ABOUT

Our family has been creating unique products for over 25 years. We are proud to say that our products are part of celebrations and family events each and every day. We started as a father and son working together in a California garage to make ideas come to life and we spend each day ensuring that we hold true to the same pride in all our products that was felt with the introduction of the original Cork Pop cork extractor.

We strive to continue to introduce innovative products that not only contribute to our success, but are products that more than 3,000 retailers across the country can offer to help their family business succeed.

We are honored to be able to point to successful items in our line and say, with great pride, that the patent is held by Bill Federighi. He is present in our facility while items such as the original Cork Pop and best-selling vinOair are manufactured. We have made a commitment to produce as many of our products in-house as possible – and you will find a special symbol throughout our catalog indicating a product that is “Proudly Made in the USA”. We are focused on bringing manufacturing “back home” and hope that you will share in our pride when you offer these products for sale in your business.

“Great items are the basis of our company – but it is our fierce commitment to customer service that has made our company successful. We are not just selling a cork remover – we are maintaining a family tradition of pride and quality workmanship”

Thank you for your continued support.

Bill and Susan Federighi

VINO COLLECTION

VINOICE Wine Chiller & Pourer

Whether you're craving a crisp glass of Pinot Grigio or cellar temperature Cabernet, this two-in-one pourer and chiller makes serving wine at its ideal temperature clever, classy, and undeniably cool.

- Stainless steel chill rod maintains the optimal drinking temperature of your wine for up to an hour.
- The sleek gravity hinge cover tilt and allows you to pour a perfectly chilled glass of wine with no drips - and you don't have to remove the chill rod to pour.

VINOAIR Wine Aerator & Pourer

- Dual venturi chamber
- Combination in-bottle aerator and non-drip pourer
- Sleek pocket-sized design
- Perfect partner to the Cork Pops Legacy Opener

The VinOair Premier Wine Aerator is an on-the-bottle wine aerator that does it all. It features a gravity activated hinged cover, a removable sediment filter and a sleek carrying case. The VinOair functions not only as a wine aerator but also as a pourer and a drip stopper. Using innovative technology, this wine aerator has a specially designed, dual venturi chamber that pulls twice the vacuum as the leading venturi-based aerators to more fully oxygenate your wine. And the VinOair works with both red and white wines.

CORK POPS LEGACY

- Built-in 4 blade foil cutter
- Slightly longer graphite coated needle
- Patented easy cork release feature

The Cork Pops Legacy Wine Opener is a wine opener that puts fun into removing the cork from a bottle of wine. The Legacy Wine Opener uses a low-pressure inert gas cartridge to gently pop the cork from a wine bottle without affecting the taste of the wine or harming the environment. With the Cork Pops Legacy Wine Opener simply insert the needle straight down through the cork, press once and the cork pops out. The Legacy by Cork Pops is a must have wine accessory for every wine enthusiast.
