NHS EXECUTIVES

STEPHEN POWIS - a National Medical Director - really ?? Are you worth your salary >£200,000 according to the internet

JULIAN KELLY - Deputy CEO - do you deserve your title ?? Let alone your >£200,000 salary according to the internet

Richard Barker

Well Executives...as it's 15:55 Friday 2 Feb I don't expect to hear from you today.

Appalling management skills...none of you would survive in a commercial environment.
Some of you must be away with the fairies.

If I was in your position I would have written first thing this morning to say that I/we are having discussions with my colleagues and will contact you again before 5pm. We might not have a definitive answer to all of your questions, but we will try our/my best.

So as they say in the Eurovision - nil point.

Just to give you another opportunity I'm letting you know that I intend to take this matter to other officials if you don't give me any answers by 5pm today.
