5. ADDITIONS TO THE AGENDA:

a.) CEDEM Letter

6. PRESIDENT'S REPORT: Nothing to report.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that he will be meeting with Department Heads the week of January 14th to review their budget requests. He is currently doing a comparative look at past years' revenues and expenditures and a side by side comparison with last year's audit.

The Finance and Insurance Committee met prior to the Council meeting to review the proposed Fiscal Year 2018/2019 budget amendments. If approved, they will be sent to the full Council for review and adoption. Village Auditor Eric VanDop has also reviewed the amendments.

Parks Consultant John Wilson and VA Widigan met with Shelby Schools Superintendent Tim Reeves and Shelby Schools Athletic Director Chuck Persenaire on Tuesday, December 11, 2018. On Tuesday, January 8, 2019 VA Widigan, John Wilson, Paul Inglis, Andy Near and Clerk/Treasurer Budde met with Tim Reeves, Chuck Persenaire, Shelby Middle School Principal Mark Olmstead, and Shelby Schools Board of Education members Jason Fleming and Steve Vinke to discuss the Getty Park Project and concerns the Shelby Schools representatives had with the Project's impact on their lease/use of the soccer field.

VA Widigan reported that, on December 13, 2018, the Oceana County Board of Commissioners sponsored the Oceana County Housing Forum. The forum was held to discuss the urgent housing needs in Oceana County and to develop workable solutions to meet those needs. It was attended by approximately 50 business owners, elected officials, government administrators, and other stakeholders within Oceana County. An Ordinance Committee meeting will be scheduled to discuss the need for the passage of a Village rental ordinance and/or blight ordinance.

The CEDAM Cohort group met on Friday, January 11, 2019 to regroup after meetings with USDA (United States Department of Agriculture); MEDC (Michigan Economic Development Corporation); MSHDA (Michigan State Housing Development Authority); and, CEDAM (Community Economic Development Association of Michigan).

VA Widigan reported that the Village received the annual dividend distribution check in the amount of \$2,797.00

8. DEPARTMENT HEADS' REPORTS:

DPW Supervisor Greg MacIntosh reported that the DPW staff is keeping very busy. He reported that employee Kirk Seabolt slipped on the ice while opening one of the Village's gates and he has a broken rib. He is currently off of work due to that injury.

VA Widigan read Chief Farber's report in his absence. In 2017, then Interim Chief Robert Farber brought to Council a request to purchase a new "electronic reporting system". The Council approved that request. However, after he left the position of Interim Chief, the previous Administration chose not to use the approved system and purchased a different system. After being hired as Chief, Mr. Farber conducted a review of the costs associated with the records management system that was ultimately purchased. Chief Farber and VA Widigan discussed both systems and the costs associated with each.

Given the substantial savings of switching to the previously proposed and approved records management system, VA Widigan authorized Chief Farber to move forward. At this time, VA Widigan does not foresee any costs greater than \$2,000.00; rather, a savings of at least \$1,250.00 per year.

9. CORRESPONDENCE:

a.) Oceana County Parks and Recreation Commission Letter

The members of the Oceana County Parks and Recreation Commission sent a letter of support and a \$100.00 donation for the Getty Park Improvement Project to President Inglis.

b.) CEDAM Letter

CEDAM notified VA Widigan that, at the recent CEDAM Small Town and Rural Development Conference, he was informed Consumers Energy is hosting a session for communities to pitch ideas that will help put them on the map. The group is seeking innovative ideas that will help energize each town and create momentum that builds a stronger sense of community. If the submitted idea is selected, it will be presented to a panel of judges.

The top three presentations will be awarded one of three grants:

- First Place: \$7,500.00
- Second Place: \$5,000.00
- Third Place: \$2,500.00

10. CITIZEN PARTICIPATION: None

11. PUBLIC HEARING: PROPOSED GETTY PARK RENOVATION PLAN

President Inglis opened the Public Hearing regarding the proposed Getty Park Renovation Plan at 6:35 P.M.

VA Widigan reviewed the proposed Getty Park Renovation Plan with the Council and those in attendance at the meeting.

The following issues and comments were addressed during the public hearing:

Karen Rice, Shelby School Board member, stated that she felt that the Village was not following the lease agreement that was originally made over 40 years ago. She did not believe that the Village included the Shelby Schools regarding the planning of the Getty Park improvements. Ms. Rice inquired as to how the Village would be paying for the maintenance and upkeep of the Park after the project is complete. She also believed that the Village should consider the addition of more basketball courts.

VA Widigan responded that the Village of Shelby wants nothing more than to work together with Shelby School regarding the Getty Park Project. The soccer field (Getty field) does belong to the Village and the Village has no intention of taking the soccer field away from the School. The Village does not have hard numbers at this time for the cost of maintaining the Park after the renovations are completed.

Village resident Damien Omness, also an active member of the Shelby Recreation Club, stated that the Recreation Club had been contacted multiple times to be a part of the planning process for the Getty Park project. Mr. Omness asked what would happen to the storage building located in the south corner of Getty Park that is currently being used to store equipment. He believed the Getty Park Renovation Project will do great things for the Village of Shelby. He and his wife currently take their kids to Hart to play at the park because there is not enough to do at Getty Park. Mr. Omness also mentioned the lack of access to soccer play for the Recreation Club. Last summer, the Recreation Club was able to set up a soccer camp for the children with the Muskegon Risers, but had to cancel as they did not have an adequate soccer field in which to conduct the camp. Mr. Omness also asked if the Village plans to make renovations to Getty Park to allow for wheelchair access and to be ADA compliant.

VA Widigan explained that the building that is currently being used for the storage of equipment will still be accessible for storage. It will be updated and painted, but still available for storage. The Park will also be wheel chair accessible and ADA compliant.

Shelby Public Schools Superintendent Tim Reeves related that he had hoped the previous lease agreement by and between the Village of Shelby and the Shelby Public Schools for the School’s use of the soccer field would be renewed.

VA Widigan explained that, in order to qualify for the Getty Park grant from the MDNR, it was clearly stated by the MDNR that the Village could not enter into a lease agreement with the Shelby Public

Schools for the use of the soccer field. However, the Village and Shelby Public Schools can enter into a Village/School agreement for the shared use of the soccer field.

Tammy Carey, Director, Community Foundation for Oceana County, stated that she believed the Getty Park Renovation to be an awesome project. She pointed out that she loved that the play area is designed away from the road and that the parking that is to be added would be wonderful changes. Ms. Carey believed that overall the Getty Park Plan will contribute to the number of ways that the Village can begin to make Shelby a great place for people to come visit and live.

Joel Mikkelsen, Oceana County Parks and Recreation Commission member, advised that he has been in the area for many years and is in full support of the Getty Park Project. Mr. Mikkelsen gave kudos to the Village Council for what they are trying to do.

Shelby Middle School Principal Mark Omstead inquired as to what the total cost of the project would be and how much it would cost to maintain Getty Park after the renovations are completed.

VA Widigan informed Mr. Omstead that the total cost of the Getty Park Renovation project is estimated to be \$900,000.00. It is not yet clear as to how much it will cost to maintain the Park after the renovations are completed.

Allan Blohm, Shelby Township resident, stated that the basketball courts are full all summer and that the Village should consider adding more basketball courts to the plan.

There being no further comments, President Inglis closed the Getty Park Renovation Plan Public Hearing at 7:33 P.M.

12. OLD BUSINESS:

a.) Jodi Nichols – Business Development Coordinator, Lake and Oceana Counties, Right Place

Jodi Nichols the new Business Development Coordinator for Lake and Oceana Counties, The Right Place explained the services that the Oceana County Economic Alliance (OCEA) will be able to provide to the Village of Shelby. The Oceana County Economic Alliance had previously requested the Village to provide them with financial support of \$2,000.00 during Fiscal Year 2019/2020. The services that OCEA can provide the Village include: retain and help current businesses grow; connect current businesses with resources to help them expand, employ more staff, and seek services they may need; and, to give businesses reasons to remain in the Village. The OCEA would also assist in attracting new businesses to the Village of Shelby.

Andy Near moved to provide \$2,000.00 in financial support to the Oceana County Economic Alliance in the Fiscal Year 2019/2020.

b.) 2018/2019 Fiscal Year Budget Amendments

There are 281 expenditure and revenue line items within the 2018/2019 fiscal year budget that require adjusting. The 2018/2019 fiscal year budget amendments represent an increase to all fund revenues in the amount of \$106,895.61 and an increase to all fund expenditures in the amount of \$532,352.57. It is projected that a year end net of revenues/expenditures for all funds will be (\$113,851.96). The (\$113,851.96) represents the projected hit to fund balance at year end. This is largely due to expenditures that were not budgeted. Examples are: paying for three Village Administrators (including the Interim) for a short period; two Police Chiefs; associated legal costs for both; a new police cruiser and plow truck: and, engineering costs for the State Street Project.

