### Title 17

### The Copyright Law United States Code

### Section 104

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

# HOOSICK FALLS

**LOCATION**—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington, 63 to Rutland, 121 to Burlington, 170 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

**INDUSTRIAL**—Hoosick has had a famous history industrially; here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, shoes, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, felt, agricultural machinery parts, radio equipment, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

**MISCELLANEOUS**—The population covered by this Directory which is contiguous to Hoosick Falls township is about 8,500. The population in 1925 had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools: 6 public schools in Hoosick Falls proper and an equal number in balance of township; there is 1 parochial school and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad, with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloom-sac; the Delaware & Hudson has a station at Eagle Bridge. Busses give service to adjacent large cities and suburban towns.

**ADVANTAGES**—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities, a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

# WHY ADVERTISE IN MANNING'S DIRECTORIES

## You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

## A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

## The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

## Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

## Insure your Advertising Appropriation with—

## TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

MANNING'S

**Hoosick Falls Numerical Street Directory  
1960**

Copyright 1960, by H. A. Manning Co. of N. Y.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged; indexing at end of street names refers to map. Where houses are not numbered the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of rooms in building.

# BENNINGTON

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Bennington as limited space permits. The local resident, the visitor, and the distant reader about Bennington wish to gain an impression of Bennington as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Bennington's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents, and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Bennington City Directory disseminates this information far and wide where this Directory represents Bennington in the Free Directory Library Exchange System of North America. The Bennington City Directory, with over 160 closely printed pages, is the City of Bennington in book-form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Bennington and all interested.

**LOCATION**—Bennington is very beautifully located in a broad valley running the entire length of state and which provides transportation routes from Canada to Southern New England. It borders on New York State and is only 14 miles from the Massachusetts State line so it has many of the characteristics of the great states of Vermont, New York and Massachusetts. It is 57 miles north to Rutland, 125 to Burlington, 154 to Boston, 182 to New York, 281 to Quebec, 936 to Chicago, 217 to Montreal, 31 to Troy, 38 to Albany, 46 to Schenectady, 20 to North Adams, 124 to Montpelier. Area 23,040 acres or 36 square miles. Altitude above sea level, 750 feet. The township covers 36 square miles and includes 3 incorporated villages of Bennington, North Bennington and Old Bennington.

**HISTORICAL**—Settled in 1761. An entire volume could be filled with the history of this region. Five miles to the northwest is the site of the decisive battle of the Revolutionary War. The Bennington Battle Monument commemorates this battle and marks the objective of the British troops under Gen. Burgoyne, intent upon capturing the supplies of the Continental

storehouse. The monument is nearly 302 feet in height and when built was the highest battle monument in the world. Other historical markers and monuments are: Col. Warner Monument, erected in tribute to the man who came to the aid of the American troops at second battle of Bennington; Stark Marker at the site of Gen. Stark's camping ground during those famous three mid-August days in 1777; Catamount Monument near the site of historic Catamount Tavern; Continental Storehouse Marker, at site of

GOLF COURSE

storehouse defended by Gen. Stark and his Vermonters; Garrison Marker, granite boulder marking site of printing shop of the abolitionist William Lloyd Garrison the editor; Hessian Monument, where were buried many of the Hessian dead following the Battle of Bennington;

Vermont Soldiers' Home; Hunt's Fountain at Soldiers' Home, the highest single jet fountain in the world. Bennington and this region has always contributed to the stirring historical events of the times dating from the Indian warfares to the World War.

**TOPOGRAPHY**—The broad, nearly level land lying between Mt. Anthony on the west and the main range of the Green Mountains is nearly five miles wide and is ideal for the location of a city. The variation in the elevations within Bennington proper is about 100 feet and

offers exceptional opportunities for beautiful residential developments. Old Bennington occupies an elevation of 100 feet and surmounted by its great monument is a notable beauty spot of the region. Views obtained from such points as the monument are: Mt. Anthony nearly 2,000 feet high the heights to the southwest of the town, the western slope of the Green Mountain range are exceptional for any city. The approach to Bennington from every direction is remarkable; from the east through

COVERED BRIDGE

the great mountain wall winds the highway, the Molly Stark Trail, which rivals the great Mohawk Trail 20 miles to the south in its scenic grandeur; from the southeast comes the highway connecting with the Mohawk Trail and the Berkshire Highways in Massachusetts; from the north and west the roads come to Bennington through varying scenery seldom found even in this enchanting section of the country. It is located in the Hudson River watershed and is drained through the Walloomsac River, which empties into the Hoosick River a few miles over the line in New York State.

