

**Kraskin Invitational  
Skeffington Symposium  
on Vision  
January 14-16, 2023**

**Just One Thing**

Steve Gallop, OD

The entirety of the visual process is in operation and on display at every moment. We are always observing the totality of the visual process regardless of our desires or attempts to investigate any particular component.

Are you talking to me?

Again with the nearsightedness?
