2023 SPARTAN 300

The Spartan 300 is a challenging, 10 stage, all steel pistol and PCC match. The goal of the competitor is to achieve the 30 points for each stage and to attain all 300 points for the match as quickly as possible. Each stage will consist of 25 targets worth 1 point each and 1 bonus target worth 5 points. The targets will consist of reactive steel targets that will range in size from 3” to 12” and distance from 8 to 40 yards. Each stage will have its own par time depending on the complexity of the stage.

- Divisions for the match are based on Common Pistol Competitions, with a few modifications. Open and Limited are not changed. Production can load 15 rounds per magazine, and SS are allowed to have 10 round magazines. A magwell is allowed for CO and pistol braces are allowed for PCC. Major and minor power factors do not apply, but calibration zones on reactive targets will be calibrated for 9mm minor power factor.
- Competitors carrying their handgun in a holster must have an empty magazine well, and the hammer or striker must be de-cocked. Anyone found in violation of this rule will be immediately escorted by a Range Officer to a suitable safety area where appropriate corrective action shall be made. PCC must have a chamber flag or empty chamber indicator when not in ready condition.
- For PCC, each stage will require a minimum of 1 magazine reload. No side by side magazine couplers allowed. Magazines must be carried on the belt or in apparel pockets. No restriction on location on the belt. No thigh rigs or tie down magazine holders. End to end coupling/extension is allowed. PCC allowable calibers are 9mm, .357Sig, .40S&W, 10mm, and .45ACP.
- All external safeties must be engaged after shooter makes ready, and before the start signal.
- Matchbook stage images are close renderings of how the stage will look. Type of target and actual placements of targets and props depend on MD discretion.

2023 SPARTAN 300 TEAM RULES

- Teams will compete in 4 stages for their competition. Two match stages will be designated as team stages, as well as two team only stages.
- Each team will consist of 4 different team members. Only 3 members of each team will compete in each of the team stages, but a teammate cannot sit out more than once.
- 2 stages will be relay type stages, and 2 stages will be 3 teammates on the firing line.
- Each team can consist of only 1 PCC and 1 Open division shooter. All other slots can be filled with any other division. PCC and Open are not required for teams.
- Teams will shoot 2 stages during the lunch break and 2 stages after the match completion each day.
- Team entry is \$20.00. Trophies for 1st, 2nd, and 3rd place .

2023 SPARTAN 300 MULLIGANS

- Reshoots of stages will only be granted for stage malfunction, or RO interference.
- Ammo, equipment, or shooter error will not constitute a reshoot of a stage.
- A mulligan will be available to be purchased for a reshoot of a stage.
- Shooters can only purchase 1 mulligan per registration.
- Mulligans can be purchased before the match and during the match. Once the shooter tells the RO they want to use their mulligan, they cannot reverse their decision.
- If the shooter finishes a stage and did not achieve the result they had hoped for, the shooter has until the stage is reset to decide if they want to “cash in” their mulligan for a reshoot.
- Reshoots will take place after all squad members have shot the stage.

