DEADLINE: 20th of each Month for Articles, Ads, Flyers, etc.

ABATE of Florida, Inc. • www.AbateFlorida.com • flabate@bellsouth.net • (386) 943-9610 (voice & fax)

TO PLACE ADVERTISEMENTS

You must submit print ready ads or PC compatible disk. Black type on white paper, including business cards, required. Ads and copy must be prepaid to "SE ABATE Chapter" and submitted at or before the chapter meeting to be included in that issue. Due to limited space all ads must be paid to date or they will be dropped without notification. THE ADVERTISER IS RESPONSIBLE FOR ALL COPY AND AD CHANGES. Non-camera ready advertisements will incur a minimum \$50 layout charge and will be billed separately.

The Southeast Chapter Newsletter is published monthly by ABATE of Florida, Inc. Southeast Chapter, PO BOX 292693, Ft. Lauderdale FL 33329-2693. 1600+ NEWSLETTERS PUBLISHED MONTHLY.

The views expressed in this newsletter are not necessarily those of ABATE OF FLORIDA, INC., or the Southeast Chapter. This publication encourages its members to express their own beliefs and/or opinions. ABATE OF FLORIDA, INC. and the Southeast Chapter accepts no responsibility for the opinions, views, or comments contained in this publication. Southeast Chapter reserves the right to edit any article submitted for publication for mis-spellings or inappropriate language, or photos.

Motorcycle Rights & Safety Dedicated to

“Freedom of Choice, Freedom of the Road”

You may know us as the motorcycle organization that got the helmet law repealed in Florida or from our motorcycle rights and safety rally's throughout the year.

ABATE of Florida is not a club, we are a motorcycle rights & safety organization dedicated to promoting motorcycle safety while remaining ever vigilant of the legislative issues concerning motorcyclists' nationwide.

We Are Not ANTI-HELMET, We are ANTI-HELMET Law!

One of the most popular misconceptions about ABATE is that we are anti-helmet. Nothing could be further from the truth. We are “anti-helmet law” if you choose to ride with or without a helmet it's your choice, it is your right to decide whether wearing a helmet is right for you. ABATE is an organization fighting to protect your rights.

President's Thoughts

FYI.....SENATE PASSES FOLLOWING BILL

-SB 244, The bill would make it illegal to impede the flow of traffic by hanging out in the left lane. The "road rage bill" has been a perennial subject for Sen. Mike Bennett, R-Bradenton. "This seems to be my legacy bill," Bennett said. The bill passed 36-1.

Also I'd like for everyone to please keep in mind of our friends and loved ones below. Remember keep the shiny side up and the rubber side down...

Thinking of You

Below are some friends that we are thinking of:

Ferrn's husband "Jackie" is not doing well and is in Hospice. Please keep her in your thoughts and prayers as she is dealing with this at this time.

And let's not forget about "Rainman". Keep him in your prayers. We hope you'll be on your feet soon.

"Turtle" Wheels of Man MC was in a motorcycle accident. He's recovering and doing ok.

There is Laina, who was also in a motorcycle accident coming home from Cafe 27. Don't know anything on her injuries, but is also in a coma. We are praying for your recovery.

ABATE SE Life-Member Dave Carter (co-owner of Mickey's Bar in Pompano) is still in the Hospital. We hope he'll be out of his coma by the time everyone reads this! It's been awhile and we miss you, and we really want to see you....."WAKE UP DAVE"!

Please, always keep all sick or injured in your prayers.

And please always keep your memberships Up-to-Date!!

Or join ABATE today for your D & D Insurance.

Be Strong, Ride Safe and Ride Free

ABATE of Florida, Southeast Chapter Meeting Minutes Feb. 19, 2012

Assistant Sgt @ Arms Jimmy “Les” Lesniak called the meeting to order at 10:20am. There were 44 members, no members at large and 1 guest. Total in attendance: 45. The meeting started following the Pledge of Allegiance, a moment of silence for our Armed Forces personal serving and protecting our country and a prayer by our Chaplain “Poppy.”

President’s Report

Johnny thanked all members for coming out on this beautiful morning. He thanked all the members who came out to help at our Semi-Annual Event. We are doing what we can to promote ABATE and to find different ways to raise money for our chapter since this event was not one of our best fundraisers. We have had a number of riders go down, please keep them in your thoughts and prayers for a speedy recovery. Dave wake up.

Vice-President’s Report

Old Hippy thanked all members for coming out today. Right after today’s meeting we will be headed to the States MC Event in Lake Worth. States MC has always supported us, now is the time for us to help support them. Be careful out there. We have had a number of riders going down with most of them being single vehicle accidents.

