## *President's Message*

### *Jimmy Les Lesniak*

It is now January and we have a brand new year to make something happen. Last month thousands of people made something happen in South Florida. It was the annual Toys in the Sun Run. This event gets better and better each year, and with the economy slowing down it was very heartwarming to see so many people spending so much time and money helping others. I know the Toys in the Sun Run has a party/shopping atmosphere, but the result of this event helps so many children and their families when their need is the greatest. I enjoy seeing the people line the streets and highways watching all the motorcycles. To many of those people it is a parade of motorcycles and just entertainment, however mixed into that crowd are people to whom this ride is a lot more than entertainment. I see mothers and fathers holding signs that say "thank you for helping my child" or "my son is alive because you care". This really makes you realize the purpose and importance of this event. The event lasts one day for the majority of the people, but it requires a multitude of hours from many dedicated people to bring this event together. With that in mind, I am proud to be involved with this fabulous event and honored to be associated with all the motorcyclists and bikers that make this event a reality. My thanks especially goes out to all the ABATE members who worked so hard before, during and after this event.

Last year ABATE of Florida fought a bill that if passed would have required police (made it mandatory) to confiscate (not just impound) your motorcycle and issue a ticket, if your license tag was mounted vertically. That bill required you to have a tag that is mounted and has the printing horizontal. With the help from ABATE, that bill was changed to remove the mandatory ticket part from the law and remove the mandatory confiscation from the law. The bad part is; there remains a \$1,000 fine attached to the new law. If you have a vertically mounted tag on your motorcycle the police can give you a ticket that requires you to pay \$1,000. The horizontally mounted tag law was already on the books for years, but was almost

never enforced. It carried a fine of about \$60.00. At one time a person could buy or build a motorcycle with a vertically mounted tag and get it titled and licensed from the state. I find it a bit of a conflict when the state will issue a title and tag for a motorcycle, but when you take that same motorcycle for a ride, you will receive a ticket for a vertically mounted tag. Now that ticket can cost \$1,000 or more. At this time, if you have a vertically mounted tag and you get pulled over, try not to anger the police officer. If the officer gives you a ticket, he may give you the one with the old statute number that carries the small fine, about \$60. There were two members in the legislation that were the major players in getting this law passed. In their defense I will say the tag mounting requirement is only a portion of the complete law. At this time ABATE of Florida has been in contact with all of these people. We are seeing what options are available to change this law into something more relevant to the infraction. First option could be the elimination of that portion of the law. We already have a statute on the books to address the mounting of your tag. Another solution is to leave the new law in effect, but return to the previous statute fine of about \$60.00. Another option is to "grandfather in" the motorcycles that already have a vertically mounted tag and later we could address the possibility of new bikes having the vertically mounted tags. Finally vertically mounted tags could easily be read if the Division of Motor Vehicles offered a vertically printed tag. I would venture to guess the state would charge an additional fee for the vertically printed tags, but I am sure it would be a lot less than the present \$1,000 fine that is now being charged.

In the next few months the legislation will be in session and there are several bills that will have an effect on your rights. Many times our elected officials pass restrictive laws with the intentions of saving us from ourselves. It is these good intentions that can deny you your rights to ride free. We will have updates and additional information on our web site, [www.abatese.org](http://www.abatese.org).

Until next month, ride safe and free.

### **Meeting Minutes Dec. 21, 2008**

The meeting was called to order at 10:15am by Sgt. @ Arms Leo the Lion with 30 members in attendance. Followed by the Pledge of Allegiance and a moment of silence we started the meeting with a prayer from our chaplain, Tumbleweed.

#### **President's Report**

Jimmy thanked all our members for coming and wished them Happy Holidays. He thanked all our members who came out to support the Toys in the Sun Run. Our booth was moved this year to a prime area on the circle with all those who attended had to walk right by us. Over 1000 safety items were given out. A special thank you to: Lynnhara, Missie & Paul for all their hard work in selling the drawing tickets for the Children's Hospital. Right after today's meeting we will be having our Christmas off the Beach party at the VFW. This was moved due to the complaints we received last year for the cost of getting into the park. Today's party is being brought to you by your State Delegates. Your State Delegates have donated the reimbursements they receive for travel expenses to state meetings back to the chapter for this. Thank you.

## Old Hippy's Corner

Hope every body had a good Holiday season!

We have a New Year ahead of us with a lot of new people in power to help make decisions for us on what we should need or not need. They call it legislative issues to make our life better and safer. Once again they need to protect us from ourselves.

There are several senate bills in the process of doing something about cell phone usage. They are SB112, SB212 and the "Heather" bill SB172, which deals with usage in a school zone. I think it would be nice have any one of them go thru, but I wouldn't count on it. Things seem to get hung up in committees a lot lately and go no where, like the HIPAA bill.

Hope they remember the train wreck in California, where the engineer was texting messaging, using his phone when he missed a signal and plowed into another train killing a lot of people

Another piece of proposed bill, is a General Bill S262 .

Traffic Accidents/Blood Testing [CPSC]; Requires a law enforcement officer who has a **reasonable suspicion** that a person was driving or in actual physical control of a motor vehicle when it was involved in an accident that may have caused or contributed to the death of a human being to require that the person submit to a blood test to determine the alcoholic content thereof or the presence of specified substances, etc.

Don't you just love the term "**reasonable suspicion?**" I personally have nothing against this one because it's a blood test and it deals with accidents that resulted in death

I had some time off last year and killed some time watching the tube. I watch the History channel a lot and they have a show call Gangland which profiles all the different "gangs" out there. They ran a piece on Hell Angels, Mongols and the Outlaws that must have been done a ways back because of the members involved and the actions that was reported.

Anyhow, it wasn't long before I heard what happen to the Mongols and how they lost their right to wear or use their Patch (LOGO) under the RICO law, when some of them got caught in a sting. (*I wonder how the Feds are dealing with the tattoos on their backs?*)

### ***Interesting!!!***

With all these "**documentaries**" being shown about how bad these MC clubs are and recently there is even a weekly "*Soprano*" type show being aired about a fictional one too. Is this giving the wrong impression to the general public of all Motorcycle Clubs in general and their members?

Not a good thing these days for the biking community, they are already chasing bikers away, like what Myrtle Beach is trying to do.

Enough said for now  
Ride free and safe

## ROAD CAPTAIN

I would like to start by wishing everyone a happy and healthy new year. In the past month we've had a couple long rides, one that included a trip up to "Vanishing Species" in Palm Dale and then back down to the Palm Beach Chapter ABATE "Freedom isn't Free Rally". I would like to see more members participate in the rides. You are all more than welcome to join us. 2009 will have a lot of rides and events to attend. They all need our continued support. Remember to check the hot line regularly for all current happenings. Once again, it's that time of year when the roadways are more congested and people don't know where they are going. Therefore, it's important to stay more alert and watch out for the other drivers. Ride free and safe

# Vice President

I would like to start by wishing everyone a happy and healthy new year.

As you all know our next semi-annual Right's Rally will be January 18, 2009 at Wetz Pub 8354 W. Oakland Park Blvd. Sunrise. We continue to need everyone's support and help with the many tasks that make our event successful. If you can volunteer some time to help out, please see Rick or Shakey Bob early in the morning on the 18th.

2009 will bring us some newly elected legislative representatives some of which are biker friendly. Please contact them or send an email for their support of our needs.
