NEW BUSINESS: Chief McLane brought to the Board discuss of the 2017 Open House and discussion was had about holding the Open House on the first Sunday in June due to scheduling conflicts. Everyone agreed and the Open House is set for June 4, 2017.

The Chief and Commissioner Lee were both contacted independently by an ad hoc group inquiring about the possibilities of a Community Center and if the fire department would be interested in sharing space with their new facility. The Chief met with two individuals and a good discussion was had on space requirement needs for the fire department and the community. No commitment was made to the individuals. At the end of the discussion it was clear to both

parties that there may be more challenges than either one would anticipate. At this time, Chief McLane presented the board with an overview of the property boundaries across the street made to scale with potential wetlands, septic, helicopter landing zones and included serial fire stations around the County to indicate space requirement for future facilities. One of the significant realizations is that parking will take up as much foot print as the new building depending on the codes.