Secretary’s Report

A motion was made to accept the minutes of the January’s meeting as printed in the newsletter. Motion seconded, all in favor, motion passed.

Treasurer’s Report

Joe was excused. Paul read the financial report for January. A motion was made, seconded to accept the Treasurers report. All in favor, motion passed.

Sergeant at Arms Report

Geo was excused. Jimmy Les reported there are way too many accidents. Most incidents are due to driver error. One of the he best way to improve your odds while on the road

is to allow more distance between yourself and the vehicle in front of you. Also, adjust your speed if you are next to someone in the other lane; try to get in front or behind them. If you are side by side and they blow a tire, spill their coffee, text etc. there is a good chance they will come right into your lane.

Road Captain’s Report

Frank was excused. No report

Please check the hotline for run updates and important information.

Safety Directors Report

Dave thanked Teddy Bear for all his help. Teddy Bear has been there to help when Dave is unavailable. Not much going on, but please be careful out there.

We did receive Safety products from the State including a new pin that states “Check Twice for Motorcycles”

Products Report

Johnny Rose reported we have products. If any member is interested in becoming our Products Trustee until our elections in June, please contact any board member. In the interim, if you need any products, please contact Wildcat. Her number is in the newsletter.

Events Coordinator

Steve Thomas has stepped up to help as our events coordinator. A vote of confidence was called, all in favor. Congratulations Steve and Thank you. Not much to report right now, we are working on our Memorial Day Event. We have had a number of establishments come forward wanting to host our event. This is a testament to our chapter. They are coming to us. We will keep you posted; our goal is to have our plans set by the end of this month.

State Reps Report

Demetrious reported this month’s State Meeting is in Tallahassee. Yes it was very cold. Full details of the meeting will be covered in the Masterlink, highlights include:

Doc will not be running for President.

We do not have territories. Insurance paperwork and all related event paperwork must be turned in to the state within

the time frames allowed.

Volunteers are needed for bike week. This year bike week is the second week on March, should be a lot warmer than last year. If you go, please support our State Campground. Bike week is the only fundraiser the state has, with the economy, they have had to reduce the size of the campground they rent. So come on out and support the state and all our chapters who fight for your rights. We are looking at a Motorcycle Rodeo next year to raise money. We need to work on local Proclamations from our city's and the county to Proclaim May as "Motorcycle Safety Month".

There might be a lot of changes due to re-districting. We will keep you posted on the changes. Some good, some bad. Use caution when asked questions by the media, refer them to our president if unsure on how to answer.

Lawsuit filed against the Hillsborough County Sheriff for not allowing bikers into the State Fair.

Membership Report

George reported we have 646 members. **It is impossible to process a new or renewal membership application, send out your membership card and a newsletter to your home:**

IF WE CAN'T READ THE INFORMATION ON THE APPLICATION.

Please print or write legibly.

Newsletter Editor

Wildcat reminded all members that all articles; contributions, pictures etc are due by the 20th of each month. This month all articles are due by tomorrow. Sadly due to personal scheduling Wildcat will be giving up her trustee position in June. Anyone interested to become the Newsletter Editor please call her ASAP. She has given us 5 months notice, which will give her plenty of time to train someone who is willing to step up and take over the position. If you are interested please contact her or any board member. Her new email address is: wildcatlady2009@comcast.net

Legislative Report

Old Hippy reported we must be vigilant. They are looking to increase the amount of ethanol from 10% to 15%. This is not good as we the taxpayers are paying the subsidy to support Ethanol. Ethanol does not work well in motorcycles, lawn mowers etc. For your vehicle, you will get poorer gas mileage but pay more for it. More bills are coming to prevent future funding to the states that conduct Motorcycle Only Checkpoints. California already has a sponsored bill. We will closely follow this very important issue.

Public Relations

Fern was excused. No report

Advertising

Hope was excused. We need advertising to offset our primary avenue of communication. Our Newsletter. We need to do

whatever we can to make our newsletter self-sufficient. To do this we need more advertisers. Johnny Rose reminded all members, no matter where you go try to get a business card ad. The cost is very low and helps support our newsletter.

Social Directors Report

Steve Thomas has stepped up to take over as Social Director. A vote of confidence was called for, all in favor. Karen was thanked for all her hard work over the years as Social Director and in charge of the Newsletter Distribution. Next months birthday party will be held at Cagney's. Check the hotline for time and date. Preliminary date is March 17th.

