WHO WE ARE

- ABATE of Florida, Inc. is a non-profit organization of motorcycle enthusiasts from all walks of life.
- We lobby and educate the government and the general public to promote motorcycling in a safe and positive image.
- We endeavor to enlist the cooperation and participation of all organizations and individuals that share a similar interest in preserving our American tradition of FREEDOM.
- We promote motorcycle safety, training, and political awareness.
- We fund our work by holding a series of annual events at different locations within our service area and other motorcycle activities.
- We are your neighbors and friends who work, pay taxes, and get involved with our community.
- We serve and support our country and believe in freedom.
- We use all legal means to protect our rights without infringing on the rights of others.
- ABATE of Florida, Inc. is incorporated under the laws of Florida as a motorcycle rights organization or MRO. We are currently the only political MRO in Florida representing the interest of its members and the motorcycling public at-large.
- WE ARE NOT A CLUB OR A GANG.

ABATE is open to all individuals age 18 and older interested in motorcycle rights, safety or education. It doesn't matter what you ride or even if you ride. Everyone is welcome to join ABATE of Florida, Inc., which ensures YOUR opinion and views on motorcycle laws will be heard.

There are no requirements to join us and we respect and welcome all motorcycle clubs or any other motorcycle associations or organizations. We do not have any mandatory meetings or rides.

Paid Membership Includes:

- ABATE Voting Privileges
- Free \$4,000 Accidental Death or Dismemberment Insurance Policy from the American Income Life Insurance Company. As long as your membership is current, you are covered.
- Free classified advertising in the Southeast Chapter and State ABATE newsletters.
- Motorcycle Safety and Educational Updates.
- A full-time ABATE of Florida, Inc. Lobbyist who fights for your rights at the state and national levels.

ABATE OF FLORIDA, INC. DOES NOT CONDONE DRINKING AND RIDING. DONATIONS TO ABATE OF FLORIDA, INC. ARE NOT DEDUCTIBLE FOR FEDERAL INCOME TAX PURPOSES. A COPY OF THE OFFICIAL REGISTRATION AND FINANCIAL INFORMATION MAY BE OBTAINED FROM THE DIVISION OF CONSUMER SERVICES BY CALLING TOLL-FREE WITHIN THE STATE. REGISTRATION DOES NOT IMPLY ENDORSEMENT, APPROVAL, OR RECOMMENDATION BY THE STATE. WWW.800HELPFLA.COM 1-800-435-7352.

Some of ABATE of Florida, Inc.'s Accomplishments

- On July 1, 2000, we had the 30 year old Florida Helmet law repealed; July 1, 2020 was our 20th Anniversary of Freedom of Choice.
- We've become the 4th largest State Motorcycle Rights Organization (MRO) in the country (IN & IL are 1&2, we regularly switch for 3rd & 4th with PA).
- We got the handlebar heights law modified.
- We successfully fought a bill that would forbid our children from riding on our bikes.
- We successfully fought the bill that would confiscate motorcycles for going 30MPH over the speed limit.
- We developed an effective MSAP program that has raised motorist's perceptions and awareness of motorcycles, and have received funding from the State of FL totaling over \$750,000 to promote motorcycle safety and awareness.
- We successfully fought the bill against vertical tags that had over \$1,100 in fines for a first offense.
- Supported and fought for a texting-while-driving ban for the last few years.
- Our 2009-2010 Stiffer Penalties Bill made it through five of the FL House & Senate's committees; this is the farthest it has gone in the number of years we have tried. On the last day of session, a committee member strenuously attempted to attach a revival of the helmet law to our Bill. To avoid a new helmet law in Florida, we had to kill the Bill.
- We publish monthly Press Releases and/or Articles of Interest in many online & print publications, including Florida Full Throttle.
- The President of ABATE of Florida, Inc. has been asked to be on and currently sits as a member of The Motorcyclist Advisory Council (MAC) to the Federal Highway Administration in Washington, D.C. The Secretary of the U.S. Dept. of Transportation may appoint a representative from only two State MROs throughout the entire U.S.A. to be on this council.
- The President of ABATE of Florida, Inc. sits as the Chairman of the Board of Directors of the National Collation of Motorcyclists (NCOM). NCOM has over 1000 member organizations.

“This page sponsored by Frank T. (GBNF) & Lisa From Your President

First thing I want to do is to thank everyone who showed up to support us at our Annual at Mickey's Tiki Bar. I would like to throw a big thanks out to Alan, for everything he does for us. And to the 20 or so members that helped at our event, a big thanks as well. Even though the weather was rainy, we still did pretty good at our Annual. Remember that our Annuals and other events are one of the ways that we pay for the newsletter.

We started off September with two cool parties at the Boar's Nest. One of them was for the Mystic 7 MC Annual and the other one was for Outcast MC party. I really enjoyed hanging out there and seeing everyone that was there. Even though the weather was a little screwed up for the Outcast party, both parties still had a pretty good turnout. So, we ended up finishing up the Annuals for September with a beautiful ride down to the Glades Club for the Old Timers MC Annual.

And for the rest of October, I still get to go to the Wheels of Man MC Halloween party and Fearless MC Annual. And that should end October for us. I will write about those parties in my next month Presidents' article, but I know they're goanna be kickass parties.

And in the beginning of November, we will have a beautiful ride down to Gilberts in the Keys for the Heathens MC Annual Pirates Ball, then we have the USMVMC on the 12th, and Leathernecks MC on the 19th. I enjoy going to all of the SFPC parties. I get to hang out with my brothers and friends and all the pretty ladies of the biker community, almost every weekend and that's a good thing.

