

2000 Mules

2000 Mules

What's a Mule?

A Mule is a paid political operative

Hired by a left wing organization

To deliver fraudulent and illegal votes to mail in drop boxes

The number two thousand is a ridiculous undercount of the number of Mules

The real number is much greater

And the Democrats deployed them in all the key states

Essentially to rig the election for Biden

To put Joe Biden over the top

This is not a big lie

It's not misinformation

It is now a proven fact
