President's Corner

Hi Folks,
Spring has sprung!!! Hopefully you've been able to wet a line with hopes to land the first bass of the Season. The fish have moved into the spring spots and are actively feeding nightly (or daily if that's your thing). We have a lot to look forward to with regards to the BSC in the next few months. It looks like our prediction's were right and the outdoor limits have been increased to a level that we can move forward with our outdoor flea market. Steve George will have a full report and a ton of information to share this meeting so please make an effort to log on!

The spring tournament is coming right along and if Scott gets any more prizes the winners will need to borrow the youth ed trailer to bring them home! I for one am looking forward to a week of sleepless nights and with any luck may bend the rod a bit too!

We have Gray fish tag presenting for this month's zoom meeting, as you know the fisheries defense fund has been involved with this program. They will be sharing some of the data collected during the most recent tags released over the past year.

I hope to see everyone at this month's zoom meeting and with any luck in person soon!!!
Take care and tight lines!

John
