A RIGHTEOUS SPLASH

613 SPLASH

“Almost five (5) years ago.... I had a personal experience when I first started getting around brothers.... and I had a brother tell me that I wasn't in the truth because of what I had on.... he didn't question me about The Law or nothing like that. Just looked at me and seen what I had on and was like, oh nah man, you can't be in the truth dressing like that.”

***Script Flair Woo,
@scriptflair_woo , owner
of @613splash stopped in
and made mention of a time
he recalls being told he was
not in the truth due to the
urban clothing he had on.***

After an experience like this some would turn away from the truth because they feel as if they are being told they can't be them even while living righteously. But not Script Flair Woo, he took the hate and used it as fuel and created a righteous inspired urban look.

MODESTY WORKOUT FIT

So what are the people of America actively doing? Are they putting in energetic work towards The Kingdom, participating in Set Apartness, or maybe busy doing Righteousness? This clearly isn't the case, so taking a deeper look into this matter we can spot that underwear are being presented and sold as athletic gear. Even with the U.S being a world leader in workout apparel the profits made dont translate into people actually being healthy and fit.

It seems America is only concerned with making money instead of promoting modest attire to help people accomplish a fitness goal in style. So why are these garments so popular outside of the arena they're made for? Are people only focusing on looking sexy and getting attention? Marketers know that sex sells in this world so producing revealing clothes only continues the immodesty, but we don't have to buy in anymore. We can look good and be proper wherever, even exercising. The point of staying fit is to show appreciation for life that was freely given to you. Which means for starters Men must consider their attire as well because being a distraction instead of a leader isn't what we need as a people. It would be a major plus for us all to turn away from anything that can hinder our growth or detour us from reaching our marks and truly living Set Apart Lives.

With the understanding that fashion can represent the behavior of one, and that a man is to be masculine, some fashion styles offered to men today are not masculine at all. The styles are actually feminine and are looked at as "popular trends."

A skirt is defined as a woman's outer garment, fastened around the waist and hanging down around the legs. The popularity of women skirts has been growing over the years amongst men.

They make claims that women skirts represent ancient cultures in the world, but that isn't the main reasoning of it gaining popularity. Some of the reasons stated to why men are able to wear a dress or skirt are, "they are comfortable and cooler in summer and hot climates" and "they should be at liberty to dress as they like since women wear pants." A skirt/dress on a man actually takes away a man's masculinity.

Fashion for most women in the world is based off of one goal and one goal only. To look "sexy." Women are starting to wear tops that may expose bras worn underneath the see through tops, or expose the naked skin with nothing but a sheer top covering it. Women have been led to believe by influencers that dressing in a sexual way gives them empowerment as women because they are taking public ownership of their sexuality. Women show this delusion of empowerment, by wearing styles that either reveal what can clearly be seen underneath, or clothing that reveals the shape of the body. These styles range from sheer, low necklines, exposed mid sections, leggings, biker shorts, and more tight revealing clothing (including pants/jeans).

WHO WEARS THE PANTS?

From the beginning YAHUAH has commanded that a man should be the one wearing the pants. Many might not believe this is true, but why would it be an insult for one to say it's the woman that wears the pants in the relationship? That's just something to think about.

The reason being that men should be in pants is because it's a physical sign of separating two genders. Pants are more durable and covers the legs individually when it comes to doing work. It clearly shows what position a man plays in the world, and how he's the one to go and make a way for his family. If this wasn't true, women wouldn't feel as if pants was a sign of power, and that it will make them equal to men. So if pants can make a woman feel like a man, then we already know what a dress would do for a man.

This is why YAHUAH commanded for both man and woman to not wear what pertains to each other to avoid exactly that, because YAHUAH is not the author of confusion. YAHUAH also commanded that both man and woman be modest always. So men should not be exposing themselves along with women, as in being shirtless, or wearing shirts that expose what's underneath. When men wear articles of clothing as such outside of the guidelines set, then women will follow the lead of men; teaching them an unrighteous manner of behavior.

When wearing pants, women see this as a chance at equality to the man. It has always been known for women to wear dresses and not pants in society, but as of recently, women have been protesting the belief that pants aren't only for men. Women also believe pants are for them as well. With the trend of pants (which reveals the shape of a woman's body) being given to women, it has led to all type of pants that are even more revealing. Those styles range from ripped jeans to leggings. All women pants are revealing, which feeds the purpose of women believing they can own their own sexuality.

Many women will say they can't be judged off of how they dress, but the scripture says she had on the attire of a harlot, which is dressing as either a prostitute or a promiscuous woman. This is exactly what is being promoted through the world with women. Women are being influenced by other women that dress in a sexual manner. They think they are taking ownership of their own sexuality and feel that it is empowering, but that is not what YAHUAH wants. YAHUAH wants women to be in dresses or skirts that are modest in length (which would be past the knees), and that is loose flowing on them, not exposing their figure. All gifts come wrapped up, so she should be wrapped up if she is a gift to a man. This is how YAHUAH intends for her to be, not an object of sexual desire.
