Gender Pay Gap Report 2023

As required by law of all employers with more than 250 employees, this report is the Trust's second Gender Pay Gap Report with a snapshot date as at 31/3/23.

Gender gap and bonus gap

Difference between men and women	Mean (Average)	Median (Average)
Gender Pay Gap	24%	45%
Gender Bonus Gap	0	0

Mean difference last year was 20% and the Median was 35%

Pay Quartiles

On 31/3/23 there were 336 qualifying employees (compared to 331 last year) included in the report. 293 female (87.2%); 43 male (12.8%). (Split last year was 290 female to 41 male)

The following is the proportion of males and females in each pay quartile. There are 84 employees in each of the quartiles.

Top (highest) quartile	21.43% Men (21.95% last year)	78.57% Women (78.05% last year)
Upper middle quartile	21.43% Men (19.28% last year)	78.57% Women (80.72% last year)
Lower middle quartile	4.76% Men (2.41% last year)	95.24% Women (97.59% last year)
Lower quartile	3.57% Men (6.02% last year)	96.43% Women (93.98% last year)

Supporting Statement and Narrative

Success Academy Trust is committed to equal pay and know that our gender pay gap is not a pay issue as the Trust maintains its salary scales in line with Leicestershire County Council for support staff and National Teachers pay and conditions for teaching staff.

The Trust recognises that women outnumber men by 293:43 and it is also clear that men are underrepresented in the lowest quartiles of the workforce.

Success Academy Trust operates as an equal opportunities employer and does not discriminate in any way (as defined by the Equalities Act 2010 and other relevant legislation) regarding recruitment, performance management and employee career development opportunities.

Over half of the roles within the Trust are part-time either aligning closely with the hours of attendance of pupils or outside of this time for access purposes.

To help understand the variations in the pay gap, a separate exercise was run to look at the gender pay gap between male and female teachers (ie excluding support staff)

From this it was noted that of the 331 qualifying employees for the full report, 110 were teachers. Of this there were 24 male staff (1 part time) and 86 female staff (29 part time).

We continue to be a flexible employer and a number of our employees choose to work less than full time (32.5 hours for teachers, or 37 hours for support staff).

Of the total 336 qualifying employees, 10 out of the 43 males (or 23.26%) were working part time and 221 out of the 293 females (or 75.43%) were working part time.

The Trust has a pay structure and other processes which ensure that discrimination based on gender is not currently an issue within the Trust. The Trust Board however recognises that the organisation as a whole has a higher gender pay gap than the national figure and they are committed to reducing this gap through:

- Continued support to requests for flexible working hours for all staff where it can be accommodated
- Professional Development opportunities and support with all staff to encourage promotion either within or outside of the Trust
