurer shall have deposited in that Fund.

20 ILCS 2705/2705-430 Railroad freight service assistance; lines designated for discontinuation of service or subject to abandonment.

The Department shall enter into agreements with any railroad as necessary to provide assistance for continuous freight service on lines of railroads within Illinois designated for discontinuation of service by the United States Railway Association Final System Plan and not conveyed to a railroad company other than Consolidated Rail Corporation. The Department may enter into such agreements with any railroad as necessary to provide assistance for continuous rail freight service on lines of railroads within Illinois subject to an abandonment proceeding in the federal Surface Transportation Board or classified as potentially subject to abandonment pursuant to Sections 10903 through 10905 of Title 49 of the United States Code or upon which a certificate of discontinuance or abandonment has been issued. The Department shall make rail continuation subsidy payments pursuant to the agreements. The agreements shall provide for a minimum level of service at least equivalent to that provided in calendar year 1975. The agreements shall conform to relevant federal law. The Department shall determine that all payments under this Section are eligible for federal share reimbursement.

Any nonfederal share of the assistance provided under this Section shall be provided by the Department. The State share may include funds, grants, gifts, or donations from the federal government, any local public body, or any person.

Reimbursements shall be deposited in the State fund from which the assistance was paid.

The Department shall provide technical assistance to any local public body or rail user to ensure that rail freight services under these agreements are, to the extent possible, adequate to the needs of Illinois citizens.

The Department shall review the effects of the rail freight service assistance provided under this Section.

For the purpose of promoting efficient rail freight service, the Department shall have the power to either grant or loan funds to any railroad or unit of local government in the State to maintain, improve, and construct rail facilities. The Department shall also have the power to grant or loan funds to any rail users located on an abandoned line, unit of local government, or an owner or lessee of an abandoned railroad right-of-way to undertake substitute service projects that reduce the social, economic, and environmental costs associated with the loss of a particular rail freight service in a manner less expensive than continuing that rail freight service. To facilitate the continuation of rail freight services, the Department shall have the power to purchase railroad materials and supplies.

P.A. 84-1438; 91-239, § 5-5; 2017 P.A. 100-430, § 5, effective August 25, 2017.

20 ILCS 2705/2705-435 Loans, grants, or contracts to rehabilitate, improve, or construct rail facilities; State Rail Freight Loan Repayment Fund

In addition to the powers under Section 105-430 [20 ILCS 2705/105-430], the Department shall have the power to enter into agreements to loan or grant State funds to any railroad, unit of local government, rail user, or owner or lessee of a railroad right of way to rehabilitate, improve, or construct rail facilities.

For each project proposed for funding under this Section the Department shall, to the extent possible, give preference to cost effective projects that facilitate continuation of existing rail freight service. In the exercise of its powers under this Section, the Department shall coordinate its program with the industrial retention and attraction programs of the Department of Commerce and Economic Opportunity. No funds provided under this Section shall be

expended for the acquisition of a right of way or for operating subsidies. The costs of a project funded under this Section shall be apportioned in accordance with the agreement of the parties for the project. Projects are eligible for a loan or grant under this Section only when the Department determines that the transportation, economic, and public benefits associated with a project are greater than the capital costs of that project incurred by all parties to the agreement and that the project would not have occurred without its participation. In addition, a project to be eligible for assistance under this Section must be included in a State plan for rail transportation and local rail service prepared by the Department. The Department may also expend State funds for professional engineering services to conduct feasibility studies of projects proposed for funding under this Section, to estimate the costs and material requirements for those projects, to provide for the design of those projects, including plans and specifications, and to conduct investigations to ensure compliance with the project agreements.

The Department, acting through the Department of Central Management Services, shall also have the power to let contracts for the purchase of railroad materials and supplies. The Department shall also have the power to let contracts for the rehabilitation, improvement, or construction of rail facilities. Any such contract shall be let, after due public advertisement, to the lowest responsible bidder or bidders, upon terms and conditions to be fixed by the Department. With regard to rehabilitation, improvement, or construction contracts, the Department shall also require the successful bidder or bidders to furnish good and sufficient bonds to ensure proper and prompt completion of the work in accordance with the provisions of the contracts.

In the case of an agreement under which State funds are loaned under this Section, the agreement shall provide the terms and conditions of repayment. The agreement shall provide for the security that the Department shall determine to protect the State's interest. The funds may be loaned with or without interest. Loaned funds that are repaid to the Department shall be deposited in a special fund in the State treasury to be known as the State Rail Freight Loan Repayment Fund. In the case of repaid funds deposited in the State Rail Freight Loan Repayment Fund, the Department shall, subject to appropriation, have the reuse of those funds and the interest accrued thereon, which shall also be deposited by the State Treasurer in the Fund, as the State share in other eligible projects under this Section. However, no expenditures from the State Rail Freight Loan Repayment Fund for those projects shall at any time exceed the total sum of funds repaid and deposited in the State Rail Freight Loan Repayment Fund and interest earned by investment by the State Treasurer which the State Treasurer shall have deposited in that Fund.

For the purposes of promoting efficient rail freight service, the Department may also provide technical assistance to railroads, units of local government or rail users, or owners or lessees of railroad rights-of-way.

The Department shall take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance or participation provided hereunder, including the power to sell, dispose, lease, or rent, upon terms and conditions determined by the Secretary to be appropriate, real or personal property that the Department may receive as a result thereof.

The Department is authorized to make reasonable rules and regulations consistent with law necessary to carry out the provisions of this Section.

20 ILCS 2705/2705-440 Intercity Rail Service.

(a) For the purposes of providing intercity railroad passenger service within this State and throughout the United States, the Department is authorized to enter into agreements with any state, state agency, units of local government or political subdivisions, the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), architecture or engineering firms, the National Railroad Passenger Corporation, any carrier, or any individual, corporation, partnership, or public or private entity. The cost related to such services shall be borne in such proportion as, by agreement or contract the parties may desire.

(b) In providing any intercity railroad passenger service as provided in this Section, the Department shall have the following additional powers:

(1) to enter into trackage use agreements with rail carriers;

(1.5) to freely lease or otherwise contract for any purpose any of the locomotives, passenger railcars, and other rolling stock equipment or accessions to any state or state agency, public or private entity, or quasi-public entities;

(2) to enter into haulage agreements with rail carriers;

(3) to lease or otherwise contract for use, maintenance, servicing, and repair of any needed locomotives, rolling stock, stations, or other facilities, the lease or contract having a term not to exceed 50 years (but any multi-year contract shall recite that the contract is subject to termination and cancellation, without any penalty, acceleration payment, or other recoupment mechanism, in any fiscal year for which the General Assembly fails to make an adequate appropriation to cover the contract obligation);

(4) to enter into management agreements;

(5) to include in any contract indemnification of carriers or other parties for any liability with regard to intercity railroad passenger service;

(6) to obtain insurance for any losses or claims with respect to the service;

(7) to promote the use of the service;

(8) to make grants to any body politic and corporate, any unit of local government, or the Commuter Rail Division of the Regional Transportation Authority to cover all or any part of any capital or operating costs of the service and to enter into agreements with respect to those grants;

(9) to set any fares or make other regulations with respect to the service, consistent with any contracts for the service; and

(10) to otherwise enter into any contracts necessary or convenient to provide rail services, operate or maintain locomotives, passenger railcars, and other rolling stock equipment or accessions, including the lease or use of such locomotives, railcars, equipment, or accessions.

(c) All service provided under this Section shall be exempt from all regulations by the Illinois Commerce Commission (other than for safety matters). To the extent the service is provided by the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), it shall be exempt from safety regulations of the Illinois Commerce Commission to the extent the Commuter Rail Division adopts its own safety regulations.

(d) In connection with any powers exercised under this Section, the Department

(1) shall not have the power of eminent domain; and

(2) shall not directly operate any railroad service with its own employees.

(e) Any contract with the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of the Division) under this Section shall provide that all costs in excess of revenue received by the Division generated from intercity rail service provided by the Division shall be fully borne by the Department, and no funds for operation of commuter rail service shall be used, directly or indirectly, or for any period of time, to subsidize the intercity rail operation. If at any time the Division does not have sufficient funds available to satisfy the requirements of this Section, the Division shall forthwith terminate the operation of intercity rail service. The payments made by the Department to the Division for the intercity rail passenger service shall not be made in excess of those costs or as a subsidy for costs of commuter rail operations. This shall not prevent the contract from providing for efficient coordination of service and facilities to promote cost effective operations of both intercity rail passenger service and commuter rail services with cost allocations as provided in this paragraph.

(f) Whenever the Department enters into an agreement with any carrier, state or state agency, any public or private entity, or quasi-public entity for either the Department's payment of such railroad required maintenance expenses necessary for intercity passenger service or for the lease or use of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department may deposit such required maintenance funds, use fees, or rental payments into any escrow account. For purposes of this subsection, an escrow account means any fiduciary account established with (i) any banking corporation which is both organized under the Illinois Banking Act [205 ILCS 5/2705-400] and authorized to accept and administer trusts in this State, or (ii) any national banking association which has its principal place of business in this State and which also is authorized to accept and administer trusts in this State. The funds in any required maintenance escrow account may be withdrawn by the carrier or entity in control of the railroad being maintained, only with the consent of the Department, pursuant to a written maintenance agreement and pursuant to a maintenance plan that shall be updated each year. Funds in an escrow account holding lease, use fees, or rental payments may be withdrawn by the Department to be used or expended on acquisition, offsets, overhaul fees, or costs of locomotives, railcars, equipment or accessions, including any future equipment purchase, expenses, fees, or costs, or any other purpose permitted or required by the escrow agreement or any other agreement regarding disbursement of funds. The moneys deposited in the escrow accounts shall be invested and reinvested, pursuant to the direction of the Department, in bonds and other interest bearing obligations of this State, or in such accounts, certificates, bills, obligations, shares, pools or other securities as are authorized for the investment of public funds under the Public Funds Investment Act 30 [ILCS 235/0.01 et seq.]. Escrow accounts created under this subsection shall not have terms that exceed 20 years. At the end of the term of an escrow account, the remaining balance shall be deposited in the High-Speed Rail Rolling Stock Fund, a special fund that is created in the State Treasury. Moneys in the High-Speed Rail Rolling Stock Fund may be used for any purpose related to locomotives, passenger railcars, and other rolling stock equipment. The Department shall prepare a report for presentation to the Comptroller and the Treasurer each year that shows the amounts deposited and withdrawn, the purposes for withdrawal, the balance, and the amounts derived from investment.

20 ILCS 2705/2705-565 North Chicago property; study; conveyance.

(a) The Department shall perform a study of property owned by the Department consisting of approximately 160 acres located in North Chicago, south of IL Route 137, between IL Route 43 and US Route 41. The study shall include, but not be limited to, a survey of the property for the purpose of delineating jurisdictional wetlands in accordance with the Interagency Wetland Policy Act of 1989 [20 ILCS 830/1-1 et seq.] and identifying threatened and endangered species in accordance with the Illinois Endangered Species Protection Act [520 ILCS 10/1 et seq.], for the purpose of identifying property no longer needed for highway purposes.

(b) Upon completion of the study and for a period ending 3 years after the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-1045], the City of North Chicago shall have an exclusive option to purchase for public purposes those portions of the property no longer needed for highway purposes for a consideration, which may be de minimis, negotiated by the parties. The Department of Transportation is authorized to convey the excess property to the City of North Chicago pursuant to this Section within 3 years after the effective date of this amendatory Act of the 94th General Assembly, but may not otherwise convey or transfer the property during that period.

(c) Any conveyance to the City of North Chicago under this Section shall provide (i) that title to the property reverts to the State of Illinois if the property ceases to be used for public purposes and (ii) the City of North Chicago may lease the property but may not convey its ownership of the property to any party, other than the State of Illinois.

20 ILCS 2705/2705-587 Diversity in Engineering scholarship program

(a) The Diversity in Engineering scholarship program is created to assist in increasing the representation of targeted group members among the civil engineers employed by the Department.

(b) For purposes of this Section:

"Targeted group member" means a person belonging to a class of race, color, sex, national origin, ancestry, age, or disability whose percentage of the civil engineer workforce employed by the Department is less than the percentage of the statewide labor market for civil engineers as determined by the Department's review of statewide labor statistics.

"Eligible student" means a person who: (i) is an Illinois resident at the time of application for a scholarship under the Program established by this Section; (ii) is enrolled at any Illinois college or university in any program leading toward a degree in civil engineering; (iii) agrees to conditions required by the Department, including the obligation to work for the Department after graduation if a position is offered for at least one year for each academic year the student receives a scholarship.

(c) The Department, subject to appropriation, shall award scholarships to up to 20 selected eligible students each year, unless no targeted group members are identified by the Department. The Department shall establish a process for selecting eligible students, which considers obtaining a critical mass of students in the program to remedy the underutilization of targeted group members. Each scholarship issued pursuant to this Section shall not exceed $7,500 per academic year.

(d) The Department shall adopt rules to implement and administer the scholarship program created by this Section.

20 ILCS 2705/2705-590 Roadbuilding criteria; life-cycle cost analysis

(a) As used in this Section, "life-cycle cost" means the total of the cost of the initial project plus all anticipated future costs over the life of the pavement. Actual, relevant data, and not assumptions or estimates, shall be used to the extent such data has been collected.

(b) The Department shall develop and implement a life-cycle cost analysis for each State road project under its jurisdiction for which the total pavement costs exceed $500,000 funded in whole, or in part, with State or State-appropriated funds. The Department shall design and award these paving projects utilizing material having the lowest life-cycle cost. All pavement design life shall ensure that State and State-appropriated funds are utilized as efficiently as possible. When alternative material options are substantially equivalent on a life-cycle cost basis, the Department may make a decision based on other criteria. At the discretion of the Department, interstate highways with high traffic volumes or experimental projects may be exempt from this requirement.

(c) Except as otherwise provided in this Section, a life-cycle cost analysis shall compare equivalent designs based upon this State's actual historic project schedules and costs as recorded by the pavement management system, and may include estimates of user costs throughout the entire pavement life.

(d) For pavement projects for which this State has no actual historic project schedules and costs as recorded by the pavement management system, the Department may use actual historical and comparable data for equivalent designs from states with similar climates, soil structures, or vehicle traffic.

20 ILCS 2705/2705-593 Office of Business and Workforce Diversity

(a) The Office of Business and Workforce Diversity is established within the Department.

(b) The Office shall administer and be responsible for the Department's efforts to achieve greater diversity in its construction projects and in promoting equal opportunities within the Department. The responsibilities of the Office shall be administered between 2 distinct bureaus, designed to establish policy, procedures, and monitoring efforts pursuant to the governing regulations supporting minorities and those supporting women in contracting and workforce activities.

(c) Applicant firms must be found eligible to be certified as a Disadvantaged Business Enterprise (DBE) program under the federal regulations contained in 49 CFR part 26 and part 23. Only those businesses that are involved in highway construction-related services (non-vertical), consultant, and supplier/equipment rental/trucking services may be considered for participation in the Department's DBE program. Once certified, the firm's name shall be listed in the Illinois Unified Certification Program's (IL UCP) DBE Directory (Directory). The IL

UCP's 5 participating agencies shall maintain the Directory to provide a reference source to assist bidders and proposers in meeting DBE contract goals. The Directory shall list the firms in alphabetical order and provides the industry categories/list and the districts in which the firms have indicated they are available.

20 ILCS 2705/2705-595 Prequalification of minority-owned and women-owned contractors

The Department shall, within 30 days after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-795], establish a committee to review the rules for prequalification of contractors adopted by the Department at 44 Illinois Administrative Code 650. The purpose of the review is to determine whether the rules for prequalification operate as a barrier to minority-owned and women-owned contractors becoming prequalified to bid on or make proposals for Department contracts. The committee shall, in addition to Department staff, be constituted with membership representing the construction industry and minority-owned and women-owned contractors. The committee shall complete its work and make recommendations for any changes to the rules for prequalification to the Secretary of Transportation within 180 days after the effective date of this amendatory Act of the 96th General Assembly.

20 ILCS 2705/2705-605 Construction projects; notification of the public.

(a) The Department shall develop and publish an updated policy for the notification of members of the public prior to the commencement of construction projects which impact their communities. The policy shall include procedures for ensuring that the public is informed of construction projects, excluding emergency projects, which are estimated to require the closure of a street or lane of traffic for a period longer than 5 consecutive business days. The policy shall include procedures for the notification of local public officials, including the highway commissioner in each Department district that will be impacted by the construction projects, and affected businesses of affected communities and shall provide the local public officials the opportunity to request a meeting with the Department prior to the initiation of the closure.

(b) The policy shall include a requirement that the Department contact the highway commissioner located in each Department district that will be impacted by a proposed construction project. The policy shall be completed and published on the Department's Internet website by January 1, 2022.

(c) The Department shall work with affected stakeholders, including residents, businesses, and other community members, before and during construction by considering various methods to mitigate and reduce project impacts to better serve those directly impacted by the improvement. Those methods could include, but need not be limited to, detour routing and temporary signage.

20 ILCS 2705/2705-615 Supplemental funding; Illinois Transportation Enhancement Program.

(a) In addition to any other funding that may be provided to the Illinois Transportation Enhancement Program from federal, State, or other sources, including, but not limited to, the Transportation Alternatives Set-Aside of the Surface Transportation Block Grant Program, the Department shall set aside $50,000,000 received by the Department from the Road Fund for the projects in the following categories: pedestrian and bicycle facilities and the conversion of abandoned railroad corridors to trails.

(b) Except as provided in subsection (c), funds set aside under subsection (a) shall be administered according to the requirements of the current Guidelines Manual published by the Department for the Illinois Transportation Enhancement Program, including, but not limited to, decision-making by the Department and the applicable Metropolitan Plan-

ning Organization and proportional fund distribution according to population size.

(c) For projects funded under this Section:

(1) local matching funding shall be required according to a sliding scale based on community size, median income, and total property tax base;

(2) Phase I Studies and Phase I Engineering Reports are not required to be completed before application is made; and

(3) at least 25% of funding shall be directed towards projects in high-need communities, based on community median income and total property tax base.

(d) The Department shall adopt rules necessary to implement this Section.

(e) The Department shall adhere to a 2-year funding cycle for the Illinois Transportation Enhancement Program with calls for projects at least every other year.

(f) The Department shall make all funded and unfunded Illinois Transportation Enhancement Program applications publicly available upon completion of each funding cycle, including how each application scored on the program criteria.

20 ILCS 2705/2705-620 Bond Reform in the Construction Industry Task Force. [Contingently enacted June 10, 2022; Effective until December 31, 2023]

(a) There is created the Bond Reform in the Construction Industry Task Force consisting of the following members:

(1) the Governor, or his or her designee;

(2) the State Treasurer, or his or her designee;

(3) the Director of Insurance, or his or her designee;

(4) 2 members appointed by the Speaker of the House of Representatives;

(5) 2 members appointed by the Minority Leader of the House of Representatives;

(6) 2 members appointed by the President of the Senate;

(7) 2 members appointed by the Minority Leader of the Senate; and

(8) 7 members representing the construction industry appointed by the Governor.

The Department of Transportation shall provide administrative support to the Task Force.

(b) The Task Force shall study innovative ways to reduce the cost of insurance in the private and public construction industry while protecting owners from risk of nonperformance. The Task Force shall consider options that include, but are not limited to, owner-financed insurance instead of contractor-financed insurance and alternative ways to manage risk other than bonds or other insurance products.

(c) The Task Force shall report its findings and recommendations to the General Assembly no later than March 1, 2023.

(d) This Section is repealed December 31, 2023.

HISTORIC PRESERVATION AGENCY

Illinois State Agency Historic Resources Preservation Act

Archaeological and Paleontological Resources Protection Act

ILLINOIS STATE AGENCY HISTORIC RESOURCES PRESERVATION ACT

20 ILCS 3420/1 Purposes.

The purpose of this Act is to provide Illinois State government leadership in preserving, restoring, and

maintaining the historic resources of the State. It is the purpose of this Act to establish a program whereby State agencies (1) administer the historic resources under their control to foster and enhance their availability to future generations, (2) prepare policies and plans to contribute to the preservation, restoration, and maintenance of State-owned historic resources for the inspiration and benefit of the people, and (3) in consultation with the Director of Natural Resources, institute procedures to ensure that State projects consider the preservation and enhancement of both State owned and non-State owned historic resources.

HISTORY:
P.A. 86-707; 2018 P.A. 100-695, § 45, effective August 3, 2018.

20 ILCS 3420/2 Short Title.

This Act shall be known and may be cited as the "Illinois State Agency Historic Resources Preservation Act [20 ILCS 3420/1 et seq.]".

HISTORY:
P.A. 86-707.

20 ILCS 3420/3 Definitions.

(a) "Director" means the Director of Natural Resources, or his or her designee.

(b) "Agency" shall have the same meaning as in Section 1-20 of the Illinois Administrative Procedure Act [5 ILCS 100/1-20], and shall specifically include all agencies and entities made subject to such Act by any State statute.

(c) "Historic resource" means any property which is either publicly or privately held and which:

(1) is listed in the National Register of Historic Places (hereafter "National Register");

(2) has been formally determined by the Director to be eligible for listing in the National Register as defined in Section 106 of Title 16 of the United States Code;

(3) has been nominated by the Director and the Illinois Historic Sites Advisory Council for listing in the National Register;

(4) meets one or more criteria for listing in the National Register, as determined by the Director; or

(5) (blank).

(d) "Adverse effect" means:

(1) destruction or alteration of all or part of an historic resource;

(2) isolation or alteration of the surrounding environment of an historic resource;

(3) introduction of visual, audible, or atmospheric elements which are out of character with an historic resource or which alter its setting;

(4) neglect or improper utilization of an historic resource which results in its deterioration or destruction; or

(5) transfer or sale of an historic resource to any public or private entity without the inclusion of adequate conditions or restrictions regarding preservation, maintenance, or use.

(e) "Comment" means the written finding by the Director of the effect of a State undertaking on an historic resource.

(f) "Undertaking" means any project, activity, or program that can result in changes in the character or use of historic property, if any historic property is located in the area of potential effects. The project, activity or program shall be under the direct or indirect jurisdiction of a State agency or licensed or assisted by a State agency. An undertaking includes, but is not limited to, action which is:

(1) directly undertaken by a State agency;

(2) supported in whole or in part through State contracts, grants, subsidies, loan guarantees, or any other form of direct or indirect funding assistance; or

(3) carried out pursuant to a State lease, permit, license, certificate, approval, or other form of entitlement or permission.

(g) "Committee" means the Historic Preservation Mediation Committee.

(h) "Feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(i) "Private undertaking" means any undertaking that does not receive public funding or is not on public lands.

(j) "High probability area" means any occurrence of Cahokia Alluvium, Carmi Member of the Equality Formation, Grayslake Peat, Parkland Sand, Peyton Colluvium, the Batavia Member of the Henry Formation, or the Mackinaw Member, as mapped by Lineback et al. (1979) at a scale of 1-500,000 within permanent stream floodplains and including:

(1) 500 yards of the adjoining bluffline crest of the Fox, Illinois, Kankakee, Kaskaskia, Mississippi, Ohio, Rock and Wabash Rivers and 300 yards of the adjoining bluffline crest of all other rivers or

(2) a 500 yard wide area along the shore of Lake Michigan abutting the high water mark.

20 ILCS 3420/4 State agency undertakings.

(a) As early in the planning process as may be practicable and prior to the approval of the final design or plan of any undertaking by a State agency, or prior to the funding of any undertaking by a State agency, or prior to an action of approval or entitlement of any private undertaking by a State agency, written notice of the project shall be given to the Director either by the State agency or the recipients of its funds, permits or licenses. The State agency shall consult with the Director to determine the documentation requirements necessary for identifi-

cation and treatment of historic resources. For the purposes of identification and evaluation of historic resources, the Director may require archaeological and historic investigations. Responsibility for notice and documentation may be delegated by the State agency to a local or private designee.

(b) Within 30 days after receipt of complete and correct documentation of a proposed undertaking, the Director shall review and comment to the agency on the likelihood that the undertaking will have an adverse effect on a historic resource. In the case of a private undertaking, the Director shall, not later than 30 days following the receipt of an application with complete documentation of the undertaking, either approve that application allowing the undertaking to proceed or tender to the applicant a written statement setting forth the reasons for the requirement of an archaeological investigation. If there is no action within 30 days after the filing of the application with the complete documentation of the undertaking, the applicant may deem the application approved and may proceed with the undertaking. Thereafter, all requirements for archaeological investigations are waived under this Act.

(c) If the Director finds that an undertaking will adversely affect an historic resource or is inconsistent with agency policies, the State agency shall consult with the Director and shall discuss alternatives to the proposed undertaking which could eliminate, minimize, or mitigate its adverse effect. During the consultation process, the State agency shall explore all feasible and prudent plans which eliminate, minimize, or mitigate adverse effects on historic resources. Grantees, permittees, licensees, or other parties in interest and representatives of national, State, and local units of government and public and private organizations may participate in the consultation process. The process may involve on-site inspections and public informational meetings pursuant to regulations issued by the Department of Natural Resources.

(d) The State agency and the Director may agree that there is a feasible and prudent alternative which eliminates, minimizes, or mitigates the adverse effect of the undertaking. Upon such agreement, or if the State agency and the Director agree that there are no feasible and prudent alternatives which eliminate, minimize, or mitigate the adverse effect, the Director shall prepare a Memorandum of Agreement describing the alternatives or stating the finding. The State agency may proceed with the undertaking once a Memorandum of Agreement has been signed by both the State agency and the Director.

(e) After the consultation process, the Director and the State agency may fail to agree on the existence of a feasible and prudent alternative which would eliminate, minimize, or mitigate the adverse effect of the undertaking on the historic resource. If no agreement is reached, the agency shall call a public meeting in the county where the undertaking is proposed within 60 days. If, within 14 days following conclusion of the public meeting, the State agency and the Director fail to agree on a feasible and prudent alternative, the proposed undertaking, with supporting documentation, shall be submitted to the Historic Preservation Mediation Committee. The document shall be sufficient to identify each alternative considered by the Agency and the Director during the consultation process and the reason for its rejection.

(f) The Mediation Committee shall consist of the Director and 5 persons appointed by the Director for terms of 3 years each, each of whom shall be no lower in rank than a division chief and each of whom shall represent a different State agency. An agency that is a party to mediation shall be notified of all hearings and deliberations and shall have the right to participate in deliberations as a non-voting member of the Committee. Within 30 days after submission of the proposed undertaking, the Committee shall meet with the Director and the submitting agency to review each alternative considered by the State agency and the Director and to evaluate the existence of a feasible and prudent alternative. In the event that the Director and the submitting agency continue to disagree, the Committee shall provide a statement of findings or comments setting forth an alternative to the proposed undertaking or stating the finding that there is no feasible or prudent alternative. The State agency shall consider the written comments of the Committee and shall respond in writing to the Committee before proceeding with the undertaking.

(g) When an undertaking is being reviewed pursuant to Section 106 of the National Historic Preservation Act of 1966 [16 U.S.C. § 470 et seq.], the procedures of this law shall not apply and any review or comment by the Director on such undertaking shall be within the framework or procedures of the federal law. This subsection shall not prevent the Department of Natural Resources from entering into an agreement with the Advisory Council on Historic Preservation pursuant to Section 106 of the National Historic Preservation Act to substitute this Act and its procedures for procedures set forth in Council regulations found in 36 C.F.R. Part 800.7. A State undertaking that is necessary to prevent an immediate and imminent threat to life or property shall be exempt from the requirements of this Act. Where possible, the Director shall be consulted in the determination of the exemption. In all cases, the agency shall provide the Director with a statement of the reasons for the exemption and shall have an opportunity to comment on the exemption. The statement and the comments of the Director shall be included in the annual report of the Department of Natural Resources as a guide to future actions. The provisions of this Act do not apply to undertakings pursuant to the Illinois Oil and Gas Act [225 ILCS 725/1 et seq.], the Surface-Mined Land Conservation and Reclamation Act [225 ILCS 715/1 et seq.] and the Surface Coal Mining Land Conservation and Reclamation Act [225 ILCS 720/1.01 et seq.].

20 ILCS 3420/5 Responsibilities of the Department of Natural Resources.

(a) The Director shall include in the Department's annual report an outline of State agency actions on which comment was requested or issued under this Act.

(b) The Director shall maintain a current list of all historic resources owned, operated, or leased by the State and appropriate maps indicating the location of all such resources. These maps shall be in a form available to the public and State agencies, except that the location of archaeological resources shall be excluded.

(c) The Director shall make rules and issue appropriate guidelines to implement this Act. These shall include, but not be limited to, regulations for holding on-site inspections, public information meetings and procedures for consultation, mediation, and resolutions by the Committee pursuant to subsections (e) and (f) of Section 4 [20 ILCS 3420/4].

(d) The Director shall (1) assist, to the fullest extent possible, the State agencies in their identification of properties for inclusion in an inventory of historic resources, including provision of criteria for evaluation; (2) provide information concerning professional methods and techniques for preserving, improving, restoring, and maintaining historic resources when requested by State agencies; and (3) help facilitate State agency compliance with this Act.

(e) The Director shall monitor the implementation of actions of each State agency which have an effect, either adverse or beneficial, on an historic resource.

(f) The Department of Natural Resources shall manage and control the preservation, conservation, inventory, and analysis of fine and decorative arts, furnishings, and artifacts of the Illinois Executive Mansion in Springfield, the Governor's offices in the Capitol in Springfield and the James R. Thompson Center in Chicago, and the Hayes House in DuQuoin. The Department of Natural Resources shall manage the preservation and conservation of the buildings and grounds of the Illinois Executive Mansion in Springfield. The Governor shall appoint a Curator of the Executive Mansion, with the advice and consent of the Senate, to assist the Department of Natural Resources in carrying out the duties under this item (f). The person appointed Curator must have experience in historic preservation or as a curator. The Curator shall serve at the pleasure of the Governor. The Governor shall determine the compensation of the Curator, which shall not be diminished during the term of appointment.

20 ILCS 3420/6 Review of private undertakings.

(a) The Department shall adopt standards, including maps, in accordance with the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.], for determining whether a private undertaking will affect a high probability area for the statewide occurrence of archaeological resources. The Illinois State Museum shall propose to the Department maps of high probability areas for each county in the State that the Department shall consider in creating its standards. The maps shall be made available to any interested person and shall be filed with all regional planning commissions to assist in the planning process.

(b) High probability area maps for each county in the State shall be prepared by the Illinois State Museum and submitted to the Department. Until maps for a particular county are adopted by the Department as rule, the Director's review within that county for archaeological resources shall be limited to determining whether there are known archaeological sites within the area of the undertaking. If there are no known sites, the Director shall so notify the State agency or the local or private designee responsible for the private undertaking and the undertaking may proceed. If there is a known archaeological site within the undertaking, the Director shall so notify the state agency or the local or private designee responsible for the private undertaking and may require additional archaeological investigations.

(c) The Director shall not require archaeological investigations for private undertakings outside high probability areas unless the undertaking may affect a known archaeological site. An archaeological investigation may be required only on that portion of property within a high probability area or where a known site exists on that property. Archaeological investigations shall be required in high probability areas unless the Director indicates that such investigations are not necessary.

20 ILCS 3435/3.2 [Reward for information leading to conviction]

The Department of Natural Resources is autho-

rized to offer a reward of up to $2,000 for information leading to the arrest and conviction of persons who violate Section 3 [20 ILCS 3435/3].

HISTORY:
P.A. 86-459; 86-707; 2018 P.A. 100-695, § 55, effective August 3, 2018.

20 ILCS 3435/5 [Criminal penalties; civil damages]

Any violation of Section 3 not involving the disturbance of human skeletal remains is a Class A misdemeanor and the violator shall be subject to imprisonment and a fine not in excess of $5,000; any subsequent violation is a Class 4 felony. Any violation of Section 3 involving disturbance of human skeletal remains is a Class 4 felony. Each disturbance of an archaeological site or a paleontological site shall constitute a single offense. Persons convicted of a violation of Section 3 shall also be liable for civil damages to be assessed by the land managing agency and the Department of Natural Resources. Civil damages may include:

(a) forfeiture of any and all equipment used in acquiring the protected material;

(b) any and all costs incurred in cleaning, restoring, analyzing, accessioning and curating the recovered materials;

(c) any and all costs associated with restoring the land to its original contour;

(d) any and all costs associated with recovery of data and analyzing, publishing, accessioning and curating materials when the prohibited activity is so extensive as to preclude the restoration of the archaeological or paleontological site;

(e) any and all costs associated with the determination and collection of the civil damages.

When civil damages are recovered through the Attorney General, the proceeds shall be deposited into the Historic Sites Fund; when civil damages are recovered through the State's Attorney, the proceeds shall be deposited into the county fund designated by the county board.

20 ILCS 3435/6 [Permits for exploration; regulations]

(a) The Department of Natural Resources, in consultation with the various State agencies owning or managing land for the use of the State of Illinois, shall develop regulations whereby permits may be issued for exploration or excavation of archaeological and paleontological resources. These permits shall be issued by the Department of Natural Resources after consultation with the head of the land managing agency.

(b) Permits to any person or entity other than the State of Illinois shall be issued in accordance with regulations which shall be promulgated by the Department of Natural Resources.

(c) Each permit shall specify all terms and conditions under which the investigation shall be carried out, including, but not limited to, location and nature of the investigation and plans for analysis and publication of the results. Upon completion of the project, the permit holder shall report its results to the Department of Natural Resources.

20 ILCS 3435/8 [Illinois State Museum; exemption; registration; additional exemptions]

(a) The Illinois State Museum shall be exempt from the permit requirements established by this Act for lands under its direct management but shall register that exploration with the Department of Natural Resources; such registration shall include the information required under subsection (c) of Section 6 [20 ILCS 3435/6].

(b) Any agency or department of the State of Illinois which has on its staff a professional archaeologist or paleontologist who meets the minimum qualifications established in Section 9 [20 ILCS 3435/9] and which has in effect a memorandum of agreement with the Department of Natural Resources for the protection, preservation and management of archaeological and paleontological resources shall be exempt from the permit requirements established by this Act.

(c) Activities reviewed by the Department of Natural Resources pursuant to Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) shall be exempt from these permitting requirements.

(d) Where a local government's activities are funded in whole or in part by a State agency and the funded activities are supervised or controlled by the State agency, the local government shall be exempt from the permit requirements established by this Act to the same extent that the State agency is exempt. The State agency shall be responsible for undertaking or causing to be undertaken any steps necessary to comply with this Act for those local government actions so exempted.

BLUE-RIBBON COMMISSION ON TRANSPORTATION INFRASTRUCTURE FUNDING AND POLICY ACT [EFFECTIVE UNTIL FEBRUARY 1, 2023]

HISTORY:
2022 P.A. 102-988, § 1, effective May 27, 2022.

20 ILCS 4116/1 Short title. [Effective until February 1, 2023]

This Act may be cited as the Blue-Ribbon Commission on Transportation Infrastructure Funding and Policy Act.

HISTORY:
2022 P.A. 102-988, § 1, effective May 27, 2022.

20 ILCS 4116/5 Findings. [Effective until February 1, 2023]

The General Assembly finds the following:

(1) Illinois' transportation system is crucial to every resident, employee, and business. It serves as the backbone of the economy and is a critical component of Illinois' economic competitiveness.

(2) The State must continue to pursue an equitable transportation network in which marginalized communities have improved access to all modes of transportation, thereby enhancing access to jobs, housing, and other services.

(3) Illinois is home to an expansive transportation network, currently ranking third in the nation for the number of roadway miles and bridges, totaling 127,044 and 26,848, respectively. The State also has 6,883 miles of freight railway, 1,118 inland waterway miles, 58 transit systems with over 450 million annual transit trips, and 17 major airports.

(4) The historic Rebuild Illinois capital plan adopted in 2019 will end in June 2025.

(5) The motor fuel tax and vehicle registration fees remain the most significant form of transportation funding for Illinois.

(6) Illinois will continue to contend with transportation funding shortfalls due to increasing ve-

hicle fuel efficiency and the rising popularity of electric vehicles.

(7) New and innovative funding and policy options are needed to adequately maintain Illinois' transportation systems and support future growth.

(8) The General Assembly should study these issues to determine funding mechanisms for transportation projects and operations in Illinois, policy changes to support the efficient governance and delivery of transportation projects, and the workforce needed to support the future transportation system.

2022 P.A. 102-988, § 5, effective May 27, 2022.

20 ILCS 4116/10 Commission created. [Effective until February 1, 2023]

(a) The Blue-Ribbon Commission on Transportation Infrastructure Funding and Policy is created within the Department of Transportation consisting of members appointed as follows:

(1) Four members of the House of Representatives, with 2 to be appointed by the Speaker of the House of Representatives and 2 to be appointed by the Minority Leader of the House of Representatives.

(2) Four members of the Senate, with 2 to be appointed by the President of the Senate and 2 to be appointed by the Minority Leader of the Senate.

(3) Eight members appointed by the Governor with the advice and consent of the Senate.

(4) The chair of the Commission to be appointed by the Governor from among his 8 appointments.

(b) Members shall have expertise, knowledge, or experience in transportation infrastructure development, construction, workforce, or policy. Members shall also represent a diverse set of sectors, including the labor, engineering, construction, transit, active transportation, rail, air, or other sectors, and shall include participants of the Disadvantaged Business Enterprise Program. No more than 2 appointees shall be members of the same sector.

(c) Members shall represent geographically diverse regions of the State.

(d) Members shall be appointed by May 31, 2022.

2022 P.A. 102-988, § 10, effective May 27, 2022.

20 ILCS 4116/15 Meetings. [Effective until February 1, 2023]

The Commission shall hold its first meeting within 2 months from the effective date of this Act. The Commission may conduct meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, perform its duties, and accomplish its objectives and purposes.

HISTORY:
2022 P.A. 102-988, § 15, effective May 27, 2022.

20 ILCS 4116/20 Duties. [Effective until February 1, 2023]

The Commission shall evaluate Illinois' existing transportation infrastructure funding and policy processes and develop alternative solutions. The Commission shall:

(1) Evaluate current transportation funding in Illinois, taking into account the viability of existing revenue sources and funding distributions.

(2) Consider new and innovative funding options.

(3) Evaluate the existing governance of Illinois' transportation system, including roles and responsibilities for the State and county, township, and municipal governments.

(4) Evaluate current and future workforce needs to design, construct, and manage the state's transportation system within the Illinois Department of Transportation and within the State as a whole.

(5) Evaluate current and future data needs of the Illinois Department of Transportation.

(6) Consider and recommend steps to expedite project approval and completion.

(7) Consider future trends that will impact the transportation system, including safety needs, racial equity, electric vehicles, and climate change.

(8) Consider ways to improve transportation investment impacts on goals such as improving racial equity, addressing climate change, and increasing economic growth.

(9) Consider improvements to the performance-based programming system.

(10) Consider multimodal system needs, including public transportation, bicycle facilities, railways, waterways, and airports.

(11) Consider alternative solutions employed by other states.

ILLINOIS ROUTE 66 CENTENNIAL COMMISSION ACT [REPEALED EFFECTIVE DECEMBER 1, 2027]

20 ILCS 5125/1 Short title. [Repealed effective December 1, 2027]

This Act may be cited as the Illinois Route 66 Centennial Commission Act.

HISTORY:
2018 P.A. 100-649, § 1, effective January 1, 2019.

20 ILCS 5125/5 Purpose. [Repealed effective December 1, 2027]

Route 66 is one of the original highways within the National Highway System. The importance of Route 66 is rooted within its cultural and historical impact beginning with its numerical designation in 1926 to its upcoming centennial in 2026.

From the outset, public road planners intended for the highway to connect the main streets of rural and urban communities so that small towns could have access to a major national thoroughfare. Illinois has had a major impact on Route 66 as home to the start of the road in Chicago and the first state to have the road paved across the entire State. Route 66 in Illinois runs almost 300 miles through numerous towns, eventually reaching Missouri before continuing its way to Santa Monica, California. Since 1989, the Route 66 Association of Illinois has been working to preserve and promote the highway in Illinois through methods such as establishing the Route 66 Hall of Fame & Museum. In 2005, the Illinois stretch of Route 66 received recognition as a National Scenic Byway. The National Park Service Route 66 Corridor Preservation Program has awarded more than 23 cost-share grants to assist properties in Illinois.

2026 will mark the centennial of the creation of Route 66. The centennial is an opportunity to promote the preservation and commemoration of Route 66 including, but not limited to, existing roadways, buildings, and attractions along the route. The centennial is also an opportunity to celebrate the important history of Route 66 in Illinois through commemorative, educational, and community events. The centennial celebration may include events about the history of how local communities grew and changed with the construction of Route 66, the cultural impact of Route 66 within the United States and internationally, the portrayal of Route 66 in music, artwork, and folklore, and how to maintain the mystique and appeal of Route 66 for future generations.

30 ILCS 105/5d [State Construction Account Fund; exclusive use]

Except as provided by Section 5e of this Act [30 ILCS 105/5e], the State Construction Account Fund shall be used exclusively for the construction, reconstruction and maintenance of the State maintained highway system. Except as provided by Section 5e of this Act [30 ILCS 105/5e], none of the money deposited in the State Construction Account Fund shall be used to pay the cost of administering the Motor Fuel Tax Law as now or hereafter amended [35 ILCS 505/1 et seq.], nor be appropriated for use by the Department of Transportation to pay the cost of its operations or administration, nor be used in any manner for the payment of regular or contractual employees of the State, nor be transferred or allocated by the Comptroller and Treasurer or be otherwise used, except for the sole purpose of construction, reconstruction and maintenance of the State maintained highway system as the Illinois General Assembly shall provide by appropriation from this fund. Beginning with the month immediately following the effective date of this amendatory Act of 1985, investment income which is attributable to the investment of moneys of the State Construction Account Fund shall be retained in that fund for the uses specified in this Section.

HISTORY:
P.A. 84-431.

30 ILCS 105/5e [Transfers; Road Fund to State Construction Account Fund]

The Governor, in his discretion, when he deems it necessary for payments of the State's obligations, may authorize transfers from the Road Fund to the State Construction Account Fund. Any amount so transferred shall be retransferred from the State Construction Account Fund to the Road Fund by the end of the fiscal year in which the transfer was made. The transfers out of the Road Fund shall not exceed $35,000,000 in any fiscal year. No transfers from the Road Fund which impair the obligations of the State shall be authorized. The Comptroller and the Treasurer, upon receipt of authorization from the Governor, shall make transfers in accordance with this Section. In the event the Governor fails to authorize the retransfer into the Road Fund as required by this Section, the Comptroller and the Treasurer shall make such retransfer.

HISTORY:
P.A. 84-431.

30 ILCS 105/5f [Comptroller's report of transfers]

Within 10 days after the last day of each month, the Comptroller shall report to the Governor, the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives as to any transfers made between funds in the State Treasury during that month. Such report shall include, but shall not be limited to, the amount transferred from the Road Fund under Section 5e of this Act [30 ILCS 105/5e].

HISTORY:
P.A. 84-431.

30 ILCS 105/5g [Transfer; General Revenue Fund to Road Fund]

(a) After July 1, 1991, the General Assembly shall direct the transfer from the General Revenue Fund to the Road Fund of the sum of $36,000,000, or so much thereof as may be necessary, so that after such transfer the total expenditures for the fiscal year beginning July 1, 1990 for the Division of State Troopers from the Road Fund do not exceed the amount appropriated in fiscal year 1990 for the

Division of State Troopers. Such transfers shall be completed no later than June 30, 1992.

(b) If the General Assembly has not completed the transfers required under subsection (a) of this Section on or before June 30, 1992, and if the General Revenue Fund balance is $250 million or greater on June 30, 1992 or June 30th of any year thereafter, on July 1 of the fiscal year immediately following the fiscal year which has a June 30th balance of $250 million or greater, the Comptroller shall order the transfer and the Treasurer shall transfer from the General Revenue Fund to the Road Fund one-twelfth of the amount remaining to be transferred on July 15, 1992, with such transfers continuing on the first of each month thereafter until the total transfers required to be made by this Section have been completed.

HISTORY:
P.A. 86-1159; 87-860.

30 ILCS 105/5h Cash flow borrowing and general funds liquidity

(a) In order to meet cash flow deficits and to maintain liquidity in the General Revenue Fund, the Healthcare Provider Relief Fund, and the Common School Fund, on and after July 1, 2010 and through June 30, 2011, the State Treasurer and the State Comptroller shall make transfers to the General Revenue Fund, the Healthcare Provider Relief Fund, or the Common School Fund, as directed by the Governor, out of special funds of the State, to the extent allowed by federal law. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act [30 ILCS 340/0.01 et seq.]. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to the General Revenue Fund, the Healthcare Provider Relief Fund, or the Common School Fund pursuant to subsection (a) of this Section, this amendatory Act of the 96th General Assembly [P.A. 96-958] shall constitute the irrevocable and continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from the General Revenue Fund, the Healthcare Provider Relief Fund, or the Common School Fund, as appropriate, by transferring to the funds of origin, at such times and in such amounts as directed by the Governor when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred, except that any moneys transferred pursuant to subsection (a) of this Section shall be repaid to the fund of origin within 18 months after the date on which they were borrowed.

(c) On the first day of each quarterly period in each fiscal year, until such time as a report indicates that all moneys borrowed and interest pursuant to this Section have been repaid, the Governor's Office of Management and Budget shall provide to the President and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, and the Commission on Government Forecasting and Accountability a report on all transfers made pursuant to this Section in the prior quarterly period. The report must be provided in both written and electronic format. The report must include all of the following:

(1) The date each transfer was made.

(2) The amount of each transfer.

(3) In the case of a transfer from the General Revenue Fund, the Healthcare Provider Relief Fund, or the Common School Fund to a fund of origin pursuant to subsection (b) of this Section, the amount of interest being paid to the fund of origin.

(4) The end of day balance of both the fund of origin and the General Revenue Fund, the Healthcare Provider Relief Fund, or the Common School Fund, whichever the case may be, on the date the transfer was made.

HISTORY:
P.A. 96-958, § 5-15; 96-1500, § 10; 97-72, § 5-10; 98-44, § 30.

30 ILCS 105/5h.5 Cash flow borrowing and general funds liquidity; Fiscal Years 2018, 2019, 2020, 2021, and 2022.

(a) In order to meet cash flow deficits and to maintain liquidity in general funds and the Health Insurance Reserve Fund, on and after July 1, 2017 and through June 30, 2022, the State Treasurer and the State Comptroller, in consultation with the Governor's Office of Management and Budget, shall make transfers to general funds and the Health Insurance Reserve Fund, as directed by the State Comptroller, out of special funds of the State, to the extent allowed by federal law.

No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act [30 ILCS 340/0.01 et seq.]. At no time shall the outstanding total transfers made from the special funds of the State to general funds and

the Health Insurance Reserve Fund under this Section exceed $1,500,000,000; once the amount of $1,500,000,000 has been transferred from the special funds of the State to general funds and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from general funds and the Health Insurance Reserve Fund to those special funds of the State. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or directly appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to general funds and the Health Insurance Reserve Fund pursuant to subsection (a) of this Section, Public Act 100-23 shall constitute the continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from general funds by transferring to the funds of origin, at such times and in such amounts as directed by the Comptroller when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred, except that any moneys transferred pursuant to subsection (a) of this Section shall be repaid to the fund of origin within 60 months after the date on which they were borrowed. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from general funds to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis.

(c) On the first day of each quarterly period in each fiscal year, until such time as a report indicates that all moneys borrowed and interest pursuant to this Section have been repaid, the Comptroller shall provide to the President and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, and the Commission on Government Forecasting and Accountability a report on all transfers made pursuant to this Section in the prior quarterly period. The report must be provided in electronic format. The report must include all of the following:

(1) the date each transfer was made;

(2) the amount of each transfer;

(3) in the case of a transfer from general funds to a fund of origin pursuant to subsection (b) of this Section, the amount of interest being paid to the fund of origin; and

(4) the end of day balance of the fund of origin, the general funds, and the Health Insurance Reserve Fund on the date the transfer was made.

30 ILCS 105/5i Transfers

Each year, the Governor's Office of Management and Budget shall, at the time set forth for the submission of the State budget under Section 50-5 of the State Budget Law [15 ILCS 20/50-5], provide to the Chairperson and the Minority Spokesperson of each of the appropriations committees of the House of Representatives and the Senate a report of (i) all full fiscal year transfers from State general funds to any other special fund of the State in the previous fiscal year and during the current fiscal year to date, and (ii) all projected full fiscal year transfers from State general funds to those funds for the remainder of the current fiscal year and the next fiscal year, based on estimates prepared by the Governor's Office of Management and Budget. The report shall include a detailed summary of the estimates upon which the projected transfers are based. The report shall also indicate, for each transfer:

(1) whether or not there is statutory authority for the transfer;

(2) if there is statutory authority for the transfer, whether that statutory authority exists for the next fiscal year; and

(3) whether there is debt service associated with the transfer.

The General Assembly shall consider the report in the appropriations process.

30 ILCS 105/5j Closure of State mental health facilities or developmental disabilities facilities.

Consistent with the provisions of Sections 4.4 and 4.5 of the Community Services Act [405 ILCS 30/4.4 and 405 ILCS 30/4.5], whenever a State mental health facility operated by the Department of Human Services or a State developmental disabilities facility operated by the Department of Human Services is closed, the Department of Human Services, at the direction of the Governor, shall transfer funds from the closed facility to the appropriate line item providing appropriation authority for the new venue of care to facilitate the transition of services to the new venue of care, provided that the new venue of care is a Department of Human Services funded provider or facility.

As used in this Section, the terms "mental health facility" and "developmental disabilities facility" have the meanings ascribed to those terms in the Mental Health and Developmental Disabilities Code [405 ILCS 5/1-100 et seq.].

HISTORY:
P.A. 98-403, § 5; 98-756, § 150.

30 ILCS 105/5k Cash Flow Borrowing and General Funds Liquidity; FY15

(a) In order to meet cash flow deficits and to maintain liquidity in the General Revenue Fund and the Health Insurance Reserve Fund, on and after July 1, 2014 and through June 30, 2015, the State Treasurer and the State Comptroller shall make transfers to the General Revenue Fund and the Health Insurance Reserve Fund, as directed by the Governor, out of special funds of the State, to the extent allowed by federal law. No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act [30 ILCS 340/1 et seq.]. At no time shall the outstanding total transfers made from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund under this Section exceed $650,000,000; once the amount of $650,000,000 has been transferred from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from the General Revenue Fund and the Health Insurance Reserve Fund to those special funds of the State. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to the General Revenue Fund and the Health Insurance Reserve Fund pursuant to subsection (a) of this Section, this amendatory Act of the 98th General Assembly [P.A. 98-682] shall constitute the continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from the General Revenue Fund by transferring to the funds of origin, at such times and in such amounts as directed by the Governor when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from the General Revenue Fund to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis.

(c) On the first day of each quarterly period in each fiscal year, until such time as a report indicates that all moneys borrowed and interest pursuant to this Section have been repaid, the Governor's Office of Management and Budget shall provide to the President and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, and the Commission on Government Forecasting and Accountability a report on all transfers made pursuant to this Section in the prior quarterly period. The report must be provided in electronic format. The report must include all of the following:

(1) The date each transfer was made.

(2) The amount of each transfer.

(3) In the case of a transfer from the General Revenue Fund to a fund of origin pursuant to subsection (b) of this Section, the amount of interest being paid to the fund of origin.

(4) The end of day balance of the fund of origin, the General Revenue Fund and the Health Insurance Reserve Fund on the date the transfer was made.

30 ILCS 105/8.3 [Road Fund; Bonded Indebtedness Payments; Appropriations]

Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded

indebtedness then due and payable, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first — to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code [625 ILCS 5/2-101 et seq. through 625 ILCS 5/10-101 et seq.], except the cost of administration of Articles I and II of Chapter 3 of that Code [625 ILCS 5/3-100 et seq. and 625 ILCS 5/3-201 e seq.], and to pay the costs of the Executive Ethics Commission for oversight and administration of the Chief Procurement Officer appointed under paragraph (2) of subsection (a) of Section 10-20 of the Illinois Procurement Code [30 ILCS 500/10-20] for transportation; and

secondly — for expenses of the Department of Transportation for construction, reconstruction, improvement, repair, maintenance, operation, and administration of highways in accordance with the provisions of laws relating thereto, or for any purpose related or incident to and connected therewith, including the separation of grades of those highways with railroads and with highways and including the payment of awards made by the Illinois Workers' Compensation Commission under the terms of the Workers' Compensation Act [820 ILCS 305/1 et seq.] or Workers' Occupational Diseases Act [820 ILCS 310/1 et seq.] for injury or death of an employee of the Division of Highways in the Department of Transportation; or for the acquisition of land and the erection of buildings for highway purposes, including the acquisition of highway right-of-way or for investigations to determine the reasonably anticipated future highway needs; or for making of surveys, plans, specifications and estimates for and in the construction and maintenance of flight strips and of highways necessary to provide access to military and naval reservations, to defense industries and defense-industry sites, and to the sources of raw materials and for replacing existing highways and highway connections shut off from general public use at military and naval reservations and defense-industry sites, or for the purchase of right-of-way, except that the State shall be reimbursed in full for any expense incurred in building the flight strips; or for the operating and maintaining of highway garages; or for patrolling and policing the public highways and conserving the peace; or for the operating expenses of the Department relating to the administration of public transportation programs; or, during fiscal year 2022, for the purposes of a grant not to exceed $8,394,800 to the Regional Transportation Authority on behalf of PACE for the purpose of ADA/Para-transit expenses; or, during fiscal year 2023, for the purposes of a grant not to exceed $8,394,800 to the Regional Transportation Authority on behalf of PACE for the purpose of ADA/Para-transit expenses; or for any of those purposes or any other purpose that may be provided by law.

Appropriations for any of those purposes are payable from the Road Fund. Appropriations may also be made from the Road Fund for the administrative expenses of any State agency that are related to motor vehicles or arise from the use of motor vehicles.

Beginning with fiscal year 1980 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Department of Public Health;

2. Department of Transportation, only with respect to subsidies for one-half fare Student Transportation and Reduced Fare for Elderly, except fiscal year 2021 only when no more than $17,570,000 may be expended and except fiscal year 2022 only when no more than $17,570,000 may be expended;

3. Department of Central Management Services, except for expenditures incurred for group insurance premiums of appropriate personnel;

4. Judicial Systems and Agencies.

Beginning with fiscal year 1981 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Illinois State Police, except for expenditures with respect to the Division of Patrol Operations and Division of Criminal Investigation;

2. Department of Transportation, only with respect to Intercity Rail Subsidies, except fiscal year 2021 only when no more than $50,000,000 may be expended and except fiscal year 2022 only when no more than $50,000,000 may be expended, and Rail Freight Services.

Beginning with fiscal year 1982 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement: Department of Central Management Services, except for awards made by the Illinois Workers' Compensation Commission under the terms of the Workers' Compensation Act or Workers' Occupational Diseases Act for injury or death of an employee of the Division of Highways in the Department of Transportation.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Illinois State Police, except not more than 40% of the funds appropriated for the Division of

Patrol Operations and Division of Criminal Investigation;

2. State Officers.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to any Department or agency of State government for administration, grants, or operations except as provided hereafter; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement. It shall not be lawful to circumvent the above appropriation limitations by governmental reorganization or other methods. Appropriations shall be made from the Road Fund only in accordance with the provisions of this Section.

Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging during each fiscal year the principal and interest on that bonded indebtedness as it becomes due and payable as provided in the Transportation Bond Act [30 ILCS 415/1 et seq.], and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first — to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code; and

secondly — no Road Fund monies derived from fees, excises, or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of those vehicles, shall be appropriated or expended other than for costs of administering the laws imposing those fees, excises, and license taxes, statutory refunds and adjustments allowed thereunder, administrative costs of the Department of Transportation, including, but not limited to, the operating expenses of the Department relating to the administration of public transportation programs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for and the cost of construction, reconstruction, maintenance, repair, and operation of public highways and bridges under the direction and supervision of the State, political subdivision, or municipality collecting those monies, or during fiscal year 2021 only for the purposes of a grant not to exceed $8,394,800 to the Regional Transportation Authority on behalf of PACE for the purpose of ADA/Para-transit expenses, or during fiscal year 2022 only for the purposes of a grant not to exceed $8,394,800 to the Regional Transportation Authority on behalf of PACE for the purpose of ADA/Para-transit expenses, and the costs for patrolling and policing the public highways (by the State, political subdivision, or municipality collecting that money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law [35 ILCS 505/8].

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Illinois State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act [30 ILCS 105/5g]. For fiscal years 2003, 2004, 2005, 2006, and 2007 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $97,310,000. For fiscal year 2008 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $106,100,000. For fiscal year 2009 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $114,700,000. Beginning in fiscal year 2010, no road fund moneys shall be appropriated to the Illinois State Police. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of State for those purposes, plus $9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State for those purposes. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

Beginning with fiscal year 2000, total Road Fund appropriations to the Secretary of State for the purposes of this Section shall not exceed the amounts specified for the following fiscal years:

Fiscal Year 2000	$80,500,000;
Fiscal Year 2001	$80,500,000;
Fiscal Year 2002	$80,500,000;
Fiscal Year 2003	$130,500,000;
Fiscal Year 2004	$130,500,000;
Fiscal Year 2005	$130,500,000;
Fiscal Year 2006	$130,500,000;
Fiscal Year 2007	$130,500,000;
Fiscal Year 2008	$130,500,000;
Fiscal Year 2009	$130,500,000.

For fiscal year 2010, no road fund moneys shall be appropriated to the Secretary of State.

Beginning in fiscal year 2011, moneys in the Road Fund shall be appropriated to the Secretary of State for the exclusive purpose of paying refunds due to overpayment of fees related to Chapter 3 of the

Illinois Vehicle Code unless otherwise provided for by law.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act [30 ILCS 105/5e]; nor to the General Revenue Fund, as authorized by Public Act 93-25.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

The additional amounts authorized for expenditure by the Secretary of State and the Department of State Police in this Section by Public Act 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

PUBLIC FUNDS INVESTMENT ACT

30 ILCS 235/0.01 Short title

This Act may be cited as the Public Funds Investment Act.

HISTORY:

P.A. 86-1324.

30 ILCS 235/1 [Definitions]

The words "public funds", as used in this Act, mean current operating funds, special funds, interest and sinking funds, and funds of any kind or character belonging to or in the custody of any public agency.

The words "public agency", as used in this Act, mean the State of Illinois, the various counties, townships, cities, towns, villages, school districts, educational service regions, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, the Illinois Bank Examiners' Education Foundation, the Chicago Park District, and all other political corporations or subdivisions of the State of Illinois, now or hereafter created, whether herein specifically mentioned or not. This Act does not apply to the Illinois Prepaid Tuition Trust Fund, private funds collected by the Illinois Conservation Foundation, or pension funds or retirement systems established under the Illinois Pension Code [40 ILCS 5/1-101 et. seq.], except as otherwise provided in that Code. This Act does not apply to the Illinois State Treasurer, whose investment of State funds shall be governed by the Deposit of State Moneys Act [15 ILCS 520/0.01 et seq.].

The words "governmental unit", as used in this Act, have the same meaning as in the Local Government Debt Reform Act [30 ILCS 350/1 et seq.].

HISTORY:

P.A. 85-1411; 87-968, § 1; 90-507, § 3; 91-669, § 5; 92-797, § 10; 98-297, § 5; 2021 P.A. 102-297, § 25, effective August 6, 2021.

30 ILCS 235/2 Authorized investments.

(a) Any public agency may invest any public funds as follows:

(1) in bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;

(2) in bonds, notes, debentures, or other similar obligations of the United States of America, its agencies, and its instrumentalities;

(3) in interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act [205 ILCS 5/1 et seq.];

(4) in short-term obligations of corporations organized in the United States with assets exceeding $500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature not later than 270 days from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's outstanding obligations, and (iii) no more than one-third of the public agency's funds may be invested in short-term obligations of corporations under this paragraph (4);

(4.5) in obligations of corporations organized in the United States with assets exceeding $500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature more than 270 days but less than 3 years from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's outstanding obligations, and (iii) no more than one-third of the public agency's funds may be invested in obligations of corporations under this paragraph (4.5); or

(5) in money market mutual funds registered under the Investment Company Act of 1940 [15 U.S.C. § 80a-1 et seq.], provided that the portfolio of any such money market mutual fund is limited to obligations described in paragraph (1) or (2) of this subsection and to agreements to repurchase such obligations.

(a-1) In addition to any other investments authorized under this Act, a municipality, park district, forest preserve district, conservation district, county, or other governmental unit may invest its public funds in interest bearing bonds of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the municipality, park district, forest preserve district, conservation district, county, or other governmental unit, or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the 4 highest general classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.

(b) Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. Any public agency may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.

(c) For purposes of this Section, the term "agencies of the United States of America" includes: (i) the federal land banks, federal intermediate credit banks, banks for cooperative, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto; (ii) the federal home loan banks and the federal home loan mortgage corporation; and (iii) any other agency created by Act of Congress.

(d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code [now repealed] or under Section 3.2 of the Public Officer Prohibited Practices Act [50 ILCS 105/3.2], no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

(1) have any interest, directly or indirectly, in any investments in which the agency is authorized to invest.

(2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.

(3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act [15 ILCS 505/17]. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act [30 ILCS 105/4.1] or the Local Governmental Tax Collection Act [now repealed], and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, as now or hereafter amended or succeeded, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

(1) The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.

(2) An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.

(3) A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.

(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that the securities are free of any claims against the trading partner; and any claims by the custodian are subordinate to the public agency's claims to rights to those securities.

(10) The obligations purchased by a public agency may only be sold or presented for redemption or payment by the fiscal agent bank or trust company holding the obligations upon the written instruction of the public agency or officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least $250,000,000 may act as custodian for, instruments that constitute repurchase agreements, provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof con-

trolled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of the securities either physically or transferred through a nationally recognized book entry system.

(j) In addition to all other investments authorized under this Section, a community college district may invest public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least $100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the local community college board of trustees. Each community college board of trustees shall develop a policy regarding the percentage of the college's investment portfolio that can be invested in such funds.

Nothing in this Section shall be construed to authorize an intergovernmental risk management entity to accept the deposit of public funds except for risk management purposes.

30 ILCS 235/2.5 Investment policy.

(a) Investment of public funds by a public agency shall be governed by a written investment policy adopted by the public agency. The level of detail and complexity of the investment policy shall be appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the investment portfolio. The policy shall address safety of principal, liquidity of funds, and return on investment and shall require that the investment portfolio be structured in such manner as to provide sufficient liquidity to pay obligations as they come due. In addition, the investment policy shall include or address the following:

(1) a listing of authorized investments;

(2) a rule, such as the "prudent person rule", establishing the standard of care that must be maintained by the persons investing the public funds;

(3) investment guidelines that are appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the investment portfolio;

(4) a policy regarding diversification of the investment portfolio that is appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the investment portfolio;

(5) guidelines regarding collateral requirements, if any, for the deposit of public funds in a financial institution made pursuant to this Act, and, if applicable, guidelines for contractual arrangements for the custody and safekeeping of that collateral;

(6) a policy regarding the establishment of a system of internal controls and written operational procedures designed to prevent losses of funds that might arise from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees of the entity;

(7) identification of the chief investment officer who is responsible for establishing the internal controls and written procedures for the operation of the investment program;

(8) performance measures that are appropriate to the nature of the funds, the purpose for the funds, and the amount of the public funds within the investment portfolio;

(9) a policy regarding appropriate periodic review of the investment portfolio, its effectiveness in meeting the public agency's needs for safety, liquidity, rate of return, and diversification, and its general performance;

(10) a policy establishing at least quarterly written reports of investment activities by the public agency's chief financial officer for submission to the governing body and chief executive officer of the public agency. The reports shall include information regarding securities in the portfolio by class or type, book value, income earned, and market value as of the report date;

(11) a policy regarding the selection of investment advisors, money managers, and financial institutions; and

(12) a policy regarding ethics and conflicts of interest.

(a-5) The investment policy shall include a statement that material, relevant, and decision-useful sustainability factors have been or are regularly considered by the agency, within the bounds of financial and fiduciary prudence, in evaluating investment decisions. Such factors include, but are not limited to: (i) corporate governance and leadership factors; (ii) environmental factors; (iii) social capital factors; (iv) human capital factors; and (v) business model and innovation factors, as provided under the Illinois Sustainable Investing Act.

(b) For purposes of the State or a county, the investment policy shall be adopted by the elected treasurer and presented to the chief executive officer and the governing body. For purposes of any other public agency, the investment policy shall be adopted by the governing body of the public agency.

(c) The investment policy shall be made available to the public at the main administrative office of the public agency.

(d) The written investment policy required under this Section shall be developed and implemented by January 1, 2000.

30 ILCS 235/3 [Payees of securities; registration]

If any securities, purchased under authority of Section 2 hereof [30 ILCS 235/2], are issuable to a designated payee or to the order of a designated payee, then the public agency shall be so designated, and further, if such securities are purchased with money taken from a particular fund of a public agency, the name of such fund shall be added to that of such public agency. If any such securities are registerable, either as to principal or interest, or both, then such securities shall be so registered in the name of the public agency, and in the name of the fund to which they are to be credited.

HISTORY:
Laws 1943, vol. 1, p. 951.

30 ILCS 235/4 [Treatment of securities]

All securities purchased under the authority of this Act shall be held for the benefit of the public agency which purchased them, and if purchased with money taken from a particular fund, such securities shall be credited to and deemed to be a part of such fund, and shall be held for the benefit thereof. All securities so purchased shall be deposited and held in a safe place by the person or persons having custody of the fund to which they are credited, and such person or persons are responsible upon his or their official bond or bonds for the safekeeping of all such securities. Any securities purchased by any such public agency under authority of this Act, may be sold at any time, at the then current market price thereof, by the governing authority of such public agency. Except as provided in Section 4.1 of "An Act in relation to State finance" [30 ILCS 105/4.1], all payments received as principal or interest, or otherwise, derived from any such securities shall be credited to the public agency and to the fund by or for which such securities were purchased.

HISTORY:
Laws 1943, vol. 1, p. 951.

30 ILCS 235/6 Report of financial institutions.

(a) No bank shall receive any public funds unless it has furnished the corporate authorities of a public agency submitting a deposit with copies of the last two sworn statements of resources and liabilities which the bank is required to furnish to the Commissioner of Banks and Real Estate or to the Comptroller of the Currency. Each bank designated as a depository for public funds shall, while acting as such depository, furnish the corporate authorities of a public agency with a copy of all statements of resources and liabilities which it is required to furnish to the Commissioner of Banks and Real Estate or to the Comptroller of the Currency; provided, that if such funds or moneys are deposited in a bank, the amount of all such deposits not collateralized or insured by an agency of the federal government shall not exceed 75% of the capital stock and surplus of such bank, and the corporate authorities of a public agency submitting a deposit shall not be discharged from responsibility for any funds or moneys deposited in any bank in excess of such limitation.

(b) No savings bank or savings and loan association shall receive public funds unless it has furnished the corporate authorities of a public agency submitting a deposit with copies of the last 2 sworn statements of resources and liabilities which the savings bank or savings and loan association is required to furnish to the Commissioner of Banks and Real Estate or the Federal Deposit Insurance Corporation. Each savings bank or savings and loan association designated as a depository for public funds shall, while acting as such depository, furnish the corporate authorities of a public agency with a copy of all statements of resources and liabilities which it is required to furnish to the Commissioner of Banks and Real Estate or the Federal Deposit Insurance Corporation; provided, that if such funds or moneys are deposited in a savings bank or savings and loan association, the amount of all such deposits not collateralized or insured by an agency of the federal government shall not exceed 75% of the net worth of such savings bank or savings and loan association as defined by the Federal Deposit Insurance Corporation, and the corporate authorities of a public agency submitting a deposit shall not be discharged from responsibility for any funds or moneys deposited in any savings bank or savings and loan association in excess of such limitation.

(c) No credit union shall receive public funds unless it has furnished the corporate authorities of a public agency submitting a share deposit with copies of the last two reports of examination prepared by or submitted to the Illinois Department of Financial Institutions or the National Credit Union Administration. Each credit union designated as a depository for public funds shall, while acting as such depository, furnish the corporate authorities of a public agency with a copy of all reports of examination prepared by or furnished to the Illinois Department of Financial Institutions or the National Credit Union Administration; provided that if such funds or moneys are invested in a credit union account, the amount of all such investments not collateralized or insured by an agency of the federal government or other approved share insurer shall not exceed 50% of the unimpaired capital and surplus of such credit union, which shall include shares, reserves and undivided earnings and the corporate authorities of a public agency making an investment shall not be discharged from responsibility for any funds or moneys invested in a credit union in excess of such limitation.

(d) Whenever a public agency deposits any public funds in a financial institution, the public agency may enter into an agreement with the financial institution requiring any funds not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration or other approved share insurer to be collateralized by any of the following classes of securities, provided there has been no default in the payment of principal or interest thereon:

(1) Bonds, notes, or other securities constituting direct and general obligations of the United States, the bonds, notes, or other securities constituting the direct and general obligation of any agency or instrumentality of the United States, the interest and principal of which is unconditionally guaranteed by the United States, and bonds, notes, or other securities or evidence of indebtedness constituting the obligation of a U.S. agency or instrumentality.

(2) Direct and general obligation bonds of the State of Illinois or of any other state of the United States.

(3) Revenue bonds of this State or any authority, board, commission, or similar agency thereof.

(4) Direct and general obligation bonds of any city, town, county, school district, or other taxing body of any state, the debt service of which is payable from general ad valorem taxes.

(5) Revenue bonds of any city, town, county, or school district of the State of Illinois.

(6) Obligations issued, assumed, or guaranteed by the International Finance Corporation, the principal of which is not amortized during the life of the obligation, but no such obligation shall be accepted at more than 90% of its market value.

(7) Illinois Affordable Housing Program Trust Fund Bonds or Notes as defined in and issued pursuant to the Illinois Housing Development Act [20 ILCS 3805/1 et seq.].

(8) In an amount equal to at least market value of that amount of funds deposited exceeding the insurance limitation provided by the Federal Deposit Insurance Corporation or the National Credit Union Administration or other approved share insurer: (i) securities, (ii) mortgages, (iii) letters of credit issued by a Federal Home Loan Bank, or (iv) loans covered by a State Guarantee under the Illinois Farm Development Act [repealed], if that guarantee has been assumed by the Illinois Finance Authority under Section 845-75 of the Illinois Finance Authority Act [20 ILCS 3501/845-75], and loans covered by a State Guarantee under Article 830 of the Illinois Finance Authority Act [20 ILCS 3501/830].

(9) Certificates of deposit or share certificates issued to the depository institution pledging them as security. The public agency may require security in the amount of 125% of the value of the public agency deposit. Such certificate of deposit or share certificate shall:

(i) be fully insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or the National Credit Union Share Insurance Fund or issued by a depository institution which is rated within the 3 highest classifications established by at least one of the 2 standard rating services;

(ii) be issued by a financial institution having assets of $15,000,000 or more; and

(iii) be issued by either a savings and loan association having a capital to asset ratio of at least 2%, by a bank having a capital to asset ratio of at least 6% or by a credit union having a capital to asset ratio of at least 4%.

The depository institution shall effect the assignment of the certificate of deposit or share certificate to the public agency and shall agree that, in the event the issuer of the certificate fails to maintain the capital to asset ratio required by this Section, such certificate of deposit or share certificate shall be replaced by additional suitable security.

(e) The public agency may accept a system established by the State Treasurer to aggregate permissible securities received as collateral from financial institutions in a collateral pool to secure public deposits of the institutions that have pledged securities to the pool.

(f) The public agency may at any time declare any particular security ineligible to qualify as collateral when, in the public agency's judgment, it is deemed desirable to do so.

(g) Notwithstanding any other provision of this Section, as security a public agency may, at its discretion, accept a bond, executed by a company authorized to transact the kinds of business described in clause (g) of Section 4 of the Illinois Insurance Code [215 ILCS 5/4], in an amount not less than the amount of the deposits required by this

Section to be secured, payable to the public agency for the benefit of the People of the unit of government, in a form that is acceptable to the public agency.

(h) Paragraphs (a), (b), (c), (d), (e), (f), and (g) of this Section do not apply to the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the Cooperative Computer Center and public community colleges.

30 ILCS 235/6.5 Federally insured deposits at illinois financial institutions.

(a) Notwithstanding any other provision of this Act or any other statute, whenever a public agency invests public funds in an interest-bearing savings account, demand deposit account, interest-bearing certificate of deposit, or interest-bearing time deposit under Section 2 of this Act [30 ILCS 235/2], the provisions of Section 6 of this Act [30 ILCS 235/6] and any other statutory requirements pertaining to the eligibility of a bank to receive or hold public deposits or to the pledging of collateral by a bank to secure public deposits do not apply to any bank receiving or holding all or part of the invested public funds if (i) the public agency initiates the investment at or through a bank located in Illinois and (ii) the invested public funds are at all times fully insured by an agency or instrumentality of the federal government.

(b) Nothing in this Section is intended to:

(1) prohibit a public agency from requiring the bank at or through which the investment of public funds is initiated to provide the public agency with the information otherwise required by subsection (a), (b), or (c) of Section 6 of this Act as a condition of investing the public funds at or through that bank; or

(2) permit a bank to receive or hold public deposits if that bank is prohibited from doing so by any rule, sanction, or order issued by a regulatory agency or by a court.

(c) For purposes of this Section, the term "bank" includes any person doing a banking business whether subject to the laws of this or any other jurisdiction.

30 ILCS 235/8 Consideration of financial institution's commitment to its community.

(a) In addition to any other requirements of this Act, a public agency shall consider the financial institution's record and current level of financial commitment to its local community when deciding whether to deposit public funds in that financial institution. The public agency may consider factors including, but not necessarily limited to:

(1) for financial institutions subject to the federal Community Reinvestment Act of 1977 [12 U.S.C. § 2901 et seq.], the current and historical ratings that the financial institution has received, to the extent that those ratings are publicly available, under the federal Community Reinvestment Act of 1977;

(2) any changes in ownership, management, policies, or practices of the financial institution that may affect the level of the financial institution's commitment to its community;

(3) the financial impact that the withdrawal or denial of deposits of public funds might have on the financial institution;

(4) the financial impact to the public agency as a result of withdrawing public funds or refusing to deposit additional public funds in the financial institution; and

(5) any additional burden on the resources of the public agency that might result from ceasing to maintain deposits of public funds at the financial institution under consideration.

(a-5) Effective January 1, 2022, no public funds may be deposited in a financial institution subject to the federal Community Reinvestment Act of 1977 unless the institution has a current rating of satisfactory or outstanding under the Community Reinvestment Act of 1977.

(a-10) When investing or depositing public funds, the public agency may give preference to financial institutions that have a current rating of outstanding under the federal Community Reinvestment Act of 1977.

(b) Nothing in this Section shall be construed as authorizing the public agency to conduct an examination or investigation of a financial institution or to receive information that is not publicly available and

the disclosure of which is otherwise prohibited by law.

30 ILCS 305/1 [Definitions]

(a) As used in this Act "public corporations" mean any body corporate organized by or pursuant to the laws of this State to carry out a public governmental or proprietary function, including, without limitation of the foregoing, the state, any school district, park district, city, village, incorporated town, county, drainage or any other type of district, commission, authority, university, public community college or any combination thereof, acting through the corporate authorities thereof.

(b) "Bonds" or "other evidences of indebtedness" mean any instrument providing for the payment of money executed by or on behalf of a public corporation or which the public corporation has assumed or agreed to pay, including, without limitation of the foregoing, bonds, notes, contracts, leases, certificates and tax anticipation warrants.

HISTORY:
P.A. 82-622.

30 ILCS 305/2 [Interest rates]

Notwithstanding the provisions of any other law to the contrary, any public corporation may agree or contract to pay interest on bonds or other evidences of indebtedness and tax anticipation warrants issued pursuant to law at an interest rate or rates not exceeding the greater of 9% per annum or 125% of the rate for the most recent date shown in the 20 G.O. Bonds Index of average municipal bond yields as published in the most recent edition of The Bond Buyer, published in New York, New York (or any successor publication or index, or if such publication or index is no longer published, then any index of long term municipal tax-exempt bond yields then selected by a governing body), at the time the contract is made for the sale of the bonds or other evidences of indebtedness or tax anticipation warrants. A contract is made with respect to notes or bonds when the public corporation is contractually obligated to issue notes, bonds, or other evidences of indebtedness or tax anticipation warrants to a purchaser who is contractually obligated to purchase them; and, with respect to bonds or notes bearing interest at a variable rate or subject to payment upon periodic demand or put or otherwise subject to remarketing by or for the public corporation, a contract is made on each date of change in the variable rate or such demand, put or remarketing. When bonds or other evidences of indebtedness or tax anticipation warrants are to be issued by a public corporation on a basis which is not tax-exempt under Section 103 of the Internal Revenue Code of 1986, as now or hereafter amended [26 U.S.C. § 103], or successor code or provision, then the interest rate or rates payable thereon shall be determined by substituting 131/2%

for 9% and 200% for 125% in the first sentence of this Section.

These amendatory Acts of 1971, 1972, 1973, 1975, 1979, 1982, 1983, 1987 and 1988 are not limits upon any home rule unit.

This Act is not a limit with respect to any bonds, notes and other evidences of obligation for borrowed money issued by any public corporation and purchased or otherwise acquired by the Illinois Finance Authority, pursuant to the Illinois Finance Authority Act [20 ILCS 3501/801-1 et seq], and such bonds, notes and other evidences of obligation for borrowed money may bear interest at any rate or rates, and such rate or rates may be established by an index or formula which may be implemented or established by persons appointed or retained therefor, notwithstanding any other provision of law to the contrary.

30 ILCS 305/7 Interest rate swaps.

For purposes of this Section, terms are as defined in the Local Government Debt Reform Act [30 ILCS 350/1 et seq.]. With respect to all or part of any currently outstanding or proposed issue of its bonds, a governmental unit whose aggregate principal amount of bonds outstanding or proposed exceeds $10,000,000 may, without prior appropriation, enter into agreements or contracts with any necessary or appropriate person (the counter party) that will have the benefit of providing to the governmental unit: (i) an interest rate basis, cash flow basis, or other basis different from that provided in the bonds for the payment of interest or (ii) with respect to a future delivery of bonds, one or more of a guaranteed interest rate, interest rate basis, cash flow basis, or purchase price. Such agreements or contracts include without limitation agreements or contracts commonly known as interest rate swap, collar, cap, or derivative agreements, forward payment conversion agreements, interest rate locks, forward bond purchase agreements, bond warrant agreements, or bond purchase option agreements and also include agreements or contracts providing for payments based on levels of or changes in interest rates, including a change in an interest rate index, to exchange cash flows or a series of payments, or to hedge payment, rate spread, or similar exposure (such agreements or contracts, collectively, being "swaps"). Without limiting other permitted terms which may be included in swaps, the following provisions may or, if hereinafter so required, shall apply:

(a) Payments made pursuant to a swap (the swap payments) which are to be made by the governmental unit may be paid by such governmental unit, without limitation, from proceeds of the bonds, including bonds for future delivery, identified to such swaps, or from bonds issued to refund such bonds, or from whatever enterprise revenues or revenue source, including taxes pledged or to be pledged to the payment of such bonds, which enterprise revenues or revenue source may be increased to make such swap payments, and swap payments to be received by the governmental unit, which may be periodic, up-front, or on termination, shall be used solely for and limited to any lawful corporate purpose of the governmental unit.

(b) Up-front or periodic net swap payments to be paid by the governmental unit under the swaps (the standard swap payments) shall be treated as interest for the purpose of calculating any interest rate limit applicable to the bonds, provided, however, that for purposes of making such standard swap payments only (and not with respect to the bonds so issued or to be issued), the bonds shall be deemed not exempt from income taxation under the Internal Revenue Code for purposes of State law, as contained in this Bond Authorization Act [30 ILCS 305/1 et seq.], relating to the permissible rate of interest to be borne thereon, and, provided further, that if payments of any standard swap payments are to be made by the governmental unit and the counterparty on different dates, the net effect of such payments for purposes of such interest rate limitation shall be determined using a true interest cost (yield) calculation.

(c) Any such agreement or contract and the swap payments to be made thereunder shall not be taken into account with respect to any debt limit applicable to the governmental unit.

(d) Swap payments upon the termination of any swap may be paid to a counterparty upon any terms customary for swaps, including, without limitation, provisions using market quotations available for giving the net benefit of the swap at the time of termination to the persons entitled thereto (viz., the governmental unit or the counterparty) or reasonable fair market value determinations of the value at termination made in good faith by either such persons.

(e) The term of the swap shall not exceed the term of any currently outstanding bonds identified to such swap or, for bonds to be delivered, not greater than 5 years plus the term of years proposed for such bonds to be delivered, but in no event longer than 40 years, plus, in each case, any time period necessary to cure any defaults under such swap.

(f) The choice of law for enforcement of swaps as to any counterparty may be made for any state of these United States, but the law which shall apply to the obligations of the governmental unit shall be the law of the State of Illinois, and jurisdiction to enforce the swaps as against the governmental units shall be exclusively in the courts of the State of Illinois or in the applicable federal court having jurisdiction and located within the State of Illinois.

(g) Governmental units, in entering into swaps, may not waive any sovereign immunities from time to time available under the laws of the State of Illinois as to jurisdiction, procedures, and remedies, but such swaps shall otherwise be fully enforceable as valid and binding contracts as and to the extent provided herein and by other applicable law.

As used in this Act:

(a) "Governmental unit" means any county, township, road district, city, village or incorporated town.

(b) "Highway" means a highway as defined in the Illinois Highway Code [605 ILCS 5/1-101 et seq.].

(c) "Road District" means a road district as defined in the Illinois Highway Code [605 ILCS 5/1-101 et seq.].

HISTORY:
P.A. 76-374.

30 ILCS 385/2 [Issuance of bonds; approval; resolution]

The governing body of a governmental unit may issue bonds of the governmental unit for the purpose of constructing or improving highways of the governmental unit. The governing body of the governmental unit, and in the case of townships and road districts only with written approval of their respective county engineers or superintendents of highways, and in the case of consolidated road districts only with written approval of their county boards, shall, before issuing such bonds, by resolution determine that it is necessary to issue bonds of the governmental unit for the purpose of constructing or improving particular highways, and specify the type of construction or improvements, the proposed width of the highways, together with an estimate of the cost of such construction or improvements and the amount of bonds to be issued.

HISTORY:
P.A. 87-217.

30 ILCS 385/3 [Amount of bonds; due date; interest]

The governing body of the governmental unit shall issue the bonds of the governmental unit not exceeding the amount named in the resolution. Such bonds shall become due not more than 30 years after their date, shall be in denominations of $100 or any multiple thereof, and shall bear interest, at a rate not exceeding the maximum rate authorized by the Bond Authorization Act, as amended [30 ILCS 305/0.01 et seq.] at the time of the making of the contract, for bonds issued before January 1, 1972 and at a rate not exceeding the maximum rate authorized by the Bond Authorization Act [30 ILCS 305/0.01 et seq.], as amended at the time of the making of the contract, for bonds issued after January 1, 1972, payable semiannually, as shall be determined by the governing body. Such bonds shall be sold in competitive bids; and the governing body may, if it is of the opinion that the bids are unsatisfactory, reject the bids and re-advertise and solicit other bids.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the

Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

HISTORY:
P.A. 86-4.

30 ILCS 385/4 [Sale and use of bonds; Bond Highway Fund]

The bonds authorized by this Act shall be sold and the proceeds used solely for the specified purpose. At the time or before issuing any such bonds, the governing body shall adopt a resolution fixing the details of such bonds and providing for the payment of the principal and interest on such bonds as the same become due out of the motor fuel tax funds allotted to such governmental unit, subject to the approval of the Department of Transportation as provided in the Illinois Highway Code [605 ILCS 5/1-101 et seq.].

The proceeds received from the sale of the bonds shall be placed in a special fund in the governmental unit treasury to be designated as the "Bond Highway Fund" and thereafter in the annual appropriation bill appropriate from such fund such sum or sums as may be necessary to carry out the provisions of this Act.

TRANSPORTATION BOND ACT

30 ILCS 415/1 [Short title]

This Act shall be known and may be cited as the "Transportation Bond Act".

HISTORY:
P.A. 77-150.

30 ILCS 415/2 [Authority of State]

The State of Illinois is authorized to issue, sell and provide for the retirement of bonds of the State of Illinois in the amount of $1,729,000,000, hereinafter called the "Bonds", for the specific purpose of promoting and assuring rapid, efficient, and safe highway, air and mass transportation for the inhabitants of the State by providing monies, including the making of grants and loans, to be used for the acquisition, construction, reconstruction, extension and improvement of the following transportation facilities and equipment and for the acquisition of real property and interests in real property required or expected to be required in connection therewith, and within the limitations set forth in Section 5.1 of this Act [30 ILCS 415/5.1] for the specific purpose set forth in Section 2(b)(2) and (3) of this Act:

(a) (1) the acquisition, construction, reconstruction, extension and improvement of State highways, arterial highways, freeways, roads, structures separating highways and railroads and bridges; and

(2) the repair and reconstruction of bridges on roads maintained by counties, municipalities, townships or road districts;

(b) (1) the acquisition, construction, extension, reconstruction and improvement of mass transportation facilities including rapid transit, rail, bus and other equipment used in connection therewith by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide and promote public transportation within the State or two or more of the foregoing acting jointly; and

(2) for the purpose of providing immediate relief from existing or impending inability to meet principal and interest payments and thereby aiding in achieving the maximum benefit for the public from the transportation capital improvement program, to provide funds for any payments required to be made for principal of and interest on bonds, certificates, equipment trust certificates or other evidences of indebtedness issued or guaranteed prior to the passage of this Act by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide public transportation within the State, or two or more of the foregoing acting jointly, pursuant to any indenture, ordinance, resolution, agreement or contract to obtain and finance transportation facilities; and,

(3) for the purpose of reimbursing the General Revenue Fund for monies paid from the General Revenue Fund after passage of this Act for the purpose described in Section 2(b)(2).

(c) the acquisition, construction, extension, reconstruction, and improvement of airport or aviation facilities and any equipment used in connection therewith, including reimbursement for certain engineering and land acquisition costs as provided in Section 34a of the "Illinois Aeronautics Act", approved July 24, 1945, as amended [620 ILCS 5/34a], by the State or any unit of local government, special transportation district, municipal corporation or other corporation or public authority authorized to provide public transportation within the State or two or more of the foregoing acting jointly.

$1,326,000,000 of the Bonds will be used for State highway acquisition, construction, reconstruction, extension and improvement as specifically described herein, hereinafter called the "Transportation Bonds, Series A". $363,000,000 of the Bonds will be used for the mass transportation purposes specifically described herein and $40,000,000 of the Bonds will be used for the aviation purposes specifically described herein, such $403,000,000 of Bonds collectively hereinafter called the "Transportation Bonds, Series B".

The $75,000,000 authorized for mass transportation purposes by this amendatory Act of 1973 shall be used for the acquisition of mass transportation equipment including rail and bus, and other equipment used in connection therewith for the area comprising the counties of DuPage, Kane, Lake,

McHenry and Will, and that portion of the County of Cook outside the City of Chicago, as determined by the Regional Transportation Authority established pursuant to "The Regional Transportation Authority Act", enacted by the 78th General Assembly [70 ILCS 3615/1.01 et seq.]. The proceeds of the sale of such bonds shall be expended only to, or with the approval of, such Authority. Nothing in this paragraph prohibits that Authority from using or approving the use of such proceeds for purposes of acquisition of mass transportation equipment for use between such area and other areas.

Of the Bonds authorized to be used for highway purposes, the proceeds of $14,965,100 of such bonds shall be used by the Department of Transportation for the purpose of the repair and reconstruction of unsafe and substandard bridges on roads maintained by counties, municipalities, townships and road districts under the Illinois Highway Code [605 ILCS 5/1-101 et seq.] and the proceeds of $12,000,000 of such bonds shall be used by the Department of Transportation for the same purposes as provided in Sections 6-902 through 6-905 of the Illinois Highway Code [605 ILCS 5/6-902 through 605 ILCS 5/6-905].

Of the Bonds authorized to be sold for highway purposes, the proceeds of $36,939,400 of the Bonds shall be used for such purposes within the City of Chicago, the proceeds of $42,457,000 of the Bonds shall be used for such purposes in the Chicago urbanized area, the proceeds of $46,359,000 of the bonds shall be used for such purposes outside the Chicago urbanized area, the proceeds of $142,105,500 of the Bonds shall be used for such purposes within the Counties of Cook, DuPage, Kane, Lake, McHenry and Will, the proceeds of $181,139,100 of the Bonds shall be used for such purposes within the Counties of the State outside the Counties of Cook, DuPage, Kane, Lake, McHenry and Will.

Of the $106,000,000 of Bonds authorized to be sold for mass transportation purposes by this amendatory Act of 1979, $98,000,000 of the Bonds shall be used for such purposes within the Counties of Cook, DuPage, Kane, Lake, McHenry and Will and the proceeds of $8,000,000 of the Bonds shall be used for such purposes within the Counties of the State outside the Counties of Cook, DuPage, Kane, Lake, McHenry and Will.

HISTORY:
P.A. 86-453.

30 ILCS 415/3 [Interest]

The Bonds shall bear interest payable annually or semi-annually, from their date, at the rate of not more than 7% per annum. The Bonds shall be serial bonds and be dated, issued and sold by the Governor, from time to time, in such amounts as may be necessary to provide funds for the specific purposes contemplated by Section 2 of this Act [30 ILCS 415/2]. Each Bond shall be in the denomination of $5,000 or some multiple thereof, and shall be made payable within not more than 30 years from its date as the Governor shall determine. These Bonds shall be signed by the Governor and attested by the Secretary of State under the printed facsimile seal of the State and countersigned by the State Treasurer by his manual signature or by his duly authorized deputy. The signatures of the Governor and the Secretary of State may be printed facsimile signatures. Interest coupons with printed facsimile signatures of the Governor, Secretary of State and State Treasurer may be attached to the Bonds. The fact that an officer whose signature or facsimile thereof appears on a Bond or interest coupon no longer holds such office at the time the Bond or coupon is delivered shall not invalidate such Bond or interest coupon.

HISTORY:
P.A. 77-150.

30 ILCS 415/4 [Method of sale]

The Bonds shall be sold to the highest and best bidders, for not less than their par value, upon sealed bids, from time to time, as the Governor shall direct. The Governor may reserve the right to reject any and all bids. The Secretary of State shall, from time to time, as the Bonds are to be sold, advertise in at least two daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago, for proposals to purchase the Bonds. Each of such advertisements for proposals shall be published once at least 10 days prior to the date of the opening of the bids. All or any part of the Bonds may be made registerable as to principal with the State Treasurer. The Bonds may be callable as determined by the Governor; provided however, that the State shall not pay a premium of more than 3% of the principal of any Bonds so called. The Bonds shall be deposited with the State Treasurer, and upon delivery of the Bonds to the purchaser, the proceeds of the Bonds shall be paid into the State Treasury. The proceeds of the Transportation Bonds, Series A shall be kept in a separate fund known as the "Transportation Bond, Series A Fund", which separate fund is hereby created. The proceeds of the Transportation Bonds, Series B shall be kept in a separate fund known as the "Transportation Bond, Series B Fund", which separate fund is hereby created.

HISTORY:
P.A. 77-150.

30 ILCS 415/5 [Proceeds; use]

Prior to January 1, 1972, the proceeds from the sale of the Bonds shall be used by and under the direction of the Department of Aeronautics, the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) and the Department of Public Works and Buildings, and thereafter such department or agency as

shall be designated by law, subject to appropriation by the General Assembly, in such amounts and at such times as the respective department deems necessary or desirable for the purposes provided by Section 2 of this Act [30 ILCS 415/2].

HISTORY:
P.A. 81-1509; 94-793, § 393.

30 ILCS 415/5.1 [Proceeds; limitations]

Not more than $32,000,000 of the proceeds from the sale of the Bonds shall be used for payments pursuant to any indenture, ordinance, resolution, agreement or contract adopted or entered into prior to the passage of this Act to finance transportation facilities, and to reimburse the General Revenue Fund, as provided in Section 2(b)(2) and (3) [30 ILCS 415/2]. No Bond proceeds shall be subject to appropriation for such purposes by the General Assembly after June 30, 1972.

HISTORY:
P.A. 77-150.

30 ILCS 415/6 [Investments]

The State Treasurer may, with the approval of the Governor, invest and reinvest, at the existing market price and in any event not to exceed 102% of par plus accrued interest, in obligations, the principal of and interest on which is guaranteed by the United States Government, or any certificates of deposit of any savings and loan association or any State or national bank which are fully secured by obligations, the principal of and interest on which is guaranteed by the United States Government, any money in the Transportation Bond, Series A Fund or the Transportation Bond, Series B Fund in the State Treasury which, in the opinion of the Governor communicated in writing to the State Treasurer, is not needed for current expenditures due or about to become due from such funds. The cost price of all such obligations shall be considered as cash in the custody of the State Treasurer, and such obligations shall be conveyed at cost price as cash by the State Treasurer to his successor. The money in the Transportation Bond, Series A Fund and in the Transportation Bond, Series B Fund in the form of such obligations shall be set up by the State Treasurer as separate accounts and shown distinctly in every report issued by him regarding fund balances. Earnings received on investments of the Transportation Bond, Series A Fund shall be paid into the Road Fund. All other earnings received upon any such investment shall be paid into the General Revenue Fund. All of the monies other than accrued interest received from the sale or redemption of such investments shall be replaced by the State Treasurer in the fund from which the money was removed for such investment.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended [30 ILCS 235/6].

HISTORY:
P.A. 83-541.