**POPULATION**—1950 population of Bennington was 12,411. In 1920 the population was 9,982; 1910 was 8,698, 1930, 10,667; 1940, 11,257; 1955 directory estimate 13,500. By every indication the next few years will see the most rapid growth in its history owing to developments now projected. The industrial situation is good. Native born population 80% predominating nationalities English, French Canadian and Irish extraction.

**MERCANTILE**—Bennington is the metropolis of southwestern Vermont and dominates the retail and wholesale field completely. There are about 250 retail establishments and 150 professional offices. The retail shopping district centers on Main Street with North and South Streets growing in importance yearly. Competition is keen with 15 clothing dealers, 29 automotive supply distributors, 15 department stores, dry goods etc., 44 food products, 40 building trades contractors.

**INDUSTRIAL**—There are many manufacturing industries in Bennington, making a wide variety of products as follows: yarns, wood novelties, woolens, fancy papers, waists, underwear; plastics, brushes, sewing tables, lumber products, rugs, tissue paper, needles, fibre, furniture, machinery, carpenters' tools, offset process printing, pottery and floor clocks. Bennington has an exceptionally good labor market and gives steady employment to its citizens. There are many and varied industrial sites with railroad frontage; suitable building land for homes lies in all directions and there is no place in eastern United States offering better opportunities for new industrial enterprises than Bennington. For further information write to the Greater Bennington Association (Chamber of Commerce), Bennington Vermont or Bennington County Industrial Corp., South Street, Bennington, Vermont.

**FINANCIAL**—There are three national banks with total deposits of over \$15,628,000 and resources over \$18,000,000. One Savings Bank and one Savings and Loan Association. Bennington is one of the wealthiest towns per capita in the country. Assessed valuation over \$11,000,000 and tax rate is extremely favorable.

**EDUCATIONAL**—The eight public schools including two high schools are reasonably progressive in their organization. Vocational training is available in one or both of the high

schools in agriculture, commercial, woodworking, machinist, homemaking and retail sales-

**HISTORICAL MUSEUM**

Bennington College accustoms its students to engage voluntarily in learning as an educative process continuing through life, substituting self initiated educational self-dependence for formal blocks of knowledge. A reading and practice period of two-months duration each year in the field of the student's interest assures a practical turn to the period of study.

There are 35,000 volumes in Bennington Free Library. A library of about 75 City Directories representing towns and cities located in the Northeastern section of the United States is maintained at the Public Library by the H. A. Manning Co.

**TRANSPORTATION**—Two divisions of the Rutland Railroad serve Bennington, the main line giving freight service and its close connections with the New York Central Railroad give Bennington the advantages of this large system. The Vermont Transit gives bus service to Williamstown, North Adams, Pittsfield and intermediate towns. The highways leading from Bennington are main routes and carry many thousands of tourists annually; the Ethan Allen Highway U. S. Route 7 from the south to Canada passes through Bennington; the gateway to the west starts from here. The scenic highway Molly Stark Trail over the Green Mountain range to the Connecticut Valley and the Atlantic seaboard has Bennington as its key point: the main highway into Massachusetts and beyond passes through Bennington and is annually carrying a heavier traffic. Auto truck service to nearby points is a factor.

**MISCELLANEOUS STATISTICS**—There is one hotel and a great variety of inns, motels

**THE HOSPITAL**

manship vocations to the apprentice stage. There are two kindergartens and two nursery schools in the public school system. St. Joseph's Business School offers a two-year course in business administration. The Bennington College, an excellent women's college, occupies an area of 140 acres on a plateau between Bennington and No. Bennington overlooking the Taconic Mountains and the Green Mountains.

and tourist homes offering a fine selection of accommodations to transients and permanent guests with a total of nearly 1,000 rooms devoted to transient and temporary visitors. One outdoor theater and one hospital with 105 beds. Post Office receipts last year were about \$130,000. Fifteen churches. 72 miles of roads, over half hard surface, 11 miles state roads, 21 miles of sewers. There are 100 regular and call men in the fire department.