Andy Near moved to adopt the 2018/2019 fiscal year budget amendments as proposed.

He commended the Village Police Department for maintaining a close eye on the road conditions and responding to calls for assistance. He thanked the DPW for the on a great job of clearing of the streets under the circumstances including the shortage of manpower.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that he and the administrative staff have been working on the budget and have a strong proposed budget to present to the Finance Committee for review. One of the more significant changes that has been made is allocating employee (Crystal, Randy, DPW crew, and VA) wages, healthcare costs, and retirement costs across the General, Major Streets, Local Streets, Sewer, Water, and Motor Funds. Wage allocation percentages were developed through consultation with Eric VanDop. Wages have been allocated in the past; however, these updates will allocate them more accurately than had been done in previous years' budgets. The purpose of this exercise is to lessen the burden of payroll on the General Fund.

The Ordinance Committee met on Wednesday, January 16th. The Committee reviewed a handful of

Blight and Rental Ordinances. The Committee is going to further review the sample Blight Ordinances and will meet again on Wednesday, February 6, 2019. Upon meeting in February, the Committee will request the Village Attorney to review the recommended Ordinance before submitting it to Council for review and consideration.

VA Widigan spoke with Joel Fitzpatrick, Program Manager at WMSRDC, who stated that the PASER Road Survey should be done sometime in the next two weeks. However, he was able to run a couple of reports for the Village of Shelby, for Council review.

In Fiscal Year 2019, the Michigan Strategic Fund (MSF) received a one-time appropriation of \$350,000.00 in their annual budget toward blight removal projects in Counties with populations under 50,000. The Michigan Land Bank Fast Track Authority (Michigan Land Bank) will administer the grant dollars while the MSF will directly reimburse the grantee upon completion and approval by the Michigan Land Bank. Each awarded grant is to be issued to demolish vacant and abandoned structures and promote public safety, establish property values and enhance economic development opportunities throughout the State of Michigan. VA Widigan will get further details on the grants.

VA Widigan reported that the broken sewer lateral matter at 360 First Street has been handed over to our attorneys for a more in-depth review. The Finance Committee of the Whole met on Monday, February 11th to review the proposed Budget and suggest any corrections or changes to it. The Village Council will hold a Public Hearing on February 25, 2019 before adopting the budget.

The Ordinance Committee met on Wednesday, February 6, 2019 to review sample Blight Ordinances. After a discussion, the Committee recommended that the Crystal Falls' Blight Ordinance be sent to the Village Attorney for review. The Committee selected the Crystal Falls Blight Ordinance as the one in which to pattern the Village of Shelby's after. It will then be brought to the Village Council for consideration and adoption.

VA Widigan reported that Peterson Farms COO Richard Raffaelli, who serves on the Shelby Township Planning Commission, contacted him regarding projects that the Shelby Township Planning Commission has been working on. The Township is developing a Guest House/In-Law Suite Ordinance

along with an ORV Ordinance. A guest house or in-law suite could be a finished basement apartment, a converted garage or a detached guest house. An ORV Ordinance would authorize and regulate the operation of Off-Road Vehicles (ORV's) on roads. Tourism is an essential source of economic activity in the four Counties of Lake, Mason, Newaygo, and Oceana. The region also has several trails that, if properly developed and marked, could boost tourism further.

8. DEPARTMENT HEADS' REPORTS:

Chief Farber reported that the Police Department had taken 85 complaints and that four accidents had occurred in the month of January. b.) Resolution of Support for Getty Park

The resolution supporting the renovation of Getty Park- Phase 1 shows that the Village of Shelby Council supports the submission of an application titled "Renovation of Getty Park-Phase 1" to the Michigan Department of Natural Resources Trust Fund for the renovation of historic Getty Park. It also shows the DNR that the Village of Shelby is making a financial commitment to the project in the amount of \$272,500.00 matching funds, cash, donations, and/or force account labor/materials (Village's own paid labor or materials).

President Inglis tabled the matter until VA Widigan is able to provide more information as to whether or not the project is able to be completed in three phases or if it would be beneficial for the Village to submit the grant for Getty Park in the 2020/2021 Fiscal Year. Another option is to modify the project scope for the Getty Park Project in order to lighten the Village’s fiscal burden for the first phase of the project.

c.) Harvey Pump Repair

The back-up pump for the Harvey lift station is still in need of repairs. The cost for the repairs will be between \$3,500.00 and \$5,120.00 depending on the company the Village Council wishes to retain. The cost for a new pump is \$16,670.00 with Kennedy. DPW Supervisor Greg MacIntosh sought quotes from several other companies; however, due to the difficulty in getting parts, no one else was interested in doing the work.

Senator Jon Bumstead will be hosting a coffee hour at the Village Hall on Friday, March 1, 2019 from 10:00 A.M. to 11:00 A.M.

Upon a review of the Village of Shelby Ordinances, it is clearly stated that the business owners and homeowners are responsible for keeping their sidewalks clear of snow and ice. The ordinances also state that if the business owners and homeowners do not clear their sidewalks, a one-day notice will be issued. In the event of non-compliance, the Village shall take appropriate action to abate the situation, and assess the owner up to \$60.00 per incident. Ordinance 1020.03 was shared with the community in the October 2018 Village Voice newsletter; on the Village's Facebook page on September 28 and October 1; and, on the Village's website to remind them of the requirement. VA Widigan will begin to

send out violation notices next winter after everyone has been properly notified.

VA Widigan met with Senator Bumstead's District Representative, Susie Rodriguez, on February 7th, to discuss the Village's desire to get the Census tract changed. Currently, Shelby is considered a low/mod community according to HUD's census data. Our community is currently listed at 37.2 percent low/mod; far from the 51 percent low/mod threshold. After a more in-depth look at the data, many of those involved with the Shelby Economic Development Cohort Team questioned how we are now low/mod. Currently, the Senator and the Michigan Economic Development Corporation (MEDC) are looking into this and what, if any, options the Village has for getting the designation changed.

12. OLD BUSINESS:

a.) Getty Park Resolution of Support

VA Widigan presented the Phase 1 project scope costs for the Renovations to Getty Park. It shows that the Village of Shelby Council supports the submission of an application titled Renovation of Getty Park – Phase 1 to the Michigan Department of Natural Resources Trust Fund for the renovation of historic Getty Park. It also shows the DNR that the Village of Shelby is making a financial commitment to the project in the amount of \$147,300 in matching funds, in cash, donations, and/or Force Account Labor/Materials (Village’s own paid labor or materials).

Andy Near moved to adopt Resolution #2019-02-25-01, a Resolution of Support for the Renovation of Getty Park – Phase 1.

Seconded by: John Sutton.

Roll Call Vote:

Ayes: Near, Sutton, Wyns, Crothers, Zaverl, Harris, and Inglis.

Motion Carried 7-0.

b.) Letter for N. J. Fox & Sons

N. J. Fox & Sons have been working diligently with the Village of Shelby to address the MDEQ’s issue with cherries and wastewater from their contact cooling water system entering the Village’s Storm Sewer system. It has been past practice for them to discharge the water into our Sanitary Sewer system. However, it had been based on a handshake agreement. The letter is for N. J. Fox & Sons to keep on file in order to remain in compliance with the MDEQ. No increase in flow into the Village’s Sanitary Sewer system is anticipated. The letter simply states that they can continue to do what has been done for many years.

Andy Near moved to authorize the Village Administrator to send the previously discussed letter regarding the Contact Cooling Water System to N.J. Fox & Sons.

Seconded by: Steve Crothers.

Voice Vote: All in favor.

Motion Carried.

13. NEW BUSINESS:

Seconded by: Steve Crothers.

Roll Call Vote:

Motion Carried 7-0.

b.) 2019 Household Hazardous Waste Program

The Household Hazardous Waste Program is a cyclical cost that the Village has been a part of since 2014. The goal is to provide a way for the residents of the Village of Shelby to safely and easily dispose of hazardous materials so that they do not end up in our lakes, streams, groundwater or public water supplies. The Manistee, Mason and Oceana County Household Hazardous Waste Committee is requesting a one-time fee of \$826.00 from the Village of Shelby to support the costs of the program.

