# INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, present to subscribers and the general public, the 1963 edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

## FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

**I. THE DESCRIPTIVE SECTION** is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys and indexes.

**II. THE YELLOW PAGES** constitute the second major department of the Directory. This embraces the **only complete** list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional, world.

**III. THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation in the city.

**IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business.

## COMMUNITY PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

## PUBLISHERS' NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

H. A. MANNING CO., Publishers

# BENNINGTON

*"Good Citizenship springs from a knowledge about one's own community"*

JOHN COTTON DANA

Compiled with the assistance of The Greater Bennington Association.

**LOCATION**—Bennington is very beautifully located in a broad valley running the entire length of state and which provides transportation routes from Canada to Southern New England. It borders on New York State and is only 14 miles from the Massachusetts State line so it has many of the characteristics of the great states of Vermont, New York and Massachusetts. It is 57 miles north to Rutland, 125 to Burlington, 154 to Boston, 182 to New York, 281 to Quebec, 936 to Chicago, 217 to Montreal, 31 to Troy, 38 to Albany, 46 to Schenectady, 20 to North Adams, 124 to Montpelier. Area, 23,040 acres or 36 square miles. Altitude above sea level, 750 feet. The township covers 36 square miles and includes 3 incorporated villages of Bennington, North Bennington and Old Bennington.

**HISTORICAL**—Settled in 1761. An entire volume could be filled with the history of this region. Five miles to the northwest is the site of the decisive battle of the Revolutionary War. The Bennington Battle Monument commemorates this battle and marks the objective of the British troops under Gen. Burgoyne, intent upon capturing the supplies of the Continental storehouse. The monument is nearly 302 feet in height

and when built was the highest battle monument in the world. Other historical markers and monuments are: Col. Warner Monument, erected in tribute to the man who came to the aid of the American troops at second battle of Bennington; Stark Marker at the site of Gen. Stark's camping ground during those famous three mid-August days in 1777. Catamount Monument near the site of historic Catamount Tavern; Continental Storehouse Marker, at site of storehouse

GOLF COURSE

defended by Gen. Stark and his Vermonters; Garrison Marker, granite boulder marking site of printing shop of the abolitionist William Lloyd Garrison, the editor; Hessian Monument, where were buried many of the Hessian dead following the Battle of Bennington; Vermont Soldiers' Home; Hunt's Fountain at Soldiers' Home, the highest natural single jet fountain in the world. Bennington and this region has always contributed to the stirring historical events of the times dating from the Indian warfares to the World War.

**POPULATION**—1960 population of Bennington was 13,002. In 1920 the population was 9,982; 1910 was 8,698; 1930, 10,667; 1940, 11,257; 1950, 12,441. By every indication the next few years will see the most rapid growth in its history owing to developments now projected. The industrial situation is good. Native born population 80%. Predominating nationalities, English, French Canadian and Irish extraction.

**MERCANTILE**—Bennington is the metropolis of southwestern Vermont and dominates the retail and wholesale field completely. There are about 250 retail establishments and 150 professional offices. The retail shopping district centers on Main Street with North and South Streets growing in importance yearly.

**TOPOGRAPHY**—The broad, nearly level land lying between Mt. Anthony on the west and the main range of the Green Mountains is nearly five miles wide and is ideal for the location of a city. The variation in the elevations within Bennington

COVERED BRIDGE

proper is about 100 feet and offers exceptional opportunities for beautiful residential developments. Old Bennington occupies an elevation of 850 feet and surmounted by its great monument is a notable beauty spot of the region. Views obtained from such points as the monument are: Mt. Anthony nearly 2,000 feet high, the heights to the southwest of the town, the western slope of the Green Mountain range are exceptional for any city. The approach to Bennington from every direction is remarkable;

from the east through the great mountain wall winds the highway, the Molly Stark Trail, which rivals the great Mohawk Trail 20 miles to the south in its scenic grandeur; from the southeast comes the highway connecting with the Mohawk Trail and the Berkshire Highways in Massachusetts; from the north and west the roads come to Bennington through varying scenery seldom found even in this enchanting section of the country. It is located in the Hudson River watershed and is drained through the Walloomsac River, which empties into the Hoosick River a few miles over the line in New York State.