30 ILCS 415/7 [Interest payments]

The Governor shall include an appropriation in each annual State budget of monies in such amount as shall be necessary and sufficient, for the period covered by such budget, to pay the interest, as it shall accrue, on all Bonds issued under this Act and also to pay and discharge the principal of such of the Bonds as shall fall due during such period. To provide for the manner of repayment of the Transportation Bonds, Series A, a separate fund in the State Treasury called the "Transportation Bond, Series A Retirement and Interest Fund" is hereby created. The General Assembly shall annually make appropriations for monies to pay the principal of and interest on the Transportation Bonds, Series A from the Transportation Bond, Series A Retirement and Interest Fund and shall direct the transfer from time to time of monies from the Road Fund to the Transportation Bond, Series A Retirement and Interest Fund, an amount which shall be sufficient to pay the principal of and interest on the Transportation Bonds, Series A as the same become due. If there are insufficient funds in the Road Fund to pay the principal of and interest on the Transportation Bonds, Series A, as the same become due, the General Assembly shall direct the transfer from time to time of monies from the General Revenue Fund to the Transportation Bond, Series A Retirement and Interest Fund to the extent such transfer of monies is necessary to pay the principal of and interest on such Transportation Bonds, Series A which could not be paid by monies transferred from the Road Fund. To provide for the manner of repayment of the Transportation Bonds, Series B a separate fund in the State Treasury called the "Transportation Bond, Series B Retirement and Interest Fund" is hereby created. The General Assembly shall make appropriations for monies to pay the principal of and interest on the Transportation Bonds, Series B from the Transportation Bond, Series B Retirement and Interest Fund and shall direct the transfer from time to time of monies from the General Revenue Fund to the Transportation Bond, Series B Retirement and Interest Fund, an amount which shall be sufficient to pay the principal of and interest on the Transportation Bonds, Series B as the same become due.

If for any reason the General Assembly fails to make appropriations for or transfers to the said Transportation Bond, Series A Retirement and Interest Fund and the Transportation Bond, Series B Retirement and Interest Fund, as the case may be, of amounts sufficient for the State to pay the principal of and interest on the Bonds as the same become due,

this Act shall constitute an irrevocable and continuing appropriation of all amounts necessary for that purpose, and the irrevocable and continuing authority for and direction to the Auditor of Public Accounts, or Comptroller as his successor, and to the Treasurer of the State to make the necessary transfers out of and disbursements from the revenues and funds of the State for that purpose.

All Bonds issued in accordance with the provisions of this Act shall be direct, general obligations of the State of Illinois and shall so state on the face thereof, and the full faith and credit of the State of Illinois are hereby pledged for the punctual payment of the interest thereon as the same shall become due and for the punctual payment of the principal thereof at maturity, and the provisions of this Section shall be irrepealable until all such Bonds are paid in full as to both principal and interest.

HISTORY:
P.A. 77-150.

30 ILCS 415/8 [Civil actions]

If the State fails to pay the principal of or interest on the Bonds as the same become due, a civil action to compel payment may be instituted in the Supreme Court of Illinois as a court of original jurisdiction by the holder or holders of the Bonds in respect of which such failure exists. Delivery of the summons and a copy of the complaint to the Attorney General or leaving them at his office in the capital with his assistant or clerk shall constitute good and sufficient service to give the Supreme Court of Illinois jurisdiction of the subject matter of such a suit of the State and its officer or officers named as defendants for the purpose of compelling such payment. Any case or cause of action concerning the validity of this Act relates to the revenue of the State of Illinois.

HISTORY:
P.A. 77-150.

30 ILCS 415/9 [Principal and interest due; transfers]

Upon each delivery of the Bonds authorized to be issued under this Act, the Comptroller shall compute and certify to the State Treasurer the total amount of principal of and interest on the Bonds issued that will be payable in order to retire such Bonds and the amount of principal of and interest on such Bonds that will be payable on each payment date according to the tenor of such Bonds during the then current and each succeeding fiscal year.

On the last day of each month, commencing with the month in which the Transportation Bonds, Series A are issued and delivered, the State Treasurer and the Auditor of Public Accounts, or Comptroller as his successor, shall transfer from the Road Fund in the State Treasury, or the General Revenue Fund as provided in Section 7 of this Act [30 ILCS 415/7], to the Transportation Bond, Series A Retirement and Interest Fund a sum of money, appropriated for such purpose, equal to the result of the amount of principal of and interest on the Transportation Bonds, Series A payable on the next payment date divided by the number of full calendar months between the date of such Transportation Bonds, Series A and the first such payment date, and thereafter divided by the number of months between each succeeding payment date after the first. On the last day of each month, commencing with the month in which the Transportation Bonds, Series B are issued and delivered, the State Treasurer and the Auditor of Public Accounts, or Comptroller as his successor, shall transfer from the General Revenue Fund in the State Treasury to the Transportation Bond, Series B Retirement and Interest Fund in the State Treasury a sum of money, appropriated for such purpose, equal to the result of the amount of principal of and interest on the Transportation Bonds, Series B payable on the next payment date divided by the number of full calendar months between the date of such Transportation Bonds, Series B and the first such payment date, and thereafter divided by the number of months between each succeeding payment date after the first.

Such computations and transfers shall be made when a series of such Bonds is issued and delivered.

The transfer of monies hereinabove directed is not required if monies in the Transportation Bond, Series A Retirement and Interest Fund, or the Transportation Bond, Series B Retirement and Interest Fund, as the case may be, are more than the amount otherwise to be transferred as hereinabove provided, and if the Governor notifies the Auditor of Public Accounts, or Comptroller as his successor, and the State Treasurer of such fact.

HISTORY:
P.A. 83-1280.

30 ILCS 415/10 [Bond retirement]

The State of Illinois is authorized from time to time to issue, sell and provide for the retirement of bonds of the State of Illinois for the sole purpose of refunding all or any portion of the principal of the Bonds; provided that such refunding bonds shall mature within the terms of the Bonds. Such refunding bonds shall in all other respects be subject to the terms and conditions of Sections 3, 4, 6, 7, 8 and 9 of this Act [30 ILCS 415/3, 30 ILCS 415/4 and 30 ILCS 415/6 through 30 ILCS 415/9]. The principal amount of any such refunding bonds shall not exceed 103% of the principal amount of the Bonds refunded with the proceeds of such refunding bonds.

HISTORY:
P.A. 77-150.

30 ILCS 415/11 [Severability]

If any section, sentence, or clause of this Act is for any reason held invalid or to be unconstitutional,

such decision shall not affect the validity of the remaining portions of this Act.

HISTORY:
P.A. 77-150.

30 ILCS 415/11.1 [Termination date]

After December 1, 1984, no additional bonds shall be issued or sold pursuant to this Act; instead all State of Illinois general obligation bonds shall be issued and sold pursuant to the "General Obligation Bond Act" [30 ILCS 330/1 et seq.].

GENERAL PROVISIONS

30 ILCS 500/1-1 Short title

This Act may be cited as the Illinois Procurement Code.

HISTORY:
P.A. 90-572, § 1-1.

30 ILCS 500/1-5 Public policy.

It is the purpose of this Code and is declared to be the policy of the State that the principles of competitive bidding and economical procurement practices shall be applicable to all purchases and contracts by or for any State agency.

HISTORY:
P.A. 90-572, § 1-5.

30 ILCS 500/1-10 Application. [As amended by P.A. 102-600]

(a) This Code applies only to procurements for which bidders, offerors, potential contractors, or contractors were first solicited on or after July 1, 1998. This Code shall not be construed to affect or impair any contract, or any provision of a contract, entered into based on a solicitation prior to the implementation date of this Code as described in Article 99, including, but not limited to, any covenant entered into with respect to any revenue bonds or similar instruments. All procurements for which contracts are solicited between the effective date of Articles 50

and 99 [30 ILCS 500/50-1 et seq. and 30 ILCS 500/99-5 et seq.] and July 1, 1998 shall be substantially in accordance with this Code and its intent.

(b) This Code shall apply regardless of the source of the funds with which the contracts are paid, including federal assistance moneys. This Code shall not apply to:

(1) Contracts between the State and its political subdivisions or other governments, or between State governmental bodies, except as specifically provided in this Code.

(2) Grants, except for the filing requirements of Section 20-80 [30 ILCS 500/20-80].

(3) Purchase of care, except as provided in Section 5-30.6 of the Illinois Public Aid Code [305 ILCS 5/5-30.6] and this Section.

(4) Hiring of an individual as employee and not as an independent contractor, whether pursuant to an employment code or policy or by contract directly with that individual.

(5) Collective bargaining contracts.

(6) Purchase of real estate, except that notice of this type of contract with a value of more than $25,000 must be published in the Procurement Bulletin within 10 calendar days after the deed is recorded in the county of jurisdiction. The notice shall identify the real estate purchased, the names of all parties to the contract, the value of the contract, and the effective date of the contract.

(7) Contracts necessary to prepare for anticipated litigation, enforcement actions, or investigations, provided that the chief legal counsel to the Governor shall give his or her prior approval when the procuring agency is one subject to the jurisdiction of the Governor, and provided that the chief legal counsel of any other procuring entity subject to this Code shall give his or her prior approval when the procuring entity is not one subject to the jurisdiction of the Governor.

(8) (Blank).

(9) Procurement expenditures by the Illinois Conservation Foundation when only private funds are used.

(10) (Blank).

(11) Public-private agreements entered into according to the procurement requirements of Section 20 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/20] and design-build agreements entered into according to the procurement requirements of Section 25 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/25].

(12)(A) Contracts for legal, financial, and other professional and artistic services entered into by the Illinois Finance Authority in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Finance Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code [30 ILCS 500/5-30, 30 ILCS 500/20-160, 30 ILCS 500/50-13, 30 ILCS 500/50-20, 30 ILCS 500/50-35, and 30 ILCS 500/50-37], as well as the final approval by the members of the Illinois Finance Authority of the terms of the contract.

(B) Contracts for legal and financial services entered into by the Illinois Housing Development Authority in connection with the issuance of bonds in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Housing Development Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code, as well as the final approval by the members of the Illinois Housing Development Authority of the terms of the contract.

(13) Contracts for services, commodities, and equipment to support the delivery of timely forensic science services in consultation with and subject to the approval of the Chief Procurement Officer as provided in subsection (d) of Section 5-4-3a of the Unified Code of Corrections [730 ILCS 5/5-4-3a], except for the requirements of Sections 20-60, 20-65, 20-70, and 20-160 and Article 50 of this Code [30 ILCS 500/20-60, 30 ILCS 500/20-65, 30 ILCS 500/20-70 and 30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.]; however, the Chief Procurement Officer may, in writing with justification, waive any certification required under Article 50 of this Code. For any contracts for services which are currently provided by members of a collective bargaining agreement, the applicable terms of the collective bargaining agreement concerning subcontracting shall be followed.

On and after January 1, 2019, this paragraph (13), except for this sentence, is inoperative.

(14) Contracts for participation expenditures required by a domestic or international trade show or exhibition of an exhibitor, member, or sponsor.

(15) Contracts with a railroad or utility that requires the State to reimburse the railroad or utilities for the relocation of utilities for construction or other public purpose. Contracts included within this paragraph (15) shall include, but not be limited to, those associated with: relocations, crossings, installations, and maintenance. For the purposes of this paragraph (15), "railroad" means any form of non-highway ground transportation that runs on rails or electromagnetic guideways and "utility" means: (1) public utilities as defined in Section 3-105 of the Public Utilities Act [220 ILCS 5/3-105], (2) telecommunications carriers as defined in Section 13-202 of the Public Utilities Act, (3) electric cooperatives as defined in Section 3.4 of the Electric Supplier Act [220 ILCS 30/3.4], (4) telephone or telecommunications cooperatives as defined in Section 13-212 of the Public Utilities Act, (5) rural water or waste water systems with 10,000 connections or less, (6) a holder as defined in Section 21-201 of the Public Utilities Act, and (7) municipalities owning or operating utility systems

consisting of public utilities as that term is defined in Section 11-117-2 of the Illinois Municipal Code [65 ILCS 5/11-117-2].

(16) Procurement expenditures necessary for the Department of Public Health to provide the delivery of timely newborn screening services in accordance with the Newborn Metabolic Screening Act [410 ILCS 240/0.01 et seq.].

(17) Procurement expenditures necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, and the Department of Public Health to implement the Compassionate Use of Medical Cannabis Program and Opioid Alternative Pilot Program requirements and ensure access to medical cannabis for patients with debilitating medical conditions in accordance with the Compassionate Use of Medical Cannabis Program Act.

(18) This Code does not apply to any procurements necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, the Department of Commerce and Economic Opportunity, and the Department of Public Health to implement the Cannabis Regulation and Tax Act if the applicable agency has made a good faith determination that it is necessary and appropriate for the expenditure to fall within this exemption and if the process is conducted in a manner substantially in accordance with the requirements of Sections 20-160, 25-60, 30-22, 50-5, 50-10, 50-10.5, 50-12, 50-13, 50-15, 50-20, 50-21, 50-35, 50-36, 50-37, 50-38, and 50-50 of this Code [30 ILCS 500/20-160, 30 ILCS 500/25-60, 30 ILCS 500/30-22, 30 ILCS 500/50-5, 30 ILCS 500/50-10, 30 ILCS 500/50-10.5, 30 ILCS 500/50-12, 30 ILCS 500/50-13, 30 ILCS 500/50-15, 30 ILCS 500/50-20, 30 ILCS 500/50-21, 30 ILCS 500/50-35, 30 ILCS 500/50-36, 30 ILCS 500/50-37, 30 ILCS 500/50-38, and 30 ILCS 500/50-50]; however, for Section 50-35, compliance applies only to contracts or subcontracts over $100,000. Notice of each contract entered into under this paragraph (18) that is related to the procurement of goods and services identified in paragraph (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each agency shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to this Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that includes, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer. This exemption becomes inoperative 5 years after June 25, 2019 (the effective date of Public Act 101-27).

(19) Acquisition of modifications or adjustments, limited to assistive technology devices and assistive technology services, adaptive equipment, repairs, and replacement parts to provide reasonable accommodations (i) that enable a qualified applicant with a disability to complete the job application process and be considered for the position such qualified applicant desires, (ii) that modify or adjust the work environment to enable a qualified current employee with a disability to perform the essential functions of the position held by that employee, (iii) to enable a qualified current employee with a disability to enjoy equal benefits and privileges of employment as are enjoyed by its other similarly situated employees without disabilities, and (iv) that allow a customer, client, claimant or member of the public seeking State services full use and enjoyment of and access to its programs, services, or benefits.

For purposes of this paragraph (19):

"Assistive technology devices" means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

"Assistive technology services" means any service that directly assists an individual with a disability in selection, acquisition, or use of an assistive technology device.

"Qualified" has the same meaning and use as provided under the federal Americans with Disabilities Act when describing an individual with a disability.

Notwithstanding any other provision of law, for contracts entered into on or after October 1, 2017 under an exemption provided in any paragraph of this subsection (b), except paragraph (1), (2), or (5), each State agency shall post to the appropriate procurement bulletin the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. The chief procurement officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the chief procurement officer.

(c) This Code does not apply to the electric power procurement process provided for under Section 1-75 of the Illinois Power Agency Act [20 ILCS 3855/1-75] and Section 16-111.5 of the Public Utilities Act [220 ILCS 5/16-111.5].

(d) Except for Section 20-160 and Article 50 of this Code [30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.], and as expressly required by Section 9.1 of the Illinois Lottery Law [20 ILCS 1605/9.1], the provisions of this Code do not apply to the procurement process provided for under Section 9.1 of the Illinois Lottery Law.

(e) This Code does not apply to the process used by the Capital Development Board to retain a person or entity to assist the Capital Development Board with its duties related to the determination of costs of a clean coal SNG brownfield facility, as defined by Section 1-10 of the Illinois Power Agency Act [20 ILCS 3855/1-10], as required in subsection (h-3) of Section 9-220 of the Public Utilities Act [220 ILCS 5/9-220], including calculating the range of capital costs, the range of operating and maintenance costs, or the sequestration costs or monitoring the construction of clean coal SNG brownfield facility for the full duration of construction.

(f) (Blank).

(g) (Blank).

(h) This Code does not apply to the process to procure or contracts entered into in accordance with Sections 11-5.2 and 11-5.3 of the Illinois Public Aid Code [305 ILCS 5/11-5.2 and 305 ILCS 5/11-5.3].

(i) Each chief procurement officer may access records necessary to review whether a contract, purchase, or other expenditure is or is not subject to the provisions of this Code, unless such records would be subject to attorney-client privilege.

(j) This Code does not apply to the process used by the Capital Development Board to retain an artist or work or works of art as required in Section 14 of the Capital Development Board Act [20 ILCS 3105/14].

(k) This Code does not apply to the process to procure contracts, or contracts entered into, by the State Board of Elections or the State Electoral Board for hearing officers appointed pursuant to the Election Code [10 ILCS 5/1-1 et seq.].

(l) This Code does not apply to the processes used by the Illinois Student Assistance Commission to procure supplies and services paid for from the private funds of the Illinois Prepaid Tuition Fund. As used in this subsection (l), "private funds" means funds derived from deposits paid into the Illinois Prepaid Tuition Trust Fund and the earnings thereon.

(m) This Code shall apply regardless of the source of funds with which contracts are paid, including federal assistance moneys. Except as specifically provided in this Code, this Code shall not apply to procurement expenditures necessary for the Department of Public Health to conduct the Healthy Illinois Survey in accordance with Section 2310-431 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois.

30 ILCS 500/1-10 Application. As amended by P.A. 102-662]

(a) This Code applies only to procurements for which bidders, offerors, potential contractors, or contractors were first solicited on or after July 1, 1998. This Code shall not be construed to affect or impair any contract, or any provision of a contract, entered into based on a solicitation prior to the implementation date of this Code as described in Article 99, including, but not limited to, any covenant entered into with respect to any revenue bonds or similar instruments. All procurements for which contracts are solicited between the effective date of Articles 50 and 99 [30 ILCS 500/50-1 et seq.] and 99 [30 ILCS 500/99-5 et seq.] and July 1, 1998 shall be substantially in accordance with this Code and its intent.

(b) This Code shall apply regardless of the source of the funds with which the contracts are paid, including federal assistance moneys. This Code shall not apply to:

(1) Contracts between the State and its political subdivisions or other governments, or between State governmental bodies, except as specifically provided in this Code.

(2) Grants, except for the filing requirements of Section 20-80 [30 ILCS 500/20-80].

(3) Purchase of care, except as provided in Section 5-30.6 of the Illinois Public Aid Code [305 ILCS 5/5-30.6] and this Section.

(4) Hiring of an individual as employee and not as an independent contractor, whether pursuant to an employment code or policy or by contract directly with that individual.

(5) Collective bargaining contracts.

(6) Purchase of real estate, except that notice of this type of contract with a value of more than $25,000 must be published in the Procurement Bulletin within 10 calendar days after the deed is recorded in the county of jurisdiction. The notice shall identify the real estate purchased, the names of all parties to the contract, the value of the contract, and the effective date of the contract.

(7) Contracts necessary to prepare for anticipated litigation, enforcement actions, or investigations, provided that the chief legal counsel to the Governor shall give his or her prior approval when the procuring agency is one subject to the jurisdiction of the Governor, and provided that the chief legal counsel of any other procuring entity subject to this Code shall give his or her prior approval

when the procuring entity is not one subject to the jurisdiction of the Governor.

(8) (Blank).

(9) Procurement expenditures by the Illinois Conservation Foundation when only private funds are used.

(10) (Blank).

(11) Public-private agreements entered into according to the procurement requirements of Section 20 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/20] and design-build agreements entered into according to the procurement requirements of Section 25 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/25].

(12)(A) Contracts for legal, financial, and other professional and artistic services entered into by the Illinois Finance Authority in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Finance Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code [30 ILCS 500/5-30, 30 ILCS 500/20-160, 30 ILCS 500/50-13, 30 ILCS 500/50-20, 30 ILCS 500/50-35, and 30 ILCS 500/50-37], as well as the final approval by the members of the Illinois Finance Authority of the terms of the contract.

(B) Contracts for legal and financial services entered into by the Illinois Housing Development Authority in connection with the issuance of bonds in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Housing Development Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code, as well as the final approval by the members of the Illinois Housing Development Authority of the terms of the contract.

(13) Contracts for services, commodities, and equipment to support the delivery of timely forensic science services in consultation with and subject to the approval of the Chief Procurement Officer as provided in subsection (d) of Section 5-4-3a of the Unified Code of Corrections [730 ILCS 5/5-4-3a], except for the requirements of Sections 20-60, 20-65, 20-70, and 20-160 and Article 50 of this Code [30 ILCS 500/20-60, 30 ILCS 500/20-65, 30 ILCS 500/20-70 and 30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.]; however, the Chief Procurement Officer may, in writing with justification, waive any certification required under Article 50 of this Code. For any contracts for services which are currently provided by members of a collective bargaining agreement, the applicable terms of the collective bargaining agreement concerning subcontracting shall be followed.

On and after January 1, 2019, this paragraph (13), except for this sentence, is inoperative.

(14) Contracts for participation expenditures required by a domestic or international trade show or exhibition of an exhibitor, member, or sponsor.

(15) Contracts with a railroad or utility that requires the State to reimburse the railroad or utilities for the relocation of utilities for construction or other public purpose. Contracts included within this paragraph (15) shall include, but not be limited to, those associated with: relocations, crossings, installations, and maintenance. For the purposes of this paragraph (15), "railroad" means any form of non-highway ground transportation that runs on rails or electromagnetic guideways and "utility" means: (1) public utilities as defined in Section 3-105 of the Public Utilities Act [220 ILCS 5/3-105], (2) telecommunications carriers as defined in Section 13-202 of the Public Utilities Act, (3) electric cooperatives as defined in Section 3.4 of the Electric Supplier Act [220 ILCS 30/3.4], (4) telephone or telecommunications cooperatives as defined in Section 13-212 of the Public Utilities Act, (5) rural water or waste water systems with 10,000 connections or less, (6) a holder as defined in Section 21-201 of the Public Utilities Act, and (7) municipalities owning or operating utility systems consisting of public utilities as that term is defined in Section 11-117-2 of the Illinois Municipal Code [65 ILCS 5/11-117-2].

(16) Procurement expenditures necessary for the Department of Public Health to provide the delivery of timely newborn screening services in accordance with the Newborn Metabolic Screening Act [410 ILCS 240/0.01 et seq.].

(17) Procurement expenditures necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, and the Department of Public Health to implement the Compassionate Use of Medical Cannabis Program and Opioid Alternative Pilot Program requirements and ensure access to medical cannabis for patients with debilitating medical conditions in accordance with the Compassionate Use of Medical Cannabis Program Act.

(18) This Code does not apply to any procurements necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, the Department of Commerce and Economic Opportunity, and the Department of Public Health to implement the Cannabis Regulation and Tax Act if the applicable agency has made a good faith determination that it is necessary and appropriate for the expenditure to fall within this exemption and if the process is conducted in a manner substantially in accordance with the requirements of Sections 20-160, 25-60, 30-22, 50-5, 50-10, 50-10.5, 50-12, 50-13, 50-15, 50-20, 50-21, 50-35, 50-36, 50-37, 50-38, and 50-50 of this Code [30 ILCS 500/20-160, 30 ILCS 500/25-60, 30 ILCS 500/30-22, 30 ILCS 500/50-5, 30 ILCS 500/50-10, 30 ILCS 500/50-10.5, 30 ILCS 500/50-12, 30 ILCS 500/50-13, 30 ILCS 500/50-15, 30 ILCS 500/50-20, 30 ILCS 500/50-21, 30 ILCS 500/50-35, 30 ILCS 500/50-36, 30 ILCS

500/50-37, 30 ILCS 500/50-38, and 30 ILCS 500/50-50]; however, for Section 50-35, compliance applies only to contracts or subcontracts over $100,000. Notice of each contract entered into under this paragraph (18) that is related to the procurement of goods and services identified in paragraph (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each agency shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to this Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that includes, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer. This exemption becomes inoperative 5 years after June 25, 2019 (the effective date of Public Act 101-27).

(19) Procurement expenditures necessary for the Illinois Commerce Commission to hire third-party facilitators pursuant to Sections 16-105.17 and Section 16-108.18 of the Public Utilities Act [220 ILCS 5/16-105.17 and 220 ILCS 5/16-108.18] or an ombudsman pursuant to Section 16-107.5 of the Public Utilities Act [220 ILCS 5/16-107.5], a facilitator pursuant to Section 16-105.17 of the Public Utilities Act, or a grid auditor pursuant to Section 16-105.10 of the Public Utilities Act [220 ILCS 5/16-105.10].

Notwithstanding any other provision of law, for contracts entered into on or after October 1, 2017 under an exemption provided in any paragraph of this subsection (b), except paragraph (1), (2), or (5), each State agency shall post to the appropriate procurement bulletin the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. The chief procurement officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the chief procurement officer.

(c) This Code does not apply to the electric power procurement process provided for under Section 1-75 of the Illinois Power Agency Act [20 ILCS 3855/1-75] and Section 16-111.5 of the Public Utilities Act [220 ILCS 5/16-111.5].

(d) Except for Section 20-160 and Article 50 of this Code [30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.], and as expressly required by Section 9.1 of the Illinois Lottery Law [20 ILCS 1605/9.1], the provisions of this Code do not apply to the procurement process provided for under Section 9.1 of the Illinois Lottery Law.

(e) This Code does not apply to the process used by the Capital Development Board to retain a person or entity to assist the Capital Development Board with its duties related to the determination of costs of a clean coal SNG brownfield facility, as defined by Section 1-10 of the Illinois Power Agency Act [20 ILCS 3855/1-10], as required in subsection (h-3) of Section 9-220 of the Public Utilities Act [220 ILCS 5/9-220], including calculating the range of capital costs, the range of operating and maintenance costs, or the sequestration costs or monitoring the construction of clean coal SNG brownfield facility for the full duration of construction.

(f) (Blank).

(g) (Blank).

(h) This Code does not apply to the process to procure or contracts entered into in accordance with Sections 11-5.2 and 11-5.3 of the Illinois Public Aid Code [305 ILCS 5/11-5.2 and 305 ILCS 5/11-5.3].

(i) Each chief procurement officer may access records necessary to review whether a contract, purchase, or other expenditure is or is not subject to the provisions of this Code, unless such records would be subject to attorney-client privilege.

(j) This Code does not apply to the process used by the Capital Development Board to retain an artist or work or works of art as required in Section 14 of the Capital Development Board Act [20 ILCS 3105/14].

(k) This Code does not apply to the process to procure contracts, or contracts entered into, by the State Board of Elections or the State Electoral Board for hearing officers appointed pursuant to the Election Code [10 ILCS 5/1-1 et seq.].

(*l*) This Code does not apply to the processes used by the Illinois Student Assistance Commission to procure supplies and services paid for from the private funds of the Illinois Prepaid Tuition Fund. As used in this subsection (l), "private funds" means funds derived from deposits paid into the Illinois Prepaid Tuition Trust Fund and the earnings thereon.

(m) This Code shall apply regardless of the source of funds with which contracts are paid, including federal assistance moneys. Except as specifically provided in this Code, this Code shall not apply to procurement expenditures necessary for the Department of Public Health to conduct the Healthy Illinois Survey in accordance with Section 2310-431 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois.

30 ILCS 500/1-10 Application. [Effective until January 1, 2023]

(a) This Code applies only to procurements for which bidders, offerors, potential contractors, or contractors were first solicited on or after July 1, 1998. This Code shall not be construed to affect or impair any contract, or any provision of a contract, entered into based on a solicitation prior to the implementation date of this Code as described in Article 99, including, but not limited to, any covenant entered into with respect to any revenue bonds or similar instruments. All procurements for which contracts are solicited between the effective date of Articles 50 and 99 [30 ILCS 500/50-1 et seq.] and 99 [30 ILCS 500/99-5 et seq.] and July 1, 1998 shall be substantially in accordance with this Code and its intent.

(b) This Code shall apply regardless of the source of the funds with which the contracts are paid, including federal assistance moneys. This Code shall not apply to:

(1) Contracts between the State and its political subdivisions or other governments, or between State governmental bodies, except as specifically provided in this Code.

(2) Grants, except for the filing requirements of Section 20-80 [30 ILCS 500/20-80].

(3) Purchase of care, except as provided in Section 5-30.6 of the Illinois Public Aid Code [305 ILCS 5/5-30.6] and this Section.

(4) Hiring of an individual as an employee and not as an independent contractor, whether pursuant to an employment code or policy or by contract directly with that individual.

(5) Collective bargaining contracts.

(6) Purchase of real estate, except that notice of this type of contract with a value of more than $25,000 must be published in the Procurement Bulletin within 10 calendar days after the deed is recorded in the county of jurisdiction. The notice shall identify the real estate purchased, the names of all parties to the contract, the value of the contract, and the effective date of the contract.

(7) Contracts necessary to prepare for anticipated litigation, enforcement actions, or investigations, provided that the chief legal counsel to the Governor shall give his or her prior approval when the procuring agency is one subject to the jurisdiction of the Governor, and provided that the chief legal counsel of any other procuring entity subject to this Code shall give his or her prior approval when the procuring entity is not one subject to the jurisdiction of the Governor.

(8) (Blank).

(9) Procurement expenditures by the Illinois Conservation Foundation when only private funds are used.

(10) (Blank).

(11) Public-private agreements entered into according to the procurement requirements of Section 20 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/20] and design-build agreements entered into according to the procurement requirements of Section 25 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/25].

(12)(A) Contracts for legal, financial, and other professional and artistic services entered into by the Illinois Finance Authority in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Finance Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code [30 ILCS 500/5-30, 30 ILCS 500/20-160, 30 ILCS 500/50-13, 30 ILCS 500/50-20, 30 ILCS 500/50-35, and 30 ILCS 500/50-37], as well as the final approval by the members of the Illinois Finance Authority of the terms of the contract.

(B) Contracts for legal and financial services entered into by the Illinois Housing Development Authority in connection with the issuance of bonds in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Housing Development Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code, as well as the final approval by the members of the Illinois Housing Development Authority of the terms of the contract.

(13) Contracts for services, commodities, and equipment to support the delivery of timely forensic science services in consultation with and subject to the approval of the Chief Procurement Officer as provided in subsection (d) of Section 5-4-3a of the Unified Code of Corrections [730 ILCS 5/5-4-3a], except for the requirements of Sections 20-60, 20-65, 20-70, and 20-160 and Article 50 of this Code [30 ILCS 500/20-60, 30 ILCS 500/20-65, 30 ILCS 500/20-70 and 30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.]; however, the Chief Procurement Officer may, in writing with justification, waive any certification required under Article 50 of this Code. For any contracts for services which are currently provided by members of a collective bargaining agreement, the applicable terms of the collective bargaining agreement concerning subcontracting shall be followed.

On and after January 1, 2019, this paragraph (13), except for this sentence, is inoperative.

(14) Contracts for participation expenditures required by a domestic or international trade show or exhibition of an exhibitor, member, or sponsor.

(15) Contracts with a railroad or utility that requires the State to reimburse the railroad or utilities for the relocation of utilities for construction or other public purpose. Contracts included within this paragraph (15) shall include, but not be limited to, those associated with: relocations, crossings, installations, and maintenance. For the purposes of this paragraph (15), "railroad" means any form of non-highway ground transportation that runs on rails or electromagnetic guideways and "utility" means: (1) public utilities as defined in Section 3-105 of the Public Utilities Act [220 ILCS 5/3-105], (2) telecommunications carriers as defined in Section 13-202 of the Public Utilities Act, (3) electric cooperatives as defined in Section 3.4 of the Electric Supplier Act [220 ILCS 30/3.4], (4) telephone or telecommunications cooperatives as defined in Section 13-212 of the Public Utilities Act, (5) rural water or waste water systems with 10,000 connections or less, (6) a holder as defined in Section 21-201 of the Public Utilities Act, and (7) municipalities owning or operating utility systems consisting of public utilities as that term is defined in Section 11-117-2 of the Illinois Municipal Code [65 ILCS 5/11-117-2].

(16) Procurement expenditures necessary for the Department of Public Health to provide the delivery of timely newborn screening services in accordance with the Newborn Metabolic Screening Act [410 ILCS 240/0.01 et seq.].

(17) Procurement expenditures necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, and the Department of Public Health to implement the Compassionate Use of Medical Cannabis Program and Opioid Alternative Pilot Program requirements and ensure access to medical cannabis for patients with debilitating medical conditions in accordance with the Compassionate Use of Medical Cannabis Program Act.

(18) This Code does not apply to any procurements necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, the Department of Commerce and Economic Opportunity, and the Department of Public Health to implement the Cannabis Regulation and Tax Act if the applicable agency has made a good faith determination that it is necessary and appropriate for the expenditure to fall within this exemption and if the process is conducted in a manner substantially in accordance with the requirements of Sections 20-160, 25-60, 30-22, 50-5, 50-10, 50-10.5, 50-12, 50-13, 50-15, 50-20, 50-21, 50-35, 50-36, 50-37, 50-38, and 50-50 of this Code [30 ILCS 500/20-160, 30 ILCS 500/25-60, 30 ILCS 500/30-22, 30 ILCS 500/50-5, 30 ILCS 500/50-10, 30 ILCS 500/50-10.5, 30 ILCS 500/50-12, 30 ILCS 500/50-13, 30 ILCS 500/50-15, 30 ILCS 500/50-20, 30 ILCS 500/50-21, 30 ILCS 500/50-35, 30 ILCS 500/50-36, 30 ILCS 500/50-37, 30 ILCS 500/50-38, and 30 ILCS 500/50-50]; however, for Section 50-35, compliance applies only to contracts or subcontracts over $100,000. Notice of each contract entered into under this paragraph (18) that is related to the procurement of goods and services identified in paragraph (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each agency shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to this Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that includes, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer. This exemption becomes inoperative 5 years after June 25, 2019 (the effective date of Public Act 101-27).

(19) Acquisition of modifications or adjustments, limited to assistive technology devices and assistive technology services, adaptive equipment, repairs, and replacement parts to provide reasonable accommodations (i) that enable a qualified applicant with a disability to complete the job application process and be considered for the position such qualified applicant desires, (ii) that modify or adjust the work environment to enable a qualified current employee with a disability to perform the essential functions of the position held by that employee, (iii) to enable a qualified current employee with a disability to enjoy equal benefits and privileges of employment as are enjoyed by other similarly situated employees without disabilities, and (iv) that allow a customer, client, claimant, or member of the public seeking State services full use and enjoyment of and access to its programs, services, or benefits.

For purposes of this paragraph (19):

"Assistive technology devices" means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

"Assistive technology services" means any service that directly assists an individual with a disability in selection, acquisition, or use of an assistive technology device.

"Qualified" has the same meaning and use as provided under the federal Americans with Dis-

abilities Act when describing an individual with a disability.

(20) Procurement expenditures necessary for the Illinois Commerce Commission to hire third-party facilitators pursuant to Sections 16-105.17 and 16-108.18 of the Public Utilities Act or an ombudsman pursuant to Section 16-107.5 of the Public Utilities Act, a facilitator pursuant to Section 16-105.17 of the Public Utilities Act, or a grid auditor pursuant to Section 16-105.10 of the Public Utilities Act.

Notwithstanding any other provision of law, for contracts entered into on or after October 1, 2017 under an exemption provided in any paragraph of this subsection (b), except paragraph (1), (2), or (5), each State agency shall post to the appropriate procurement bulletin the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. The chief procurement officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the chief procurement officer.

(c) This Code does not apply to the electric power procurement process provided for under Section 1-75 of the Illinois Power Agency Act [20 ILCS 3855/1-75] and Section 16-111.5 of the Public Utilities Act [220 ILCS 5/16-111.5].

(d) Except for Section 20-160 and Article 50 of this Code [30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.], and as expressly required by Section 9.1 of the Illinois Lottery Law [20 ILCS 1605/9.1], the provisions of this Code do not apply to the procurement process provided for under Section 9.1 of the Illinois Lottery Law.

(e) This Code does not apply to the process used by the Capital Development Board to retain a person or entity to assist the Capital Development Board with its duties related to the determination of costs of a clean coal SNG brownfield facility, as defined by Section 1-10 of the Illinois Power Agency Act [20 ILCS 3855/1-10], as required in subsection (h-3) of Section 9-220 of the Public Utilities Act [220 ILCS 5/9-220], including calculating the range of capital costs, the range of operating and maintenance costs, or the sequestration costs or monitoring the construction of clean coal SNG brownfield facility for the full duration of construction.

(f) (Blank).

(g) (Blank).

(h) This Code does not apply to the process to procure or contracts entered into in accordance with Sections 11-5.2 and 11-5.3 of the Illinois Public Aid Code [305 ILCS 5/11-5.2 and 305 ILCS 5/11-5.3].

(i) Each chief procurement officer may access records necessary to review whether a contract, purchase, or other expenditure is or is not subject to the provisions of this Code, unless such records would be subject to attorney-client privilege.

(j) This Code does not apply to the process used by the Capital Development Board to retain an artist or work or works of art as required in Section 14 of the Capital Development Board Act [20 ILCS 3105/14].

(k) This Code does not apply to the process to procure contracts, or contracts entered into, by the State Board of Elections or the State Electoral Board for hearing officers appointed pursuant to the Election Code [10 ILCS 5/1-1 et seq.].

(*l*) This Code does not apply to the processes used by the Illinois Student Assistance Commission to procure supplies and services paid for from the private funds of the Illinois Prepaid Tuition Fund. As used in this subsection (l), "private funds" means funds derived from deposits paid into the Illinois Prepaid Tuition Trust Fund and the earnings thereon.

(m) This Code shall apply regardless of the source of funds with which contracts are paid, including federal assistance moneys. Except as specifically provided in this Code, this Code shall not apply to procurement expenditures necessary for the Department of Public Health to conduct the Healthy Illinois Survey in accordance with Section 2310-431 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois.

30 ILCS 500/1-10 Application. [Effective January 1, 2023]

(a) This Code applies only to procurements for which bidders, offerors, potential contractors, or contractors were first solicited on or after July 1, 1998. This Code shall not be construed to affect or impair any contract, or any provision of a contract, entered into based on a solicitation prior to the implementation date of this Code as described in Article 99, including, but not limited to, any covenant entered into with respect to any revenue bonds or similar instruments. All procurements for which contracts are solicited between the effective date of Articles 50 and 99 [30 ILCS 500/50-1 et seq. and 30 ILCS 500/99-5 et seq.] and July 1, 1998 shall be substantially in accordance with this Code and its intent.

(b) This Code shall apply regardless of the source of the funds with which the contracts are paid, including federal assistance moneys. This Code shall not apply to:

(1) Contracts between the State and its political subdivisions or other governments, or between State governmental bodies, except as specifically provided in this Code.

(2) Grants, except for the filing requirements of Section 20-80 [30 ILCS 500/20-80].

(3) Purchase of care, except as provided in Section 5-30.6 of the Illinois Public Aid Code [305 ILCS 5/5-30.6] and this Section.

(4) Hiring of an individual as an employee and not as an independent contractor, whether pursuant to an employment code or policy or by contract directly with that individual.

(5) Collective bargaining contracts.

(6) Purchase of real estate, except that notice of this type of contract with a value of more than $25,000 must be published in the Procurement Bulletin within 10 calendar days after the deed is recorded in the county of jurisdiction. The notice shall identify the real estate purchased, the names of all parties to the contract, the value of the contract, and the effective date of the contract.

(7) Contracts necessary to prepare for anticipated litigation, enforcement actions, or investigations, provided that the chief legal counsel to the Governor shall give his or her prior approval when the procuring agency is one subject to the jurisdiction of the Governor, and provided that the chief legal counsel of any other procuring entity subject to this Code shall give his or her prior approval when the procuring entity is not one subject to the jurisdiction of the Governor.

(8) (Blank).

(9) Procurement expenditures by the Illinois Conservation Foundation when only private funds are used.

(10) (Blank).

(11) Public-private agreements entered into according to the procurement requirements of Section 20 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/20] and design-build agreements entered into according to the procurement requirements of Section 25 of the Public-Private Partnerships for Transportation Act [630 ILCS 5/25].

(12)(A) Contracts for legal, financial, and other professional and artistic services entered into by the Illinois Finance Authority in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Finance Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code [30 ILCS 500/5-30, 30 ILCS 500/20-160, 30 ILCS 500/50-13, 30 ILCS 500/50-20, 30 ILCS 500/50-35, and 30 ILCS 500/50-37], as well as the final approval by the members of the Illinois Finance Authority of the terms of the contract.

(B) Contracts for legal and financial services entered into by the Illinois Housing Development Authority in connection with the issuance of bonds in which the State of Illinois is not obligated. Such contracts shall be awarded through a competitive process authorized by the members of the Illinois Housing Development Authority and are subject to Sections 5-30, 20-160, 50-13, 50-20, 50-35, and 50-37 of this Code, as well as the final approval by the members of the Illinois Housing Development Authority of the terms of the contract.

(13) Contracts for services, commodities, and equipment to support the delivery of timely forensic science services in consultation with and subject to the approval of the Chief Procurement Officer as provided in subsection (d) of Section 5-4-3a of the Unified Code of Corrections [730 ILCS 5/5-4-3a], except for the requirements of Sections 20-60, 20-65, 20-70, and 20-160 and Article 50 of this Code [30 ILCS 500/20-60, 30 ILCS 500/20-65, 30 ILCS 500/20-70 and 30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.]; however, the Chief Procurement Officer may, in writing with justification, waive any certification required under Article 50 of this Code. For any contracts for services which are currently provided by members of a collective bargaining agreement, the applicable terms of the collective bargaining agreement concerning subcontracting shall be followed.

On and after January 1, 2019, this paragraph (13), except for this sentence, is inoperative.

(14) Contracts for participation expenditures required by a domestic or international trade show or exhibition of an exhibitor, member, or sponsor.

(15) Contracts with a railroad or utility that requires the State to reimburse the railroad or utilities for the relocation of utilities for construction or other public purpose. Contracts included within this paragraph (15) shall include, but not be limited to, those associated with: relocations, crossings, installations, and maintenance. For the purposes of this paragraph (15), "railroad" means any form of non-highway ground transportation that runs on rails or electromagnetic guideways and "utility" means: (1) public utilities as defined in Section 3-105 of the Public Utilities Act [220 ILCS 5/3-105], (2) telecommunications carriers as defined in Section 13-202 of the Public Utilities Act, (3) electric cooperatives as defined in Section 3.4 of the Electric Supplier Act [220 ILCS 30/3.4], (4) telephone or telecommunications cooperatives as defined in Section 13-212 of the Public Utilities Act, (5) rural water or waste water systems with 10,000 connections or less, (6) a holder as defined in Section 21-201 of the Public Utilities Act, and (7) municipalities owning or operating utility systems consisting of public utilities as that term is defined in Section 11-117-2 of the Illinois Municipal Code [65 ILCS 5/11-117-2].

(16) Procurement expenditures necessary for the Department of Public Health to provide the delivery of timely newborn screening services in accordance with the Newborn Metabolic Screening Act [410 ILCS 240/0.01 et seq.].

(17) Procurement expenditures necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, and the Department of Public Health to implement the Compassionate Use of Medical Cannabis Program and Opioid Alternative Pilot Program requirements and ensure access to medical cannabis for patients with debilitating medical conditions in accordance with the Compassionate Use of Medical Cannabis Program Act.

(18) This Code does not apply to any procurements necessary for the Department of Agriculture, the Department of Financial and Professional Regulation, the Department of Human Services, the Department of Commerce and Economic Opportunity, and the Department of Public Health to implement the Cannabis Regulation and Tax Act if the applicable agency has made a good faith determination that it is necessary and appropriate for the expenditure to fall within this exemption and if the process is conducted in a manner substantially in accordance with the requirements of Sections 20-160, 25-60, 30-22, 50-5, 50-10, 50-10.5, 50-12, 50-13, 50-15, 50-20, 50-21, 50-35, 50-36, 50-37, 50-38, and 50-50 of this Code[30 ILCS 500/20-160, 30 ILCS 500/25-60, 30 ILCS 500/30-22, 30 ILCS 500/50-5, 30 ILCS 500/50-10, 30 ILCS 500/50-10.5, 30 ILCS 500/50-12, 30 ILCS 500/50-13, 30 ILCS 500/50-15, 30 ILCS 500/50-20, 30 ILCS 500/50-21, 30 ILCS 500/50-35, 30 ILCS 500/50-36, 30 ILCS 500/50-37, 30 ILCS 500/50-38, and 30 ILCS 500/50-50]; however, for Section 50-35, compliance applies only to contracts or subcontracts over $100,000. Notice of each contract entered into under this paragraph (18) that is related to the procurement of goods and services identified in paragraph (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each agency shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to this Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that includes, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer. This exemption becomes inoperative 5 years after June 25, 2019 (the effective date of Public Act 101-27).

(19) Acquisition of modifications or adjustments, limited to assistive technology devices and assistive technology services, adaptive equipment, repairs, and replacement parts to provide reasonable accommodations (i) that enable a qualified applicant with a disability to complete the job application process and be considered for the position such qualified applicant desires, (ii) that modify or adjust the work environment to enable a qualified current employee with a disability to perform the essential functions of the position held by that employee, (iii) to enable a qualified current employee with a disability to enjoy equal benefits and privileges of employment as are enjoyed by other similarly situated employees without disabilities, and (iv) that allow a customer, client, claimant, or member of the public seeking State services full use and enjoyment of and access to its programs, services, or benefits.

For purposes of this paragraph (19):

"Assistive technology devices" means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

"Assistive technology services" means any service that directly assists an individual with a disability in selection, acquisition, or use of an assistive technology device.

"Qualified" has the same meaning and use as provided under the federal Americans with Disabilities Act when describing an individual with a disability.

(20) Procurement expenditures necessary for the Illinois Commerce Commission to hire third-party facilitators pursuant to Sections 16-105.17 and 16-108.18 of the Public Utilities Act [220 ILCS 5/16-105.17 and 220 ILCS 5/16-108.18] or an ombudsman pursuant to Section 16-107.5 of the Public Utilities Act [220 ILCS 5/16-107.5], a facilitator pursuant to Section 16-105.17 of the Public Utilities Act, or a grid auditor pursuant to Section 16-105.10 of the Public Utilities Act [220 ILCS 5/16-105.10].

Notwithstanding any other provision of law, for contracts with an annual value of more than $100,000 entered into on or after October 1, 2017 under an exemption provided in any paragraph of this subsection (b), except paragraph (1), (2), or (5), each State agency shall post to the appropriate procurement bulletin the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. The chief procurement officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the chief procurement officer.

(c) This Code does not apply to the electric power procurement process provided for under Section 1-75

of the Illinois Power Agency Act [20 ILCS 3855/1-75] and Section 16-111.5 of the Public Utilities Act [220 ILCS 5/16-111.5].

(d) Except for Section 20-160 and Article 50 of this Code [30 ILCS 500/20-160 and 30 ILCS 500/50-1 et seq.], and as expressly required by Section 9.1 of the Illinois Lottery Law [20 ILCS 1605/9.1], the provisions of this Code do not apply to the procurement process provided for under Section 9.1 of the Illinois Lottery Law.

(e) This Code does not apply to the process used by the Capital Development Board to retain a person or entity to assist the Capital Development Board with its duties related to the determination of costs of a clean coal SNG brownfield facility, as defined by Section 1-10 of the Illinois Power Agency Act [20 ILCS 3855/1-10], as required in subsection (h-3) of Section 9-220 of the Public Utilities Act [220 ILCS 5/9-220], including calculating the range of capital costs, the range of operating and maintenance costs, or the sequestration costs or monitoring the construction of clean coal SNG brownfield facility for the full duration of construction.

(f) (Blank).

(g) (Blank).

(h) This Code does not apply to the process to procure or contracts entered into in accordance with Sections 11-5.2 and 11-5.3 of the Illinois Public Aid Code [305 ILCS 5/11-5.2 and 305 ILCS 5/11-5.3].

(i) Each chief procurement officer may access records necessary to review whether a contract, purchase, or other expenditure is or is not subject to the provisions of this Code, unless such records would be subject to attorney-client privilege.

(j) This Code does not apply to the process used by the Capital Development Board to retain an artist or work or works of art as required in Section 14 of the Capital Development Board Act [20 ILCS 3105/14].

(k) This Code does not apply to the process to procure contracts, or contracts entered into, by the State Board of Elections or the State Electoral Board for hearing officers appointed pursuant to the Election Code [10 ILCS 5/1-1 et seq.].

(*l*) This Code does not apply to the processes used by the Illinois Student Assistance Commission to procure supplies and services paid for from the private funds of the Illinois Prepaid Tuition Fund. As used in this subsection (l), "private funds" means funds derived from deposits paid into the Illinois Prepaid Tuition Trust Fund and the earnings thereon.

(m) This Code shall apply regardless of the source of funds with which contracts are paid, including federal assistance moneys. Except as specifically provided in this Code, this Code shall not apply to procurement expenditures necessary for the Department of Public Health to conduct the Healthy Illinois Survey in accordance with Section 2310-431 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois.

30 ILCS 500/1-10.5 Alternative Technical Concepts.

(a) For the purposes of this Section, "Alternative Technical Concepts" and "design-bid-build project delivery method" have the meanings ascribed to those terms in the Innovations for Transportation Infrastructure Act [630 ILCS 10/1 et. seq.].

(b) Notwithstanding subsection (b) of Section 1-10 of this Code [30 ILCS 500/1-10] , the Department of Transportation may allow bidders and proposers to submit Alternative Technical Concepts in their bids and proposals, if the Department determines that the Alternative Technical Concepts provide an equal or better solution than the underlying technical requirements applicable to the work. Notwithstanding the foregoing, for projects the Department delivers using the design-bid-build project delivery method, the Department shall use the Alternative Technical Concepts process for no more than 3 projects per year. If the Department allows bidders or proposers for a particular contract to submit Alternative Technical Concepts, the Department shall describe the process for submission and evaluation of Alternative Technical Concepts in the procurement documents for that contract, including the potential use of confidential meetings and the exchange of confidential information with bidders and proposers to review and discuss potential or proposed Alternative Technical Concepts.

30 ILCS 500/1-12 Applicability to artistic or musical services. [Effective until January 1, 2023]

(a) This Code shall not apply to procurement ex-

penditures necessary to provide artistic or musical services, performances, or theatrical productions held at a venue operated or leased by a State agency.

(b) Notice of each contract entered into by a State agency that is related to the procurement of goods and services identified in this Section shall be published in the Illinois Procurement Bulletin within 14 calendar days after contract execution. The chief procurement officer shall prescribe the form and content of the notice. Each State agency shall provide the chief procurement officer, on a monthly basis, in the form and content prescribed by the chief procurement officer, a report of contracts that are related to the procurement of supplies and services identified in this Section. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. A copy of any or all of these contracts shall be made available to the chief procurement officer immediately upon request. The chief procurement officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the chief procurement officer.

(d) The General Assembly finds and declares that:

(1) This amendatory Act of the 100th General Assembly manifests the intention of the General Assembly to remove the repeal of this Section.

(2) This Section was originally enacted to protect, promote, and preserve the general welfare. Any construction of this Section that results in the repeal of this Section on December 31, 2016 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Code.

It is hereby declared to have been the intent of the General Assembly that this Section not be subject to repeal on December 31, 2016.

This Section shall be deemed to have been in continuous effect since August 3, 2012 (the effective date of Public Act 97-895), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All previously enacted amendments to this Section taking effect on or after December 31, 2016, are hereby validated.

All actions taken in reliance on or pursuant to this Section in the procurement of artistic or musical services are hereby validated.

In order to ensure the continuing effectiveness of this Section, it is set forth in full and re-enacted by this amendatory Act of the 100th General Assembly. This re-enactment is intended as a continuation of this Section. It is not intended to supersede any amendment to this Section that is enacted by the 100th General Assembly.

In this amendatory Act of the 100th General Assembly, the base text of this Section is set forth as amended by Public Act 98-1076. Striking and underscoring is used only to show changes being made to the base text.

This Section applies to all procurements made on or before the effective date of this amendatory Act of the 100th General Assembly.

30 ILCS 500/1-13 Applicability to public institutions of higher education. [Effective until January 1, 2023]

(a) This Code shall apply to public institutions of higher education, regardless of the source of the funds with which contracts are paid, except as provided in this Section.

(b) Except as provided in this Section, this Code shall not apply to procurements made by or on behalf of public institutions of higher education for any of the following:

(1) Memberships in professional, academic, research, or athletic organizations on behalf of a public institution of higher education, an employee of a public institution of higher education, or a student at a public institution of higher education.

(2) Procurement expenditures for events or activities paid for exclusively by revenues generated by the event or activity, gifts or donations for the event or activity, private grants, or any combination thereof.

(3) Procurement expenditures for events or activities for which the use of specific potential contractors is mandated or identified by the sponsor of the event or activity, provided that the sponsor is providing a majority of the funding for the event or activity.

(4) Procurement expenditures necessary to provide athletic, artistic or musical services, performances, events, or productions by or for a public institution of higher education.

(5) Procurement expenditures for periodicals, books, subscriptions, database licenses, and other publications procured for use by a university library or academic department, except for expenditures related to procuring textbooks for student use or materials for resale or rental.

(6) Procurement expenditures for placement of students in externships, practicums, field experiences, and for medical residencies and rotations.

(7) Contracts for programming and broadcast license rights for university-operated radio and television stations.

(8) Procurement expenditures necessary to perform sponsored research and other sponsored activities under grants and contracts funded by the sponsor or by sources other than State appropriations.

(9) Contracts with a foreign entity for research or educational activities, provided that the foreign entity either does not maintain an office in the United States or is the sole source of the service or product.

Notice of each contract entered into by a public institution of higher education that is related to the procurement of goods and services identified in items (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each public institution of higher education shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer.

(b-5) Except as provided in this subsection, the provisions of this Code shall not apply to contracts for medical supplies, and to contracts for medical services necessary for the delivery of care and treatment at medical, dental, or veterinary teaching facilities utilized by Southern Illinois University or the University of Illinois and at any university-operated health care center or dispensary that provides care, treatment, and medications for students, faculty and staff. Other supplies and services needed for these teaching facilities shall be subject to the jurisdiction of the Chief Procurement Officer for Public Institutions of Higher Education who may establish expedited procurement procedures and may waive or modify certification, contract, hearing, process and registration requirements required by the Code. All procurements made under this subsection shall be documented and may require publication in the Illinois Procurement Bulletin.

(b-10) Procurements made by or on behalf of the University of Illinois for investment services scheduled to expire June 2021 may be extended through June 2022 without being subject to the requirements of this Code. Any contract extended, renewed, or entered pursuant to this exception shall be published on the Executive Ethics Commission's website within 5 days of contract execution. This subsection is inoperative on and after July 1, 2022.

(c) Procurements made by or on behalf of public institutions of higher education for the fulfillment of a grant shall be made in accordance with the requirements of this Code to the extent practical.

Upon the written request of a public institution of higher education, the Chief Procurement Officer may waive contract, registration, certification, and hearing requirements of this Code if, based on the item to be procured or the terms of a grant, compliance is impractical. The public institution of higher education shall provide the Chief Procurement Officer with specific reasons for the waiver, including the necessity of contracting with a particular potential contractor, and shall certify that an effort was made in good faith to comply with the provisions of this Code. The Chief Procurement Officer shall provide written justification for any waivers. By November 1 of each year, the Chief Procurement Officer shall file a report with the General Assembly identifying each contract approved with waivers and providing the justification given for any waivers for each of those contracts. Notice of each waiver made under this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice.

(d) Notwithstanding this Section, a waiver of the registration requirements of Section 20-160 [30 ILCS 500/20-160] does not permit a business entity and any affiliated entities or affiliated persons to make campaign contributions if otherwise prohibited by Section 50-37 [30 ILCS 500/50-37]. The total amount of contracts awarded in accordance with this Section shall be included in determining the aggregate amount of contracts or pending bids of a business entity and any affiliated entities or affiliated persons.

(e) Notwithstanding subsection (e) of Section 50-10.5 of this Code [30 ILCS 500/50-10.5], the Chief Procurement Officer, with the approval of the Executive Ethics Commission, may permit a public institution of higher education to accept a bid or enter into a contract with a business that assisted the public institution of higher education in determining whether there is a need for a contract or assisted in reviewing, drafting, or preparing documents related to a bid or contract, provided that the bid or contract is essential to research administered by the public institution of higher education and it is in the best interest of the public institution of higher education to accept the bid or contract. For purposes of this subsection, "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business. The Executive Ethics Commission may promulgate rules and regulations for the implementation and administration of the provisions of this subsection (e).

(f) As used in this Section:

"Grant" means non-appropriated funding provided by a federal or private entity to support a project or program administered by a public institution of higher education and any non-appropriated funding provided to a sub-recipient of the grant.

"Public institution of higher education" means Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Southern Illinois University, University of Illinois, Western Illinois University, and, for purposes of this Code only, the Illinois Mathematics and Science Academy.

(g) (Blank).

(h) The General Assembly finds and declares that:

(1) Public Act 98-1076, which took effect on January 1, 2015, changed the repeal date set for this Section from December 31, 2014 to December 31, 2016.

(2) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act [5 ILCS 70/1] also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(3) This amendatory Act of the 100th General Assembly manifests the intention of the General Assembly to remove the repeal of this Section.

(4) This Section was originally enacted to protect, promote, and preserve the general welfare. Any construction of this Section that results in the repeal of this Section on December 31, 2014 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Code.

It is hereby declared to have been the intent of the General Assembly that this Section not be subject to repeal on December 31, 2014.

This Section shall be deemed to have been in continuous effect since December 20, 2011 (the effective date of Public Act 97-643), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All previously enacted amendments to this Section taking effect on or after December 31, 2014, are hereby validated.

All actions taken in reliance on or pursuant to this Section by any public institution of higher education, person, or entity are hereby validated.

In order to ensure the continuing effectiveness of this Section, it is set forth in full and re-enacted by this amendatory Act of the 100th General Assembly. This re-enactment is intended as a continuation of this Section. It is not intended to supersede any

amendment to this Section that is enacted by the 100th General Assembly.

In this amendatory Act of the 100th General Assembly, the base text of the reenacted Section is set forth as amended by Public Act 98-1076. Striking and underscoring is used only to show changes being made to the base text.

This Section applies to all procurements made on or before the effective date of this amendatory Act of the 100th General Assembly.

30 ILCS 500/1-13 Applicability to public institutions of higher education. [Effective January 1, 2023]

(a) This Code shall apply to public institutions of higher education, regardless of the source of the funds with which contracts are paid, except as provided in this Section.

(b) Except as provided in this Section, this Code shall not apply to procurements made by or on behalf of public institutions of higher education for any of the following:

(1) Memberships in professional, academic, research, or athletic organizations on behalf of a public institution of higher education, an employee of a public institution of higher education, or a student at a public institution of higher education.

(2) Procurement expenditures for events or activities paid for exclusively by revenues generated by the event or activity, gifts or donations for the event or activity, private grants, or any combination thereof.

(3) Procurement expenditures for events or activities for which the use of specific potential contractors is mandated or identified by the sponsor of the event or activity, provided that the sponsor is providing a majority of the funding for the event or activity.

(4) Procurement expenditures necessary to provide athletic, artistic or musical services, performances, events, or productions by or for a public institution of higher education.

(5) Procurement expenditures for periodicals, books, subscriptions, database licenses, and other publications procured for use by a university library or academic department, except for expenditures related to procuring textbooks for student use or materials for resale or rental.

(6) Procurement expenditures for placement of students in externships, practicums, field experiences, and for medical residencies and rotations.

(7) Contracts for programming and broadcast license rights for university-operated radio and television stations.

(8) Procurement expenditures necessary to perform sponsored research and other sponsored activities under grants and contracts funded by the sponsor or by sources other than State appropriations.

(9) Contracts with a foreign entity for research or educational activities, provided that the foreign entity either does not maintain an office in the United States or is the sole source of the service or product.

Notice of each contract with an annual value of more than $100,000 entered into by a public institution of higher education that is related to the procurement of goods and services identified in items (1) through (9) of this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice. Each public institution of higher education shall provide the Chief Procurement Officer, on a monthly basis, in the form and content prescribed by the Chief Procurement Officer, a report of contracts that are related to the procurement of goods and services identified in this subsection. At a minimum, this report shall include the name of the contractor, a description of the supply or service provided, the total amount of the contract, the term of the contract, and the exception to the Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The Chief Procurement Officer shall submit a report to the Governor and General Assembly no later than November 1 of each year that shall include, at a minimum, an annual summary of the monthly information reported to the Chief Procurement Officer.

(b-5) Except as provided in this subsection, the provisions of this Code shall not apply to contracts for medical supplies, and to contracts for medical services necessary for the delivery of care and treatment at medical, dental, or veterinary teaching facilities utilized by Southern Illinois University or the University of Illinois and at any university-operated health care center or dispensary that provides care, treatment, and medications for students, faculty and staff. Other supplies and services needed for these teaching facilities shall be subject to the jurisdiction of the Chief Procurement Officer for Public Institutions of Higher Education who may establish expedited procurement procedures and may waive or modify certification, contract, hearing, process and registration requirements required by the Code. All procurements made under this subsection shall be documented and may require publication in the Illinois Procurement Bulletin.

(b-10) Procurements made by or on behalf of the University of Illinois for investment services scheduled to expire June 2022 may be extended through June 2024 without being subject to the requirements of this Code. Any contract extended, renewed, or entered pursuant to this exception shall be published on the Executive Ethics Commission's website within 5 days of contract execution. This subsection is inoperative on and after July 1, 2024.

(c) Procurements made by or on behalf of public institutions of higher education for the fulfillment of a grant shall be made in accordance with the requirements of this Code to the extent practical.

Upon the written request of a public institution of higher education, the Chief Procurement Officer may waive contract, registration, certification, and hearing requirements of this Code if, based on the item to be procured or the terms of a grant, compliance is impractical. The public institution of higher education shall provide the Chief Procurement Officer with specific reasons for the waiver, including the necessity of contracting with a particular potential contractor, and shall certify that an effort was made in good faith to comply with the provisions of this Code. The Chief Procurement Officer shall provide written justification for any waivers. By November 1 of each year, the Chief Procurement Officer shall file a report with the General Assembly identifying each contract approved with waivers and providing the justification given for any waivers for each of those contracts. Notice of each waiver made under this subsection shall be published in the Procurement Bulletin within 14 calendar days after contract execution. The Chief Procurement Officer shall prescribe the form and content of the notice.

(d) Notwithstanding this Section, a waiver of the registration requirements of Section 20-160 does not permit a business entity and any affiliated entities or affiliated persons to make campaign contributions if otherwise prohibited by Section 50-37. The total amount of contracts awarded in accordance with this Section shall be included in determining the aggregate amount of contracts or pending bids of a business entity and any affiliated entities or affiliated persons.

(e) Notwithstanding subsection (e) of Section 50-10.5 of this Code, the Chief Procurement Officer, with the approval of the Executive Ethics Commission, may permit a public institution of higher education to accept a bid or enter into a contract with a business that assisted the public institution of higher education in determining whether there is a need for a contract or assisted in reviewing, drafting, or preparing documents related to a bid or contract, provided that the bid or contract is essential to research administered by the public institution of higher education and it is in the best interest of the public institution of higher education to accept the bid or contract. For purposes of this subsection, "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder of a business. The Executive Ethics Commission may promulgate rules and regulations for the implementation and administration of the provisions of this subsection (e).

(f) As used in this Section:

"Grant" means non-appropriated funding provided by a federal or private entity to support a project or program administered by a public institution of higher education and any non-appropriated funding provided to a sub-recipient of the grant.

"Public institution of higher education" means Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Southern Illinois University, University of Illinois, Western Illinois University, and, for purposes of this Code only, the Illinois Mathematics and Science Academy.

(g) (Blank).

(h) The General Assembly finds and declares that:

(1) Public Act 98-1076, which took effect on January 1, 2015, changed the repeal date set for this Section from December 31, 2014 to December 31, 2016.

(2) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(3) This amendatory Act of the 100th General Assembly manifests the intention of the General Assembly to remove the repeal of this Section.

(4) This Section was originally enacted to protect, promote, and preserve the general welfare. Any construction of this Section that results in the repeal of this Section on December 31, 2014 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Code.

It is hereby declared to have been the intent of the General Assembly that this Section not be subject to repeal on December 31, 2014.

This Section shall be deemed to have been in continuous effect since December 20, 2011 (the effective date of Public Act 97-643), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All previously enacted amendments to this Section taking effect on or after December 31, 2014, are hereby validated.

All actions taken in reliance on or pursuant to this Section by any public institution of higher education, person, or entity are hereby validated.

In order to ensure the continuing effectiveness of this Section, it is set forth in full and re-enacted by this amendatory Act of the 100th General Assembly. This re-enactment is intended as a continuation of this Section. It is not intended to supersede any amendment to this Section that is enacted by the 100th General Assembly.

In this amendatory Act of the 100th General Assembly, the base text of the reenacted Section is set forth as amended by Public Act 98-1076. Striking and underscoring is used only to show changes being made to the base text.

This Section applies to all procurements made on or before the effective date of this amendatory Act of the 100th General Assembly.

ARTICLE 5.

POLICY ORGANIZATION

30 ILCS 500/5-5 Procurement Policy Board.

(a) Creation. There is created a Procurement Policy Board, an agency of the State of Illinois.

(b) Authority and duties. The Board shall have the authority and responsibility to review, comment upon, and recommend, consistent with this Code, rules and practices governing the procurement, management, control, and disposal of supplies, services, professional or artistic services, construction, and real property and capital improvement leases procured by the State. The Board shall also have the authority to recommend a program for professional development and provide opportunities for training in procurement practices and policies to chief procurement officers and their staffs in order to ensure that all procurement is conducted in an efficient, professional, and appropriately transparent manner.

Upon a three-fifths vote of its members, the Board may review a contract. Upon a three-fifths vote of its members, the Board may propose procurement rules for consideration by chief procurement officers. These proposals shall be published in each volume of the Procurement Bulletin. Except as otherwise provided by law, the Board shall act upon the vote of a majority of its members who have been appointed and are serving.

(b-5) Reviews, studies, and hearings. The Board may review, study, and hold public hearings concerning the implementation and administration of this Code. Each chief procurement officer, State purchasing officer, procurement compliance monitor, and State agency shall cooperate with the Board, provide information to the Board, and be responsive to the Board in the Board's conduct of its reviews, studies, and hearings.

(c) Members. The Board shall consist of 5 members appointed one each by the 4 legislative leaders and the Governor. Each member shall have demonstrated sufficient business or professional experience in the area of procurement to perform the functions of the Board. No member may be a member of the General Assembly.

(d) Terms. Of the initial appointees, the Governor shall designate one member, as Chairman, to serve a one-year term, the President of the Senate and the Speaker of the House shall each appoint one member to serve 3-year terms, and the Minority Leader of the House and the Minority Leader of the Senate shall each appoint one member to serve 2-year terms. Subsequent terms shall be 4 years. Members may be reappointed for succeeding terms.

(e) Reimbursement. Members shall receive no compensation but shall be reimbursed for any expenses reasonably incurred in the performance of their duties.

(f) Staff support. Upon a three-fifths vote of its members, the Board may employ an executive director. Subject to appropriation, the Board also may employ a reasonable and necessary number of staff persons.

(g) Meetings. Meetings of the Board may be conducted telephonically, electronically, or through the use of other telecommunications. Written minutes of such meetings shall be created and available for public inspection and copying.

(h) Procurement recommendations. Upon a three-fifths vote of its members, the Board may review a proposal, bid, or contract and issue a recommendation to void a contract or reject a proposal or bid

based on any violation of this Code or the existence of a conflict of interest as described in subsections (b) and (d) of Section 50-35 [30 ILCS 500/50-35]. A chief procurement officer or State purchasing officer shall notify the Board if an alleged conflict of interest or violation of the Code is identified, discovered, or reasonably suspected to exist. Any person or entity may notify the Board of an alleged conflict of interest or violation of the Code. A recommendation of the Board shall be delivered to the appropriate chief procurement officer and Executive Ethics Commission within 7 calendar days and must be published in the next volume of the Procurement Bulletin. In the event that an alleged conflict of interest or violation of the Code that was not originally disclosed with the bid, offer, or proposal is identified and filed with the Board, the Board shall provide written notice of the alleged conflict of interest or violation to the bidder, offeror, potential contractor, contractor, or subcontractor on that contract. If the alleged conflict of interest or violation is by the subcontractor, written notice shall also be provided to the bidder, offeror, potential contractor, or contractor. The bidder, offeror, potential contractor, contractor, or subcontractor shall have 15 calendar days to provide a written response to the notice, and a hearing before the Board on the alleged conflict of interest or violation shall be held upon request by the bidder, offeror, potential contractor, contractor, or subcontractor. The requested hearing date and time shall be determined by the Board, but in no event shall the hearing occur later than 15 calendar days after the date of the request.

(i) After providing notice and a hearing as required by subsection (h), the Board shall refer any alleged violations of this Code to the Executive Inspector General in addition to or instead of issuing a recommendation to void a contract.

(j) Response. Each State agency shall respond promptly in writing to all inquiries and comments of the Procurement Policy Board.

30 ILCS 500/5-7 Commission on Equity and Inclusion; powers and duties.

(a) The Commission on Equity and Inclusion, as created under the Commission on Equity and Inclusion Act, shall have the powers and duties provided under this Section with respect to this Code. Nothing in this Section shall be construed as overriding the authority and duties of the Procurement Policy Board as provided under Section 5-5 [30 ILCS 500/5-5]. The powers and duties of the Commission as provided under this Section shall be exercised alongside, but independent of, that of the Procurement Policy Board.

(b) The Commission on Equity and Inclusion shall have the authority and responsibility to review, comment upon, and recommend, consistent with this Code, rules and practices governing the procurement, management, control, and disposal of supplies, services, professional or artistic services, construction, and real property and capital improvement leases procured by the State for the purpose of diversity, equity, and inclusion. The Commission on Equity and Inclusion shall also have the authority to recommend a program for professional development and provide opportunities for training in equity and inclusion in procurement practices and policies to chief procurement officers and their staffs in order to ensure that all procurement is conducted in an efficient, professional, and appropriately transparent manner.

(c) Upon a majority vote of its members, the Commission on Equity and Inclusion may review a contract for purposes of equity and inclusion. Upon a three-fifths vote of its members, the Commission may propose equity and inclusion in procurement rules for consideration by chief procurement officers. These proposals of equity and inclusion rules shall be published in each volume of the Procurement Bulletin. Except as otherwise provided by law, the Commission on Equity and Inclusion shall act upon the vote of a majority of its members who have been appointed and are serving.

(d) The Commission on Equity and Inclusion may review, study, and hold public hearings concerning the implementation and administration of this Code in regard to equity and inclusion in procurement. Each chief procurement officer, State purchasing officer, procurement compliance monitor, and State agency shall cooperate with, provide information to, and be responsive to the Commission on Equity and Inclusion in the conduct of its reviews, studies, and hearings for purposes of equity and inclusion in procurement.

(e) Upon a three-fifths vote of its members, the Commission on Equity and Inclusion shall review a proposal, bid, or contract and issue a recommendation to void a contract or reject a proposal or bid based on any violation of this Code in regard to equity and inclusion. A recommendation of the Commission shall be delivered to the appropriate chief procurement officer within 7 calendar days after the proposal due date, bid opening date, or determination of a Code violation and must be published in the next volume of the Procurement Bulletin. The bidder, offeror, potential contractor, contractor, or subcontractor shall have 15 calendar days to provide a written response to the notice. A hearing before the Commission on the violation of the Code in regard to equity and inclusion shall be held upon request by the bidder, offeror, potential contractor, contractor, or subcontractor. The requested hearing date and time shall be determined by the Commission on Equity and Inclusion, but in no event shall the hearing occur later than 15 calendar days after the date of the request. Within 7 days after the hearing, the Commission shall deliver a recommendation to the appro-

priate chief procurement officer whether to void the contract or reject the proposal or bid.

30 ILCS 500/5-23 Interests of Board members.

Members of the Procurement Policy Board employed by or holding an interest in an entity doing business with or attempting to do business with the State of Illinois do not, by their service on the Board, preclude that entity from doing business with or attempting to do business with the State.

HISTORY:
P.A. 90-572, § 5-23.

30 ILCS 500/5-25 Rulemaking authority; agency policy; agency response.

(a) Rulemaking. A chief procurement officer authorized to make procurements under this Code shall have the authority to promulgate rules to carry out that authority. The rulemaking on specific procurement topics mentioned in specific Sections of this Code shall not be construed as prohibiting or limiting rulemaking on other procurement topics.

All rules shall be promulgated in accordance with the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.]. Contractual provisions, specifications, and procurement descriptions are not rules and are not subject to the Illinois Administrative Procedure Act. All rules other than those promulgated by the Board shall be presented in writing to the Board for review and comment. The Board shall express their opinions and recommendations in writing. The proposed rules and recommendations shall be made available for public review. The rules shall also be approved by the Joint Committee on Administrative Rules.

(b) Policy. Each chief procurement officer shall promptly notify the Procurement Policy Board in writing of any proposed new procurement rule or policy or any proposed change in an existing procurement rule or policy.

(c) Response. Each State agency must respond promptly in writing to all inquiries and comments of the Procurement Policy Board.

30 ILCS 500/5-30 Proposed contracts; Procurement Policy Board; Commission on Equity and Inclusion.

(a) Except as provided in subsection (c), within 14 calendar days after notice of the awarding or letting of a contract has appeared in the Procurement Bulletin in accordance with subsection (b) of Section 15-25, the Board or the Commission on Equity and Inclusion may request in writing from the contracting agency and the contracting agency shall promptly, but in no event later than 7 calendar days after receipt of the request, provide to the requesting entity, by electronic or other means satisfactory to the requesting entity, documentation in the possession of the contracting agency concerning the proposed contract. Nothing in this subsection is intended to waive or abrogate any privilege or right of confidentiality authorized by law.

(b) No contract subject to this Section may be entered into until the 14-day period described in subsection (a) has expired, unless the contracting agency requests in writing that the Board and the Commission on Equity and Inclusion waive the period and the Board and the Commission on Equity and Inclusion grant the waiver in writing.

(c) This Section does not apply to (i) contracts entered into under this Code for small and emergency procurements as those procurements are defined in Article 20 [30 ILCS 500/20-5 et seq.] and (ii) contracts for professional and artistic services that are nonrenewable, one year or less in duration, and have a value of less than $20,000. If requested in writing by the Board or the Commission on Equity and Inclusion, however, the contracting agency must promptly, but in no event later than 10 calendar days after receipt of the request, transmit to the Board or the Commission on Equity and Inclusion a copy of the contract for an emergency procurement and documentation in the possession of the contracting agency concerning the contract.

ARTICLE 10.

APPOINTMENTS

30 ILCS 500/10-5 Exercise of procurement authority

The chief procurement officer shall exercise all procurement authority created by this Code. The State purchasing officers appointed under this Code shall exercise procurement authority at the direction of their respective chief procurement officer. Decisions of a State purchasing officer are subject to review by the respective chief procurement officer.

HISTORY:
P.A. 90-572, § 10-5; 96-795, § 95-35.

30 ILCS 500/10-10 Independent State purchasing officers.

(a) The chief procurement officer shall appoint a State purchasing officer for each agency that the chief procurement officer is responsible for under Section 1-15.15 [30 ILCS 500/1-15.15]. A State pur-

chasing officer shall be located in the State agency that the officer serves but shall report to his or her respective chief procurement officer. The State purchasing officer shall have direct communication with agency staff assigned to assist with any procurement process. At the direction of his or her respective chief procurement officer, a State purchasing officer shall have the authority to (i) review any contract or contract amendment prior to execution to ensure that applicable procurement and contracting standards were followed and (ii)approve or reject contracts for a purchasing agency. If the State purchasing officer provides written approval of the contract, the head of the applicable State agency shall have the authority to sign and enter into that contract. All actions of a State purchasing officer are subject to review by a chief procurement officer in accordance with procedures and policies established by the chief procurement officer.

(a-5) A State purchasing officer may (i) attend any procurement meetings; (ii) access any records or files related to procurement; (iii) submit reports to the chief procurement officer on procurement issues; (iv) ensure the State agency is maintaining appropriate records; and (v) ensure transparency of the procurement process.

(a-10) If a State purchasing officer is aware of misconduct, waste, or inefficiency with respect to State procurement, the State purchasing officer shall advise the State agency of the issue in writing. If the State agency does not correct the issue, the State purchasing officer shall report the problem, in writing, to the chief procurement officer and appropriate Inspector General.

(b) In addition to any other requirement or qualification required by State law, within 30 months after appointment, a State purchasing officer must be a Certified Professional Public Buyer or a Certified Public Purchasing Officer, pursuant to certification by the Universal Public Purchasing Certification Council or the Institute for Supply Management. A State purchasing officer shall serve a term of 5 years beginning on the date of the officer's appointment. A State purchasing officer shall have an office located in the State agency that the officer serves but shall report to the chief procurement officer. A State purchasing officer may be removed by a chief procurement officer for cause after a hearing by the Executive Ethics Commission. The chief procurement officer or executive officer of the State agency housing the State purchasing officer may institute a complaint against the State purchasing officer by filing such a complaint with the Commission and the Commission shall have a public hearing based on the complaint. The State purchasing officer, chief procurement officer, and executive officer of the State agency shall receive notice of the hearing and shall be permitted to present their respective arguments on the complaint. After the hearing, the Commission shall make a non-binding recommendation on whether the State purchasing officer shall be removed. The salary of a State purchasing officer shall be established by the chief procurement officer and may not be diminished during the officer's term. In the absence of an appointed State purchasing officer, the applicable chief procurement officer shall exercise the procurement authority created by this Code and may appoint a temporary acting State purchasing officer.

(c) Each State purchasing officer owes a fiduciary duty to the State.

HISTORY:

P.A. 90-572, § 10-10; 96-795, § 95-35; 97-895, § 15; 2017 P.A. 100-43, § 15, effective August 9, 2017.

30 ILCS 500/10-15 Procurement compliance monitors.

(a) The Executive Ethics Commission may appoint procurement compliance monitors to oversee and review the procurement processes. Each procurement compliance monitor shall serve a term of 5 years beginning on the date of the officer's appointment. Each procurement compliance monitor appointed pursuant to this Section and serving a 5-year term on the effective date of this amendatory Act of the 100th General Assembly shall report to the chief procurement officer in the performance of his or her duties until the expiration of the monitor's term. The compliance monitor shall have direct communications with the executive officer of a State agency in exercising duties. A procurement compliance monitor may be removed only for cause after a hearing by the Executive Ethics Commission. The appropriate chief procurement officer or executive officer of the State agency served by the procurement compliance monitor may institute a complaint against the procurement compliance monitor with the Commission and the Commission shall hold a public hearing based on the complaint. The procurement compliance monitor, State purchasing officer, appropriate chief procurement officer, and executive officer of the State agency shall receive notice of the hearing and shall be permitted to present their respective arguments on the complaint. After the hearing, the Commission shall determine whether the procurement compliance monitor shall be removed. The salary of a procurement compliance monitor shall be established by the Executive Ethics Commission and may not be diminished during the officer's term.

(b) The procurement compliance monitor shall: (i) review any procurement, contract, or contract amendment as directed by the Executive Ethics Commission or a chief procurement officer; and (ii) report any findings of the review, in writing, to the Commission, the affected agency, the chief procurement officer responsible for the affected agency, and any entity requesting the review. The procurement compliance monitor may: (i) review each contract or contract amendment prior to execution to ensure that applicable procurement and contracting standards were followed; (ii) attend any procurement

meetings; (iii) access any records or files related to procurement; (iv) issue reports to the chief procurement officer on procurement issues that present issues or that have not been corrected after consultation with appropriate State officials; (v) ensure the State agency is maintaining appropriate records; and (vi) ensure transparency of the procurement process.

(c) If the procurement compliance monitor is aware of misconduct, waste, or inefficiency with respect to State procurement, the procurement compliance monitor shall advise the State agency of the issue in writing. If the State agency does not correct the issue, the monitor shall report the problem, in writing, to the chief procurement officer and Inspector General.

(d) Each procurement compliance monitor owes a fiduciary duty to the State.

HISTORY:

P.A. 90-572, § 10-15; 96-795, § 95-35; 97-895, § 15; 2017 P.A. 100-43, § 15, effective August 9, 2017.

30 ILCS 500/10-20 Independent chief procurement officers.

(a) Appointment. Within 60 calendar days after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-1076], the Executive Ethics Commission, with the advice and consent of the Senate shall appoint or approve 4 chief procurement officers, one for each of the following categories:

(1) for procurements for construction and construction-related services committed by law to the jurisdiction or responsibility of the Capital Development Board;

(2) for procurements for all construction, construction-related services, operation of any facility, and the provision of any service or activity committed by law to the jurisdiction or responsibility of the Illinois Department of Transportation, including the direct or reimbursable expenditure of all federal funds for which the Department of Transportation is responsible or accountable for the use thereof in accordance with federal law, regulation, or procedure, the chief procurement officer recommended for approval under this item appointed by the Secretary of Transportation after consent by the Executive Ethics Commission;

(3) for all procurements made by a public institution of higher education; and

(4) for all other procurement needs of State agencies.

A chief procurement officer shall be responsible to the Executive Ethics Commission but must be located within the agency that the officer provides with procurement services. The chief procurement officer for higher education shall have an office located within the Board of Higher Education, unless otherwise designated by the Executive Ethics Commission. The chief procurement officer for all other procurement needs of the State shall have an office located within the Department of Central Management Services, unless otherwise designated by the Executive Ethics Commission.

(b) Terms and independence. Each chief procurement officer appointed under this Section shall serve for a term of 5 years beginning on the date of the officer's appointment. The chief procurement officer may be removed for cause after a hearing by the Executive Ethics Commission. The Governor or the director of a State agency directly responsible to the Governor may institute a complaint against the officer by filing such complaint with the Commission. The Commission shall have a hearing based on the complaint. The officer and the complainant shall receive reasonable notice of the hearing and shall be permitted to present their respective arguments on the complaint. After the hearing, the Commission shall make a finding on the complaint and may take disciplinary action, including but not limited to removal of the officer.

The salary of a chief procurement officer shall be established by the Executive Ethics Commission and may not be diminished during the officer's term. The salary may not exceed the salary of the director of a State agency for which the officer serves as chief procurement officer.

(c) Qualifications. In addition to any other requirement or qualification required by State law, each chief procurement officer must within 12 months of employment be a Certified Professional Public Buyer or a Certified Public Purchasing Officer, pursuant to certification by the Universal Public Purchasing Certification Council, and must reside in Illinois.

(d) Fiduciary duty. Each chief procurement officer owes a fiduciary duty to the State.

(e) Vacancy. In case of a vacancy in one or more of the offices of a chief procurement officer under this Section during the recess of the Senate, the Executive Ethics Commission shall make a temporary appointment until the next meeting of the Senate, when the Executive Ethics Commission shall nominate some person to fill the office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until his or her successor is appointed and qualified. If the Senate is not in session at the time this amendatory Act of the 96th General Assembly takes effect, the Executive Ethics Commission shall make a temporary appointment as in the case of a vacancy.

30 ILCS 500/15-20 Qualified bidders or offerors.

Subscription to the Illinois Procurement Bulletin shall not be required to qualify as a bidder or offeror under this Code.

HISTORY:
P.A. 90-572, § 15-20; 98-1076, § 5.

30 ILCS 500/15-25 Bulletin content.

(a) Invitations for bids. Notice of each and every contract that is offered, including renegotiated contracts and change orders, shall be published in the Bulletin. The applicable chief procurement officer may provide by rule an organized format for the publication of this information, but in any case it must include at least the date first offered, the date submission of offers is due, the location that offers are to be submitted to, the purchasing State agency, the responsible State purchasing officer, a brief purchase description, the method of source selection, information of how to obtain a comprehensive purchase description and any disclosure and contract forms, and encouragement to potential contractors to hire qualified veterans, as defined by Section 45-67 of this Code [30 ILCS 500/45-67], and qualified Illinois minorities, women, persons with disabilities, and residents discharged from any Illinois adult correctional center.

(a-5) All businesses listed on the Illinois Unified Certification Program Disadvantaged Business Enterprise Directory, the Business Enterprise Program of the Department of Central Management Services, and any small business database created pursuant to Section 45-45 of this Code [30 ILCS 500/45-45] shall be furnished written instructions and information on how to register for the Illinois Procurement Bulletin. This information shall be provided to each business within 30 calendar days after the business's notice of certification or qualification.

(b) Contracts let. Notice of each and every contract that is let, including renegotiated contracts and change orders, shall be issued electronically to those bidders submitting responses to the solicitations, inclusive of the unsuccessful bidders, immediately upon contract let. Failure of any chief procurement officer to give such notice shall result in tolling the time for filing a bid protest up to 7 calendar days.

For purposes of this subsection (b), "contracts let" means a construction agency's act of advertising an invitation for bids for one or more construction projects.

(b-5) Contracts awarded. Notice of each and every contract that is awarded, including renegotiated contracts and change orders, shall be issued electronically to the successful responsible bidder, offeror, or contractor and published in the Bulletin. The applicable chief procurement officer may provide by rule an organized format for the publication of this information, but in any case it must include at least all of the information specified in subsection (a) as well as the name of the successful responsible bidder, offeror, the contract price, the number of unsuccessful bidders or offerors and any other disclosure specified in any Section of this Code. This notice must be posted in the online electronic Bulletin prior to execution of the contract.

For purposes of this subsection (b-5), "contract award" means the determination that a particular bidder or offeror has been selected from among other bidders or offerors to receive a contract, subject to the successful completion of final negotiations. "Contract award" is evidenced by the posting of a Notice of

Award or a Notice of Intent to Award to the respective volume of the Illinois Procurement Bulletin.

(c) Emergency purchase disclosure. Any chief procurement officer or State purchasing officer exercising emergency purchase authority under this Code shall publish a written description and reasons and the total cost, if known, or an estimate if unknown and the name of the responsible chief procurement officer and State purchasing officer, and the business or person contracted with for all emergency purchases in the Bulletin. This notice must be posted in the online electronic Bulletin no later than 5 calendar days after the contract is awarded. Notice of a hearing to extend an emergency contract must be posted in the online electronic Procurement Bulletin no later than 14 calendar days prior to the hearing.

(c-5) Business Enterprise Program report. Each purchasing agency shall, with the assistance of the applicable chief procurement officer, post in the online electronic Bulletin a copy of its annual report of utilization of businesses owned by minorities, women, and persons with disabilities as submitted to the Business Enterprise Council for Minorities, Women, and Persons with Disabilities pursuant to Section 6(c) of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act [30 ILCS 575/6] within 10 calendar days after its submission of its report to the Council.

(c-10) Renewals. Notice of each contract renewal shall be posted in the Bulletin within 14 calendar days of the determination to execute a renewal of the contract. The notice shall include at least all of the information required in subsection (a) or (b), as applicable.

(c-15) Sole source procurements. Before entering into a sole source contract, a chief procurement officer exercising sole source procurement authority under this Code shall publish a written description of intent to enter into a sole source contract along with a description of the item to be procured and the intended sole source contractor. This notice must be posted in the online electronic Procurement Bulletin before a sole source contract is awarded and at least 14 calendar days before the hearing required by Section 20-25 [30 ILCS 500/20-25].

(d) Other required disclosure. The applicable chief procurement officer shall provide by rule for the organized publication of all other disclosure required in other Sections of this Code in a timely manner.

(e) The changes to subsections (b), (c), (c-5), (c-10), and (c-15) of this Section made by Public Act 96-795 apply to reports submitted, offers made, and notices on contracts executed on or after July 1, 2010 (the effective date of Public Act 96-795).

(f) Each chief procurement officer shall, in consultation with the agencies under his or her jurisdiction, provide the Procurement Policy Board with the information and resources necessary, and in a manner, to effectuate the purpose of Public Act 96-1444.

30 ILCS 500/15-30 Electronic Bulletin clearinghouse.

(a) The Procurement Policy Board shall maintain on its official website a searchable database containing all information required to be included in the Illinois Procurement Bulletin under subsections (b), (c), (c-10), and (c-15) of Section 15-25 [30 ILCS 500/15-25] and all information required to be disclosed under Section 50-41. The posting of procurement information on the website is subject to the same posting requirements as the online electronic Bulletin.

(b) For the purposes of this Section, searchable means searchable and sortable by awarded bidder, offeror, potential contractor, or contractor, for emergency purchases, business or person contracted with; the contract price or total cost; the service or supply; the purchasing State agency; and the date first offered or announced.

(c) The applicable chief procurement officer shall provide the Procurement Policy Board the information and resources necessary, and in a manner, to effectuate the purpose of this Section.

30 ILCS 500/15-35 Vendor portal.

Each chief procurement officer may, in consultation with the agencies under his or her jurisdiction and the Procurement Policy Board, establish a vendor portal. The vendor portal shall allow a potential vendor to provide certifications, disclosures, registrations, and other documentation needed to do business with a State agency in advance of any particular procurement. A potential vendor who registers with the vendor portal and provides this information may submit its registration number, with a confirmation that the portal information remains current, as part of its response to a competitive selection or a contracting process, rather than submit the same information in full. One or more chief procurement officers may jointly operate a vendor portal if a single portal would better serve the needs of the State agencies and the vendor community. A chief procurement officer may accept, for use on procurements and contracts under his or her jurisdiction, the registration from another chief procurement officer's vendor portal. This Section applies notwithstanding any laws to the contrary except for later enacted laws that specifically refer to this Section.

Nothing in this Section shall preclude a State agency from implementing its own pre-qualification, certification, disclosure, and registration require-

ments necessary to conduct and manage its program operation.

This Section does not apply to any contract for any project as to which federal funds are available for expenditure when its provisions may be in conflict with federal law or federal regulation.

30 ILCS 500/15-45 Computation of days.

The time within which any act provided in this Code is to be done shall be computed by excluding the first day and including the last, unless the last day is Saturday or Sunday or is a holiday, and then it shall also be excluded. If the day succeeding a Saturday, Sunday, or holiday is also a holiday, a Saturday, or a Sunday, then that succeeding day shall also be excluded. For the purposes of this Code, "holiday" means: New Year's Day; Dr. Martin Luther King, Jr.'s Birthday; Lincoln's Birthday; President's Day; Memorial Day; Juneteenth National Freedom Day; Independence Day; Labor Day; Columbus Day; Veterans' Day; Thanksgiving Day; Christmas Day; and any other day from time to time declared by the President of the United States or the Governor of Illinois to be a day during which the agencies of the State of Illinois that are ordinarily open to do business with the public shall be closed for business.

Notwithstanding any other provision of State law to the contrary, November 3, 2020 shall be a State holiday known as 2020 General Election Day and shall be observed throughout the State pursuant to this amendatory Act of the 101st General Assembly [P.A. 101-642].

ARTICLE 20.

SOURCE SELECTION AND CONTRACT FORMATION

30 ILCS 500/20-5 Method of source selection.

Unless otherwise authorized by law, all State contracts shall be awarded by competitive sealed bidding, in accordance with Section 20-10, except as provided in Sections 20-15, 20-20, 20-25, 20-30, 20-35, 30-15, and 40-20 [30 ILCS 500/20-15, 30 ILCS 500/20-20, 30 ILCS 500/20-25, 30 ILCS 500/20-30, 30 ILCS 500/20-35, 30 ILCS 500/30-15, and 30 ILCS 500/40-20]. The chief procurement officers appointed pursuant to Section 10-20 [30 ILCS 500/10-20] may determine the method of solicitation and contract for all procurements pursuant to this Code.

HISTORY:
P.A. 90-572, § 20-5; 98-1076, § 5.

30 ILCS 500/20-10 Competitive sealed bidding; reverse auction.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5 [30 ILCS 500/20-5].

(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly or through an electronic procurement system in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, including earned and applied bid credit from the Illinois Works Jobs Program Act [30 ILCS 559/1 et seq.], the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

(1) a description of the agency's needs;

(2) a determination that the anticipated cost will be fair and reasonable;

(3) a listing of all responsible and responsive bidders; and

(4) the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit Commission, and the Commission on Equity and Inclusion, and the Procurement Policy Board, and be made available for inspection by the public, within 14 days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under subsections (a) and (c) of Section 1-75 [20 ILCS 3855/1-75] and subsection (d) of Section 1-78 of the Illinois Power Agency Act [20 ILCS 3855/1-78] and Section 16-111.5(c) of the Public Utilities Act [220 ILCS 5/16-111.5] and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

This subsection does not apply to (i) procurements of professional and artistic services, (ii) telecommunications services, communication services, and information services, and (iii) contracts for construction projects, including design professional services.

30 ILCS 500/20-15 Competitive sealed proposals.

(a) Conditions for use. When provided under this Code or under rules, or when the purchasing agency determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the State, a contract may be entered into by competitive sealed proposals.

(b) Request for proposals. Proposals shall be solicited through a request for proposals.

(c) Public notice. Public notice of the request for proposals shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of proposals.

(d) Receipt of proposals. Proposals shall be opened publicly or via an electronic procurement system in the presence of one or more witnesses at the time and place designated in the request for proposals, but proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation. A record of proposals shall

be prepared and shall be open for public inspection after contract award.

(e) Evaluation factors. The requests for proposals shall state the relative importance of price and other evaluation factors. Proposals shall be submitted in 3 parts: the first, price; the second, commitment to diversity; and the third, all other items. Each part of all proposals shall be evaluated and ranked independently of the other parts of all proposals. The results of the evaluation of all 3 parts shall be used in ranking of proposals.

(e-5) Method of scoring.

(1) The point scoring methodology for competitive sealed proposals shall provide points for commitment to diversity. Those points shall be equivalent to 20% of the points assigned to the third part of the proposal, all other items.

(2) Factors to be considered in the award of points for the commitment to diversity component shall be set by rule by the applicable chief procurement officer and may include, but are not limited to:

(A) whether or how well the offeror, on the solicitation being evaluated, met the goal of contracting or subcontracting with businesses owned by women, minorities, or persons with disabilities;

(B) whether the offeror, on the solicitation being evaluated, assisted businesses owned by women, minorities, or persons with disabilities in obtaining lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services;

(C) the percentage of prior year revenues of the offeror that involve businesses owned by women, minorities, or persons with disabilities;

(D) whether the offeror has a written supplier diversity program, including, but not limited to, use of diverse vendors in the supply chain and a training or mentoring program with businesses owned by women, minorities, or persons with disabilities; and

(E) the percentage of members of the offeror's governing board, senior executives, and managers who are women, minorities, or persons with disabilities.