Mulligans will cost \$20.00 per registration

STANDIN ON A CORNER

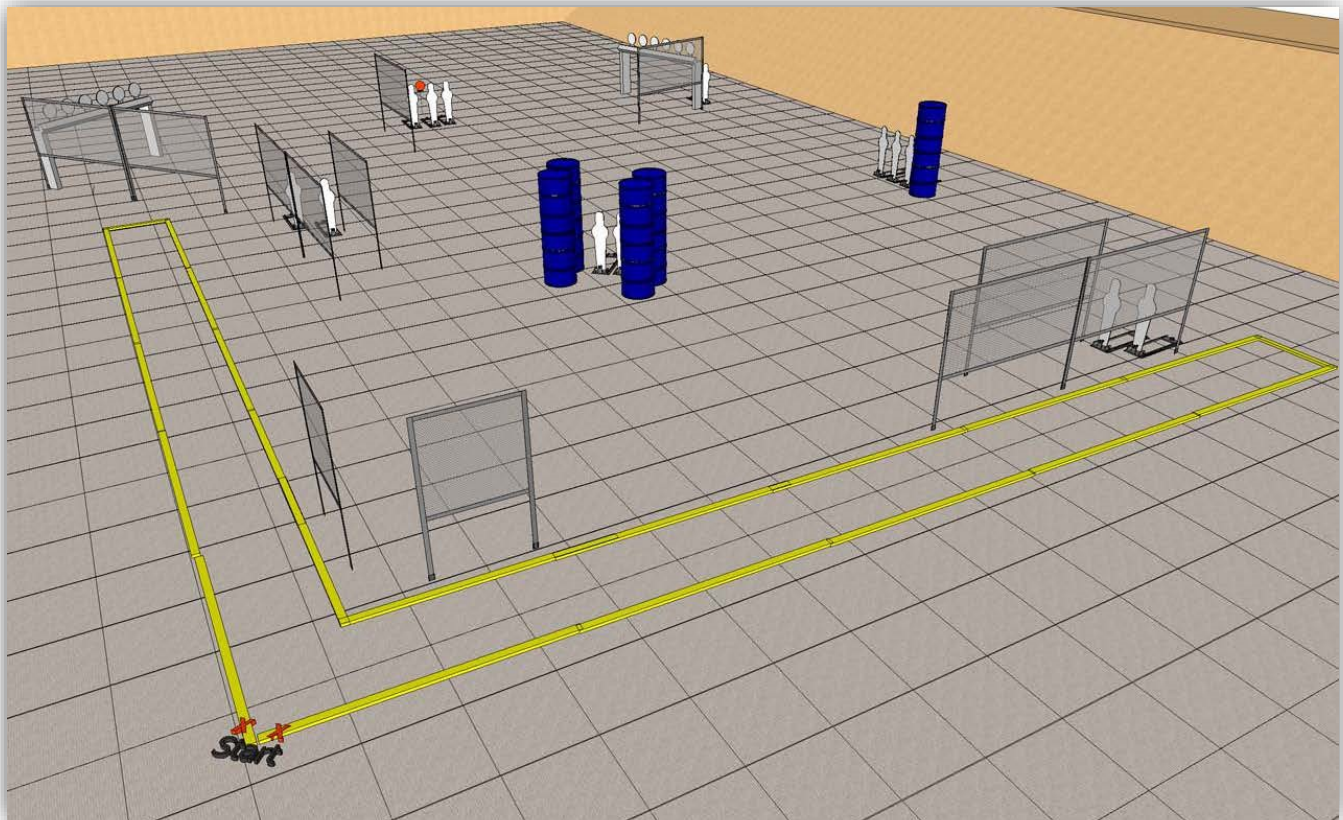

BAY 1 Dave Harter, Steve Jewett, Cameron Wright, Steve Kerr

START POSITION: Standing outside of shoot area with toes touching black marks on faultline. Handgun loaded to division capacity and holstered. PCC loaded and shouldered, low ready.

AT SIGNAL: Engage targets from within shoot area.

Bonus target can be engaged **anytime** it is visible from within shoot area or shoot box.
On deck shooter will be standing in on deck circle waiting their turn