Newsletter Distribution

Due to personal commitments Karin has had to give up over seeing the distribution of the newsletter. Charlie has stepped up and will be handling the newsletter distribution. He will be working closely with Old Hippy and Karen to ensure a smooth transition.

Quartermaster's Report

Bob Anz was excused. No report

Photographer's Report

Axman reported we have pictures. He will be giving Wildcat another disc for uploading.

Web-Master's Report

Mike reported web up and running.

Legal Council

We have reports on an incident, which had taken place at Hooters on University Drive in Sunrise. It appears the City of Sunrise conducted a "**motorcycle only stop**" in the parking lot. They were checking endorsements on licenses, red or blue led lights on bikes etc. **Right now all we have is talk on what happened. If you know of anyone who was stopped please have him or her contact any board member for follow up with our legal council.** Discussion on 2 riders who were injured in accidents. 1 did not have motorcycle endorsement on his license; the other was not wearing a helmet but did not have the proper insurance coverage. If you do not have a motorcycle endorsement on you license, you will be treated as not having a license. In Florida it is a 3rd degree misdemeanor and you insurance company can deny you automobile insurance. At least get a motorcycle learners permit. This will cover you until you can get your endorsement. As far as the proper medical insurance, if you are self employed and do not have medical insurance, if you keep the insurance minimum \$10,000.00 in an escrow account for the strict purpose of covering any medical bills if you are involved in an accident will be sufficient. Just a reminder, ABATE is not anti-helmet. We are anti-helmet law and are advocates for freedom of choice. Florida DOES have a helmet law on the books. If you are under 21 years of age or above 21 years old and do not have \$10,000.00 of medical insurance, you MUST wear a helmet.

Old Business

None

New Business

None

Good of the Order

After today's meeting

States MC Lake Worth. Kick Stands Up 30 minutes after meeting.

The Black Pistons MC has a number of plastic tables for sale at 15.00 per table. Jimmy Les and Shaky Bob donated 30.00 and 15.00 respectively to purchase 3 tables. A motion was made, seconded to match their donation from the chapter to purchase as many tables that a total of 90.00 can buy. All in favor, motion passed. BARS will handle on behalf of the chapter.

Smoky from the El Quoqui Motorcycle Association read a letter Thanking ABATE of Florida Southeast Chapter for our help in making their Christmas Toy Run a success. There was a very special letter received from the church groups involved and a copy will be reprinted in the newsletter. In addition they will be having an event on 4-15-12 at Mickey's. So come on out and support them as every member of El Quoqui is also a member of the Southeast Chapter. Our new chapter Events Coordinator and Social Director is also our newest advertiser. His company is Soldiermart and can provide almost everything military, pins, patches etc. His web site is www.soldiermart.com

Check it out.

In April there will be 2 events you do not want to miss. On 4-14-12 Autism Speaks will be having a walk a thon. Our own Teddy Bear will be holding a fundraiser right here at the Legion on 3-2-12. Autism is one of the diseases that get some of the lowest contributions to further research. Since his grandson has a form of Autism, please come out and support one of our own.

On 4-15-12 The Ride for Kids Cure Pediatric Brain Tumor Foundation will be held. This is a 40-mile police escorted ride. For more information call 800-253-6530 or check their web site at www.rideforkids.org for information.

Casey at Cycle Lab will be having a swap meet on Sat. Feb. 25th. Come on and check it out.

Thunder Cycles will now be selling the Victory brand of Motorcycles. They will be having an open house on Sat 2/25/12 from 1000-500pm. Test rides of the new Victory's are available as long as you are dressed appropriately, have a helmet and motorcycle endorsement on your license.

Every Thursday States MC has an open house at their clubhouse. Cash bar but the food is free until it runs out. This week they are serving Chicken Fiancées. Their clubhouse is located at 761 SW 13Ct Pompano Beach.

Remember to check the Hotline @ 954-310-4636 for all updates

A motion was made, seconded to adjourn the meeting. All in favor, motion passed. Meeting adjourned at 11:50am

These minutes were summarized and submitted by:

Old Hippy's Corner

I was reading a distance past local bike rag and it reminded me of one of those timeless tune “times they are a changing” by Bob Dylan. In this Mag. Reading this you could see how the face of the local motorcycle community has changed in the last decade. Gone are a lot of the local hangouts where they promoted and courted the riders to come and hang out. Some of these large players are still around but gave up attracting riders. I remember one in particular that not only could you see their ads promoting motorcycle attendance but they also catered to large Motorcycle events. This was also the time when work and money was plentiful and it showed with the attendance that appeared. Now it is different, gone are all the so many bike repair and parts shops whose ads filled the pages along with so many holes in the wall establishment that you could always count on the see a few riders’ scoots outside.