Dan Zaverl moved to continue to participate in the Manistee, Mason and Oceana County Household Hazardous Waste Program for 2019 in the amount of \$500.00.

Seconded by: Jim Wyns.

Roll Call Vote:

Ayes: Zaverl, Wyns, Crothers, Sutton, Near, Harris, and Inglis.

Motion Carried 7-0.

c.) Ferric Quotes

The Village of Shelby uses Ferric Chloride at its sewer lagoons. It is injected into Cell #3 which is the Village's polishing pond and the cell the Village discharges from. The purpose of adding Ferric Chloride is to lower phosphate levels. Phosphate is unavoidable in stabilizing the lagoons and Ferric Chloride is a common method of keeping the phosphate within the acceptable limits. Three quotes had been received as follows: PVS Technologies of Detroit, Michigan quoted 4,000 gallons in the amount of \$4,700.00; WEBB Company of Muskegon, Michigan quoted 4,000 gallons for the price of \$5,250.00; and, Haviland Products of Grand Rapids, Michigan quoted 4,000 gallons for \$4,916.25.

Jim Wyns moved to authorize DPW Supervisor Greg MacIntosh to purchase 4,000 gallons of Ferric Chloride from PVS Technologies of Detroit, Michigan in the amount of \$4,700.00.

President Inglis gave kudos to the Village of Shelby DPW Supervisor Greg MacIntosh for his quick response to and resolution of a water issue for a Village resident on March 9th and for the timely manner he got out and plowed the Village streets on the evening of March 9th.

7. ADMINISTRATOR'S REPORT:

On Friday, March 8, VA Widigan received an email from the Community Assistance Team representative with the Michigan Economic Development Corporation (MEDC) stating that the Housing and Urban Development (HUD) had updated their low/moderate income list and that Shelby Village is now on HUD's list. This opens the Village up to a number of additional grants and revenue streams from the State and Federal governments.

VA Widigan has received approximately ten letters of support for the Getty Park Project from local businesses; organizations such as the Disability Network of West Michigan; groups such as Shelby Rotary and Chamber of Commerce; and, Senator Bumstead. VA Widigan still needs letters of support from local citizens and asked that Council members ask neighbors and friends to write letters of support

for the Getty Park Project and send them to him as soon as possible.

b.) Well #2 Pump and Well Repairs

Last summer, Well #2 began sucking up large quantities of sand. That pump was shut down and Peerless Midwest was contacted to pull the pump and assess the damage. Council approved the company's \$3,900.00 quote to pull the pump and have the damages assessed. The damage to the pump was determined and the cost of repairs to it was quoted at \$8,930.00. At the time, the pump repair was not an emergency as we had three other wells and were able to meet the water needs of the Village. It was also determined that it would be easier to add these repairs to the 2019/2020 budget. Although fixing Well #2 has not been an emergency, it is something that needs to be done and it is much more cost effective to repair than to fully replace.

Council tabled the matter in order for DPW Supervisor Greg MacIntosh to obtain more clarification on the exact price of the pump repairs.

Councilman Zaverl had previously inquired about obtaining a full report providing details on the extent of the repairs each street required. Apparently, that report was not done by WMSRDC or in a PASER report; it was completed by the Village’s engineering firm of Prein & Newhof.

VA Widigan is currently working with the Shelby Township Assessor and Oceana County Equalization Department to develop a list of current tax abatements that businesses may have in the Village.

b.) Second Extension to Lease Proposed from Shelby Area Public Schools

The Shelby Public School Board, on January 8, 2019 requested an extension of the lease by and between the Shelby Public Schools and the Village of Shelby that expired on November 30, 2016 for the School’s use of Getty Field. In the joint School/Village meeting on January 8, 2019 Parks and Recreation Chair Andy Near informed the school representatives at the meeting that no future leases or lease extensions would be accepted and or approved by the Village Council because it could result in a violation of the Trust Fund Project Agreement from the Village’s 1992 grant from the Michigan Department of Natural Resources (MDNR) for Getty Park.

Per the Project Management staff of the MDNR, the Village may enter into an intergovernmental agreement or memorandum of understanding but nothing long term. Currently, an intergovernmental agreement between the School and the Village is being drafted by VA Widigan. On Monday, April 22, 2019 at 2:30 P.M., VA Widigan and Shelby School Superintendent Reeves met to review the draft agreement. It will then be brought to the joint School/Village committee on Wednesday, April 24, 2019 at 6:30 P.M.

It was noted that the School Board’s requested lease agreement extension could not only jeopardize the Village’s current grant application and any further grant application to the MDNR, but could also force the Village to reimburse the State of Michigan for the grant funds that were received in 1992.

Andy Near moved to take no action on the lease extension as presented on January 8, 2019 by the Shelby Public Schools for the Getty Field lease that expired on November 30, 2016.

The meeting will take place at the Shelby High School Cafeteria on Wednesday, May 15, 2019 from 6:30 P.M. – 8:00 P.M.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that the Ordinance Committee met on April, 23, 2019 to review Rental Ordinances from the cities of Ludington, Scottville, Traverse City, Dexter, Hart, and Oceana County. He is reaching out to a few stakeholders to gather additional information requested by the Committee. Once that information is gathered, the Committee will meet to review and discuss it.

The Village of Shelby and the Community Foundation for Oceana County will be co-hosting the Shelby Community Assessment Results Event on Wednesday, May 15, 2019 from 6:30 – 8:00 P.M. in the Shelby High School Cafeteria. The event is to obtain the results of the Shelby Area Community Assessment that was held on August 29, 2018. This follow-up meeting will discuss the results, what those results mean, progress to-date, and the role Shelby community members can play in addressing needs and opportunities identified in the report.

VA Widigan reported that he has finished the online training for the Redevelopment Ready Communities (RRC). He is currently working on a self-evaluation while this is a tool used to assess how a community's current planning, zoning and development documents, policies and procedures measure up to RRC Best Practices.

On Wednesday, May 8 2019, the Village DPW crew flushed hydrants throughout the Village. They do the hydrant flushing to remove any sediment from the water system. As a precautionary measure, municipalities flush twice a year; once in the Spring and once in the Fall to remove any sediment from the water system.

VA Widigan reported that the new website is up and running. The new website has a new look and design, and offers HTTPS for secure communication. The primary purpose for wanting the site to be HTTPS is to protect page authenticity and security; ensure secure accounts, such as email; and keep user communications, identity, and web browsing private. On our website, users can find Council minutes, the budget and latest financial statements, contact information for the Village staff, link to pay their water bill and taxes, links to area organizations, zoning ordinances and newly passed ordinances, and a calendar of events and new releases among other information.

To coordinate with the passage of the new Blight Ordinance, the Village will be having a Spring/Summer Dumpster Day on June 22, 2019 from 9:00 A.M – 1:00 P.M. in the pavilion municipal parking lot. The goal is to help encourage those in violation of the Blight Ordinance to do some spring cleaning and help them get into compliance with the new ordinance. Flyers will be created and shared on the Village website, Facebook page, and local media.

The School/Village Committee has met multiple times to discuss the drafting of the Intergovernmental Agreement (IGA) by and between the Village of Shelby and the Shelby Public Schools. At this time, the two administrators are meeting to put together a final draft of the IGA. Superintendent Reeves and VA Widigan will be meeting on Wednesday, May 15, 2019 to review draft nine of the IGA.

a.) Sessions Road

The Streets and Sidewalks Committee met on May 1, 2019 to discuss Sessions Road resurfacing. The Committee recommended that Council approve the Crush and Shape on Sessions Road from Plum Street to 1,600' North. Crush and Shape is a structural pavement treatment that grinds and crushes the existing asphalt and 1-2" of underlying gravel. The material is then regraded, compacted and covered with multiple layers of paver-placed hot asphalt. The benefit is, that Crush and Shape restores and strengthens a road by reconstructing the pavement to a "new" condition. The total cost of the Crush and Shape is \$115,000.00. The Local Street Fund has a

fund balance of \$789,889.00 as of year ended February 28, 2018.

Dan Zaverl moved to approve the pre-design engineer’s estimate of construction costs for Sessions Road Resurfacing from Plum Street to 1,600’ North from Fleis & VandenBrink for \$115,000.00.

