## FROM THE PRESIDENT MARK KUBANCIK

Here it is, mid-July as I write this, and summer vacation season is in full swing. Lots of people traveling before the kids return to school in early August. Hard to believe summer, as the schools define it anyway, will soon be over. Thankfully our car show season will continue for several more months.

Summer has traditionally brought TV show reruns, spring/summer clearance sales, and guest preachers at church. Speaking of the latter, for the past several years Southeast Christian Church (SECC) has presented a summer sermon series wrapped around a different movie each week for the month of July. The sermons are delivered via recorded message, allowing the pastor to pre-record the entire series, thus getting a month-long break from in-person preaching. The messages focus on a different movie each week, weaving in a biblical message to popular movies. It's been a favorite sermon series and church members are encouraged to bring non-churched friends to hear the unique message.

In June, I received a message via the KYANA website from an SECC email address asking about a particular car in our club. Rather than pass several emails back and forth, I responded and said I recognize the email address and to please call me to discuss. Turns out this summer's movie series was going to include a couple films in which cars were important to the story. One movie was "Back to the Future" and they had already secured a DeLorean for display inside the SECC main campus sanctuary for the month of July. Their outreach to KYANA was to locate a suitable first series Mustang as the second movie in this year's series was "Ford vs. Ferrari". I told the church car display coordinator that I would review our list of Mustang owners and see if someone would be willing to display their car indoors at the church for a month, with specific move-in and move-out dates. Upon reviewing the roster for early Mustang owners, Bob and Jane Burke's names floated to the top. They each own their own Mustang, giving me and SECC a good chance to find a display car. Cutting to the chase - as they say in movie lingo - Jane Burke was very excited by the opportunity to display her red '65 Mustang fastback. Jane promises to write a story about this experience in an upcoming issue of The Sidelight. Meanwhile, check out this teaser photo of Jane's Mustang inside the church lobby.

Finally, you may remember I asked for photos of anyone taking out their collector car on July 8<sup>th</sup>, Collector Car Appreciation Day. If you remember that day in Louisville, it was a very wet and rainy day. I tried to find a dry slot that day to no avail. Needless to say, apparently nobody else did either. Wait until next year when Collector Car Appreciation Day is Sunday July, 9<sup>th</sup>.

Thanks, Mark

*Remember...it's supposed to be fun!*

## KYANA EVENTS BY CHESTER ROBERTSON

The first event in August is at the Jefferson Mall with the Night Out with the LMPD on August 2. Last year was the first time we made this event and on short notice we had around twenty antiques on display. LMPD is offering several activities for each member of the family to get involved in, and they will have different varieties of food, free for the taking. Please call Jerry Bass and sign up.

On August 6<sup>th</sup>, we will be going down to the Country Music Show to relax, eat, and meet old friends. Call Ruth Hill and get your name on the list for this annual event.

The last Sunday of August we have our annual KYANA Picnic at The Ole KYANA Home. We are having a picnic style lunch inside to get away from all those flies. There's talk of car games being held in the grassy area. Please contact Pat Palmer-Ball to make reservations for each event ahead of the deadline so food arrangements can be properly made. Thanks Chester

## PRAYERS, THANKS AND CONGRATULATIONS

Ernie Jones had knee surgery.

The Jones family sent a thank you card which reads: KYANA members, Sending thanks for your concern, thoughtfulness, and the beautiful fruit basket. Lots of thanks, Ernie and Barb Jones.

Have a great summer. Patsy

## AMERICA'S NATIONAL NIGHT OUT-LMPD OUTREACH & SUPPORT

LMPD is again participating in America's National Night Out (NNO) and KYANA is continuing its support for LMPD by planning a vehicle display at our local NNO event. NNO is a national community-building campaign that promotes police-community partnerships.

Tuesday, August 2 starting at 4:00 p.m. is the date and time and the location is the Jefferson Mall parking lot. Jerry Bass is the event sponsor and is hoping for a strong showing of KYANA members and their vehicles. Pizza and beverages will be provided by KYANA. There is no cost to attend this event.

Please contact Jerry if you plan to attend so he can work with LMPD on appropriate display space.

## SHEPHERDSVILLE COUNTRY MUSIC SHOW

**Saturday, August 6, 2022**

KYANA will again return to the Shepherdsville Country Music Show located at 1833 KY-44, Shepherdsville, KY 40165. KYANA members Betty and Howard Hardin now own the Country Music Show and are looking forward to seeing their fellow members at the show. The program will feature several special guests singing classic country and rock-n-roll.

