

Main Function

Applied to automated machinery and used to check the weight of packaged goods.

FEATURES

- 1 Strong stainless steel structure; Water proof design
- 2 High accurate load cell; Based on advanced DSP technology
- 3 Automatic weighing compensation and zero tracking
- 4 2000 sorting records; Printer output ready
- 5 Touch screen; Friendly operation interface

REJECTORS

Air Jet

Pusher

Falling Drop

SPECIFICATIONS

Measurement	Strain Gauge
Rejection	Air Jet / Pusher / Falling Drop
Operation	Touch Screen
Alarm	Buzzer & Lamp
Belt Speed	31-70m/min
Power	AC110V/220V 50-60HZ
Rated Output	Appr. 200W
Dimension	1468mm(L)*558mm(W)*1285±35mm(H)
Weight	68kg+44kg

Weight	Speed	Accuracy
7-99g	70bags/min	±0.5g
100-199g	60bags/min	±0.5g
200-399g	50bags/min	±0.5g
400-999g	45bags/min	±0.5g
Product Limit(mm)		
Length	Width	Height
250	230	5 ~ 200