Ayes: Zaverl, Near, Wynn, Crothers, Sutton, Harris, and Inglis.

b.) Water Tower Inspection Quotes

The water tower project included inspection, cleaning, repairs, and painting. The first step is to conduct an inspection. From there, Dixon Engineering will be able to access the scope of the project and make recommendations. They will then receive bids, contract the work and maintain oversight for painting. Dixon has stated that barring any major setbacks, the completion of this entire project is feasible by mid-late October. Below is a brief summary of Dixon’s quote for a water tower inspection. The cost of the inspection and the report is \$3,000.00

- Included in the quote is as follows:
- Inspect the interior of the tank by ROV (A remote control vehicle, like a small submarine with a camera.)
- Inspect the exterior
- Inspect the foundation
- Inspect all safety requirements
- Compile a report with recommendations. This report will include digital pictures, video on a flash drive and cost for all recommended repairs.

Bill Harris moved to approve the Scope of Services provided by Dixon Engineering and Inspection Services, out of Lake Odessa, Michigan, to perform an ROV maintenance inspection and prepare a report as outlined in the attached Scope of Services for the lump sum of \$3,000.00. 6. PRESIDENT'S REPORT:

President Inglis reported that he personally has not enforced the citizen participation time limit in the past and that has led to some lengthy exchanges between members of the public and Council members. He will be doing a better job of ensuring that the citizen participation rules of the public meetings are more strictly followed in the future.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that the Village of Shelby and the Community Foundation for Oceana County co-hosted the Shelby Community Assessment Results Event on Wednesday, May 15, 2019 at the Shelby High School. At the event, residents and stakeholders heard about the results of the Shelby Area Community Assessment held on August 29, 2018; what they meant; progress to-date; and, the role that Shelby community members can play in addressing needs and opportunities identified in the report.

The Redevelopment Ready Community (RRC) training is complete, and VA Widigan is now completing the community self-evaluation. This is a tool used to assess how a community's current planning, zoning, and development documents, policies, and procedures measure up to RRC Best Practices. After the self-evaluation is complete and VA Widigan has received a packet from the Michigan Economic

Development Corporation, the Council will need to pass a resolution of intent outlining the value the community sees in engaging in the process.

The School/Village Committee has met multiple times to discuss the drafting of the Intergovernmental Agreement (IGA) by and between the Village of Shelby and the Shelby Public Schools. Superintendent Tim Reeves and VA Widigan met on Wednesday, May 15, 2019 to review the ninth draft version. Mr. Reeves is now reviewing the draft with the School Board members and the Shelby Schools' Athletic Director. Mr. Reeves and VA Widigan will meet to draw up the final draft for the School/Village Committee to review and recommend to the respective Boards.

VA Widigan reported that he has spoken with Joel Fitzpatrick, who is the Rural Task Force Program Manager at WMSRDC, regarding the next Rural Task Force meeting. He informed VA Widigan that the meetings are only scheduled as needed. However, apparently MDOT made a mistake in funding distribution, and may need to meet again to make some corrections. It was also discussed as to which of the Shelby streets are classified as Federal Aid Roads. Those include: State Street, First Street, West of State Street; and, Ferry Street, East of State Street.

On Tuesday, May, 21, the Planning Commission reviewed two ordinances, one is a new ORV Ordinance; the other is the Village's current Bicycle Ordinance. Shelby Township is considering an ORV Ordinance as well and the Village Planning Commission simply reviewed the draft ordinance and came up with some questions for staff to research. After the research is completed, it will be brought back to the Planning Commission for further review and, possibly recommended for adoption to the Village Council. The current Village Bicycle Ordinance was reviewed and the Planning Commission recommended changes to the ordinance that would encourage bicyclists, skateboarders, and rollerblades to come downtown. VA Widigan will make the necessary changes and will send those changes to Williams & Works for review.

VA Widigan met with Jodi Nichols, the Business Development Coordinator for Lake and Oceana Counties, to discuss the pursuit of a grant for the development and/or marketing of Shelby's Industrial Sites. The MEDC is accepting applications from local and regional economic development or community partners, that will demonstrate a pathway to a "vetted site." Grant funds may be available for, but are not limited to, the following types of activities:

- Site development/information: Pre-engineering and feasibility studies for needed infrastructure or site improvements; site material development (aerial photos/videos, maps, topos, etc.); and, site deficiency. Action plan development.
- Site implementation/support: Site infrastructure design engineering; land assembly activities (purchase options, administrative); specialized marketing support; and, grant matching funds (e.g., Economic Development Administration, U.S. Department of Agriculture, etc.) for other grants funding site development activities.

b.) Discussion of Village/Township Blight Enforcement

Shelby Township Planning Commission Member Richard Raffaelli and VA Widigan discussed the possibility of Village Police Department enforcement of Shelby Township’s Blight Ordinance. The Township would like to adopt a Blight Ordinance; however, they do not have a Police Department to enforce said ordinance. The Township wishes to work with the Village for the enforcement of its Blight Ordinance. The Shelby Village Police Department would issue citations for those in the Township not in compliance with the future Township Blight Ordinance. Shelby Township would work with the Village to develop a fee schedule for the utilization of the Village Police Department to enforce its Blight Ordinance. Each Council member favored working with the Township to develop an agreement for enforcement of the Township’s Blight Ordinance.

The MDNR is in partnership with Pure Michigan to highlight some of the State's best trails, water trails, and trail towns through the Pure Michigan Trail and Trails Town Designation Program. The program is designed to acknowledge Michigan's position as the nation's Trails State. To become a designated Pure Michigan Trails Town, the Village must complete the application for designation and submit it, along

with all required documentation, to the MDNR State Trails Coordinator. The designation would get the Village the following:

- A letter from the MDNR State Trails Coordinator and a Memorandum of Understanding (MOU) between the MDNR and the applicant.
- An MDNR press release announcing the designation.
- Pure Michigan incorporates the trail into its maps and marketing material.
- Signage with branding is placed in appropriate locations by the designee.

Mr. Near was able to pack down the dumpsters very efficiently in order to fit everything that was dropped off into the dumpsters that were available.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that the Village's healthcare plan was up for renewal. He has been looking into different healthcare options to provide better benefits to the Village employees. Mr. Widigan was put in touch with George Karl, Account Executive with Lenz-Balder Insurance, Inc. in Ludington, Michigan. After multiple meetings and careful research, the Village is going with Priority Health this year. With Priority Health, the Village can offer two options for employees to choose from. Option one is Priority HSA POS, and the other option is Priority HMO Gold. Furthermore, the Village is offering its employees' vision insurance, which has not been provided in the past. Dental Insurance will remain with Delta Dental.

The Shelby School/Village Committee met multiple times to discuss the drafting of the Intergovernmental Agreement by and between the Village of Shelby and the Shelby Public Schools. Superintendent Tim Reeves and VA Widigan met on Tuesday, June 11th to review Mr. Reeves' notes regarding draft version nine. VA Widigan is in the process of making some of the proposed changes; at which point, he will send them back to Mr. Reeves for a final review.

VA Widigan reported that, on Saturday, June 15th, 2019 Danielle Siegel coordinated a volunteer group to help with some of the preliminary work on the Alleyway project (painting, graffiti removal, and general cleanup). The volunteer project went well on Saturday, and the Village DPW crew finished painting the wall the following week. Elizabeth Suarez, Manager of Carniceria La Conasupo LLC, picked out the bright yellow color (the Suarez's own the wall that was painted). A big thank you to Danielle for rallying up some volunteers, and a big thank you to Elizabeth Suarez for working with the Village and helping to beautify downtown Shelby.

VA Widigan welcomed the new Matrix Power House Gym to downtown Shelby. The gym is located in the old hardware store at 162 N. Michigan Avenue. The owner's name is Hayder Hussein (most people call him Matrix, a nickname he picked up while in the military). Hours are 7:00 A.M. to 11:00 P.M., Monday through Saturday. Membership fees are \$45 per month; \$35 per month for students; and, all military veterans will receive a 10% discount. The grand opening for the gym is on Saturday, June 29, 2019.

VA Widigan reported that, on Thursday, June 20th, Andy Moore with Williams and Works sent over the community profile report. The report will ultimately comprise a significant section of the Master Plan; but for now, it should be reviewed and used as a workbook for the Village as it continues the planning process. Mr. Moore has asked VA Widigan to review the document and then review it with the Master Plan Committee. Mr. Widigan will get the survey deployed so the Village can continue to move forward on the project over the summer.

8. DEPARTMENT HEADS' REPORTS:

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that he met with Shelby School Superintendent Tim Reeves on Tuesday, June 11th to review his notes regarding draft version 10 of the proposed Intergovernmental Agreement by and between the Shelby Schools and the Village of Shelby. VA Widigan is making some of the proposed changes; after which, he will return it to Mr. Reeves for a final review. The goal is to have the Intergovernmental Agreement completed by August 1.