The KYANA group will meet at Denny's Classic Diner located at 200 S Lakeview Dr, Shepherdsville, KY 40165. Denny's is located at the southeast corner of the Rt 44 and I-65 interchange in Shepherdsville. We will meet at Denny's at 4:30 p.m. and have a casual dinner, departing for the Country Music Show around 6:00 p.m.

KYANA will provide each member \$10.00 at Denny's towards dinner. The show admission cost is \$12.00 per person and will be paid via your check payable to KYANA for \$12.00. To register for this event send a check payable to KYANA in the amount of \$12.00 per person to event sponsor Ruth Hill. Please register no later than Thursday, August 4.

## YOUTH OUTREACH OPPORTUNITY

### **Louisville Free Public Library – August 27**

There is a great deal of talk these days about youth outreach in the car hobby. Unless we get today's youth interested in our cars today, our beloved hobby may not have a future. To that end, please read about this opportunity to interact with youth at the Louisville Free Public Library. This opportunity was brought to our attention via the KYANA website:

"The Louisville Free Public Library (LFPL) is planning an event on Saturday, August 27 from 10:00 am to 1:00 pm at the Main Library located at 301 York St, that features characters and activities from the Richard Scarry "Busytown" books. If you aren't familiar with the books, they take place in Busytown and feature lots of fun cars, trucks, bikes, and other things that go (including a pickle car!). As part of the event, we would like to have modes of transportation for the kids to explore and learn about. I wondered if your organization might be interested in participating. We are looking for a couple of cool cars for the kids to learn about. The targeted ages for the event are preschool age children (under 5) but older kids will come as well. It's a family program so the children will be supervised by their caregivers, and we will have plenty of library staff on hand as well. We typically get about 500-700 people at these events. Thanks for your consideration."

Some of us probably don't want hundreds of kids climbing all over our cars and trucks. Understood. However, there are a few vehicles in our club with well-earned "battle scars" that would be ideal for this youth outreach event. Hope we can provide at least a couple vehicles to show the kids.

Anyone interested in taking a vehicle to this event should contact Kate Schiavi of LFPL directly:

## KYANA PICNIC & KYANA CHARITIES MEETING

**WHEN:** August 28, 2022

**WHERE:** Ole KYANA Home at **2:00PM**

**WHAT:** A time of fun to enjoy fellowship with all our members and enjoy some great food. Just come on out. RAIN OR SHINE. We can be inside.

As we have done previously, we want to once again help Ronald McDonald House. We would love for everyone to bring something to contribute to their needs. Some items that are always needed are: Individually packaged snacks (chips, cookies, brownies), baking mixes (cake, cookie, brownie), icing, and assorted breakfast cereals. Of course, they are always in need of cleaning supplies (dishwasher detergent, paper towels, toilet paper, liquid bleach, glass cleaner, laundry detergent and garbage bags – 10, 13, 30 and 55 gallon).

So please be generous and give a helping hand to those families that are away from home with their ill children.

We will also have a 50/50 drawing where dollars collected will go to Ronald McDonald House to help with other necessities.

**Please be considerate and send your money in by August 19 so we can make sure we order the right amount of food for everyone. We certainly don't want to turn any of our members away hungry if we didn't order the right amount of food for everyone. Thank You.**

**Must send \$7.50 per member (children under 12 \$5.00) to:**

**If interested please contact Carol or Jerry Bass at (502) 296-3814 to reserve your spot.**

## ST. FRANCIS OF THE FIELDS CAR SHOW

Be sure to mark this event and date on your calendar because this is one that you don't want to miss. Saturday, October 1<sup>st</sup> from 10:00AM to 3:00PM is the date for the annual St. Francis of the Fields Car Show (in case of rain it will be held the following day, Sunday, October 2<sup>nd</sup> from noon until 5:00PM). The location for this event is: 6710 Wolf Pen Branch Road.

Each year there are hundreds of cars on display. You will see antique cars, hot rods and even custom cars. So, no matter what your taste there is something there for everyone. All registration fees to enter your car in this event will be paid by KYANA. This makes it free to all KYANA members and pre-members. I have been to this show many times. It's like a park, with rolling grounds and huge shade trees everywhere. They will have drawing for prizes all day long plus some of the best BBQ you have ever tasted. KYANA is offering all our members a great deal if you would like to have lunch thereon the grounds. Just send me \$5.00 and I will give you a \$10.00 food voucher when you arrive at the show. There is no limit, for every \$5.00 your get a \$10.00 voucher. Please send your checks in by September 24<sup>th</sup>.

If possible, try to arrive at the show a little early so we can park close together as a club. I will have cold bottled water and crackers for all members. I'm looking forward to seeing many of you there. Its going to be a fun day. Any questions, please don't hesitate to call.