I would also like everybody to put aside April 1st-4th for ABATE's Ride to the Capital. This is a big deal because the more motorcycles that show up at the Capital, the more we can let all the Congressmen in Tallahassee know who ABATE is, that bikers vote, that we matter. So that'll be a good four-day weekend, so please put aside those days, take some vacation time, to do something good. Let's make our presence known in Tallahassee.

Speaking of making your voices heard, November is election month, so I want to share some sites that you can go to, to be and educated voter.

<https://www.usa.gov/elected-officials>

This website is a one-stop place to find it all. It is an official website of the United States government. Here, you can find your Federal, State, and Local elected officials, from President Joe Biden, Governor Rick DeSantis, down to your local mayor and other city, county, and town officials. There is a link to find out about Tribal Governments. If you click the "All Topics and Services", you will see a wide range of other information you can find, consumer issues, health, laws and legal issues, travel and immigration, etc., too many to list here. As stated, one-stop, and you have it all. You could spend a whole day just exploring this site.

<http://www.leg.state.fl.us/Welcome/>

If you just want to know about what is going on in Florida, go to this website. It is the official internet site of the Florida Legislature. You can search Senators, House of Representative, Statutes and Laws, Committees, and what bills are out there right now. I searched for "motorcycles" and found Florida Statute 320.08068 "Motorcycle Specialty License Plates", just as an example. The list goes on.

Please support all your American Legions and VFWs. God Bless America, the military, and the veterans who have helped keep this Country free.

And to the younger people out there, you have the chance to inherit an organization that stands up and fights for biker rights and safety. Help us make a difference, now, and for the future!

ANYONE WHO RIDES SHOULD BE A MEMBER OF ABATE!!!!

God bless America!!!!

Peace,
Johnny Rose

MONTH TO BE THANKFUL

Yes, it's that time of the year again, we are officially in the Holiday season. I usually think of the month of December as the Month of giving with Christmas and everything where November is the Month to be Thankful. In today's life with so many things to keep us entertained and busy it's so easy to forget to be thankful for the very basics. For many of us, if we don't have a smart phone or cable TV, we feel like the world is coming to an end. Goodness knows if we would not be able to watch our favorite episode of whatever. The reality is we all have something to be thankful for. Even if it's for the very basics. Think about it, did you have a roof last night over your head? Did you go to bed hungry cause you haven't eaten for two days, or even the most basic of all, do you have clean water to drink? These may seem like

of course easy answers but so many people of the world do not have these basic necessities of life.

Forget about all the material things you have to be thankful for, what about the most cherished gift of all? The love of your Spouse, children and all the family and friends you know and have.

So next time you're feeling sorry for yourself because your new motorcycle won't start, etc..... just be thankful for everything you do have every day.

Your VP

Troy

**SE CHAPTER MEETING MINUTES
HELD AT
AMERICAN LEGION POST 142
171 SW 2ND ST
POMPANO BEACH FL, 33060
OCTOBER 16, 2022**

Mike “Bubba” Travis called the meeting to order at 10:02 a.m., and there were 41 members present. This was followed by the Pledge of Allegiance, led by Bubba, and a prayer by our Assistant Chaplain, Bear.

PRESIDENT’S REPORT – JOHNNY ROSE:

Johnny thanked everyone for coming. The Annual went well. Thank you to all who came and to all that helped. The new tents that Wavy got us, with the sides were very helpful with the rain. A lot of things were spared because of this. Our next party is our Semi-Annual will be in January. The Dania Beach Vintage Motorcycle Show is also in January and we hope to help them with parking, as in years past.

The SFPC Toys in the Sun Run will be in December, and will be starting at Alligator Alley Harley Davidson and ending at Snyder Park. The cost is \$20 plus a new toy. This is for volunteers too, all need to pay, and it is to help the children as Joe DiMaggio’s Children’s Hospital. Southeast Chapter will be helping with the event waivers.

VICE PRESIDENT’S REPORT – TROY WAUGH:

Troy welcomed all, we have a full house and it’s great to see, thank you to BACA and States for coming to

the meeting. Our membership is continuing to grow and we are loving it. We had an incredible Annual, even with the rain. Some of our friends are putting together a ride on November 6th as a Memorial ride around Lake Okeechobee, meeting at Alligator Alley Harley Davidson, then ride to the north side of the lake, have a small ceremony, and toss the memorial river stones into the lake, then lunch before heading home.

SECRETARY’S REPORT – HOLLIE “DREAMER” SADOFF:

Motion to approve minutes as printed in the newsletter, motioned, seconded, approved.

TREASURER’S REPORT – SHEILA ROSE:

Sheila gave a recap of the Annual event profit, then read the Treasurer’s Report for the checking and savings account, motioned, seconded, approved.

SERGEANT AT ARMS REPORT –

MIKE “BUBBA” TRAVIS:

Bubba spoke about school being in session, be mindful, even on weekends, activities are going on. Please be extra cautious and aware around schools. Represent - When wearing anything with ABATE on it, you are representing ABATE, please keep that in mind and act accordingly.

HEAD ROAD CAPTAIN’S REPORT – TROY WAUGH:

Troy spoke and he is adding more Assistant Road Captains, That Guy and Nino. We are still looking for a trailer, that folds up, budget is \$500-750, and aiming for 1,700 lb capacity. Bull volunteered his time, if we find one, that needs some welding.

SAFETY DIRECTOR'S REPORT –

JON “WAVY” VIGER:

We will have a refresher class after the meeting.

State Representative's Report- Troy Waugh & Johnny Rose:

The October State meeting was cancelled due to Hurricane Ian, next meeting is December 10th in Lake County. Everyone is fired up and excited to see what our new State President is Griz is going to do. The Tallahassee Ride to the Capital will be in April, ride on Monday, home on Tuesday.