(3) If any State agency or public institution of higher education contract is eligible to be paid for or reimbursed, in whole or in part, with federal-aid funds, grants, or loans, and the provisions of this subsection (e-5) would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this Section in order to remain eligible for those federal-aid funds, grants, or loans. For the purposes of this subsection (e-5):

"Manager" means a person who controls or administers all or part of a company or similar organization.

"Minorities" has the same meaning as "minority person" under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

"Persons with disabilities" has the same meaning as "person with a disability" under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act [30 ILCS 575/2].

"Senior executive" means the chief executive officer, chief operating officer, chief financial officer, or anyone else in charge of a principal business unit or function.

"Women" has the same meaning as "woman" under Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(f) Discussion with responsible offerors and revisions of offers or proposals. As provided in the request for proposals and under rules, discussions may be conducted with responsible offerors who submit offers or proposals determined to be reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors. If information is disclosed to any offeror, it shall be provided to all competing offerors.

(g) Award. Awards shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

30 ILCS 500/20-20 Small purchases. [Effective until January 1, 2023]

(a) Amount. Any individual procurement of supplies or services not exceeding $100,000 and any procurement of construction not exceeding $100,000, or any individual procurement of professional or artistic services not exceeding $100,000 may be made without competitive source selection . Procurements shall not be artificially divided so as to constitute a small purchase under this Section. Any procurement of construction not exceeding $100,000 may be made by an alternative competitive source selection. The construction agency shall establish rules for an alternative competitive source selection process. This Section does not apply to construction-related professional services contracts awarded in accordance with the provisions of the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act [30 ILCS 535/1 et seq.].

(b) Adjustment. Each July 1, the small purchase maximum established in subsection (a) shall be adjusted for inflation as determined by the Consumer Price Index for All Urban Consumers as determined by the United States Department of Labor and rounded to the nearest $100.

(c) Based upon rules proposed by the Board and rules promulgated by the chief procurement officers, the small purchase maximum established in subsection (a) may be modified.

30 ILCS 500/20-20 Small purchases. [Effective January 1, 2023]

(a) Amount. Any individual procurement of supplies or services not exceeding $100,000 and any procurement of construction not exceeding $100,000, or any individual procurement of professional or artistic services not exceeding $100,000 may be made without competitive source selection. Procurements shall not be artificially divided so as to constitute a small purchase under this Section. Any procurement of construction not exceeding $100,000 may be made by an alternative competitive source selection. (b) Adjustment. Each July 1, the small purchase maximum established in subsection (a) shall be adjusted for inflation as determined by the Consumer Price Index for All Urban Consumers as determined by the United States Department of Labor and rounded to the nearest $100.

(c) Based upon rules proposed by the Board and rules promulgated by the chief procurement officers, the small purchase maximum established in subsection (a) may be modified.

(d) Certification. All small purchases with an annual value that exceeds $50,000 shall be accompanied by Standard Illinois Certifications in a form prescribed by each Chief Procurement Officer.

HISTORY:

30 ILCS 500/20-25 Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may be awarded as a sole source contract unless an interested party submits a written request for a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin at least 14 calendar days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

HISTORY:
P.A. 90-572, § 20-25; 96-795, § 95-35; 96-920, § 5; 97-895, § 15; 98-1076, § 5; 2017 P.A. 100-43, § 15, effective August 9, 2017; 2020 P.A. 101-657, § 40-125, effective January 1, 2022.

30 ILCS 500/20-25.1 Special expedited procurement.

(a) The Chief Procurement Officer shall work with the Department of Healthcare and Family Services to identify an appropriate method of source selection that will result in an executed contract for the technology required by Section 5-30.12 of the Illinois Public Aid Code [305 ILCS 5/5-30.12] no later than August 1, 2019 in order to target implementation of the technology to be procured by January 1, 2020. The method of source selection may be sole source, emergency, or other expedited process.

(b) Due to the negative impact on access to critical State health care services and the ability to draw federal match for services being reimbursed caused by issues with implementation of the Integrated Eligibility System by the Department of Human Services, the Department of Healthcare and Family Services, and the Department of Innovation and Technology, the General Assembly finds that a threat to public health exists and to prevent or minimize serious disruption in critical State services that affect health, an emergency purchase of a vendor shall

be made by the Department of Healthcare and Family Services to assess the Integrated Eligibility System for critical gaps and processing errors and to monitor the performance of the Integrated Eligibility System vendor under the terms of its contract. The emergency purchase shall not exceed 2 years. Notwithstanding any other provision of this Code, such emergency purchase shall extend without a hearing required by Section 20-30 [30 ILCS 500/20-30] until the integrated eligibility system is stabilized and performing according to the needs of the State to ensure continued access to health care for eligible individuals.

History.
2019 P.A. 101-209, § 10, effective August 5, 2019.

30 ILCS 500/20-30 Emergency purchases.

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 calendar days. A contract may be extended beyond 90 calendar days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances, and agencies shall utilize best efforts to include contractors certified under the Business Enterprise Program in its emergency procurement process. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin no later than 5 calendar days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin at least 14 calendar days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time, and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Statements. A chief procurement officer making a procurement under this Section shall file statements with the Procurement Policy Board, the Commission on Equity and Inclusion, and the Auditor General within 10 calendar days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 calendar days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.

(d-5) The chief procurement officer shall adopt rules regarding the use of contractors certified in the Business Enterprise Program in emergency and quick purchase procurements.

(e) The changes to this Section made by this amendatory Act of the 96th General Assembly [P.A. 96-795] apply to procurements executed on or after its effective date.

30 ILCS 500/20-35 Competitive selection procedures.

(a) Conditions for use. The services specified in Article 35 [30 ILCS 500/35-5 et seq.] shall be procured in accordance with this Section, except as authorized under Sections 20-25 and 20-30 of this Article [30 ILCS 500/20-25 and 30 ILCS 500/20-30].

(b) Statement of qualifications. Respondents shall submit statements of qualifications and expressions of interest. The chief procurement officer shall specify a uniform format for statements of qualifications. Persons may amend these statements at any time by filing a new statement.

(c) Public announcement and form of request for proposals. Public notice of the need for the procurement shall be given in the form of a request for proposals and published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the request for proposals for the opening of proposals. The request for proposals shall describe the services required, list the type of information and data required of each respondent, and state the relative importance of particular qualifications.

(d) Discussions. The purchasing agency may conduct discussions with any respondent who has submitted a response to determine the respondent's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other respondents.

(e) Award. Award shall be made to the respondent determined in writing by the purchasing agency to be best qualified based on the evaluation factors set forth in the request for proposals and negotiation of compensation determined to be fair and reasonable.

30 ILCS 500/20-40 Cancellation of invitations for bids or requests for proposals.

An invitation for bids, a request for proposals, or any other solicitation may be cancelled without penalty, or any and all bids, offers, proposals, or any other solicitation may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the State in accordance with rules. The reasons for cancellation or rejection shall be made part of the contract file.

HISTORY:
P.A. 90-572, § 20-40; 98-1076, § 5.

30 ILCS 500/20-43 Bidder or offeror authorized to transact business or conduct affairs in Illinois.

In addition to meeting any other requirement of law or rule, a person (other than an individual acting as a sole proprietor) may qualify as a bidder or offeror under this Code only if the person is a legal entity prior to submitting the bid, offer, or proposal. The legal entity must be authorized to transact business or conduct affairs in Illinois prior to execution of the contract. This Section shall not apply to construction contracts that are subject to the requirements of Sections 30-20 and 33-10 of this Code [30 ILCS 500/30-20 and 30 ILCS 500/33-10]. The pre-qualification requirements of Sections 30-20 and 33-10 of this Code shall include the requirement that the bidder be registered with the Secretary of State.

HISTORY:
P.A. 96-795, § 95-35; 98-1076, § 5; 2017 P.A. 100-43, § 15, effective August 9, 2017.

30 ILCS 500/20-45 Prequalification of suppliers

The chief procurement officer shall promulgate rules for the development of prequalified supplier lists for appropriate categories of purchases and the annual updating of those lists.

HISTORY:
P.A. 90-572, § 20-45.

30 ILCS 500/20-50 Specifications.

Specifications shall be prepared in accordance with consistent standards that are promulgated by the chief procurement officer and reviewed by the Board and the Joint Committee on Administrative Rules. Those standards shall include a prohibition against the use of brand-name only products, except for products intended for retail sale or as specified by rule. All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the State's needs and shall not be unduly restrictive.

A solicitation or specification for a contract or a contract, including but not limited to of a college, university, or institution under the jurisdiction of a governing board listed in Section 1-15.100 [30 ILCS 500/1-15.100], may not require, stipulate, suggest, or encourage a monetary or other financial contribution or donation, cash bonus or incentive, economic investment, or other prohibited conduct as an explicit or implied term or condition for awarding or completing the contract. The contract, solicitation, or specification also may not include a requirement that an individual or individuals employed by such a college, university, or institution receive a consulting contract for professional services.

As used in this Section, "prohibited conduct" includes requested payments or other consideration by a third party to the university or State agency that is not part of the solicitation or that is unrelated to the subject matter or purpose of the solicitation. "Prohibited conduct" does not include a payment from the vendor that is supported by additional consideration (such as exclusive rights to sell items or rights to advertise), other than the consideration of the State's awarding a contract to purchase of goods and services.

30 ILCS 500/20-55 Types of contracts

Subject to the limitations of this Section and unless otherwise authorized by law, any type of contract that will promote the best interests of the State may

be used, except that cost-plus-a-percentage-of-cost contracts are prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that a cost-reimbursement contract is likely to be less costly to the State than any other type or that it is impracticable to obtain the item required except under that type of contract. The general form of contracts shall be determined by the chief procurement officer.

HISTORY:
P.A. 90-572, § 20-55.

30 ILCS 500/20-60 Duration of contracts. [Effective until January 1, 2023]

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25 [30 ILCS 500/40-25]. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45 [30 ILCS 500/25-45]. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board and the Commission on Equity and Inclusion prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds $249,999. The Procurement Policy Board or the Commission on Equity and Inclusion may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board or the Commission on Equity and Inclusion prior to entering into the extension or renewal. If the Procurement Policy Board or the Commission on Equity and Inclusion does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40 [30 ILCS 500/40-5 et seq.], or any procurement exempted by Section 1-10(b) of this Code [30 ILCS 500/1-10]. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board or the Commission on Equity and Inclusion prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board and the Commission on Equity and Inclusion shall each file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed and whether such extensions and renewals were objected to and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act [20 ILCS 3921/7]. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

30 ILCS 500/20-60 Duration of contracts. [Effective January 1, 2023]

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not

exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25 [30 ILCS 500/40-25]. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45 [30 ILCS 500/25-45]. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board and the Commission on Equity and Inclusion prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds $249,999. The Procurement Policy Board or the Commission on Equity and Inclusion may object to the proposed extension or renewal within 14 calendar days and require a hearing before the Board or the Commission on Equity and Inclusion prior to entering into the extension or renewal. If the Procurement Policy Board or the Commission on Equity and Inclusion does not object within 14 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40 [30 ILCS 500/40-5 et seq.], or any procurement exempted by Section 1-10(b) of this Code [30 ILCS 500/1-10] If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board or the Commission on Equity and Inclusion prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board and the Commission on Equity and Inclusion shall each file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed and whether such extensions and renewals were objected to and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act [20 ILCS 3921/7]. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

(f) No vendor shall be eligible for renewal of a contract when that vendor has failed to meet the goals agreed to in the vendor's utilization plan, as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act [30 ILCS 575/2], unless the State agency or public institution of higher education has determined that the vendor made good faith efforts toward meeting the contract goals. If the State agency or public institution of higher education determines that the vendor made good faith efforts, the agency or public institution of higher education may issue a waiver after concurrence by the chief procurement officer, which shall not be unreasonably withheld or impair a State agency determination to execute the renewal. The form and content of the waiver shall be prescribed by each chief procurement officer, but shall not impair a State agency or public institution of higher education determination to execute the renewal. The chief procurement officer shall post the completed form on his or her official website within 5 business days after receipt from the State agency or public institution of higher education. The chief procurement officer shall maintain on his or her official website a database of waivers granted under this Section with respect to contracts under his or her jurisdiction. The database shall be updated periodically and shall be searchable by contractor name and by contracting State agency or public institution of higher education.

30 ILCS 500/20-65 Right to audit records.

(a) **Maintenance of books and records.** Every

contract and subcontract shall require the contractor or subcontractor, as applicable, to maintain books and records relating to the performance of the contract or subcontract and necessary to support amounts charged to the State under the contract or subcontract. The books and records shall be maintained by the contractor for a period of 3 years from the later of the date of final payment under the contract or completion of the contract and by the subcontractor for a period of 3 years from the later of the date of final payment under the subcontract or completion of the subcontract. However, the 3-year period shall be extended for the duration of any audit in progress at the time of that period's expiration.

(b) **Audit.** Every contract and subcontract shall provide that all books and records required to be maintained under subsection (a) shall be available for review and audit by the Auditor General, chief procurement officer, internal auditor, and the purchasing agency. Every contract and subcontract shall require the contractor and subcontractor, as applicable, to cooperate fully with any audit.

(c) **Failure to maintain books and records.** Failure to maintain the books and records required by this Section shall establish a presumption in favor of the State for the recovery of any funds paid by the State for which required books and records are not available.

30 ILCS 500/20-75 Disputes and protests. [Effective January 1, 2023]

The chief procurement officers shall by rule establish procedures to be followed in resolving protested solicitations and awards and contract controversies, for debarment or suspension of contractors, and for resolving other procurement-related disputes. At a minimum, the established procedures must include the requirement that the chief procurement officer resolve the protest by means of a written determination within 30 days of receiving all relevant requested information, unless an action concerning the protest has commenced in a court or administrative body, in which case, the chief procurement officer may defer resolution of the protest pending the judicial or administrative proceeding.

HISTORY:
P.A. 90-572, § 20-75; 96-795, § 95-35; 2022 P.A. 102-721, § 5, effective January 1, 2023.

30 ILCS 500/20-80 Contract files.

(a) Written determinations. All written determinations required under this Article shall be placed in the contract file maintained by the chief procurement officer.

(b) Filing with Comptroller. Whenever a grant, defined pursuant to accounting standards established by the Comptroller, or a contract liability, except for: (1) contracts paid from personal services, (2) contracts between the State and its employees to defer compensation in accordance with Article 24 of the Illinois Pension Code, or (3) contracts or grants that do not obligate funds held within the State treasury for fiscal year 2022 and thereafter, exceeding $20,000 is incurred by any State agency, a copy of the contract, purchase order, grant, or lease shall be filed with the Comptroller within 30 calendar days thereafter. Beginning in fiscal year 2022, information pertaining to contracts or grants exceeding $20,000 that do not obligate funds held within the State treasury shall be submitted in a quarterly report to the Comptroller in a form and manner prescribed by the Comptroller. The Comptroller shall make the quarterly report available on his or her website. Beginning January 1, 2013, the Comptroller may require that contracts and grants required to be filed with the Comptroller under this Section shall be filed electronically, unless the agency is incapable of filing the contract or grant electronically because it does not possess the necessary technology or equipment. Any State agency that is incapable of electronically filing its contracts or grants shall submit a written statement to the Governor and to the Comptroller attesting to the reasons for its inability to comply. This statement shall include a discussion of what the State agency needs in order to effectively comply with this Section. Prior to requiring electronic filing, the Comptroller shall consult with the Governor as to the feasibility of establishing mutually agreeable technical standards for the electronic document imaging, storage, and transfer of contracts and grants, taking into consideration the technology available to that agency, best practices, and the technological capabilities of State agencies. Nothing in this amendatory Act of the 97th General Assembly shall be construed to impede the implementation of an Enterprise Resource Planning (ERP) system. For each State contract for supplies or services awarded on or

after July 1, 2010, the contracting agency shall provide the applicable rate and unit of measurement of the supplies or services on the contract obligation document as required by the Comptroller. If the contract obligation document that is submitted to the Comptroller contains the rate and unit of measurement of the supplies or services, the Comptroller shall provide that information on his or her official website. Any cancellation or modification to any such contract liability shall be filed with the Comptroller within 30 calendar days of its execution.

(c) Late filing affidavit. When a contract, purchase order, grant, or lease required to be filed by this Section has not been filed within 30 calendar days of execution, the Comptroller shall refuse to issue a warrant for payment thereunder until the agency files with the Comptroller the contract, purchase order, grant, or lease and an affidavit, signed by the chief executive officer of the agency or his or her designee, setting forth an explanation of why the contract liability was not filed within 30 calendar days of execution. A copy of this affidavit shall be filed with the Auditor General.

(d) Timely execution of contracts. Except as set forth in subsection (b) of this Section, no voucher shall be submitted to the Comptroller for a warrant to be drawn for the payment of money from the State treasury or from other funds held by the State Treasurer on account of any contract unless the contract is reduced to writing before the services are performed and filed with the Comptroller. Contractors shall not be paid for any supplies that were received or services that were rendered before the contract was reduced to writing and signed by all necessary parties. A chief procurement officer may approve an exception to this subsection by submitting a written statement to the Comptroller setting forth the circumstances and reasons why the contract could not be reduced to writing before the supplies were received or services were performed. This Section shall not apply to emergency purchases if notice of the emergency purchase is filed with the Procurement Policy Board and published in the Bulletin as required by this Code.

(e) Method of source selection. When a contract is filed with the Comptroller under this Section, the Comptroller's file shall identify the method of source selection used in obtaining the contract.

30 ILCS 500/20-105 State agency printing.

All books, pamphlets, documents, and reports published through or by the State of Illinois or any State agency, board, or commission shall have printed thereon "Printed by authority of the State of Illinois", the date of each publication, the number of copies printed, and the printing order number. Each using agency shall be responsible for ascertaining the compliance of printing materials procured by or for it with this Section. No printing or reproduction contract shall be let and no printing or reproduction shall be accomplished when that wording does not appear on the material to be printed or reproduced. No publication may have written, stamped, or printed on it, or attached to it, "Compliments of ....., (naming a person)" or any words of similar import.

This Section does not apply to the printing by a public institution of higher education of material not paid for in any portion from funds appropriated by the General Assembly, printing that is performed by a university unit, or printing that is performed in conjunction with contracts referenced in subsection (b)(1) of Section 1-10 [30 ILCS 500/1-10].

30 ILCS 500/20-120 Subcontractors. [Effective until January 1, 2023]

(a) Any contract granted under this Code shall state whether the services of a subcontractor will be used. The contract shall include the names and addresses of all known subcontractors with subcontracts with an annual value of more than $50,000, the general type of work to be performed by these subcontractors, and the expected amount of money each will receive under the contract. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20 [30 ILCS 500/10-20], the contractor shall provide the chief procurement officer a copy of a subcontract so identified within 15 calendar days after the request is made. A subcontractor, or contractor on behalf of a subcontractor, may identify information that is deemed proprietary or confidential. If the chief procurement officer determines the information is not relevant to the primary contract, the chief procurement officer may excuse the inclusion of the information. If the chief procurement officer determines the information is proprietary or could harm the business interest of the subcontractor, the chief procurement officer may, in his or her discretion, redact the information. Redacted information shall not become part of the public record.

(b) If at any time during the term of a contract, a contractor adds or changes any subcontractors, he or she shall promptly notify, in writing, the chief procurement officer, State purchasing officer, or their designee of the names and addresses of each new or replaced subcontractor and the general type of work to be performed. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of any new or amended subcontract so identified within 15 calendar days after the request is made.

(c) In addition to any other requirements of this Code, a subcontract subject to this Section must include all of the subcontractor's certifications required by Article 50 of the Code [30 ILCS 500/50-1 et seq.].

(d) This Section applies to procurements solicited on or after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-920]. The changes made to this Section by this amendatory Act of the 97th General Assembly [P.A. 97-895] apply to procurements solicited on or after the effective date of this amendatory Act of the 97th General Assembly.

30 ILCS 500/20-120 Subcontractors. [Effective January 1, 2023]

(a) Any contract granted under this Code shall state whether the services of a subcontractor will be used. The contract shall include the names and addresses of all known subcontractors with subcontracts with an annual value that exceeds the small purchase maximum established by Section 20-20 of this Code [30 ILCS 500/20-20], the general type of work to be performed by these subcontractors, and the expected amount of money each will receive under the contract. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20 [30 ILCS 500/10-20], the contractor shall provide the chief procurement officer a copy of a subcontract so identified within 15 calendar days after the request is made. A subcontractor, or contractor on behalf of a subcontractor, may identify information that is deemed proprietary or confidential. If the chief procurement officer determines the information is not relevant to the primary contract, the chief procurement officer may excuse the inclusion of the information. If the chief procurement officer determines the information is proprietary or could harm the business interest of the subcontractor, the chief procurement officer may, in his or her discretion, redact the information. Redacted information shall not become part of the public record.

(b) If at any time during the term of a contract, a contractor adds or changes any subcontractors, he or she shall promptly notify, in writing, the chief procurement officer, State purchasing officer, or their designee of the names and addresses of each new or replaced subcontractor and the general type of work to be performed. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of any new or amended subcontract so identified within 15 calendar days after the request is made.

(c) In addition to any other requirements of this Code, a subcontract subject to this Section must include all of the subcontractor's certifications required by Article 50 of the Code [30 ILCS 500/50-1 et seq.].

(d) This Section applies to procurements solicited on or after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-920]. HISTORY:
P.A. 93-839, § 10-130.

30 ILCS 500/20-155 Solicitation and contract documents.

(a) Each chief procurement officer appointed pursuant to Section 10-20 [30 ILCS 500/10-20] shall have the sole authority in their respective jurisdiction to develop and distribute uniform documents for the solicitation, review, and acceptance of all bids, offers, and responses and the award of contracts pursuant to this Code. If a chief procurement officer appointed pursuant to Section 10-20 exercises the authority to develop and distribute uniform documents for the solicitation, review and acceptance of all bids, offers and responses and the award of contracts, then the State agency shall use the uniform documents.

(b) After award of a contract and subject to provisions of the Freedom of Information Act, the procuring agency shall make available for public inspection and copying all pre-award, post-award, administration, and close-out documents relating to that particular contract.

(c) A procurement file shall be maintained for all contracts, regardless of the method of procurement. The procurement file shall contain the basis on which the award is made, all submitted bids and proposals, all evaluation materials, score sheets and all other documentation related to or prepared in conjunction with evaluation, negotiation, and the award process. The procurement file shall contain a written determination, signed by the chief procurement officer or State purchasing officer, setting forth the reasoning for the contract award decision. The procurement file shall not include trade secrets or other competitively sensitive, confidential, or proprietary information. The procurement file shall be open to public inspection within 7 calendar days following award of the contract.

30 ILCS 500/20-160 Business entities; certification; registration with the State Board of Elections.

(a) For purposes of this Section, the terms "business entity", "contract", "State contract", "contract with a State agency", "State agency", "affiliated entity", and "affiliated person" have the meanings ascribed to those terms in Section 50-37 [30 ILCS 5/50-37].

(b) Every bid and offer submitted to and every contract executed by the State on or after January 1, 2009 (the effective date of Public Act 95-971) and every submission to a vendor portal shall contain (1) a certification by the bidder, offeror, vendor, or contractor that either (i) the bidder, offeror, vendor, or contractor is not required to register as a business entity with the State Board of Elections pursuant to this Section or (ii) the bidder, offeror, vendor, or contractor has registered as a business entity with the State Board of Elections and acknowledges a continuing duty to update the registration and (2) a statement that the contract is voidable under Section 50-60 [30 ILCS 500/50-60] for the bidder's, offeror's, vendor's, or contractor's failure to comply with this Section.

(c) Each business entity (i) whose aggregate bids and proposals on State contracts annually total more than $50,000, (ii) whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, or (iii) whose contracts with State agencies, in the aggregate, annually total more than $50,000 shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code [10 ILCS 5/9-35]. A business entity required to register under this subsection due to item (i) or (ii) has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded; any change in information must be reported to the State Board of Elections 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier. A business entity required to register under this subsection due to item (iii) has a continuing duty to ensure that the registration is accurate in accordance with subsection (e).

(d) Any business entity, not required under subsection (c) to register, whose aggregate bids and proposals on State contracts annually total more than $50,000, or whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code prior to submitting to a State agency the bid or proposal whose value causes the business entity to fall within the monetary description of this subsection. A business entity required to register under this subsection has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded. Any change in information must be reported to the State Board of Elections within 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(e) A business entity whose contracts with State agencies, in the aggregate, annually total more than $50,000 must maintain its registration under this Section and has a continuing duty to ensure that the registration is accurate for the duration of the term of office of the incumbent officeholder awarding the contracts or for a period of 2 years following the expiration or termination of the contracts, whichever is longer. A business entity, required to register under this subsection, has a continuing duty to report any

changes on a quarterly basis to the State Board of Elections within 14 calendar days following the last day of January, April, July, and October of each year. Any update pursuant to this paragraph that is received beyond that date is presumed late and the civil penalty authorized by subsection (e) of Section 9-35 of the Election Code may be assessed.

Also, if a business entity required to register under this subsection has a pending bid or offer, any change in information shall be reported to the State Board of Elections within 7 calendar days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(f) A business entity's continuing duty under this Section to ensure the accuracy of its registration includes the requirement that the business entity notify the State Board of Elections of any change in information, including, but not limited to, changes of affiliated entities or affiliated persons.

(g) For any bid or offer for a contract with a State agency by a business entity required to register under this Section, the chief procurement officer shall verify that the business entity is required to register under this Section and is in compliance with the registration requirements on the date the bid or offer is due. A chief procurement officer shall not accept a bid or offer if the business entity is not in compliance with the registration requirements as of the date bids or offers are due. Upon discovery of noncompliance with this Section, if the bidder or offeror made a good faith effort to comply with registration efforts prior to the date the bid or offer is due, a chief procurement officer may provide the bidder or offeror 5 business days to achieve compliance. A chief procurement officer may extend the time to prove compliance by as long as necessary in the event that there is a failure within the State Board of Elections' registration system.

(h) A registration, and any changes to a registration, must include the business entity's verification of accuracy and subjects the business entity to the penalties of the laws of this State for perjury.

In addition to any penalty under Section 9-35 of the Election Code, intentional, willful, or material failure to disclose information required for registration shall render the contract, bid, offer, or other procurement relationship voidable by the chief procurement officer if he or she deems it to be in the best interest of the State of Illinois.

(i) This Section applies regardless of the method of source selection used in awarding the contract.

SUPPLIES AND SERVICES (EXCLUDING PROFESSIONAL OR ARTISTIC)

30 ILCS 500/25-80 Successor contractor.

All service contracts shall include a clause requiring the bidder or offeror, in order to be considered a responsible bidder or offeror for the purposes of this Code, to certify to the purchasing agency (i) that it shall offer to assume the collective bargaining obligations of the prior employer, including any existing collective bargaining agreement with the bargaining representative of any existing collective bargaining unit or units performing substantially similar work to the services covered by the contract subject to its bid or offer, and (ii) that it shall offer employment to all employees currently employed in any existing bargaining unit performing substantially similar work that will be performed by the successor vendor.

This Section does not apply to heating and air conditioning service contracts, plumbing service contracts, and electrical service contracts.

30 ILCS 500/25-85 Best value procurement. [Repealed January 1, 2021]

(a) This Section shall apply only to purchases of heavy mobile fleet vehicles and off-road construction equipment procured by or on behalf of:

(1) institutions of higher education;
(2) the Department of Agriculture;
(3) the Department of Transportation; and
(4) the Department of Natural Resources.

(b) As used in this Section, "best value procurement" means a contract award determined by objective criteria related to price, features, functions, and life-cycle costs that may include the following:

(1) total cost of ownership, including warranty, under which all repair costs are borne solely by the warranty provider; repair costs; maintenance costs; fuel consumption; and salvage value;

(2) product performance, productivity, and safety standards;

(3) the supplier's ability to perform to the contract requirements; and

(4) environmental benefits, including reduction of greenhouse gas emissions, reduction of air pollutant emissions, or reduction of toxic or hazardous materials.

(c) The department or institution may enter into a contract for heavy mobile fleet vehicles and off-road construction equipment for use by the department or institution by means of best value procurement, using specifications and criteria developed in consultation with the Chief Procurement Officer of each designated department or institution and conducted in accordance with Section 20-15 of this Code [30 ILCS 500/20-15].

(d) In addition to disclosure of the minimum requirements for qualification, the solicitation document shall specify which business performance measures, in addition to price, shall be given a weighted value. The solicitation shall include a scoring method based on those factors and price in determining the successful offeror. Any evaluation and scoring method shall ensure substantial weight is given to the contract price.

(e) Upon written request of any person who has submitted an offer, notice of the award shall be posted in a public place in the offices of the department or institution at least 24 hours before executing the contract or purchase order. If, before making an award, any offeror who has submitted a bid files a protest with the department or institution against the awarding of the contract or purchase order on the ground that his or her offer should have been selected in accordance with the selection criteria in the solicitation document, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the appropriate Chief Procurement Officer has made a final decision as to the action to be taken relative to the protest. Within 10 days after filing a protest, the protesting offeror shall file with the Chief Procurement Officer a full and complete written statement specifying in detail the ground of the protest and the facts in support thereof.

(f) The total annual value of vehicles and equipment purchased through best value procurement pursuant to this Section shall be limited to $20,000,000 per each department or institution.

(g) Best value procurement shall only be used on procurements first solicited on or before June 30, 2020.

(h) On or before January 1, 2021, the Chief Procurement Officer of each designated department or institution shall prepare an evaluation of the best value procurement pilot program authorized by this Section, including a recommendation on whether or not the process should be continued. The evaluation shall be posted in the applicable volume or volumes of the Illinois Procurement Bulletin on or before January 1, 2021.

(i) This Section is repealed on January 1, 2021.

CONSTRUCTION AND CONSTRUCTION-RELATED PROFESSIONAL SERVICES

30 ILCS 500/30-5 Applicability.

Construction and construction-related professional services shall be procured in accordance with this Article.

HISTORY:
P.A. 90-572, § 30-5.

30 ILCS 500/30-10 Authority.

Construction agencies shall have the authority to procure construction and construction-related professional services.

HISTORY:
P.A. 90-572, § 30-10.

30 ILCS 500/30-15 Method of source selection.

(a) Competitive sealed bidding. Except as provided in subsections (b), (c), and (d) and Sections 20-20, 20-25, and 20-30 [30 ILCS 500/20-20, 30 ILCS 500/20-25, and 30 ILCS 500/20-30], all State construction contracts shall be procured by competitive sealed bidding in accordance with Section 20-10 [30 ILCS 500/20-10].

(b) Other methods. The Capital Development Board shall establish by rule construction purchases that may be made without competitive sealed bidding and the most competitive alternate method of source selection that shall be used.

(c) Construction-related professional services. All construction-related professional services contracts shall be awarded in accordance with the provisions of the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act [30 ILCS 535/1 et seq.]. "Professional services" means those services within the scope of the practice of architecture, professional engineering, structural engineering, or registered land surveying, as defined by the laws of this State.

(d) Correctional facilities. Remodeling and rehabilitation projects at correctional facilities under

$25,000 funded from the General Revenue Fund are exempt from the provisions of this Article. The Department of Corrections may use inmate labor for the remodeling or rehabilitation of correctional facilities on those projects under $25,000 funded from the General Revenue Fund.

P.A. 90-572, § 30-20; 95-481, § 5-925.

30 ILCS 500/30-22 Construction contracts; responsible bidder requirements.

To be considered a responsible bidder on a construction contract for purposes of this Code, a bidder must comply with all of the following requirements and must present satisfactory evidence of that compliance to the appropriate construction agency:

(1) The bidder must comply with all applicable laws concerning the bidder's entitlement to conduct business in Illinois.

(2) The bidder must comply with all applicable provisions of the Prevailing Wage Act.

(3) The bidder must comply with Subchapter VI ("Equal Employment Opportunities") of Chapter 21 of Title 42 of the United States Code (42 U.S.C. 2000e and following) and with Federal Executive Order No. 11246 as amended by Executive Order No. 11375.

(4) The bidder must have a valid Federal Employer Identification Number or, if an individual, a valid Social Security Number.

(5) The bidder must have a valid certificate of insurance showing the following coverages: general liability, professional liability, product liability, workers' compensation, completed operations, hazardous occupation, and automobile.

(6) The bidder and all bidder's subcontractors must participate in applicable apprenticeship and training programs approved by and registered with the United States Department of Labor's Bureau of Apprenticeship and Training.

(7) For contracts with the Illinois Power Agency, the Director of the Illinois Power Agency may establish additional requirements for responsible bidders. These additional requirements, if established, shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(8) The bidder must certify that the bidder will maintain an Illinois office as the primary place of employment for persons employed in the construction authorized by the contract.

The provisions of this Section shall not apply to federally funded construction projects if such application would jeopardize the receipt or use of federal funds in support of such a project.

30 ILCS 500/30-25 Retention of a percentage of contract price.

Whenever any contract entered into by a construction agency for the repair, remodeling, renovation, or construction of a building or structure, for the construction or maintenance of a highway, as those terms are defined in Article 2 of the Illinois Highway Code [605 ILCS 5/2-101 et seq.], for the construction or maintenance of facilities as that term is defined under Section 1-10 of the Illinois Power Agency Act, or for the reclamation of abandoned lands as those terms are defined in Article I of the Abandoned Mined Lands and Water Reclamation Act [20 ILCS 1920/1.01 et seq.] provides for the retention of a percentage of the contract price until final completion and acceptance of the work, upon the request of the contractor and with the approval of the construction agency the amount so retained may be deposited under a trust agreement with an Illinois bank or financial institution of the contractor's choice and subject to the approval of the construction agency. The contractor shall receive any interest on the deposited amount. Upon application by the contractor, the trust agreement must contain, at a minimum, the following provisions:

(1) the amount to be deposited subject to the trust;

(2) the terms and conditions of payment in case of default by the contractor;

(3) the termination of the trust agreement upon completion of the contract; and

(4) the contractor shall be responsible for obtaining the written consent of the bank trustee and for any costs or service fees.

The trust agreement may, at the discretion of the construction agency and upon request of the contractor, become effective at the time of the first partial payment in accordance with existing statutes and rules.

30 ILCS 500/30-30 Design-bid-build construction.

(a) The provisions of this subsection are operative through December 31, 2023.

For building construction contracts in excess of $250,000, separate specifications may be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(1) plumbing;

(2) heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;

(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;

(4) electric wiring; and

(5) general contract work.

The specifications may be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof may award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Beginning on the effective date of this amendatory Act of the 101st General Assembly and through December 31, 2023, for single prime projects: (i) the bid of the successful low bidder shall identify the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; (ii) the contract entered into with the successful bidder shall provide that no identified subcontractor may be terminated without the written consent of the Capital Development Board; (iii) the contract shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act [775 ILCS 5/2-105]; and (iv) the Capital Development Board shall submit an annual report to the General Assembly and Governor on the bidding, award, and performance of all single prime projects.

For building construction projects with a total construction cost valued at $5,000,000 or less, the Capital Development Board shall not use the single prime procurement delivery method for more than 50% of the total number of projects bid for each fiscal year. Any project with a total construction cost valued greater than $5,000,000 may be bid using single prime at the discretion of the Executive Director of the Capital Development Board.

(b) The provisions of this subsection are operative on and after January 1, 2024. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(1) plumbing;

(2) heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;

(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;

(4) electric wiring; and

(5) general contract work.

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

30 ILCS 500/30-35 Expenditure in excess of contract price.

(a) **Germaneness.** No funds in excess of the contract price may be obligated or expended unless the additional work to be performed or materials to be furnished is germane to the original contract. Even if germane to the original contract, no additional expenditures or obligations may, in their total combined amounts, be in excess of the percentages of the original contract amount set forth in subsection (b) unless they have received the prior written approval of the construction agency. In the event that the total of the combined additional expenditures or obligations exceeds the percentages of the original contract amount set forth in subsection (b), the construction agency shall investigate all the additional expenditures or obligations in excess of the original contract amount and shall in writing approve or disapprove subsequent expenditures or obligations and state in detail the reasons for the approval or disapproval.

(b) **Written determination required.** When the contract amount is no more than $75,000, the percentage shall be 9% (maximum $6,750). When the

contract amount is between $75,001 and $200,000, the percentage shall be 7% of the amount above $75,000 plus $6,750, but not to exceed 7% of $200,000 (maximum $14,000). When the contract amount is between $200,001 and $500,000, the percentage shall be 5% of the amount above $200,000 plus $14,000, but not to exceed 5% of $500,000 (maximum $25,000). When the contract amount is in excess of $500,000, the percentage shall be 3% of the amount above $500,000 plus $25,000.

30 ILCS 500/30-50 Mobilization payments.

(a) As used in this Section, "mobilization payment" means an advance payment for the preparatory work and operations necessary for the movement of personnel, equipment, supplies, and incidentals to a project site and for all other work or operations that must be performed or costs incurred when beginning work on a project.

(b) When a contract under this Code entered into by the Department of Transportation provides for mobilization payments and the contractor is using the services of a subcontractor, the subcontract shall include terms requiring mobilization payments be made to the subcontractor.

Mobilization payments to a subcontractor shall be made on a tiered system based on the initial value of the subcontract:

Subcontract value	Mobilization percentage
Less than $10,000	25%
$10,000-$19,999	20%
$20,000-$39,999	18%

(a) During the period described in subsection (b), the Capital Development Board and the Department of Transportation shall each prepare quarterly reports on the status of change order requests concerning price that have been received by either the Board or the Department and that have not been acted upon within 45 days. The reports shall be made available to the public on the Internet websites of the Capital Development Board and the Department of Transportation, and shall also be submitted to the Governor and the General Assembly. The reports shall include as much information as possible, including, but not limited to: (i) the number of change

order requests concerning price that have been received by the Board or the Department within the applicable reporting quarter and have not been acted upon within 45 days after their receipt; and (ii) for those change order requests concerning price that are agreed to by the Board or the Department, information on the number of days that passed between the date the change order request was received and the date it was agreed to by the Board or Department.

(b) There shall be 12 quarterly reports in total. The first report shall be published on or before January 15, 2023, and the last report shall be published on or before December 15, 2025.

(c) The reports may include a narrative section that explains any internal improvements made and any plans to reduce the number of contracts with a change order in which an agreement on price is not reached within 45 days after receipt of the change order request.

(d) This Section is repealed on January 1, 2026.

ARTICLE 50.

PROCUREMENT ETHICS AND DISCLOSURE

30 ILCS 500/50-1 Purpose.

It is the express duty of all chief procurement officers, State purchasing officers, and their designees to maximize the value of the expenditure of public moneys in procuring goods, services, and contracts for the State of Illinois and to act in a manner that maintains the integrity and public trust of State government. In discharging this duty, they are charged to use all available information, reasonable efforts, and reasonable actions to protect, safeguard, and maintain the procurement process of the State of Illinois.

HISTORY:
P.A. 90-572, § 50-1.

30 ILCS 500/50-2 Continuing disclosure; false certification.

Every person that has entered into a contract for more than one year in duration for the initial term or for any renewal term shall certify, by January 1 of each fiscal year covered by the contract after the initial fiscal year, to the chief procurement officer or, if the procurement is under the authority of a chief procurement officer, the applicable procurement officer of any changes that affect its ability to satisfy the requirements of this Article pertaining to eligibility for a contract award. If a contractor or subcontractor continues to meet all requirements of this Article, it shall not be required to submit any certification or if the work under the contract has been substantially completed before contract expiration but the contract has not yet expired. If a contractor or subcontractor is not able to truthfully certify that it continues to meet all requirements, it shall provide with its certification a detailed explanation of the circumstances leading to the change in certification status. A contractor or subcontractor that makes a false statement material to any given certification required under this Article is, in addition to any other penalties or consequences prescribed by law, subject to liability under the Illinois False Claims Act [740 ILCS 175/1 et seq.] for submission of a false claim.

HISTORY:
P.A. 96-795, § 95-35; 96-1304, § 5; 2017 P.A. 100-43, § 15, effective August 9, 2017.

30 ILCS 500/50-5 Bribery.

(a) Prohibition. No person or business shall be awarded a contract or subcontract under this Code who:

(1) has been convicted under the laws of Illinois or any other state of bribery or attempting to bribe an officer or employee of the State of Illinois or any other state in that officer's or employee's official capacity; or

(2) has made an admission of guilt of that conduct that is a matter of record but has not been prosecuted for that conduct.

(b) Businesses. No business shall be barred from contracting with any unit of State or local government, or subcontracting under such a contract, as a result of a conviction under this Section of any employee or agent of the business if the employee or agent is no longer employed by the business and:

(1) the business has been finally adjudicated not guilty; or

(2) the business demonstrates to the governmental entity with which it seeks to contract or which is a signatory to the contract to which the subcontract relates, and that entity finds that the commission of the offense was not authorized, requested, commanded, or performed by a director, officer, or high managerial agent on behalf of the business as provided in paragraph (2) of subsection (a) of Section 5-4 of the Criminal Code of 2012 [720 ILCS 5/5-4].

(c) Conduct on behalf of business. For purposes of this Section, when an official, agent, or employee of a business committed the bribery or attempted bribery on behalf of the business and in accordance with the direction or authorization of a responsible official of

the business, the business shall be chargeable with the conduct.

(d) Certification. Every bid or offer submitted to every contract executed by the State, every subcontract subject to Section 20-120 of this Code [30 ILCS 500/20-120], and every vendor's submission to a vendor portal shall contain a certification by the bidder, offeror, potential contractor, contractor, or the subcontractor, respectively, that the bidder, offeror, potential contractor, contractor or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer may declare the related contract void if any certifications required by this Section are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false. A bidder, offeror, potential contractor, contractor, or subcontractor who makes a false statement, material to the certification, commits a Class 3 felony.

HISTORY:
P.A. 90-572, § 50-5; 96-795, § 95-35; 97-895, § 15; 97-1150, § 110; 98-1076, § 5.

30 ILCS 500/50-10 Felons.

(a) Unless otherwise provided, no person or business convicted of a felony shall do business with the State of Illinois or any State agency, or enter into a subcontract, from the date of conviction until 5 years after the date of completion of the sentence for that felony, unless no person held responsible by a prosecutorial office for the facts upon which the conviction was based continues to have any involvement with the business.

For purposes of this subsection (a), "completion of sentence" means completion of all sentencing related to the felony conviction or admission and includes, but is not limited to, the following: incarceration, mandatory supervised release, probation, work release, house arrest, or commitment to a mental facility.

(b) Every bid or offer submitted to the State, every contract executed by the State, every subcontract subject to Section 20-120 of this Code [30 ILCS 500/50-120], and every vendor's submission to a vendor portal shall contain a certification by the bidder, offeror, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, potential contractor, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer may declare the related contract void if any of the certifications required by this Section are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

HISTORY:
P.A. 90-572, § 50-10; 96-795, § 95-35; 97-895, § 15; 98-1076, § 5; 2017 P.A. 100-43, § 15, effective August 9, 2017.

30 ILCS 500/50-10.5 Prohibited bidders, offerors, potential contractors, and contractors.

(a) Unless otherwise provided, no business shall bid, offer, enter into a contract or subcontract under this Code, or make a submission to a vendor portal if the business or any officer, director, partner, or other managerial agent of the business has been convicted of a felony under the Sarbanes-Oxley Act of 2002 or a Class 3 or Class 2 felony under the Illinois Securities Law of 1953 [815 ILCS 5/1 et seq.] for a period of 5 years from the date of conviction.

(b) Every bid and offer submitted to the State, every contract executed by the State, every vendor's submission to a vendor portal, and every subcontract subject to Section 20-120 of this Code [30 ILCS 500/50-120] shall contain a certification by the bidder, offeror, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, potential contractor, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer shall declare the related contract void if any of the certifications completed pursuant to this subsection (b) are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

(c) If a business is not a natural person, the prohibition in subsection (a) applies only if:

(1) the business itself is convicted of a felony referenced in subsection (a); or

(2) the business is ordered to pay punitive damages based on the conduct of any officer, director, partner, or other managerial agent who has been convicted of a felony referenced in subsection (a).

(d) A natural person who is convicted of a felony referenced in subsection (a) remains subject to Section 50-10 [30 ILCS 500/50-10].

(e) No person or business shall bid, offer, make a submission to a vendor portal, or enter into a contract under this Code if the person or business assisted an employee of the State of Illinois, who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract, by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information or provided similar assistance except as part of a publicly issued opportunity to review drafts of all or part of these documents.

This subsection does not prohibit a person or business from submitting a bid or offer or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices, (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies, or (iii) asks for clarification regarding a solicitation, so long as there is no competitive advantage to the person or business and the question and answer, if material, are posted to the Illinois Procurement Bulletin as an addendum to the solicitation.

Nothing in this Section prohibits a vendor developing technology, goods, or services from bidding or offering to supply that technology or those goods or services if the subject demonstrated to the State represents industry trends and innovation and is not specifically designed to meet the State's needs.

Nothing in this Section prohibits a person performing construction-related services from initiating contact with a business that performs construction for the purpose of obtaining market costs or production time to determine the estimated costs to complete the construction project.

For purposes of this subsection (e), "business" includes all individuals with whom a business is affiliated, including, but not limited to, any officer, agent, employee, consultant, independent contractor, director, partner, or manager of a business.

No person or business shall submit specifications to a State agency unless requested to do so by an employee of the State. No person or business who contracts with a State agency to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

30 ILCS 500/50-11 Debt delinquency. [Effective until January 1, 2023]

(a) No person shall submit a bid or offer for, enter into a contract or subcontract under this Code, or make a submission to a vendor portal if that person knows or should know that he or she or any affiliate is delinquent in the payment of any debt to the State, unless the person or affiliate has entered into a deferred payment plan to pay off the debt. For purposes of this Section, the phrase "delinquent in the payment of any debt" shall be determined by the Debt Collection Bureau. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (a), a person controls an entity if the person owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (a), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

(b) Every bid and offer submitted to the State, every vendor's submission to a vendor portal, every contract executed by the State and every subcontract subject to Section 20-120 of this Code [30 ILCS 500/20-120] shall contain a certification by the bidder, offeror, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, respondent, potential contractor, contractor or the subcontractor and its affiliate is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer may declare the related contract void if any of the certifications completed pursuant to this subsection (b) are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

30 ILCS 500/50-11 Debt delinquency. [Effective January 1, 2023]

(a) If a person submits a bid or offer for, enters into a contract or subcontract under this Code, or makes a submission to a vendor portal and that person knows or should know that he or she or any affiliate is delinquent in the payment of any debt to the State, that person or affiliate must cure the debt delinquency within 7 calendar days by satisfying the entire debt, or the person or affiliate must enter into a deferred payment plan to pay off the debt, subject to the Comptroller's ability to process the payment, or must be actively disputing or seeking a resolution of the debt. For purposes of this Section, the phrase "delinquent in the payment of any debt" shall be determined by the Debt Collection Bureau. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (a), a person controls an entity if the person owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (a), the term "voting security" means a security that (1) confers upon the

holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

(b) Every bid and offer submitted to the State, every vendor's submission to a vendor portal, every contract executed by the State and every subcontract subject to Section 20-120 of this Code [30 ILCS 500/20-120] shall contain a certification by the bidder, offeror, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, respondent, potential contractor, contractor or the subcontractor and its affiliate is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer may declare the related contract void if any of the certifications completed pursuant to this subsection (b) are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

30 ILCS 500/50-12 Collection and remittance of Illinois Use Tax

(a) No person shall enter into a contract with a State agency or enter into a subcontract under this Code unless the person and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act [35 ILCS 105/1 et seq.] regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act [35 ILCS 105/2]. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (a), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (a), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

(b) Every bid and offer submitted to the State, every submission to a vendor portal, every contract executed by the State and every subcontract subject to Section 20-120 of this Code [30 ILCS 500/20-120] shall contain a certification by the bidder, offer or, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, respondent, potential contractor, contractor, or subcontractor is not barred from bidding for or entering into a contract under subsection (a) of this Section and acknowledges that the chief procurement officer may declare the related contract void if any of the certifications completed pursuant to this subsection (b) are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

30 ILCS 500/50-13 Conflicts of interest.

(a) Prohibition. It is unlawful for any person holding an elective office in this State, holding a seat in the General Assembly, or appointed to or employed in any of the offices or agencies of State government and who receives compensation for such employment in excess of 60% of the salary of the Governor of the State of Illinois, or who is an officer or employee of the Capital Development Board or the Illinois Toll Highway Authority, or who is the spouse or minor child of any such person to have or acquire any contract, or any direct pecuniary interest in any contract therein, whether for stationery, printing, paper, or any services, materials, or supplies, that will be wholly or partially satisfied by the payment of funds appropriated by the General Assembly of the State of Illinois or in any contract of the Capital Development Board or the Illinois Toll Highway Authority.

(b) Interests. It is unlawful for any firm, partnership, association, or corporation, in which any person listed in subsection (a) is entitled to receive (i) more than 7 1/2% of the total distributable income or (ii) an amount in excess of the salary of the Governor, to have or acquire any such contract or direct pecuniary interest therein.

(c) Combined interests. It is unlawful for any firm, partnership, association, or corporation, in which any person listed in subsection (a) together with his or her spouse or minor children is entitled to receive (i) more than 15%, in the aggregate, of the total distributable income or (ii) an amount in excess of 2 times the salary of the Governor, to have or acquire any such contract or direct pecuniary interest therein.

(c-5) Appointees and firms. In addition to any provisions of this Code, the interests of certain appointees and their firms are subject to Section 3A-35 of the Illinois Governmental Ethics Act [5 ILCS 420/3A-35].

(d) Securities. Nothing in this Section invalidates the provisions of any bond or other security previously offered or to be offered for sale or sold by or for the State of Illinois.

(e) Prior interests. This Section does not affect the validity of any contract made between the State and an officer or employee of the State or member of the General Assembly, his or her spouse, minor child, or other immediate family member living in his or her residence or any combination of those persons if that contract was in existence before his or her election or employment as an officer, member, or employee. The contract is voidable, however, if it cannot be completed within 365 calendar days after the officer, member, or employee takes office or is employed.

(f) Exceptions.

(1) Public aid payments. This Section does not apply to payments made for a public aid recipient.

(2) Teaching. This Section does not apply to a contract for personal services as a teacher or school administrator between a member of the General Assembly or his or her spouse, or a State officer or employee or his or her spouse, and any school district, public community college district, the University of Illinois, Southern Illinois University, Illinois State University, Eastern Illinois University, Northern Illinois University, Western Illinois University, Chicago State University, Governors State University, or Northeastern Illinois University.

(3) Ministerial duties. This Section does not apply to a contract for personal services of a wholly ministerial character, including but not limited to services as a laborer, clerk, typist, stenographer, page, bookkeeper, receptionist, or telephone switchboard operator, made by a spouse or minor child of an elective or appointive State officer or employee or of a member of the General Assembly.

(4) Child and family services. This Section does not apply to payments made to a member of the General Assembly, a State officer or employee, his or her spouse or minor child acting as a foster parent, homemaker, advocate, or volunteer for or in behalf of a child or family served by the Department of Children and Family Services.

(5) Licensed professionals. Contracts with licensed professionals, provided they are competitively bid or part of a reimbursement program for specific, customary goods and services through the Department of Children and Family Services, the Department of Human Services, the Department of Healthcare and Family Services, the Department of Public Health, or the Department on Aging.

(g) Penalty. A person convicted of a violation of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000.

30 ILCS 500/50-14 Environmental Protection Act violations.

(a) Unless otherwise provided, no person or business found by a court or the Pollution Control Board to have committed a willful or knowing violation of the Environmental Protection Act [415 ILCS 5/1 et seq.] shall do business with the State of Illinois or any State agency or enter into a subcontract that is subject to this Code from the date of the order containing the finding of violation until 5 years after that date, unless the person or business can show that no person involved in the violation continues to have any involvement with the business.

(b) A person or business otherwise barred from doing business with the State of Illinois or any State agency or subcontracting under this Code by subsection (a) may be allowed to do business with the State of Illinois or any State agency if it is shown that there is no practicable alternative to the State to contracting with that person or business.

(c) Every bid or offer submitted to the State, every contract executed by the State, every submission to a vendor portal, and every subcontract subject to Section 20-120 of this Code [30 ILCS 500/20-120] shall contain a certification by the bidder, offeror, potential contractor, contractor, or subcontractor, respectively, that the bidder, offeror, potential contractor, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the contracting State agency may declare the related contract void if any of the certifications completed pursuant to this subsection (c) are false. If the false certification is made by a subcontractor, then the contractor's submitted bid or offer and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false.

30 ILCS 500/50-17 Expatriated entities.

(a) Except as provided in subsection (b) of this Section, no business or member of a unitary business group, as defined in the Illinois Income Tax Act [35 ILCS 5/101 et seq.], shall submit a bid for or enter into a contract with a State agency under this Code if that business or any member of the unitary business group is an expatriated entity.

(b) An expatriated entity or a member of a unitary business group with an expatriated entity as a member may submit a bid for or enter into a contract with a State agency under this Code if the appropriate chief procurement officer determines that either of the following apply:

(1) the contract is awarded as a sole source procurement under Section 20-25 of this Code [30 ILCS 500/20-25], provided that the appropriate chief procurement officer (i) includes in the notice of intent to enter into a sole source contract a prominent statement that the intended sole source contractor is an expatriated entity and (ii) holds a public hearing at which the chief procurement officer and purchasing agency present written justification for the use of a sole source contract with an expatriated entity and any member of the public may present testimony; or

(2) the purchase is of pharmaceutical products, drugs, biologics, vaccines, medical supplies, or devices used to provide medical and health care or treat disease or used in medical or research diagnostic tests, and medical nutritionals regulated by the Food and Drug Administration under the Federal Food, Drug, and Cosmetic Act.

30 ILCS 500/50-20 Exemptions.

The appropriate chief procurement officer may file a request with the Executive Ethics Commission to exempt named individuals from the prohibitions of Section 50-13 [30 ILCS 500/50-13] when, in his or her judgment, the public interest in having the individual in the service of the State outweighs the public policy evidenced in that Section. The Executive Ethics Commission may grant an exemption after a public hearing at which any person may present testimony. The chief procurement officer shall publish notice of the date, time, and location of the hearing in the online electronic Bulletin at least 14 calendar days prior to the hearing and provide notice to the individual subject to the waiver, the Procurement Policy Board, and the Commission on Equity and Inclusion. The Executive Ethics Commission shall also provide public notice of the date, time, and location of the hearing on its website. If the Commission grants an exemption, the exemption is effective only if it is filed with the Secretary of State and the Comptroller prior to the execution of any contract and includes a statement setting forth the name of the individual and all the pertinent facts that would make that Section applicable, setting forth the reason for the exemption, and declaring the individual exempted from that Section. Notice of each exemption shall be published in the Illinois Procurement Bulletin. A contract for which a waiver has been issued but has not been filed in accordance with this Section is voidable by the State. The changes to this Section made by this amendatory Act of the 96th General Assembly shall apply to exemptions granted on or after its effective date.

30 ILCS 500/50-21 Bond issuances.

(a) A State agency shall not enter into a contract with respect to the issuance of bonds or other securities by the State or a State agency with any entity that uses an independent consultant.

As used in this subsection, "independent consultant" means a person used by the entity to obtain or retain securities business through direct or indirect communication by the person with a State official or employee on behalf of the entity when the communication is undertaken by the person in exchange for or with the understanding of receiving payment from the entity or another person. "Independent consultant" does not include (i) a finance professional employed by the entity or (ii) a person whose sole basis of compensation from the entity is the actual provision of legal, accounting, or engineering advice, services, or assistance in connection with the securities business that the entity seeks to obtain or retain.

(b) Prior to entering into a contract with a State agency with respect to the issuance of bonds or other securities by the State or a State agency, a contracting party subject to the Municipal Securities Rulemaking Board's Rule G-37, or a successor rule, shall include a certification that the contracting entity is and shall remain for the duration of the contract in compliance with the Rule's requirements for reporting political contributions. Subsequent failure to remain in compliance shall make the contract voidable by the State.

(c) If a federal agency finds that an entity has knowingly violated in Illinois the Municipal Securities Rulemaking Board's Rule G-37 (or any successor rule) with respect to the making of prohibited political contributions or payments, then the chief pro-

curement officer shall impose a penalty that is at least twice the fine assessed against that entity by the federal agency. The chief procurement officer shall also bar that entity from participating in any State agency contract with respect to the issuance of bonds or other securities for a period of one year. The one-year period shall begin upon the expiration of any debarment period imposed by a federal agency. If no debarment is imposed by a federal agency, then the one-year period shall begin on the date the chief procurement officer is advised of the violation.

If a federal agency finds that an entity has knowingly violated in Illinois the Municipal Securities Rulemaking Board's Rule G-38 (or any successor rule) with respect to the prohibition on obtaining or retaining municipal securities business, then the chief procurement officer shall bar that entity from participating in any State agency contract with respect to the issuance of bonds or other securities for a period of one year. The one-year period shall begin upon the expiration of any debarment period imposed by a federal agency. If no debarment is imposed by a federal agency, then the one-year period shall begin on the date the chief procurement officer is advised of the violation.

(d) Nothing in this Section shall be construed to apply retroactively, but shall apply prospectively on and after the effective date of this amendatory Act of the 96th General Assembly [P.A. 96-795].

30 ILCS 500/50-25 Inducement.

Any person who offers or pays any money or other valuable thing to any person to induce him or her not to provide a submission to a vendor portal, bid, or submit an offer for a State contract or as recompense for not having bid on or submitted an offer for a State contract or provided a submission to a vendor portal is guilty of a Class 4 felony. Any person who accepts any money or other valuable thing for not bidding or submitting an offer for a State contract, not making a submission to a vendor portal, or who withholds a bid, offer, or submission to vendor portal in consideration of the promise for the payment of money or other valuable thing is guilty of a Class 4 felony.

HISTORY:
P.A. 90-572, § 50-25; 98-1076, § 5.

30 ILCS 500/50-30 Revolving door prohibition.

(a) Chief procurement officers, State purchasing officers, procurement compliance monitors, their designees whose principal duties are directly related to State procurement, and executive officers confirmed by the Senate are expressly prohibited for a period of 2 years after terminating an affected position from engaging in any procurement activity relating to the State agency most recently employing them in an affected position for a period of at least 6 months. The prohibition includes but is not limited to: lobbying the procurement process; specifying; bidding; proposing bid, proposal, or contract documents; on their own behalf or on behalf of any firm, partnership, association, or corporation. This subsection applies only to persons who terminate an affected position on or after January 15, 1999.

(b) In addition to any other provisions of this Code, employment of former State employees is subject to the State Officials and Employees Ethics Act [5 ILCS 430/1-1 et seq.].

30 ILCS 500/50-35 Financial disclosure and potential conflicts of interest. [Effective until January 1, 2023]

(a) All bids and offers from responsive bidders, offerors, vendors, or contractors with an annual value of more than $50,000, and all submissions to a vendor portal, shall be accompanied by disclosure of the financial interests of the bidder, offeror, potential contractor, or contractor and each subcontractor to be used. In addition, all subcontracts identified as provided by Section 20-120 of this Code [30 ILCS 500/20-120] with an annual value of more than $50,000 shall be accompanied by disclosure of the financial interests of each subcontractor. The financial disclosure of each successful bidder, offeror, potential contractor, or contractor and its subcontractors shall be incorporated as a material term of the contract and shall become part of the publicly available contract or procurement file maintained by the appropriate chief procurement officer. Each disclosure under this Section shall be signed and made under penalty of perjury by an authorized officer or employee on behalf of the bidder, offeror, potential contractor, contractor, or subcontractor, and must be filed with the Procurement Policy Board and the Commission on Equity and Inclusion.

(b) Disclosure shall include any ownership or distributive income share that is in excess of 5%, or an amount greater than 60% of the annual salary of the Governor, of the disclosing entity or its parent entity, whichever is less, unless the bidder, offeror, potential contractor, contractor, or subcontractor (i) is a publicly traded entity subject to Federal 10K reporting, in which case it may submit its 10K disclosure in place of the prescribed disclosure, or (ii) is a privately held entity that is exempt from Federal 10k reporting but has more than 100 shareholders, in which case it may submit the information that Federal 10k reporting companies are required to report under 17 CFR 229.401 and list the names of any person or entity holding any ownership share that is in excess of 5% in place of the prescribed disclosure. The form of disclosure shall be prescribed by the applicable chief procurement officer and must include at least the names, addresses, and dollar or proportionate share of ownership of each person identified in this

Section, their instrument of ownership or beneficial relationship, and notice of any potential conflict of interest resulting from the current ownership or beneficial relationship of each individual identified in this Section having in addition any of the following relationships:

(1) State employment, currently or in the previous 3 years, including contractual employment of services.

(2) State employment of spouse, father, mother, son, or daughter, including contractual employment for services in the previous 2 years.

(3) Elective status; the holding of elective office of the State of Illinois, the government of the United States, any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois currently or in the previous 3 years.

(4) Relationship to anyone holding elective office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(5) Appointive office; the holding of any appointive government office of the State of Illinois, the United States of America, or any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois, which office entitles the holder to compensation in excess of expenses incurred in the discharge of that office currently or in the previous 3 years.

(6) Relationship to anyone holding appointive office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(7) Employment, currently or in the previous 3 years, as or by any registered lobbyist of the State government.

(8) Relationship to anyone who is or was a registered lobbyist in the previous 2 years; spouse, father, mother, son, or daughter.

(9) Compensated employment, currently or in the previous 3 years, by any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(10) Relationship to anyone; spouse, father, mother, son, or daughter; who is or was a compensated employee in the last 2 years of any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(b-1) The disclosure required under this Section must also include the name and address of each lobbyist required to register under the Lobbyist Registration Act [25 ILCS 170/1 et seq.] and other agent of the bidder, offeror, potential contractor, contractor, or subcontractor who is not identified under subsections (a) and (b) and who has communicated, is communicating, or may communicate with any State officer or employee concerning the bid or offer. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(b-2) The disclosure required under this Section must also include, for each of the persons identified in subsection (b) or (b-1), each of the following that occurred within the previous 10 years: suspension or debarment from contracting with any governmental entity; professional licensure discipline; bankruptcies; adverse civil judgments and administrative findings; and criminal felony convictions. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(c) The disclosure in subsection (b) is not intended to prohibit or prevent any contract. The disclosure is meant to fully and publicly disclose any potential conflict to the chief procurement officers, State purchasing officers, their designees, and executive officers so they may adequately discharge their duty to protect the State.

(d) When a potential for a conflict of interest is identified, discovered, or reasonably suspected, the chief procurement officer or State procurement officer shall send the contract to the Procurement Policy Board and the Commission on Equity and Inclusion. In accordance with the objectives of subsection (c), if the Procurement Policy Board or the Commission on Equity and Inclusion finds evidence of a potential conflict of interest not originally disclosed by the bidder, offeror, potential contractor, contractor, or subcontractor, the Board or the Commission on Equity and Inclusion shall provide written notice to the bidder, offeror, potential contractor, contractor, or subcontractor that is identified, discovered, or reasonably suspected of having a potential conflict of interest. The bidder, offeror, potential contractor, contractor, or subcontractor shall have 15 calendar days to respond in writing to the Board or the Commission on Equity and Inclusion, and a hearing before the Board or the Commission on Equity and Inclusion will be granted upon request by the bidder, offeror, potential contractor, contractor, or subcontractor, at a date and time to be determined by the Board or the Commission on Equity and Inclusion, but which in no event shall occur later than 15 calendar days after the date of the request. Upon consideration, the Board or the Commission on Equity and Inclusion shall recommend, in writing, whether to allow or void the contract, bid, offer, or subcontract weighing the best interest of the State of Illinois. All recommendations shall be submitted to the Executive Ethics Commission. The Executive Ethics Commission must hold a public hearing within 30 calendar days after receiving the Board's or the Commission on Equity and Inclusion's recommendation if the Procurement Policy Board or the

Commission on Equity and Inclusion makes a recommendation to (i) void a contract or (ii) void a bid or offer and the chief procurement officer selected or intends to award the contract to the bidder, offeror, or potential contractor. A chief procurement officer is prohibited from awarding a contract before a hearing if the Board or the Commission on Equity and Inclusion recommendation does not support a bid or offer. The recommendation and proceedings of any hearing, if applicable, shall be available to the public.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing officer, or their designees from reasonable care and diligence for any contract, bid, offer, or submission to a vendor portal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, offers, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, offers, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, bids, offers, proposals, subcontracts, leases, or other ongoing procurement relationships the bidder, offeror, potential contractor, contractor, or subcontractor has with any other unit of State government and shall clearly identify the unit and the contract, offer, proposal, lease, or other relationship.

(i) The bidder, offeror, potential contractor, or contractor has a continuing obligation to supplement the disclosure required by this Section throughout the bidding process during the term of any contract, and during the vendor portal registration process.

30 ILCS 500/50-35 Financial disclosure and potential conflicts of interest. [Effective January 1, 2023]

(a) All bids and offers from responsive bidders, offerors, vendors, or contractors with an annual value that exceeds the small purchase threshold established under subsection (a) of Section 20-20 of this Code [30 ILCS 500/20-20], and all submissions to a vendor portal, shall be accompanied by disclosure of the financial interests of the bidder, offeror, potential contractor, or contractor and each subcontractor to be used. In addition, all subcontracts identified as provided by Section 20-120 of this Code [30 ILCS 500/20-120] with an annual value that exceeds the small purchase threshold established under subsection (a) of Section 20-20 of this Code shall be accompanied by disclosure of the financial interests of each subcontractor. The financial disclosure of each successful bidder, offeror, potential contractor, or contractor and its subcontractors shall be incorporated as a material term of the contract and shall become part of the publicly available contract or procurement file maintained by the appropriate chief procurement officer. Each disclosure under this Section shall be signed and made under penalty of perjury by an authorized officer or employee on behalf of the bidder, offeror, potential contractor, contractor, or subcontractor, and must be filed with the Procurement Policy Board and the Commission on Equity and Inclusion.

(b) Disclosure shall include any ownership or distributive income share that is in excess of 5%, or an amount greater than 60% of the annual salary of the Governor, of the disclosing entity or its parent entity, whichever is less, unless the bidder, offeror, potential contractor, contractor, or subcontractor (i) is a publicly traded entity subject to Federal 10K reporting, in which case it may submit its 10K disclosure in place of the prescribed disclosure, or (ii) is a privately held entity that is exempt from Federal 10k reporting but has more than 100 shareholders, in which case it may submit the information that Federal 10k reporting companies are required to report under 17 CFR 229.401 and list the names of any person or entity holding any ownership share that is in excess of 5% in place of the prescribed disclosure. The form of disclosure shall be prescribed by the applicable chief procurement officer and must include at least the names, addresses, and dollar or proportionate share of ownership of each person identified in this Section, their instrument of ownership or beneficial relationship, and notice of any potential conflict of interest resulting from the current ownership or beneficial relationship of each individual identified in this Section having in addition any of the following relationships:

(1) State employment, currently or in the previous 3 years, including contractual employment of services.

(2) State employment of spouse, father, mother, son, or daughter, including contractual employment for services in the previous 2 years.

(3) Elective status; the holding of elective office of the State of Illinois, the government of the United States, any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois currently or in the previous 3 years.

(4) Relationship to anyone holding elective office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(5) Appointive office; the holding of any appointive government office of the State of Illinois, the United States of America, or any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois, which office entitles the holder to compensation in excess of expenses incurred in the discharge of that office currently or in the previous 3 years.

(6) Relationship to anyone holding appointive office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(7) Employment, currently or in the previous 3 years, as or by any registered lobbyist of the State government.

(8) Relationship to anyone who is or was a registered lobbyist in the previous 2 years; spouse, father, mother, son, or daughter.

(9) Compensated employment, currently or in the previous 3 years, by any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(10) Relationship to anyone; spouse, father, mother, son, or daughter; who is or was a compensated employee in the last 2 years of any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(b-1) The disclosure required under this Section must also include the name and address of each lobbyist required to register under the Lobbyist Registration Act [25 ILCS 170/1 et seq.] and other agent of the bidder, offeror, potential contractor, contractor, or subcontractor who is not identified under subsections (a) and (b) and who has communicated, is communicating, or may communicate with any State officer or employee concerning the bid or offer. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(b-2) The disclosure required under this Section must also include, for each of the persons identified in subsection (b) or (b-1), each of the following that occurred within the previous 10 years: suspension or debarment from contracting with any governmental entity; professional licensure discipline; bankruptcies; adverse civil judgments and administrative findings; and criminal felony convictions. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(c) The disclosure in subsection (b) is not intended to prohibit or prevent any contract. The disclosure is meant to fully and publicly disclose any potential conflict to the chief procurement officers, State purchasing officers, their designees, and executive officers so they may adequately discharge their duty to protect the State.

(d) When a potential for a conflict of interest is identified, discovered, or reasonably suspected, the chief procurement officer or State procurement officer shall send the contract to the Procurement Policy Board and the Commission on Equity and Inclusion. In accordance with the objectives of subsection (c), if the Procurement Policy Board or the Commission on Equity and Inclusion finds evidence of a potential conflict of interest not originally disclosed by the bidder, offeror, potential contractor, contractor, or subcontractor, the Board or the Commission on Equity and Inclusion shall provide written notice to the bidder, offeror, potential contractor, contractor, or subcontractor that is identified, discovered, or reasonably suspected of having a potential conflict of interest. The bidder, offeror, potential contractor, contractor, or subcontractor shall have 15 calendar days to respond in writing to the Board or the Commission on Equity and Inclusion, and a hearing before the Board or the Commission on Equity and Inclusion will be granted upon request by the bidder, offeror, potential contractor, contractor, or subcontractor, at a date and time to be determined by the Board or the Commission on Equity and Inclusion, but which in no event shall occur later than 15 calendar days after the date of the request. Upon consideration, the Board or the Commission on Equity and Inclusion shall recommend, in writing, whether to allow or void the contract, bid, offer, or subcontract weighing the best interest of the State of Illinois. All recommendations shall be submitted to the Executive Ethics Commission. The Executive Ethics Commission must hold a public hearing within 30 calendar days after receiving the Board's or the Commission on Equity and Inclusion's recommendation if the Procurement Policy Board or the Commission on Equity and Inclusion makes a recommendation to (i) void a contract or (ii) void a bid or offer and the chief procurement officer selected or intends to award the contract to the bidder, offeror, or potential contractor. A chief procurement officer is prohibited from awarding a contract before a hearing if the Board or the Commission on Equity and Inclusion recommendation does not support a bid or offer. The recommendation and proceedings of any hearing, if applicable, shall be available to the public.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing

officer, or their designees from reasonable care and diligence for any contract, bid, offer, or submission to a vendor portal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, offers, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, offers, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, bids, offers, proposals, subcontracts, leases, or other ongoing procurement relationships the bidder, offeror, potential contractor, contractor, or subcontractor has with any other unit of State government and shall clearly identify the unit and the contract, offer, proposal, lease, or other relationship.

(i) The bidder, offeror, potential contractor, or contractor has a continuing obligation to supplement the disclosure required by this Section throughout the bidding process during the term of any contract, and during the vendor portal registration process.

(j) If a bid or offer is received from a responsive bidder, offeror, vendor, contractor, or subcontractor with an annual value of more than $100,000 and the bidder, offeror, vendor, contractor, or subcontractor has an active contract with that same entity and already has submitted their financial disclosures and potential conflicts of interest within the last 12 months, the bidder, offeror, vendor, contractor, or subcontractor may submit a signed affidavit attesting that the original submission of its financial disclosures and potential conflicts of interests has not been altered or changed. The form and content of the affidavit shall be prescribed by the applicable chief procurement officer.

30 ILCS 500/50-36 Disclosure of business in Iran.

(a) As used in this Section:

"Business operations" means engaging in commerce in any form in Iran, including, but not limited to, acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

"Company" means any sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of those entities or business associations, that exists for the purpose of making profit.

"Mineral-extraction activities" include exploring, extracting, processing, transporting, or wholesale selling or trading of elemental minerals or associated metal alloys or oxides (ore), including gold, copper, chromium, chromite, diamonds, iron, iron ore, silver, tungsten, uranium, and zinc.

"Oil-related activities" include, but are not limited to, owning rights to oil blocks; exporting, extracting, producing, refining, processing, exploring for, transporting, selling, or trading of oil; and constructing, maintaining, or operating a pipeline, refinery, or other oil-field infrastructure. The mere retail sale of gasoline and related consumer products is not considered an oil-related activity.

"Petroleum resources" means petroleum, petroleum byproducts, or natural gas.

"Substantial action" means adopting, publicizing, and implementing a formal plan to cease scrutinized business operations within one year and to refrain from any such new business operations.

(b) Each bid or offer submitted for a State contract, other than a small purchase defined in Section 20-20 [30 ILCS 500/20-20], shall include a disclosure of whether or not the bidder, offeror, or any of its corporate parents or subsidiaries, within the 24 months before submission of the bid or offer had business operations that involved contracts with or provision of supplies or services to the Government of Iran, companies in which the Government of Iran has any direct or indirect equity share, consortiums or projects commissioned by the Government of Iran, or companies involved in consortiums or projects commissioned by the Government of Iran and:

(1) more than 10% of the company's revenues produced in or assets located in Iran involve oil-related activities or mineral-extraction activities; less than 75% of the company's revenues produced in or assets located in Iran involve contracts with

or provision of oil-related or mineral-extraction products or services to the Government of Iran or a project or consortium created exclusively by that government; and the company has failed to take substantial action; or

(2) the company has, on or after August 5, 1996, made an investment of $20 million or more, or any combination of investments of at least $10 million each that in the aggregate equals or exceeds $20 million in any 12-month period, that directly or significantly contributes to the enhancement of Iran's ability to develop petroleum resources of Iran.

(c) A bid or offer that does not include the disclosure required by subsection (b) may be given a period after the bid or offer is submitted to cure nondisclosure. A chief procurement officer may consider the disclosure when evaluating the bid or offer or awarding the contract.

(d) Each chief procurement officer shall provide the State Comptroller with the name of each entity disclosed under subsection (b) as doing business or having done business in Iran. The State Comptroller shall post that information on his or her official website.

P.A. 95-616, § 5; 98-1076, § 5.

30 ILCS 500/50-37 Prohibition of political contributions.

(a) As used in this Section:

The terms "contract", "State contract", and "contract with a State agency" each mean any contract, as defined in this Code, between a business entity and a State agency let or awarded pursuant to this Code. The terms "contract", "State contract", and "contract with a State agency" do not include cost reimbursement contracts; purchase of care agreements as defined in Section 1-15.68 of this Code [30 ILCS 500/1-15.68]; contracts for projects eligible for full or partial federal-aid funding reimbursements authorized by the Federal Highway Administration; grants, including but are not limited to grants for job training or transportation; and grants, loans, or tax credit agreements for economic development purposes.

"Contribution" means a contribution as defined in Section 9-1.4 of the Election Code [10 ILCS 5/9-1.4].

"Declared candidate" means a person who has filed a statement of candidacy and petition for nomination or election in the principal office of the State Board of Elections.

"State agency" means and includes all boards, commissions, agencies, institutions, authorities, and bodies politic and corporate of the State, created by or in accordance with the Illinois Constitution or State statute, of the executive branch of State government and does include colleges, universities, public employee retirement systems, and institutions under the jurisdiction of the governing boards of the University of Illinois, Southern Illinois University, Illinois State University, Eastern Illinois University, Northern Illinois University, Western Illinois University, Chicago State University, Governors State University, Northeastern Illinois University, and the Illinois Board of Higher Education.

"Officeholder" means the Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer. The Governor shall be considered the officeholder responsible for awarding all contracts by all officers and employees of, and potential contractors and others doing business with, executive branch State agencies under the jurisdiction of the Executive Ethics Commission and not within the jurisdiction of the Attorney General, the Secretary of State, the Comptroller, or the Treasurer.

"Sponsoring entity" means a sponsoring entity as defined in Section 9-3 of the Election Code [10 ILCS 5/9-3].

"Affiliated person" means (i) any person with any ownership interest or distributive share of the bidding or contracting business entity in excess of 7.5%, (ii) executive employees of the bidding or contracting business entity, and (iii) the spouse of any such persons. "Affiliated person" does not include a person prohibited by federal law from making contributions or expenditures in connection with a federal, state, or local election.

"Affiliated entity" means (i) any corporate parent and each operating subsidiary of the bidding or contracting business entity, (ii) each operating subsidiary of the corporate parent of the bidding or contracting business entity, (iii) any organization recognized by the United States Internal Revenue Service as a tax-exempt organization described in Section 501(c) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law) established by the bidding or contracting business entity, any affiliated entity of that business entity, or any affiliated person of that business entity, or (iv) any political committee for which the bidding or contracting business entity, or any 501(c) organization described in item (iii) related to that business entity, is the sponsoring entity. "Affiliated entity" does not include an entity prohibited by federal law from making contributions or expenditures in connection with a federal, state, or local election.

"Business entity" means any entity doing business for profit, whether organized as a corporation, partnership, sole proprietorship, limited liability company or partnership, or otherwise.

"Executive employee" means (i) the President, Chairman, or Chief Executive Officer of a business entity and any other individual that fulfills equivalent duties as the President, Chairman of the Board, or Chief Executive Officer of a business entity; and (ii) any employee of a business entity whose compensation is determined directly, in whole or in part, by the award or payment of contracts by a State agency to the entity employing the employee. A regular salary that is paid irrespective of the award or

payment of a contract with a State agency shall not constitute "compensation" under item (ii) of this definition. "Executive employee" does not include any person prohibited by federal law from making contributions or expenditures in connection with a federal, state, or local election.

(b) Any business entity whose contracts with State agencies, in the aggregate, annually total more than $50,000, and any affiliated entities or affiliated persons of such business entity, are prohibited from making any contributions to any political committees established to promote the candidacy of (i) the officeholder responsible for awarding the contracts or (ii) any other declared candidate for that office. This prohibition shall be effective for the duration of the term of office of the incumbent officeholder awarding the contracts or for a period of 2 years following the expiration or termination of the contracts, whichever is longer.

(c) Any business entity whose aggregate pending bids and offers on State contracts total more than $50,000, or whose aggregate pending bids and offers on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, and any affiliated entities or affiliated persons of such business entity, are prohibited from making any contributions to any political committee established to promote the candidacy of the officeholder responsible for awarding the contract on which the business entity has submitted a bid or offer during the period beginning on the date the invitation for bids, request for proposals, or any other procurement opportunity is issued and ending on the day after the date the contract is awarded.

(c-5) For the purposes of the prohibitions under subsections (b) and (c) of this Section, (i) any contribution made to a political committee established to promote the candidacy of the Governor or a declared candidate for the office of Governor shall also be considered as having been made to a political committee established to promote the candidacy of the Lieutenant Governor, in the case of the Governor, or the declared candidate for Lieutenant Governor having filed a joint petition, or write-in declaration of intent, with the declared candidate for Governor, as applicable, and (ii) any contribution made to a political committee established to promote the candidacy of the Lieutenant Governor or a declared candidate for the office of Lieutenant Governor shall also be considered as having been made to a political committee established to promote the candidacy of the Governor, in the case of the Lieutenant Governor, or the declared candidate for Governor having filed a joint petition, or write-in declaration of intent, with the declared candidate for Lieutenant Governor, as applicable.

(d) All contracts between State agencies and a business entity that violate subsection (b) or (c) shall be voidable under Section 50-60 [30 ILCS 500/50-60]. If a business entity violates subsection (b) 3 or more times within a 36-month period, then all contracts between State agencies and that business entity shall be void, and that business entity shall not bid or respond to any invitation to bid or request for proposals from any State agency or otherwise enter into any contract with any State agency for 3 years from the date of the last violation. A notice of each violation and the penalty imposed shall be published in both the Procurement Bulletin and the Illinois Register.

(e) Any political committee that has received a contribution in violation of subsection (b) or (c) shall pay an amount equal to the value of the contribution to the State no more than 30 calendar days after notice of the violation concerning the contribution appears in the Illinois Register. Payments received by the State pursuant to this subsection shall be deposited into the general revenue fund.

30 ILCS 500/50-38 Lobbying restrictions.

(a) A person or business that is let or awarded a contract is not entitled to receive any payment, compensation, or other remuneration from the State to compensate the person or business for any expenses related to travel, lodging, or meals that are paid by the person or business to any officer, agent, employee, consultant, independent contractor, director, partner, manager, or shareholder.

(b) Any bidder, offeror, potential contractor, or contractor on a State contract that hires a person required to register under the Lobbyist Registration Act [25 ILCS 170/1 et seq.] to assist in obtaining a contract shall (i) disclose all costs, fees, compensation, reimbursements, and other remunerations paid or to be paid to the lobbyist related to the contract, (ii) not bill or otherwise cause the State of Illinois to pay for any of the lobbyist's costs, fees, compensation, reimbursements, or other remuneration, and (iii) sign a verification certifying that none of the lobbyist's costs, fees, compensation, reimbursements, or other remuneration were billed to the State. This information, along with all supporting documents, shall be filed with the agency awarding the contract and with the Secretary of State. The chief procurement officer shall post this information, together with the contract award notice, in the online Procurement Bulletin.

(c) Ban on contingency fee. No person or entity shall retain a person or entity required to register under the Lobbyist Registration Act to attempt to influence the outcome of a procurement decision made under this Code for compensation contingent in whole or in part upon the decision or procurement. Any person who violates this subsection is guilty of a business offense and shall be fined not more than $10,000.

30 ILCS 500/50-39 Procurement communications reporting requirement.

(a) Any written or oral communication received by a State employee who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract and that imparts or requests material information or makes a material argument regarding potential action concerning an active procurement matter, including, but not limited to, an application, a contract, or a project, shall be reported to the Procurement Policy Board, and, with respect to the Illinois Power Agency, by the initiator of the communication, and may be reported also by the recipient.

Any person communicating orally, in writing, electronically, or otherwise with the Director or any person employed by, or associated with, the Illinois Power Agency to impart, solicit, or transfer any information related to the content of any power procurement plan, the manner of conducting any power procurement process, the procurement of any power supply, or the method or structure of contracting with power suppliers must disclose to the Procurement Policy Board the full nature, content, and extent of any such communication in writing by submitting a report with the following information:

(1) The names of any party to the communication.

(2) The date on which the communication occurred.

(3) The time at which the communication occurred.

(4) The duration of the communication.

(5) The method (written, oral, etc.) of the communication.

(6) A summary of the substantive content of the communication.

These communications do not include the following: (i) statements by a person publicly made in a public forum; (ii) statements regarding matters of procedure and practice, such as format, the number of copies required, the manner of filing, and the status of a matter; (iii) statements made by a State employee of the agency to the agency head or other employees of that agency, to the employees of the Executive Ethics Commission, or to an employee of another State agency who, through the communication, is either (a) exercising his or her experience or expertise in the subject matter of the particular procurement in the normal course of business, for official purposes, and at the initiation of the purchasing agency or the appropriate State purchasing officer, or (b) exercising oversight, supervisory, or management authority over the procurement in the normal course of business and as part of official responsibilities; (iv) unsolicited communications providing general information about products, services, or industry best practices before those products or services become involved in a procurement matter; (v) communications received in response to procurement solicitations, including, but not limited to, vendor responses to a request for information, request for proposal, request for qualifications, invitation for bid, or a small purchase, sole source, or emergency solicitation, or questions and answers posted to the Illinois Procurement Bulletin to supplement the procurement action, provided that the communications are made in accordance with the instructions contained in the procurement solicitation, procedures, or guidelines; (vi) communications that are privileged, protected, or confidential under law; and (vii) communications that are part of a formal procurement process as set out by statute, rule, or the solicitation, guidelines, or procedures, including, but not limited to, the posting of procurement opportunities, the process for approving a procurement business case or its equivalent, fiscal approval, submission of bids, the finalizing of contract terms and conditions with an awardee or apparent awardee, and similar formal procurement processes. The provisions of this Section shall not apply to communications regarding the administration and implementation of an existing contract, except communications regarding change orders or the renewal or extension of a contract.

The reporting requirement does not apply to any communication asking for clarification regarding a contract solicitation so long as there is no competitive advantage to the person or business and the question and answer, if material, are posted to the Illinois Procurement Bulletin as an addendum to the contract solicitation.

(b) The report required by subsection (a) shall be submitted monthly and include at least the following: (i) the date and time of each communication; (ii) the identity of each person from whom the written or oral communication was received, the individual or entity represented by that person, and any action the person requested or recommended; (iii) the identity and job title of the person to whom each communication was made; (iv) if a response is made, the identity and job title of the person making each response; (v) a detailed summary of the points made by each person involved in the communication; (vi) the duration of the communication; (vii) the location or locations of all persons involved in the communication and, if the communication occurred by telephone, the telephone numbers for the callers and recipients of the communication; and (viii) any other pertinent information. No trade secrets or other proprietary or confidential information shall be included in any communication reported to the Procurement Policy Board.

(c) Additionally, when an oral communication made by a person required to register under the Lobbyist Registration Act [25 ILCS 170/1 et seq.] is received by a State employee that is covered under this Section, all individuals who initiate or participate in the oral communication shall submit a written report to that State employee that memorializes the communication and includes, but is not limited to, the items listed in subsection (b).

(d) The Procurement Policy Board shall make each report submitted pursuant to this Section available

on its website within 7 calendar days after its receipt of the report. The Procurement Policy Board may promulgate rules to ensure compliance with this Section.

(e) The reporting requirements shall also be conveyed through ethics training under the State Officials and Employees Ethics Act [5 ILCS 430/1-1 et seq.]. An employee who knowingly and intentionally violates this Section shall be subject to suspension or discharge. The Executive Ethics Commission shall promulgate rules, including emergency rules, to implement this Section.

(f) This Section becomes operative on January 1, 2011.

(g) For purposes of this Section:

"Active procurement matter" means a procurement process beginning with requisition or determination of need by an agency and continuing through the publication of an award notice or other completion of a final procurement action, the resolution of any protests, and the expiration of any protest or Procurement Policy Board review period, if applicable. "Active procurement matter" also includes communications relating to change orders, renewals, or extensions.

"Material information" means information that a reasonable person would deem important in determining his or her course of action and pertains to significant issues, including, but not limited to, price, quantity, and terms of payment or performance.

"Material argument" means a communication that a reasonable person would believe was made for the purpose of influencing a decision relating to a procurement matter. "Material argument" does not include general information about products, services, or industry best practices or a response to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies.

30 ILCS 500/50-55 Supply inventory.

Every State agency shall inventory or stock no more than a 12-month need of equipment, supplies, commodities, articles, and other items, except as otherwise authorized by the State agency's regulations. Every State agency shall periodically review its inventory to ensure compliance with this Section. If, upon review, an agency determines it has more than a 12-month supply of any equipment, supplies, commodities, or other items, the agency shall undertake transfers of the oversupplied items or other action necessary to maintain compliance with this Section. This Section shall not apply to lifesaving medications, mechanical spare parts, and items for which the supplier requires a minimum order stipulation.

HISTORY:

P.A. 90-572, § 50-55.

30 ILCS 500/50-60 Voidable contracts.

(a) If any contract or amendment thereto is entered into or purchase or expenditure of funds is made at any time in violation of this Code or any other law, the contract or amendment thereto may be declared void by the chief procurement officer or may be ratified and affirmed, provided the chief procurement officer determines that ratification is in the best interests of the State. If the contract is ratified and affirmed, it shall be without prejudice to the State's rights to any appropriate damages.

(b) If, during the term of a contract, the chief procurement officer determines that the contractor is

delinquent in the payment of debt as set forth in Section 50-11 of this Code [30 ILCS 500/50-11], the chief procurement officer may declare the contract void if it determines that voiding the contract is in the best interests of the State. The Debt Collection Bureau shall adopt rules for the implementation of this subsection (b).

(c) If, during the term of a contract, the chief procurement officer determines that the contractor is in violation of Section 50-10.5 of this Code [30 ILCS 500/50-10.5], the chief procurement officer shall declare the contract void.

(d) If, during the term of a contract, the contracting agency learns from an annual certification or otherwise determines that the contractor no longer qualifies to enter into State contracts by reason of Section 50-5, 50-10, 50-12, 50-14, or 50-14.5 of this Article [30 ILCS 500/50-5, 30 ILCS 500/50-10, 30 ILCS 500/50-12, 30 ILCS 500/50-14, or 30 ILCS 500/50-14.5], the chief procurement officer may declare the contract void if it determines that voiding the contract is in the best interests of the State.

(e) If, during the term of a contract, the chief procurement officer learns from an annual certification or otherwise determines that a subcontractor subject to Section 20-120 no longer qualifies to enter into State contracts by reason of Section 50-5, 50-10, 50-10.5, 50-11, 50-12, 50-14, or 50-14.5 of this Article, the chief procurement officer may declare the related contract void if it determines that voiding the contract is in the best interests of the State. However, the related contract shall not be declared void unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontractor no longer qualifies to enter into State contracts by reason of one of the Sections listed in this subsection.

(f) The changes to this Section made by Public Act 96-795 apply to actions taken by the chief procurement officer on or after July 1, 2010.

GOVERNMENTAL JOINT PURCHASING ACT

Section

30 ILCS 525/0.01 [Short title]

This Act may be cited as the Governmental Joint Purchasing Act.

HISTORY:
P.A. 86-1324.

30 ILCS 525/1 Definitions.

For the purposes of this Act:

"Governmental unit" means the State of Illinois, any State agency as defined in Section 1-15.100 of the Illinois Procurement Code [30 ILCS 500/1-15.100], officers of the State of Illinois, any public authority which has the power to tax, or any other public entity created by statute.

"Master contract" means a definite quantity or indefinite quantity contract awarded pursuant to this Act against which subsequent orders may be placed to meet the needs of a governmental unit or qualified not-for-profit agency.

"Multiple award" means an award that is made to 2 or more bidders or offerors for similar supplies or services.

HISTORY:
P.A. 86-769; 98-1076, § 15; 2017 P.A. 100-43, § 25, effective August 9, 2017; 2018 P.A. 100-863, § 155, effective August 14, 2018.

30 ILCS 525/1.1 Joint purchasing programs.

Each chief procurement officer may establish a joint purchasing program and a cooperative purchasing program.

HISTORY:
2017 P.A. 100-43, § 25, effective August 9, 2017.

30 ILCS 525/2 Joint purchasing authority.

(a) Any governmental unit, except a governmental unit subject to the jurisdiction of a chief procurement officer established in Section 10-20 of the Illinois Procurement Code [30 ILCS 500/10-20], may purchase personal property, supplies and services jointly with one or more other governmental units. All such joint purchases shall be by competitive solicitation as provided in Section 4 [30 ILCS 525/4], except as otherwise provided in this Act. The provisions of any other acts under which a governmental unit operates which refer to purchases and procedures in connection therewith shall be superseded by the provisions of this Act when the governmental units are exercising the joint powers created by this Act.

(a-5) For purchases made by a governmental unit subject to the jurisdiction of a chief procurement officer established in Section 10-20 of the Illinois Procurement Code, the applicable chief procurement officer established in Section 10-20 of the Illinois Procurement Code may authorize the purchase of supplies and services jointly with a governmental unit of this State, governmental entity of another state, or with a consortium of governmental entities of one or more other states, except as otherwise provided in this Act. Subject to provisions of the joint purchasing solicitation, the appropriate chief procurement officer may designate the resulting contract as available to governmental units in Illinois.

(a-10) Each chief procurement officer appointed pursuant to Section 10-20 of the Illinois Procurement Code, with joint agreement of the respective agency or institution, may authorize the purchase or lease of supplies and services which have been procured through a competitive process by a federal agency; a consortium of governmental, educational, medical, research, or similar entities; or a group purchasing organization of which the chief procurement officer or State agency is a member or affiliate, including, without limitation, any purchasing entity operating under the federal General Services Administration, the Higher Education Cooperation Act [110 ILCS 220/1 et seq.], and the Midwestern Higher Education Compact Act [45 ILCS 155/0.01 et seq.]. Each applicable chief procurement officer may authorize pur-

chases and contracts which have been procured through other methods of procurement if each chief procurement officer determines it is in the best interests of the State, considering a recommendation by their respective agencies or institutions. The chief procurement officer may establish detailed rules, policies, and procedures for use of these cooperative contracts. Notice of award shall be published by the chief procurement officer in the Illinois Procurement Bulletin at least prior to use of the contract. Each chief procurement officer shall submit to the General Assembly by November 1 of each year a report of procurements made under this subsection (a-10).

(b) Any not-for-profit agency that qualifies under Section 45-35 of the Illinois Procurement Code [30 ILCS 500/45-35] and that either (1) acts pursuant to a board established by or controlled by a unit of local government or (2) receives grant funds from the State or from a unit of local government, shall be eligible to participate in contracts established by the State.

(c) For governmental units subject to the jurisdiction of a chief procurement officer established in Section 10-20 of the Illinois Procurement Code, if any contract or amendment to a contract is entered into or purchase or expenditure of funds is made at any time in violation of this Act or any other law, the contract or amendment may be declared void by the chief procurement officer or may be ratified and affirmed, if the chief procurement officer determines that ratification is in the best interests of the governmental unit. If the contract or amendment is ratified and affirmed, it shall be without prejudice to the governmental unit's rights to any appropriate damages.

(d) This Section does not apply to construction-related professional services contracts awarded in accordance with the provisions of the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act [30 ILCS 535/1 et seq.].

HISTORY:
Laws 1961, p. 3382; P.A. 87-960, § 1; 96-584, § 5; 97-895, § 20; 2017 P.A. 100-43, § 25, effective August 9, 2017.

30 ILCS 525/3 Conduct of competitive procurement.

Under any agreement of governmental units that desire to make joint purchases pursuant to subsection (a) of Section 2 [30 ILCS 525/2], one of the governmental units shall conduct the competitive procurement process. Where the State of Illinois is a party to the joint purchase agreement, the appropriate chief procurement officer shall conduct or authorize the competitive procurement process. Expenses of such competitive procurement process may be shared by the participating governmental units in proportion to the amount of personal property, supplies or services each unit purchases.

When the State of Illinois is a party to the joint purchase agreement pursuant to subsection (a) of Section 2, the acceptance of responses to the competitive procurement process shall be in accordance with the Illinois Procurement Code [30 ILCS 500/1-1 et seq.] and rules promulgated under that Code. When the State of Illinois is not a party to the joint purchase agreement, the acceptance of responses to the competitive procurement process shall be governed by the agreement.