## BECKLEY WEST VIRGINIA SPRING NATIONALS

A little bit about KYANA's overnight to the  
2022 AACA Spring Nationals in Beckley, WV

The weather was perfect, the setting for the show in downtown Beckley was fantastic, the cars were gorgeous and 23 KYANA members got to take it all in. As can be expected there were a few travel issues but nothing major and we all made it in time for the show. On Friday evening, several of us enjoyed the food of King Tuts' Drive In. It was a very old drive in with a diverse menu and good food. It was unfortunate they had to close early due to lack of help but only one of our couples was unable to get their food prior to the shutdown.

On Saturday morning different KYANA members had different agendas. Those who were judging have to attend the judge's breakfast, the members showing a car have to get their cars on the show field and ready for judging. For the members who were just there to enjoy the show and the fellowship had a leisurely breakfast and viewed the show on their own schedule.

At the judge's breakfast Donna Burchett received recognition for reaching 10 judging credits and is well on her way to many more. We have a new KYANA judge, Austin Alwes, who judged for the first time. Hopefully he will continue judging. Congratulations to both of them!

KYANA was well represented with several members bringing their cars to be judged. John & Dollie Flechler received DPC recognition for their 1966 Oldsmobile Toronado, David Jones received 1<sup>st</sup> level HPOF with his 1929 Ford Model A, Tim & Cheryl Truax received a preservation award for their 1960 Pontiac Drag Car, Fred Trusty won a first Junior award with his 1977 Cadillac and Jim & Sandy Joseph won a Senior Award with their 1936 Buick Century.

Overall, it was an enjoyable show with a lot of enjoyment, participation and recognition for KYANA members.

## BECKLEY WEST VIRGINIA SPRING NATIONALS WINNERS

## BLUEGRASS AVIATION MUSEUM TOUR

On the June 25<sup>th</sup> tour to Bluegrass Aviation Museum 29 KYANA members, and a few guests, had a good time on a nice day. We started out at 10:00AM and got back around 5:00PM. Our lunch at Golden Corral had lots of fellowship and the tour of Aviation Museum was enjoyed by all. Some of the members also went to Nostalgia Station which had lots of toy trains on display to enjoy. Bob and Ramona were glad that those who attended had a good time.

# SENIOR CENTER SUMMER FEST

Thanks to the 28 club members who attended the Senior Center Summer Fest in J-town on Friday, June 24th. All who attended expressed their gratitude for the live band and the great BBQ dinner. Many of the seniors present enjoyed the walk down memory lane and they shared their personal stories. The oldest car present was Maureen and Allen Vanetta's 1914 Ford Model T. The favorite car at the event was Sarasue & Bennie Coleman's red 1960 Chevy Convertible.

## NORTON COMMONS JULY 4<sup>TH</sup> PARADE

About a dozen KYANA cars and as many and more members participated in Norton Commons annual July 4 parade. The bright sunny weather brought out a large crowd eager to see our cars on the parade route. The kids watching the parade enjoyed the candy that many of the KYANA members threw to them during the parade.

Mark,  
Thank you for your participation  
in the Norton Commons July 4<sup>th</sup> parade.  
It was a great day in the neighborhood,  
and the classic cars were enjoyed by all.  
Thank you for helping make the parade  
special!

Social Committee

## LYNDON WOODS CARE AND REHABILITATION CAR DISPLAY

KYANA was asked to display some of our cars at Lyndon Woods Care and Rehab on Thursday morning July 14. A total of 14 members showed nine cars much to the enjoyment of the residents. The staff was very appreciative of our effort as the cars brought back some very fond memories for the residents in their care. Thanks to the following members for attending with their car: Pope Beeler & Chris Pickering, George & Helen Fackler, Greg Gitschier, Howard & Betty Hardin, Mark Kubancik, Steve Lippmann, Mike Lyall, Joe & Linda Nizzi, Barbara Taylor, and Bryan Valentine.

## FEATURED ARTICLE: DAVID JONES'S MODEL A

The automobile featured on the front cover of this month's Sidelight belongs to fellow KYANA club member David Jones. It's a totally original 1929 model "A" Ford four door town sedan. It rolled off the assembly line on July 17, 1929.

Many of our club members own unrestored cars but very few this old. So, I don't need to tell you how rare this one is. The first time I saw it, it was love at first sight. So, when David asked me to help him with this article, I was glad to do it.

This car is a true time capsule from the 1920's. David's car was three months old when the stock market crashed and flung the country into the great depression. When the Japanese bombed Pearl Harbor on December 7, 1941 David's 29 Ford Model "A" was already a twelve-year-old automobile so it was lucky not to be a victim of the scrap metal drives for the war effort.

