# TIME WAITS FOR NO MAN

In new scientific studies it's believed that the human lifespan has a limit of 120-150 years at the most. They also believe very soon drugs will be made to slow down the aging process which would help achieve the hundred and fifty year mark. Researchers are so excited about this possibility because of the oldest life they've documented at 122 years old.

YAHUAH has given us 120 years of grace to find our way back to The Life Source. So we shouldn't marvel if someone lives 120 years then dies, they actually wasted all their time watching the clock instead of seeking the true meaning of living. Though these age numbers sound like a full lifespan in this day and time because the young pass away so quickly. This is only a small piece living, besides there are a list of people documented who lived 900 plus years, and we're promised more than that if we obey and get on the path of forever. The words that can lead us to the best preserver have been hidden in plain sight for our entire lives, thankfully this salt never loses its flavor, and is only for those who have found the savor of Life.

Genesis 6:3 (KJV) And YAHUAH said, My spirit shall not always strive with man, for that he also [is] flesh: yet his days shall be an hundred and twenty years.

# THE RACE: FOR YAHUSHA'S SAKE

ALL THINGS WERE CREATED BY HIM, AND FOR HIM:

COLOSSIANS 1:16 (KJV) FOR BY HIM WERE ALL THINGS CREATED, THAT ARE IN HEAVEN, AND THAT ARE IN EARTH, VISIBLE AND INVISIBLE, WHETHER [THEY BE] THRONES, OR DOMINIONS, OR PRINCIPALITIES, OR POWERS: ALL THINGS WERE CREATED BY HIM, AND FOR HIM:

We know from the manual of life that all things were created by YAHUSHA and for YAHUSHA's sake. Even the principalities that have setup these "circus" events such as sporting events were for YAHUSHA's purpose and is able to be used to make a point towards His Kingdom.

When it comes to a race being ran that can relate to the event of track and field. As Paul made the comparison here that all runs a race but only one receives the prize. Now we can use this concept but it's not for the same prize they run to receive. We run to obtain the incorruptible crown of YAHUSHA's Kingdom and not just for a ribbon amongst a kingdoms not built to last.

Also with sports overall, they are filled with professionals, which means they have worked hard to achieve a level of mastery to obtain the title professional. We should strive for the same mastery in righteousness to be workman not shamed.

# PANDEMIC VANISHES

THE WAVES  
613

As expected, News or hype about Covid vanished out of main stream media. Almost as if the pandemic wasn't just 2 months ago. With all that's happening around the world, one of the main attractions is the upcoming olympics this year held in Tokyo, Japan. "Excitement and anticipation among the World's favorite athletes. As they prepare compete and chase after Gold." These are the titles and phases that may catches ones attention when paired with great production and theatrics. Pushes the topics that should be reported on. By creating the narrative for the people and only broadcasting what seems fit to them. Fabricating and desensitizing America to what's truly going on around the world. The signs of the times is before us just this month alone there as been 8 earthquakes that 6.0 or above and 134 that were between 5.0-6.0. Countless of ongoing wars continue to spiral out of control. Billions of locust continue to swarm and devour everything the come in contact with across seas. Leaving millions of people fearful from starving to death.