Age of riders has also changed the landscape a little with their preference for sports bikes, which when some of us started riding was no more than something with around 300cc’s, which at the time seem plenty. They are also have also been marketed for that age group and let’s face it, the music they like to have at their gatherings is not a big draw for the older cruiser riders, like this old man.

I see other changes also that I can relate to, such as with the now reduction of expendable funds I have had to curtail going to a lot of events and even on some rides due to the cost of fuel, let alone refreshments (I notice I didn’t say beer).

One thing that does bug the crap out of me is the term I hear more and more, which is “Show Chrome”. I have, by luck was able to have a high end Harley and it is apparent to me that it is made to look good this chrome but don’t expected to stay that way for long. I remembers days past when the chrome almost last forever, now a days it flakes off. I’ll take the old chrome over this so called “Show Chrome” any day! Heck I remember a 20 year old car and you could still buff the chrome to a shine.

I also remember when gas was cheap and contained gas, now we have Ethanol and just stopped subsidizing the production of it which cost us \$7 billion per year, or \$1.90 per gallon. Now with it we have to fill up more often and pay for the repairs that it has caused.

Remember when it was cheaper to camp than get a hotel at bike week? Well with the amount showing up due the economy you can get a room the same day for just a little more.

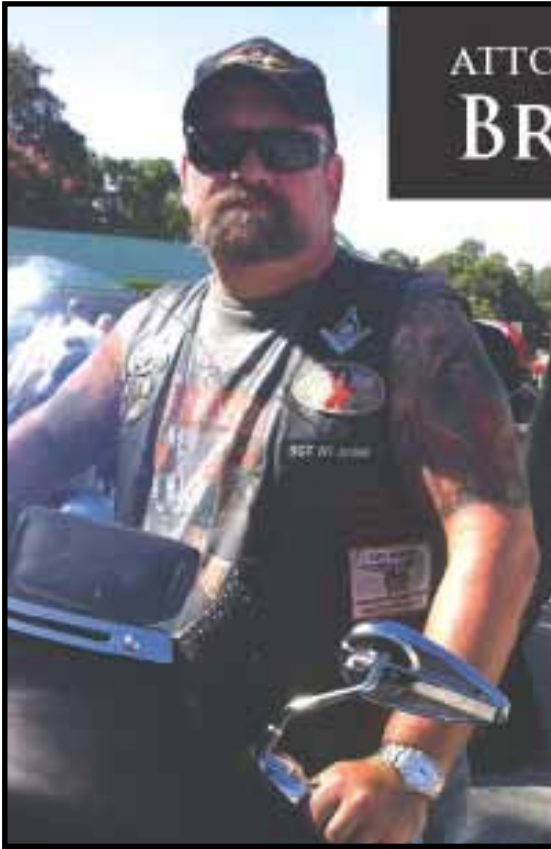

Well I’m keeping this short...till next month

Keep the shiny side up and the greasy side down

IGLESIA DE DIOS PENTECOSTAL

MOVIMIENTO INTERNACIONAL

Nathanael y Linda Rivera, pastores

January 31, 2012

Abate Motorcycle of SE Florida

This is a thank-you letter for the wonderful gifts that the children from our church and the community received in December from your organization.

With the recession and high unemployment and foreclosure rates, we knew this was going to be a challenging year. Here's what your gifts have done throughout our community. They've allowed children whose parents had no job, the disappointment of having to explain why there would be no gifts at Christmas this year. It has given hope to the hopeless. You brought tears to the eyes of the volunteers who worked distributing the toys to the children when they saw a big smile on their faces.

You've been generous, dedicated and most of all you've been humble, never seeking recognition for you acts of kindness. We may not know all of you personally. We might not recognize your faces, but we know your spirit. It's joy. It's compassion. It's love.

We know you don't want thanks, but as a kindness to those who have benefited from your generosity please allow us once again say Thank You.

We wish God's blessings upon you and may you have a happy and prosperous year.

Sincerely,

Rev. Nathanael Rivera

VIVIMOS EN CRISTO

*manos en unión
vivid con Cristo, amarrados en Él.
Alentámonos en ramos de
crecimiento en el Señor, y
fortalezámonos y
perseveremos en la
verdad.*

Vice Prez

Hope everybody that is going to Bike week has a safe ride and has a good time. The chapter has been out to several functions and have been able to set up membership and safety booths which makes us able to at least remind riders to be a little more careful. What seems like an emergence of riders going down in single vehical accidents it makes it even more important for all of us to be more careful. We have been lucky enough to be able to fill a couple of trustee positions and still have a few more to fill, so if you have the time and commitment we could use your help. Lucky for us, one of the positions that was filled was the Events Coordinator, just in time to help make plans for our next event. The decision and location will not be in time for this issue, but we will fill you in next issue and it is already looking like it has the possibility to become one of our largest. I am keeping this short due to deadline and in closing, remember this is an big election year for ABATE, not counting in government.

