**Know what you are paying for:**

*As you are probably getting quotes from other vendors, the following information may prove helpful when making comparisons:*

*Our drivers remain available throughout the evening and provide continual service for your guests. This means if any of your guests need to depart early from your reception for any reason, they have transportation to do so.*

- *Other companies may only have transportation available for your guests before and after the wedding festivities.*

*Seeing the intended purpose of this wedding guest shuttle service is to ensure that your guests have safe transportation after consuming alcoholic beverages- we understand that accidents happen!*

*Our Drivers are required to clean the vehicle prior to and following your wedding- so we do not surcharge for basic cleaning services.*

*Only for excessive messes and damage, we may reach out to you regarding cleaning and repair costs.*

- *Most companies will charge you for "incidents" that require cleaning on the vehicle.*
- *Others surcharge you for cleaning services.*