The Village is on track to wrap up the Donation Agreement by and between the Village of Shelby and Ann Campagna by August. Currently, Ms. Campagna's attorney, Tim Hayes, is working with the Village's attorney John Schrier to draft a final property donation agreement.

The Village's auditor, Eric VanDop, has sent draft financial statements for Clerk/Treasurer Budde and VA Widigan to review, along with a draft MD&A. The MD&A is a document that goes in the audit and is used to discuss the Village's plans for Fiscal Year 2019 - 2020 and beyond. An exit conference will be scheduled in the near future with the auditor.

VA Widigan reported that the Village's soccer park on Walnut Street where the volleyball nets had previously been is finished. DPW Supervisor Greg MacIntosh will place signs that read "Shelby Village Soccer Park".

8. DEPARTMENT HEADS' REPORTS:

Chief Farber reported that the Police Department is still working on the enforcement of the Village's Blight Ordinance.

9. CORRESPONDENCE:

a.) Presentation by T. Carey and R. Widigan on the Shelby Area Community Assessment

Tammy Carey Executive Director, Community Foundation for Oceana County, and VA Widigan offered a power point presentation regarding the Shelby Area Community Assessment. The assessment took place in August of 2018 and the purpose was to understand the needs of the Shelby area community and its residents. The general consensus was that the Shelby community participated well in the focus groups and attended the Town Hall meeting. The consultants were very impressed with the level of engagement from the community members.

Housing is a significant concern for the residents of the Village. The Village has a high renter vs. homeowner rate, and many of the properties are in need of upkeep. The few available affordable single-family homes are in need of repair. More housing types are desired (e.g.; second floor housing in the business district and mixed-use development).

The Downtown area is not "coherent." The business mix is gradually changing, but could benefit from more diversity. The quality of Downtown building facades is spotty and some buildings are in need of total renovation. There is a missed opportunity to market the Downtown by improving the rear of the buildings facing the Rail Trail.

The Shelby area is predominantly agricultural and there is not a diverse business mix. Many of the existing jobs are low paying jobs. The community would like to build on school-business collaborations with Oceana County Access Network (OCAN), Michigan Works, and the Oceana County Economic Alliance.

The participants felt that there is a struggle to communicate properly with everyone in the community. The Hispanic Community is not represented in local leadership and staff positions. Across the broader community, there appears to be some fear or lack of understanding in the value of sharing and learning cross-culture.

Housing is being addressed and the Village Ordinance Committee is drafting a Village Rental Ordinance. The Downtown will see some updates coming. The Shelby Village Council budgeted \$10,000.00 for Alleyway improvements and was recently classified as a low to mod community

which will open up the door to more grants and funding. The Village of Shelby is also researching a Downtown Development Authority (DDA). Tara Kelley was awarded the Pitch North Grant to help establish a coffee shop Downtown, and the Matrix Powerhouse Gym recently opened Downtown.

The Oceana County Employee Resource Network (ERN) is a group of nine employers, some of which include: Peterson Farms, Country Dairy, Valley City Metal, and others. These employers share a success coach to help these companies retain employees and reduce turnover. There has been a great amount of success with the program.

We have seen some great development with the Ladder Community Center in town and in the effort to build bridges and relationships with the Hispanic community. The “Farm to Table” event has been great for celebrating the community as well.

10. CITIZEN PARTICIPATION: No Citizen Participation.

11. OLD BUSINESS: No Old Business.

12. NEW BUSINESS:

a.) Foreclosure – Right of Refusal

In accordance with Public Act 123 of 1999, the Village has the “first right of refusal” after the State of Michigan to acquire tax-foreclosed parcels. 109 Pine Street was foreclosed in the 27th Judicial Circuit Court under the authority of the General Property Tax Act. The foreclosure occurred due to the non-payment of delinquent real property taxes for the 2016 tax year. If the Village acquires the property, the purchase must be for governmental or public use.

Dan Zaverl moved to waive the Village’s “first right of refusal” to all parcels that were foreclosed on April 2, 2018 in accordance with Public Act 123 of 1999.

Seconded by: John Sutton.

Roll Call Vote:

Chief Farber received three quotes for the new in-car-computer as follows: Mobile Tek Consulting sells a Panasonic CF-31 Fully Rugged Toughbook (Public Safety Exclusive Bundle) for \$3,700.00. Moorning Tech sells the same bundle for \$3,825.00. Tough Rugged Laptops sells the bundle in the amount of \$4,817.98.

a.) Purchase of Ferric Chloride

The Village of Shelby uses Ferric Chloride at the sewer lagoons to inject into Cell number 3, which is our polishing pond and the cell the Village discharges from. The purpose of adding Ferric Chloride is to lower phosphate levels. Phosphate is unavoidable in stabilizing lagoons and ferric chloride is a common method of keeping the phosphate within the expected limits. While the Village is discharging, Cell number 3 is sampled once a week to monitor phosphate as well as other aspects of the water.

DPW Supervisor Greg MacIntosh received three quotes for 4,000 gallons of Ferric Chloride from the following companies: PVS Technologies in the amount of \$4,700.00; Webb in the amount of \$5,250.00; and Haviland Products in the amount of \$5,331.20.

10. CITIZEN PARTICIPATION: None.

11. OLD BUSINESS: No Old Business.

12. NEW BUSINESS:

a.) Water Tower Inspection Report and Recommendations

Dixon Engineering completed their inspection of the 200,000-gallon spheroid water storage tank and have submitted their report. Dixon stated that the recommended work be completed within the next year. The coating work is the greatest cost and most significant recommendation. There are two different options when it comes to the “Exterior”.

Option 1 is an exterior repaint with containment in the amount of \$312,00.00. This process would require cell phone towers to be taken down, a sand blasting of the tower itself, and a repaint of the tower.

Option 2 is an exterior alternative (overcoat system) which was included as an option in recognition of the challenges of having the cell phone antennas on the tank temporarily relocated for an exterior repaint with containment project. The alternate overcoat system will have a shorter service life (10 years vs 20 years) but it will allow the Village to budget and prepare for the time when exterior abrasive blast cleaning becomes the only option. The exterior alternate option would reduce the estimated cost summary subtotal for the project to \$151,000.00. By choosing the exterior alternate option, the engineering and contingencies drop to \$24,800.00, which brings the total project cost to \$175,800.00.

Dan Zaverl moved to authorize the Village Administrator to sign the proposal with Dixon Engineering and Inspection Services of Lake Odessa, Michigan to complete the exterior alternate coating option, along with the other recommended repairs and upgrades to the Village’s water storage tank, as outlined in the July 29, 2019 report, in the amount of \$175,800.00.

Seconded by: Steve Crothers.

Roll Call Vote:

Motion Carried 7-0.

b.) Donation Agreement

The Parks, Recreation, and Buildings Committee, Parks Consultant John Wilson and VA Widigan have been working with Attorney Tim Hayes and Annette Campagna to finalize the Donation Agreement with Ms. Campagna. On Thursday, August 1, 2019, Mr. Wilson, President Inglis, and VA Widigan met with Mr. Hayes and Ms. Campagna to discuss the proposed Donation Agreement. As a result of that meeting, the attached agreement was finalized.

The agreement states that the Village shall utilize the donated property exclusively and in perpetuity for public recreation, conservation and park uses in conjunction with Getty Park. After the agreement is signed, the property will be conveyed to the Village and the agreement will be filed with the County. Furthermore, as per the agreement, a fence will be constructed, as agreed upon when discussion of the donation with Ms. Campagna began.

6. PRESENTATION:

a.) 2019 Report on Financial Statements Exit Conference – Eric VanDop

Eric VanDop, Partner with Brickley DeLong, the Village's auditing firm, was in attendance to present the Village of Shelby's 2019 Report on Financial Statements. Mr. VanDop highlighted the Village's major funds and noted that the Village is in good financial shape. The Village's General Fund balance decreased by \$15,004.00. This decrease appeared to be due to a number of one-time expenses as well as a one-time revenue from an insurance reimbursement. The General Fund balance as of February 28, 2019 was \$549,837.00. The net position of the Village's Sewer Fund decreased by \$52,555.00 due to a number of one-time expenses. The Sewer Fund has a total net position of \$1,891,902.00 and an unrestricted balance of \$119,238.00. The Village's Water Fund net position increased by \$100,936.00. The Water Fund has a total net position of \$1,975,807.00 and an unrestricted balance of \$562,310.00. There were some notes from the previous year's audit that indicated need for improvement and Mr. VanDop was very pleased with the improvement that had been made and a number of those notes had been addressed.

