

ALL NATURAL Compounds delivering ALL NATURAL Results

MICROBIAL INOCULANT SOLUBLE NON-PLANT FOOD

DESCRIPTION

ReGeN2™ is a product that includes beneficial nitrogen-fixing microbes with a 32% Carbon content. These components work together to enhance plant growth by improving soil aeration and reducing compaction and salt content. The aeration facilitated by **ReGeN2™** creates pore spaces in the soil, which helps with water absorption and increases the soil's water holding capacity. When combined with nitrogen-fixing microbes, this promotes the development of a robust underground biosystem that supports healthy plant growth.

CONTENTS

Microorganisms:

Paenibacillus polymyxa.....2.5 x 10⁹ CFU/g*

Bacillus subtilis.....2.5 x 10⁹ CFU/g*

*Colony Forming Units/g

CONTAINS NON-PLANT FOOD INGREDIENTS

2.27 Trillion CFU (colony forming units) per application of Paenibacillus polymyxa, Bacillus subtilis, and Maltodextrin

APPLICATION

1 LB/acre for larger applications or use 8 oz per 10,000 square feet for gardens or lawns. Smaller application rates throughout the season can boost results.

BEST RESPONSE RESULTS: **ReGeN2™** is concentrated in the root zone through traditional or drip irrigation, soil injection, or applied directly to the seed. Can also be applied aerial, ground, and foliar with beneficial results. For spray applications use 2.5 gallons of water per 10,000 sq ft or 10 gallons of water per acre.

USE

For Aerating, Boosting Growth and Yield:

- Grass/Grains/Cereal/Alfalfa
- Lawns/Shrubs/Flowers
- Edible Plants
(Tomatoes/Herbs/Peppers/Fruiting/
Plants/Grapes/Potatoes and many more)
- Trees (Nut/Fruit/Ornamental)
- Crop Residue
- Any plant that uses photosynthesis

COMPATIBILITY

ReGeN2™ is compatible with most fertilizers. Jar test for mixing compatibility.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Secure bag after opening to preserve shelf life. Store between 35- and 80 degrees F. Do not freeze.

CAUTION

Keep out of reach of children and pets. Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician. See product SDS for additional information available on the website.

NOTICE – The seller guarantees the product's chemical description and its suitability for the stated purpose when used as directed under normal conditions. However, due to variations in weather, crops, and soil, no explicit or implicit warranties are provided. Users assume all risks associated with the product's use and handling, regardless of adherence to directions or suggestions.