**INDUSTRIAL**—There are many manufacturing industries in Bennington, making a wide variety of products as follows: yarns, wood novelties, woolens, storage and dry batteries, pillows, gift paper, corrugated boxes, ink, display cases, greeting cards, capacitors, fabric design, underwear, plastics, brushes, sewing tables, lumber products, rugs, tissue paper, furniture, machinery, carpenters' tools, offset process printing, and pottery. Bennington has an exceptionally good labor market and gives steady employment to its citizens. There are many and varied industrial sites; suitable building land for homes lies in all directions and there is no place in eastern United States offering better opportunities for new industrial enterprises than Bennington. For further information write to the Greater Bennington Association (Chamber of Commerce), Bennington, Vermont or Bennington County Industrial Corp., South Street, Bennington, Vermont.

**FINANCIAL**—There are three national banks, one Trust Company and one Savings and Loan Association in the Bennington area with assets of about \$40,000,000. The assessed valuation of property in the Town of Bennington is over \$13,000,000.

**EDUCATIONAL**—The eight public schools including two high schools are progressive in their organization. Vocational training is available in either of the high schools in commercial, industrial arts, machinist and homemaking vocations. There are two kindergartens in the public school system. St. Josephs' Junior College offers a two year course primarily in business administration. There are two parochial grade schools and one Catholic High School. The Bennington College, an excellent women's college, occupies an area of 140 acres on a plateau between Bennington and North Bennington overlooking the Taconic Mountains and the Green Mountains. Bennington College accustoms its students to engage voluntarily in learning as an

educative process continuing through life, substituting self initiated educational self-dependence for formal blocks of knowledge. A reading and practice period of two months duration each year in the field of the student's interest assures a practical turn to the period of study. There are 35,000 volumes in Bennington Free Library.

HISTORICAL MUSEUM

**TRANSPORTATION**—The Vermont Railway serves Bennington, the main line giving freight service and close connections with the New York Central Railroad give Bennington the advantages of this large system. The Vermont Transit gives bus service to Williamstown, North Adams, Pittsfield, Albany and Troy. The highways leading from Bennington are main routes and carry many thousands of tourists annually; the Ethan Allen Highway U. S. Route 7 from the south to Canada passes through Bennington; the gateway to the west starts from here. The scenic highways Molly Stark Trail over the Green Mountain range to the Connecticut Valley and the Atlantic seaboard has Bennington as its key point; the main highway into Massachusetts and beyond passes through Bennington and is annually carrying a heavier traffic. Auto truck service is of great importance to this area.

**MISCELLANEOUS STATISTICS**—There is one hotel and a great variety of inns, motels and tourist homes offering a fine selection of accommodations to transients and permanent guests with a total of nearly 2,000 rooms devoted to transient and temporary visitors. One outdoor theatre and one hospital with 125 beds. Post Office receipts last year were about \$250,000. There are 21 churches. Each village has a separate fire department.

TIRES, BATTERIES AND ACCESSORIES

188 MONTELLO STREET - BROCKTON, MASSACHUSETTS - TELEPHONE 8448

H. A. Manning Co.  
104 Hamover St.  
Boston, Mass.

Gentlemen:

Many cars coming into our station are seeking information. To make this traffic pay and return as a customer is a problem.

Although we are well acquainted with most of the street locations of our city, we do not always have the time to answer the inquiry or give explicit enough directions. So we find it convenient to invite them to go into the station and use our City Directory for complete and better information. This also gets them to stop a few moments, see the inside of our place and the merchandise and facilities we take pride in.

The prominent display and easy access in the display box with chain attached to the Directory makes it easy for them to find it and keeps it secure against loss.

In our own business, we can find valuable use for the Directory in acquainting our new employees with the city and our customers, in learning more about our natural selling area and the once in a while customer, in pickups and deliveries and in extending credit and collecting bills.

If a person makes use of our Directory and other free services and does not feel more favorable towards us, he must indeed be the exception.

The Bennington Area Y.M.C.A. is:

Inter-faith, Inter-racial, and Integrated in the Community

The Policy is to:

Help people to grow in Wisdom and Stature and in favor with God and man.

By

Helping them through its activities, under proper guidance, put into everyday living the Religion they have learned in their respective houses of worship

A Board of Directors of Twenty-five men of the Area establish the Policy and Program of the Association

and

A staff of three full time and three part time workers with the Assistance of Volunteer Leaders carry out the Policy and Program.

The Program is carried on in the building, Schools, Swimming Pool, Playgrounds, Armory, Rod & Gun Club and the Mountains of the Area to get the benefit of our wonderful out of doors.

