Pup Sex: Male or Female

Pup Color: Fawn, Black, Apricot, Chocolate or Brindle

Birthdate of Pup \_\_\_\_\_

Estimated Birth Date \_\_\_\_\_

You understand that we can't guarantee the sex or color of pups until they are born. If your preference isn't available you agree to be put on the list for the next litter. Clients are taken care of on a first come first served basis. No refund of deposit will be given for any reason.

\_\_\_\_\_/\_\_\_\_/\_\_\_\_ Client initial and date that they understand and agree.

You are welcome to visit your pup at 2, 4 and 6 weeks of age. Please understand we need a 2-week advanced notice of your requested visit dates. We need to be able to maintain a schedule.

You have 7 days to have the puppy vet checked. If any concerns are found the pup will be returned to The Pug House with a written vet report. At that time, we will gladly offer you another puppy. The initial puppy must be returned to me for a replacement to be provided. If one of your liking isn't available at that time you will be put on the waiting list for the next litter.

Return/refund is only covered for genetic or congenital problems and not for accident or illness that occurred as a result of being taken to a new home. That would include stress diarrhea and a multitude of other potential problems like heat stress or injuries.

All pups are guaranteed for a 1 year period from the birth day for any congenital defects effecting the puppies' ability to live a normal life. Our pups are not sold as show dogs or breeding dogs they are pets only.

Covered diseases are Hip Dysplasia or heart/organ genetic problems up to 1 year from birth. Also, genetic diseases PDE and PKDef. No pup should be given a Leptospirosis vaccine before they are 6 months old (it can cause seizures, and most vets know that).

A replacement puppy will be given upon the first available litter. The return of said puppy will be required along with the registration papers and a health report form a D.M.V.

A.K.C. papers will be provided to buyer after the pug house has a vet report saying puppy has been neutered.

All puppies go home with the following.

1. Vet report
2. Wormed at 2,4,6,8 weeks of age.
3. 1st set of vaccinations
4. Starter food
5. Puppy kit - which includes toy, blanket information packet,
6. A microchip and applicator will be provided for every pup, and it can be placed by the vet or owner after the age of 12 weeks.

Any action or claim brought by the buyer against the seller for breach of this agreement or for loss due to negligence must be brought within 1 year of the date of this agreement. This agreement shall be governed by and construed in accordance with the laws of Minnesota, County of Sherburne. Any legal claims will be filed and held in Sherburne County, Minnesota.

This agreement is void if the puppy changes ownership from said buyer in contract.

By signing this agreement, the buyer has read the contract and all questions have been answered as well as the buyer agrees to be held to all terms and conditions.