PRODUCTS REPORT – LAUREL “LITTLE BIT” CONNER:

Excused. Pre-orders are due at this meeting, the cost is \$90.00, and we are only doing prepaid pre-orders, on long sleeve button up shirts not ordering extra to sell. Minimum order is 6
www.abatese.org

shirts, colors are black, dark blue, light blue, and tan. See Sheila after the meeting.

MEMBERSHIP REPORT – SHEILA ROSE:

Sheila read the Membership report, we have close to 700 members.

EVENTS COORDINATOR – GABE CARRERA:

Excused. He did a great job as Master of Ceremonies at the Annual. Semi-Annual will be in January.

NEWSLETTER EDITOR –

ADA “ABBY NORMAL” HIBBS:

Excused. Articles due today. Anyone can write an article and submit to Abby Normal by email news.abatese@gmail.com. Please also submit photos for any events you attend and travels.

NEWSLETTER DISTRIBUTION –

JON “WAVY” VIGER:

All is going good, up to 700 newsletters and we distribute these to over 55 locations.

LEGISLATIVE LIAISON – BRAD WINSTON:

Excused. Wavy mentioned he has flyers as how a bill becomes a law, and the link to find our who the candidates are for November. Questions were raised about past bills' success/failure in committees.

Hollie reiterated what she said at the last meeting. This year, after elections and committee members are selected, there will be an email Blast Pizza Party. This will take place in January (date to be determined). Laptop(s) will be available along with pre-approved email “script”. Each person that attends will send the email to committee members to push for our bills to be passed. She is going to put together something for Troy and Johnny to bring to the State meeting in December, to encourage the other chapters to do something similar. ABATE of Florida has thousands of members, and that can be a loud voice in Tallahassee.

LEGAL COUNSEL – BRAD WINSTON:

Excused.

PUBLIC RELATIONS –

DAWNE “THUNDER” KIRK-WATERS:

Excused. Working at Alligator Alley Harley Davidson and promoting ABATE.

BILLING AND INVOICING – HOPE TRAVIS:

All advertisers are up to date. If you do get a new advertiser, make sure to have them reach out to Hope first, to discuss price and payment, then to Abby Normal next. Advertisers can pay by Zelle, but they must put their business name in the comments, and Sheila should get a text head's up from Hope or the advertiser.

SOCIAL DIRECTOR'S REPORT –

BARRY “BEAR” CROWN:

“Bear” brought some new treats for all to enjoy, after the meeting.

QUARTERMASTER REPORT –

MIKE “BUBBA” TRAVIS:

Trailer Clean Up went well.

PHOTOGRAPHER'S REPORT –

ADA “ABBY NORMAL”:

Excused. Send in pictures or tag on Facebook. Send pictures when you go on a trip or to an event. news.abatase@gmail.com She would love to have an assistant, even more than one. Please let her know if you are interested.

WEBMASTER'S REPORT – IVAN MARTE:

Excused, all is going well, in progress for the new website.

CHAPLAIN – CRISSY LEONHARDT:

Excused.

Assistant Chaplain – Barry “Bear” Crown:

Keep those who are going through difficult times or going through medical issues in your prayers.

OLD BUSINESS:

State Gun Raffle, to be drawn in December. Please see Johnny to check out a book to sell and note you are responsible for all books you sign out.

NEW BUSINESS:

No new business

GOOD OF THE ORDER:

Thank you to BACA, States, Indians, and Gideons for joining us at our meeting.

We had a guest speaker, Marisa Boom, to speak to the members about affordable health insurance. She helped Sheila's son get a \$0 cost, \$0 deductible flyer. She does under 66, but has a co-worker that helps with Medicare. She has special plans for veterans too. She is licensed in almost all states.

Event flyers on the tables.

Motion to adjourn at 10:50am. Next meeting will be held at American Legion Post 142 at 10:00am on November 20, 2022.

SAFETY DIRECTOR

Thank you for picking up this newsletter and reading it! and thank you for your support. Just a few things I would like to say about when you are driving your vehicle – First, use your turn signals when changing lanes and turning. I know most motorcycle riders are good drivers but sometimes we forget the simple things like the turn signals. Also when in your vehicle and it is raining, please turn on your lights. Some vehicles don't have daytime running lights and some, such as my wife's car, the DRLs don't turn the rear lights on. Also always look twice for motorcycles. We now have MSAP (Motorcycle Safety Awareness Program) instructors in the SE Chapter of ABATE. This program is to help all drivers to be more aware of motorcycles. This course is mostly for people who do not ride a motorcycle. It really does work, statistics have proven this. If you know of a person or a group that may be interested, please contact our Safety Director, the number is in the newsletter. This course only takes about an hour and is well worth the time. This also helps ABATE of Florida Inc. by showing the legislators in Tallahassee that we are busy and doing our part in helping to make the roads safer for all, and especially motorcycles. That's all for now, Stay safe, Enjoy the ride

Your Safety Director
Jon "wavy" Viger

INSPECT YOUR BIKE BEFORE EACH MOTORCYCLE RIDE

- MIRROR
- TIRES
- CONTROLS
- LEVERS AND PEDALS
- CABLES
- LIGHTS
- FLUIDS
- BRAKES
- HOSES
- CHASSIS NUTS AND BOLTS

Sure it takes a few extra minutes. But aren't you worth it?

Taken from the "Motorcycle Safety Awareness" training program.