52 VETERANS OF FOREIGN WARS PARKWAY BROCKTON 22, MASS.

H. A. Manning Company  
104 Hanover St.,  
Boston, Mass.

Gentlemen:

The City Directory has served our stores and customers in many ways for years. Always seeking to increase traffic INTO our stores, we are glad to give such public services as information. We feel that the City Directory is a fine way to do this, takes less of our clerks time and creates a better impression for our stores and our city.

In our own business use of the Directory, we have found it a valuable tool in deliveries, billings, advertising and the general identification of our customers and prospects in the many ways we try to know them and reach them.

The use of the decal sign, chained directory and display box to give it prominent and easy access in our store while assuring its not being misplaced is adding value to it. Many users might not inquire if it was not so handy and visible. Needless to say, we try to place it so the impression of our store and our merchandise will hit the user. The attractive decal sign inviting the passing public to come in and use our Directory is adding to the drawing power of it as a public service.

Without question, intangible though it may be, the City Directory results in sales and goodwill for us. The facilities for public attention and safe display of it that you supply makes it that much easier and valuable as one of the public service features of our stores.

Very truly yours,

DUNNINGTON'S INC

## TURN YOUR CARDS UP!

### TELL THEM WHAT YOU HAVE

When you hold the cards, you  
win—if you stay in the game.  
Advertise in the Directory—  
you have the product—  
tell the readers about it  
—but stay in the game  
—keep advertising.

## ADVERTISE IN YOUR DIRECTORY....

# THOMPSON TREE CO.

EARLE T. THOMPSON 220 GAGE ST.

GENERAL TREE SERVICE  
REMOVAL—PRUNING

SPRAYING

Tel. 447-7321 BENNINGTON

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

MANNING'S

## BENNINGTON ALPHABETICAL DIRECTORY

INCLUDING

NORTH BENNINGTON, OLD BENNINGTON and SHAFTSBURY

1965

Copyright 1965, by H. A. Manning Co.

### PUBLISHERS' NOTICE

The information in this directory is obtained as far as possible by actual canvass, compiled in a way to insure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be pleased to have any inaccuracies called to their attention, for correction in succeeding editions.

### TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

## HOW MANY CHANGES IN A YEAR?

Out of every 100 People as listed in the last Directory

16% to 18% Move away or die

17% to 19% "New" people move into town or reach listing age.

26% to 29% More change their addresses or their jobs or some other vital fact that affects their listing.

*(All that's left that's good)*

Making a total of **59% to 66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

*Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.*

**THAT IS WHY NEW DIRECTORIES MUST  
BE PUBLISHED EVERY YEAR.**

## **STOP OR GO!**

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

## MANNING'S Bennington Numerical Street Directory

## Householder, Telephone & Property Owner List 1965

Copyright 1965, by H. A. Manning Co.

CONTAINING A FULL LIST OF STREETS AND ROADS  
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS  
AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicates houses on left or right side of street. (Tr) after name indicates trailer. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol  $\Delta$  denotes householders and places of business reporting telephones. The symbol  $\odot$  indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. Indexing by letter and number at end of street description refers to map number location, if map is included.

# INTRODUCTION & GENERAL INDEX

**H. A. MANNING CO.**, publishers of Directories for over 300 Communities, present to subscribers and the general public, the 1965 edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

## FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

**I. THE DESCRIPTIVE SECTION** is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys and indexes.

**II. THE YELLOW PAGES** constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious.

**III. THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

**IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business.

**V. THE NUMERICAL TELEPHONE LOCATER**, on green paper, is the fifth major department. This is a new feature included for the first time in the 1962 edition. All listed phones for the area are arranged by exchanges and under each exchange, in numerical order with the name of the phone holder indicated.

**COMMUNITY PUBLICITY**—The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

**PUBLISHERS' NOTE**—The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

# HOOSICK FALLS

**WELCOME to HISTORIC TOWN of HOOSICK and HOOSICK FALLS NEW YORK**  
**At The Cross Roads Of Routes 22, 7, 67 Northeastern Corner Of Rensselaer County**  
**New York State**

This Unspoiled Community Offers The Tourists Recreation Facilities, Lodging,  
 Food, At Moderate Prices

**LOCATION**—Hoosick Falls is located in the rolling country 25 miles east of the Hudson River. It lies mostly on the north bank of the Hoosick River and derives its name from the falls of the river at this point. It is 26 miles to Troy, 33 to Albany, 41 to Schenectady, 38 to Saratoga, 23 to North Adams, 60 to Greenfield, 165 to Boston, 14 to Bennington, 63 to Rutland, 121 to Burlington, 185 to New York. Hoosick Falls is rich in historic lore. A few miles to the east is the site of the famous Battle of Bennington. The Indian tribes traversed this country on their way to and from the Hudson River.