Till next time ...I'll leave you with a quote from Ronald Reagan:
Freedom is never more than one generation away from extinction. We didn't pass it to our children in the blood-stream. It must be fought for, protected, and handed on for them to do the same.

I hate hospitals, so Ride Safe

Old Hippie

Holy Crap!!!

Howz This Even Possible???
Donnie (Mystic 7 MC) is Turning 60!

YOU'RE MOTORCYCLE ENTHUSIASTS. AND SO ARE WE.

While you're on the road of life, you may hit a rough patch. That's where we come in. Since 1997, we've served the needs of those suffering with addiction and their families. We're a nationally accredited and state licensed facility, and we offer both residential and outpatient programs in a private, confidential setting. If you need help, you can trust us to get you back on your feet – and on the open road. If you're facing mental health or addiction issues, *we're here, and we care. Let's talk.*

COMMUNICATING WITH GOD

First of all we would like to give thoughts and Prayer to all of our brothers and sisters in need, especially Johnny Rose, for a speedy recovery, and to his family strength in their time of need.

How do we communicate with God? I think the best way is to Pray. Now, how do we do that? We can ask for something specific, and it doesn't have to be big or small, all our needs are special to God.

He will always provide all our needs no matter what they are all we have to do is ask. Ask and you will receive, knock and the door will be opened, I think all He wants is a relationship with each one of us.

There's a song that comes to mind it says "oh what a friend we have in Jesus", and if you think about it imagine having a friend who is with you all the time that can do anything. Remember all things are possible with God.

Jesus is our Lord and Savior, and He also wants us to think of Him as our Friend who is with us all the time, who we can walk with and talk with, and tell Him anything. He is with us all the time, and by doing this when we talk with Jesus we are communicating, I think this is also a way of praying, He's a great listener. He will never let you down !!!!

The following is an example of what a conversation with God could be like:

Me in a tizzy: God, can I ask you something?

GOD: Sure.

Me: Promise you won't get mad?

GOD: I promise.

Me frustrated: Why did you let so much stuff happen to me today?

GOD: What do you mean?

Me: Well I woke up late,

GOD, Yes

Me: My car took forever to start,

GOD: Okay....

Me growling, At lunch, they made my sandwich wrong and I had to wait

GOD: Hmmmm..

Me: On the way home, my phone went dead, just as I picked up a call.

GOD: All right

Me loudly: And to top it all off, when I got home, I just wanted to soak my feet in my foot massager and relax, but it wouldn't work. Nothing went right today! Why did you do that?

GOD: Well let me see..... the death angel was at your bed this morning and had to send one of the other angels to battle him for your life. I let you sleep through that.

Me humbled: Oh...

GOD: I didn't let your car start because there was a drunk driver on your route that might have hit you if you were on the road

Me ashamed.....

GOD: The first person who made your sandwich today was sick and I didn't want you to catch what they have, I knew you couldn't afford to miss work

S.E. Chapter

*Happy
St. Patrick's
Day!*

Me embarrassed: Oh.....

GOD: Your phone went dead because the person that was calling was going to give a false witness about what you said on that call, I didn't even let you talk to them so you would be covered.

Me softly: I see God

GOD: Oh and that foot massager, it had a short that was going to throw out all of the power in your house tonight. I didn't think you wanted to be in the dark.

Me: I'm sorry God.

GOD, Don't be sorry, just learn to trust me.....in all things, the good and the bad.

Me: I WILL trust you God

GOD: And don't doubt that my plan for your day is always better than your plan.

Me: I won't God. And let me just tell you God, thank you for everything today.

GOD: You're welcome child. It was just another day being your God and I love looking after my children.

Scriptural References: II Samuel 22:31, Proverbs 3:5, Hebrews 2:13

"The generous will prosper; those who refresh others will themselves be refreshed.. ." (Proverbs 11:25)

In all things give thanks. 1 Thes 5:18

How to Buy Car Insurance

Order Your FREE Book Today!

This is the book your insurance agent does not want you to know about!

Car insurance is so expensive, and it can be difficult to get all the information you need to make an informed purchasing decision. This book takes the mystery out of buying car insurance.

Most people can't even answer basic questions about their own policy regarding bodily injury liability, comprehensive, or collision coverage.

