

# YOUR LOVED ONE IS OUR PRIORITY

We bring peace of mind solutions to each family!

DO YOUR LOVED ONES QUALIFY?

## What is a family Caretaker or Homemaker?

With age, injury, illness, or disabilities normal daily household activities and chores can become difficult for older adults or your child. Being a caretaker for your loved one can be a full-time role! Having someone that understands this and can assist with some added support for your family can mean all the difference during these times.

## What you need to know

We specialize in walking families through the process to become their loved ones Caretaker - either a child with disabilities or illness to adults and elder adults with injury, illness, or disabilities living in home.

## Who is Ekklesia Commercial Services

As an Organization we are establishing services to assist Community in primary areas of care for loved ones and family members in our Local Community. Our founders have over 20 years of Community Service in Central Florida Region and abroad.

A State of FL Authorized Homemaker - Caretaker Home Services Provider. FL Medicaid Provider ID's: 14882300 & 104882302 - NPI#1265065304

### FAMILY SERVICES

#### Assesment

We initially evaluate your families situation to assess if it can be submitted and what potential benefits are available to you.

#### PCP Referral

We walk you through the steps personally to obtain Primary Care Physician referral to submit according to Carrier requirements.

#### Background Screening

Family member that is acting Caretaker will be responsible for a background check with us according to State of Florida guidelines.