**HISTORICAL**—The Bennington Battlefield on Route 67 lies in the northeastern corner of our town in Walloomsac. It is owned and operated by the New York State Department of Education under the supervision of the Director of Historic Sites. This Park comprises some 200 acres of rolling farm land. From the heights spreads a panoramic view of the Walloomsac Valley and Vermont.

There are monuments from New Hampshire and Vermont. Massachusetts erected a bronze pictorial plaque showing Parson Allen, from Pittsfield, Mass., carrying the Bible and marching with his troops which included a large group of friendly Stockbridge Indians. New York furnished a bronze relief map of the Battlefield. This was copied from one drawn by Lieut. Durnford of the British Engineers, August 16, 1777. Here Maj. General John Stark commanded the Colonial troops in their victory over the British.

Under the shade of white birches is an attractive picnic area flanked by spacious lawns, water fountain and rest house. Over 5000 people visit this famous Battlefield every year. In 1961 the U. S. Dept of the Interior honored this site by naming it "An Historic Landmark".

**INDUSTRIAL**—Hoosick has had a famous history industrially; here the great Walter Wood Mower and Reaper Machine plant was located and the decline of this industry was a hard blow. However, Hoosick Falls is recovering and now is entering upon the most vigorous industrial era of its history. There are some fine old substantial industries making paper, paper making machinery, underwear, shoes, cigars, dresses, heaters, iron and brass castings, metal stampings, paper boxes, carbonated beverages, brushes, dairy products, furnaces, felt, agricultural machinery parts, radio equipment, plastics, stereotype mats, insulation, lumber, grain products. A number of new industries have come to Hoosick Falls in the past few years making a variety of products that promises to substantially increase the industrial prestige of Hoosick Falls within the next few years. The Hoosick River furnishes a good power here.

Town of Hoosick; Economy is sustained by more than a score of industries chief among which are: Albany Felt Co., Barclay Jermain Products, Columbia Box Board Corp., Classic Dress Co., Dodge Fibers Corp., Plomatic Corp., Holman Mfg. Co. (Plastics), Lovejoy Specialty Co. (Plastics), Noble & Wood Machine Co., Paper Mill Machinery, Nancy Shoe Co., Inc., Reynolds Tool & Die, Specialty Insulation Mfg. Co., The Wood Flong Corp. (The largest of its kind in the world) makers of Dry Mats for Stereotyping.

And many others contribute in making The Township of Hoosick a progressive community.

**MISCELLANEOUS**—The population covered by this Directory which is contiguous to Hoosick Falls township is about 8,500. The population in 1925 had increased to 7,262 so that evidently it reached bottom in its decline in 1920 and is at the present time growing. Hoosick Falls is well paved and issued bonds for \$400,000 to do the work. There are good schools; 6 public schools in Hoosick Falls proper and an equal number in balance of township; there is 1 parochial school and 1 private school. There are 15 churches. It is on the main line of the Boston & Maine Railroad, with stations at Hoosick Falls, Hoosick, Hoosick Junction, East Buskirk and Eagle Bridge; the Rutland Railroad has stations at Hoosick Junction, North Hoosick and Walloomsac; the Delaware & Hudson has a station at Eagle Bridge. Busses give service to adjacent large cities and suburban towns.