When the State of Illinois is a party to a joint purchase agreement pursuant to subsection (a-5) of Section 2, the State may act as the lead state or as a participant state. When the State of Illinois is the lead state, all such joint purchases shall be conducted in accordance with the Illinois Procurement Code. When the State of Illinois is the lead state, a multiple award is allowed. When Illinois is a participant state, all such joint purchases shall be conducted in accordance with the procurement laws of the lead state; provided that all such joint procurements must be by competitive solicitation process. All resulting awards shall be published in the appropriate volume of the Illinois Procurement Bulletin as may be required by Illinois law governing award of Illinois State contracts. Contracts resulting from a joint purchase shall contain all provisions required by Illinois law and rule.

The supplies or services involved shall be distributed or rendered directly to each governmental unit taking part in the purchase. The person selling the personal property, supplies or services may bill each governmental unit separately for its proportionate share of the cost of the personal property, supplies or services purchased.

The credit or liability of each governmental unit shall remain separate and distinct. Disputes between contractors and governmental units or qualified not-for-profit agencies shall be resolved between the immediate parties.

HISTORY:
P.A. 87-860; 90-572, § 95-5; 96-584, § 5; 97-895, § 20; 98-1076, § 15; 2017 P.A. 100-43, § 25, effective August 9, 2017.

30 ILCS 525/4 Bids, offers, and small purchases.

The purchases of all personal property, supplies and services under this Act, except for small purchases, shall be based on competitive solicitations unless, for purchases made pursuant to subsection (a) of Section 2 of this Act [30 ILCS 525/2] , it is the determination of the applicable chief procurement officer that it is impractical to obtain competition. Purchases pursuant to this Section shall follow the same procedures used for competitive solicitations made pursuant to the Illinois Procurement Code [30 ILCS 500/1-1 et seq.] when the State is a party to the joint purchase. For purchases made pursuant to subsection (a) of Section 2 of this Act where the applicable chief procurement officer makes the determination that it is impractical to obtain competition, purchases shall either follow the same procedure used for sole source procurements in Section 20-25 of

the Illinois Procurement Code [30 ILCS 500/20-25] or the same procedure used for emergency purchases in Section 20-30 of the Illinois Procurement Code [30 ILCS 500/20-30]. For purchases pursuant to subsection (a) of Section 2, bids and offers shall be solicited by public notice inserted at least once in a newspaper of general circulation in one of the counties where the materials are to be used and at least 5 calendar days before the final date of submitting bids or offers, except as otherwise provided in this Section. Where the State of Illinois is a party to the joint purchase agreement, public notice soliciting the bids or offers shall be published in the appropriate volume of the Illinois Procurement Bulletin. Such notice shall include a general description of the supplies or services to be purchased and shall state where specifications may be obtained and the time and place for the opening of bids and offers. The governmental unit conducting the competitive procurement process may also solicit sealed bids or offers by sending requests by mail to potential contractors and by posting notices on a public bulletin board in its office. Small purchases pursuant to this Section shall follow the same procedure used for small purchases in Section 20-20 of the Illinois Procurement Code [30 ILCS 500/20-20].

All purchases, orders or contracts shall be awarded to the lowest responsible bidder or highest-ranked offeror, taking into consideration the qualities of the articles or services supplied, their conformity with the specifications, their suitability to the requirements of the participating governmental units and the delivery terms.

Where the State of Illinois is not a party, all bids or offers may be rejected and new bids or offers solicited if one or more of the participating governmental units believes the public interest may be served thereby. Each bid or offer, with the name of the bidder or offeror, shall be entered on a record, which record with the successful bid or offer, indicated thereon shall, after the award of the purchase or order or contract, be open to public inspection. A copy of all contracts shall be filed with the purchasing office or clerk or secretary of each participating governmental unit.

30 ILCS 525/4.05 Other methods of joint purchases.

(a) It may be determined that it is impractical to obtain competition because either (i) there is only one economically-feasible source for the item or (ii) there is a threat to public health or public safety, or when immediate expenditure is necessary to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records.

(b) When the State of Illinois is a party to the joint purchase agreement, the applicable chief procurement officer shall make a determination whether (i) there is only one economically feasible source for the item or (ii) that there exists a threat to public health or public safety or that immediate expenditure is necessary to prevent or minimize serious disruption in critical State services.

(c) When there is only one economically feasible source for the item, the chief procurement officer may authorize a sole economically-feasible source contract. When there exists a threat to public health or public safety or when immediate expenditure is necessary to prevent or minimize serious disruption in critical State services, the chief procurement officer may authorize an emergency procurement without competitive sealed bidding or competitive sealed proposals or prior notice.

(d) All joint purchases made pursuant to this Section shall follow the same procedures for sole source contracts in the Illinois Procurement Code [30 ILCS 500/1-1 et seq.] when the chief procurement officer determines there is only one economically-feasible source for the item. All joint purchases made pursuant to this Section shall follow the same procedures for emergency purchases in the Illinois Procurement Code when the chief procurement officer determines immediate expenditure is necessary to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records.

(e) Each chief procurement officer shall submit to the General Assembly by November 1 of each year a report of procurements made under this Section.

ARCHITECTURAL, ENGINEERING, AND LAND SURVEYING QUALIFICATIONS BASED SELECTION ACT

Section

30 ILCS 535/1 Short title.

This Act may be cited as the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act.

HISTORY:
P.A. 87-673.

30 ILCS 535/5 State policy on procurement of architectural, engineering, and land surveying services.

It is the policy of State agencies of this State to publicly announce all requirements for architectural, engineering, and land surveying services, to procure these services on the basis of demonstrated competence and qualifications, to negotiate contracts at fair and reasonable prices, and to authorize the Department of Professional Regulation to enforce the provisions of Section 65 of this Act [30 ILCS 535/65].

HISTORY:
P.A. 87-673.

30 ILCS 535/10 Federal requirements.

In the procurement of architectural, engineering, and land surveying services and in the awarding of contracts, a State agency may comply with federal law and regulations including, but not limited to, Public Law 92-582 (Federal Architect-Engineer Selection Law, Brooks Law, 40 U.S.C. 541) and take all necessary steps to adapt its rules, specifications, policies, and procedures accordingly to remain eligible for federal aid.

HISTORY:
P.A. 87-673.

30 ILCS 535/15 Definitions.

As used in this Act:

"Architectural services" means any professional service as defined in Section 5 of the Illinois Architecture Practice Act of 1989 [225 ILCS 305/5].

"Engineering services" means any professional service as defined in Section 4 of the Professional Engineering Practice Act of 1989 [225 ILCS 325/4] or Section 5 of the Structural Engineering Practice Act of 1989 [225 ILCS 340/5].

"Firm" means any individual, sole proprietorship, firm, partnership, corporation, association, or other legal entity permitted by law to practice the profession of architecture, engineering, or land surveying and provide those services.

"Land surveying services" means any professional service as defined in Section 5 of the Illinois Professional Land Surveyor Act of 1989 [225 ILCS 330/5].

"Project" means any capital improvement project or any design, study, plan, survey, or new or existing program activity of a State agency, including development of new or existing programs that require architectural, engineering, or land surveying services.

"State agency" means any department, commission, council, board, bureau, committee, institution, agency, university, government corporation, authority, or other establishment or official of this State.

HISTORY:
P.A. 87-673; 91-91, § 10.

30 ILCS 535/20 Prequalification.

A State agency shall establish procedures to prequalify firms seeking to provide architectural, engineering, and land surveying services or may use prequalification lists from other State agencies to meet the requirements of this Section.

HISTORY:
P.A. 87-673.

30 ILCS 535/25 Public notice.

Whenever a project requiring architectural, engineering, or land surveying services is proposed for a State agency, the State agency shall provide no less than a 14 day advance notice published in a professional services bulletin or advertised within the official State newspaper setting forth the projects and services to be procured. The professional services bulletin shall be available electronically and may be available in print. The professional services bulletin shall include a description of each project and shall state the time and place for interested firms to submit a letter of interest and, if required by the public notice, a statement of qualifications.

HISTORY:
P.A. 87-673; 92-345, § 5.

30 ILCS 535/30 Evaluation procedure.

A State agency shall evaluate the firms submitting letters of interest and other prequalified firms, taking into account qualifications; and the State agency may consider, but shall not be limited to considering, ability of professional personnel, past record and experience, performance data on file, willingness to meet time requirements, location, workload of the firm and any other qualifications based factors as the State agency may determine in writing are applicable. The State agency may conduct discussions with and require public presentations by firms deemed to be the most qualified regarding their qualifications, approach to the project and ability to furnish the required services.

A State agency shall establish a committee to select firms to provide architectural, engineering, and land surveying services. A selection committee may include at least one public member nominated by a statewide association of the profession affected. The public member may not be employed or associated with any firm holding a contract with the State agency nor may the public member's firm be considered for a contract with that State agency while he or she is serving as a public member of the committee.

In addition, the Department of Transportation may appoint public members to selection committees that represent the geographic, ethnic, and cultural diversity of the population of the State, including persons nominated by associations representing minority and female-owned business associations. Public members shall be licensed in or have received a degree from an accredited college or university in one of the professions affected and shall not be employed by, associated with, or have an ownership interest in any firm holding or seeking to hold a contract while serving as a public member of the committee.

In no case shall a State agency, prior to selecting a firm for negotiation under Section 40 [30 ILCS 535/40], seek formal or informal submission of verbal or written estimates of costs or proposals in terms of dollars, hours required, percentage of construction cost, or any other measure of compensation.

HISTORY:
P.A. 87-673; 91-357, § 52; 96-37, § 55-10; 96-849, § 5.

30 ILCS 535/35 Selection procedure.

On the basis of evaluations, discussions, and any presentations, the State agency shall select no less than 3 firms it determines to be qualified to provide services for the project and rank them in order of qualifications to provide services regarding the specific project. The State agency shall then contact the firm ranked most preferred to negotiate a contract at a fair and reasonable compensation. If fewer than 3 firms submit letters of interest and the State agency determines that one or both of those firms are so qualified, the State agency may proceed to negotiate a contract under Section 40 [30 ILCS 535/40]. The decision of the State agency shall be final and binding.

HISTORY:
P.A. 87-673.

30 ILCS 535/40 Contract negotiation.

(a) The State agency shall prepare a written description of the scope of the proposed services to be used as a basis for negotiations and shall negotiate a contract with the highest qualified firm at compensation that the State agency determines in writing to be fair and reasonable. In making this decision, the State agency shall take into account the estimated value, scope, complexity, and professional nature of the services to be rendered. In no case may a State agency establish a maximum overhead rate or other payment formula designed to eliminate firms from contention or restrict competition or negotiation of fees.

(b) If the State agency is unable to negotiate a satisfactory contract with the firm that is most preferred, negotiations with that firm shall be terminated. The State agency shall then begin negotiations with the firm that is next preferred. If the State agency is unable to negotiate a satisfactory contract with that firm, negotiations with that firm shall be terminated. The State agency shall then begin negotiations with the firm that is next preferred.

(c) If the State agency is unable to negotiate a satisfactory contract with any of the selected firms, the State agency shall re-evaluate the architectural, engineering, or land surveying services requested, including the estimated value, scope, complexity, and fee requirements. The State agency shall then compile a second list of not less than 3 qualified firms and proceed in accordance with the provisions of this Act.

(d) A firm negotiating a contract with a State agency shall negotiate subcontracts for architectural, engineering, and land surveying services at compensation that the firm determines in writing to be fair

and reasonable based upon a written description of the scope of the proposed services.

STATE PROMPT PAYMENT ACT

Section

30 ILCS 540/1 [Definitions]

This Act applies to any State official or agency authorized to provide for payment from State funds, by virtue of any appropriation of the General Assembly, for goods or services furnished to the State.

For purposes of this Act, "goods or services furnished to the State" include but are not limited to (i) covered health care provided to eligible members and their covered dependents in accordance with the State Employees Group Insurance Act of 1971 [5 ILCS 375/1 et seq.], including coverage through a

physician-owned health maintenance organization under Section 6.1 of that Act [5 ILCS 375/6.1], (ii) prevention, intervention, or treatment services and supports for persons with developmental disabilities, mental health services, alcohol and substance abuse services, rehabilitation services, and early intervention services provided by a vendor, and (iii) prevention, intervention, or treatment services and supports for youth provided by a vendor by virtue of a contractual grant agreement. For the purposes of items (ii) and (iii), a vendor includes but is not limited to sellers of goods and services, including community-based organizations that are licensed to provide prevention, intervention, or treatment services and supports for persons with developmental disabilities, mental illness, and substance abuse problems, or that provides prevention, intervention, or treatment services and supports for youth.

For the purposes of this Act, "appropriate State official or agency" is defined as the Director or Chief Executive or his designee of that State agency or department or facility of such agency or department. With respect to covered health care provided to eligible members and their dependents in accordance with the State Employees Group Insurance Act of 1971, "appropriate State official or agency" also includes an administrator of a program of health benefits under that Act.

As used in this Act, "eligible member" means a member who is eligible for health benefits under the State Employees Group Insurance Act of 1971, and "member" and "dependent" have the meanings ascribed to those terms in that Act.

As used in this Act, "a proper bill or invoice" means a bill or invoice, including, but not limited to, an invoice issued under a contractual grant agreement, that includes the information necessary for processing the payment as may be specified by a State agency and in rules adopted in accordance with this Act. Beginning on and after July 1, 2021, "a proper bill or invoice" shall also include the names of all subcontractors or subconsultants to be paid from the bill or invoice and the amounts due to each of them, if any.

30 ILCS 540/6 [Waiver not permitted]

A State official or agency may not request any vendor or contractor to waive his rights, under this Act, to recover a penalty for late payment as a condition of, or inducement to enter into, any contract for goods or services.

HISTORY:

P.A. 87-773.

30 ILCS 540/7 Payments to subcontractors and material suppliers.

(a) When a State official or agency responsible for administering a contract submits a voucher to the Comptroller for payment to a contractor, that State official or agency shall promptly make available electronically the voucher number, the date of the voucher, and the amount of the voucher. The State official or agency responsible for administering the contract shall provide subcontractors and material suppliers, known to the State official or agency, with instructions on how to access the electronic information.

(a-5) When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier electronically within 10 business days or 15 calendar days, whichever occurs earlier, or, if paid by a printed check, the printed check must be postmarked within 10 business days or 15 calendar days, whichever occurs earlier, after receiving payment in proportion to the work completed by each subcontractor and material supplier its application or pay estimate, plus interest received under this Act. When a contractor receives any payment, the contractor shall pay each lower-tiered subcontractor and material supplier and each subcontractor and material supplier shall make payment to its own respective subcontractors and material suppliers. If the contractor receives less than the full payment due under the public construction contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, plus interest received under this Act, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment each has earned. When, however, the State official or agency does not release the full payment due under the contract because there are specific areas of work or materials the State agency or official has determined are not suitable for payment, then those specific subcontractors or material suppliers involved shall not be paid for that portion of work rejected or deemed not suitable for payment and all other subcontractors and suppliers shall be paid based upon the amount of payment each has earned, plus interest received under this Act.

(a-10) For construction contracts with the Department of Transportation, the contractor, subcontractor, or material supplier, regardless of tier, shall not offset, decrease, or diminish payment or payments that are due to its subcontractors or material suppliers without reasonable cause.

A contractor, who refuses to make prompt payment within 10 business days or 15 calendar days, whichever occurs earlier, after receiving payment, in whole or in part, shall provide to the subcontractor or material supplier and the public owner or its agent, a written notice of that refusal. The written notice shall be made by a contractor no later than 5 calendar days after payment is received by the contractor. The written notice shall identify the Department of Transportation's contract, any subcontract or mate-

rial purchase agreement, a detailed reason for refusal, the value of the payment to be withheld, and the specific remedial actions required of the subcontractor or material supplier so that payment may be made. Written notice of refusal may be given in a form and method which is acceptable to the parties and public owner.

(b) If the contractor, without reasonable cause, fails to make full payment of amounts due under subsection (a) to its subcontractors and material suppliers within 10 business days or 15 calendar days, whichever occurs earlier, after receipt of payment from the State official or agency, the contractor shall pay to its subcontractors and material suppliers, in addition to the payment due them, interest in the amount of 2% per month, calculated from the expiration of the 10-business-day period or the 15-calendar-day period until fully paid. This subsection shall further apply to any payments made by subcontractors and material suppliers to their subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

(1) If a contractor, without reasonable cause, fails to make payment in full as provided in subsection (a-5) within 10 business days or 15 calendar days, whichever occurs earlier, after receipt of payment under the public construction contract, any subcontractor or material supplier to whom payments are owed may file a written notice and request for administrative hearing with the State official or agency setting forth the amount owed by the contractor and the contractor's failure to timely pay the amount owed. The written notice and request for administrative hearing shall identify the public construction contract, the contractor, and the amount owed, and shall contain a sworn statement or attestation to verify the accuracy of the notice. The notice and request for administrative hearing shall be filed with the State official for the public construction contract, with a copy of the notice concurrently provided to the contractor. Notice to the State official may be made by certified or registered mail, messenger service, or personal service, and must include proof of delivery to the State official.

(2) The State official or agency, within 15 calendar days after receipt of a subcontractor's or material supplier's written notice and request for administrative hearing, shall hold a hearing convened by an administrative law judge to determine whether the contractor withheld payment, without reasonable cause, from the subcontractors or material suppliers and what amount, if any, is due to the subcontractors or material suppliers, and the reasonable cause or causes asserted by the contractor. The State official or agency shall provide appropriate notice to the parties of the date, time, and location of the hearing. Each contractor, subcontractor, or material supplier has the right to be represented by counsel at a hearing and to cross-examine witnesses and challenge documents. Upon the request of the subcontractor or material supplier and a showing of good cause, reasonable continuances may be granted by the administrative law judge.

(3) Upon a finding by the administrative law judge that the contractor failed to make payment in full, without reasonable cause, as provided in subsection (a-10), then the administrative law judge shall, in writing, order the contractor to pay the amount owed to the subcontractors or material suppliers plus interest within 15 calendar days after the order.

(4) If a contractor fails to make full payment as ordered under paragraph (3) of this subsection (b) within 15 days after the administrative law judge's order, then the contractor shall be barred from entering into a State public construction contract for a period of one year beginning on the date of the administrative law judge's order.

(5) If, on 2 or more occasions within a 3-calendar-year period, there is a finding by an administrative law judge that the contractor failed to make payment in full, without reasonable cause, and a written order was issued to a contractor under paragraph (3) of this subsection (b), then the contractor shall be barred from entering into a State public construction contract for a period of 6 months beginning on the date of the administrative law judge's second written order, even if the payments required under the orders were made in full.

(6) If a contractor fails to make full payment as ordered under paragraph (4) of this subsection (b), the subcontractor or material supplier may, within 30 days of the date of that order, petition the State agency for an order for reasonable attorney's fees and costs incurred in the prosecution of the action under this subsection (b). Upon that petition and taking of additional evidence, as may be required, the administrative law judge may issue a supplemental order directing the contractor to pay those reasonable attorney's fees and costs.

(7) The written order of the administrative law judge shall be final and appealable under the Administrative Review Law.

(b-5) On or before July 2021, the Department of Transportation shall publish on its website a searchable database that allows for queries for each active construction contract by the name of a subcontractor or the pay item such that each pay item is associated with either the prime contractor or a subcontractor.

(c) This Section shall not be construed to in any manner diminish, negate, or interfere with the contractor-subcontractor or contractor-material supplier relationship or commercially useful function.

(d) This Section shall not preclude, bar, or stay the rights, remedies, and defenses available to the parties by way of the operation of their contract, purchase agreement, the Mechanics Lien Act [770 ILCS 60/0.01 et seq.], or the Public Construction Bond Act [30 ILCS 550/0.01 et seq.].

(e) State officials and agencies may adopt rules as may be deemed necessary in order to establish the formal procedures required under this Section.

(f) As used in this Section:

"Payment" means the discharge of an obligation in money or other valuable consideration or thing delivered in full or partial satisfaction of an obligation to pay. "Payment" shall include interest paid pursuant to this Act.

"Reasonable cause" may include, but is not limited to, unsatisfactory workmanship or materials; failure to provide documentation required by the contract, subcontract, or material purchase agreement; claims made against the Department of Transportation or the subcontractor pursuant to subsection (c) of Section 23 of the Mechanics Lien Act [770 ILCS 60/23] or the Public Construction Bond Act; judgments, levies, garnishments, or other court-ordered assessments or offsets in favor of the Department of Transportation or other State agency entered against a subcontractor or material supplier. "Reasonable cause" does not include payments issued to the contractor that create a negative or reduced valuation pay application or pay estimate due to a reduction of contract quantities or work not performed or provided by the subcontractor or material supplier; the interception or withholding of funds for reasons not related to the subcontractor's or material supplier's work on the contract; anticipated claims or assessments of third parties not a party related to the contract or subcontract; asserted claims or assessments of third parties that are not authorized by court order, administrative tribunal, or statute. "Reasonable cause" further does not include the withholding, offset, or reduction of payment, in whole or in part, due to the assessment of liquidated damages or penalties assessed by the Department of Transportation against the contractor, unless the subcontractor's performance or supplied materials were the sole and proximate cause of the liquidated damage or penalty.

(a) Except as otherwise provided in Section 2 of the Superconducting Super Collider Act [20 ILCS 1135/2] or for projects constructed under the Bikeway Act [605 ILCS 30/0.01 et seq.], any person or persons, commissioner or commissioners, or other officer or officers, entrusted with the construction or repair of any public work or improvement, as set forth in Section 1 [30 ILCS 545/1], who shall expend or cause to be expended upon such public work or improvement, the whole or any part of the moneys appropriated therefor, or who shall commence work, or in any way authorize work to be commenced, thereon, without first having obtained a title, by purchase, donation, condemnation or otherwise, to all lands needed for such public work or improvement, running to the People of the State of Illinois; such title to be approved by the Attorney General, and his approval certified by the Secretary of State and placed on record in his office, shall be deemed guilty of a Class A misdemeanor.

(b) Approval of title by the Attorney General for all lands needed for a public work or improvement shall not be required as established under subsection (a) of this Section and the State Comptroller may draw warrant in payment of consideration for all such lands without requiring approval of title by the Attorney General if consideration to be paid does not exceed $10,000 and the title acquired for such lands is for:

(1) a fee simple title or easement acquired by the State for highway right-of-way; or

(2) an acquisition of rights or easements of access, crossing, light, air or view to, from or over a freeway vested in abutting property; or

(3) a fee simple title or easement used to place utility lines and connect a permanent public work or improvement owned by the State to main utility lines; or

(4) for the purpose of flood relief or other water resource projects.

(c) This Section does not apply to any otherwise lawful expenditures for the construction, completion, remodeling, maintenance and equipment of buildings and other facilities made in connection with and upon premises owned by the Illinois Building Authority, nor shall this Section apply to improvements to real estate leased by any State agency as defined in the Illinois State Auditing Act, [30 ILCS 5/1-1 et seq.] provided the leasehold improvements were contracted for by an agency with leasing authority and in compliance with the rules and regulations promulgated by such agency for that purpose.

PUBLIC CONSTRUCTION BOND ACT

Section

30 ILCS 550/0.01 Short title.

This Act may be cited as the Public Construction Bond Act.

HISTORY:
P.A. 86-1324.

30 ILCS 550/1 [Bond required] [Effective until January 1, 2023]

Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State, or of any political subdivision thereof, in making contracts for public work of any kind costing over $50,000 to be performed for the State, or of any political subdivision thereof, shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The surety on the bond shall be a company that is licensed by the Department of Insurance authorizing it to execute surety bonds and the company shall have a financial strength rating of at least A- as rated by A.M. Best Company, Inc., Moody's Investors Service, Standard & Poor's Corporation, or a similar rating agency. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material, apparatus, fixtures, and machinery used in the work and for all labor performed in the work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois Procurement Code [30 ILCS 500/1-1 et seq.], proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.

Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made.".

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall con-

tain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety (Notice"), the surety shall promptly remedy the default by taking one of the following actions:

(1) The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond.

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

For the purposes of this Section, the terms "material", "labor", "apparatus", "fixtures", and "machinery" include those rented items that are on the construction site and those rented tools that are used or consumed on the construction site in the performance of the contract on account of which the bond is given.

30 ILCS 550/1 [Bond required] [Effective January 1, 2023]

Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State, or of any political subdivision thereof, in making contracts for public work of any kind costing over $50,000 to be performed for the State, or of any political subdivision thereof, shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The surety on the bond shall be a company that is licensed by the Department of Insurance authorizing it to execute surety bonds and the company shall have a financial strength rating of at least A- as rated by A.M. Best Company, Inc., Moody's Investors Service, Standard & Poor's Corporation, or a similar rating agency. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material, apparatus, fixtures, and machinery used in the work and for all labor performed in the work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois Procurement Code [30 ILCS 500/1-1 et seq.], proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.

Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political

subdivision thereof and the principal has been made.".

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall contain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety ("Notice"), the surety shall promptly remedy the default by taking one of the following actions:

(1) The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond.".

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. Except as otherwise provided in this Section, in the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

In order to reduce barriers to entry for diverse and small businesses, the Department of Transportation may implement a 5-year pilot program to allow a contractor to provide a non-diminishing irrevocable bank letter of credit in lieu of the bond required by this Section on contracts under $500,000. Projects selected by the Department of Transportation for this pilot program must be classified by the Department as low-risk scope of work contracts. The Department shall adopt rules to define the criteria for pilot project selection and implementation of the pilot program.

For the purposes of this Section, the terms "material", "labor", "apparatus", "fixtures", and "machinery" include those rented items that are on the construction site and those rented tools that are used or consumed on the construction site in the performance of the contract on account of which the bond is given.

This Act applies to any public-private agreement entered into under the Public-Private Partnerships for Transportation Act [630 ILCS 5/1 et seq.].

HISTORY:

P.A. 97-502, § 920.

30 ILCS 550/2 Right to sue.

Every person furnishing material, apparatus, fixtures, machinery, or performing labor, either as an individual or as a sub-contractor, hereinafter referred to as Claimant, for any contractor, with the State, or a political subdivision thereof where bond or letter of credit shall be executed as provided in this Act, shall have the right to sue on such bond or letter of credit in the name of the State, or the political subdivision thereof entering into such contract, as the case may be, for his use and benefit, and in such suit the plaintiff shall file a copy of such bond or

letter of credit, certified by the party or parties in whose charge such bond or letter of credit shall be, which copy shall, unless execution thereof be denied under oath, be prima facie evidence of the execution and delivery of the original; provided, however, that this Act shall not be taken to in any way make the State, or the political subdivision thereof entering into such contract, as the case may be, liable to such sub-contractor, materialman or laborer to any greater extent than it was liable under the law as it stood before the adoption of this Act.

Provided, however, that any Claimant having a claim for labor, material, apparatus, fixtures, and machinery furnished to the State shall have no such right of action unless it shall have filed a verified notice of said claim with the officer, board, bureau or department awarding the contract, within 180 days after the date of the last item of work or the furnishing of the last item of materials, apparatus, fixtures, and machinery, and shall have furnished a copy of such verified notice to the contractor within 10 days of the filing of the notice with the agency awarding the contract.

When any Claimant has a claim for labor, material, apparatus, fixtures, and machinery furnished to a political subdivision, the Claimant shall have no right of action unless it shall have filed a verified notice of that claim with the Clerk or Secretary of the political subdivision within 180 days after the date of the last item of work or furnishing of the last item of materials, apparatus, fixtures, and machinery, and shall have filed a copy of that verified notice upon the contractor in a like manner as provided herein within 10 days after the filing of the notice with the Clerk or Secretary.

The Claimant may file said verified notice by using personal service or by depositing the verified notice in the United States Mail, postage prepaid, certified or restricted delivery return receipt requested limited to addressee only. The verified notice shall be deemed filed on the date personal service occurs or the date when the verified notice is mailed in the form and manner provided in this Section.

The claim shall be verified and shall contain (1) the name and address of the claimant; the business address of the Claimant within this State and if the Claimant shall be a foreign corporation having no place of business within the State, the notice shall state the principal place of business of said corporation and in the case of a partnership, the notice shall state the names and residences of each of the partners; (2) the name of the contractor for the government; (3) the name of the person, firm or corporation by whom the Claimant was employed or to whom he or it furnished materials, apparatus, fixtures, or machinery; (4) a brief description of the public improvement; (5) a description of the Claimant's contract as it pertains to the public improvement, describing the work done by the Claimant and stating the total amount due and unpaid as of the date of verified notice.

No defect in the notice herein provided for shall deprive the Claimant of his right of action under this article unless it shall affirmatively appear that such defect has prejudiced the rights of an interested party asserting the same.

Provided, further, that no action shall be brought later than one year after the date of the furnishing of the last item of work, materials, apparatus, fixtures, or machinery by the Claimant. Such action shall be brought only in the circuit court of this State in the judicial circuit in which the contract is to be performed.

The remedy provided in this Section is in addition to and independent of any other rights and remedies provided at law or in equity. A waiver of rights under the Mechanics Lien Act [770 ILCS 60/0.01 et seq.] shall not constitute a waiver of rights under this Section unless specifically stated in the waiver.

For the purposes of this Section, the terms "material", "labor", "apparatus", "fixtures", and "machinery" include those rented items that are on the construction site and those rented tools that are used or consumed on the construction site in the performance of the contract on account of which the bond is given.

30 ILCS 550/3 Builder or developer cash bond or other surety.

(a) A county or municipality may not require a cash bond, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank, savings and loan association, surety, or insurance company from a builder or developer to guarantee completion of a project improvement when the builder or developer has filed with the county or municipal clerk a current, irrevocable letter of credit, surety bond, or letter of commitment issued by a bank, savings and loan association, surety, or insurance company, deemed good and sufficient by the county or municipality accepting such security, in an amount equal to or greater than 110% of the amount of the bid on each project improvement. A builder or developer has the option to utilize a cash bond, irrevocable letter of credit, surety bond, or letter of commitment, issued by a bank, savings and loan association, surety, or insurance company, deemed good and sufficient by the county or municipality, to satisfy any cash bond requirement established by a county or municipality. Except for a municipality or county with a population of 1,000,000 or more, the county or municipality must approve and deem a surety or insurance company good and sufficient for the purposes set forth in this Section if the surety or insurance company is authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois.

(b) If a county or municipality receives a cash bond, irrevocable letter of credit, or surety bond from

a builder or developer to guarantee completion of a project improvement, the county or municipality shall (i) register the bond under the address of the project and the construction permit number and (ii) give the builder or developer a receipt for the bond. The county or municipality shall establish and maintain a separate account for all cash bonds received from builders and developers to guarantee completion of a project improvement.

(c) The county or municipality shall refund a cash bond to a builder or developer, or release the irrevocable letter of credit or surety bond, within 60 days after the builder or developer notifies the county or municipality in writing of the completion of the project improvement for which the bond was required. For these purposes, "completion" means that the county or municipality has determined that the project improvement for which the bond was required is complete or a licensed engineer or licensed architect has certified to the builder or developer and the county or municipality that the project improvement has been completed to the applicable codes and ordinances. The county or municipality shall pay interest to the builder or developer, beginning 60 days after the builder or developer notifies the county or municipality in writing of the completion of the project improvement, on any bond not refunded to a builder or developer, at the rate of 1% per month.

(d) A home rule county or municipality may not require or maintain cash bonds, irrevocable letters of credit, surety bonds, or letters of commitment issued by a bank, savings and loan association, surety, or insurance company from builders or developers in a manner inconsistent with this Section. This Section supersedes and controls over other provisions of the Counties Code or Illinois Municipal Code [55 ILCS 5/1-1001 et seq. or 65 ILCS 5/1-1-1 et seq.] as they apply to and guarantee completion of a project improvement that is required by the county or municipality, regardless of whether the project improvement is a condition of annexation agreements. This Section is a denial and limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution [Ill. Const., Art. VII, § 6] on the concurrent exercise by a home rule county or municipality of powers and functions exercised by the State.

PUBLIC CONSTRUCTION CONTRACT ACT

Section

30 ILCS 557/1 Short title.

This Act may be cited as the Public Construction Contract Act.

HISTORY:
P.A. 91-647, § 1.

30 ILCS 557/5 Definitions.

As used in this Act:

"Contractor" means a person who contracts with a governmental entity to improve real property or to perform or manage construction. "Contractor" does not mean a person licensed under the Illinois Architecture Practice Act of 1989 [225 ILCS 305/1 et seq.], the Illinois Professional Land Surveyor Act of 1989 [225 ILCS 330/1 et seq.], or the Professional Engineering Practice Act of 1989 [225 ILCS 325/1 et seq.].

"Governmental entity" means a county, a municipality, a township, a public educational institution, a special district, or any political subdivision thereof. "Governmental entity" does not include the Metropolitan Water Reclamation District.

"Improve" means to build, alter, repair, or demolish an improvement on, connected with, or beneath the surface of any real property; to excavate, clear, grade, fill, or landscape any real property; to construct driveways or roadways; or to perform labor on improvements.

"Improvement" includes, but is not limited to, all or any part of any building, structure, erection, alteration, demolition, excavation, clearing, grading, filling, landscaping, trees, shrubbery, driveways, or roadways on real property.

"Person" means an individual, corporation, partnership, association, governmental entity, or any other legal entity.

"Real property" means the real estate that is improved, including, but not limited to, lands, leaseholds, tenements, hereditaments, and improvements placed on the real estate.

HISTORY:
P.A. 91-647, § 5.

30 ILCS 557/10 Contract requirements.

If a contract between a contractor and a governmental entity for an improvement exceeds $75,000, all of the following provisions apply to that contract:

(1) If a contractor discovers one or both of the following physical conditions at the surface or subsurface of the site, the contractor must notify the governmental entity of the condition, in writing, before disturbing the condition:

(A) A subsurface or latent physical condition at the site differing materially from conditions indicated in the contract.

(B) An unknown physical condition at the site of an unusual nature differing materially from the conditions ordinarily encountered and generally

recognized as inhering in work of the kind provided for in the contract.

(2) If the governmental entity receives notice from the contractor under subdivision (1), the governmental entity must promptly investigate the physical condition.

(3) If the governmental entity determines that the physical condition (i) does materially differ from the conditions indicated in the contract or ordinarily encountered in the work of the kind provided for in the contract and (ii) will cause an increase or decrease in the costs or time needed to perform the contract, the governmental entity must make an equitable adjustment to and modify the contract in writing.

(4) The contractor may not make a claim for additional costs or time because of a physical condition at the site, unless the contractor has provided notice to the governmental entity under subdivision (1).

(5) The contractor may not make a claim for an adjustment after the contractor has received a final payment under the contract.

HISTORY:
P.A. 91-647, § 10.

30 ILCS 557/15 Arbitration.

A contractor and governmental entity may, by mutual agreement, arbitrate the contractor's entitlement to recover the actual increase in contract time or costs incurred because of a physical condition at the site. The judgment rendered may be entered in any court having jurisdiction over the matter.

HISTORY:
P.A. 91-647, § 15.

30 ILCS 557/20 Incorporation into contract.

The provisions of Section 10 of this Act [30 ILCS 557/10] are incorporated into and considered a part of every contract for improvements between a contractor and governmental entity.

HISTORY:
P.A. 91-647, § 20.

30 ILCS 557/25 Limitation.

Nothing in this Act limits the rights or remedies otherwise available to a contractor or governmental entity under any other law or under the Constitution of the State of Illinois.

HISTORY:
P.A. 91-647, § 25.

30 ILCS 557/99 Effective date.

STEEL PRODUCTS PROCUREMENT ACT

Section

30 ILCS 565/1 [Short title]

This Act shall be known and may be cited as the "Steel Products Procurement Act".

HISTORY:
P.A. 83-1030.

30 ILCS 565/2 [Declarations]

It is hereby found and declared by the Illinois General Assembly that

(1) The production of steel products provides the jobs and family incomes of hundreds of thousands of people in this State and, in turn, the jobs and family incomes of millions of persons in the United States;

(2) The taxes paid to the State and its political subdivisions by employers and employees engaged in the production and sale of steel products are a large source of public revenues in the State;

(3) The economy and general welfare of this State and its people, as well as the economy and general welfare of the United States, are inseparably related to the preservation and development of industry in this State, as well as all the other states of this nation.

The General Assembly therefore declares it to be the policy of the State of Illinois that all public officers and agencies should aid and promote the economy of the State and the United States by specifying steel products produced in the United States in all contracts for construction, reconstruction, repair, improvement or maintenance of public works.

HISTORY:
P.A. 83-1030.

30 ILCS 565/3 [Definitions]

For the purposes of this Act, the following words have the meanings ascribed to them in this Section unless the context clearly requires otherwise.

(a) "Public agency" means the State of Illinois, its departments, agencies, boards, commissions and institutions, and all units of local government, including school districts.

(b) "United States" means the United States and any place subject to the jurisdiction thereof.

(c) "Steel products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated, or otherwise similarly processed, or processed by a

combination of two or more such operations, from steel made in the United States by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.

HISTORY:
P.A. 83-1030.

30 ILCS 565/4 [Contract provisions; exceptions]

Each contract for the construction, reconstruction, alteration, repair, improvement or maintenance of public works made by a public agency shall contain a provision that steel products used or supplied in the performance of that contract or any subcontract thereto shall be manufactured or produced in the United States.

The provisions of this Section shall not apply:

(1) Where the contract involves an expenditure of less than $500.

(2) Where the executive head of the public agency certifies in writing that (a) the specified products are not manufactured or produced in the United States in sufficient quantities to meet the agency's requirements or cannot be manufactured or produced in the United States within the necessary time in sufficient quantities to meet the agency's requirements, or (b) obtaining the specified products, manufactured or produced in the United States would increase the cost of the contract by more than 10%.

(3) When its application is not in the public interest.

HISTORY:
P.A. 83-1030.

30 ILCS 565/5 [Business offense; prosecution]

No public agency may authorize, provide for or make any payment to any vendor or contractor upon any contract in violation of Section 4 [30 ILCS 565/4]. It shall be a business offense for any vendor or contractor to knowingly enter into any contract in violation of Section 4 or to knowingly violate contract provisions required by Section 4. Each such violation shall subject the violator to a fine of the greater of $5,000 or the payment price received by him as a result of such violation. The Attorney General is authorized to file and prosecute a complaint in the circuit court of any county in which the contract was in whole or in part executed or performed.

HISTORY:
P.A. 83-1030.

30 ILCS 565/6 [Effect]

This Act shall apply only to contracts and subcontracts entered into after the effective date of this Act, and shall not limit the use or supply of steel products purchased or leased prior to the effective date of this Act.

HISTORY:
P.A. 83-1030.

30 ILCS 565/7 [Federal regulations]

Nothing in this Act is intended to contravene any existing treaty, law, agreement or regulation of the United States. Contracts entered into in accordance with an existing treaty, law, agreement or regulation of the United States shall not be in violation of this Act to the extent of such accordance.

EMPLOYMENT OF ILLINOIS WORKERS ON PUBLIC WORKS ACT

Section

30 ILCS 570/0.01 Short title.

This Article 2 may be cited as the Employment of Illinois Workers on Public Works Act. In this Article 2, references to this Act mean this Article 2.

HISTORY:
P.A. 86-1324; 96-929, § 5.

30 ILCS 570/1 Definitions.

For the purposes of this Act, the following words have the meanings ascribed to them in this Section.

(1) "Illinois laborer" refers to any person who has resided in Illinois for at least 30 days and intends to become or remain an Illinois resident.

(2) "A period of excessive unemployment" means any month immediately following 2 consecutive calendar months during which the level of unemployment in the State of Illinois has exceeded 5% as measured by the United States Bureau of Labor Statistics in its monthly publication of employment and unemployment figures.

(3) "Hazardous waste" has the definition ascribed to it in Section 3.220 of the Illinois Environmental Protection Act [415 ILCS 5/3.220], approved June 29, 1970, as amended.

(4) "Interested party" means a person or entity with an interest in compliance with this Act.

(5) "Entity" means any sole proprietor, partnership, firm, corporation, limited liability company, association, or other business enterprise; however, the term "entity" does not include (i) the State of Illinois or its officers, agencies, or political subdivisions or (ii) the federal government.

(6) "Public works" means any fixed work construction or improvement for the State of Illinois or any political subdivision of the State if that fixed work construction or improvement is funded or financed in whole or in part with State funds or funds administered by the State of Illinois.

HISTORY:
P.A. 86-1015; 92-574, § 15; 96-929, § 5.

30 ILCS 570/1.1 Findings.

The General Assembly finds and declares that unemployment in the Illinois construction industry has traditionally tended to be higher in those counties which border upon other states. Further, the General Assembly finds and declares that the overutilization of out-of-state laborers on public works projects or improvements for the State of Illinois or any political subdivision, municipal corporation or other governmental units thereof is a contributing factor to higher levels of unemployment both in the border counties and throughout Illinois. It is the public policy of this State and the objective of this Act to promote the general welfare of the people of this State by ensuring that Illinois laborers are utilized to the greatest extent possible on public works projects or improvements for the State of Illinois or any political subdivision, municipal corporation or other governmental units thereof. To this end, this Act shall be liberally construed to effectuate its purpose.

HISTORY:
P.A. 87-377; 96-929, § 5.

30 ILCS 570/2 Applicability.

This Act applies to all labor on public works projects or improvements, including projects involving the clean-up and on-site disposal of hazardous waste, but excluding emergency response or immediate removal activities, whether skilled, semi-skilled or unskilled, whether manual or non-manual.

HISTORY:
P.A. 86-1015; 96-929, § 5.

30 ILCS 570/2.5 Public private agreements.

This Act applies to any public private agreement entered into under the Public Private Agreements for the Illiana Expressway Act [605 ILCS 130/1 et seq.] and the Public-Private Agreements for the South Suburban Airport Act [620 ILCS 75/2-1 et seq.].

HISTORY:
P.A. 96-913, § 925; 98-109, § 4-35.

30 ILCS 570/2.7 Public-private agreements.

This Act applies to any public-private agreement entered into under the Public-Private Partnerships for Transportation Act [630 ILCS 5/1 et seq.].

HISTORY:
P.A. 97-502, § 925.

30 ILCS 570/3 Employment of Illinois laborers.

Whenever there is a period of excessive unemployment in Illinois, if a person or entity is charged with the duty, either by law or contract, of (1) constructing or building any public works, as defined in this Act, or (2) the clean-up and on-site disposal of hazardous waste for the State of Illinois or any political subdivision of the State, and that clean-up or on-site disposal is funded or financed in whole or in part with State funds or funds administered by the State of Illinois, then that person or entity shall employ at least 90% Illinois laborers on such project. Any public works project financed in whole or in part by federal funds administered by the State of Illinois is covered under the provisions of this Act, to the extent permitted by any applicable federal law or regulation. Every public works contract let by any such person shall contain a provision requiring that such labor be used: Provided, that other laborers may be used when Illinois laborers as defined in this Act are not available, or are incapable of performing the particular type of work involved, if so certified by the contractor and approved by the contracting officer.

30 ILCS 570/4 Non-resident executive and technical experts.

Every contractor on a public works project or improvement or hazardous waste clean-up and on-site disposal project in this State may place on such work no more than 3, or 6 in the case of a hazardous waste clean-up and on-site disposal project, of his regularly employed non-resident executive and technical experts, even though they do not qualify as Illinois laborers as defined in Section 1 of this Act [30 ILCS 570/1].

HISTORY:
P.A. 86-1015; 96-929, § 5.

30 ILCS 570/5 Expenditure of federal funds.

(a) In all contracts involving the expenditure of federal aid funds in relation to a public works project or improvement, this Act shall not be enforced in such manner as to conflict with any federal statutes or rules and regulations.

(b) When federal expenditures are used in combination with State expenditures for clean-up and on-site disposal of hazardous waste, it shall be the responsibility of the Illinois Environmental Protection Agency to notify, with respect to such project, any Illinois hazardous waste cleanup contractor who has requested such notification of the date when bids will be accepted for such projects and the requirements necessary to successfully compete for such projects.

HISTORY:
P.A. 86-1015; 96-929, § 5.

30 ILCS 570/6 Penalties.

Any person or entity that violates the provisions of this Act is subject to a civil penalty in an amount not to exceed $1,000 for each violation found in the first investigation by the Department, not to exceed $5,000 for each violation found in the second investigation by the Department, and not to exceed $15,000 for a third or subsequent violation found in any subsequent investigation by the Department. Each violation of this Act for each worker and for each day the violation continues constitutes a separate and distinct violation. In determining the amount of the penalty, the Department shall consider the appropriateness of the penalty to the person or entity charged, upon determination of the gravity of the violations. The collection of these penalties shall be enforced in a civil action brought by the Attorney General on behalf of the Department.

HISTORY:
P.A. 86-1015; 96-929, § 5.

30 ILCS 570/7 Enforcement.

It is the duty of the Department of Labor to enforce the provisions of this Act. The Department has the power to conduct investigations in connection with the administration and enforcement of this Act, and any investigator with the Department is authorized to visit and inspect, at all reasonable times, any places covered by this Act and is authorized to inspect, at all reasonable times, documents related to the determination of whether a violation of the Act exists. The Department may compel, by subpoena, the attendance and testimony of witnesses and the production of books, payrolls, records, papers, and other evidence in any investigation and may administer oaths to witnesses. The Department of Labor, as represented by the Attorney General, is empowered to: (i) issue and cause to be served on any person or entity an order to cease and desist from further violation of this Act, (ii) take affirmative or other action as deemed reasonable to eliminate the effect of the violation, (iii) collect any civil penalties assessed by the Department pursuant to Section 6 of this Act [30 ILCS 570/6], and (iv) sue for injunctive relief against the awarding of any contract or the continuation of any work under any contract for public works or improvements or for the clean-up and on-site disposal of hazardous waste at a time when the provisions of this Act are not being met.

HISTORY:
P.A. 86-1015; 96-929, § 5.

30 ILCS 570/7.05 Review.

Any party seeking review of the Department's determination may file a written request for an informal conference. The request must be received by the Department within 15 calendar days after the date of issuance of the Department's determination. During the conference, the party seeking review may present written or oral information and arguments as to why the Department's determination should be amended or vacated. The Department shall consider the information and arguments presented and issue a written decision advising all parties of the outcome of the conference.

HISTORY:
P.A. 96-929, § 5.

30 ILCS 570/7.10 Employment of Illinois Workers on Public Works Projects Fund.

All moneys received by the Department as civil penalties under this Act shall be deposited into the Employment of Illinois Workers on Public Works Projects Fund and shall be used, subject to appropriation by the General Assembly, by the Department for administration, investigation, and other expenses incurred in carrying out its powers and duties under this Act. The Department shall hire as many investigators and other personnel as may be necessary to carry out the purposes of this Act. Any moneys in the Fund at the end of a fiscal year in excess of those moneys necessary for the Department to carry out its powers and duties under this Act shall be available for appropriation to the Department for the next fiscal year for any of the Department's duties.

HISTORY:
P.A. 96-929, § 5.

30 ILCS 570/7.15 Private right of action.

(a) Any interested party or person aggrieved by a violation of this Act or any rule adopted under this Act may file suit in circuit court, in the county where the alleged offense occurred or where any party to the action resides, without regard to exhaustion of any alternative administrative remedies provided in this Act. Actions may only be brought (i) 30 days or more after a complaint has been filed with the Department of Labor by any interested party or person aggrieved by a violation of this Act or (ii) any time after the filing of a complaint if the Department of Labor notifies any interested party or person aggrieved by a violation of this Act that the Department will not proceed with the complaint. Actions may be brought by one or more persons or entities for and on behalf of

themselves and other persons or entities similarly situated. A person or entity whose rights have been violated under this Act is entitled to collect:

(1) attorney's fees and costs; and

(2) compensatory damages in an amount not to exceed $500 for each violation of this Act or any rule adopted under this Act. Each violation of this Act for each worker and for each day the violation continues constitutes a separate and distinct violation.

(b) The right of an interested party or aggrieved person to bring an action under this Section terminates upon the passing of 3 years from the date of completion and acceptance of the public works project in question.

HISTORY:
P.A. 96-929, § 5.

30 ILCS 570/7.20 Rulemaking.

The Department may adopt reasonable rules to implement and administer this Act. For purposes of this Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary for the public interest and welfare.

ILLINOIS GRANT FUNDS RECOVERY ACT

Section

30 ILCS 705/1 Short title.

This Act may be cited as the "Illinois Grant Funds Recovery Act".

HISTORY:
P.A. 83-640.

30 ILCS 705/2 Definitions.

The following terms when used in this Act shall have the meanings ascribed to them in this Section:

(a) "Grantor agency" is any agency of State government which dispenses grant funds.

(b) "Grant funds" are any public funds dispensed by a grantor agency to any person or entity for obligation, expenditure, or use by that person or entity for a specific purpose or purposes. Funds disbursed by the State Comptroller pursuant to an appropriation made by the General Assembly to a named entity or person are not grant funds for purposes of this Act. Funds disbursed in accordance with a fee for service purchase of care contract are not grant funds for purposes of this Act.

Neither the method by which funds are dispensed whether by contract, agreement, grant subsidy, letter of credit, or any other method nor the purpose for which the funds are used can change the character of funds which otherwise would be considered grant funds as defined in this Section.

(c) "Grantee" means the person or entity which may use grant funds.

(d) "Institution of higher education" means any institution which is authorized to grant degrees within the State of Illinois.

HISTORY:
P.A. 86-602.

30 ILCS 705/3 Application.

Except as otherwise provided by this Section, all grant funds are subject to the provisions of this Act. This Act does not empower any grantor agency to make grants.

This Act does not apply to grant funds that are granted without limitation or condition imposed by law, other than the general limitation that such funds be used for public purposes.

This Act does not apply to funds disbursed pursuant to a statutory formula for distribution.

This Act does not apply to grants made pursuant to Sections 1.25 and 3.31 of "An Act making appropriations to various agencies", Public Act 84-110, approved July 25, 1985.

This Act does not apply to funds disbursed pursuant to a contract between the Department of Transportation and any other highway authority for the purposes set forth in Section 4-409 of the Illinois Highway Code [605 ILCS 5/4-409] or any airport owner, operator, or controller as set forth in Section 34 of the Illinois Aeronautics Act [620 ILCS 5/34].

HISTORY:
P.A. 84-1440; 96-1487, § 5.

30 ILCS 705/4 Grant Application and Agreement Requirements.

(a) Any person or organization, public or private, desiring to receive grant funds must submit a grant application to the appropriate grantor agency. Applications for grant funds shall be made on prescribed forms developed by the grantor agency, and shall include, without being limited to, the following provisions:

(1) the name, address, chief officers, and general description of the applicant;

(2) a general description of the program, project, or use for which grant funding is requested;

(3) such plans, equipment lists, and other documents as may be required to show the type, structure, and general character of the program, project, or use for which grant funding is requested;

(4) cost estimates of developing, constructing, operating, or completing the program, project, or use for which grant funding is requested; and

(5) a program of proposed expenditures for the grant funds.

(b) Grant funds may not be used except pursuant to a written grant agreement, and any disbursement of grant funds without a grant agreement is void. At a minimum, a grant agreement must:

(1) describe the purpose of the grant and be signed by the grantor agency making the grant and all grantees of the grant;

(2) specify how payments shall be made, what constitutes permissible expenditure of the grant funds, and the financial controls applicable to the grant, including, for those grants in excess of $25,000, the filing of quarterly reports describing the progress of the program, project, or use and the expenditure of the grant funds related thereto;

(3) specify the period of time for which the grant is valid and, subject to the limitation of Section 5 [30 ILCS 705/5], the period of time during which grant funds may be expended by the grantee;

(4) contain a provision that any grantees receiving grant funds are required to permit the grantor agency, the Auditor General, or the Attorney General to inspect and audit any books, records, or papers related to the program, project, or use for which grant funds were provided;

(5) contain a provision that all funds remaining at the end of the grant agreement or at the expiration of the period of time grant funds are available for expenditure or obligation by the grantee shall be returned to the State within 45 days; and

(6) contain a provision in which the grantee certifies under oath that all information in the grant agreement is true and correct to the best of the grantee's knowledge, information, and belief; that the funds shall be used only for the purposes described in the grant agreement; and that the award of grant funds is conditioned upon such certification.

30 ILCS 705/4.3 Prohibition on use of grant funds for prohibited political activities.

(a) For the purposes of this Section, "prohibited political activity" has the meaning established in Section 1-5 of the State Officials and Employees Ethics Act [5 ILCS 430/1-5].

(b) Grantees and employees of grantees shall not knowingly use grant funds, or goods or services purchased with grant funds, to engage, either directly or indirectly, in a prohibited political activity.

(c) Grantees and employees of grantees shall not be knowingly compensated from grant funds for time spent engaging in a prohibited political activity.

(d) Nothing in this Section shall prohibit any 501(c)(3) or 501(c)(4) organization receiving a grant from the State from engaging in any federally permissible activity regarding advocacy, indirect and direct lobbying, and political activity, provided that the specific funds acquired by a grant from the State shall not be knowingly used for those activities that are permitted by federal law but prohibited by this Section.

(e) A grantee who knowingly violates this Section is guilty of a business offense and is subject to a fine of up to $5,000.

HISTORY:
P.A. 98-588, § 5.

30 ILCS 705/5 Time Limit on Expenditure of Grant Funds.

Subject to the restriction of Section 35 of the State Finance Act [30 ILCS 105/35], no grant funds may be made available for expenditure by a grantee for a period longer than 2 years, except where such grant funds are disbursed in reimbursement of costs previously incurred by the grantee and except as other-

wise provided in subsection (d) of Section 5-200 of the School Construction Law [105 ILCS 230/5-200]. Any grant funds not expended or legally obligated by the end of the grant agreement, or during the time limitation to grant fund expenditures set forth in this Section, must be returned to the grantor agency within 45 days, if the funds are not already on deposit with the grantor agency or the State Treasurer. Such returned funds shall be deposited into the fund from which the original grant disbursement to the grantee was made.

HISTORY:
P.A. 83-640; 99-606, § 5.

30 ILCS 705/5.1 Restoration of grant award. [Effective until July 31, 2024]

(a) A grantee who received an award pursuant to the Open Space Lands Acquisition and Development Act who was unable to complete the project within the 2 years required by Section 5 due to the COVID-19 public health emergency, and whose grant agreement expired between January 1, 2021 and July 29, 2021, shall be eligible for an award under the same terms as the expired grant agreement, subject to the availability of appropriated moneys in the fund from which the original disbursement to the grantee was made. The grantee must demonstrate prior compliance with the terms and conditions of the expired award to be eligible for funding under this Section.

(b) Any grant funds not expended or legally obligated by the expiration of the newly executed agreement must be returned to the grantor agency within 45 days, if the funds are not already on deposit with the grantor agency or the State Treasurer. Such returned funds shall be deposited into the fund from which the original grant disbursement to the grantee was made.

(c) This Section is repealed on July 31, 2024.

30 ILCS 705/6 Recovery of Grant Funds.

Any grant funds which have been misspent or are being improperly held are subject to recovery by the grantor agency which made the grant or alternatively by the Attorney General. The grantor agency making the grant shall take affirmative and timely action to recover all misspent or improperly held grant funds. In order to effectuate the recovery of such grant funds, the grantor agency making the grant is authorized to use any one or a combination of the following:

(a) offset against existing grants of, or future grants to be made by, the grantor agency making the recovery;

(b) authorize the offset from existing grants or grants to be made by other grantor agencies;

(c) authorize the Comptroller to offset any payment from any funds administered by the Comptroller for payment to the grantee, including, but not limited to, distributions of appropriated funds and payment of refunds;

(d) initiate any debt collection method authorized by law to any private person; or

(e) remove the grantee from any of the grantor agency's programs and forbid the grantee's participation in any such future grant programs for a period not to exceed 2 years.

The provisions of this Section are subject to Section 14 [30 ILCS 705/14].

HISTORY:
P.A. 83-640; 87-1262, § 2.

30 ILCS 705/7 Informal Hearing.

Whenever a grantor agency believes that grant funds are subject to recovery, the grantor agency shall provide the grantee the opportunity for at least one informal hearing to determine the facts and issues and to resolve any conflicts as amicably as possible before taking any formal recovery actions.

HISTORY:
P.A. 83-640.

30 ILCS 705/8 Formal Procedures for Recovery.

(a) If a grantor agency determines that certain grant funds are to be recovered, then, prior to taking any action to recover the grant funds, the grantor agency shall provide the grantee of the funds a written notice of the intended recovery. This notice shall identify the funds and the amount to be recovered and the specific facts which permit recovery.

(b) A grantee shall have 35 days from the receipt of the notice required in paragraph (a) of this Section to request a hearing to show why recovery is not justified or proper.

(c) If a grantee requests a hearing pursuant to paragraph (b) of this Section, then:

(1) the grantor agency shall hold a hearing at which the grantee (or his representative) may present evidence and witnesses to show why recovery should not be permitted; and

(2) after the conclusion of the hearing, the grantor agency shall issue a written final recovery order and send a copy of the order to the grantee.

(d) A grantee may seek judicial review of any final recovery order, pursuant to the provisions of the Administrative Review Law [735 ILCS 5/3-101 et seq.].

(e) If a grantee requests a hearing pursuant to paragraph (b) of this Section then the grantor agency may not take any action of recovery until at least 35 days after the grantor agency has issued a final recovery order pursuant to the requirements of paragraph (c) of this Section.

If a grantee does not request a hearing as permitted in paragraph (b) of this Section, then the grantor

agency may proceed with recovery of the grant funds identified in the notice issued pursuant to the requirements of paragraph (a) of this Section, at any time after the expiration of the 35-day request period established in paragraph (b) of this Section.

(f) Any notice or mailing required or permitted by this Section shall be deemed received 5 days after the notice or mailing is deposited in the United States mail, properly addressed with the grantee's current business address and with sufficient U.S. postage affixed.

HISTORY:
P.A. 83-640.

30 ILCS 705/9 Recovery of Grant Funds by Attorney General.

Except as otherwise provided by Section 14 [30 ILCS 705/14], the Attorney General, on his own volition, may act to recover any grant funds which have been misapplied or are being improperly held and, when doing so, has all the powers of collection established in this Act in addition to any other powers authorized by law or the Constitution.

HISTORY:
P.A. 83-640; 87-1262, § 2.

30 ILCS 705/10 Interest on Grant Funds.

All interest earned on grant funds held by a grantee shall become part of the grant principal when earned and be treated accordingly for all purposes, unless the grant agreement provides otherwise.

The grantor agency may provide in the grant agreement that interest earned on grant funds may be retained by the grantee when the cost of accounting for the interest or allocating the interest to principal is significant in terms of the amount of interest to be received.

When the grantor agency is granting funds made available from the federal government or other third party sources, and such funds require or permit different treatment of interest which the grantee may earn on the grant funds, the grantor agency may provide in the grant agreement that such earned interest may be treated as required or permitted by the source of the funds.

However, any interest earned on grant funds subject to the grant agreement held after the expiration of the period of time specified in Section 4 [30 ILCS 705/4] shall become a part of the grant principal and shall be so treated for all purposes.

HISTORY:
P.A. 85-1214.

30 ILCS 705/11 Accounting Requirements.

Each grantee is under an affirmative duty to keep proper, complete and accurate accounting records of all grant funds the grantee administers.

HISTORY:
P.A. 83-640.

30 ILCS 705/12 Subgrant of Grant Funds.

If any person or entity that obtains grant funds dispenses any part or all of those funds to another person or entity for obligation, expenditure or use by that other person or entity for a specific purpose or purposes, then those funds so dispensed shall be treated as grant funds.

HISTORY:
P.A. 83-640.

30 ILCS 705/13 [Audits]

Notwithstanding the requirements of any other State law or regulation, an institution of higher education which conducts annual audits of its own operations may elect to fulfill any audit requirements with respect to any or all State grants which it receives by having such audit conducted at the time of its own annual audit at its own cost.

The institution of higher education shall make such election at the time that it receives each grant. The institution of higher education shall not be required to elect that all State grants be included in its annual audit. Such election may be for either financial or compliance audits, or both. In the event of such election, such audits shall fulfill the audit requirements of the applicable State law or regulation authorizing such grants except for the reporting dates required for such audits. Such audits shall be conducted in accordance with generally accepted auditing standards by licensed Certified Public Accountants permitted to perform audits under the Illinois Public Accounting Act [225 ILCS 450/0.01 et seq.].

The provisions of this Section do not limit the authority of any State agency to conduct, or enter into contracts for the conduct of, audits and evaluations of State grant programs, nor limit the authority of the Auditor General. Such State agency shall fund the cost of any such additional audits.

HISTORY:
P.A. 86-602; 94-465, § 5.

30 ILCS 705/14 Nonrecovery of Grant Funds.

Notwithstanding any other provisions of this Act, the State Board of Education is authorized to forgo any action to recover from the Regional Office of Education of Champaign-Ford Counties and from any school district situated in that educational service region any State grant funds, not exceeding $18,000 in the aggregate, that were dispensed during the 1990-1991 and 1991-1992 school years by the State Board of Education as the grantor agency to that educational service region or any school district therein as a grantee or subgrantee and that were used for any purpose or purposes other than the

purpose or purposes for which the grants were made. If the State Board of Education determines to forgo any action to recover State grant funds under the authority of this Section, the Attorney General shall not act to recover those grant funds from the grantee or subgrantee, and all liability or other obligation of the Regional Office of Education of Champaign-Ford Counties and any school district therein as the grantee or subgrantee of those State grant funds to repay the same shall be deemed unenforceable by operation of law.

GRANT ACCOUNTABILITY AND TRANSPARENCY ACT

Section

30 ILCS 708/1 Short title.

This Act may be cited as the Grant Accountability and Transparency Act.

HISTORY:
2014 P.A. 98-706, § 1, effective July 16, 2014.

30 ILCS 708/5 Legislative intent.

(a) This Act, which is the product of the work of the Illinois Single Audit Commission, created by Public Act 98-47, is intended to comply with the General Assembly's directives to (1) develop a coordinated, non-redundant process for the provision of effective and efficient oversight of the selection and monitoring of grant recipients, thereby ensuring quality programs and limiting fraud, waste, and abuse, and (2) define the purpose, scope, applicability, and responsibilities in the life cycle of a grant.

(b) This Act is intended to increase the accountability and transparency in the use of grant funds from whatever source and to reduce administrative burdens on both State agencies and grantees by adopting federal guidance and regulations applicable to such grant funds; specifically, the Uniform Admin-

istrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"), codified at 2 CFR 200.

(c) This Act is consistent with the State's focus on improving performance and outcomes while ensuring transparency and the financial integrity of taxpayer dollars through such initiatives as the Management Improvement Initiative Committee created by Section 1-37a of the Department of Human Services Act [20 ILCS 1305/1-37a], the State prioritized goals created under Section 50-25 of the State Budget Law [15 ILCS 20/50-25] (also known as "Budgeting for Results"), and the Grant Information Collection Act [30 ILCS 707/1 et seq.].

(d) This Act is not intended to affect the provisions of the Illinois State Auditing Act [30 ILCS 5/1-1 et seq.] and does not address the external audit function of the Auditor General.

HISTORY:
2014 P.A. 98-706, § 5, effective July 16, 2014.

30 ILCS 708/10 Purpose.

The purpose of this Act is to establish uniform administrative requirements, cost principles, and audit requirements for State and federal pass-through awards to non-federal entities. State awarding agencies shall not impose additional or inconsistent requirements, except as provided in 2 CFR 200.102, unless specifically required by State or federal statute. This Act and the rules adopted under this Act do not apply to private awards.

This Act and the rules adopted under this Act provide the basis for a systematic and periodic collection and uniform submission to the Governor's Office of Management and Budget of information of all State and federal financial assistance programs by State grant-making agencies. This Act also establishes policies related to the delivery of this information to the public, including through the use of electronic media.

HISTORY:
2014 P.A. 98-706, § 10, effective July 16, 2014.

30 ILCS 708/15 Definitions.

As used in this Act:

"Allowable cost" means a cost allowable to a project if:

(1) the costs are reasonable and necessary for the performance of the award;

(2) the costs are allocable to the specific project;

(3) the costs are treated consistently in like circumstances to both federally-financed and other activities of the non-federal entity;

(4) the costs conform to any limitations of the cost principles or the sponsored agreement;

(5) the costs are accorded consistent treatment; a cost may not be assigned to a State or federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the award as an indirect cost;

(6) the costs are determined to be in accordance with generally accepted accounting principles;

(7) the costs are not included as a cost or used to meet federal cost-sharing or matching requirements of any other program in either the current or prior period;

(8) the costs of one State or federal grant are not used to meet the match requirements of another State or federal grant; and

(9) the costs are adequately documented.

"Auditee" means any non-federal entity that expends State or federal awards that must be audited.

"Auditor" means an auditor who is a public accountant or a federal, State, or local government audit organization that meets the general standards specified in generally-accepted government auditing standards. "Auditor" does not include internal auditors of nonprofit organizations.

"Auditor General" means the Auditor General of the State of Illinois.

"Award" means financial assistance that provides support or stimulation to accomplish a public purpose. "Awards" include grants and other agreements in the form of money, or property in lieu of money, by the State or federal government to an eligible recipient. "Award" does not include: technical assistance that provides services instead of money; other assistance in the form of loans, loan guarantees, interest subsidies, or insurance; direct payments of any kind to individuals; or contracts that must be entered into and administered under State or federal procurement laws and regulations.

"Budget" means the financial plan for the project or program that the awarding agency or pass-through entity approves during the award process or in subsequent amendments to the award. It may include the State or federal and non-federal share or only the State or federal share, as determined by the awarding agency or pass-through entity.

"Catalog of Federal Domestic Assistance" or "CFDA" means a database that helps the federal government track all programs it has domestically funded.

"Catalog of Federal Domestic Assistance number" or "CFDA number" means the number assigned to a federal program in the CFDA.

"Catalog of State Financial Assistance" means the single, authoritative, statewide, comprehensive source document of State financial assistance program information maintained by the Governor's Office of Management and Budget.

"Catalog of State Financial Assistance Number" means the number assigned to a State program in the Catalog of State Financial Assistance. The first 3 digits represent the State agency number and the last 4 digits represent the program.

"Cluster of programs" means a grouping of closely related programs that share common compliance requirements. The types of clusters of programs are

research and development, student financial aid, and other clusters. A "cluster of programs" shall be considered as one program for determining major programs and, with the exception of research and development, whether a program-specific audit may be elected.

"Cognizant agency for audit" means the federal agency designated to carry out the responsibilities described in 2 CFR 200.513(a).

"Contract" means a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under an award. "Contract" does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of an award or subaward.

"Contractor" means an entity that receives a contract.

"Cooperative agreement" means a legal instrument of financial assistance between an awarding agency or pass-through entity and a non-federal entity that:

(1) is used to enter into a relationship with the principal purpose of transferring anything of value from the awarding agency or pass-through entity to the non-federal entity to carry out a public purpose authorized by law, but is not used to acquire property or services for the awarding agency's or pass-through entity's direct benefit or use; and

(2) is distinguished from a grant in that it provides for substantial involvement between the awarding agency or pass-through entity and the non-federal entity in carrying out the activity contemplated by the award.

"Cooperative agreement" does not include a cooperative research and development agreement, nor an agreement that provides only direct cash assistance to an individual, a subsidy, a loan, a loan guarantee, or insurance.

"Corrective action" means action taken by the auditee that (i) corrects identified deficiencies, (ii) produces recommended improvements, or (iii) demonstrates that audit findings are either invalid or do not warrant auditee action.

"Cost objective" means a program, function, activity, award, organizational subdivision, contract, or work unit for which cost data is desired and for which provision is made to accumulate and measure the cost of processes, products, jobs, and capital projects. A "cost objective" may be a major function of the non-federal entity, a particular service or project, an award, or an indirect cost activity.

"Cost sharing" means the portion of project costs not paid by State or federal funds, unless otherwise authorized by statute.

"Development" is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes.

"Data Universal Numbering System number" means the 9-digit number established and assigned by Dun and Bradstreet, Inc. to uniquely identify entities and, under federal law, is required for non-federal entities to apply for, receive, and report on a federal award.

"Direct costs" means costs that can be identified specifically with a particular final cost objective, such as a State or federal or federal pass-through award or a particular sponsored project, an instructional activity, or any other institutional activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

"Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or $5,000.

"Executive branch" means that branch of State government that is under the jurisdiction of the Governor.

"Federal agency" has the meaning provided for "agency" under 5 U.S.C. 551(1) together with the meaning provided for "agency" by 5 U.S.C. 552(f).

"Federal award" means:

(1) the federal financial assistance that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity;

(2) the cost-reimbursement contract under the Federal Acquisition Regulations that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity; or

(3) the instrument setting forth the terms and conditions when the instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of 20 CFR 200.40, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

"Federal award" does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal government owned, contractor-operated facilities.

"Federal awarding agency" means the federal agency that provides a federal award directly to a non-federal entity.

"Federal interest" means, for purposes of 2 CFR 200.329 or when used in connection with the acquisition or improvement of real property, equipment, or supplies under a federal award, the dollar amount that is the product of the federal share of total project costs and current fair market value of the property, improvements, or both, to the extent the costs of acquiring or improving the property were included as project costs.

"Federal program" means any of the following:

(1) All federal awards which are assigned a single number in the CFDA.

(2) When no CFDA number is assigned, all federal awards to non-federal entities from the same agency made for the same purpose should be combined and considered one program.

(3) Notwithstanding paragraphs (1) and (2) of this definition, a cluster of programs. The types of clusters of programs are:

(A) research and development;

(B) student financial aid; and

(C) "other clusters", as described in the definition of "cluster of programs".

"Federal share" means the portion of the total project costs that are paid by federal funds.

"Final cost objective" means a cost objective which has allocated to it both direct and indirect costs and, in the non-federal entity's accumulation system, is one of the final accumulation points, such as a particular award, internal project, or other direct activity of a non-federal entity.

"Financial assistance" means the following:

(1) For grants and cooperative agreements, "financial assistance" means assistance that non-federal entities receive or administer in the form of:

(A) grants;

(B) cooperative agreements;

(C) non-cash contributions or donations of property, including donated surplus property;

(D) direct appropriations;

(E) food commodities; and

(F) other financial assistance, except assistance listed in paragraph (2) of this definition.

(2) "Financial assistance" includes assistance that non-federal entities receive or administer in the form of loans, loan guarantees, interest subsidies, and insurance.

(3) "Financial assistance" does not include amounts received as reimbursement for services rendered to individuals.

"Fixed amount awards" means a type of grant agreement under which the awarding agency or pass-through entity provides a specific level of support without regard to actual costs incurred under the award. "Fixed amount awards" reduce some of the administrative burden and record-keeping requirements for both the non-federal entity and awarding agency or pass-through entity. Accountability is based primarily on performance and results.

"Foreign public entity" means:

(1) a foreign government or foreign governmental entity;

(2) a public international organization that is entitled to enjoy privileges, exemptions, and immunities as an international organization under the International Organizations Immunities Act (22 U.S.C. 288-288f);

(3) an entity owned, in whole or in part, or controlled by a foreign government; or

(4) any other entity consisting wholly or partially of one or more foreign governments or foreign governmental entities.

"Foreign organization" means an entity that is:

(1) a public or private organization located in a country other than the United States and its territories that are subject to the laws of the country in which it is located, irrespective of the citizenship of project staff or place of performance;

(2) a private nongovernmental organization located in a country other than the United States that solicits and receives cash contributions from the general public;

(3) a charitable organization located in a country other than the United States that is nonprofit and tax exempt under the laws of its country of domicile and operation, but is not a university, college, accredited degree-granting institution of education, private foundation, hospital, organization engaged exclusively in research or scientific activities, church, synagogue, mosque, or other similar entity organized primarily for religious purposes; or

(4) an organization located in a country other than the United States not recognized as a Foreign Public Entity.

"Generally Accepted Accounting Principles" has the meaning provided in accounting standards issued by the Government Accounting Standards Board and the Financial Accounting Standards Board.

"Generally Accepted Government Auditing Standards" means generally accepted government auditing standards issued by the Comptroller General of the United States that are applicable to financial audits.

"Grant agreement" means a legal instrument of financial assistance between an awarding agency or pass-through entity and a non-federal entity that:

(1) is used to enter into a relationship, the principal purpose of which is to transfer anything of value from the awarding agency or pass-through entity to the non-federal entity to carry out a public purpose authorized by law and not to acquire property or services for the awarding agency or pass-through entity's direct benefit or use; and

(2) is distinguished from a cooperative agreement in that it does not provide for substantial involvement between the awarding agency or pass-through entity and the non-federal entity in carrying out the activity contemplated by the award.

"Grant agreement" does not include an agreement that provides only direct cash assistance to an individual, a subsidy, a loan, a loan guarantee, or insurance.

"Grant application" means a specified form that is completed by a non-federal entity in connection with a request for a specific funding opportunity or a request for financial support of a project or activity.

"Hospital" means a facility licensed as a hospital under the law of any state or a facility operated as a hospital by the United States, a state, or a subdivision of a state.

"Illinois Debarred and Suspended List" means the list maintained by the Governor's Office of Manage-

ment and Budget that contains the names of those individuals and entities that are ineligible, either temporarily or permanently, from receiving an award of grant funds from the State.

"Indirect cost" means those costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable to the cost objectives specifically benefitted without effort disproportionate to the results achieved.

"Inspector General" means the Office of the Executive Inspector General for Executive branch agencies.

"Loan" means a State or federal loan or loan guarantee received or administered by a non-federal entity. "Loan" does not include a "program income" as defined in 2 CFR 200.80.

"Loan guarantee" means any State or federal government guarantee, insurance, or other pledge with respect to the payment of all or a part of the principal or interest on any debt obligation of a non-federal borrower to a non-federal lender, but does not include the insurance of deposits, shares, or other withdrawable accounts in financial institutions.

"Local government" has the meaning provided for the term "units of local government" under Section 1 of Article VII of the Illinois Constitution [Ill. Const. (1970) Art. VII, § 1] and includes school districts.

"Major program" means a federal program determined by the auditor to be a major program in accordance with 2 CFR 200.518 or a program identified as a major program by a federal awarding agency or pass-through entity in accordance with 2 CFR 200.503(e).

"Non-federal entity" means a state, local government, Indian tribe, institution of higher education, or organization, whether nonprofit or for-profit, that carries out a State or federal award as a recipient or subrecipient.

"Nonprofit organization" means any corporation, trust, association, cooperative, or other organization, not including institutions of higher education, that:

(1) is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;

(2) is not organized primarily for profit; and

(3) uses net proceeds to maintain, improve, or expand the operations of the organization.

"Obligations", when used in connection with a non-federal entity's utilization of funds under an award, means orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-federal entity during the same or a future period.

"Office of Management and Budget" means the Office of Management and Budget of the Executive Office of the President.

"Other clusters" has the meaning provided by the federal Office of Management and Budget in the compliance supplement or has the meaning as it is designated by a state for federal awards the state provides to its subrecipients that meet the definition of a cluster of programs. When designating an "other cluster", a state must identify the federal awards included in the cluster and advise the subrecipients of compliance requirements applicable to the cluster.

"Oversight agency for audit" means the federal awarding agency that provides the predominant amount of funding directly to a non-federal entity not assigned a cognizant agency for audit. When there is no direct funding, the awarding agency that is the predominant source of pass-through funding must assume the oversight responsibilities. The duties of the oversight agency for audit and the process for any reassignments are described in 2 CFR 200.513(b).

"Pass-through entity" means a non-federal entity that provides a subaward to a subrecipient to carry out part of a program.

"Private award" means an award from a person or entity other than a State or federal entity. Private awards are not subject to the provisions of this Act.

"Property" means real property or personal property.

"Project cost" means total allowable costs incurred under an award and all required cost sharing and voluntary committed cost sharing, including third-party contributions.

"Public institutions of higher education" has the meaning provided in Section 1 of the Board of Higher Education Act.

"Recipient" means a non-federal entity that receives an award directly from an awarding agency to carry out an activity under a program. "Recipient" does not include subrecipients.

"Research and Development" means all research activities, both basic and applied, and all development activities that are performed by non-federal entities.

"Single Audit Act" means the federal Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507).

"State agency" means an Executive branch agency. For purposes of this Act, "State agency" does not include public institutions of higher education.

"State award" means the financial assistance that a non-federal entity receives from the State and that is funded with either State funds or federal funds; in the latter case, the State is acting as a pass-through entity.

"State awarding agency" means a State agency that provides an award to a non-federal entity.

"State grant-making agency" has the same meaning as "State awarding agency".

"State interest" means the acquisition or improvement of real property, equipment, or supplies under a State award, the dollar amount that is the product of the State share of the total project costs and current fair market value of the property, improvements, or both, to the extent the costs of acquiring or improving the property were included as project costs.

"State program" means any of the following:

(1) All State awards which are assigned a single number in the Catalog of State Financial Assistance.

(2) When no Catalog of State Financial Assistance number is assigned, all State awards to non-federal entities from the same agency made for the same purpose are considered one program.

(3) A cluster of programs as defined in this Section.

"State share" means the portion of the total project costs that are paid by State funds.

"Stop payment order" means a communication from a State grant-making agency to the Office of the Comptroller, following procedures set out by the Office of the Comptroller, causing the cessation of payments to a recipient or subrecipient as a result of the recipient's or subrecipient's failure to comply with one or more terms of the grant or subaward.

"Stop payment procedure" means the procedure created by the Office of the Comptroller which effects a stop payment order and the lifting of a stop payment order upon the request of the State grant-making agency.

"Student Financial Aid" means federal awards under those programs of general student assistance, such as those authorized by Title IV of the Higher Education Act of 1965, as amended (20 U.S.C. 1070-1099d), that are administered by the United States Department of Education and similar programs provided by other federal agencies. "Student Financial Aid" does not include federal awards under programs that provide fellowships or similar federal awards to students on a competitive basis or for specified studies or research.

"Subaward" means a State or federal award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. "Subaward" does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program. A "subaward" may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

"Subrecipient" means a non-federal entity that receives a State or federal subaward from a pass-through entity to carry out part of a federal program. "Subrecipient" does not include an individual that is a beneficiary of such program. A "subrecipient" may also be a recipient of other State or federal awards directly from a State or federal awarding agency.

"Suspension" means a post-award action by the State or federal agency or pass-through entity that temporarily withdraws the State or federal agency's or pass-through entity's financial assistance sponsorship under an award, pending corrective action by the recipient or subrecipient or pending a decision to terminate the award.

"Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards" means those rules applicable to grants contained in 2 CFR 200.

"Voluntary committed cost sharing" means cost sharing specifically pledged on a voluntary basis in the proposal's budget or the award on the part of the non-federal entity and that becomes a binding requirement of the award.

HISTORY:

2014 P.A. 98-706, § 15, effective July 16, 2014; 2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/20 Adoption of federal rules applicable to grants.

(a) On or before July 1, 2016, the Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt rules which adopt the Uniform Guidance at 2 CFR 200. The rules, which shall apply to all State and federal pass-through awards effective on and after July 1, 2016, shall include the following:

(1) Administrative requirements. In accordance with Subparts B through D of 2 CFR 200, the rules shall set forth the uniform administrative requirements for grant and cooperative agreements, including the requirements for the management by State awarding agencies of federal grant programs before State and federal pass-through awards have been made and requirements that State awarding agencies may impose on non-federal entities in State and federal pass-through awards.

(2) Cost principles. In accordance with Subpart E of 2 CFR 200, the rules shall establish principles for determining the allowable costs incurred by non-federal entities under State and federal pass-through awards. The principles are intended for cost determination, but are not intended to identify the circumstances or dictate the extent of State or federal pass-through participation in financing a particular program or project. The principles shall provide that State and federal awards bear their fair share of cost recognized under these principles, except where restricted or prohibited by State or federal law.

(3) Audit and single audit requirements and audit follow-up. In accordance with Subpart F of 2 CFR 200 and the federal Single Audit Act Amendments of 1996, the rules shall set forth standards to obtain consistency and uniformity among State and federal pass-through awarding agencies for the audit of non-federal entities expending State and federal awards. These provisions shall also set forth the policies and procedures for State and federal pass-through entities when using the results of these audits.

The provisions of this item (3) do not apply to for-profit subrecipients because for-profit subrecipients are not subject to the requirements of 2 CFR 200, Subpart F, Audits of States, Local and Non-Profit Organizations. Audits of for-profit subrecipients must be conducted pursuant to a Program Audit Guide issued by the Federal awarding agency. If a Program Audit Guide is not available, the State awarding agency must prepare a Program Audit Guide in accordance with the 2 CFR 200, Subpart F - Audit Requirements - Compliance

Supplement. For-profit entities are subject to all other general administrative requirements and cost principles applicable to grants.

(b) This Act addresses only State and federal pass-through auditing functions and does not address the external audit function of the Auditor General.

(c) For public institutions of higher education, the provisions of this Section apply only to awards funded by federal pass-through awards from a State agency to public institutions of higher education. Federal pass-through awards from a State agency to public institutions of higher education are governed by and must comply with federal guidelines under 2 CFR 200.

(d) The State grant-making agency is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with the for-profit subrecipient shall describe the applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for State and federal pass-through awards made to for-profit subrecipients shall include pre-award audits, monitoring during the agreement, and post-award audits. The Governor's Office of Management and Budget shall provide such advice and technical assistance to the State grant-making agency as is necessary or indicated.

2014 P.A. 98-706, § 20, effective July 16, 2014; 99-523, § 20-10; 2018 P.A. 100-676, § 5, effective January 1, 2019; 2021 P.A. 102-626, § 5, effective August 27, 2021; 2022 P.A. 102-813, § 230, effective May 13, 2022.

30 ILCS 708/25 Supplemental rules.

On or before July 1, 2017, the Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt supplemental rules pertaining to the following:

(1) Criteria to define mandatory formula-based grants and discretionary grants.

(2) The award of one-year grants for new applicants.

(3) The award of competitive grants in 3-year terms (one-year initial terms with the option to renew for up to 2 additional years) to coincide with the federal award.

(4) The issuance of grants, including:

(A) public notice of announcements of funding opportunities;

(B) the development of uniform grant applications;

(C) State agency review of merit of proposals and risk posed by applicants;

(D) specific conditions for individual recipients (including the use of a fiscal agent and additional corrective conditions);

(E) certifications and representations;

(F) pre-award costs;

(G) performance measures and statewide prioritized goals under Section 50-25 of the State Budget Law of the Civil Administrative Code of Illinois [15 ILCS 20/50-25], commonly referred to as "Budgeting for Results"; and

(H) for mandatory formula grants, the merit of the proposal and the risk posed should result in additional reporting, monitoring, or measures such as reimbursement-basis only.

(5) The development of uniform budget requirements, which shall include:

(A) mandatory submission of budgets as part of the grant application process;

(B) mandatory requirements regarding contents of the budget including, at a minimum, common detail line items specified under guidelines issued by the Governor's Office of Management and Budget;

(C) a requirement that the budget allow flexibility to add lines describing costs that are common for the services provided as outlined in the grant application;

(D) a requirement that the budget include information necessary for analyzing cost and performance for use in Budgeting for Results; and

(E) caps on the amount of salaries that may be charged to grants based on the limitations imposed by federal agencies.

(6) The development of pre-qualification requirements for applicants, including the fiscal condition of the organization and the provision of the following information:

(A) organization name;

(B) Federal Employee Identification Number;

(C) Data Universal Numbering System (DUNS) number;

(D) fiscal condition;

(E) whether the applicant is in good standing with the Secretary of State;

(F) past performance in administering grants;

(G) whether the applicant is on the Debarred and Suspended List maintained by the Governor's Office of Management and Budget;

(H) whether the applicant is on the federal Excluded Parties List; and

(I) whether the applicant is on the Sanctioned Party List maintained by the Illinois Department of Healthcare and Family Services.

Nothing in this Act affects the provisions of the Fiscal Control and Internal Auditing Act nor the requirement that the management of each State agency is responsible for maintaining effective internal controls under that Act.

For public institutions of higher education, the provisions of this Section apply only to awards funded by federal pass-through awards from a State agency to public institutions of higher education.

HISTORY:
2014 P.A. 98-706, § 25, effective July 16, 2014; 99-523, § 20-10;

30 ILCS 708/30 Catalog of State Financial Assistance.

The Catalog of State Financial Assistance is a single, authoritative, statewide, comprehensive source document of State financial assistance program information. The Catalog shall contain, at a minimum, the following information:

(1) An introductory section that contains Catalog highlights, an explanation of how to use the Catalog, an explanation of the Catalog and its contents, and suggested grant proposal writing methods and grant application procedures.

(2) A comprehensive indexing system that categorizes programs by issuing agency, eligible applicant, application deadlines, function, popular name, and subject area.

(3) Comprehensive appendices showing State assistance programs that require coordination through this Act and regulatory, legislative, and Executive Order authority for each program, commonly used abbreviations and acronyms, agency regional and local office addresses, and sources of additional information.

(4) A list of programs that have been added to or deleted from the Catalog and the various program numbers and title changes.

(5) Program number, title, and popular name, if applicable.

(6) The name of the State department or agency or independent agency and primary organization sub-unit administering the program.

(7) The enabling legislation, including popular name of the Act, titles and Sections, Public Act number, and citation to the Illinois Compiled Statutes.

(8) The type or types of financial and nonfinancial assistance offered by the program.

(9) Uses and restrictions placed upon the program.

(10) Eligibility requirements, including applicant eligibility criteria, beneficiary eligibility criteria, and required credentials and documentation.

(11) Objectives and goals of the program.

(12) Information regarding application and award processing; application deadlines; range of approval or disapproval time; appeal procedure; and availability of a renewal or extension of assistance.

(13) Assistance considerations, including an explanation of the award formula, matching requirements, and the length and time phasing of the assistance.

(14) Post-assistance requirements, including any reports, audits, and records that may be required.

(15) Program accomplishments (where available) describing quantitative measures of program performance.

(16) Regulations, guidelines, and literature containing citations to the Illinois Administrative Code, the Code of Federal Regulations, and other pertinent informational materials.

(17) The names, telephone numbers, and e-mail addresses of persons to be contacted for detailed program information at the headquarters, regional, and local levels.

2014 P.A. 98-706, § 30, effective July 16, 2014.

30 ILCS 708/35 Conflicts of interest.

The Governor's Office of Management and Budget shall adopt rules regarding conflict of interest policies for awards. A non-federal entity must disclose in writing any potential conflict of interest to the pass-through entity in accordance with applicable awarding agency policy.

HISTORY:
2014 P.A. 98-706, § 35, effective July 16, 2014.

30 ILCS 708/40 Mandatory disclosures.

The Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt rules requiring that the applicant for an award disclose, in a timely manner and in writing to the pass-through entity, all violations of State or federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the award. Failure to make the required disclosures may result in any of the following remedial actions:

(1) The temporary withholding of cash payments pending correction of the deficiency by the awarding agency or non-federal entity or more severe enforcement action by the pass-through entity.

(2) Disallowance of (that is, denial of both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Whole or partial suspension or termination of the award.

(4) Initiation of suspension or debarment proceedings as authorized under rules adopted under subsection (a) of Section 20 of this Act [30 ILCS 708/20] and awarding agency regulations (or, in the case of a pass-through entity, recommendation that such a proceeding be initiated by the awarding agency).

(5) Withholding further awards for the project or program.

(6) Taking any other remedial action that may be legally available.

HISTORY:
2014 P.A. 98-706, § 40, effective July 16, 2014.

30 ILCS 708/45 Applicability.

(a) Except as otherwise provided in this Section,

the requirements established under this Act apply to State grant-making agencies that make State and federal pass-through awards to non-federal entities. These requirements apply to all costs related to State and federal pass-through awards. The requirements established under this Act do not apply to private awards, to allocations of State revenues paid over by the Comptroller to units of local government and other taxing districts pursuant to the State Revenue Sharing Act [30 ILCS 115/0.1 et seq.] from the Local Government Distributive Fund or the Personal Property Tax Replacement Fund, to allotments of State motor fuel tax revenues distributed by the Department of Transportation to units of local government pursuant to the Motor Fuel Tax Law [35 ILCS 505/1 et seq.] from the Motor Fuel Tax Fund or the Transportation Renewal Fund, or to awards, including capital appropriated funds, made by the Department of Transportation to units of local government for the purposes of transportation projects utilizing State funds, federal funds, or both State and federal funds. This Act shall recognize that federal and federal pass-through awards from the Department of Transportation to units of local government are governed by and must comply with federal guidelines under 2 CFR Part 200.

The changes made by this amendatory Act of the 102nd General Assembly apply to pending actions as well as actions commenced on or after the effective date of this amendatory Act of the 102nd General Assembly.

(a-5) Nothing in this Act shall prohibit the use of State funds for purposes of federal match or maintenance of effort.

(b) The terms and conditions of State, federal, and pass-through awards apply to subawards and subrecipients unless a particular Section of this Act or the terms and conditions of the State or federal award specifically indicate otherwise. Non-federal entities shall comply with requirements of this Act regardless of whether the non-federal entity is a recipient or subrecipient of a State or federal pass-through award. Pass-through entities shall comply with the requirements set forth under the rules adopted under subsection (a) of Section 20 of this Act [30 ILCS 708/20], but not to any requirements in this Act directed towards State or federal awarding agencies, unless the requirements of the State or federal awards indicate otherwise.

When a non-federal entity is awarded a cost-reimbursement contract, only 2 CFR 200.330 through 200.332 are incorporated by reference into the contract. However, when the Cost Accounting Standards are applicable to the contract, they take precedence over the requirements of this Act unless they are in conflict with Subpart F of 2 CFR 200. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a), as described in the Federal Acquisition Regulations, subpart 31.2 and subpart 31.603, are always unallowable. For requirements other than those covered in Subpart D of 2 CFR 200.330 through 200.332, the terms of the contract and the Federal Acquisition Regulations apply.

With the exception of Subpart F of 2 CFR 200, which is required by the Single Audit Act, in any circumstances where the provisions of federal statutes or regulations differ from the provisions of this Act, the provision of the federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act, as amended, 25 U.S.C. 450-458ddd-2.

(c) State grant-making agencies may apply subparts A through E of 2 CFR 200 to for-profit entities, foreign public entities, or foreign organizations, except where the awarding agency determines that the application of these subparts would be inconsistent with the international obligations of the United States or the statute or regulations of a foreign government.

(d) 2 CFR 200.101 specifies how 2 CFR 200 is applicable to different types of awards. The same applicability applies to this Act.

(e) (Blank).

(f) For public institutions of higher education, the provisions of this Act apply only to awards funded by federal pass-through awards from a State agency to public institutions of higher education. This Act shall recognize provisions in 2 CFR 200 as applicable to public institutions of higher education, including Appendix III of Part 200 and the cost principles under Subpart E.

(g) Each grant-making agency shall enhance its processes to monitor and address noncompliance with reporting requirements and with program performance standards. Where applicable, the process may include a corrective action plan. The monitoring process shall include a plan for tracking and documenting performance-based contracting decisions.

(h) Notwithstanding any provision of law to the contrary, grants awarded from federal funds received from the federal Coronavirus State Fiscal Recovery Fund in accordance with Section 9901 of the American Rescue Plan Act of 2021 are subject to the provisions of this Act, but only to the extent required by Section 9901 of the American Rescue Plan Act of 2021 and other applicable federal law or regulation.

30 ILCS 708/50 State grant-making agency responsibilities.

(a) The specific requirements and responsibilities of State grant-making agencies and non-federal entities are set forth in this Act. State agencies making State awards to non-federal entities must adopt by

rule the language in 2 CFR 200, Subpart C through Subpart F unless different provisions are required by law.

(b) Each State grant-making agency shall appoint a Chief Accountability Officer who shall serve as a liaison to the Grant Accountability and Transparency Unit and who shall be responsible for the State agency's implementation of and compliance with the rules.

(c) In order to effectively measure the performance of its recipients and subrecipients, each State grant-making agency shall:

(1) require its recipients and subrecipients to relate financial data to performance accomplishments of the award and, when applicable, must require recipients and subrecipients to provide cost information to demonstrate cost-effective practices. The recipient's and subrecipient's performance should be measured in a way that will help the State agency to improve program outcomes, share lessons learned, and spread the adoption of promising practices; and

(2) provide recipients and subrecipients with clear performance goals, indicators, and milestones and must establish performance reporting frequency and content to not only allow the State agency to understand the recipient's progress, but also to facilitate identification of promising practices among recipients and subrecipients and build the evidence upon which the State agency's program and performance decisions are made.

(c-5) Each State grant-making agency shall, when it is in the best interests of the State, request that the Office of the Comptroller issue a stop payment order in accordance with Section 105 of this Act [30 ILCS 708/105].

(c-6) Upon notification by the Grant Transparency and Accountability Unit that a stop payment order has been requested by a State grant-making agency, each State grant-making agency who has issued a grant to that recipient or subrecipient shall determine if it remains in the best interests of the State to continue to issue payments to the recipient or subrecipient.

(d) The Governor's Office of Management and Budget shall provide such advice and technical assistance to the State grant-making agencies as is necessary or indicated in order to ensure compliance with this Act.

(e) In accordance with this Act and the Illinois State Collection Act of 1986 [30 ILCS 210/1 et seq.], refunds required under the Grant Funds Recovery Act may be referred to the Comptroller's offset system.

HISTORY:

2014 P.A. 98-706, § 50, effective July 16, 2014; 2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/55 The Governor's Office of Management and Budget responsibilities.

(a) The Governor's Office of Management and Budget shall:

(1) provide technical assistance and interpretations of policy requirements in order to ensure effective and efficient implementation of this Act by State grant-making agencies; and

(2) have authority to approve any exceptions to the requirements of this Act and shall adopt rules governing the criteria to be considered when an exception is requested; exceptions shall only be made in particular cases where adequate justification is presented.

(b) The Governor's Office of Management and Budget shall, on or before July 1, 2016, establish a centralized unit within the Governor's Office of Management and Budget. The centralized unit shall be known as the Grant Accountability and Transparency Unit and shall be funded with a portion of the administrative funds provided under existing and future State and federal pass-through grants. The amounts charged will be allocated based on the actual cost of the services provided to State grant-making agencies and public institutions of higher education in accordance with the applicable federal cost principles contained in 2 CFR 200 and this Act will not cause the reduction in the amount of any State or federal grant awards that have been or will be directed towards State agencies or public institutions of higher education.