7. PRESIDENT'S REPORT: Nothing to report.

8. ADMINISTRATOR'S REPORT:

VA Widigan reported that, on Monday, August 26, 2019, he had attended the USDA Rural Development Lunch and Learn. Oceana County municipal partners met for lunch with Senator Jon Bumstead and Jason Allen, Michigan's Director of USDA-Rural Development, to discuss the various USDA-RD programs available to rural communities as tools in their economic and community development strategies. This is also an opportunity to discuss solutions to the unique challenges impeding desired growth in rural areas. Some of the topics to be covered are:

- Funding infrastructure improvements.
- Improving housing inventory and ownership rates.
- Building a community facility, such as childcare, community, or training center.
- Funding projects that make it a desired place to work, live, and play.

On Tuesday, July 16th, draft version 11 of the Intergovernmental Agreement was sent to Shelby Public Schools Superintendent, Tim Reeves, requesting his review and feedback. Mr. Reeves contacted VA Widigan on August 8th, wherein he had informed him that they are still in the process of reviewing draft 11 of the Agreement. However, they are in the startup process of the new school year and these next couple weeks are busy. VA Widigan is still waiting for Mr. Reeves to confirm his availability to meet and review the draft.

Village staff and the Village Planning Commission members have reviewed the Community Profile Report, and any suggested changes have been sent to Williams and Works. The surveys have been created, and the Village is continuing to moved forward with this project as summer winds down. The Village of Shelby Master Plan is scheduled to be finished this Fall.

The Parks, Recreation, and Buildings Committee along with VA Widigan and Parks Consultant John Wilson will be touring the Village parks on Saturday, September 14, 2019.

VA Widigan reported that Chief Farber and he have met multiple times since the last Village Council meeting to ramp up the enforcement side of the Blight Ordinance. The Village sent out notice of ordinance violation letters to numerous residents on August 22 and 23. Compliance is required within 12 days from the date of mailing; failure to comply will result in the issuance of a municipal civil infraction. Chief Farber is working with a few property owners who have been making progress toward cleaning up the blight. Those who are in the process of actively cleaning up blight were not issued notices. The ordinance has been on the books since March 31, 2019. It has been discussed in the local newspapers, on Facebook, and is on the Village's website. Tickets will be issued to those who fail to comply.

Nicole Osborn, Attorney with Parmenter Law, has completed her review of the draft Rental Ordinance. On Thursday, August 22, 2019, the Ordinances Committee met to review it. VA Widigan had some questions to send to Ms. Osborn. After that, he will begin individual one-on-one meetings with Shelby Village landlords.

VA Widigan contacted Don DeVries of Fleis & VandenBrink to confirm that the Sessions Road project whether or would not be delayed due to the recent strike with Rieth -Riley employees. Mr. DeVries confirmed that Sessions Road is still on schedule to be done in September.

9. DEPARTMENT HEADS’ REPORTS:

Chief Farber reported that there are currently 13 properties that are in violation of the Blight Ordinance; three of those properties are currently in foreclosure.

10. CORRESPONDENCE: None

11. CITIZEN PARTICIPATION:

Resident Mary Lulich inquired about the Shelby Village Council Meeting minutes being updated and posted on the Village website on a regular basis. VA Widigan responded that the minutes would be updated and going forward will be put up on the Village’s website immediately after they are approved by the Village Council.

12. OLD BUSINESS: No Old Business.

13. NEW BUSINESS:

a.) Resolution of Intent – RRC

The Village submitted the Self-Evaluation application to the Michigan Economic Development Corporation (MEDC) for Redevelopment Ready Communities (RRC) Certification last week; however, we also are required to submit a formal resolution adopted by the Village Council in support of our participation in the program. The RRC process consists of three steps: Engagement, Evaluation, and Certification. We are in the Engagement Step. The requested action from Council is to approve the Resolution of Intent which outlines the Village Council’s recognition of the value the community will see from engaging in the RRC process.

Steve Crothers moved to adopt Resolution #2019-08-26-01, resolving that the Village of Shelby Council supports the RRC Program initiative and will work toward completing the evaluation process and improving procedures in pursuit of RRC Certification.

Given that the Village held a Spring Clean-Up Day on June 22, 2019, VA Widigan is recommending the Village hold the Fall Clean-Up Day on October 19, 2019 from 9:00 A.M. to 1:00 P.M.

Seconded by: Bill Harris.

Motion Carried.

5. ADDITIONS TO THE AGENDA: No Additions to Agenda.

6. PRESIDENT'S REPORT: Nothing to report.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that he has not yet heard from Shelby Public Schools Superintendent Tim Reeves regarding the Intergovernmental Agreement since August 30, 2019. The last that Mr. Widigan had been told is that Mr. Reeves was waiting on feedback from their legal counsel.

The Parks, Recreation, and Buildings Committee along with Parks Consultant John Wilson and VA Widigan will hold a Village Park Tour on Saturday, September 14, 2019 at 10:00 A.M.

VA Widigan thanked Chief Farber and the Police Department for all of their hard work and time devoted to enforcing the Blight Ordinance. On Wednesday, September 4th, Chief Farber and VA Widigan drove through the Village to view all the 13 addresses that received notices for Blight violations. All but two have either begun the clean-up process or have entirely addressed the issue. A couple new addresses have been identified, including the bricks alongside the Rail-Trail at 78 N. Bevier Street. A notice of ordinance violation letter has been issued to the owner and compliance is required or, a ticket will be issued.

The Ordinance Committee met on Thursday, August 22, 2019 to review the draft Rental Ordinance. On

Friday, September 9, 2019, VA Widigan emailed the Ordinances Committee a list of answers to questions they had for the Attorney. VA Widigan will begin meeting with known landlords in the Village to review the draft ordinance.

VA Widigan reported that the Village’s ACT 51 report has been submitted to the Michigan Department of Transportation (MDOT) and has been approved. MDOT also sent a letter stating that the Village’s certified millage as of July 1, 2019 (for calendar year 2020) is as follows:

Major: 6.14
Local: 7.46

8. DEPARTMENT HEADS’ REPORTS:

Chief Farber reported that the Police Department received the new in-car computer and the new updated software has been loaded and is in use. Violations for the Blight Ordinance and letters were sent out since the last Council meeting. All but four properties have made great progress or are completely cleaned up. Of the four properties (with no progress), two of them are in the foreclosure process.

9. BUDGET REVIEW AND AMENDMENTS:

It was discussed that the Village would begin doing budget amendments throughout the year; quarterly or as needed. There are a couple of expenditure line items within the budget that require adjusting. These budget amendments represent a total increase to Major Streets and Local Streets Fund Expenditures in the amount of \$71,801.93. These projected increases are over the approved budget. Two main causes of these overages are:

- The road salt bill from the Oceana County Road Commission came in higher than budgeted.
- The final invoice from MDOT for the 2018 State Street Project did not come in until April 4, 2019.
- The Sessions Road cost estimate was more than originally budgeted.

Jim Wyns moved to adopt Resolution #2019-09-09-01, September 2019 Budget Amendments.
Seconded by: Steve Crothers.

Roll Call Vote:

Ayes: Wyns, Crothers, Zaverl, Sutton, Near, Harris, and Inglis.
Motion Carried 7-0.

10. CORRESPONDENCE:

a.) Senator Bumstead – Opinion on Senate Bill 431

President Inglis received a letter from Senator Jon Bumstead seeking input on the recently introduced legislation, Senate Bill (SB) 431. Under SB 431, a local unit of government would not be allowed to prevent or prohibit the extraction of natural resources from any property, if both of the following apply:

1. The natural resources are valuable to the point that a person extracting the natural resources can reasonably expect to operate at a profit.

2. Very serious consequences, such as posing an actual and unnecessary risk to public health and safety, would not result from the extraction of the natural resources from the property.

Alternatively, SB 431 would allow a person to extract natural resources if they submit a detailed plan for the proposed extraction to the local unit of government. The application would be considered approved if the local unit of government does not make a final decision within 180 days after receiving the completed application.

Senator Bumstead is looking for thoughts on the potential legislation, so he can get a better understanding of the effects that the bill may have on the Village.

11. CITIZEN PARTICIPATION:

Village business owner and Shelby Roars member Tara Kelley asked for Council approval to change the time frame for the closing of Michigan Avenue for the Farm to Table event from 8:00 A.M. to 11:00 P.M. The Village Council had no objection to this and no further action is required.

