2024 FOUNDER'S AWARD

Since its founding in 1944 by Bess Bardens, THE QUESTERS has emphasized education through research. To that end, every year The Convention Planning Committee selects a Founder's Award topic to focus member research.

The Founder's Award topic for 2024 is "The Legends of California." The topic is broad enough to encourage research on people, authors, artists, places, etc.

The Founder's Award is presented at the International Convention Luncheon. Founder's Award papers are prepared following the same guidelines as other study papers.
Guidelines for submitting Founder's Award research papers are available at www.questers1944.org-- Members, Study Papers and Resource Library.
The deadline for submitting a Founder's Award paper is March 1, 2024.