(c) The Governor's Office of Management and Budget, in conjunction with the Illinois Single Audit Commission, shall research and provide recommendations to the General Assembly regarding the adoption of legislation in accordance with the federal Improper Payments Elimination and Recovery Improvement Act of 2012. The recommendations shall be included in the Annual Report of the Commission to be submitted to the General Assembly on January 1, 2020. The report to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. This subsection (c) is inoperative on and after January 1, 2021.

2014 P.A. 98-706, § 55, effective July 16, 2014; 99-523, § 20-10; 2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/60 Grant Accountability and Transparency Unit responsibilities.

(a) The Grant Accountability and Transparency Unit within the Governor's Office of Management and Budget shall be responsible for:

(1) The development of minimum requirements applicable to the staff of grant applicants to manage and execute grant awards for programmatic and administrative purposes, including grant management specialists with:

(A) general and technical competencies;

(B) programmatic expertise;

(C) fiscal expertise and systems necessary to adequately account for the source and application of grant funds for each program; and

(D) knowledge of compliance requirements.

(2) The development of minimum training requirements, including annual training requirements.

(3) Accurate, current, and complete disclosure of the financial results of each funded award, as set forth in the financial monitoring and reporting Section of 2 CFR 200.

(4) Development of criteria for requiring the retention of a fiscal agent and for becoming a fiscal agent.

(5) Development of disclosure requirements in the grant application pertaining to:

(A) related-party status between grantees and grant-making agencies;

(B) past employment of applicant officers and grant managers;

(C) disclosure of current or past employment of members of immediate family; and

(D) disclosure of senior management of grantee organization and their relationships with contracted vendors.

(6) Implementation of rules prohibiting a grantee from charging any cost allocable to a particular award or cost objective to other State or federal awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the federal awards, or for other reasons.

(7) Implementation of rules prohibiting a non-federal entity from earning or keeping any profit resulting from State or federal financial assistance, unless prior approval has been obtained from the Governor's Office of Management and Budget and is expressly authorized by the terms and conditions of the award.

(8) Maintenance of an Illinois Debarred and Suspended List that contains the names of those individuals and entities that are ineligible, either temporarily or permanently, to receive an award of grant funds from the State.

(9) Ensuring the adoption of standardized rules for the implementation of this Act by State grant-making agencies. The Grant Accountability and Transparency Unit shall provide such advice and technical assistance to the State grant-making agencies as is necessary or indicated in order to ensure compliance with this Act.

(10) Coordination of financial and Single Audit reviews.

(11) Coordination of on-site reviews of grantees and subrecipients.

(12) Maintenance of the Catalog of State Financial Assistance, which shall be posted on an Internet website maintained by the Governor's Office of Management and Budget that is available to the public.

(b) The Grant Accountability and Transparency Unit shall have no power or authority regarding the approval, disapproval, management, or oversight of grants entered into or awarded by a State agency or by a public institution of higher education. The power or authority existing under law to grant or award grants by a State agency or by a public institution of higher education shall remain with that State agency or public institution of higher education. The Unit shall be responsible for providing technical assistance to guide the Administrative Code amendments proposed by State grant-making agencies to comply with this Act and shall be responsible for establishing standardized policies and procedures for State grant-making agencies in order to ensure compliance with the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards set forth in 2 CFR Part 200, all of which must be adhered to by the State grant-making agencies throughout the life cycle of the grant.

(c) The powers and functions of grant making by State agencies or public institutions of higher education may not be transferred to, nor may prior grant approval be transferred to, any other person, office, or entity within the executive branch of State government.

HISTORY:

2014 P.A. 98-706, § 60, effective July 16, 2014; 2018 P.A. 100-676, § 5, effective January 1, 2019.

30 ILCS 708/65 Audit requirements.

(a) The standards set forth in Subpart F of 2 CFR 200 and any other standards that apply directly to State or federal agencies shall apply to audits of fiscal years beginning on or after December 26, 2014.

(b) Books and records must be available for review or audit by appropriate officials of the pass-through entity, and the agency, the Auditor General, the Inspector General, appropriate officials of the agency, and the federal Government Accountability Office.

(c) The Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt rules for audits of grants from a State or federal pass-through entity that are not subject to the Single Audit Act because the amount of the federal award is less than $750,000 or the subrecipient is an exempt entity and that are reasonably consistent with 2 CFR 200.

(d) This Act does not affect the provisions of the Illinois State Auditing Act [30 ILCS 5/1-1 et seq.]and does not address the external audit function of the Auditor General.

HISTORY:

2014 P.A. 98-706, § 65, effective July 16, 2014.

30 ILCS 708/70 Review date.

The Governor's Office of Management and Budget shall review this Act at least once every 5 years after December 26, 2014 in conjunction with the federal review of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards as required by 2 CFR 200.109 in order to determine whether any existing rules need to be revised or new rules adopted.

HISTORY:
2014 P.A. 98-706, § 70, effective July 16, 2014.

30 ILCS 708/75 State program exceptions.

(a) With the exception of the audit requirements set forth in 2 CFR 200.102, exceptions may be allowed for classes of State or federal pass-through awards or non-federal entities subject to the requirements of this Act when such exceptions are not prohibited by State or federal law. However, in the interest of maximum uniformity, exceptions from the requirements of this Act shall be permitted only in unusual or exceptional circumstances.

(b) The Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt rules governing the criteria that shall be used to determine when an exception may be issued. The Governor's Office of Management and Budget shall publish any allowed exceptions in the Catalog of State Financial Assistance within 30 days of the exception being allowed.

2014 P.A. 98-706, § 75, effective July 16, 2014; 2017 P.A. 100-201, § 210, effective August 18, 2017.

30 ILCS 708/80 Supersession.

On and after July 1, 2015, in the event of a conflict with the Grant Funds Recovery Act [30 ILCS 705/1 et seq.], the provisions of this Act shall control.

HISTORY:
2014 P.A. 98-706, § 80, effective July 16, 2014.

30 ILCS 708/85 Implementation date.

The Governor's Office of Management and Budget shall adopt all rules required under this Act on or before July 1, 2017.

HISTORY:
2014 P.A. 98-706, § 85, effective July 16, 2014; 99-523, § 20-20.

30 ILCS 708/90 Agency implementation.

All State grant-making agencies shall implement the rules issued by the Governor's Office of Management and Budget on or before July 1, 2017. The standards set forth in this Act, which affect administration of State and federal pass-through awards issued by State grant-making agencies, become effective once implemented by State grant-making agencies. State grant-making agencies shall implement the policies and procedures applicable to State and federal pass-through awards by adopting rules for non-federal entities by December 31, 2017 that shall take effect for fiscal years on and after December 26, 2014, unless different provisions are required by State or federal statute or federal rule.

HISTORY:
2014 P.A. 98-706, § 90, effective July 16, 2014; 99-523, § 20-20.

30 ILCS 708/95 Annual report.

Effective January 1, 2016 and each January 1 thereafter, the Governor's Office of Management and Budget, in conjunction with the Illinois Single Audit Commission, shall submit to the Governor and the General Assembly a report that demonstrates the efficiencies, cost savings, and reductions in fraud, waste, and abuse as a result of the implementation of this Act and the rules adopted by the Governor's Office of Management and Budget in accordance with the provisions of this Act. The report shall include, but not be limited to:

(1) the number of entities placed on the Illinois Debarred and Suspended List;

(2) any savings realized as a result of the implementation of this Act;

(3) any reduction in the number of duplicative audit report reviews;

(4) the number of persons trained to assist grantees and subrecipients; and

(5) the number of grantees and subrecipients to whom a fiscal agent was assigned.

HISTORY:
2014 P.A. 98-706, § 100, effective July 16, 2014; 99-523, § 20-10; repealed by 2018 P.A. 100-676, § 10, effective January 1, 2019.

30 ILCS 708/105 Stop payment procedures.

(a) On or before July 1, 2019, the Governor's Office of Management and Budget shall adopt rules pertaining to the following:

(1) factors to be considered in determining whether to issue a stop payment order shall include whether or not a stop payment order is in the best interests of the State;

(2) factors to be considered in determining whether a stop payment order should be lifted; and

(3) procedures for notification to the recipient or subrecipient of the issuance of a stop payment order, the lifting of a stop payment order, and any other related information.

(b) On or before December 31, 2019, the Governor's Office of Management and Budget shall, in conjunction with State grant-making agencies, adopt rules pertaining to the following:

(1) policies regarding the issuance of stop payment orders;

(2) policies regarding the lifting of stop payment orders;

(3) policies regarding corrective actions required of recipients and subrecipients in the event a stop payment order is issued; and

(4) policies regarding the coordination of communications between the Office of the Comptroller and State grant-making agencies regarding the issuance of stop payment orders and the lifting of such orders.

(c) On or before July 1, 2020, the Office of the Comptroller shall establish stop payment procedures that shall cause the cessation of payments to a recipient or subrecipient. Such a temporary or permanent cessation of payments will occur pursuant to a stop payment order requested by a State grant-making agency and implemented by the Office of the Comptroller.

(d) The State grant-making agency shall maintain a file pertaining to all stop payment orders which shall include, at a minimum:

(1) The notice to the recipient or subrecipient that a stop payment order has been issued. The notice shall include:

(A) The name of the grant.

(B) The grant number.

(C) The name of the State agency that issued the grant.

(D) The reasons for the stop payment order.

(E) Any other relevant information.

(2) The order lifting the stop payment order, if applicable.

(e) The Grant Accountability and Transparency Unit shall determine and disseminate factors that State agencies shall consider when determining whether it is in the best interests of the State to permanently or temporarily cease payments to a recipient or subrecipient who has had a stop payment order requested by another State agency.

(f) The Office of the Comptroller and the Governor's Office of Management and Budget grant systems shall determine if the recipient or subrecipient has received grants from other State grant-making agencies.

(g) Upon notice from the Office of the Comptroller, the Grant Accountability and Transparency Unit shall notify all State grant-making agencies who have issued grants to a recipient or subrecipient whose payments have been subject to a stop payment order that a stop payment order has been requested by another State grant-making agency.

(h) Upon notice from the Grant Accountability and Transparency Unit, each State grant-making agency who has issued a grant to a recipient or subrecipient whose payments have been subject to a stop payment order shall review and assess all grants issued to that recipient or subrecipient. State agencies shall use factors provided by the Governor's Office of Management and Budget or the Grant Accountability and Transparency Unit to determine whether it is the best interests of the State to request a stop payment order.

2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/110 Documentation of award decisions.

Each award that is granted pursuant to an application process must include documentation to support the award.

(a) For each State or federal pass-through award that is granted following an application process, the State grant-making agency shall create a grant award file. The grant award file shall contain, at a minimum:

(1) A description of the grant.

(2) The Notice of Opportunity, if applicable.

(3) All applications received in response to the Notice of Opportunity, if applicable.

(4) Copies of any written communications between an applicant and the State grant-making agency, if applicable.

(5) The criteria used to evaluate the applications, if applicable.

(6) The scores assigned to each applicant according to the criteria, if applicable.

(7) A written determination, signed by an authorized representative of the State grant-making agency, setting forth the reason for the grant award decision, if applicable.

(8) The Notice of Award.

(9) Any other pre-award documents.

(10) The grant agreement and any renewals, if applicable;

(11) All post-award, administration, and close-out documents relating to the grant.

(12) Any other information relevant to the grant award.

(b) The grant file shall not include trade secrets or other competitively sensitive, confidential, or proprietary information.

(c) Each grant file shall be maintained by the State grant-making agency and, subject to the provisions of the Freedom of Information Act, shall be available for public inspection and copying within 7 calendar days following award of the grant.

HISTORY:
2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/115 Certifications and representations.

Unless prohibited by State or federal statute, regulation, or administrative rule, each State awarding agency or pass-through entity is authorized to require the recipient or subrecipient to submit certifications and representations required by State or federal statute, regulation, or administrative rule.

HISTORY:
2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/120 Required certifications.

To assure that expenditures are proper and in accordance with the terms and conditions of the grant award and approved project budgets, all periodic and final financial reports, and all payment requests under the grant agreement, must include a certification, signed by an official who is authorized to legally bind the grantee or subrecipient, that reads as follows:

"By signing this report and/or payment request, I certify to the best of my knowledge and belief that this report is true, complete, and accurate; that the expenditures, disbursements, and cash receipts are for the purposes and objectives set forth in the terms and conditions of the State or federal pass-through award; and that supporting documentation has been submitted as required by the grant agreement. I acknowledge that approval for any item or expenditure described herein shall be considered conditional subject to further review and verification in accordance with the monitoring and records retention provisions of the grant agreement. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (18 U.S.C. §1001; 31 U.S.C. §§3729-3730 and §§3801-3812; 30 ILCS 708/ 120.)"

2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/125 Expenditures prior to grant execution; reporting requirements.

(a) In the event that a recipient or subrecipient incurs expenses related to the grant award prior to the execution of the grant agreement but within the term of the grant, and the grant agreement is executed more than 30 days after the effective date of the grant, the recipient or subrecipient must submit to the State grant-making agency a report that accounts for eligible grant expenditures and project activities from the effective date of the grant up to and including the date of execution of the grant agreement.

(b) The recipient or subrecipient must submit the report to the State grant-making agency within 30 days of execution of the grant agreement.

(c) Only those expenses that are reasonable, allowable, and in furtherance of the purpose of the grant award shall be reimbursed.

(d) The State grant-making agency must approve the report prior to issuing any payment to the recipient or subrecipient.

HISTORY:
2018 P.A. 100-997, § 20, effective August 20, 2018.

30 ILCS 708/130 Travel costs.

(a) General. Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by the employees of the recipient or subrecipient who are in travel status on official business of the recipient or subrecipient. Such costs may only be charged to a State or federal pass-through grant based on an adopted policy by the recipient's or subrecipient's governing board. Absent a policy, the recipient or subrecipient must follow the rules of the Governor's Travel Control Board or the Higher Education Travel Control Board, whichever the granting agency follows. No policy can exceed federal travel regulations.

(b) Lodging and subsistence. Costs incurred for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the Governor's Travel Control Board or the Higher Education Travel Control Board, whichever is the appropriate travel board. If the recipient or subrecipient does not have an adopted travel policy, the recipient or subrecipient must follow the rules of the Governor's Travel Control Board or the Higher Education Travel Control Board, whichever the granting agency follows. No policy can exceed federal travel regulations.

DOWNSTATE PUBLIC TRANSPORTATION ACT

Article II. Downstate Public Transportation Assistance

Section

ARTICLE II.

DOWNSTATE PUBLIC TRANSPORTATION ASSISTANCE

30 ILCS 740/2-3 [Transfers; downstate public transportation fund]

(a) As soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the Downstate Public Transportation Fund, an amount equal to 2/32 (beginning July 1, 2005, 3/32) of the net revenue realized from the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], the Use Tax Act [35 ILCS 105/1], and the Service Use Tax Act [35 ILCS 110/1] from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of each participant, other than any Metro-East Transit District participant certified pursuant to subsection (c) of this Section during the preceding month, except that the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (a) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b) As soon as possible after the first day of each month, beginning July 1, 1989, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the Metro-East Public Transportation Fund, an amount equal to 2/32 of the net revenue realized, as above, from within the boundaries of Madison, Monroe, and St. Clair Counties, except that the Department shall pay into the Metro-East Public Transportation Fund 2/32 of 80% of the net revenue realized under the State tax Acts specified in subsection (a) of this Section within the boundaries of Madison, Monroe and St. Clair Counties for tax periods beginning on or after January 1, 1990. A local match equivalent to an amount which could be raised

by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b-5) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-6) As soon as possible after the first day of each month, beginning July 1, 2008, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Madison County under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2008, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Madison County.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (b-6) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-7) Beginning July 1, 2018, notwithstanding the other provisions of this Section, instead of the Comptroller making monthly transfers from the General Revenue Fund to the Downstate Public Transportation Fund, the Department of Revenue shall deposit the designated fraction of the net revenue realized from collections under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act directly into the Downstate Public Transportation Fund.

(c) The Department shall certify to the Department of Revenue the eligible participants under this Article and the territorial boundaries of such participants for the purposes of the Department of Revenue in subsections (a) and (b) of this Section.

(d) For the purposes of this Article, beginning in fiscal year 2009 the General Assembly shall appropriate an amount from the Downstate Public Transportation Fund equal to the sum total of funds projected to be paid to the participants pursuant to Section 2-7 [30 ILCS 740/2-7]. If the General Assembly fails to make appropriations sufficient to cover the amounts projected to be paid pursuant to Section 2-7, this Act shall constitute an irrevocable and continuing appropriation from the Downstate Public Transportation Fund of all amounts necessary for those purposes.

(e) (Blank).

(f) (Blank).

(g) (Blank).

(h) For State fiscal year 2020 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2020 shall be reduced by 5%.

(i) For State fiscal year 2021 only, notwithstanding any provision of law to the contrary, the total amount of revenue and deposits under this Section attributable to revenues realized during State fiscal year 2021 shall be reduced by 5%.

(j) Commencing with State fiscal year 2022 programs, and for each fiscal year thereafter, all appropriations made under the provisions of this Act shall not constitute a grant program subject to the requirements of the Grant Accountability and Transparency Act [30 ILCS 708/1]. The Department shall approve programs of proposed expenditures and services submitted by participants under the requirements of Sections 2-5 and 2-11 [30 ILCS 740/2-5 and 30 ILCS 740/2-11].

30 ILCS 740/2-5 Applications.

(a) Through State fiscal year 2021, each participant making application for grants pursuant to this Article shall submit to the Department at the time of making such application, on forms provided by the Department: (1) an estimate of projected operating deficits and a separate statement of eligible operating expenses and an estimate of all projected operating income or revenues; and (2) a program of proposed expenditures; all such submittals to be for the period of such grant. The program of proposed expenditures shall be directly related to the operation, maintenance or improvement of an existing system of public transportation serving the residents of the participant, and shall include the proposed expenditures for eligible operating expenses.

For Fiscal Year 1980 grant applications shall be submitted to the Department within 60 days of the effective date of this amendatory Act of 1979. Beginning with Fiscal Year 1981 and thereafter, grant applications shall be submitted to the Department by April 1 of the preceding fiscal year.

(b) For Fiscal Year 2022 applications for funding, and for each fiscal year thereafter, each participant making application for funding shall submit to the Department by April 1 of the preceding fiscal year, a program of proposed expenditures and services on forms provided by the Department, consisting of the following information: (1) an estimate of projected operating deficits and a separate statement of eligible operating expenses and an estimate of all projected operating income or revenues; and (2) a program of proposed expenditures and services; all such submittals to be for the period of such project. The program of proposed expenditures and services shall be directly related to the operation, maintenance, or improvement of an existing system of public transportation serving the residents of the participant, and shall include the proposed expenditures and services for eligible operating expenses.

30 ILCS 740/2-5.1 Additional requirements.

(a) Through State fiscal year 2021, any unit of local government that becomes a participant on or after the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-70] shall, in addition to any other requirements under this Article, meet all of the following requirements when applying for grants under this Article:

(1) The grant application must demonstrate the participant's plan to provide general public transportation with an emphasis on persons with disabilities and elderly and economically disadvantaged populations.

(2) The grant application must demonstrate the participant's plan for interagency coordination that, at a minimum, allows the participation of all State-funded and federally-funded agencies and programs with transportation needs in the proposed service area in the development of the applicant's public transportation program.

(3) Any participant serving a nonurbanized area that is not receiving Federal Section 5311 funding must meet the operating and safety compliance requirements as set forth in that federal program.

(4) The participant is required to hold public hearings to allow comment on the proposed service plan in all municipalities with populations of 1,500 inhabitants or more within the proposed service area.

(a-5) Any unit of local government that becomes a participant on or after the effective date of this amendatory Act of the 102nd General Assembly shall, in addition to any other requirements under this Article, meet all of the following requirements when applying for the approval of the program of proposed expenditures and services under this Article:

(1) The program of proposed expenditures and services must demonstrate the participant's plan to provide general public transportation with an emphasis on persons with disabilities and elderly and economically disadvantaged populations.

(2) The program of proposed expenditures and services must demonstrate the participant's plan for interagency coordination that, at a minimum, allows the participation of all State-funded and federally-funded agencies and programs with transportation needs in the proposed service area in the development of the applicant's public transportation program.

(3) Any participant serving a non-urbanized area that is not receiving Federal Section 5311 Program funding must meet the operating and safety compliance requirements as set forth in that federal program.

(4) The participant is required to hold public hearings to allow comment on the proposed service plan in all municipalities with populations of 1,500 inhabitants or more within the proposed service area.

(b) Service extensions by any participant after July 1, 2005 by either annexation or intergovernmental agreement must meet the 4 requirements of subsection (a).

(c) In order to receive funding, the Department shall certify that the participant has met the requirements of this Section. Funding priority shall be given to service extension, multi-county, and multi-jurisdictional projects.

(d) The Department shall develop an annual application process for existing or potential participants to request an initial appropriation or an appropriation exceeding the formula amount found in subsection (b-10) of Section 2-7 [30 ILCS 740/2-7] for

funding service in new areas in the next fiscal year. The application shall include, but not be limited to, a description of the new service area, proposed service in the new area, and a budget for providing existing and new service. The Department shall review the application for reasonableness and compliance with the requirements of this Section, and, if it approves the application, shall recommend to the Governor an appropriation for the next fiscal year in an amount sufficient to provide 65% of projected eligible operating expenses associated with a new participant's service area or the portion of an existing participant's service area that has been expanded by annexation or intergovernmental agreement. The recommended appropriation for the next fiscal year may exceed the formula amount found in subsection (b-10) of Section 2-7.

30 ILCS 740/2-7 Quarterly reports; annual audit. [Effective until January 1, 2023]

(a) Any Metro-East Transit District participant shall, no later than 60 days following the end of each quarter of any fiscal year, file with the Department on forms provided by the Department for that purpose, a report of the actual operating deficit experienced during that quarter. The Department shall, upon receipt of the quarterly report, determine whether the operating deficits were incurred in conformity with the program of proposed expenditures and services approved by the Department pursuant to Section 2-11 [30 ILCS 740/2-11]. Any Metro-East District may either monthly or quarterly for any fiscal year file a request for the participant's eligible share, as allocated in accordance with Section 2-6 [30 ILCS 740/2-6], of the amounts transferred into the Metro-East Public Transportation Fund.

(b) Each participant other than any Metro-East Transit District participant shall, 30 days before the end of each quarter, file with the Department on forms provided by the Department for such purposes a report of the projected eligible operating expenses to be incurred in the next quarter and 30 days before the third and fourth quarters of any fiscal year a statement of actual eligible operating expenses incurred in the preceding quarters. Except as otherwise provided in subsection (b-5), within 45 days of receipt by the Department of such quarterly report, the Comptroller shall order paid and the Treasurer shall pay from the Downstate Public Transportation Fund to each participant an amount equal to one-third of such participant's eligible operating expenses; provided, however, that in Fiscal Year 1997, the amount paid to each participant from the Downstate Public Transportation Fund shall be an amount equal to 47% of such participant's eligible operating expenses and shall be increased to 49% in Fiscal Year 1998, 51% in Fiscal Year 1999, 53% in Fiscal Year 2000, 55% in Fiscal Years 2001 through 2007, and 65% in Fiscal Year 2008 and thereafter; however, in any year that a participant receives funding under subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), that participant shall be eligible only for assistance equal to the following percentage of its eligible operating expenses: 42% in Fiscal Year 1997, 44% in Fiscal Year 1998, 46% in Fiscal Year 1999, 48% in Fiscal Year 2000, and 50% in Fiscal Year 2001 and thereafter. Any such payment for the third and fourth quarters of any fiscal year shall be adjusted to reflect actual eligible operating expenses for preceding quarters of such fiscal year. However, no participant shall receive an amount less than that which was received in the immediate prior year, provided in the event of a shortfall in the fund those participants receiving less than their full allocation pursuant to Section 2-6 of this Article shall be the first participants to receive an amount not less than that received in the immediate prior year.

(b-5) (Blank.)

(b-10) On July 1, 2008, each participant shall receive an appropriation in an amount equal to 65% of its fiscal year 2008 eligible operating expenses adjusted by the annual 10% increase required by Section 2-2.04 of this Act [30 ILCS 740/2-2.04]. In no case shall any participant receive an appropriation that is less than its fiscal year 2008 appropriation. Every fiscal year thereafter, each participant's appropriation shall increase by 10% over the appropriation established for the preceding fiscal year as required by Section 2-2.04 of this Act.

(b-15) Beginning on July 1, 2007, and for each fiscal year thereafter, each participant shall maintain a minimum local share contribution (from farebox and all other local revenues) equal to the actual amount provided in Fiscal Year 2006 or, for new recipients, an amount equivalent to the local share provided in the first year of participation. The local share contribution shall be reduced by an amount equal to the total amount of lost revenue for services provided under Section 2-15.2 and Section 2-15.3 of this Act [30 ILCS 740/2-15.2 and 30 ILCS 740/2-15.3].

(b-20) Any participant in the Downstate Public Transportation Fund may use State operating assistance funding pursuant to this Section to provide transportation services within any county that is contiguous to its territorial boundaries as defined by the Department and subject to Departmental approval. Any such contiguous-area service provided by a participant after July 1, 2007 must meet the requirements of subsection (a) of Section 2-5.1 [30 ILCS 740/2-5.1].

(c) No later than 180 days following the last day of the Fiscal Year each participant shall provide the Department with an audit prepared by a Certified Public Accountant covering that Fiscal Year. For those participants other than a Metro-East Transit District, any discrepancy between the funds paid and

the percentage of the eligible operating expenses provided for by paragraph (b) of this Section shall be reconciled by appropriate payment or credit. In the case of any Metro-East Transit District, any amount of payments from the Metro-East Public Transportation Fund which exceed the eligible deficit of the participant shall be reconciled by appropriate payment or credit.

30 ILCS 740/2-7 Quarterly reports; annual audit. [Effective January 1, 2023]

(a) Any Metro-East Transit District participant shall, no later than 60 days following the end of each quarter of any fiscal year, file with the Department on forms provided by the Department for that purpose, a report of the actual operating deficit experienced during that quarter. The Department shall, upon receipt of the quarterly report, determine whether the operating deficits were incurred in conformity with the program of proposed expenditures and services approved by the Department pursuant to Section 2-11. Any Metro-East District may either monthly or quarterly for any fiscal year file a request for the participant's eligible share, as allocated in accordance with Section 2-6, of the amounts transferred into the Metro-East Public Transportation Fund.

(b) Each participant other than any Metro-East Transit District participant shall, 30 days before the end of each quarter, file with the Department on forms provided by the Department for such purposes a report of the projected eligible operating expenses to be incurred in the next quarter and 30 days before the third and fourth quarters of any fiscal year a statement of actual eligible operating expenses incurred in the preceding quarters. Except as otherwise provided in subsection (b-5), within 45 days of receipt by the Department of such quarterly report, the Comptroller shall order paid and the Treasurer shall pay from the Downstate Public Transportation Fund to each participant an amount equal to one-third of such participant's eligible operating expenses; provided, however, that in Fiscal Year 1997, the amount paid to each participant from the Downstate Public Transportation Fund shall be an amount equal to 47% of such participant's eligible operating expenses and shall be increased to 49% in Fiscal Year 1998, 51% in Fiscal Year 1999, 53% in Fiscal Year 2000, 55% in Fiscal Years 2001 through 2007, and 65% in Fiscal Year 2008 and thereafter; however, in any year that a participant receives funding under subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), that participant shall be eligible only for assistance equal to the following percentage of its eligible operating expenses: 42% in Fiscal Year 1997, 44% in Fiscal Year 1998, 46% in Fiscal Year 1999, 48% in Fiscal Year 2000, and 50% in Fiscal Year 2001 and thereafter. Any such payment for the third and fourth quarters of any fiscal year shall be adjusted to reflect actual eligible operating expenses for preceding quarters of such fiscal year. However, no participant shall receive an amount less than that which was received in the immediate prior year, provided in the event of a shortfall in the fund those participants receiving less than their full allocation pursuant to Section 2-6 of this Article shall be the first participants to receive an amount not less than that received in the immediate prior year.

(b-5) (Blank.)

(b-10) On July 1, 2008, each participant shall receive an appropriation in an amount equal to 65% of its fiscal year 2008 eligible operating expenses adjusted by the annual 10% increase required by Section 2-2.04 of this Act. In no case shall any participant receive an appropriation that is less than its fiscal year 2008 appropriation. Every fiscal year thereafter, each participant's appropriation shall increase by 10% over the appropriation established for the preceding fiscal year as required by Section 2-2.04 of this Act.

(b-15) Beginning on July 1, 2007, and for each fiscal year thereafter, each participant shall maintain a minimum local share contribution (from farebox and all other local revenues) equal to the actual amount provided in Fiscal Year 2006 or, for new recipients, an amount equivalent to the local share provided in the first year of participation. The local share contribution shall be reduced by an amount equal to the total amount of lost revenue for services provided under Section 2-15.2 and Section 2-15.3 of this Act.

(b-20) Any participant in the Downstate Public Transportation Fund may use State operating assistance funding pursuant to this Section to provide transportation services within any county that is contiguous to its territorial boundaries as defined by the Department and subject to Departmental approval. Any such contiguous-area service provided by a participant after July 1, 2007 must meet the requirements of subsection (a) of Section 2-5.1.

(c) No later than 180 days following the last day of the participant's Fiscal Year each participant shall provide the Department with an audit prepared by a Certified Public Accountant covering that Fiscal Year. For those participants other than a Metro-East Transit District, any discrepancy between the funds paid and the percentage of the eligible operating expenses provided for by paragraph (b) of this Section shall be reconciled by appropriate payment or credit. In the case of any Metro-East Transit District, any amount of payments from the Metro-East Public Transportation Fund which exceed the eligible deficit of the participant shall be reconciled by appropriate payment or credit.

(d) Upon the Department's final reconciliation determination that identifies a discrepancy between

the Downstate Operating Assistance Program funds paid and the percentage of the eligible operating expenses which results in a reimbursement payment due to the Department, the participant shall remit the reimbursement payment to the Department no later than 90 days after written notification.

(e) Funds received by the Department from participants for reimbursement as a result of an over payment from a prior State fiscal year shall be deposited into the Downstate Public Transportation Fund in the fiscal year in which they are received and all unspent funds shall roll to following fiscal years.

(f) Upon the Department's final reconciliation determination that identifies a discrepancy between the Downstate Operating Assistance Program funds paid and the percentage of the eligible operating expenses which results in a reimbursement payment due to the participant, the Department shall remit the reimbursement payment to the participant no later than 90 days after written notifications.

30 ILCS 740/2-10 Cooperative projects.

Nothing in this Act shall prohibit any participant from including in a program of proposed expenditures and services funding for a portion of a cooperative public transportation project or purpose, the total cost of which is shared among one or more other participants or other financial contributors, as long as the residents of the participant are served by any such project or purpose.

HISTORY:
P.A. 82-783; 2021 P.A. 102-626, § 10, effective August 27, 2021.

30 ILCS 740/2-11 [Approval of program]

The Department shall review and approve or disapprove within 45 days of receipt each program of proposed expenditures and services submitted by any participant. Notwithstanding the above, in the event the Department is prevented from processing applications or certifying that a participant meets the requirements of this Section due to extraordinary circumstances beyond its control, the certification deadline for that application shall be stayed until the Department is able to process and certify the same. Notice from the Department, as well as an explanation of the extraordinary circumstances, shall be provided to each participant affected by such delay. The Department may disapprove a program of proposed expenditures and services or portions thereof only for the following reasons:

(a) A finding that expenditures are proposed for projects or purposes which are not in compliance with Section 2-5 [30 ILCS 740/2-5]; or

(b) A finding that expenditures are proposed for projects or purposes which are in conflict with established comprehensive transportation plans for a participant or a region of which it is a part; or

(c) In Fiscal Year 1980, with regard to the participants which have not received State operating assistance prior to the effective date of this amendatory Act of 1979, a finding by the Department that a proposed program submitted by such participant or any portion thereof is not in the public interest in that levels or kinds of service proposed exceeds the reasonable needs of the community served by such participant as demonstrated in the transportation development plan for such community or other studies and information available to the Department.

30 ILCS 740/2-14 Grants.

(a) Upon a determination by the Department that any initial or amended program of proposed expenditures is in compliance with the provisions of this Act, and upon approval thereof, the Department shall enter into one or more grant agreements with and shall make grants to that participant as necessary to implement the adopted program of expenditures.

(b) All grants by the Department pursuant to this Act shall be administered upon such conditions as the Secretary of Transportation shall determine, consistent with the provisions and purpose of this Act.

(c) For State fiscal year 2022 or any fiscal year thereafter, upon a determination by the Department

that any initial or amended program of proposed expenditure is in compliance with the provisions of this Act, and upon approval thereof, the Department shall enter into one or more agreements with the participant and shall obligate for payment to that participant as necessary to implement the adopted program of expenditure.

30 ILCS 740/2-17 County authorization to provide public transportation and to receive funds from appropriations to apply for funding in connection therewith.

(a) Any county or counties may, by ordinance, operate or otherwise provide for public transportation within such county or counties. In order to so provide for such public transportation, any county or counties may enter into agreements with any individual, corporation or other person or private or public entity to operate or otherwise assist in the provision of such public transportation services. Upon the execution of an agreement for the operation of such public transportation, the operator shall file 3 copies of such agreement certified by the clerk of the county executing the same with the Illinois Commerce Commission. Thereafter the Illinois Commerce Commission shall enter an order directing compliance by the operator with the provisions of Sections 55a and 55b of "An Act concerning public utilities", approved June 28, 1921, as amended.

(b) Any county may apply for, accept and expend moneys, loans or other funds from the State of Illinois or any department or agency thereof, from any unit of local government, from the federal government or any department or agency thereof, or from any other person or entity, for use in connection with any public transportation provided pursuant to this Section.

CHAPTER 35

REVENUE

USE AND OCCUPATION TAXES

USE TAX ACT

35 ILCS 105/9 [Payment to Department] [Effective until January 1, 2023]

Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. When determining the discount allowed under this Section, retailers shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act [35 ILCS 120/1et seq.], with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. The return shall include the gross receipts on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) which were received during the preceding calendar month, quarter, or year, as appropriate, and upon which tax would have been due but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. The return shall also include the amount of tax that would have been due on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly.

On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate

hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act [35 ILCS 105/2d];

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each retailer required or authorized to collect the tax imposed by this Act on aviation fuel sold at retail in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act [35 ILCS 115/1 et seq.], the Service Use Tax Act [35 ILCS 110/1 et seq.] was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment

to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. Quarter monthly payment status shall be determined under this paragraph as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) had not occurred. For quarter monthly payments due under this paragraph on or after July 1, 2023 and through June 30, 2024, "25% of the taxpayer's liability for the same calendar month of the preceding year" shall be determined as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly had not occurred. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Depart-

ment, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act [35 ILCS 105/3-55], then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act [625 ILCS 45/3-2], a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code [625 ILCS 5/5-402] and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and

address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuels Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act [415 ILCS 5/1 et seq.] or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act [35 ILCS 120/3], Section 9 of the Use Tax Act [5 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9], such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys

received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.] is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act [30 ILCS 425/13], an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act [30 ILCS 105/8.25f], but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Fiscal Year 2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	Total Deposit 450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois [20 ILCS 605/605-332].

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act [30 ILCS 105/8.25g] for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim, and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in

Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-10].

2042	$432,200,000
2043	$445,100,000

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law [35 ILCS 505/1.1], and "gasohol" has the meaning given to that term in Section 3-40 of this Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act [30 ILCS 105/8a].

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

35 ILCS 105/9 [Payment to Department] [Effective January 1, 2023]

Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. When determining the discount allowed under this Section, retailers shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act [35 ILCS 120/1et seq.], with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns required to be filed prior to January 1, 2023 for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. On and after January 1, 2023, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act, including, but not limited to, returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act [35 ILCS 105/2d];

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each retailer required or authorized to collect the tax imposed by this Act on aviation fuel sold at retail in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act [35 ILCS 115/1 et seq.], the Service Use Tax Act [35 ILCS 110/1 et seq.] was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such

taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. Quarter monthly payment status shall be determined under this paragraph as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) had not occurred. For quarter monthly payments due under this paragraph on or after July 1, 2023 and through June 30, 2024, "25% of the taxpayer's liability for the same calendar month of the preceding year" shall be determined as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly had not occurred. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file

his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act [35 ILCS 105/3-55], then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act [625 ILCS 45/3-2], a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code [625 ILCS 5/5-402] and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's

application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuels Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning Septem-

ber 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act [415 ILCS 5/1 et seq.] or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act [35 ILCS 120/3], Section 9 of the Use Tax Act [5 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9], such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.] is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act [30 ILCS 425/13], an

amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act [30 ILCS 105/8.25f], but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the

6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois [20 ILCS 605/605-332].

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act [30 ILCS 105/8.25g] for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim, and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-10].

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the State and Local Sales Tax Reform

Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law[35 ILCS 505/1.1], and "gasohol" has the meaning given to that term in Section 3-40 of this Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act [30 ILCS 105/8a].

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

SERVICE USE TAX ACT

35 ILCS 110/9 [Expenses in collecting; return]

Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. When determining the discount allowed under this Section, servicemen shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act [35 ILCS 115/1 et seq.] with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Depart-

ment. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. The return shall include the gross receipts which were received during the preceding calendar month or quarter on the following items upon which tax would have been due but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly: (i) food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption); and (ii) food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act [35 ILCS 115/1 et seq.] by an entity licensed under the Hospital Licensing Act [210 ILCS 85/1 et seq.], the Nursing Home Care Act [210 ILCS 45/1-101 et seq.], the Assisted Living and Shared Housing Act [210 ILCS 9/1 et seq.], the ID/DD Community Care Act [210 ILCS 47/1-101 et seq.], the MC/DD Act [210 ILCS 46/1-101 et seq.], the Specialized Mental Health Rehabilitation Act of 2013 [210 ILCS 49/1-101 et seq.], or the Child Care Act of 1969 [225 ILCS 10/1 et seq.], or an entity that holds a permit issued pursuant to the Life Care Facilities Act [210 ILCS 40/1 et seq.]. The return shall also include the amount of tax that would have been due on the items listed in the previous sentence but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly.

On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in business as a serviceman in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act [35 ILCS 110/2d];

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law [20 ILCS 2505/2505-210] shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an

amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act [35 ILCS 105/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], and the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.] an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act [35 ILCS 120/3], Section 9 of the Use Tax Act [35 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9], such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.], the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act [30 ILCS 425/13], an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f [30 ILCS 105/8.25f] of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act,

Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of

the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act [30 ILCS 105/8.25g] for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim, and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-10].

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into

the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act [30 ILCS 105/8a].

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

SERVICE OCCUPATION TAX ACT

35 ILCS 115/9 [Payment; returns; refunds]

Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. When determining the discount allowed under this Section, servicemen shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. The return shall include the gross receipts which were received during the preceding calendar month or quarter on the following items upon which tax would have been due but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly: (i) food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption); and (ii) food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Use Tax Act [35 ILCS 110/1 et seq.] by an entity licensed under the Hospital Licensing Act [210 ILCS 85/1 et seq.], the Nursing Home Care Act [210 ILCS 45/1-101 et seq.], the Assisted Living and Shared Housing Act [210 ILCS 9/1 et seq.], the ID/DD Community Care Act [210 ILCS 47/1-101 et seq.], the MC/DD Act [210 ILCS 46/1-101 et seq.], the Specialized Mental Health Rehabilitation Act of 2013 [210 ILCS 49/1-101 et seq.], or the Child Care Act of 1969 [225 ILCS 10/1 et seq.], or an entity that holds a permit issued pursuant to the Life Care Facilities Act [210 ILCS 40/1 et seq.]. The return shall also include the amount of tax that would have been due on the items listed in the previous sentence but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly.

On and after January 1, 2018, with respect to servicemen whose annual gross receipts average

$20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in business as a serviceman in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act [35 ILCS 115/2d];

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax herein imposed on aviation fuel acquired as an incident to the purchase of a service in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen transferring aviation fuel incident to sales of service shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax [35 ILCS 110/1 et seq.] as provided in Section 3-70 of the Service Use Tax Act [35 ILCS 110/3-70] if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall

make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law [20 ILCS 2505/2505-210] shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.], the Use Tax Act [35 ILCS 105/1 et seq.] or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate on sales of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, this Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act [35 ILCS 120/3], Section 9 of the Use Tax Act [35 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9], such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.], the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act [30 ILCS 425/13], an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act [30 ILCS 105/8.25f], but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois [20 ILCS 605/605-332].

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance

personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act [30 ILCS 105/8.25g] for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-1 et seq.]. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 105/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 105/25-10].

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on

motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act [30 ILCS 105/8a].

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act [35 ILCS 735/3-4].

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

RETAILERS' OCCUPATION TAX ACT

35 ILCS 120/3 [Filing returns] [Effective until January 1, 2023]

Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;

3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;

4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

5. Deductions allowed by law;

6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed, including gross receipts on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) which were received during the preceding calendar month or quarter and upon which tax would have been due but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly;

7. The amount of credit provided in Section 2d of this Act [35 ILCS 120/2d];

8. The amount of tax due, including the amount of tax that would have been due on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e [35 ILCS 120/2e] for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act [35 ILCS 105/3-85] if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due; and

6. Such other reasonable information as the Department may require.

Every person engaged in the business of selling aviation fuel at retail in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers selling aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934 [235 ILCS 5/1-1 et seq.], but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law [20 ILCS 2505/2505-210] shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such

year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act [35 ILCS 120/2-5], then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act [625 ILCS 45/3-2], a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code [625 ILCS 5/5-402] and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act [35 ILCS 120/1] allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transac-

tion; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. On and after January 1, 2021, a certified service provider, as defined in the Leveling the Playing Field for Illinois Retail Act, filing the return under this Section on behalf of a remote retailer shall, at the time of such return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%. A remote retailer using a certified service provider to file a return on its behalf, as provided in the Leveling the Playing Field for Illinois Retail Act, is not eligible for the discount. When determining the discount allowed under this Section, retailers shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return

is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act [35 ILCS 105/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], and the Service Use Tax Act [35 ILCS 110/1 et seq.], excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. Quarter monthly payment status shall be determined under this paragraph as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) had not occurred. For quarter monthly payments due under this paragraph on or after July 1, 2023 and through June 30, 2024, "25% of the taxpayer's liability for the same calendar month

of the preceding year" shall be determined as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly had not occurred. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d [35 ILCS 120/2d] of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f [35 ILCS 120/2f] and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the

taxpayer's liability to the Department under this Act for the month for which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act [415 ILCS 5/1 et seq.] or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act [35 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9],, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount

transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

Fiscal Year	Annual Specified Amount
1986	$54,800,000
1987	$76,650,000
1988	$80,480,000
1989	$88,510,000
1990	$115,330,000
1991	$145,470,000
1992	$182,730,000
1993	$206,520,000;

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act [30 ILCS 425/13]) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.] is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act [30 ILCS 105/8.25f], but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois [20 ILCS 605/605-332].

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occu-

pation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-1 et seq.]. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-10].

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last

Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act [35 ILCS 735/3-4].

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987 [225 ILCS 465/2], is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987 [225 ILCS 465/2], may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

35 ILCS 120/3 [Filing returns] [Effective January 1, 2023]

Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;

3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;

4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

5. Deductions allowed by law;

6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed, including gross receipts on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) which were received during the preceding calendar month or quarter and upon which tax would have been due but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly;

7. The amount of credit provided in Section 2d of this Act [35 ILCS 120/2d];

8. The amount of tax due, including the amount of tax that would have been due on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

On and after January 1, 2018, except for returns required to be filed prior to January 1, 2023 for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. On and after January 1, 2023, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act, including, but not limited to, returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e [35 ILCS 120/2e] for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due; and

6. Such other reasonable information as the Department may require.

Every person engaged in the business of selling aviation fuel at retail in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers selling aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934 [235 ILCS 5/1-1 et seq.], but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law [20 ILCS 2505/2505-210] shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act [35 ILCS 120/2-5], then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act [625 ILCS 45/3-2], a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code [625 ILCS 5/5-402] and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any;

the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act [35 ILCS 120/1] allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. On and after January 1, 2021, a certified service provider, as

defined in the Leveling the Playing Field for Illinois Retail Act, filing the return under this Section on behalf of a remote retailer shall, at the time of such return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%. A remote retailer using a certified service provider to file a return on its behalf, as provided in the Leveling the Playing Field for Illinois Retail Act, is not eligible for the discount. When determining the discount allowed under this Section, retailers shall include the amount of tax that would have been due at the 1% rate but for the 0% rate imposed under this amendatory Act of the 102nd General Assembly. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act [35 ILCS 105/1 et seq.], the Service Occupation Tax Act [35 ILCS 115/1 et seq.], and the Service Use Tax Act [35 ILCS 110/1 et seq.], excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Depart-

ment during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. Quarter monthly payment status shall be determined under this paragraph as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, food consisting of or infused with adult use cannabis, soft drinks, and food that has been prepared for immediate consumption) had not occurred. For quarter monthly payments due under this paragraph on or after July 1, 2023 and through June 30, 2024, "25% of the taxpayer's liability for the same calendar month of the preceding year" shall be determined as if the rate reduction to 0% in this amendatory Act of the 102nd General Assembly had not occurred. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d [35 ILCS 120/2d] of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f [35 ILCS 120/2f] and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month for which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act [415 ILCS 5/1 et seq.] or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year.

As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act [35 ILCS 105/9], Section 9 of the Service Use Tax Act [35 ILCS 110/9], and Section 9 of the Service Occupation Tax Act [35 ILCS 115/9],, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

Fiscal Year	Annual Specified Amount
1986	$54,800,000
1987	$76,650,000
1988	$80,480,000
1989	$88,510,000
1990	$115,330,000
1991	$145,470,000
1992	$182,730,000
1993	$206,520,000;

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act [30 ILCS 425/13]) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act [30 ILCS 425/1 et seq.] is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act [30 ILCS 425/12].

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act [30 ILCS 105/8.25f], but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Fiscal Year	Total Deposit
1993	$0
1994	53,000,000
1995	58,000,000

2036 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.	450,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act [70 ILCS 210/13], plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois [20 ILCS 605/605-332].

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act,

Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act [30 ILCS 740/2-3].

Subject to successful execution and delivery of a public-private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-1 et seq.]. The moneys received by the Department pursuant to this Act and required to be deposited into the Civic and Transit Infrastructure Fund are subject to the pledge, claim and charge set forth in Section 25-55 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-55]. As used in this paragraph, "civic build", "private entity", "public-private agreement", and "public agency" have the meanings provided in Section 25-10 of the Public-Private Partnership for Civic and Transit Infrastructure Project Act [30 ILCS 558/25-10].

Beginning July 1, 2021 and until July 1, 2022, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 16% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2022 and until July 1, 2023, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 32% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized

from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Law, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act [35 ILCS 105/3-40].

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act [35 ILCS 735/3-4].

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987 [225 ILCS 465/2], is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of

1987 [225 ILCS 465/2], may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

TRUTH IN TAXATION

35 ILCS 200/18-55 Short title and definitions

This Division 2 may be cited as the Truth in Taxation Law [35 ILCS 200/18-55 et seq.]. As used in this Division 2:

(a) "Taxing district" has the meaning specified in Section 1-150 [35 ILCS 200/1-150] and includes

home rule units, but from January 1, 2000 through December 31, 2002 does not include taxing districts that have territory in Cook County.

(b) "Aggregate levy" means the annual corporate levy of the taxing district and those special purpose levies which are made annually (other than debt service levies and levies made for the purpose of paying amounts due under public building commission leases).

(c) "Special purpose levies" include, but are not limited to, levies made on an annual basis for contributions to pension plans, unemployment and worker's compensation, or self-insurance.

(d) "Debt service" means levies made by any taxing district pursuant to home rule authority, statute, referendum, ordinance, resolution, indenture, agreement, or contract to retire the principal or pay interest on bonds, notes, debentures or other financial instruments which evidence indebtedness.

HISTORY:
P.A. 86-957; 86-1475; 88-455, § 18-55; 91-357, § 61; 91-523, § 5.

35 ILCS 200/18-56 Legislative purpose.

The purpose of this Law is to require taxing districts to disclose by publication and to hold a public hearing on their intention to adopt an aggregate levy in amounts more than 105% of the amount of property taxes extended or estimated to be extended, including any amount abated by the taxing district prior to such extension, upon the final aggregate levy of the preceding year.

HISTORY:
P.A. 88-660, § 64.

35 ILCS 200/18-60 Estimate of taxes to be levied.

Not less than 20 days prior to the adoption of its aggregate levy, hereafter referred to as "levy", the corporate authority of each taxing district shall determine the amounts of money, exclusive of any portion of that levy attributable to the cost of conducting an election required by the general election law, hereafter referred to as "election costs", estimated to be necessary to be raised by taxation for that year upon the taxable property in its district.

HISTORY:
P.A. 82-102; 88-455, § 18-60.

35 ILCS 200/18-65 Restriction on extension

Until it has complied with the notice and hearing provisions of this Article, no taxing district shall levy an amount of ad valorem tax which is more than 105% of the amount, exclusive of election costs, which has been extended or is estimated will be extended, plus any amount abated by the taxing district before extension, upon the final aggregate levy of the preceding year.

HISTORY:
P.A. 86-957; 88-455, § 18-65.

35 ILCS 200/18-70 More than 5% increase; notice and hearing required.

If the estimate of the corporate authority made as provided in Section 18-60 [35 ILCS 200/18-60] is more than 105% of the amount extended or estimated to be extended, plus any amount abated by the corporate authority prior to extension, upon the final aggregate levy of the preceding year, exclusive of election costs, the corporate authority shall give public notice of and hold a public hearing on its intent to adopt an aggregate levy in an amount which is more than 105% of the amount extended or estimated to be extended upon the final aggregate levy extensions, plus any amount abated, exclusive of election costs, for the preceding year. The hearing shall not coincide with the hearing on the proposed budget of the taxing district.

HISTORY:
P.A. 86-957; 88-455, § 18-70.

35 ILCS 200/18-72 [Public hearing to amend tax levy]

A school board shall give public notice of and hold a public hearing on its intent to amend a certificate of tax levy under Section 17-11.1 of the School Code [105 ILCS 5/17-11.1].

HISTORY:
P.A. 91-850, § 3.

35 ILCS 200/18-75 Notice; place of publication.

If the taxing district is located entirely in one county, the notice shall be published in an English language newspaper of general circulation published in the taxing district, or if there is no such newspaper, in an English language newspaper of general circulation published in the county and having circulation in the taxing district.

If the taxing district is located primarily in one county but extends into smaller portions of adjoining counties, the notice shall be published in a newspaper of general circulation published in the taxing district, or if there is no such newspaper, in a newspaper of general circulation published in each county in which any part of the district is located.

If the taxing district includes all or a large portion of 2 or more counties, the notice shall be published in a newspaper of general circulation published in each county in which any part of the district is located.

If a taxing district has a website maintained by the full-time staff of the taxing district, then the notice shall be posted on the website in addition to the other requirements of this Section. The failure of a taxing district to post the notice on its website shall not invalidate the notice or any action taken on the tax levy.

HISTORY:
P.A. 86-957; 88-455, § 18-75; 99-367, § 5.

35 ILCS 200/18-80 Time and form of notice

The notice shall appear not more than 14 days nor less than 7 days prior to the date of the public hearing. The notice shall be no less than ⅛ page in size, and the smallest type used shall be 12 point and shall be enclosed in a black border no less than ¼ inch wide. The notice shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The notice shall be published in substantially the following form:

Notice of Proposed Property Tax Increase for … (commonly known name of taxing district).

I. A public hearing to approve a proposed property tax levy increase for … (legal name of the taxing district) … for … (year) … will be held on … (date) … at … (time) … at … (location).

Any person desiring to appear at the public hearing and present testimony to the taxing district may contact … (name, title, address and telephone number of an appropriate official).

II. The corporate and special purpose property taxes extended or abated for … (preceding year) … were … (dollar amount of the final aggregate levy as extended, plus the amount abated by the taxing district prior to extension).

The proposed corporate and special purpose property taxes to be levied for … (current year) … are … (dollar amount of the proposed aggregate levy). This represents a … (percentage) … increase over the previous year.

III. The property taxes extended for debt service and public building commission leases for … (preceding year) … were … (dollar amount).

The estimated property taxes to be levied for debt service and public building commission leases for … (current year) … are … (dollar amount). This represents a … (percentage increase or decrease) … over the previous year.

IV. The total property taxes extended or abated for … (preceding year) … were … (dollar amount).

The estimated total property taxes to be levied for … (current year) … are … (dollar amount). This represents a … (percentage increase or decrease) … over the previous year.

Any notice which includes any information not specified and required by this Article shall be an invalid notice.

All hearings shall be open to the public. The corporate authority of the taxing district shall explain the reasons for the proposed increase and shall permit persons desiring to be heard an opportunity to present testimony within reasonable time limits as it determines.

HISTORY:
P.A. 86-957; 88-455, § 18-80; 92-382, § 5.

35 ILCS 200/18-85 Notice if adopted levy exceeds proposed levy

If the final aggregate tax levy resolution or ordinance adopted is more than 105% of the amount, exclusive of election costs, which was extended or is estimated to be extended, plus any amount abated by the taxing district prior to extension, upon the final aggregate levy of the preceding year and is in excess of the amount of the proposed levy stated in the notice published under Section 18-70 [35 ILCS 200/18-70], or is more than 105% of that amount and no notice was required under Section 18-70, the corporate authority shall give public notice of its action within 15 days of the adoption of the levy in the following form:

Notice of Adopted Property Tax Increase for … (commonly known name of taxing district).

I. The corporate and special purpose property taxes extended or abated for … (preceding year) … were … (dollar amount of the final aggregate levy as extended).

The adopted corporate and special purpose property taxes to be levied for … (current year) … are … (dollar amount of the proposed aggregate levy). This represents a … (percentage) … increase over the previous year.

II. The property taxes extended for debt service and public building commission leases for … (preceding year) … were … (dollar amount).

The estimated property taxes to be levied for debt service and public building commission leases for … (current year) … are … (dollar amount). This represents a … (percentage increase or decrease) … over the previous year.

III. The total property taxes extended or abated for … (preceding year) … were … (dollar amount).

The estimated total property taxes to be levied for … (current year) … are … (dollar amount). This represents a … (percentage increase or decrease) … over the previous year.

IV. The estimated total property taxes to be levied for … (current year) … are … (dollar amount). This represents a … (percentage increase or decrease) … over the previous year.

A taxing district may, in its discretion and if applicable, include the following in the notice:

V. The taxing district has estimated its equalized assessed valuation to secure new growth revenue and must adhere to the Property Tax Extension Limitation Law (PTELL or "tax cap" law). PTELL limits the increase over the prior year in the property tax extension of this taxing district to the lesser of 5% or the percentage increase in the Consumer Price Index (CPI), which is (insert applicable CPI percentage increase).

35 ILCS 200/18-90 Limitation on extension of county clerk

The tax levy resolution or ordinance approved in

the manner provided for in this Article shall be filed with the county clerk in the manner and at the time otherwise provided by law. No amount more than 105% of the amount, exclusive of election costs, which has been extended or is estimated to be extended, plus any amount abated by the taxing district prior to extension, upon the final aggregate levy of the preceding year shall be extended unless the tax levy ordinance or resolution is accompanied by a certification by the presiding officer of the corporate authority certifying compliance with or inapplicability of the provisions of Sections 18-60 through 18-85 [35 ILCS 200/18-60 through 35 ILCS 200/18-85]. An amount extended under Section 18-107 [35 ILCS 200/18-107] in 1994 for a multi-township assessment district that did not file a certification of compliance with the Truth in Taxation Law [35 ILCS 200/18-55 et seq.] may not exceed 105% of the amount, exclusive of election costs, that was extended in 1993, plus a proportional amount abated before extension, upon the levy or portion of a levy that is allocable to assessment purposes in each township that is a member of that multi-township assessment district.

DIVISION 5.

PROPERTY TAX EXTENSION LIMITATION LAW

35 ILCS 200/18-185 Short title; definitions.

This Division 5 may be cited as the Property Tax Extension Limitation Law. As used in this Division 5:

"Consumer Price Index" means the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor.

"Extension limitation" means (a) the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year or (b) the rate of increase approved by voters under Section 18-205 [35 ILCS 200/18-205].

"Affected county" means a county of 3,000,000 or more inhabitants or a county contiguous to a county of 3,000,000 or more inhabitants.

"Taxing district" has the same meaning provided in Section 1-150 [35 ILCS 200/1-150], except as otherwise provided in this Section. For the 1991 through 1994 levy years only, "taxing district" includes only each non-home rule taxing district having the majority of its 1990 equalized assessed value within any county or counties contiguous to a county with 3,000,000 or more inhabitants. Beginning with the 1995 levy year, "taxing district" includes only each non-home rule taxing district subject to this Law before the 1995 levy year and each non-home rule taxing district not subject to this Law before the 1995 levy year having the majority of its 1994 equalized assessed value in an affected county or counties. Beginning with the levy year in which this Law becomes applicable to a taxing district as provided in Section 18-213 [35 ILCS 200/18-213], "taxing district" also includes those taxing districts made subject to this Law as provided in Section 18-213.

"Aggregate extension" for taxing districts to which this Law applied before the 1995 levy year means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before October 1, 1991; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before October 1, 1991; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after October 1, 1991 that were approved by

referendum; (e) made for any taxing district to pay interest or principal on revenue bonds issued before October 1, 1991 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before October 1, 1991, to pay for the building project; (g) made for payments due under installment contracts entered into before October 1, 1991; (h) made for payments of principal and interest on bonds issued under the Metropolitan Water Reclamation District Act [70 ILCS 2605/1 et seq.] to finance construction projects initiated before October 1, 1991; (i) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act [30 ILCS 350/3], in an amount not to exceed the debt service extension base less the amount in items (b), (c), (e), and (h) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (j) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act [30 ILCS 350/15]; (k) made by a school district that participates in the Special Education District of Lake County, created by special education joint agreement under Section 10-22.31 of the School Code [105 ILCS 5/10-22.31], for payment of the school district's share of the amounts required to be contributed by the Special Education District of Lake County to the Illinois Municipal Retirement Fund under Article 7 of the Illinois Pension Code [40 ILCS 5/7-101 et seq.]; the amount of any extension under this item (k) shall be certified by the school district to the county clerk; (l) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code [70 ILCS 1205/5-8] or Section 11-95-14 of the Illinois Municipal Code [65 ILCS 5/11-95-14]; (m) made for temporary relocation loan repayment purposes pursuant to Sections 2-3.77 and 17-2.2d [105 ILCS 5/2-3.77 and 105 ILCS 5/17-2.2d] of the School Code; (n) made for payment of principal and interest on any bonds issued under the authority of Section 17-2.2d of the School Code; (o) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code [40 ILCS 5/4-101 et seq.], to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code [40 ILCS 5/4-134]; and (p) made for road purposes in the first year after a township assumes the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of a road district abolished under the provisions of Section 6-133 of the Illinois Highway Code [605 ILCS 5/6-133].

"Aggregate extension" for the taxing districts to which this Law did not apply before the 1995 levy year (except taxing districts subject to this Law in accordance with Section 18-213) means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before March 1, 1995; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before March 1, 1995; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after March 1, 1995 that were approved by referendum; (e) made for any taxing district to pay interest or principal on revenue bonds issued before March 1, 1995 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before March 1, 1995 to pay for the building project; (g) made for payments due under installment contracts entered into before March 1, 1995; (h) made for payments of principal and interest on bonds issued under the Metropolitan Water Reclamation District Act to finance construction projects initiated before October 1, 1991; (h-4) made for stormwater management purposes by the Metropolitan Water Reclamation District of Greater Chicago under Section 12 of the Metropolitan Water Reclamation District Act [70 ILCS 2605/12]; (h-8) made for payments of principal and interest on bonds issued under Section 9.6a of the Metropolitan Water Reclamation District Act [70 ILCS 2605/9.6a] to make contributions to the pension fund established under Article 13 of the Illinois Pension Code; (i) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act [30 ILCS 350/3], in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum and bonds described in subsections (h) and (h-8) of this definition; (j) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act [30 ILCS 350/15]; (k) made for payments of principal and interest on bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act [70 ILCS 1505/20a] for aquarium or museum projects and bonds issued under Section 20a of the Chicago Park District Act for the purpose of making contributions to the pension fund established

under Article 12 of the Illinois Pension Code [40 ILCS 5/12-101 et seq.]; (l) made for payments of principal and interest on bonds authorized by Public Act 87-1191 or 93-601 and (i) issued pursuant to Section 21.2 of the Cook County Forest Preserve District Act [70 ILCS 810/21.2], (ii) issued under Section 42 of the Cook County Forest Preserve District Act [70 ILCS 810/42] for zoological park projects, or (iii) issued under Section 44.1 of the Cook County Forest Preserve District Act [70 ILCS 810/44.1] for botanical gardens projects; (m) made pursuant to Section 34-53.5 of the School Code [105 ILCS 5/34-53.5], whether levied annually or not; (n) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code [70 ILCS 1205/5-8] or Section 11-95-14 of the Illinois Municipal Code [65 ILCS 5/11-95-14]; (o) made by the Chicago Park District for recreational programs for persons with disabilities under subsection (c) of Section 7.06 of the Chicago Park District Act [70 ILCS 1505/7.06]; (p) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code [40 ILCS 5/4-134]; (q) made by Ford Heights School District 169 under Section 17-9.02 of the School Code [105 ILCS 5/17-9.02]; and (r) made for the purpose of making employer contributions to the Public School Teachers' Pension and Retirement Fund of Chicago under Section 34-53 of the School Code [105 ILCS 5/34-53].

"Aggregate extension" for all taxing districts to which this Law applies in accordance with Section 18-213, except for those taxing districts subject to paragraph (2) of subsection (e) of Section 18-213, means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before the date on which the referendum making this Law applicable to the taxing district is held; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before the date on which the referendum making this Law applicable to the taxing district is held; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after the date on which the referendum making this Law applicable to the taxing district is held if the bonds were approved by referendum after the date on which the referendum making this Law applicable to the taxing district is held; (e) made for any taxing district to pay interest or principal on revenue bonds issued before the date on which the referendum making this Law applicable to the taxing district is held for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before the date on which the referendum making this Law applicable to the taxing district is held to pay for the building project; (g) made for payments due under installment contracts entered into before the date on which the referendum making this Law applicable to the taxing district is held; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act [30 ILCS 350/3], in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act [30 ILCS 350/15]; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code; and (m) made for the taxing district to pay interest or principal on general obligation bonds issued pursuant to Section 19-3.10 of the School Code.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before March 7, 1997 (the effective date of Public Act 89-718); (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before March 7, 1997 (the effective date of Public Act 89-718); (d) made for any taxing district to pay interest or principal on bonds issued to refund or

continue to refund bonds issued after March 7, 1997 (the effective date of Public Act 89-718) if the bonds were approved by referendum after March 7, 1997 (the effective date of Public Act 89-718); (e) made for any taxing district to pay interest or principal on revenue bonds issued before March 7, 1997 (the effective date of Public Act 89-718) for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before March 7, 1997 (the effective date of Public Act 89-718) to pay for the building project; (g) made for payments due under installment contracts entered into before March 7, 1997 (the effective date of Public Act 89-718); (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for persons with disabilities under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section 18-212, shall be increased each year commencing with the later of (i) the 2009 levy year or (ii) the first levy year in which this Law becomes applicable to the taxing district, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year. The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, 18-230, 18-206, and 18-233 [35 ILCS 200/18-135, 35 ILCS 200/18-215, 35 ILCS 200/18-230, 35 ILCS 200/18-206, 35 ILCS 200/18-215, and 35 ILCS 200/18-233]. Beginning with levy year 2022, for taxing districts that are specified in Section 18-190.7, the taxing district's aggregate extension base shall be calculated as provided in Section 18-190.7 [35 ILCS 200/18-190.7]. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall

be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

Notwithstanding any other provision of law, for levy year 2012, the aggregate extension base for West Northfield School District No. 31 in Cook County shall be $12,654,592.

Notwithstanding any other provision of law, for levy year 2022, the aggregate extension base of a home equity assurance program that levied at least $1,000,000 in property taxes in levy year 2019 or 2020 under the Home Equity Assurance Act shall be the amount that the program's aggregate extension base for levy year 2021 would have been if the program had levied a property tax for levy year 2021.

"Levy year" has the same meaning as "year" under Section 1-155 [35 ILCS 200/1-155].

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value, and (iv) any increase in assessed value due to oil or gas production from an oil or gas well required to be permitted under the Hydraulic Fracturing Regulatory Act [225 ILCS 732/1-1 et seq.] that was not produced in or accounted for during the previous levy year. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act [70 ILCS 5/0.01 et seq.] and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code [65 ILCS 5/11-74.5-11 et seq.], previously established under the Economic Development Project Area Tax Increment Act of 1995 [65 ILCS 110/1 et seq.], or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate

extension for the last preceding levy year, except for school districts that reduced their extension for educational purposes pursuant to Section 18-206, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided. In the case of a taxing district that obtained referendum approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that generates the approximate total amount of taxes extendable for that tax year, as set forth in the proposition approved by the voters; this rate shall be the final rate applied by the county clerk for the aggregate of all capped funds of the district for tax year 2012.

35 ILCS 200/18-190 Direct referendum; new rate or increased limiting rate.

(a) If a new rate is authorized by statute to be imposed without referendum or is subject to a back-door referendum, as defined in Section 28-2 of the Election Code [10 ILCS 5/28-2], the governing body of the affected taxing district before levying the new rate shall submit the new rate to direct referendum under the provisions of this Section and of Article 28 of the Election Code [10 ILCS 5/28-1 et seq.]. Notwithstanding any other provision of law, the levies authorized by Sections 21-110 and 21-110.1 of the Illinois Pension Code [40 ILCS 5/21-110 and 40 ILCS 5/21-110.1] shall not be considered new rates; however, nothing in this amendatory Act of the 98th General Assembly [P.A. 98-1088] authorizes a taxing district to increase its limiting rate or its aggregate extension without first obtaining referendum approval as provided in this Section. Notwithstanding the provisions, requirements, or limitations of any other law, any tax levied for the 2005 levy year and all subsequent levy years by any taxing district subject to this Law may be extended at a rate exceeding the rate established for that tax by referendum or statute, provided that the rate does not exceed the statutory ceiling above which the tax is not authorized to be further increased either by referendum or in any other manner. Notwithstanding the provisions, requirements, or limitations of any other law, all taxing districts subject to this Law shall follow the provisions of this Section whenever seeking referenda approval after March 21, 2006 to (i) levy a new tax rate authorized by statute or (ii) increase the limiting rate applicable to the taxing district. All taxing districts subject to this Law are authorized to seek referendum approval of each proposition described and set forth in this Section.

The proposition seeking to obtain referendum approval to levy a new tax rate as authorized in clause (i) shall be in substantially the following form:

Shall …… (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be authorized to levy a new tax for …. purposes and have an additional tax of …. % of the equalized assessed value of the taxable property therein extended for such purposes?

The votes must be recorded as "Yes" or "No".

The proposition seeking to obtain referendum approval to increase the limiting rate as authorized in clause (ii) shall be in substantially the following form:

Shall the limiting rate under the Property Tax Extension Limitation Law for …… (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased by an additional amount equal to …. % above the limiting rate for the purpose of …… (insert purpose) for levy year …. (insert the most recent levy year for which the limiting rate of the taxing district is known at the time the submission of the proposition is initiated by the taxing district) and be equal to …. % of the equalized assessed value of the taxable property therein for levy year(s) (insert each levy year for which the increase will be applicable, which years must be consecutive and may not exceed 4)?

The votes must be recorded as "Yes" or "No".

The ballot for any proposition submitted pursuant to this Section shall have printed thereon, but not as a part of the proposition submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

(1) The approximate amount of taxes extendable at the most recently extended limiting rate is $ …., and the approximate amount of taxes extendable if the proposition is approved is $ ….

(2) For the ….(insert the first levy year for which the new rate or increased limiting rate will

be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of $100,000 is estimated to be $ …..

(3) Based upon an average annual percentage increase (or decrease) in the market value of such property of …. % (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the proposition is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the …. levy year is estimated to be $…. and for the …. levy year is estimated to be $ …..

(4) If the proposition is approved, the aggregate extension for …. (insert each levy year for which the increase will apply) will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law (commonly known as the Property Tax Cap Law).

The approximate amount of taxes extendable shown in paragraph (1) shall be computed upon the last known equalized assessed value of taxable property in the taxing district (at the time the submission of the proposition is initiated by the taxing district). Paragraph (3) shall be included only if the increased limiting rate will be applicable for more than one levy year and shall list each levy year for which the increased limiting rate will be applicable. The additional tax shown for each levy year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the proposition is initiated by the taxing district. The approximate amount of the additional taxes extendable shown in paragraphs (2) and (3) shall be calculated by multiplying $100,000 (the fair market value of the property without regard to any property tax exemptions) by (i) the percentage level of assessment prescribed for that property by statute, or by ordinance of the county board in counties that classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution [Ill. Const. (1970) Art. IX, § 4]; (ii) the most recent final equalization factor certified to the county clerk by the Department of Revenue at the time the taxing district initiates the submission of the proposition to the electors; and (iii) either the new rate or the amount by which the limiting rate is to be increased. This amendatory Act of the 97th General Assembly [P.A. 97-1087] is intended to clarify the existing requirements of this Section, and shall not be construed to validate any prior non-compliant referendum language. Paragraph (4) shall be included if the proposition concerns a limiting rate increase but shall not be included if the proposition concerns a new rate. Any notice required to be published in connection with the submission of the proposition shall also contain this supplemental information and shall not contain any other supplemental information regarding the proposition. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot and in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the proposition shall be initiated as provided by law.

If a majority of all ballots cast on the proposition are in favor of the proposition, the following provisions shall be applicable to the extension of taxes for the taxing district:

(A) a new tax rate shall be first effective for the levy year in which the new rate is approved;

(B) if the proposition provides for a new tax rate, the taxing district is authorized to levy a tax after the canvass of the results of the referendum by the election authority for the purposes for which the tax is authorized;

(C) a limiting rate increase shall be first effective for the levy year in which the limiting rate increase is approved, provided that the taxing district may elect to have a limiting rate increase be effective for the levy year prior to the levy year in which the limiting rate increase is approved unless the extension of taxes for the prior levy year occurs 30 days or less after the canvass of the results of the referendum by the election authority in any county in which the taxing district is located;

(D) in order for the limiting rate increase to be first effective for the levy year prior to the levy year of the referendum, the taxing district must certify its election to have the limiting rate increase be effective for the prior levy year to the clerk of each county in which the taxing district is located not more than 2 days after the date the results of the referendum are canvassed by the election authority; and

(E) if the proposition provides for a limiting rate increase, the increase may be effective regardless of whether the proposition is approved before or after the taxing district adopts or files its levy for any levy year.

Rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are not new rates or rate increases under this Section if a levy has been made for the fund in one or more of the preceding 3 levy years. Changes made by this amendatory Act of 1997 to this Section in reference to rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are declarative of existing law and not a new enactment.

(b) Whenever other applicable law authorizes a taxing district subject to the limitation with respect

to its aggregate extension provided for in this Law to issue bonds or other obligations either without referendum or subject to backdoor referendum, the taxing district may elect for each separate bond issuance to submit the question of the issuance of the bonds or obligations directly to the voters of the taxing district, and if the referendum passes the taxing district is not required to comply with any backdoor referendum procedures or requirements set forth in the other applicable law. The direct referendum shall be initiated by ordinance or resolution of the governing body of the taxing district, and the question shall be certified to the proper election authorities in accordance with the provisions of the Election Code [10 ILCS 5/1-1 et seq.].

35 ILCS 200/18-190.5 School districts

The requirements of Section 18-190 of this Code [35 ILCS 200/18-190] for a direct referendum on the imposition of a new or increased tax rate do not apply to tax levies that are not included in the aggregate extension for those taxing districts to which this Law did not apply before the 1995 levy year (except taxing districts subject to this Law in accordance with Section 18-213 of this Code [35 ILCS 200/18-213]) pursuant to clauses (m) and (q) of Section 18-185 of this Code [35 ILCS 200/18-185].

HISTORY:
P.A. 92-547, § 5; 94-1078, § 5.

35 ILCS 200/18-190.7 Alternative aggregate extension base for certain taxing districts; recapture.

(a) This Section applies to the following taxing districts that are subject to this Division 5:

(1) school districts that have a designation of recognition or review according to the State Board of Education's School District Financial Profile System as of the first day of the levy year for which the taxing district seeks to increase its aggregate extension under this Section;

(2) park districts;

(3) library districts; and

(4) community college districts.

(b) Subject to the limitations of subsection (c), beginning in levy year 2022, a taxing district specified in subsection (a) may recapture certain levy amounts that are otherwise unavailable to the taxing district as a result of the taxing district not extending the maximum amount permitted under this Division 5 in a previous levy year. For that purpose, the taxing district's aggregate extension base shall be the greater of: (1) the taxing district's aggregate extension limit; or (2) the taxing district's last preceding aggregate extension, as adjusted under Sections 18-135, 18-215, 18-230, 18-206, and 18-233 [35 ILCS 200/18-135, 35 ILCS 200/18-215, 35 ILCS 200/18-230, 35 ILCS 200/18-206, and 35 ILCS 200/18-233].

(c) Notwithstanding the provisions of this Section, the aggregate extension of a taxing district that uses an aggregate extension limit under this Section for a particular levy year may not exceed the taxing district's aggregate extension for the immediately preceding levy year by more than 5% unless the increase is approved by the voters under Section 18-205 [35 ILCS 200/18-205]; however, if a taxing district is unable to recapture the entire unrealized levy amount in a single levy year due to the limitations of this subsection (c), the taxing district may increase its aggregate extension in each immediately succeeding levy year until the entire levy amount is recaptured, except that the increase in each succeeding levy year may not exceed the greater of (i) 5% or (ii) the increase approved by the voters under Section 18-205.

In order to be eligible for recapture under this Section, the taxing district must certify to the county clerk that the taxing district did not extend the maximum amount permitted under this Division 5 for a particular levy year. That certification must be made not more than 60 days after the taxing district files its levy ordinance or resolution with the county clerk for the levy year for which the taxing district did not extend the maximum amount permitted under this Division 5.

(d) As used in this Section, "aggregate extension limit" means the taxing district's last preceding aggregate extension if the district had utilized the maximum limiting rate permitted without referendum for each of the 3 immediately preceding levy years, as adjusted under Section 18-135, 18-215, 18-230, 18-206, and 18-233.

HISTORY:
2022 P.A. 102-895, § 10, effective May 23, 2022.

35 ILCS 200/18-195 Limitation.

Tax extensions made under Sections 18-45 and 18-105 [35 ILCS 200/18-45 and 35 ILCS 200/18-105] are further limited by the provisions of this Law.

For those taxing districts that have levied in any previous levy year for any funds included in the aggregate extension, the county clerk shall extend a rate for the sum of these funds that is no greater than the limiting rate.

For those taxing districts that have never levied for any funds included in the aggregate extension, the county clerk shall extend an amount no greater than the amount approved by the voters in a referendum under Section 18-210 [35 ILCS 200/18-210].

If the county clerk is required to reduce the aggregate extension of a taxing district by provisions of this Law, the county clerk shall proportionally reduce the extension for each fund unless otherwise requested by the taxing district.

Upon written request of the corporate authority of a village, the county clerk shall calculate separate limiting rates for the library funds and for the aggregate of the other village funds in order to reduce the funds as may be required under provisions of this Law. In calculating the limiting rate for the library, the county clerk shall use only the part of the aggregate extension base applicable to the library, and for any rate increase or decrease factor under Section 18-230 [35 ILCS 200/18-230] the county clerk shall use only any new rate or rate increase applicable to the library funds and the part of the rate applicable to the library in determining factors under that Section. The county clerk shall calculate the limiting rate for all other village funds using only the part of the aggregate extension base not applicable to the library, and for any rate increase or decrease factor under Section 18-230 the county clerk shall use only any new rate or rate increase not applicable to the library funds and the part of the rate not applicable to the library in determining factors under that Section. If the county clerk is required to reduce the aggregate extension of the library portion of the levy, the county clerk shall proportionally reduce the extension for each library fund unless otherwise requested by the library board. If the county clerk is required to reduce the aggregate extension of the portion of the levy not applicable to the library, the county clerk shall proportionally reduce the extension for each fund not applicable to the library unless otherwise requested by the village.

Beginning with the 1998 levy year upon written direction of a county or township community mental health board, the county clerk shall calculate separate limiting rates for the community mental health funds and for the aggregate of the other county or township funds in order to reduce the funds as may be required under provisions of this Law. In calculating the limiting rate for the community mental health funds, the county clerk shall use only the part of the aggregate extension base applicable to the community mental health funds; and for any rate increase or decrease factor under Section 18-230, the county clerk shall use only any new rate or rate increase applicable to the community mental health funds and the part of the rate applicable to the community mental health board in determining factors under that Section. The county clerk shall calculate the limiting rate for all other county or township funds using only the part of the aggregate extension base not applicable to community mental health funds; and for any rate increase or decrease factor under Section 18-230, the county clerk shall use only any new rate or rate increase not applicable to the community mental health funds and the part of the rate not applicable to the community mental health board in determining factors under that Section. If the county clerk is required to reduce the aggregate extension of the community mental health board portion of the levy, the county clerk shall proportionally reduce the extension for each community mental health fund unless otherwise directed by the community mental health board. If the county clerk is required to reduce the aggregate extension of the portion of the levy not applicable to the community mental health board, the county clerk shall proportionally reduce the extension for each fund not applicable to the community mental health board unless otherwise directed by the county or township.

If the governmental unit is not subject to Section 1.1 or 1.2 of the Community Care for Persons with Developmental Disabilities Act [50 ILCS 835/1.1 or 50 ILCS 835/1.2], then: (i) beginning with the 2001 levy year for a county or township board before the effective date of this amendatory Act of the 100th General Assembly, upon written direction of a county or township board for care and treatment of persons with a developmental disability, the county clerk shall calculate separate limiting rates for the funds for persons with a developmental disability and for the aggregate of the other county or township funds in order to reduce the funds as may be required under provisions of this Law; and (ii) beginning with the levy year next following the effective date of this amendatory Act of the 100th General Assembly, upon written direction of the board of a governmental unit not covered under item (i) for care and treatment of persons with a developmental disability, the county clerk shall calculate separate limiting rates for the funds for persons with a developmental disability and for the aggregate of the other governmental unit funds in order to reduce the funds as may be required under provisions of this Law. If the governmental unit is subject to Section 1.1 or 1.2 of the Community Care for Persons with Developmental Disabilities Act, then, beginning with the levy year in which the voters approve the tax under Section 1.1 or 1.2 of that Act, the county clerk shall calculate separate limiting rates for the funds for persons with a developmental disability and for the aggregate of the other governmental unit funds in order to reduce the funds as may be required under provisions of this Law. In calculating the limiting rate for the funds for persons with a developmental disability, the county clerk shall use only the part of the aggregate extension base applicable to the funds for persons with a developmental disability; and for any rate increase or decrease factor under Section 18-230, the county clerk shall use only any new rate or rate increase applicable to the funds for persons with a developmental disability and the part of the rate applicable to the board for care and treatment of persons with a developmental disability in determining factors under that Section. The county clerk shall calculate the limiting rate for all other governmental unit funds using only the part of the aggregate extension base not applicable to funds for persons with a developmental disability; and for any rate increase or decrease factor under Section 18-230, the county clerk shall use only any new rate or rate increase not applicable to the funds for persons with a developmental disability and the part of the rate not appli-

cable to the board for care and treatment of persons with a developmental disability in determining factors under that Section. If the county clerk is required to reduce the aggregate extension of the board for care and treatment of persons with a developmental disability portion of the levy, the county clerk shall proportionally reduce the extension for each fund for persons with a developmental disability unless otherwise directed by the board for care and treatment of persons with a developmental disability. If the county clerk is required to reduce the aggregate extension of the portion of the levy not applicable to the board for care and treatment of persons with a developmental disability, the county clerk shall proportionally reduce the extension for each fund not applicable to the board for care and treatment of persons with a developmental disability unless otherwise directed by the governmental unit.

As used in this Section, "governmental unit" has the meaning given to that term in Section 0.05 of the Community Care for Persons with Developmental Disabilities Act [50 ILCS 835/0.05].

35 ILCS 200/18-205 Referendum to increase the extension limitation

A taxing district is limited to an extension limitation of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year, whichever is less. A taxing district may increase its extension limitation for one or more levy years if that taxing district holds a referendum before the levy date for the first levy year at which a majority of voters voting on the issue approves adoption of a higher extension limitation. Referenda shall be conducted at a regularly scheduled election in accordance with the Election Code [10 ILCS 5/1-1 et seq.]. The question shall be presented in substantially the following manner for all elections held after March 21, 2006:

Shall the extension limitation under the Property Tax Extension Limitation Law for (insert the legal name, number, if any, and county or counties of the taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased from the lesser of 5% or the percentage increase in the Consumer Price Index over the prior levy year to (insert the percentage of the proposed increase)% per year for (insert each levy year for which the increased extension limitation will apply)?

The votes must be recorded as "Yes" or "No".

If a majority of voters voting on the issue approves the adoption of the increase, the increase shall be applicable for each levy year specified.

The ballot for any question submitted pursuant to this Section shall have printed thereon, but not as a part of the question submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

(1) For the (insert the first levy year for which the increased extension limitation will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of $100,000 is estimated to be $....

(2) Based upon an average annual percentage increase (or decrease) in the market value of such property of .... % (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the question is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the .... levy year is estimated to be $.... and for the .... levy year is estimated to be $....

Paragraph (2) shall be included only if the increased extension limitation will be applicable for more than one year and shall list each levy year for which the increased extension limitation will be applicable. The additional tax shown for each levy year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the question is initiated by the taxing district. The approximate amount of the additional tax extendable shown in paragraphs (1) and (2) shall be calculated by multiplying $100,000 (the fair market value of the

property without regard to any property tax exemptions) by (i) the percentage level of assessment prescribed for that property by statute, or by ordinance of the county board in counties that classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution; (ii) the most recent final equalization factor certified to the county clerk by the Department of Revenue at the time the taxing district initiates the submission of the proposition to the electors; (iii) the last known aggregate extension base of the taxing district at the time the submission of the question is initiated by the taxing district; and (iv) the difference between the percentage increase proposed in the question and the lesser of 5% or the percentage increase in the Consumer Price Index for the prior levy year (or an estimate of the percentage increase for the prior levy year if the increase is unavailable at the time the submission of the question is initiated by the taxing district); and dividing the result by the last known equalized assessed value of the taxing district at the time the submission of the question is initiated by the taxing district. This amendatory Act of the 97th General Assembly [P.A. 97-1087] is intended to clarify the existing requirements of this Section, and shall not be construed to validate any prior non-compliant referendum language. Any notice required to be published in connection with the submission of the question shall also contain this supplemental information and shall not contain any other supplemental information. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot or in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the question shall be initiated as provided by law.

35 ILCS 200/18-206 Decrease in extension for educational purposes.

(a) Notwithstanding any other provision of law, for those school districts whose adequacy targets, as defined in Section 18-8.15 [105 ILCS 5/18-8.15] of this Code, exceed 110% for the school year that begins during the calendar year immediately preceding the levy year for which the reduction under this Section is sought, the question of whether the school district shall reduce its extension for educational purposes for the levy year in which the election is held to an amount that is less than the extension for educational purposes for the immediately preceding levy year shall be submitted to the voters of the school district at the next consolidated election but only upon submission of a petition signed by not fewer than 10% of the registered voters in the school district. In no event shall the reduced extension be more than 10% lower than the amount extended for educational purposes in the previous levy year, and in no event shall the reduction cause the school district's adequacy target to fall below 110% for the levy year for which the reduction is sought.

(b) The petition shall be filed with the applicable election authority, as defined in Section 1-3 of the Election Code [10 ILCS 5/1-3], or, in the case of multiple election authorities, with the State Board of Elections, not more than 10 months nor less than 6 months prior to the election at which the question is to be submitted to the voters, and its validity shall be determined as provided by Article 28 of the Election Code [10 ILCS 5/28-1 et seq.] and general election law. The election authority or Board, as applicable, shall certify the question and the proper election authority or authorities shall submit the question to the voters. Except as otherwise provided in this Section, this referendum shall be subject to all other general election law requirements.

(c) The proposition seeking to reduce the extension for educational purposes shall be in substantially the following form:

Shall the amount extended for educational purposes by (school district) be reduced from (previous levy year's extension) to (proposed extension) for (levy year), but in no event lower than the amount required to maintain an adequacy target of 110%?

Votes shall be recorded as "Yes" or "No".

If a majority of all votes cast on the proposition are in favor of the proposition, then, for the levy year in which the election is held, the amount extended by the school district for educational purposes shall be reduced as provided in the referendum; however, in no event shall the reduction exceed the amount that would cause the school district to have an adequacy target of 110% for the applicable school year.

Once the question is submitted to the voters, then the question may not be submitted again for the same school district at any of the next 2 consolidated elections.

(d) For school districts that approve a reduction under this Section, the county clerk shall extend a rate for educational purposes that is no greater than the limiting rate for educational purposes. If the school district is otherwise subject to this Law for the applicable levy year, then, for the levy year in which the reduction occurs, the county clerk shall calculate separate limiting rates for educational purposes and for the aggregate of the school district's other funds.

As used in this Section:

"School district" means each school district in the State, regardless of whether or not that school district is otherwise subject to this Law.

"Limiting rate for educational purposes" means a fraction the numerator of which is the greater of (i) the amount approved by the voters in the referendum under subsection (c) of this Section or (ii) the amount that would cause the school district to have an adequacy target of 110% for the applicable school year, but in no event more than the school district's

extension for educational purposes in the immediately preceding levy year, and the denominator of which is the current year's equalized assessed value of all real property under the jurisdiction of the school district during the prior levy year.

2017 P.A. 100-465, § 925, effective August 31, 2017.

35 ILCS 200/18-210 Establishing a new levy.

Except as provided in Section 18-215 [35 ILCS 200/18-215], as it relates to a transfer of a service, before a county clerk may extend taxes for funds subject to the limitations of this Law, a new taxing district or a taxing district with an aggregate extension base of zero shall hold a referendum establishing a maximum aggregate extension for the levy year. The maximum aggregate extension is established for the current levy year if a taxing district has held a referendum before the levy date at which the majority voting on the issue approves its adoption. The referendum under this Section may be held at the same time as the referendum on creating a new taxing district. The question shall be submitted to the voters at a regularly scheduled election in accordance with the Election Code [10 ILCS 5/1-1 et seq.] provided that notice or referendum, if held before July 1, 1999, has been given in accordance with the provisions of Section 12-5 of the Election Code [10 ILCS 5/12-5] in effect at the time of the bond referendum, at least 10 and not more than 45 days before the date of the election, notwithstanding the time for publication otherwise imposed by Section 12-5. Notices required in connection with the submission of public questions on or after July 1, 1999 shall be as set forth in Section 12-5 of the Election Code. The question shall be submitted in substantially the following form:

Under the Property Tax Extension Limitation Law, may an aggregate extension not to exceed …… (aggregate extension amount) …….. be made for the …… (taxing district name) …… for the …… (levy year) …… levy year?	YES ——— NO

If a majority of voters voting on the increase approves the adoption of the aggregate extension, the extension shall be effective for the levy year specified.

The question of establishing a maximum aggregate extension may be combined with the question of forming or establishing a new taxing district, in which case the question shall be submitted in substantially the following form:

Shall the (taxing district) be formed (or established) and have an aggregate extension under the Property Tax Extension Limitation Law not to exceed (aggregate extension amount) for the (levy year)?

The votes must be recorded as "Yes" or "No".

If a majority of voters voting on the proposition approves it, then the taxing district shall be formed (or established) with the aggregate extension amount for the designated levy year.

P.A. 87-17; 88-455, § 18-210; 90-812, § 10; 91-57, § 20; 97-1149, § 5.

35 ILCS 200/18-212 Referendum on debt service extension base

A taxing district may establish or increase its debt service extension base if (i) that taxing district holds a referendum before the date on which the levy must be filed with the county clerk of the county or counties in which the taxing district is situated and (ii) a majority of voters voting on the issue approves the establishment of or increase in the debt service extension base. A debt service extension base established or increased by a referendum held pursuant to this Section after February 2, 2010, shall be increased each year, commencing with the first levy year beginning after the date of the referendum, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year if the optional language concerning the annual increase is included in the question submitted to the electors of the taxing district. Referenda under this Section shall be conducted at a regularly scheduled election in accordance with the Election Code [10 ILCS 5/1-1 et seq.]. The governing body of the taxing district shall certify the question to the proper election authorities who shall submit the question to the electors of the taxing district in substantially the following form:

"Shall the debt service extension base under the Property Tax Extension Limitation Law [35 ILCS 200/18-185 et seq.] for … (taxing district name) … for payment of principal and interest on limited bonds be …. ((established at $ ….). (or) (increased from $ …. to $ ….)) .. for the ….. levy year and all subsequent levy years (optional language: , such debt service extension base to be increased each year by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year)?"

Votes on the question shall be recorded as "Yes" or "No".

If a majority of voters voting on the issue approves the establishment of or increase in the debt service extension base, the establishment of or increase in the debt service extension base shall be applicable for the levy years specified.

35 ILCS 200/18-213 Referenda on applicability of the property tax extension limitation law.

(a) The provisions of this Section do not apply to a taxing district subject to this Law because a majority of its 1990 equalized assessed value is in a county or

counties contiguous to a county of 3,000,000 or more inhabitants, or because a majority of its 1994 equalized assessed value is in an affected county and the taxing district was not subject to this Law before the 1995 levy year.

(b) The county board of a county that is not subject to this Law may, by ordinance or resolution, submit to the voters of the county the question of whether to make all non-home rule taxing districts that have all or a portion of their equalized assessed valuation situated in the county subject to this Law in the manner set forth in this Section.

For purposes of this Section only:

"Taxing district" has the same meaning provided in Section 1-150 [35 ILCS 200/1-150].

"Equalized assessed valuation" means the equalized assessed valuation for a taxing district for the immediately preceding levy year.

(c) The ordinance or resolution shall request the submission of the proposition at any election, except a consolidated primary election, for the purpose of voting for or against making the Property Tax Extension Limitation Law [35 ILCS 200/18-185 et seq.] applicable to all non-home rule taxing districts that have all or a portion of their equalized assessed valuation situated in the county.

The question shall be placed on a separate ballot and shall be in substantially the following form:

Shall the Property Tax Extension Limitation Law (35 ILCS 200/18-185 through 18-245), which limits annual property tax extension increases, apply to non-home rule taxing districts with all or a portion of their equalized assessed valuation located in (name of county)?

Votes on the question shall be recorded as "yes" or "no".

(d) The county clerk shall order the proposition submitted to the electors of the county at the election specified in the ordinance or resolution. If part of the county is under the jurisdiction of a board or boards of election commissioners, the county clerk shall submit a certified copy of the ordinance or resolution to each board of election commissioners, which shall order the proposition submitted to the electors of the taxing district within its jurisdiction at the election specified in the ordinance or resolution.

(e)(1) With respect to taxing districts having all of their equalized assessed valuation located in the county, if a majority of the votes cast on the proposition are in favor of the proposition, then this Law becomes applicable to the taxing district beginning on January 1 of the year following the date of the referendum.

(2) With respect to taxing districts that meet all the following conditions this Law shall become applicable to the taxing district beginning on January 1, 1997. The districts to which this paragraph (2) is applicable

(A) do not have all of their equalized assessed valuation located in a single county,

(B) have equalized assessed valuation in an affected county,

(C) meet the condition that each county, other than an affected county, in which any of the equalized assessed valuation of the taxing district is located has held a referendum under this Section at any election, except a consolidated primary election, held prior to the effective date of this amendatory Act of 1997, and

(D) have a majority of the district's equalized assessed valuation located in one or more counties in each of which the voters have approved a referendum under this Section prior to the effective date of this amendatory Act of 1997. For purposes of this Section, in determining whether a majority of the equalized assessed valuation of the taxing district is located in one or more counties in which the voters have approved a referendum under this Section, the equalized assessed valuation of the taxing district in any affected county shall be included with the equalized assessed value of the taxing district in counties in which the voters have approved the referendum.

(3) With respect to taxing districts that do not have all of their equalized assessed valuation located in a single county and to which paragraph (2) of subsection (e) is not applicable, if each county other than an affected county in which any of the equalized assessed valuation of the taxing district is located has held a referendum under this Section at any election, except a consolidated primary election, held in any year and if a majority of the equalized assessed valuation of the taxing district is located in one or more counties that have each approved a referendum under this Section, then this Law shall become applicable to the taxing district on January 1 of the year following the year in which the last referendum in a county in which the taxing district has any equalized assessed valuation is held. For the purposes of this Law, the last referendum shall be deemed to be the referendum making this Law applicable to the taxing district. For purposes of this Section, in determining whether a majority of the equalized assessed valuation of the taxing district is located in one or more counties that have approved a referendum under this Section, the equalized assessed valuation of the taxing district in any affected county shall be included with the equalized assessed value of the taxing district in counties that have approved the referendum.

(f) Immediately after a referendum is held under this Section, the county clerk of the county holding the referendum shall give notice of the referendum having been held and its results to all taxing districts that have all or a portion of their equalized assessed valuation located in the county, the county clerk of any other county in which any of the equalized assessed valuation of any taxing district is located, and the Department of Revenue. After the last referendum affecting a multi-county taxing district is held, the Department of Revenue shall determine

whether the taxing district is subject to this Law and, if so, shall notify the taxing district and the county clerks of all of the counties in which a portion of the equalized assessed valuation of the taxing district is located that, beginning the following January 1, the taxing district is subject to this Law. For each taxing district subject to paragraph (2) of subsection (e) of this Section, the Department of Revenue shall notify the taxing district and the county clerks of all of the counties in which a portion of the equalized assessed valuation of the taxing district is located that, beginning January 1, 1997, the taxing district is subject to this Law.

(g) Referenda held under this Section shall be conducted in accordance with the Election Code [10 ILCS 5/1-1 et seq.].