**ACTIVITIES**—**GOLF** Hoosick Falls Country Club, attractive long established 9 hole course, reasonable fee. **TROUT FISHING AND SWIMMING** in White Creek at North Hoosick in a natural pool in rustic gorge on Route 67. **HUNTING**—Deer and an abundance of small game. **HORSE SHOW** Annually May 30 licensed by the American Horse Show Association, River Road, Route 22. **HORSEBACK RIDING** River Road, Route 22. **LITTLE THEATER GROUP** Produces plays in Hoosick Falls Central School Theater. Watch for notices. **OUTDOOR MOVIE** North Hoosick, Route 67. **BOWLING** River Road, Route 22. **BAND CONCERTS** July and August every Wednesday 8 p. m. Wood Memorial Park. **LITTLE LEAGUE AND SOFTBALL** games. **SHOPPING**—In Hoosick Falls the main shopping area boasts many fine stores from the quaint country type to the most modern. Also through the Township are markets, Antique shops and Gift shops to tempt the visitor. **LODGING**—Modern accommodations offered at attractive Tourists Homes and Motels. **GRILLS AND RESTAURANTS**. **COMPLETE BANK SERVICE** Hoosick Falls branch of the National Commercial Bank & Trust Co. **TRANSPORTATION**—The Boston & Maine offers freight service for industrial and commercial needs. The central office of a long distance trucking firm, **FAIRBANKS EXPRESS**, is in North Hoosick, Route 22. **PASSENGER** travel by scheduled **BUS** service. **CHURCHES**—Nearly all denominations are represented. Visitors cordially welcome. **RESCUE SQUAD**—Town of Hoosick provides free emergency assistance day or night. Two well equipped hospitals within 15 minutes of Township. **HEALTH CENTER** offers 30 beds for convalescents in modern brick building. Danforth Street, Hoosick Falls. **HOOSICK FALLS CO. C.** First Medium Tank Battalion, 205 Armor, New York Army National Guard. **CHENEY FREE PUBLIC LIBRARY & HISTORICAL ROOM** houses over 14,000 volumes. In a small art collection paintings by **GRANDMA MOSES**. Classic Street, Route 22. Also on Route 22 on River Street, is the **OCTAGON** house, built in 1853, one of the best preserved examples of this type of architecture in the country. In Maple Grove Cemetery is the grave of **GRANDMA MOSES**; also look there for the tombstone of Ruth Sprague with its curious epitaph. **SCHOOLS**—Hoosick Falls Central School, St. Mary's Academy, Hoosac School, an Episcopal School for Boys. At **BUSKIRK** spanning the Hoosick River is our last remaining **COVERED BRIDGE**. At **BREESE HOLLOW** Warm Springs and brook maintain yearly temperature of 62 degrees. County Route 20. At **SANCROIX** Bridge, North Hoosick, Routes 22 and 67, site of the first skirmish between the Colonists and the British, August 15, 1777. A mile west is one of the oldest burying grounds with date into the 18th century. **HOOSICK FALLS STANDARD PRESS**—Published weekly. Main Street Baptist Church Cemetery Grave of **TRAPPER NATHANIEL SHIPMAN**. He was the Natty Bumppo of Cooper's **LEATHERSTOCKING'S** tale. **AUTOMOBILES SALES AND SERVICE**—Ford, Chrysler, and General Motors are well represented. **ON COUNTY ROUTE 51** near Mapletown is the birthplace of **SIMON FRASER**, famous Canadian explorer of the Canadian Northwest. In British Columbia Fraser River was named after him.

**ADVANTAGES**—Hoosick Falls offers splendid opportunities for residence and business. With its well paved streets, plenty of natural building room, beautiful terrain, three railroads within the township, a good outlying territory for agriculture and trade, water power, remoteness from other trading centers, good banking facilities, a well balanced industrial structure, an alert citizenship looking for new industries and with progressive ideas, it is decidedly on the upgrade.

## Every City Must Have a Directory

---

....not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

### PUBLISHERS' NOTICE

The information in this directory is obtained as far as possible by actual canvass, compiled in a way to insure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be pleased to have any inaccuracies called to their attention, for correction in succeeding editions.

### TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

For complete list of abbreviations see first page of Bennington Alphabetical Section.

# — I AM —

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

HOOSICK FALLS DIRECTORY - 1965

369

## MANNING'S Hoosick Falls Numerical Street Directory

## Householder, Telephone & Property Owner List 1965

Copyright 1965, by H. A. Manning Co.

CONTAINING A FULL LIST OF STREETS AND ROADS  
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS  
AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicates houses on left or right side of street. (Tr) after name indicates trailer. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol  $\Delta$  denotes householders and places of business reporting telephones. The symbol  $\odot$  indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. Indexing by letter and number at end of street description refers to map number location, if map is included.

ABBOTT-From junction Wilder av and Ball Northeast to Troy. A-8

Right side odd numbers

- 1 $\Delta$ John E Calhoun  $\odot$
- $\Delta$ John E Calhoun & Son milk dirs
- 1 $\Delta$ Raymond E Calhoun  $\odot$

# Every City Must Have a Directory

---

...not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The City Directory's Importance to the General Public Is Emphasized When You Realize That Its Information in Over 60% of the Names Registered Is Unobtainable Elsewhere and in No Other Medium Can It Be Found in Full Detail.

---

*"The City Directory is the only  
Complete Listing of the People"*
