JOSEPH FRASSO

ALEX HALBIN

To My family: Thank you for your encouragement, sacrifices, and influential guidance throughout my years in high school. I've missed you and I love you all.

Jay: Well, it's finally over! and somehow we both came out alive. I really doubt I would have survived this year without you. Thank you for your constant support and encouragement in every area of my life. I breathed easier at Hoosac this year thanks to our many adventures, and countless times you've saved me from turning into my own worst enemy. You kept me on my toes, and made sure there wasn't a day that went by where I forgot who it is I am and where it is I am going. It's a sigh of relief that those countdowns are in the past. I am more excited than ever for what lies ahead for us. I love you with all my heart.

Kayla: Maybe we can meet up this year, sit on a blanket and just talk. I've never quite understood why it was so easy to talk to you. I'll never forget our many heart to hearts. I'll

never forget leaning on your shoulder because the year was so unbearably hard. In times of dismay we made the best of what we could. Oh my KB, You became one of my closest friends this year. Twenty years down the road when I remember my senior year and someone asks me who that person was that helped you get through those awkward yet memorable days of my senior year I'll smile and say Kayla Beers. I love you. Keep fighting towards everything you want in life and you'll get it. "Time is never time at all it can never ever leave without taking a piece of youth" Good luck!

Anna: This might be the toughest. We started out as these little kids who thought they knew everything, or at least I did. We've had an incredible amount of laughter and good times throughout our stay at Hoosac together. Although, in my opinion our best times are still from THAT year. We're finally putting those four years that we thought would take

forever to an end. .... where did the time go. Take care of yourself don't ever forget who Peggy Jordan is. <3

Lauren: I love my LD! Always remember to put yourself before anyone. Fear is a sign of weakness; don't ever think you dreams are unattainable. If I can give you any advice for next year it's this, don't lower your expectations for anyone, have faith in yourself, and WORK HARD! Call me if you ever need anything. I had so much fun with you this year, you were a great friend and I will miss you a lot come see us all in Worcester!

Mike: One of my favorites. Thanks for being a great friend throughout the year, you always seem to be there when no one else was. I'll see you in Worcester next year and thankfully I don't think we'll need to measure the happy levels anymore. I had a ton of fun with you and it was certainly a pleasure getting to know you.

TJ: BROTHER! You definitely were like a brother to me this year, I will miss you terribly.

**Mr. Lomuscio:** Your English class was one of my favorite classes in all my years at Hoosac You have great judgment when it comes to what is best for your students, I definitely appreciate that. Hoosac will never be the same without you. I could never thank you enough for all the opportunities Hoosac has given me. I have enjoyed my time here.

**Mr. Horne:** I will always remember to live my life by mind over emotion. Your class was my favorite at Hoosac. You are an incredible role model whom I have thoroughly enjoyed knowing for the past five years. I missed you on the tennis courts this year. You have become my favorite teacher and I will miss

you a lot. OH remember... John Horne for President!

**The Kurlands:** It's as simple at this, thanks for everything!

**Mr. Ryan:** Good luck with the new Steward next year. Perhaps, they will stay around a little more. Finally I don't need to. Thanks for everything!

**Mr. Burns:** My advisor for the past two years and a great one at that! I will miss you. Thank you for everything!

**Mr. Thompson:** Our campus sheriff. Thanks for the early morning rides to D&D. MUCH appreciated. Keep up those aggressive wake ups!

To the class of 2008 "Do not let your fire go out, spark by irreplaceable spark in the hopeless swamps of the not quite, the not yet, and the not at all. Do not let the hero in your soul perish in lonely frustration for the life you deserved and have never been able to reach. The world you desire can be won. It exists. It is real. It is possible. It is yours"

CHIDERA IHENETU

"It matters not what you do, as long as you are the best one doing it."

**Palmer:** The year went by too fast! In fact, the last few years have flown by.

Through out that time you've probably heard me repeat myself that I was ready to leave school. It's funny how now that the day is right in front of me a large part doesn't want to go. We've done so much together. The mannequin factory night, going to hardcore shows and the fun that followed, walking in the woods, hanging out downtown, weekends in Salem, the city, and Jersey, riding Slade, get-togethers (haha), studying, prom with Renee, Jessica and Manny, and spending weekends together are times that I won't forget. I've grown closer to you than anyone over these past few years. Your words and influence have

affected me in ways that others could not, and they will stay with me. I love you Palmer.

**Cimi:** THE CLIFFS, THE CLIFFSS! You're the best geek anime friend nerd (and just friend) that a girl could have. You were there when I needed someone to talk to and get advice from. I'm really going to miss you next year, but we'll both be online to keep the lulz going strong.

**Elliot:** You have also been there when I needed advice or someone to talk to as well. Keep doing what you love to do, even if it means you get another fist chef (hah) on your case. You're going to become the greatest speed racer drifter musician artist guy that the world has ever known. Good luck at Plattsburgh. I know

that you're going to do great with whatever you choose to do.

**PACE:** From get-togethers to sitting around and talking I've had some of the best times of my life with you three. You guys have become my closest friends, and everything that we've done together has made my high school career greater than I ever imagined it to be. We can't forget to have a reunion; at least a GBS one. I love you and I am going to miss you three.

**Mack and John:** I would have never gone to yoga class or look for a job if you hadn't gone with me. So thank you. We've had a lot of fun, boys, and even though I

may not see you two next year, I hope you continue to have all of that fun. You have been great friends. John, you should have more "bomb-fires", haha. Good times, my friends, good times.

**Michelle, Brandon, Lloyd, and Trent:** You all have been influences in my life...some bigger than others at different points of my Hoosac career. I see you guys every once in a while now, but I know that once college comes around it won't be like that. Hopefully one day some of us will run in to each other again. Good luck to you in the years to come.

**P.A.C.E.:** It has been one of the greatest honors to be friends with you. I am glad to know all of you, through all your...quirks; and I am truly thankful for all you have done for me.

**Palmer:** I'm going to miss hanging out and going snowboarding with you, though I have a feeling that we will cross paths again. Right or left?

**Akeesha:** I'm glad that I got to know you (and Julie, Russia, Smokey, and Mark & company). It has made my high school career so much more fun to know you, and I hope you do well in Scotland.

**Cimi:** You and Mike are going to have to hold strong for next year. Keep doing your thang, because nobody else will. And remember: How long you've been here really doesn't matter, although I

think in your case, it actually may...

**Mike:** Keep Forz'n it and try to get into Striech's class next year.

**Mr. Kurland:** An awesome 2 years with you, and an honor to be the inaugural GBS class. I will always make time to visit you and your family, and try to repay the knowledge you have given me.

**Mr. Cochran:** It was the greatest pleasure to be your advisee through the years. 3 years of my brother, 3 years of me - NOW do you want to retire?

**Teruki:** Keep playing your guitar, and don't forget to take me to Tokyo with you - we'll go see the drifters.

**Mack:** It was a good time hanging at your house all those times - go visit Alaska sometime and bring me back some blubber.

**LaReau:** Seeing as you apparently haven't changed from your first year, I highly doubt that you will change anytime soon. I'll be able to visit you next year, and you can even come up to Plattsburgh to visit me. Sound good?

**Mr. Streich:** As of the time I am writing this, 2 -1 you.

**Mr. Burns:** Good to know you and your family. I'll think of you if I ever take another history class.

**Halbin:** Good luck in life - going to miss you being in every single class I take next year.

**Celeste:** Keep reading and writing to your fans.

**Jed:** I hereby decree that the day student throne be passed to Jed Jones.