P.A. 89-510, § 10; 89-718, § 5.

35 ILCS 200/18-214 Referenda on removal of the applicability of the Property Tax Extension Limitation Law to non-home rule taxing districts

(a) The provisions of this Section do not apply to a taxing district that is subject to this Law because a majority of its 1990 equalized assessed value is in a county or counties contiguous to a county of 3,000,000 or more inhabitants, or because a majority of its 1994 equalized assessed value is in an affected county and the taxing district was not subject to this Law before the 1995 levy year.

(b) For purposes of this Section only:

"Taxing district" means any non-home rule taxing district that became subject to this Law under Section 18-213 of this Law [35 ILCS 200/18-213].

"Equalized assessed valuation" means the equalized assessed valuation for a taxing district for the immediately preceding levy year.

(c) The county board of a county that became subject to this Law by a referendum approved by the voters of the county under Section 18-213 may, by ordinance or resolution, in the manner set forth in this Section, submit to the voters of the county the question of whether this Law applies to all non-home rule taxing districts that have all or a portion of their equalized assessed valuation situated in the county in the manner set forth in this Section.

(d) The ordinance or resolution shall request the submission of the proposition at any election, except a consolidated primary election, for the purpose of voting for or against the continued application of the Property Tax Extension Limitation Law to all non-home rule taxing districts that have all or a portion of their equalized assessed valuation situated in the county.

The question shall be placed on a separate ballot and shall be in substantially the following form:

Shall the Property Tax Extension Limitation Law (35 ILCS 200/18-185 through 35 ILCS 200/18-245), which limits annual property tax extension increases, apply to non-home rule taxing districts with all or a portion of their equalized assessed valuation located in (name of county)?

Votes on the question shall be recorded as "yes" or "no".

(e) The county clerk shall order the proposition submitted to the electors of the county at the election specified in the ordinance or resolution. If part of the county is under the jurisdiction of a board or boards of election commissioners, the county clerk shall submit a certified copy of the ordinance or resolution to each board of election commissioners, which shall order the proposition submitted to the electors of the taxing district within its jurisdiction at the election specified in the ordinance or resolution.

(f) With respect to taxing districts having all of their equalized assessed valuation located in one county, if a majority of the votes cast on the proposition are against the proposition, then this Law shall not apply to the taxing district beginning on January 1 of the year following the date of the referendum.

(g) With respect to taxing districts that do not have all of their equalized assessed valuation located in a single county, if both of the following conditions are met, then this Law shall no longer apply to the taxing district beginning on January 1 of the year following the date of the referendum.

(1) Each county in which the district has any equalized assessed valuation must either, (i) have held a referendum under this Section, (ii) be an affected county, or (iii) have held a referendum under Section 18-213 at which the voters rejected the proposition at the most recent election at which the question was on the ballot in the county.

(2) The majority of the equalized assessed valuation of the taxing district, other than any equalized assessed valuation in an affected county, is in one or more counties in which the voters rejected the proposition. For purposes of this Section, in determining whether a majority of the equalized assessed valuation of the taxing district is located in one or more counties in which the voters have rejected the proposition under this Section, the equalized assessed valuation of any taxing district in a county which has held a referendum under Section 18-213 at which the voters rejected that proposition, at the most recent election at which the question was on the ballot in the county, will be included with the equalized assessed value of the taxing district in counties in which the voters have rejected the referendum held under this Section.

(h) Immediately after a referendum is held under this Section, the county clerk of the county holding the referendum shall give notice of the referendum having been held and its results to all taxing districts that have all or a portion of their equalized assessed valuation located in the county, the county clerk of any other county in which any of the equalized assessed valuation of any such taxing district is located, and the Department of Revenue. After the last referendum affecting a multi-county taxing dis-

trict is held, the Department of Revenue shall determine whether the taxing district is no longer subject to this Law and, if the taxing district is no longer subject to this Law, the Department of Revenue shall notify the taxing district and the county clerks of all of the counties in which a portion of the equalized assessed valuation of the taxing district is located that, beginning on January 1 of the year following the date of the last referendum, the taxing district is no longer subject to this Law.

P.A. 89-718, § 5.

35 ILCS 200/18-215 Merging and consolidating taxing districts; transfer of service

For purposes of this Law, when 2 or more taxing districts merge or consolidate, the sum of the last preceding aggregate extensions for each taxing district shall be combined for the resulting merged or consolidated taxing district. When a service performed by one taxing district is transferred to another taxing district, that part of the aggregate extension base for that purpose shall be transferred and added to the aggregate extension base of the transferee taxing district for purposes of this Law and shall be deducted from the aggregate extension base of the transferor taxing district. If the service and corresponding portion of the aggregate extension base transferred to the taxing district are for a service that the transferee district does not currently levy for, the provisions of Section 18-190 [35 ILCS 200/18-190] of this Law requiring a referendum to establish a new levy shall not apply.

35 ILCS 200/18-225 Annexed or disconnected property

If property is annexed into the taxing district or is disconnected from a taxing district during the current levy year, the calculation of the limiting rate under Section 18-185 [35 ILCS 200/18-185] is not affected. The rates as limited under this Law are applied to all property in the district for the current levy year, excluding property that was annexed after the adoption of the levy for the current levy year.

35 ILCS 200/18-230 Rate increase or decrease factor

Only when a new rate or a rate increase or decrease has been approved by referendum held prior to March 22, 2006, the aggregate extension base, as adjusted in Section 18-215 [35 ILCS 200/18-215], shall be multiplied by a rate increase (or decrease) factor. The numerator of the rate increase (or decrease) factor is the total combined rate for the funds that made up the aggregate extension for the taxing district for the prior year plus the rate increase approved or minus the rate decrease approved. The denominator of the rate increase or decrease factor is the total combined rate for the funds that made up the aggregate extension for the prior year. For those taxing districts for which a new rate or a rate increase has been approved by referendum held after December 31, 1988 and prior to March 22, 2006, and that did not increase their rate to the new maximum rate for that fund, the rate increase factor shall be adjusted for 4 levy years after the year of the referendum (unless the governing body of a taxing district to which this Law applied before the 1995 levy year that approved a tax rate increase at a general election held after 2002 directs the county clerk or clerks by resolution to make such adjustment for a lesser number of years) by a factor the numerator of which is the portion of the new or increased rate for which taxes were not extended plus the aggregate rate in effect for the levy year prior to the levy year in which the referendum was passed and the denominator of which is the aggregate rate in effect for the levy year prior to the levy year in which the referendum was passed.

35 ILCS 200/18-233 Adjustments for certificates of error, certain court orders, or final administrative decisions of the Property Tax Appeal Board.

Beginning in levy year 2021, a taxing district levy shall be increased by a prior year adjustment whenever an assessment decrease due to the issuance of a certificate of error, a court order issued pursuant to an assessment valuation complaint under Section 23-15 [35 ILCS 200/23-15], or a final administrative decision of the Property Tax Appeal Board results in a refund from the taxing district of a portion of the property tax revenue distributed to the taxing district. On or before November 15 of each year, the county treasurer shall certify the aggregate refunds paid by a taxing district during such 12-month period for purposes of this Section. For purposes of the Property Tax Extension Limitation Law, the taxing district's most recent aggregate extension base shall not include the prior year adjustment authorized under this Section.

Motor Fuel Tax Law

Section

MOTOR FUEL TAX LAW

35 ILCS 505/1 [Definitions]

For the purposes of this Act the terms set out in the Sections following this Section and preceding Section 2 [35 ILCS 505/2] have the meanings ascribed to them in those Sections.

HISTORY:
P.A. 86-16; 86-1028; 98-756, § 205.

35 ILCS 505/1.1 [Motor fuel]

"Motor Fuel" means all volatile and inflammable liquids produced, blended or compounded for the purpose of, or which are suitable or practicable for, operating motor vehicles. Among other things, "Motor Fuel" includes "Special Fuel" as defined in Section 1.13 of this Act [35 ILCS 505/1.13].

HISTORY:
Laws 1963, p. 1557.

35 ILCS 505/1.2 Distributor.

"Distributor" means a person who either (i) produces, refines, blends, compounds or manufactures motor fuel in this State, or (ii) transports motor fuel into this State, or (iii) exports motor fuel out of this State, or (iv) engages in the distribution of motor fuel primarily by tank car or tank truck, or both, and who operates an Illinois bulk plant where he or she has active bulk storage capacity of not less than 30,000 gallons for gasoline as defined in item (A) of Section 5 of this Law [35 ILCS 505/5].

"Distributor" does not, however, include a person who receives or transports into this State and sells or uses motor fuel under such circumstances as preclude the collection of the tax herein imposed, by reason of the provisions of the constitution and statutes of the United States. However, a person operating a motor vehicle into the State, may transport motor fuel in the ordinary fuel tank attached to the motor vehicle for the operation of the motor vehicle, without being considered a distributor. Any railroad registered under Section 18c-7201 of the Illinois Vehicle Code [625 ILCS 5/18c-7201] may deliver special fuel directly into the fuel supply tank of a locomotive owned, operated, or controlled by any other railroad registered under Section 18c-7201 of the Illinois Vehicle Code without being considered a distributor or supplier.

35 ILCS 505/1.12 [Received]

"Received" shall be given its usual meaning including:

A. Motor fuel produced, refined, prepared, distilled, manufactured or compounded at any refinery or other place in this State by any person, shall be deemed to be "received" by such person thereat when the same shall have been loaded (1) at such refinery or other place into tank cars, ships, barges, tank trucks, tank wagons or other types of transportation equipment, containers or facilities or (2) placed in any tank or other container from which any sales, use or deliveries are made directly, but not before.

B. Motor fuel imported into this State from any other state, territory or foreign country by vessel, and delivered in such vessel to any person, at a marine terminal in this State for storage, or imported by pipe line and delivered to any person by such pipe line or a connecting pipe line at a pipe line terminal or pipe line tank farm in this State for storage, shall be deemed to have been "received" by such person thereat when the same shall have been loaded (1) into tank cars, ships or barges, tank trucks, tank wagons or other types of transportation equipment, containers or facilities at such marine or pipe line terminal or tank farm or (2) placed in any tank or other container from which any sales, use or deliveries are made directly, but not before.

C. Motor fuel imported into this State from any other state, territory or foreign country, other than by vessel for storage at refineries or marine terminals, as hereinbefore set forth, or by pipe line for storage at pipe line terminals or pipe line tank farms as hereinbefore set forth, shall be deemed to be "received" in this State at the time and place

after the same shall have come to rest or storage herein whether or not in the original package, receptacle or container.

D. Motor fuel imported into this State from any other state, territory or foreign country, other than by vessel for storage at refineries or marine terminals as hereinbefore set forth, or by pipe line for storage at pipe line terminals or pipe line tank farms as hereinbefore set forth, shall be deemed to be "received" in this State by any person consuming or using in this State any motor fuel so imported, who shall have purchased or otherwise acquired the same before it shall have been received by any other person in this State as hereinbefore set forth.

35 ILCS 505/1.13 [Special fuel]

"Special Fuel" means all volatile and inflammable liquids capable of being used for the generation of power in an internal combustion engine except that it does not include gasoline as defined in Section 5 [35 ILCS 505/5], example (A), of this Act, or combustible gases as defined in Section 5, example (B), of this Act. "Special Fuel" includes diesel fuel as defined in paragraph (b) of Section 2 of this Act [35 ILCS 505/2].

HISTORY:
P.A. 83-1362.

35 ILCS 505/1.13A [1-K Kerosene]

"1-K Kerosene" means a special low-sulfur grade kerosene suitable for use in non-flue connected kerosene burner appliances, and in wick-fed illuminate lamps which has a maximum limit of .04% sulfur mass, and a freezing point of -22 degrees Fahrenheit, and has a minimum saybolt color of +16. For purposes of this Law, 1-K Kerosene includes 1-K Kerosene that has been dyed in accordance with Section 4d of this Law [35 ILCS 505/4d].

HISTORY:
P.A. 87-149; 91-173, § 5; 98-756, § 205.

35 ILCS 505/1.13B [Dyed diesel fuel]

"Dyed diesel fuel" means special fuel, as defined in Section 1.13 of this Law [35 ILCS 505/1.13], dyed in accordance with Section 4d of this Law [35 ILCS 505/4d].

HISTORY:
P.A. 91-173, § 5.

35 ILCS 505/1.13C Liquefied natural gas.

"Liquefied natural gas" means methane or natural gas in the form of a cryogenic or refrigerated liquid for use as a motor fuel.

HISTORY:
2017 P.A. 100-9, § 5, effective July 1, 2017.

35 ILCS 505/1.14 Supplier

"Supplier" means any person other than a licensed distributor who (i) transports special fuel into this State; (ii) exports special fuel out of this State; or (iii) engages in the distribution of special fuel primarily by tank car or tank truck, or both, and who operates an Illinois bulk plant where he has active bulk storage capacity of not less than 30,000 gallons for special fuel as defined in Section 1.13 of this Law [35 ILCS 505/1.13].

"Supplier" does not, however, include a person who receives or transports into this State and sells or uses special fuel under such circumstances as preclude the collection of the tax herein imposed, by reason of the provisions of the Constitution and laws of the United States. However, a person operating a motor vehicle into the State, may transport special fuel in the ordinary fuel tank attached to the motor vehicle for the operation of the motor vehicle without being considered a supplier. Any railroad licensed as a bulk user and registered under Section 18c-7201 of the Illinois Vehicle Code [625 ILCS 5/18c-7201] may deliver special fuel directly into the fuel supply tank of a locomotive owned, operated, or controlled by any other railroad registered under Section 18c-7201 of the Illinois Vehicle Code without being considered a supplier.

35 ILCS 505/1.23 [Terminal rack]

"Terminal rack" means a mechanism for dispensing motor fuel or fuel from a refinery, terminal, or bulk plant into a transport truck, railroad tank car, or other means of transportation.

HISTORY:
P.A. 91-173, § 5.

35 ILCS 505/1.24 [Premises]

"Premises" means any location where original records are kept; where tank cars, ships, barges, tank trucks, tank wagons, or other types of transportation equipment are used to distribute fuel or motor fuel; or where containers, storage tanks, or other facilities are used to store or distribute fuel or motor fuel.

HISTORY:
P.A. 91-173, § 5.

35 ILCS 505/1.25 [Kerosene-type jet fuel]

"Kerosene-type jet fuel" means any jet fuel as described in ASTM specification D 1655 and military specifications MIL-T-5624R and MIL-T-83133D (Grades JP-5 and JP-8).

HISTORY:
P.A. 91-173, § 5.

35 ILCS 505/1.26 [Designated inspection site]

"Designated inspection site" means any State highway inspection station, weigh station, agricultural inspection station, mobile station, or other location designated by the Department to be used as a fuel inspection site. A designated inspection site will be identified as a fuel inspection site.

HISTORY:
P.A. 91-173, § 5.

35 ILCS 505/1.27 [Power take-off equipment]

"Power take-off equipment" means any accessory that is mounted onto or designed as an integral part of a transmission of a motor vehicle that is registered for highway purposes whereby the accessory allows power to be transferred outside the transmission to a shaft or driveline and the power is used for a purpose other than propelling the motor vehicle.

HISTORY:
P.A. 92-30, § 5.

35 ILCS 505/1.28 [Semitrailer]

"Semitrailer" means every vehicle without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its

weight and that of its load rests upon or is carried by another vehicle.

HISTORY:
P.A. 92-30, § 5.

35 ILCS 505/1.29 [Research and development]

"Research and development" means basic and applied research in the engineering, designing, development, or testing of prototypes or new products. "Research and development" does not include manufacturing quality control, any product testing by consumers, market research, sales promotion, sales service, or other non-technological activities or technical services.

35 ILCS 505/2 [Tax imposed on operation of motor vehicles; rates; tax on sale of motor fuels; tax on kerosene sales]

A tax is imposed on the privilege of operating motor vehicles upon the public highways and recreational-type watercraft upon the waters of this State.

(a) Prior to August 1, 1989, the tax is imposed at the rate of 13 cents per gallon on all motor fuel used in motor vehicles operating on the public highways and recreational type watercraft operating upon the waters of this State. Beginning on August 1, 1989 and until January 1, 1990, the rate of the tax imposed in this paragraph shall be 16 cents per gallon. Beginning January 1, 1990 and until July 1, 2019, the rate of tax imposed in this paragraph, including the tax on compressed natural gas, shall be 19 cents per gallon. Beginning July 1, 2019 and until July 1, 2020, the rate of tax imposed in this paragraph shall be 38 cents per gallon. Beginning July 1, 2020 and until July 1, 2021, the rate of tax imposed in this paragraph shall be 38.7 cents per gallon. Beginning July 1, 2021 and until January 1, 2023, the rate of tax imposed in this paragraph shall be 39.2 cents per gallon. On January 1, 2023, the rate of tax imposed in this paragraph shall be increased by an amount equal to the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12 months ending in September of 2022. On July 1, 2023, and on July 1 of each subsequent year, the rate of tax imposed in this paragraph shall be increased by an amount equal to the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12 months ending in March of the year in which the increase takes place. The rate shall be rounded to the nearest one-tenth of one cent.

(a-5) Beginning on July 1, 2022 and through December 31, 2022, each retailer of motor fuel shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel in the State of Illinois: "As of July 1, 2022, the State of Illinois has suspended the inflation adjustment to the motor fuel tax through December 31, 2022. The price on this pump should reflect the suspension of the tax increase." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2022 is guilty of a petty offense for which the fine shall be $500 per day per each retail premises where a violation occurs.

(b) Until July 1, 2019, the tax on the privilege of operating motor vehicles which use diesel fuel, liquefied natural gas, or propane shall be the rate according to paragraph (a) plus an additional 2 1/2 cents per gallon. Beginning July 1, 2019, the tax on the privilege of operating motor vehicles which use diesel fuel, liquefied natural gas, or propane shall be the rate according to subsection (a) plus an additional 7.5 cents per gallon. "Diesel fuel" is defined as any product intended for use or offered for sale as a fuel for engines in which the fuel is injected into the combustion chamber and ignited by pressure without electric spark.

(c) A tax is imposed upon the privilege of engaging in the business of selling motor fuel as a retailer or reseller on all motor fuel used in motor vehicles operating on the public highways and recreational type watercraft operating upon the waters of this State: (1) at the rate of 3 cents per gallon on motor fuel owned or possessed by such retailer or reseller at 12:01 a.m. on August 1, 1989; and (2) at the rate of 3 cents per gallon on motor fuel owned or possessed by such retailer or reseller at 12:01 A.M. on January 1, 1990.

Retailers and resellers who are subject to this additional tax shall be required to inventory such motor fuel and pay this additional tax in a manner prescribed by the Department of Revenue.

The tax imposed in this paragraph (c) shall be in addition to all other taxes imposed by the State of Illinois or any unit of local government in this State.

(d) Except as provided in Section 2a [35 ILCS 505/2a], the collection of a tax based on gallonage of gasoline used for the propulsion of any aircraft is prohibited on and after October 1, 1979, and the collection of a tax based on gallonage of special fuel used for the propulsion of any aircraft is prohibited on and after December 1, 2019.

(e) The collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene, regardless of its classification or uses, is prohibited (i) on and after July 1, 1992 until December 31, 1999, except when the 1-K kerosene is either: (1) delivered into bulk storage facilities of a bulk user, or (2) delivered directly

into the fuel supply tanks of motor vehicles and (ii) on and after January 1, 2000. Beginning on January 1, 2000, the collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene, regardless of its classification or uses, is prohibited except when the 1-K kerosene is delivered directly into a storage tank that is located at a facility that has withdrawal facilities that are readily accessible to and are capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles. For purposes of this subsection (e), a facility is considered to have withdrawal facilities that are not "readily accessible to and capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles" only if the 1-K kerosene is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

Any person who sells or uses 1-K kerosene for use in motor vehicles upon which the tax imposed by this Law has not been paid shall be liable for any tax due on the sales or use of 1-K kerosene.

35 ILCS 505/2a [Tax imposed on receivers of motor fuel; rate]

Except as hereinafter provided, on and after January 1, 1990 and before January 1, 2025, a tax of three-tenths of a cent per gallon is imposed upon the privilege of being a receiver in this State of fuel for sale or use. Beginning January 1, 2021, this tax is not imposed on sales of aviation fuel for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

The tax shall be paid by the receiver in this State who first sells or uses fuel. In the case of a sale, the tax shall be stated as a separate item on the invoice.

For the purpose of the tax imposed by this Section, being a receiver of "motor fuel" as defined by Section 1.1 of this Act [35 ILCS 505/1.1], and aviation fuels, home heating oil and kerosene, but excluding liquified petroleum gases, is subject to tax without regard to whether the fuel is intended to be used for operation of motor vehicles on the public highways and waters. However, no such tax shall be imposed upon the importation or receipt of aviation fuels and kerosene at airports with over 300,000 operations per year, for years prior to 1991, and over 170,000 operations per year beginning in 1991, located in a city of more than 1,000,000 inhabitants for sale to or use by holders of certificates of public convenience and necessity or foreign air carrier permits, issued by the United States Department of Transportation, and their air carrier affiliates, or upon the importation or receipt of aviation fuels and kerosene at facilities owned or leased by those certificate or permit holders and used in their activities at an airport described above. In addition, no such tax shall be imposed upon the importation or receipt of diesel fuel or liquefied natural gas sold to or used by a rail carrier registered pursuant to Section 18c-7201 of the Illinois Vehicle Code [625 ILCS 5/18c-7201] or otherwise recognized by the Illinois Commerce Commission as a rail carrier, to the extent used directly in railroad operations. In addition, no such tax shall be imposed when the sale is made with delivery to a purchaser outside this State or when the sale is made to a person holding a valid license as a receiver. In addition, no tax shall be imposed upon diesel fuel or liquefied natural gas consumed or used in the operation of ships, barges, or vessels, that are used primarily in or for the transportation of property in interstate commerce for hire on rivers bordering on this State, if the diesel fuel or liquefied natural gas is delivered by a licensed receiver to the purchaser's barge, ship, or vessel while it is afloat upon that bordering river. A specific notation thereof shall be made on the invoices or sales slips covering each sale.

35 ILCS 505/2b Receiver's monthly return.

In addition to the tax collection and reporting responsibilities imposed elsewhere in this Act, a person who is required to pay the tax imposed by Section 2a of this Act [35 ILCS 505/2a] shall pay the tax to the Department by return showing all fuel purchased, acquired or received and sold, distributed or used during the preceding calendar month including losses of fuel as the result of evaporation or shrinkage due to temperature variations, and such other reasonable information as the Department may require. Losses of fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. On and after July 1, 2001, for each 6-month period January through June, net losses of fuel (for each category of fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of fuel (for each category of fuel that is required to be

reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2a of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

The return shall be prescribed by the Department and shall be filed between the 1st and 20th days of each calendar month. The Department may, in its discretion, combine the returns filed under this Section, Section 5, and Section 5a of this Act [35 ILCS 505/5 and 35 ILCS 505/5a]. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. If the return is filed timely, the seller shall take a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the seller for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request. The discount, however, shall be applicable only to the amount of payment which accompanies a return that is filed timely in accordance with this Section. The discount under this Section is not allowed for taxes paid on aviation fuel that are subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133.

Beginning on January 1, 2020 and ending with returns due on January 20, 2021, each person who is required to pay the tax imposed under Section 2a of this Act on aviation fuel sold or used in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return or a separate line on the return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, a person required to pay the tax imposed by Section 2a of this Act on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Law, "aviation fuel" means jet fuel and aviation gasoline.

If any payment provided for in this Section exceeds the receiver's liabilities under this Act, as shown on an original return, the Department may authorize the receiver to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the receiver, the receiver's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that receiver shall be liable for penalties and interest on such difference.

35 ILCS 505/2c Sunset of exemptions, credits, and deductions

The application of every exemption, credit, and deduction against tax imposed by this Act that becomes law after the effective date of this amendatory Act of 1994 shall be limited by a reasonable and appropriate sunset date. A taxpayer is not entitled to take the exemption, credit, or deduction beginning on the sunset date and thereafter. If a reasonable and appropriate sunset date is not specified in the Public Act that creates the exemption, credit, or deduction, a taxpayer shall not be entitled to take the exemption, credit, or deduction beginning 5 years after the effective date of the Public Act creating the exemption, credit, or deduction and thereafter.

35 ILCS 505/2d Reporting and payment requirements for persons who produce biodiesel fuel or biodiesel blends for self-use

(a) Beginning July 1, 2007, notwithstanding any other reporting provisions of this Act, if a private biodiesel fuel producer's total gallonage that is taxable under Sections 2 and 2a of this Act [35 ILCS 505/2 and 35 ILCS 505/2a] for biodiesel fuel and biodiesel fuel blends is less than 5,000 gallons per year, then he or she must file returns and make payment of the tax imposed by Section 2 and Section 2a of this Act on an annual basis. The returns and payment of tax for a given year are due by January 20 of the following year.

(b) If a private biodiesel fuel producer's total gallonage that is taxable under Sections 2 and 2a of this Act for biodiesel fuel and biodiesel fuel blends is 5,000 or more gallons per year, then he or she must file returns and make payment of the tax imposed by Section 2 and Section 2a of this Act on a monthly basis. The returns and payment of tax are due between the 1st and 20th days of each calendar month for the preceding calendar month.

(c) Except for persons required to be licensed under Section 13a.4 of this Act [35 ILCS 505/13a.4], a person who is subject to the provisions of this Section is exempt from all bonding and licensure require-

ments otherwise imposed under this Act. Each person who is subject to the provisions of this Section must keep records as required by Section 12 of this Act [35 ILCS 505/12].

(d) For the purposes of this Section:

"Biodiesel blend" has the meaning set forth under Section 3-42 of the Use Tax Act (35 ILCS 105/3-42).

"Biodiesel fuel" has the meaning set forth under Section 3-41 of the Use Tax Act (35 ILCS 105/3-41).

"Biomass materials" has the meaning set forth under Section 3-43 of the Use Tax Act (35 ILCS 105/3-43).

"Private biodiesel fuel producer" means a person whose only activities with respect to motor fuel are:

(1) the conversion of any biomass materials into biodiesel fuel, which is produced exclusively for personal use and not for sale; or

(2) the blending of biodiesel fuel resulting in biodiesel blends, which is produced exclusively for personal use and not for sale.

35 ILCS 505/3 [Distributor's license; blender's permit; bond; foreign businesses]

No person shall act as a distributor of motor fuel within this State without first securing a license to act as a distributor of motor fuel from the Department. Application for such license shall be made to the Department upon blanks furnished by it. The application shall be signed and verified, and shall contain such information as the Department deems necessary. A blender shall, in addition to securing a distributor's license, make application to the Department for a blender's permit, setting forth in the application such information as the Department deems necessary. The applicant for a distributor's license shall also file with the Department a bond on a form to be approved by and with a surety or sureties satisfactory to the Department conditioned upon such applicant paying to the State of Illinois all monies becoming due by reason of the sale, export, or use of motor fuel by the applicant, together with all penalties and interest thereon. The Department shall fix the penalty of such bond in each case taking into consideration the amount of motor fuel expected to be sold, distributed, exported, and used by such applicant and the penalty fixed by the Department shall be such, as in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on motor fuel sold, distributed, exported, and used, but the amount of the penalty fixed by the Department shall not exceed twice the monthly amount that would be collectable as a tax in the event of a sale on all the motor fuel sold, distributed, exported, and used by the distributor inclusive of tax-free sales, exports, use, or distribution. Upon receipt of the application and bond in proper form, the Department shall issue to the applicant a license to act as a distributor. No person who is in default to the State for monies due under this Act for the sale, distribution, export, or use of motor fuel shall receive a license to act as a distributor.

A license shall not be granted to any person whose principal place of business is in a state other than Illinois, unless such person is licensed for motor fuel distribution or export in the state in which the principal place of business is located and that such person is not in default to that State for any monies due for the sale, distribution, export, or use of motor fuel.

35 ILCS 505/3a [Suppliers of special fuel; license; bond; foreign businesses]

No person, other than a licensed distributor, shall act as a supplier of special fuel within this State without first securing a license to act as a supplier of special fuel from the Department.

Application for such license shall be made to the Department upon blanks furnished by it. The application shall be signed and verified and shall contain such information as the Department deems necessary.

The applicant for a supplier's license shall also file, with the Department, a bond on a form to be approved by and with a surety or sureties satisfactory to the Department, conditioned upon such applicant paying to the State of Illinois all moneys becoming due by reason of the sale or use of special fuel by the applicant, together with all penalties and interest thereon. The Department shall fix the penalty of such bond in each case, taking into consideration the amount of special fuel expected to be sold, distributed, exported, and used by such applicant, and the penalty fixed by the Department shall be such, as in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on special fuel sold, distributed, exported, and used, but the amount of the penalty fixed by the Department shall not exceed twice the monthly amount of tax liability that would be collectable as a tax in the event of a taxable sale on all the special fuel sold, distributed, exported, and used by the supplier inclusive of tax-free sales, use, exports, or distribution.

Upon receipt of the application and bond in proper form, the Department shall issue to the applicant a license to act as a supplier. No person who is in default to the State for moneys due under this Act for the sale, distribution, export, or use of motor fuel shall receive a license to act as a supplier.

A license shall not be granted to any person whose principal place of business is in a state other than Illinois, unless such person is licensed for motor fuel distribution or export in the State in which the principal place of business is located and that other State requires such license and that such person is not in default to that State for any monies due for the sale, distribution, export, or use of motor fuel.

35 ILCS 505/3c [Receiver of fuel; license; bond]

No person shall act as a receiver of fuel within this State without first securing a license from the Department to act as a receiver of fuel.

Application for such license shall be made to the Department upon blanks furnished by it. The application shall be signed and verified, and shall contain such information as the Department deems necessary. The applicant for a receiver's license shall also file with the Department a bond on a form to be approved by and with a surety or sureties satisfactory to the Department conditioned upon such applicant paying to the State of Illinois all monies becoming due by reason of the receipt of fuel by the applicant, together with all penalties and interest thereon. The Department shall fix the penalty of such bond in each case taking into consideration the amount of fuel expected to be sold, distributed and used by such applicant and the penalty fixed by the Department shall be such, as in its opinion, will protect the State of Illinois against failure to pay the tax imposed by Section 2a [35 ILCS 505/2a] on fuel received in this State, but the amount of the penalty fixed by the Department shall not exceed twice the monthly amount that would be due in the event of a sale or use on all the fuel sold or used by the receiver inclusive of tax-free sales or use.

Upon receipt of the application and bond in proper form, the Department shall issue to the applicant a license to act as a receiver. No person who is in default to the State for monies due under this Act for the receipt, sale, distribution or use of fuel or motor fuel shall receive a license either directly or indirectly to act as a receiver.

35 ILCS 505/5 Distributor's monthly return.

Except as hereinafter provided, a person holding a valid unrevoked license to act as a distributor of motor fuel shall, between the 1st and 20th days of each calendar month, make return to the Department, showing an itemized statement of the number

of invoiced gallons of motor fuel of the types specified in this Section which were purchased, acquired, received, or exported during the preceding calendar month; the amount of such motor fuel produced, refined, compounded, manufactured, blended, sold, distributed, exported, and used by the licensed distributor during the preceding calendar month; the amount of such motor fuel lost or destroyed during the preceding calendar month; the amount of such motor fuel on hand at the close of business for such month; and such other reasonable information as the Department may require. If a distributor's only activities with respect to motor fuel are either: (1) production of alcohol in quantities of less than 10,000 proof gallons per year or (2) blending alcohol in quantities of less than 10,000 proof gallons per year which such distributor has produced, he shall file returns on an annual basis with the return for a given year being due by January 20 of the following year. Distributors whose total production of alcohol (whether blended or not) exceeds 10,000 proof gallons per year, based on production during the preceding (calendar) year or as reasonably projected by the Department if one calendar year's record of production cannot be established, shall file returns between the 1st and 20th days of each calendar month as hereinabove provided.

The types of motor fuel referred to in the preceding paragraph are: (A) All products commonly or commercially known or sold as gasoline (including casing-head and absorption or natural gasoline), gasohol, motor benzol or motor benzene regardless of their classification or uses; and (B) all combustible gases, not including liquefied natural gas, which exist in a gaseous state at 60 degrees Fahrenheit and at 14.7 pounds per square inch absolute including, but not limited to, liquefied petroleum gases used for highway purposes; and (C) special fuel. Only those quantities of combustible gases (example (B) above) which are used or sold by the distributor to be used to propel motor vehicles on the public highways, or which are delivered into a storage tank that is located at a facility that has withdrawal facilities which are readily accessible to and are capable of dispensing combustible gases into the fuel supply tanks of motor vehicles, shall be subject to return. Distributors of liquefied natural gas are not required to make returns under this Section with respect to that liquefied natural gas unless (i) the liquefied natural gas is dispensed into the fuel supply tank of any motor vehicle or (ii) the liquefied natural gas is delivered into a storage tank that is located at a facility that has withdrawal facilities which are readily accessible to and are capable of dispensing liquefied natural gas into the fuel supply tanks of motor vehicles. For purposes of this Section, a facility is considered to have withdrawal facilities that are not "readily accessible to and capable of dispensing combustible gases into the fuel supply tanks of motor vehicles" only if the combustible gases or liquefied natural gas are delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling. For the purposes of this Act, liquefied petroleum gases shall mean and include any material having a vapor pressure not exceeding that allowed for commercial propane composed predominantly of the following hydrocarbons, either by themselves or as mixtures: Propane, Propylene, Butane (normal butane or iso-butane) and Butylene (including isomers).

In case of a sale of special fuel to someone other than a licensed distributor, or a licensed supplier, for a use other than in motor vehicles, the distributor shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law [35 ILCS 505/4d].

In case of a tax-free sale, as provided in Section 6 [35 ILCS 505/6], of motor fuel which the distributor is required by this Section to include in his return to the Department, the distributor in his return shall show: (1) If the sale is made to another licensed distributor the amount sold and the name, address and license number of the purchasing distributor; (2) if the sale is made to a person where delivery is made outside of this State the name and address of such purchaser and the point of delivery together with the date and amount delivered; (3) if the sale is made to the Federal Government or its instrumentalities the amount sold; (4) if the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State the name and address of such purchaser, and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (5) if the sale is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the name and address of such purchaser and the amount sold as evidenced by official forms of exemption certificates properly executed and furnished by the purchaser; (6) if the product sold is special fuel and if the sale is made to a licensed supplier under conditions which qualify the sale for tax exemption under Section 6 of this Act [35 ILCS 505/6], the amount sold and the name, address and license number of the purchaser; and (7) if a sale of special fuel is made to someone other than a licensed distributor, or a licensed supplier, for a use

other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering such sales and obtaining such supporting documentation as may be required by the Department.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

A person whose license to act as a distributor of motor fuel has been revoked shall make a return to the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the date of the revocation or termination of the license of such distributor; the return shall in all other respects be subject to the same provisions and conditions as returns by distributors licensed under the provisions of this Act.

The records, waybills and supporting documents kept by railroads and other common carriers in the regular course of business shall be prima facie evidence of the contents and receipt of cars or tanks covered by those records, waybills or supporting documents.

If the Department has reason to believe and does believe that the amount shown on the return as purchased, acquired, received, exported, sold, used, lost or destroyed is incorrect, or that an amount of motor fuel of the types required by the second paragraph of this Section to be reported to the Department has not been correctly reported the Department shall fix an amount for such receipt, sales, export, use, loss or destruction according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct. All returns shall be made on forms prepared and furnished by the Department, and shall contain such other information as the Department may reasonably require. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer. All licensed distributors shall report all losses of motor fuel sustained on account of fire, theft, spillage, spoilage, leakage, or any other provable cause when filing the return for the period during which the loss occurred. If the distributor reports losses due to fire or theft, then the distributor must include fire department or police department reports and any other documentation that the Department may require. The mere making of the report does not assure the allowance of the loss as a reduction in tax liability. Losses of motor fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month. Any loss reported that is in excess of 1% shall be subject to the tax imposed by Section 2 of this Law [35 ILCS 505/2]. On and after July 1, 2001, for each 6-month period January through June, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of motor fuel (for each category of motor fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

If any payment provided for in this Section exceeds the distributor's liabilities under this Act, as shown on an original return, the Department may authorize the distributor to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the distributor, the distributor's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that distributor shall be liable for penalties and interest on such difference.

35 ILCS 505/5a Supplier's monthly return.

A person holding a valid unrevoked license to act as a supplier of special fuel shall, between the 1st and 20th days of each calendar month, make return to the Department showing an itemized statement of the number of invoiced gallons of special fuel acquired, received, purchased, sold, exported, or used during the preceding calendar month; the amount of special fuel sold, distributed, exported, and used by the licensed supplier during the preceding calendar month; the amount of special fuel lost or destroyed during the preceding calendar month; the amount of special fuel on hand at the close of business for the preceding calendar month; and such other reasonable information as the Department may require.

A person whose license to act as a supplier of special fuel has been revoked shall make a return to

the Department covering the period from the date of the last return to the date of the revocation of the license, which return shall be delivered to the Department not later than 10 days from the date of the revocation or termination of the license of such supplier. The return shall in all other respects be subject to the same provisions and conditions as returns by suppliers licensed under this Act.

The records, waybills and supporting documents kept by railroads and other common carriers in the regular course of business shall be prima facie evidence of the contents and receipt of cars or tanks covered by those records, waybills or supporting documents.

If the Department has reason to believe and does believe that the amount shown on the return as purchased, acquired, received, sold, exported, used, or lost is incorrect, or that an amount of special fuel of the type required by the 1st paragraph of this Section to be reported to the Department by suppliers has not been correctly reported as a purchase, receipt, sale, use, export, or loss the Department shall fix an amount for such purchase, receipt, sale, use, export, or loss according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct. All licensed suppliers shall report all losses of special fuel sustained on account of fire, theft, spillage, spoilage, leakage, or any other provable cause when filing the return for the period during which the loss occurred. If the supplier reports losses due to fire or theft, then the supplier must include fire department or police department reports and any other documentation that the Department may require. The mere making of the report does not assure the allowance of the loss as a reduction in tax liability. Losses of special fuel as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of the month, plus the receipts of gallonage during the month, minus the gallonage remaining in storage at the end of the month.

Any loss reported that is in excess of 1% shall be subject to the tax imposed by Section 2 of this Law [35 ILCS 505/2]. On and after July 1, 2001, for each 6-month period January through June, net losses of special fuel (for each category of special fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each January, plus the receipts of gallonage each January through June, minus the gallonage remaining in storage at the end of each June. On and after July 1, 2001, for each 6-month period July through December, net losses of special fuel (for each category of special fuel that is required to be reported on a return) as the result of evaporation or shrinkage due to temperature variations may not exceed 1% of the total gallons in storage at the beginning of each July, plus the receipts of gallonage each July through December, minus the gallonage remaining in storage at the end of each December. Any net loss reported that is in excess of this amount shall be subject to the tax imposed by Section 2 of this Law. For purposes of this Section, "net loss" means the number of gallons gained through temperature variations minus the number of gallons lost through temperature variations or evaporation for each of the respective 6-month periods.

In case of a sale of special fuel to someone other than a licensed distributor or licensed supplier for a use other than in motor vehicles, the supplier shall show in his return the amount of invoiced gallons sold and the name and address of the purchaser in addition to any other information the Department may require.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law [35 ILCS 505/4d].

All returns shall be made on forms prepared and furnished by the Department and shall contain such other information as the Department may reasonably require. The return must be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a taxpayer.

In case of a tax-free sale, as provided in Section 6a [35 ILCS 505/6a], of special fuel which the supplier is required by this Section to include in his return to the Department, the supplier in his return shall show: (1) If the sale of special fuel is made to the Federal Government or its instrumentalities; (2) if the sale of special fuel is made to a municipal corporation owning and operating a local transportation system for public service in this State, the name and address of such purchaser and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (3) if the sale of special fuel is made to a privately owned public utility owning and operating 2-axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, then the name and address of such purchaser and the amount sold, as evidenced by official forms of exemption certificates properly executed and furnished by such purchaser; (4) if the product sold is special fuel and if the sale is made to a licensed supplier or to a licensed distributor under conditions which qualify the sale for tax exemption under Section 6a of this Act [35 ILCS 505/6a], the amount sold and the name, address and license number of such purchaser; (5) if a sale of special fuel is made to a person where delivery

is made outside of this State, the name and address of such purchaser and the point of delivery together with the date and amount of invoiced gallons delivered; and (6) if a sale of special fuel is made to someone other than a licensed distributor or a licensed supplier, for a use other than in motor vehicles, by making a specific notation thereof on the invoice or sales slip covering that sale and obtaining such supporting documentation as may be required by the Department.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

If any payment provided for in this Section exceeds the supplier's liabilities under this Act, as shown on an original return, the Department may authorize the supplier to credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the supplier, the supplier's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that supplier shall be liable for penalties and interest on such difference.

All carriers of motor fuel entering this State, and all carriers transporting motor fuel within this State, except railroads, pipe lines and water transportation companies operating as common carriers, and motor vehicles carrying not more than twenty gallons of motor fuel in the ordinary tank attached to such vehicle for use therein, shall carry a manifest showing the true name and address of the consignor and the consignee, the date and time of loading, the number of gallons and such other information as may be required by the Department. Every authorized agent of the Department shall have power to stop every such carrier for the purpose of examining such manifest, and to make any other reasonable investigation which will prevent avoidance of the tax provided for in this Act.

35 ILCS 505/6 Collection of tax; distributors.

A distributor who sells or distributes any motor fuel, which he is required by Section 5 to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such motor fuel sold and distributed, and at the time of making a return, the distributor shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the distributor for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all such motor fuel used by said distributor during the period covered by the return. However, no payment shall be made based upon dyed diesel fuel used by the distributor for non-highway purposes. The discount shall only be applicable to the amount of tax payment which accompanies a return which is filed timely in accordance with Section 5 of this Act. In each subsequent sale of motor fuel on which the amount of tax imposed under this Act has been collected as provided in this Section, the amount so collected shall be added to the selling price, so that the amount of tax is paid ultimately by the user of the motor fuel. However, no collection or payment shall be made in the case of the sale or use of any motor fuel to the extent to which such sale or use of motor fuel may not, under the constitution and statutes of the United States, be made the subject of taxation by this State. A person whose license to act as a distributor of fuel has been revoked shall, at the time of making a return, also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all motor fuel, which he is required by the second paragraph of Section 5 to report to the Department in making a return, and which he had on hand on the date on which the license was revoked, and with respect to which no tax had been previously paid under this Act.

A distributor may make tax free sales of motor fuel, with respect to which he is otherwise required to collect the tax, only as specified in the following items 1 through 7.

1. When the sale is made to a person holding a valid unrevoked license as a distributor, by making a specific notation thereof on invoices or sales slip covering each sale.

2. When the sale is made with delivery to a purchaser outside of this State.

3. When the sale is made to the Federal Government or its instrumentalities.

4. When the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State when an official certificate of exemption is obtained in lieu of the tax.

5. When the sale is made to a privately owned public utility owning and operating 2 axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers,

are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities, or in a close radius thereof, and the operations of which are subject to the regulations of the Illinois Commerce Commission, when an official certificate of exemption is obtained in lieu of the tax.

6. When a sale of special fuel is made to a person holding a valid, unrevoked license as a supplier, by making a specific notation thereof on the invoice or sales slip covering each such sale.

7. When a sale of dyed diesel fuel is made by the licensed distributor to the end user of the fuel who is not a licensed distributor or a licensed supplier for non-highway purposes and the fuel is (i) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into a stationary bulk storage tank that displays the notice required by Section 4f of this Act, (ii) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into the fuel supply tanks of non-highway vehicles that are not required to be registered for highway use, or (iii) dispensed from a dyed diesel fuel dispensing facility that has withdrawal facilities that are not readily accessible to and are not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle.

A specific notation is required on the invoice or sales slip covering such sales, and any supporting documentation that may be required by the Department must be obtained by the distributor. The distributor shall obtain and keep the supporting documentation in such form as the Department may require by rule.

For purposes of this item 7, a dyed diesel fuel dispensing facility is considered to have withdrawal facilities that are "not readily accessible to and not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle" only if the dyed diesel fuel is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

8. (Blank).

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law.

All suits or other proceedings brought for the purpose of recovering any taxes, interest or penalties due the State of Illinois under this Act may be maintained in the name of the Department.

35 ILCS 505/6a Collection of tax; suppliers.

A supplier, other than a licensed distributor, who sells or distributes any special fuel, which he is required by Section 5a [35 ILCS 505/5a] to report to the Department when filing a return, shall (except as hereinafter provided) collect at the time of such sale and distribution, the amount of tax imposed under this Act on all such special fuel sold and distributed, and at the time of making a return, the supplier shall pay to the Department the amount so collected less a discount of 2% through June 30, 2003 and 1.75% thereafter which is allowed to reimburse the supplier for the expenses incurred in keeping records, preparing and filing returns, collecting and remitting the tax and supplying data to the Department on request, and shall also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all such special fuel used by said supplier during the period covered by the return. However, no payment shall be made based upon dyed diesel fuel used by said supplier for non-highway purposes. The discount shall only be applicable to the amount of tax payment which accompanies a return which is filed timely in accordance with Section 5(a) of this Act. In each subsequent sale of special fuel on which the amount of tax imposed under this Act has been collected as provided in this Section, the amount so collected shall be added to the selling price, so that the amount of tax is paid ultimately by the user of the special fuel. However, no collection or payment shall be made in the case of the sale or use of any special fuel to the extent to which such sale or use of motor fuel may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

A person whose license to act as supplier of special fuel has been revoked shall, at the time of making a return, also pay to the Department an amount equal to the amount that would be collectible as a tax in the event of a sale thereof on all special fuel, which he is required by the 1st paragraph of Section 5a to report to the Department in making a return.

A supplier may make tax-free sales of special fuel, with respect to which he is otherwise required to collect the tax, only as specified in the following items 1 through 7.

1. When the sale is made to the federal government or its instrumentalities.

2. When the sale is made to a municipal corporation owning and operating a local transportation system for public service in this State when an official certificate of exemption is obtained in lieu of the tax.

3. When the sale is made to a privately owned public utility owning and operating 2 axle vehicles designed and used for transporting more than 7 passengers, which vehicles are used as common carriers in general transportation of passengers, are not devoted to any specialized purpose and are operated entirely within the territorial limits of a single municipality or of any group of contiguous municipalities, or in a close radius thereof, and the

operations of which are subject to the regulations of the Illinois Commerce Commission, when an official certificate of exemption is obtained in lieu of the tax.

4. When a sale is made to a person holding a valid unrevoked license as a supplier or a distributor by making a specific notation thereof on invoice or sales slip covering each such sale.

5. When a sale of dyed diesel fuel is made by the licensed supplier to the end user of the fuel who is not a licensed distributor or licensed supplier for non-highway purposes and the fuel is (i) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into a stationary bulk storage tank that displays the notice required by Section 4f of this Act [35 ILCS 505/4f], (ii) delivered from a vehicle designed for the specific purpose of such sales and delivered directly into the fuel supply tanks of non-highway vehicles that are not required to be registered for highway use, or (iii) dispensed from a dyed diesel fuel dispensing facility that has withdrawal facilities that are not readily accessible to and are not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle.

A specific notation is required on the invoice or sales slip covering such sales, and any supporting documentation that may be required by the Department must be obtained by the supplier. The supplier shall obtain and keep the supporting documentation in such form as the Department may require by rule.

For purposes of this item 5, a dyed diesel fuel dispensing facility is considered to have withdrawal facilities that are "not readily accessible to and not capable of dispensing dyed diesel fuel into the fuel supply tank of a motor vehicle" only if the dyed diesel fuel is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

6. (Blank).

7. When a sale of special fuel is made to a person where delivery is made outside of this State.

All special fuel sold or used for non-highway purposes must have a dye added in accordance with Section 4d of this Law [35 ILCS 505/4d].

All suits or other proceedings brought for the purpose of recovering any taxes, interest or penalties due the State of Illinois under this Act may be maintained in the name of the Department.

35 ILCS 505/7 [Purchaser; payment of tax]

Any person, not licensed as a receiver, distributor or supplier, purchasing fuel or motor fuel as to which there has been no charge made to him of the tax imposed by Section 2 or 2a [35 ILCS 505/2 or 35 ILCS 505/2a], or both, shall make payment of the tax imposed by Section 2a of this Act [35 ILCS 505/2a] and if the same be thereafter used in the operation of a motor vehicle upon the public highways, make payment of the motor fuel tax computed at the rate prescribed in Section 2 of this Act [35 ILCS 505/2] on the amount so used, such payment to be made to the Department not later than the 20th day of the month succeeding the month in which the motor fuel was so used.

This Section does not apply in cases of such use of motor fuel which was obtained tax-free under an official certificate of exemption mentioned in Sections 6 and 6a of this Act [35 ILCS 505/6 and 35 ILCS 505/6a].

35 ILCS 505/7b [Report of deliveries of reportable motor fuel]

Every railroad company, street, suburban or interurban railroad company, pipeline company, motor truck or motor tank car company and water transportation company transporting reportable motor fuel either in interstate or in intrastate commerce, to points within this State, and every person, transporting reportable motor fuel to a point in this State from a point without this State shall report all deliveries of reportable motor fuel made to points within Illinois to the Department of Revenue on forms prescribed by it.

Such reports shall cover monthly periods, shall be submitted within 30 days after the close of the month covered by the report, shall show the name and address of the person to whom the deliveries of reportable motor fuel have actually and in fact been made, the name and address of the originally named consignee, if reportable motor fuel has been delivered to any other than the originally named consignee, the point of origin, the point of delivery, the date of delivery, and the number and initials of each car, if shipped by rail, the quantity of each shipment and delivery in gallons, the date delivered, the name of the person to whom delivered the point of shipment, the point of delivery, the name of the boat or barge, if delivered by water, and if delivered by other means, the manner in which such delivery is made.

35 ILCS 505/8 [Motor fuel tax fund]

Except as provided in subsection (a-1) of this Section, Section 8a [35 ILCS 505/8a], subdivision (h)(1) of Section 12a [35 ILCS 505/12a], Section 13a.6 [35 ILCS 505/13a.6], and items 13, 14, 15, and 16 of Section 15 [35 ILCS 505/15], all money received by

the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 [35 ILCS 505/2] and Section 13a [35 ILCS 505/13a] of this Act shall be transferred to the State Construction Account Fund in the State Treasury; the remainder of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be deposited into the Road Fund;

(a-1) Beginning on July 1, 2019, an amount equal to the amount of tax collected under subsection (a) of Section 2 as a result of the increase in the tax rate under Public Act 101-32 shall be transferred each month into the Transportation Renewal Fund;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act [625 ILCS 45/10-1 et seq.];

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $5,500,000 in fiscal year 2022 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code [625 ILCS 5/18c-7401], with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code [605 ILCS 5/1-101 et seq.], as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of safety treatments to deter trespassing or a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (a-1), (b), and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 [35 ILCS 505/13], refunds for overpayment of decal fees paid under Section 13a.4 of this Act [35 ILCS 505/13a.4], and refunds provided for under the terms of the International Fuel Tax Agreement referenced in Section 14a [35 ILCS 505/14a];

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on

January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2012, and $30,000,000 on June 1, 2013, or as soon thereafter as may be practical, and $15,000,000 on July 1 and October 1, or as soon thereafter as may be practical, during the period of July 1, 2013 through June 30, 2015, for the administration of the Vehicle Emissions Inspection Law of 2005 [625 ILCS 5/13B-1 et seq.], to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(4.5) beginning on July 1, 2019, the costs of the Environmental Protection Agency for the administration of the Vehicle Emissions Inspection Law of 2005 shall be paid, subject to appropriation, from the Motor Fuel Tax Fund into the Vehicle Inspection Fund; beginning in 2019, no later than December 31 of each year, or as soon thereafter as practical, the State Comptroller shall direct and the State Treasurer shall transfer from the Vehicle Inspection Fund to the Motor Fuel Tax Fund any balance remaining in the Vehicle Inspection Fund in excess of $2,000,000;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (a-1), (b), (c), and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code [605 ILCS 5/6-901 through 605 ILCS 5/6-906];

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

If a township is dissolved under Article 24 of the Township Code [60 ILCS 1/24-10 et seq.], McHenry County shall receive any moneys that would have been distributed to the township under this subparagraph, except that a municipality that assumes the powers and responsibilities of a road district under paragraph (6) of Section 24-35 of the Township Code [60 ILCS 1/24-35] shall receive any moneys that would have been distributed to the township in a percent equal to the area of the dissolved road district or portion of the dissolved road district over which the municipality assumed the powers and responsibilities compared to the total area of the dissolved township. The moneys received under this subparagraph shall be used in the geographic area of the dissolved township. If a township is reconstituted as provided under Section 24-45 of the Township Code [60 ILCS 1/24-45], McHenry County or a municipality shall no longer be distributed moneys under this subparagraph.

As soon as may be after the first day of each month, the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month, the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle

license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year prior to 2011, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. Beginning July 1, 2011 and each July 1 thereafter, an allocation shall be made for any road district if it levied a tax for road and bridge purposes. In counties other than DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which the tax was levied and as equalized by the Department of Revenue, then the amount of the allocation for that road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by 0.08%. In DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than the lesser of (i) 0.08% of the value of the taxable property in the road district, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue, or (ii) a rate that will yield an amount equal to $12,000 per mile of road under the jurisdiction of the road district, then the amount of the allocation for the road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by the lesser of (i) 0.08% or (ii) the rate that will yield an amount equal to $12,000 per mile of road under the jurisdiction of the road district.

Prior to 2011, if any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602, and 6-603 of the Illinois Highway Code [605 ILCS 5/6-601, 605 ILCS 5/6-602 and 605 ILCS 5/6-603], and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. Beginning in 2011 and thereafter, if any road district has levied a special tax for road purposes under Sections 6-601, 6-602, and 6-603 of the Illinois Highway Code, and the tax was levied in an amount that would require extension at a rate of not less than 0.08% of the value of the taxable property of that road district, as equalized or assessed by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, that levy shall be deemed a proper compliance with this Section and shall qualify such road district for a full, rather than proportionate, allotment under this Section. If the levy for the special tax is less than 0.08% of the value of the taxable property, or, in DuPage County if the levy for the special tax is less than the lesser of (i) 0.08% or (ii) $12,000 per mile of road under the jurisdiction of the road district, and if the levy for the special tax is more than any other levy for road and bridge purposes, then the levy for the special tax qualifies the road district for a proportionate, rather than full, allotment under this Section. If the levy for the special tax is equal to or less than any other levy for road and bridge purposes, then any allotment under this Section shall be determined by the other levy for road and bridge purposes.

Prior to 2011, if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law [35 ILCS 200/18-185 et seq.], road districts may retain their entitlement to a motor fuel tax allotment or, beginning in 2011, their entitlement to a full allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable

amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment or, beginning in 2011, its entitlement to a full allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section, the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

35 ILCS 505/8a Deposit of proceeds.

Until July 1, 2022 and beginning again on July 1, 2023, all money received by the Department under Section 2a of this Act [35 ILCS 505/2a], except money received from taxes on aviation fuel sold or used on or after December 1, 2019 and through December 31, 2020, shall be deposited in the Underground Storage Tank Fund. All money received by the Department under Section 2a of this Act for aviation fuel sold or used on or after December 1, 2019, shall be deposited into the State Aviation Program Fund. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline. Beginning on July 1, 2022 and through June 30, 2023, all money received by the Department under Section 2a shall be deposited in the Transportation Renewal Fund.

35 ILCS 505/8b Transportation Renewal Fund; creation; distribution of proceeds.

(a) The Transportation Renewal Fund is hereby created as a special fund in the State treasury. Moneys in the Fund shall be used as provided in this Section:

(1) 80% of the moneys in the Fund shall be used for highway maintenance, highway construction, bridge repair, congestion relief, and construction of aviation facilities; of that 80%:

(A) the State Comptroller shall order transferred and the State Treasurer shall transfer 60% to the State Construction Account Fund; those moneys shall be used solely for construction, reconstruction, improvement, repair, maintenance, operation, and administration of highways and are limited to payments made pursuant to design and construction contracts awarded by the Department of Transportation;

(B) 40% shall be distributed by the Department of Transportation to municipalities, counties, and road districts of the State using the percentages set forth in subdivisions (A), (B), (C), and (D) of paragraph (2) of subsection (e) of Section 8 [35 ILCS 505/8]; distributions to particular municipalities, counties, and road districts under this subdivision (B) shall be made according to the allocation procedures described for municipalities, counties, and road districts in subsection (e) of Section 8 and shall be subject to the same requirements and limitations described in that subsection; and

(2) 20% of the moneys in the Fund shall be used for projects related to rail facilities and mass transit facilities, as defined in Section 2705-305 of the Department of Transportation Law of the Civil Administrative Code of Illinois [20 ILCS 2705/2705-305], including rapid transit, rail, high-speed rail, bus and other equipment in connection with the State or a unit of local government, special district, municipal corporation, or other public agency authorized to provide and promote public transportation within the State; of that 20%:

(A) 90% shall be deposited into the Regional Transportation Authority Capital Improvement Fund, a special fund created in the State Treasury; moneys in the Regional Transportation Authority Capital Improvement Fund shall be

used by the Regional Transportation Authority for construction, improvements, and deferred maintenance on mass transit facilities and acquisition of buses and other equipment; and

(B) 10% shall be deposited into the Downstate Mass Transportation Capital Improvement Fund, a special fund created in the State Treasury; moneys in the Downstate Mass Transportation Capital Improvement Fund shall be used by local mass transit districts other than the Regional Transportation Authority for construction, improvements, and deferred maintenance on mass transit facilities and acquisition of buses and other equipment.

(b) Beginning on July 1, 2020, the Auditor General shall conduct an annual financial audit of the obligations, expenditures, receipt, and use of the funds deposited into the Transportation Renewal Fund and provide specific recommendations to help ensure compliance with State and federal statutes, rules, and regulations.

35 ILCS 505/11.5 [Bond; discharged or reduced]

In the event that liability upon the bond filed by a distributor, supplier, or receiver with the Department shall be discharged or reduced, whether by judgment rendered, payment made or otherwise, or if in the opinion of the Department the bond of any distributor, supplier, or receiver theretofore given shall become unsatisfactory, then the distributor, supplier, or receiver shall forthwith, upon the written demand of the Department, file a new bond in the same manner and form and in an amount and with sureties satisfactory to the Department, failing which the Department shall forthwith revoke the license of the distributor, supplier, or receiver.

If such new bond shall be furnished by the distributor, supplier, or receiver as above provided, the Department shall cancel the bond for which such new bond shall be substituted.

Any surety on any bond furnished by any distributor, supplier, or receiver shall be released and discharged from any and all liability to the State of Illinois accruing on such bond after the expiration of 60 days from the date upon which such surety shall have filed with the Department written request so to be released and discharged. But such request shall not operate to relieve, release or discharge such surety from any liability already accrued, or which shall accrue, before the expiration of said 60-day period. The Department shall, promptly on receipt of such request, notify the distributor, supplier, or receiver and, unless such distributor, supplier, or receiver shall on or before the expiration of such 60-day period file with the Department a new bond with a surety or sureties satisfactory to the Department in the amount and form hereinbefore provided, the Department shall forthwith cancel the license of such distributor, supplier, or receiver. If such new bond shall be furnished by said distributor, supplier, or receiver as above provided, the Department shall cancel the bond for which such new bond shall be substituted.

35 ILCS 505/12 [Notice of Tax Liability]

It is the duty of every distributor, receiver, and supplier under this Act to keep within this State or at some office outside this State for any period for which the Department is authorized to issue a Notice of Tax Liability to the distributor, receiver, or supplier records and books showing all purchases, receipts, losses through any cause, sales, distribution and use of motor fuel, aviation fuels, home heating oils, and kerosene, and products used for the purpose of blending to produce motor fuel, which records and books shall, at all times during business hours of the day, be subject to inspection by the Department, or its duly authorized agents and employees. For purposes of this Section, "records" means all data maintained by the taxpayer including data on paper, microfilm, microfiche or any type of machine-sensible data compilation. The Department may, in its discretion, prescribe reasonable and uniform methods for keeping of records and books by licensees and that set forth requirements for the form and format of records that must be maintained in order to comply with any recordkeeping requirement under this Act.

HISTORY:
P.A. 86-958; 88-480, § 50; 91-173, § 5.

35 ILCS 505/12a [Authority to enter premises; authority to inspect records]

(a) Any duly authorized agent or employee of the Department shall have authority to enter in or upon the premises of any manufacturer, vendor, dealer, retailer, distributor, receiver, supplier or user of motor fuel or special fuels during the regular business hours in order to examine books, records, invoices, storage tanks, and any other applicable equipment pertaining to motor fuel, aviation fuels, home heating oils, kerosene, or special fuels, to determine whether or not the taxes imposed by this Act have been paid.

(b) Any duly authorized agent of the Department, upon presenting appropriate credentials and a written notice to the person who owns, operates, or controls the place to be inspected, shall have the authority to enter any place and to conduct inspections in accordance with subsections (b) through (g) of this Section.

(c) Inspections will be performed in a reasonable manner and at times that are reasonable under the circumstances, taking into consideration the normal business hours of the place to be entered.

(d) Inspections may be at any place at which taxable motor fuel is or may be produced or stored or at any inspection site where evidence of the following activities may be discovered:

(1) Where any dyed diesel fuel is sold or held for sale by any person for any use which the person knows or has reason to know is not a nontaxable use of such fuel.

(2) Where any dyed diesel fuel is held for use or used by any person for a use other than a nontaxable use and the person knew, or had reason to know, that the fuel was dyed according to Section 4d [35 ILCS 505/4d].

(3) Where any person willfully alters, or attempts to alter, the strength or composition of any dye or marking done pursuant to Section 4d of this Law.

The places may include, but are not limited to, the following:

(1) Any terminal.

(2) Any fuel storage facility that is not a terminal.

(3) Any retail fuel facility.

(4) Any designated inspection site.

(e) Duly authorized agents of the Department may physically inspect, examine, or otherwise search any tank, reservoir, or other container that can or may be used for the production, storage, or transportation of fuel, fuel dyes, or fuel markers. Inspection may also be made of any equipment used for, or in connection with, production, storage, or transportation of fuel, fuel dyes, or fuel markers. This includes any equipment used for the dyeing or marking of fuel. This also includes books and records, if any, that are maintained at the place of inspection and are kept to determine tax liability under this Law.

(f) Duly authorized agents of the Department may detain any motor vehicle, train, barge, ship, or vessel for the purpose of inspecting its fuel tanks and storage tanks. Detainment will be either on the premises under inspection or at a designated inspection site. Detainment may continue for a reasonable period of time as is necessary to determine the amount and composition of the fuel.

(g) Duly authorized agents of the Department may take and remove samples of fuel in quantities as are reasonably necessary to determine the composition of the fuel.

(h)(1) Any person that refuses to allow an inspection shall pay a $1,000 penalty for each refusal. This penalty is in addition to any other penalty or tax that may be imposed upon that person or any other person liable for tax under this Law. All penalties received under this subsection shall be deposited into the Tax Compliance and Administration Fund.

(2) In addition, any licensee who refuses to allow an inspection shall be subject to license revocation as provided by Section 16 of this Law [35 ILCS 505/16].

HISTORY:
P.A. 86-958; 91-173, § 5.

35 ILCS 505/13 Refund of tax paid.

Any person other than a distributor or supplier, who loses motor fuel through any cause or uses motor fuel (upon which he has paid the amount required to be collected under Section 2 of this Act [35 ILCS 505/2]) for any purpose other than operating a motor vehicle upon the public highways or waters, shall be reimbursed and repaid the amount so paid.

Any person who purchases motor fuel in Illinois and uses that motor fuel in another state and that other state imposes a tax on the use of such motor fuel shall be reimbursed and repaid the amount of Illinois tax paid under Section 2 of this Act on the motor fuel used in such other state. Reimbursement and repayment shall be made by the Department upon receipt of adequate proof of taxes directly paid to another state and the amount of motor fuel used in that state.

Claims based in whole or in part on taxes paid to another state shall include (i) a certified copy of the tax return filed with such other state by the claimant; (ii) a copy of either the cancelled check paying the tax due on such return, or a receipt acknowledging payment of the tax due on such tax return; and (iii) such other information as the Department may reasonably require. This paragraph shall not apply to taxes paid on returns filed under Section 13a.3 of this Act [35 ILCS 505/13a.3].

Any person who purchases motor fuel use tax decals as required by Section 13a.4 [35 ILCS 505/13a.4] and pays an amount of fees for such decals that exceeds the amount due shall be reimbursed and repaid the amount of the decal fees that are deemed by the department to be in excess of the amount due. Alternatively, any person who purchases motor fuel use tax decals as required by Section 13a.4 may credit any excess decal payment verified by the Department against amounts subsequently due for the purchase of additional decals, until such time as no excess payment remains.

Claims for such reimbursement must be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim must state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary, and the time when, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. No claim based upon idle time shall be allowed. Claims for reimbursement for overpayment of decal fees shall be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state facts relating to the overpayment of decal fees, together with such other information as the Depart-

ment may reasonably require. Claims for reimbursement of overpayment of decal fees paid on or after January 1, 2011 must be filed not later than one year after the date on which the fees were paid by the claimant. If it is determined that the Department should reimburse a claimant for overpayment of decal fees, the Department shall first apply the amount of such refund against any tax or penalty or interest due by the claimant under Section 13a of this Act [35 ILCS 505/13a].

Claims for full reimbursement for taxes paid on or before December 31, 1999 must be filed not later than one year after the date on which the tax was paid by the claimant. If, however, a claim for such reimbursement otherwise meeting the requirements of this Section is filed more than one year but less than 2 years after that date, the claimant shall be reimbursed at the rate of 80% of the amount to which he would have been entitled if his claim had been timely filed.

Claims for full reimbursement for taxes paid on or after January 1, 2000 must be filed not later than 2 years after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department has approved any such claim, it shall pay to the claimant (or to the claimant's legal representative, as such if the claimant has died or become a person under legal disability) the reimbursement provided in this Section, out of any moneys appropriated to it for that purpose.

Any distributor or supplier who has paid the tax imposed by Section 2 of this Act upon motor fuel lost or used by such distributor or supplier for any purpose other than operating a motor vehicle upon the public highways or waters may file a claim for credit or refund to recover the amount so paid. Such claims shall be filed on forms prescribed by the Department. Such claims shall be made to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary and the time when the loss or nontaxable use occurred, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. Claims must be filed not later than one year after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department approves a claim, the Department shall issue a refund or credit memorandum as requested by the taxpayer, to the distributor or supplier who made the payment for which the refund or credit is being given or, if the distributor or supplier has died or become incompetent, to such distributor's or supplier's legal representative, as such. The amount of such credit memorandum shall be credited against any tax due or to become due under this Act from the distributor or supplier who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.].

In case the distributor or supplier requests and the Department determines that the claimant is entitled to a refund, such refund shall be made only from such appropriation as may be available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

In any case in which there has been an erroneous refund of tax or fees payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

If no tax is due and no proceeding is pending to determine whether such distributor or supplier is indebted to the Department for tax, the credit memorandum so issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed distributor or supplier who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act from such assignee.

If the payment for which the distributor's or supplier's claim is filed is held in the protest fund of the State Treasury during the pendency of the claim for credit proceedings pursuant to the order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act [30 ILCS 230/2a] and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law [735 ILCS 5/3-101 et seq.] that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a distributor or supplier while still holding an unused credit memorandum issued under this Act, such person

may, at his election (instead of assigning the credit memorandum to a licensed distributor or licensed supplier under this Act), surrender such unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

For claims based upon taxes paid on or before December 31, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the following paragraph or (ii) for undyed diesel fuel used by a commercial vehicle, as that term is defined in Section 1-111.8 of the Illinois Vehicle Code [625 ILCS 5/1-111.8], for any purpose other than operating the commercial vehicle upon the public highways and unlicensed commercial vehicles operating on private property. Claims shall be limited to commercial vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

For claims based upon taxes paid on or after January 1, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the preceding paragraph or (ii) for claims for the following:

(1) Undyed diesel fuel used (i) in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act [35 ILCS 120/2-45], wherein the undyed diesel fuel becomes a component part of a product or by-product, other than fuel or motor fuel, when the use of dyed diesel fuel in that manufacturing process results in a product that is unsuitable for its intended use or (ii) for testing machinery and equipment in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the testing takes place on private property.

(2) Undyed diesel fuel used by a manufacturer on private property in the research and development, as defined in Section 1.29 [35 ILCS 505/1.29], of machinery or equipment intended for manufacture.

(3) Undyed diesel fuel used by a single unit self-propelled agricultural fertilizer implement, designed for on and off road use, equipped with flotation tires and specially adapted for the application of plant food materials or agricultural chemicals.

(4) Undyed diesel fuel used by a commercial motor vehicle for any purpose other than operating the commercial motor vehicle upon the public highways. Claims shall be limited to commercial motor vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

(5) Undyed diesel fuel used by a unit of local government in its operation of an airport if the undyed diesel fuel is used directly in airport operations on airport property.

(6) Undyed diesel fuel used by refrigeration units that are permanently mounted to a semitrailer, as defined in Section 1.28 of this Law [35 ILCS 505/1.28], wherein the refrigeration units have a fuel supply system dedicated solely for the operation of the refrigeration units.

(7) Undyed diesel fuel used by power take-off equipment as defined in Section 1.27 of this Law [35 ILCS 505/1.27].

(8) Beginning on the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-654], undyed diesel fuel used by tugs and spotter equipment to shift vehicles or parcels on both private and airport property. Any claim under this item (8) may be made only by a claimant that owns tugs and spotter equipment and operates that equipment on both private and airport property. The aggregate of all credits or refunds resulting from claims filed under this item (8) by a claimant in any calendar year may not exceed $100,000. A claim may not be made under this item (8) by the same claimant more often than once each quarter. For the purposes of this item (8), "tug" means a vehicle designed for use on airport property that shifts custom-designed containers of parcels from loading docks to aircraft, and "spotter equipment" means a vehicle designed for use on both private and airport property that shifts trailers containing parcels between staging areas and loading docks.

Any person who has paid the tax imposed by Section 2 of this Law upon undyed diesel fuel that is unintentionally mixed with dyed diesel fuel and who owns or controls the mixture of undyed diesel fuel and dyed diesel fuel may file a claim for refund to recover the amount paid. The amount of undyed diesel fuel unintentionally mixed must equal 500 gallons or more. Any claim for refund of unintentionally mixed undyed diesel fuel and dyed diesel fuel shall be supported by documentation showing the date and location of the unintentional mixing, the number of gallons involved, the disposition of the mixed diesel fuel, and any other information that the Department may reasonably require. Any unintentional mixture of undyed diesel fuel and dyed diesel fuel shall be sold or used only for non-highway purposes.

The Department shall promulgate regulations establishing specific limits on the amount of undyed diesel fuel that may be claimed for refund.

For purposes of claims for refund, "loss" means the reduction of motor fuel resulting from fire, theft, spillage, spoilage, leakage, or any other provable cause, but does not include a reduction resulting from evaporation, or shrinkage due to temperature variations. In the case of losses due to fire or theft, the claimant must include fire department or police department reports and any other documentation that the Department may require.

35 ILCS 505/13a [Tax on use of special fuel by commercial motor vehicles]

(1) A tax is hereby imposed upon the use of motor

fuel upon highways of this State by commercial motor vehicles. The tax shall be comprised of 2 parts. Part (a) shall be at the rate established by Section 2 of this Act [35 ILCS 505/2], as heretofore or hereafter amended. Part (b) shall be at the rate established by subsection (2) of this Section as now or hereafter amended.

(2) A rate shall be established by the Department as of January 1 of each year using the average "selling price", as defined in the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.], per gallon of motor fuel sold in this State during the previous 12 months and multiplying it by 6 1/4% to determine the cents per gallon rate. For the period beginning on July 1, 2000 and through December 31, 2000, the Department shall establish a rate using the average "selling price", as defined in the Retailers' Occupation Tax Act, per gallon of motor fuel sold in this State during calendar year 1999 and multiplying it by 1.25% to determine the cents per gallon rate.

35 ILCS 505/13a.1 [Tax payable to Department]

Every commercial motor carrier shall pay the tax imposed by Section 13a hereof [35 ILCS 505/13a] to the Department, calculated on the amount of motor fuel consumed on any highway within this State.

HISTORY:
P.A. 82-1035; 88-480, § 50.

35 ILCS 505/13a.2 [Motor carrier; records]

Each motor carrier shall keep records which accurately reflect the type and number of gallons of motor fuel consumed, the number of miles traveled with each type of fuel on the highways of each jurisdiction and the highways of Illinois, the type and number of gallons of tax paid fuel purchased in this State, and every jurisdiction, and the number of miles traveled and the amount of fuel consumed on the highways of this State and every jurisdiction. Licensees shall preserve the records for a period of 4 years from the due date of their returns or the date filed, whichever is later. In the absence of such records, the Department shall presume that one gallon of fuel is used for each 4.0 miles traveled in this State. Every authorized agent of the Department shall have power to make any reasonable investigations to prevent avoidance of the tax imposed by Section 13a hereof [35 ILCS 505/13a].

Failure to provide records demanded for the purpose of audit extends the statute of limitations until the records are provided.

HISTORY:
P.A. 85-340; 88-480, § 50.

35 ILCS 505/13a.3 Every person holding a valid unrevoked motor fuel use tax license issued under Section 13a.

Every person holding a valid unrevoked motor fuel use tax license issued under Section 13a.4 of this Act [35 ILCS 505/13a.4] shall, on or before the last day of the month next succeeding any calendar quarter, file with the Department a report, in such form as the Department may by rule or regulation prescribe, setting forth a statement of the number of miles traveled in every jurisdiction and in this State during the previous calendar quarter, the number of gallons and type of reportable motor fuel consumed on the highways of every jurisdiction and of this State, and the total number of gallons and types of tax paid fuel purchased within every jurisdiction during said previous calendar quarter. A motor carrier who purchases motor fuel in this State who pays a tax thereon under any section of the Motor Fuel Tax Law [35 ILCS 505/1 et seq.] other than Sections 13a, 13a.1, 13a.2 and 13a.3 [35 ILCS 505/13a, 35 ILCS 505/13a.1, 35 ILCS 505/13a.2 and 35 ILCS 505/13a.3], and who does not apply for a refund under Section 13 of the Motor Fuel Tax Law [35 ILCS 505/13], shall receive a gallon for gallon credit against his liability under Sections 13a, 13a.1, 13a.2 and 13a.3 hereof. The rate under Section 2 of this Act [35 ILCS 505/2] shall apply to each gallon of motor fuel used by such motor carrier on the highways of Illinois during the previous calendar quarter in excess of the motor fuel purchased in Illinois during such previous calendar quarter.

The rate under subsection (2) of Section 13a of this Act shall apply to each gallon of motor fuel used by such motor carrier on the highways of Illinois during the previous calendar quarter. For purposes of the preceding paragraphs "used" shall be determined as provided in Section 13a.2 of this Act.

For such motor fuel consumed during the previous calendar quarter, said tax shall be payable on the last day of the month next succeeding such previous calendar quarter and shall bear interest until paid at the rate established by the International Motor Fuel Tax Agreement, as now and hereafter amended.

Reports not filed by the due date shall be considered late and any taxes due considered delinquent. The licensee may be assessed a penalty of $50 or 10% of the delinquent taxes, whichever is greater, for failure to file a report, or for filing a late report, or for underpayment of taxes due.

As to each gallon of motor fuel purchased in Illinois by such motor carrier during the previous calendar quarter in excess of the number of gallons of motor fuel used by such motor carrier on the highways of Illinois during such previous calendar quarter, the taxpayer may take a credit for the current calendar quarter or the Department may issue a credit memorandum or refund to such motor carrier for any tax imposed by Part (a) of Section 13a of this Act paid on each such gallon. If a credit is given, the credit memorandum shall be carried over to offset liabilities of the licensee until the credit is fully offset or until 8 calendar quarters pass after the end of the calendar quarter in which the credit accrued, whichever occurs sooner.

A motor carrier who purchases motor fuel in this State shall be entitled to a refund under this Section or a credit against all his liabilities under Sections 13a, 13a.1, 13a.2 and 13a.3 hereof for taxes imposed by the Use Tax Act, the Retailers' Occupation Tax Act, the Municipal Retailers' Occupation Tax Act [35 ILCS 105/1 et seq., 35 ILCS 120/1 et seq., 65 ILCS 5/8-11-1 et seq.] and the County Retailers' Occupation Tax Act on such motor fuel at a rate equal to that established by subsection (2) of Section 13a of this Act, provided that such taxes have been paid by the taxpayer and such taxes have been charged to the motor carrier claiming the credit or refund.

35 ILCS 505/13a.4 [Permit required]

Except as provided in Section 13a.5 of this Act [35 ILCS 505/13a.5], no motor carrier shall operate in Illinois without first securing a motor fuel use tax license and decals from the Department or a motor fuel use tax license and decals issued under the International Fuel Tax Agreement by any member jurisdiction. Notwithstanding any other provision of this Section to the contrary, however, the Director of Revenue or his designee may, upon determining that a disaster exists in Illinois or in any other jurisdiction, temporarily waive the licensing requirements of this Section for commercial motor vehicles that travel through Illinois, or return to Illinois from a point outside Illinois, for the purpose of assisting in disaster relief efforts. Temporary waiver of the licensing requirements of this Section shall not exceed a period of 30 days from the date the Director temporarily waives the licensing requirements of this Section. For purposes of this Section, a disaster includes flood, tornado, hurricane, fire, earthquake, or any other disaster that causes or threatens loss of life or destruction or damage to property of such a magnitude as to endanger the public health, safety, and welfare. The licensing requirements of this Section shall be temporarily waived only if the operator of the commercial motor vehicle can provide proof by manifest that the commercial motor vehicle is traveling through Illinois or returning to Illinois from a point outside Illinois for purposes of assisting in disaster relief efforts. Application for such license and decals shall be made annually to the Department on forms prescribed by the Department. The application shall be under oath, and shall contain such information as the Department deems necessary. The Department, for cause, may require an applicant to post a bond on a form to be approved by and with a surety or sureties satisfactory to the Department conditioned upon such applicant paying to the State of Illinois all monies becoming due by reason of the sale or use of motor fuel by the applicant, together with all penalties and interest thereon. If a bond is required, it shall be equal to at least twice the estimated average tax liability of a quarterly return. The Department shall fix the penalty of such bond in each case taking into consideration the amount of motor fuel expected to be used by such applicant and the penalty fixed by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount hereinafter provided on motor fuel used. No person who is in default to the State for monies due under this Act for the sale, distribution or use of motor fuel shall receive such a license or decal.

Upon receipt of the application for license in proper form, and upon payment of any required $100 reinstatement fee, and upon approval by the Department of the bond furnished by the applicant, the Department may issue to such applicant a license which allows the operation of commercial motor vehicles in Illinois, and decals for each commercial motor vehicle operating in Illinois. Prior to January 1, 1985, motor fuel use tax licenses shall be conspicuously displayed in the cab of each commercial motor vehicle operating in Illinois. After January 1, 1986, motor fuel use tax licenses shall be carried in the cab of each commercial motor vehicle operating in Illinois.

The Department shall, by regulation, provide for the use of reproductions of original motor fuel use tax licenses in lieu of issuing multiple original motor fuel use tax licenses to licensees.

On and after January 1, 1985, external motor fuel tax decals shall be conspicuously displayed on the passenger side of each commercial motor vehicle propelled by motor fuel operating in Illinois, except buses, which may display such devices on the driver's side of the vehicle. Beginning with the effective date of this amendatory Act of 1993 or the membership of the State of Illinois in the International Fuel Tax Agreement, whichever is later, the decals issued to the licensee shall be placed on both exterior sides of the cab. In the case of transporters, manufacturers, dealers, or driveway operations, the decals need not be permanently affixed but may be temporarily displayed in a visible manner on the exterior sides of the cab. Failure to display the decals in the required locations may subject the vehicle operator to the purchase of a trip permit and a citation. Such motor fuel tax decals shall be issued by the Department and remain valid for a period of 2 calendar years, beginning January 1, 1985. The decals shall expire at the end of the regular 2 year issuance period, with new decals required to be displayed at that time. Beginning January 1, 1993, the motor fuel decals shall be issued by the Department and remain valid for a period of one calendar year. The decals shall expire at the end of the regular one year issuance period, with new decals required to be displayed at that time. Decals shall be no larger than 3 inches by 3 inches. Prior to January 1, 1993, a fee of $7.50 shall be charged by the Department for each decal issued prior to and during the 2 calendar years such decal is valid. Beginning January 1, 1993, a fee of $3.75 shall be charged by the Department for each decal issued

prior to and during the calendar year such decal is valid. Beginning January 1, 1994, $3.75 shall be charged for a set of 2 decals. The Department may also prescribe procedures for the issuance of replacement decals, with a maximum fee of $2 for each set of replacement decals issued. The transfer of decals from one vehicle to another vehicle or from one motor carrier to another motor carrier is prohibited. The fees paid for the decals issued under this Section shall be deposited in the Motor Fuel Tax Fund, and may be appropriated to the Department for administration of this Section and enforcement of the tax imposed by Section 13a of this Act [35 ILCS 505/13a].

To avoid duplicate reporting of mileage and payment of any tax arising therefrom under Section 13a.3 of this Act [35 ILCS 505/13a.3], the Department shall, by regulation, provide for the allocation between lessors and lessees of the same commercial motor vehicle or vehicles of the responsibility as a motor carrier for the reporting of mileage and the liability for tax arising under Section 13a.3 of this Act, and for registration, furnishing of bond, carrying of motor fuel use tax licenses, and display of decals under this Section, and for all other duties imposed upon motor carriers by this Act.

35 ILCS 505/13a.5 [Single trip permit]

As to a commercial motor vehicle operated in Illinois in the course of interstate traffic by a motor carrier not holding a motor fuel use tax license issued under this Act, a single trip permit authorizing operation of such commercial motor vehicle for a single trip into the State of Illinois, through the State of Illinois, or from a point on the border of this State to a point within and return to the border may be issued by the Department or its agents after proper application.

The fee for each single trip permit shall be $40 and such single trip permit shall be valid for a period of 96 hours. This fee shall be in lieu of the tax required by Section 13a of this Act [35 ILCS 505/13a], all reports required by Section 13a.3 of this Act [35 ILCS 505/13a.3], and the registration, decal display and furnishing of bond required by Section 13a.4 of this Act [35 ILCS 505/13a.4]. Notwithstanding any other provision of this Section to the contrary, however, the Director of Revenue or his designee may, upon determining that a disaster exists in Illinois or in any other jurisdiction, temporarily waive the permit provisions of this Section for commercial motor vehicles that travel into the State of Illinois, through Illinois, or return to Illinois from a point outside Illinois, for the purpose of assisting in disaster relief efforts. Temporary waiver of the permit provisions of this Section shall not exceed a period of 30 days from the date the Director waives the permit provisions of this Section. For purposes of this Section, a disaster includes flood, tornado, hurricane, fire, earthquake, or any other disaster that causes or threatens loss of life or destruction or damage to property of such a magnitude as to endanger the public health, safety, and welfare. The permit provisions of this Section shall be temporarily waived only if the operator of the commercial motor vehicle can provide proof by manifest that the commercial motor vehicle is traveling through Illinois or returning to Illinois from a point outside Illinois for purposes of assisting in disaster relief efforts. Rules or regulations promulgated by the Department under this Section shall provide for reasonable and proper limitations and restrictions governing application for and issuance and use of, single trip permits, so as to preclude evasion of the license requirement in Section 13a.4.

35 ILCS 505/13a.6 [Penalty]

In addition to any other penalties imposed by this Act:

(a) If a commercial motor vehicle is found operating in Illinois (i) without displaying decals required by Section 13a.4 of this Act [35 ILCS 505/13a.4], or in lieu thereof only for the period specified on the temporary permit, a valid 30-day International Fuel Tax Agreement temporary permit, (ii) without carrying a motor fuel use tax license as required by Section 13a.4 of this Act, (iii) without carrying a single trip permit, when applicable, as provided in Section 13a.5 of this Act [35 ILCS 505/13a.5], or (iv) with a revoked motor fuel use tax license, the operator is guilty of a petty offense and must pay a minimum of $75. For each subsequent occurrence, the operator must pay a minimum of $150.

When a commercial motor vehicle is found operating in Illinois with a revoked motor fuel use tax license, the vehicle shall be placed out of service and not allowed to operate in Illinois until the motor fuel use tax license is reinstated.

(b) If a commercial motor vehicle is found to be operating in Illinois without a valid motor fuel use tax license and without properly displaying decals required by Section 13a.4 or without a valid single trip permit when required by Section 13a.5 of this Act or a valid 30-day International Fuel Tax Agreement temporary permit, the person required to obtain a license or permit under Section 13a.4 or 13a.5 of this Law [35 ILCS 505/13a.4 or 35 ILCS 505/13a.5] must pay a minimum of $1,000 as a penalty. For each subsequent occurrence, the person must pay a minimum of $2,000 as a penalty.

All penalties received under this Section shall be deposited into the Tax Compliance and Administration Fund.

Improper use of the motor fuel use tax license, single trip permit, or decals provided for in this Section may be cause for revocation of the license.

For purposes of this Section, "motor fuel use tax license" means (i) a motor fuel use tax license issued by the Department or by any member jurisdiction under the International Fuel Tax Agreement, or (ii) a valid 30-day International Fuel Tax Agreement temporary permit.

35 ILCS 505/13a.7 [Return filed late; credit; erroneous refund]

Notwithstanding the provisions for credit memoranda, credits or refunds contained in Section 13a.3 of this Act [35 ILCS 505/13a.3], no credit memorandum, credit or refund shall be allowed or made based upon a return filed more than 4 years after the due date of the return or the date the return is filed, whichever is later. In any case in which there has been an erroneous refund of tax payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

P.A. 85-293; 90-491, § 48; 91-173, § 5.

35 ILCS 505/13a.8 [Claim for credit]

Any receiver who has paid the tax imposed by Section 2a of this Law [35 ILCS 505/2a] (either directly to the Department or to another licensed receiver) upon fuel exported or sold under the exemptions provided in Section 2a may file a claim for credit to recover the amount so paid. The claims shall be made to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture, production, export, or sale of the fuel by the claimant as the Department may deem necessary together with such other information as the Department may reasonably require. The Department may investigate the correctness of the facts stated in the claims as it deems necessary. When the Department approves a claim, the Department shall issue a credit memorandum to the receiver who made the payment for which the credit is being given or, if the receiver has died or become incompetent, to the receiver's legal representative. The amount of the credit memorandum shall be credited against any tax due or to become due under this Act from the receiver who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.].

In case the receiver requests and the Department determines that the claimant is entitled to a refund, the refund shall be made only from such appropriation as may be available for that purpose. If it appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

If no tax is due and no proceeding is pending to determine whether the receiver is indebted to the Department for tax, the credit memorandum issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed receiver who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act from such assignee.

If the payment for which the receiver's claim is filed is held in the protest fund of the State Treasury during the pendency of the claim for credit proceedings under an order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act [30 ILCS 230/2a] and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law [735 ILCS 5/3-101 et seq.] that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a receiver while still holding an unused credit memorandum issued under this Act, that person may, at his or her election (instead of assigning the credit memorandum to a licensed receiver under this Act), surrender the unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

35 ILCS 505/14 [Rules and regulations]

The Department of Revenue is authorized to make such reasonable rules and regulations relating to the administration and enforcement of the provisions of this Act, as may be deemed expedient.

HISTORY:
Laws 1943, vol. 1, p. 1095.

35 ILCS 505/14a [Reciprocal agreements]

The Department of Revenue may enter into recip-

rocal agreements with the appropriate officials of any other state under which the Department may waive all or any part of the requirements imposed by the laws of this State upon those who use or consume motor fuel in Illinois upon which a tax has been paid to such other state, provided that the officials of such other state grant equivalent privileges with respect to motor fuel used in such other state but upon which the tax has been paid to Illinois.

The Department may enter the International Fuel Tax Agreement or other cooperative compacts or agreements with other states or jurisdictions to permit base state or base jurisdiction licensing of persons using motor fuel in this State. Those agreements may provide for the cooperation and assistance among member states in the administration and collection of motor fuel tax, including, but not limited to, exchanges of information, auditing and assessing of interstate carriers and suppliers, and any other activities necessary to further uniformity.

Pursuant to federal mandate, upon membership in the International Fuel Tax Agreement ("Agreement"), the motor fuel use tax imposed upon Commercial Motor Vehicles required to be registered under the terms of the Agreement shall be administered according to the terms of the Agreement, as now and hereafter amended. Illinois shall not establish, maintain, or enforce any law or regulation that has fuel use tax reporting requirements or that provides for the payment of a fuel use tax, unless that law or regulation is in conformity with the Agreement.

The Department shall adopt rules and regulations to implement the provisions of the Agreement.

P.A. 86-1481; 88-480, § 50.

35 ILCS 505/15 [Failure to acquire license; failure to file return; failure to make payment; refusal to present books]

1. Any person who knowingly acts as a distributor of motor fuel or supplier of special fuel, or receiver of fuel without having a license so to do, or who knowingly fails or refuses to file a return with the Department as provided in Section 2b, Section 5, or Section 5a of this Act [35 ILCS 505/2b, 35 ILCS 505/5, or 35 ILCS 505/5a], or who knowingly fails or refuses to make payment to the Department as provided either in Section 2b, Section 6, Section 6a, or Section 7 of this Act [35 ILCS 505/2b, 35 ILCS 505/6, 35 ILCS 505/6a or 35 ILCS 505/7], shall be guilty of a Class 3 felony. Each day any person knowingly acts as a distributor of motor fuel, supplier of special fuel, or receiver of fuel without having a license so to do or after such a license has been revoked, constitutes a separate offense.

2. Any person who acts as a motor carrier without having a valid motor fuel use tax license, issued by the Department or by a member jurisdiction under the provisions of the International Fuel Tax Agreement, or a valid single trip permit is guilty of a Class A misdemeanor for a first offense and is guilty of a Class 4 felony for each subsequent offense. Any person (i) who fails or refuses to make payment to the Department as provided in Section 13a.1 [35 ILCS 505/13a.1] of this Act or in the International Fuel Tax Agreement referenced in Section 14a [35 ILCS 505/14a], or (ii) who fails or refuses to make the quarterly return as provided in Section 13a.3 [35 ILCS 505/13a.3] is guilty of a Class 4 felony; and for each subsequent offense, such person is guilty of a Class 3 felony.

3. In case such person acting as a distributor, receiver, supplier, or motor carrier is a corporation, then the officer or officers, agent or agents, employee or employees, of such corporation responsible for any act of such corporation, or failure of such corporation to act, which acts or failure to act constitutes a violation of any of the provisions of this Act as enumerated in paragraphs 1 and 2 of this Section, shall be punished by such fine or imprisonment, or by both such fine and imprisonment as provided in those paragraphs.

3.5. Any person who knowingly enters false information on any supporting documentation required to be kept by Section 6 or 6a of this Act [35 ILCS 505/6 or 35 ILCS 505/6a] is guilty of a Class 3 felony.

3.7. Any person who knowingly attempts in any manner to evade or defeat any tax imposed by this Act or the payment of any tax imposed by this Act is guilty of a Class 2 felony.

4. Any person who refuses, upon demand, to submit for inspection, books and records, or who fails or refuses to keep books and records in violation of Section 12 of this Act [35 ILCS 505/12], or any distributor, receiver, or supplier who violates any reasonable rule or regulation adopted by the Department for the enforcement of this Act is guilty of a Class A misdemeanor. Any person who acts as a blender in violation of Section 3 of this Act [35 ILCS 505/3] or who having transported reportable motor fuel within Section 7b of this Act [35 ILCS 505/7b] fails to make the return required by that Section, is guilty of a Class 4 felony.

5. Any person licensed under Section 13a.4, 13a.5 [35 ILCS 505/13a.4, 35 ILCS 505/13a.5], or the International Fuel Tax Agreement who: (a) fails or refuses to keep records and books, as provided in Section 13a.2 [35 ILCS 505/13a.2] or as required by the terms of the International Fuel Tax Agreement, (b) refuses upon demand by the Department to submit for inspection and examination the records required by Section 13a.2 of this Act or by the terms of the International Fuel Tax Agreement, or (c) violates any reasonable rule or regulation adopted by the Department for the enforcement of this Act, is guilty of a Class A misdemeanor.

6. Any person who makes any false return or report to the Department as to any material fact required by Sections 2b, 5, 5a, 7, 13, or 13a.3 of this

Act [35 ILCS 505/2b, 35 ILCS 505/5, 35 ILCS 505/5a, 35 ILCS 505/7, 35 ILCS 505/13, or 35 ILCS 505/13a.3] or by the International Fuel Tax Agreement is guilty of a Class 2 felony.

7. A prosecution for any violation of this Section may be commenced anytime within 5 years of the commission of that violation. A prosecution for tax evasion as set forth in paragraph 3.7 of this Section may be prosecuted any time within 5 years of the commission of the last act in furtherance of evasion. The running of the period of limitations under this Section shall be suspended while any proceeding or appeal from any proceeding relating to the quashing or enforcement of any grand jury or administrative subpoena issued in connection with an investigation of the violation of any provision of this Act is pending.

8. Any person who provides false documentation required by any Section of this Act is guilty of a Class 4 felony.

9. Any person filing a fraudulent application or order form under any provision of this Act is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

10. Any person who acts as a motor carrier and who fails to carry a manifest as provided in Section 5.5 [35 ILCS 505/5.5] is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

11. Any person who knowingly sells or attempts to sell dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State is guilty of a Class 4 felony. For each subsequent offense, the person is guilty of a Class 2 felony.

