

QUEEN DREAM

QUEEN DREAM (FEMINIZED)

Queen Dream brings together two iconic local varieties, The Wife and R5. The phenotypes of both parents were selected for their homogeneity and desired attributes. Queen Dream has capacious growth characteristics, with a consistent plant structure (3-6ft height, 3-5ft width). It has a slightly later flowering time which allows for larger vegetative plants, resulting in larger yields at the end of the season. Queen Dream also has an exceptional terpene profile ranging from citrus and candy, to sweetbread and hops.
