We as a people who have been separated from our true culture and our true heritage (Jeremiah 17:4) which has led us to adapt and take on other's cultures and way of life. Long story short we have picked up on man's traditions. The traditions of how our people eat today not only goes back to be influenced by what the slaves ate but also by what our ancestors ate in their Greek captivity. (1 Maccabees 1: 41-50) It was decreed to do things against YAHUAH, like eat swine's flesh and other unclean meats, and anyone who doesn't follow this would die at the king who decreed it hands. But YAHUAH's Word which has been established from the foundations of the earth says otherwise.

Unclean Meats Causes Sickness

YAHUAH has stated from the beginning that if we fail to listen and apply his commandments that a list of curses shall befall upon us for not obeying. Yes, that's even including the food we eat. Remember these instructions are given to us from true royalty and if we want a taste of that life, we should apply His instructions.

Deuteronomy 28:15 (KJV) But it shall come to pass, if thou wilt not hearken unto the voice of YAHUAH thy Mighty One, to observe to do all his commandments and his statutes which I command thee this day; that all these curses shall come upon thee, and overtake thee:

YAHUAH's Instructions On Unclean Meats

[Leviticus 11] Leviticus 11:1-3 (KJV) 1 And the YAHUAH spake unto Moses and to Aaron, saying unto them, 2 Speak unto the children of Israel, saying, These [are] the beasts which ye shall eat among all the beasts that [are] on the earth. 3 Whatsoever parteth the hoof, and is clovenfooted, [and] cheweth the cud, among the beasts, that shall ye eat.

One of those Curses:

Deuteronomy 28:61 (KJV) Also every sickness, and every plague, which [is] not written in the book of this law, them will YAHUAH bring upon thee, until thou be destroyed.

Just by not obeying and identifying clean meats to eat and unclean meats not to eat, sickness and diseases are open to latch hold onto us because the unclean meats when eating allows sickness to come in.

Sickness Is Not Pass Through Family

Most out of those generations that have had to face sicknesses and diseases such as gout and cancer believe it is just passed through the genetics of the family. But that isn't the truth of the matter. The truth of the matter is that the sickness is in the food we traditionally ate throughout this generations. Which is why this article is titled 'Traditions We Should Break-FAST From'. Breaking those traditions can lead us to a better overall life and health. We urge this process because the kingdom is at hand (reach your hand in front of you.... that's how far it is). So let us all seek a better overall life and health not for our own use but for the usage of The Most High.

We even have to keep an eye on how much we're eating as well to over do it. Because being a glutton isn't modest a way to live because it breaks down health and brings in anger.

Ecclesiasticus 37:30
"for excess of meats bringeth sickness, and surfeiting will turn into cholera."

If you search hard enough you'll find a family recipe that has been past down from generation to generation. Usually it's something that smells and tastes even better, leaving everyone wondering what's in it.

In the case of The Shabbat we're told by The Word to remember The Shabbat and keep it Set Apart. This one single day is the portion for The Power to kick it with us as a Family should after a long week. Gives us time to recharge, refocus, and remember what Our Greatest Ancestor share with us about a day with YAHUAH.