HOP, SKIP AND A JUMP

BAY 2

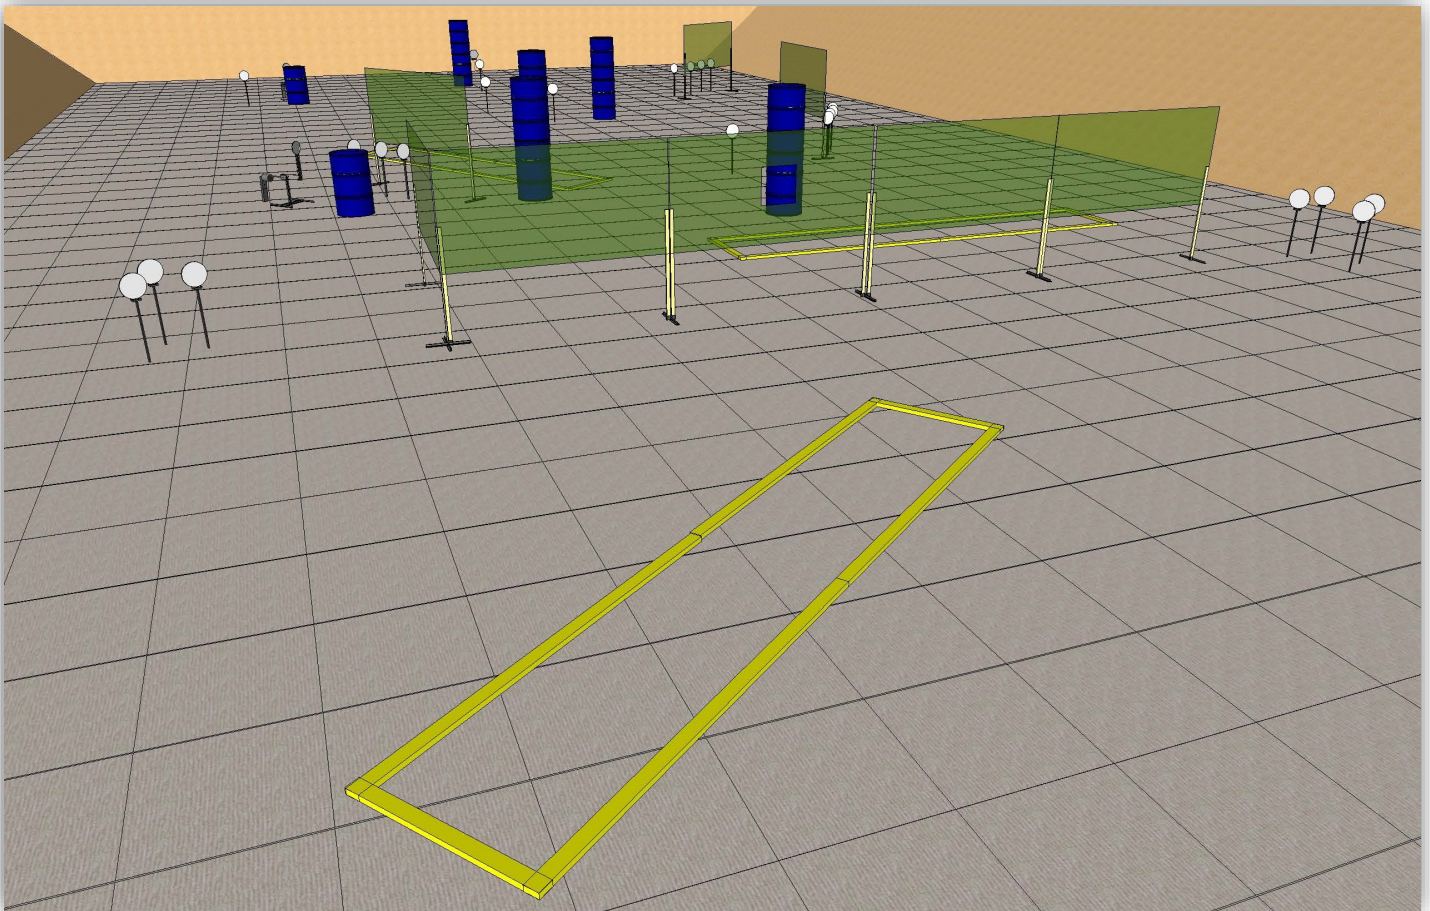

Brandon Creps, Chelsie Creps, Brendan Smith

START POSITION: Standing with both heels touching black marks on rear faultline. Handgun loaded to division capacity and holstered. PCC loaded and shouldered, low ready.

AT SIGNAL: Engage targets from within shoot areas or shoot boxes.

