

2011 SCHEDULE

In 2010, The Eastern Football League entered its 50th year of operation offering elite top quality men's 18+ amateur full contact football in the New England area. This makes the league one of the longest running adult amateur or "semi-pro" leagues in the country. Since 1961 athletes from all different levels of experience ranging from high school to pro have lined the fields and battled it out all competing for an EFL Crown. Teams compete in the months of June through October, Friday nights and Saturdays with squads comprised of working class athletes playing purely for the love of the game.

HOME GAME VENUE:

Randolph High School | 70 Memorial Parkway Randolph, MA 02368

Hey Oilers Friends and Family! There's good news and bad news. The Oilers' home field is undergoing major renovations this year. The town of Randolph is investing over \$3 million to completely overhaul the high school's field with a state of the art playing surface, new stands, etc. This means that all games will be "away" this year. If you can join the Oilers on the road, please show your fan support as they travel near and far in their quest to bring the EFL Championship home to Randolph.
