

Dear Gracious Giving

Words cannot begin describe how blown away myself and my team were by your Christmas gifts for the kids. We have worked with several donors and organizations in the past who all have had good intentions yet struggle to meet the needs of our youth. Gracious Giving DELIVERED and took Christmas for our foster kids to the next level. You were able to meet all the requests of 70 youth and the gifts were fantastic. In addition, you were easy and friendly to work with. Great communication from your team, everything was delivered, organized and tagged with the kid's names. It was very apparent that Gracious Giving is dedicated to supporting foster youth. We are so incredibly thankful and an in awe of how awesome you all did.

The holidays can be a difficult time for children in foster care, especially this year with the pandemic restrictions on seeing their families. Each gift, touched the life of a child in need and brought them joy and helped to spark their holiday spirit. Thank you do much for all your work, we could not have asked for anything better!

Thank you from my team and our foster kids!