**AT YOUR SIDE ON THE ROAD
AND IN THE COURTS**

FROM YOU ROAD CAPTAIN

PRE-RIDE BEFORE YOU RIDE

You hear a ding on your phone that an email has arrived. A smile appears because your Road Captain just gave a KSU (Kick Stands Up) time of departure for a new upcoming weekend ride with your Brothers and Sisters! That usually is welcome news, but now what is bestowed upon you is the responsibility to get prepared and willingness to follow the Bikers code of respect. All these preparations start with your bike. Fill up your tank even if you think you have enough fuel for the proposed trip. Why? Like all of life, things can change quickly. Take the time to thoroughly check out your bike the previous night or at least a few hours before you meet up with your fellow riders. Especially when a long ride is planned, grab a few wrenches and make sure all your motorcycles nuts and bolts are tight, look for cracks in hoses, check the chain or belt tension, and take a few minutes to just give your trusted steed a good overall visual inspection. The longstanding T-CLOCK acronym can be a great way to remember all the basic checks. Tires & Wheels, Control levers, Lights and batteries, Oil levels, Chassis, Kickstand.

A few minutes before the signal for KSU and you ride off to the open road to feel that freedom in the wind, take a moment to let your bike warm up. That doesn't mean your iron horse has to sit and idle for 5 or 10 minutes. Harley's, as well as most motorcycles, can reach enough of an operating temperature in about 1 to 1 ½ minutes after start up. Most motorcycle oil functions best at around 140 degrees which can usually be obtained in this short amount of time. Now your engine may be ready, but your tranny takes a little longer and needs some forward motion, so for the first few miles just take it easy. Just like old bikers waking up in the morning, it takes a few minutes for your old scoot to wake up and function at its best. During this short warm up it's a great time to do that last-minute double check on your bike. Operate all your lights and see they are functioning, tap your

brakes and make sure all the levers are working. It's better to find out something is not functioning properly before you head out instead of letting the truth be told while being stranded on the side of a busy highway.

Even more important than checking the mechanics of your bike is making sure you are prepared. That ranges from wearing the right clothing, having rain gear which is always a good idea, and in south Florida includes making sure you are hydrated, have plenty of sunblock and a pair of day and night eye protection. Being caught out at night with only a dark pair of sunglasses can make life like riding in a total blackout. Also, have a full charge on your cell phone. This can be one of the best pieces of equipment you can have for those unexpected highway emergencies. Most importantly though, have the right mind set before you get on your bike.

Now comes the old adage "full tank, empty bladder" which still holds true today. Disrupting the group ride because you didn't make a restroom stop or your bike wasn't prepared can create an unnecessary hardship for the whole group let alone a few nasty stares.

And lastly out of Old Skool Biker respect, be on time, every time.

Your Road Captain,
Troy

DID I SAY BLESSED?

Have you noticed how short-tempered and edgy people are lately? Everyone seems frustrated and out of patience with one another, especially in traffic! With the holidays upon us, I'm hoping this will put folks in a better mood.

Hopefully, that will be true, as Thanksgiving is just around the corner. Interestingly, it's one of the most traveled holidays on the calendar. Yet, this holiday might get skipped over if it weren't for the delicious food and gathering of friends and family. Did you notice that retailers had Halloween AND Christmas items next to each other this year on the shelves?!?

I get it; life is hectic, especially when holidays are back to back. But no matter what changes come our way (and we've faced quite a few), our nation has a history worth celebrating, and we need to do what we can to keep our traditions alive.

Traditionally, I host a rather large gathering. Family members drive from near and far to meet up in our home. This year, we will have close to 25, which means a lot of cooking, serving, and cleaning up. Before we fill our plates and our bellies, we have another tradition... we make a large circle, grab hands, and verbalize something we are thankful for. With a big crowd as big as ours, the food can get cold before the prayer ends!

But as much work as it is, I'm grateful for the rewards that gathering together brings. We, hard-working humans, need to carve out time for our families and friends to catch up, watch football, and maybe even have a bonfire. It's essential to celebrate relationships, both old and new. And it's especially important to thank God.

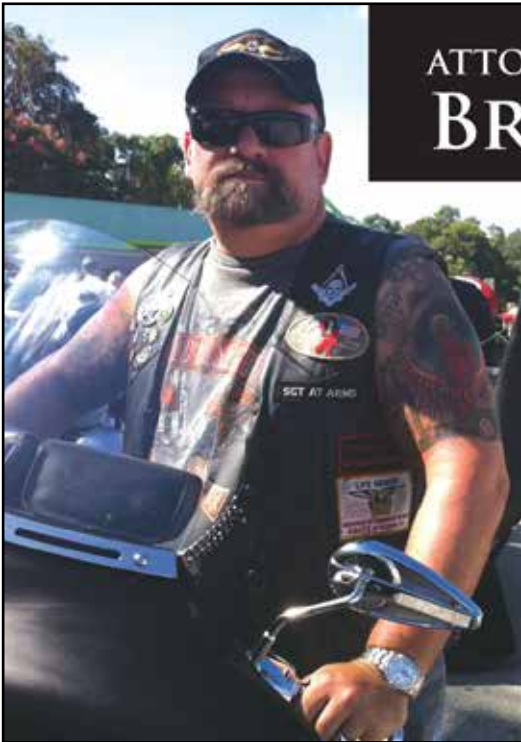

If you haven't made Thanksgiving plans, reach out to family members and host a gathering. Fill in the remaining chairs with friends who may not have a place to go. Add a few chairs for random people, those whom the Lord brings to mind, and don't be afraid to ask your guests to bring a dish to pass. No one should eat alone on Thanksgiving.

It's time to start a new tradition: before taking that first bite, grab hands with those around you and express at least one thing you're thankful for. Then thank the Lord for all His incredible blessings.

