HOOSICK FALLS

LOCATION—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington, 63 to Rutland, 121 to Burlington, 170 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

INDUSTRIAL—Hoosick has had a famous history industrially, here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, sweaters, shirts and collars, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, agricultural machinery parts, radio equipment, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

MISCELLANEOUS—The population covered by this Directory which is contiguous to Hoosick Falls is 12,883. Hoosick township had a population in 1920 of 6,858. In 1925 it had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools: 6 public schools in Hoosick Falls proper and an equal number in balance of township; there are 3 parochial schools and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloomsac; the Delaware & Hudson has a station at Eagle Bridge. The Hoosick Falls & Bennington Street Railway has been abandoned.

ADVANTAGES—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities, a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

*This is the Sign of the
Progressive Merchant*

Who
Appreciates
Your
Patronage
by Letting
You Use His
City
Directory

Who
Shows His
Desire That
You Learn
the
Efficiency
That
Frequent
Use Will
Give to You

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are **FREE** public use and your merchant, banker, physician, dentist, hotel and restaurant and garage man expect that the masses of the people shall without hesitation ask for a look at the City Directory.

*Look for the Sign of the
Progressive Merchant*

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

FURNITURE

FUNERAL DIRECTOR

Day Phone 12-J; Night Phone 29-J

- E. C. Oatman, Inc.

W. MAIN ST., CAMBRIDGE

CAMBRIDGE

LOCATION—Situated in the southern part of Washington County, 10 miles north of Hoosick Falls and 30 miles northeast of Troy. It is 19 miles to Bennington, 20 to Manchester, 28 to Saratoga, 41 to Lake George, 38 to Albany, 45 to Schenectady, 50 to Rutland.

TOPOGRAPHY—Cambridge lies in the Hudson Valley and the rolling terrain of this region is very beautiful and the soil is fertile. A short distance east is the Taconic Range of mountains, which have few equals for their scenic beauty. To the west lies the Hudson Valley and river which at this point is about 40 miles across to the Adirondack Mountains. To the north there is a wide expanse of rolling river valley extending to Lake Champlain 40 miles away. To the south is a vast expanse of river valley extending to the Helderberg and Catskill mountains some 60 miles distant. This section of the Hudson River valley is not surpassed in beauty and as a place for human habitation anywhere in the country. Great spreading elms and maples shade the wide smooth streets and the neat well kept homes.

TRANSPORTATION—Roads leading in all directions are improved and furnish easy access to Cambridge from all important centers. The proposed Saratoga Springs—Bar Harbor Super Highway would serve Cambridge and would do much to enhance its property and business interests. The Rutland Division of the Delaware & Hudson Railroad furnishes passenger and freight facilities.

EDUCATIONAL—There is a high school and six grade schools in the Cambridge school system. The Cambridge Union School is well known and respected for its high scholastic and athletic standing throughout the adjacent territory. The library has 7,705 volumes. The school of nursing in connection with McClellan Hospital gives a four year course in conjunction with Skidmore college.

INDUSTRIAL—The leading industry is the production of garden and field seeds. There are also produced waists and chaplets. Agriculture and dairying is important. Cambridge furnishes all the requirements for new industries and can offer land with railroad sidings to advantage. There is plenty of available land for home building.

MERCANTILE—There are about 100 stores and offices in Cambridge. The merchants are progressive. Practically everything desired for the home can be purchased at Cambridge stores. It is a trading center for surrounding country.

HISTORICAL—Cambridge and vicinity is rich in Historical and Indian lore. Two of the most important battles of the Revolutionary war were fought within forty minutes walk. The Battle of Bennington was fought at Walloomsac. The Battle of Saratoga fought at Bemis Heights where a state park is now being built. The site of the "Old Checkered House" outside the village limits served as a stopping place for General George Washington while passing through this community. Cambridge has always been among the leaders in patriotism and civic spirit. It furnished its full quota in the Civil and World wars.

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have

The Public Know

FIRST—what line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

for Economical Transportation

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORYBecause It Is Used The Most To Find Just Such
Information You Most Wish To Have

The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