One of my first thoughts after seeing this car was, how was it able to survive for decades untouched? Someone must have stored it away up on blocks in a dry barn and far away from public view. But who would do this and why? If we only knew the answer to that question wouldn't that make a great story?

However, after looking over the car several times I noticed something unusual that caused me to question my theory of this automobile spending most of its life tucked away in somebody's barn. This car has a taillight on each of its rear fenders. Somebody has had to add that over the years because no Model

"A" Ford of any style or any year ever came from the factory with dual taillights and turn signals. And who would spend money on a safety feature like this for a car that is spending most of its life in a barn?

I changed my mind and I now think this automobile has had a busy life, but it has been lucky enough to have owners who loved it and took excellent care of it. I doubt it ever spent a night outside its garage. The engine still starts and runs perfectly. After 93 years, the only thing that I can see that needs to be done is the water pump needs repacking and the mechanical gas gauge needs repairing. If you would add a new set of tires to that list that old 29 Ford Model "A" would be ready to hit the highway again and soon start its second century.

David Jones has been a KYANA club member since 2019. He, in my opinion, is more of a car collector than a car restorer, At the present time he owns a 1959 Imperial Gold Crown, 1966 Imperial convertible, two corvette convertibles, Chevy 4 wheel drive lifted pick up, GMC 454 dually pick up, Ford F250 lifted 4 wheel drive, five GEO Metro convertibles, and a Chevy Suburban 2500.

As most of you know, we are having our annual club picnic at the club house on August 28th. I've talked to David about this and he has agreed to bring this all original 29 Ford Model "A" out to the club house for all of us to see, so be sure to bring your cameras. Now don't expect to see your reflection in the factory paint job it's faded some in the last nearly one hundred years, but you won't find dents or rust. Also, the original nickel plating on its radiator shell head lights and bumpers are still in great shape as is the interior.

Several of our club members who know David very well advised him to enter his original 1929 Model "A" Ford in the spring nationals held this year on June 17<sup>th</sup> and 18<sup>th</sup> in Beckley, West Virginia. David took their advice and trailered his 29 Model "A" Ford to the show where it took first place in its class. Congratulations David and thank you AACA for offering this special class for these rare original time capsules that give all of us a glimpse back into the past history of the automobile. Thanks, David, for sharing your story with all of us. See you at the summer picnic.

Roger Stephan: Writing this for my friend David Jones

From David Jones:

I would like to thank Roger Stephan for keeping my Model "A" safe during the winter, advising me to keep it original, being such a great friend, and such a nice article but I would like to add a few things. As far as my trip to Beckley, West Virginia, my Lord and Savior protected me several times. First of all, the car transporters that you rent from U-Haul are not made for a 1929 Model "A" Ford. The straps are not made to fit their wheels and the straps are almost the same width of the tires.

For some reason I decided to pull over, when I had plenty of gas to get more gas, and low and behold, the straps were almost completely off of my tires. If I travelled another 10 miles, I'm sure I would have lost my precious 29 Model "A" and it could have killed someone. I was scared and immediately re-strapped the wheels but I was still worried and asked my smart phone for the closest Wal-Mart. It was only 6 miles away. So I went there and bought the best ratchet straps they had and made my 29 Model "A" secure.

On the way home the Lord kept me from falling asleep at the wheel many times as I had very little sleep in the last 48 hours. I finally had to pull over and take a long nap.

Last but not least I was only 15 minutes from home when I had a flat tire. I was tired so I just called AAA and they came and changed the tire in about 10 minutes. Unfortunately, about 3 miles down the road the wheel came off. The person forgot to tighten the lug nuts, but praise God no one was hurt and very little damage done to my suburban (\$360). It could have been much worse so thank you Lord for keeping me safe.

I would also like to thank Ronnie Rudolph. If it was not for him, I would have not bought my 1929 Model A. When I went to look at it, I decided not to buy it because it was not drivable. It would not go in gear and the bottom looked pretty rusty, but before I left, I called Ronnie and he told me to send him pictures. I let him hear it run after seeing the pictures and hearing it run, he told me that I better buy it so I did. The rust that was underneath was just surface rust and I just had to have the clutch replaced. Thanks Ronnie you are a walking encyclopedia when it comes to cars. Also, I would like to thank Chester Robinson for all his help. He has so much knowledge and is always willing to help.

I get compliments on my car every time I take it anywhere. I must say that the best compliment that I have ever gotten is when a senior master car judge told me that my car is the best original unrestored model "A" Ford that he has ever seen. He also said, if he would have seen it 40 years ago it would still be the best one he has ever seen. Stop and think about that for a moment, if he would have seen it 40 years ago it still would have been the best one he has ever seen.

See everyone, Lord willing, at the picnic May God richly bless everyone. Keep the faith.