"I will give thanks to the Lord with all my heart. I will tell of all the great things You have done." Psalm 9:1

ABATE SOUTHEAST CHAPTER SPONSORSHIP PROGRAM

we are bringing back our old Sponsorship Program. This was an idea to help raise money for our Chapter, and also to recognize those brothers and sisters who provide extra monetary support, to promote the Chapter's mission. Members, or other individuals, who provide a donation to the Chapter, will have name recognition in our Monthly Newsletter and on the Chapter's website, for one year. The categories are: Platinum Donor \$125+; Diamond Donor \$100-\$124, Gold Donor \$75-\$99, Silver Donor \$50-\$74, and Bronze Donor \$25-\$49.

Approximately 40% of our members are Life Members, which means they do not pay annual dues, so they do not financially support the Chapter through dues. They do buy products, pay to attend events, post ads in our Newsletter, and make monetary donations, but they have no obligation to do so. This is another opportunity for them to contribute, if they wish, but anyone can do this.

This is an opportunity for all Southeast Chapter brothers and sister to become ABATE Southeast Chapter Sponsors. Platinum Donors also get to select a page in our Newsletter, to sponsor, where you name will be listed in a banner at the top of the chosen page, and first come, first serve.

I want to sponsor ABATE Southeast Chapter with the following donation (not tax-deductible). Check one:

- | | | | |
|---|-----------|--|-------------|

**Educate, don't legislate
stuff we thought you might like to
know*

-by: Sheila, Sandy, Little Bit, & ThunderNam int L.

We were sitting around, talking about the upcoming SFPC Toys in the Sun Run. This year it will be like the old days, an escorted ride from Alligator Alley Harley Davidson to Snyder Park. We were talking about what a great undertaking this is, for so many clubs and organizations in our community, and all the work is being done for free, all the time and work is being volunteered by the community, just to help the kids at Joe DiMaggio Children's Hospital. This is hundreds of bikers and the biker community rallying for a good cause. We are not surprised, of course, these are our people, our community. They are all doing good things, for others less fortunate, all the time, not just this toy run, but with each other, helping their brothers and sisters, and even strangers, in big ways, like this toy run, but also in small ways, quiet ways. We wanted to share some of these groups.

In our Chapter, we have some members, who are also members of BACA. We are honored to have them be a part of us. Personally, for us four, BACA is one of the most important groups that we know, because they take care of the children, who can't take care of themselves. They have our deepest gratitude. One of Sheila's favorite bible verses is Matthew 19:14 "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these." BACA is Bikers Against Child Abuse. Their Mission Statement is: "Bikers Against Child Abuse, Inc. (B.A.C.A.) exists with the intent to create a safer environment for abused children. We exist as a body of Bikers to empower children to not feel afraid of the world in which they live. We stand ready to lend support to our wounded friends by involving them

with an established, united organization. We work in conjunction with local and state officials who are already in place to protect children. We desire to send a clear message to all involved with the abused child that this child is part of our organization, and that we are prepared to lend our physical and emotional support to them by affiliation, and our physical presence. We stand at the ready to shield these children from further abuse. We do not condone the use of violence or physical force in any manner, however, if circumstances arise such that we are the only obstacle preventing a child from further abuse, we stand ready to be that obstacle." BACA has chapters all over the world. You can learn more about this great organization at <https://bacaworld.org/>

Also, in our Chapter and community, we have CMA, Christian Motorcycle Association. We all know these wonderful bikers, and many of us have had our bikes blessed by them, have that sticker on our bikes, amazing kind people. According to their website <https://cmausa.org/> "CMA's vision is Changing the world, one heart at a time. We will accomplish our vision through: Evangelistic outreach primarily, but not exclusively, to the motorcycling community, Run for the Son, where we will partner with ministries with world-reaching potential, Equipping our members in ministry training that aligns itself with Biblical truths, A servant's attitude to the world and to our members (i.e. Here if you need us), Quality products that aid in evangelistic outreach, And an efficient Support Center team. Our mission is to inspire our leaders and members to be the most organized, advanced, equipped, financially stable organization, full of integrity in the motorcycling industry and the

Continued on page 36

Continued from page 34

Kingdom of God. The Christian Motorcyclists Association is interdenominational and evangelistic in nature.” Of course, in our community, they are so much more to us, as our friends, our brothers and sisters, thank you for all you do!

We found this organization, Rolling Thunder Chapter 1 Florida. Their mission statement is “is to publicize the POW*MIA issue. To educate the public that many American Prisoners of War were left behind after all previous wars and to help correct the past and to protect future Veterans from being left behind should they become Prisoners Of War (POW) or Missing In Action (MIA). We are also committed to helping American Veterans from all wars.” This is from their website <https://www.rollingthunderflorida1.org>,

“HOW IT ALL STARTED:

The Vietnam War proved to be a difficult time in America's history. Similar to today's political climate, our nation was divided, primarily over issues of peace and war. As the Vietnam war came to a close, more than 58,000 American soldiers were killed, and thousands more were still being held as Prisoners of War, or deemed Missing In Action. Our government failed its mission of accountability, by not bringing home the remains of the fallen or missing for an honorable and respectful burial.

However, in 1988, several veterans of the Vietnam War rallied together their families, fellow veterans, and veterans' advocates, to organize a demonstration at the Capitol Building in Washington, DC over the Memorial Day weekend. They announced their arrival with the roar of their Harley-Davidson's, a sound similar to the the 1965 massive B-52 bombing campaign against North Vietnam named 'Operation Rolling Thunder'. Approximately 2,500 motorcycles participated in that rally, demanding that the U.S. government account for all POW & MIA's.

The group then became known as Rolling Thunder, and each year up until 2019, has held an annual "Ride for Freedom" to the Vietnam Veterans Memorial Wall. It was estimated that nearly 1.2

million motorcycles participated in the final Washington, D.C. Ride For Freedom XXXII in 2019.

