Teams will play with their 'starting avgs' for the first THREE weeks of league play. After that time they will begin playing with new established averages.

2023 MANATEE AREA POOL LEAGUE

Players will use their "assigned average" for the first nine games (three nights). If a player does not have an assigned average, NEW MEN will use 7.5 & NEW WOMEN will use 7.0 until the player has: (a) an average assigned or (b) played the required nine games. After a player has played 9 games, use the standing sheet average. Averages are rounded off to the nearest number or half number.