12. Any person who knowingly possesses dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

13. Any person who sells or transports dyed diesel fuel without the notice required by Section 4e [35 ILCS 505/4e] shall pay the following penalty:

First occurrence ..... $ 500
Second and each occurrence thereafter $1,000

14. Any person who owns, operates, or controls any container, storage tank, or facility used to store or distribute dyed diesel fuel without the notice required by Section 4f [35 ILCS 505/4f] shall pay the following penalty:

First occurrence ..... $ 500
Second and each occurrence thereafter $1,000

15. If a motor vehicle required to be registered for highway purposes is found to have dyed diesel fuel within the ordinary fuel tanks attached to the motor vehicle or if a recreational-type watercraft on the waters of this State is found to have dyed diesel fuel within the ordinary fuel tanks attached to the watercraft, the operator shall pay the following penalty:

First occurrence $1,000
Second and each occurrence thereafter $5,000

16. Any licensed motor fuel distributor or licensed supplier who sells or attempts to sell dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State shall pay the following penalty:

First occurrence $1,000
Second and each occurrence thereafter $5,000

17. Any person who knowingly sells or distributes dyed diesel fuel without the notice required by Section 4e is guilty of a petty offense. For each subsequent offense, the person is guilty of a Class A misdemeanor.

18. Any person who knowingly owns, operates, or controls any container, storage tank, or facility used to store or distribute dyed diesel fuel without the notice required by Section 4f is guilty of a petty offense. For each subsequent offense the person is guilty of a Class A misdemeanor.

For purposes of this Section, dyed diesel fuel means any dyed diesel fuel whether or not dyed pursuant to Section 4d of this Law [35 ILCS 505/4d].

Any person aggrieved by any action of the Department under item 13, 14, 15, or 16 of this Section may protest the action by making a written request for a hearing within 60 days of the original action. If the hearing is not requested in writing within 60 days, the original action is final.

All penalties received under items 13, 14, 15, and 16 of this Section shall be deposited into the Tax Compliance and Administration Fund.

35 ILCS 505/15 [Failure to acquire license; failure to file return; failure to make payment; refusal to present books]

1. Any person who knowingly acts as a distributor of motor fuel or supplier of special fuel, or receiver of fuel without having a license so to do, or who knowingly fails or refuses to file a return with the Department as provided in Section 2b, Section 5, or Section 5a of this Act [35 ILCS 505/2b, 35 ILCS 505/5, or 35 ILCS 505/5a], or who knowingly fails or refuses to make payment to the Department as provided either in Section 2b, Section 6, Section 6a, or Section 7 of this Act [35 ILCS 505/2b, 35 ILCS 505/6, 35 ILCS 505/6a or 35 ILCS 505/7], shall be guilty of a Class 3 felony. Each day any person knowingly acts as a distributor of motor fuel, supplier of special fuel, or receiver of fuel without having a license so to do or after such a license has been revoked, constitutes a separate offense.

2. Any person who acts as a motor carrier without having a valid motor fuel use tax license, issued by the Department or by a member jurisdiction under the provisions of the International Fuel Tax Agreement, or a valid single trip permit is guilty of a Class A misdemeanor for a first offense and is guilty of a Class 4 felony for each subsequent offense. Any person (i) who fails or refuses to make payment to the

Department as provided in Section 13a.1 [35 ILCS 505/13a.1] of this Act or in the International Fuel Tax Agreement referenced in Section 14a [35 ILCS 505/14a], or (ii) who fails or refuses to make the quarterly return as provided in Section 13a.3 [35 ILCS 505/13a.3] is guilty of a Class 4 felony; and for each subsequent offense, such person is guilty of a Class 3 felony.

3. In case such person acting as a distributor, receiver, supplier, or motor carrier is a corporation, then the officer or officers, agent or agents, employee or employees, of such corporation responsible for any act of such corporation, or failure of such corporation to act, which acts or failure to act constitutes a violation of any of the provisions of this Act as enumerated in paragraphs 1 and 2 of this Section, shall be punished by such fine or imprisonment, or by both such fine and imprisonment as provided in those paragraphs.

3.5. Any person who knowingly enters false information on any supporting documentation required to be kept by Section 6 or 6a of this Act [35 ILCS 505/6 or 35 ILCS 505/6a] is guilty of a Class 3 felony.

3.7. Any person who knowingly attempts in any manner to evade or defeat any tax imposed by this Act or the payment of any tax imposed by this Act is guilty of a Class 2 felony.

4. Any person who refuses, upon demand, to submit for inspection, books and records, or who fails or refuses to keep books and records in violation of Section 12 of this Act [35 ILCS 505/12], or any distributor, receiver, or supplier who violates any reasonable rule or regulation adopted by the Department for the enforcement of this Act is guilty of a Class A misdemeanor. Any person who acts as a blender in violation of Section 3 of this Act [35 ILCS 505/3] is guilty of a Class 4 felony.

5. Any person licensed under Section 13a.4, 13a.5 [35 ILCS 505/13a.4, 35 ILCS 505/13a.5], or the International Fuel Tax Agreement who: (a) fails or refuses to keep records and books, as provided in Section 13a.2 [35 ILCS 505/13a.2] or as required by the terms of the International Fuel Tax Agreement, (b) refuses upon demand by the Department to submit for inspection and examination the records required by Section 13a.2 of this Act or by the terms of the International Fuel Tax Agreement, or (c) violates any reasonable rule or regulation adopted by the Department for the enforcement of this Act, is guilty of a Class A misdemeanor.

6. Any person who makes any false return or report to the Department as to any material fact required by Sections 2b, 5, 5a, 7, 13, or 13a.3 of this Act [35 ILCS 505/2b, 35 ILCS 505/5, 35 ILCS 505/5a, 35 ILCS 505/7, 35 ILCS 505/13, or 35 ILCS 505/13a.3] or by the International Fuel Tax Agreement is guilty of a Class 2 felony.

7. A prosecution for any violation of this Section may be commenced anytime within 5 years of the commission of that violation. A prosecution for tax evasion as set forth in paragraph 3.7 of this Section may be prosecuted any time within 5 years of the commission of the last act in furtherance of evasion. The running of the period of limitations under this Section shall be suspended while any proceeding or appeal from any proceeding relating to the quashing or enforcement of any grand jury or administrative subpoena issued in connection with an investigation of the violation of any provision of this Act is pending.

8. Any person who provides false documentation required by any Section of this Act is guilty of a Class 4 felony.

9. Any person filing a fraudulent application or order form under any provision of this Act is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

10. Any person who acts as a motor carrier and who fails to carry a manifest as provided in Section 5.5 [35 ILCS 505/5.5] is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

11. Any person who knowingly sells or attempts to sell dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State is guilty of a Class 4 felony. For each subsequent offense, the person is guilty of a Class 2 felony.

12. Any person who knowingly possesses dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State is guilty of a Class A misdemeanor. For each subsequent offense, the person is guilty of a Class 4 felony.

13. Any person who sells or transports dyed diesel fuel without the notice required by Section 4e [35 ILCS 505/4e] shall pay the following penalty:

First occurrence ..... $ 500
Second and each occurrence thereafter $1,000

14. Any person who owns, operates, or controls any container, storage tank, or facility used to store or distribute dyed diesel fuel without the notice required by Section 4f [35 ILCS 505/4f] shall pay the following penalty:

First occurrence ..... $ 500
Second and each occurrence thereafter $1,000

15. If a motor vehicle required to be registered for highway purposes is found to have dyed diesel fuel within the ordinary fuel tanks attached to the motor vehicle or if a recreational-type watercraft on the waters of this State is found to have dyed diesel fuel within the ordinary fuel tanks attached to the watercraft, the operator shall pay the following penalty:

First occurrence $1,000
Second and each occurrence thereafter $5,000

16. Any licensed motor fuel distributor or licensed supplier who sells or attempts to sell dyed diesel fuel for highway use or for use by recreational-type watercraft on the waters of this State shall pay the following penalty:

First occurrence $1,000

Second and each occurrence thereafter …… $5,000

17. Any person who knowingly sells or distributes dyed diesel fuel without the notice required by Section 4e is guilty of a petty offense. For each subsequent offense, the person is guilty of a Class A misdemeanor.

18. Any person who knowingly owns, operates, or controls any container, storage tank, or facility used to store or distribute dyed diesel fuel without the notice required by Section 4f is guilty of a petty offense. For each subsequent offense the person is guilty of a Class A misdemeanor.

For purposes of this Section, dyed diesel fuel means any dyed diesel fuel whether or not dyed pursuant to Section 4d of this Law [35 ILCS 505/4d].

Any person aggrieved by any action of the Department under item 13, 14, 15, or 16 of this Section may protest the action by making a written request for a hearing within 60 days of the original action. If the hearing is not requested in writing within 60 days, the original action is final.

All penalties received under items 13, 14, 15, and 16 of this Section shall be deposited into the Tax Compliance and Administration Fund.

35 ILCS 505/15.1 [Refunds; interest]

The Department shall pay all refunds due under this Act within 90 days after receipt of application for a refund. For commercial motor vehicles, refunds paid after the expiration of the 90 day period shall bear interest at the rate of 1% per month or fraction of a month. Refunds paid to all other persons subject to this Act shall be paid at the rate and in the manner set by the Uniform Penalty and Interest Act [35 ILCS 735/3-1 et seq.].

35 ILCS 505/16 [Revocation of license or permit]

The Department may, after 5 days' notice, revoke the distributor's, receiver's, or supplier's license or permit of any person (1) who does not operate as a distributor, receiver, supplier (a) under Sections 1.2, 1.14, or 1.20 [35 ILCS 505/1.2, 35 ILCS 505/1.14, or 35 ILCS 505/1.20], (2) who violates any provision of this Act or any rule or regulation promulgated by the Department under Section 14 of this Act [35 ILCS 505/14], or (3) who refuses to allow any inspection or test authorized by this Law.

Any person whose returns for 2 or more consecutive months do not show sufficient taxable sales to indicate an active business as a distributor, receiver, or supplier shall be deemed to not be operating as a distributor, receiver, or supplier as defined in Sections 1.2, 1.14 or 1.20.

The Department may, after 5 days notice, revoke any distributor's, receiver's, or supplier's license of a person who is registered as a reseller of motor fuel pursuant to Section 2a or 2c of the Retailers' Occupation Tax Act [35 ILCS 120/2a or 35 ILCS 120/2c] and who fails to collect such prepaid tax on invoiced gallons of motor fuel sold or who fails to deliver a statement of tax paid to the purchaser or to the Department as required by Sections 2d and 2e of the Retailers' Occupation Tax Act [35 ILCS 120/2d and 35 ILCS 120/2e].

The Department may, on notice given by registered mail, cancel a Blender's Permit for any violation of any provisions of this Act or for noncompliance with any rule or regulation made by the Department under Section 14 of this Act.

The Department, upon complaint filed in the circuit court, may, by injunction, restrain any person who fails or refuses to comply with the provisions of this Act from acting as a blender or distributor of motor fuel, supplier of special fuel, or receiver of fuel in this State.

The Department may revoke the motor fuel use tax license of a motor carrier registered under Section 13a.4 [35 ILCS 505/13a.4], or that is required to be registered under the terms of the International Fuel Tax Agreement, that violates any provision of this Act or any rule promulgated by the Department under Sections 14 or 14a of this Act [35 ILCS 505/14 or 35 ILCS 505/14a]. Motor fuel use tax licenses that have been revoked are subject to a $100 reinstatement fee.

Licensees registered or required to be registered under Section 13a.4, or persons required to obtain single trip permits under Section 13a.5 [35 ILCS 505/13a.5], may protest any action or audit finding made by the Department by making a written request for a hearing within 30 days after service of the notice of the original action or finding. If the hearing is not requested within 30 days in writing, the original finding or action is final. Once a hearing has been properly requested, the Department shall give at least 20 days written notice of the time and place of the hearing.

35 ILCS 505/17 [Purpose]

It is the purpose of Sections 2 and 13a of this Act [35 ILCS 505/2 and 35 ILCS 505/13a] to impose a tax upon the privilege of operating each motor vehicle as defined in this Act upon the public highways and the waters of this State, such tax to be based upon the consumption of motor fuel in such motor vehicle, so far as the same may be done, under the Constitution and statutes of the United States, and the Constitution of the State of Illinois. It is the purpose of Section

2a of this Act [35 ILCS 505/2a] to impose a tax upon the privilege of importing or receiving in this State fuel for sale or use, such tax to be used to fund the Underground Storage Tank Fund or the Transportation Renewal Fund. If any of the provisions of this Act include transactions which are not taxable or are in any other respect unconstitutional, it is the intent of the General Assembly that, so far as possible, the remaining provisions of the Act be given effect.

OFFICERS AND EMPLOYEES

Public Officer Prohibited Activities Act

Public Officer Simultaneous Tenure Act

PUBLIC OFFICER PROHIBITED ACTIVITIES ACT

50 ILCS 105/0.01 Short title.

This Act may be cited as the Public Officer Prohibited Activities Act.

HISTORY:
P.A. 86-1324.

50 ILCS 105/1 County board.

No member of a county board, during the term of office for which he or she is elected, may be appointed to, accept, or hold any office other than (i) chairman of the county board or member of the regional planning commission by appointment or election of the board of which he or she is a member, (ii) alderperson of a city or member of the board of trustees of a village or incorporated town if the city, village, or incorporated town has fewer than 1,000 inhabitants and is located in a county having fewer than 50,000 inhabitants, or (iii) trustee of a forest preserve district created under Section 18.5 of the Conservation District Act [70 ILCS 410/18.5], unless he or she first resigns from the office of county board member or unless the holding of another office is authorized by law. Any such prohibited appointment or election is void. This Section shall not preclude a member of the county board from being appointed or selected to serve as (i) a member of a County Extension Board as provided in Section 7 of the County Cooperative Extension Law [505 ILCS 45/7], (ii) a member of an Emergency Telephone System Board as provided in Section 15.4 of the Emergency Telephone System Act [50 ILCS 750/15.4], (iii) a member of the board of review as provided in Section 6-30 of the Property Tax Code [35 ILCS 200/6-30], or (iv) a public administrator or public guardian as provided in Section 13-1 of the Probate Act of 1975 [755 ILCS 5/13-1]. Nothing in this Act shall be construed to prohibit an elected county official from holding elected office in another unit of local government so long as there is no contractual relationship between the county and the other unit of local government. This amendatory Act of 1995 is declarative of existing law and is not a new enactment.

50 ILCS 105/1.1 [County with under 550,000 in population]

A member of the county board in a county having fewer than 550,000 inhabitants, during the term of office for which he is elected, may also hold the office of township highway commissioner.

HISTORY:
P.A. 86-1330.

50 ILCS 105/1.2 County board member; education office.

A member of the county board in a county having fewer than 40,000 inhabitants, during the term of office for which he or she is elected, may also hold the office of member of the board of education, regional board of school trustees, board of school directors, board of a community college district, or board of school inspectors.

HISTORY:
P.A. 88-471, § 10; 97-460, § 5.

50 ILCS 105/1.3 Municipal board member; education office.

In a city, village, or incorporated town with fewer than 2,500 inhabitants, an alderperson of the city or a member of the board of trustees of a village or incorporated town, during the term of office for which

he or she is elected, may also hold the office of member of the board of education, regional board of school trustees, board of school directors, or board of school inspectors.

HISTORY:
P.A. 91-161, § 5; 2021 P.A. 102-15, § 15, effective June 17, 2021.

50 ILCS 105/2 [Alderman or board of trustees member]

No alderperson of any city, or member of the board of trustees of any village, during the term of office for which he or she is elected, may accept, be appointed to, or hold any office by the appointment of the mayor or president of the board of trustees, unless the alderperson or board member is granted a leave of absence from such office, or unless he or she first resigns from the office of alderperson or member of the board of trustees, or unless the holding of another office is authorized by law. The alderperson or board member may, however, serve as a volunteer fireman and receive compensation for that service. The alderperson may also serve as a commissioner of the Beardstown Regional Flood Prevention District board. Any appointment in violation of this Section is void. Nothing in this Act shall be construed to prohibit an elected municipal official from holding elected office in another unit of local government as long as there is no contractual relationship between the municipality and the other unit of local government. This amendatory Act of 1995 is declarative of existing law and is not a new enactment.

50 ILCS 105/2a Township officials.

(a) No township supervisor or trustee, during the term of office for which he or she is elected, may accept, be appointed to, or hold any office by the appointment of the board of township trustees unless he or she first resigns from the office of supervisor or trustee or unless the appointment is specifically authorized by law. A supervisor or trustee may, however, serve as a volunteer firefighter and receive compensation for that service. Any appointment in violation of this Section is void. Nothing in this Act shall be construed to prohibit an elected township official from holding elected office in another unit of local government as long as there is no contractual relationship between the township and the other unit of local government. This amendatory Act of 1995 is declarative of existing law and is not a new enactment.

(b) On and after the effective date of this amendatory Act of the 100th General Assembly, a person elected to or appointed to fill a vacancy in an elected township position, including, but not limited to, a trustee, a supervisor, a highway commissioner, a clerk, an assessor, or a collector, shall not be employed by the township, except that a supervisor or trustee may serve as a volunteer firefighter and receive compensation for that service as provided in subsection (a).

HISTORY:

50 ILCS 105/3 Prohibited interest in contracts.

(a) No person holding any office, either by election or appointment under the laws or Constitution of this State, may be in any manner financially interested directly in his own name or indirectly in the name of any other person, association, trust, or corporation, in any contract or the performance of any work in the making or letting of which such officer may be called upon to act or vote. No such officer may represent, either as agent or otherwise, any person, association, trust, or corporation, with respect to any application or bid for any contract or work in regard to which such officer may be called upon to vote. Nor may any such officer take or receive, or offer to take or receive, either directly or indirectly, any money or other thing of value as a gift or bribe or means of influencing his vote or action in his official character. Any contract made and procured in violation hereof is void. This Section shall not apply to any person serving on an advisory panel or commission, to any director serving on a hospital district board as provided under subsection (a-5) of Section 13 of the Hospital District Law [70 ILCS 910/13], or to any person serving as both a contractual employee and as a member of a public hospital board as provided under Article 11 of the Illinois Municipal Code [65 ILCS 5/1-1-1 et seq.] in a municipality with a population between 13,000 and 16,000 that is located in a county with a population between 50,000 and 70,000.

(b) However, any elected or appointed member of the governing body may provide materials, merchandise, property, services, or labor, subject to the following provisions under either paragraph (1) or (2):

(1) If:

A. the contract is with a person, firm, partnership, association, corporation, or cooperative association in which such interested member of the governing body of the municipality has less than a 7 1/2% share in the ownership; and

B. such interested member publicly discloses the nature and extent of his interest prior to or during deliberations concerning the proposed award of the contract; and

C. such interested member abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum; and

D. such contract is approved by a majority vote of those members presently holding office; and

E. the contract is awarded after sealed bids to the lowest responsible bidder if the amount of

the contract exceeds $1500, or awarded without bidding if the amount of the contract is less than $1500; and

F. the award of the contract would not cause the aggregate amount of all such contracts so awarded to the same person, firm, association, partnership, corporation, or cooperative association in the same fiscal year to exceed $25,000.

(2) If:

A. the award of the contract is approved by a majority vote of the governing body of the municipality provided that any such interested member shall abstain from voting; and

B. the amount of the contract does not exceed $2,000; and

C. the award of the contract would not cause the aggregate amount of all such contracts so awarded to the same person, firm, association, partnership, corporation, or cooperative association in the same fiscal year to exceed $4,000; and

D. such interested member publicly discloses the nature and extent of his interest prior to or during deliberations concerning the proposed award of the contract; and

E. such interested member abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum.

(b-5) In addition to the above exemptions, any elected or appointed member of the governing body may provide materials, merchandise, property, services, or labor if:

A. the contract is with a person, firm, partnership, association, corporation, or cooperative association in which the interested member of the governing body of the municipality, advisory panel, or commission has less than a 1% share in the ownership; and

B. the award of the contract is approved by a majority vote of the governing body of the municipality provided that any such interested member shall abstain from voting; and

C. such interested member publicly discloses the nature and extent of his interest before or during deliberations concerning the proposed award of the contract; and

D. such interested member abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum.

(c) A contract for the procurement of public utility services by a public entity with a public utility company is not barred by this Section by one or more members of the governing body of the public entity being an officer or employee of the public utility company or holding an ownership interest of no more than 7 1/2% in the public utility company, or holding an ownership interest of any size if the public entity is a municipality with a population of less than 7,500 and the public utility's rates are approved by the Illinois Commerce Commission. An elected or appointed member of the governing body of the public entity having such an interest shall be deemed not to have a prohibited interest under this Section.

(d) Notwithstanding any other provision of this Section or any other law to the contrary, until January 1, 1994, a member of the city council of a municipality with a population under 20,000 may purchase real estate from the municipality, at a price of not less than 100% of the value of the real estate as determined by a written MAI certified appraisal or by a written certified appraisal of a State certified or licensed real estate appraiser, if the purchase is approved by a unanimous vote of the city council members then holding office (except for the member desiring to purchase the real estate, who shall not vote on the question).

(e) For the purposes of this Section only, a municipal officer shall not be deemed interested if the officer is an employee of a company or owns or holds an interest of 1% or less in the municipal officer's individual name in a company, or both, that company is involved in the transaction of business with the municipality, and that company's stock is traded on a nationally recognized securities market, provided the interested member: (i) publicly discloses the fact that he or she is an employee or holds an interest of 1% or less in a company before deliberation of the proposed award of the contract; (ii) refrains from evaluating, recommending, approving, deliberating, or otherwise participating in negotiation, approval, or both, of the contract, work, or business; (iii) abstains from voting on the award of the contract though he or she shall be considered present for purposes of establishing a quorum; and (iv) the contract is approved by a majority vote of those members currently holding office.

A municipal officer shall not be deemed interested if the officer owns or holds an interest of 1% or less, not in the officer's individual name but through a mutual fund or exchange-traded fund, in a company, that company is involved in the transaction of business with the municipality, and that company's stock is traded on a nationally recognized securities market.

(f) Under either of the following circumstances, a municipal or county officer may hold a position on the board of a not-for-profit corporation that is interested in a contract, work, or business of the municipality or county:

(1) If the municipal or county officer is appointed by the governing body of the municipality or county to represent the interests of the municipality or county on a not-for-profit corporation's board, then the municipal or county officer may actively vote on matters involving either that board or the municipality or county, at any time, so long as the membership on the not-for-profit board is not a paid position, except that the municipal or county officer may be reimbursed by the not-for-profit board for expenses incurred as the result of membership on the not-for-profit board.

(2) If the municipal or county officer is not appointed to the governing body of a not-for-profit corporation by the governing body of the municipality or county, then the municipal or county officer may continue to serve; however, the municipal or county officer shall abstain from voting on any proposition before the municipal or county governing body directly involving the not-for-profit corporation and, for those matters, shall not be counted as present for the purposes of a quorum of the municipal or county governing body.

50 ILCS 105/3.1 [Real property; disclosure required]

Before any contract relating to the ownership or use of real property is entered into by and between the State or any local governmental unit or any agency of either the identity of every owner and beneficiary having any interest, real or personal, in such property, and every member, shareholder, limited partner, or general partner entitled to receive more than 71/2% of the total distributable income of any limited liability company, corporation, or limited partnership having any interest, real or personal, in such property must be disclosed. The disclosure shall be in writing and shall be subscribed by a member, owner, authorized trustee, corporate official, general partner, or managing agent, or his or her authorized attorney, under oath. However, if the interest, stock, or shares in a limited liability company, corporation, or general partnership is publicly traded and there is no readily known individual having greater than a 71/2% interest, then a statement to that effect, subscribed to under oath by a member, officer of the corporation, general partner, or managing agent, or his or her authorized attorney, shall fulfill the disclosure statement requirement of this Section. As a condition of contracts entered into on or after the effective date of this amendatory Act of 1995, the beneficiaries of a lease shall furnish the trustee of a trust subject to disclosure under this Section with a binding non-revocable letter of direction authorizing the trustee to provide the State with an up-to-date disclosure whenever requested by the State. The letter of direction shall be binding on beneficiaries' heirs, successors, and assigns during the term of the contract. This Section shall be liberally construed to accomplish the purpose of requiring the identification of the actual parties benefiting from any transaction with a governmental unit or agency involving the procurement of the ownership or use of real property thereby.

For any entity that is wholly or partially owned by another entity, the names of the owners of the wholly or partially owning entity shall be disclosed under this Section, as well as the names of the owners of the wholly or partially owned entity.

50 ILCS 105/3.2 Pecuniary interest allowed in contracts of deposit and financial service with local banks and savings and loan associations.

Nothing contained in this Act, including the restrictions set forth in subsections (b), (c), and (d) of Section 3 [50 ILCS 105/3], shall preclude a contract of deposit of monies, loans, or other financial services by a unit of local government, school district, community college district, State university, or a police or firefighter's pension fund established under Article 3 or 4 of the Illinois Pension Code [40 ILCS 5/3-101 et seq. or 40 ILCS 5/4-101 et seq.] with a local bank or local savings and loan association, regardless of whether a member or members of the governing body of the unit (including any director serving on a hospital district board as provided under subsection (a-5) of Section 13 of the Hospital District Law [70 ILCS 910/13]) are interested in the bank or savings and loan association as a director, an officer, employee, or holder of less than 7 1/2% of the total ownership interest. A member or members holding such an interest in such a contract shall not be deemed to be holding a prohibited interest for purposes of this Act. The interested member or members of the governing body must publicly state the nature and extent of their interest during deliberations concerning the proposed award of such a contract, but shall not participate in any further deliberations concerning the proposed award. The interested member or members shall not vote on such a proposed award. Any member or members abstaining from participation in deliberations and voting under this Section may be considered present for purposes of establishing a quorum. Award of such a contract shall require approval by a majority vote of those members presently holding office. Consideration and award of any such contract in which a member or members are interested may only be made at a regularly scheduled public meeting of the governing body of the unit or district.

50 ILCS 105/4 [Penalty]

Any alderperson, member of a board of trustees, supervisor or county commissioner, or other person holding any office, either by election or appointment under the laws or constitution of this state, who violates any provision of the preceding sections, is guilty of a Class 4 felony and in addition thereto, any office or official position held by any person so convicted shall become vacant, and shall be so declared as part of the judgment of court. This Section does not apply to a violation of subsection (b) of Section 2a [50 ILCS 105/2a].

HISTORY:
P.A. 77-2721; 2018 P.A. 100-868, § 5, effective January 1, 2019; 2021 P.A. 102-15, § 15, effective June 17, 2021.

50 ILCS 105/4.1 Retaliation against a whistleblower.

(a) It is prohibited for a unit of local government, any agent or representative of a unit of local government, or another employee to retaliate against an employee or contractor who:

(1) reports an improper governmental action under this Section;

(2) cooperates with an investigation by an auditing official related to a report of improper governmental action; or

(3) testifies in a proceeding or prosecution arising out of an improper governmental action.

(b) To invoke the protections of this Section, an employee shall make a written report of improper governmental action to the appropriate auditing official. An employee who believes he or she has been retaliated against in violation of this Section must submit a written report to the auditing official within 60 days of gaining knowledge of the retaliatory action. If the auditing official is the individual doing the improper governmental action, then a report under this subsection may be submitted to any State's Attorney.

(c) Each auditing official shall establish written processes and procedures for managing complaints filed under this Section, and each auditing official shall investigate and dispose of reports of improper governmental action in accordance with these processes and procedures. If an auditing official concludes that an improper governmental action has taken place or concludes that the relevant unit of local government, department, agency, or supervisory officials have hindered the auditing official's investigation into the report, the auditing official shall notify in writing the chief executive of the unit of local government and any other individual or entity the auditing official deems necessary in the circumstances.

(d) An auditing official may transfer a report of improper governmental action to another auditing official for investigation if an auditing official deems it appropriate, including, but not limited to, the appropriate State's Attorney.

(e) To the extent allowed by law, the identity of an employee reporting information about an improper governmental action shall be kept confidential unless the employee waives confidentiality in writing. Auditing officials may take reasonable measures to protect employees who reasonably believe they may be subject to bodily harm for reporting improper government action.

(f) The following remedies are available to employees subjected to adverse actions for reporting improper government action:

(1) Auditing officials may reinstate, reimburse for lost wages or expenses incurred, promote, or provide some other form of restitution.

(2) In instances where an auditing official determines that restitution will not suffice, the auditing official may make his or her investigation findings available for the purposes of aiding in that employee or the employee's attorney's effort to make the employee whole.

(g) A person who engages in prohibited retaliatory action under subsection (a) is subject to the following penalties: a fine of no less than $500 and no more than $5,000, suspension without pay, demotion, discharge, civil or criminal prosecution, or any combination of these penalties, as appropriate.

(h) Every employee shall receive a written summary or a complete copy of this Section upon commencement of employment and at least once each year of employment. At the same time, the employee shall also receive a copy of the written processes and procedures for reporting improper governmental actions from the applicable auditing official.

(i) As used in this Section:

"Auditing official" means any elected, appointed, or hired individual, by whatever name, in a unit of local government whose duties are similar to, but not limited to, receiving, registering, and investigating complaints and information concerning misconduct, inefficiency, and waste within the unit of local government; investigating the performance of officers, employees, functions, and programs; and promoting economy, efficiency, effectiveness and integrity in the administration of the programs and operations of the municipality. If a unit of local government does not have an "auditing official", the "auditing official" shall be a State's Attorney of the county in which the unit of local government is located.

"Employee" means anyone employed by a unit of local government, whether in a permanent or temporary position, including full-time, part-time, and intermittent workers. "Employee" also includes members of appointed boards or commissions, whether or not paid. "Employee" also includes persons who have been terminated because of any report or complaint submitted under this Section.

"Improper governmental action" means any action by a unit of local government employee, an appointed member of a board, commission, or committee, or an elected official of the unit of local government that is undertaken in violation of a federal, State, or unit of local government law or rule; is an abuse of authority; violates the public's trust or expectation of his or her conduct; is of substantial and specific danger to the public's health or safety; or is a gross waste of public funds. The action need not be within the scope of the employee's, elected official's, board member's, commission member's, or committee member's official duties to be subject to a claim of "improper governmental action". "Improper governmental action" does not include a unit of local government personnel actions, including, but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployment,

performance evaluations, reductions in pay, dismissals, suspensions, demotions, reprimands, or violations of collective bargaining agreements, except to the extent that the action amounts to retaliation.

"Retaliate", "retaliation", or "retaliatory action" means any adverse change in an employee's employment status or the terms and conditions of employment that results from an employee's protected activity under this Section. "Retaliatory action" includes, but is not limited to, denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unsubstantiated letters of reprimand or unsatisfactory performance evaluations; demotion; reduction in pay; denial of promotion; transfer or reassignment; suspension or dismissal; or other disciplinary action made because of an employee's protected activity under this Section.

50 ILCS 105/4.5 False verification; perjury.

A person is guilty of perjury who:

(1) In swearing on oath or otherwise affirming a statement in writing as required under this Act, knowingly makes a false statement as to, or knowingly omits a material fact relating to, the identification of an individual or entity that has an ownership interest in real property, or that is material to an issue or point in question in the written disclosure pertaining to a contract for the ownership or use of real property.

(2) Having taken a lawful oath or made affirmation, testifies willfully and falsely as to any of those matters for the purpose of inducing the State or any local governmental unit or any agency of either to enter into a contract for the ownership or use of real property.

(3) Suborns any other person to so swear, affirm, or testify.

Upon conviction of perjury, a person shall be sentenced as provided in Section 32-2 or 32-3, respectively, of the Criminal Code of 2012 [720 ILCS 5/32-2 or 720 ILCS 5/32-3] for those offenses.

This Section applies to written statements made or testimony given on or after the effective date of this amendatory Act of 1995.

This Act may be cited as the Investment of Municipal Funds Act.

HISTORY:
P.A. 86-1324.

50 ILCS 340/1 [Purchase of tax anticipation warrants; interest]

Every county, park district, sanitary district, or other municipal corporation, holding in its treasury funds which are set aside for use for particular purposes, including any funds that are disbursed to a county or municipality as their share of the taxes collected under the "Motor Fuel Tax Law" [35 ILCS 505/1 et seq.], but which are not immediately necessary for those purposes, by ordinance, may use those funds, or any of them, in the purchase of tax anticipation warrants issued by the county, park district, sanitary district, or other municipal corporation possessing the funds against taxes levied by that county, park district, sanitary district, or other municipal corporation. These warrants shall bear interest not to exceed four percent annually. All interest upon these warrants, and all money paid in redemption of these warrants, or received from the resale thereof, shall at once be credited to and placed in the particular fund used to purchase the specified warrants. Likewise, every county, park district, sanitary district, or other municipal corporation, by resolution or ordinance may use the money in the specified funds in the purchase of municipal bonds issued by the county, park district, sanitary district, or other municipal corporation, possessing the funds and representing an obligation and pledging the credit of that county, park district, sanitary district, or other municipal corporation, or bonds and other interest bearing obligations of the United States, of the State of

Illinois, or of any other state or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law, including savings accounts and savings certificates of deposit of any State or National Bank if such accounts and certificates are fully insured by the Federal Deposit Insurance Corporation, withdrawable capital accounts or deposits of State or federal chartered savings and loan associations which are fully insured by the Federal Savings and Loan Insurance Corporation, or treasury notes and other securities issued by agencies of the United States. All interest upon these bonds or obligations and all money paid in redemption of these bonds or obligations or realized from the sale thereof, if afterwards sold, shall at once be credited to and placed in the particular fund used to purchase the specified bonds or obligations.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 [30 ILCS 235/6] of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

This amendatory Act of 1975 is not a limit on any home rule unit.

P.A. 84-1308; 93-360, § 10.

50 ILCS 340/2 [Tax anticipation warrants]

If at any time it is deemed expedient to convert into money any tax anticipation warrants theretofore issued and purchased with public funds pursuant to the provisions of Section 1 of this Act [50 ILCS 340/1] before receipt of the taxes in anticipation of which the warrants were issued, the governing body of the county, park district, sanitary district, or other municipal corporation, by ordinance or resolution, may authorize a resale of such warrants and adjust the interest rate thereon or may authorize the issuance and sale of a like principal amount of any warrants for the same purpose and in anticipation of the same taxes as the original warrants were issued. These new warrants may have any date subsequent to the date of the original tax anticipation warrants. The new tax anticipation warrants shall be of the denomination and shall bear interest at the rate, not to exceed the statutory rate, that is authorized by the ordinance or resolution specified in this section.

Simultaneously with the delivery of these new tax anticipation warrants a like principal amount of the original warrants that were issued against the same tax that is anticipated by the new warrants shall be paid and cancelled. The proceeds of the sale of these new tax anticipation warrants shall be used first to restore to the fund or funds so invested in the original tax anticipation warrants, money equivalent to the par value and accrued interest of the original tax anticipation warrants and the balance, if any, shall revert to the fund for the creation of which the tax so anticipated was levied.

When tax anticipation warrants are reissued they shall bear the index numerical designation of the original warrants and shall be subnumbered consecutively in the order of reissuance, and shall be paid in the direct order of reissuance, beginning with the earliest subnumber.

In determining the priority of payment of more than one series of tax anticipation warrants against the collection of the same tax the various series shall be treated as having been issued on the date of the original issue of each series of warrants. The series prior in point of time as thus determined shall be paid first.

This Act shall not apply to cities, villages, and incorporated towns.

LOCAL GOVERNMENT PROMPT PAYMENT ACT

50 ILCS 505/1 [Short title]

This Act shall be known and may be cited as the "Local Government Prompt Payment Act".

HISTORY:
P.A. 84-731.

50 ILCS 505/2 [Application]

This Act shall apply to every county, township, municipality, municipal corporation, school district, school board, forest preserve district, park district,

fire protection district, sanitary district and all other local governmental units. It shall not apply to the State or any office, officer, department, division, bureau, board, commission, university or similar agency of the State, except as provided in Section 7 [50 ILCS 505/7].

HISTORY:
P.A. 85-1159.

50 ILCS 505/3 [Period for approval or disapproval; period for testing; notice on disapproval]

The appropriate local governmental official or agency receiving goods or services must approve or disapprove a bill from a vendor or contractor for goods or services furnished the local governmental agency within 30 days after the receipt of such bill or within 30 days after the date on which the goods or services were received, whichever is later. If one or more items on a construction related bill or invoice are disapproved, but not the entire bill or invoice, then the portion that is not disapproved shall be paid. When safety or quality assurance testing of goods by the local governmental agency is necessary before the approval or disapproval of a bill and such testing cannot be completed within 30 days after receipt of the goods, approval or disapproval of the bill must be made immediately upon completion of the testing or within 60 days after receipt of the goods, whichever occurs first. Written notice shall be mailed to the vendor or contractor immediately if a bill is disapproved.

HISTORY:
P.A. 87-773; 94-972, § 10.

50 ILCS 505/4 [Period for payment]

Any bill approved for payment pursuant to Section 3 [50 ILCS 505/3] shall be paid within 30 days after the date of approval. If payment is not made within such 30 day period, an interest penalty of 1% of any amount approved and unpaid shall be added for each month or fraction thereof after the expiration of such 30 day period, until final payment is made.

HISTORY:
P.A. 84-731.

50 ILCS 505/5 [Failure to approve or disapprove; penalty for late payment]

If the local governmental official or agency whose approval is required for any bill fails to approve or disapprove that bill within the period provided for approval by Section 3 [50 ILCS 505/3], the penalty for late payment of that bill shall be computed from the date 60 days after the receipt of that bill or the date 60 days after the goods or services are received, whichever is later.

HISTORY:
P.A. 84-731.

50 ILCS 505/6 [Time periods set by contract]

The time periods specified in Sections 3, 4 and 5 [50 ILCS 505/3, 50 ILCS 505/4 and 50 ILCS 505/5], as they pertain to particular goods or services, are superseded by any greater time periods as agreed to by the local government agency and the particular vendor or contractor.

HISTORY:
P.A. 87-773.

50 ILCS 505/7 [Distribution of appropriated funds]

If the funds from which the local governmental official or agency is to pay for goods or services are funds appropriated or controlled by the State, then the local governmental official or agency may certify to the State Treasurer, Comptroller and State agency responsible for administering such funds that a specified amount is anticipated to be necessary within 45 days after certification to pay for specified goods or services and that such amount is not currently available to the local governmental official or agency. The State Treasurer, Comptroller and State agency shall than expedite distribution of funds to the local governmental unit to make such payments. The certification shall be mailed on the date of certification by certified U. S. mail, return receipt requested. Any interest penalty incurred by the local governmental unit under Section 3 or 4 [50 ILCS 505/3 or 50 ILCS 505/4] because of the failure of funds to be distributed from the State to the local governmental unit within the 45 day period shall be reimbursed by the State to the local governmental unit as an amount in addition to the funds to be otherwise distributed from the State.

HISTORY:
P.A. 85-1159.

50 ILCS 505/9 Payments to subcontractors and material suppliers; failure to make timely payments; additional amount due.

When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier in proportion to the work completed by each subcontractor and material supplier their application less any retention. If the contractor receives less than the full payment due under the public construction contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment. All interest payments received pursuant to Section 4 [50 ILCS 505/4] also shall be disbursed to subcontractors and material

suppliers to whom payment has been delayed, on a pro rata basis. When, however, the public owner does not release the full payment due under the contract because there are specific areas of work or materials the contractor is rejecting or because the contractor has otherwise determined such areas are not suitable for payment, then those specific subcontractors or suppliers involved shall not be paid for that portion of the work rejected or deemed not suitable for payment and all other subcontractors and suppliers shall be paid in full.

If the contractor, without reasonable cause, fails to make any payment to his subcontractors and material suppliers within 15 days after receipt of payment under the public construction contract, the contractor shall pay to his subcontractors and material suppliers, in addition to the payment due them, interest in the amount of 2% per month, calculated from the expiration of the 15-day period until fully paid. This Section shall also apply to any payments made by subcontractors and material suppliers to their subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

LOCAL GOVERNMENT PROFESSIONAL SERVICES SELECTION ACT

50 ILCS 510/0.01 Short title.

This Act may be cited as the Local Government Professional Services Selection Act.

HISTORY:
P.A. 86-1324.

50 ILCS 510/1 Policy.

It shall be the policy of the political subdivisions of the State of Illinois to negotiate and enter into contracts for architectural, engineering and land surveying services on the basis of demonstrated competence and qualifications for the type of services required and at fair and reasonable compensation.

HISTORY:
P.A. 85-854.

50 ILCS 510/2 Federal Requirements.

In the procurement of architectural, engineering and land surveying services and in the awarding of contracts, a political subdivision of the State of Illinois may comply with federal law and regulations and take all necessary steps to adapt its rules, specifications, policies and procedures accordingly to remain eligible for federal aid.

HISTORY:
P.A. 85-854.

50 ILCS 510/3 Definitions.

As used in this Act unless the context specifically requires otherwise:

(1) "Firm" means any individual, firm, partnership, corporation, association or other legal entity permitted by law to practice the profession of architecture, engineering or land surveying and provide architectural, engineering or land surveying services.

(2) "Architectural services" means any professional service as defined in Section 5 of the Illinois Architecture Practice Act of 1989 [225 ILCS 305/5].

(3) "Engineering services" means any professional service as defined in Section 4 of the Professional Engineering Practice Act of 1989 [225 ILCS 325/4] or Section 5 of the Structural Engineering Practice Act of 1989 [225 ILCS 340/5].

(4) "Land surveying services" means any professional service as defined in Section 5 of the Illinois Professional Land Surveyor Act of 1989 [225 ILCS 330/5].

(5) "Political subdivision" means any school district and any unit of local government of fewer than 3,000,000 inhabitants, except home rule units.

(6) "Project" means any capital improvement project or any study, plan, survey or new or existing program activity of a political subdivision, including development of new or existing programs which require architectural, engineering or land surveying services.

HISTORY:
P.A. 86-711; 86-987; 86-1028; 86-1475; 91-91, § 15.

50 ILCS 510/4 Public notice.

Present provisions of law notwithstanding, in the procurement of architectural, engineering or land surveying services, each political subdivision which utilizes architectural, engineering or land surveying services shall permit firms engaged in the lawful practice of their professions to annually file a statement of qualifications and performance data with the political subdivision. Whenever a project requiring architectural, engineering or land surveying services is proposed for a political subdivision, the political subdivision shall, unless it has a satisfactory relationship for services with one or more firms:

(1) mail or e-mail a notice requesting a statement of interest in the specific project to all firms who have a current statement of qualifications and performance data on file with the political subdivision;

(2) place an advertisement in a secular English language daily newspaper of general circulation throughout such political subdivision, requesting a statement of interest in the specific project and further requesting statements of qualifications and

performance data from those firms which do not have such a statement on file with the political subdivision. Such advertisement shall state the day, hour and place the statement of interest and the statements of qualifications and performance data shall be due; or

(3) place an advertisement for professional services on the political subdivision's website requesting a statement of interest in the specific project. The professional services advertisement shall include a description of each project and state the time and place for interested firms to submit its letter of interest, statement of qualifications, and performance data, as required.

HISTORY:
P.A. 85-854; 98-420, § 5.

50 ILCS 510/5 Evaluation Procedure.

A political subdivision shall, unless it has a satisfactory relationship for services with one or more firms, evaluate the firms submitting letters of interest, taking into account qualifications, ability of professional personnel, past record and experience, performance data on file, willingness to meet time requirements, location, workload of the firm, and such other qualifications-based factors as the political subdivision may determine in writing are applicable. The political subdivision may conduct discussions with and require public presentations by firms deemed to be the most qualified regarding their qualifications, approach to the project, and ability to furnish the required services. In no case shall a political subdivision, prior to selecting a firm for negotiation under Section 7 [50 ILCS 510/7], seek formal or informal submission of verbal or written estimates of costs or proposals in terms of dollars, hours required, percentage of construction cost, or any other measure of compensation.

HISTORY:
P.A. 85-854; 94-1097, § 5.

50 ILCS 510/6 Selection procedure.

On the basis of evaluations, discussions and presentations, the political subdivision shall, unless it has a satisfactory relationship for services with one or more firms, select no less than 3 firms which it determines to be the most qualified to provide services for the project and rank them in order of qualifications to provide services regarding the specific project. The political subdivision shall then contact the firm ranked most preferred and attempt to negotiate a contract at a fair and reasonable compensation, taking into account the estimated value, scope, complexity, and professional nature of the services to be rendered. If fewer than 3 firms submit letters of interest and the political subdivision determines that one or both of those firms are so qualified, the political subdivision may proceed to negotiate a contract pursuant to this Section and Section 7 [50 ILCS 510/7].

HISTORY:
P.A. 85-854.

50 ILCS 510/7 Contract negotiation.

(1) The political subdivision shall prepare a written description of the scope of the proposed services to be used as a basis for negotiations and shall negotiate a contract with the highest qualified firm at compensation that the political subdivision determines in writing to be fair and reasonable. In making this decision the political subdivision shall take into account the estimated value, scope, complexity and professional nature of the services to be rendered.

(2) If the political subdivision is unable to negotiate a satisfactory contract with the firm which is most preferred, negotiations with that firm shall be terminated. The political subdivision shall then begin negotiations with the firm which is next preferred. If the political subdivision is unable to negotiate a satisfactory contract with that firm, negotiations with that firm shall be terminated. The political subdivision shall then begin negotiations with the firm which is next preferred.

(3) If the political subdivision is unable to negotiate a satisfactory contract with any of the selected firms, the political subdivision shall re-evaluate the architectural, engineering or land surveying services requested, including the estimated value, scope, complexity and fee requirements. The political subdivision shall then compile a second list of not less than three qualified firms and proceed in accordance with the provisions of this Act.

HISTORY:
P.A. 85-854.

50 ILCS 510/8 Waiver of competition.

A political subdivision may waive the requirements of Sections 4, 5, and 6 [50 ILCS 510/4, 50 ILCS 510/5, and 50 ILCS 510/6] if it determines, by resolution, that an emergency situation exists and a firm must be selected in an expeditious manner, or the cost of architectural, engineering, and land surveying services for the project is expected to be less than $40,000. This amount shall be increased annually by a percentage equal to the annual unadjusted percentage increase, if any, as determined by the consumer price index-u.

For purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84=100.

PROPERTY

Local Government Property Transfer Act

LOCAL GOVERNMENT PROPERTY TRANSFER ACT

50 ILCS 605/0.01 Short title.

This Act may be cited as the Local Government Property Transfer Act.

HISTORY:
P.A. 86-1324.

50 ILCS 605/1 [Definitions]

When used in this Act:

(a) The term "transferor municipality" shall mean a municipal corporation transferring real estate or any interest therein, under the provisions of this Act.

(b) The term "transferee municipality" shall mean a municipal corporation or 2 or more school districts operating a cooperative or joint educational program pursuant to Section 10-22.31 of the School Code [105 ILCS 5/10-22.31] receiving a transfer of real estate or any interest therein under provisions of this Act.

(c) The term "municipality" whether used by itself or in conjunction with other words, as in (a) or (b) above, shall mean and include any municipal corporation or political subdivision organized and existing under the laws of the State of Illinois and including, but without limitation, any city, village, or incorporated town, whether organized under a special charter or under the General Act, or whether operating under the commission or managerial form of government, county, school districts, trustees of schools, boards of education, 2 or more school districts operating a cooperative or joint educational program pursuant to Section 10-22.31 of the School Code, sanitary district or sanitary district trustees, forest preserve district or forest preserve district commissioner, park district or park commissioners, airport authority and township.

(d) The term "restriction" shall mean any condition, limitation, qualification, reversion, possibility of reversion, covenant, agreement or restraint of whatever kind or nature, the effect of which is to restrict the use or ownership of real estate by a municipality as defined in (c) above.

(e) The term "corporate authorities" shall mean the members of the legislative body of any municipality as defined in (c) above.

(f) The term "held" or any form thereof, when used in reference to the interest of a municipality in real estate shall be taken and construed to refer to and include all of the right, title and interest of such municipality of whatever kind or nature, in and to such real estate.

(g) Each of the terms above defined and the terms contained in the definition of each of said terms shall be taken and construed to include the plural form thereof.

(h) The term "Local Improvement Act" shall mean an Act of the General Assembly of the State of Illinois entitled "An Act concerning local improvements," [65 ILCS 5/9-2-1 et seq.] approved June 14, 1897, and the amendments thereto.

(i) The term "State of Illinois" shall mean the State of Illinois or any department, commission, board or other agency of the State.

HISTORY:
P.A. 82-783; 96-783, § 3.

50 ILCS 605/2 [Power to transfer; restriction; easement; special assessments; damage]

If the territory of any municipality shall be wholly within, coextensive with, or partly within and partly without the corporate limits of any other municipality, or if the municipality is a school district and the territory of the school district is adjacent to the boundaries of any other school district, and the first mentioned municipality (herein called "transferee municipality"), shall by ordinance declare that it is necessary or convenient for it to use, occupy or improve any real estate held by the last mentioned municipality (herein called the "transferor municipality") in the making of any public improvement or for any public purpose, the corporate authorities of the transferor municipality shall have the power to transfer all of the right, title and interest held by it immediately prior to such transfer, in and to such real estate, whether located within or without either or both of said municipalities, to the transferee municipality upon such terms as may be agreed upon by the corporate authorities of both municipalities, in the manner and upon the conditions following:

(a) If such real estate shall be held by the transferor municipality without restriction, the said municipality shall have power to grant or convey such real estate or any portion thereof to the transferee municipality upon such terms as may be agreed upon by the corporate authorities of both municipalities, by an instrument of conveyance signed by the mayor, president or other chief executive of the transferor municipality, attested by its clerk or secretary and sealed with its corporate seal, all duly authorized by a resolution passed by the vote of ⅔ of the members of the

legislative body of the transferor municipality then holding office, and duly recorded in the office of the recorder in the county in which said real estate is located. Provided, however, that any municipality may, in the manner above provided, convey real estate to a Public Building Commission organized and existing pursuant to "An Act to authorize the creation of Public Building Commissions and to define their rights, powers and duties", approved July 5, 1955, as amended [50 ILCS 20/1 et seq.], when duly authorized by a majority vote of the members of the legislative body of such municipality then holding office whenever provision is made in the conveyance for a reverter of the real estate to such transferor municipality. The transferee municipality shall thereafter have the right to use, occupy or improve the real estate so transferred for any municipal or public purpose and shall hold said real estate by the same right, title and interest by which the transferor municipality held said real estate immediately prior to said transfer.

(b) If any such real estate shall be held by the transferor municipality subject to or limited by any restriction, and the transferee municipality shall desire the use, occupation or improvement thereof free from said restriction, the transferor municipality (or the transferee municipality, in the name of and for and on behalf of the transferor municipality, but without subjecting the transferor municipality to any expense without the consent of its corporate authorities), shall have the power to secure from its grantor, or grantors, their heirs, successors, assigns, or others, a release of any or all of such restrictions upon such terms as may be agreed upon between either of said municipalities and the person or persons entitled to the benefit of said restrictions. Upon the recording of any such release the transferor municipality shall then have the powers granted in paragraph (a) of this Section.

(c) If either the transferor municipality or the transferee municipality shall be unable to secure a release of any restriction as above provided, the transferor municipality (or the transferee municipality in the name of and for and in behalf of the transferor municipality, but without subjecting the transferor municipality to any expense without the consent of its corporate authorities), shall have the power to file in any circuit court a petition for the purpose of removing or releasing said restriction and determining the compensation, if any, to be paid in consequence thereof to the owner or owners of said real estate, for any right, title or interest which they or any of them may or might have in and to any such real estate arising out of said restriction. If any compensation shall be awarded, the same shall be measured by the actual damage, if any, to the owner or owners of said real estate, resulting from the removal or release of said restriction, and shall be determined as of the date of the filing of said petition. Upon the payment of such compensation as may be awarded, if any, the transferor municipality shall have the powers granted in paragraph (a) of this Section, and said transferor municipality shall grant and convey the said real estate to the transferee municipality upon the terms and conditions theretofore agreed upon by the said municipalities and in the manner provided for in paragraph (a) of this Section.

(d) If the transferor municipality shall hold an easement in any real estate for a particular purpose different from the purpose for which the transferee municipality shall desire to use, occupy or improve said real estate, the transferor municipality (or the transferee municipality in the name of and for and in behalf of the transferor municipality, but without subjecting the transferor municipality to any expense without the consent of its corporate authorities), shall have the power to file in any circuit court a petition for the purpose of terminating said easement and securing the right to use, occupy and improve any such real estate for the purpose or purposes set forth in said petition, and for determining the compensation, if any, to be paid in consequence thereof to the owner, or owners of said real estate. If any compensation shall be awarded, the same shall be measured by the actual damage, if any, to the owner or owners of said real estate, resulting from the termination of the said easement and the granting of the right sought in said petition, and shall be determined as of the date of the filing of said petition. Upon the payment of such compensation as may be awarded, if any, the easement held by the transferor municipality shall in the final order entered in such proceeding be declared terminated and the right of the transferee municipality in said real estate shall be declared. If the transferee municipality shall desire to use, occupy or improve said real estate for the same purpose authorized by the easement held by the transferor municipality, the transferor municipality shall have the power to transfer said easement to the transferee municipality by instrument of conveyance as provided for in paragraph (a).

(e) If such real estate shall have been acquired or improved by the transferor municipality under the Local Improvements Act [65 ILCS 5/9-2-1 et seq.], or under the said Act in conjunction with any other Act, and the times fixed for the payment of all installments of the special assessments therefor have not elapsed at the time the transferor and transferee municipalities shall have reached an agreement for the transfer of said real estate, the transferee municipality shall deposit with the transferor municipality to be placed in the special assessment funds authorized to be collected to pay the cost of acquiring or improving said real estate, an amount sufficient to pay (1) the installments of said special assessments not due and payable at the time of the agreement for said transfer, and (2) the amounts paid in advance by any property

owner on account of said special assessments, which, had such amounts not been paid in advance, would have been due and payable after the date of such agreement, and the transferor municipality shall upon the receipt of such amount cause orders to be entered in the courts in which said special assessments were confirmed, cancelling the installments becoming due and payable after the said time at which the transferor and transferee municipalities shall have reached an agreement for the transfer of said real estate, and releasing the respective lots, tracts, and parcels of real estate assessed in any such proceedings from the installments of the said assessments in this paragraph authorized to be cancelled. The transferor municipality shall after the entry of such orders of cancellation refund to any property owner who has paid the same in advance, any amounts which otherwise would have been due and payable after the said time at which the transferor and transferee municipalities shall have reached an agreement for the transfer of said real estate. Upon the entry of such orders of cancellation the transferor municipality shall then have the powers granted in paragraph (a) of this Section.

(f) The procedure, for the removal of any restriction upon the real estate of the transferor municipality, for the termination of any easement of the transferor municipality in said real estate and the declaration of another or different right in the transferee municipality in said real estate, and for the ascertainment of just compensation therefor, shall be as near as may be like that provided for the exercise of the power of eminent domain under the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

(g) If any property shall be damaged by the release or removal of any restrictions upon, or the termination of any easement in, or the granting of a new right in any real estate held by the transferor municipality, the same shall be ascertained and paid as provided by law.

50 ILCS 605/3 [Transfer of two or more parcels]

The powers conferred in sections one (1) and two (2) of this Act shall also be taken to authorize the transfer of two or more parcels of real estate at the same time and in the same proceeding in the manner provided in this Act.

HISTORY:
Laws 1925, p. 246.

50 ILCS 605/3.1 [Lease]

Any municipality may lease for any term not exceeding 50 years to any other municipality real property owned or held by the transferor municipality, or any part thereof or interest therein, upon such terms and conditions and for such uses as may be agreed upon by the corporate authorities of both the transferor and transferee municipalities in the same manner as is provided in paragraph (a) of Section 2 of this Act [50 ILCS 605/2] for the conveyance of real estate to a transferee municipality.

This amendatory Act of 1975 is not a limit on any home rule unit. This amendatory Act of 1975 is not a limit on the associational or contractual powers granted in Article VII, Section 10 of the Illinois Constitution.

HISTORY:
P.A. 79-1093.

50 ILCS 605/4 [Resolution to transfer]

Any municipality shall have the power upon resolution passed by a two-thirds vote of the members of its legislative body then holding office, to transfer all of the right, title and interest held by it immediately prior to such transfer, in and to any real estate, whether located within or without such municipality, to the State of Illinois, for any authorized purpose of state government, upon such terms and conditions as may be agreed upon by the transferor municipality and the State of Illinois, and the State of Illinois is authorized to accept the title or interest in such real estate so conveyed; except that a majority vote of the members of such legislative body then holding office is sufficient for the dedication by any municipality of any area as a nature preserve as provided in the "Illinois Natural Areas Preservation Act" [525 ILCS 30/1 et seq.] as now or hereafter amended. If such real estate is held by the transferor municipality subject to or limited by any restriction, the State of Illinois, by the Secretary of Transportation or by the Director of any state department, or the Chairman or President of any commission, board or agency of the State vested by law with the power, duty or function of the State Government for which said property is to be used by the State after its acquisition, may remove such restriction through purchase, agreement or condemnation. Any such condemnation proceedings shall be brought and maintained by the State of Illinois and shall conform, as nearly as may be, with the procedure provided for the exercise of the power of eminent domain under the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

HISTORY:
P.A. 82-783; 94-1055, § 95-10-50.

50 ILCS 605/5 Eminent domain.

Notwithstanding any other provision of this Act, any power granted under this Act to acquire property by condemnation or eminent domain is subject to, and shall be exercised in accordance with, the Eminent Domain Act [735 ILCS 30/1-1-1 et seq.].

55 ILCS 5/3-2003.3 Monthly report of financial status.

The county clerk shall file a monthly report summarizing the financial status of the clerk's office in such form as shall be determined by the county board.

HISTORY:
P.A. 86-962; 2019 P.A. 101-253, § 5, effective August 9, 2019.

55 ILCS 5/3-2003.4 Deposit of fee income; special funds.

The county clerk shall deposit in the office of the county treasurer monthly by the 10th day of the month following, all fee income. The county clerk may maintain the following special funds from which the county board shall authorize payments by voucher between board meetings:

(a) Overpayments.

(b) Reasonable amount needed during the succeeding accounting period to pay office expenses, postage, freight, express or similar charges.

(c) Excess earnings from the sale of revenue stamps to be maintained in a fund to be used for the purchase of additional stamps from the Illinois Department of Revenue.

(d) Fund to pay necessary travel, dues and other expenses incurred in attending workshops, educational seminars and organizational meetings established for the purpose of providing in-service training.

(e) Trust funds, for tax redemptions, or for such other purposes as may be provided for by law.

(f) Such other funds as may be authorized by the county board.

The county clerk shall make accounting monthly to the county board of all special funds maintained by the clerk in the discharge of the clerk's duties.

55 ILCS 5/3-2007 Office quarters and hours; violation.

The county clerk shall keep the clerk's office at the court house of the county, or at such other place as may be provided for the clerk by the authorities of such county seat and shall keep the office open and attend to the duties thereof:

(a) In counties of 500,000 or more population from 9 a. m. to 5 p. m. of each working day except Saturday afternoons and legal holidays, but the clerk may open the office at 8 a. m. on each working day:

(b) In counties of less than 500,000 population from 8 a. m. to 5 p. m. of each working day except Saturdays and legal holidays, but in such counties the office shall remain open until noon the Saturday before general, primary or special election days.

Provided, that the days on which such office shall be open and the hours of opening and closing of the office of the county clerk may be changed and otherwise fixed and determined by the county board of any county. Any such action taken by the county board shall be by an appropriate resolution passed at a regular meeting.

Notwithstanding any other provision of this Section, when any election is held and the results of such election are required by law to be returned to the county clerk, the office of the county clerk shall remain open for the purpose of receiving such results from the time of opening of the polls until the returns from each precinct have been received.

Any county clerk who fails to keep the clerk's office open for the purpose of receiving election returns as required by this Section commits a business offense,

and shall be fined not less than $500 nor more than $5,000.

55 ILCS 5/3-2013 General duties of clerk.

Subject to the provisions of the Local Records Act [50 ILCS 205/1 et seq.], the duties of the county clerk shall be-

1st. To act as clerk of the county board of the county and to keep an accurate record of the proceedings of said board, file and preserve all bills of account acted upon by the board, and when any account is allowed or disallowed, the clerk shall note that fact thereon, and when a part of any account is allowed, the clerk shall note particularly the items allowed.

2nd. To keep a book in which the clerk shall enter the number, date and amount of each order upon the county treasurer, and the name of the person in whose favor the same is drawn, and when such order is canceled, the clerk shall note the date of cancellation opposite such entry.

3rd. Before any such order is delivered to the person for whose benefit it is drawn, the county clerk shall present the same to the county treasurer, who shall personally countersign the same.

4th. To keep a book, in which shall be entered in alphabetical order, by name of the principal, a minute of all official bonds filed in the clerk's office, giving the name of the office, amount and date of bond, names of sureties and date of filing, with such reference to the number or other designation of the bond, that the same may be easily found.

5th. To keep proper alphabetical indexes of all records and papers in the clerk's office.

6th. To give any person requiring the same, and paying the lawful fees therefor, a copy of any record, paper or account in the clerk's office.

7th. Such other duties as are or may be required by law.

POWERS AND DUTIES OF COUNTY BOARDS

Division 5-1. In General

Division 5-13. Building or Setback Lines

Division 5-45. County Design-Build Authorization [Effective January 1, 2023]

DIVISION 5-1.
IN GENERAL

55 ILCS 5/5-1014 Powers generally

The county board of each county has the powers enumerated in the Sections following this Section and preceding Section 5-1105 [55 ILCS 5/5-1105], subject to conditions therein stated. Powers conferred on counties are in addition to and not in limitation of their existing powers.

It is the policy of this State that all powers granted, either expressly or by necessary implication, by this Code, other Illinois statute, or the Illinois Constitution to non-home rule counties may be exercised by those counties notwithstanding effects on competition. It is the intention of the General Assembly that the "State action exemption" to the application of federal antitrust statutes be fully available to counties to the extent their activities are authorized by law as stated herein.

55 ILCS 5/5-1020 Trust agreements for funds retained pending construction completion

Whenever any county has entered into a contract for the repair, remodeling, renovation or construction of a building or structure or the construction or maintenance of a road or highway (including any contract to which Section 5-409 of the Illinois Highway Code [605 ILCS 5/5-409] is applicable) or of a local improvement as defined in Division 5-32, as amended, which provides for retention of a percentage of the contract price until final completion and acceptance of the work, upon the request of the contractor and with the approval of the county, the amount so retained may be deposited under a trust agreement with an Illinois bank or savings and loan association of the contractor's choice and subject to the approval of the county. The contractor shall receive any interest thereon.

Upon application by the contractor, the trust agreement must contain, as a minimum, the following provisions:

a. The amount to be deposited subject to the trust;

b. The terms and conditions of payment in case of default of the contractor;

c. The termination of the trust agreement upon completion of the contract; and

d. The contractor shall be responsible for obtaining the written consent of the bank trustee, and any costs or service fees shall be borne by the contractor.

The trust agreement may, at the discretion of the county and upon request of the contractor, become operative at the time of the first partial payment in accordance with existing statutes, ordinances and county procedures.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended [30 ILCS 235/6].

HISTORY:
P.A. 86-962.

55 ILCS 5/5-1022 Competitive bids

(a) Any purchase by a county with fewer than 2,000,000 inhabitants of services, materials, equipment or supplies in excess of $30,000, other than professional services, shall be contracted for in one of the following ways:

(1) by a contract let to the lowest responsible bidder after advertising for bids in a newspaper published within the county or, if no newspaper is published within the county, then a newspaper having general circulation within the county; or

(2) by a contract let without advertising for bids in the case of an emergency if authorized by the county board.

(b) In determining the lowest responsible bidder, the county board shall take into consideration the qualities of the articles supplied; their conformity with the specifications; their suitability to the requirements of the county, availability of support services; uniqueness of the service, materials, equipment, or supplies as it applies to networked, integrated computer systems; compatibility to existing equipment; and the delivery terms. The county board also may take into consideration whether a bidder is a private enterprise or a State-controlled enterprise and, notwithstanding any other provision of this Section or a lower bid by a State-controlled enterprise, may let a contract to the lowest responsible bidder that is a private enterprise.

(c) This Section does not apply to contracts by a county with the federal government or to purchases of used equipment, purchases at auction or similar transactions which by their very nature are not suitable to competitive bids, pursuant to an ordinance adopted by the county board.

(d) Notwithstanding the provisions of this Section, a county may let without advertising for bids in the case of purchases and contracts, when individual orders do not exceed $35,000, for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and inter-connect equipment, software, and services.

(e) A county may require, as a condition of any contract for goods and services, that persons awarded a contract with the county and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act [35 ILCS 105/1 et seq.] regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act [35 ILCS 105/2]. For purposes of this subsection (e), the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (e), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (e), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

(f) Bids submitted to, and contracts executed by, the county may require a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the county may declare the contract void if the certification completed pursuant to this subsection (f) is false.

55 ILCS 5/5-1035.1 County Motor Fuel Tax Law.

(a) The county board of the counties of DuPage, Kane, Lake, Will, and McHenry may, by an ordinance or resolution adopted by an affirmative vote of a majority of the members elected or appointed to the county board, impose a tax upon all persons engaged in the county in the business of selling motor fuel, as now or hereafter defined in the Motor Fuel Tax Law [35 ILCS 505/1 et seq.], at retail for the operation of motor vehicles upon public highways or for the operation of recreational watercraft upon waterways. The collection of a tax under this Section based on gallonage of gasoline used for the propulsion of any aircraft is prohibited, and the collection of a tax based on gallonage of special fuel used for the propulsion of any aircraft is prohibited on and after December 1, 2019. Kane County may exempt diesel fuel from the tax imposed pursuant to this Section. The initial tax rate may not be less than 4 cents per gallon of motor fuel sold at retail within the county for the purpose of use or consumption and not for the purpose of resale and may not exceed 8 cents per gallon of motor fuel sold at retail within the county for the purpose of use or consumption and not for the purpose of resale. The proceeds from the tax shall be used by the county solely for the purposes of operating, constructing, and improving public highways, waterways, shared-use paths for nonvehicular public travel, sidewalks, and bike paths and acquiring real

property and rights-of-way for public highways, waterways, shared-use paths for nonvehicular public travel, sidewalks, and bike paths within the county imposing the tax.

(a-5) By June 1, 2020, and by June 1 of each year thereafter, the Department of Revenue shall determine an annual rate increase to take effect on July 1 of that calendar year and continue through June 30 of the next calendar year. Not later than June 1 of each year, the Department of Revenue shall publish on its website the rate that will take effect on July 1 of that calendar year. The rate shall be equal to the rate in effect increased by an amount equal to the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items, published by the United States Department of Labor for the 12 months ending in March of each year. The rate shall be rounded to the nearest one-tenth of one cent. Each new rate may not exceed the rate in effect on June 30 of the previous year plus one cent.

(b) A tax imposed pursuant to this Section, and all civil penalties that may be assessed as an incident thereof, shall be administered, collected, and enforced by the Illinois Department of Revenue in the same manner as the tax imposed under the Retailers' Occupation Tax Act [35 ILCS 120/1 et seq.], as now or hereafter amended, insofar as may be practicable; except that in the event of a conflict with the provisions of this Section, this Section shall control. The Department of Revenue shall have full power: to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

(b-5) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act [35 ILCS 105/1 et seq.], pursuant to such bracket schedules as the Department may prescribe.

(c) Whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Option Motor Fuel Tax Fund.

(d) The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder, which shall be deposited into the County Option Motor Fuel Tax Fund, a special fund in the State Treasury which is hereby created. On or before the 25th day of each calendar month, the Department shall prepare and certify to the State Comptroller the disbursement of stated sums of money to named counties for which taxpayers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder from retailers within the county during the second preceding calendar month by the Department, but not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; less 2% of the balance, which sum shall be retained by the State Treasurer to cover the costs incurred by the Department in administering and enforcing the provisions of this Section. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the Comptroller the amount so retained by the State Treasurer, which shall be transferred into the Tax Compliance and Administration Fund.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(f) Until January 1, 2020, an ordinance or resolution imposing a tax hereunder or effecting a change in the rate thereof shall be effective on the first day of the second calendar month next following the month in which the ordinance or resolution is adopted and a certified copy thereof is filed with the Department of Revenue, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county as of the effective date of the ordinance or resolution.

On and after January 1, 2020, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either: (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

(g) This Section shall be known and may be cited as the County Motor Fuel Tax Law.

55 ILCS 5/5-1035.2 County economic development tax

(a) A county with a population under 100,000 may levy an annual tax on all the taxable property in the

county, as equalized or assessed by the Department of Revenue, for the purpose of promoting economic development, upon approval of the tax at a referendum held in accordance with the general election law.

(b) The referendum may be initiated by either (i) adoption of a resolution by the county board or (ii) filing a petition with the county board signed by at least 5% of the electors of the county as determined by the number of electors voting at the most recent presidential election. Upon adoption of the resolution or filing of the petition, as the case may be, the county board shall certify the question to the appropriate election officials.

(c) The resolution or petition, as the case may be, shall set forth the maximum rate at which the tax may be levied, expressed as a percentage of the value, as equalized or assessed by the Department of Revenue, of all the taxable property in the county.

(d)

The question shall be submitted to the electors in substantially the following form: Shall an annual tax of not to exceed ....% be levied in ..... County for the purpose of promoting economic development? The question is approved if a majority of the electors voting on the question vote in favor of it.

(e) The proceeds of the tax authorized by this Section shall be deposited into a separate fund in the county treasury, to be expended by the county board solely for the purpose of promoting economic development.

(f) The tax authorized by this Section shall be in addition to and shall not be subject to any limitation on the maximum rate of taxes otherwise provided by law.

55 ILCS 5/5-1104 Removal of obstructions from streams, lakes, ponds, and other water courses—stream maintenance

The county boards of the several counties in this State which have adopted by ordinance a Storm Water Management Plan may, in their respective counties:

(1) Cause the removal of, in such manner as they may direct, the driftwood and other obstructions from streams, lakes, ponds, natural and other water courses or from the channel, the banks, or within 10 feet inland from the top of the banks thereof;

(2) Provide that streams and other water courses that have been cleared of debris and obstructions will be maintained so that the flow of water will not be further impeded by causing:

(A) The regular removal of accumulations of rocks, boulders, construction materials, beaver dams, dead or diseased trees, logs, branches, twigs, refuse, wastes, and debris of any kind from the channel, the banks, or within 10 feet inland from the top of the banks of any streams, lakes, ponds, or water courses;

(B) The regular removal of accumulations of rocks, boulders, construction materials, beaver dams, dead or diseased trees, logs, branches, twigs, vegetation, refuse, wastes, and debris of any kind from the openings of bridges, culverts, sewer outfalls or any other man-made obstruction; and

(C) The regular removal of accumulations of sediment by dredging or other means;

(3) Provide for any inspection or survey required to clear or maintain any streams, lakes, ponds, or water courses; and

(4) For all of these purposes, after notice in writing to the owner at least 30 days prior thereto, enter upon the lands, streams, lakes, ponds, or waters of any such person, but subject to responsibility for all damages which shall be occasioned thereby.

55 ILCS 5/5-1104.1 [Agreement with forest preserve district]

If a forest preserve district organized under the Downstate Forest Preserve District Act [70 ILCS 805/0.001 et seq.] has, either before or after the effective date of this amendatory Act of 1991, adopted

a comprehensive policy for the management and maintenance of the streams, lakes, ponds and water courses located on the property owned by the district, the power conferred on a county board under Section 5-1104 [55 ILCS 5/5-1104] shall be exercised in a manner consistent with such comprehensive policy and only pursuant to an intergovernmental agreement between the forest preserve district and the county specifying in detail the respective obligations of the parties.

A county may, either before or after the effective date of this amendatory Act of the 97th General Assembly [P.A. 97-1016], enter into an intergovernmental agreement with any forest preserve district within the county that exempts the forest preserve district from compliance with county zoning ordinances.

55 ILCS 5/5-1121 Demolition, repair, or enclosure.

(a) The county board of each county may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the county, but outside the territory of any municipality, and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings. If a township within the county makes a formal request to the county board as provided in Section 85-50 of the Township Code [60 ILCS 1/85-50] that the county board commence specified proceedings under this Section with respect to property located within the township but outside the territory of any municipality, then, at the next regular county board meeting occurring at least 10 days after the formal request is made to the county board, the county board shall either commence the requested proceedings or decline to do so (either formally or by failing to commence the proceedings within 60 days after the request) and shall notify the township board making the request of the county board's decision. In any county having adopted, by referendum or otherwise, a county health department as provided by Division 5-25 of the Counties Code [55 ILCS 5/5-25001 et seq.] or its predecessor, the county board of any such county may upon a formal request by the city, village, or incorporated town demolish, repair or cause the demolition or repair of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of any city, village, or incorporated town having a population of less than 50,000.

The county board shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail to do so, have failed to commence proceedings to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed and the posting of such notice upon the premises sought to be demolished or repaired is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the demolition, repair, enclosure, or removal incurred by the county, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15 day notice period and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or removal, the county, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act [765 ILCS 35/0.01 et seq.].

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the county, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner of or persons interested in the property after the notice of lien has been filed, the lien shall be released by the county, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (b), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure [735 ILCS 5/15-1101 et seq.] or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the county, including court

costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the county from the owner or owners of the real estate.

All liens arising under this subsection (a) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (b).

If the appropriate official of any county determines that any dangerous and unsafe building or uncompleted and abandoned building within its territory fulfills the requirements for an action by the county under the Abandoned Housing Rehabilitation Act [310 ILCS 50/1 et seq.], the county may petition under that Act in a proceeding brought under this subsection.

(b) In any case where a county has obtained a lien under subsection (a), the county may enforce the lien under this subsection (b) in the same proceeding in which the lien is authorized.

A county desiring to enforce a lien under this subsection (b) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (b) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the county, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the county from the owner or owners of the real estate. If the court denies the petition, the county may enforce the lien in a separate action as provided in subsection (a).

All persons designated in Section 15-1501 of the Code of Civil Procedure [735 ILCS 5/15-1501] as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (b), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure [735 ILCS 5/15-1603] shall end 60 days after the date of entry of the order of foreclosure.

(c) In addition to any other remedy provided by law, the county board of any county may petition the circuit court to have property declared abandoned under this subsection (c) if:

(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;

(2) the property is unoccupied by persons legally in possession; and

(3) the property's condition impairs public health, safety, or welfare for reasons specified in the petition.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure [735 ILCS 5/2-206] as in other cases affecting property, including publication in a newspaper that is in circulation in the county in which the action is pending. At least 30 days prior to any declaration of abandonment, the county or its agent shall post a notice not less than 1 foot by 1 foot in size on the front of the subject building or property. The notice shall be dated as of the date of the posting and state that the county is seeking a declaration of abandonment for the property. The notice shall also include the case number for the underlying circuit court petition filed pursuant to this subsection and a notification that the owner should file an appearance in the matter if the property is not abandoned.

The county, however, may proceed under this subsection in a proceeding brought under subsection (a). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (a).

If the county proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the county unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish any or all dangerous or unsafe buildings or to put the property in safe condition.

If the owner of record enters an appearance in the action within the 30 day period, the court shall vacate its order declaring the property abandoned. In that case, the county may amend its complaint in order to initiate proceedings under subsection (a).

If a request to demolish any or all dangerous or unsafe buildings or to otherwise put the property in

safe condition is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the property to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the county of all costs incurred by the county in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with property maintenance, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code [35 ILCS 200/1-1 et seq.], the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the property in safe condition within the time specified by the court, the county may petition the court to issue a judicial deed for the property to the county or another governmental body designated by the county in the petition. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens.

(d) Each county may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If the official designated to be in charge of enforcing the county's building code determines that a building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall be dated as of the date of the posting and shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the county.

Not later than 30 days following the posting of the notice, the county shall do both of the following:

(1) Cause to be sent, by certified mail, return receipt requested, a notice to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the county to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

(2) Cause to be published, in a newspaper published or circulated in the county where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the county intends to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.

A person objecting to the proposed actions of the county board may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the county board shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The county may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the county proceeds with any of the actions authorized by this subsection, any person has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the county, then the county shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the county to do so.

The county must maintain documentation submitted from a contractor on the disposal of any demoli-

tion debris, clean or general, or uncontaminated soil generated during the demolition, repair, or enclosure of a building for a period of 3 years identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. The documentation required by this paragraph does not apply to a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the county may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the county in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the county; (iv) a statement by the official responsible for enforcing the building code that the building was open and vacant and constituted an immediate and continuing hazard to the community; (v) a statement by the official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the county as provided in subsection (a).

(e) In any case where a county has obtained a lien under subsection (a), the county may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure [735 ILCS 5/2-101 et seq.] and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure [735 ILCS 5/12-101 et seq.].

(f) In addition to any other remedy provided by law, if a county finds that within a residential property of 1 acre or less there is an accumulation or concentration of: garbage; organic materials in an active state of decomposition including, but not limited to, carcasses, food waste, or other spoiled or rotting materials; human or animal waste; debris; or other hazardous, noxious, or unhealthy substances or materials, which present an immediate threat to the public health or safety or the health and safety of the occupants of the property, the county may, without any administrative procedure to bond, petition the court for immediate injunctive relief to abate or cause the abatement of the condition that is causing the threat to health or safety, including an order causing the removal of any unhealthy or unsafe accumulations or concentrations of the material or items listed in this subsection from the structure or property. The county shall file with the circuit court in which the property is located a petition for an order authorizing the abatement of the condition that is causing the threat to health or safety. A hearing on the petition shall be set within 5 days, not including weekends or holidays, from the date of filing. To provide notice of such hearing, the county shall make every effort to serve the property's owners of record with the petition and summons and, if such service cannot be had, shall provide an affidavit to the court at the hearing showing the service could not be had and the efforts taken to locate and serve the owners of record. The county shall also post a sign at the property notifying all persons of the court proceeding. Following the abatement actions, the county may file a notice of lien for the cost and expense of actions taken under this subsection as provided in subsection (a).

COUNTY DESIGN-BUILD AUTHORIZATION [EFFECTIVE JANUARY 1, 2023]

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45001. Short title. [Effective January 1, 2023]

This Division may be cited as the County Design-Build Authorization Act.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45005. Purpose. [Effective January 1, 2023]

The purpose of this Division is to authorize counties to use design-build processes to increase the efficiency and effectiveness of delivering public projects.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45010. Definitions. [Effective January 1, 2023]

As used in this Division:

"Delivery system" means the design and construction approach used to develop and construct a project.

"Design-bid-build" means the traditional delivery system used on public projects that incorporates the competitive bidding process set forth in this Code.

"Design-build" means a delivery system that provides responsibility within a single contract for the furnishing of architecture, engineering, land surveying, and related services as required and the labor, materials, equipment, and other construction services for the project.

"Design-build contract" means a contract for a public project under this Division between a county and a design-build entity to furnish: architecture, engineering, land surveying, public art or interpretive exhibits, and related services, as required; and the labor, materials, equipment, and other construction services for the project.

"Design-build entity" means an individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that proposes to design and construct any public project under this Division.

"Design professional" means an individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that offers services under the Illinois Architecture Practice Act of 1989, the Professional Engineering Practice Act of 1989, the Structural Engineering Practice Act of 1989, or the Illinois Professional Land Surveyor Act of 1989.

"Evaluation criteria" means the requirements for the separate phases of the selection process as defined in this Division and may include the specialized experience, technical qualifications and competence, capacity to perform, past performance, experience with similar projects, assignment of personnel to the project, and other appropriate factors.

"Proposal" means the offer to enter into a design-build contract as submitted by a design-build entity in accordance with this Division.

"Public art designer" means an individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity

that has demonstrated experience with the design and fabrication of public art including any media that has been planned and executed with the intention of being staged in the physical public domain outside and accessible to all or any art which is exhibited in a public space including publicly accessible buildings, or interpretive exhibits including communication media that is designed to engage, excite, inform, relate, or reveal the intrinsic nature or indispensable quality of a topic or story being presented.

"Request for proposal" means the document used by the county to solicit proposals for a design-build contract.

"Scope and performance criteria" means the requirements for the public project, including, but not limited to, the intended usage, capacity, size, scope, quality and performance standards, life-cycle costs, and other programmatic criteria that are expressed in performance-oriented and quantifiable specifications and drawings that can be reasonably inferred and are suited to allow a design-build entity to develop a proposal.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45015. Solicitation of proposals. [Effective January 1, 2023]

(a) A county may enter into design-build contracts. In addition to the requirements set forth in its local ordinances, when the county elects to use the design-build delivery method, it must issue a notice of intent to receive proposals for the project at least 14 days before issuing the request for the proposal. The county must publish the advance notice in the manner prescribed by ordinance, which shall include posting the advance notice online on its website. The county may publish the notice in construction industry publications or post the notice on construction industry websites. A brief description of the proposed procurement must be included in the notice. The county must provide a copy of the request for proposal to any party requesting a copy.

(b) The request for proposal shall be prepared for each project and must contain, without limitation, the following information:

(1) The name of the county.

(2) A preliminary schedule for the completion of the contract.

(3) The proposed budget for the project, the source of funds, and the currently available funds at the time the request for proposal is submitted.

(4) Prequalification criteria for design-build entities wishing to submit proposals. The county shall include, at a minimum, its normal qualifications, licensing, registration, and other requirements; however, nothing precludes the use of additional prequalification criteria by the county.

(5) Material requirements of the contract, including, but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act.

(6) The performance criteria.

(7) The evaluation criteria for each phase of the solicitation. Price may not be used as a factor in the evaluation of Phase I proposals.

(8) The number of entities that will be considered for the technical and cost evaluation phase.

(c) The county may include any other relevant information that it chooses to supply. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be at least 21 calendar days after the date of the issuance of the request for proposal. If the cost of the project is estimated to exceed $12,000,000, then the proposal due date must be at least 28 calendar days after the date of the issuance of the request for proposal. The county shall include in the request for proposal a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45020. Development of scope and performance criteria. [Effective January 1, 2023]

(a) The county shall develop, with the assistance of a licensed design professional or public art designer, a request for proposal, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the county's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements.

(b) Each request for proposal shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the county to be produced by the design-build entities.

(c) The scope and performance criteria shall be prepared by a design professional or public art designer who is an employee of the county, or the county may contract with an independent design professional or public art designer selected under the Local Government Professional Services Selection Act to provide these services.

(d) The design professional or public art designer that prepares the scope and performance criteria is

prohibited from participating in any design-build entity proposal for the project.

(e) The design-build contract may be conditioned upon subsequent refinements in scope and price and may allow the county to make modifications in the project scope without invalidating the design-build contract.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45025. Procedures for Selection. [Effective January 1, 2023]

(a) The county must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The county shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the county has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the county. The county must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The county shall include the following criteria in every Phase I evaluation of design-build entities: (i) experience of personnel; (ii) successful experience with similar project types; (iii) financial capability; (iv) timeliness of past performance; (v) experience with similarly sized projects; (vi) successful reference checks of the firm; (vii) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (viii) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The county may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The county may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including, but not limited to, long-term leasehold, mutual performance, or development contracts with the county, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the county shall create a shortlist of the most highly qualified design-build entities. The county, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided that no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The county shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The county must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the county.

(c) The county shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the county. The county must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The county shall include the following criteria in every Phase II technical evaluation of design-build entities: (i) compliance with objectives of the project; (ii) compliance of proposed services to the request for proposal requirements; (iii) quality of products or materials proposed; (iv) quality of design parameters; (v) design concepts; (vi) innovation in meeting the scope and performance criteria; and (vii) constructability of the proposed project. The county may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The county shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The county may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria weighing factor shall not exceed 30%.

The county shall directly employ or retain a licensed design professional or a public art designer to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards. Upon completion of the technical submissions and cost submissions evaluation, the county may award the design-build contract to the highest overall ranked entity.

55 ILCS 5/5-45030. Small projects. [Effective January 1, 2023]

In any case where the total overall cost of the

project is estimated to be less than $12,000,000, the county may combine the two-phase procedure for selection described in Section 5-45025 into one combined step, provided that all the requirements of evaluation are performed in accordance with Section 5-45025.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45035. Submission of proposals. [Effective January 1, 2023]

Proposals must be properly identified and sealed. Proposals may not be reviewed until after the deadline for submission has passed as set forth in the request for proposals.

Proposals shall include a bid bond in the form and security as designated in the request for proposals. Proposals shall also contain a separate sealed envelope with the cost information within the overall proposal submission. Proposals shall include a list of all design professionals, public art designers, and other entities to which any work may be subcontracted during the performance of the contract.

Proposals must meet all material requirements of the request for proposal or they may be rejected as non-responsive. The county shall have the right to reject any and all proposals.

The drawings and specifications of the proposal may remain the property of the design-build entity.

The county shall review the proposals for compliance with the performance criteria and evaluation factors.

Proposals may be withdrawn prior to evaluation for any cause. After evaluation begins by the county, clear and convincing evidence of error is required for withdrawal.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45040. Award; performance. [Effective January 1, 2023]

The county may award the contract to the highest overall ranked design-build entity. Notice of award shall be made in writing. Unsuccessful design-build entities shall also be notified in writing. The county may not request a best and final offer after the receipt of proposals of all qualified design-build entities. The county may negotiate with the selected design-build entity after award but prior to contract execution for the purpose of securing better terms than originally proposed, provided that the salient features of the request for proposal are not diminished.

A design-build entity and associated design professionals shall conduct themselves in accordance with the relevant laws of this State and the related provisions of the Illinois Administrative Code.

2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45045. Reports and evaluation. [Effective January 1, 2023]

At the end of every 6-month period following the contract award, and again prior to final contract payout and closure, a selected design-build entity shall detail, in a written report submitted to the county, its efforts and success in implementing the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and the provisions of Section 2-105 of the Illinois Human Rights Act.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45047. Exception. [Effective January 1, 2023]

Nothing in this Division shall prevent a county from using a qualification-based selection process for design professionals or construction managers for design-build projects.

History.
2022 P.A. 102-954, § 5, effective January 1, 2023.

55 ILCS 5/5-45050. Severability. [Effective January 1, 2023]

The provisions of this Division are severable under Section 1.31 of the Statute on Statutes.

ARTICLE 1.

SHORT TITLE AND GENERAL PROVISIONS

60 ILCS 1/1-1 Short title

This Act may be cited as the Township Code.

HISTORY:
P.A. 82-783; 88-62, § 1-1.

60 ILCS 1/1-5 Use of terms

(a) A reference in another Act to a town (other than an incorporated town) shall be deemed a reference to a township as that term is used in this Code.

(b) A reference in another Act to the board of trustees of a town (other than an incorporated town) or township, the board of town trustees, or the board of township trustees shall be deemed a reference to the township board as that term is used in this Code.

(c) A reference in another Act to an officer of a town (other than an incorporated town) shall be deemed a reference to a township officer as that term is used in this Code.

HISTORY:
P.A. 88-62, § 1-5.

ARTICLE 5.

ADOPTION OF TOWNSHIP ORGANIZATION

60 ILCS 1/5-5 Vote on organization

At any general election held in the several counties in this State, the qualified voters in any county may vote for or against township organization in the county.

HISTORY:
P.A. 82-783; 88-62, § 5-5.

60 ILCS 1/5-10 Referendum

Whenever a proposition or public question is required to be submitted under this Code for approval or rejection by the electors at an election, the time and manner of conducting the referendum shall be in accordance with the general election law.

HISTORY:
P.A. 82-783; 88-62, § 5-10.

60 ILCS 1/5-15 Form of proposition

The county board, on the petition of 10% or more of the legal voters of the county, shall certify and cause to be submitted to the voters of the county the question of township organization under this Article. The proposition shall be substantially in the form: "For township organization" or "Against township organization".

HISTORY:
P.A. 82-783; 88-62, § 5-15; 89-365, § 5.

60 ILCS 1/5-20 Abstract of election returns

The county clerk shall enter an abstract of the returns of the election, prepared and certified as in elections for county officers, file the abstract in the records of the county, and certify an exact copy of the abstract and cause it to be delivered to the State Comptroller.

HISTORY:
P.A. 83-343; 88-62, § 5-20.

60 ILCS 1/5-25 Effect of vote

If it appears by the returns of the election that a majority of the legal voters of the county are for township organization, then, the county so voting in

favor of adopting township organization shall be governed by and subject to the provisions of this Code on and after the first Tuesday of April of the next succeeding odd-numbered year. A majority of the voters voting at the election shall be deemed a majority of the voters of the county.

HISTORY:
P.A. 82-783; 88-62, § 5-25.

60 ILCS 1/5-30 Appointment of commissioners to divide county into townships

The presiding officer of the county board, with the advice and consent of the county board, shall at the next session of the county board appoint 3 commissioners to divide the county into townships. The commissioners shall be residents of the county. The commissioners shall be paid for their services by the county.

HISTORY:
P.A. 82-783; 88-62, § 5-30.

60 ILCS 1/5-35 Division of county into townships

The commissioners shall proceed to divide the county into townships, making them conform to the townships according to government surveys. Fractional townships may be attached to adjoining townships if the number of the inhabitants or the amount of territory of a fractional township is not sufficient for a separate township. If a township has too few inhabitants for a separate organization, then the township may be added to some adjoining township or divided between 2 or more townships for the time being. When a creek or river so divides a township that it is inconvenient for transacting township business, the creek or river may be made the township boundary, and the fractions so formed may be disposed of as other fractional townships.

HISTORY:
P.A. 82-783; 88-62, § 5-35.

60 ILCS 1/5-40 Township names

Townships shall be named in accordance with the express wish of the inhabitants of the township. If there is not a degree of unanimity as to the name, the commissioners may designate the name. The county board may change the name of any township in its county upon a petition of a majority of the voters of the township. No 2 townships in the State shall have the same name.

HISTORY:
P.A. 82-783; 88-62, § 5-40.

60 ILCS 1/5-45 Commissioners' report

The commissioners shall make a written report of their proceedings, giving the names and bounds of each township. They shall present the report to the county clerk on or before the first day of March next succeeding.

HISTORY:
P.A. 82-783; 88-62, § 5-45.

60 ILCS 1/5-50 Abstract of commissioners' report

The county clerk shall, within 30 days after receiving the commissioners' report, transmit by mail to the Secretary of State an abstract of the report. The abstract shall give the bounds of each township and the name designated for each township. The clerk shall record the commissioners' report in a book kept for that purpose.

HISTORY:
P.A. 82-783; 88-62, § 5-50.

60 ILCS 1/5-55 Duplicate township names.

If the Secretary of State, on comparing the abstracts of the reports from the several counties, finds that any 2 or more townships within a single county are named alike, he or she shall so inform the clerk of the county. The county board of that county shall, at its next meeting, adopt for one of the townships a different name. When the name is adopted, the county clerk shall inform the Secretary of State as provided in Section 5-50 [60 ILCS 1/5-50].

HISTORY:
P.A. 82-783; 88-62, § 5-55; 2021 P.A. 102-148, § 5, effective July 23, 2021.

60 ILCS 1/5-60 Record of township names and boundaries

The Secretary of State shall keep a record of the names and boundaries of the several townships.

HISTORY:
P.A. 82-783; 88-62, § 5-60.

60 ILCS 1/5-65 Township election

The township election shall be scheduled in accordance with and conducted in the manner required by the Election Code [10 ILCS 5/1-1 et seq.].

HISTORY:
P.A. 87-471; 88-62, § 5-65.

60 ILCS 1/5-70 Refusal to organize township; annexation

(a) If any township refuses or neglects to organize and elect township officers, the county board of the county may order another election for that purpose at the time of the next regular election scheduled under the general election law. The county board shall appoint qualified residents of the township to serve in the township offices and to perform the duties and

possess all the rights and powers of those offices until the regular election of officers provided in this Code.

(b) If the township does not then organize and elect officers, the county board may, at any regular or special meeting, appoint the necessary officers for the township. The persons so appointed shall hold their offices until the next annual township meeting and until their successors are elected or appointed and qualified.

(c) If the persons appointed under subsection (b) fail to qualify as required by law or if, at any time after the organization of the township, the electors of the township refuse to elect or appoint officers or to exercise the powers required by law, the county board may annex the township to an adjoining township. The township so annexed shall thereafter constitute a part of the township to which it is annexed.

HISTORY:
P.A. 82-783; 88-62, § 5-70.

60 ILCS 1/5-75 Township co-extensive with city or village

When, in any county under township organization, there is any territory co-extensive with the limits of a city or village situated in the county and not included within any organized township, that territory shall constitute a township by the name of the city or village. All provisions of this Code shall apply to the township so constituted, the same as if it had been organized under this Article in the case of the organization of new townships.

HISTORY:
P.A. 82-783; 88-62, § 5-75.

ARTICLE 10.

ALTERATION OF TOWNSHIP BOUNDARIES BY COUNTY BOARD

60 ILCS 1/10-5 County board powers

The county board of each county, except as provided in Article 15, may (i) alter the boundaries of townships, (ii) change township lines, (iii) divide, enlarge, consolidate, and create new townships in its county, (iv) make alterations of the township boundaries, and (v) create a new township whenever, in any territory of not less than 36 square miles or possessing an equalized assessed valuation for taxation purposes of not less than $6,000,000 for the preceding 2 years, three-fourths or more of the voters residing in the territory petition for a new township. The new territory proposed to be organized into a new township shall, however, contain at least 200 legal voters, and the respective remaining portions of each of the townships from which the new township is taken shall also contain at least 200 legal voters and shall either contain not less than 36 square miles or possess an equalized assessed valuation for taxation purposes of not less than $6,000,000 for the preceding 2 years. The county board, however, before taking any final action in any of the matters relating to any of these townships, shall hold a public hearing on those matters after notice of the hearing has been published at least 3 times in a newspaper having a general circulation in the townships affected. The first of the notices shall be published at least 60 days before the date of the hearing. No incorporated town, however, may be divided unless the proposition has been certified to the appropriate election authorities, the referendum is held in accordance with the general election law, and consent to the division is given by a majority of all the electors in the incorporated town voting on the proposition.

HISTORY:
P.A. 82-783; 88-62, § 10-5.

60 ILCS 1/10-10 Election in new township

When 2 or more townships are united into one, or when a township is divided into 2 or more townships, a new election shall be ordered in the new township or townships by the county board and held at the time scheduled under the general election law for the holding of township elections. The election shall be conducted in the manner prescribed by the general election law. When parts of several townships are taken to make a new township, an election need not be ordered in the townships from which territory is taken. If, however, any officer of one of those townships continues to reside in the new township, his or her office shall be declared vacant and filled as in other cases of vacancy.

HISTORY:
P.A. 82-783; 88-62, § 10-10.

