Ashley: What were you first struggling with when you came to me?

Client: I was struggling with highlighting my strengths in detail. I have always been told that I don't sell myself confidently enough. I was too vague, did not give strong examples, and stumbled over my words.

Ashley: What happened as a result of you working with me?

Client: I became secure in my abilities which helped me speak confidently and organize my thoughts effectively.

Ashley: What was a surprise you received by working with me?

Client: I was surprised by your patience, wealth of knowledge, and experience. You are an expert wordsmith.

Ashley: Share something you didn't think you were going to get working with me that you got?

Client: Honestly, I didn't expect such organization and indepth attention to detail.

Ashley: What would you say to someone sitting on the fence about working with me?

Client: Jump! Ashley will catch you and lift you up to reach what you thought was out of reach. Matter of fact she soothed my worry and the anxiety that I would not be seen as a competitive and competent candidate...so I say jump at the chance...do not stop...do not walk. Run towards achieving your goals with Ashley.