Bonus target can be engaged **anytime** it is visible from within shoot area or shoot box.
On deck shooter will be standing in on deck circle waiting their turn

ACCU-TAC[®]
PRECISION BIPODS AND ACCESSORIES

WHICH WAY @ BUZZER

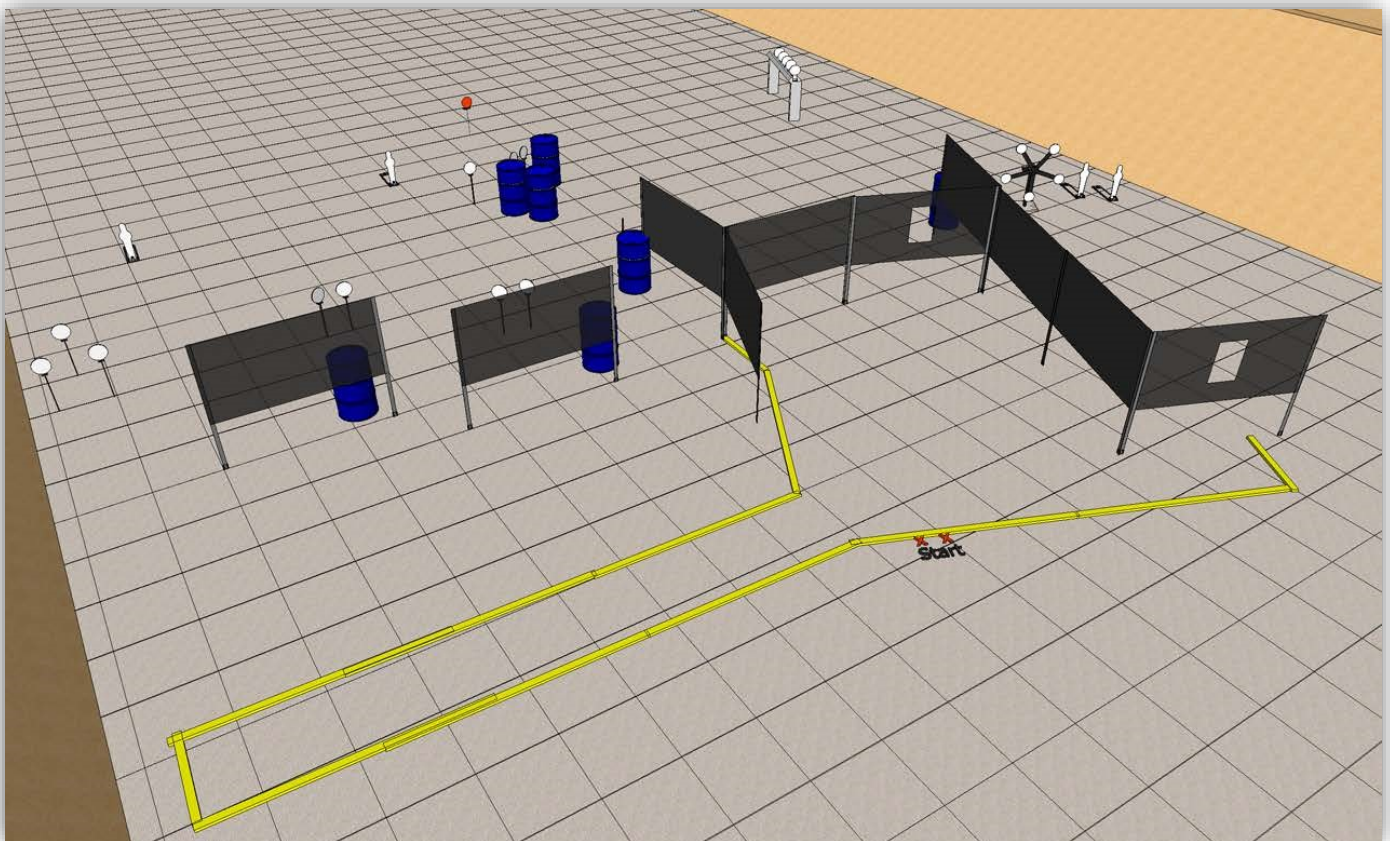

BAY 3

George Shoji, Brent Todd, Harold Cole

START POSITION: Standing with toes touching marks on faultline. Handgun loaded to division capacity and holstered. PCC loaded and shouldered, low ready.