60 ILCS 1/10-15 Terms of officers of new township

The officers elected or appointed at a township meeting shall hold their offices until the next annual township meeting and until their successors are elected and qualified.

HISTORY:
P.A. 82-783; 88-62, § 10-15.

60 ILCS 1/10-20 Detachment of part of township

(a) If any township lies partly within and partly without any city, village, or incorporated town and both the city, village, or incorporated town and the township are charged with the duty of providing relief and support to poor and indigent persons in the territory lying within both the township and the city, village, or incorporated town, the county board may upon its own motion detach the part of the township within the city, village, or incorporated town and may

annex the detached part to one or more townships wholly within the city, village, or incorporated town.

(b) The township officers of any township from which territory is detached shall continue as officers of the township until the expiration of the respective terms for which they were elected or appointed and until their successors are elected or appointed and qualified, without regard to whether they reside in the township or the territory detached from the township.

(c) All property belonging to the township from which territory is detached and all debts of that township before the detachment shall respectively remain the sole property and obligations of that township.

HISTORY:
P.A. 82-783; 88-62, § 10-20.

60 ILCS 1/10-25 Plan for changes in townships.

(a) The county board of each county may, subject to a referendum in the townships affected as provided in this Section, adopt a plan for altering the boundaries of townships, changing township lines, dividing, enlarging, or consolidating townships, or creating new townships, so that each township shall possess an equalized assessed valuation of not less than $10,000,000 as of the 1982 assessment year.

(b) No alteration or change in boundaries shall be effective unless approved by a referendum in each township affected. The election authority shall submit to the voters of each township affected, at a regular election to be held not less than 60 days after the plan is adopted, the question of approving the alteration or change. The alterations or changes, if approved by the voters, shall take effect on the date of the next township election and shall be applicable to that election. If there is doubt as to the township clerk with whom nomination papers for that election should be filed, the county board shall designate the clerk. In the alteration of boundaries, a county board may not disturb urban or coterminous townships in existence on October 1, 1978.

60 ILCS 1/10-30 Election after alteration of township boundaries

When township boundaries have been altered under this Article, an election for township officers shall be held in the new townships at the time scheduled under the general election law for the election of township officers. The election shall be conducted in the manner prescribed by the general election law.

HISTORY:
P.A. 82-783; 88-62, § 10-30.

60 ILCS 1/10-35 Assessment and collection of taxes

The union of 2 or more townships or the division or alteration of a township after the assessor's books have been made out in any year shall not in any manner affect the assessment or collection of taxes assessable and collectible in that year, and those taxes may be assessed and collected in the same manner and by the same officers as if no division, union, or alteration had taken place. If any township has territory detached from it under Section 10-20 [60 ILCS 1/10-20], however, any tax previously levied by the township for the purpose of caring for poor and indigent persons for the present fiscal year shall be abated and shall not be extended by the county clerk.

HISTORY:
P.A. 82-783; 88-62, § 10-35.

60 ILCS 1/10-40 Disposition of township property

When a township possessing real estate is divided into 2 or more townships, the supervisors and assessors of the several townships constituted by the division shall meet as soon as may be practicable after the first township meeting subsequently held in those townships. They may make an agreement concerning the disposition of the township property and the apportionment of the proceeds as is equitable and may take all measures and execute all conveyances necessary to carry the agreement into effect.

HISTORY:
P.A. 82-783; 88-62, § 10-40.

60 ILCS 1/10-45 Meeting of supervisors and assessors

Except as provided by Section 10-20 [60 ILCS 1/10-20], when 2 or more townships possessing real estate are united, or when a part of any township possessing real estate is annexed to another township or townships or taken to form a part of a new township, the supervisors and assessors of the township so united or the township from which the territory is taken and the supervisors and assessors of the township or townships to which the territory is annexed or of which it constitutes a part shall, as soon as may be practicable after the alteration, meet for the purpose and possess the powers provided in Section 10-40 [60 ILCS 1/10-40].

HISTORY:
P.A. 82-783; 88-62, § 10-45.

60 ILCS 1/10-50 Apportionment of township personal property

Except as provided by Section 10-20 [60 ILCS 1/10-20], when 2 or more townships, any one or more of which possess or are entitled to moneys, rights or credits, or other personal estate, are united, or when a township possessing or entitled to moneys, rights or credits, or other personal estates is divided or altered, the personal estate, including moneys, shall be apportioned between the townships interested in

that personal estate by the supervisors and assessors of the townships according to the amount of taxable property in the township or townships united, divided, or altered as that amount existed immediately before the union, division, or alteration. That amount shall be ascertained by the last assessment list of the township or townships. The supervisors and assessors shall meet for this purpose as soon as may be practicable after the union, division, or alteration.

HISTORY:
P.A. 82-783; 88-62, § 10-50.

60 ILCS 1/10-55 Notice of supervisors and assessors meeting

Whenever a meeting of the supervisors and assessors of 2 or more townships is required to carry into effect the provisions of this Article, the meeting may be called by either of the supervisors. The supervisor calling the meeting shall give to all the other officers at least 10 days' written notice of the time and place at which the meeting is to be held.

HISTORY:
P.A. 82-783; 88-62, § 10-55.

60 ILCS 1/10-60 Cemetery exempt

Section 10-55 [60 ILCS 1/10-55] shall not apply to any cemetery or burial ground. A cemetery or burial ground shall belong to the township within which it is situated after a division is made.

HISTORY:
P.A. 82-783; 88-62, § 10-60.

60 ILCS 1/10-65 Apportionment of township debts

Except as provided by Section 10-20 [60 ILCS 1/10-20], debts owed by a township or townships united, divided, or altered under this Article shall be apportioned in the same manner as the personal property of the township or townships, and each township shall thereafter be charged with its share of those debts according to the apportionment.

HISTORY:
P.A. 82-783; 88-62, § 10-65.

60 ILCS 1/10-70 Apportionment by court

If the several townships cannot agree on a division or apportionment of the real or personal property or debts or any part of the property or debts as provided in Sections 10-40 through 10-65 [60 ILCS 1/10-40 through 60 ILCS 1/10-65], the dispute shall be submitted to the circuit court of the county. The court shall hear and determine the matter in a summary manner, without pleadings, and shall pronounce judgment as the right of the case may be.

HISTORY:
P.A. 82-783; 88-62, § 10-70.

60 ILCS 1/10-75 Inapplicability

This Article does not apply to multi-township jurisdictions for assessment purposes as provided in Sections 2-5 through 2-30 and Sections 2-70 and 9-30 of the Property Tax Code [35 ILCS 200/2-5 through 35 ILCS 2-30 and 35 ILCS 200/2-70 and 35 ILCS 200/9-30], and the establishment or discontinuance of or withdrawal from a multi-township assessment district is not an alteration of the boundaries of any township, a change in township lines, a division, enlargement, or consolidation of any township, or the creation of a new township for purposes of this Code.

ARTICLE 15.

TOWNSHIP WITHIN A CITY

60 ILCS 1/15-5 Township within city; organization; petition; hearing

(a) The county board in any county under township organization, by resolution, may provide (i) that the territory embraced within any city in the county, if the territory has a population of not less than 3,000, shall be organized as a township or (ii) that the territory of any city having a population of not less than 15,000 and composed of portions of 2 or more townships may be organized into a new township under the name designated in a petition under subsection (b). The city shall be known as a coterminous city.

(b) The county board shall take no action by way of resolution as to any territory under the provisions of clause (i) or (ii) of subsection (a) unless a petition requesting that action, signed by at least 200 voters of the city, has been presented to the county board and the board has held a public hearing on the petition. Notice of the hearing shall be published at least 3 times in a newspaper published in the city or, if there is none, in a newspaper published in the county and having a general circulation in the territory described in the petition. The first notice shall be published at least 60 days before the date of the hearing.

HISTORY:
P.A. 85-1353; 86-1299; 87-1197, § 1-3; 88-62, § 15-5.

60 ILCS 1/15-10 Disconnection of territory from township; annexation to adjacent township

Until the effective date of this amendatory Act of 1997, whenever a township is organized under this Article and any of the territory of the city not more than one-half square mile in extent and containing not more than 50 inhabitants is disconnected from the city, the county board may, by resolution, upon receiving a certified copy of the resolution or ordi-

nance of the city disconnecting the territory and after a public hearing on the matter following notice given as provided in Section 15-5 [60 ILCS 1/15-5], disconnect the territory from the township and annex it to an adjacent township or townships.

Whenever a township is organized under this Article and any of the territory of the city is, after the effective date of this amendatory Act of 1997, disconnected from the city by court order or ordinance, the territory shall automatically be disconnected from the otherwise coterminous township and connected to the adjacent township, and the transfer of the territory shall not affect the city's status as a city with a coterminous township. If disconnection is pursuant to court order, the petitioning party in the cause shall, within 30 days of the entry of an order permitting disconnection, serve a copy of the order upon the coterminous township, the adjacent township, and the county clerk by certified mail, return receipt requested, and shall file proof of the service with the circuit clerk. Upon objection by either the coterminous township or the adjacent township within 180 days after the enactment of the ordinance or after service of the court order, the county board may, after receiving a certified copy of the court order or ordinance and after a public hearing on the matter following notice given as provided in Section 15-5, pass an ordinance annulling the automatic disconnection of territory from the coterminous township. The action by the county board shall not affect the disconnection of territory from the city, but shall cause the territory to remain in the coterminous township. The annulling by the county board of the automatic disconnection of territory from the coterminous township shall not affect the city's status as a city with a coterminous township.

HISTORY:
P.A. 85-1353; 86-1299; 87-1197, § 1-3; 88-62, § 15-10; 90-481, § 10.

60 ILCS 1/15-15 Annexation of territory by coterminous city; referendum

(a) Whenever a city that is coterminous with a township has voted to annex any territory in an adjacent township, the city clerk shall, by registered or certified mail, file a certified copy of the annexation ordinance with the clerk of the township in which the proposed disconnection is to take place. Except as otherwise provided in this Article, if, within 45 days after the date of mailing notification, the township board of the township from which the territory is to be disconnected determines by a majority vote of those board members then holding office that the disconnection would not be in the best interests of that township, the board may request that a referendum approving or disapproving the disconnection be held in that township. The city, its coterminous township, and the adjacent township may, however, agree by intergovernmental agreement and without the necessity of a referendum that the territory shall remain part of the adjacent township and shall not become part of the township that is coterminous with the municipality.

(b) The township clerk of the adjacent township shall, within 30 days after the vote of the township board of the adjacent township, certify the proposition to disconnect the territory from the adjacent township to the proper election officials and the city clerk of the annexing city. The election officials shall submit the proposition to the voters of the township requesting the referendum at an election in accordance with the general election law. The proportionate cost of the election shall be borne by the township requesting the election.

(c) The proposition shall be substantially in the following form:

Shall (name of township) include the following described territory that is presently included in (name of township)? (Insert description of territory.)

The votes shall be recorded as "Yes" or "No".

(d) If a majority of those voting on the proposition in the township vote in favor thereof, the territory shall be disconnected from the adjacent township and connected to the township that is coterminous with the city. Only upon that connection shall any debts and liabilities of the territory be taken over by the coterminous township.

(e) If a majority of those voting on the proposition do not vote in favor of it, the territory shall remain with the adjacent township. If, however, at any time after a majority of those voting do not vote in favor of the proposition, the township board of the township in which the proposed disconnection was to take place determines that the disconnection would be in the best interest of that township, the board may request that another referendum approving or disapproving that same disconnection be held in that township. The referendum shall be conducted in accordance with the general election law.

60 ILCS 1/15-17 Township officer after disconnection

A township officer of a township from which territory is disconnected shall continue as an officer of the township until the expiration of the term for which he or she was elected or appointed and until a successor is elected or appointed and qualified, without regard to whether the township officer resides in the township or the territory disconnected from the township.

HISTORY:
P.A. 94-529, § 5.

60 ILCS 1/15-20 Failure of proposition to disconnect; status quo

Where the proposition to disconnect the territory fails and it remains with the adjacent township, the

status quo and operation of a township and the officers of a township coterminous with a city at the time provided for in this Article is not to be affected. Where the proposition to disconnect fails, the status quo of a council of a city that is coterminous with a township at the time provided for in this Article and that already is vested with the authority to exercise all powers vested in that township is not affected. Where a city coterminous at the time provided for in this Article has provided by operation of law that certain offices of the city and the coterminous township shall be united in the same person, or that the office and election of highway commissioners shall be discontinued, that provision shall continue to be the case after the proposition to disconnect the territory fails. Where the proposition to disconnect fails, vacancies in any of the township offices in a township coterminous at the time provided for in this Section may continue to be filled by the city council. Where the proposition to disconnect fails or the city, its coterminous township, and the adjacent township agree by intergovernmental cooperation agreement that the territory shall remain part of the adjacent township, the city may annex the territory and by doing so does not relinquish its status as a city with a coterminous township.

60 ILCS 1/15-25 Parcel annexed less than 1% of total equalized assessed value of adjacent township

Within any 12 month period beginning on the date of a coterminous city's first annexation after August 11, 1986, when any parcel of territory lying in an adjacent township is annexed by the city and the parcel constitutes less than 1% of the total equalized assessed value of the adjacent township, and until all such parcels annexed during each such annual period constitute 1% or more of the total equalized assessed value of the adjacent township, each separate parcel shall become disconnected from that township and included in the coterminous township without having the proposition to disconnect submitted to the voters in the adjacent township.

60 ILCS 1/15-30 Payment for property taxes collected by coterminous city

After August 11, 1986, whenever territory is disconnected from a township and connected to a coterminous township before the effective date of this amendatory Act of the 94th General Assembly [P.A. 94-529], the coterminous city shall provide, on or before December 31 of each year for a period of 10 years, to the township from which the territory was disconnected an amount equal to the real estate tax that was collected on the property in the tax year immediately preceding the disconnection. Whenever territory is disconnected from a township and connected to a coterminous township on or after the effective date of this amendatory Act of the 94th General Assembly, the coterminous city shall provide to the township from which the territory was disconnected, for a period of 10 years: (i) no later than 60 days after the first due date for real estate taxes in that county for that tax year, an amount equal to at least 50% of the real estate tax that was collected on the property in the tax year immediately preceding the disconnection and (ii) on or before December 31 of each year an amount equal to 50% of the real estate tax that was collected on the property in the tax year immediately preceding the disconnection.

60 ILCS 1/15-35 Automatic annexation of certain territory; exception; reconnection to adjacent township

(a) If, on August 11, 1986, any unincorporated territory in a township that is adjacent to a township that is coterminous with a city (i) is wholly bounded by the coterminous township or (ii) is bounded solely by the coterminous township and (A) a river or lake, (B) property owned by the State of Illinois (except highway right-of-way owned in fee by the State), (C) a forest preserve district, or (D) the Illinois State boundary, that territory shall automatically, by operation of law, become annexed to the city, disconnected from the adjacent township, and included in the coterminous township without having the proposition to disconnect submitted to the voters in the adjacent township, except that when the unincorporated territory is, and as long as it remains, predominantly agricultural in nature, the automatic annexation shall not occur.

(b) Any territory automatically annexed by operation of law to a city coterminous with a township under this Section, if the sale of alcoholic beverages is permitted in the territory and that sale is not permitted in the coterminous township and city, shall, on June 30, 1987, be disconnected from the city and its coterminous township and reconnected to the township from which it was originally disconnected.

60 ILCS 1/15-40 Parcel with township hall and maintenance building; reconnection to adjacent township

Any parcel of land owned by a township on which both a township hall and a maintenance building are located and that consists of the entire territory that was annexed by operation of law to a city coterminous with a different township under this Article shall, on September 1, 1988, be disconnected from the city and its coterminous township and recon-

nected to the township from which it was originally disconnected.

60 ILCS 1/15-45 Territory deemed a township

The territory of any organized city, within the limits of any county under township organization and not situated within any township, shall be deemed a township.

HISTORY:
Laws 1877, p. 212; P.A. 88-62, § 15-45.

60 ILCS 1/15-50 Powers exercised by city council

All the powers vested in the township described in Section 15-45 [60 ILCS 1/15-45], including all the powers now vested by law in the highway commissioners of the township and in the township board of the township, shall be exercised by the city council. The city council shall perform the duties of a township or multi-township board in relation to the township or multi-township assessor as provided in the Property Tax Code [35 ILCS 200/1-1 et seq.].

By a resolution passed by a three-fourths vote, the city council of any home rule municipality may cease to exercise the powers of the township board. Vacancies within the offices of township clerk, township collector, and board of trustees resulting from the city council's action shall be filled in accordance with the general election law for the holding of township elections. Any action taken under this Section shall not alter the rights and duties of the township supervisor as chief executive officer of the township or of any other duly elected township officials.

HISTORY:
P.A. 82-783; 88-62, § 15-50; 88-670, § 3-27; 90-698, § 10.

60 ILCS 1/15-55 Combining offices

The city council in a city and township described in Section 15-45 [60 ILCS 1/15-45] may by ordinance provide (i) that the offices of city and township clerk are united in the same person, (ii) that the offices of city treasurer and township collector are united in the same person, and (iii) that the office and election of highway commissioners shall be discontinued. In any combination of offices under this Section, the combined office shall be filled in the manner provided by law for filling the office of city clerk or city treasurer, as the case may be. The township supervisor shall be, ex officio, supervisor of general assistance.

HISTORY:
Laws 1951, p. 2014; P.A. 88-62, § 15-55.

60 ILCS 1/15-60 Vacancies

Vacancies in any township office within a city and township described in Section 15-45 [60 ILCS 1/15-45] may be filled by the city council as provided in Section 60-5 [60 ILCS 1/60-5].

CONSOLIDATION OF TOWNSHIPS WITHIN CITY

60 ILCS 1/20-5 Consolidation of townships within city; petition and referendum

When the territory of any city in a county under township organization is composed of 5 or more congressional townships or fractional parts of congressional townships and the legal voters of the city want to organize the territory into one township, upon a petition of at least one-tenth of the legal voters of the city (to be ascertained by the votes cast at the last preceding presidential election), the county board of the county shall order submitted to the voters of the city, in accordance with the general election law, at the next general election, the question of consolidation of the territory included in the city into one township. The board shall certify the proposition to the proper election officials, who shall submit the proposition at the general election in accordance with the general election law. The proposition shall be in substantially the following form:

Shall (names or descriptions of congressional townships or parts of congressional townships) contained

within (name of city) be consolidated into one township?
The votes shall be recorded as "Yes" or "No".

HISTORY:
P.A. 81-1489; 88-62, § 20-5.

60 ILCS 1/20-10 Election results

(a) The county clerk shall enter an abstract of the returns of the election held under Section 20-5 [60 ILCS 1/20-5], made out and certified as in an election for county officers, and shall record the abstract at length upon the records of the county.

(b) If a majority of the votes are in favor of consolidating all of the townships and fractional parts of townships in the city into one organized township, then at the next regular election for township officers there shall be elected one set of township officers for the territory in the city.

CONSOLIDATION OF MULTIPLE TOWNSHIPS

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/22-5 Resolution for consolidation; notice.

(a) Notwithstanding any other provision of law to the contrary, the township boards of any 2 or more adjacent townships may, by identical resolutions of each board, propose consolidation by referendum: (i) into a new township; or (ii) into an existing township. Each resolution shall include, but is not limited to, the following:

(1) the name of the proposed new consolidated township or the name of the existing township into which all townships will be consolidated;

(2) a description of how each road district or road districts of a dissolving township shall comply with subsection (c) of Section 22-20 [60 ILCS 1/22-20] if a township will be consolidating into an existing township;

(3) the names of all townships that will be consolidating and a description of the area of consolidation; and

(4) the date of the general election at which the referendum shall be held.

All resolutions shall be passed not less than 79 days before the general election stated in the resolutions. For purposes of this Section, 3 or more townships are adjacent when each township shares a boundary with at least one of the other townships which are to be consolidated.

(b) Before passing a resolution under subsection (a), each township board shall hold a public hearing on those matters after notice of the hearing has been published on the main page of the townships' websites, if any, and in a newspaper having a general circulation in the townships affected. The notice shall be published at least 30 days before the date of the hearing. The notice shall contain, at a minimum, the name of all townships that will be consolidating and a description of the area of consolidation.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/22-10 Referendum.

(a) Upon the adoption of resolutions under Section 22-5 [60 ILCS 1/22-5] by each township, the township boards shall certify the question to the election authority and the authority shall cause to be submitted to the voters of each township at the general election specified in the resolutions a referendum to consolidate the townships. The referendum shall be substantially in the following form:

Shall (names of townships) be consolidated into [a new township called (name of proposed consolidated township)/the township of (name of existing township)]?

The votes shall be recorded as "Yes" or "No".

The referendum is approved when a majority of the voters, in each of the affected townships, approve the referendum.

(b) Before a referendum appears on the ballot under subsection (a), each township board shall publish a copy of the adopted resolution on the main page of the townships' websites, if any, and in a newspaper having a general circulation in each of the townships affected. The notice shall be published at least 30 days before the date of the general election in which the referendum will appear.

Each township board shall additionally mail a copy of the adopted resolution, along with a copy of the referendum language and a list of all taxes levied for general township purposes in the affected townships, to every registered voter in each township affected. The notice shall be mailed at least 30 days before the date of the general election in which the referendum will appear.

(c) Notwithstanding any provision of law to the contrary, no tax rate may be extended for any fund of the consolidated district for the first levy year of the

consolidated district that exceeds any statutory maximum set forth for that fund, unless the referendum also conforms to the requirements of the Property Tax Extension Limitation Law [now repealed] or other statutory provision setting forth that limitation.

60 ILCS 1/22-15 Transition.

Notwithstanding any other provision of law to the contrary, upon the approval of a referendum under Section 22-10 [60 ILCS 1/22-10]:

(a) There shall be no further nominations or elections for clerks, assessors, collectors, highway commissioners, supervisors, or trustees of any of the separate townships or highway commissions, and the terms of all such officers currently serving shall continue until the third Monday of May of the year in which township officials are elected next following the approval of a referendum under Section 22-10.

(b) A Transition Township Board is formed and is composed of the members of the separate townships boards. The Transition Township Board has only the following powers: (1) to propose and approve the compensation of all officials of the consolidated township that will be elected at the consolidated election next following the passage of the referendum under Section 22-10; and (2) to propose and approve additional debt to be taken on by any of the separate townships.

(c) The Transition Township Board shall hold a public hearing no later than the last Tuesday in December before the consolidated township board of trustees are elected next following the approval of a referendum under Section 22-10. If the Board cannot agree on the compensation for an official by the first Tuesday in April before the consolidated election of township officials next following the approval of a referendum under Section 22-10, then the compensation for that official shall be equal to the lowest compensation for the same office between the separate townships in the preceding calendar year.

(d) The separate townships shall not incur any additional debt without the approval of the Transition Township Board. For purposes of this Section, "debt" has the meaning ascribed to that term in Section 23-5 [60 ILCS 1/23-5].

(e) Section 3-7 of the Election Code [10 ILCS 5/3-7] shall govern those individuals entitled to caucus, vote for, be nominated for, and run for offices for the consolidated township at the consolidated election of township officials next following the approval of a referendum under Section 22-10.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/22-20 Consolidated township.

(a) On the third Monday of May of the year in which township officials are elected following the approval of a referendum under Section 22-10 [60 ILCS 1/22-10], the following shall occur:

(1) the separate townships cease and the consolidated township is created;

(2) all rights, powers, duties, assets, and property, together with all personnel, contractual obligations, other obligations, responsibilities, and liabilities of the separate townships are transferred to the consolidated township; those rights include, but are not limited to, the authority to continue to collect, receive, and expend the proceeds of any tax levied by any of the separate townships prior to the creation of the consolidated township without an additional ordinance, resolution, or referendum; the proceeds of any tax levied by any of the separate townships prior to the creation of the consolidated township shall be expended or disposed of by the consolidated township in the same manner as such assessments might have been expended or disposed of by the separate townships; however, if the consolidated township board determines that there is a surplus in the fund for general township purposes on December 31 of the calendar year in which the consolidation occurs, then any portion of the surplus that is solely attributable to the consolidation shall be refunded to the owners of record of taxable property within the consolidated district on a pro rata basis; and

(3) road districts located within the separate townships are abolished.

(b) When a new township is created, a new road district encompassing the consolidated township is created. All the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the separate road districts shall vest in and be assumed by the new road district as provided for in the resolutions adopted under Section 22-5 [60 ILCS 1/22-5]. The new township board of trustees shall exercise the taxing authority of a road district abolished under this Section. The highway commissioners of the abolished road districts shall cease to hold office on the date the road district is abolished. The new township board shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code [605 ILCS 5/1-201 et seq.]. For purposes of distribution of revenue, the new township shall assume the powers, duties, and obligations of the road district of the dissolving road district. The new township board may enter into a contract with the county, a municipality, or a private contractor to administer the roads under the new road district.

(c) When a township consolidates into an existing township, all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the abolished road districts shall vest in and be assumed by the existing township's road district as provided for in the resolutions adopted under Section

22-5. The consolidated township board of trustees shall exercise the taxing authority of a road district abolished under this Section. Highway commissioners of the abolished road districts shall cease to hold office on the date the road district is abolished. The consolidated township shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code. For purposes of distribution of revenue, the existing township's road district or districts shall assume the powers, duties, and obligations of the road district of the dissolving road district.

MERGER OF A SINGLE TOWNSHIP INTO 2 OTHER TOWNSHIPS

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/23-5 Definitions.

As used in this Article:

"Dissolving road district" means a road district in a dissolving township, which is dissolved under subsection (c) of Section 23-25 [60 ILCS 1/23-25].

"Dissolving township" means a township which is proposed to be dissolved into and be merged with 2 other adjacent townships.

"Equalized assessed value" has the meaning provided in Section 18-213 of the Property Tax Code [35 ILCS 200/18-213].

"Debt" means indebtedness incurred by a dissolving township including, but not limited to, mortgages, judgments, and moneys due through the issuance and sale of bonds, or through an equivalent manner of borrowing for which notes or other evidences of indebtedness are issued fixing the amount of principal and interest from time to time payable to retire the indebtedness.

"Receiving township" means a township into which a portion of the dissolving township will be merged.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/23-10 Resolution for merger; notice.

(a) Notwithstanding any other provision of law to the contrary, the township boards of any 3 adjacent townships may, by identical resolutions of each board, propose that a township which borders the other 2 townships be dissolved by referendum and all rights, powers, duties, assets, and property, together with all personnel, contractual obligations, other obligations, responsibilities, and liabilities of the dissolving township transferred to the receiving townships. Each resolution shall include, but is not limited to, the following:

(1) a legal description of the former territory of the dissolving township each receiving township will take upon the dissolution of the dissolving township;

(2) a description of how all assets and property, together with all personnel, contractual obligations, other obligations, responsibilities, and liabilities of the dissolving township will be transferred to the receiving townships;

(3) the tax rates for general township purposes for the immediately preceding levy year, as extended and collected in the year in which the resolution is adopted, for the dissolving township and each receiving township;

(4) a description and amount of all debt each receiving township shall assume after the dissolving township dissolves. The debt shall be assumed by each receiving township in equal proportion to the equalized assessed value of the land and property that will be received by each receiving township from the dissolving township unless otherwise agreed to in the resolutions;

(5) a description of how each road district or road districts of a dissolving township shall comply with subsection (c) of Section 23-25 [60 ILCS 1/23-25]; and

(6) the date of the general election at which the referendum shall be held.

All resolutions shall be passed not less than 79 days before the general election stated in the resolutions.

(b) Before passing a resolution under this Section, each township board shall hold a public hearing on those matters after notice of the hearing has been published on the main page of the townships' websites, if any, and in a newspaper having a general circulation in the townships affected. The notice shall be published at least 30 days before the date of the hearing. The notice shall contain, at a minimum, the name of the dissolving township and receiving townships and a description of the area each receiving township will receive from the dissolving township.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/23-15 Referendum and notices.

(a) Upon the adoption of resolutions under Section 23-10 [60 ILCS 1/23-10] by all townships, the township boards shall certify the question to the election authority and the authority shall cause to be submitted to the voters of all townships at the general election specified in the resolutions a referendum to consolidate the townships. The referendum shall be substantially in the following form:

Shall (name of dissolving township) be dissolved into (names of receiving townships)?

The votes shall be recorded as "Yes" or "No".

The referendum is approved when a majority of the voters, in each of the affected townships, approve the referendum.

(b) Before a referendum appears on the ballot under subsection (a), the township boards shall publish a copy of the adopted resolution on the main page of the townships' websites, if any, and in a newspaper having a general circulation in each of the townships affected. The notice shall be published at least 30 days before the date of the general election.

Each township board shall additionally mail a copy of the adopted resolution, along with a copy of the referendum language and a list of all taxes levied for general township purposes in the affected townships, to every registered voter in each township affected. The notice shall be mailed at least 30 days before the date of the general election in which the referendum will appear.

(c) Notwithstanding any provision of law to the contrary, no tax rate may be extended for any fund of the consolidated district for the first levy year of the consolidated district that exceeds any statutory maximum set forth for that fund, unless the referendum also conforms to the requirements of the Property Tax Extension Limitation Law [repealed] or other statutory provision setting forth that limitation.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/23-20 Transition.

(a) Notwithstanding any other provision of law to the contrary, upon the approval of a referendum under Section 23-15 [60 ILCS 1/23-15]:

(1) there shall be no further nominations or elections for clerks, assessors, collectors, highway commissioners, supervisors, or trustees of the dissolving township or highway commissions and the terms of all such officers currently serving shall continue until the third Monday of May of the year in which township officials are elected following the approval of a referendum under Section 23-15;

(2) a Transition Township Board is formed for each receiving township. Each Transition Township Board shall be composed of the members of the dissolving township boards plus the members of the receiving township board. The Transition Township Board shall only have authority to do the following under paragraphs (3) and (4) of this Section: provide for the compensation for all receiving township officials that will be elected at the consolidated election next following the approval of a referendum under Section 23-15; and approving additional debt to be taken on by the dissolving township;

(3) each Transition Township Board shall hold a public meeting no later than the first Tuesday in April before the receiving townships' boards of trustees are elected at the consolidated election next following the approval of a referendum under Section 23-15. At this public meeting, the Transition Township Board shall provide for the compensation for all township officials that will be elected at the consolidated election. If the Board cannot agree on the compensation for an official, then the compensation for the same office between the receiving and dissolving townships shall be the lower compensation for the office in the dissolving township or receiving township;

(4) the dissolving township shall not incur any additional debt without the approval of the Transition Township Board of each receiving township that would assume such debt after dissolution of the dissolving township; and

(5) Section 3-7 of the Election Code [10 ILCS 5/3-7] shall govern those individuals entitled to caucus, vote for, be nominated for, and run for offices for the receiving townships at the consolidated election of township officials next following the approval of a referendum under Section 23-15.

(b) Upon the approval of a referendum under Section 23-15, the receiving townships may enter into an intergovernmental agreement under the Intergovernmental Cooperation Act [5 ILCS 220/1 et seq.] for any lawful purpose relating to the land or property contained in the dissolving township after the township is dissolved.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/23-25 Merged township.

On the third Monday of May of the year in which township officials are elected following the approval of a referendum under Section 23-15 [60 ILCS 1/23-15], the following shall occur:

(a) The dissolving township ceases.

(b) All rights, powers, duties, assets, and property, together with all personnel, contractual obligations, other obligations, responsibilities, and liabilities of the dissolving township are transferred to the receiving townships as provided in the resolution adopted under Section 23-10 [60 ILCS 1/23-10]. The rights include, but are not limited to, the authority to continue to collect and receive any tax levied prior to the creation of the merged townships without an additional ordinance, resolution, or referendum.

(c) Road districts located within the dissolving township are abolished and all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the dissolving road districts shall vest in and be assumed by the receiving townships' road districts as provided for in the resolutions adopted under Section 23-10; the boards of trustees of the receiving townships shall exercise the taxing authority of a road district dissolved under this Section and shall exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code [605 ILCS 5/1-101 et seq.] unless a road district in

the receiving township has a highway commissioner who shall assume all duties and responsibilities of the highway commissioner of the dissolving road districts if so resolved by the receiving township board; highway commissioners of the dissolving road districts shall cease to hold office on the date the road district is abolished; and for purposes of distribution of revenue, the receiving townships' road districts, or the township board if no road districts exist, shall assume the powers, duties, and obligations of the dissolving road district.

DISSOLUTION OF TOWNSHIPS IN MCHENRY COUNTY

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-10 Definition.

As used in this Article, "electors" means the registered voters of any single township in McHenry County.

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-15 Dissolving a township in McHenry County.

By resolution, the board of trustees of any township located in McHenry County may submit a proposition to dissolve the township to the electors of that township at the election next following in accordance with the general election law. The ballot shall be as provided for in Section 24-30 [60 ILCS 1/24-30].

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-20 Petition requirements; notice.

(a) Subject to the petition requirements of Section 28-3 of the Election Code [10 ILCS 5/28-3], petitions for a referendum to dissolve a township located in McHenry County must be filed with the governing board of the township, the county board of McHenry County, and the McHenry County Clerk not less than 122 days prior to any election held throughout the township. Petitions must include:

(1) the name of the dissolving township;

(2) the date of dissolution; and

(3) signatures of a number of electors as follows: (A) for any township, the number of signatures shall be the larger of (i) 5% of the total ballots cast in the township in the immediately preceding election that is of an election type comparable to the election for which the petition is being filed, or (ii) 250 signatures. All signatures gathered under this paragraph (3) must be signed within 180 days prior to the filing of a petition.

(b) The proposed date of dissolution shall be at least 90 days after the date of the election at which the referendum is to be voted upon.

(c) If a valid petition is filed under subsection (a), then the McHenry County Clerk shall, by publication in one or more newspapers of general circulation within the county and on the county's website, not less than 90 days prior to the election at which the referendum is to be voted on, give notice in substantially the following form:

NOTICE OF PETITION TO DISSOLVE (dissolving township).

Residents of (dissolving township) and McHenry County are notified that a petition has been filed with (dissolving township) and McHenry County requesting a referendum to dissolve (dissolving township) on (date of dissolution) with all real and personal property, and any other assets, together with all personnel, contractual obligations, and liabilities being transferred to McHenry County.

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-25 Ballot placement.

A petition that meets the requirements of Section 24-20 [60 ILCS 1/24-20] shall be placed on the ballot in the form provided for in Section 24-30 [60 ILCS 1/24-30] at the election next following.

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-30 Referendum; voting.

(a) Subject to the requirements of Section 16-7 of the Election Code [10 ILCS 5/16-7], the referendum described in Section 24-25 [60 ILCS 1/24-25] shall be in substantially the following form on the ballot:

Shall the (dissolving township), together with any road districts wholly within the boundaries of (dissolving township), be dissolved on (date of dissolution) with all of the township and road district property, assets, personnel, obligations, and liabilities being transferred to McHenry County?

YES

NO

(b) The referendum is approved when a majority of those voting in the election from the dissolving township approve the referendum.

HISTORY:
2019 P.A. 101-230, § 20, effective August 9, 2019.

60 ILCS 1/24-35 Dissolution; transfer of rights and duties.

When the dissolution of a township has been approved under Section 24-30 [60 ILCS 1/24-30]:

(1) On or before the date of dissolution, all real and personal property, and any other assets, together with all personnel, contractual obligations, and liabilities of the dissolving township and road districts wholly within the boundaries of the dissolving township shall be transferred to McHenry County. All funds of the dissolved township and dissolved road districts shall be used solely on behalf of the residents of the geographic area within the boundaries of the dissolved township.

After the transfer of property to the county under this paragraph, all park land, cemetery land, buildings, and facilities within the geographic area of the dissolving township must be utilized for the primary benefit of the geographic area of the dissolving township. Proceeds from the sale of the park land, cemetery land, buildings, or facilities after transfer to the county must be utilized for the sole benefit of the geographic area of the dissolved township.

(2) On the date of dissolution, the dissolving township is dissolved.

(3) On and after the date of dissolution, all rights and duties of the dissolved township may be exercised by the McHenry County Board solely on behalf of the residents of the geographic area within the boundaries of the dissolved township. The duties that may be exercised by the county include, but are not limited to, the administration of a dissolved township's general assistance program, maintenance and operation of a dissolved township's cemeteries, and the Chief County Assessment officer of McHenry County exercising the duties of the township assessor.

(4) The McHenry County Board shall not extend a property tax levy that is greater than 90% of the property tax levy extended by the dissolved township or road districts for the duties taken on by McHenry County. This property tax levy may not be extended outside the boundaries of the dissolved township. In all subsequent years, this levy shall be bound by the provisions of the Property Tax Extension Limitation Law [repealed].

A tax levy extended under this paragraph may be used for the purposes allowed by the statute authorizing the tax levy or to pay liabilities of the dissolved township or dissolved road districts that were transferred to the county under paragraph (1). The taxpayers within the boundaries of the dissolved township are responsible to pay any liabilities transferred to the county: the county shall reduce spending within the boundaries of the former township in the amount necessary to pay off any liabilities transferred to the county under paragraph (1) that are not covered by the assets enumerated in paragraph (1) or taxes under this paragraph.

(5) All road districts wholly within the boundaries of the dissolving township are dissolved on the date of dissolution of the dissolving township, and all powers and responsibilities of each road district are transferred to McHenry County except as provided in paragraph (6).

(6) The county board of McHenry County shall give written notice to each municipality whose governing board meets within the boundaries of a dissolving township that the municipality may make an offer, on or before 60 days after the date of dissolution of the dissolving township, that the municipality will assume all of the powers and responsibilities of a road district or road districts wholly inside the dissolving township. The notice shall be sent to each municipality on or before 30 days after the date of dissolution of the township. Any eligible municipality may, with consent of its governing board, make an offer to assume all of the powers and responsibilities of the dissolving township's road district or road districts. A municipality may offer to assume the powers and responsibilities only for a limited period of time. If one or more offers are received by McHenry County on or before 60 days after the date of dissolution of the dissolving township, the county board of McHenry County shall select the best offer or offers that the board determines would be in the best interest and welfare of the affected resident population. If no municipality makes an offer or if no satisfactory offer is made, the powers and duties of the dissolving township's road district or road districts are retained by McHenry County. The municipality that assumes the powers and duties of the dissolving township's road district or road districts shall not extend a road district property tax levy under Division 5 of Article 6 of the Illinois Highway Code [605 ILCS 5/6-501 et seq.] that is greater than 90% of the road district property tax levy that was extended by the county on behalf of the dissolving township's road district or road districts for the duties taken on by the municipality.

(7) On the date of dissolution of the township or road district, elected and appointed township officers and road commissioners shall cease to hold office. An elected or appointed township official or township road commissioner shall not be compensated for any other duties performed after the dissolution of the township or road district that they represented. An elected township official or township road commissioner shall not have legal recourse relating to the ceasing of their elected or appointed positions upon the ceasing of their position.

ARTICLE 25.

DISCONTINUANCE OF TOWNSHIP ORGANIZATION

60 ILCS 1/25-5 Petition and referendum to discontinue township organization

Upon the petition of at least 10% of the registered voters of each township of a county, as determined on the date registration closed before the regular election next preceding the last day on which the petition may be filed, that has adopted township organization, the county board shall certify and cause to be submitted to the voters of the county, at the next general election, the question of the continuance of township organization. A signature on a petition shall not be valid or counted in considering the petition unless the form requirements are complied with and the date of each signature is less than 90 days before the last day for filing the petition. The statement of the person who circulates the petition must include an attestation (i) indicating the dates on which that sheet was circulated, (ii) indicating the first and last date on which that sheet was circulated, or (iii) certifying that none of the signatures on the sheet was signed more than 90 days before the last day for filing the petition. The proposition shall be substantially in the form:

Shall township organization be continued in (name of county)?

The votes shall be recorded as "Yes" or "No".

The petition shall be treated and the proposition certified in the manner provided by the general election law. After the proposition has once been submitted to the electorate, the proposition shall not be resubmitted for 4 years.

HISTORY:
P.A. 85-1446; 86-1480; 88-62, § 25-5; 89-235, § 2-70; 90-112, § 5.

60 ILCS 1/25-10 Cessation of township organization

If it appears by the returns of the election that a majority of the votes in at least three-fourths of the townships, containing at least a majority of the population in the county, cast on the question of the continuance of township organization at the election are against the continuance of township organization, then township organization shall cease in the county as soon as a county board is elected and qualified. All laws relating to counties not under township organization shall be applicable to the county, the same as if township organization had never been adopted in it.

60 ILCS 1/25-20 County commissioners' assumption of duties

The county commissioners elected under Section 25-15 [60 ILCS 1/25-15] shall assume the duties of their office on the first Monday of the month following their election. They shall be the legal successors to the county board of the county and shall have all the rights and emoluments, and be subject to all the liabilities as provided in other cases of counties not under township organization.

HISTORY:
P.A. 82-783; 88-62, § 25-20.

60 ILCS 1/25-25 Disposal of township records and property.

When township organization is discontinued in any county, the records of the several townships shall be deposited in the county clerk's office. The county board or board of county commissioners of the county may close up all unfinished business of the several townships and sell or dispose of any of the property belonging to a township for the benefit of the inhabitants of the township, as fully as might have been done by the townships themselves. The county board or board of county commissioners may pay all the indebtedness of any township existing at the time of the discontinuance of township organization and cause the amount of the indebtedness, or so much as may be necessary, to be levied upon the property of the township.

DISCONTINUANCE OF TOWNSHIP ORGANIZATION WITHIN COTERMINOUS MUNICIPALITY: COUNTY POPULATION OF 3 MILLION OR MORE

60 ILCS 1/27-5 Applicability

This Article shall apply only to a township that: (1) is within a coterminous, or substantially coterminous, municipality in which the city council exercises the powers and duties of the township board, or in which one or more municipal officials serve as an officer or trustee of the township; (2) is located within a county with a population of 3 million or more; and (3) contains a territory of 7 square miles or more.

HISTORY:
P.A. 98-127, § 10.

60 ILCS 1/27-10 Petition and referendum to discontinue and abolish a township organization within a coterminous municipality

Upon adoption of an ordinance by the city council of a township described under Section 27-5 of this Article [60 ILCS 1/27-5], or upon petition of at least 10% of the registered voters of that township, the city council shall certify and cause to be submitted to the voters of the township, at the next election or consolidated election, a proposition to discontinue and abolish the township organization and to transfer all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the township organization to the coterminous municipality.

A signature on a petition shall not be valid or counted in considering the petition unless the form requirements are complied with and the date of each signature is less than 90 days before the last day for filing the petition. The statement of the person who circulates the petition must include an attestation (i) indicating the dates on which that sheet was circulated, (ii) indicating the first and last date on which that sheet was circulated, or (iii) certifying that none of the signatures on the sheet was signed more than 90 days before the last day for filing the petition. The petition shall be treated and the proposition certified in the manner provided by the general election law. After the proposition has once been submitted to the electorate, the proposition shall not be resubmitted for 4 years.

The proposition shall be in substantially the following form:

Shall the township organization be continued in [Name of Township] Township?

The votes shall be recorded as "Yes" or "No".

HISTORY:

60 ILCS 1/29-5 Resolutions to discontinue and abolish a township.

The township board and the corporate authorities of a coterminous, or substantially coterminous, municipality may by resolutions of the board and corporate authorities, and after referendum of the voters of the township and municipality: (1) discontinue and abolish the township; (2) transfer all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the township to the municipality; and (3) cease and dissolve all township road districts with the district's jurisdiction and authority transferred to the municipality upon the dissolution of the township.

HISTORY:
2017 P.A. 100-107, § 15, effective January 1, 2018.

60 ILCS 1/29-10 Notice.

(a) Before passing resolutions under Section 29-5 [60 ILCS 1/29-5], the township board and the corporate authorities of the municipality shall hold public

hearings on those matters after notice of the hearing has been published on the main page of the respective entities' websites, if any, and in a newspaper having general circulation in the township and municipality. The notice shall be published at least 30 days before the date of the hearing.

(b) Before a referendum is placed on the ballot under Section 29-15 [60 ILCS 1/29-15], each township board shall publish a copy of the resolution adopted under Section 29-5 on the main page of the respective entities' websites, if any, and in a newspaper of general circulation in the township and municipality affected. The notice shall be published at least 30 days before the date of the general election in which the referendum will appear.

Each township board shall additionally mail a copy of the adopted resolution, along with a copy of the referendum language, the date the referendum will appear, and a list of all taxes levied in the affected townships, to every registered voter in each township affected. The notice shall be mailed at least 30 days before the date of the election in which the referendum will appear.

60 ILCS 1/29-15 Referendum for cessation of township.

Upon the adoption of resolutions under Section 29-5 [60 ILCS 1/29-5] by both the township and municipality, the township board and corporate authorities of the municipality shall certify the question to the election authority and the authority shall cause to be submitted to the voters of the township and municipality at the next election a referendum to discontinue the township and to transfer all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the township to the municipality. The referendum shall be substantially in the following form:

Shall the Township of (name of township) cease?

The votes shall be recorded as "Yes" or "No". The referendum is approved when a majority of the voters, in both the township and municipality, approve the referendum.

If the referendum is approved, there shall be no further nominations or elections for clerks, assessors, collectors, highway commissioners, supervisors, or trustees of the township or highway commission, and the terms of all such officers currently serving shall continue until the third Monday of May of the year of the consolidated election in which township officials are elected next following the approval of a referendum under this Section.

60 ILCS 1/29-20 Cessation of township.

On the third Monday in May in the year of the consolidated election in which township officials are elected next following the approval of a referendum under Section 29-15 [60 ILCS 1/29-15]:

(1) the township is discontinued and abolished and all the rights, powers, duties, assets, property, liabilities, obligations, and responsibilities of the township shall vest in and be assumed by the municipality, including the authority to levy property taxes for township purposes in the same manner as the dissolved township without an additional ordinance, resolution, or referendum;

(2) all township officers shall cease to hold office;

(3) the municipality shall exercise all duties and responsibilities of the township officers as provided in the Township Code [60 ILCS 1/1-1 et seq.], the Illinois Public Aid Code [305 ILCS 5/1-1 et seq.], the Property Tax Code [35 ILCS 200/1-1 et seq.], and the Illinois Highway Code [605 ILCS 5/1-101 et seq.], as applicable. The municipality may enter into an intergovernmental agreement with the county or the State to administer the duties and responsibilities of the township officers for services under its jurisdiction; and

(4) any road district located within the township is abolished and its jurisdiction, rights, powers, duties, assets, property, liabilities, obligations, and responsibilities shall vest in and be assumed by the municipality and the highway commissioner of the abolished road district shall cease to hold office. The corporate authorities of the municipality shall: exercise the taxing authority of a road district abolished under this Section; exercise all duties and responsibilities of the highway commissioner as provided in the Illinois Highway Code; and for purposes of distribution of revenue, assume the powers, duties, and obligations of the road district in the discontinued township. The corporate authorities of a municipality may enter into an intergovernmental agreement or a contract with the county, another municipality, or a private contractor to administer the roads which were under the jurisdiction of the abolished road district.

ARTICLE 30.
ANNUAL TOWNSHIP MEETING

60 ILCS 1/30-50 Purchase and use of property.

(a) The electors may make all orders for the pur-

chase, sale, conveyance, regulation, or use of the township's corporate property (including the direct sale or lease of single township road district property) that may be deemed conducive to the interests of its inhabitants, including the lease, for up to 10 years, or for up to 25 years if the lease is for a wireless telecommunications tower, at fair market value, of corporate property for which no use or need during the lease period is anticipated at the time of leasing. The electors may delegate the power to purchase, sell, or lease property to the township board for a period of up to 12 months and the township board may specify properties being considered. The property may be leased to another governmental body, however, or to a not-for-profit corporation that has contracted to construct or fund the construction of a structure or improvement upon the real estate owned by the township and that has contracted with the township to allow the township to use at least a portion of the structure or improvement to be constructed upon the real estate leased and not otherwise used by the township, for any term not exceeding 50 years and for any consideration. In the case of a not-for-profit corporation, the township shall hold a public hearing on the proposed lease. The township clerk shall give notice of the hearing by publication in a newspaper published in the township, or in a newspaper published in the county and having general circulation in the township if no newspaper is published in the township, and by posting notices in at least 5 public places at least 15 days before the public hearing.

(b) If a new tax is to be levied or an existing tax rate is to be increased above the statutory limits for the purchase of the property, however, no action otherwise authorized in subsection (a) shall be taken unless a petition signed by at least 10% of the registered voters residing in the township is presented to the township clerk. If a petition is presented to the township clerk, the clerk shall order a referendum on the proposition. The referendum shall be held at the next annual or special township meeting or at an election in accordance with the general election law. If the referendum is ordered to be held at the township meeting, the township clerk shall give notice that at the next annual or special township meeting the proposition shall be voted upon. The notice shall set forth the proposition and shall be given by publication in a newspaper published in the township. If there is no newspaper published in the township, the notice shall be published in a newspaper published in the county and having general circulation in the township. Notice also shall be given by posting notices in at least 5 public places at least 15 days before the township meeting. If the referendum is ordered to be held at an election, the township clerk shall certify that proposition to the proper election officials, who shall submit the proposition at an election. The proposition shall be submitted in accordance with the general election law.

(c) If the leased property is utilized in part for private use and in part for public use, those portions of the improvements devoted to private use are fully taxable. The land is exempt from taxation to the extent that the uses on the land are public and taxable to the extent that the uses are private.

(d) Before the township makes a lease or sale of township or road district real property, the electors shall either delegate the power to the township board to purchase, sell, or lease properties for a period of up to 12 months as provided in subsection (a) or adopt a resolution stating the intent to lease or sell the real property, describing the property in full, and stating the terms and conditions the electors deem necessary and desirable for the lease or sale. A resolution stating the intent to sell real property shall also contain pertinent information concerning the size, use, and zoning of the property. The value of real property shall be determined by a State licensed real estate appraiser. The appraisal shall be available for public inspection. The resolution may direct the sale to be conducted by the staff of the township or by listing with local licensed real estate agencies (in which case the terms of the agent's compensation shall be included in the resolution).

Anytime during the year, the township or township road district may lease or sell personal property by a vote of the township board or request of the township highway commissioner.

The clerk shall thereafter publish the resolution or personal property sale notice once in a newspaper published in the township or, if no newspaper is published in the township, in a newspaper generally circulated in the township. If no newspaper is generally circulated in the township, the clerk shall post the resolution or personal property sale notice in 5 of the most public places in the township. In addition to the foregoing publication requirements, the clerk shall post the resolution or personal property sale notice at the office of the township (if township property is involved) or at the office of the road district (if road district property is involved). The following information shall be published or posted with the resolution or personal property sale notice: (i) the date by which all bids must be received by the township or road district, which shall not be less than 30 days after the date of publication or posting, and (ii) the place, time, and date at which bids shall be opened, which shall be at a regular meeting of the township board.

All bids shall be opened by the clerk (or someone duly appointed to act for the clerk) at the regular meeting of the township board described in the notice. With respect to township personal property, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a majority vote of the board. With respect to township real property, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a vote of three-fourths of the township board then holding

office, but in no event at a price less than 80% of the appraised value. With respect to road district property, the highway commissioner may accept the high bid or any other bid determined to be in the best interests of the road district. In each case, the township board or commissioner may reject any and all bids. This notice and competitive bidding procedure shall not be followed when property is leased to another governmental body. The notice and competitive bidding procedure shall not be followed when real or personal property is declared surplus by the township board or the highway commissioner and sold to another governmental body.

The township board or the highway commissioner may authorize the sale of personal property by public auction conducted by an auctioneer licensed under the Auction License Act [225 ILCS 407/5-1 et seq.] or through an approved Internet auction service.

(e) A trade-in of machinery or equipment on new or different machinery or equipment does not constitute the sale of township or road district property.

SPECIAL TOWNSHIP MEETINGS

60 ILCS 1/35-35 Filling vacancy in township offices

If a vacancy exists in any township office and the vacancy is not filled within 60 days, the electors at a special township meeting may select a qualified person to fill the vacancy and to serve until the expiration of that term. At the meeting, the electors may select the replacement officer by voice vote, and the person receiving the greatest number of votes shall be declared to be elected as the officer.

ARTICLE 60.

VACANCIES IN TOWNSHIP OFFICES AND THE MANNER OF FILLING THEM

60 ILCS 1/60-5 Filling vacancies in township offices.

(a) Except for the office of township or multi-township assessor, if a township fails to elect the number of township officers that the township is entitled to by law, or a person elected to any township office fails to qualify, or a vacancy in any township office occurs for any other reason including without limitation the resignation of an officer or the conviction in any court of the State of Illinois or of the United States of an officer for an infamous crime, then the township board shall fill the vacancy by appointment, by warrant under their signatures and seals, and the persons so appointed shall hold their respective offices for the remainder of the unexpired terms. All persons so appointed shall have the same powers and duties and are subject to the same penalties as if they had been elected or appointed for a full term of office. A vacancy in the office of township or multi-township assessor shall be filled only as provided in the Property Tax Code [35 ILCS 200/1-1 et seq.].

For purposes of this subsection (a), a conviction for an offense that disqualifies an officer from holding that office occurs on the date of (i) the entry of a plea of guilty in court, (ii) the return of a guilty verdict, or (iii) in the case of a trial by the court, the entry of a finding of guilt.

(b) If a vacancy on the township board is not filled within 60 days, then a special township meeting must be called under Section 35-5 [60 ILCS 1/35-5] to select a replacement under Section 35-35 [60 ILCS 1/35-35].

(b-5) If the vacancy being filled under subsection (a) or (b) is for the township supervisor, a trustee shall be appointed as deputy supervisor to perform the ministerial functions of that office until the vacancy is filled under subsections (a) or (b). Once the vacancy is filled under subsections (a) or (b), the deputy supervisor's appointment is terminated.

(c) Except as otherwise provided in this Section, whenever any township or multi-township office becomes vacant or temporarily vacant, the township or multi-township board may temporarily appoint a deputy to perform the ministerial functions of the vacant office until the vacancy has been filled as provided in subsection (a) or (b). If the office is temporarily vacant, the temporarily appointed deputy may perform the ministerial functions of the vacant office until the township officer submits a written statement to the appropriate board that he or she is able to resume his or her duties. The statement shall be sworn to before an officer authorized to

administer oaths in this State. A temporary deputy shall not be permitted to vote at any meeting of the township board on any matter properly before the board unless the appointed deputy is a trustee of the board at the time of the vote. If the appointed deputy is a trustee appointed as a temporary deputy, his or her trustee compensation shall be suspended until he or she concludes his or her appointment as an appointed deputy upon the permanent appointment to fill the vacancy. The compensation of a temporary deputy shall be determined by the appropriate board. The township board shall not appoint a deputy clerk if the township clerk has appointed a deputy clerk under Section 75-45 [60 ILCS 1/75-45].

(d) Except for the temporary appointment of a deputy under subsection (c), any person appointed to fill a vacancy under this Section shall be a member of the same political party as the person vacating the office if the person vacating the office was elected as a member of an established political party, under Section 10-2 of the Election Code [10 ILCS 5/10-2], that is still in existence at the time of appointment. The appointee shall establish his or her political party affiliation by his or her record of voting in party primary elections or by holding or having held an office in a political party organization before appointment. If the appointee has not voted in a party primary election or is not holding or has not held an office in a political party organization before the appointment, then the appointee shall establish his or her political party affiliation by his or her record of participating in a political party's nomination or election caucus.

TRANSFERS FROM ROAD AND BRIDGE FUND

60 ILCS 1/255-5 Transfer from road and bridge fund.

Whenever the road and bridge fund of any township in a county with a population of 50,000 or more contains a balance no longer needed for road and bridge purposes, occasioned by the fact that the township no longer has any roads or bridges under its jurisdiction, the voters of the township at an annual township meeting or at a special township meeting called for the purpose may, by resolution by a majority vote of the voters present and voting on the resolution, transfer the balance to the general township fund or to any other township fund or funds. For a period of one year after the effective date of this amendatory Act of the 92nd General Assembly [P.A. 92-539], the voters of a township at an annual township meeting or at a special township meeting called for the purpose may, by resolution by a majority vote of the voters present and voting on the resolution, distribute funds from the road and bridge fund to any township fund used for construction or maintenance of sewage or water treatment facilities.

CHAPTER 65

MUNICIPALITIES

Illinois Municipal Code

ILLINOIS MUNICIPAL CODE

ARTICLE 1.

GENERAL PROVISIONS

DIVISION 1.

SHORT TITLE, DEFINITIONS, SCOPE OF CODE, GRANT OF CERTAIN POWERS

65 ILCS 5/1-1-1 [Short title]

This Code shall be known and may be cited as the Illinois Municipal Code.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/1-1-2 Definitions.

In this Code:

(1) "Municipal" or "municipality" means a city, village, or incorporated town in the State of Illinois, but, unless the context otherwise provides, "municipal" or "municipality" does not include a township, town when used as the equivalent of a township, incorporated town that has superseded a civil township, county, school district, park district, sanitary district, or any other similar governmental district. If "municipal" or "municipality" is given a different definition in any particular Division or Section of this Act, that definition shall control in that division or Section only.

(2) "Corporate authorities" means (a) the mayor and alderpersons or similar body when the reference is to cities, (b) the president and trustees or similar body when the reference is to villages or incorporated towns, and (c) the council when the reference is to municipalities under the commission form of municipal government.

(3) "Electors" means persons qualified to vote for elective officers at municipal elections.

(4) "Person" means any individual, partnership, corporation, joint stock association, or the State of Illinois or any subdivision of the State; and includes any trustee, receiver, assignee, or personal representative of any of those entities.

(5) Except as otherwise provided by ordinance, "fiscal year" in all municipalities with fewer than 500,000 inhabitants, and "municipal year" in all municipalities, means the period elapsing (a) between general municipal elections in succeeding calendar years, or (b) if general municipal elections are held biennially, then between a general municipal election and the same day of the same month of the following calendar year, and between that day and the next succeeding general municipal election, or (c) if general municipal elections are held quadrennially, then between a general municipal election and the same day of the same month of the following calendar year, and between that day and the same day of the same month of the next following calendar year, and between the last mentioned day and the same day of the same month of the next following calendar year, and between the last mentioned day and the next succeeding general municipal election. The fiscal year of each municipality with 500,000 or more inhabitants shall commence on January 1.

(6) Where reference is made to a county within which a municipality, district, area, or territory is situated, the reference is to the county within which is situated the major part of the area of that municipality, district, area, or territory, in case the municipality, district, area, or territory is situated in 2 or more counties.

(7) Where reference is made for any purpose to any other Act, either specifically or generally, the reference shall be to that Act and to all amendments to that Act now in force or that may be hereafter enacted.

(8) Wherever the words "city council", "alderpersons", "commissioners", or "mayor" occur, the provisions containing these words shall apply to the board of trustees, trustees, and president, respec-

tively, of villages and incorporated towns and councilmen in cities, so far as those provisions are applicable to them.

(9) The terms "special charter" and "special Act" are synonymous.

(10) "General municipal election" means the biennial regularly scheduled election for the election of officers of cities, villages, and incorporated towns, as prescribed by the general election law; in the case of municipalities that elect officers annually, "general municipal election" means each regularly scheduled election for the election of officers of cities, villages, and incorporated towns.

DIVISION 7.

CENSUS PROVISIONS

65 ILCS 5/1-7-1 [Municipal census]

The corporate authorities of each municipality may provide for the taking of a municipal census, not oftener than once each year provided such census is conducted by the Federal Government.

HISTORY:
P.A. 76-985.

65 ILCS 5/1-7-2 [Determination of number of inhabitants]

Whenever in this Code any provision thereof is based upon the number of inhabitants, the number of inhabitants of the municipality shall be determined by reference to the latest census taken by authority of the United States or this state, or of that municipality. It is the duty of the Secretary of State, upon the publication of any state or United States census or the certification of any municipal census referenced under Section 1-7-1 [65 ILCS 5/1-7-1], to certify to each municipality the number of inhabitants, as shown by that census. In the event that a partial census is conducted pursuant to Section 1-7-1, the Secretary of State shall certify the total number of inhabitants of the municipality as the number reflected by the last complete census of the municipality adjusted by the net increase or decrease reflected by the partial census. And the several courts in this state shall take judicial notice of the population of any municipality, as the population appears from the latest federal, state, or municipal census so taken, certified, and adjusted.

ORGANIZATION OF MUNICIPALITIES

Division 2. Incorporation of Cities

Section

Division 3. Incorporation of Villages

DIVISION 2.

INCORPORATION OF CITIES

65 ILCS 5/2-2-15 [Boundaries; highways]

Each boundary of the municipality shall extend to the far side of any adjacent highway not included in any other municipality and shall include all of every highway within the area incorporated. These highways shall be considered to be incorporated even though not included in the legal description set forth in the petition for incorporation. When any land proposed to be incorporated includes any highway under the jurisdiction of any township, the township commissioner of highways and the board of town trustees shall be notified in writing by certified or registered mail before any court hearing or other action is taken for incorporation. If any municipality has been incorporated before January 1, 1986 and the legal description in the petition for incorporation did not include an adjacent highway, any such incorporation shall be valid and every highway adjacent to the area incorporated and not included in any other municipality shall be considered to be incorporated, notwithstanding the failure of the petition to incorporate to include the description of the adjacent highway.

INCORPORATION OF VILLAGES

65 ILCS 5/2-3-19 [Boundary; highway]

Each boundary of the municipality shall extend to the far side of any adjacent highway not included in any other municipality and shall include all of every highway within the area incorporated. These high-

ways shall be considered to be incorporated even though not included in the legal description set forth in the petition for incorporation. When any land proposed to be incorporated includes any highway under the jurisdiction of any township, the township commissioner of highways and the board of town trustees shall be notified in writing by certified or registered mail before any court hearing or other action is taken for incorporation. If any municipality has been incorporated before January 1, 1986 and the legal description in the petition for incorporation did not include an adjacent highway, any such incorporation shall be valid and every highway adjacent to the area incorporated and not included in any other municipality shall be considered to be incorporated, notwithstanding the failure of the petition to incorporate to include the description of the adjacent highway.

DIVISION 35.

FUNCTIONS AND DUTIES OF CERTAIN MUNICIPAL OFFICERS

65 ILCS 5/3.1-35-90 Clerk; duties

(a) The municipal clerk shall keep the corporate seal, to be provided by the corporate authorities, and all papers belonging to the municipality the custody and control of which are not given to other officers. The clerk shall attend all meetings of the corporate authorities including executive sessions and keep a full record of their proceedings in the journal, except if the clerk is the subject matter of the meeting and his or her presence creates a conflict of interest. The record of those proceedings shall be made available for public inspection within 7 days after being approved or accepted by the corporate authorities as the official minutes of their proceedings.

(b) The municipal clerk shall have other duties prescribed by the corporate authorities.

(c) Copies of all papers duly filed in the clerk's office and transcripts from the journals and other records and files of the clerk's office, certified by the clerk under the corporate seal, shall be evidence in all courts in like manner as if the originals were produced.

P.A. 87-1119, § 2; 90-777, § 5; 96-294, § 5.

65 ILCS 5/3.1-35-95 Deputy clerks

(a) A deputy clerk may execute all documents required by law to be executed by the municipal clerk and may affix the seal of the clerk wherever required. In signing any document, a deputy clerk shall sign the name of the clerk followed with the word "By" and the deputy clerk's own name and the words "Deputy Clerk".

(b) Except in municipalities with a population of 500,000 or more, the powers and duties of a deputy clerk shall be exercised only in the absence of the clerk from the place where the clerk's office is maintained, and only when either written direction has been given by the clerk to that deputy to exercise a power or the corporate authorities have determined by resolution that the municipal clerk is temporarily or permanently incapacitated to perform that function. In municipalities with a population of 500,000 or more, the powers and duties of a deputy clerk shall be exercised upon the direction of the clerk, or when the corporate authorities have determined by resolution that the clerk is temporarily or permanently incapacitated to perform those functions and duties. When a deputy's signature is duly authorized as provided in this Section and is affixed by a deputy in the manner prescribed in this Section on any document (including but not limited to contracts, bonds, or other obligations of the municipality), the document shall have the same effect as if the document had been signed by the municipal clerk in person.

ARTICLE 7.

TERRITORY

Division 1. Annexation

Division 6. Dissolution

DIVISION 1.

ANNEXATION

65 ILCS 5/7-1-1 Annexation of contiguous territory. [Effective until January 1, 2023]

Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a lake, river, or other waterway or the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that strip parcel, right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code [60 ILCS 1/115-5], or conservation area, may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8 [65 ILCS 5/7-1-7 or 65 ILCS 5/7-1-8], but only if the annexing municipality can show that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area creates an artificial barrier preventing the annexation and that the location of the forest preserve district, federal wildlife refuge, open land, open space, or conservation area property prevents the orderly natural growth of the annexing municipality. Except for parcels of land less than one acre in size, it shall be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, federal wildlife refuge, open land, open space, or conservation area), (ii) forest preserve district property, federal wildlife refuge, open land, open space, or conservation area, or (iii) a combination of other municipalities and forest preserve district property, federal wildlife refuge property, open land, open space, or conservation area. Except of parcels of land less than one acre in size, it shall also be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the municipality seeking annexation is not the closest municipality within the county to the property to be annexed. The territory included within such forest preserve district, federal wildlife refuge, open land, open space, or conservation area shall not be annexed to the municipality nor shall the territory of the forest preserve district, federal wildlife refuge, open land, open space, or conservation area be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, federal wildlife refuge, open land, open space, or conservation area without the consent of the governing body of the forest preserve district or federal wildlife refuge. Parcels of land less than one acre in size may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8 if it would be contiguous to the municipality but for the separation therefrom by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, or conservation area. The changes made to this Section by Public Act 91-824 are declaratory of existing law and shall not be construed as a new enactment.

For the purpose of this Section, "conservation area" means an area dedicated to conservation and owned by a not-for-profit organized under Section 501(c)(3) of the Internal Revenue Code of 1986, or any area owned by a conservation district.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 [65 ILCS 5/7-1-9] if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court

in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

When annexing territory separated from the municipality by a lake, river, or other waterway, the municipality also annexes the portion of the lake, river, or other waterway that would make the municipality and territory contiguous if the lake, river, or other waterway is under the jurisdiction and control of another unit of local government or the State, or the federal government if allowed under federal law, except for any territory within the corporate limits of another municipality.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

65 ILCS 5/7-1-1 Annexation of contiguous territory. [Effective January 1, 2023]

Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a lake, river, or other waterway or the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that strip parcel, right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code [60 ILCS 1/115-5], or conservation area, may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8 [65 ILCS 5/7-1-7 or 65 ILCS 5/7-1-8], but only if the annexing municipality can show that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area creates an artificial barrier preventing the annexation and that the location of the forest pre-

serve district, federal wildlife refuge, open land, open space, or conservation area property prevents the orderly natural growth of the annexing municipality. Except for parcels of land less than one acre in size, it shall be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, federal wildlife refuge, open land, open space, or conservation area), (ii) forest preserve district property, federal wildlife refuge, open land, open space, or conservation area, or (iii) a combination of other municipalities and forest preserve district property, federal wildlife refuge property, open land, open space, or conservation area. Except of parcels of land less than one acre in size, it shall also be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the municipality seeking annexation is not the closest municipality within the county to the property to be annexed. The territory included within such forest preserve district, federal wildlife refuge, open land, open space, or conservation area shall not be annexed to the municipality nor shall the territory of the forest preserve district, federal wildlife refuge, open land, open space, or conservation area be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, federal wildlife refuge, open land, open space, or conservation area without the consent of the governing body of the forest preserve district or federal wildlife refuge. Parcels of land less than one acre in size may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8 if it would be contiguous to the municipality but for the separation therefrom by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, or conservation area. The changes made to this Section by Public Act 91-824 are declaratory of existing law and shall not be construed as a new enactment.

For the purpose of this Section, "conservation area" means an area dedicated to conservation and owned by a not-for-profit organized under Section 501(c)(3) of the Internal Revenue Code of 1986, or any area owned by a conservation district.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 [65 ILCS 5/7-1-9] if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

When annexing territory separated from the municipality by a lake, river, or other waterway, the municipality also annexes the portion of the lake, river, or other waterway that would make the municipality and territory contiguous if the lake, river, or other waterway is under the jurisdiction and control of another unit of local government or the

State, or the federal government if allowed under federal law, except for any territory within the corporate limits of another municipality.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory, the Department of Transportation, and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

65 ILCS 5/7-1-2 [Petition for annexation; hearing; notice; state-owned land]

(a) A written petition signed by a majority of the owners of record of land in the territory and also by a majority of the electors, if any, residing in the territory shall be filed with the circuit court clerk of the county in which the territory is located, or the corporate authorities of a municipality may initiate the proceedings by enacting an ordinance expressing their desire to annex the described territory. A person owning land underlying a highway shall not be considered an owner of record for purposes of this petition unless that person owns some land not underlying a highway proposed to be annexed in the petition for annexation. No tract of land in excess of 10 acres in area may be included in the ordinances of a municipality initiating the proceedings, however, without the express consent of the owner of the tract unless the tract (i) is subdivided into lots or blocks or (ii) is bounded on at least 3 sides by lands subdivided into lots or blocks. A tract of land shall be deemed so bounded if it is actually separated from the subdivision only by the right-of-way of a railroad or other public utility or at a public highway. The petition or ordinance, as the case may be, shall request the annexation of the territory to a specified municipality and also shall request that the circuit court of the specified county submit the question of the annexation to the corporate authorities of the annexing municipality or to the electors of the unincorporated territory, as the case may be. The circuit court shall enter an order fixing the time for the hearing upon the petition, and the day for the hearing shall be not less than 20 nor more than 30 days after the filing of the petition or ordinance, as the case may be.

(b) The petitioners or corporate authorities, as the case may be, shall give notice of the annexation petition or ordinance, as the case may be, not more than 30 nor less than 15 days before the date fixed for the hearing. This notice shall state that a petition for annexation or ordinance, as the case may be, has been filed and shall give the substance of the petition, including a description of the territory to be annexed, the name of the annexing municipality, and the date fixed for the hearing. This notice shall be given by publishing a notice at least once in one or more newspapers published in the annexing municipality or, if no newspaper is published in the annexing municipality, in one or more newspapers with a general circulation within the annexing municipality and territory. A copy of this notice shall be filed with the clerk of the annexing municipality and the municipal clerk shall send, by registered mail, an additional copy to the highway commissioner of each road district within which the territory proposed to be annexed is situated. If a municipal clerk fails to send the notice to a highway commissioner as required by this subsection, the municipality shall reimburse the road district served by that highway commissioner for any loss or liability caused by that failure. Any notice required by this Section need not include a metes and bounds legal description of the territory to be annexed, provided that the notice includes: (i) the common street address or addresses and (ii) the property index number ("PIN") or numbers of all the parcels of real property contained in the territory to be annexed.

(c) The petitioners or corporate authorities, as the case may be, shall pay to the clerk of the circuit court $10 as a filing and service fee, and no petition or ordinance, as the case may be, shall be filed until this fee is paid.

(d) No petitioner may withdraw from this petition except by consent of the majority of the other petitioners, or where it is shown to the satisfaction of the court that the signature of the petitioner was obtained by fraud or misrepresentation.

(e) If a State charitable institution is situated upon a tract or tracts of land that lie partly within and partly without the corporate limits of any municipality, the corporate authorities of the municipality may by resolution without any petition or proceedings required by this Article but with the written consent of the Director of the State Department having jurisdiction of the institution, annex any part or all of the tracts lying without the corporate limits.

(f) If real estate owned by the State of Illinois or any board, agency, or commission of the State is situated in unincorporated territory adjacent to a municipality, the corporate authorities of the municipality may annex any part or all of the real estate only with the written consent of the Governor or the governing authority of the board, agency, or commission, without any petition or proceedings required by this Article by resolution of the corporate authorities. This requirement does not apply, however, to State highways located within territory to be annexed under this Article.

65 ILCS 5/7-1-10 [Annexation of territory dedicated or used for street or highway purposes]

Any municipality by ordinance may annex any territory contiguous to it even though the annexed territory is dedicated or used for street or highway purposes under the jurisdiction of the Department of Transportation of the State of Illinois, or a county or township highway department if no part of the annexed territory is within any other municipality. After the passage of the ordinance of annexation a copy of the ordinance, with an accurate map of the territory annexed, certified as correct by the clerk of the municipality, shall be filed with the recorder of the county in which the annexed territory is situated and a document of annexation shall be filed with the county clerk and County Election Authority.

HISTORY:
P.A. 83-358.

65 ILCS 5/7-1-10.5 Disconnection or de-annexation of annexed highways.

Notwithstanding any other law or regulation, if any highway that was, prior to annexation, a township highway is disconnected or de-annexed within one year after the original annexation, the jurisdiction of the highway shall revert back to the township that had jurisdiction immediately before the annexation.

DIVISION 6.
DISSOLUTION

65 ILCS 5/7-6-1 [Referendum for dissolution]

Any municipality, incorporated under any general or special law, may be dissolved as follows: Whenever electors in the municipality, equal to a majority of the total vote at the last preceding general municipal election, file a petition with the clerk of the municipality requesting the submission of the question whether the municipality will dissolve its incorporation, that question shall be certified by the clerk to the proper election authorities who shall submit the proposition to the electors of the municipality.

HISTORY:
P.A. 81-1489.

65 ILCS 5/7-6-2 [Form of ballot]

The question shall read substantially as follows:

"Shall the municipal corporation	YES
of ..... be dissolved?"	NO

The result shall be entered upon the municipal records.

HISTORY:
P.A. 81-1489.

65 ILCS 5/7-6-3 [Results of referendum]

If a majority of the votes cast on the question are "yes," the municipality is dissolved. But if a majority of the votes cast on the question are "no," the corporate authorities shall proceed with the affairs of the municipality as though the referendum had never been held. After a defeat, however, the proposition shall not be submitted to a vote in the same municipality for a period of 22 months.

HISTORY:
P.A. 81-1489.

65 ILCS 5/7-6-4 [Officers to close up business affairs; debts and obligations paid; money to be paid to school treasurer]

If the vote is in favor of a voluntary dissolution of the municipality there shall be no further elections for municipal officers. The officers acting at the time of this vote shall close up the business affairs of the municipality, and make the necessary conveyances of the title to the municipal property. They may levy and collect taxes for the purpose of paying the debts and obligations of the municipality, but they shall not create any new obligation against the municipality.

All money remaining after the business affairs of the municipality have been closed up and all the debts and obligations of the municipality have been paid, shall be paid to the school treasurer for the township or school unit, as the case may be, in which the municipality, or a greater part thereof, was situated. This money shall become a part of the school fund of the school district in which the municipality was situated. If the municipality was situated in more than one school district, the trustees of the schools for the specified township or unit shall direct the treasurer for that township or unit to distribute and credit the fund to the specified districts, in the same proportion as the amounts of the assessed valuation of property in these districts, according to the last assessment in these districts, bear to each other.

HISTORY:
Laws 1963, p. 854.

65 ILCS 5/7-6-5 [Notice of dissolution]

If the vote is in favor of dissolution, the acting corporate authorities of the dissolved municipality shall give notice of the result of the election to the secretary of state within 10 days after the election. They shall also file within the same time a copy of this notice with the county clerk of the county in which the dissolved municipality was situated.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/7-6-6 [Statement of closing up transactions]

After the acting corporate authorities of the dissolved municipality (1) have paid all of the debts and obligations of the municipality, (2) have closed up all of the municipal business, and (3) the surplus money, if any, has been paid to the school treasurer for the proper township or school unit, then the acting corporate authorities shall file with the county clerk of the county in which the dissolved municipality was situated, a statement under oath, showing all of the closing up transactions. When this statement is filed, the duty to close up the municipal business is terminated, and all officers of the municipality, whether the terms for which they were elected have expired or not, shall thereupon cease to have any power or authority.

HISTORY:
Laws 1963, p. 854.

65 ILCS 5/7-6-7 [Municipalities with fewer than 50 inhabitants]

Upon application by the county board of any county to the circuit court, and after a hearing upon such notice as may be directed by such court, any municipality which has less than 50 inhabitants according to the last preceding Federal census may be ordered by the court to dissolve. After service of such order upon the corporate authorities of the municipality acting at that time they shall proceed to close up the business affairs of the municipality as expeditiously as possible and in the same manner as is provided by Sections 7-6-4, 7-6-5 and 7-6-6 [65 ILCS 5/7-6-4, 65 ILCS 5/7-6-5 and 65 ILCS 5/7-6-6] in the case of voluntary dissolution. The court may enforce compliance with its order by proceedings for contempt. If ever there is in existence any municipality in which the Bureau of the Census did not determine the population when the last preceding decennial census was taken, the county board of the county in which such municipality is located may, at county expense, arrange with the Bureau of the Census to take a special census of such municipality.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/7-6-8 [Judicial notice]

All courts shall take judicial notice of (1) the existence of Illinois municipalities, (2) of the counties in which they are situated, (3) of the changes made in the municipal territory, and (4) of the dissolution of municipalities.

DIVISION 1.

GENERAL PROVISIONS

65 ILCS 5/8-1-7 [Contracts and expenses not supported by appropriation prohibited; exceptions]

(a) Except as provided otherwise in this Section, no contract shall be made by the corporate authorities, or by any committee or member thereof, and no expense shall be incurred by any of the officers or departments of any municipality, whether the object of the expenditure has been ordered by the corporate authorities or not, unless an appropriation has been previously made concerning that contract or expense. Any contract made, or any expense otherwise incurred, in violation of the provisions of this section shall be null and void as to the municipality, and no money belonging thereto shall be paid on account thereof. However, pending the passage of the annual appropriation ordinance for any fiscal year, the corporate authorities may authorize heads of departments or other separate agencies of the municipality to make necessary expenditures for the support thereof upon the basis of the appropriations of the preceding fiscal year. However, if it is determined by two-thirds vote of the corporate authorities then holding office at a regularly scheduled meeting of the corporate authorities that it is expedient and in the best public interest to begin proceedings for the construction of a needed public work, then the provisions of this section shall not apply to the extent that the corporate authorities may employ or contract for professional services necessary for the planning and financing of such public work.

(b) Notwithstanding any provision of this Code to the contrary, the corporate authorities of any municipality may make contracts for a term exceeding one year and not exceeding the term of the mayor or president holding office at the time the contract is executed, relating to: (1) the employment of a municipal manager, administrator, engineer, health officer, land planner, finance director, attorney, police chief or other officer who requires technical training or knowledge; (2) the employment of outside professional consultants such as engineers, doctors, land planners, auditors, attorneys or other professional consultants who require technical training or knowledge; (3) the provision of data processing equipment and services; or (4) the provision of services which directly relate to the prevention, identification or eradication of disease. In such case the corporate authorities shall include in the annual appropriation ordinance for each fiscal year, an appropriation of a sum of money sufficient to pay the amount which, by the terms of the contract, is to become due and payable during the current fiscal year.

(c) This section shall not apply to municipalities operating under special charters.

(d) In order to promote orderly collective bargaining relationships, to prevent labor strife and to protect the interests of the public and the health and safety of the citizens of Illinois, this Section shall not apply to multi-year collective bargaining agreements between public employers and exclusive representatives governed by the provisions of the Illinois Public Labor Relations Act [5 ILCS 315/1 et seq.].

Notwithstanding any provision of this Code to the contrary, the corporate authorities of any municipality may enter into multi-year collective bargaining agreements with exclusive representatives under the provisions of the Illinois Public Labor Relations Act.

(e) Notwithstanding any provision of this Code to the contrary, the corporate authorities of any municipality may enter into any multi-year contract or otherwise associate for any term under the provisions of Section 10 of Article VII of the Illinois Constitution [Ill. Const. (1970) Art. VII, § 10] or the Intergovernmental Cooperation Act [5 ILCS 220/1 et seq.].

DIVISION 2.

ANNUAL APPROPRIATION ORDINANCES

65 ILCS 5/8-2-9.11 [Trust for retention of percentage of construction contract price]

Whenever any municipality has entered into a

contract for the repair, remodeling, renovation or construction of a building or structure or the construction or maintenance of a road or highway, which provides for retention of a percentage of the contract price until final completion and acceptance of the work, upon the request of the contractor and with the approval of the municipality, the amount so retained may be deposited under a trust agreement with an Illinois bank of the contractor's choice and subject to the approval of the municipality. The contractor shall receive any interest thereon.

Upon application by the contractor, the trust agreement must contain, as a minimum, the following provisions:

a. The amount to be deposited subject to the trust;

b. The terms and conditions of payment in case of default of the contractor;

c. The termination of the trust agreement upon completion of the contract; and

d. The contractor shall be responsible for obtaining the written consent of the bank trustee, and any costs or service fees shall be borne by the contractor.

The trust agreement may, at the discretion of the municipality and upon request of the contractor, become operative at the time of the first partial payment in accordance with existing statutes, ordinances and municipality procedures.

P.A. 82-503.

DIVISION 3.

LEVY AND COLLECTION OF TAXES

65 ILCS 5/8-3-4 [Levy for payment of particular debt, appropriation, or liability]

Whenever a municipality is required to levy a tax for the payment of a particular debt, appropriation, or liability of the municipality, the tax for that purpose shall be included in the total amount levied by the corporate authorities, and certified to the county clerk as provided in Section 8-3-1 [65 ILCS 5/8-3-1]. However, if a municipality has funds arising from any source whatsoever, including allocations received or to be received under the Motor Fuel Tax Law, as heretofore and hereafter amended [305 ILCS 5/1-1 et seq.] which may lawfully be used for the retirement of a particular debt, appropriation or liability of the municipality, or the payment of the next maturing installment thereof, then if the municipality by resolution directs the application of such funds to the payment of the particular debt, appropriation or liability or next maturing installment thereof, it shall certify such resolution to the county clerk as provided in Section 8-3-1. The county clerk shall abate the levy for the payment of the particular debt, appropriation or liability or the next maturing installment thereof to the extent of the funds so certified as available for such payment. The corporate authorities shall determine, in the ordinance making that levy, what proportion of that total amount shall be applied to the payment of the particular debt, appropriation or liability. The municipal treasurer shall set apart that proportion of the tax, collected and paid to him, for the payment of the particular debt, appropriation or liability, and shall not disburse that proportion of the tax for any other purpose until the debt, appropriation or liability has been discharged.

DIVISION 5.

DEBT LIMITS IN MUNICIPALITIES OF LESS THAN 500,000

65 ILCS 5/8-5-16 [Authority of municipalities which are not home rule units to issue bonds]

The corporate authorities of any municipality which is not a home rule unit under the Constitution of 1970 are authorized to issue the bonds of such municipality without referendum subject to the limitation contained herein and the requirements of the Bond Issue Notification Act [30 ILCS 352/1 et seq.]. Such bonds shall be payable from ad valorem tax receipts. The amount of such bonds, together with other bonds issued pursuant to this Section and outstanding, shall not exceed at the time of issue one-half of 1% of the assessed value of all of the taxable property located within the municipality.

Such bonds shall be authorized by a bond ordinance adopted by the corporate authorities of the municipality. The bond ordinance shall make provision for the payment of the principal of and interest on the bonds by the levy of a direct annual irrepealable tax upon all of the taxable property within the municipality. A properly certified copy of the bond ordinance shall be filed in the office of the county clerk of each county in which any portion of the municipality is situated. Such county clerk or clerks shall extend the taxes levied in the bond ordinance for collection against all of the taxable property situated within the municipality. The taxes levied in the bond ordinance shall be extended annually by the county clerk or clerks without limitation as to rate or amount and such taxes shall be in addition to and in excess of all other taxes levied or authorized to be levied by the municipality.

Bonds heretofore or hereafter issued and outstanding which are approved by referendum, bonds issued under this Section which have been paid in full or for which provision for payment has been made by an irrevocable deposit of funds in an amount sufficient to pay the principal and interest on any such bonds to

their respective maturity date, non-referendum bonds issued pursuant to other provisions of this Code, and bonded indebtedness assumed from another municipality, shall not operate to limit in any way the right of the municipality to issue its non-referendum bonds in accord with this Section.

DIVISION 9.

PURCHASING AND PUBLIC WORKS CONTRACTS IN MUNICIPALITIES OF LESS THAN 500,000

65 ILCS 5/8-9-1 [Public works contracts]

In municipalities of less than 500,000 except as otherwise provided in Articles 4 and 5 [65 ILCS 5/4-1-1 et seq. and 65 ILCS 5/5-1-1 et seq.] any work or other public improvement which is not to be paid for in whole or in part by special assessment or special taxation, when the expense thereof will exceed $25,000, shall be constructed either (1) by a contract let to the lowest responsible bidder after advertising for bids, in the manner prescribed by ordinance, except that any such contract may be entered into by the proper officers without advertising for bids, if authorized by a vote of two-thirds of all the alderpersons or trustees then holding office; or (2) in the following manner, if authorized by a vote of two-thirds of all the alderpersons or trustees then holding office, to-wit: the commissioner of public works or other proper officers to be designated by ordinance, shall superintend and cause to be carried out the construction of the work or other public improvement and shall employ exclusively for the performance of all manual labor thereon, laborers and artisans whom the municipality shall pay by the day or hour; and all material of the value of $25,000 and upward used in the construction of the work or other public improvement, shall be purchased by contract let to the lowest responsible bidder in the manner to be prescribed by ordinance. However, nothing contained in this section shall apply to any contract by a city, village or incorporated town with the federal government or any agency thereof.

In every city which has adopted Division 1 of Article 10 [65 ILCS 5/10-1-1 et seq.], every such laborer or artisan shall be certified by the civil service commission to the commissioner of public works or other proper officers, in accordance with the requirement of that division.

In municipalities of 500,000 or more population the letting of contracts for work or other public improvements of the character described in this section shall be governed by the provisions of Division 10 of this Article 8 [65 ILCS 5/10-10-1 et seq.].

DIVISION 10.

PURCHASING AND PUBLIC WORKS CONTRACTS IN CITIES OF MORE THAN 500,000

65 ILCS 5/8-10-1 [Short title]

This division shall be known and is hereafter designated as "Municipal purchasing act for cities of 500,000 or more population."

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-2 [Rights, powers and privileges conferred]

In addition to all the rights, powers, privileges, duties, and obligations conferred thereon elsewhere in this division or any other Acts, all cities of 500,000 or more population shall have the rights, powers and privileges and shall be subject to the duties and obligations conferred thereon by this Division 10.

HISTORY:
Laws 1961, p. 576.

65 ILCS 5/8-10-2.5 Airports

This Division 10 applies to purchase orders and contracts relating to airports owned or operated by a municipality of more than 500,000 population.

HISTORY:
P.A. 89-405, § 20.

65 ILCS 5/8-10-3 [Competitive bidding]

(a) Except as otherwise herein provided, all purchase orders or contracts of whatever nature, for labor, services or work, the purchase, lease, or sale of personal property, materials, equipment or supplies, involving amounts in excess of $10,000, made by or on behalf of any such municipality, shall be let by free and open competitive bidding after advertisement, to the lowest responsible bidder, or in the appropriate instance, to the highest responsible bidder, depending upon whether such municipality is to expend or to receive money. All such purchase orders or contracts, as defined above, which shall involve amounts of $10,000, or less, shall be let in the manner described above whenever practicable, except that such purchase orders or contracts may be let in the open market in a manner calculated to insure the best interests of the public, after solicitation of bids by mail, telephone, or otherwise. The provisions of this Section are subject to any contrary provision contained in "An Act concerning the use of Illinois mined

coal in certain plants and institutions", filed July 13, 1937, as heretofore and hereafter amended [30 ILCS 555/0.01 et seq.].

(b) The corporate authorities of a municipality may by ordinance provide that contracts to provide goods and services to the municipality contain a provision requiring the contractor and its affiliates to collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act [35 ILCS 105/1 et seq.], and municipal use tax on all sales of tangible personal property into the municipality in accordance with a municipal ordinance authorized by Section 8-11-6 or 8-11-1.5 [65 ILCS 5/8-11-6 or 65 ILCS 5/8-11-1.5], during the term of the contract or for some other specified period, regardless of whether the contractor or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act [35 ILCS 105/2]. The provision may state that if the requirement is not met, the contract may be terminated by the municipality, and the contractor may be subject to such other penalties or the exercise of such remedies as may be stated in the contract or the ordinance adopted under this Section. An ordinance adopted under this Section may contain exceptions for emergencies or other circumstances when the exception is in the best interest of the public. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

P.A. 81-1376; 93-25, § 30-25.

65 ILCS 5/8-10-4 [Contracts not adapted to award by competitive bidding]

Contracts which by their nature are not adapted to award by competitive bidding, such as but not limited to contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for supplies, materials, parts or equipment which are available only from a single source, contracts for printing of finance committee pamphlets, comptroller's estimates, and departmental reports, contracts for the printing or engraving of bonds, water certificates, tax warrants and other evidences of indebtedness, contracts for utility services such as water, light, heat, telephone or telegraph, and contracts for the purchase of magazines, books, periodicals and similar articles of an educational or instructional nature, and the binding of such magazine, books, periodicals, pamphlets, reports and similar articles shall not be subject to the competitive bidding requirements of this Article. The purchasing agent hereinafter provided for is hereby expressly authorized to procure from any federal, state or local governmental unit or agency thereof such materials, supplies, commodities or equipment as may be made available through the operation of any legislation heretofore or hereafter enacted without conforming to the competitive bidding requirements of this Division 10. Regular employment contracts in the municipal service, whether with respect to the classified service or otherwise, shall not be subject to the provisions of this Division 10, nor shall this Division 10 be applicable to the granting or issuance pursuant to powers conferred by laws, ordinances or resolutions, of franchises, licenses, permits or other authorizations by the corporate authorities of the municipality, or by departments, offices, institutions, boards, commissions, agencies or other instrumentalities thereof, nor to contracts or transactions, other than the sale or lease of personal property, pursuant to which the municipality is the recipient of money. The purchasing agent may sell or cause to be loaned with proper surety, materials common only to the municipal water distribution system, to such corporations and individuals, upon a proper showing that they are unable to obtain such materials for the purpose of obtaining water from the water system, or while awaiting shipment from manufacturers or vendors of such material, provided, that proper charges for the sale of such material shall be made to such extent as to save the municipality from monetary losses in such transactions.

HISTORY:
Laws 1967, p. 3599.

65 ILCS 5/8-10-5 [Emergency affecting public health or safety]

In the case of an emergency affecting the public health or safety, so declared by the corporate authorities of the municipality at a meeting thereof duly convened, which declaration shall require the affirmative vote of a majority of all the members thereof and shall set forth the nature of the danger to the public health or safety, contracts may be let to the extent necessary to resolve such emergency without public advertisement. The resolution or ordinance in which such declaration is embodied shall fix the date upon which such emergency shall terminate, which date may be extended or abridged by the corporate authorities as in their judgment the circumstances require.

The purchasing agent hereinafter provided for, may purchase or may authorize in writing any

agency of such municipal government or of the institutions, boards or commissions thereof, if any, to purchase in the open market without filing requisition or estimate therefor, and without advertisement, any supplies, materials or equipment, for immediate delivery to meet bona fide operating emergencies where the amount thereof is not in excess of $40,000. A full written account of any such emergency together with a requisition for the materials, supplies or equipment required therefor shall be submitted immediately to the purchasing agent and shall be open to public inspection for a period of at least one year subsequent to the date of such emergency purchase. The exercise of the authority herein vested in the purchasing agent in respect to purchases for such bona fide operating emergencies shall not be dependent upon a declaration of emergency by the corporate authorities under the first paragraph of this section.

HISTORY:
P.A. 81-1376.

65 ILCS 5/8-10-6 [Certified officers and employees to execute requests for purchase]

The responsible head of each major department, office, institution, board, commission, agency or instrumentality of such municipal government shall certify in writing to the purchasing agent the names of such officers or employees who shall be exclusively authorized to sign requests for purchase for such respective department, office, institution, board, commission, agency or instrumentality, and all requests for purchase shall be void unless executed by such certified officers or employees and approved by the purchasing agent.

Except as to emergency contracts authorized by Section 8-10-5 [65 ILCS 5/8-10-5], no undertaking involving amounts in excess of $10,000 shall be split into parts, by the requisitioning agent or otherwise, so as to produce amounts of $10,000 or less, for the purpose of avoiding the provisions of this Division 10.

The term "responsible head" as used herein shall, in the case of the corporate authorities of the municipality, be such member, members, or committee thereof as shall be designated by appropriate resolution or order adopted by such corporate authorities.

HISTORY:
P.A. 81-1376.

65 ILCS 5/8-10-7 [Publication of proposals to award purchase orders or contracts involving amounts in excess of $10,000]

All proposals to award purchase orders or contracts involving amounts in excess of $10,000 shall be published at least 10 days, excluding Sundays and legal holidays, in advance of the date announced for the receiving of bids, in a secular English language daily newspaper of general circulation throughout such municipality and shall simultaneously be posted on readily accessible bulletin boards in the office of the purchasing agent. Nothing contained in this section shall be construed to prohibit the purchasing agent from placing additional announcements in recognized trade journals. Advertisements for bids shall describe the character of the proposed contract or agreement in sufficient detail to enable the bidders thereon to know what their obligations will be, either in the advertisement itself, or by reference to detailed plans and specifications on file at the time of the publication of the first announcement. Such advertisement shall also state the date, time and place assigned for the opening of bids, and no bids shall be received at any time subsequent to the time indicated in the announcement. However, an extension of time may be granted for the opening of such bids upon publication in a secular English newspaper of general circulation throughout such municipality of the date to which the bid opening has been extended. The time of the bid extension opening shall not be less than 5 days after the publication thereof, Sundays and legal holidays excluded.

Cash, cashier's check, a certified check, a comptroller's certificate of moneys owed the particular vendor, or a bid bond with adequate surety approved by the purchasing agent as a deposit of good faith, in a reasonable amount, but not in excess of 10% of the contract amount may be required of each bidder by the purchasing agent on all bids involving amounts in excess of $10,000 and, if so required, the advertisement for bids shall so specify.

HISTORY:
P.A. 84-1269.

65 ILCS 5/8-10-8 [Restraint of competition]

Any agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price, or otherwise, shall render the bids of such bidders void. Each bidder shall accompany his bid with a sworn statement, or otherwise swear or affirm, that he has not been a party to any such agreement. Any disclosure in advance of the opening of bids, of the terms of the bids submitted in response to an advertisement, made or permitted by the purchasing agent shall render the proceedings void and shall require re-advertisement and re-award.