12. OLD BUSINESS: No Old Business.

13. NEW BUSINESS:

a.) Awaken the Dawn Event

Brian Beckman from The Ladder approached VA Widigan on Thursday, August 29, 2019 regarding an event they will be hosting on their “triangle lot” just south of The Ladder building. The event is being organized by Tamara Rose, and it will consist of a tent filled with worship and prayer for 50 hours on October 17th, 18th, and 19th of 2019.

Ms. Rose addressed the Village Council and assured that there would be no disturbance to the Village residents during the time of the event. There will be song and worship throughout all hours, but that the noise level will be kept down in order to be respectful of all those around the area.

b.) Transmitter Replacement Quotes

The flow meter transmitter at the main lift station is in need of replacing. The transmitter is what calculates the flow usage for the pumps. DPW Supervisor Greg MacIntosh received two quotes for the replacement of the transmitter. Mr. MacIntosh sought four quotes for the work; however, only Kennedy Industries and Hillard Electric, Inc responded to Mr. MacIntosh’s request.

Kennedy Industries quoted the replacement of the transmitter at a cost of \$3,325.00 and Hillard Electric quoted the replacement at a cost of \$2,800.00.

Bill Harris moved to authorize Greg MacIntosh to contract with Hillard Electric, Inc. of Cedar Springs, Michigan in the amount of \$2,800.00 to replace the flow meter transmitter at the main lift station.

Seconded by: Dan Zaverl.

Roll Call Vote:

Ayes: Harris, Zaverl, Wyns, Crothers, Sutton, Near, and Inglis.
Motion Carried 7-0.

c.) Water Shut-Off List Fee

The Village of Shelby currently has a fee of \$30.00 for non-payment of water bills by the 14th of each month. The current Water Shut-Off Policy states: “all past (previous) due amounts must be paid in full by 4:30 P.M. on the 14th day of the month to avoid shut off”. This is regardless of holidays or weekends and is why the Village has a drop box in the lobby.

Both the City of Montague and Hart charge a \$50.00 reconnect fee. The City of Whitehall charges \$50.00 for the first offense and an additional \$50.00, \$100.00 and \$200.00 for the second, third, and fourth shut-off occurrences.

A great deal of discussion ensued regarding the effective date for the increase in the water shut-off list fee to \$50.00.

Jim Wyns moved to increase the water shut-off list fee to \$50.00 effective March 1, 2020.

6. PRESIDENT'S REPORT:

President Inglis made reference to a Facebook rant by a Village resident complaining about her water bill. The information she had posted on the site was inaccurate and missing some key information. President Inglis had directed VA Widigan to respond to her post on Facebook and VA Widigan was unable to comment on the post, due to being blocked. VA Widigan sent the resident a certified letter addressing her concerns, clearing up any misunderstandings of the information, and explaining exactly why the resident had not been billed for the usage over the past few months and that the issue had been resolved.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that, on Tuesday, July 16, 2019, draft version 11 of the Intergovernmental Agreement (IGA) was sent to Shelby Public Schools Superintendent Tim Reeves, requesting his review and feedback. Mr. Reeves did send VA Widigan an email on Tuesday, September 17, 2019, with "some feedback". Parks Consultant John Wilson and VA Widigan reviewed it, and what feedback was appropriate was incorporated into the IGA. The IGA needs to be finalized and then approved as soon as possible.

VA Widigan reported that the Village closed on the donation of property from Ms. Campagna. The

signed closing documents were hand-delivered to the title company for closing on the morning of Friday, September 20, 2019.

The Parks, Recreation, and Buildings Committee, along with VA Widigan and Park Consultant John Wilson, held a Village Park Tour on Saturday, September 14, 2019. All eight of the Village’s parks were toured and many parts of the tour were shared on Facebook via live feed. There were a sundry of comments and suggestions of ways to improve the Village’s parks. The notes taken during the tour will be part of the information submitted to the DNR for the update to the Village’s Five-Year Parks and Recreation Plan.

Thursday, September 12, 2019, the Ordinances Committee met to review the questions and answers regarding the proposed Rental Ordinance from the Village’s Attorney. Following the last Ordinances Committee meeting, VA Widigan sent the Attorney a few tweaks/suggestions that came out of the meeting. Once VA Widigan receives a final draft, he will begin the one on one meetings with local landlords.

The Sessions Road resurfacing project began on Monday, September 16, 2019 and should be completed within a week or two.

VA Widigan reported that he is working with Andy Moore of Willams & Works to set up a follow-up meeting with the “small group” that attended the initial Master Plan meeting on March 1, 2019.

8. DEPARTMENT HEADS’ REPORTS: Nothing to report.

9. CORRESPONDENCE: No correspondence.

10. CITIZEN PARTICIPATION:

Mary Lulich, member of the Shelby Roars group, thanked the Village DPW and Police Department for all of their work and help with the Farm to Table event that took place on September 21, 2019.

11. PUBLIC HEARING:

a.) Industrial Facilities Exemption Hearing – Silver Street Inc.

President Inglis opened the Public Hearing at 6:35 P.M.

Public Act 198 of 1974, as amended, is the primary tool local units of government use as an incentive for companies to renovate and expand aging manufacturing plants or to build new plants in Michigan. The legislative body of the City, Township, or Village in which the facility will be located grants the abatement, which reduces local property taxes by roughly 50 percent on new plants. Abatements cover real property and can run from one to twelve years, at the option of the local unit.

SSI Leasing Co. LLC/ Silver Street Inc. (Media Technologies) currently has 92 fulltime employees and 21 temporary employees. Many of the temporary spots are positions that they intend to hire when they find the right person. Since December 2015, the company has increased employment by 40 people, including temporary help. Furthermore, Media Technologies expects to add 15 or more employees in the next three years. The application affirms that Media Technologies intends to spend \$1,877, 820.00 in the Industrial District, consisting of approximately \$1,489,840.00 for land improvements and building improvements and

\$387,980.00 for machinery and equipment.

Public Hearing Comments:

Jodi Nichols, with the Right Place, told the Council that, by approving the exemption for Silver Street Inc., the Village would be supporting local business owners; there would be growth in local businesses; and, that jobs would be added as well as an increase in taxes for the Village of Shelby.

Randy Seaver, owner of Silver Street Inc. informed the Council that the business is very strong and that they project sales to double in the next two years. Silver Street Inc, will also be able to add a number of jobs after the expansion.

President Inglis closed the Public Hearing at 6:44 P.M.

11. OLD BUSINESS: No Old Business.

12. NEW BUSINESS:

a.) Industrial Facilities Exemption Hearing – Silver Street Inc.

Bill Harris moved to adopt the Resolution #2019-09-23-01, approving the application for Industrial Facilities Exemption Certificate for SSI Leasing Co. LLC/Silver Street Inc. of the Village of Shelby, Oceana County, Michigan.
Seconded by: Steve Crothers.

Roll Call Vote:

Ayes: Harris, Crothers, Wyns, Zaverl, Sutton, Near, and Inglis.
Motion Carried 7-0.

a.) Intergovernmental Agreement

As was discussed at the September 9, 2019 Council meeting, the MDNR has sent us preliminary scoring for the Getty Park Project application. The Village will have until October 1, 2019, to submit any additional information or correct any information already submitted. Given that there is no Village Council meeting before October 1, 2019, the Village's Parks Consultant John Wilson and VA Widigan believe it is best to receive pre-authorization for the Village President and VA Widigan to sign the Intergovernmental Agreement. The authorization is in the event Shelby Public Schools delivers the Village a signed agreement before October 1, 2019.

Jim Wyns moved to authorize VA Widigan and President Inglis to execute all documents and requirements relating to the Intergovernmental Agreement by and between the Village of Shelby and Shelby Public Schools, up and until October 1, 2019.
Seconded by: Andy Near.

Roll Call Vote:

Ayes: Wyns, Near, Crothers, Zaverl, Sutton, Harris, and Inglis.
Motion Carried 7-0.

b.) Fence Quotes

The estimates to replace the fencing at Getty Park and to construct fencing alongside Ms. Campagna's property, as per the approved Donation Agreement by and between the Village of Shelby and Annette Campagna, covers two jobs:

1. The fencing alongside Annette Campagna's property line. That will fulfill the Village's responsibility in the recently approved Donation Agreement.
2. Since the Village will need to have a company erect the fence at Ms. Campagna's property, it makes sense to have them replace the fencing in Getty Park as well.