AT SIGNAL: Engage targets from within shoot area.

Bonus target can be engaged **anytime** it is visible from within shoot area or shoot box.
On deck shooter will be standing in on deck circle waiting their turn

ON THE MOVE

BAY 4

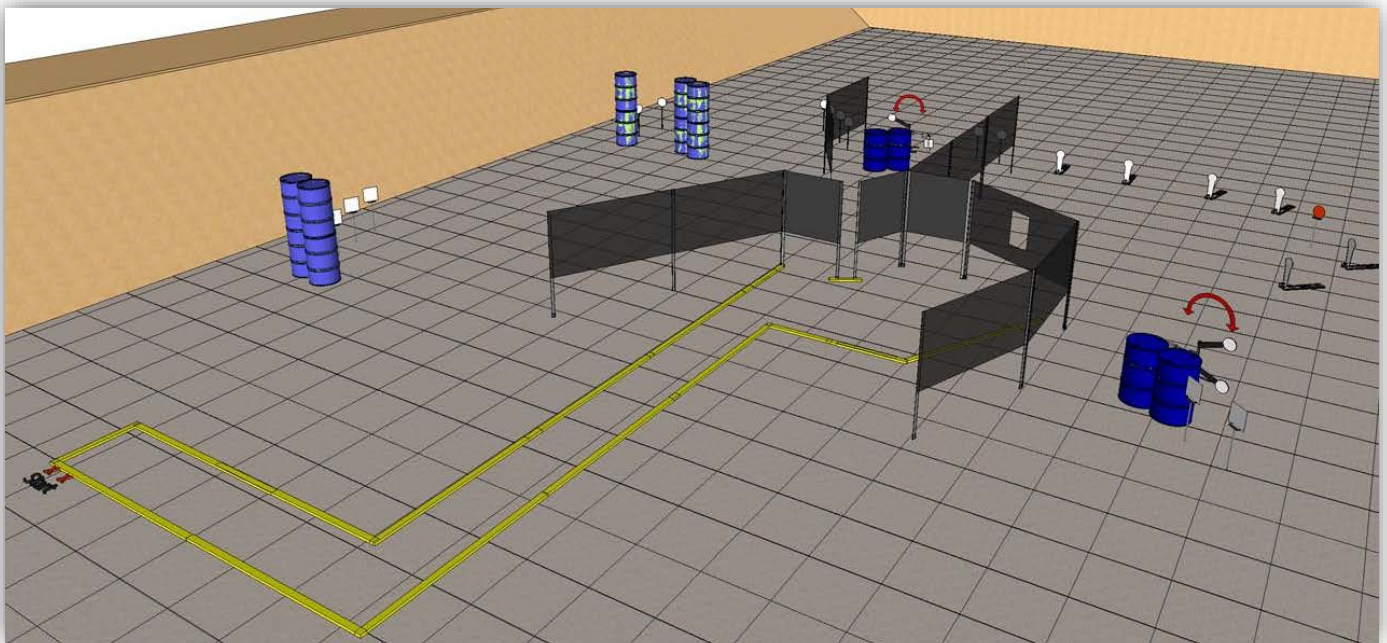

Mark Goede, Tom Buehrle, Nathan Buehrle

START POSITION: Standing with toes touching black mark on rear faultline. Handgun loaded to division capacity and holstered. PCC loaded and shouldered, low ready.

AT SIGNAL: Engage targets from within shoot area.

