

ALL NATURAL Compounds delivering ALL NATURAL Results

VINEYARD MICROBIAL INOCULANT SOLUBLE NON-PLANT FOOD

DESCRIPTION

ReGeN2™ is a product that inputs beneficial nitrogen-fixing microbes with a 32% Carbon content. These microbes will mineralize soil organic matter and thus influence the flavor and quality of grapes and final wines. These components work together to enhance plant growth by improving soil aeration and reducing compaction and salt content. The aeration facilitated by **ReGeN2™** creates pore spaces in the soil, which helps with water absorption and increases the soil's water holding capacity. When combined with nitrogen-fixing microbes, this promotes the development of a robust underground biosystem that supports healthy plant and fruit growth.

CONTENTS

Microorganisms:

ReGeN2™ Proprietary

Vineyard Microbe Blend..... 2.5×10^9 CFU/g*

Paenibacillus polymyxa..... 2.5×10^9 CFU/g*

*Colony Forming Units/g

CONTAINS NON-PLANT FOOD INGREDIENTS

2.27 Trillion CFU (colony forming units) per application of Vineyard Microbe Blend, Paenibacillus polymyxa and Maltodextrin.

APPLICATION

1-3 LB/acre for proven results, for strained or heavily used soil additional dose through the season to build the microbe colonies for the healthy soil.

BEST RESPONSE RESULTS: **ReGeN2™** is concentrated in the root zone through any type of irrigation, soil injection, or applied directly to the soil line. Can also be applied aerial, ground, and foliar with beneficial results. For spray applications use 10 gallons of water per acre.

USE

For Aerating, Boosting Growth and Yield:

- Boosting New Tendril Growth
- Providing Microbes for Soil Health
- Increased Fruit Quality and Production
- Builds the Regenerative Soil Cycle

COMPATIBILITY

ReGeN2™ is compatible with most fertilizers. Jar test for mixing compatibility.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Secure bag after opening to preserve shelf life. Store between 35- and 80 degrees F. Do not freeze.

CAUTION

Keep out of reach of children and pets. Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician. See product SDS for additional information available on the website.

NOTICE – The seller guarantees the product's chemical description and its suitability for the stated purpose when used as directed under normal conditions. However, due to variations in weather, crops, and soil, no explicit or implicit warranties are provided. Users assume all risks associated with the product's use and handling, regardless of adherence to directions or suggestions.
