

Tofino Ratepayers Association

Re: Responses to Tofino Ratepayers Association Update – October 9, 2020

Hello Members,

I want to thank everyone for comments and concerns on the latest newsletter. There are some good thoughts coming back. Please send me all your comments but appreciate I can't properly respond to everyone's ideas immediately, (we have 162 registered members), but it is hoped we can start a community wide discussion around these and other issues. So, I encourage you to forward our Ratepayer newsletters to your friends, neighbours and anyone who would be interested. Ask them to join as members.

Also, we will need to have an Annual General Meeting later in the fall. In normal circumstances that could be an opportunity to discuss things, but with Covid concerns still about, we will have to think about what we are able to do.

Cheers Jack Gillie
