

The Brickman Group, Ltd.
Landscape Architects • Contractors
Horticultural Services

**STUDENT INTERNSHIP
PROGRAM**

Since 1939, The Brickman Group, Ltd. has built its reputation on providing the finest in landscape services. The staff at Brickman is constantly finding, developing and implementing new and creative ways to serve its customers. This forward-thinking approach is based on our long standing mission... *“To provide superior landscape, architectural, horticultural and arboricultural services in anticipation of our customers’ needs.”*

Our internship programs provide students the opportunity for a cooperative education in a professional environment where they can develop horticultural, mechanical and business skills while gaining knowledge of the various segments of the industry. Qualified candidates must demonstrate a desire to meet our high standards of quality service, be goal and career oriented, and have the ability to become part of a winning team.

Internship Highlights

1. Orientation within Host Branch

- Meet various team members, briefly discuss problems, responsibilities, and review expectations.
- Tour offices and facilities.