On September 4, 2019, DPW Supervisor Greg MacIntosh and Parks Consultant John Wilson met with three fence contractors regarding Getty Park and the Campagna property. The proposals include the replacement of the existing fence and requested the submission of a proposal for:

- Removal of the existing fence (this was requested in order to obtain a cost figure). The Shelby DPW will be removing the existing fence.
- Supplying the material and labor to install a 4' high commercial chain link fence material with a black PVC coating bonded to the core wire and installed on the property lines.
 - Fence material to be knuckled on top and bottom.
 - Tension wire on the bottom
 - 2" mesh size
 - Line post will be commercial size with PVC black coating
 - Top rail will be commercial size with PVC black coating
 - Provide a 36" gate at a location to be determined on the east side of the residential property adjacent to Getty Park prior to the fence work being initiated.

The proposals received:

Great Lakes Pet Fencing, LTD quoted \$10,560.00 for the black chain link fence, \$11,961.00 for black/silver chain link and \$1,000.00 to remove the existing fence.

Good Neighbor Fence quoted the black chain link fence at \$13,900.00 and \$815.00 to remove the existing fence.

Eisenlohr's Farms, LLC quoted the black chain link fence at \$13,900.00, \$11,961.00 for black/silver chain link and \$1,000.00 for the removal of the existing fence.

Steve Crothers moved to hire Great Lakes Fencing Inc. of Hart, Michigan to install black chain link fencing at Getty Park and alongside Annette Campagna's property line in accordance with "Exhibit B" of the Donation Agreement in the amount of \$10,560.00.

On Tuesday, September 24, 2019, VA Widigan emailed the Ordinances Committee the revised Rental Ordinance and Fee Resolution. He is now beginning one on one meetings with known landlords in the Village of Shelby to review the draft ordinance.

VA Widigan reported that the Sessions Road project is complete. A final project review is scheduled with Fleis & VandenBrink and Reith-Riley Construction.

As a reminder, the Village's Fall Clean-up Day with the Township will be on Saturday, October 19, 2019, from 9:00 A.M. to 1:00 P.M.

Peterson Farms has purchased the Jehovah’s Witness Church at 568 N. Oceana Drive, Hart, Michigan. The building will be used for a daycare, along with an early learning center, in partnership with Shelby Public Schools. The service will be available to all families in Shelby, not just Peterson Farms employees.

American Apple, LLC., owned by Caleb Coulter, has partnered with Shelby Public Schools to launch the “Little Tiger Challenge”. It is their goal to raise \$35,000.00 by November 1, 2019, to assist Shelby Public Schools Thomas Read Elementary School in replacing their playground. How the “Little Tigers Challenge” works, is a business pledges an amount. After pledging, they then nominate two local businesses in hopes of gaining their financial support.

VA Widigan spoke with Andy Moore, of Williams & Works, at length on Monday, October 7, 2019, regarding the Master Plan. The English and Spanish versions of the survey has been finalized, and are on the Village’s Facebook page for residents to take. VA Widigan will be reaching out to the Oceana’s Herald-Journal and the Oceana County Press, asking them to share the survey in the paper and on-line. After the surveys close at the end of the month, Williams & Works will report on the results. The “small committee” that met in March will meet with Mr. Moore to review the report and initial drafts of the Master Plan.

11. OLD BUSINESS:

12. NEW BUSINESS:

a.) Intergovernmental Agreement – Final

The Village had received the preliminary scoring for the Getty Park Project from the MDNR in September. The Village had until October 1, 2019 to submit any additional information or correct any information already submitted. Without a final IGA with the Shelby Public Schools, the Village of Shelby lost up to 30 points on its grant application.

As stated during the September 23, 2019 Council meeting, even though it is after October 1, 2019, the Village still needs to move forward with the IGA.

Andy Near moved to approve the Intergovernmental Agreement (IGA) by and between the Village of Shelby and the Shelby Public Schools dated October 1, 2019 and that the Shelby Village Council also authorize VA Widigan to send the final IGA to Shelby Public Schools Superintendent Tim Reeves and the Shelby Public Schools Board of Education President Steve Vinke with a letter stating that the IGA is the final version. Furthermore, Shelby Public Schools has until November 1, 2019, to approve, sign, and return the final IGA to the Village of Shelby. In the event Shelby Public Schools chooses not to approve, sign, and return the final IGA to the Village of Shelby, they shall lose “priority use” of Getty Field.

b.) Industrial Facilities Exemption Certificate – Update Resolution Language Requested

VA Widigan received an email from Janay Jenkins at the Michigan Department of Treasury regarding the resolution that was passed on September 23, 2019 approving the tax abatement for Media Technologies. The added language is simply clarifying language to include the date the Industrial Development District was created, official name of the District, and if the tax

abatement exceeds 5% of the total SEV for the Village.

Jim Wyns moved to repeal Resolution # 2019-09-23-02, and approve Resolution #2019-11-25-02 with updated language, as requested from the Michigan Department of Treasury, approving the application for industrial facilities exemption certificate for SSI Leasing Co. 6. PRESIDENT'S REPORT: President Inglis had nothing to report but wanted to wish everyone a Merry Christmas and a healthy and happy New Year.

7. ADMINISTRATOR'S REPORT:

VA Widigan reported that he had received an email on Monday, December 16, 2019 from Dan Lord, Manager, Grants Management Finance and Operations Division. VA Widigan was informed that the Village's Getty Park Renovation application was not selected for funding by the Michigan Natural Resources Trust Fund Board. The Trust Fund Grant is a competitive grant program and can be difficult for small rural agencies to receive funding. According to Mr. Lord, more applications were submitted than could be funded. VA Widigan will be attending an MDNR grant workshop on January 6, 2020 in Lansing with Parks and Recreation Consultant John Wilson. VA Widigan will meet with the Parks and Recreation Committee later that evening to discuss details from the workshop. In attending the grant workshop VA Widigan will be able to meet with the Village's grant coordinator to inquire about possible deficiencies in the recent grant application, along with recommendations and strategies for the Village's new application.

The Village of Shelby was awarded \$1,500.00 from the JT Sackett Fund of the Community Foundation for Oceana County to purchase and establish a bike repair station along the William Field Memorial Hart-Montague Trail. This is in response to the “Community Wish List” request that was made by VA Widigan earlier this year.

VA Widigan reported that the State of Michigan has raised the price of salt for this season. The Village purchases its salt from the Oceana County Road Commission; however, the County sets its prices based on the State’s price. In November 2018, the price was \$36.20 a ton. The bill that the Village just received for November of 2019 was based on a price of \$75.44 per ton.

Chief Farber and VA Widigan are working on a Community Facilities Grant from the USDA Rural Development. This program provides affordable funding to develop essential community facilities in rural areas. Grants through this program may fund a maximum of 75% of the project or development. VA Widigan and Chief Farber are researching the utilization of the program for the purchase of a new police cruiser and/or a public works vehicle.

Chief Farber and VA Widigan have been meeting in regard to the search for the Village’s next Police Chief. A job description, pre-interview questions, and interview questions have been developed and reviewed.

DPW Supervisor Greg MacIntosh had nothing to report.

Chief Farber reported that he hired two part-time officers to fill open shifts. They are Brandon Knoll who previously worked for the Village of Shelby and Elizabeth Mantyck who recently graduated from WSCC this past May and is currently working part-time for the City of Hart.

c.) Water Bills

Village Clerk/Treasurer Crystal Budde presented to Council the cost comparison she prepared in regard to full page water bills vs. the post card billing that the Village of Shelby previously used. The full-page billing is not only time consuming, but it is also very costly for the Village. The Village will save money by switching back to the post card billing, as well as cutting back a significant amount of staff time that is spent matching past due/shut off notices to the current bill and running the stuffing and sealing machine.

Current Cost Breakdown:

	Monthly	Annually
Full Page bills		
Billing paper	\$50.33	\$603.96
Envelopes	\$43.14	\$517.68
Postage	\$359.90	\$4,318.80
Newsletter (paper)	\$45.00	\$540.00
Equip. Maintenance	\$54.17	\$650.00
Total	\$552.54	\$6,630.44
Post Cards		
Card stock	\$43.14	\$517.68
Postage	\$251.65	\$3,019.80
Total	\$294.79	\$3,537.48
Total Savings	\$257.75	\$3,092.96

Steve Crothers moved that the Village of Shelby switch to post card billing and develop a newsletter of significant information to be posted in the Village Hall, on the Village's website on the Village of Shelby Facebook page, and at other depositories.

The Shelby Tigers logo may be added depending on the quote for the painting.