Bonus target can be engaged **anytime** it is visible from within shoot area.
On deck shooter will be standing in on deck circle waiting their turn

ATTACK PATTERN DELTA & TEAM STAGE

BAY 5

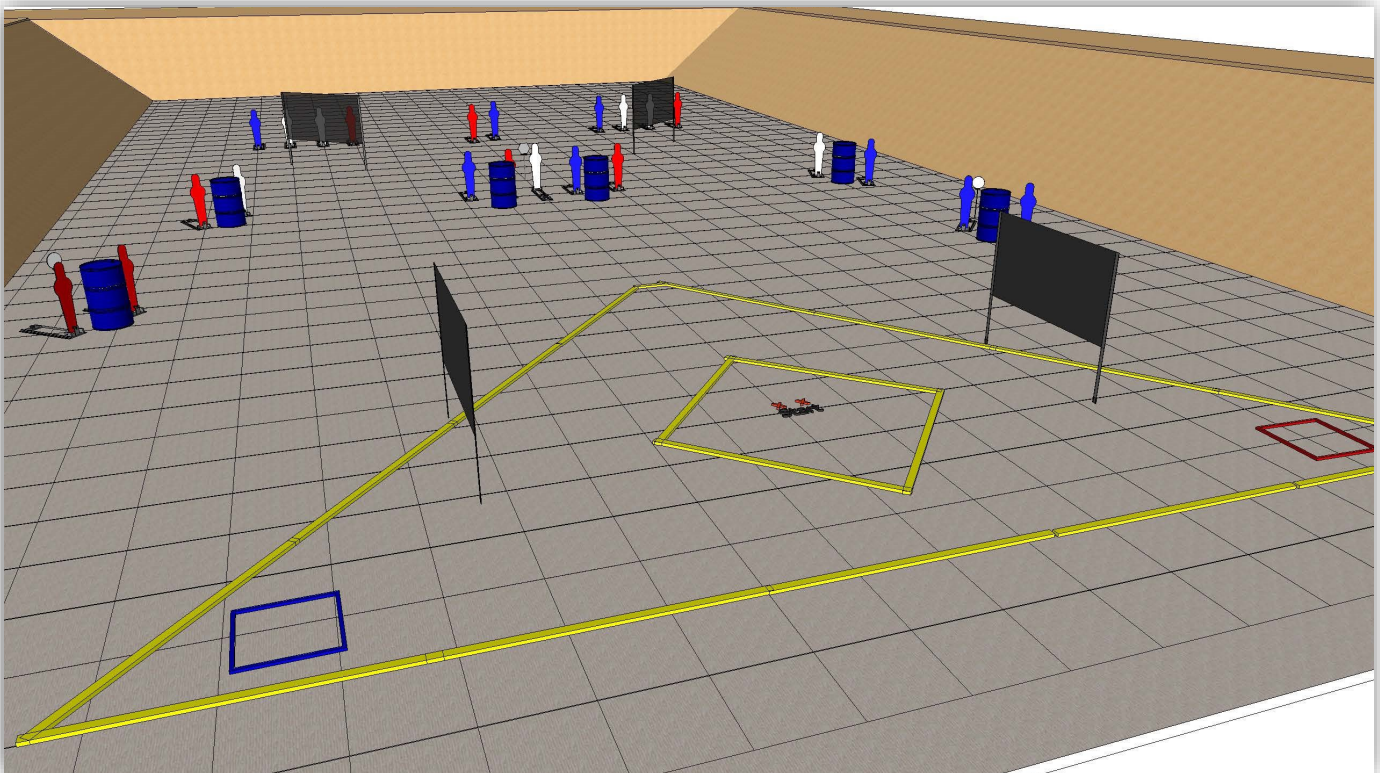

Chris Bilodeau, Matt Olsen, Brian Fleming

START POSITION: Standing with both feet on yellow disc inside of NO-SHOOT area. Handgun loaded to division capacity and holstered. PCC loaded and shouldered, low ready.

Shane Moody

1973-2023

We lost one of our best ROs on March 12, 2023. He was here at the complex working on setting up a match. We are dedicating Bay 7 as “Shane’s Bay”. This year stage Baseball is back as that was a stage Shane designed. Also, you will be introduced to the Moody Mover on Bay 12. He will leave a large void in all our matches in the future.

**2023 SPARTAN 300
THANK YOU**

Thank you to all volunteer staff and match participants. Thank you for your continued support and growth of the Spartan 300 event. Hope to see everyone at the 2024 Spartan 300.
