Driveway Drone Footage

Check out this awesome drone footage of a gorgeous driveway we did in Lorton! It started as a heavily wooded area with a 23-foot wide limit of disturbance. We had very limited room to strip the topsoil, establish a level subgrade, and install nearly 1000 tons of gravel. This driveway was built to last, and the final result turned out beautiful.

Employee Spotlight

Maintenance and service are crucial components to the safe and reliable operation of our equipment. This week, we would like to spotlight Sean Burba. Sean is our equipment manager and handles all preventative maintenance, repairs, and necessary improvements to our vast fleet of

equipment and trucks.

Sean has been with LCS for a little over a year. He works very hard to keep all our equipment and trucks in safe working order, as well as dispatching and scheduling our mechanics and even diagnosing problems. Sourcing parts, new equipment, attachments, and outside repair shops is a very daunting task and we are very grateful to have Sean to take care of our needs.

We asked Sean what he likes the most about working for LCS, he said "Although my day consists of chasing problem after problem, it is very rewarding being able to quickly respond and keep the jobs moving." Sean also mentioned he loves the staff that he works with as well as the operators for keeping him constantly up-to-date with arising issues or maintenance needs. Thanks, Sean for all you do.

PS I'm due for an oil change next week. ☐

Tribute to a Beloved Employee

It is with great sadness and heavy hearts that we share the news of the passing of our beloved colleague and friend, Osman Danilo Calderon. It is a profound loss for our LCS family, and we extend our deepest condolences to his family and friends during this incredibly difficult time.
