

UNIVERSITY of MARYLAND
SCHOOL OF DENTISTRY

Thank you to our wonderful donators and sponsors!

Where does the money we raise go?

Team Bernie McCreesh's mission is to bring awareness to and raise funds for organizations committed to diagnosing and treating patients with oral cancer, as well as researching future treatment options.

All funds raised go directly to the Dental Oncology Clinic at the University of Maryland Dental School. The mission of the Clinic is to provide comprehensive care for head and neck oncology patients. Its goal is to educate patients, prepare them for radiation and chemotherapy, as well as to provide support after treatment.