Back Files of City Directories are Extremely Valuable

### CONTINUOUS DIRECTORY SERVICE

past directories answer questions like these . . .

- How long has John Doe worked for Blank & Co.?
- How many years has Jim Smith lived at the same address?
- How and where has your city grown?

A perpetual file of city directories gives you a complete picture of your city's history and the people who comprise your market. People are the heart and soul of any city—here you have a complete record of them.

Trace the movement, job changes, marital status of individuals—see just how and where your city has grown—find the answers to dozens of questions about people—answers that cannot be found in any other single record.

#### WHAT IS A REALTOR?

Not every Real Estate Broker is a Realtor. Only those accepted for membership by the National Association of Real Estate Boards through Local Boards or as individuals are Realtors and may use the term as their Trademark.

When persons engaged in the real estate calling are admitted to membership in a local real estate board and are in NAREB, they pledge themselves to observe NAREB'S strict code of ethics. Their acceptance is based, too, upon good business character and a demonstration that they are capable of properly caring for the real estate matters entrusted to them. Realtor has come to connote competence, fair dealing, and high integrity resulting from adherence to this lofty ideal of moral conduct in business relations.

## CITY DIRECTORY

Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have  
The Public Know

---

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

# INDUSTRIAL BENNINGTON

Bennington manufactures a wide variety of high class products. Its main contribution as a manufacturing community is in the textile industry. This industry predominates through the manufacture of woolen cloth and knitted wear. The manufacture of paper products and furniture are two other industries well represented in Bennington.

Other lines of manufacture in the Bennington area are brushes, fancy papers, clay products, dairy products, hardware, hosiery, machinery, needles, offset process printing, toys, novelties, waists, underwear, batteries and electronic equipment.