ROLLING THUNDER® TODAY:

Rolling Thunder today has more than 86 chapters throughout the United States, Canada, Australia and Europe. The group is actively involved year-round in promoting legislation to increase veteran benefits and resolve the POW*MIA issue from all wars. They also provide financial support, food, clothing and other essentials to veterans, veterans' families, veterans groups, and women's' crisis centers”

There is also the Southern Cruisers Riding Club, which we talked about in detail in our July 2022 article. Go back and check it out. They have raised over \$4 million over the years, for St. Jude Children's Hospital.

And we will finish with this group, created for the women who have a love of motorcycles, the Motor Maids MC, now 1,300 members strong across the US. “They require that members be female and own a motorcycle, as well as display a passion for the open road. They support many women empowerment charities as well. History: In the late 30's, a young woman motorcycle enthusiast named Linda Dugeau of Providence, Rhode Island, conceived the idea that there might be a number of women who owned their own motorcycles and might be interested in becoming acquainted with one another. Linda wrote to dealers, riders and anyone she thought might know of women motorcycle riders. After this extensive search, she compiled a list from which the Motor Maid organization was founded with 51 Charter members in 1940. The American Motorcycle Association Charter #509 was issued to the club in 1941. Uniting Women Motorcyclists: The founding premise of the Motor Maids was to unite women motorcyclists in promoting motorcycle interest. The initial Constitutional Article establishing the requirements for membership has remained the Motor Maid hallmark since the first meeting – membership shall consist of women who legally own and operate their own motorcycle or one belonging to a family member. At a meeting

in 1944, came the club colors – Royal Blue and Silver Gray – and the Motor Maid emblem in the form of a shield. The uniform had its beginnings at this meeting also. Initially the uniforms were tailor-made of silver-gray gabardine with royal blue piping. It evolved into a uniform consisting of gray slacks, royal blue over-blouse with white boots and tie. In 2006, the membership voted for a new uniform. The official uniform now consists of black pants and boots, royal blue mock neck long sleeved shirt with a white cotton vest, and of course white gloves. The Motor Maids became known as the “Ladies of the White Gloves”. The Motor Maids have been asked to parade at numerous races across the country and in Canada. They now have members in almost every state in the US (including Hawaii and Alaska) and several Canadian Provinces.” You can find out more about this group at <https://www.motormaidsinc.org/>

Like we said at the beginning, we see, every day, people in our community, doing good things for each other, all the time. We are honored to be a part of this community. But we can't forget to mention our friend, Betty, who did and does inspire all of us. She is always doing for others, and she is also a great conservationist, helping to save the Everglades, among many, many other things that she does. Thank you, Betty!!!

HOW TO BUY CAR INSURANCE

Courtesy of

BRADLEY WINSTON
Board Certified in Civil Trial

**At Your Side On
The Road and in
The Courts**

Order Your FREE Book Today!

This is the book your agent does not want you to know about!

Car insurance is so expensive, and it can be difficult to get all the information you need to make an informed purchasing decision. This book takes the mystery out of buying car insurance.

Most people can't even answer basic questions about their own policy regarding bodily injury liability, comprehensive, or collision coverage.

Buying Car Insurance will help you to understand the fine print in your insurance policy. You'll discover why the legal minimums might not give you the coverage you need.

No insurance agent will reveal the industry secrets covered in this book. We will show you how a few more dollars in monthly premiums can return thousands in future protection.

Protect Your Family from
Irresponsible Drivers in Florida

Learn 5 Ways You Can Get a Better Deal on Car Insurance Coverage

1. *How to protect yourself even if the other driver has no insurance.*
2. *Why comparison shopping can save you money.*
3. *How much uninsured motorist coverage to buy.*
4. *What to say when your insurance agent suggests you buy an "umbrella policy."*
5. *Where to look in your policy to determine your current coverage.*

JOHNNY'S RANT

Well, I have to tell you I'm really bummed out for our brothers and sisters in Fort Myers and the surrounding areas due to Hurricane Ian. Please help, if you can, by donating money, food, clothing, and supplies to hurricane relief for Fort Myers. One I would recommend is the Florida Disaster Fund www.FloridaDisasterFund.org or text DISASTER to 20222. This fund has raised over \$45 million since its start in 1994. There are so many other different agencies you can do this with too. Even \$5 helps. If you can't help by donating, then please help with prayers.

You would think I would be used to all the damage that occurs when these storms hit Florida. I've been here since 1975 and there's been so many storms that have damaged the State. The only good thing that comes out of these disasters, is that you get to see real human spirit, with neighbors and strangers all coming together to help, kind of like our biker community is, always, helping each other, in bad times, and rejoicing in the good times.

Just to show you how stupid I was when I was a young man, I would even paddle across the Inter-coastal to get to a beach that was closed down, due to the incoming storms, then I would run to the water with my surfboard as fast as I could, so I could beat the cops that would want to chase me and make me leave, just to catch those big hurricane swells coming in. Well, you know what they say, youth have no fear because they think they are invincible. Surfing and motocross were my thing in the 70s. What an awesome period in my life. But now, I'm a lot smarter. When hurricanes are coming, I batten down the hatches, stock the house, and prepare for the storms. You know that's just life in Florida. Our October State meeting was even cancelled.

Let's hope we are done with the hurricanes this season, but also hoping my Hurricanes start kicking butt in college football!!!

Peace,
Johnny Rose

COUNTRY MUSIC LEGEND AND MOTORCYCLE FAN LORETTA LYNN HAS PASSED

Country Music Star and AMA Hall of Fame inductee Loretta Lynn died in her sleep on October 4, 2022 at her popular ranch and tourist destination in Hurricane Mills, Tennessee, at age 90.