Buying Car Insurance will help you to understand the fine print in your insurance policy. You'll discover why the legal minimums might not give you the coverage you need.

No insurance agent will reveal the industry secrets covered in this book. We will show you how a few more dollars in monthly premiums can return thousands in future protection.

**Protect Your Family from
Irresponsible Drivers in Florida**

4. What to say when your insurance agent suggests you buy an "umbrella policy."
5. Where to look in your policy to determine your current coverage.

From Your Safety Director

March

The month of March could be called the lucky month. In the month of March we have St. Patrick's Day. If you have a clover leaf, you are lucky. To help keep you safe and lucky on the road, most folks buy a Guardian Bell, and give it to their friends to put on their bikes. Lord knows there are times we need all the help we can get out there. I just read that we will soon be riding in computer driven cars and buses. That motorcycles will be the only operator driven motor vehicles on the road. That sure would make our rides a whole lot safer. But until that becomes a reality, lets go back to some of the basics of riding.

What to wear while riding, Head protection. You have the right to chose whether to wear a helmet or not. I wear one because I am not as hard headed as I was when I was younger, and it helps keep the hearing aids in the ears. Although I do wish they had one that looks like the whiffle Ball. Solid but with lots of holes in it, so the wind can blow threwh what hair I have left.

Eye protection. You must wear eye some kind of eye protection, being safety glasses, goggles, a helmet with a face shield. A piece of dirt, or a bug in your eye can make a great ride a bad one.

Jackets, I know all too well how hot it is down here in South Florida. I was born and raised here. There are plenty of jackets made of different materials that you can find one that will make you comfortable on any ride. Remember, the roads are not made of memory foam. They are more like a cheese grater.

Pants, Long pants, not shorts or skirts.

Gloves, your hands get sweaty. Gloves will help keep your grip on the handle bars, and protect them from abra-sions if you go down.

Boots, over the ankle boots. No sandals, flip flops or penny loafers please.

Rain gear, you are in South Florida. You should have your rain gear with you when you go out for a ride. Every time we went camping when it was only 20 percent chance of rain, we got flooded out.

Until we get the roads safe for all to ride, you should do your best at protecting your self when you go out for a ride. Guardian Bells may help ward off the road gremlins, but lucky charms can only protect you so much.

We promote motorcycle safety, training, & political awareness. We ARE NOT A CLUB OR A GANG. We fund our work through toy runs, poker runs, campouts, & other motorcycle activities. We are your neighbors & friends who work, pay taxes, & get involved with our community. We serve & support our country & believe in freedom. We use all legal means to protect our rights without infringing on the rights of others

CONGRESS MOVES TO ABOLISH MOTORCYCLE-ONLY CHECKPOINTS

Motorcycle-only checkpoints have revved up concern in Congress, and wording was recently inserted into the House highway bill that would bar the U.S. Department of Transportation from providing grants to local or state governments for such discriminatory inspections.

The action arose over motorcycle-exclusive roadblocks set up in Georgia and New York under federal safety grants that single out motorcycles from four-wheeled traffic for police to check the bike and rider for proper paperwork, helmet, exhaust and equipment violations.

Rep. Jim Sensenbrenner (R-WI), who sponsored H.R. 904 to ban federal funding of motorcycle-only checkpoints, applauded the House Transportation and Infrastructure Committee for including his bill's wording in their Feb. 1st mark-up of the transportation measure, saying: "It is encouraging to see that the transportation reauthorization bill will encourage more efficient use of taxpayer dollars and smart motorcycle safety policy."

"Motorcycle riders are right to be outraged at being singled out for safety inspections," added Rep Tom Petri (R-WI). "Nobody is suggesting flagging cars down for unscheduled inspections, and there's no good reason why motorcycles should be treated differently. It's unnecessarily intrusive, and not a smart way to use limited police resources."

Section 5007 of H.R. 7, the "American Energy and Infrastructure Jobs Act of 2012" reads:

PROHIBITION ON FUNDS TO CHECK HELMET USAGE OR CREATE CHECKPOINTS FOR A MOTORCYCLE DRIVER OR PASSENGER.

The Secretary may not provide a grant or otherwise make available funding to a State, Indian tribe, county, municipality, or other local government to be used for any program to check helmet usage or create checkpoints for a motorcycle driver or passenger. The House bill, which also provides federal funding for state motorcycle safety programs and funds for motorized trails, will now go to the full House floor before going over to the Senate for consideration. The Senate will consider their own version of the highway bill, and a final version will be ironed out in a conference committee.

