HERBS OVER VACCINES

Allow us to reintroduce HOV. That's Herbs Over Vaccines. Why we would like to reintroduce this in these times because vaccines are the topic of convo when it comes to this coronavirus. Vaccines seem to be the number one go to but is that how we should know it?

THEWAV613.COM

The world today shows us that death is certain, this is easily seen day to day if you turn to any media outlet. People are passing away at record numbers because of their agreement with those leading the masses away from The Life Source. From the time we began to develop in the womb we're being bombarded with one of Babylon's major pillars which is its pharmaceutical system. Even now, during the pandemic Babel's greatest minds are working tirelessly to create a vaccine to cure the sickness that has spread throughout the earth. But YAHUAH has already given us a sure preventative and recovery method for times such as these. Who'd you rather depend on: A system that has shown us its focus is to make a transaction instead of healing OR The unchanging hand of The Almighty who selected His own physicians to do the job righteously? We can't have both because one shows its greed for money in exchange for life which is highly evil. So by following the elect of this time you'd be taught to hate what YHUH created out of the earth for real medicine. We should rather have great health instead of a bank account full of mammon but The love of money has blinded the eyes of many, the truth can't be sold but repenting soul is open for healing.

LIFE AS WE KNOW IT

It's common to hear someone say

“_____ gives me life” whether it be a song or your favorite dessert, in that moment those small things are making being alive feel worth it. But what if you didn't have anything to eat or couldn't hear your favorite song, what would motivate you to keep enduring day to day?

Yahusha said he came that we might have Life more abundantly lacking nothing an able to lend to those in need, this is completely opposite of the lives we currently live. Right now we're in position of borrowing from those at the top who taught us to follow ways that keep us in poverty battling each other at the bottom.

Everything that's promoted heavily in the world is contrary to what brings peace and longevity just take a look at our relationships then how we conduct ourselves in society. We're taught to live it up while losing our life in the process that's a contradiction and pointless. When you aim at nothing that's usually what you'll hit so it would help us the most to start setting our sight on ways that are above us to restore order and make it out the hole.

Todd recognizing the brother he reaches in car for the gun. The brother freezes in place and time seems as if it starts going in slow motion the atmosphere goes silent *Heavy heart beats rings in the ears* Bump,bump* *Bump,Bump*. Just as Todd begins to pull up the gun Charles pushes down Todd arm, forces him in the car, and speeds off. Completely unaware of the car next to his own belonging to the man Todd almost Shot. The man jumps in his car a speed off also.

News broadcast appears on the tv screen

News Anchor (male): “Good morning, Following the shooting that took place a week ago, That leaves one young man dead and another in critical condition.” 20 year Todd Young was the victim of last week’s deadly shooting and 19 year old Christopher Green Jr. lies in ICU in critical condition sources say. Three suspects were arrested and charged with 1st degree murder and will serve life in prison

All could have been avoided if they had chose to stay inside and reverence YAHUAH's Shabbat. It is dangerous in this world without any divine protection. Death is only but a step away. There is only life and peace with YAHUAH. Worry free from all danger or things that could be hazardous to our lives.

NEWS

Family -

a group consisting of parents and children living together in a household.
all the descendants of a common ancestor.

Gatherings -

an assembly or meeting, especially a social or festive one or one held for a specific purpose.

When it comes to family gatherings most only have time to look forward to the days the world says they are able to celebrate and gather with each other. But what if there were days presented to us to make sure we can always gather with family?

Only at the moment do we think as borrowers who look to receive a day off rather than the owners who can give a day off. We are able to be the ones to give a day off but that's just one of the many perks that comes when we set YAHUAH in charge over us.

For example, a man who would put YAHUAH in charge of His Life, will keep those things that his Master commanded of Him. So that alone brings 7 separate occasions to gather with family and celebrating in YAHUAH. But wait there's more! Not only these 7 days but we also can gather each week with each other keeping YAHUAH's Shabbat, the 7th day Set Apart to YAHUAH. All of these Shabbats/Feast Days won't just be celebrated by the man himself but he will his wife, children and all things that belong to him to rejoice before YAHUAH.

LEARNING AT HOME OR AT SCHOOL?

An issue that has been brought up with the concern of our children is the school to prison pipeline. It is said that this is caused due to out of school suspensions and zero tolerance policies. The out of school suspension removes students from the school environment and increased the opportunity to lead the children to the incarceration system. Zero tolerance policies also affects students greatly because it leads to the mistreatment of a student who may be going through certain things at home. Is this truly how school was intended?

YAHUAH commanded a man to instruct his family and also to train his children in the way that they should go. This would be difficult to do when sending a child to school because they won't be trained in the way the parent truly intends but will be guided by whatever school curriculum is presented that year.

Proverbs 19:18 (KJV) Chasten thy son while there is hope, and let not thy soul spare for his crying.

As the scripture instructs above that a man shall chasten his son while there is hope and not to let your soul spare for his crying. It would be best for the parents to teach their own children because hirelings at a school more than likely won't care about the soul of your child to nurture it in a educational setting. Having righteous discipline early on in life teaches them how to apply self control to avoid any troubles with the world on the outside.