The Grammy Award winning singer rose to stardom in the music industry over six decades with hit singles like "Coal Miner's Daughter" and "Don't Come Home A-Drinkin," but Ms. Lynn was also a long-time supporter of amateur motocross racing, and hosted the AMA Amateur National Motocross Championship at her "Loretta Lynn Ranch & Family Campground" since 1982, personally inspiring many young riders, and was appropriately inducted into the American Motorcyclists Association (AMA) Hall of Fame as a member of the Class of 2021 for "opening her arms and ranch to countless motocross families."

ARIZONA LANE FILTERING LAW GOES INTO EFFECT

The new Arizona state law that allows lane-filtering for two-wheeled motorcycles under very specific circumstances officially went into effect on Saturday, September 24, 2022.

The Arizona state legislature passed bipartisan Senate Bill 1273 in March, signed into law March 24, 2022, by Governor Doug Ducey (R), and the bill does not allow "lane splitting," but rather "lane

filtering" by motorcycles traveling between lanes of street traffic at a speed of 15 miles per hour or less. Three-wheeled vehicles, such as trikes or sidecars, are specifically not included in this change in the law.

S.B. 1273 was sponsored by Senator Tyler Pace (R-Mesa), who clarified that lane filtering and lane splitting are not the same thing. This new law now in effect will only allow for low-speed lane filtering in very specific situations, and it was crafted to resemble a similar lane filtering initiative that became law in Utah in 2019.

Lane splitting or filtering in some form are now allowed in Arizona, California, Hawaii and Utah, while states including Connecticut, Oregon, Washington and Virginia have introduced or are considering such legislation.

'NOISE' UNDER ATTACK IN CALIFORNIA

California Governor Gavin Newsom (D) has signed AB-2496 into law, to now require a certificate of compliance for a violation of noise limit requirements and certain modified exhausts, and putting a "Hold" on vehicle registrations if proof is not adequately provided in a timely manner.

"AB-2496 creates a system in which, if you are cited for noise, you must provide certification to the court within 90 days of citation that your exhaust has been corrected to acceptable standards," wrote ABATE of California in a 'Call to Action' opposing the measure; going on to explain that; "However, there is no system to test and certify, thus you can not get it. Further, IF you do not get it, your vehicle will NEVER be able to be registered in the State of California again. They want to remove us from the road."

The new law requires the court to inform the Department of Motor Vehicles if a certificate of compliance is not provided within 3 months of the violation date, treating this failure as noncompliance, and requiring the DMV, before renewing the registration of any vehicle, to check whether the

court has issued a hold on the vehicle registration for a violation of the noise requirements and to refuse to renew the registration until it has received a notification from the court that a certificate of compliance has been issued.

These requirements would become operative on January 1, 2027.

FEDERAL BILL DEMANDS ANSWERS ON ANTI-BIKER PROFILING

Congresswoman Susie Lee (D-NV), a member of the House Appropriations Committee, has included language [House Report 117-402] demanding answers from NHTSA regarding anti-biker profiling into a government funding bill, H.R. 8294, which states;

“The Committee is concerned that NHTSA may be conducting activities that encourage states to adopt legislation, regulation, or other policies that unjustly profile motorcycle riders. The Committee directs NHTSA to report to the House and Senate Committees on Appropriations on the extent to which the agency works with states on motorcycle passenger policies within 120 days of enactment of this Act.”

Additionally, cosponsors are still being sought for H. Res 366 to prevent the discriminatory targeting of motorcyclists by law enforcement, similar to the anti-profiling resolution passed by the U.S. Senate in 2018. Meanwhile, the states of Washington (2011), Maryland (2016), Louisiana (2019), Idaho (2020) and New Hampshire (2022) have proactively passed laws to curb profiling.

E-BIKES MAY SOON BE AS COSTLY TO CHARGE AS ICE BIKES ARE TO REFUEL

Rising electricity costs are impacting public charging stations, leading to increased costs for charging electric bikes that could be higher than gasoline.

Historically, the comparatively low price of charging an electric vehicle versus fueling one fitted

with an internal combustion engine (ICE) has meant that for those who can afford such vehicles, the switch from gas to electric transport has been a financially beneficial one.

However, as the price of energy continues to rise internationally, electric motorcycles could soon be more expensive to charge than combustion bikes cost to fill up.

Assuming the price of gasoline doesn't outpace the cost of electricity, a study summarized by VisorDown.com reports that costs per kilowatt-hour (kWh) of electricity at 'rapid' charging stations in the U.K. have increased by 42% in the four months from May 2022 to September 2022; “That has led to charge costs per mile that are not far short of fill-up costs per mile.”

Whatever the case, fueling or charging your motorcycle is only going to get more expensive, it would appear.

RUSSIAN ATTACK ON UKRAINE CAUSING POTHOLES IN THE U.K.

Hostilities between Russia and Ukraine is being touted as the reason for much of the financial troubles in the world today, and the British Local Government Association (LGA) is now claiming that the Russian led invasion is preventing pothole repair work as costs increase.

So aside from other more obvious wartime after-effects, like higher gas prices and utility bills, the war between Russia and Ukraine is apparently being felt in even more wide-reaching areas. One of the areas that are being reported to have been hit hard by the conflict is road building and repair. The RAC in England reports that around 60% of the bitumen used to build new roads, and repair potholes, was bought from Russia. With trade embargos on the nation now in force, the cost of carrying out these repairs is said to have risen, with the LGA claiming a 22% increase.