HOUSE COMMITTEE SEEKS FURTHER STUDY OF ETHANOL-BLENDED GAS

The House Committee on Science, Space and Technology passed H.R. 3199 by a 19-7 vote on Feb. 7th to require a comprehensive study of the implications of ethanol-blended gasoline. Although the Environmental Protection Agency approved E-15 (15% ethanol fuel) in October 2010 for use in most cars, it is not

approved for any motorcycles or ATVs and the hotter-burning formulation can cause premature wear and could void manufacturers' warranties.

The bill, introduced by committee Vice Chairman Rep. Jim Sensenbrenner (R-WI), would require the EPA to seek independent scientific analysis on the effects of E15 gasoline on engines. The measure now heads for consideration on the House floor, then if approved will move to the Senate.

Earlier, Rep. Sensenbrenner introduced H.R. 748 to prohibit the EPA from authorizing the use of gasoline containing greater than 10% ethanol, which is deemed safe for use in motorcycles, ATVs, boats, lawnmowers and other small engines.

VIRGINIA MAY LEGALIZE TWO-ABREAST RIDING

The Virginia General Assembly is considering the repeal of a 40-plus year-old law that makes it against the law for two motorcyclists to ride side-by-side in the same lane. Virginia and Vermont are the only two states in the U.S. with such a law on the books, while 48 other states either don't ban the practice or have specific laws allowing it. There's no indication those states have more crashes or problems related to two-abreast riding, according to the Virginia Coalition of Motorcyclists.

The proposal, sponsored by 26th District Delegate Tony Wilt and 18th District Delegate Michael Webert, sailed through the transportation committee and, overwhelmingly, through the House.

The law is an old one, possibly sparked by the menacing image of motorcycle gangs of the 60s. But since the law was passed over four decades ago, motorcycle registrations have shot up and charitable motorcyclists now ride in large groups for fund-raisers or to raise awareness, when riding two-deep is common.

Two-thirds of multi-vehicle motorcycle crashes are caused by people in cars who don't see the riders. Two abreast may enhance visibility. And since motorcycles generally have one headlight, riding together can help illuminate dark roads.

INDIANA LAWMAKERS CONSIDER ALLOWING SUNDAY CYCLE SALES

After four years of trying, State Senator Ed Charbonneau (R-Valparaiso) recently won committee approval for legislation allowing the sale of motorcycles on Sundays. The Senate Commerce and Economic Development Committee voted 7-0 to forward Senate Bill 192 to the full Senate.

Sen. Charbonneau says motorcycle sales have increased in New Jersey and Pennsylvania after those states passed laws allowing motorcycle sales on the Sabbath.

The legislation distinguishes motorcycle sales from motor vehicle sales which would remain prohibited on Sundays. Thirteen states don't allow cars to be sold on Sunday, including Indiana.

Charbonneau said many motorcycle dealerships are already open Sundays, selling merchandise or servicing motorcycles, and they should be able to sell motorcycles too.

FLORIDA SEEKS STIFFER PENALTIES FOR NEGLIGENT DRIVERS

ABATE Florida members from around the state were out in full force at the state capitol on Monday, Feb. 13th asking lawmakers for safer roads and to support legislation for stricter penalties for drivers who kill bikers on the road.

"Kill a motorcyclist they get an \$82 fine, that's all they get; failure to yield. You do that in a car, hit somebody else in a car, you get vehicular manslaughter," said James "Doc" Reichenbach, ABATE President.

Reichenbach, who also serves as Chairman of the Board for the National Coalition of Motorcyclists (NCOM), testified on behalf of ABATE's Stiffer Penalties Bill, S.B. 1754, which passed the Senate Transportation Committee on Jan. 27th by a vote of 7-0, and now goes to the Senate Criminal Justice Committee.

During the rally in Tallahassee, the names of bikers killed in wrecks last year were read aloud. Fifty-six bell chimes were sounded; one for each lost life. The bikers spent the rest of the day talking to lawmakers, then headed home hoping when they return next year, there are fewer bells to ring and fewer bikers lost. MYRTLE BEACH RALLY DATE CONFUSION PROMPTS ABATE BOYCOTT

Myrtle Beach Harley-Davidson has moved the dates of its official spring rally into late May, effectively adding 10 more days of Harley-related events on the Grand Strand and sparking confusion among bikers, businesses and rally promoters over when the rally will take place.

"They just don't seem to want to play by whatever rules we set," said Councilman Gary Loftus in calling on council members to revoke all May vendor permits for biker events. "They keep wanting to push and push and push well they've just pushed too hard this time."

