

LOVE FOR AUSTRALIA Impact Report

It's no secret that the cost of living in Sydney has increased steeply over the past year. According to the Australian Bureau of Statistics, annual living costs has risen by 7.1% - 9.6%.

People often have the misconception that food relief charities like LOVE FOR AUSTRALIA are solely helping those who are homeless, unemployed or living on Centrelink payments. However, sadly in the past year we have seen an increasing number of working families, home-owners and even small business owners also needing a helping hand.

Many are reaching crisis point due to the rise in everyday expenses and interest rates.

It only takes one unexpected medical or household expense to tip a family's tight budget upside down.

This is where you and I can step in and make a difference.

Through the Love For Australia store, we offer a helping hand to families and individuals in a temporary financial crisis brought on by an emergency or unexpected circumstance. We operate a **free grocery store** in Seven Hills where households can come (bookings essential) and shop once a week for a maximum of 50 visits in total. Our store is stocked with fresh fruits and vegetables, bread, milk, pantry items, personal hygiene and household cleaning products.

Customers are able to access more than \$50 worth of groceries each week, helping them get back up on their feet faster.