A recent study by the LGA concluded that prior to

the Russian aggressions, the UK's pothole problems would have taken ten years to rectify, costing around £12 billion (\$13.5B US) in total.

FRENCH COMPANY TESTING PLANT-BASED ASPHALT

The worldwide movement towards a greener future of mobility doesn't stop with the vehicles, but also the roads we drive and ride on. Indeed, infrastructure plays an equally important role when it comes to sustainability, and this is something that many countries have overlooked in their efforts to go green, but not France, as it's now ready to test a new plant-based asphalt called Biophalt.

Currently, asphalt roadway surfaces are made primarily out of petroleum crude oil, a far cry from carbon neutral, so French company Eiffage has been working on an alternative to traditional asphalt since 2018, called Biophalt, that is said to offer the same benefits as asphalt while taking the crude oil out of the equation. The technology has so much potential, that in 2019, it was given an award by the Roads and Streets Innovation Committee of the Ministry of Ecological Transition.

Biophalt sets itself apart from traditional asphalt by making use of a vegetable binder instead of crude oil. Moreover, in terms of traffic volume, climatic resilience, traction, and durability, Biophalt has similar attributes to conventional asphalt. It is also applied at mild temperatures and has a reduced production temperature requirement, both of which provide energy savings. With all of this, Biophalt claims to have a carbon-neutral footprint.

Recently, the southwest French department of Haute-Garonne made the decision to test the Biophalt mix from Eiffage by resurfacing a mile-long section of road, in hopes that Biosphalt will soon set the entire road infrastructure on a new course.

SELF-DRIVING CAR 'DRIVERS' GIVEN GREEN LIGHT TO WATCH VIDEOS

As world governments move towards a full rollout of self-driving cars on the roads, one rule is being introduced in the United Kingdom to allow 'driv-

ers' to watch videos while the vehicle is in motion! After a consultation on the matter, the U.K. government is now set to allow those in control of self-driving cars to watch videos while driving down the road.

The changes came when the government updated the highway code earlier this year. At the time, it was done to consider the new autonomous technology and incorporate it into the rules of the road, but this new rule could cause vulnerable road users to be put at risk. It concerns watching content that is not related to the vehicle (films, TV, music videos, social media, and emails) on the vehicle's built-in display screens built into the cockpit. These are generally used to change the settings of the car, relay information to the driver, or provide navigation assistance, though many can now be set to display videos via internal or external storage devices, with some being able to surf the Internet either through 5G or Wi-Fi.

The move will likely strike fear into the hearts of vulnerable road users, such as motorcyclists, as it's already been widely reported that many self-driving cars do miss "seeing" us in some circumstances. At this time, autonomous car manufacturers claim that the liability lies with the driver of the vehicle to spot the danger and take back control of the vehicle, so how badly is an operator's concentration and reaction time impacted by watching a movie, or playing a game?

BMW just announced AirConsole to allow owners to play both single- and multiplayer videogames from the comfort of the driver's seat to "make every waiting situation in the vehicle an entertaining experience."

'WALKING DEAD' STAR JOINS 'THE BIKERIDERS' CAST. JAX RETURNS FROM THE DEAD

For your Moto-tainment pleasure, Hollywood sources report that "The Walking Dead" star Norman Reedus has become the latest celebrity to join the cast of "The Bikeriders," a fictional film inspired by the photography of Danny Lyon and

ABATE OF FLORIDA, INC - SOUTHEAST CHAPTER

his 1967 book of the same name, and follows the rise of a fictional Midwestern motorcycle club. Seen through the lives of the members, the club evolves over the course of the decade from a gathering place for local outsiders into a more 'sinister gang'.

The biker theme is fitting for Reedus, a longtime rider whose 'TWD' character Daryl Dixon is known for riding a motorcycle across the show's 11 seasons. The 53-year-old actor also hosts the travel series "Ride with Norman Reedus" as he hits the open road to explore biker culture.

In other 'Dead' News, Charlie Hunnam has reportedly hinted at resurrecting his Jax Teller character, who died in the final episode of "Sons of Anarchy," for a redux role.

MOTORCYCLE POKÉMON TO HELP GAMERS EXPLORE POKÉ-UNIVERSE

Two new Legendaries, Koraidon and Miraidon, are here to aid in your exploration of the newest games in the Pokémon franchise. In the 26 years since Pokémon was first released, it's gained a lot of fans around the world, and while pedal-powered bicycles have been a part of Poké-canon since the beginning, traditional motorcycles haven't been -- until now!

On November 18, 2022, Nintendo is set to release the two newest games in the franchise worldwide -- Pokémon Scarlet and Pokémon Violet -- on the Switch. As has become customary, a pair of Legendary Pokémon (differentiated from normal Pokémon by both their rarity and their comparatively expansive powers) will adorn the box art for these games. They're new to the franchise; their names are Koraidon and Miraidon -- oh, and they transform into motorcycles.

That's important, because these two new games mark another first in the franchise: They're both open-world roleplaying games (RPGs), and with so much space to explore, these Pokébikes will help your character ride across the newest region in the Poké-universe, Paldea.

QUOTABLE QUOTE: "I am not afraid of an army of lions led by a sheep; I am afraid of an army of sheep led by a lion."

~ Alexander the Great (356 – 323 BC) Greek King & Conqueror

ABOUT AIM / NCOM: The National Coalition of Motorcyclists (NCOM) is a nationwide motorcyclists rights organization serving over 2,000 NCOM Member Groups throughout the United States, with all services fully-funded through Aid to Injured Motorcyclist (AIM) Attorneys available in each state who donate a portion of their legal fees from motorcycle accidents back into the NCOM Network of Biker Services (www.ON-A-BIKE.com / 800-ON-A-BIKE).
