# THE DIASPORA

## The Diaspora

This isn't the first or second time YAHUAH has removed Israelites from a place of safety. There have been a number of captivities that are results of the lack of knowledge we have.

Here's a salute from our elder and fellow servant to the family that's (Scattered) throughout the earth. The original word used in this shout out was (Diaspora). In this sense to be forcefully removal from your homeland. Usually this word is used to describe the Trans Atlantic slave trade. Often used without seeing the connection between its original use.

The purpose of us returning to knowledge of self is to avoid death and face the power of life. Life is within the heritage that was lost due to disobedience. Therefore, getting culturally sound would give us a direction to march.

# WHO ARE WE???

With all that happens in our lives we at some point take one or two thoughts into consideration. "Why does this happen to us, or why does the world hates us"? All we know is that we have always referred to ourselves as African American. Also, along with other terms such as Black, Negro, Colored and etc, the list of bywords goes on. But interesting enough, none of these terms can trace back to a specific people at a time before slavery. These terms are in use to keep one away from their true ancestors and knowledge of self.

*Black is a color. Not an identity for a people or any nationality.*

*So why are we 'black' to the whole world? Because YAHUAH said that we will be bywords amongst all nations.*

*Considering Africa and America are two different places on the earth. It is impossible to be from both of these places.*

Without our true identity, it plays a major role into what happens to us today. But we can still find out who we are by the things that happen to us, in other words known as signs. YAHUAH gave us specific instructions that keeps us at peace and to make good moral choices. Without this knowledge we have went with our own mind. Looking at our communities we can see it has gotten us nowhere.

AFRICAN AMERICAN?

# WHY DOES THIS HAPPEN?

As stated, it is our identity that brings what happens to us. We are the descendants of the children of Israel who made an agreement with The Most High. The agreement establishes this understanding. That if we obey His commandments we will be a special people to Him above all people on the earth.

This is something to think about. If a father has a child and was to find his child with other children acting up. He would only punish his children and not the children belonging to others. That's what is happening to the so called African American right now. Who are the true of the descendants of the Children of Israel. We are being punished for not obeying an agreement we are apart of.

If we do not obey His commandments, then we will be a cursed people, below all people on the earth. These are signs from YAHUAH to let us know that if we are obeying Him or not. But due to this lack of knowledge of ourselves we perish daily and are a cursed people because of it at the moment.

# CAN IT GET BETTER?

If one is traveling following a GPS to a destination. They miss a turn. Now they will have to turn around to get back on track. That is what we must do to get out of this situation because not turning around will lead us to a dead end, literally. The direction we are turning away from is sin to return back to righteousness. Turning away from violating the agreement is the meaning of the word repentance.

RECONSIDER

First is to acknowledge that we have not been living according to the agreement we made with YAHUAH. and have lived against Him. After we must become humble and accept our punishment from YAHUAH. Then He will remember and honor the agreement and blessings that He has promised to us. This is the only way for us to receive blessings and be a Set Apart people to The Most High.

Once we get back in the direction of the right way we shouldn't want to leave that way. That's because it's only one way to receive blessings. YAHUAH even commands we go not to the left or to the right, meaning not to break the agreement. If we remain obedient to YAHUAH He will bless us for our obedience. As a father would reward His children for good work. We will get a reward from YAHUAH, being a peaceful situation to always live in.