Horry County (S.C.) ABATE has decided to stage a boycott, not of the spring bike rally, but of the local Harley dealerships involved in rescheduling the Cruisin' the Coast rally to May 18-28, carrying it over into Memorial Weekend when sportbikers traditionally begin arriving for Atlantic Beach Bike Fest aka "Black Bike Week".

"The dust just got settled with Horry County, and now this has upset the county council all over again," said Gary Balcom, ABATE chapter coordinator, recalling that in 2008 Myrtle Beach passed a litany of laws aimed at ending the rallies altogether, including a city-wide helmet law that was later ruled unconstitutional. "It's a bad idea and was not discussed with anyone else," said Balcom. But there are other concerns, too, Balcom said. The large crowd would overwhelm local law enforcement resources, he wrote in an ABATE statement. "The last thing we want to see is any event getting out of hand," Balcom wrote.

The statement calls the date change "a slap in the face to the county council" and encourages bikers to boycott the two dealerships in Myrtle Beach and North Myrtle Beach "and we hope that the biker community as a whole will come together with us on this boycott until such time as they retract their plan of overlapping dates."

MOTORCYCLE SALES HOLD STEADY FOR 2011

The 2011 motorcycle sales estimates from the Motorcycle Industry Council are in, with annual unit sales holding steady at 440,000.

The good news: motorcycle sales haven't declined from 2010.

The bad news: they haven't gone up either. The MIC reports 440,899 total motorcycle sales for 2011, up 0.3% from 2010's unit tally.

The motorcycle market shows gains and losses within the various segments, reports www.motorcycle-usa.com, noting that the largest sector, on-highway motorcycles, recorded a 1.8% increase over last year at 312,124 units. The boom and bust scooter market benefited with an 11.8% gain at 31,850 units. The biggest winner, however, was the dual segment which jumped 14.2% for the year, gaining 3337 units.

Off-Highway motorcycle sales dropped 13.5% on the year, losing 10,905 units from the 2010 tally of 80,962. Combined with the ATV market, which continued a downward sales trend, more than 45K OHV unit sales were lost on the year.

The 2011 total 440K annual motorcycle sales mark shows stabilizing of a market that crashed following the economic crisis in late 2008. Total motorcycle unit sales topped 1.1 million in 2008 (the sixth consecutive year sales had topped the million unit mark), but plummeted 40.8% in 2009, followed by a further 15.8% decline in 2010.

WORLD-FIRST STUDY ON CAUSE OF SERIOUS MOTORCYCLE ACCIDENTS

A world-first study will examine the cause of serious motorbike crashes. Motorcyclists will be part of a \$1.3 million Australian study aimed at slashing the number of motorcycle accidents. The ground-breaking inquiry will compare the experiences of riders injured in crashes at specific sites with riders who have travelled through the same site safely.

Transport Minister Terry Mulder described the new research as one of the most comprehensive motorbike studies attempted globally. "By comparing the two groups, we hope to learn not only what went wrong for those involved in crashes, but also what went right for those who negotiated a particular crash site safely," Mulder said.

More than 1100 riders - half of whom have survived crashes - will be recruited over the next 18 months. The research is being funded by the State Government and headed by the Monash University Accident Research Centre (MUARC). Experts, five of whom are motorcyclists themselves, will analyze factors such as speed, experience and the physical environment in accidents. Experienced and active riders have contributed to the questionnaire design to ensure relevance and improve study outcomes. Results are expected towards the end of 2013.

WEIRD NEWS: HELMETED BRIT BIKER REFUSED SERVICE
Motorcyclists in England are being victimized by gas stations that enforce a "Remove Helmets" rule, as evidenced by an incident in Coventry when staff refused to serve a rider even though his

full-face visor was up.

Barry Hadley, 63, told the Coventry Telegraph: "I stood there for a couple of minutes and thought there was something wrong with the pump. Then a message came over the loudspeaker saying I had to remove my helmet, even though I always flip up the front. Why should I be classed as a thief because others are thieves?"

The manager said it was company policy, and in a letter to Hadley the station said: "Legally we are required to be able to validate the minimum age for dispensing fuel and this can not be assessed adequately if riders keep their helmets on."

GOALS & PURPOSES OF ABATE

To print a newsletter to keep all bikers informed with regard to legislative actions and events around the state and throughout the country.

To become a powerful and viable political force in legislative matters concerning all motorcyclists rights.

To provide a lobbyist to represent ABATE of Florida, Inc. on the state and national level.

To promote voter registration and motivate members to write their legislators.

To promote safe riding habits without infringing on individual rights.

To educate the public about motorcycle awareness.