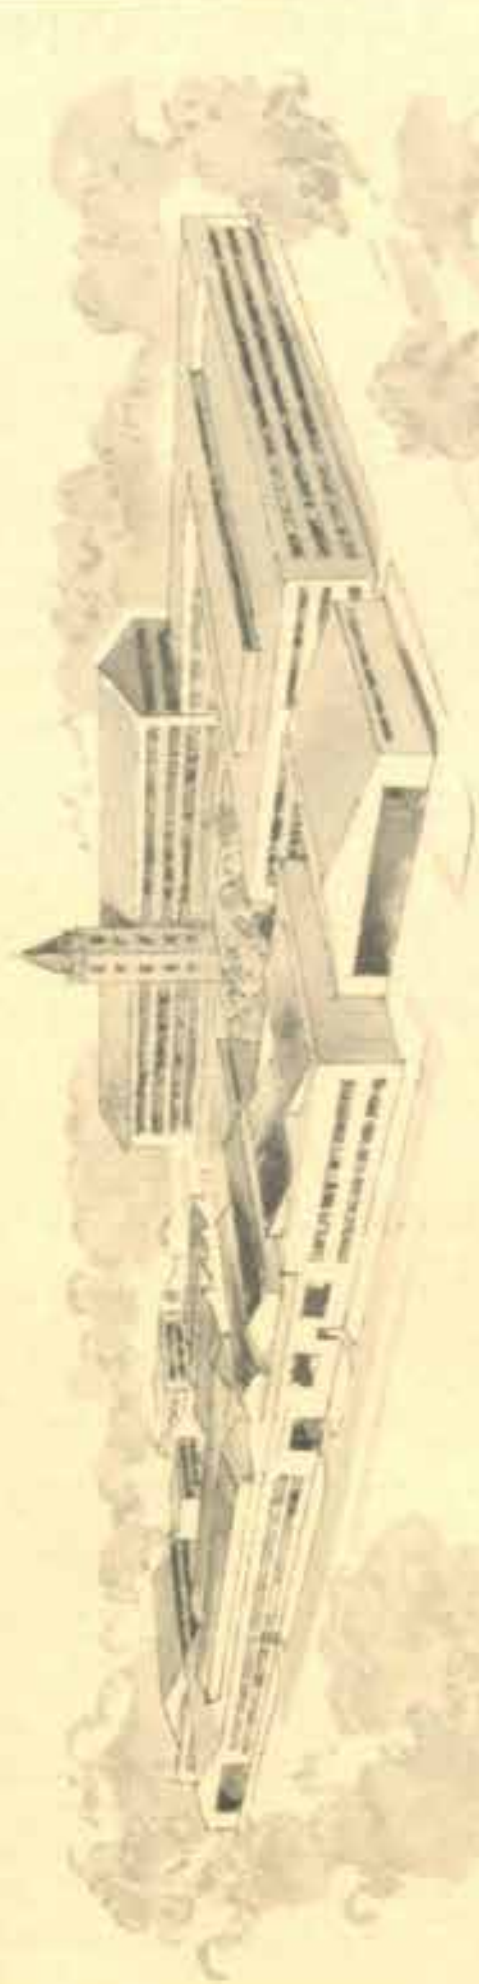

Bennington's location in the southwestern corner of Vermont near to the large population centers of the east, yet far enough away to eliminate disturbing labor troubles make it an ideal community to locate industries.

The following pages are devoted to a description of some of the leading manufacturers of the area:

	Page
Ben-Mont Papers, Fancy Papers.....	54
Bradford Norak Inc., Underwear.....	55
Central Vermont Public Service Corp.....	44
Flint & Robbins Inc.....	57
Hoy Manufacturing Co.....	57
Old Bennington Weavers, Woolens.....	56
Thomson Manufacturing Co. Inc.....	57

It is on the main line of the Rutland Railroad between New York City and Montreal with direct connections only a few miles away with the N. Y. Central R. R., the Delaware and Hudson R. R. and the Boston and Maine R. R. Being at the crossroads of two trunk highways north and south and east and west, it provides excellent trucking facilities to all the large markets of the east.

THE BEST ADVERTISING MEDIUM IS THE

**CITY DIRECTORY**

Because It Is Used The Most To Find Just Such  
Information You Most Wish To Have  
The Public Know

**FIRST**—what line of goods you handle. **SECOND**—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

## WHY ADVERTISE IN MANNING'S DIRECTORIES

### You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

### A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

### The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

### Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

### Insure your Advertising Appropriation with—

MANNING'S  
CITY DIRECTORY

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain, to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

## TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

# HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference

- |                                   |                                |
|-----------------------------------|--------------------------------|
| 1. INDEX TO ADVERTISERS           | 4. CLASSIFIED BUYERS' GUIDE    |
| 2. DESCRIPTIVE AND MISCELLANEOUS  | 5. CLASSIFIED BUSINESS SECTION |
| 3. ALPHABETICAL SECTION           | 6. BRANDED GOODS BUYERS' GUIDE |
| 7. HOUSEHOLDERS' AND STREET GUIDE |                                |

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householder "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "@"—Homeowner.

## Bennington Numerical Street Directory 1960

Copyright 1960, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they come on the street. Figures in parentheses, following names, indicate number of room in building. N B, North Bennington. O N, Old Bennington. S S, South Shaftsbury. The symbol  $\Delta$  indicates telephone at this number. The symbol  $\textcircled{\text{R}}$  following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

# *I have Eleven* ***JOB**s in ONE!*

— says *Pete Progress*

◆ My number 1 job, of course, is trying to convince the folks of this community of the value of **SYSTEMATIC SAVING**.

◆ To tell about the many fine services of **TROY'S OLDEST AND LARGEST BANK** thru our many methods of advertising, pointing out the really helpful services, such as:

◆ The advantages of having a savings account; what it means to you and your family; peace of mind and security . . . its value during emergencies — loans on your pass book — necessary funds to build or buy a home — unexpected medical expenses.

◆ To save you time and money on our banking-by-mail services, (postage paid both ways by us).

◆ To protect your valuables from fire and theft here, thru our safe deposit box facilities . . . You're encouraged to save on our special "club" plans; for Christmas or Vacations, as well.

◆ For your convenience, U. S. Savings Bonds and Travelers Checks can be purchased at our bank.

◆ Low-cost Life Insurance for you and your family, as well as attractive "group" protection for business and industry are available at this bank.

◆ Drop in soon, and tell us how we can help you!
